**VERIFIED COMPLAINT FOR DECLARATORY JUDGMENT, PRELIMINARY
AND PERMANENT INJUNCTIVE RELIEF AND DAMAGES**

Plaintiff, World Changers of Florida, Inc. (“World Changers”), by and through counsel, respectfully requests this Court to issue Declaratory Judgment, Preliminary and Permanent Injunctive Relief, and Nominal Damages. In support thereof, World Changers alleges the following:

JURISDICTION AND VENUE

1. This is a civil action whereby World Changers seeks declaratory judgment and preliminary and permanent injunctive relief enjoining Defendants, the District School Board of Collier County, Florida and Dr. Dennis L. Thompson, in his official capacity as Superintendent, and their agents, servants and employees and those acting in active concert and with actual notice thereof (hereinafter collectively “Defendants”), from acting in such a manner as to violate World Changers’ rights to free speech, free press, free exercise of

religion, and equal protection guaranteed under the First and Fourteenth Amendments to the United States Constitution. World Changers also seeks a declaratory judgment that Defendants' Policy 9700, as implemented through Procedure 9700A, and Defendants' actions pursuant thereto are unconstitutional as direct violations of World Changers' rights protected by the First and Fourteenth Amendments. World Changers further prays for nominal damages. An actual controversy exists between the parties involving substantial constitutional issues in that the challenged Policy, on its face and as applied, violates the First and Fourteenth Amendments.

2. This action arises under the First and Fourteenth Amendments to the United States Constitution, and under federal law, particularly 42 U.S.C. §1983.

3. This Court has jurisdiction of this action under, and by virtue of, 28 U.S.C. §§1331, 2201, and 2202.

4. This Court is authorized to grant World Changers' prayer for relief regarding costs, including a reasonable attorney's fee, pursuant to 42 U.S.C. §1988.

5. This Court is authorized to grant declaratory judgment under the Declaratory Judgment Act, 28 U.S.C. §§ 2201-02, implemented through Rule 57 of the Federal Rules of Civil Procedure, and to issue the preliminary and permanent injunctive relief requested under Rule 65 of the Federal Rules of Civil Procedure.

6. Venue is proper under 28 U.S.C. §1391 (b). Each and all of the acts alleged herein were done by Defendants within this judicial district, specifically Collier County, and under the color and pretense of the statutes, ordinances, regulations, customs, and uses.

PARTIES

7. World Changers is a domestic non-profit organization headquartered in Naples, Florida. As stated in its Articles of Incorporation, World Changers' organizational purpose is:

[T]o support the rights of U.S. citizens and organizations to exercise the civil and religious freedoms guaranteed to them by the U.S. Constitution, to support the traditional values on which [the United States] was built, and to attempt to protect the U.S. from internal and outside influences that would compromise those values.

8. Defendant District School Board of Collier County, Florida (hereinafter "the District") is a body politic and corporate entity that was established, organized, and authorized pursuant to Florida state law with the authority to sue and be sued, and was at all times relevant herein acting within the course and scope of its authority and under color of State law.

9. Defendant Dr. Dennis L. Thompson (hereinafter "the Superintendent"), serves in an official capacity as Superintendent of the Collier County Public School System, and was at all times relevant herein acting within the course and scope of his authority and under color of State law.

GENERAL ALLEGATIONS

10. During the 2006-2007 and 2007-2008 school years, the procedures for gaining Defendants' approval for literature distribution by outside groups to District students were set out in Policy KJ, "Distribution and Posting of Literature and Advertising Material," which has since been replaced. *See* Exhibit A at 1, attached (copy of Policy KJ).

11. Policy KJ stated: “Materials from sources outside the school system that are consistent with the goals and mission of the School Board shall be distributed to homes through pupils “*only with the prior approval of the Superintendent/Community Request Committee.*” See Ex. A at 1 (emphasis added).

12. Policy KJ further stated that the District’s participation with a non-profit organization does not constitute endorsement of the organization’s message. See Ex. A at 2.

13. Consistent with Policy KJ, during the 2006-2007 school year, Defendants permitted Jerry Rutherford, the future president of World Changers, to set up tables offering free Bibles to willing students during non-instructional time in all Collier County high schools on a one-time basis in the fall of 2006.

14. On November 26, 2007, World Changers of Florida, Inc. was incorporated as a Florida non-profit corporation, with Jerry Rutherford serving as president.

15. Consistent with Policy KJ, during the 2007-2008 school year, Defendants permitted Mr. Rutherford acting on behalf of World Changers to set up tables offering free Bibles to willing students during non-instructional time in all Collier County high schools on a one-time basis in April 2008.

16. On those occasions, Jerry Rutherford and World Changers followed Defendants’ literature distribution guidelines and the requirements of *Peck v. Upshur County Bd. of Educ.*, 155 F.3d 274 (4th Cir. 1998). See Exs. B and C, attached (copy of World Changers’ letters dated March 9, 2008 and November 10, 2008, respectively).

17. In *Peck*, the Fourth Circuit held that:

[T]he state does not violate the Establishment Clause when it permits private entities to passively offer the Bible or other religious material to secondary school students on a single day during the year pursuant to a policy of allowing private religious and nonreligious speech in its public schools. In so holding, we are fully mindful of the unrivaled symbolic power of the Bible. We also recognize that there is an almost irresistible visceral temptation to raise the constitutional hurdle proportionately to the power of this text. But ultimately we are convinced that the power of a given religious text *must* be irrelevant to the constitutional analysis and that we cannot yield to the temptation to adjust the constitutional calculus depending upon the content of the particular religious material at issue. The Bible is no less deserving of the Constitution's protection than any other text of faith. And to hold otherwise would be indirectly to set us on a course of religious discrimination as antithetical to the values underlying the Establishment and Free Exercises Clauses as the direct establishment of a state church itself.

Peck, 155 F3d. at 288.

