

Employer Fact Sheet

The Liberty University School of Business is eager for our students to participate in internships where they can contribute to the success of a business enterprise as they gain experience in their chosen field. We require our students to be juniors or seniors with a GPA of at least 2.5 to apply for an internship. To ensure an experience that is mutually beneficial for both the student and the organization offering the internship, we attempt to match the skills and interest of each student with the needs of the organizations offering internships.

The School of Business has students with the following specializations:

- Accounting
- Finance
- Human Resources
- Business Information Management systems
- International Business
- Management
- Marketing
- Project Management

The objective of the internship program at the School of Business is to enable students to successfully enter whatever job market they choose, being fully equipped to perform to the best of their ability while portraying the humility, honor, and glory of God in all of their endeavors. In order to achieve this goal, the student and their internship supervisor will be asked to list several learning objectives to be performed throughout the duration of their internship.

To post your internship opportunity you will need to follow the LUNetwork Link above which will take you to the Career Center webpage. From there, you will need to click on the "For Employers" link under Information on the side of the website. You will then be directed to fill out the information for your internship. This will successfully publish your internship opportunity and make it available to all Liberty University students, including School of Business students.
