

Liberty University's School of Aeronautics offers an associate's degree in Aviation with a Flight Attendant concentration. Students will study in the United States to be better prepared for their future career. This program provides many opportunities for students interested in becoming flight attendants on national and international routes.

Through 23 credit hours of specialized aviation classes, students will obtain the knowledge needed to excel in many exciting aviation professions.

ASSOCIATE'S DEGREE IN AVIATION
FLIGHT ATTENDANT CONCENTRATION

Becoming a flight attendant offers an exciting lifestyle that allows graduates to see the world while on the job. This career offers freedom and flexibility because the schedule does not fit the typical mold of a Monday through Friday, 9-5 workweek. Although most airline companies do not require a degree to begin a flight attendant career, Liberty's program will give students an advantage over other applicants in their field. Students will receive an accredited associate's degree in Aviation plus the core skills necessary for national or international flight attendant positions. Additional benefits include the opportunity to continue education toward a bachelor's degree through Liberty's online program. This can be completed while working as a flight attendant, or in another profession.

LIBERTY UNIVERSITY

Located in beautiful Lynchburg, Va., U.S., Liberty University is a faith-based institution with rigorous academics. LU offers over 60 programs of study and personalized education benefits, including a 23:1 student-to-professor ratio. The extracurricular activities, distinctively Christian environment and student life program help make Liberty unique and more responsive to all the needs of its students in cultivating body, mind and spirit. LU sits on 5,600 acres in the foothills of the Blue Ridge Mountains.

WHY LIBERTY?

- Liberty's Flight Attendant program offers an authentic English-speaking environment with a competitive edge on language and specialized training that cannot compare with other programs.
- English fluency, combined with an associate's degree in Aviation, a Flight Attendance training certificate and world-class education, will prepare students for a successful international flight attendant career.
- An accredited associate's degree in Aviation received in the U.S. provides the opportunity to continue education through Liberty University Online.
- Washington, D.C., the nation's capital, is only a four-hour drive from the LU campus.
- Many airports within two hours of Lynchburg – Richmond International Airport, Lynchburg Regional Airport, Charlottesville-Albemarle Airport, Roanoke Regional Airport.
- Liberty's tuition and living expenses are affordable, and each student who attends has the opportunity to receive generous institutional scholarships.