18. On September 7, 2006, after reviewing Mr. Rutherford's literature distribution request for the 2006-2007 school year, School Board Attorney Richard Withers stated in Memorandum 06-17 "that the request is one which cannot be denied by the District." Withers declared that the District was obliged to provide the access which had been requested, subject to reasonable, non-judgmental limitations as to the time, space, and place for the event to occur. *See* Ex. D, attached (copy of Memorandum 06-17).

19. Defendants granted Jerry Rutherford's literature distribution request for the 2006-2007 school year, and at that year's event approximately 2,000 students voluntarily took a Bible.

20. On February 25, 2008, while reviewing Mr. Rutherford's request on behalf of World Changers to again distribute Bibles for the 2007-2008 school year, the

Superintendent informed World Changers that Policy KJ required the prior approval of the Community Request Committee (“the CRC”) before he would discuss World Changers’ new distribution proposal. The Superintendent further stated: “While I do not believe that it is possible to prevent you from making Bibles available to students who want them, I believe that in doing so you are obligated to follow the requirements of the Board’s existing literature distribution policy (Policy KJ) and the physical requirements approved by the court in the case of *Peck v. Upshur County Bd. of Educ.*, 155 F.3d 274 (4th Cir. 1998).” *See* Ex. E at 1, attached (copy of the Superintendent’s letter, dated February 25, 2008).

21. After receiving the Superintendent’s February 25, 2008 response, World Changers directed a letter to the CRC on March 9, 2008 requesting its approval for the continuance of the Bible distribution program in the Collier County high schools for the 2007-2008 school year. *See* Ex. B at 1, attached (copy of World Changers’ letter).

22. Thereafter, the CRC approved World Changers’ literature distribution request for the 2007-2008 school year. *See* Ex. C. During that year’s event approximately 1,000 students voluntarily took a Bible.

23. In the fall of 2008, Defendants voted to approve School Board Policy 9700, “Relations with Special Interest Groups,” (“the Policy”) which replaced Policy KJ. The Policy requires that any request from civic institutions, charitable organizations, or special interest groups which involve the dissemination of information, etc. “be carefully reviewed to ensure that such activities *promote student interests*.” *See* Ex. F at 1, attached (copy of Policy 9700) (emphasis added).

24. The Policy addresses the distribution or posting of literature in section C, which states that no outside organization may distribute literature on District property either during or after school hours without the permission and prior review of the Superintendent. *See* Ex. F at 2. Section C further declares that “the *Superintendent shall establish*” administrative procedures to address the distribution of literature, including procedures which require that the time, place, and manner of distribution of all nonschool-related materials be clearly established and communicated. *See* Ex. F at 3 (emphasis added).

25. Except for guidelines concerning “flyers and notices” that publicize “a specific community activity or event,” there are no standards in the Policy to guide or limit the Superintendent’s discretion with regard to the distribution of literature, such as Bibles, by outside non-profit organizations. *Id.*

26. The Superintendent’s administrative procedures for the implementation of the Policy are contained in Administrative Procedure 9700A, “Procedures for Distribution/Posting of Literature,” (“the Procedure”).¹ It states that all requests for distribution or posting of literature in schools by outside organizations must be submitted to the CRC. *See* Ex. G at 1, attached (copy of Procedure 9700A).

27. The Procedure purports to govern “[a]ll requests for distribution or posting of literature in schools by outside organizations.” It requires all such requests to be sent to the Chairman of the CRC at least four weeks in advance. The CRC, which conducts

¹ Hereinafter, reference to “the Policy” is intended to include its implementation through the Procedure.

business bi-monthly, is required to reach consensus within one week of receiving the request, and the results will be either faxed or e-mailed to the organization within one day of the decision. *Id.*

28. The CRC is composed of five school-level administrators appointed by the Superintendent. *Id.*

29. According to the Procedure, the CRC provides a “uniform method of evaluating requests” to determine those which are permissible by School Board Policy 9700, provide educational benefit to the students, and do not exploit the school system, its employees, students or parents. *Id.*

30. However, there are no standards in the Procedure to guide the CRC in its determination of these issues; the ultimate determination whether to allow an outside organization to distribute literature is thus left to the unbridled discretion of the Superintendent and the Superintendent’s decision-making body, the CRC.

31. Pursuant to the Policy, Defendants have created a limited public forum that permits and has permitted outside organizations such as Golden Gate American Little League, Club Talent of Naples, Humane Society of Naples, 4H Extension, YMCA of Collier County, and Stranger Danger Collier to have access to their schools for the distribution and posting of literature. *See* Ex. H, attached (copy of public records request of the CRC’s voting tallies for distribution requests by outside organizations).

32. Moreover, upon information and belief, Defendants have also permitted various other entities access to this limited public forum to exhibit, recruit and distribute

literature, including but not limited to military recruiters, community employers, community charities and non-profit organizations.

33. On November 10, 2008, World Changers made another written request to John M. Kelly, Assistant Superintendent and Chairman of the CRC, to set up tables to make Bibles available to Collier County high school students on January 16, 2009, in conjunction with Religious Freedom Day. *See* Ex. C, attached (copy of the letter).

34. Since 1993, the President of the United States has annually proclaimed January 16 as “Religious Freedom Day.”

35. In the November 10, 2008 letter, Mr. Rutherford on behalf of World Changers stated that he would continue to comply with the School Board Policy and the requirements of *Peck v. Upshur County Bd. of Educ.*, as he had done in the last two events. *See* Ex. C.

36. World Changers’ request was not acted upon within the time periods prescribed by the Procedure. With January 16, 2009 fast approaching, World Changers made repeated inquiries to Mr. Kelly and the District’s legal representative, Jon Fishbane.

37. On January 7, 2009, World Changers was finally informed by Attorney Fishbane during a phone conversation with World Changers’ President, Jerry Rutherford, that its request would be denied. During the discussion, Attorney Fishbane cited *Chandler v. James*, 985 F. Supp. 1094 (M.D. Ala 1997), as a basis for his conclusion, specifically noting that the trial court sat within the geographic boundaries of the Eleventh Circuit, just as Collier County does. Attorney Fishbane also informed Mr. Rutherford that he had

spoken with the Superintendent about his conclusion, and that the Superintendent had agreed with him.

