

ENGLISH LANGUAGE INSTITUTE

If you haven't taken the TOEFL or want to study English in an intensive environment, Liberty's English Language Institute (ELI) is for you! Field trips, small classes, and a computerized language lab will help you learn English quickly and prepare for your academic studies. Students in levels III and IV can take undergraduate courses and earn college credit for no additional charge. Our friendly, Christian environment is a place for students to learn, grow and belong. ELI classes have a low student-to-teacher ratio, are modified according to English ability, and instructed by American teachers.
