### Our Pledge Regarding Medical Information

We understand that medical information about you and your health is personal. We are committed to protecting medical information about you. We create a record of the health care claims reimbursed under the Plans for Plan administration purposes. This notice applies to all of the medical records we maintain. Your personal doctor or health care provider may have different policies or notices regarding the doctor's use and disclosure of your medical information created in the doctor's office or clinic.

This notice will tell you about the ways in which we may use and disclose medical information about you. It also describes our obligations and your rights regarding the use and disclosure of medical information.

We are required by law to:

- make sure that medical information that identifies you is kept private;
- give you this notice of our legal duties and privacy practices with respect to medical information about you; and

### How We May Use and Disclose Medical Information About You

The following categories describe different ways that we use and disclose medical information. For each category of uses or disclosures we will explain what we mean and present some examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one of the categories.

**For Treatment (as described in applicable regulations).** We may use or disclose medical information about you to facilitate medical treatment or services by providers. We may disclose medical information about you to providers, including doctors, nurses, technicians, medical students, or other hospital personnel who are involved in taking care of you. For example, we might disclose information about your prior prescriptions to a pharmacist to determine if a pending prescription is contraindicative with prior prescriptions.

**For Payment (as described in applicable regulations).** We may use and disclose medical information about you to determine eligibility for Plan benefits, to facilitate payment for the treatment and services you receive from health care providers, to determine benefit responsibility under the Plans, or to coordinate Plan coverage. For example, we may tell your health care provider about your medical history to determine whether a particular treatment is experimental, investigational, or medically necessary or to determine whether the Plans will cover the treatment. We may also share medical information with a utilization review or precertification service provider. Likewise, we may share medical information with another entity to assist with the adjudication or subrogation of health claims or to another health plan to coordinate benefit payments.

**For Health Care Operations (as described in applicable regulations).** We may use and disclose medical information about you for other Plan operations. These uses and disclosures are necessary to run the Plans. For example, we may use medical information in connection with: conducting quality assessment and improvement activities; underwriting, premium rating, and other activities relating to Plan coverage; submitting claims for stop-loss (or excess loss) coverage;

conducting or arranging for medical review, legal services, audit services, and fraud and abuse detection programs; business planning and development such as cost management; and business management and general Plan administrative activities.

**As Required By Law.** We will disclose medical information about you when required to do so by federal, state or local law. For example, we may disclose medical information when required by a court order in a litigation proceeding such as a malpractice action.

**To Avert a Serious Threat to Health or Safety.** We may use and disclose medical information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. Any disclosure, however, would only be to someone able to help prevent the threat. For example, we may disclose medical information about you in a proceeding regarding the licensure of a physician.

**Health Oversight Activities.** We may disclose medical information to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, inspections, and licensure. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.

**Lawsuits and Disputes.** If you are involved in a lawsuit or a dispute, we may disclose medical information about you in response to a court or administrative order. We may also disclose medical information about you in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.
