

Sample Schedules for First Semester Students by Major

The following lists of courses are possible suggestions only. Be aware that some circumstances will restrict an individual from taking the sample courses during the first semester. For example, a student admitted on Warning and required to take CLST 101 (College Study Strategies) will not be able to take all of the courses listed. A student should always refer to the Degree Completion Plan for a complete listing of major requirements.

ALL New Students MUST Schedule:
