From the Chancellor

In 1971, Liberty University was established with the vision of Training Champions for Christ; individuals who are primed and ignited in their passion to excel in a chosen career field and are spiritually grounded in their faith.

Today, with nearly 100,000 students residentially and online, Liberty is now the nation’s largest private, nonprofit, four-year university; Virginia’s largest four-year university; and most importantly, the world’s largest Christian university.

With a unique blend of academic excellence and conservative Christian values, Liberty challenges tomorrow’s leaders to defend the founding principles of our nation, to influence the course of America, and to be a Champion for Christ.

You have the opportunity to be part of this vision!

I invite you to join us for an educational experience that will challenge you, change you, and prepare you for the career of your dreams.

Jerry Falwell, Jr.
Chancellor and President
From the Provost

Liberty University exists today because of one of the most gifted and talented pastors and leaders of our generation. During his entire ministry Dr. Jerry Falwell demonstrated the heart of a pastor, the keen mind of a world class educator and the courage and vision of a great citizen statesman. His greatest passion was to establish a Christian university that would be for protestant Christians what Brigham Young is for Mormons and Notre Dame is for the Roman Catholics. Today America, the world, and Christians everywhere are the beneficiaries of his vision and incredibly tenacious faith.

Safely beyond its struggles to survive during its pioneer years, and now enjoying the visionary and yet prudent leadership of Chancellor Jerry Falwell Jr., Liberty is continuing to dramatically expand its facilities, programs and enrollments. Already it has become the largest private Christian University in the world.

Liberty faculty now number more than 2,000 full and part-time faculty, with over seventy percent possessing terminal degrees. Liberty University’s faculty are committed to teaching their students to explore the vital linkages between faith and learning. Liberty’s distinctively different teaching occurs in the classroom, but it also occurs via a wide range of carefully supervised and reality based experiences, including internships, externships and cross-cultural exposures. To be clear, the Liberty educational experience can and frequently does take place through a wide variety of traditional, online and experiential methods of instructional delivery.

Liberty continues to rapidly increase its academic offerings. Liberty currently offers 220 unique programs of study with 172 residually and 104 online, with more than 100 concentrations or cognates and over 50 graduate programs (including six doctoral programs). This range of degree options purposely aims at providing our students with a marvelous array of career opportunities. The addition of a School of Law, a School of Engineering, a School of Health Sciences, a School of Music, and a College of General Studies in addition to our active plans for a College of Medicine are proof that Liberty has become a full service university, offering its students a plethora of career options. But, at Liberty we do more than simply educate and train our students.

Without apology our mission is to educate Champions for Christ who are prepared to also utilize their education to become lifelong agents of cultural transformation and exponents of the Great Commission. To this end we are both grateful and proud that Liberty graduates are increasingly taking their place in positions of leadership in America and around the globe. May I invite you to enroll at Liberty and to become, regardless of your chosen career, a champion of your generation?

Ronald S. Godwin
Senior Vice President for Academic Affairs and Provost
GENERAL INFORMATION

General Information

FOUNDED
1971

LOCATION
Liberty University is located in the heart of Virginia in Lynchburg (population 72,000) on the south banks of the historic James River with the scenic Blue Ridge Mountains as a backdrop. The city is over 200 years old and is noted for its culture, beauty, and educational advantages. Lynchburg is at the crossroads of U.S. highways 29 and 460 and has adequate transportation facilities by bus, railway, and air.

CAMPUS
Liberty’s campus is surrounded by beautiful mountain vistas and extends over 6,800 acres with 258 buildings that consist of over four million square feet of facilities including 215 classrooms.

TYPE
The University is a religiously-oriented, private, coeducational, comprehensive institution.

MOTTO
“Knowledge Aflame”

DISTINCTIVENESS
Liberty University was originally formed under the auspices of Thomas Road Baptist Church. Liberty is distinctive among Christian colleges because resident students use Thomas Road Baptist Church, other local church ministries, and community service groups as a laboratory for practical application of what they learn in the classroom. While this practice is not logistically or philosophically possible for students in the online programs, Liberty University Online uses its curriculum and advising to encourage spiritual, moral and ethical development in the student body.

SYMBOLS
The University Seal, a symbol of the administrative authority of the University, depicts Thomas Road Baptist Church aflame with the fire of the Gospel, against the background of an open Bible. The flame within the Seal depicts the motto, “Knowledge Aflame,” and evokes the University’s guiding philosophy—that knowledge has validity only when viewed in the light of Biblical Truth. The Seal’s octagonal border reflects the Jeffersonian architecture of the building which first housed the University.

The Mace is a symbol of administrative authority, a symbol of continuity as the institution pursues its enduring mission, and a witness of institutional heritage.

The Eagle symbol refers to the soaring spirit of achievement the University seeks to inspire in its students, and to the patriotic spirit of the University. The school colors are blue, red, and white. The school verse is II Corinthians 3:17, “. . . where the Spirit of the Lord is, there is liberty.”

The Eaglehead/Liberty University Logo is symbolic of the athletic teams of the University. The name for all male sports teams is “The Flames”; all female sports teams are referred to as “The Lady Flames.” The Flames Mascot is an eagle named “Sparky.”

DEGREES
Bachelor of Science, Bachelor of Arts, Bachelor of Music and Associate of Arts and Associate of Applied Science degrees are offered. The College of Arts and Sciences offers the Master of Arts degree in the fields of Counseling, English, History, Human Services, and Philosophical Studies. The Alton W. and Lois H. Graduate School of Business offers the Master of Business Administration, Master of Arts in Management and Leadership, and the Master of Science in Accounting degrees. The School of Communication offers the Master of Arts in Communication Studies. The School of Education offers the Doctor of Education, Educational Specialist, Master of Education, Master of Arts in Teaching and Master of Science in Sport Management degrees. Helms School of Government offers the Master of Arts in Public Policy. The School of Health Sciences offers the Doctor of Philosophy in the field of Counseling, the Master of Arts degree in the fields of Counseling, and Human Services, the Master of Public Health and the Master of Science in Nursing degrees. The School of Law offers the Juris Doctorate. The School of Music offers the Master of Arts in Ethnomusicology and Master of Arts in Music and Worship degrees. Liberty University Baptist Theological Seminary offers the Master of Divinity, Master of Arts in Christian Ministry, Master of Arts in Global Studies, Master of Arts in Religion, Master of Arts in Theological Studies, Master of Arts in Worship Studies, Master of Theology, Doctor of Ministry and Doctor of Philosophy degrees.

ACCREDITATION AND MEMBERSHIPS
The University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane; Decatur, Georgia 30033-4097; 404-679-4501) to award associate, bachelor, master, specialist and doctoral degrees. The Commission may be contacted only if there is evidence that appears to support an institution’s significant non-compliance with a requirement or standard.

Liberty University School of Law is fully accredited by the Council of the Section of Legal Education and Admissions to the Bar of the American Bar Association (ABA), 321 North Clark Street, Chicago, IL 60654-7598; 312-988-5000.

Many of Liberty’s programs are accredited or otherwise recognized by specialized professional and accrediting agencies.

The Bachelor of Science in Electrical Engineering and the Bachelor of Science in Industrial and Systems Engineering programs are accredited by the Accrediting Board for Engineering and Technology (ABET).

The Bachelor of Science in Athletic Training program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE).
The Bachelor of Science in Exercise Science program is accredited by the Commission on Accreditation of Allied Health Education Program (CAAHEP).

The Nursing Department is approved by the Virginia Board of Nursing (VBN) and accredited by the Commission on Collegiate Nursing Education (CCNE).

The Commonwealth of Virginia Department of Education approves the School of Education teacher preparation programs. The School of Education is accredited at the initial and advanced preparation levels by the National Council for Accreditation of Teacher Education (NCATE).

The Bachelor of Science in Sport Management program is accredited by the Commission on Sport Management Accreditation (COSMA).

Liberty University is a member of the Association of Christian Schools International (ACSI) and the Council of Independent Colleges in Virginia.

**STATE CERTIFICATION**

Liberty University is authorized to confer degrees by the Commonwealth of Virginia.

Pursuant to 23-276.1 - 12 of the Code of Virginia, the State Council of Higher Education for Virginia (SCHEV) is responsible for developing procedures to which certain private and all out-of-state postsecondary institutions must adhere in order to receive approval to confer degrees, certificates, or diplomas in the Commonwealth of Virginia. Certain private institutions are exempt from the requirements of certification or approval by SCHEV.

Liberty University was incorporated in the State of Virginia on January 18, 1972. It has operated under the same ownership since that time and has remained in good standing with the U.S. Department of Education and its accrediting body. Liberty University is an exempt institution.

SCHEV has limited or no regulatory authority over institutions exempt from certification. Before enrolling in any institution in the Commonwealth of Virginia, students are encouraged to determine the schools regulatory relationship with SCHEV or other state regulatory agencies. Certain consumer protection provisions required by certified schools are not present at or required by exempt institutions.

The exemption entitles Liberty University to conduct academic affairs or business without seeking or obtaining SCHEV approval. The resulting scope of the institutional autonomy includes:

- Offering courses or programs for degree credit;
- Enrolling students in courses or programs;
- Conferring or awarding degrees;
- Initiating other programs for degree credit at a new or additional level; and
- Offering instruction at additional or new locations.

Additional information regarding exempt institutions is available at [http://www.schev.edu/students/PrivateExempt.asp](http://www.schev.edu/students/PrivateExempt.asp).

Liberty University admits students of any race, color, national and ethnic origin, to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. The University does not discriminate on the basis of race, religion, color, sex, national or ethnic origin, age, or physical disability, in the administration of its educational policies, admissions policies, scholarship and loan programs, athletic and other school-administered programs.

**Doctrinal Position**

We affirm our belief in one God, infinite Spirit, Creator, and Sustainer of all things, who exists eternally in three persons, God the Father, God the Son, and God the Holy Spirit. These three are one in essence but distinct in person and function.

We affirm that the Father is the first person of the Trinity, and the source of all that God is and does. From Him the Son is eternally generated, and from Them, the Spirit eternally proceeds. He is the designer of creation, the speaker of revelation, the author of redemption, and the sovereign of history.

We affirm that the Lord Jesus Christ is the second person of the Trinity. Eternally begotten from the Father, He is God. He was conceived by the virgin Mary through a miracle of the Holy Spirit. He lives forever as perfect God and perfect man, two distinct natures inseparably united in one person.

We affirm that the Holy Spirit is the third person of the Trinity, proceeding from the Father and the Son, and equal in deity. He is the giver of all life, active in the creating and ordering of the universe; He is the agent of inspiration and the new birth; He restrains sin and Satan; and He indwells and sanctifies all believers.

We affirm that all things were created by God. Angels were created as ministering agents, though some, under the leadership of Satan, fell from their sinless state to become agents of evil. The universe was created in six historical days and is continuously sustained by God; thus it both reflects His glory and reveals His truth. Human beings were directly created, not evolved, in the very image of God. As reasoning moral agents, they are responsible under God for understanding and governing themselves and the world.

We affirm that the Bible, both Old and New Testaments, though written by men, was supernaturally inspired by God so that all its words are the written true revelation of God; it is therefore inerrant in the originals and authoritative in all matters. It is to be understood by all through the illumination of the Holy Spirit, its meaning determined by the historical, grammatical, and literary use of the author’s language, comparing Scripture with Scripture.

We affirm that Adam, the first man, willfully disobeyed God, bringing sin and death into the world. As a result, all persons are sinners from conception, which is evidenced in their willful acts of sin; and they are therefore subject to eternal punishment, under the just condemnation of a holy God.

We affirm that Jesus Christ offered Himself as a sacrifice by the appointment of the Father. He fulfilled the demands of God by His obedient life, died on the cross in full substitution and payment for the sins of all, was buried, and on the third day He arose physically and bodily from the dead. He ascended into heaven where He now intercedes for all believers.

We affirm that each person can be saved only through the work of Jesus Christ, through repentance of sin and by faith alone in Him as Savior. The believer is declared righteous, born again by the Holy Spirit, turned from sin, and assured of heaven.

We affirm that the Holy Spirit indwells all who are born again, conforming them to the likeness of Jesus Christ. This is a process completed only in Heaven. Every believer is responsible to live in obedience to the Word of God in separation from sin.

We affirm that a church is a local assembly of baptized believers, under the discipline of the Word of God and the lordship of Christ, organized to carry out the commission to evangelize, to teach, and to administer the ordinances of believer’s baptism and the Lord’s table. Its offices are pastors and deacons, and it is self-governing. It functions through the ministry of gifts given by the Holy Spirit to each believer.

We affirm that the return of Christ for all believers is imminent. It will be followed by seven years of great tribulation, and then the coming of Christ to establish His earthly kingdom for a thousand

Liberty University Undergraduate Catalog – 2012-2013
years. The unsaved will then be raised and judged according to their works and separated forever from God in hell. The saved, having been raised, will live forever in Heaven in fellowship with God.

**Philosophy of Education**

Liberty University is a Christian academic community in the tradition of evangelical institutions of higher education. As such, Liberty continues the philosophy of education which first gave rise to the university, and which is summarized in the following propositions.

God, the infinite source of all things, has shown us truth through scripture, nature, history, and above all, in Christ.

Persons are spiritual, rational, moral, social, and physical, created in the image of God. They are, therefore, able to know and to value themselves and other persons, the universe, and God.

Education as the process of teaching and learning, involves the whole person, by developing the knowledge, values, and skills which enable each individual to change freely. Thus it occurs most effectively when both instructor and student are properly related to God and each other through Christ.

**Statement of Mission and Purpose**

Maintaining the vision of the founder, Dr. Jerry Falwell, Liberty University develops Christ-centered men and women with the values, knowledge, and skills essential to impact the world. Through its residential and online programs, the University educates men and women who will make important contributions to their workplaces and communities, follow their chosen vocations as callings to glorify God, and fulfill the Great Commission.

Liberty University will:

1. Emphasize excellence in teaching and learning.
2. Foster university-level competencies in communication, critical thinking, information literacy, and mathematics in all undergraduate programs.
3. Ensure competency in scholarship, research, and professional communication in all graduate programs.
4. Promote the synthesis of academic knowledge and Christian worldview in order that there might be a maturing of spiritual, intellectual, social and physical value-driven behavior.
5. Enable students to engage in a major field of study in career-focused disciplines built on a solid foundation in the liberal arts.
6. Promote an understanding of the Western tradition and the diverse elements of American cultural history, especially the importance of the individual in maintaining democratic and free market processes.
7. Contribute to a knowledge and understanding of other cultures and of international events.
8. Encourage a commitment to the Christian life, one of personal integrity, sensitivity to the needs of others, social responsibility and active communication of the Christian faith, and, as it is lived out, a life that leads people to Jesus Christ as the Lord of the universe and their own personal Savior.

Approved by the Board of Trustees, November 12, 2010

**Statement on Worldview**

Liberty University embraces a worldview that is both historically Christian and biblical, and that underlies the very concept and origins of the university. We hold that God exists and is the source of all things, all truth, all knowledge, all value, and all wisdom. We hold that God has created an orderly universe according to His design and purpose and for His glory, and that He has created human beings in His image. God is actively at work in the world and history, governing them according to His ultimate purpose. From these foundational principles, it follows that truth exists and that there is a standard of right and wrong. We hold that all of creation is fallen as a result of human sin. Finally, we hold that God has revealed Himself and His ways in the natural created order, in history, in the Bible, and supremely in Jesus Christ, God in love and through the sacrificial work of Jesus Christ is redeeming humans and the entire created order.

At Liberty University, students receive an education that integrates this Christian and biblical worldview. Students trained with this worldview perspective will be equipped with a rational framework for understanding and interpreting reality, for comprehending the meaning of life and the value of humans and things, for making decisions and engaging in meaningful action, for studying the various academic disciplines, and for understanding the interconnectedness of all knowledge.
Introduction to the Campus

AIRPORT ACADEMIC CENTER

Located 3.4 miles south of Liberty University’s main campus adjacent to the Lynchburg Regional Airport, the Airport Academic Center is home to the School of Aeronautics. The Airport Academic Center is comprised of three buildings. The 45,000 square foot Flight Operations Center is where all in-flight training is conducted and all training aircraft are hangared and maintained. The 24,000 square foot Aviation Academic Center is where all aviation related academic classes are taught and all Flight Training Device lessons are flown. Additionally, the first floor is used by the Aviation Maintenance Technician School to teach the general portion of the FAA Aviation Mechanics Certificate. The third building is the 15,000 square foot Airframe and Powerplant building used by the Aviation Maintenance Technician School to teach FAA Airframe and Powerplant related academic and practical lessons leading to FAA licensure.

A. L. WILLIAMS STADIUM

The Flames play NCAA Division I-AA Football on the FieldTurf of Williams Stadium named in honor of Art and Angela Williams, special friends of Liberty University and Flames Athletics.

In January 2010, construction began to expand the original 12,000-seat stadium, built in 1989, to increase seating capacity to 19,200. Completed for the beginning of the 2010 season, the expansion included a five-story football tower featuring a fourth-floor luxury suite concourse and a third-floor club pavilion. The Club Pavilion features an 11,000 square-foot hospitality room and outdoor club seating for 770. The new tower houses the Athletics Administrative offices and includes expanded concessions and restrooms, academic center, and media terrace. The tower stands 100-feet tall, and stretches from five-yard line to five-yard line, and is serviced by two elevator shafts.

The A. L. Williams Football Operations Center (FOC) was completed in August 2006. The three-story, 48,000-square foot building is located in the North End Zone at Williams Stadium.

The Football Operations Center houses specially-designed weight training equipment in a spacious weight ant conditioning area, team locker room, academic lab, equipment room and a cutting-edge athletic training facility.

The top floor of the FOC houses coaching staff and administrative offices, numerous video and conference rooms and a uniquely-designed viewing room that overlooks the North end zone.

A. PIERRE GUILLERMIN INTEGRATED LEARNING RESOURCE CENTER

The A. Pierre Guillermin Integrated Learning Resource Center (ILRC) incorporates the University’s main library and academic computing facilities. During a visit to the ILRC, students can use computers to conduct online research or do homework; study alone or work on a group project; retrieve books and other library materials; and seek assistance from skilled library and computing staff.

The ILRC collects and organizes resources across a wide range of media, including books, periodicals, audio-visual resources in various formats, musical scores, curriculum, and archival materials. Its physical collections consist of approximately 260,000 volume equivalents and 650 current periodical subscriptions. Digital information resources provided by the ILRC include some 63,000 electronic books and full-text content from more than 40,000 periodicals. The ILRC provides access to more than 250 online research resources.

The ILRC provides access to 800 computer workstations located in fifteen computer lab classrooms and six open areas. Computer labs remain open 109 hours per week during the academic term. Computer workstations provide access to the Internet, email, Microsoft Office, and a variety of academic and professional software. Students with laptop computers can access networked resources via a wireless signal that is available throughout the ILRC as well as a number of other campus locations.

ALUMNI WELCOME CENTER

The Alumni Welcome Center was constructed in fall 2005 and is accessed through the Jerry Falwell Museum. Proudly decorated with Liberty University memorabilia, the Alumni Welcome Center is a warm and inviting place for Liberty University alumni to meet, fellowship, and reflect on the past.

ARTHUR S. DEMOSS LEARNING CENTER

The four-story Arthur S. DeMoss Learning Center was originally constructed as a one-story building in 1985. The building is named for Art DeMoss, a former board member and generous benefactor of Liberty University. This facility was constructed to provide for the long-range needs of the campus. It is the focal point of the campus with nearly 500,000 square feet of academic space.

In June 2008, a fountain standing 19 feet tall and made of hand-carved marble from Italy was completed. The fountain was installed in honor of those donors who supported the expansion of DeMoss. Donors’ names will be added to the fountain which features three columns with water cascading from the tops of each. A cast-bronze eagle, Liberty's mascot, perches atop the tallest column.

A wall of names on the first floor of the DeMoss Learning Center honors more than 5,000 donors who supported the expansion of DeMoss to the four-story building, completed in 2000.

BRUCKNER LEARNING CENTER

The Bruckner Learning Center (BLC) is located on the third floor of the DeMoss Learning Center. The primary purpose of the BLC is to plan, develop and maintain quality, University-wide academic support services for all students. The BLC also includes faculty offices and a testing and tutoring center.

CAMPUS EAST CLUBHOUSE

The Campus East Clubhouse provides students with a variety of activities that include a movie theater, outdoor pool and deck, computer lab and printing station, billiard tables, video games, flat screen televisions, foosball table and soft seating.

CAMPUS EAST VOLLEYBALL FACILITY

During the spring of 2007, the Liberty volleyball program was given a secondary practice facility. The Campus East Volleyball Facility houses the volleyball coaches’ offices, a team room, and a gymnasium for practice whenever the Vines Center or Schilling Center is unavailable.

CENTER FOR ACADEMIC SUPPORT AND ADVISING SERVICES (CASAS)

CASAS was created in 2003, as a main hub for academic support services, including Freshman Seminar, academic advising, career counseling, study skill development, testing services, and tutoring opportunities. It is located in DeMoss Learning Center.
CENTER FOR CREATION STUDIES
Established in 1985, the Center for Creation Studies is an interdisciplinary education and research institute committed to the study of the origin of the universe, the earth, life, and species. This study draws upon knowledge from religion, science, philosophy, and history.

The Creation Hall Museum was dedicated in March 2010, to coincide with the 25th anniversary of Liberty’s Center for Creation Studies. Located in the back hallway of the Arthur S. DeMoss Learning Center, the Creation Hall Museum displays relics of fossils and some of the evidences for Biblical Creation.

CENTERS FOR JUDAIC STUDIES
Located in DeMoss Learning Center, the Center for Judaic Studies opened in August 2008. The Executive Director of the Center, Dr. Randall Price, was invited in 2007, by Liberty’s Founder and Chancellor, the late Dr. Jerry Falwell, to establish the Center. Dr. Falwell’s vision was to continue the recognition that Israel and the Jewish people were part of God’s future program and that the Christian response to this in the spiritual and political realm was essential to God’s present blessing.

The Center houses a dedicated library of primary, secondary, and periodical sources to serve the specialized needs of students and researchers in the fields of Jewish studies and biblical archaeology.

COOK TENNIS CENTER
Opened in August 2011, the Cook Tennis Center is located adjacent to the Hershey-Esbenshade 12 championship tennis courts located at Liberty's Green Hall. The 2,500-square foot building houses two locker rooms, training and laundry rooms, a stringing room, four offices for coaches, a kitchen area, team room and a balcony that will overlook the tennis courts.

The lead gift for the Cook Tennis Center was provided by long-time University and Athletics supporters Sherwin and Lora Cook.

DISC GOLF COURSE
Located at East Campus, an 18-hole disc golf course opened during the Spring of 2010.

DOC’S DINER
Doc’s Diner, constructed in 2008, overlooks Jerry Falwell Parkway (Route 460) on Campus East. Named in honor of Dr. Jerry Falwell, it is the newest campus dining facility. Expected to be a favorite among students, faculty and staff, Doc’s Diner is also open to the general public. The menu offers classic diner specialties and a 1940s era atmosphere that is both comfortable and fun.

EARL H. SCHILLING CENTER
The Multi-Purpose Center, originally constructed in 1979, was named the Earl H. Schilling Center in 1995 in honor of Earl and Anne Schilling, long-time donors to the ministry who established a multi-million dollar trust to provide scholarships for training pastors, missionaries, evangelists, and full-time Christian workers. The Schilling Center was relocated to Green Hall in 2003. It encompasses 3,600 square feet of floor space and rises 45 feet to a ceiling highlighted by four skylights and a magnificent custom designed chandelier featuring Liberty eagle and flame emblems. Grand staircases on either side of the Lobby ascend to a balcony overlooking the main floor. A brass, inlaid Liberty University Seal adorns the center of the main floor and II Corinthians 3:17, the University verse is displayed in brass on the balcony.

MARIE F. GREEN HALL
Originally known as Campus North, Green Hall houses the University Chancellor’s Office, administrative offices, Admissions Offices, Student Services (Student Accounts, Financial Aid, and Registrar’s Office), Student Affairs, the Office of Christian Community Service, LaHaye Student Center, Tilley Student Center, Tolsma Indoor Track, the Tower Theater, Zaki Gordon Center for Cinematic Arts, Post Office, Centra Health Services, Spiritual Life offices, Schilling Center, Law School, and Liberty University Online.

HANCOCK WELCOME CENTER
Completed in May 2012, the Hancock Welcome Center is a three-story 32,000-square foot facility that will house the Visitors Center, including a large meeting room, smaller counseling rooms, a museum, and a gift shop. It is located across from the bookstore and Williams Stadium and near the Carter-Glass Mansion and the grave site of Liberty founder Jerry Falwell, Sr.

The Visitors Center provides prospective students and their families with the resources for campus visits as well as student-led tours. To view campus maps, take a digital tour of campus, or schedule a visit, access the Visitors Center online at http://www.liberty.edu/index.cfm?PID=199.

HEALTH SERVICES
Liberty University Health Services is provided by the Centra Medical Group. It provides quality medical care to the University community, assisting students, staff and faculty in maintaining and optimizing their health. It is located in Green Hall near the LaHaye Student Union and the University Post Office.

HERSEY-ESBENSHADE TENNIS COURTS
Built in 2009, the Hershey-Esbenshade Tennis Courts are located at Green Hall. The 12 NCAA-regulation tennis courts provide an excellent facility for the championship tennis competition.
INTRODUCTION TO THE CAMPUS

IVY LAKE
Located in Bedford County, Virginia, Ivy Lake is a 112-acre lake located 15 minutes from the Liberty Campus. In 2010, the lakefront area was renovated to provide a quality beach-front area for students and locals to enjoy. A facility to store the boats used for the Crew club team was also constructed in 2010.

JERRY FALWELL MEMORIAL GARDEN
In May 2007 Dr. Jerry Falwell, “Godly Father, Husband, Grandfather, Pastor, Christian Educator,” as well as Co-founder, President, and Chancellor of Liberty University, went home to be with the Lord. Located in front of Montview, the Carter Glass Mansion, the oval-shaped burial garden contains an eternal flame, a fountain and sidewalks that lead to Dr. Falwell’s grave. Also located in the garden, are benches where students can study or reflect, and where visitors, who want to visit the site, can pause to reflect on the life and legacy of Dr. Falwell.

JERRY FALWELL MUSEUM
Adjacent to the Grand Lobby is the Jerry Falwell Museum, presented and dedicated to Dr. Falwell at his seventieth birthday celebration. This museum was created to preserve and highlight the life and ministry of Liberty’s Founder/Chancellor/President. The Museum contains the history of the Falwell family and includes displays and historical documents chronicling each of the ministries.

LAHAYE ICE CENTER
The LaHaye Ice Center opened in December 2005. The state-of-the-art facility is used by the Liberty University hockey team, students and the public. Upgrades to the Ice Center in 2008 include a Chancellor’s suite and two business suites, a conference room donated by Pete and Cindy Chamberland, and a new public locker room. This facility is named in honor of Tim and Beverly LaHaye, generous supporters and members of the Liberty University Board of Trustees.

LAHAYE STUDENT UNION
The LaHaye Student Union opened in November 2004. This state-of-the-art facility houses an intercollegiate-size swimming pool, five basketball courts, fitness center, locker rooms, a food court, lounge areas, meeting rooms, and offices. This facility is named in honor of Tim and Beverly LaHaye, generous supporters and former members of the Board of Trustees.

LIBERTY MOUNTAIN CONFERENCE CENTER
Located adjacent to Green Hall, the Liberty Mountain Conference Center held its grand opening in June 2011. This facility is more than 13,000 -square feet, has a maximum occupancy of 400, and consists of two 125-seat rooms and six 24-seat rooms. The facility is Wi-Fi enabled and each room has monitor projection systems.

LIBERTY MOUNTAIN SNOWFLEX® CENTRE
Snowflex® is a multi-layer, synthetic material that uses small misting devices to provide moisture that simulates the slip and grip effects of real snow, allowing maximum speed and edge control for making turns. The Liberty Mountain Snowflex Centre, opened in August 2009, consists of two main distinct ski runs. This includes a beginner slope, intermediate slope, advanced slope, terrain park, a 260-foot tubing run, and gravity park for air awareness training. The 550-foot terrain run has three jumps with a quarter pipe at the bottom, and a 550-foot ski slope with multiple rail features for all levels.

The Barrick-Falwell Ski Lodge, incorporates the look and feel of a mountain chalet complete with a wildlife trophy collection donated by Dr. Al Barrick, houses the ticketing and rental area on the lower level. Visitors can enjoy concessions and a scenic view of the ski slope and campus from the second level. The Liberty Mountain Snowflex Centre is open year-round for University and public access.

LIBERTY UNIVERSITY BOOKSTORE
Completed in May 2009, Barnes and Noble opened a free-standing campus bookstore located adjacent to Williams Stadium on University Blvd.

LIBERTY UNIVERSITY EQUESTRIAN CENTER
Established in Fall 2011, the Liberty University Equestrian Center provides students and staff with the opportunity to take part in recreational horse activities, trail rides and the boarding of personal horses. Boarders of all disciplines, breeds and experience levels are welcome.

Located off Lone Jack Road on Liberty University’s trail system, the facility includes a barn with eight 12x12 foot rubber matted stalls with private runs, grooming stalls, indoor wash rack with hot and cold water, outdoor wash rack, heated office/student lounge, tack room, feed room, utility room with washer and dryer, and men’s and women's restrooms, 30-plus acres of small and large turnout pastures with run in sheds. Also included is a 160x300 foot outdoor arena with sand footing, jumps, cavalletti, ground poles, dressage ring, barrels, and poles, etc.

LIBERTY UNIVERSITY MONOGRAM
Placed high on the side of Liberty Mountain, beckoning students, alumni, and visitors to Lynchburg and Liberty University is a new landmark, the Liberty University Monogram. The monogram covers three acres, and was made using over two hundred tons of stone, white gabion and red brick chips. Twelve hundred plants are strategically placed to make up the letters. Directly above the Monogram, on top of the mountain, sits a white gazebo that offers magnificent views of the city and surrounding areas, and a place to rest after hiking, biking or running on the thirty miles of trails that cover the mountain.

LIBERTY UNIVERSITY RESIDENTIAL ANNEX
Located off Route 29 on Odd Fellows Road, the Liberty University Residential Annex houses up to 500 residential students as well as provides conference center space for Liberty University Online intensive courses and space for the English Language Institute. The facility is serviced by a dedicated bus route throughout the academic year.

LUURTSEMA CENTER
Completed in August 2010, this 5,000 square foot, two-floor center was named after William and Wanda Luurtsema, who provided a generous donation to the project. The building includes offices for the men’s and women’s soccer, track and field, and lacrosse programs. In addition to offices, the building also contains four locker rooms, a training room, a laundry area and team rooms.

The Liberty Women’s Soccer locker room was provided by a generous donation by the Tyson family, the relatives of former Liberty women’s soccer player Brittany Tyson.

MATTHES – HOPKINS TRACK COMPLEX
In 1989, a first-rate track was completed in honor of Jake Matthes, Liberty’s first track coach, and Ron Hopkins, the first women’s track coach. The facility includes an eight-lane, 400 meter polyurethane track as well as four long jump/triple jump pits, three pole vault runways, a high jump apron, two javelin runways, two shot put rings and a hammer/discus cage.

MONTVIEW MANSION
Montview Mansion, one of two original buildings still remaining on the campus, overlooks a beautiful view of the Blue
Ridge Mountains. Built in 1923, it is also known as the Carter-Glass Mansion, the home of Senator Carter Glass, Secretary of the Treasury under Woodrow Wilson, and his wife.

Following the passing of Dr. Jerry Falwell, Montview was restored to how it might have looked during the 1920s – 1940s. Dr. Falwell’s Chancellor’s Office has been left exactly as it was the day he passed away. Visitors can also see his conference room which serves as a small museum illustrating the life of Dr. Falwell.

The Senator’s home office has been restored and the upstairs bedrooms each with its own bath have been restored. Additional first floor rooms are used for receptions, meetings and luncheons.

In Fall 2009, a marble mantle that was in the U.S. Capitol, and which was also in the Carter-Glass Mansion in the 1920s was returned to Montview. It is now at home in the Mansion’s dining room.

Montview Mansion is open to the public and tours are given daily from 8:00 AM to 5:00 PM and by appointment on the weekends. Tours can be scheduled by calling 434-582-7678.

OSBORNE STADIUM

Expanded and renovated in fall 2009, the soccer and outdoor track and field facility was named Osborne Stadium for Liberty alumni, Richard and Karin Osborne, who gave the lead donation for the complex project. Improvements to the facility include 1,000 chair back seats, press box, 5,000 square-foot Soccer and Track Operations Center, scoreboard, and brick and wrought iron fencing.

PAINTBALL BATTLEFIELD

Located at East Campus, the complex consists of two fields with a retractable netting system made with a protective mesh.

PERFORMING ARTS HALL

As part of the center quad of classroom buildings, the Performing Arts Hall serves the music needs of the University. Several practice rooms, and a recital hall for student and faculty performances are in this building. In 2010, the Lloyd Auditorium was renovated for use by the Liberty University Marching Band. Many hours of practice take place in the band room for both vocal and instrumental ensembles. The award-winning Spirit of the Mountain Marching Band has performed before nationally televised audiences, which include an NFL football game and the Macy’s Thanksgiving Day Parade.

An annex of the Performing Arts Hall is the Telecommunications wing which houses our campus radio station (WWMC-The Light, C91) and TV studio (WLBU).

R. C. WORLEY PRAYER CHAPEL

The R. C. Worley Prayer Chapel was built in 1981 and named in memory of Mr. Worley, a great prayer warrior, soul winner, and member of Thomas Road Baptist Church. Known for his humility, Mr. Worley often said, “I am just a clay vessel that God uses."

A Liberty University landmark, the chapel is used daily and serves as a quiet place for prayer, ministry meetings and small weddings.

REBER – THOMAS DINING HALL

Renovations in 2007 and 2008, have significantly improved this building originally constructed more than 15 years ago. Students enjoy meals in this “totally renovated, state-of-the-art student restaurant” that has a stunning design and edgy style with track lighting, booths, benches, new flooring and a new atrium. It features favorite cuisines including, Italian and Mexican items as well as a salads for the health conscience individual, and home-style meals just like “mom used to make”. This building includes an Executive Dining Room for administrative and faculty functions.

SCIENCE HALL

The Science Hall was the first building erected on Liberty Mountain in 1977. As connoted by its name, the Science Hall houses science classrooms and labs for biology, chemistry, family and consumer sciences, physical science, and physics.

TEACHER EDUCATION HALL

Identified by the rock in front of its doors, this building in the quad boasts of the creativity of the elementary education students. The walls are lined with creative bulletin boards bringing back memories of early childhood school days.

THE SPORTS RACKET

Donated to Liberty University in March 2011 by the Cook family, The Sports Racket gives Liberty top-notch facilities for both indoor and outdoor play just 15 minutes from campus. Located at 118 Davis Cup Road in Lynchburg, the facility has five indoor tennis courts, five racquetball courts, five outdoor tennis courts, a gym with several treadmills and weight equipment.

THOMAS INDOOR SOCCER CENTER

The Thomas Indoor Soccer Center, connected to LaHaye Student Union, opened in May 2009. The Thomas Center is comprised of two turf fields partially surrounded by transparent walls and netting. The facility also features a spectator section, multiple televisions and wireless capability.

TILLEY STUDENT CENTER

The Tilley Student Center opened in September 2008. Located in Green Hall adjacent to the LaHaye Student Union, the Student Center provides additional space for student social interaction and activities. The coffeehouse-style setting has a stage for musical performances, televisions, wireless access, comfortable seating and tables as well as a coffee bar. The Student Center was made possible in part by a donation from Thomas and Iris Tilley, long time supporters of Liberty University and the parents of Becki Falwell, wife of the Chancellor.

TOLLSMA INDOOR TRACK AND CONFERENCE CENTER

The Tolsma Indoor Track and Conference Center is located in Green Hall. The Center features a flat 200 meter Mondo surface. It has a wide radius, a four-lane oval and an eight-lane, 60-meter straightway. Located inside of the complex are two long/triple jump runways, a pole vault runway and a high jump apron, with all the apparatuses being permanent and having a Mondo surface. The FinishLynx timing system greatly increases the ability to host high level meets at the facility. The Center will also serve as a conference and convention center.

TOWER THEATER

Located in Green Hall, the Tower Theater was completed in July 2010. This contemporary-style 640-seat theater consists of balcony seating, an orchestra pit, catwalks, a fly tower, a box office and 12,000 square feet of support area that includes dressing rooms, a practice room, offices, costume shop, prop room and woodworking and scene shops.

VINES CENTER

This 8,500-seat, silver-domed Lynchburg landmark, also known as “The Furnace,” became the home of the Flames basketball and volleyball teams in 1990. It is also the location of weekly convocation services, and several large conference and concert events each year.

WORTHINGTON STADIUM

Originally named Liberty Field, in May 1986, the field was officially named Worthington Field after former Liberty Baseball Coach and Athletic Director Al Worthington. The name was
changed to Worthington Stadium in 1995. The playing field is natural grass and the stadium has a seating capacity of 2,500.

During the summer of 1999, a 5,200 square-foot hitting area was constructed, complete with lighted batting cages and modern hitting equipment.

In 2003, a state-of-the-art clubhouse was added. The clubhouse includes locker facilities, restrooms, indoor batting cages, private boxes, and a team room. With the addition of stadium lighting in March 2008, the inaugural night game had a stadium-record 3,183 fans attending the historic game.

WRVL RADIO STATION
The second remaining original building on the site of the Carter-Glass estate now houses the Radio Voice of Liberty, WRVL, the radio station of Liberty University.

WWMC – THE LIGHT (90.9 FM)
WWMC is a top 40 Christian, student-operated music station on the campus of Liberty University. The Light broadcasts 24 hours a day and is an affiliate of Christian Hit Radio. In addition to music programming the Light also broadcasts news and sports, including Liberty University Athletics.

DIGITAL CAMPUS
Liberty University’s campus can be viewed in digital format at http://www.liberty.edu/maps.

WTLU – TV
The Liberty channel was born as an extension of WTLU in Lynchburg, Virginia. This 24/7 commercial station broadcasts from the campus of Liberty University and has served viewers in Central Virginia since 1991.
MISSION
The mission of Liberty University Online (Liberty University Online) is to provide Liberty University courses and programs through non-traditional delivery systems. While Liberty University Online and residential course offerings may differ due to distinctions in student profiles and methodologies of instruction, the residential and Liberty University Online courses and programs are comparable in range, goals and purpose.

