

STAPLES Advantage

Two ways to save.

Shop StaplesAdvantage.com or in store.

Register your personal credit card and use it at the local Staples store across from the campus to receive special discounts for Liberty.

Take advantage of Liberty University's negotiated pricing with Staples Advantage for your own purchases. There are two programs to choose from—online ordering or retail store shopping. Register for one or both!

Shop online

Easy online ordering through your own Order.StaplesAdvantage.com account provides access to supplies especially priced for Liberty. Your \$50 minimum order will be delivered the next business day with FREE shipping. And keep in mind that Staples offers more than just office products. Snacks, printer cartridges, paper, bottled water, and computer supplies can all be ordered and delivered at the same time, right to your door!

Shop in store

Pre-register your credit card and then use it when shopping in your local Staples retail store. You'll pay the special discounted Liberty pricing or the in-store sales price—whichever is lowest at the time of purchase. Discounts show on your receipt. You'll receive an email when your card is ready to use. It's safe and secure and nothing is charged to your card during registration.