38. On January 13, 2009, Mr. Kelly responded in writing to World Changers' November 10, 2008 request stating that, "I have been advised by our attorney...that this request may not be considered by the committee." *See* Ex. I, attached (copy of the Assistant Superintendent's response).

39. Subsequently, Mr. Rutherford attended a school board meeting to request that the District overturn the Superintendent's decision to deny World Changers access to Collier County schools; the District declined.

40. Thereafter, on February 13, 2009, World Changers directed a letter to the Superintendent, requesting to set up tables to passively distribute Bibles to willing students during non-instructional time at each Collier County public high school on March 15, 2009. The purpose of the letter was, "to do so more directly should there be a question as to whether or not you have acted on my request." World Changers once again stated that it would follow Defendants' time, place, and manner conditions. *See* Ex. J at 1, attached (copy of World Changers' letter).

41. As of the filing of this Complaint, World Changers has still not received any response indicating Defendants' approval of its request, and thus has concluded its request was denied.

42. All of the actions of Defendants, their officers, agents, employees, and servants were performed, and continue to be performed, under the color and pretense of the

policies, statutes, ordinances, regulations, customs, and usages of the State of Florida.

43. Defendants' decision to deny World Changers access to their created forum is a direct result of the Policy, as implemented through the Procedure, and the practices officially adopted and promulgated by Defendants.

44. World Changers has been damaged by Defendants' Policy, as implemented through the Procedure, and actions denying its access to Defendants' limited public forum for literature distribution.

45. World Changers would like to distribute materials and literature in the Collier County School District on future occasions, including Religious Freedom Day, but is prohibited from doing so because of Defendants' Policy, as implemented through the Procedure, and actions.

46. Unless Defendants are enjoined from excluding World Changers from their forum, and from enforcing the Policy, as implemented through the Procedure, upon which the decision is based, World Changers will continue to suffer irreparable harm to its federal constitutional rights.

**COUNT I
VIOLATION OF FREEDOM OF SPEECH UNDER THE FIRST AMENDMENT
TO THE UNITED STATES CONSTITUTION**

47. World Changers hereby incorporates and adopts each and every allegation in the preceding paragraphs numbered 1 through 46.

48. Through Policy 9700, Defendants have created a public forum for civic

institutions, charitable organizations, and special interest groups to engage in speech through exhibitions and the distribution and posting of literature, as long as such activities “promote student interests.” *See* Ex. F at 1. Under the Policy, and its implementation through Procedure 9700A, Defendants have permitted groups that promote student interests, “provide educational benefit to the students, and do not exploit the school system, its employees, students or parents,” to access the forum. *See* Ex. G at 1.

49. Although World Changers distributes literature that promotes student interests, provides educational benefits to the students, and does not exploit the school system, its employees, students or parents, it has been excluded from distributing literature within Defendants’ public forum, even though World Changers complied with the Policy, satisfied the Procedure, and followed the directives given by the Superintendent.

50. Defendants have denied World Changers access for no other reason than the religious content and viewpoint of the literature it wishes to distribute, specifically Bibles.

51. This unequal treatment, based upon the religious nature of the literature World Changers wishes to distribute, is unconstitutional content-based discrimination, because World Changers’ materials otherwise fit within the parameters Defendants set for the forum.

52. Allowing access to distribute literature to some organizations which promote secular student interests and educational benefits, while denying World Changers access to distribute Bibles, which are religious in nature, but promote student interests and provide educational benefits, is unconstitutional viewpoint discrimination.

53. Defendants' Policy and actions are not the least restrictive means to accomplish any permissible government purpose.

54. Defendants' Policy and actions amount to an unconstitutional content-based restriction that does not leave open ample alternative channels of communication.

55. Defendants' Policy and actions unconstitutionally abridge World Changers' right to free speech because they impose a blanket ban on World Changers' distribution of its literature, when such literature meets the criteria of the limited public forum.

56. On its face, Defendants' Policy creates an unconstitutional prior restraint on World Changers' right to free speech by ultimately giving standardless discretion to the Superintendent when determining what type of speech will be given access to their forum for literature distribution.

57. Defendants' Procedure gives the CRC standardless discretion to determine whether an organization's request is permissible by the Policy, provides "educational benefit to the students," and whether a request "exploits the school system, its employees, students or parents."

58. Defendants' violation of World Changers' right to free speech has caused, and will continue to cause World Changers to suffer undue and actual hardship and irreparable injury.

59. World Changers has no adequate remedy at law to correct the continuing

deprivations of its most cherished constitutional liberties.

60. As a direct and proximate result of Defendants' continuing violations of World Changers' rights, World Changers has suffered in the past, and will continue to suffer in the future, direct and consequential damages, including but not limited to, the loss of the ability to exercise its constitutional rights.

Wherefore, World Changers respectfully prays that the Court grant the declaratory and injunctive relief requested herein and award such damages to World Changers as are reasonable, just and necessary.

COUNT II
VIOLATION OF THE FREEDOM OF THE PRESS UNDER THE FIRST
AMENDMENT TO THE UNITED STATES CONSTITUTION

61. World Changers hereby incorporates and adopts each and every allegation in the preceding paragraphs numbered 1 through 46.

62. World Changers' distribution of Bibles is protected under the free press clause of the First Amendment.

63. Defendants' Policy and actions are not the least restrictive means to accomplish any permissible government purpose.

64. Defendants' Policy and actions amounts to an unconstitutional content-based restriction that does not leave open ample alternative channels of communication.

65. Defendants' Policy and actions unconstitutionally abridge World Changers' right to freedom of the press because they impose a blanket ban on World Changers'

distribution of its literature, when such literature meets the criteria of the limited public forum.

66. Defendants' violation of World Changers' right to freedom of the press has caused, and will continue to cause, World Changers to suffer undue and actual hardship and irreparable injury.

67. World Changers has no adequate remedy at law to correct the continuing deprivations of its most cherished constitutional liberties.

