PART I: INSTITUTIONAL GUIDELINES.

To be eligible to represent an institution in intercollegiate athletics practice or competition, an international/select student-athlete shall be certified as eligible using this form. An international/select student-athlete is a student-athlete who either: (a) is not a U.S. citizen; or (b) resides in an unincorporated or commonwealth territory of the United States; or (c) has participated in international athletics activities or was associated as an athlete with a international athletics organization.

Each international/select student-athlete who is participating for the first time in intercollegiate athletics at the certifying institution should be given this form to complete and to sign. The form should be completed in the presence of the institution's eligibility-certification official. It may be necessary for an institutional administrator to assist the student-athlete in understanding terms and to ensure that the student-athlete responds to all items. After the student-athlete has completed the form, the institution's eligibility official is responsible for investigating any answers that may result in ineligibility and notifying the NCAA Eligibility Center of this

information. That includes activities that take place subsequent to a final amateurism certification decision by the NCAA Eligibility Center, but prior to the first day of classes (i.e., gap time). Further, the statement must be signed by the institution's eligibility official and the student-athlete's head coach prior to the student-athlete engaging in competition. The completed form shall be maintained on file at the institution with other eligibility documents (NCAA Bylaw 14.1.5).

Please be aware that your institution is responsible for:

1. Reviewing Bylaw 10.1 with the student-athlete to ensure that all information is provided truthfully and that the student-athlete is aware that further eligibility consequences could result if false and misleading information is provided.
2. Verifying the validity of the information provided by the student-athlete.
3. Analyzing the information submitted by the student-athlete and applying general amateurism and eligibility rules, particularly those related to amateurism, to determine the student-athlete's general eligibility. (NCAA Division I Manual citations are included after each item to assist in this effort.)
4. Contacting the NCAA academic and membership affairs staff for assistance in determining the correct application of NCAA rules.
5. Advising the student-athlete that the information being provided through this form can affect the individual's eligibility.

[Note: International/select student-athletes also must sign the NCAA Student-Athlete Statement, NCAA Affirmation of Eligibility and NCAA Drug-Testing Consent Form.]

PART II – INTERNATIONAL/SELECT STUDENT-ATHLETE INFORMATION.

[This section is to be completed by the student-athlete.]

To be eligible for intercollegiate athletics practice and competition, every student-athlete must meet all applicable NCAA eligibility requirements. As an international/select student-athlete, you are required to complete this form so that your institution may determine your eligibility under NCAA rules. You must fully disclose all information relative to the questions asked in order to determine your eligibility.

This questionnaire does not relate to your admission to the school – the admissions office of your institution will handle that process separately.

You must respond to each item below and sign the form to compete in intercollegiate athletics at an NCAA institution. (Use “N/A” if the question does not apply to you.) Ask an administrator at your institution for help if you do not understand an item. (References to NCAA bylaws that follow each item are for your institution's use.) The institution's eligibility-certification official and your head coach also must sign the completed form and keep it on file at the institution with other eligibility documents.

The information you provide on this form will be used to certify your eligibility and, thus, may impact your eligibility to compete at an NCAA institution. In addition, under NCAA legislation you are required to provide accurate information. If you knowingly provide false and misleading information on this form it may result in additional consequences to your NCAA eligibility.

PART III – INTERNATIONAL/SELECT STUDENT-ATHLETE INFORMATION.

[Part III of this form is to be completed by your institution's eligibility-certification officer based on the above responses.]

STUDENT-ATHLETE: PLEASE PROCEED TO THE LAST PAGE AND COMPLETE THE INTERNATIONAL/SELECT STUDENT-ATHLETE AFFIRMATION AND RETURN THIS FORM TO THE APPROPRIATE ATHLETICS DEPARTMENT OFFICIALS.

The purpose of the information below is to ascertain whether the individual previously has been involved with a team that is considered a professional team, or received prohibited forms of pay pursuant to NCAA rules. An individual loses amateur status if he or she competes on any professional athletics team, or receives benefits not authorized by the NCAA. If the student-athlete did not know an answer to any of the above questions, it is the institution's responsibility to further investigate the information.

The following questions will enable the NCAA institution to better determine the individual's eligibility status.

1. Date prospective student-athlete requested final certification for amateurism by the NCAA Eligibility Center: _____
2. Date prospective student-athete received a final amateurism certification decision by the NCAA Eligibility Center: _____
3. High School Graduation Information.

a. Student-athlete's high school graduation date as determined by the Eligibility Center: _____

b. Graduation date of the student-athlete's high school class (as determined by the first year of high school enrollment, or the international equivalent, as specified in the NCAA Guide to International Academic Standards for Athletics Eligibility):

4. Professional Team Issues.

- Has the transfer student-athlete in any sport or the individual in the sports of men's ice hockey or skiing competed on any organized team that:

Yes **No**

_____ _____ a. Declares itself as a professional team?

_____ _____ b. Has any athlete on the team received for his or her participation any kind of payment, directly or indirectly, above actual and necessary expenses from a professional team or professional sports organization?

5. Additional Amateurism Issues.

- Has the individual:

Yes **No**

_____ _____ a. Accepted any direct or indirect salary, gratuity or comparable compensation that collectively exceeds actual and necessary expenses for the individual's participation on a team?

_____ _____ b. Received prize money or payment based on the individual's performance in competition that exceeds actual and necessary expenses from the sponsor of the event, amateur or professional team?

- | Yes | No | |
|-------|-------|---|
| _____ | _____ | c. Received prize money or payment based on the individual's performance in competition, including actual and necessary expenses, from an individual or entity other than the sponsor of the event, amateur or professional team? |
| _____ | _____ | d. Received prize money or payment based on the individual's performance in competition, including actual and necessary expenses, in an event other than an open athletics event? |
| _____ | _____ | e. Received preferential treatment, benefits or services because of the individual's athletics reputation or skill other than expressly authorized by NCAA rules? |
| _____ | _____ | f. Entered into an oral or written agreement with an agent? |
| _____ | _____ | g. Signed a contract or entered into an oral or written commitment of any kind for participation in professional athletics? |

The individual may have jeopardized his or her amateur status and may not be eligible for intercollegiate competition in a particular sport if the answer to any of the questions in Part No. 4 is "**YES**." Therefore, it is incumbent on the institution to further investigate the individual's amateur status.