HISTORY
Founded in 1985, as the Liberty University School of Lifelong Learning (USLL), the distance learning program was designed to bring an accredited University program to non-traditional learners at home, military personnel, and Christian school teachers seeking certification from the Association of Christian Schools International (ACSI). The courses were adapted from those offered on the University campus and the initial programs offered were the A.A. in Religion, B.S. in Church Ministries, and M.A. in Counseling.

Now, 27 years later, the initial goal to provide quality Christian education to students around the world has remained intact. Currently, Liberty University Online services over 80,000 students across the globe in degree programs ranging from diploma programs in Biblical Studies to doctoral programs in Counseling, Education and the Seminary.

Using innovative methods, students can take classes without having to relocate. The same quality courses that are offered on the Lynchburg campus are made available to our Liberty University Online students in the convenience of their own homes. Courses are also offered in an intensive format a number of times throughout the year.

INSTRUCTIONAL DELIVERY METHODS
Liberty University Online offers its courses through several delivery methods. The University has adopted Blackboard®, an online software platform, as its primary delivery method. Students can access individual lessons, have interaction with other students taking the same course, utilize links to online resources, view supplemental streaming video clips, and receive direct feedback from their professors using this innovative means of delivery. Students may also be required to purchase video tapes or DVDs for select courses. Our video, printed, and online learning tools help ensure that students have a learning opportunity available to them that equals or surpasses the traditional classroom model.

STRUCTURE
Currently, Liberty offers courses in an eight-week format with multiple entry dates throughout the year (see academic calendar). Some courses are offered in a 14- to 17-week format (with one entry date per semester) in which students may enroll at the beginning of each term. Students will need to show consistent progress throughout their coursework in order to maintain good academic standing. Liberty provides students with tools for success. However, students must manage their time to take advantage of these tools.

DEGREE PROGRAM FORMAT
With the online delivery format [distance education] courses in a program are delivered in a virtual classroom experience that is flexible, personal and challenging. Through the online format a student can earn a degree entirely online. Some programs require that a minimum number of courses be taken face-to-face on campus.

TESTING
Liberty University Online students take timed tests online and receive immediate feedback and test results. Essay exams and papers are also submitted online, graded by the course instructor and returned to the student. Portions of assigned work are used to facilitate student-to-student interaction. The interaction is often included as an element in student grading.

COURSE MATERIALS
Students purchase all course materials from MBS Direct. Purchases can be made online by accessing the web page at http://www.mbsdirect.net/liberty. Students should purchase materials after registration but prior to the sub-term begin date (course activation). Liberty does not guarantee that required course materials will be available after the sub-term activation date.

Course materials may be charged to the student’s account by means of the online book voucher system, if the student has a credit on their student account. Tuition does not cover the cost of course materials.

BASIC REGULATIONS
The Administration and Faculty have committed Liberty to the highest standards of moral and ethical conduct. No one will become spiritual merely by observing rules; nonetheless, the spiritual student will desire to abide by the rules, regulations, and policies. The student who is not prepared to accept instruction will never be prepared to give instruction. Liberty holds as one of its foremost goals the development of men and women of strong character. Firm moral conviction and dependable self-discipline are as important as academic competence.

All students enrolled in Liberty University Online are subject to the Liberty University Online Code of Honor and Personal Code of Honor. Please see the Academic Information and Policies – Online Programs section of this Catalog for more information.

GENERAL EDUCATION REQUIREMENTS FOR OUT OF STATE STUDENTS
In addition to Liberty University’s general education requirements, distance education students may also be required to fulfill additional requirements set by their home states. Specific Degree Completion Plans for those states whose requirements differ are available from Liberty University Online Advising.

IMPORTANT INFORMATION REGARDING INTERNSHIPS AND CLINICAL PLACEMENTS
Students who are pursuing degrees leading to professional licensure or certification, and/or who will be participating in clinical placements, internships, or practica through their Liberty University program should be aware that their host facility may require a criminal background check, finger printing, or drug screening. In such situations, each student is responsible for obtaining and paying for the background check or other screening process and for delivering required documentation to the facility. Although the university will make reasonable efforts to place admitted students in field experiences and internship, it will be up to the host facility to determine whether a student will be allowed to work at that facility.

Students should further be aware that a criminal record may jeopardize licensure by the State certification body. Students seeking licensure are urged to contact the relevant licensing agency to determine the licensing requirements for the jurisdiction. Successful completion of a program of study at Liberty University does not guarantee licensure, certification, or employment in the relevant occupation.
Liberty University Online
Academic Calendar 2012 – 2013

The Liberty University Online academic school year consists of three terms: fall, spring, and summer. Terms consist of three eight-week sub-terms, and one semester-long sub-term which can range from fourteen to seventeen weeks in length.

Please note the following:

Only limited courses are available each semester in Terms A and C

Tuition Recalculation

If a student registers full time and subsequently withdraws from one or more courses which results in their remaining enrollment being less than full-time (part-time), they will be charged the part-time tuition rate for the remaining courses in that semester. If the new tuition rate results in a balance, the student is responsible for making payment.

- Undergraduate students enrolled in less than 12 hours constitutes part time status
- Graduate students enrolled in less than 9 hours constitutes part time status

General Requirements

Admission to Liberty University’s undergraduate program is governed by policies and procedures developed by the Senate Committee on Academic and Admissions Standards.

The mission of Liberty University is to develop Christ-centered men and women with the values, knowledge, and skills essential to impact the world. We expect that our students understand and respect our mission and purpose while enrolled at Liberty University.

The Liberty University resident undergraduate admissions department operates on a rolling admission basis. This policy means that we do not have a final deadline for applications to be considered and will consider each applicant on a case by case basis. However, we do have a priority deadline for submission and it is recommended that applicants strongly consider adhering to that deadline as the majority of our applications are received by that date.

Prospective students are assessed according to academic background; personal moral behavior and character; personal philosophy; and willingness to follow Liberty’s rules, regulations, and policies. In the consideration process, the applicant’s complete prior academic record, recommendations, plans for the future, and personal information will be reviewed upon request. Applicants meeting the required standards in these areas may be admitted to one of the academic terms at the University.

Applicants for admission will be considered without regard to race, color, gender, national or ethnic origin, religion, age, or disability.

The University reserves the right to refuse or revoke admission to any prospective student or returning student. Any applicant who intentionally withholds pertinent information or who falsifies information may be required to withdraw from Liberty.

The regulations listed herein are subject to change after the date of publication through established procedures. Liberty University reserves the right to make necessary changes without further notice.

CONTACT INFORMATION

Prospective students who wish to speak to an admissions counselor about the admissions process or admission policies may do so by contacting our Resident Admissions office.

Resident Admissions Office:
Phone: 800-543-5317
Fax: 800-542-2311
Email: admissions@liberty.edu

Hours of Operation:
M-F 8:00 am – 9:00 pm EST
SAT 10:00 am – 6:00 pm EST

Mailing Address:
Liberty University
Attn: Resident Admissions Office
1971 University Blvd.
Lynchburg, Virginia 24502

Prospective students are encouraged to apply online at www.libertyu.com or www.liberty.edu. Applicants may mail the application to the appropriate address as listed above.

Parent and Family Connections

The Parent and Family Connections Office provides communication between the University and parents of Liberty University students in order to support student success, generate goodwill for the University, and promote an appropriate role for parents within the campus community.

Additional information on events and services is provided online at http://www.liberty.edu/index.cfm?PID=8034.

Application for Admission

In addition to the admissions application and essay, the Admissions Committee will consider the following that are applicable: high school transcripts, college transcripts, GED score, and SAT I or ACT scores. The University retains the right to make an admission decision based on any of the previously listed documents. The university also reserves the right to withdraw an application for admission after 60 days of inactivity.

ITEMS TO BE SUBMITTED
1. Application Fee – $40.00 (non-refundable, non-transferable)
2. Academic Records
   Prior to matriculation, applicants must submit an official transcript (see below for details) from an accredited high school or an official transcript of the General Educational Development (GED) test scores. Applicants with prior college coursework must submit official transcripts from all colleges attended.

   To be considered complete, a high school transcript must meet the following minimum requirements:
   a. Preliminary transcript – must reflect all coursework and final grades received for grades 9-11, an overall grade point average (GPA), and should be signed by the school administrator.
   b. Final transcript – must reflect all coursework and final grades received for grades 9-12, final graduation date, an overall GPA, and must be signed by the school administrator.

   The high school and GED requirements will be waived if the applicant earned an associate’s degree.

   In lieu of a final transcript, Liberty University will accept a preliminary transcript. A self-certification of high school graduation or a final high school transcript will be required to continue the program beyond the first semester.

   Students that have completed 12 hours of college credit or have completed basic training in the military may
complete a self-certification of high school graduation in lieu of any high school documentation.

In addition, some high school and college transcripts may be waived if they are unobtainable due to circumstances as determined by the Resident Admissions Office.

Official transcripts of the final high school or college records must be requested directly from the educational institution and sent to the Resident Admissions Office. An official high school or homeschool transcript is defined as a transcript received in a sealed envelope with the school’s address. The graduation date (month/day/year) and final GPA must be shown.

In addition, the final high school transcript or GED is considered official if it is faxed by the high school or GED center itself, and received by the Resident Admissions Office. In order to be considered official, the transcript must be stamped official by the Resident Admissions Office, after confirming receipt with the issuing high school or homeschool.

Although the University does not require specific high school courses for admission, successful applicants usually have completed at least 4 years of English, 2–3 years of college preparatory mathematics, 2 years of laboratory science, 2 years of social science, 2 years of foreign language, and at least 4 units of elective credits in subjects such as art, music, or drama. This curriculum prepares one for the classroom expectations at Liberty University.

Liberty University’s minimum unweighted Grade Point Average (GPA) is 2.00 on a 4.00 scale, however, meeting this minimum standard does not guarantee acceptance. All transcripts are converted to a 4.00 scale. Applicants who fail to meet the minimum required GPA will be evaluated on other indicators of ability to perform satisfactorily at the college level and may be admitted on Academic Caution or Probation. All students accepted on Academic Caution or Probation status will be limited to 13 semester hours of coursework including:

MENT 100 – Foundations for Academic Success or
CLST 101 – College Learning Strategies

These courses are designed to help students develop reading and study strategies necessary for success in college.

3. Test Scores

All applicants, age 21 or younger, must submit official copies of test results from either the Scholastic Aptitude Test I (SAT I) or the American College Testing (ACT) exam. Liberty University does not recognize the essay portion of the SAT I or ACT exam for acceptance decision purposes. SAT scores are based on Critical Reading and Math portions only. Liberty University’s minimum scores are 800 (combined) for the SAT and 17 (composite) for the ACT; however, meeting these minimum standards does not guarantee acceptance. The best scores from multiple exams will be combined for admissions purposes. The SAT I and ACT is not required for students 22 or older. Applicants who fail to meet the minimum required scores may have their application rejected or will be evaluated on other indicators of ability to perform satisfactorily at the college level and may be admitted on Academic Caution or Probation. Scores will be used for academic counseling and placement. SAT II’s are not acceptable. Test scores may be waived if they are unobtainable due to circumstances as determined by the Resident Admissions Office.

Information on the SAT I may be obtained via the Internet at www.collegeboard.org or by writing to: The College Board; SAT Program; 1425 Lower Ferry Road; Trenton, New Jersey 08618. Information on the ACT may be obtained via the Internet at www.act.org or by writing to: The American College Testing Program; 2201 North Dodge Street; P.O. Box 168; Iowa City, Iowa 52243. Liberty’s Institutional Codes are 5385 for the SAT I and 4364 for the ACT.

4. Essay

All resident applicants must submit an essay between 200 and 400 words describing how their personal faith and views will allow them to contribute to Liberty University’s mission of developing Christ-centered leaders.

5. Other Documentation

If the Admissions Committee determines that additional information is needed in order to make a determination on the applicant’s status, the applicant may be required to submit letters of recommendation or other relevant documentation such as a guidance counselor letter.

6. Priority Deadlines for Admissions Process

Resident Program:

- **Fall:**
  - Application: January 31
  - Accept and Confirm: February 28
  - Financial Check-in: April 30
  - Course Registration: May 31
- **Spring:** Application: November 1

**Developmental Courses**

The University offers nine developmental courses to students who need assistance with some of the basic skills required in order to be successful in college. Based upon their performance on the SAT, ACT, or other assessment tests, if they are accepted on Academic Caution or Probation or if they cannot provide test scores, students may be required to complete the appropriate developmental courses listed below:

1. **MENT 100 – Foundations for Academic Success.**
   This course is designed to assist students in their academic adjustment to college. There is a focus on learning and application of study strategies and self-management skills. In addition, emphasis is placed on community and accountability which provide the foundation for academic success.

2. **MENT 101 – Mentoring for University Transition.**
   This course is designed to provide instruction in study strategies and life skills basic to the successful transition to the university. Within a small group setting, instructors will mentor students in their understanding and application of these concepts.

3. **CLST 101 – College Learning Strategies.**
   This course is designed to equip students with the study strategies necessary for success at the college level. It teaches self-management skills such as organization and time management, as well as learning strategies including memory and test-taking. Students are also encouraged to discover their individual learning styles, while incorporating practical application techniques.

4. **CLST 102 – College Reading Improvement.**
   This course is designed to teach students the essential reading skills necessary to improve their ability to comprehend the material contained in college textbooks. Topics include analytical reading, critical reading, and vocabulary development.

5. **CLST 103 – Individualized Laboratory in Reading and Study Strategies.**
   This course is an individualized program in reading and study strategies based on students’ goals and assessed needs.
The varied curriculum focuses on academic, personal, and/or spiritual domains. It is delivered in a lab format with faculty/student interaction.

6. CLST 105 – Strategies for the Application of College Learning Skills.

This course provides strategies that will enable students to apply college learning skills to their current courses. It incorporates one-on-one mentoring, as well as weekly accountability. It is designed to foster an awareness of academic progress and to encourage the motivation and responsibility necessary for academic success.

7. ENGL 100 / ESOL 100 – Basic Composition.

These courses are available to students who do not have a strong background in English grammar and basic composition. ESOL 100 is designed for students whose native language is not English.

8. MATH 100 – Fundamentals of Mathematics.

This course is offered to students who do not have strong math skills. The course is a review of arithmetic and elementary algebra.

This course is offered to resident students who do not have the algebra skills required for a college-level math course. Topics reviewed include exponents, factoring, graphing, equations, and rational expressions.

HOMESCHOOL APPLICANTS

The University recognizes that the academic records of home-educated students vary widely. However, records of academic work plus any evaluations or grades awarded by the parent or other evaluator must be included on the academic records to properly evaluate the applicant’s eligibility for college-work.

Homeschooled applicants must submit the above requirements plus:

a. Verification that they have completed a secondary school education. This requirement may be satisfied by a statement signed by the parent or guardian, a home-education diploma, or a graduation date posted on the home education records.

b. Verification that the home education was carried out in compliance with applicable commonwealth or state laws. The form of this documentation will vary depending on the state statutes governing home education. The documentation may be a letter from the local school board or public school superintendent, a letter from an umbrella school, or a signed affidavit from the parent or guardian.

NOTE: See www.luonline.com/media/2100/PDF Sample Transcript.pdf for a sample home school transcript. (Do not submit portfolios, photocopies of awards, or photographs of school projects.)

TRANSFER STUDENTS

Transfer applicants must complete all of the forms that are listed for the initial application procedure. However, undergraduate transfer applicants who earn an Associate’s degree from an accredited institution do not need to submit a high school transcript, GED, or the standardized test scores except when specifically requested to do so by the University.

A copy of the official transcript from each college or university that the transfer applicant attended must be sent directly to the Registrar’s Office from the Registrar(s) of the respective institution(s) of higher learning.

All students who intend to transfer to Liberty must be eligible for readmission at the last institution attended. The record is reviewed based on Liberty’s scholastic regulations. Any applicant whose GPA does not meet Liberty’s scholastic standards, even though the applicant may not have been placed on Academic Caution or Probation at the last school attended, may be denied or placed on Academic Caution or Probation.

TRANSFER OF CREDITS

Only courses and degrees from a regionally accredited institution or those nationally accredited by accrediting agencies recognized by the U.S. Department of Education (e.g., SACS, TRACS, ABHE, etc.) will be evaluated for transfer of credit. Applicants must request that official transcripts be sent directly from the Registrar(s) of the previous school(s) to the Registrar’s Office at Liberty University. These transcripts must be received before an admission decision will be made.

Credit will be accepted for those courses that are equivalent to courses offered at Liberty in which applicants have made a grade of C or better. Transcripts are evaluated by the Registrar’s Office under the guidelines established by the Senate Committee on Academic and Admissions Standards.

Undergraduate credit may be allowed for courses completed at military service schools if this credit is recommended in A Guide to the Evaluation of Educational Experiences in the Armed Services (ACE Guide). The work must also be applicable to the student’s program of study.

Internship credit is not transferable.

MILITARY EVALUATIONS

Liberty University will evaluate students’ prior military experience and develop a degree plan for each student to follow. Evaluations will be based solely upon the recommendations of the American Council of Education (ACE) guidebook, A Guide to the Evaluation of Educational Experiences in the Armed Services. Military applicants should send in military transcripts or documentation from their particular branch of service. If those documents are unavailable, applicants should submit a copy of their DD214, 2-1, 2A, or DD295 for evaluation.

ADMISSION NOTIFICATION

Once a file has been reviewed and evaluated, applicants will be notified as to their admission status. Notification of admission to the resident program at the University is indicative of student status and, therefore, charges are at the resident rate regardless of course delivery method (on-campus classroom, online, etc.). Following notification of acceptance, applicants will receive information relating to financial check-in, housing selection, and course registration.

CONFIRMATION DEPOSIT

New students who decide to attend Liberty University must pay a $250 Confirmation Deposit. This deposit secures any available institutional grants or scholarships; however, only completion of Financial Check-In ensures the availability of a housing assignment and class schedule. The $250 Confirmation Deposit may be paid online at www.libertyu.com or can be mailed with a completed Confirmation Form to: Liberty University Resident Admissions Office; 1971 University Blvd.; Lynchburg, Virginia 24502. This deposit will be credited to the student’s account as a deposit toward the upcoming semester.

Should the student decide not to attend, the University must be notified in writing with a Confirmation Deposit refund request by May 1 of each academic year for those who confirmed for fall term, and by December 1 for those who confirmed for spring term. After these deadlines, the $250 confirmation deposit is nonrefundable and non-transferable. The credit, however, may be deferred up to one academic year should the student be able to attend in a subsequent semester. Deposited students who change their intended entrance
year will be held to the refund deadlines and policies of the original intended entrance year. Students who are late in applying and/or who do not confirm until after the refund deadline are still subject to the same policy.

HEALTH RECORD
All accepted resident applicants who have submitted a deposit must also complete and submit an online Health Form through their Liberty ASIST account. This form does not need to be submitted prior to acceptance. Any accepted applicant who withholds pertinent health information may be required to withdraw from the University.

EARLY ADMISSION PROGRAM
The University will admit qualified high school seniors who have not yet graduated and who would like to complete their senior course requirements at the college level. If accepted, these applicants will be limited to a 13-hour course load per semester. These high school requirements must be completed within one academic year subsequent to enrollment at Liberty University. Students in this program are ineligible for federal financial aid until they have satisfactorily completed the high school requirement. Full-time Liberty University students may benefit from institutional aid, as qualified. The applicant must meet the following requirements:

1. Cumulative GPA of 3.50 or higher in grades 9–11;
2. A minimum combined score range (verbal and mathematics) of 900-930 on SAT I or a minimum composite score of 19 on the ACT;
3. Enrollment in a college preparatory track;
4. If homeschooled, submission of verification that the home education was carried out in compliance with applicable commonwealth or state laws;
5. Submission of an Early Admission Certification form; or, if homeschooled, submission of a letter of recommendation from the parent/teacher; and
6. Submission of a regular Liberty University application with all required support documentation.

The University Honors Program
Director, Honors Program
Associate Professor of English

If you participated in Gifted and Talented programs in high school or if you are academically talented and serious about your studies and seek to be appropriately challenged, you should consider the academic enrichment of our Honors Program along with its merit-based scholarships ($4,000).

The University Honors Program is designed to provide highly motivated students of above average ability the opportunity to achieve their highest intellectual and creative potential through a combination of homogenous honors seminars in general education course work and independent honors petitioned projects within the students’ major fields of study. Honors students also complete a Senior Honors Thesis as their capstone project during their last semester of college.

Qualified students may apply for admission to Liberty University and the Honors Program simultaneously, although application to the Honors Program must be made directly to that office. If admitted to the program, students must begin taking honors courses in their first semester at Liberty.

Criteria for applying to the Honors Program include the following:
1. Score at least 1270 on SAT (critical reading and math scores only) or 29 on the ACT;
2. Submit official high school or college transcripts indicating a GPA of at least 3.50 on an unweighted 4.00 scale;
3. Write an expository essay of four and one-half to five typed pages on the topic, “What I Hope to Gain from an Honors Program Education at Liberty University”;
4. Submit three letters of recommendation from present or former teachers;
5. Complete the Honors Vita and Honors application forms.

SPECIAL STUDENTS
Status 1 Special Students are early enrollment or dual enrollment students who do not have a high school diploma or equivalent. These students must show evidence of ability to complete the courses selected. They may become candidates for a degree after completing high school diploma requirements.

Status 2 Special Students are those students who are not interested in obtaining a degree; however, they are interested in taking one or more college level courses up to a maximum of 12 credit hours. Additional courses may be approved if the student has no intention of being a degree-seeking student. This decision is based off review by the Resident Admissions Office.

Applications are available at www.libertyu.com. Students deciding to enroll as degree seeking students in the future must complete a new application and fulfill all admissions requirements.

Students who have been Academically Dismissed from Liberty University are not eligible for Special Student status. Students who have completed 12 or more credit hours at their current level are not eligible for Special Student status. Financial Aid is unavailable under Special Student status.

AUDIT
Applicants not interested in becoming degree candidates and who want to audit classes must complete a special student application. Only lecture courses may be audited. Courses requiring labs or private instruction may not be audited.

READMISSION
Students who have withdrawn from the University or who have broken enrollment must apply for readmission through the Resident Admissions Office and pay the $40 Application Fee. Admission status is subject to the terms of any previous academic or disciplinary suspension or probation. Applicants must provide official transcripts from all educational institutions attended since enrollment at Liberty. Students must receive approval from the Registrar’s Office, Student Conduct and Student Accounts before an acceptance decision can be made.

Students applying for readmission who have been dismissed from the University must submit an application NOT LESS THAN 2 MONTHS PRIOR TO REGISTRATION since applicants must make an appeal to the Committee on Academic and Admissions Standards (CAAS).

ACADEMIC AMNESTY
Approval for readmissions and Academic Amnesty must be approved by the Committee on Academic and Admissions Standards (CAAS). In order to qualify for academic amnesty, a student must have been academically suspended or academically dismissed from the University, as well as must satisfy the subsequent guidelines for readmission.
1. Not enrolled at the University for a period of five (5) years.
2. Eligibility for readmission affirmed in writing to the Registrar’s Office by the following departments: (1) Student Accounts and (2) Student Affairs.
3. A student seeking readmission under academic amnesty must first appeal in writing to CAAS. Upon receiving a written request from the student, CAAS may approve readmission. The request must be stated clearly and contain: (1) the reason for the request, and (2) efforts made to improve during absence from Liberty. Corroboration may be requested of the student, i.e. transcripts from other institutions, certificates, awards, etc.

4. Only the allowable number of grade repeats that were remaining at the time of dismissal can be utilized.

5. Previously earned grades of “A”, “B”, and “C” will remain on the student’s record and will calculate into his or her GPA. As determined by CAAS, grades of “D” and “F” are revised to “Q”.

6. Students who have been granted Academic Amnesty are not eligible for graduation honors.

For readmission to the resident programs, an application for readmission and $40 application fee are required.

International Admission
Liberty University is authorized by the U.S. Department of Homeland Security to issue the SEVIS Form I-20 to eligible international students and their dependent family members. Any person who is not a citizen or Legal Permanent Resident of the United States and who desires to be admitted to the University and attend on campus must follow the procedure established by the Office of International Admissions. Applications for the fall semester should be submitted by April 1 and applications for the spring semester should be made by October 1.

Applicants whose native language is other than English must submit official scores for the Test of English as a Foreign Language (TOEFL) or an approved alternative assessment unless the student plans to enroll in the English Language Institute first. The University offers general admission to its undergraduate program of study to students who achieve a TOEFL score of 61 (IBT) or an equivalent score on the International English Language Testing System (IELTS) or the Pearson Test of English (PTE). Some particular programs of study may have higher English language proficiency requirements. Additional assessment following arrival on campus may determine the need for English as Second Language (ESOL) and other Developmental Courses (listed on page 15-16) before being admitted to the Freshman English series.

Applicants whose TOEFL, IELTS, or PTE score does not meet the minimum University requirement for undergraduate programs may be admitted to certain undergraduate degree programs conditional upon successful completion of Level IV of the English Language Institute. However, some undergraduate programs of study may have additional English proficiency requirements. Information regarding the TOEFL may be obtained from: TOEFL Services; The Education Testing Service; PO Box 6151; Princeton, New Jersey 08541 or online at www.toefl.org.

Unmarried students under the age of 21 are required to reside in housing provided by the University. Unmarried students who are 21 years of age or older may choose to reside off campus. It is strongly recommended that a minimum of one semester be spent in University housing to help international students adjust to the local area and culture. On-campus housing is not available for married students or those over the age of 29.

International students must be covered with an adequate health insurance policy each semester of enrollment. A mandatory student health insurance fee is added to the account of international students other than Canadian citizens each fall and spring semester.

It is the responsibility of all international students to remain enrolled in an adequate health insurance policy while studying at the University.

As part of the admission requirements, international students must document availability of adequate funds to pay for all University-related expenses for the regular nine-month academic schedule. Those who intend to remain during the summer must document additional funds (approximately $4,000 US) for living expenses.

English Language Institute (ELI)
Liberty University offers a four-level Academic English Program (AEP) designed to prepare students for undergraduate or graduate studies in an English-speaking institution. Students in Levels III and IV of the ELI may participate in the “bridge program” in which they enroll in undergraduate coursework while remaining in the ELI. For a full list of ELI courses available, please see the English Language Institute section of this Catalog.

Articulation Agreements
CENTRAL VIRGINIA COMMUNITY COLLEGE
Liberty welcomes and values transfer students from Central Virginia Community College (CVCC) who are appropriately prepared to pursue a baccalaureate degree. Provisions of this agreement apply to CVCC graduates who have earned an associate’s degree in the Accelerated General Studies Degree program.

THE VIRGINIA COMMUNITY COLLEGE SYSTEM
A guaranteed admissions agreement exists between the Virginia Community College System (VCCS) and Liberty University. For details, visit the Admissions web page at www.libertyu.com or www.liberty.edu.

EDWARD VIA VIRGINIA COLLEGE OF OSTEOPATHIC MEDICINE
Edward Via Virginia College of Osteopathic Medicine (VCOM) and Liberty University (LU) have agreed to cooperate in a program by which a Liberty student is offered early acceptance to VCOM following a distinct academic protocol and the demonstration of high academic achievement.

In addition, VCOM and LU have created a combined studies program where a student may attend LU for three years, gain admission to VCOM and then complete his or her baccalaureate degree with LU through credits earned in select VCOM courses.

VCOM has reserved seats in both programs for LU students who meet the program requirements.

VCOM offers the Doctor of Osteopathic Medicine (D.O.) degree, which is recognized in every state as the full practice of medicine. The D.O. philosophy includes the practice of medicine from the whole person approach, paying attention to the physical, spiritual, and mental needs of each patient, and partnering with the patient to prevent disease. VCOM trains a student to practice compassionate and altruistic medical care and its training programs include international and Appalachian medical missions. Visit www.vcom.vt.edu for additional information.

Details concerning each program that is a part of the articulation agreement are available from the Program Coordinator in the Department of Biology and Chemistry (434-582-2209) or MedicalCoordinator@liberty.edu.

Admission to Liberty University’s undergraduate program is governed by policies and procedures developed by the Senate Committee on Academic and Admission Standards.

The mission of Liberty University is to develop Christ-centered men and women with the values, knowledge, and skills essential to impact the world. We expect that our students understand and respect our mission and purpose while enrolled at Liberty University.

Prospective students are assessed according to academic background; personal moral behavior and character; personal philosophy; and willingness to follow Liberty’s rules, regulations, and policies. In the consideration process, the applicant’s complete prior academic record, recommendations, plans for the future, and personal information will be reviewed. Applicants meeting the required standards in these areas will be admitted to one of the academic terms at the University.

Applicants for admission will be considered without regard to race, color, gender, national or ethnic origin, religion, age, or disability.

The University reserves the right to refuse or revoke admission or readmission to any prospective student or returning student. Any applicant who intentionally withholds pertinent information or who falsifies information may be required to withdraw from Liberty.

The regulations listed herein are subject to change after the date of publication through established procedures. Liberty University reserves the right to make necessary changes without further notice.

TECHNOLOGY REQUIREMENTS
All Liberty University Online students are required to have access to an IBM compatible, high-speed computer with Internet and email service.

Application for Admission
ITEMS TO BE SUBMITTED
Applicants must submit the following items to the Office of Admissions in order to be considered as candidates for admission. A decision will not be made until all documentation has been received and evaluated.

Application for Admission

1. Application Fee (non-refundable, non-transferable)
Application fee will be posted on current application for the Liberty University Online programs upon enrollment or the student’s first semester.

2. Academic Records
Prior to acceptance, applicants must submit an official transcript (see below for details) from an accredited high school or an official transcript of the General Educational Development (GED) test scores. Applicants with prior college coursework must submit official transcripts from all colleges attended.

To be considered complete, a high school transcript must meet the following minimum requirements:

a. Preliminary transcript – must reflect all coursework and final grades received for grades 9-11, an overall grade point average (GPA), and must be signed by the school administrator.

b. Final transcript – must reflect all coursework and final grades received for grades 9-12, must list graduation date, an overall GPA, and must be signed by the school administrator.

c. Liberty University Online students should refer to www.luonline.com/index.cfm?PID=14327 for a detailed list of applicable admissions requirements.

The high school and GED requirements will be waived if the applicant earned an associate’s degree. In lieu of a final transcript, Liberty University will accept a preliminary transcript and a self-certification of successful completion of the represented high school program.

In addition, some high school and college transcripts may be waived if they are unobtainable due to circumstances as determined by the Office of Admissions.

Although the University does not require specific high school courses for admission, successful applicants usually have completed at least 4 years of English, 2–3 years of college preparatory mathematics, 2 years of laboratory science, 2 years of social science, 2 years of foreign language, and at least 4 units of elective credits in subjects such as art, music, or drama. This curriculum prepares one for the classroom expectations at Liberty University.

Liberty University’s minimum acceptable unweighted Grade Point Average (GPA) is 2.00 on a 4.00 scale. Applicants who fail to meet the minimum required GPA will be evaluated on other indicators of ability to perform satisfactorily at the college level and may be admitted on Caution or Probation status. All students accepted on Caution or Probation status should plan to
limit enrollment to 12 semester hours of coursework including: CLST 100, ENGL 100 and MATH 100, unless already taken.

3. Other Documentation

If the Admissions Committee determines that additional information is needed in order to make a determination on the applicant’s status, the applicant may be required to submit letters of recommendation or other relevant documentation such as a guidance counselor letter.

4. RN to BSN program

Students who are interested in the RN to BSN program, the following additional admissions documents are required:
- RN licensure in state of residence (copy of licensure document)
- Graduate of an NLN accredited nursing program leading to an associate degree or hospital diploma

5. B.S. in Aeronautics program

Students who are interested in the B.S. in Aeronautics program must also submit a copy of a valid commercial pilot’s license.

HOMESCHOOL APPLICANTS

Homeschooled applicants must submit the above requirements plus:

a. Verification that they have completed a secondary school education. This requirement may be satisfied by a statement signed by the parent or guardian, a home-education diploma, or a graduation date posted on the home education records.

b. Verification that the home education was carried out in compliance with applicable commonwealth or state laws. The form of this documentation will vary depending on the state statutes governing home education. The documentation may be a letter from the local school board or public school superintendent, a letter from an umbrella school, or a signed affidavit from the parent or guardian.

NOTE: The University recognizes that the academic records of home-educated students vary widely. However, records of academic work plus any evaluations or grades awarded by the parent or other evaluator must be included on the academic records to properly evaluate the applicant’s eligibility for college-work. See www.luonline.com/index.cfm?PID=20365 for a sample home school transcript. Do not submit portfolios, photocopies of awards, or photographs of school projects.

CONDITIONAL ENROLLMENT

Liberty University Online students may be allowed to register on a conditional basis based on the information on the application alone. Students who register on a conditional basis may enroll for up to 12 semester hours pending receipt of all official transcripts and standardized test scores. Students who have not submitted the required documentation by the completion of the first twelve hours will not be allowed to enroll in additional courses until the documentation is received and full acceptance is granted.

Conditional Enrollment is not a guarantee of full acceptance into a degree program. In addition, students are not allowed to use Federal Financial Aid under this classification.

Developmental Courses

Liberty University Online offers several developmental courses to students who need assistance with some of the basic skills required in order to be successful in college. Online students who fail to meet the minimum required GPA will be evaluated on other indicators of ability to perform satisfactorily at the college level.

All students accepted on Caution, Warning, or Probation status may be limited to 12 semester hours of coursework including: CLST 100, ENGL 100 and MATH 100, unless already taken.

1. CLST 100/Foundations for Academic Success. Designed to assist students in their academic adjustment from high school to college. It is part of a special program which includes a select group of first-time freshmen. Attention is given to goal-setting, organizing for study, time management, textbook mastery, reading comprehension and rate, listening, memory, note-taking motivation for study, test-taking, study strategies in other classes, and orientation to University services.

2. ENGL 100/Basic Composition. This course is available to students who do not have a strong back-ground in English grammar and basic composition.

3. MATH 100/Fundamentals of Mathematics. This course is offered to students who do not have strong math skills. The course is a review of arithmetic and elementary algebra.

ADMISSION NOTIFICATION

Applicants must submit all of the required documents to complete the admission file. When all documents have been received and evaluated, applicants will be notified as to whether they have been fully accepted. Following notification of acceptance, applicants will receive information relating to financial check-in and course registration.

ASSESSMENT TESTS

Liberty University Online offers English and Math placement tests for all new undergraduate students. These placement tests will be used to ensure that students are placed in the proper English and Math courses to help students be successful as they begin coursework at Liberty University Online.

TRANSFER STUDENTS

Transfer applicants must complete all of the forms that are listed for the initial application procedure.

A copy of the official transcript from each college or university that the transfer applicant attended must be sent directly to the Office of Admissions from the Registrar(s) of the respective institution(s) of higher learning.

All students who intend to transfer to Liberty must be eligible for readmission at the last institution attended. The record is reviewed based on Liberty’s scholastic regulations. If an applicant’s GPA does not meet Liberty’s scholastic standards, even though the applicant may not have been placed on Academic Warning or Probation at the last school attended, the applicant may be denied or placed on Academic Warning or Probation. Appeals may be granted, based on Liberty’s scholastic regulations.

TRANSFER OF CREDITS

Only courses and degrees from a regionally accredited institution or those nationally accredited by accrediting agencies recognized by the U.S. Department of Education (e.g., SACS, TRACS, ABHE, etc.) will be evaluated for transfer of credit. Applicants must request that official transcripts be sent directly from the Registrar(s) of the previous school(s) to the Registrar’s Office at Liberty University.

Credit will be accepted for those courses that are equivalent to courses offered at Liberty in which applicants have made a grade of C or better. Transcripts are evaluated by the Liberty University Online Office of Transfer Evaluations.

Credit for military training is awarded based on the recommendations provided by the American Council on Education,
in *A Guide to the Evaluation of Educational Experiences in the Armed Services* (ACE Guide). This includes credit for general military training and occupational specialty. The work must also be applicable to the student’s program of study.

A list of policies and transferable courses is provided at http://www.luonline.com/index.cfm?PID=14826.

**SERVICEMEMBERS OPPORTUNITY COLLEGES (SOC)**

Liberty University is a member of the Servicemembers Opportunity Colleges (SOC) Consortium and the SOC Degree Network System.

Servicemembers Opportunity Colleges (SOC), established in 1972, is a consortium of national higher education associations and more than 1,700 institutional members. SOC Consortium institutional members subscribe to principles and criteria to ensure that quality academic programs are available to servicemembers. A list of current SOC Consortium member institutions can be found on the SOC Website at http://www.soc.aascu.org/.

The University offers a SOC student agreement and military benefits to all active military personnel, veterans, Department of Defense employees, and military spouses who are enrolled in the Online program. These students are encouraged to apply for financial assistance through the military and Department of Veterans Affairs, such as Tuition Assistance and GI Bill.

**SOC Degree Network System**

The SOC Degree Network System (DNS) consists of a subset of SOC Consortium member institutions selected by the military Services to deliver specific Associate and Bachelor’s degree programs to servicemembers and their families. Institutional members of the SOC DNS agree to special requirements and obligations that provide military students, their spouses and college-age children with opportunities to complete college degrees without suffering loss of academic credit due to changes of duty station.

SOC operates the 2- and 4-year Degree Network System for the Army (SOCAD), Navy (SOCNAV), Marine Corps (SOCMAR), and Coast Guard (SOCCOAST). Refer to the *SOC Degree Network System-2* and -4 Handbooks to view Associate and Bachelor’s degree programs, location offerings, and college information. An electronic version of the Handbook is posted on the SOC Website http://www.soc.aascu.org on the SOCAD, SOCNAV, SOCMAR, and SOCCOAST home pages.

Each active duty service member and reservist will receive a copy of a SOC student agreement after acceptance to the University. Veterans and spouses may view their SOC student agreement through the Degree Completion Plan Audit portal.

**MILITARY EVALUATIONS**

The Liberty University Online Office of Transfer Evaluations will evaluate students’ prior military experience. Evaluations will be based solely upon the recommendations of the American Council of Education (ACE) guidebook, *A Guide to the Evaluation of Educational Experiences in the Armed Services*. Military applicants should send in military transcripts or documentation from their particular branch of service. If those documents are unavailable, applicants should submit a copy of their DD214, 2-1, 2A, or DD295 for evaluation.

Upon completion of the military evaluation, students may access their degree completion plan through the Degree Completion Plan Audit system. Liberty University Online military students will generally find that the Interdisciplinary Studies major maximizes the use of their existing credits.