68. As a direct and proximate result of Defendants' continuing violations of World Changers' rights, World Changers has suffered in the past, and will continue to suffer in the future, direct and consequential damages, including but not limited to, the loss of the ability to exercise its constitutional rights.

Wherefore, World Changers respectfully prays that the Court grant the declaratory and injunctive relief requested herein and award such damages to World Changers as are reasonable, just and necessary.

**COUNT III
VIOLATION OF EQUAL PROTECTION UNDER THE FOURTEENTH
AMENDMENT TO THE UNITED STATES CONSTITUTION**

69. World Changers hereby incorporates and adopts each and every allegation in the preceding paragraphs numbered 1 through 46.

70. World Changers' right to equal protection under the laws is protected by the Equal Protection Clause of the Fourteenth Amendment to the United States Constitution.

71. The Equal Protection Clause of the Fourteenth Amendment requires that the

government treat similarly situated persons and groups equally.

72. Through Policy 9700 Defendants have created a public forum for civic institutions, charitable organizations and special interest groups to engage in speech through exhibitions and the distribution and posting of literature, as long as such activities “promote student interests.” *See* Ex. F at 1. Under the Policy, and its implementation through Procedure 9700A, Defendants have permitted groups that promote student interests, “provide educational benefit to the students, and do not exploit the school system, its employees, students or parents,” to access to their created forum. *See* Ex. G at 1.

73. Defendants have denied World Changers equal access to this forum as compared to other similarly situated organizations, even though World Changers is an organization that seeks to promote student interests, provide educational benefit, and which does not exploit the school system, its employees, students or parents.

74. Defendants’ Policy and actions allowed the Superintendent and the CRC to discriminate against the content and viewpoint of the literature World Changers wishes to distribute, and to deny it access to Collier County schools.

75. Thus, Defendants’ Policy and actions violate the Equal Protection Clause because they treat World Changers differently than other similarly situated groups, on the basis of the religious nature of the literature it wishes to distribute.

76. Defendants’ Policy and actions have violated World Changers’ right to equal protection by prohibiting World Changers from having equal access to Defendants’ schools in the same manner as other similarly situated organizations.

77. Defendants' Policy and actions violate fundamental rights held by World Changers, including its right to free speech, free press, and free exercise of religion.

78. When government regulations, like Defendants' Policy and practices, infringe on fundamental rights, discriminatory intent is presumed.

79. Defendants lack a compelling state interest for their disparate treatment of World Changers.

80. Defendants lack a substantial state interest for their disparate treatment of World Changers.

81. Defendants lack a rational basis for their disparate treatment of World Changers.

82. Defendants' denial of access to World Changers is also not narrowly tailored to meet any legitimate government objective.

83. Accordingly, the Policy, as implemented through the Procedure, and the actions of Defendants violate World Changers' right to equal protection of the laws as guaranteed by the Fourteenth Amendment to the United States Constitution.

84. Defendants have caused, and will continue to cause, World Changers to suffer undue and actual hardship and irreparable injury.

85. World Changers has no adequate remedy at law to correct the continuing deprivations of its most cherished constitutional liberties.

86. As a direct and proximate result of Defendants' continuing violations of World Changers' rights, World Changers has suffered in the past, and will continue to

suffer in the future, damages, including but limited to, the loss of the ability to exercise its constitutional rights.

Wherefore, World Changers respectfully prays that this Court grant the declaratory and injunctive relief requested herein and award such damages to World Changers as are reasonable, just and necessary.

COUNT IV
VIOLATION OF THE FREE EXERCISE CLAUSE UNDER THE FIRST
AMENDMENT TO THE UNITED STATES CONSTITUTION

87. World Changers hereby incorporates and adopts each and every allegation in the preceding paragraphs numbered 1 through 46.

88. Defendants' Policy and actions violate World Changers' right to the free exercise of religion, as guaranteed by the First and Fourteenth Amendments to the United States Constitution.

89. World Changers has a religious conviction to restore personal and national integrity, morals, ethical standards, and direction to the United States.

90. World Changers acts upon this religious conviction by passively distributing Bibles to willing students in public school facilities during non-instructional time.

91. World Changers' religious beliefs are sincerely and deeply held.

92. Defendants' Policy and actions substantially burden World Changers' sincerely-held religious beliefs.

93. Defendants' Policy and actions target World Changers' religious speech.
94. There is no compelling government interest sufficient to justify Defendants' Policy and the unconstitutional application of the Policy against World Changers.
95. Defendants' Policy and actions are not the least restrictive means to accomplish any permissible government purpose sought to be served.
96. Defendants' Policy and actions are not narrowly-tailored restrictions on World Changers' free exercise of religion.
97. Defendants have failed or refused to accommodate World Changers' sincerely-held religious beliefs.
98. World Changers has no adequate remedy at law to correct the continuing deprivation of its most cherished constitutional liberties.
99. As a direct and proximate result of Defendants' continuing violations of World Changers' rights, World Changers has in the past, and will continue to suffer in the future, direct and consequential damages, including but not limited to, the loss of the ability to exercise its constitutional rights.

Wherefore, World Changers respectfully prays that this Court grant the declaratory and injunctive relief requested herein and award such damages to World Changers as are reasonable, just and necessary.

PRAYER FOR RELIEF

WHEREFORE, World Changers prays for judgment as follows:

- A. That this Court immediately issue a Permanent Injunction to restrain Defendants, their officers, agents, employees and all other persons acting in active concert with them from applying the Policy, as implemented through the Procedure, concerning the distribution of literature by outside organizations, in any manner so as to obstruct World Changers from exercising its constitutional rights, and said Permanent Injunction shall enjoin the Defendants, their agents, employees, and all persons in active concert or participation with them, from infringing upon World Changers' constitutional rights to the following:
- i. To distribute Bibles to willing and interested students on the same terms and conditions as other civic, charitable, and special interest organizations are allowed to distribute non-religious literature.
 - ii. To distribute Bibles in conjunction with the methods of distribution that Defendants allowed in previous years to the extent those methods are consistent with the holding in *Peck v. Upshur County Bd. of Educ.*, 155 F.3d 274 (4th Cir. 1998).
- B. That this Court render a Declaratory Judgment declaring Defendants' Policy, as implemented through the Procedure, and Defendants' actions concerning distribution of literature by civic, charitable, and special interest organizations unconstitutional, and an invalid restriction upon World Changers' constitutional

rights, and further declare:

