

# Navigating Blackboard 1: The Menu

## Tool Sections

1. This is the page refresh button. Instead of refreshing your whole browser, it will only refresh the current Blackboard page you are on.
2. The Grades/Tools area is where the students may access their grades and professor feedback.
3. This bar will collapse the course menu.
4. Liberty Webmail will link to the webmail portal.
5. The Services/Support section provides helpful links for students. This includes student services, technical support, and academic resources.
6. The Help section leads you to Blackboard's student help section, with built-in FAQ and tool descriptions.

## Content Sections

7. Announcements will open a page where you may post new announcements and look at old announcements.
8. Course Content will direct you to the body of the course.
9. Faculty Information contains contact information and office hours for the course instructor.
10. Discussion Board and Group Discussion contains class-wide and group discussion forums.