**EMERGENCY RESPONSE PERSONNEL**

Liberty University Online offers a 25% tuition reduction for all emergency response personnel, including law enforcement, fire safety, civil air patrol, prison support and emergency personnel who have been employed in the field within the last 5 years.

**International Admission**

Applicants whose native language is other than English must submit official scores for the Test of English as a Foreign Language (TOEFL). If an International student is seeking admission into an undergraduate program and has attended an accredited U.S. high school, the TOEFL can be waived for admission. If an International student is seeking admission into an undergraduate program and has earned a high school diploma at an accredited high school outside of the U.S. in which all classes are taught in English, the TOEFL score can be waived for admission. (Proof must submitted in the form of an official statement from the school's Registrar's Office.) If an International student completes an undergraduate degree at an accredited university/college (full time status) outside of the U.S. in which all classes are taught in English, the TOEFL score can be waived for admission. (Proof must submitted in the form of an official statement from the school's Registrar's Office.) Students who have attended an American college/university for at least one year are not required to submit TOEFL scores. The University accepts into its undergraduate programs students who achieve a TOEFL score of 61 (IBT), 173 (CBT) or 500 (PBT). Additional assessment may determine the need for a developmental English course. Information regarding the TOEFL may be obtained from: TOEFL Services; The Education Testing Service; PO Box 6151; Princeton, New Jersey 08541 or online at http://www.toefl.org.

**SPECIAL STATUS STUDENTS**

Status 1 Special Students are early enrollment or dual enrollment students who do not have a high school diploma or equivalent. These students must show evidence of ability to complete the courses selected. They may become candidates for a degree after completing high school diploma requirements. Status 2 Special Students are those students who are not interested in obtaining a degree; however, they are interested in taking one or more college level courses up to a maximum of 12 credit hours. Additional courses may be approved if the student has no intention of being a degree-seeking student. This decision is based on review from the Office of Admissions.

Applications are available at www.luonline.com. Students deciding to enroll as degree seeking students in the future must complete a new application and fulfill all admissions requirements.

Students who have been Academically Dismissed from Liberty University are not eligible for Special Student status. Students who have completed 12 or more credit hours at their current level are not eligible for Special Student status. Financial Aid is not available under Special Student status.

**BREAK IN ENROLLMENT**

A break in enrollment occurs when a student is not actively taking a class each academic year. Students who break enrollment will be required to follow the degree requirements in effect at the time of re-entry to the University.

**READMission**

Students who have withdrawn from the University or who have broken enrollment must apply for re-admission through the Office of Admissions. Admission status is subject to the terms of any previous academic or disciplinary suspension or probation. Re-
applicants will be subject to the current Degree Completion Plan for the program of application. Applicants must provide official transcripts from all educational institutions attended since enrollment at Liberty. Students must receive approval from the Registrar’s Office, Student Conduct and Student Accounts before an acceptance decision can be made.

ACADEMIC AMNESTY
Approval for readmission under Academic Amnesty must be approved by the Office of the Provost. To qualify for academic amnesty, a student must have been academically suspended or academically dismissed from the University, as well as must satisfy the subsequent guidelines for readmission.

1. Not enrolled at the University for a period of five (5) years.
2. A student seeking readmission under academic amnesty must first appeal in writing to the Registrar’s Office. The request must be stated clearly and contain: (1) the reason for the request, and (2) efforts made to improve during absence from Liberty. Corroboration may be requested of the student, i.e. transcripts from other institutions, certificates, awards, etc.
3. The student’s appeal, supporting documentation and a recommendation from the Registrar’s Office will be presented to the Office of the Provost for a decision. If the appeal is approved, the student will be readmitted on the following provisions:
   a. Only the allowable number of grade repeats that were remaining at the time of Dismissal can be utilized.
   b. Previously earned grades of A, B, and C will remain on the student’s record and will calculate into his or her GPA. As determined by the CAAS, grades of D and F are revised to Q.
   c. Students who have been granted Academic Amnesty are not eligible for graduation honors.

PRIVACY OF STUDENT RECORDS:
FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)
Students attending, or who have attended, Liberty University are given certain rights under the Family Educational Rights and Privacy Act of 1974 as amended (20 U.S.C. 1232g) and Rules of the Department of Education (34 C.F.R. Part 99) implementing this Act.
Additional information and University policies regarding the protection of student records are published online at http://www.liberty.edu/ferpa.

ADDITIONAL INFORMATION
Additional information regarding the University’s academic and administrative policies and procedures can be found on the University Website at www.luonline.com or www.liberty.edu.
To determine the grade point average, (GPA) the quality points earned are divided by the semester hours attempted (quality hours). Only courses taken at Liberty are used in computing the GPA. Only grades of A, B, C, D, F, and FN are used in the calculation of the GPA.

**DEAN’S LIST**

Undergraduate students who earn 12 or more hours in the fall or spring semester with a GPA of 3.50 or above are placed on the Dean’s List. The Dean’s list is not awarded for the summer term.

**ADVISORS**

Freshmen and Sophomores will be assigned a Professional Advisor, based on their major, that will provide student support for questions concerning academic issues. Juniors and Seniors will meet with faculty, as needed, in the Academic Department that corresponds with their major. Both Professional Advisors and Faculty will students with reaching their spiritual, academic, and personal goals.

**ASSESSMENTS**

Assessments in math and English are available for all new resident students, both first-time college students and college transfer students. In addition, required assessments for all new students are given in information technology and information literacy. These assessments assist in placing students in the proper course level in these disciplines. Further, follow-up assessments are administered to assist the University in determining the effectiveness of the instruction in these core areas. A fee is charged for each assessment.

**TRANSFER OF CREDITS**

Only courses and degrees from a regionally accredited institution or those nationally accredited by accrediting agencies recognized by the U.S. Department of Education (e.g., SACS, TRACS, ABHE, etc.) will be evaluated for transfer of credit. Applicants must request that official transcripts be sent directly from the Registrar(s) of the previous school(s) to the Registrar’s Office at Liberty University. These transcripts must be received before an admission decision will be made.

Credit will be accepted for those courses that are undergraduate level in which applicants have made a grade of C or better. Transcripts are evaluated under the guidelines established by the Senate Committee on Academic and Admissions Standards. Internships, capstone courses, special topics, remedial courses, workshops, seminars, independent studies, and varsity courses are not transferable. Students may appeal their transfer evaluation with a course description and Transfer Inquiry Form.

At any point prior to degree conferral, students may petition to have courses that are listed as electives substitute for required courses by using the Course Substitution form.

**INTERNATIONAL TRANSFER CREDITS**

The evaluation of international transfer credit requires students to submit a translated official transcript in conjunction with course descriptions prior to the approval process.

International transfer credit is accepted only from an institution recognized by the government of the country in which the institution is located.

Foreign students are encouraged and sometimes required to use foreign credential evaluation services such as World Education Services (www.wes.org) to have their transcripts validated and evaluated before sending them to Liberty University. A credential evaluation service must be a member of the National Association
CREDIT BY EXAMINATION

Liberty University offers students the opportunity to be awarded academic credit toward their undergraduate degrees through testing. Credit may be earned through the Advanced Placement, CLEP, ICE, DSST, Excelsior and Aviation programs.

ADVANCED PLACEMENT (AP)

Students who receive a score of 3 or higher on the following College Board Advanced Placement examinations will be awarded academic credit toward an undergraduate degree. Credit will be awarded only in those areas applicable to the Liberty curriculum.

COLLEGE-LEVEL EXAMINATION PROGRAM (CLEP)

The College-Level Examination Program (CLEP), sponsored by The College Board, offers a unique opportunity to gain college credit for knowledge that a student has acquired. The program includes several tests covering a variety of subjects. Students who meet or exceed the Liberty University minimum score will receive the corresponding credit. A registration fee of $50 will be charged for each CLEP test attempted. An $80 CLEP administration fee will be charged on the day of the test. Testing is computer-based and administered in the Bruckner Learning Center, Testing Services.

CLEP tests cannot be taken after classes begin, during the student’s final semester.

INSTITUTIONAL CHALLENGE EXAMINATIONS (ICE)

To apply for credit by examination, students must submit the ICE Request form to the department of the University in which the course is offered. A registration fee of $50 will be charged for each ICE attempted. An $80 ICE administration fee will be charged on the day of the test. Such requests are subject to the following guidelines:

1. Requests must be submitted through the Bruckner Learning Center, Testing Services.
2. The minimum passing score for both upper and lower level undergraduate courses is 70%. An exception to this policy may occur if a professional, state, or national organization specifies a higher score for recognition.
3. A maximum of 30 hours of ICE credits will be accepted toward an undergraduate degree; the number of credits that may be applied toward each major may vary.
4. Students may not take the ICE if the course has previously been taken or is currently being taken.
5. ICE may be taken during the drop/add period.
6. ICE CANNOT be taken after classes begin, during the student’s final semester.
7. ICE credits may not be applied toward residency hours.

Only the following courses may be challenged:

- BIBL 105
- BIBL 110
- BIBL 450
- BIBL 497
- CHEM 107
- CSCI 110*
- CSCI 111*

*Must be taken in prerequisite order

DANTES SUBJECT STANDARDIZED TESTS (DSST)

Undergraduate college credit may be earned through the DANTES Subject Standardized Tests (DSST) program. The DSST program is administered by Educational Testing Services (ETS) in conjunction with DANTES. Examinations are available to both military personnel and civilians. A minimum score of 50 is required for Liberty University Online programs. Computer-based tests in the DANTES DSST program are administered in the Bruckner Learning Center, Testing Services. The Liberty University registration fee is $50. The DSST fee is $80.

AVIATION TESTING

The School of Aeronautics Testing Center serves as a Federal Aviation Administration’s official Federal Aviation Testing Site for the Airman and A&P Knowledge Tests. All test candidates, not just students in the Liberty University Aviation program, are eligible to use the FAA aviation computer-based testing center. For scheduling please call 434-582-2183.

EXPERIENTIAL LEARNING CREDIT

Credit may be granted to students who demonstrate that they have already acquired, through life experiences such as job training, non-college courses, etc., course knowledge required for the degree program in which they are enrolled. Credit will be limited to a maximum of 30 hours.

There are some portfolios/courses that will not be admitted, such as COMS courses, GOVT 200, internship courses, capstone courses, as well as other courses not approved by academic departments. Please note that admission of a portfolio does not guarantee that credit will be awarded.

Students must receive tentative approval from the Department Chair for each course for which they are seeking credit. A separate portfolio must be submitted for each course. An administrative fee of $100 will be charged for each portfolio submitted for assessment. (Liberty University Online students seek tentative approval from the Portfolio Coordinator at portfolio@liberty.edu).

Each portfolio must define learning in terms of college-level competencies for specific course credit. All documentation submitted in portfolios will remain in the student’s personal file at the University.

A 3-hour course (GEED 205) is required to assist students with the development of portfolios that demonstrate that the required knowledge has been attained. Liberty University Online Education students must take EDUC 205 which offers a portfolio option for teachers. Students may submit portfolios for experiential learning credit at any time prior to graduation. Credit earned through this process will not be counted toward the required minimum of 30 hours of credit that must be completed through Liberty University. Also, portfolio credit cannot exceed 50% of the major. Further information may be found on the Internet at http://www.luonline.com/portfolio.

MILITARY EVALUATIONS

Liberty University will evaluate students’ prior military experience and develop a degree plan for each student to follow. Evaluations will be based solely upon the recommendations of the American Council of Education (ACE) guidebook, Guide to the Evaluation of Educational Experiences in the Armed Services. Students will generally find that the Interdisciplinary Studies major offer through Liberty University Online maximizes the use of their existing credits.

COURSEWORK AT OTHER INSTITUTIONS

Prior to registering for any course at another institution, students must submit a Transient Approval form. The online form can be found on the registrar’s office webpage.

CREDIT FOR SEMINARS

As part of the “action-oriented” curriculum at Liberty, certain seminars and travel opportunities are offered for academic credit. Students who wish to obtain credit for such activities must receive prior approval from the Registrar.

DECLARATION OF UNDERGRADUATE MAJOR

Students may declare their major at any time prior to the completion of 60 semester hours. They must declare a major by the time they complete 60 semester hours of undergraduate credit. Declaration of a major does not imply acceptance into programs such as Athletic Training, Cinematic Arts, Individualized Studies, Interdisciplinary Studies, Nursing, or teacher licensure. Such programs have specific requirements before acceptance is granted.
A student’s computer competency must be demonstrated within the first 45 hours of a student’s program. Transfer students must complete this within their first year at Liberty.

Acceptance into a major does not constitute acceptance into the Teacher Licensure Program.

CHANGE OF MAJOR
All requests to change degree programs, majors, cognates and concentrations must be submitted in writing to the Center for Academic Support and Advising Services. Requests must be signed by the student in order to be processed. Major changes become effective for the semester following their submission.

DOUBLE MAJORS
Students who wish to complete a double major (BS/BS or BA/BA) or two separate undergraduate degrees (BA/BS or BA/BA or BS/BM) must meet with their professional advisor in CASAS to work out a completion plan.

Students must have 30 unique hours within the major core of the second major or degree. The foundational and investigative studies may be shared if they are the same. However, if any requirements are different, the student must fulfill the higher of the two requirements.

The requirements from one major can be used as electives for the second major, and vice versa. At least 50% of the course work for each major must be earned at Liberty University.

DEGREE COMPLETION PLANS
Once a student has declared his or her major through CASAS, a Degree Completion Plan (DCP) may be retrieved at www.liberty.edu/dcps. The student is required to follow the DCP for the academic year in which the declaration becomes effective.

Grades of D are not acceptable in upper-level (300-400) courses within the student’s major. For certain majors, a grade of D is not acceptable in upper- and lower-level courses within the major.

If a major includes directed electives or support courses, it is possible to use them to also meet a general education requirement or a minor requirement. Courses cannot fulfill both a major requirement and a general education requirement.

A student with an already completed bachelor’s degree must take an additional 30 hours or more in order to earn a second bachelor’s degree at Liberty, in conjunction with completing all requirements unique to that degree. The same rule applies to those students who have completed a degree at another accredited institution. Courses may transfer to Liberty from a completed undergraduate degree, but only courses that apply directly to the degree being pursued.

DEGREE COMPLETION PLAN (DCP) AUDIT
The Degree Completion Plan (DCP) Audit provides real-time advice and counsel, making it possible for students to track progress towards degree completion at their convenience. It also enables students to immediately see how their credits will apply towards a different degree program.

IMPORTANT INFORMATION REGARDING INTERNSHIPS AND CLINICAL PLACEMENTS
Students who are pursuing degrees leading to application for professional licensure or certification, and/or who will be participating in clinical placements, internships, or practica through their Liberty University program should be aware that their host facility may require a criminal background check, finger printing, or drug screening. In such situations, each student is responsible for obtaining and paying for the background check or other screening process and for delivering required documentation to the facility. Although the university will make reasonable efforts to place admitted students in field experiences and internship, it will be up to the host facility to determine whether a student will be allowed to work at that facility.

Students should further be aware that a criminal record may jeopardize licensure by the State certification body. Students seeking licensure are urged to contact the relevant licensing agency to determine the licensing requirements for the jurisdiction. Successful completion of a program of study at Liberty University does not guarantee licensure, certification, or employment in the relevant occupation.

MINORS
Students at Liberty University are not required to complete a minor. Those who wish to declare a minor, however, are encouraged to meet with their professional advisor to review the requirements for that minor. A minor on the student’s transcript indicates the completion of a block of courses that academic departments have specified as meeting the requirements of their minor.

Consequently, since the selection of a minor is not a graduation requirement for any major at Liberty, students may use courses required for any given major to also count toward a minor if such courses are required for the minor. Students must earn a “C” or higher in all upper level courses in their chosen minor. At least 50% of the course work must be earned at Liberty University.

Finally, students who are completing requirements for a Bachelor of Arts degree, that requires twelve hours of a language, may take one additional, approved course in the chosen language and declare a minor in that language.

SPECIAL STUDENT REGISTRATION
1. Prospective students must apply as a Special Student and receive confirmation of acceptance.
2. Special Students may not accumulate more than 12 credit hours under this status.
3. Special students will follow the same registration rules and procedures as degree-seeking students.
4. Students who have been Academically Dismissed are not eligible to return to Liberty under the Special Students category.

CLASS ATTENDANCE POLICY
For the good of the Liberty University student body, a consistent attendance policy is needed so that all students in all majors will understand the expectations of faculty in all their courses. In general, regular and punctual attendance in all classes is expected of all students. At times, students will miss classes. These absences will be identified as either excused or unexcused and will be handled per the policy below.

Excused Absences
- Excused absences include all Liberty University sponsored events, to include athletic competition or other provost-approved event.
- Absences due to medical illness that are accompanied by a doctor’s note will be excused.
- Absences due to family situations such as a death in the family or a severe medical condition will be excused
- Students will not be penalized for excused absences and will be permitted to make arrangements to complete missed work.

Unexcused Absences
- Classes that meet:
  o Three times per week will permit three unexcused absences per semester.
ACADEMIC INFORMATION AND POLICIES – RESIDENT PROGRAM

- Twice per week will permit two unexcused absences per semester.
- Once per week will permit one unexcused absence per semester.

- Questions regarding unexcused absences must be resolved by the student with the professor within one week of the absence. Students may appeal these decisions to the respective dean within one week.
- Extraordinary circumstances regarding excessive absences will be addressed by the student with the faculty member, department chair, and dean as required.
- Penalties for each unexcused absence over the permitted number per semester will be as follows:
  - 50 points for classes that meet 3 times per week
  - 75 points for classes that meet 2 times per week
  - 150 points for classes that meet once per week

- Students who are late for class 10 minutes or less are considered tardy but present for the class. If a student misses in-class work due to tardiness, the faculty member may choose not to allow the student to make up this work. Three class tardies will be counted as one unexcused absence.
- Students who are more than 10 minutes late for class are considered absent

CLASS CANCELLATION POLICY

From time to time it may be necessary to cancel a class because of insufficient enrollment or other extenuating circumstances. The decision for such a cancellation is ultimately that of the Provost of the University. Every effort will be made to provide notice of the cancellation at least two weeks prior to the first scheduled meeting of the class. The Registrar’s Office will advise the student of the cancellation and any other options including the possible rescheduling of the class. The University does not assume responsibility for any delay in the anticipated graduation date of individual students that might result from such class cancellations.

INDEPENDENT STUDY

Students may request to do an independent study project in a major field or related discipline. This option is limited to graduating seniors, students who have changed majors and have no other course of action, and students who may have approved extenuating circumstances. Permission for the independent study will be granted only upon approval by the Department Chair, the Dean of the School, and the Registrar. Forms are available on the Registrar’s Office and on the Registrar’s webpage.

COURSE AUDITS

Students who wish to audit a residential course may do so for a fee (see Expenses and Financial Policy section). Audit fees are not covered in block-tuition billing, and audited courses will not be used to determine full- or part-time status. Auditors will not be expected to take quizzes or examinations. A grade of AU will be recorded on the auditor’s permanent record.

Course audits may not be added via ASIST, but must be requested in person at the registrar’s office. Requests to audit a course will only be accepted during add/drop week (or the week before the start of a summer term for summer courses). Audit requests will be processed and added on the last day of the add/drop period, pending seat availability. A student wishing to change from credit to audit status for a course may only do so until the last day of the add/drop period. Requests to change to or from audit status after the add/drop period will be denied.

Lecture-only courses may be audited. Courses considered lecture/lab, labs, private instruction, etc. may not be audited. Audited courses will not count toward graduation requirements.

COURSE SUBSTITUTIONS

1. A Course Substitution Form may be used when a student wishes to substitute course for a required Liberty course when there is a clear relationship between the two courses. In this instance, the signature of the chairperson presiding over the department in which the required course is housed will be needed.
2. This form may also be used when a chairperson approves a complete replacement for a Liberty course requirement within the major or minor for which he/she is responsible. In this instance, the signature of the chairperson of the student’s major or minor will be needed.
3. Course substitutions within the General Education core (associate and bachelor’s degree programs) must be approved by the Dean of the College of General Studies.
4. Students desiring to use another course in place of a required course must complete a “Course Substitution Request” form and submit it to the Registrar’s Office with all required signatures.
5. The approval of the substitution will apply toward the degree requirement(s), but does not change the course number on the student’s transcript. A lower-level course which may substitute for an upper-level requirement does not count in the total number of upper-level hours taken.

DROPPING/ADDING/WITHDRAWING FROM COURSES

Changes are discouraged after a student and advisor have arranged the student’s schedule for the semester.

Resident students desiring to take an online course must enroll in the course during the prescribed Liberty University Online registration period. A cumulative GPA of 2.00 or higher is needed before a residential student may register for an online course.

Resident students taking online courses will be charged resident tuition.

A Fall/Spring course may be dropped without a grade, tuition, and fee charges within the first five days of the semester. From the sixth day until around the 10th week of class (see academic calendar for exact date), a Fall/Spring course may be withdrawn with a grade of W. The student will be responsible for the tuition and fees for the course. All course withdrawals after the 5th day will be recorded as W. W grades are not used in calculating a GPA. Course withdrawals with grades of W are used in determining a student’s academic load for the semester, upon which tuition charges are based.

No course can be added after the first week of classes without signed approval from the course instructor and the Registrar’s Office.

Exceptions to these deadlines may be granted by the Registrar in unusual circumstances, such as extreme illness or other circumstances beyond the student’s control.

No course is considered officially added or dropped until the add/drop form is submitted to the Registrar’s Office and processed. This form may require the written approval of the instructor of the course.

NOTE:
- A student may not withdraw or drop MENT 100 and CLST 101, 102, 103 or 105 without permission of the Director of the Bruckner Learning Center.
• A student may not withdraw from BWVW 101 or BWVW 102 without the permission of the Christian/Community Service Office.

A 1-2 week intensive course may be dropped without a grade or tuition charges through the first day of that class up to 4 p.m. A 1-2 week intensive course may be dropped with a grade of W from the second day of class through noon on the last day of that class. The student will be responsible to pay the tuition and fees for the course.

A summer school course (3-8 week) may be dropped without a grade or tuition charges through the third day of class until 4:00 pm. The student is responsible for tuition and fees after this deadline. A summer school course (3-8 week) may be dropped with a grade of “W” by 4:00 pm on the fourteenth business day after the first day of class.

REMEMBER: Any change in status (i.e., from full-time to part-time, etc.) may cause the reduction or cancellation of your financial aid award. In other words, your out-of-pocket expenses may increase.

WITHDRAWAL FROM LIBERTY

Students withdrawing from the University during the semester must meet with a representative from the Student Advocate Office for exit counseling. As a part of this process, the student must also meet with a representative from the Financial Aid Office and the Student Accounts Office (if there is an outstanding balance on the student’s account), and will be required to submit a signed statement of withdrawal. The student’s official withdrawal date is the date they begin the withdrawal process by notifying a representative from the Student Advocate Office of his/her intent to withdraw.

Students withdrawing before the semester begins must only contact the Student Advocate Office in order to initiate the withdrawal process.

Any student who withdraws from the University during the first eight weeks of classes will receive a tuition refund. (See Expenses and Financial Policy Information: Withdrawals section). This is in effect even if the student drops classes in such a way as to go below full-time status during add/drop week.

If a student withdraws from all classes in a term, the student has officially withdrawn from the University. Financial Aid Recipients are subject to the Title IV withdrawal calculation.

Students receiving all grades of FN will be considered to have unofficially withdrawn from Liberty. The withdrawal date will be determined by the Registrar’s Office and will be based upon University information indicating the student’s last date of attendance in class. Students with Federal grants and/or Federal loans will be subject to the Title IV withdrawal calculation. The Title IV withdrawal calculation will result in the reduction and/or cancellation of all Financial Aid. Consideration will be given to students withdrawing due to circumstances beyond their control. The Registrar’s Office will determine the official withdrawal date based upon the extenuating circumstances.

An expulsion resulting from violation of the disciplinary system will result in an administrative withdrawal. A grade of W will be recorded in all courses for which the individual is officially registered.

A $50 fee will be charged for the processing of an official, unofficial, or administrative withdrawal. This fee will be deducted from any refund due on the student’s account or he/she will be responsible for payment of this fee.

Anyone who withdraws from the University is considered to be breaking enrollment. Students who break enrollment must apply for readmission and will be subject to the requirements of the catalog and degree requirements in effect at the time of his or her readmission.

A student may not withdraw after finals begin or final exam/paper has been submitted.

UNDERGRADUATE REPEAT POLICY

The Liberty University Undergraduate Repeat Policy is designed to assist undergraduate students in raising their cumulative grade point average by repeating courses in which they previously performed unsatisfactorily and by removing the previous grade from the GPA calculation.

Undergraduate students are subject to the following conditions:

1. When an undergraduate course is successfully repeated*, the Undergraduate Repeat Policy will automatically be applied, all earned grades will remain visible on the student’s permanent record, and the most recent grade earned will be the only grade to count toward the student’s GPA. The registrar’s office will automatically apply the Undergraduate Repeat Policy at the end of each semester, including the summer semester, to all eligible courses.

2. On the student’s transcript, the letter “E” will follow the previous earned grade(s) to indicate that the grade has been “excluded” from the GPA. The letter “I” will follow the most recent grade to indicate that the grade has been “included” in the student’s GPA. The grades which have been excluded from the GPA calculation will not count toward GPA hours or hours earned, but will remain on the student’s record as attempted hours. Consultation by the student with the Financial Aid office may be needed to determine how the Repeat Policy will affect the student’s Satisfactory Academic Progress.

3. There is no limit on the number of different courses or retakes in which the Undergraduate Repeat Policy may be applied. However, there may be a limited number of times that Federal Financial Aid will pay for a course taken and passed (grade of “D” or higher). It would be wise to consult with a Financial Aid counselor if there are any questions about this.

4. The Undergraduate Repeat Policy will only be used on Liberty University courses that have been repeated at Liberty University. No transfer credit or credit earned though institutional or standardized testing may be used in the Undergraduate Repeat Policy.

5. The Undergraduate Repeat Policy will only be applied when the same course number/title is retaken, unless there’s been a university approved course number/title change and the department confirms that the courses are the same. Course replacements/substitutions are not eligible for the Undergraduate Repeat Policy.

6. Undergraduate courses in which a grade of B, C, D, F, or FN was awarded are eligible for the Undergraduate Repeat Policy. Courses which are NOT eligible for the Undergraduate Repeat Policy are: pass/fail courses, zero-credit courses, CSERs, and courses with grades of AU (audit), I, M, Q, R, W, WF, X, and Z, or those courses failed due to academic dishonesty. Also, courses that are designed as repeatable courses within certain majors will not have the Undergraduate Repeat Policy applied automatically.

7. Activation of the Undergraduate Repeat Policy for a prior semester will not affect the academic standing or
Academic standing or dean’s list in a prior semester can only be changed as a result of an approved grade change.

8. Once a student has graduated, the Undergraduate Repeat Policy may not be used on a course taken prior to graduation to enhance the cumulative GPA which was recorded at the time of degree conferral. The repeat of a class after graduation could, however, be used to enhance the student's overall undergraduate GPA at Liberty.

*Final grade has been earned and posted
*Including sub-terms

Scholastic Regulations

Warning/Probation/Suspension/Dismissal

Students must maintain satisfactory academic standing in order to remain at Liberty. Satisfactory academic standing for students enrolled in bachelor’s programs is:

<table>
<thead>
<tr>
<th>Minimum GPA</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Level 1 (0–23.99 hours)</td>
<td>1.50</td>
</tr>
<tr>
<td>Level 2 (24–47.99 hours)</td>
<td>1.65</td>
</tr>
<tr>
<td>Level 3 (48–71.99 hours)</td>
<td>1.85</td>
</tr>
<tr>
<td>Level 4 (72 or more hours)</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Academic Standing is calculated only at the end of each fall and spring semester. At the end of each fall and spring semester, students on Academic Warning, Probation, Suspension, and Dismissal will be sent a notification by the Registrar’s Office.

Any University organization that has students who represent Liberty University in activities that involve student traveling (exclusive of one-time missions exposure trips) must first provide a list of students on the team to the Registrar to verify if the students are in good academic standing. Students who are not in good academic standing are prohibited from traveling.

Academic Warning

Students failing to attain and maintain the minimum GPA required are placed on Academic Warning. During the next semester, undergraduate students are limited to a 13-semester-hour course load and are required to take CLST 101, 102, 103 or 105, and may not represent the University on any team without approval from the appropriate committee. A student may not drop or withdraw from the course without permission from the Director of the Bruckner Learning Center.

Academic Probation

At the end of the semester on Academic Warning, students who fail to raise the GPA to the required academic level (see above) are placed on Academic Probation. These students are required to sign an academic plan from CASAS indicating the grades necessary to remove the Academic Suspension status. During the next semester of attendance, undergraduate students are limited to a 13-semester-hour course load, are required to take CLST 101, 102, 103 or 105, and may not represent the University on any team without approval from the appropriate committee. A student may not drop or withdraw from the course without permission from the Director of the Bruckner Learning Center.

Academic Suspension

At the end of the semester on Academic Probation, students who fail to raise the GPA to the required academic level (see above) are placed on Academic Suspension. Students who desire to return to Liberty in the future must appeal to the Registrar’s Office in writing. If approved to return, the Registrar/CASAS will determine a plan that will prepare students for a successful re-entry to Liberty. These students are required to sign an academic plan from CASAS indicating the grades necessary to remove the Academic Suspension status. During the next semester of attendance, undergraduate students are limited to a 13-semester-hour course load, are required to take CLST 101, 102, 103 or 105, and may not represent the University on any team without approval from the appropriate committee. A student may not drop or withdraw from the course without permission from the Director of the Bruckner Learning Center. Students should not expect automatic readmission after serving a period of Suspension.

Students who are enrolled for 12 or more hours and fail all courses will be Academically Suspended.

Academic Dismissal

Students who are readmitted to Liberty after serving a period of suspension and who fail to raise the GPA to the required academic level (see above) by the end of the semester will be Academically Dismissed and will not be allowed to return to Liberty unless qualifying for Academic Amnesty.

ACADEMIC AMNESTY

Students academically suspended or dismissed from the university must satisfy the subsequent guidelines for readmission under academic amnesty:

1. Not enrolled at the University for a period of 5 years.
2. Eligibility for readmission affirmed in writing to the Registrar’s Office by the following departments: (1) Student Accounts and (2) Student Affairs.
3. Upon receiving a written appeal from the student, the Senate Committee on Academic and Admissions Standards (CAAS) MAY approve readmission. Said request must be stated clearly and contain (1) a reason for request, (2) efforts made to improve during absence from Liberty. Such corroboration as may be deemed necessary may be requested of the student, i.e., transcripts from other institutions, etc.
4. Grades of A, B, and C will remain on the student’s record and will calculate into the GPA.
5. As determined by the CAAS Committee, grades of D and F are revised to Q.
6. Students who have been granted Academic Amnesty are not eligible for graduation honors.

Academic Code of Honor

I. PREAMBLE

Liberty University students, faculty, administrators, and staff together form a Christian community based upon the values and goals of the Bible. These are defined in our foundational statements, including our Doctrinal Statement, our Philosophy of Education and Mission Statement, the Statement of Professional Ethics for the Faculty, and our Student Code. Together, these statements situate Liberty University within the long tradition of university culture, which in its beginnings was distinctively Christian, designed to preserve and advance truth.

Anyone, whether Christian or non-Christian, who shares our values and goals, is both welcome and valued in our community. We want all students to feel comfortable in our community of learning, and we extend to all of our students our spiritual and academic resources, with the goal of fostering spiritual growth, character development, and academic maturity.

Communities are based upon shared values and practices. This Code of Honor, an expression of the values inherent in our Doctrinal Statement, defines the rules and principles by which our community functions. At the core of this Code are two key concepts: a belief in the dignity of all persons and an insistence on the existence of objective truth.
While we understand that everyone will not agree with the statements that follow, we do expect that our students respect and uphold these standards while enrolled at Liberty University. Abiding by the principles and behaviors established in this Code of Honor makes possible the success of our students and the strengthening of the Liberty community.

II. ACADEMIC HONOR CODE
   A. ACADEMIC MISCONDUCT
      Academic misconduct includes, but is not limited to plagiarism, cheating and falsification.
      1. Plagiarism
         Plagiarism is the intentional failure to give sufficient attribution to the words, ideas, or data of others that the student has incorporated into his/her work for the purpose of misleading the reader. In some cases, a student may be careless and fail to give credit to the words, ideas or data of others. In such situations, plagiarism has still occurred, but the professor may choose a sanction as deemed appropriate. In order to avoid plagiarism, students must conscientiously provide sufficient attribution. Attribution is sufficient if it adequately informs and, therefore, does not materially mislead a reasonable reader as to the true source of the words, ideas, or data. Students who have any doubt as to whether they have provided sufficient attribution have the responsibility to obtain guidance from their professor or other person to whom they are submitting their work.
         Plagiarism in papers, projects or any assignment prepared for a class shall include the following:
         • Omitting quotation marks or other conventional markings around material quoted from any printed source (including digital material)
         • Directly quoting or paraphrasing a specific passage from a specific source without properly referencing the source
         • Replicating another person’s work or parts thereof and then submitting it as an original
         • Purchasing a paper (or parts of a paper) and representing it as one’s own work
      2. Cheating
         Cheating is a form of dishonesty in which a student gives the appearance of a level of knowledge or skill that the student has not obtained, provides unauthorized aid, or wrongly takes advantage of another’s work. Examples include, but are not limited to:
         • Copying from another person’s work on an examination or an assignment
         • Allowing another student to copy any portion of one’s work on an examination or an assignment
         • Using unauthorized materials or giving or receiving any other unauthorized assistance on an examination or an assignment
         • Taking an examination or completing an assignment for another, or permitting another to take an examination or to complete an assignment for the student.
         • Reusing a paper from a previous course
         • Paying another student to complete a course, an individual assignment or exam
      3. Falsification
         Falsification is a form of dishonesty in which a student misrepresents the truth, invents facts, or distorts the origin or content of information used as authority. Examples include, but are not limited to:
         • Dishonestly answering or providing information in the application process
         • Citing a source that is known not to exist
         • Attributing to a source ideas and information that are not included in the source
         • Falsely citing a source in support of a thought or idea when it is known not to support the thought or idea
         • Citing a source in a bibliography when the source was neither cited in the body of the paper nor consulted
         • Intentionally distorting the meaning or applicability of data
         • Inventing data or statistical results to support conclusions.

   B. PROCEDURES FOR THE INVESTIGATION, ADJUDICATION, AND LEVELING OF SANCTIONS FOR THE VIOLATIONS OF THE ACADEMIC CODE OF HONOR
      1. Processing Allegations
         When an alleged violation of the Academic Code of Honor has been reported to the instructor or administration, the instructor will confront the student within ten business days of the discovery of the infraction. The instructor may issue an oral (or written) reprimand, send written notification to the Department Chair or Program Director, reduce a grade, adjust credit on an assignment and/or require additional work. The instructor may determine that a failing grade for the course is the appropriate sanction. In any event, the instructor will inform the student of the decision.
         The reporting procedure is as follows:
         a. The instructor will write a report outlining the violation.
         b. The report will be provided to the student and the Department Chair or Program Director along with the sanctions recommended.
         c. If blatant academic dishonesty occurs in a clear and convincing manner, the student may receive a grade of F for the course in which the academic misconduct occurred.
         d. Students receiving a grade of F for academic dishonesty on a particular assignment will be notified by the professor of the course in an appropriate manner, including but not limited to returning the assignment with comments, email, letter, telephone call, and/or a personal meeting.
         e. If warranted, the results of academic honesty review may be forwarded to the Office of Student Affairs for any other disciplinary action that may be appropriate.
         f. If non-blatant academic misconduct (such as inadvertent plagiarism) occurs in a course, the professor will contact the student and conduct such further investigation as needed. If the professor determines that a sanction is called for, the professor may issue an oral reprimand, send written notification to the Department Chair or Program Director of the School in which the course resides, reduce a grade, adjust credit and/or require additional work.
g. When a student receives a course grade of F for academic dishonesty, the professor may report the reason for the F to the Registrar and request that it be recorded as an F grade. This F grade will appear on the student’s transcript.

h. The student, upon receipt of the results of the academic honesty review, will have five business days to appeal the decision to the professor and the Department Chair or Program Director.

2. Sanctions

If the professor determines that a sanction is called for, the professor may issue an oral or written reprimand, adjust credit and/or require additional work. The professor also maintains the right to assign the grade of F for the course if the investigation determines that it is the appropriate sanction. In this instance, the Registrar will record the F, which will appear on the student’s transcript. The repeat policy may not be applied to this grade.

If the student is found guilty of academic dishonesty (either blatant or non-blatant) in any subsequent course where a grade of F for academic dishonesty is posted, he or she will be dismissed from the University.

In determining the sanction to be imposed, the following will be considered: the student’s intent to violate the Code of Honor, the degree of carelessness, the gravity of the offense and the student’s overall conduct while enrolled at Liberty University. Student Affairs and Registrar may be consulted during this process.

In cases of proven academic misconduct in a particular course, the Department Chair or Program Director will usually defer to the course professor’s recommendation. In some cases, however, where the Department Chair or Program Director perceives a clear conflict of interest or faulty judgment on the part of the faculty member, or where the sanctions suggested by the professor are demonstrably inconsistent with those that resulted from other similar instances of academic misconduct, the Department Chair or Program Director reserve the right to adjust the sanction(s) as appropriate.

A written copy of the decision shall be mailed or e-mailed to the student.

Please Note: All cases of alleged academic dishonesty will be resolved with the utmost concern for strict confidentiality by those individuals involved in the proceedings. Information about the case will be provided only to those with a need to know in order to perform their job duties.

3. Appeal Procedure

In cases where an allegation of any Academic Code of Honor violation occurs and the student does not admit guilt, he/she may pursue the process below. The student will be given an opportunity to provide written evidence in opposition to the charge. Persons who threaten or conduct other acts of retaliation against those individuals who acted in good faith (i.e., honestly and with intentions of being fair) in reporting (even if mistakenly) alleged instances of academic dishonesty will be subject to disciplinary action, including possible suspension or expulsion from Liberty. Any report of alleged academic dishonesty not made in good faith will also be subject to disciplinary action.

Examples of retaliation include, but are not limited to:

- Circumventing the appeal procedure and going directly to a university administrator such as the Dean, the Provost or the Chancellor
- Threatening a faculty member or student
- Harassment
- Verbal or physical abuse
- Verbal or written disrespect to a faculty or staff member (this includes e-mails)
- Offensive or crude language directed at individuals
- Falsely accusing someone of committing academic dishonesty.