- i. That Defendants' Policy is an unconstitutional prior restraint on free speech.
 - ii. That Defendants' Policy is an unconstitutional time, place, and manner restriction.
 - iii. That Defendants' Policy unconstitutionally delegates standardless discretion to the Superintendent to deny access to certain groups, like World Changers, to Defendants' limited public forum.
 - iv. That Defendants' actions in refusing to permit World Changers to distribute Bibles because of their religious content and viewpoint are unconstitutional.
 - v. That Defendants' Policy and actions violate World Changers' right to equal protection by treating World Changers differently than other similarly situated civic, charitable, and special interest organizations without a sufficient rational or compelling basis, and with insufficiently narrow tailoring.
 - vi. That Defendants' Policy and actions violate World Changers' right to free exercise of religion.
- C. That this Court adjudge, decree, and declare the rights and other legal relations with the subject matter here in controversy, in order that such declaration shall have the force and effect of final judgment;

- D. That this Court retain jurisdiction of this matter for the purpose of enforcing this Court's order;
- E. That this Court award World Changers nominal damages;
- F. That this Court award World Changers the reasonable costs and expenses of this action, including attorney's fees, in accordance with 42 U.S.C. §1988;
- G. That this Court grant such other and further relief as this Court deems equitable and just under the circumstances.

Dated this ___ day of July, 2010.

VERIFICATION

Under penalty of perjury under the laws of the United States of America and the State of Florida, I declare that I have read the foregoing, and that the facts alleged therein are true and correct to the best of my knowledge and belief. I understand that a false statement in this Verification will subject me to penalties of perjury.

Jerry Rutherford, President
World Changers of Florida, Inc.

Dated this ____ day of _____, 2010.

THE SCHOOL BOARD OF COLLIER COUNTY, FLORIDA

Rule No. 09/03

POLICY NO. KJ

POLICY MANUAL SECTION: Students

POLICY TITLE: Distribution and Posting of Literature and Advertising Material

AUTHORITY FOR POLICY: F.S. 1001.32(2), 1001.42(6), 1003.31, 1001.41(2)

DATE OF ADOPTION BY SCHOOL BOARD: June 21, 1979

REVISED: June 1, 1995

REVISED: July 24, 2003

-
- I. Materials originating from sources outside the school system shall be posted only with the approval of the Community Request Committee.
 - II. Materials from sources outside the school system that are consistent with the goals and mission of the School Board shall be distributed to homes through pupils only with the prior approval of the Superintendent/Community Request Committee. No material or literature from non-school sources shall be distributed to pupils or the homes of students except as noted below:
 - A. Educational materials bearing mention of the sponsoring business partner or agency may be used or distributed by schools when such materials support the instructional goals and mission of the school system.
 - B. The material is from a non-profit group or organization. School staff shall not distribute any materials that promote or advance a particular religious view in any school. This restriction does not apply to the development and use of the Bible or other religious texts in classes for reference, literary, historical, and other non-religious purposes.
 - C. Business partners working directly with the schools/District may have permission from the Superintendent or Community Request Committee to distribute literature of events which will directly benefit students or the community provided it contains a minimum amount of commercial advertising.
 - III. Advertising materials may be accepted for classroom and school purposes provided that they:
 - A. Are of a type teachers need for instructional purposes.
 - B. Are provided without cost to the District, school, teacher, or student.
 - C. Contain a minimum amount of commercial advertising.
 - D. Are not of a sectarian nature.
 - E. Fulfill a legitimate purpose of the school curriculum.

- F. Do not prominently display a selfish or private purpose of the sponsor.
- IV. The facilities, the staff, and the children in school shall not be employed in any manner to advertise or to otherwise promote the interests of any commercial, political, or non-school agency, individual, or organization except that:
- A. A vendor, with the permission of the principal, may demonstrate and show only that equipment which can be used to improve the educational program of the school.
 - B. No merchandise may be sold by a non-school agency in or through any school or on school grounds without approval of the principal/superintendent/designee.
 - C. The schools may use suitable films or educational materials bearing only simple mention of the producing firm or agency after carefully evaluating them for classroom use and ascertaining their freedom from undesirable propaganda.
 - D. The Superintendent or designee may, at his/her discretion, announce or authorize to be announced, or post or authorize to be posted, any notice of a lecture or community activity that have educational value or merit.
 - E. The schools may, with the approval of the Superintendent, cooperate with any governmental agency in promoting activities in the general public interest provided such activities are nonpartisan and promote the education or best interests of the students.
 - F. The schools may cooperate in promoting the work of any non-profit community wide or social service agency provided that such cooperation does not restrict or interfere with the educational program of the schools. Participation must also comply with all Board Policies including IGDF, Fund Raising, Public Solicitation, and Sales by School-Sponsored Groups.
- V. The circulation of petitions from non-school sources to be signed by students is prohibited except upon approval of the Superintendent.
- VI. Materials pertaining to partisan elections shall not be distributed to students.

The school district's participation with the private sector and non-profit organizations does not constitute endorsement in regard to any goods or services.

Nothing in this policy is intended to supersede the collective bargaining agreements.

Revised by: Raymond J. Baker, Associate Superintendent/Operational Services
Approved by: John Clapper III, Attorney

DISTRICT COMMUNITY REQUEST

The District has a committee of administrators who review and approve requests to post or distribute materials for students. The committee reviews the material approximately every two weeks. One should submit their request at least 4 weeks in advance of when they wish to post or distribute.

There are two options depending on who you are:

- 1) Post only (for-profit organizations/businesses) – You will be allowed to place a poster in each school at the principal's discretion and leave flyers in the school office for interested parties.
- 2) Post and Distribute (Only non-profit organizations/businesses will be approved for this option.) Posters can be displayed at the schools and flyers are distributed to the students.

