## **The Final Word**

Never forget that being a teacher is more than having a job!

### **What Is a Teacher?**

A teacher is someone who sees each child as a unique person and encourages individual talents and strengths.

A teacher looks beyond each child's face and sees inside their souls.

A teacher is someone with a special touch and a ready smile who takes the time to listen to both sides and always tries to be fair.

A teacher has a caring heart that respects and understands.

A teacher is someone who can look past disruption and rebellion, and recognize hurt and pain.

A teacher teaches the entire child and helps to build confidence and raise self-esteem.

A teacher makes a difference in each child's life and affects each family and the future of us all.