A complete overview of the appeal process follows:

1. Within five business days of the notification of an alleged violation, the student may submit a written appeal to the Department Chair or Program Director. The Department Chair or Program Director will review the instructor's report and the student's written appeal, then notify the instructor and the student of his/her decision.

2. Both the student and any Liberty University personnel involved in or affected by the Academic Code of Honor violation will have the right to present their views to the Department Chair or Program Director before any decision is rendered.

3. If the student produces additional support for his/her appeal, the student will be given an opportunity to provide oral evidence in person and written evidence in opposition to the charge.

4. The Department Chair or Program Director will determine whether the student may continue in the class pending the outcome of the appeal.

5. Once informed by the Department Chair or Program Director of the decision, the student may further appeal to the Dean of the appropriate school for review.

6. Once informed by the Dean of the decision, the student may further appeal to the Faculty Senate Committee on Academic & Admissions Standards (CAAS) for further review.

7. In determining whether any violation has occurred, the Committee will apply a “clear and convincing” evidence standard. In some cases, Student Affairs or another University representative may join in the deliberations of the Committee as a non-voting member for the purpose of providing any background information that may be pertinent to the case.

8. If deemed appropriate by the Committee or if requested by the student, the student only may be present in person at the meeting of the Committee where the review will be made.

9. The student will not be permitted to be present after the Committee has received all evidence and begun its deliberation toward a decision.

10. The Committee will inform the Dean of its decision regarding the appeal. The decision of the CAAS in regard to the occurrence of academic dishonesty is final.

11. The student will be informed of the decision of the Committee by the Dean of the appropriate school in
writing or by e-mail within ten academic days of the meeting.
12. Should no violation be found, the Committee's report indicating such will be forwarded to the Department Chair or Program Director and faculty member. A report of all findings (either in favor of or against the student) will be sent to the Student Affairs and Registrar’s office. The findings will be kept in the student’s official record.
13. In cases that do not require a grade of F for Academic Dishonesty, but may require a failed assignment, failure in the course or reduced grade, the professor reserves the right not to report the violation to Student Affairs’ or Registrar’s office.

C. REINSTATEMENT
Upon receiving two or more grades of F for academic dishonesty, the student will be dismissed for violation of the Code of Honor. Following dismissal, the student may not be considered for readmission for a minimum of five years. Readmission to the University will follow the academic amnesty policy described in the Academic Catalog. The Dean of the School has the right to refuse readmission of the student to the same degree program from which he or she was dismissed for academic dishonesty.

INCOMPLETES
Students who are unable to complete coursework by the last day of class due to unavoidable circumstances such as personal illness/injury or family emergencies may appeal to their instructor for a temporary course grade of “I” (Incomplete). The authority for the decision to grant an incomplete completely lies with the instructor. Denial of the request for an incomplete may include, but is not limited to, the student’s inability to earn a passing grade with completion of the remaining requirements, as well as an insufficient reason for the request. Students must initiate the request for an incomplete directly to the instructor by the last day of class (before the final exam period for residential classes).

The instructor will establish a new deadline for the completion of the remaining coursework, based on the circumstances. The instructor may grant up to two weeks beyond the last day of the term (or sub-term for Liberty University Online courses) for non-medical circumstances and up to four weeks beyond the last day of the term (or sub-term for Liberty University Online courses) for personal medical circumstances.

For extreme personal medical circumstances, a maximum of eight weeks for Liberty University Online courses and 16 weeks for residential courses may be given as long as sufficient medical documentation (from a medical professional) is presented along with the request. However, while the decision to grant an extended incomplete remains with the instructor, the request and medical documentation needs to be submitted to the registrar’s office. The instructor will be responsible to communicate the remaining requirements, as well as the extended deadline, to the student.

The instructor will post a final grade within two weeks from the deadline established for the incomplete. If a final grade is not posted within two weeks of the deadline, a grade of “F” will be posted by the registrar’s office. A grade of “I” may not be changed to a withdrawal.

The GPA is unaffected by the incomplete until a final grade is posted after the deadline. However, grades of “I” will count as hours attempted and not completed, and will negatively affect a student’s Satisfactory Academic Progress (SAP).

GRADING POLICIES AND PROCEDURES
Liberty University Faculty members, both residential and online, must submit final grades for all students to the Registrar at the end of each term. Faculty teaching online courses should have grades submitted to the Registrar on or before the second Wednesday after the course ends. Faculty teaching residential courses should have grades submitted to the Registrar one week after the end of each semester. Liberty University Faculty members, both residential and online, are urged to promptly complete and submit final course grades. Confidentiality of student grades falls under the Family Educational Rights and Privacy Act (FERPA) of 1974. Please see the FERPA section and policies for more information.

Grading Scales: Liberty University incorporates a standardized 1,000 point system across all undergraduate and graduate programs. The undergraduate utilizes a 100 point scale to differentiate between letter grades, while the graduate programs utilize three distinct scales: 80, 70 and 60 point scales to differentiate between letter grades. Each academic department determines the scale used within the department. The grading scale for each course will be posted within the syllabus for each course. Students are encouraged to review the syllabus for each course individually to verify the grade scale.

RECORDING OF GRADES
All grades will be recorded in the Registrar’s Office as reported by the instructors in charge of the various courses. Requests for grade changes may be submitted in writing only by the instructor.

Any extra credit assignments that are a part of the instructor’s syllabus must be completed prior to the final exam for the course. A student may not submit assignments for extra credit after the semester has ended and a final exam has been given.

GRADE APPEAL PROCESS
The appeal process for believed errors on grade reports is as follows:

1. The appeal of the grade must be initiated within 30 days from the beginning of the subsequent semester. The student must submit a written rationale to the instructor. The instructor must respond in writing within 10 days of the receipt of the written appeal.
2. If the student is not satisfied with the written response, the student must appeal in writing to the Department Chair within 10 days of the written response. The Department Chair must provide a written response within 10 days of the receipt of the written appeal.
3. If the student is not satisfied with the response of the Department Chair, the student must provide a written appeal within 10 days of the response to the Dean of the College/School. The Dean of the College/School must respond in writing within 10 days of the receipt of the written appeal.
4. If the student is not satisfied with the response of the Dean, the student must appeal in writing within 10 days to the Senate Committee on Academic and Admission
Standards (CAAS). Contact with the committee chair may be initiated by emailing the Registrar’s Office. The CAAS will follow the prescribed procedure of the Committee for the appeal of a grade. The recommendation of the Committee will be forwarded in writing, along with all previous documentation, to the Provost/Senior VPAA. The decision of the Provost/Senior VPAA is considered final.

ACADEMIC TRANSCRIPTS
Official transcripts are made only at the written, signed request of the student concerned. No transcript will be issued for anyone who has failed to meet all financial obligations to the University. Requests for transcripts are to be made directly to the Registrar’s Office. There is a $10.00 fee for one transcript. Additional transcript requests made at the same time are $1.00 each.

FERPA – PRIVACY OF STUDENT RECORDS: FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT
Students attending, or who have attended, Liberty University are given certain rights under the Family Educational Rights and Privacy Act of 1974 as amended (20 U.S.C. 1232g) and Rules of the Department of Education (34 C.F.R. Part 99) implementing this Act.

Additional information and University policies regarding the protection of student records are published online at http://www.liberty.edu/ferpa.

GRADUATION HONORS
Honors for graduation will be determined by the cumulative grade point average earned at Liberty. Bachelor’s degree students who have earned 60 or more hours at Liberty must meet the following GPA standards to earn the corresponding academic distinction:

- 3.50 – 3.66 cum laude
- 3.67 – 3.84 magna cum laude
- 3.85 and above summa cum laude

Those who have earned less than 60 hours at Liberty must meet the following GPA standards:

- 3.60 – 3.76 cum laude
- 3.77 – 3.94 magna cum laude
- 3.95 and above summa cum laude

The specific honor calculated on or around April 1 of the student’s graduation year will be printed in the Commencement program, and the student will wear that particular honor cord. The final cumulative GPA will be determined after all grades have been recorded and that final cumulative GPA will determine the specific honor that will be printed on the diploma and transcript.

Associate degree students who have a 3.50 cumulative GPA will receive honors at Commencement. The specific honor calculated on or around April 1 of the student’s graduation year will be printed in the Commencement program, and the student will wear that particular honor cord. The student’s graduation year will be printed in the Commencement transcript and any approved exceptions to the program which may have been placed in the file.

Students graduating in the honors program wear a gold medallion during commencement.

To receive the distinction of graduating with honors in the University Honors Program, a student must meet the following requirements, in addition to those mentioned above:

1. Must enroll in HONR 495 and complete a 25-page senior honors thesis in the student’s major field of study.

GRADUATION REQUIREMENTS
All undergraduate residential students must meet these requirements for graduation.

1. Undergraduate students must have all courses in the General Education core and in the declared major and minor completed before being considered candidates for graduation.

2. The bachelor’s degree requires a minimum of 120 semester hours. However, certain majors require more than 120 hours. Of these total hours, a specified number of upper-level (300-400) courses must be completed with the minimum number being 30 semester hours. Each program differs; therefore, the student must follow the degree requirements carefully. The Associate degrees require a minimum of 60 semester hours. However, many majors require more than 60 hours.

3. All Christian/Community Service requirements must be satisfied before a degree will be awarded.

4. Each undergraduate degree program consists of designated General Education requirements, major requirements, and in most cases, free electives. Free electives may be taken from the undergraduate courses offered in any department. A GPA of 2.00 or higher, unless otherwise specified in a particular major or minor, is required for graduation.

5. All CLEP and ICE tests must be completed prior to the start of the student’s final semester before graduation.

6. To satisfy the requirements for the major and minor fields of study, only grades of C or above in upper level courses may be included. This includes directed electives. All professional courses in a teacher preparation program require a grade of C or above. Certain majors require a grade of C or above in all major courses.

7. Students who return to Liberty to complete a second major at the undergraduate level must take a minimum of 30 additional hours of coursework at Liberty to qualify for a second degree.

8. Thirty (30) semester hours of the bachelor’s coursework must be completed at Liberty. Fifty percent of the semester hours in the major and minor must be completed at Liberty, unless otherwise specified within the degree requirements. Fifteen (15) semester hours within the associate’s degree must be completed at Liberty, and with the exception of the A.A. in General Studies, 50% of the hours in the major component of the Associate degree must be completed at Liberty.

9. FRSM 101 (Freshman Seminar) is required.

10. CRST 290 (Creation Studies) is required.

11. Technology Competency

12. Submission of graduation application

GRADUATION CHECKLIST
After the matriculated bachelor’s degree candidate has completed 75 hours toward graduation, the Center for Academic Support and Advising Services (CASAS) will evaluate the academic and Christian/Community Service record using the transcript and any approved exceptions to the program which might have been placed in the file.

The associate’s degree student will be evaluated after completing 30 hours toward graduation. Every attempt will be made to keep students informed of curricular changes so that time is given for correcting any deficiencies prior to graduation.
Students are also encouraged to utilize the DCP Audit on ASIST in order to determine which requirements may still be outstanding.

Students who break enrollment will be required to follow the degree requirements in effect at the time of re-entry to the University.

GRADUATION APPROVAL
All candidates for graduation must be approved by the Faculty and the Board of Trustees. Conditions such as transfer credit and incomplete grades should be satisfied by the beginning of the candidate’s last semester.

GRADUATION CEREMONY
Degrees are granted throughout the academic school year. All candidates for degrees may participate in the annual graduation exercises which take place in May. All CLEP and ICE tests must be completed prior to the start of the student’s final semester.

TIME LIMITS FOR DEGREE COMPLETION
Students pursuing an associate’s degree must complete the degree requirements within seven (7) years of the date of matriculation.

Students pursuing a bachelor’s degree must complete the degree requirement within 10 years of the date of matriculation.

Any student who does not complete coursework within the permissible time limit for any reason, including discontinued enrollment, must reapply for readmission and will be subject to the requirements of the Catalog and Degree Completion Plan (DCP) in effect at the time of his/her readmission.

A break in enrollment occurs when the student fails to re-enroll from one semester to the next. Students who break enrollment must apply for readmission and will be subject to the requirements of the Catalog and degree requirements in effect at the time of their readmission.
Semester Credit System

The University operates on the semester system. The unit for counting credit is the semester hour. A semester hour of credit consists of the equivalent of one 50-minute period of class work for fifteen weeks, with an assumption of two hours of outside preparation or two 50-minute periods of laboratory work for each semester hour.

Part Time vs. Full Time

To qualify as a full-time undergraduate student, you must be enrolled in a minimum of 12 credit hours. A part-time student must be enrolled from 6 to 11 credit hours.

Semester Load and Overload

The Liberty University Online semesters consist of several sub-terms. Most sub-terms are 8-weeks or 16-weeks in length, and may begin and end at different times within the semester.

For Financial Aid purposes, full-time/part-time status will be determined by the number of hours for which the student initially enrolled in the semester. For example, if a student enrolls for the first time in the semester in the third sub-term, the number of hours the student takes in that sub-term will determine full-time/part-time status. A part-time student who adds courses for subsequent sub-terms of the same semester will still be considered part-time for the entire semester and will not be eligible to use additional financial aid until the following semester.

The usual semester load for full-time undergraduate online students is 12 hours per semester. Students must secure permission to take more than 18 hours in a semester. A student who has established a cumulative GPA of 3.00 or better may, with the approval of the Associate Registrar and a cumulative GPA of 3.50.

Student Classification

The classification of students at Liberty is based on their degree level and number of earned semester hours.

<table>
<thead>
<tr>
<th>Classification</th>
<th>Semester Hours Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0—23.99</td>
</tr>
<tr>

<td>24.00—47.99</td>
</tr>
<tr>
<td>Junior</td>
<td>48.00—71.99</td>
</tr>
<tr>
<td>Senior</td>
<td>72.00—and above</td>
</tr>
</tbody>
</table>

Grades, Quality Points, and Grade Point Average (GPA)

All work is graded by letters which are assigned quality points as indicated below:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Meaning</th>
<th>Quality Points Per Semester Hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>

<td>Average</td>
<td>2</td>
</tr>
<tr>
<td>D</td>
<td>Poor</td>
<td>1</td>
</tr>
<tr>
<td>F</td>
<td>Failure</td>
<td>0</td>
</tr>
</tbody>
</table>

To determine the grade point average (GPA) the quality points earned are divided by the semester hours attempted (quality hours). Only courses taken at Liberty are used in computing the GPA. Only grades of A, B, C, D, F and FN are used in the calculation of the GPA.

Dean’s List

Undergraduate students who earn 12 or more hours with a term GPA of 3.50 or above are placed on the Dean’s List.

Computer Competency

Students are expected to have adequate experience in computer applications such as word processing, spreadsheets, database, Internet research, media presentations, and email communication. Students lacking such experience should register for INFT 110, Computer Concepts and Applications, in their first semester.

Transfer of Credits

Only courses and degrees from a regionally accredited institution or those nationally accredited by accrediting agencies recognized by the U.S. Department of Education (e.g., SACS, TRACS, ABHE, etc.) will be evaluated for transfer of credit. Applicants must request that official transcripts be sent directly from the Registrar(s) of the previous school(s) to the Office of Admissions.

Credit will be accepted for those courses that are college level in which applicants have made a grade of C or better. Transcripts are evaluated under the guidelines established by the Senate Committee on Academic and Admissions Standards. Students may appeal their transfer evaluation with a course description and Transfer Inquiry Form.

At any point prior to degree conferral, students may petition to have courses that are listed as electives substitute for required courses by using the Course Substitution form.

International Transfer Credit

The evaluation of international transfer credit requires students to submit a translated official transcript in conjunction with course descriptions prior to the approval process.

International transfer credit is accepted only from an institution recognized by the government of the country in which the institution is located.

Foreign students are encouraged and sometimes required to use foreign credential evaluation services such as World Education Services (www.wes.org) to have their transcripts validated and evaluated before sending them to Liberty University. A credential evaluation service must be a member of the National Association of Credential Evaluation Services (www.naces.org) before it can be accepted at Liberty University.

Credit by Examination

Liberty University offers students the opportunity to be awarded academic credit toward their undergraduate degrees through testing. Credit may be earned through the Advanced Placement,
CLEP, ICE, DSST, Excelsior and Federal Aviation Administration programs.

**ADVANCED PLACEMENT (AP)**

Students who receive a score of 3 or higher on the College Board Advanced Placement examinations will be awarded academic credit toward an undergraduate degree. Credit will be awarded only in those areas applicable to the Liberty curriculum. An administrative fee will be charged to have this credit added to Liberty transcripts.

**COLLEGE-LEVEL EXAMINATION PROGRAM (CLEP)**

The College-Level Examination Program (CLEP), sponsored by The College Board, offers a unique opportunity to gain college credit for knowledge that a student has acquired. CLEP’s are national general and subject exams. A list of courses that are accepted at Liberty University via CLEP is included below. Students are encouraged to check the minimum score requirement prior to taking the exam. Students may take the CLEP exam at a local testing center in their area. Students can find an approved testing center by checking www.collegeboard.com/clep. Upon completion of the CLEP exam, students should request the official scores to be sent directly to Liberty University for evaluation.

INSTITUTIONAL CHALLENGE EXAMINATIONS (ICE)

To apply for credit by examination, students must submit the ICE Request form to the ICE Coordinator. A registration fee of $50 will be charged for each ICE attempted. A $45 passing fee will only be applied if a student should pass the exam. Such requests are subject to the following guidelines:

1. Requests must be submitted through the ICE coordinator (luoice@liberty.edu) using the ICE Request form located at [http://www.luonline.com/index.cfm?pid=14243](http://www.luonline.com/index.cfm?pid=14243).
2. The minimum passing score for the undergraduate level courses is 70%.
3. A maximum of 30 hours of ICE credits will be accepted toward an undergraduate degree; the number of credits that may be applied toward each major may vary.
4. Students may not take the ICE if the course has previously been taken or is currently being taken.
5. ICE credits may not be applied toward residency hours.
6. Each exam will be available for 30 days after registering for it. After the deadline, it cannot be accessed.
7. Liberty University Online students may take the following ICE exams online:
   - BIBL 104 Survey of Biblical Literature
   - BIBL 105 Old Testament Survey
   - BIBL 110 New Testament Survey
   - BIBL 323 The Gospel of John
   - BIBL 364 Study of Acts
   - BIBL 425 Study of Romans
   - CHHI 301 History of the Christian Church
   - CHHI 302 History of the Christian Church II
   - BMIS 200 Enterprise Business Applications and Communications

DANTES SUBJECT STANDARDIZED TESTS (DSSTs)

DANTES: Subject Standardized Tests (DSSTs) exams are approved for credit in the Liberty University Online program. Undergraduate college credit may be earned through the DANTES: Subject Standardized Tests (DSSTs) program. The DSST program is administered by Educational Testing Services (ETS) in conjunction with DANTES. Examinations are available to both military personnel and civilians. Students may find an approved testing center and view fact sheets for various tests that are offered at [www.getcollegecredit.com](http://www.getcollegecredit.com). A complete list of accepted exams, course equivalency and the minimum required score is available at [http://www.luonline.com/index.cfm?PID=16931](http://www.luonline.com/index.cfm?PID=16931).

EXPERIENTIAL LEARNING CREDIT

A maximum of 30 hours of Life Experience credits can be awarded and applied towards an undergraduate degree at Liberty University.

A precedent has been established for the following fields, and these credits will be awarded to students who can document proof of licenses, certificates, and training programs in the fields below. Students are not required to enroll in GEED 205 or submit portfolios for the following:

- Aviation (Private and Commercial Pilot’s)
- Certified Financial Planner
- Certified Pharmacy Technician
- Certified Project Manager
- Child Development Associate (CDA)
- Child Evangelism Fellowship (CMI Diploma)
- Cisco Associate Certifications
- Cisco Professional Certifications
- Corrections Officer
- Emergency Medical Technician
- Insurance License
- Law Enforcement Officers
- MOUS (Microsoft Office Specialist)
- Expert MOUS
- Real Estate Broker
- Securities Exam Series 7

There are some portfolios/courses that will not be admitted, such as COMS courses, GOVT 200, internship courses, capstone courses, as well as other courses not approved by academic departments. Please note that admission of a portfolio does not guarantee that credit will be awarded.

Students may petition for credit via portfolio for courses in which they feel they can show sufficient proof of learning and knowledge. The Portfolio Guidelines are as follows:

- Seek tentative approval from the Liberty University Online Portfolio Coordinator at [luoice@liberty.edu](mailto:luoice@liberty.edu).
- Enroll in GEED 205 – Learning Theory & Portfolio Development, which is required prior to portfolio submission, and successfully complete the course. Education students should enroll in EDUC 205, which has a portfolio option.
- Prepare a portfolio(s) using the guidelines established at [www.luonline.com/portfolio](http://www.luonline.com/portfolio).
- Submit a portfolio for each course that has been tentatively approved by the Portfolio Coordinator.
- Pay a $100 assessment fee per portfolio.
- The portfolio will be assessed by the Liberty University Online Faculty Assessor and Associate Dean within 4 weeks.
- Once the assessment is complete, the Portfolio Coordinator will send an email notice regarding approval.
- Portfolios may not be submitted for COMS 101, GOVT 200, Internships or Capstone Courses.
- The hours awarded are counted as transfer hours and are not considered as hours earned at Liberty University.

MILITARY EVALUATIONS

Liberty University will evaluate students’ prior military experience and develop a degree plan for each student to follow. Evaluations will be based solely upon the recommendations of the American Council of Education (ACE) guidebook, *Guide to the Evaluation of Educational Experiences in the Armed Services*. Students will generally find that the Interdisciplinary major maximizes the use of their existing credits.

COURSEWORK AT OTHER INSTITUTIONS

Prior to registering for any course at another institution, students must submit a Transient Request form. The online form can be found at [http://www.luonline.com/index.cfm?PID=14241](http://www.luonline.com/index.cfm?PID=14241).

CREDIT FOR SEMINARS

As part of the “action-oriented” curriculum at Liberty, certain seminars and travel opportunities are offered for academic credit. Students who wish to obtain credit for such activities must receive prior approval from the Registrar.

CHANGE OF MAJOR

Liberty University Online students select their major when they apply. If a student decides to change their major, the online
student must contact the Academic Advising Department and request to change his/her major via phone or Liberty University webmail account. Major changes become effective for the semester following their request.

DOUBLE MAJORS
Students who wish to complete a double major must contact the Academic Advising Department and declare the double major via phone or their Liberty University webmail account.

Students must have 30 unique hours within the core of the second major or degree. The foundational and investigative studies may be shared if they are the same, however, if any requirements are different, the student must fulfill the higher of the two requirements.

The requirements from one major can be used as electives for the second major, and vice versa. At least 50% of the course work in each major must be earned at Liberty University.

Students who wish to earn an A.A. degree with two majors must have at least 15 unique hours in the core of the second major.

Students with a conferred A.A. degree who wish to earn a second A.A. degree must complete at least 15 additional hours, and there must be at least 15 unique hours in the core of the second major.

Students who currently hold a bachelor’s degree and want to pursue an associate’s degree will need to take a minimum of 15 hours of which 15-hours must be unique in the core of the major.

DEGREE COMPLETION PLAN (DCP) AUDIT
The Degree Completion Plan (DCP) Audit provides real-time advice and counsel, making it possible for students to track progress towards degree completion at their convenience. It also enables students to immediately see how their credits will apply towards a different degree program. PDF versions of all DCPs are available online at http://www.liberty.edu/dcps.

GENERAL EDUCATION REQUIREMENTS FOR OUT OF STATE STUDENTS
In addition to Liberty University’s general education requirements, distance education students may also be required to fulfill additional requirements set by their home states. Details by state will be added to the Degree Completion Plan. Specific Degree Completion Plans for each state whose requirements differ are available from Liberty University Online Advising.

IMPORTANT INFORMATION REGARDING INTERNSHIPS AND CLINICAL PLACEMENTS
Students who are pursuing degrees leading to application for professional licensure or certification, and/or who will be participating in clinical placements, internships, or practica through their Liberty University program should be aware that their host facility may require a criminal background check, fingerprinting, or drug screening. In such situations, each student is responsible for obtaining and paying for the background check or other screening process and for delivering required documentation to the facility. Although the university will make reasonable efforts to place admitted students in field experiences and internship, it will be up to the host facility to determine whether a student will be allowed to work at that facility.

Students should further be aware that a criminal record may jeopardize licensure by the State certification body. Students seeking licensure are urged to contact the relevant licensing agency to determine the licensing requirements for the jurisdiction. Successful completion of a program of study at Liberty University does not guarantee licensure, certification, or employment in the relevant occupation.

MINORS
Students at Liberty University are not required to complete a minor. Those who wish to declare a minor, however, are encouraged to contact the Academic Advising Department to review the requirements for that minor. A minor on the student’s transcript indicates the completion of a block of courses that academic departments have specified as meeting the requirements of their minor.

Consequently, since the selection of a minor is not a graduation requirement for any major at Liberty, students may use courses required for any given major to also count toward a minor if such courses are required for the minor. Students must earn a “C” or higher in all upper level courses in their chosen minor. At least 50% of the course work must be earned at Liberty University.

SPECIAL STUDENT REGISTRATION
1. Prospective students must apply as a Special Student and receive confirmation of acceptance.
2. Special Students may not accumulate more than 12 credit hours under this status.
3. In order to register, Liberty University Online students must apply as special students on the application.
4. Students who have been Academically Dismissed are not eligible to return to Liberty under the Special Students category.

COURSE REGISTRATION, ACTIVATION, AND COMPLETION DATES
Students may register for courses online through ASIST. A student’s enrollment period (course activation) begins the first day of the upcoming sub-term, provided that the student is in good academic standing and has completed Financial Check-In. Students are encouraged to allow sufficient time to review their course materials before the beginning of the sub-term. See the University calendar for sub-term dates.

The student has 8 weeks from the sub-term course activation date to complete the course. In some cases, courses are 16 weeks in length. For these courses, the student has 16 weeks from the sub-term course activation date to complete the course. Students are expected to submit tests and course work throughout the term. At the end of the first week of each sub-term, courses are reviewed to determine if the student is attending in the course. If the student has not submitted an academic assignment (such as the course requirements checklist, an examination, written paper or project, discussion board post, or other academic event), the student will be dropped from the course roster at the end of week one and will not be allowed to submit further course work. The student may appeal to their instructor to remain in the course.

Students who begin attendance by submitting an academic assignment but eventually cease progressing toward the completion of the course will be assigned a grade of FN during the semester.

If the student receives all FNs in a term, the student is subject to the Unofficial Withdrawal procedure which includes the reduction and/or return of all Financial Aid.

Students receiving all Fs in a term must appeal to Financial Aid to receive aid in their next term of enrollment.

Students may drop a course for a full refund, through the day prior to the sub-term begin date. Beginning on the first day of the sub-term, students may withdraw from a course for a grade of W. Failure to submit any or all of the coursework may result in a grade of F or FN.

ONLINE CLASS ATTENDANCE
Regular attendance in online courses is expected throughout the length of the term. Students who do not attend within the first
week of a sub-term by submitting an academic assignment (such as the course requirements checklist, an examination, written paper or project, discussion board post, or other academic event) will be dropped from the course roster at the end of week one and will not be allowed to submit further course work. The student may appeal to their instructor to remain in the course.

The student alone assumes responsibility for course work missed from non-attendance. A student who presents the instructor with an adequate and documented reason for absence may be given an opportunity to make up the work missed.

Students who begin attendance by submitting an academic assignment but eventually cease progressing toward the completion of the course will be assigned a grade of FN during the semester.

CLASS CANCELLATION POLICY
From time to time it may be necessary to cancel a class because of insufficient enrollment or other extenuating circumstances. The decision for such a cancellation is ultimately that of the Provost of the University. Every effort will be made to provide notice of the cancellation at least two weeks prior to the first scheduled meeting of the class. The Registrar’s Office will advise the student of the cancellation and any other options including the possible rescheduling of the class. The University does not assume responsibility for any delay in the anticipated graduation date of individual students that might result from such class cancellations.

COURSE AUDITS
Students who wish to audit an online course may do so for a fee. Audited courses will not be used to determine full- or part-time status. Auditors will not be expected to take quizzes or examinations. A grade of AU will be recorded on the auditor’s permanent record.

Course audits may not be added via ASIST, but must be requested by emailing the registrar’s office. Requests to audit a course will only be accepted during the registration timeframes before a term starts. Audit requests will be processed and added, pending availability. A student wishing to change from credit to audit status for a course may only do so until the last day of the registration deadline. Requests to change to or from audit status after the registration deadline will be denied.

DROPPING, ADDING, WITHDRAWING FROM COURSES
Liberty University Online students may drop a course at any time prior to the sub-term begin date for a full refund. After this time period, no class may be added or dropped without a grade. Students may drop the course by selecting ‘drop via web’ on their current schedule through the add/drop page under registration on the first day of class. After the close of the first day through noon of the last day, a course may be withdrawn with a grade of “W” and the student will be liable for tuition and fees. Students who do not attend any sessions of an intensive in which they are enrolled will be dropped from the course and will be charged an administrative fee.

REMEMBER: Any change in status (i.e., from full-time to part-time, etc.) may cause the reduction or cancellation of your financial aid award. In other words, your out-of-pocket expenses may increase.

WITHDRAWAL FROM COURSES
Students requesting to withdraw from classes during the semester must submit a request to their academic advisor. Generally, the withdrawal date will be the date the student submitted the email to their academic advisor. A grade of W will be assigned to all courses from which the student withdraws.

UNDERGRADUATE REPEAT POLICY
The Liberty University Undergraduate Repeat Policy is designed to assist undergraduate students in raising their cumulative grade point average by repeating courses in which they previously performed unsatisfactorily and by removing the previous grade from the GPA calculation.

Undergraduate students are subject to the following conditions:
1. When an undergraduate course is successfully repeated*, the Undergraduate Repeat Policy will automatically be applied, all earned grades will remain visible on the student’s permanent record, and the most recent grade earned will be the only grade to count toward the student’s GPA. The registrar’s office will automatically apply the Undergraduate Repeat Policy at the end of each term, including the summer term, to all eligible courses.

2. On the student’s transcript, the letter “E” will follow the previous earned grade(s) to indicate that the grade has been “excluded” from the GPA. The letter “W” will follow the most recent grade to indicate that the grade has been “included” in the student’s GPA. The grades which have been excluded from the GPA calculation will not count toward GPA hours or hours earned, but will remain on the student’s record as attempted hours. Consultation by the student with the Financial Aid office may be needed to determine how the Repeat Policy will affect the student’s Satisfactory Academic Progress.

3. There is no limit on the number of different courses or retakes in which the Undergraduate Repeat Policy may be applied. However, there may be a limited number of times that Federal Financial Aid will pay for a course taken and passed (grade of “D” or higher). It would be wise to consult with a Financial Aid counselor if there are any questions about this.

4. The Undergraduate Repeat Policy will only be used on Liberty University courses that have been repeated at Liberty University. No transfer credit or credit earned through institutional or standardized testing may be used in the Undergraduate Repeat Policy.

5. The Undergraduate Repeat Policy will only be applied when the same course number/title is retaken, unless there’s been a university approved course number/title change and the department confirms that the courses are the same. Course replacements/substitutions are not eligible for the Undergraduate Repeat Policy.

40

Liberty University Undergraduate Catalog – 2012-2013
6. Undergraduate courses in which a grade of B, C, D, F, or FN was awarded are eligible for the Undergraduate Repeat Policy. Courses which are NOT eligible for the Undergraduate Repeat Policy are: pass/fail courses, zero-credit courses, and courses with grades of AU (audit), I, M, Q, R, W, WF, X, and Z, or those courses failed due to academic dishonesty. Also, courses that are designed as repeatable courses within certain majors will not have the Undergraduate Repeat Policy applied automatically.

7. Activation of the Undergraduate Repeat Policy for a prior semester will not affect the academic standing or dean’s list award for that semester. Academic standing or dean’s list in a prior semester can only be changed as a result of an approved grade change.

8. Once a student has graduated, the Undergraduate Repeat Policy may not be used on a course taken prior to graduation to enhance the cumulative GPA which was recorded at the time of degree conferral. The repeat of a class after graduation could, however, be used to enhance the students overall undergraduate GPA at Liberty.

*Final grade has been earned and posted
^Including sub-terms

UNOFFICIAL WITHDRAWALS
In accordance with Title IV regulations which require that universities have a mechanism in place for determining whether or not a student who began a course and received or could have received a disbursement of Title IV funds unofficially withdrew, the University has established a procedure for students enrolled in the online courses. This procedure is used to determine if students are progressing toward the completion of their courses.

Students who cease submitting any academic assignments (such as an examination, written paper or project, discussion board post, or other academic event) during the enrollment period will be assigned grades of FN. Students receiving all FNs in a semester will be processed as an unofficial withdrawal. The withdrawal date will be the last date an academic assignment was submitted during the enrollment period. A Title IV withdrawal calculation will be performed for the student and the student will be reported as withdrawn. Students will be notified of the results of the Title IV withdrawal calculation by the Financial Aid Office.

WITHDRAWAL FROM LIBERTY
Online students withdrawing from the University must contact the Academic Advising Department via the student’s Liberty University email account. The withdrawal date will generally be the date the student submitted the email to the Academic Advising Department. If the withdrawal request is mailed or faxed to the Academic Advising Department, the withdrawal date will generally be the date the withdrawal request is received by the University or the last date an academic assignment was submitted (such as a course requirements checklist, an examination, written paper or project, discussion board post, or other academic event). The Academic Advising Department will notify the Financial Aid Office, Student Accounts Office and Registrar’s Office.

Grades of W will be recorded for all courses from which the individual withdraws. A student may not withdraw after the last official day of the course. For intensive courses, a student may not withdraw after the final exam has begun. Students requesting to withdraw will be subject to the Title IV withdrawal calculation. The Title IV withdrawal calculation will result in the reduction and/or cancellation of all Financial Aid. See Financial Information section.

Students who wish to withdraw from one or more courses in a given semester must contact the Academic Advising Department in writing or via their Liberty University email account. Students who withdraw from all courses in which they are enrolled will be subject to the Title IV withdrawal regulations and will be reported as withdrawn from the University. However, it will not be necessary to reapply unless more than 12 months have elapsed since the original deadline date of the student’s last enrollment period. Students only withdrawing from all courses in a given semester, and not the University, will be allowed to re-enroll in the next semester. However, the student will be subject to the Satisfactory Academic Progress Policy administered by the Financial Aid Office.

BREAK IN ENROLLMENT
A break in enrollment occurs when a student is not actively taking a class each academic year. The academic year begins with start of the fall semester and ends with the conclusion of the summer term.

Students who break enrollment will be required to follow the degree requirements in effect at the time of re-entry to the University.

Scholastic Regulations

Warning/Probation/Suspension/Dismissal
Students must maintain satisfactory standing in order to remain at Liberty. Satisfactory scholastic standing for students enrolled in an undergraduate program is:

- Level 1 (0–23.99 hours) 1.50
- Level 2 (24–47.99 hours) 1.65
- Level 3 (48–71.99 hours) 1.85
- Level 4 (72–95.99 hours) 2.00
- Level 5 (96 or more hours) 2.00

Academic Standing for Liberty University Online students is calculated only at the end of the Fall, Spring and Summer terms.

Students failing to attain and maintain the scholastic standing required are placed on Academic Warning. During the next semester, Liberty University Online undergraduate students should plan to limit enrollment to a 13-semester-hour course load and may be required to take CLST 100 or 101.

At the end of the semester on Academic Warning, students who fail to raise the GPA to a satisfactory level (see above) are placed on Academic Probation. During the next semester of attendance, Liberty University Online undergraduate students should plan to limit enrollment to a 13-semester-hour course load, and may be required to take CLST 100 or 101.

At the end of the semester on Academic Probation, students who fail to raise the GPA to the required academic level (see above) are placed on Academic Suspension. Students who desire to continue their studies must submit a written appeal to the Registrar’s Office. The Associate Registrar will review the appeal, and if it is approved, an Academic Contract will be formulated. The student must agree in writing to abide by the terms of the contract before being permitted to register for courses. If a student is a re-applicant to Liberty University Online, the student must agree in writing to abide by the terms of the contract prior to being approved for re-admission.

Students who are enrolled for 12 or more hours and fail all courses will be Academically Suspended.

Students who are permitted to take classes while on the status of Academic Suspension and who fail to raise the GPA to the required academic level (see above) by the end of the semester or fail to meet the terms of their Academic Contract will be Academically Dismissed, and will not be allowed to return to Liberty unless qualifying for Academic Amnesty.
At the end of each semester, students on Academic Warning, Probation, Suspension, and Dismissal will be sent a notification by the Registrar’s Office.

ACADEMIC AMNESTY
Approval for readmission under Academic Amnesty must be granted by the Office of the Provost. To qualify for academic amnesty, a student must have been academically suspended or academically dismissed from the University, as well as must satisfy the subsequent guidelines for readmission.

1. Not enrolled at the University for a period of five (5) years.

2. A student seeking readmission under academic amnesty must first appeal in writing to the Registrar’s Office. The request must be stated clearly and contain: (1) the reason for the request, and (2) efforts made to improve during absence from Liberty. Corroboration may be requested of the student, i.e. transcripts from other institutions, certificates, awards, etc.

3. The student’s appeal, supporting documentation and a recommendation from the Registrar’s Office will be presented to the Office of the Provost for a decision. If the appeal is approved, the student will be readmitted on the following provisions:

a. Previously earned grades of A, B, and C will remain on the student’s record and will calculate into his or her GPA. Grades of D and F are revised to Q.

b. Students who have been granted Academic Amnesty are not eligible for graduation honors.

LIBERTY UNIVERSITY CODE OF HONOR FOR ONLINE UNDERGRADUATE AND GRADUATE STUDENTS
Preamble
Liberty University students, faculty, administrators, and staff together form a Christian community based upon the values and goals of the Bible. These are defined in our foundational statements, including our Doctrinal Statement, our Philosophy of Education and Mission Statement, the Statement of Professional Ethics for the Faculty, and our Student Code. Together, these statements situate Liberty University within the long tradition of university culture, which in its beginnings was distinctively Christian, designed to preserve and advance truth.

Anyone, whether Christian or non-Christian, who shares our values and goals, is both welcome and valued in our community. We want all students to feel comfortable in our community of learning, and we extend to all of our students our spiritual and academic resources, with the goal of fostering spiritual growth, character development, and academic maturity.

Communities are based upon shared values and practices. This Code of Honor, an expression of the values inherent in our Doctrinal Statement, defines the rules and principles by which our community functions. At the core of this Code are two key concepts: a belief in the dignity of all persons and an insistence on the existence of objective truth.