Fax or e-mail the request form along with your materials for distribution and a brief statement of request. Include in your statement the following information: Name, phone number, fax number/e-mail address, who you represent, and the schools or grade levels that you want to include in the posting or distribution.

If you have questions or need further assistance, please feel free to contact me at, Communityrequest@collier.k12.fl.us or call (239) 377-0817.

Thank you,
Theresa Hone, Secretary

Community Request Committee

Dear Committee Chairman,

I recently received a letter from District Superintendent Dr. Dennis Thompson regarding Bible distribution in the Collier County High Schools.

In his letter, he enlightened me on the proper process for literature distribution. It is always our desire to follow proper procedure and policy. Last year we adhered to the literature policy, as we should, but failed to realize that there was a Community Request Committee that we needed to approach first. Please accept our apology for this oversight. It was not our desire to proceed without following proper policy.

We followed the procedure established in the Peck vs. Upshur County School Board case, which established that grammar schools could not receive Bibles because the students might not be able to understand the disclaimer.

I recently spoke by phone to Pastor Ed McDaniels, who was involved with the Peck case, and I inquired as to the present status of Bible distribution in the Upshur District. Pastor McDaniels informed me that from the inception until the present day, the process has continued without interruption or incident.

In accordance with District literature distribution policy, and previous precedent, namely the Peck case, and in accordance with the Equal Access Provision, we humbly request the Committee grant the continuance of the Bible distribution program in the Collier County high schools. Bibles are provided by local businesses, churches and individuals.

There will be a disclaimer on the tables stating that the Collier County School System neither sponsors nor endorses this event. There will be a sign stating that the Bibles are free.

Dr. Thompson has stated that he would be pleased to discuss the proposal with me at such time as we have received approval from your committee.

We will be looking forward to your reply.

Sincerely,

Jerry Rutherford, Coordinator

tables

November 10, 2008

Dear Chairman, Community Request Committee,

I want to thank you for approving my request to make Bibles available to Collier County high school students during the 2007-2008 school year, in accordance with the Peck vs. Upshur County Schools case.

I would like to repeat this event on January 16, 2009. This date coincides with the observance of National Religious Freedom Day, which is signed by the President each year.

I would like to request, also in accordance with the Peck case, permission to make Bibles available to middle school students as well. We shall, as we have in the last two events, comply with Collier County School Board policy.

It is the desire of World Changers of Florida, Inc., to work with the public school system to build good community relations. At our November meeting, World Changers hosted a conversation with representatives of the Collier County Education Foundation. The program lasted for two hours, during which many ideas were exchanged regarding assisting the public school and the community at large to work together for a common purpose. We are enthusiastic about the prospects of improved communication and cooperation between the community and the schools, leading to the betterment of both.

In anticipation of your reply, and in the spirit of cooperation, I remain

Jerry Rutherford, President
World Changers of Florida, Inc.

Memorandum 06 - 17

Richard W. Withers
School Board Attorney

MEMORANDUM

To:	Dr. Eric Williams, Assistant Superintendent, Secondary Schools
From:	Richard Withers
Subject:	Bibles in Schools Request
Date:	7 September 2006

A gentleman by the name of Jerry Rutherford has requested access to schools for the purpose of an opportunity to conduct a non-proselytizing distribution of Bibles to any CCPS students who would like to have one.

I have considered the request from a legal perspective and find that the request is one which cannot be denied by the District. Under some relatively recent case law authority, the District is obliged to provide the access which has been requested, subject to reasonable, non-judgmental limitations as to the time, space, and place for the event to occur. I believe that it would be appropriate to have each principal designate, in a reasonable manner, the hours for the event, the place in the school where the event will occur, and the duration of the event. The event, as with any event occurring at the school, will be subject to the direct authority of the principal with regard to security and safety considerations.

Mr. Rutherford indicates that he understands that the event necessarily must be conducted in a manner that will not be disruptive of the primary mission of the schools, and that any persons participating in the event will be expected to undergo security screening equivalent to that of a Level II Volunteer under School Board Policy IJOC.

Re: Bible Donations

Dear Mr. Rutherford:

This will acknowledge receipt of your letter dated January 4, 2008 and addressed to Dr. Nancy Graham, principal of Naples High School. In your letter, you propose to make Bibles available on school board property to those students who wish to receive one, in a one time event on a scheduled date. You propose to be present and to engage students in "non-proselytizing" conversation and to post a disclaimer stating that the School Board does not sponsor or endorse the event.

It is my understanding that this was the practice followed last year, and that it generated objections from some students and from some members of the public. While I do not believe that it is possible to prevent you from making Bibles available to students who want them, I believe that in doing so you are obligated to follow the requirements of the Board's existing literature distribution policy and the physical requirements approved by the court in the case of Peck v. Upshur County Board of Education, 155 F.3d 274 (U.S.C.A. 4th, 1998).

A copy of Board Policy KJ, applicable here, is enclosed. Compliance with all requirements of this policy must be established before consent to your proposal can be given. In particular I call to your attention the requirement in paragraph II of the policy that approval of the Community Request Committee must be secured. I am not aware of anything evidencing that you have secured such approval for the 2007-2008 school year. In addition, the specific legal requirements of the Peck decision, as those would be applied locally, are as described in the following excerpt from that decision:

" . . . to allow the passive distribution of religious material in the schools . . .
[t]he Board thereafter designated a single day during the year on which
private religious groups can make Bibles or other religious material
available on tables set up in accessible locations, such as halls or

libraries, in the . . . schools. The table displays are set up and stocked entirely by private citizens who are not affiliated in any way with the schools, and the tables bear signs informing students only that they should feel free to take the Bibles or other material offered. . . [t]he tables also bear a disclaimer, renouncing any sponsorship or endorsement by the school. No one is allowed to enter classrooms to announce the availability of the religious or political material, or to stand at the tables to encourage or pressure students to take the material. No school announcement or assembly is allowed to mark the availability of the Bibles or any other religious or political material. School principals are charged with ensuring strict compliance with these guidelines."

