

## Student Usage

Students in your class can submit papers to Turnitin assignments that you have made available to students. Like instructors, students submit papers from their assignments page. To open the assignments page, students click the *assignments* link within their course ❶. A list of available course assignments is shown.

### To submit a paper to an assignment:

1. Click the *view/complete* link next to the assignment you want to submit a paper to ❷. The submission form will open.
2. Enter a paper title.
3. Click the *browse* button to locate the file you want to submit.
4. Click *submit* to upload the selected file to Blackboard.

If your students have been given access to Originality Reports, they can view their submission and report by clicking on an assignment's *view/complete* link ❷. Please note that by default students cannot access reports. For information on letting students view their own reports, please refer to the section *Letting Students View Results*.