While we understand that everyone will not agree with the statements that follow, we do expect that our students respect and uphold these standards while registered at Liberty University. Abiding by the principles and behaviors established in this Code of Honor makes possible the success of our students and the strengthening of the Liberty community.

Academic Code of Honor

A. ACADEMIC MISCONDUCT
Academic misconduct includes, but is not limited to, plagiarism, cheating and falsification.

1. Plagiarism
Plagiarism is the intentional failure to give sufficient attribution to the words, ideas, or data of others that the student has incorporated into his/her work for the purpose of misleading the reader. In some cases, a student may be careless and fail to give credit to the words, ideas or data of others. In such situations, plagiarism has still occurred, but the professor may choose from an array of sanctions he/she deems appropriate. In order to avoid plagiarism, students must conscientiously provide sufficient attribution. Attribution is sufficient if it adequately informs and, therefore, does not materially mislead a reasonable reader as to the true source of the words, ideas, or data. Students who have any doubt as to whether they have provided sufficient attribution have the responsibility to obtain guidance from their professor or other person to whom they are submitting their work.

Plagiarism in papers, projects or any assignment prepared for a class shall include the following:

- Omitting quotation marks or other conventional markings around material quoted from any printed source (including digital material)
- Directly quoting or paraphrasing a specific passage from a specific source without properly referencing the source
- Replicating another person’s work or parts thereof and then submitting it as an original
- Purchasing a paper (or parts of a paper) and representing it as one’s own work
- Multiple submissions: Multiple submission is the use of work previously submitted at this or any other institution to fulfill academic requirements in another class. For example, using a paper from a prior class for a current course assignment is academic fraud. Slightly altered work that has been resubmitted is also considered to be fraudulent. With prior permission, some professors may allow students to complete one assignment for two classes. In this case prior permission from both instructors is absolutely necessary.

2. Cheating
Cheating is a form of dishonesty in which a student attempts to give the appearance of a level of knowledge or skill that the student has not obtained, gives unauthorized aid, or wrongly takes advantage of another’s work. Examples include, but are not limited to:

- Copying from another person’s work on an examination or an assignment
- Allowing another student to copy any portion of one’s work on an examination or an assignment
- Using unauthorized materials or giving or receiving any other unauthorized assistance on an examination or an assignment
- Taking an examination or completing an assignment for another, or permitting another to take an examination or to complete an assignment for the student.
- Reusing a paper from a previous course
• Paying another student to complete a course, an individual assignment or an examination

3. Falsification
    Falsification is a form of dishonesty in which a student misrepresents the truth, invents facts, or distorts the origin or content of information used as authority. Examples include, but are not limited to:
    • Dishonestly answering or providing information in the application process
    • Citing a source that is known not to exist
    • Attributing to a source ideas and information that are not included in the source
    • Falsely citing a source in support of a thought or idea when it is known not to support the thought or idea
    • Citing a source in a bibliography when the source was neither cited in the body of the paper nor consulted
    • Intentionally distorting the meaning or applicability of data
    • Inventing data or statistical results to support conclusions.

B. PROCEDURE FOR THE INVESTIGATION, ADJUDICATION, AND ASSIGNMENT OF SANCTIONS FOR THE VIOLATIONS OF THE ACADEMIC CODE OF HONOR

1. Processing Allegations
    When an alleged violation of the Academic Code of Honor has been reported to the instructor or administration, the instructor will confront the student within ten business days of the discovery of the infraction. The instructor may issue an oral or written reprimand, send written notification to the Online Department Chair, reduce a grade, adjust credit and/or require additional work. The instructor may determine that a failing grade for the course is the appropriate sanction. In any event, the instructor will inform the student of his or her decision.

    The reporting procedure is as follows:
    • The instructor will write a report outlining the violation.
    • The report will be provided to the student and the Online Department Chair along with the sanction(s) recommended.
    • The Online Department Chair will forward report to the Online Associate Dean. The Online Associate Dean will review, make decision on appropriate sanction and notify the student.
    • If blatant academic dishonesty is demonstrated in a clear and convincing manner, the student may receive a grade of F for the course in which the academic misconduct occurred.
    • Students who receive a grade of F for academic dishonesty on a particular assignment will be notified by the professor of the course in an appropriate manner, including but not limited to returning the assignment with comments, email, letter and/or a personal telephone call.
    • If non-blatant academic misconduct (such as inadvertent plagiarism) occurs in a course, the professor will contact the student and conduct such further investigation as needed. If the professor determines that a sanction is called for, the professor will write a report of the infraction. The professor may issue an oral reprimand, send written notification to the Online Department Chair of the School in which the professor teaches the specific course, reduce a grade, adjust credit and/or require additional work.
    • When a student receives a course grade of F for academic dishonesty, the Online Associate Dean will report the reason for the F to the Registrar and request that it be recorded as an FD grade. This FD grade will appear on the student’s transcript.
    • The student, upon receipt of the results of the academic honesty review by the Online Associate Dean, will have five business days to appeal the decision to the Dean through the Online Associate Dean.
    • If warranted, the results of academic honesty review may be forwarded to the Office of Student Affairs for any additional disciplinary action that may be appropriate.

2. Sanctions
    If the professor determines that a sanction is called for, the professor may issue an oral or written reprimand, adjust credit, and/or require additional work. The professor also maintains the right to assign the grade of F for the course if the investigation determines that it is the appropriate sanction. In this instance, the Registrar will record the F and it will appear on the student’s transcript. The repeat policy may not be applied to this grade.

    If the student is found guilty of academic dishonesty (blatant or non-blatant) in any subsequent course where a grade of F is posted, he or she will be dismissed from Liberty University.

    In determining the sanction to be imposed, the following will be considered: the student’s intent to violate the Code of Honor, the degree of carelessness, the gravity of the offense and the student’s overall conduct while enrolled at Liberty University. The Office of Student Affairs and the Registrar’s Office may be consulted during this process.

    In cases where the Dean perceives a clear conflict of interest or faulty judgment on the part of the Online Associate Dean, or where the sanctions suggested by the Online Associate Dean are demonstrably inconsistent with those that resulted from other similar instances of academic misconduct, the Dean reserves the right to adjust the sanction(s) as appropriate.

    A written copy of the decision shall be mailed or e-mailed to the student.

PLEASE NOTE: All cases of alleged academic dishonesty will be resolved with the utmost concern for strict confidentiality by those individuals involved in the proceedings. Information concerning the academic misconduct will be provided only to those with a need to know in order to perform their job duties.

3. Appeal Procedure
    In cases where an allegation of any Academic Code of Honor violation occurs and the student does not admit guilt, he/she may pursue the process below. The student will be given an opportunity to provide written evidence in opposition to the charge. Persons who threaten or conduct other acts of retaliation against those individuals who acted in good faith (i.e., honestly and with intentions of being fair) in reporting (even if mistakenly) alleged instances of academic
dishonesty will be subject to disciplinary action, including possible suspension or expulsion from Liberty. Any report of alleged academic dishonesty not made in good faith will also be subject to disciplinary action.

Examples of retaliation include, but are not limited to:

- Circumventing the appeal procedure and going directly to a university administrator such as the Dean, the Provost or the Chancellor
- Threatening a faculty member or student
- Harassment
- Verbal or physical abuse
- Verbal or written disrespect to a faculty or staff member (this includes e-mails)
- Offensive or crude language directed at individuals
- Falsely accusing someone of committing academic dishonesty

A complete overview of the appeal process follows:

- Within five business days of the notification, the student may submit a written appeal to the Online Associate Dean, but should do so through the professor. The Online Department Chair and Online Associate Dean will consult with the instructor and review the student's written appeal. The Online Associate Dean will then notify the instructor, the Registrar and the student of his/her decision.
- After receiving the decision by the Online Associate Dean, the student may submit a written appeal to the Dean, through the Online Associate Dean. This written appeal must be received by the Online Associate Dean within five business days of the Online Associate Dean’s notification. The Dean will review the student's appeal, as well as any information provided by the faculty member. When a decision has been reached, the Dean will notify the Online Department Chair, the faculty member, the Registrar and the student.
- In determining whether any violation has occurred, the Online Associate Dean and Dean will apply a "clear and convincing" evidence standard. In some cases, a Student Affairs official or another University representative may join in the deliberations as a non-voting member for the purpose of providing any background information that may be pertinent to the appeal.
- Should no violation be found, a report indicating such will be forwarded to the faculty member. A report of all findings (either in favor of or against the student) will be sent to the Student Affairs' and Registrar's office. The findings will be kept in the student’s official record.
- The professor reserves the right to impose a lesser sanction and send a report to the student's file. These situations may require a failed assignment or reduced grade, but not a failure in the course.

**Personal Code of Honor**

### A. CONDUCT THAT UNDERMINES THE SAFETY, MISSION, OR REPUTATION OF LIBERTY UNIVERSITY

Acts that may undermine the safety, mission, or reputation of Liberty University are violations of the Personal Code of Honor. Examples of such acts include, but are not limited to:

- Flagrant violations of institutional policies and standards of dress when visiting campus (see Appendix A for dress code)
- Cauising public embarrassment to the University, or their representatives or employees.
- Any attempt to provide or support residential students with the opportunity to break the Residential Code of Honor (The Liberty Way).

#### 1. Sexual, Physical, Written or Verbal Misconduct

Respect for the dignity of each individual as a person created in God’s image is fundamental to the institutional culture desired at Liberty University. Misconduct that is contrary to the teachings of the Christian faith (thus constituting a violation of Liberty University’s Personal Code of Honor) includes, but is not limited to:

- Sexually-oriented joking or comments
- Harassment of an individual based on race or gender
- Unwelcome touching or any touching of a sexual nature
- Verbal or physical abuse
- Verbal or written disrespect to a faculty or staff member (this includes e-mails)
- Offensive or crude language directed at individuals
- Display of objects or pictures that depict nudity or are otherwise sexual in nature
- Persistent, unwanted attempts to change a casual or friendly relationship into a romantic or more intimate one

Non-marital sexual relations and the encouragement or advocacy of any form of sexual behavior that would undermine the Christian identity or faith mission of the University are morally inappropriate sexual misconduct and constitute violations of this Personal Code of Honor.

#### 2. Sexual Harassment

Liberty University is committed to providing students and employees with an environment free of harassment in any form. Any act of harassment (i.e., physical, psychological, verbal or sexual) that threatens a person or persons is considered a serious offense and will not be tolerated or condoned. Any person or group who commits acts of harassment based upon race, ethnicity, gender or disability on or off campus will be subject to disciplinary action, which could result in dismissal from the University. Behavior that constitutes sexual harassment, which is a form of sexual discrimination prohibited by Title IX of the Education Amendments of 1972 and Title VII of the 1964 Civil Rights Act, includes but is not limited to unwanted sexual attention, requests for sexual favors and/or other verbal or physical contact of a sexual nature which negatively affects another person.

**Reporting Procedure:**

Any student who believes that he/she has been the subject of harassment in any form should report the incident immediately to the Online Student Affairs Office. The student will be given the opportunity to express his/her concerns and will then be appraised of the recourse available to him/her under school policy and local and state statutes.

**Penalty:**

Any student of Liberty University, who engages in the aforementioned behavior(s), is subject to disciplinary action, which may result in community service or possible dismissal.
Since the University takes such matters seriously, where the results of an investigation reveal a complaint of harassment/sexual harassment to be frivolous or groundless, the individual having made such a complaint may be subject to the same disciplinary action.

3. **Pornography**

   Involvement with pornographic, obscene, indecent, or other similarly offensive materials, expressions, or conduct is inconsistent with the Personal Code of Honor and the Christian faith. Use of the University's computing network to obtain or distribute such materials constitutes a violation of the Personal Code of Honor.

4. **Alcohol and Drug Use**

   Liberty University is dedicated to providing a learning environment that promotes reverence for the Word of God, a commitment to the highest ideals of academic excellence, health, and responsible social behavior. This includes recognizing the rights of others and respecting the Christian ideals of Liberty University.

   The following are strictly prohibited: any illegal use of a controlled substance, any use of alcohol or tobacco by any Liberty University Online student on the property of Thomas Road Baptist Church or Liberty University, or any use of alcohol or tobacco as any part of a Thomas Road Baptist Church or Liberty University related or sponsored program off campus (this includes school sponsored courses or missions trips in the United States or overseas).

   All Liberty University Online students, whether on or off-campus, are expected to conduct themselves at all times in a manner supportive of the Christian character and reputation of Liberty University. Keeping in mind that the public will judge Liberty University and its Christian ideals by the actions of its students, Liberty University will not tolerate conduct by any student, whether on or off-campus, which is deemed by the administration to reflect negatively on the public image of the University.

B. **PROCEDURES FOR THE INVESTIGATION, ADJUDICATION, AND SANCTIONING OF VIOLATIONS OF THE PERSONAL CODE OF HONOR**

1. **Processing Allegations**

   When an alleged violation of the Personal Code of Honor has come to the attention of the faculty, staff, or administration, that allegation shall be passed on to Student Affairs, who shall determine (with assistance from the appropriate Online Associate Dean and Online Dean) whether formal discipline is warranted and, if so, the nature of the appropriate sanction(s).

   Pastoral or Professional counseling may be recommended in some instances. Any cost associated with such counseling shall be borne by the student. If counseling is deemed to have been sufficient to address the student's misconduct, Liberty University reserves the right to remove the record from the student’s permanent file. If counseling was deemed to have been ineffective, then Liberty University reserves the right to retain permanent records and dismiss the student from the University.

2. **Conduct Review**

   Where evidence exists that a violation of the Personal Code of Honor may have occurred, Student Affairs shall refer the matter to the appropriate Online Associate Dean and Online Dean. They along with Student Affairs shall deliberate and determine the appropriate penalty.

   Should no violation be found, the Director’s report indicating such shall be forwarded to the appropriate Online Associate Dean and Online Dean. Where a violation is found, Student Affairs may notify the student verbally, but will also notify the student in writing (by e-mail or letter) of the sanction(s). The appropriate Online Associate Dean and Online Dean shall receive a copy of the final decision.

3. **Sanctions**

   The Findings of Student Affairs along with any recommendations for further action will be carefully reviewed by the appropriate Online Associate Dean and Online Dean. These two individuals may accept, reject or modify the Student Affairs report and shall determine the final disposition of the matter.

   The appropriate Online Associate Dean and Online Dean may direct that the records of a disciplinary action be retained in a student’s file, noted on transcripts or be disclosed to the appropriate entities responsible for assessing the character and fitness of the student as an applicant to a chosen profession.

   In addition to any personal communication of the decision to the student involved, a written copy of the decision shall be sent to the student by e-mail or registered, return receipt mail.

C. **APPEAL PROCEDURE**

   Students are provided the opportunity to appeal any disciplinary decision to the Student Affairs office, appropriate Online Associate Dean and Online Dean. The outcome of an appeal may include an overturn or modification of the proposed action or disciplinary probation, the assignment of disciplinary community service, retention or administrative withdrawal. The appropriate Online Associate Dean and Online Dean may either accept or overturn a previous decision to withdraw a student from Liberty University. Records documenting this process are maintained by the Office of Student Affairs and the Registrar.

1. **Reapplication/Readmission**

   If a student is administratively withdrawn or asked not to return, he/she must submit a written request for readmission to Student Affairs. The student is to provide a thorough account of the actions that led to his/her dismissal or non-return and the student’s strategy for successfully continuing studies at the University. In addition, the following is required:

   - Separate letters of recommendation from a counselor and civic leader
   - One letter of recommendation from a pastor or Liberty University faculty member

   Only after the aforementioned information is received will consideration for reinstatement occur. Readmission to the University will be subject to any stipulations made by the appropriate Online Associate Dean and Online Dean and the Office of Student Affairs. This process does not guarantee readmission. If readmission is granted, the Office of Student Affairs will notify the Office of Admissions. The Office of Admissions will notify the student.

2. **Administrative Withdrawal**

   Students, who are reported to have violated the policies or regulations of the University that require an administrative withdrawal, are required to meet (in person or by phone) with Student Affairs for a personal conference. Student Affairs will present the alleged violation(s) to the student and the student will then be given full opportunity to present his/her position.
understand the dress code policy. 

NOTE: During the appeal process, the student is allowed to continue attending classes, unless they are a perceived threat to the campus community or a disruption to the learning environment.

3. Administrative Withdrawal Process and Appeal
   a. The student has 24 hours, after receiving notification of the decision, to decide whether he/she wishes to accept the decision. 
   b. Failure to meet the 24-hour deadline will result in an automatic administrative withdrawal.
   c. If the student decides to appeal the decision, the time of the appeal hearing will be determined and the student will be notified by Student Affairs who will schedule the hearing within seven business days of the student’s request for appeal.
   d. During the appeal process, the student is allowed to continue attending classes, unless they are a perceived threat to the campus community or a disruption to the learning environment.
   e. If the administrative withdrawal is upheld, all academic work is lost for the semester except classes that have been completed before the time of the decision.
   f. Once the student has been administratively withdrawn, he/she will not be permitted to visit the campus until his/her student status has been reinstated.
   g. Reapplication is subject to administrative review after a six-month period of absence from the University.
   h. Readmission will be considered after a minimum one-year absence from the University for the commission of a felony, assault, drug and/or stealing dismissals and is also subject to administrative review and approval.

STANDARD OF DRESS (When Visiting Campus)

**Class Dress:**
   Students are expected to dress in a neat and professional manner and are to dress according to the individual guidelines set by faculty in the respective Online Graduate and Online Undergraduate Programs.

**Casual Dress:**
   Students are expected to dress modestly

**Swimming Pool:**
   Women – Swimwear is only appropriate at the swimming pool. Students are to wear appropriate casual or sport attire (as stated in The Liberty Way) going to and from the pool. Women are required to wear a one-piece suit that is in good taste. Swimsuits that are see-through/mesh, expose the midriff and/or are low in the front or back or cut high on the legs are not acceptable.

   Men – Swimwear is only appropriate at the swimming pool.
   Students are to wear appropriate casual or sport attire going to and from the pool. Speedos, spandex suits, or cut-off jeans are not acceptable.

   **Note:** Academic Programs may choose to add requirements to the dress code policy.

This information is available on the Internet at http://www.liberty.edu/academics/graduate/index.cfm?PID=19459.

INCOMPLETES

Students who are unable to complete coursework by the last day of class due to unavoidable circumstances such as personal illness/injury or family emergencies may appeal to their instructor for a temporary course grade of “I” (Incomplete). The authority for the decision to grant an incomplete completely lies with the instructor. Denial of the request for an incomplete may include, but is not limited to, the student’s inability to earn a passing grade with completion of the remaining requirements, as well as an insufficient reason for the request. Students must initiate the request for an incomplete directly to the instructor by the last day of class (before the final exam period for residential classes).

The instructor will establish a new deadline for the completion of the remaining coursework, based on the circumstances. The instructor may grant up to two weeks beyond the last day of the term (or sub-term for Liberty University Online courses) for non-medical circumstances and up to four weeks beyond the last day of the term (or sub-term for Liberty University Online courses) for personal medical circumstances.

For extreme personal medical circumstances, a maximum of eight weeks for Liberty University Online courses and 16 weeks for residential courses may be granted as long as sufficient medical documentation (from a medical professional) is presented along with the request. However, while the decision to grant an extended incomplete remains with the instructor, the request and medical documentation needs to be submitted to the registrar’s office. The instructor will be responsible to communicate the remaining requirements, as well as the extended deadline, to the student.

The instructor will post a final grade within two weeks from the deadline established for the incomplete. If a final grade is not posted within two weeks of the deadline, a grade of “F” will be posted by the registrar’s office. A grade of “I” may not be changed to a withdrawal.

The GPA is unaffected by the incomplete until a final grade is posted after the deadline. However, grades of “I” will count as hours attempted and not completed, and will negatively affect a student’s Satisfactory Academic Progress (SAP).

**Military Deployment**

Liberty University understands the demands placed on today’s servicemember and we are willing to work with our students when their military duty causes delays in their academic progress. According to military policy for Tuition Assistance, the University must post grades within 30-days of the end date of the course. If a military student needs additional time to complete their course requirements due to deployments, extended cruises, unit operational tempo, or other duty-related extenuating circumstances, they have two options:

1. They may contact their professor and request up to an additional 3 weeks to complete the requirements.
2. Should they need more time, they can request a military withdrawal.

Military students must notify their Military Education Office of a course Incomplete if they are receiving Tuition Assistance. Incomplete requests and supporting documents may be faxed to (434) 455-1287 or scanned and emailed to luomilitary@liberty.edu, or mailed to: Liberty University; Liberty University Online; Office of Military Affairs; 1971 University Blvd.; Lynchburg, VA 24502.

**COURSE SUBSTITUTIONS**

A course substitution should not be made from one discipline to another. An exception may be made in cases where the title and description of the course clearly show relationship to another discipline. Each department will develop a list of courses which may fall into this category.
Course substitutions should be made with discretion. Course substitutions are not for the purpose of giving the student a concentration which does not exist at Liberty, nor are they to be utilized merely to enable a student to graduate on time.

Students desiring to use another course in place of a required course must complete a “Course Substitution Request” form and submit it to luotransfer@liberty.edu.

**GRADING POLICIES AND PROCEDURES**

Liberty University Faculty members, both residential and online, must submit final grades for all students to the Registrar at the end of each term. Faculty teaching online courses should have grades submitted to the Registrar on or before the second Wednesday after the course ends. Faculty teaching residential courses should have grades submitted to the Registrar one week after the end of each semester. Liberty University Faculty members, both residential and online, are urged to promptly complete and submit final course grades. Confidentiality of student grades falls under the Family Educational Rights and Privacy Act (FERPA) of 1974. Please see the FERPA section and policies for more information.

**Grading Scales:**

Liberty University incorporates a standardized 1,000 point system across all undergraduate and graduate programs. The undergraduate utilizes a 100 point scale to differentiate between letter grades, while the graduate programs utilize three distinct scales: 80, 70 and 60 point scales to differentiate between letter grades, while the graduate programs utilize three distinct scales: 80, 70 and 60 point scales to differentiate between letter grades. Each academic department determines the scale used within the department. The grading scale for each course will be posted within the syllabus for each course. Students are encouraged to review the syllabus for each course individually to verify the grade scale.

**RECORDING OF GRADES**

All grades will be recorded in the Registrar’s Office as reported by the instructors in charge of the various courses. Requests for grade changes may be submitted in writing only by the instructor.

Any extra credit assignments that are a part of the instructor’s syllabus must be completed prior to the final exam for the course. A student may not submit assignments for extra credit after the semester has ended and a final exam has been given.

**FERPA – PRIVACY OF STUDENT RECORDS:**

**FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT**

Students attending, or who have attended, Liberty University are given certain rights under the Family Educational Rights and Privacy Act of 1974 as amended (20 U.S.C. 1232g) and Rules of the Department of Education (34 C.F.R. Part 99) implementing this Act.

Additional information and University policies regarding the protection of student records are published online at [http://www.liberty.edu/ferpa](http://www.liberty.edu/ferpa)

**GRADE APPEAL PROCESS**

Liberty encourages students to have open and respectful communication with their professor to resolve any concerns regarding individual course assignment grades and/or the final grade for the course.

**Criteria for appeal:**

Only final posted grades may be appealed beyond the professor. Appeals are accepted only when the grade assigned conflicts with:

- The published grading rubrics for the course assignments
- Written communication (i.e., email, announcements, etc.)
- Calculation error on an assignment (resulting in a change to the final grade)

Appeals, other than those mentioned above, will not be reviewed. The student must provide written documentation that demonstrates the occurrence of one or more of the above grounds for appeal. Documentation may be in the form of email correspondence, graded assignments, proof of timely submission, etc.

**Appeal process:**

A student wishing to appeal a final grade must submit the appeal to their professor and seek to resolve the situation with them. If the student wishes to appeal further they must follow the process outlined below:

1. Within 30 calendar days of the end of the term, the student may submit a written appeal to the Online Chair, but should do so through Liberty University Online Advising. The student must include the information required above. The Online Chair will consult with the instructor and review the student's written appeal. The Online Chair will then notify Liberty University Online Advising, the instructor and the student of his/her decision.

2. If the student has additional support for their appeal, the student may submit a written appeal to the Online Associate Dean through Liberty University Online Advising after receiving the decision by the Online Chair. This written appeal must be received by Liberty University Online Advising within five business days of the Online Chair’s email. The Online Associate Dean will review the student's appeal, as well as any information provided by faculty member. When a decision has been reached, the Online Associate Dean will notify Liberty University Online Advising, the Online Chair, the faculty member and the student.

3. If the student has additional support for their appeal, after receiving the decision by the Online Associate Dean, the student may submit a written appeal to the Online Academic Dean through Liberty University Online Advising. This written appeal must be received by Liberty University Online Advising within 5 business days of the Online Associate Dean’s email. The Associate Dean will review the student's appeal, as well as any information provided by faculty member. When a decision has been reached, the Online Academic Dean will notify Liberty University Online Advising, the Online Associate Dean, the Online Chair, the faculty member, and the student. The Online Academic Dean’s decision is final.

**ACADEMIC TRANSCRIPTS**

Official transcripts are made only at the written, signed request of the student concerned. No transcript will be issued for anyone who has failed to meet all financial obligations to the University.
Official transcripts are not released directly to the student. Requests for transcripts are to be made directly to the Registrar’s Office. There is a $10.00 fee for one transcript. Additional transcript requests made at the same time are $1.00 each.

**GRADUATION HONORS**

Honors for graduation will be determined by the cumulative grade point average earned at Liberty. Bachelor’s degree students who have earned 60 or more hours at Liberty must meet the following GPA standards to earn the corresponding academic distinction:

- 3.50 - 3.66  cum laude
- 3.67 - 3.84  magna cum laude
- 3.85 and above  summa cum laude

Those who have earned less than 60 hours at Liberty must meet the following GPA standards:

- 3.60 - 3.76  cum laude
- 3.77 - 3.94  magna cum laude
- 3.95 and above  summa cum laude

The final cumulative GPA will be determined after all grades have been recorded and that final cumulative GPA will determine the specific honor that will be printed on the diploma and transcript.

Associate degree students who have a 3.50 cumulative GPA will receive honors at Commencement.

**GRADUATION REQUIREMENTS**

All matriculated students, whether Resident or Liberty University Online, must meet the same academic requirements for graduation. Undergraduate students must have all courses in the General Education core and in the declared major and minor completed before being considered candidates for graduation.

1. The bachelor’s degree requires a minimum of 120 semester hours. Of these total hours, a specified number of upper-level (300-400) courses must be completed with the minimum number being 30 semester hours. Each program differs; therefore, the student must follow the degree requirements carefully. The Associate of Arts degree requires a minimum of 60 semester hours.

2. Each undergraduate degree program consists of designated General Education requirements, a major, and electives. Electives may be taken from the undergraduate courses offered in any department. A GPA of 2.00 or higher, unless otherwise specified in a particular major or minor, is required for graduation.

3. To satisfy the requirements for the major and minor fields of study, only grades of C or above in upper level courses may be included. This includes directed electives. Certain majors require a grade of C or above in all major courses.

4. Students who return to Liberty to complete a second major at the undergraduate level must take a minimum of 30 additional hours of coursework at Liberty to qualify for a second degree.

5. Thirty (30) semester hours of the bachelor’s coursework must be completed at Liberty. Fifty percent of the semester hours in the major and minor must be completed at Liberty, unless otherwise specified within the degree requirements. Fifteen (15) semester hours within the associate’s degree must be completed at Liberty, and with the exception of the A.A. in Interdisciplinary Studies, 50% of the hours in the major component of the A.A. degree must be completed at Liberty.

---

**GRADUATION APPROVAL**

All candidates for graduation must be approved by the Faculty and the Board of Trustees.

**GRADUATION CEREMONY**

Degrees are granted throughout the academic school year. All candidates for degrees may participate in the annual graduation exercises which take place in May.

**TIME LIMITS FOR DEGREE COMPLETION**

Students pursuing an associate’s degree must complete the degree requirements within seven (7) years of the date of matriculation.

Students pursuing a bachelor’s degree must complete the degree requirement within 10 years of the date of matriculation.

Any student who does not complete coursework within the permissible time limit for any reason, including discontinued enrollment, must reapply for readmission and will be subject to the requirements of the Catalog and Degree Completion Plan (DCP) in effect at the time of his/her readmission.

A break in enrollment occurs when the student fails to enroll in at least one course during an academic year. The academic year begins with the start of the fall semester and ends with the conclusion of the summer term. Students who break enrollment must apply for readmission and will be subject to the requirements of the Catalog and degree requirements in effect at the time of their readmission.

PERSONAL NEEDS

Laundry, cleaning, spending money, items related to personal grooming, towels, sheets, pillow(s), off-campus transportation, etc., vary and are an individual’s responsibility.

RESIDENT STUDENTS TAKING ONLINE COURSES

A resident student, who takes any number of online courses, will be charged at the Resident rate.

It is the student’s responsibility to complete Financial Check-In to secure their online courses and make payment arrangements. More information regarding online courses is available online at https://www.liberty.edu/index.cfm?PID=17421 (login required).

FINANCIAL CHECK-IN (FCI)

All students are required to complete Financial Check-In through Liberty University’s online system (ASIST). Official Financial Check-In (matriculation) occurs when a student has completed Financial Check-In located through ASIST online. The Financial Check-In is a system where ALL students complete their financial arrangements with Liberty University for tuition and fees, which include prior, current, and future balances. Deadlines, specific procedures and payment options can be viewed on the Student Accounts web page www.liberty.edu/studentaccounts. Students that do not complete Financial Check-In by the published deadline will be subject to having their courses and housing (if applicable) dropped and will be assessed the Late Check-In Fee.

All students are required to register and complete FCI prior to arriving on campus or attending a class.

- First term Residential Students: Complete Financial Check-In online, and then register for classes.
- Returning Residential Students: Register for courses during the open registration period, and then complete Financial Check-In online.
EXPENSES AND FINANCIAL POLICY – RESIDENT PROGRAM

• All Online Students: Register for courses and then complete Financial Check-In online.

Please visit the Student Accounts web page for current information on procedures, payment options, and schedules: http://www.liberty.edu/studentaccounts.

INITIAL PAYMENTS FOR RETURNING STUDENTS

Once a returning student completes Financial Check-In, all payments made prior to the beginning of the semester are held in deposit to secure the student’s course schedule, institutional grants or scholarships, and campus housing, as applicable.

Should the student decide not to return, the University must be notified in writing with a request for refund of the initial payments prior to the last day of drop/add. This written request may be sent to studentrefund@liberty.edu. Without prior written notification, the student and money on the account are subject to the conditions described in the official withdrawal policy (explained below).

PAYMENTS ON STUDENT ACCOUNT

Payment on a student account can be made in the form of a check, money order, cashier’s check, credit card, or online via the student’s ASIST account. Cash payments are received at the General Cashiers Office in the Student Service Center located in Green Hall. A student’s account must be paid in full prior to registering for any future courses. The Financial Check-In online system confirms the financial arrangements with Liberty University. When a student completes Financial Check-In for a future term, and then becomes delinquent in the current term, (i.e. loans are returned to the lender), the resulting balance must be resolved prior to the start of the future term. It is in the best interest of the student, in this circumstance, to consult with a Student Accounts Representative to discuss options for resolution on account.

Monthly statements are sent by email to current and former students who have an outstanding balance on their account. Statements are sent to the student’s Liberty email address.

PAYMENT PLANS

The University offers Tuition Payment Plan (TPP) options to students in the form of scheduled, automatic, monthly payment drafts for student account balances. A non-refundable Payment Plan Participation Fee is charged for each semester that the student participates in the TPP. The initial payment will draft within 24 hours of establishing the payment plan, and the remaining installments are automatically processed on the scheduled draft date (1) from a bank account; (2) from a debit/credit card account. No interest is charged on the outstanding balance while in a TPP.

Those students who enter a TPP and later withdraw from the plan are still subject to the Payment Plan Participation Fee. While the system will accommodate online adjustments to an account as additional credits or debits alter the total balance, changes to a TPP requiring University staff intervention are subject to a Payment Plan Change Fee.

It is the responsibility of the student, and person financially responsible for the student’s account, to maintain current bank or credit card information and to ensure that the account has sufficient funds at the time of the scheduled draft under the TPP agreement. When using a card, confirm with the bank or credit card company that the daily spending limit can accommodate the draft amount, avoiding declined drafts and resulting fees. Only institutions that allow automatic debit/credit card drafts may be used. Liberty University cannot draft payments from non-U.S. bank accounts, money markets, trusts, home equity or savings accounts.

Payment Plan options will vary depending upon when Financial Check-In is completed.

CHARGEBACK FEE

If a chargeback is initiated by a student, and the Merchant findings are in favor of the University, the student’s account will be assessed a chargeback fee. The fee amount is dependent on the current credit card processor’s fee to the University.

RETURNED PAYMENT FEE

A student will be charged a Returned Payment Fee for any returned or declined payment made via check, automatic draft or declined credit card draft(s). After two returned or declined payments, all transactions for the remainder of the academic year can only be made by cash, money order, or certified check. Repeat offenders may lose the privilege of utilizing the check payment option, and monthly payment plan options. Any future payment options will be at the discretion of the Director of Student Accounts. If a student provides invalid checking or credit card account information for their Tuition Payment Plan, the student’s account will also be subject to the Returned Payment Fee.

CHECK CASHING

As a courtesy to our currently enrolled students, the General Cashiers Office will cash checks from parents, the student’s personal checking account, or a Liberty University payroll check.

The maximum amount for cashing is $50 and can only be cashed once a week. A fee of $1 per check will be charged for each check cashed. If a check is returned to the University for any reason, the student’s account will be assessed the check amount as well as the Return Payment Fee. After two (2) offenses, the student will lose the privilege of cashing checks with Liberty University.

FLAMES PASS

Every student, living on or off campus, receives a Flames Pass, the official campus identification card. This card is used to access meal plans, athletic events, the LaHaye Student Center, and other campus events.

In the event the card is lost, the student may purchase a replacement at the cost of $25.

Additional information about the Flames Pass can be found online at http://www.liberty.edu/index.cfm?PID=20975.

FLAMES CASH

Flames Cash is the declining balance account on the Flames Pass. These funds are accepted at participating merchants on and off campus. For more information on Flames Cash, how to load funds onto card and where funds can be used, please visit http://www.liberty.edu/index.cfm?pid=21106.

HIGHER ONE CARD

The Higher One card is issued to every Liberty University student as a tool for receiving refunds. Higher One is the banking partner that disburses refunds for the University. Please see the Card Services website http://www.liberty.edu/cardservices for more information.

In the event the card is lost, the student may purchase a replacement at the cost of $15.

BOOKS AND SUPPLIES

Tuition does not cover the cost of course materials. Costs will vary according to the student’s course of study and the availability of used books. The cost of textbooks and supplies will average $800 per semester. Students should purchase materials after registration but prior to the sub-term begin date (course activation). Liberty University does not guarantee that required course materials will be available after the sub-term activation date.
**Online courses**: All online course materials are available through MBS Direct, and may be available at the University Bookstore. Online purchases are made through MBS Direct at [http://www.mbsdirect.net/liberty](http://www.mbsdirect.net/liberty).

The following funds may be used by resident students when purchasing textbooks:

- **Book Dollars**: Awarded to new first term students upon completion of Financial Check-In. Amount of award will be determined according to the Financial Check-In completion date.
- **Book Vouchers**: Students can include funds through Financial Check-In, as a book voucher, which is then transferred for use, to the Liberty University Bookstore.
- **Flames Cash**: Funds can be applied to a Flames Cash Account and used at the Bookstore, as well as other approved participating merchants. Current information is found at [http://www.liberty.edu/index.cfm?pid=21106](http://www.liberty.edu/index.cfm?pid=21106).

**ACTIVITY FEE**

All resident students are required to pay an Activity Fee each semester. This fee provides access to campus activities, admission to athletic events, access to the recreational facilities, and to help offset the cost of other resources dedicated to student activities. Regardless of residence status, all students are subject to this fee. This fee is not pro-rated for part-time students.

**COURSE FEES**

Course fees and fees charged by organizations other than the University, will be paid by the student in addition to normal tuition charges. A list of course fees is published on the Registrar’s web page online at [http://www.liberty.edu/registrar](http://www.liberty.edu/registrar).

**HOUSING FEE**

A student living in University housing is required to pay the applicable housing fee each semester depending on location and amenities. This fee covers room, and the basic resident meal plan in the University dining hall.

If a student moves into a dorm, and then withdraws or is allowed to move off campus (see regulations in the Student Affairs section of this publication) during the first three weeks of the semester, the student will be charged as follows:

- **Main Campus** - $220 per week for any part of a week in which the student resides in the residence hall, or belongings remain in room.
- **Quads Living** - $235 per week for any part of a week in which the student resides in the residence hall, or belongings remain in room.
- **Campus East** - $275 per week for any part of a week in which the student resides in the residence hall, or belongings remain in room.

There will be no adjustment made for the room portion of the housing fee if the student moves off campus after the three-week period; however, the meals portion will be rebated at a flat rate of $40 per week for the unused portion of the semester. The three-week adjustment period begins on the first official day of classes.

New and transfer students who attend orientation, live in University housing prior to the first week of classes, and who then withdraw at any time before the 1st week of classes, will be charged $150 for their stay.

**NEW STUDENT ASSESSMENT FEES**

All new Resident students, both freshman and college transfer students, are required to take a computer assessment. If a student transfers a course that demonstrates competency in the required computer skills, the test requirement can be waived.

Students have the option to take assessments in English and Math. These assessments aid in placing students in the appropriate course levels in these disciplines.

An Assessment Fee will be applied to the student’s account for each assessment taken.

**TECHNOLOGY FEE**

All students, regardless of on-campus, off-campus, full- or part-time status, are required to pay a Technology Fee each semester. This helps provide for the operation and modernization of Liberty University’s technological capabilities. These capabilities offer direct and indirect benefits to our students. These funds contribute to improving educational and classroom facilities, information services accessible both on and off campus, student services, and administration.

**TRANSPORTATION FEE**

The Transportation Fee helps offset the cost of the intra-campus transportation system, off-campus transportation access, and other resources provided by the University dedicated to student transportation services. In addition, Liberty University students receive universal access pass privileges to use the Lynchburg Public Transit System at no cost. This is a required fee for all students, regardless of residence status, and is not pro-rated for part-time students.

**WITHDRAWAL FEE**

A fee of $50 will be charged for the processing of an official, unofficial, medical, or administrative withdrawal. A student who ceases to attend classes will receive the withdrawal fee, for the processing of an unofficial withdrawal.

