B. Repeating Assignments

Students may have two attempts on lessons. For other assignments, please review the resubmission policy from the Student Handbook:

All students are expected to submit their best work on the first submission for any assignment. At the discretion of the individual teacher and with his/her express permission, assignments may be resubmitted for credit. Feedback on a specific assignment will indicate whether or not the assignment is eligible for resubmission. Teachers will not score any resubmission of an assignment without prior approval. Assignments that have been approved for resubmission must be completed before the student progresses more than one module beyond the repeated assignment. For example, a student currently working in Module 4 may request a resubmission in Module 3. Projects in Module 1 and 2 would not be allowed at that period in time.
