ATTN: Prospective Agents/Advisors/Financial Planners

RE: Liberty University Agent Registration Program

To Whom It May Concern,

Liberty University actively prepares all of its student-athletes for their future upon leaving the institution. In many cases that future involves professional athletics opportunities. I understand that you may wish to contact a Liberty University Student-Athlete regarding a professional sports career. As such, I am writing to provide you with the necessary tools for such contact.

Liberty University has established an agent registration program to protect the well being of its student-athletes. As you know, the NCAA has specific rules governing the interaction of student-athletes with sports agents. Improper interaction with a sports agent or the receipt of an impermissible benefit may cause a student-athlete to lose his or her athletics eligibility and other valuable educational opportunities, including scholarship support. Please understand that the actions of an agent, advisor, financial planner or associated persons can cause irreparable damage to a student-athlete's athletic and academic career, and in many occasions can bring sanction upon that individual from player's unions and agent/advisor associations. Additionally, the receipt of impermissible benefits may cause damages including losses and expenses resulting from the University being disqualified or suspended from participation in competition by the NCAA, associated conferences, or by reasonable imposed self-discipline. **The University will act aggressively to protect the welfare of its student-athletes and pursue damages caused by involved parties.**

If you have any letters or informational items for a student-athlete you may submit it to the student-athlete in name, Care Of Matt Bevins, Athletics Compliance Office and it will be forwarded to them immediately upon receipt. Additionally, the Athletics Compliance Office can arrange meeting rooms if available when you are present on campus.

We serve to protect the eligibility of our student-athletes, the University, and its athletics programs. If you have any additional questions or concerns please do not hesitate to contact me.

Sincerely,

Bert Locklin  
Associate AD for Compliance