**GRADUATION FEE**

All graduating students must complete a graduation application through their ASIST account. A $100 Graduation Application fee will be assessed to the term in which the student submits the application.

The Graduation Fee is automatically assessed by the Student Accounts Office near the time of the Graduation Application, not degree conferral. This fee is not contingent on the student’s attendance at graduation events and activities; it is assessed for processing the graduation application. This fee is non-refundable.

**FEE APPEAL POLICY**

A written appeal may be submitted to the department that assessed the charge. If the disputed charge cannot be reconciled with the assessing department, a written appeal with all supporting documentation can be submitted to the Student Accounts Office within 30 business days of the billing/notification.

1. All pertinent information will be obtained and compiled by the Student Accounts Office.
2. The disputed charge will be reviewed by authorized Student Accounts Representatives.
3. A decision will be made by the authorized Representatives and the student notified.
4. If necessary, an appeal may be reviewed by a Manager and/or Associate Director to render a final decision.

All appeals are to be submitted online at http://www.liberty.edu/index.cfm?PID=20659. All appeals will receive a response within 30 days after the written appeal has been received.

REFUND POLICY FOR ENROLLED STUDENTS:

Enrolled qualified students can receive a refund from their student account once all obligations have been met and a credit balance remains. Students register their refund preferences with their Higher One card. At the end of each academic year, all Title IV (Federal Grants and Federal Loans) credit balances must be refunded. Credit balances will be refunded to the students ONLY.

Refunds may be processed as follows, depending on the origination of funds.

1. Credit/Debit Card Refunds

When requested, credit balances resulting from credit or debit card payment(s) will be refunded, but only to the same card used when payment was processed.

2. All Other Refunds (i.e. Cash, Check, E-Check, ACH Drafts)

Credit balances will be refunded by check to the students ONLY, or through the Higher One Card if requested.

Title IV Refunds

(Federal Unsubsidized Loan, Federal Subsidized Loan, Federal Parent PLUS loan, Federal Pell Grant, FSEOG, etc.)

Within the Financial Check-In process, students authorize the handling of a credit balance on their student account. The funds may either be held throughout the academic year, applying to any account balance, or students can authorize the credit balance to be refunded. These credits are processed within 14 days from the first day of classes or when loans are disbursed, whichever is later.

Title IV credits will be refunded according to student’s refund preference selected on his or her Higher One Card account. Students can select either One Account Deposit or ACH Transfer to another bank.

Credits from Parent PLUS will be refunded to the loan applicant in the form of a check, unless written authorization is submitted to the Financial Aid Office stating that the refund may be sent to the student.

Refunds Unrelated to Title IV Aid

Students must submit a written request to receive a refund not related to Title IV aid. Written request must be sent to:

- Residential students: studentrefunds@liberty.edu
- Online students: luorefunds@liberty.edu

OFFICIAL WITHDRAWAL POLICY

Liberty University is committed to the success of every student and will work with each student to determine the best option to alleviate financial and academic challenges and get students back on track in their studies. Withdrawals from Liberty University fall under different categories: academic, administrative, medical or personal.

Note: Students who must withdraw due to military deployment are encouraged to speak with the Academic Advising Office regarding their options.

- Resident Student:

  o Withdrawing from individual courses, while maintaining enrollment in others, does not constitute a total withdrawal.
  o Students requesting to withdraw from courses during the semester must submit a Withdrawal Form to the Registrar. Generally, the withdrawal date will be the date the student submitted the form to the Registrar.

- Online Student:

  o Withdrawing from individual courses in a sub-term (including overlapping 16-week sub-terms) does not constitute a total withdrawal until that student has withdrawn from all courses in that sub-term (including overlapping 16-week sub-terms).
  o A student withdrawing from a sub-term, when registered for course(s) within a future sub-term, must submit a letter of intent regarding any future sub-terms within the semester of withdrawal. If no letter of intent is received at time of withdrawal, the student will be automatically dropped from the future sub-terms, resulting in a total withdrawal from the semester.
  o Students requesting to withdraw must submit the Intent to Withdraw Form to their academic advisor. This will constitute a withdrawal. Generally, the withdrawal date will be the date the Intent to Withdraw Form is received in advising.

UNOFFICIAL WITHDRAWAL

The University has established a procedure, in accordance with Title IV regulations, to determine if students enrolled in the online courses are progressing toward the completion of their courses. The Title IV regulations require universities to have a mechanism in place for determining whether or not a student who began a course, and received or could have received a disbursement of Title IV funds, unofficially withdrew.

Students who have begun, yet cease to submit any academic assignments (such as an examination, written paper or project, discussion board post, or other academic event) during the enrollment period, will be assigned grades of FN. Students receiving all FN’s in a semester will be processed as an unofficial withdrawal. The withdrawal date is the last date an academic assignment was submitted during the enrollment period. A Title IV withdrawal calculation will be performed for the student and the student will be reported as withdrawn. Students will be notified by the Financial Aid Office regarding the results of the Title IV withdrawal calculation.

MEDICAL WITHDRAWAL POLICY

This applies to Resident students only and only for medical conditions documented by the on-campus Liberty University Health Services physicians. Tuition, mandatory fees and housing fee will be pro-rated by week or any portion for a week attended. Other fees are charged at 100%.

TITLE IV WITHDRAWAL POLICY

When students withdraw from all classes in a given term, they will be subject to a proration of all federal, state and institutional aid. This proration takes into account the total number of days that the student was enrolled. For instance, if there are 100 days in a term, and a student withdraws on day 20, that student has earned 20% of his federal, state and institutional aid. All remaining aid is unearned, and unearned portions of federal funds are required by law to be sent back to the federal government (34 CFR 668.22).

Please note that Liberty University institutional aid will be prorated according to the same schedule as Title IV federal student aid.

Because of these provisions, please be aware that having enough financial aid to cover your charges at the beginning of the
semester does not ensure that your financial aid will completely cover your charges at the time of withdrawal.

To begin the withdrawal process:
- Resident Students must contact their Student Advocate
- Online students must contact their Academic Advisor

For more information on the financial repercussions of withdrawing, please contact Liberty University’s Financial Aid Office at 1-888-583-5704.

WITHDRAWAL REFUND POLICY
Depending on the student’s state of residence, there may be specific state requirements regarding withdrawal refunds.

Resident students are considered ‘withdrawn from the University’ if they withdraw from all courses for the semester.
- Any resident student who withdraws from the University and completes the official withdrawal procedure will receive a refund of tuition and fees as follows:
  1. 100% will be credited if a student withdraws during the first week of classes
  2. 50% will be credited if a student withdraws during the second, third or fourth week of classes
  3. 25% will be credited if a student withdraws during the fifth through eighth week of classes
  4. No tuition or fees will be credited after the eighth week of classes
- The Housing fee will be charged for any part of a week in which the student resides in the dormitory, at the following rates:
  - $200 per week for Main Campus residence halls
  - $215 for Quad-living residence halls
  - $250 per week for Campus East residence halls
- There will be no rebate for the room portion of the dormitory fee after the first three weeks.
- The meals portion will be rebated at a flat rate of $40 per week for the unused portion of the semester, regardless of room location.

Online students who are currently enrolled in courses for a given term (including overlapping 16-week sub-terms) will be considered totally withdrawn when they withdraw from all courses in a sub-term.
- Any student who completes the official withdrawal procedure will receive a refund of tuition and mandatory fees (i.e. technology and activity fees, if applicable) as follows:
  1. 100% tuition and fees will be credited if the student withdraws within the first week of the class and before submission of the first assignment (first assignment includes the Course Checklist).
  2. 75% tuition and fees will be credited if the student withdraws after submitting their first assignment and through the end of the second week of classes.
  3. 50% tuition and fees will be credited if the student withdraws after the second week of classes and before the end of the fourth week of classes.
  4. 25% tuition and fees will be credited if the student withdraws after the fourth week of classes but before the seventh week of classes.
  5. No tuition or fees will be credited after the sixth week of classes.

Intensives: A week is defined as Monday morning at 12:00 a.m. through Sunday night at 11:59 p.m. This may not align with the posted deadlines.
1. One - Two Week Intensive (tuition and fees credit)
   - 100% - Start of class to close of the first day
   - 50% - Start of class to close of the second day
   - 0% - After the close of the second day, the student is liable for ALL tuition and fees
2. Three Week Intensive (tuition and fees credit)
   - 100% - Start of class to close of the first day
   - 50% - Start of class to close of the third day
   - 25% - Start of class to close of the fifth day
   - 0% - After the close of the fifth day, the student is liable for ALL tuition and fees
3. Four Week Intensive (tuition and fees credit)
   - 100% - Start of class to close of the first day (End of drop/add period)
   - 50% - Start of class to close of the fourth day
   - 25% - Start of class to close of the seventh day
   - 0% - After the close of the seventh day, the student is liable for ALL tuition and fees

UNPAID ACCOUNTS
Tuition, housing (if applicable), and other costs on a student’s account are payable prior to or at the time of Financial Check-In. Students with unpaid accounts will not be eligible to register for subsequent terms. Students who do not make payment on their account within a reasonable amount of time will be denied access to the cafeteria, printing services, and library until such arrangements are made. If a student is 10 or more days delinquent on his account, the student may be removed from classes. They will also be ineligible to receive an official transcript or diploma until the account is paid in full. The student will be responsible for any collection fees incurred in collecting the account. A 1% finance charge (12% APR) may be assessed each month on outstanding balances.

FINANCIAL CHECK-IN (FCI)

All students are required to complete Financial Check-In through Liberty University’s online system (ASIST). Official Financial Check-In (matriculation) occurs when a student has completed Financial Check-In located through ASIST online. The Financial Check-In is a system where ALL students complete their financial arrangements with Liberty University for tuition and fees, which include prior, current, and future balances. Deadlines, specific procedures and payment options can be viewed on the Student Accounts webpage www.liberty.edu/studentaccounts. Students that do not complete Financial Check-In by the published deadline will be subject to having their courses and housing (if applicable) dropped and will be assessed the Late Check-In Fee.

All students are required to register and complete FCI prior to arriving on campus or attending a class.

All Online Students: Register for courses and then complete Financial Check-In online.

Please visit the Student Accounts web page for current information on procedures, payment options, deadlines, and schedules: http://www.liberty.edu/studentaccounts.

INITIAL PAYMENTS FOR RETURNING STUDENTS

Once a returning student completes Financial Check-In, all payments made prior to the beginning of the semester are held in deposit to secure the student’s course schedule, institutional grants or scholarships, and campus housing, as applicable.

Should the student decide not to return, the University must be notified in writing with a request for refund of the initial payments prior to the last day of drop/add. This written request may be sent to luostudentrefunds@liberty.edu. Without prior written notification, the student and money on the account are subject to the conditions described in the official withdrawal policy (explained below).

PAYMENTS ON STUDENT ACCOUNT

Payment on a student account can be made in the form of a check, money order, cashier’s check, credit card, or online via the student’s ASIST account. Cash payments are received at the General Cashiers Office in the Student Service Center located in Green Hall. A student’s account must be paid in full prior to registering for any future courses. The Financial Check-In online system confirms the financial arrangements with Liberty University. When a student completes Financial Check-In for a future term, and then becomes delinquent in the current term, (i.e. loans are returned to the lender), the resulting balance must be resolved prior to the start of the future term. It is in the best interest of the student, in this circumstance, to consult with a Student Accounts Representative to discuss options for resolution on account.

Monthly statements are sent by email to current and former students who have an outstanding balance on their account. Statements are sent to the student’s Liberty email address.

PAYMENT PLANS

The University offers Tuition Payment Plan (TPP) options to students in the form of scheduled, automatic, monthly payment drafts for student account balances. A non-refundable Payment Plan Participation Fee is charged for each semester that the student participates in the TPP. The initial payment will draft within 24 hours of establishing the payment plan, and the remaining installments are automatically processed on the scheduled draft date (1) from a bank account; or (2) from a debit/credit card account. No interest is charged on the outstanding balance while in a TPP.

54
Those students who enter a TPP and later withdraw from the plan are still subject to the Payment Plan Participation Fee. While the system will accommodate online adjustments to an account as additional credits or debits alter the total balance, changes to a TPP requiring University staff intervention are subject to a Payment Plan Change Fee.

It is the responsibility of the student, and person financially responsible for the student’s account, to maintain current bank or credit card information and to ensure that the account has sufficient funds at the time of the scheduled draft under the TPP agreement. When using a card, confirm with the bank or credit card company that the daily spending limit can accommodate the draft amount, avoiding declined drafts and resulting fees. Only institutions that allow automatic debit/credit card drafts may be used. Liberty University cannot draft payments from non-U.S. bank accounts, money markets, trusts, home equity or savings accounts.

Payment Plan options will vary depending upon when Financial Check-In is completed.

CHARGEBACK FEE

If a chargeback is initiated by a student, and the Merchant findings are in favor of the University, the student’s account will be assessed a chargeback fee. The fee amount is dependent on the current credit card processor’s fee to the University.

RETURNED PAYMENT FEE

A student will be charged a Returned Payment Fee for any returned or declined payment made via check, automatic draft or declined credit card draft(s). After two returned or declined payments, all transactions for the remainder of the academic year can only be made by cash, money order, or certified check. Repeat offenders may lose the privilege of utilizing the check payment option, and monthly payment plan options. Any future payment options will be at the discretion of the Director of Student Accounts. If a student provides invalid checking or credit card account information for their Tuition Payment Plan, the student’s account will also be subject to the Returned Payment Fee.

CHECK CASHING

As a courtesy to our currently enrolled students, the General Cashiers Office will cash checks from parents, the student’s personal checking account, or a Liberty University payroll check.

The maximum amount for cashing is $50 and can only be cashed once a week. A fee of $1 per check will be charged for each check cashed. If a check is returned to the University for any reason, the student’s account will be assessed the check amount as well as the Return Payment Fee. After two (2) offenses, the student will lose the privilege of cashing checks with Liberty University.

FLAMES PASS

The Flames Pass is the official campus identification card, and is available to online students. This card is used to access meal plans, athletic events, the LaHaye Student Center, and other campus events.

In the event the card is lost, the student may purchase a replacement at the cost of $25. Additional information about the Flames Pass can be found online at http://www.liberty.edu/index.cfm?pid=20975.

FLAMES CASH

Flames Cash is the declining balance account on the Flames Pass. These funds are accepted at participating merchants on and off campus. For more information on Flames Cash, how to load funds onto card and where funds can be used, please visit http://www.liberty.edu/index.cfm?pid=21106.

HIGHER ONE CARD

The Higher One card is issued to every Liberty University student as a tool for receiving refunds. Higher One is the banking partner that disburses refunds for the University. Please see the Card Services website http://www.liberty.edu/cardservices for more information.

In the event the card is lost, the student may purchase a replacement at the cost of $15.

BOOKS AND SUPPLIES

Tuition does not cover the cost of course materials. Costs will vary according to the student’s course of study and the availability of used books. Students should purchase materials after registration but prior to the sub-term begin date (course activation). Liberty does not guarantee that required course materials will be available after the sub-term activation date.

All online course materials are available online through MBS Direct: http://www.mbsdirect.net/liberty.

If a student has a credit on their Liberty University student account, course materials may be charged to the student’s account by means of the online book voucher system.

- Book Vouchers: Students can include funds through Financial Check-in via a Book Voucher, which is then transferred for use to MBS Direct. When Financial Check-In is completed an initial voucher or additional Voucher can be added up to the credited amount on the account. Any excess Voucher over the amount of the credit will be out of pocket. Note: Book Vouchers for online students can only be used at MBS Direct.

Any online student taking a Resident or Intensive class may need to purchase their materials through the campus Liberty University Bookstore.

ONLINE CLASS ATTENDANCE

Regular attendance in online courses is expected throughout the length of the term. Online students who do not attend within the first week of a sub-term by submitting an academic assignment (such as the course requirement checklist, an examination, written paper or project, discussion board post, or other academic event) will be dropped from the course roster and will not be allowed to submit further course work. The student may appeal to their instructor to remain in the course.

The online student alone assumes responsibility for course work missed from non-attendance. A student who presents the instructor with an adequate and documented reason for absence may be given an opportunity to make up the work missed.

Online students who begin attendance by submitting an academic assignment and then cease progressing toward the completion of the course will be assigned a grade of FN during the semester.

COURSE FEES

Course fees and fees charged by organizations other than the University, will be paid by the student in addition to normal tuition charges. A list of course fees is published on the Registrar’s website online at http://www.liberty.edu/registrar.

ON CAMPUS INTENSIVE FEE

Liberty University Online students who attend an intensive course on campus will be charged an activity fee of $25 per course.

ACTIVITY FEE FOR ON-CAMPUS INTENSIVE(S)

Liberty University Online students who attend an intensive course on campus will be charged an activity fee of $15 per credit.
EXPENSES AND FINANCIAL POLICY – ONLINE PROGRAM

TECHNOLOGY FEE
All students, regardless of on-campus, off-campus, full- or part-time status, are required to pay a Technology Fee each semester. This helps provide for the operation and modernization of Liberty University’s technological capabilities. These capabilities offer direct and indirect benefits to our students. These funds contribute to improving educational and classroom facilities, information services accessible both on and off campus, student services, and administration.

| ALL students taking an **intensive** course on campus will be charged a technology fee. If a student has already paid the semester technology fee in which the intensive is taken, an additional technology fee will not be charged. |

WITHDRAWAL FEE
A fee of $50 will be charged for the processing of an official, unofficial, medical, or administrative withdrawal. A student who ceases to attend classes will receive the withdrawal fee, for the processing of an unofficial withdrawal.

GRADUATION FEE
All graduating students must complete a graduation application through their ASIST account. A $100 Graduation Application Fee will be assessed to the term in which the student submits the application.

The Graduation Application Fee is automatically assessed by the Student Accounts Office near the time of the Graduation Application, not degree conferral. This fee is not contingent on the student’s attendance at graduation events and activities; it is assessed for processing the graduation application. This fee is non-refundable.

FEE APPEAL POLICY
A written appeal may be submitted to the department that assessed the charge. If the disputed charge cannot be reconciled with the assessing department, a written appeal with all supporting documentation can be submitted to the Student Accounts Office within 30 business days of the billing/notification.

1. All pertinent information will be obtained and compiled by the Student Accounts Office.
2. The disputed charge will be reviewed by authorized Student Accounts Representatives.
3. A decision will be made by the authorized Representatives and the student notified.
4. If necessary, an appeal may be reviewed by a manager and/or associate director to render a final decision.

All appeals are to be submitted online at [http://www.liberty.edu/index.cfm?PID=20659](http://www.liberty.edu/index.cfm?PID=20659). All appeals will receive a response within 30 days after the written appeal has been received.

REFUND POLICY FOR ENROLLED STUDENTS:
Enrolled qualified students can receive a refund from their student account once all obligations have been met and a credit balance remains. Students register their refund preferences with their Higher One card. At the end of each academic year, all Title IV (Federal Grants and Federal Loans) credit balances must be refunded. Credit balances will be refunded to the students ONLY.

Refunds may be processed as follows, depending on the origination of funds.

1. **Credit/Debit Card Refunds**
   When requested, credit balances resulting from credit or debit card payment(s) will be refunded, but only to the same card used when payment was processed.

2. **All Other Refunds (i.e. Cash, Check, E-Check, ACH Drafts)**
   Credit balances will be refunded by check to the students ONLY, or through the Higher One Card if requested.

Title IV Refunds
(Federal Unsubsidized Loan, Federal Subsidized Loan, Federal Parent PLUS Loan, Federal Pell Grant, FSEOG, etc.)
Within the Financial Check-In process, students authorize the handling of a credit balance on their student account. The funds may either be held throughout the academic year, applying to any account balance, or students can authorize the credit balance to be refunded. These credits are processed within 14 days from the first day of classes or when loans are disbursed, whichever is later.

Title IV credits will be refunded according to student’s refund preference selected on his or her Higher One Card account. Students can select either One Account Deposit or ACH Transfer to another bank.

Credits from Parent PLUS will be refunded to the loan applicant in the form of a check, unless written authorization is submitted to the Financial Aid Office stating that the refund may be sent to the student.

Refunds Unrelated to Title IV Aid
Students must submit a written request to receive a refund not related to Title IV aid. Written request must be sent to:

- Residential students: studentrefunds@liberty.edu
- Online students: luorefunds@liberty.edu

OFFICIAL WITHDRAWAL POLICY
Liberty University is committed to the success of every student and will work with each student to determine the best option to alleviate financial and academic challenges and get students back on track in their studies. Withdrawals from Liberty University fall under different categories: academic, administrative, medical or personal.

**PLEASE NOTE:** Students who must withdraw due to military deployment are encouraged to speak with the Academic Advising Office regarding their options.

- Withdrawing from individual courses in a sub-term (including overlapping 16-week sub-terms) does not constitute a total withdrawal until that student has withdrawn from all courses in that sub-term (including overlapping 16-week sub-terms).
- A student withdrawing from a sub-term, when registered for course(s) within a future sub-term, must submit a letter of intent regarding any future sub-terms within the semester of withdrawal. If no letter of intent is received at time of withdrawal, the student will be automatically dropped from the future sub-terms, resulting in a total withdrawal from the semester.
- Students requesting to withdraw must submit the **Intent to Withdrawal Form** to their academic advisor. This will constitute a withdrawal. Generally, the withdrawal date will be the date the **Intent to Withdrawal Form** is received in advising.

Liberty University Undergraduate Catalog – 2012-2013
UNOFFICIAL WITHDRAWAL

The University has established a procedure, in accordance with Title IV regulations, to determine if students enrolled in the online courses are progressing toward the completion of their courses. The Title IV regulations require universities to have a mechanism in place for determining whether or not a student who began a course, and received or could have received a disbursement of Title IV funds, unofficially withdrew.

Students who have begun, yet cease to submit any academic assignments (such as an examination, written paper or project, discussion board post, or other academic event) during the enrollment period, will be assigned grades of FN. Students receiving all FN’s in a semester will be processed as an unofficial withdrawal. The withdrawal date is the last date an academic assignment was submitted during the enrollment period. A Title IV withdrawal calculation will be performed for the student and the student will be reported as withdrawn. Students will be notified by the Financial Aid Office regarding the results of the Title IV withdrawal calculation.

TITLE IV WITHDRAWAL POLICY

When students withdraw from all classes in a given term, they will be subject to a proration of all federal, state and institutional aid. This proration takes into account the total number of days that the student was enrolled. For instance, if there are 100 days in a term, and a student withdraws on day 20, that student has earned 20% of his federal, state and institutional aid. All remaining aid is unearned, and unearned portions of federal funds are required by law to be sent back to the federal government (34 CFR 668.22).

Please note that Liberty University institutional aid will be prorated according to the same schedule as Title IV federal student aid.

Because of these provisions, please be aware that having enough financial aid to cover your charges at the beginning of the semester does not ensure that your financial aid will completely cover your charges at the time of withdrawal.

To begin the withdrawal process:

- Resident Students must contact their Student Advocate
- Online students must contact their Academic Advisor

For more information on the financial repercussions of withdrawing, please contact Liberty University’s Financial Aid Office at 1-888-583-5704.

WITHDRAWAL REFUND POLICY

Depending on the student’s state of residence, there may be specific state requirements regarding withdrawal refunds. Online students who are currently enrolled in courses for a given term (including overlapping 16-week sub-terms) will be considered totally withdrawn when they withdraw from all courses in a sub-term.

- Any student who completes the official withdrawal procedure will receive a refund of tuition and mandatory fees (i.e. technology and activity fees, if applicable) as follows:
  1. 100% tuition and fees will be credited if the student withdraws within the first week of the class and before submission of the first assignment (first assignment includes the Course Checklist).
  2. 75% tuition and fees will be credited if the student withdraws after submitting their first assignment and through the end of the second week of classes.
  3. 50% tuition and fees will be credited if the student withdraws after the second week of classes and before the end of the fourth week of classes.
  4. 25% tuition and fees will be credited if the student withdraws after the fourth week of classes but before the seventh week of classes.
  5. No tuition or fees will be credited after the sixth week of classes.

Intensives: A week is defined as Monday morning at 12:00 a.m. through Sunday night at 11:59 p.m. This may not align with the posted deadlines.

1. One -Two Week Intensive (tuition and fees credit)
   - 100% - Start of class to close of the first day
   - 50% - Start of class to close of the second day
   - 0% - After the close of the second day, the student is liable for ALL tuition and fees

2. Three Week Intensive (tuition and fees credit)
   - 100% - Start of class to close of the first day
   - 50% - Start of class to close of the third day
   - 25% - Start of class to close of the fifth day
   - 0% - After the close of the fifth day, the student is liable for ALL tuition and fees

3. Four Week Intensive (tuition and fees credit)
   - 100% - Start of class to close of the first day (End of drop/add period)
   - 50% - Start of class to close of the fourth day
   - 25% - Start of class to close of the seventh day
   - 0% - After the close of the seventh day, the student is liable for ALL tuition and fees

UNPAID ACCOUNTS

Tuition, housing (if applicable), and other costs on a student’s account are payable prior to or at the time of Financial Check-In. Students with unpaid accounts will not be eligible to register for subsequent terms. Students who do not make payment on their account within a reasonable amount of time will be denied access to the cafeteria, printing services, and library until such arrangements are made. If a student is 10 or more days delinquent on his account, the student may be removed from classes. They will also be ineligible to receive an official transcript or diploma until the account is paid in full. The student will be responsible for any collection fees incurred in collecting the account. A 1% finance charge (12% APR) may be assessed each month on outstanding balances.

Financial Aid Information and Policies

Robert Ritz, B.S., M.Ed., Ph.D.
Vice President for Financial Aid

The Financial Aid Office coordinates and administers the financial aid programs for the University. The Financial Aid Office provides financial assistance to students who have a financial need and who would otherwise be unable to attend Liberty University. The student and the student’s family are primarily responsible for the cost of higher education. A student who needs financial assistance is expected to contribute by working or borrowing a reasonable portion of the funds needed for educational expenses. The student’s family, as applicable, is expected to make a maximum effort to assist in the payment of the expenses involved.

Financial aid is available to eligible students to help meet education-related expenses. The types of financial aid available include grants, loans, scholarships, and employment. Grants and scholarships are “gift aid” and need not be repaid. Loans must be repaid to the lender over an extended period, typically after the student leaves school. Employment offered as a type of financial aid is paid at a pre-determined rate for work actually performed.

All applicants for financial aid are required to:
1. Apply for admission to the University;
2. Be degree candidates. Student auditors, dually enrolled high school students and special non-degree students are not eligible for federal financial aid; and
3. Complete, electronically sign, and submit a Free Application for Federal Student Aid (FAFSA) with the United States Department of Education by March 1 of each year in which Federal Financial Aid is desired. Liberty University must be selected as an institution to receive a Student Aid Report. Students are urged to apply early for optimum financial aid benefits. Complete the FAFSA on the web at http://www.fafsa.ed.gov. Use the IRS Data Retrieval Tool when completing the FAFSA, when eligible.

For new students entering in the Spring semester, the preferred date to file the FAFSA is by October 1.

4. Complete verification when required.

Once the completed FAFSA is received by the United States Department of Education, information provided by the student on the FAFSA is used to generate a Student Aid Report (SAR). The SAR indicates the amount of money the student and/or the student’s family is expected to contribute towards the student’s education. This is called the Expected Family Contribution (EFC), and is used to determine the student’s financial need.

The student’s financial need is the difference between the Cost of Attendance and the EFC. The Cost of Attendance includes the educational expenses of:
1. Tuition;
2. Room and board (for students living on and off campus);
3. Required fees;
4. Books and supplies;
5. Transportation; and
6. Miscellaneous expenses.

The amounts for these six educational expenses are the student’s estimated Cost of Attendance at Liberty University, and they become the student’s budget for financial aid purposes. Only the actual tuition, fees, and room and board (for resident students) are charged on the student’s University bill.

Financial aid recipients are selected on the basis of demonstrated financial need (as stated earlier) and academic achievement. Most financial aid awards are based on full-time enrollment, which is a minimum of 12 semester hours for an undergraduate student. Please note that normally 15 hours per semester is required to complete a bachelor’s degree within four years. Each financial aid recipient is issued an Award Notification Letter, which is the University’s official estimate of financial aid. Award Notification Letters are emailed to the student’s Liberty email account. It is the student’s responsibility to review the award letter and notify the Financial Aid Office of any additional aid being received and of any desired reduction or cancellation of the aid offered. Students who want to reduce or decline federal loans that are automatically awarded to eligible students can complete a Federal Direct Student Loan Change Form in ASIST.

In order for a Liberty University student to continue to receive financial aid, the student must maintain Financial Aid Satisfactory Academic Progress. Liberty University’s policy for determining satisfactory academic progress is stated below.

For more information on financial aid, visit the Financial Aid Office located in the Student Service Center at Green Hall or on the Internet web site at http://www.liberty.edu/financialaid.

Financial Aid Satisfactory Academic Progress Policy (SAP)

The Financial Aid Office of Liberty University administers student financial aid programs from federal, state, and institutional sources. Institutional sources include scholarships, grants, discounts and Continuing Education and Dependent Grant-In-Aid benefits. The U.S. Department of Education requires schools to develop and implement policies by which academic progress is evaluated and monitored for all students, even those who did not receive financial aid in prior terms at Liberty University.

Students must meet Financial Aid Satisfactory Academic Progress (SAP) requirements to receive federal Title IV aid that includes Federal Pell Grants, Federal Supplemental Educational Opportunity Grants, Federal Work Study, Federal TEACH Grants, and Federal Direct Education Loans (Student, Parent PLUS and Graduate PLUS). Liberty University also applies the SAP requirements to monitor eligibility for all institutional aid. The Virginia Commonwealth programs are administered under the guidelines from the State Council of Higher Education for Virginia (SCHEV).

This policy describes the Financial Aid Satisfactory Academic Progress requirements and is in addition to and operates separately from the Academic Satisfactory Progress requirements for each academic program and department/division.

Evaluating Satisfactory Academic Progress:

The standards against which all students are measured include Qualitative, Quantitative, Maximum Time Frame, and “All Unearned Credits” standards. The academic record of all students is reviewed after the end of each term. The academic record review is cumulative and includes all courses taken at the student’s current academic level. After the evaluation, letters will be sent to all students who have insufficient academic progress and are being placed on Financial Aid Warning or Suspension as a result.
FINANCIAL AID INFORMATION AND POLICIES

Qualitative Standard
Cumulative GPA is composed of all coursework at the current academic level and is calculated by the Registrar’s Office. To meet the qualitative standards students must meet the minimum cumulative GPA as determined by their classification and program.

<table>
<thead>
<tr>
<th>Student Classification</th>
<th>Required Minimum Cumulative GPA for Program</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bachelors Programs 0 - 23.99 hours earned (except B.S. in Nursing)</td>

<td>Bachelors Programs 72 plus hours earned, Diploma (Th.G.), Associates Degree</td>
<td>2.00</td>
</tr>
<tr>
<td>B.S. in Nursing</td>
<td>2.50</td>
</tr>
</tbody>
</table>

Additional academic progress criteria may exist for certain financial aid programs. For example, some private scholarships and Commonwealth of Virginia programs require a higher cumulative grade point average than those listed above. Once a transfer student has grades for a payment period at Liberty University for coursework taken toward the eligible program, Liberty University will use the cumulative GPA calculated from those grades only.

Quantitative Standard
In order to meet the quantitative standard students must complete 67% of attempted coursework at the current level. Withdrawals, incompletes, repeated courses, failure grades, and transfer hours will count as attempted coursework. Please note: completion rates are not rounded up to meet progress. If a student has a completion rate of 66.666%, they are not meeting the minimum 67% federal requirement for financial aid satisfactory academic progress.

Maximum Time Frame
A student may not exceed a maximum number of attempted hours in any program even if aid was not received during that term or prior terms. Once the student reaches the maximum timeframe allowed the student will be ineligible to receive financial aid; or prior terms. Once the student reaches the maximum timeframe hours in any program even if aid was not received during that term.

</tr>
</tbody>
</table>

All Unearned Credits
Students attempting at least half-time level credits who earn no credits for the term will be placed on financial aid suspension and will not be permitted to receive financial aid in their next term.

Grades that do not count as earned toward completion of the academic program: Because some grades are NOT counted as earned credits toward the completion of a degree program, they are not counted as successfully completed credits toward the minimum financial aid satisfactory academic progress standards. Examples include, but are not limited to: AU, BU, CR, CU, F, FN, FW, I, IP, M, N, NP, U, W, WF, WP, WU, X, Z.

Break in Enrollment
When a student has a break in enrollment and is readmitted, the SAP status for prior terms will apply. For example, if a student is placed on financial aid suspension at the end of the Spring term, does not return in the Fall term, and is readmitted the next Spring term, the student will continue in a financial aid suspension status for that term.

Federally Defined Leaves of Absence (FLOA)
Liberty University does not grant federally defined Leaves of Absence for Financial Aid purposes. Instead of utilizing a federally defined Leave of Absence, the University assists students by:
- Making tutoring available
- Allowing students to work with faculty to finish incomplete coursework
- Allowing an official appeal of the Financial Aid Refund calculation based on unusual circumstances
- Allowing students to “stop-out” for one or more semesters
- Allowing students to drop courses with a “W” rather than an “F” during specific time-frames
- Allowing students to submit a Special Considerations Form (even during the period of enrollment) to
- Reconsider the calculation of need-based financial aid eligibility
- Allowing students to appeal a determination of insufficient satisfactory academic progress under the Financial Aid Satisfactory Academic Progress Policy requirements.

The “Federally Defined Leave of Absence” policy listed above is for student financial aid purposes only and does not address University policy for employees (i.e. FMLA regulations).

Terms/Parts-of-Term/Summer Sessions
A traditional semester is referred to as a standard term (e.g. Fall, Spring, and Summer). Standard terms, as defined by Liberty University, are comprised of a combination of smaller “sub-terms” (e.g. sub-term B, sub-term C, etc.). Satisfactory Academic Progress requirements are calculated based on the combined sub-terms as defined by Liberty University. Intercession credits from classes occurring during approximately the final two weeks of December and/or the first two weeks of January will be added to the Spring Term. Any other intensive courses will fall within a standard term (and be attributed to only that specific standard term). Summer sub-terms, for the purpose of credit hour load and measurement of progress, are combined together into the Summer term. The Summer term is considered a “trailer” at Liberty University. This means that aid processed for the Summer term will be based on the FAFSA from the prior year.

Delay or Changes with Future Aid
Every institution offering federal aid must check for satisfactory academic progress (SAP) at the conclusion of each term. In some cases, the grades are submitted on dates close to or during the subsequent term. This will delay the SAP review process and may affect aid in subsequent terms for some students. Students who are affected will see their financial aid satisfactory academic progress as “Waiting” status in ASIST until grades are submitted and SAP is reviewed.

Withdrawals and Incompletes
Courses from which a student withdraws or receives a grade of incomplete will not be considered as satisfactorily completed.
The courses, which will be considered courses attempted but not completed, may negatively affect eligibility for the next term. Additionally, they will factor into the measurement for the maximum time frame.

Repeated Courses
Repeated courses are considered in the maximum time frame requirement. The course/s will be considered as attempted each time the course is taken. Repeating the same course during the same term is not allowed as this would inflate the student’s enrollment level requiring the elimination of related financial aid. Additionally, a course that is repeated during the same term would cause an incorrect calculation of the completion rate (Quantitative Standard) listed above.

New federal regulations limit the amount of federal aid that can be used when repeating a course that has previously been passed with a grade of ‘D’ or higher. If a student earns a ‘W’ or ‘F’ in a course, the student can continue to repeat the course paid with federal aid so long as they are meeting minimum Financial Aid Satisfactory Academic Progress requirements. Once a grade of ‘D’ or higher is earned for a course, students can only repeat the course one more time and use federal aid to pay for the course. Three or more repeats of the passed course will not be counted towards federal aid eligibility or be eligible to use federal aid to pay for the course.

Examples:

<table>
<thead>
<tr>
<th>Grades Earned</th>
<th>Status</th>
</tr>
</thead>
<tbody>
<tr>
<td>D, C</td>
<td>Repeat is not eligible for federal aid</td>
</tr>
<tr>
<td>F, F, D, W, B</td>
<td>Repeat is not eligible for federal aid</td>
</tr>
<tr>
<td>F, F, D, B</td>
<td>Repeat is not eligible for federal aid</td>
</tr>
<tr>
<td>F, D, W, F</td>
<td>Repeat is not eligible for federal aid</td>
</tr>
</tbody>
</table>

If a student repeats a course that is not eligible for federal aid, a recalculation of aid is completed to exclude the credits for the repeated course.

This rule applies whether or not the student received aid for earlier enrollments in the course.

All repeated courses affect Financial Aid Satisfactory Academic Progress calculations. A repeated course, along with the original attempt, must be counted as attempted credit hours. All students must successfully complete 67% (66.669% will not be rounded) of cumulative attempted hours by the end of each term.

The University will maintain compliance with the regulatory stipulations surrounding repeat courses and how they should be handled during a review of satisfactory academic progress.

Transfer Courses
Transfer courses are not considered in determining eligibility under the qualitative measure but are considered in the quantitative and maximum time frame measurements. Transfer students are awarded as first-year students without regard to grade or warning status at the prior post-secondary institution. The Financial Aid SAP requirements would then be used to measure the transfer student’s continued status. Transfer credits must be evaluated and a grade-level established before any educational loans are processed.

Consortium Agreements
The number of credits earned under an approved consortium agreement is integrated into the student’s record upon completion of the course. Note: Courses must first be approved for transfer by the Liberty University Registrar’s Office. The Consortium Agreement is also subject to approval by both the home and host institution’s authorized financial aid staff. Failure to complete the course/s could negatively reflect in the SAP evaluation. Financial Aid staff from the home school will request information from the host school during the enrolled term to confirm continued enrollment and (at the end of the term) satisfactory academic progress. Failure to complete the course/s or completing a course/s in a manner that does not comply with University’s transfer standards will result in financial aid suspension and future requests for a consortium agreement will not be considered. If a SAP appeal is approved, unearned hours under the consortium agreement will not be calculated when future progress reviews occur.

Remedial/Developmental Course Work
Financial aid is not available for non-credit remedial courses. Remedial/Developmental courses carrying regular college credit are considered in determining the qualitative, quantitative and maximum time frame requirements for SAP. These courses are counted in enrollment for financial aid eligibility since they meet the following federally defined requirements:

1. They are not a prerequisite that would hinder admission into an eligible degree program at Liberty University.
2. They are less than one year in length.
3. They offer instruction above the 5th Grade Elementary level.
4. They are not used to satisfy high school graduation requirements.