I will be pleased to discuss your proposal with you at such time as you have secured approval from the Community Request Committee in accordance with Policy KJ and are prepared to submit a proposal for compliance with the requirements of the Peck decision. If you have any additional questions or comments, please feel free to contact my office or that of the School Board Attorney.

Yours truly,

Dennis L. Thompson

The School Board of Collier County
Bylaws & Policies

9700 - RELATIONS WITH SPECIAL INTEREST GROUPS

Any request from civic institutions, charitable organizations, or special interest groups which involve such activities as patriotic functions, contests, exhibits, sales of products to and by students, sending promotional materials home with students, graduation prizes, fund raising, and free teaching materials must be carefully reviewed to ensure that such activities promote student interests.

It is the policy of the School Board that students, staff members, and District facilities not be used for promoting the interests of any nonschool agency or organization, public or private, without the approval of the Superintendent; and any such approval, granted for whatever cause or group, shall not be construed as an endorsement of said cause or group by this Board.

A. Political Interests

All materials or activities proposed by outside political sources for student or staff use or participation shall be reviewed by the Superintendent on the basis of their educational contribution to part or all of the school program, benefit to students, and no such approval shall have the primary purpose of advancing the special interest of the proposing group.

The Board shall permit the use of educational materials, programs, and equipment which contains commercial messages providing the content of such messages and the manner of presentation has been approved by the Superintendent and is in compliance with the District's administrative procedures.

In addition, the Board shall permit school organizations and/or school-affiliated groups to use or lease space in District facilities, on District property, or in District publications for the express purpose of advertising the products or services of a commercial organization, providing the content of such advertisements and the manner of their presentation has been approved by the Superintendent and is in compliance with the District's administrative procedures.

Outside speakers representing commercial organizations will be welcome only when the commercial aspect is limited to naming the organization represented and the subject matter advances the educational aims of the District.

B. Contests/Exhibits

The Board recognizes that contests, exhibits, and the like may benefit individual students or the District as a whole, but participation in such special activities may not:

1. have the primary effect of advancing a special product, group, or company;
2. make unreasonable demands upon the time and energies of staff or students or upon the resources of the District;
3. involve any direct cost to the District;
4. interrupt the regular school program;
5. cause the participants to leave the School District, unless:
 - a. the Board's Policy 2340 - Field and Other District-Sponsored Trips - has been complied with in all aspects;
 - b. the parents of a minor student have granted their permission.

C. Distribution/Posting of Literature

No outside organization or staff member or student representing an outside organization may distribute or post literature on that organization's behalf on District property either during or after school hours without the permission and prior review of the Superintendent.

The Superintendent shall establish administrative procedures which require that:

1. criteria established in Policy 5722 - Student Publications and Productions - are used to make a decision regarding materials that students seek to post or distribute;
2. distribution or posting of materials employees wish to distribute on behalf of an employee organization comply with the terms of negotiated collective bargaining agreements;
3. the District or the school mail system is not used by the community, students, or staff for distribution of nonschool-related materials unless authorized by the Superintendent;
4. no materials from any profit-making organization are distributed for students to take home to their parents unless authorized by the Superintendent;
5. flyers and notices from outside non-profit organizations may be made available for students, under the following circumstances:

- a. the flyer/notice publicizes a specific community activity or event that is age-appropriate for the students that attend the school;
- b. if the event or activity is religious in nature, the flyer may not contain a proselytizing message (i.e., promote the benefits of the specific religion);
- c. the organization submits the number of copies of the flyer and submits them to the school according to District requirements;
- d. the organization's request has been approved by the Community Request Committee the flyer/notice does not overtly advocate or entice support for any religious organization;

No student shall be required to take any of the flyers/notices placed in the literature/distribution rack/table, and the rack/table shall contain a clear notice that the Board does not support or endorse any of the organizations and/or activities/events identified in the flyers/notices.

6. the time, place, and manner of distribution of all nonschool-related materials is clearly established and communicated.

D. **Solicitation of Funds**

Any outside organization or staff member representing an outside organization desiring to solicit funds on school property must receive permission to do so from the Superintendent.

Permission to solicit funds will be granted only to those organizations or individuals who meet the permission criteria established in the District's administrative procedures. Solicitation must take place at such times and places and in such a manner as specified in the administrative procedures. In accordance with Board Policy 5830, no District student may participate in the solicitation without the Superintendent's approval.

1. The Board disclaims all responsibility for the protection of, or accounting for, such funds.
2. Solicited funds are not to be deposited in any regular or special accounts of the District.
3. A copy of this policy as well as the relevant administrative procedures shall be given to any individual granted permission to solicit funds on District property.
4. This policy does not apply to the raising of funds for District-

sponsored or school-sponsored activities.

E. Prizes/Scholarship

The Board is appreciative of the generosity of organizations which offer scholarships or prizes to deserving students in this District. But, in accepting the offer of such scholarships or prizes, the Board directs that these procedures be observed:

1. No information either academic or personal shall be released from the student's record for the purpose of selecting a scholarship or prize winner without the permission of the student who is eighteen (18), or the parents of a student who is younger in accordance with the Board's policy on student records.
2. The type of scholarship or prize, the criteria for selection of the winner, and any restrictions upon it shall be approved by the Superintendent.
3. The principal, together with a committee of staff members designated by the principal, may be involved in the selection of the recipient and, if agreeable to the sponsoring organization, the selection shall be left entirely to the principal and staff committee.

F. Sale of School Supplies

In determining the appropriateness of the sale of school supplies by organizations other than the School District, the Board requires that:

1. the organization have a purpose which will benefit the School District and its students;
2. the organization's planned activities are clearly in the best interest of the School District and its students;
3. the organization has submitted the following information and assurances on the form provided by the District: a statement noting the purpose of the organization, financial accountability assurances, and use of facility assurances.

All funds generated by the sale of such school supplies shall be kept separate from other activity funds or other transactions of the Board.

