## INTRODUCTION

The rest of this will be in gibberish, since the purpose of this paper is not to give an example of good content, but rather good formatting. Fill out as necessary to complete your paper. Add endnotes to your citations/references as necessary.<sup>1,2</sup>

Note that the endnotes in the previous paragraph are linked to the reference list. Nota quod in paragrapho praecedente endnotes connecti referendum elit. Ad fines charta, vel procedendum endnotes non continebitur. Quae ut plane appareat quomodo visus AMA formatae , proprie in charta. Hic mox plures habeant cetera explere initiales section.

**Commented [c5]:** No space between punctuation and footnote number

## METHODS

### Design and Setting

At least one good paragraph, fleshing out the relevant details for this section.

**Commented [c6]:** Double-space after first level headings when followed immediately by second level heading.

**Commented [c7]:** Second level headings are flush left, bold, and headline case. Double space after.

**Commented [c8]:** Triple space between sections.

### Sample

Again, a solid paragraph here, detailing your sample size and demographics.

### Intervention (Project) Description

This should include several paragraphs, all peppered with ample references (end noted) for support.

### Data collection

One paragraph is sufficient here.

### Measurements

Several paragraphs with endnotes.

## Data analysis

Two or more paragraphs. All in proper Standard English and with references as necessary to fill out.

## RESULTS

Again, reminder that the rest of this will be in gibberish, since the purpose of this paper is not to give an example of good content, but rather good formatting. Fill out as necessary to complete your paper.