ESL Courses
Financial aid, including Dependent Grant in Aid (DGIA) and Continuing Education (CE) benefits, is not available for students enrolled in the ESL/ELIL program. ESL courses taken as part of an undergraduate program are non credit courses. ESL/ELIL courses are not included in the calculation of satisfactory academic progress.

Special Student Status
Special Students are not eligible for federal and state aid. Some Special Students qualify for certain institutional aid programs. For this reason, the Quantitative Standard Rule, Maximum Timeframe Rule and All Unearned Credits Rule of the Financial Aid Satisfactory Progress Policy apply to Special Students. The minimum cumulative grade point average requirement for Special Students is as follows: 2.00 is required for Institute, Graduate, Doctoral and Law; 1.5 is required for Undergraduate Special Students.

Change in Major / Additional Degrees
When a student changes their major or seeks an additional degree, the student may appeal to the Financial Aid Office to have courses attempted and earned that do not count toward the student’s new major or degree excluded from the Maximum Time Frame calculation of a student’s SAP standing.

Changed Grades
If a grade used changed, the student is required to notify the Financial Aid Office immediately. The Financial Aid Office will then initiate a review of the effect of the grade change on academic progress within 30 days of notification. A grade change late in or after the term in question, or failure to notify the Financial Aid Office may result in the loss of financial aid eligibility because regulations may limit the time within which aid may be re-awarded or disbursed.

The Liberty School of Law adheres to a schedule which allows for grades to be submitted after the end of the term. Because of this, Liberty School of Law students evaluated after grade submissions may have their aid eligibility recalculated – and
may need to adjust their payment arrangements through Financial Check-In later than non-law students.

**Academic Amnesty Program**

Federal regulations require that the student’s complete academic history be included in the evaluation of Financial Aid Satisfactory Academic Progress. Therefore, the Academic Amnesty Program at Liberty University cannot alter the academic history reviewed for Financial Aid Satisfactory Academic Progress.

**Failure to Make Satisfactory Academic Progress**

Students who fail to meet the qualitative and/or quantitative standards at the end of a term (based upon the student’s enrollment) will be placed on financial aid “warning” status and will remain eligible for financial aid while on a warning status. Students on financial aid warning status must meet the qualitative and quantitative requirements by the next term’s measurement of progress.

Students not meeting the requirements at the next term’s measurement of progress will be placed on financial aid suspension and considered ineligible for future financial aid until the deficiencies are resolved.

**Re-establishing Eligibility**

Students may re-establish eligibility for financial aid by taking appropriate action that brings the student into compliance with the standards. Readmission to Liberty University after Academic suspension or approval of an Academic suspension appeal does not automatically reinstate financial aid eligibility after a Financial Aid suspension. Reinstatement of aid eligibility is not retroactive and will only affect current or future enrollment periods.

**Exemption of Certain Institutional Funds**

Some specific institutionally funded sources of financial aid are excluded from the minimum requirements under the Financial Aid Satisfactory Academic Progress Policy. These funds are:

- The Liberty University Online Program Alumni Scholarship
- The Liberty University Online Military Tech Fee Waiver
- The Founder’s Memorial Scholarship Programs (including associated funds formerly known as “Jerry Falwell Ministries - JFM” or “Jerry Falwell Scholarship - JFS”).
- Discounts processed through Student Accounts (that are not listed as an aid fund) but as a resource.
- Liberty University employees who are not enrolled in a degree program –and- not receiving any other type of financial aid covered under this policy, are exempt from the 150% rule requirement.

**Appeals**

A student who is placed on financial aid suspension may appeal this decision. To appeal the financial aid suspension, a student must submit to the Vice President of Financial Aid a signed and dated letter of appeal explaining why s/he should not be suspended along with the Satisfactory Academic Progress Appeal Form and any supporting documentation from an objective third party professional (e.g. physician, counselor, lawyer, social worker, teacher, religious leader, death certificate, divorce decree, etc.). Family members of the student, friends, and Liberty University employees are not considered an acceptable third party. After the committee reviews the submitted appeal, the student will be notified of the decision in writing. All financial aid awards remain cancelled until the student follows these appeal procedures and receives a written notification of reinstatement. If a reinstatement is approved, the reinstatement will last from the date of the appeal approval until the next term measurement event.

Students on financial aid warning status are not required to submit a letter of appeal since their financial aid eligibility will continue during the warning status. In the cases of those students receiving financial aid in the form of subsidized employment, the student’s worksite supervisor/s will be notified of the reinstatement.

Students who submit an appeal to the Financial Aid Office very late in a term or after the term has ended may lose financial aid eligibility because regulations may limit the time within which aid may be re-awarded and/or disbursed.

During the period of an approved appeal, students must satisfactorily fulfill the requirements in the Financial Aid academic plan and are on Financial Aid Probation. This academic plan requires every student to have a cumulative completion rate of 75% and a GPA requirement reflecting a half point above for that regular program for the term of the approved appeal. This will ensure progress in making up the previous deficiency.

**Student Should Monitor Progress**

Students are responsible to review their grades (when midterm and end-of-term grades are available) and compare their progress to the standards set forth in the Financial Aid Satisfactory Academic Policy to ensure that they are aware of their standing. As they review their academic information, students are encouraged to proactively seek assistance. For example, students could pursue additional academic advising, arrange tutoring, or regularly discuss their academic work with their instructor/s. The student’s responsibility to monitor their own academic progress is important especially as the evaluation may immediately affect their financial aid eligibility for the next term. For example, failure to meet standards while on financial aid probation in the Spring term will immediately affect aid eligibility for the Summer term.

**Examples of Important Consumer Information**

- Campus Crime Reporting and Statistics including:
  - Emergency Notification Procedures
  - Fire Safety Reporting
  - Hate Crimes Reporting
  - Missing Student Reporting Procedures

**Consumer Information Statements**

Liberty University, as permitted by federal regulation, now uses electronic means to disseminate required student consumer and “Right-To-Know” Act information. Anyone signing or processing financial aid forms, seeking financial aid information or assistance, or seeking consumer information at Liberty University must read, understand, and comply with the requirements disclosed which are available 24 hours a day at www.liberty.edu/financialaid.
Every student has the right to know:

**STUDENT RIGHTS**
- The financial aid that is available (including information on all federal, state, and institutional financial aid programs);
- The deadlines for submitting applications for each of the financial aid programs;
- The cost of attendance, and the policies regarding refunds to students who drop out of school;
- The criteria used to select financial aid recipients;
- How financial need is determined (including the consideration of costs for tuition, room and board, fees, books and supplies, transportation, and miscellaneous expenses);
- The resources (such as parental contribution, assets, other financial aid, etc.) that are considered in the calculation of need;
- Details regarding various programs in the financial aid award package. (The student may request reconsideration of the award which was offered should he/she believe he/she was treated unfairly);
- The portion of the financial aid received which must be repaid, and the portion which is grant aid;
- The interest rate, total amount to be repaid, when repayments must begin, and the length of time allowed to repay loan funds;
- Terms and conditions of any employment that is a part of the financial aid package;
- How the University distributes financial aid among students;
- How and when financial aid is disbursed;
- The University’s refund policy and order of financial aid refund distribution;
- How the school determines whether a student is making satisfactory progress, the consequences of not meeting those standards, and how to reestablish satisfactory academic progress;
- The academic programs offered by the University;
- The office designated for providing financial aid information and for administering financial aid programs or general institutional issues;
- University retention and completion rates;
- Information regarding accreditation and licensing organizations;
- Special facilities and services available to disabled students;
- About University facilities;
- About University faculty and other instructional personnel;

**STUDENT RESPONSIBILITIES**
- Complete all applications for student financial aid carefully and accurately, and to submit these applications to the appropriate agency or office prior to the deadline. Errors may delay or eliminate the receipt of financial aid. Intentional misreporting of information on the application for aid forms is a violation of law and considered a criminal offense subject to penalties under the U.S. Criminal code;
- Return and submit all additional documentation, verification, corrections, and/or information requested by the Financial Aid Office or other agency in a timely manner;
- Read, understand, and keep copies of all forms that are submitted;
- Accept responsibility for all agreements signed;
- Keep the Financial Aid Office and the lender informed of any changes in address, name, marital status, financial situation, or any change in enrollment or student status;
- Report to the Financial Aid Office any additional assistance from non-University sources such as scholarships, loans, fellowships, and educational benefits;
- Maintain satisfactory academic progress;
- Read Liberty University email and ASIST messages for communication from the Financial Aid Office;
- Complete exit counseling upon graduation, withdrawing, or whenever a break in enrollment occurs and when dropping below half-time;
- Re-apply for financial aid each academic year; and
- Complete the online entrance counseling and Master Promissory Note when receiving a Federal Direct Loan for the first time at Liberty University.

If the student borrower disputes the terms of the loan in writing and the institution does not resolve the dispute, the student may contact the Student Loan Ombudsman’s Office. The United States Department of Education’s Ombudsman Office can propose solutions that may help you and other parties come to a final agreement. Before you call, make sure you have good records of people you have talked to and what they have said. Remember, too, that an ombudsman cannot reverse a decision or take sides.

Federal Title IV Student Aid Programs

Eligibility for Federal Aid
To receive federal aid, a student must:

- Be a United States Citizen or eligible non-citizen;
- Demonstrate financial need (except for certain loans);
- Have a high school diploma or a General Education Development (GED) certificate;
- Be enrolled or accepted for enrollment as a regular student working toward a degree or certificate in an eligible program;
- Certify that you are not in default on a federal student loan and do not owe money on a federal student grant;
- Have a valid Social Security Number;
- Register with the Selective Service if required. You can use the paper or electronic FAFSASM to register, you can register at www.sss.gov, or you can call 1-847-688-6888. (TTY users can call 1-847-688-2567.);
- Maintain satisfactory academic progress once in school;
- Certify that you will use federal student aid only for educational purposes.

FEDERAL PELL GRANT
Federal Pell Grant awards range from $555 to $5,550 for 2012-13 and vary from year-to-year. These funds are “gift aid” and do not have to be repaid by the student. Award amounts are based on cost of attendance, enrollment status (full-time or part-time), and need analysis information provided on the Student Aid Report (SAR).

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG)
The Federal Supplemental Educational Opportunity Grant (FSEOG) is available for undergraduate students with an Expected Family Contribution of zero. In 2012-13, the maximum award amount is $1,000 per academic year for a full time student. This also varies from year to year.

FEDERAL TEACH GRANT SUMMARY
The Federal TEACH grant program is the first federal grant program that requires a service agreement and has the potential of converting to a loan. The Federal TEACH Grant makes up to $4,000/year available for full-time students on both the undergraduate and graduate levels. Amounts are prorated for lower enrollment levels. The maximum aggregate amount an undergraduate student can receive is $16,000. The maximum a graduate student can receive is $8,000. These funds can only be used for the student’s first bachelors or first graduate degree. This program is not available for students in doctoral programs.

Service Agreement
In exchange for receiving a Federal TEACH Grant, students must agree to serve as a full-time teacher in a high-need field in a public or private elementary or secondary school that serves low-income students (see below for more information on high-need fields and schools serving low-income students). As a recipient of a Federal TEACH Grant, you must teach for at least four academic years within eight calendar years of completing the program of study for which you received a Federal TEACH Grant.

Important: If the student fails to complete this service obligation, the United States Department of Education will convert all Federal TEACH Grants funds that the student received to a Federal Direct Unsubsidized Stafford Loan. The student must then repay this loan to the United States Department of Education.

The student will be charged interest from the date the grant(s) disbursed.

Student Eligibility Requirements
- Complete the Free Application for Federal Student Aid (FAFSA), although you do not have to demonstrate financial need.
- Be a United States citizen or eligible non-citizen.
- Be enrolled in an eligible program
- Be enrolled as an undergraduate, post-baccalaureate, or graduate student in a postsecondary educational institution that has chosen to participate in the Federal TEACH Grant Program.
- Be enrolled in coursework that is necessary to begin a career in teaching or plan to complete such coursework.
- Meet certain academic achievement requirements (generally, scoring above the 75th percentile on a college admissions test or maintaining a cumulative GPA of at least 3.25).
- Sign a Federal TEACH Grant Agreement to Serve
- High Needs Fields: Bilingual Education and English Language Acquisition, Foreign Language, Mathematics, Reading Specialist, Science, Special Education

FEDERAL DIRECT STUDENT LOANS
Federal Direct Student Loans are low interest loans available to students who are enrolled at least half-time. Students demonstrating sufficient need (as reflected on their Student Aid Report, which is sent to the University by the United States Department of Education) may be eligible for subsidized funds, in which the government pays interest accrued while they are in school and during the grace period. Students who do not have sufficient demonstrated need may be eligible for unsubsidized funds, in which the student pays the interest. Students have the option of capitalizing the interest (adding it to the principle) while
Attending school. Repayment begins six (6) months after students graduate, withdraw, break enrollment, or drop below half-time status.

PARENT PLUS LOAN DENIAL
Dependent undergraduate students whose parents are denied eligibility for the Federal Parent PLUS Loan may have additional Unsubsidized Loan funds. Freshmen and sophomore students may borrow a maximum of $6,000 unsubsidized loan funds in addition to their “Base Loan” amount listed above. Junior and senior students may borrow a maximum of $7,000 unsubsidized loan funds in addition to their “Base Loan” amount listed above.

AGGREGATE LOAN LIMITS
(EFFECTIVE JULY 1, 2008)
- Undergraduate Dependent Students: $31,000 (no more than $23,000 of which can be subsidized)
- Undergraduate Independent Students: $57,500 (no more than $23,000 of which can be subsidized)
- Graduate Students: $138,500 (no more than $65,500 of which can be subsidized).

FEDERAL DIRECT PARENT LOANS FOR UNDERGRADUATE STUDENTS (PLUS)
Federal Direct Parent Loans for Undergraduate Students (PLUS) are low interest loans available to parents of dependent undergraduate students who are enrolled at least half-time. Credit-worthy parents may borrow up to the full cost of attendance minus all other aid. The borrower is responsible for all interest accrued from the date of each disbursement. Repayment on the full loan amount begins approximately 60 days after the loan is disbursed. To apply for a PLUS loan, contact the Financial Aid Office for further details.

FEDERAL WORK STUDY (FWS)
The Federal Work Study program provides employment opportunities for students who have a demonstrated financial need based on the FAFSA. Students are paid on an hourly basis; pay will be at least the current federal minimum wage. The total amount of aid a student receives from both federal and non-federal sources cannot exceed financial need. The $4,000 Federal Work Study cannot be applied toward initial Financial Check-In. Federal Work Study is awarded to eligible students with remaining federally defined unmet need. Awards are made until projected program funds are depleted.

Virginia Student Aid Programs

TUITION ASSISTANCE GRANT PROGRAM (VTAG)
Established in 1972, the Tuition Assistance Grant Program (VTAG) is designed to assist Virginia residents who attend accredited private, non-profit colleges and universities in Virginia for other than religious training or theological education. The VTAG is authorized in Chapter 4.1 Section 23-38.11 through 18 of the Code of Virginia as the Tuition Assistance Grant Act.

Applications must be submitted to the Financial Aid Office before the published annual deadline in order to be considered for the maximum award amount. The maximum undergraduate amount is estimated at $2,650 per year. The graduate (M.S.N. degree) amount is estimated at $1,150 per year.

Full-time students enrolled in an approved program of study, who have been Virginia domiciliary residents for at least 12 consecutive months by the beginning of the fall term for the current academic year, may be eligible for an award. A student who is in Virginia solely to attend college is not considered to be a domiciled resident. Applicants must also be a citizen or permanent resident of the United States. The Tuition Assistance Grant award is determined by the Virginia Commonwealth and may be received for no more than eight (8) semesters as an undergraduate and six (6) semesters as a graduate student. Students moving from undergraduate to graduate must complete a new VTAG application.

Students pursuing a degree in religious training or theological education may not receive VTAG. Students pursuing the Worship and Music Studies or the Pastoral Leadership and Biblical Exposition majors are not eligible for VTAG.

Beginning in 2009-10, eligible graduate programs are limited to those in a health-related professional program. At Liberty University, the Masters of Science in Nursing (M.S.N.) and the Masters of Public Health (M.P.H.) with concentrations in Nutrition and Promotion are the graduate programs eligible for VTAG.

COLLEGE SCHOLARSHIP ASSISTANCE PROGRAM (CSAP)
Full-time undergraduate students who have been Virginia domiciliary residents for at least one year are eligible to apply for the CSAP award. A student who is in Virginia solely to attend college is not considered to be a domiciled resident. Financial need must be demonstrated. Funding is limited and will be allocated by greatest need.

VIRGINIA TWO-YEAR COLLEGE TRANSFER GRANT (CTG) AND CTG PLUS PROGRAMS
Up to $1,000 can be awarded to students who received an Associate’s degree at a Virginia two-year public institution with a cumulative GPA of 3.00 on a 4.00 scale who are enrolled at a participating four-year institution. The undergraduate, first-time, in-state student must be enrolled in an eligible degree program and have federally defined financial need with a federal expected family contribution of $8,000 or less.

REHABILITATIVE SERVICES
State and federal education benefits may be available to assist eligible students with varying degrees of physical disability (paralysis, sight, hearing, etc.). Eligibility requirements differ from agency to agency. For more information, contact the appropriate agency or the Financial Aid Office.

Tuition Assistance Program Eligibility for Active Duty Military, National Guard, and Reservists Active duty military and reservists interested in obtaining Tuition Assistance must check with their Education Services Officer to determine whether they are eligible. Students are encouraged to visit their Education Office at least 30 days prior to their anticipated enrollment date.

UP-FRONT TUITION ASSISTANCE (TA) Students requesting Up-Front Tuition Assistance (TA) must request an application from their base Education Office. If the application is approved, the student must submit a copy of the authorized TA form (and all other forms required by the base) to the academic advisor for registration. Students are encouraged to keep copies of all forms for their records. Students who are eligible for Tuition Assistance are required to pay the portion of their tuition and fees that are not covered by TA prior to registration. An invoice for the amount approved on the TA form will be sent to the student’s Education Office after the activation of the term. The Education Office should send payment directly to the University. A grade report will be submitted to the base Education Office after the student completes the course(s). Students consent to the release of their grade(s) by signing the Tuition Assistance form.

Liberty University Scholarships GENERAL SCHOLARSHIP REGULATIONS All recipients of Liberty University institutional scholarships, institutional aid, or any type of federal aid must complete and file a Free Application for Federal Student Aid (FAFSA) with the United States Department of Education by March 1 for the next academic year and complete verification, if selected. Virginia residents must also apply for the Virginia Tuition Assistance Grant Program (VTAG) through the Financial Aid Office by March 1 for their first year of attendance. Annual application is not required. In addition, each Liberty University Scholarship recipient must accept all federal and state grants for which they are eligible as a condition of awarding the Liberty University scholarships. All scholarships are awarded for a period of one year, unless otherwise noted. A scholarship recipient must complete and properly file all forms necessary in applying for a federal and/or state grant; and complete verification if selected.

Federal aid (Pell, SEOG, Federal Direct Stafford Loans or Plus Loans) and institutional scholarships cannot be counted toward Financial Check-In until the FAFSA is received by the University and verification is completed when required.

The General Scholarship Rule (GSR) The combined total of federal/state grants with Liberty institutional aid may not exceed the actual cost of tuition plus the lowest of actual Liberty University room and board charges or the lowest current housing rate. For Resident students, this calculation does not include the Federal Pell Grant. If aid exceeds this calculated amount, Liberty institutional aid will be reduced.

For recipients of institutional aid (and discounts) such as Continuing Education and Dependent Grant-In-Aid, and others including Resident FCA/LCA/Temple/TCS, who qualify for federal or state grants, the tuition scholarship will be reduced by these federal and state grant amounts. Liberty University scholarships are not transferable. Any unused portion cannot transfer to the next semester or to another person. Liberty University scholarships will not cover any intensives or summer/winter internships. Most admissions scholarships are awarded for, and are not to exceed, 8 semesters, as long as the student meets the Financial Aid Satisfactory Academic Progress (SAP) criteria and all the other rules according to the University Catalog and The Liberty Way.

Liberty University scholarships will be cancelled if the student is not enrolled in 12 undergraduate hours or more for each semester. Scholarships apply to the undergraduate program only. A scholarship recipient must meet the academic standards of Liberty University as outlined in this catalog. Any scholarship may
be revoked or reduced at any time for dismissal from the University because of failure to meet academic standards, failure to abide by the rules, regulations, and policies of the University, voluntary or administrative withdrawal, or misrepresentation of information on an application or other documents presented to the University.

For details regarding the scholarship guidelines, please check the Financial Aid website http://www.liberty.edu/financialaid.

Awards that cover the majority of direct costs (i.e., DGIA, Continuing Education, Private School Affiliation Scholarships, etc.) do not allow for stacking with other Liberty aid sources such as the Liberty Champion or Liberty Book Dollars.

**Corporate Tuition Assistance**

**ELIGIBILITY**

The student must contact his Personnel Office for information concerning continuing education benefits.

**FORMS**

All Tuition Assistance application forms must be obtained from the student’s employer. The approval document should include the amount of tuition approved for payment, the address for invoicing, and an authorized signature. The form must be sent to the Financial Aid Office.

The Financial Aid Office will invoice the employer for tuition payments upon receipt of an original approval certificate or letter. Corporate Tuition Assistance must be paid upon receipt of billing.

**REIMBURSEMENTS**

Students who receive tuition benefits after they have completed their courses should request a receipt from the Student Accounts Office at the end of the semester.

**Admissions Scholarships**

**Academic Achievement**

Scholarships are based on GPA and SAT or ACT scores. For further information, please contact the Office of Admissions at 1-800-543-5317 (option #2).

**OTHER SCHOLARSHIPS**

**Athletic**

Athletic grant-in-aid is available in all intercollegiate sports programs for qualified athletes. **Inquiries should be addressed to the Head Coach of the specific sport of interest.**

**Endowment**

After one semester of attendance at Liberty, students who meet specific requirements may be eligible for endowment scholarships. For more information, e-mail financial aid at financialaid@liberty.edu. Endowment applications must be submitted by the published deadline.

**Honors Program**

Academic Scholarships are available to students who apply to and are accepted into the Honors Program. For high school students, applying for admission to the program the requirements are test scores on the SAT of 1270 or a score on the ACT of 29. Transfer or Liberty University students continuing in the program must maintain a cumulative GPA of 3.50. **For more information, contact the Honors Program Office.**

**Music**

These scholarships require membership in either an instrumental (marching band or pep band) or a vocal group. **For more information, contact the Chair of the Department of Music.**

**National Merit**

Scholarships are awarded to students who have been designated National Merit Finalists, Semi-Finalists, or Commended students and who participate in the Honors Program. **For more information, contact the Honors Program Office.**

**Outside Scholarships**

Outside scholarships are scholarships that students will use as additional funding. Scholarships may be awarded from foundations, churches, retail businesses, etc. Outside scholarship awards combined with other financial aid cannot exceed the student’s unmet need.

The Financial Aid Office requires written confirmation from the scholarship donor. Notification of the outside scholarship award should be sent as early as possible in order for the student to include the scholarship during Financial Check-In.

**Appeal and Complaint Policies**

Policies and processes for residential and online students who wish to file a complaint or appeal their financial aid awards are published online at http://www.liberty.edu/financeadmin/financialaid/index.cfm?PID=19260.

**FINANCIAL AID SATISFACTORY ACADEMIC PROGRESS APPEAL PROCESS**

A student who is placed on Financial Aid Suspension may appeal this decision by submitting a Satisfactory Academic Progress (SAP) Appeal Form with objective third party supporting documentation to be reviewed by the SAP Appeal Committee. The appeal statement should explain why the student did not meet the SAP requirements with a plan of action on how to maintain satisfactory academic progress in future terms. Additionally, the objective third party documentation cannot come from family members of the student, friends, or Liberty University employees. The Committee consists of the Assistant Director of Financial Aid for Advising, one Financial Aid Advisor and one Compliance Analyst.

After the Financial Aid SAP Appeals Committee reviews the submitted appeal, the student will be notified of the decision in writing. All financial aid awards remain cancelled until the student follows these appeal procedures and receives a written notification of reinstatement. If a reinstatement is approved, the reinstatement will last from the date of the appeal approval until the next annual measurement event (SAP evaluations are completed at the close of fall, spring, and summer terms). In cases where a student receives financial aid in the form of subsidized employment, the student’s worksite supervisor(s) will be notified of the reinstatement.

Financial aid eligibility will continue for students on financial aid warning status, so they are not required to submit a letter.

Students who submit an appeal to the Financial Aid Office very late in a term or after the term has ended may lose financial aid eligibility because regulations may limit the time when aid may be re-awarded and/or disbursed.

Appeals may be submitted to:

Financial Aid SAP Appeal Committee
Liberty University Financial Aid Office
1971 University Blvd.
Lynchburg, VA 24502
Fax: (434) 582-2053
Email: financialaid@liberty.edu
INSTITUTIONAL SCHOLARSHIP APPEAL PROCESS
A student may appeal the decision to cancel eligibility for a scholarship by sending a detailed, signed letter stating any mitigating circumstances to be considered. The Financial Aid Scholarship Appeals Committee reviews the submitted appeal and supporting documentation. Within 30 days, the students will be notified of the decision in writing.
Appeals may be submitted to:

VIRGINIA STATE GRANT APPEAL PROCESS
A formal appeal concerning the decision to deny approval for state grant eligibility may be filed by contacting the State Grants Coordinator in the Liberty University Financial Aid Office. If the appeal is denied, the State Grants Coordinator will notify the student within 30 days.
State Grant Appeals to the State Grants Coordinator may be submitted to:
State Grants Coordinator, Appeal
Liberty University Financial Aid Office
1971 University Blvd.
Lynchburg, VA 24502
Fax: (434) 582-2053

If the student disputes the decision made by the State Grants Coordinator, the student may appeal to the State Council of Higher Education (SCHEV). The student must submit a copy of the appeal and supporting documentation.
State Grant Appeals to the State Council of Higher Education (SCHEV) may be submitted to:
State Council of Higher Education for Virginia
Office of Student Financial Aid
2011-12 TAGP Appeals Committee
James Monroe Building
101 N 14th St.
Richmond, VA 23219

The state office will then request any additional information that is needed. The office will also contact the school and request any documentation the school may have received and an explanation of the denial. They will ask for the school to fax the following:
1. Copy of the VTAG application
2. Date student’s application was received
3. Date the student started school
4. Date the student moved to Virginia
5. Dates of enrollment and number of attempted hours for each semester
6. Copy of denial letter
7. Any other documentation that pertains to decision

The student may also submit a second appeal if they are denied by the first SCHEV Council at the state level. The state may also ask student for copy of:
1. Letter explaining case for approval
2. Driver’s license, car registration, voter registration
3. Letter from employer, missionary agency, social workers, school officials, etc.
4. Copy of Virginia resident income taxes for parents, spouse, or student
5. Copy of federal taxes
6. Legal guardian documents
7. Ward of court documents
8. Custody documents
9. Copy of DD-214, LES, or Home of Record
10. Any other supporting documentation

FEDERAL STUDENT LOAN APPEAL PROCESS
Students who dispute how a federal student loan was processed or a decision regarding eligibility may contact the Federal Student Aid (FSA) Ombudsman. The FSA Ombudsman resolves disputes from a neutral, independent viewpoint. The Federal Student Aid (FSA) Ombudsman will informally conduct impartial fact-finding about student complaints. The Ombudsman will recommend solutions, but does not have the authority to reverse decisions. The Ombudsman will also work to bring about changes that will help prevent future problems for other student loan borrowers. This free service is provided by the United States Department of Education.

The Ombudsman will research the problem and determine whether the student has been treated fairly. If the student loan complaint is justified, the Ombudsman will work with the student and the office, agency, or company involved in the problem. On the student’s behalf, the Ombudsman will contact other offices within the United States Department of Education, his or her private lender, his or her loan guaranty agency, and the servicing agency or firm collecting the loan.

If the student’s complaint is not justified, the Ombudsman will take the time to explain how the United States Department of Education reached this conclusion. The Ombudsman may be contacted as follows:

**PURPOSE**

The purpose of the Office of the Senior Vice President for Student Affairs at Liberty University is to work with the administration, faculty, and staff, fostering an experience that promotes personal development and learning.

The Division contributes to the University’s mission of preparing students for leadership and involvement in an increasingly diverse, technologically sophisticated and complex global society.

Student Affairs carries out this mission by:

- Responding to the needs of students as they grow, spiritually, academically, and socially
- Presenting leadership opportunities and offering leadership training
- Maintaining an atmosphere which provides fertile ground for spiritual growth
- Offering co-curricular programming which encourages students’ academic growth
- Promoting and celebrating the rich cultural differences found at the University
- Assisting students in responsible decision-making

**CODE OF CONDUCT**

The administration and faculty have committed Liberty to the highest standards of moral and ethical conduct. No one will become spiritual merely by observing rules; nonetheless, the spiritual student will desire to abide by the rules, regulations, and policies. Liberty holds as one of its foremost goals the development of men and women of strong Christian character. Firm moral conviction and dependable self-discipline are as important as academic competence.

The specific rules, regulations, and policies that govern student behavior are found in *The Liberty Way*, which is available online at [http://www.liberty.edu/libertyway](http://www.liberty.edu/libertyway) (login required).

The Academic Code of Honor is published in the Academic Information and Policies section of this Catalog.

**Office of the Dean of Students**

The Office of the Dean of Students is designed to provide holistic student development opportunities for the resident and commuter population. For additional information, visit the Office of the Dean of Students webpage at [http://www.liberty.edu/studentaffairs/deanofstudents](http://www.liberty.edu/studentaffairs/deanofstudents).

**Online Communities**

Liberty Online Ministries provide distance students with spiritual resources to encourage and strengthen them.

Various online resources are offered including Bible studies, articles on a variety of life issues of interest to students, and prayer ministry resources. All of this is available through a community webpage designed to connect online students with other Liberty students within their geographic area. More information on the resources and services provided is available at [http://www.libertyonlineministries.com/index.cfm](http://www.libertyonlineministries.com/index.cfm).

**Office of Student Housing**

Liberty University requires all unmarried students under the age of 21 to live on campus. On-campus residents must be currently enrolled in a residential program and attending classes on campus.

All students must complete Financial Check-in prior to occupancy, and agree to the terms and policies as outlined in the On-Campus “Housing Agreement”. Students who are age 30 or over (at any time during the semester) or are married are not allowed to live on campus. Rooms are assigned on a first-come, first-serve basis. Detailed information is available online at [http://www.liberty.edu/studentaffairs/studenthousing](http://www.liberty.edu/studentaffairs/studenthousing).

**OFF-CAMPUS HOUSING**

The off campus living policy states that single students must be 21 years of age or older or be living with an immediate family member who is 21 years of age or older. No student who is 30 years or older may live in the residence hall. For specific information regarding the off-campus living policy, contact the Office of Commuter Affairs.

While the University has no housing facilities for married students, the Office of Commuter Affairs provides an online “Apartment Finder” that lists apartments, houses, rooms, etc., which are available for rent or sale in the Lynchburg area. This information can be found on the Office of Commuter Affairs website at [http://www.liberty.edu/apartmentfinder](http://www.liberty.edu/apartmentfinder). Rental fees generally range from $500 to $800 per month.

**Center for Multicultural Enrichment**

The Center for Multicultural Enrichment (Center4ME) provides information and advocacy for students from various ethnic backgrounds through programs and services that promote unity and celebrate cultural diversity at Liberty University and in Central Virginia. For additional information, visit the Center4ME webpage at [http://www.liberty.edu/center4me](http://www.liberty.edu/center4me).
Office of Student Leadership

PURPOSE
The purpose of the Office of Student Leadership is to train student leaders to minister, mentor and mobilize students in the residence halls. It collaborates with Student Affairs in the development of a holistic student life experience.

Resident Director
Resident Directors (RD) oversee a group of residence halls including oversight of the student leadership teams on each floor as well as the resident hall facilities. Additionally, they are responsible to enforce the standards of The Liberty Way while promoting the overall well-being of the students residing in the halls.

Resident Assistant
A Resident Assistant (RA) provides pastoral leadership to students in the resident hall in the form of discipline, discipleship and overall oversight.

Spiritual Life Director
Spiritual Life Directors (SLD) facilitates spiritual development on their residence hall through love, encouragement and counseling. SLDs work with Prayer Leaders to minister, mentor and equip Prayer Leaders for ministry.

Prayer Leaders
Every Liberty student on campus is part of a five-person prayer group led by the Prayer Leader (PL). The PL prays for the students in their group daily by name and encourages the development of those students’ personal and spiritual lives.

ADDITIONAL INFORMATION
More information on the resources and services provided by the Office of Student Leadership is available at http://www.liberty.edu/studentlife/index.cfm?PID=13203.

Student Government Association
The purpose of the Student Government Association (SGA) is to involve the students in the administrative process, to promote well-being and a sense of responsibility among students, to hear student concerns, and to convey an understanding of the students’ needs to the administration.

Membership in the Student Government Association shall be open to all resident and commuter students attending Liberty University who are not on any form of probation or suspension and who have professed their faith in Jesus Christ.

For additional information, visit the SGA webpage at http://www.liberty.edu/sga.

STUDENT CLUBS AND ORGANIZATIONS
Student clubs or organizations must request and receive permission from the Liberty University administration before they may meet on campus, advertise, distribute or post materials, or use any University facilities for their activities or events. All such clubs or organizations and their activities or events must be consistent with the University’s mission, and must be and remain in compliance with the Liberty Way, the Honor Code, and any policies or procedures promulgated by the University. The University reserves the right to refuse the use of its facilities for any reason to any student club, organization, activity or event.

Information and policies regarding student clubs as well as a list of approved clubs and organizations is available online at http://www.liberty.edu/index.cfm?PID=2911.

**Spiritual Programs**

**Rev. Johnnie Moore, Jr., B.S., M.A.R.**  
*Vice President for Executive Projects and Spiritual Programs*  
*University Spokesperson*

**Convocation and Campus Church**  
As a dynamic institution vitally interested in the whole person, Liberty provides for physical, social, intellectual, and spiritual needs of the Liberty community. To meet these needs, Liberty provides opportunities for students to gather and serve as a community through convocations, campus church services and Christian/Community Service.

**CONVOCATION**  
Convocation is a thrice-weekly assembly of the University community for the purposes of building unity within the community, disseminating information, and providing forums for the socio-political issues of the day and other educational topics of diverse interest for the benefit of students, faculty and staff. Each year more than 80 guest speakers from the worlds of business, politics, education, the sciences and religion, talented faculty and staff members, music and timely messages from our Chancellor and Vice Chancellor help make convocation a refreshing and challenging time. All students are required to attend all convocations.

**CAMPUS CHURCH SERVICES**  
The Wednesday campus church services are designed to meet the spiritual needs of students. Complementing the instruction provided in the classroom is the spiritual exhortation provided in campus services, which is primarily concerned with the application of truth to life. Students are encouraged to attend Wednesday evening campus services.

**Center for Global Engagement**  
**Don Fanning, B.A., M.A., M.Div., D.Min.**  
*Chair, Department of Global Studies*  
*Professor of Global Studies*

The Center for Global Engagement, located in Green Hall 2500, offers dozens of short term mission trips for college students, hosts Missions Emphasis Week each semester. Contact by phone at 434-592-4127, email missions@liberty.edu, or visit the website at [http://www.luglobal.com](http://www.luglobal.com) for more information.

**LIGHT MINISTRIES**  
**Tom Nylander, B.S., M.A.R.**  
*Director, Light Ministries*

Light Ministries is the collegiate short term missions department of the Center for Global Engagement. Light organizes and lead international mission trips for Liberty University students. In more than 20 years, Light has conducted over 250 evangelistic campaigns involving over 8,000 students in more than 100 nations. More than three million people have heard the gospel through Liberty University students serving with Light Ministries. Each year, Light Ministries schedules around a dozen short term mission trips.

**LU ABROAD**  
**Matt Rawlins, B.S., M.A.R.**  
*Director, Liberty University Abroad*

Liberty University Abroad gives students the opportunity to fulfill the internship requirements for their major in a cross-cultural ministry setting. These internships connect students with long-term mission agencies and provide practical training and experience in the students’ field of study, in another country, language and culture.

Interns work side-by-side in a country of their choosing with local missionaries who offer practical ministry training. Students use their major as they assist with children’s programs, college ministries, adult ministries, Bible studies, accounting, data entry, communication, graphic design, health clinics, web development or many other ministry-related responsibilities. Interns gain real life missions experience by seeing the country and the work first-hand.
Campus Recreation

Lee Beaumont, B.S., M.S.
Vice President of Auxiliary Services

Kirk Handy, B.S.
Senior Director of Campus Recreation

The Department of Campus Recreation provides a variety of options for resident and online students to interact socially through state of the art indoor and outdoor recreation facilities as well as programs and services that provide entertainment and physical fitness.

Campus Recreation helps to connect students to all that Liberty University has to offer beyond the classroom. By offering dozens of sporting options through the Intramural Sports and Club Sports departments, Campus Recreation gives every student an opportunity to participate in a competitive sport. In order to assist in the social atmosphere on campus, the Student Activities department plans weekly entertainment events. Several different fitness facilities are available for student use to stay physically fit, or they can relax with friends at one of the different lounge areas on campus. With all of these options, Campus Recreation offers something for everyone.

Student Activities
Chris Misiano, B.S., M.A.R., M.R.E.
Director of Student Activities

The Student Activities Office is committed to the service of the students of Liberty University by providing a variety of culturally-relevant and recreational activities throughout each semester, giving students a full calendar of social occasions to interact with one another and enhance their overall experience.

Student Activities provides an extensive variety of entertainment opportunities, both on and off-campus, usually free or at an exclusive Liberty University student discount price. Options include everything from concerts featuring the biggest names in Christian music (Switchfoot, Toby Mac, David Crowder Band, Casting Crowns) to Open Mic Nights, movie nights, and outdoor recreation (whitewater rafting, skiing, horseback riding, hiking) Student Activities offers something for everyone. For detailed information call 434-592-3061 or access the Student Activities website at http://www.liberty.edu/SA.

Recreation Facilities

Campus Recreation offers multiple opportunities for meeting the recreational, fitness, and wellness needs of the University family. These facilities include the LaHaye Student Union (which includes the LaHaye Recreation and Fitness Center, Tilley Student Center, and Thomas Indoor Soccer Center) as well as the Campus East Clubhouse. More information is available online at http://www.liberty.edu/lahayestudentunion or by calling 434-592-3221.