G. Surveys and Questionnaires

Neither District-related nor nondistrict-related organizations shall be allowed to administer a survey or questionnaire to students or staff unless the instrument and the proposed plan is submitted, in advance, to

the Superintendent. If approved, a copy of the results and the proposed manner of their communication are to be provided to him/her for review and approval before they are released.

Students shall not be required to complete surveys to provide marketing information to vendors, or distribute to vendors any personal information of students, including but not limited to names, addresses, and telephone numbers, except as may be required by law. In addition, the District shall not enter into any contract for products or services, including electronic media services, where personal information will be collected from students by the providers of the services.

See also Policy 2416 and AP 2416.

F.S. 1013.10

The School Board of Collier County Administrative Procedures

9700A - PROCEDURES FOR DISTRIBUTION/POSTING OF LITERATURE

All requests for distribution or posting of literature in schools by outside organizations, or staff members or students representing an outside organization must be submitted to the Community Request Committee. This committee is appointed by the Superintendent and is composed of five (5) school level administrators, and is chaired by the Director of Student Conduct and Special Projects. The Director will be the deciding vote for ties in the decisions. The purpose of this committee is to assist the schools in screening the numerous requests for various types of activities, programs, notices, etc. from outside organizations. The committee provides a uniform method of evaluating such requests to determine those which are permissible by School Board Policy 9700, provide educational benefit to the students, and do not exploit the school system, its employees, students or parents.

All requests from the community should be sent to the Director at least four (4) weeks in advance using Form 9700A F1. This may be faxed, e-mailed, or mailed. Once the request form and a sample of the literature are received, these are forwarded to the Community Request Committee for consideration using Form 9700A F2. The committee conducts business two (2) times a month. The committee will reach consensus within one (1) week of receiving the request. Any ties in the committee's decision will be decided by the Director. The final decision of the committee is forwarded to schools Form 9700A F3. The e-mail to schools using Form 9700A F3 will include recently approved and denied requests as well as an updated list of all requests for that year. Prior to distributing any literature from an outside source, school staff should check the Community Request list to assure approval. The results of the committee's decision will be either faxed or e-mailed to the contact person at the organization within one (1) day of the committee decision using Form 9700A F4. If the request is approved to "post and distribute" flyers, the organization contact person will receive a list of all of the schools in the District along with student membership numbers at each school. If approved for "posting only" of materials at schools, a list of all of the schools in the District will be sent with the approval letter.

Blanket Requests

Blanket requests enable an organization to have all literature anticipated to be distributed during the year approved by the committee so that individual approvals are not needed for each distribution. Organizations having written agreements with the District such as Collier County Parks and Recreation and the Collier County Public Library may request permission to distribute flyers several times throughout the school year. Organizations in partnership with the District and which have frequent activities that clearly benefit students, also may request and a "blanket" approval for distribution for the year. All requests for blanket approval will be forwarded to the committee for consideration. The organizations may not have more than one (1) distribution a month, and copies of all material to be sent to schools for distribution must be forwarded to the director prior to distribution to the schools. Blanket requests must be renewed each year.

Requirements for Distribution of Flyers

Organizations distributing flyers must bundle flyers for elementary schools in packets of twenty-five (25) in order to make it easy for school staff to distribute in teacher mailboxes. At the middle and high school levels, organizations are advised that flyers are seldom distributed to all students and that providing enough for 1/3 of the student population is usually sufficient. They are asked to package middle school flyers in packs of thirty (30) as well to give the school flexibility to distribute or provide for pick up.

Posting of a Flyer or Poster

Literature approved for posting only will be forwarded to the school by the community organization making the request and will be posted at the discretion of the principal.

Note: Distribution of flyers and participation in contests/exhibits is at the discretion of the building principal, even if approved by the committee.

Request from the Public to Sponsor Contests/Exhibits Involving Students

Requests from outside agencies for student participation in contests/exhibits must also be submitted to the Committee using Form 9700A F1. A general description of the requested contest/exhibit must be attached. In general, the committee considers curricular relevance, whether local prizes are awarded and the general merit of the contest. These requests must also be approved by the Chief Academic Officer.

Requests for Distribution of Information to Employees

Requests should be referred to the Executive Director of Human Resources.

Naples, FL 34112

Dear Mr. Rutherford,

This is to respond to your request of November 10, 2008. As chairman of the Community Request Committee, I have been advised by our attorney, Mr. Jonathan Fishbane, that this request may not be considered by the committee.

It is my understanding that Mr. Fishbane has communicated this information to you by phone. He further communicated to you that you could contact after-school clubs to see if they would be willing to open up their meetings to you to speak with them and distribute literature including Bibles.

Sincerely,

John M. Kelly, Ed.D.

Assistant Superintendent

Naples, Florida 34109

Re: Request to Make Bibles Available in Schools on March 15, 2009

Dear Mr. Thompson:

As you are aware, I made a November 10, 2008 request on behalf of World Changers of Florida, Inc., to the Chairman of the Community Request Committee for setting up tables to passively distribute Bibles to willing students in the Collier County schools during non-instructional time on January 16, 2009. As you also know, John M. Kelly, Assistant Superintendent, responded to that request as Chairman of the Community Request Committee, "that this request may not be considered by the Committee." It seemed a curious response in light of our history and my communications with interim School Board attorney Jon Fishbane. Even so, I recognize that under the School Board's new Policy 9700, such requests should be directed to you. The purpose of this letter is to do so more directly should there be a question as to whether or not you have acted on my request.

I hereby request permission from you for World Changers of Florida, Inc. to set up tables at each Collier County public high school on March 15, 2007 to passively distribute religious material, specifically copies of Bibles, to willing students during non-instructional time. This distribution would be in accordance with the time, place and manner conditions previously established and communicated by you to me in your letter dated February 25, 2008, or under such other constitutional time, place and manner conditions established by you and communicated to me.

Mr. Dennis L. Thompson, Superintendent
District School Board of Collier County
Page 2
February 13, 2009

In light of the amount of attention directed to this matter previously, I assume you can respond to this request in writing promptly. I look forward to your approval.

Sincerely,

Jerry Rutherford, President
WORLD CHANGERS OF FLORIDA, INC.