LAHAYE RECREATION AND FITNESS CENTER

The LaHaye Recreation and Fitness Center offers students a variety of co-curricular environments that provide vital social outlets for the development of a well-rounded collegiate experience. This includes five basketball courts, a fitness center, aquatic center, aerobics, and more. In the Fitness Center students can work out with the assistance of a personal trainer, take fitness classes, use the work out equipment or climb the rock wall.

The Aquatic Center has a 25 yard, six-lane pool with a maximum depth of 12 feet for lap swimming and recreational use. The aquatic facility includes two spas, and a one meter diving board. Aquatic equipment such as training fins, training paddles, flexible kickboards, jogger weight belts, hand bar exercisers, pull buoys, and water polo equipment is accessible for use.

TILLEY STUDENT CENTER

The Tilley Student Center is a student recreational and lounge facility designed specifically for students. The facility features a coffee bar, game tables, couches, chairs and six flat screen televisions. There is also a billiard hall within the facility featuring pool tables and ping pong tables as well as three flat screen television gaming stations.

THOMAS INDOOR SOCCER CENTER

A part of the LaHaye Student Union, the Thomas Indoor Soccer Center is comprised of two turf fields partially surrounded by transparent walls and netting. The facility also features a spectator section, multiple televisions and wireless capability.

CAMPUS EAST CLUBHOUSE

The Club House is a recreational center that offers billiards, a theatre, computer lounge, video gaming room, and an outdoor pool.

SCHILLING CENTER

The Schilling Center was recently relocated and is now a part of the LaHaye Student Union. It includes two basketball courts and up to four volleyball courts for intramural sports, club sports, and general recreation.

EQUESTRIAN CENTER

The Equestrian Center includes a newly constructed barn with eight 12’x12’ rubber matted stalls with attached runs, grooming stalls, indoor wash rack with hot and cold water, outdoor wash rack, heated office/student lounge and tack room with washer and dryer, feed room, and men’s and women’s restrooms. More than thirty acres of small and large turnout pastures are available, as well as a small quarantine facility to accommodate incoming horses. The outdoor arena is a 160’x150’ with sand mix footing. The arena includes a variety of tools to allow students to train and school in a variety of disciplines.

LAHAYE ICE CENTER

This LaHaye Ice Center is the home of the Flames and Lady Flames hockey teams. During non-practice hours, students can enjoy ice skating, hockey and broomball. The LaHaye Ice Center also offers figure skating and Learn to Skate sessions. Additional information on programs and scheduling is available by calling 434-592-3953 or online at http://www.lahayeicecenter.net/.

Outdoor Recreation

SAND VOLLEYBALL COMPLEX

The Sand Volleyball Complex was completed in March 2012. Consisting of four courts, this facility is a premiere venue in the area. Lights provide the opportunity for evening play. The complex is the home for Liberty’s men’s and women’s club sports teams and coed intramural sports leagues. It is also available for pick up play for the Liberty University community.
EAST CAMPUS INTRAMURAL SPORTS AND ATHLETIC COMPLEX

The Intramural Sports and Athletics Complex was completed in August 2011. Two fields are surfaced with an in-filled synthetic turf that is the home of men’s and women’s lacrosse teams. A third astro turf field is the home of the women’s field hockey team. All three fields are used for intramural sports play that includes soccer, flag football and ultimate frisbee. A fieldhouse with offices, team rooms and locker rooms is also located at the complex.

LIBERTY MOUNTAIN TRAIL SYSTEM

The Liberty Mountain Trail System consists of over 65 miles of single and double track trails and logging roads that spans approximately 5,000 acres. The mountain rises to over 1,360 feet and offers something for all difficulty levels, from a leisurely stroll to the Liberty University Monogram, to cross country and gravity-fed trails for both hiking and mountain biking. A trail map and additional information is available online at http://www.liberty.edu/campusrec/studentunion/index.cfm?PID=17523.

LIBERTY MOUNTAIN SNOWFLEX® CENTRE

Drew Sherwood, B.S.
General Manager

Liberty Mountain Snowflex® Centre, located off Candler’s Mountain Road, consists of two main distinct ski runs. This includes a beginner slope, intermediate slope, advanced slope, terrain park, a 260-foot tubing run, and gravity park for air awareness training. The 550-foot terrain run has three jumps with a quarter pipe at the bottom, and a 550-foot ski slope with multiple rail features for all levels. The ski lodge is an 8,000 square foot facility at the base of the ski runs. This building houses the ticket office, ski school, event scheduling, and rental area on the first floor with a seating and concession area on the second floor with a full view of the ski slope, amazing view of the campus and the Blue Ridge Mountains. The Snowflex Centre is a great venue for birthday parties, business meetings, classes, and events. It hosts multiple ski and snowboard summer camps along with fun activities all summer long. The Liberty Mountain Snowflex Centre is open all year round for Liberty University students and public access.

SKATE PARK

The Liberty Mountain Skate Park is located in the Candler’s Mountain Shopping Center. The Skate Park is an indoor facility which allows students and the community to skate board, BMX, or inline skate all year round. The Park has various features for beginners through advanced, such as: three mini ramps, quarter pipe, hubba box, hand rails, foam pit, and a bowl.

IVY LAKE

Ivy Lake, located about 25 minutes from Liberty’s campus in Forest, VA, spans 112 acres with a 6,000 square foot beach. It is available for a variety of activities for Liberty University students, faculty and staff. This is a great spot for fishing, canoeing, or just having a picnic with friends. Before going to Ivy Lake, students must complete a permission form and drop it off at the front desk of the LaHaye Student Union. Ivy Lake is the home of the Liberty Crew team.

THE SPORTS RACQUET

The Sports Racquet facility houses five indoor tennis courts, five hardwood racquetball courts, and a small fitness area. It is also the home of the Liberty University Racquetball Team. During non-member hours, students can enjoy playing indoor tennis, racquetball and wallyball. Private lessons are also available. This facility is located approximately seven miles from campus at 118 Davis Cup Drive in Lynchburg.

PAINTBALL FIELDS

Liberty University’s Paintball Team now has a place on campus to prepare for competitions. The paintball complex consists of two fields with a retractable netting system made with a protective mesh. Students may watch the team behind the safety of the netting during practices. These fields are open for intramurals, special events, and recruitment events.

DISC GOLF COURSE

The Disc Golf Course is located on East Campus just past the intramural football fields. Disc golf is similar to traditional golf in that players tee off and attempt to reach a particular hole in the fewest number of strokes. Unlike normal golf, however, players throw discs, and the “holes” are actually elevated baskets made of metal. The 18-hole course includes tee pads for beginners and experts alike. Usage will vary from intramural sports leagues, to open recreational play among students.

MOTOCROSS/ATV TRACK AND TRAIL SYSTEM

Nestled in Liberty University’s Jack Mountain property, the mile-long wooded arena features numerous doubles, table tops, loops and off-camber turns. Encompassing the track is a trail system giving riders even more room to roam. New trails maintain the land’s natural elements while offering ATV riders of all skill levels a place to enhance their technique.

To complement the ATV trail system, the University has purchased several ATV’s for student use free of charge. To use the University-owned ATV’s, students must enroll and pass an ATV safety course. A safety range has been constructed to ensure that the maximum number of students can pass the class and enjoy the ATV Trail System.

3-D ARCHERY RANGE

Located on Liberty Mountain, is a 3-D Archery Range nestled in 10 acres for the Liberty Archery Club. The range consists of 20 life-like animal targets as well as several practice bag targets. In order to qualify as a potential state qualifier site, the range is setup to comply with Archery Shooters Association (ASA) standards. The Archery Club has access to shoot and hold tournaments on the 3-D Archery Range.

Hunting on Liberty Mountain

Students have the opportunity to bow hunt on Liberty’s Jack Mountain property through membership in the Liberty Archery Club. In order to qualify, students must provide proof that they have completed a Hunter’s Safety Course and also pass a hunting proficiency test which is provided by the Archery Club. Students who meet these requirements will be permitted to bow hunt fall and spring seasons on Liberty’s Jack Mountain.

Club Sports

A Club Sport is an organization recognized by Liberty University comprised of individuals who have an interest in competing in a particular sport. The club provides the opportunity for teams to compete against other colleges and universities with the same interests.

Our goal is to provide the availability to participate in a sport within the campus of Liberty University as well as develop values in leadership, fellowship and social skills.
Information on club sports offerings is available at http://www.liberty.edu/campusrec/clubsports/

**Intramural Sports**

Ed Barnhouse, B.S.

*Director of Intramural Sports*

The University believes that sports, both inter-collegiate and intramural, have definite educational value, and that few other agencies offer so much that is potentially good for character building in American youth.

Intramural Sports are organized recreational sports leagues that allow students at Liberty to participate in a variety of team and individual sports. Competition exists, but the real focus of intramural sports is health and exercise, social interaction, stress reduction, sportsmanship, and teamwork.

During the fall and spring semester, a program of competitive intramural sports is sponsored that opens the way for wide participation on the part of both men and women. Information on intramural sports is available at http://www.liberty.edu/ims.

ATHLETIC PROGRAMS

Intercollegiate athletic programs are an integral part of American college life. At Liberty, athletics constitutes a vital segment of the area of physical education and an integral part of the total University program.

Liberty offers 20 NCAA Division I athletics programs, giving student-athletes the opportunity to compete at the highest level of intercollegiate athletics. The Flames have been a NCAA Division I program since 1988 and a dominant member of the Big South Conference since 1991, winning ten Big South Sasser Cups and more than 100 conference titles since joining the league.

The men's and women's programs offer scholarship aid according to NCAA Division I standards. All interested students are encouraged to contact the head coach of the athletics program of interest. For more information, visit the official Flames website at http://www.LibertyFlames.com.

ACADEMIC AFFAIRS FOR ATHLETICS

The primary mission of Academic Affairs for Athletics at Liberty University is to provide continuous academic, athletic, social, and spiritual development for each student athlete. Utilizing the expertise of our staff in collaboration with institutional programs at Liberty University, our student-athletes receive professional advising, career and academic skill development, tutoring, and mentoring services. Our program assists student-athletes in finding and maintaining a balance between the demands of athletics and academics while preparing them as socially responsible individuals for life after athletics.

CHEERLEADING

Jenny Sydnor
Head Coach

Mission and Philosophy

The mission of the Liberty University Cheerleading team is first and foremost to glorify the Lord Jesus in everything we do. We strive to maintain a positive image and be ambassadors for the University by upholding the values and expectations of the cheerleading program and the University. While on the Liberty University Cheerleading team, athletes are encouraged and guided spiritually, academically, socially, emotionally and physically. It is the goal of the program to help minister to the athletes and to help coach them not only in cheerleading, but in life, helping to shape them into confident and capable adults. Further, the purpose of the Liberty University Cheerleading team is to provide positive support for athletics teams, participate in various Liberty and community events, and participate in fundraising activities as appropriate to support the program.

Program Structure and Basic Information

Liberty University’s cheerleading program is composed of two coed squads, the Red Squad and the White Squad. The Red Squad will consist of 16 to 20 members and will cheer at all home football games and most of the Men’s basketball games. The Red Squad will also compete at UCA College Nationals. The White Squad will consist of 16 to 20 members and will cheer at all home football games and most of the women’s basketball games. There may or may not be alternates for each squad. The Red Squad and most of the White Squad is chosen at the spring tryout. There will be a fall tryout to fill any additional places for the White Squad.

Cheerleaders practice on average three times per week for 2-3 hours each and have required weight room workouts two times per week. In addition to practices there are various community and University events the cheerleaders take part in.

For more information on the program or the application process, tryout procedures and scholarship aid, please visit us online at http://www.LibertyFlames.com.

STUDENT FLAMES CLUB

Founded in 2006, the Student Flames Club (SFC) is designed for students who are passionate about Liberty Athletics. The Student Flames Club exists to promote school spirit, enhance the gameday atmosphere at Liberty athletics events, and to give the student body an avenue to identify with the University’s athletics programs. The SFC also provides participating members priority ticketing for home games and ticketing for away games and postseason events. Membership benefits include an authentic red Nike SFC T-shirt, discounts at the Liberty University Bookstore and Liberty Dining locations on campus, exclusive gameday tailgating privileges, priority on tickets for away games, and post-season tournament and playoff tickets. For more information, visit the Flames Club office on the Second floor of the Williams Stadium Tower, call 434-592-4693, email at SFC@liberty.edu, or visit the official Flames website at http://www.LibertyFlames.com.
University Services

Liberty University Police Department

Col. Richard D. Hinkley, B.S.
Chief of Police

Liberty University Police Department (LUPD), located in the southwest corner of the Green Hall, provides 24/7 patrol protection by police, security, security and medical service personnel to the campus, parking lots, residence halls and other properties owned or controlled by the University. Liberty University Police Officers are duly sworn with full law enforcement powers and responsibilities, identical to the local police and sheriff’s department. The officers are trained at Central Virginia Criminal Justice Academy and receive additional in-service and specialized training in first aid, firearms, defensive tactics, legal updates, human relations, sensitivity issues and criminal investigations.

University Police share concurrent jurisdiction with the Lynchburg Police Department for properties owned or controlled by the University and other properties agreed upon. University Police offer assistance to the city Police when requested according to an established mutual aid agreement. University Police Officers are responsible for a full range of public safety services, including all crime reports, investigations, medical emergencies, traffic accidents, enforcement of laws regulating underage drinking, the use of controlled substances, firearms and other weapons and all other incidents requiring police assistance. In an effort to assist in combating crime, University Police share information on arrests and serious crimes with all surrounding police agencies.

LUPD can be contacted by phone at 434-582-7641 (non emergencies) or 434-582-3911 (emergencies). Additional information is available online at http://www.liberty.edu/lupd.

PUBLIC SAFETY SERVICES

The LUPD provides several service-oriented functions to the University community consisting of more than 14,000 students, faculty, staff and visitors on campus during any given day. Officers are equipped with two-way radios as they patrol campus in marked and unmarked vehicles. University Police responsibilities range from responding to medical and fire emergencies, criminal investigations to providing an on-campus escort service during hours when the campus transit system is not running.

In conjunction with Student Affairs, the University Police help students engrave an identification number on personal property items kept on campus, such as bikes, computers, radios, and stereo systems. Operation Identification is a nationally recognized identification system which has shown to facilitate the recovery of stolen items.

The University Police, upon appointment, also provide Fingerprinting Services for Liberty University students, employees and their families for a small fee. Classes are also offered to students, free of charge, in firearms and range safety as well as RAD (Rape Aggression Defense – basic defense for women).

Extensive efforts are made to create a campus environment that fosters personal safety, property security, and learning for all members of the University community. All criminal actions or suspicious behavior should be reported immediately so University Police can take prompt action.

EMERGENCY NOTIFICATION SYSTEM

In conjunction with Federal Signal Codespear, Liberty University has implemented the Campus Alerting System. This system allows all University constituents to receive notification the moment an emergency situation occurs on campus. Messages can be transmitted to a cell phone, home phone, work phone or email address. Specific notification for emergency road closures, fires, school closings and severe weather are also features of this system.

Register your contact information online at https://liberty.smartmsg.com/ (login required).

CAMPU S CRIME REPORT

Liberty University abides by the Student Right-to-Know, the Campus Security Act of 1990 and the Higher Education Act Reauthorization of 2008. The University makes information concerning campus crime statistics available to the campus community online at http://www.liberty.edu/lupd. This information is also available to prospective Liberty University employees and students upon request.

AUTOMOBILE REGISTRATION

Any vehicle owned or operated on campus must have a current Liberty University Parking Decal properly displayed on that vehicle. Liberty University Parking Decals are only issued by the Liberty University Police Department.

The following documents are required to register a vehicle:
1. Valid Vehicle Registration, issued by a Department of Motor Vehicles.
2. Valid Driver’s License of person registering the vehicle.
3. Complete a form online, print it, and bring it with you to the LUPD office. The link to the form is on the LUPD home page

Parking Decals must be obtained from LUPD within two business days of operating the vehicle on campus. For additional information on Traffic and Parking Regulations see http://www.liberty.edu/lupd.

Liberty University Transit Services

Liberty University operates a comprehensive transportation system that is designed to make the campus and the surrounding community accessible to students, faculty, and staff, while reducing the dependency on single occupancy vehicles. This is accomplished through an efficient intra campus transit system, free access to the Lynchburg city bus system, a complete carpool program with guaranteed ride home services, park and ride and satellite parking programs, airport/train and bus station services during major campus breaks, as well as partnerships with apartment complexes to bring improved transportation service options to commuters. Much of the services are enhanced through a partnership with the Greater Lynchburg Transit Company (GLTC). In 2009, this partnership resulted in GLTC being awarded the Outstanding Transit System Achievement Award from the American Public Transportation Association (APTA) for all transit agencies carrying between 1–4 million passengers a year. Liberty accounts for nearly two-thirds of GLTC’s total ridership and is one of the most used transit systems at college campuses.

For more details regarding Liberty University Transit Services see http://www.liberty.edu/transit.

Flames Pass (Campus ID)

The Flames Pass is the official Liberty University ID card. It provides access to meal plans, Flames Cash, events and activities campus wide. The Flames Pass is valid as long as a student is actively enrolled and financially checked-in. Students can pick up
their Flames Pass from Card Services in Green Hall with a valid government issued photo ID or driver’s license.

For more information, contact the Card Services Office at 434-582-7771 or access the web page at http://www.liberty.edu/cardservices.

Student Service Center

The Student Service Center (SSC), located in Green Hall, houses the offices of Financial Aid, Student Accounts, and the Registrar. The purpose of the SSC is to provide accurate information and direct you to the appropriate staff members within these offices for assistance.

The Student Service Center is open from 8:00 am – 5:00 pm, Monday through Friday. During Convocation, the SSC is closed from 10:00 – 11:00 am Monday and Friday, and 9:30 – 11:30 am on Wednesday. Contact the SSC by email at student服务中心@liberty.edu or call 434-592-5100; additional resources and information is available online at http://www.liberty.edu/student服务中心.

Student Advocate Office

The resident Student Advocate Office is committed to making the student’s experience at Liberty University both positive and life changing by assisting students in taking advantage of every opportunity to succeed and overcome obstacles on the journey from enrollment through graduation.

The Student Advocate Office is located in Green Hall, Room 2668. For more information call 434-582-7200 or visit the website at http://www.liberty.edu/sao.

International Student Center

William Wegert, B.S., M.S., M.Div., D.Min.
Dean, International Student Programs

The C. Daniel Kim International Student Center (ISC) opened its doors in the spring of 2004 to meet the needs of the growing body of international students at Liberty University. Since that time, the ISC staff has sponsored more than 20 year-round events to celebrate international students and their cultures.

The International Student Center is the primary location for information and activities for current international students. Foreign Student Advisors, the International Student Advocate, the International Student Program Coordinator and international student health insurance office are all housed in the International Student Center. More information regarding the ISC is located at http://www.libertyu.com/index.cfm?PID=22798.

Additional information for international students is provided at http://www.liberty.edu/index.cfm?PID=6452.

Office of Disability Academic Support
(ODAS)
Mr. Denny McHaney, B.S., M.Ed.
Director, Office of Disability Academic Support
Associate Professor of Education

Under the umbrella of the Center for Academic Support and Advising Services (CASAS), the Office of Disability Academic Support was created to coordinate academic support services for Liberty University students who have documented disabilities.

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination on the basis of disability against students in institutions of higher education. Section 504 mandates “reasonable” accommodations to provide equal program access to all students with disabilities. Faculty must provide accommodations that meet the special needs of each student with a disability.

The University has an obligation to make reasonable accommodations in policies, practices or procedures when accommodations are needed to prevent discrimination on the basis of disability unless making the accommodations would fundamentally alter the nature of the service, program or activity, or would result in undue financial and administrative burdens.

A student who requests accommodations is required to sign a waiver form each semester giving Disability Support Advisors permission to send written summaries of the individual’s disability, as well as the requests for accommodations. Then each student is instructed to individually seek a private meeting with professors to discuss any accommodations that may be necessary. Professors only need to arrange for those accommodations which have been identified.

Students with documented disabilities may be eligible for some of the following services:
- Extended time for testing
- Testing in a quiet environment
- Note-taking help
- Priority pre-registration
- Interpreters

- Assistive technology lab
  - Kurzweil 1000 – scanning and reading software for the visually impaired
  - JAWS for Windows – screen reading software for the visually impaired
  - Kurzweil 3000 – scanning and reading software for students with reading disabilities
  - Dragon Naturally Speaking – speech recognition software which can turn speech into print
  - Inspiration – software which helps students learn visually and streamline projects
  - CCTV – magnification hardware for the visually impaired

Hands of Liberty,
Deaf and Hard of Hearing Services
Coordinator, Deaf and Hard of Hearing services
Assistant Professor American Sign Language and Interpreting

Housed within the Office of Disability Academic Support (ODAS), Deaf and Hard of Hearing Services provides accommodations for students who are d/Deaf or hard of hearing. These services may include the provision of qualified Sign Language interpreters for academic classes and related events, cultural mediation, note takers, academic advising, priority classroom seating, and priority pre-registration. Our office is located on the second floor of DeMoss Hall in room 2016.

Health Services
Liberty University Health Services located in Green Hall near the LaHaye Student Union is a service of Centra Medical Group, providing quality medical care to the university community, assisting students, staff and faculty in maintaining and optimizing their health. Office hours are Monday – Friday, 8:00 am– 6:00 pm. To schedule an appointment, please call (434) 200-6370.

For more information visit the Health Services webpage at http://www.liberty.edu/index.cfm?PID=451

Liberty University Dining Services
Liberty University Dining Services are offered at several locations throughout the campus. Reber-Thomas Dining Hall, the main campus dining facility, offers four dining sessions during the fall and spring semesters: breakfast, lunch, dinner, and late night.

Students residing on campus may select from a variety of meal plans and meal plan points which are added to the Flames Pass. Commuter students purchase meal plans and points on a semester basis.

Additional information on meal plans, nutritional information, locations, hours of operation and other services provided can be accessed at http://www.libertydining.com.

Liberty University Postal Services
The Liberty University Post Office is located in Green Hall near the LaHaye Student Union. The Liberty University Post Office is open Monday-Friday, during the fall and spring semesters.

Each on campus resident student is assigned a Liberty University box number based on the location of their dorm to the nearest mail receptacle. Students can locate their Liberty University box number by logging onto ASIST and accessing the information through “My Housing and Dining”.

For more information related to Liberty University Postal Services, please see http://www.liberty.edu/postalservices.
University Services – Online Program

Online Advising
Carissa Kregenow, B.S., M.B.A.
Director of Academic Advising
Each student has access to professional Academic Advisors who will assist the student with choosing and scheduling courses and are available to answer any questions the student may have or to help solve unexpected problems. In addition, every course is managed by a faculty member who is available to answer course-related and academic questions.

New students will need to contact an Admissions Specialist, who will guide students in course selection for the first semester and assist in all other preparations until the first day of class. On the first day of the first sub-term in which students are enrolled, all questions concerning academic issues should be directed to the Academic Advising Department. Students are encouraged to contact the Academic Advising Department for help with any school-related problems they may encounter during the academic year.

Online services include Webmail and ASIST (Automated Student Information Services Tool). Webmail serves as the primary means of communication between the University and the student. Every student is assigned a personal Webmail account, which he is advised to check at least weekly. Using ASIST, students may register and drop courses, access and update their personal information, view their account balances, make online payments, view individual test and final course grades, email professors, view and calculate GPA, and apply for financial aid.

Military Affairs Office
Emily Foutz, B.S., M.A.
Director of Military Affairs
The Military Affairs Office is a knowledgeable resource for servicemembers and veterans, to help those who serve achieve their academic goals. The services provided include military and veteran benefit counseling to help each student through the process of requesting Tuition Assistance and GI Bill benefits, processing and follow-through with the government agencies, and assistance when military deployment, temporary duty, and permanent change of station orders present a challenge to academic progress.

Military Affairs partners with the military and veteran organizations to offer a wide variety of military-friendly programs, including Servicemembers Opportunity Colleges (SOC) Network, GoArmyEd, College of the American Soldier, Navy College Program Distance Learning Partnership (NCPDLP), Air University – Associate to Baccalaureate (AU-ABC) Program, and the Department of Veterans Affairs Yellow Ribbon Program.

For more information, please visit the Military Student web page at http://www.liberty.edu/militaryaffairs.

Liberty University Online Library Services
Jeffrey M Dull, B.S., M.S.L.S.
Liberty University Online Librarian
The A. Pierre Guillermin Integrated Learning Resource Center (ILRC) functions are organized and serviced through a well-qualified faculty and staff. The ILRC provides a broad range of services to help students and faculty use information resources and technology effectively. These services include classroom-based instruction, personalized research assistance, and software support.

The ILRC provides many of its library services and resources to students in the Liberty University Online programs. Online students can access virtually all database resources through a proxy login system. In addition, they have direct toll-free telephone and email access to a librarian specializing in online support. The ILRC is committed to being the primary library for Liberty University Online students by offering timely personal contact and document delivery in order to meet their special needs. This includes the delivery of books and journal articles as well as research and reference services. Fees are assessed for copying, mailing, and faxing.

Liberty University Online students can contact the ILRC by email research@liberty.edu or phone 434-582-2821.

University Writing Program
Shelah Simpson, B.S., M.A.R., M.A.
Director, Online Writing Center
Assistant Professor of English
The Online Writing Center (OWC) was established as part of Liberty’s efforts to improve student writing and thus offers writing-related services tailored to the University’s online student population. Through the Online Writing Center web page (http://www.liberty.edu/onlinewritingcenter), online students can submit drafts of upcoming assignments to receive tutor feedback, schedule appointments to speak online with a tutor, e-mail quick questions to tutors, or offer suggestions for further online writing aids that the OWC should consider developing. Students may contact the OWC by emailing onlinewriting@liberty.edu.

Liberty University Bookstore
Students purchase all course materials from MBS Direct. Purchases can be made online by accessing the web page at http://bookstore.mbsdirect.net/liberty. Students should purchase materials after registration but prior to the sub-term begin date (course activation). Liberty does not guarantee that required course materials will be available after the sub-term activation date.

Materials for practicums and required intensives can be purchased from MBS Direct. Tuition does not cover the cost of course materials.

Job Search and Research
Graduate School Preparation
Experiential Learning Programs
Internships and Externships

Several programs are available to assist students in determining career goals and implementing appropriate educational plans. Through the Virtual Career Center, online job listings, career counseling, and a computerized career assessment, students are encouraged to explore various occupational fields, develop job-hunting skills, and research graduate education programs. Students are also encouraged to participate in experiential education programs, such as externships and internships, which provide practical work experience and complement their formal education.
For more information on any of the stated topics, please visit the Career Center website at http://www.liberty.edu/career.

**INTERNSHIP PROGRAM**

All students are encouraged to complete an internship to assist with career planning and gain practical experience within their chosen field of study. Approximately sixty-percent of all interns receive a full-time job offer. Students may earn from one to six (in some cases nine) semester hours of credit. Many majors require at least three credits.

**Completed applications must be submitted to the Career Center by the appropriate deadline (NO EXCEPTIONS).**

The Career Center also provides a special internship opportunity through the Washington Semester Fellowship (WSF). This program allows students to live and work in Washington D.C. where they are placed in internships relevant to their career or academic interests. Students in the WSF earn six credits of internship while taking six online credits. Additional leadership and professional development training are also available to participants.

**Online Advocate Office**

*Jason Byrd, B.S., M.B.A.*

*Director of Student Advocate Office*

The Liberty University Online Advocate Office is committed to making the student’s experience at Liberty University both positive and life changing. The Online Advocate Office works directly with advisors as well as university support offices to help students overcome obstacles on the journey from enrollment through graduation.

The Student Advocate Office is located in the Green Hall complex, Room 2700. Additional information is available online at http://www.luonline.com/index.cfm?PID=14289.

**Liberty Online Ministries**

Liberty Online ministries provide students with spiritual resources to encourage and strengthen them. Various online resources are offered including Bible studies, articles on a variety of life issues of interest to students, and prayer ministry resources. All of this is available through a community web page designed to connect online students with other Liberty students within their geographic area. More information on the resources and services provided is available at http://www.libertyonlineministries.com/index.cfm.

**Convocation and Campus Church**

*Rev. Johnnie Moore, Jr., B.S., M.A.R.*

*Vice President for Executive Projects and Spiritual Programs*

As a dynamic institution vitally interested in the whole person, Liberty provides for physical, social, intellectual, and spiritual needs of the Liberty community. To meet these needs, Liberty provides opportunities for students to gather and serve as a community through convocations and campus church services. Liberty University Online students are encouraged to attend church services as well as convocation when completing on campus intensives.

PURPOSE
The Integrated Learning Resource Center (ILRC) incorporates the University’s main library and academic computing facilities. The ILRC is the focal point of academic life at Liberty. Strategically located in the Arthur S. DeMoss Learning Center, the ILRC supports instruction, research, productivity, community-building, individual and group study, and other activities relevant to the University’s mission. The ILRC’s library resources and services are housed primarily on the first floor, while student computing access is concentrated on the second and third floors. The ILRC is open for student use across a wide range of hours each week during the academic term.

INSTRUCTIONAL RESOURCES
The computing resources within the ILRC consist of more than 450 computers in 15 classroom labs, over 350 computers in various open computing spaces. With the exception of machines reserved for library catalog searching, all ILRC computers are pre-loaded with a variety of software titles available for student use, including Microsoft® Office, Adobe® Creative® Suite, Mathematica, and SPSS.

Classrooms in the ILRC support a wide array of disciplines, including business, computer science, graphic design, information technology, language, math, psychology, and video production. All ILRC computers have a high-speed connection to the Internet. In addition, wireless network signal is available throughout the facility, allowing laptop computer users to access the full array of network resources.

COLLECTIONS
The ILRC is an integral part of the educational process, providing digital and traditional information resources to support the University curriculum and mission. The ILRC collects and organizes resources across a wide range of media, including books, periodicals, audio-visual resources in various formats, musical scores, curriculum, and archival materials. Its physical collections consist of approximately 318,000 volume equivalents and 700 current periodical subscriptions.

While the ILRC expects to collect print resources for the foreseeable future, it has shifted to a significant degree from physical ownership to electronic access – a model that serves both residential and distance students. Digital information resources provided by the ILRC include some 200,000 electronic books and full-text content from more than 67,000 periodicals. The ILRC provides access to more than 300 online research resources from companies such as Dow Jones, EBSCO, JSTOR, LexisNexis, OCLC, ProQuest, the American Psychological Association, Emerald, Standard and Poor’s, and Thomson Gale. A large majority of these print and electronic resources are now available by searching a single discovery tool, Summon. Resources can be accessed directly from this one source or users are able to make a request for materials not currently owned by our library.

Students and faculty can request materials from libraries across the United States through the ILRC’s interlibrary loan service. Books and media borrowed from local and in-state libraries are often available in less than three days. Copies of periodical articles are typically delivered in digital form, often within two days or less.

The ILRC bears responsibility for collecting and providing access to academic publications and historical records created by members of the Liberty University community. Accordingly, the ILRC maintains an archive of physical resources and hosts an institutional repository known as Digital Commons.
CURRICULUM LIBRARY
The Curriculum Library supports the School of Education at Liberty University by providing access to a variety of instructional resources. Offerings include textbooks and teaching materials for pre-school through grade twelve as well as standardized tests. Educational games, manipulatives, and models enhance the collection.

An extensive selection of juvenile titles provides reinforcement for classes in Children’s Literature and Adolescent Literature in addition to classes in curriculum development. Materials related to educational theory and research can be found on the shelves of the main collection of A. Pierre Guillermin Library.

Audio-visual items, such as DVDs, CDs, and videos are also kept in the Curriculum Library along with musical scores.

SERVICES
ILRC functions are organized and serviced through a well-qualified faculty and staff. The ILRC provides a broad range of services to help students and faculty use information resources and technology effectively. These services include classroom-based instruction, personalized research assistance, and software support.

The ILRC provides many of its library services and resources to students in the Liberty University Online programs. Online students can access virtually all database resources through a proxy login system. In addition, they have direct toll-free telephone and email access to a librarian specializing in online support. A Reference Desk, staffed with librarians and specially trained research support specialists, is also available during all hours the library is open. The ILRC is committed to being the primary library for Liberty University Online students by offering timely personal contact and document delivery in order to meet their special needs. This includes the delivery of books and journal articles as well as research and reference services. Fees are assessed for copying, mailing, and faxing.

MEDIA SERVICES/CLASSROOM SUPPORT
The main purpose of Media Services/Classroom Support is to provide efficient technical support to our Faculty and Staff in the area of classroom technology. All of our classrooms are equipped with Smart Technologies, and we provide training to Faculty and Staff in using our multimedia equipment. Our goal is to combine the tools of education and technology, so they can be used together to enhance the learning experience at Liberty University.

MEMBERSHIPS
Academic libraries are undergoing significant changes as they adapt to the terms of a new information economy. Not only are information and technology resources in unprecedented demand, but they must be configured to support teaching, learning, and research regardless of the end user’s location. In this context, the ILRC benefits from collaboration with other agencies and professionals through membership in the Christian Library Consortium, the Consortium of College and University Media Centers, EDUCAUSE, InCommon, InfoComm, Lyrasis, VICULA (Virginia Independent College and University Library Association), VIVA (the Virtual Library of Virginia), and other information services organizations.
Liberty University’s educational philosophy is based on the integration of fundamental Christian beliefs and the liberal arts tradition. Its programs are designed to prepare students to assume leadership roles in society.

**Academic Programs**

The requirements for graduation for all undergraduate programs are listed in this Catalog and on Degree Completion Plans (DCP) which can be accessed at [http://www.liberty.edu/dcps](http://www.liberty.edu/dcps). Specific Course Requirements and Course Sequences for all residential majors may be found at [http://www.liberty.edu/casas](http://www.liberty.edu/casas).

Undergraduate students declare a major when they are accepted to Liberty. They may process a change of major at any time following matriculation through the Center for Academic Support and Advising Services (CASAS). Exceptions are majors which require acceptance into the program, i.e., Athletic Training, Education, Individualized Studies, Interdisciplinary Studies, and Nursing majors.

A complete listing of the majors and minors offered at Liberty follows. **Concentrations and cognates** within given majors are listed under the major. Liberty University defines a Concentration as a specific grouping of 18 or more credit hours that may be offered within the requirements for an Undergraduate Major or Graduate Program. A Cognate is defined as a specific grouping of 9 to 17 credit hours that may be offered within the requirements for an Undergraduate Major or Graduate Program.

Unless published in this Catalog, no other undergraduate degree programs or major and minor fields can be offered by Liberty and students must be aware that Liberty has no responsibility to offer any degree program, major, or minor unless such information is found in this publication. **At least 50% of the course work for any program of study must be earned at Liberty University.**

**Teacher Licensure**

Liberty University offers teacher licensure programs which are approved by the State of Virginia Department of Education. Those who enter the teacher licensure program must complete the academic major, be subject to the same general education requirements as all other students, and complete academic and practicum experiences related to professional teacher training. Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at [http://www.liberty.edu/uguide](http://www.liberty.edu/uguide).

The University Honors Program

Director, Honors Program
Associate Professor of English

If you participated in Gifted and Talented programs in high school or if you are academically talented and serious about your studies and seek to be appropriately challenged, you should consider the academic enrichment of our Honors Program along with its merit-based scholarships ($4,000).

The University Honors Program is designed to provide highly motivated students of above average ability the opportunity to achieve their highest intellectual and creative potential through a combination of homogenous honors seminars in general education course work and independent honors petitioned projects within the students’ major fields of study. Honors students also complete a Senior Honors Thesis as their capstone project during their last semester of college.

Qualified students may apply for admission to Liberty University and the Honors Program simultaneously, although application to the Honors Program must be made directly to that office. If admitted to the program, students must begin taking honors courses in their first semester at Liberty.

Criteria for applying to the Honors Program include the following:

1. Score at least 1270 on SAT (critical reading and math scores only) or 29 on the ACT;
2. Submit official high school or college transcripts indicating a GPA of at least 3.50 on an unweighted 4.00 scale;
3. Write an expository essay of four and one-half to five typed pages on the topic, “What I Hope to Gain from an Honors Program Education at Liberty University”;
4. Submit three letters of recommendation from present or former teachers;
5. Complete the Honors Program Application.

Transfer or Liberty University students must have a cumulative GPA of 3.50 and have no more than 60 credits earned; their recommendation letters must come from professors.

In addition, National Merit Finalists who participate in the Honors Program receive a full tuition and on-campus room and board scholarship; National Merit Semi-Finalists who participate in the Honors Program receive a full tuition scholarship.

The selection process is competitive, and Honors applications are reviewed on the first day of each month beginning March 1st. Applications will not be considered unless they are postmarked by April 20th. For more information or to receive an Honors application, contact the Honors Program Office by phone at 434-592-3304 or email the Director at jhnutter@liberty.edu. Visit the website at https://www.liberty.edu/academics/honors for additional information.

Liberty University en Español

Liberty University en Español offers Spanish-language versions of Liberty University Online programs. The curriculum is the same as existing Liberty University Online programs, and the course requirements do not vary. The only difference in these programs is that Spanish-language versions of some of the course materials are available, and students are permitted to turn in written materials in their native language. Further information is available at http://www.luonline.com/index.cfm?PID=21499.
In an increasingly global economy it is imperative that students have access to international experiences that will help them to lead in the 21st century. Studying abroad offers students a chance to serve, live and study in a setting that can broaden their intellectual horizons and expose them to other cultures in a way that is not possible on the home campus. For this reason, international experiences in a cross-cultural environment are part of Liberty University’s aim to “Contribute to a knowledge and understanding of other cultures and of international events.”

The Study Abroad Office, located in Green Hall 1567, assists students in selecting a program that best fits their educational needs. Semester and summer-long programs are available through collaborations with international faith-based program partners and future Liberty Abroad Programs.

For more information, contact the Study Abroad Office by email at studyabroad@liberty.edu, by phone at 434-592-4005, or visit the website at http://www.liberty.edu/index.cfm?PID=19707.
Programs of Study

Following is a complete listing of the majors and minors offered at Liberty. Concentrations and cognates within given majors are listed under the major. Liberty University defines a Concentration as a specific grouping of 18 or more credit hours that may be offered within the requirements for an Undergraduate Major or Graduate Program. A Cognate is defined as a specific grouping of 9 to 17 credit hours that may be offered within the requirements for an Undergraduate Major or Graduate Program.

Unless published in this Catalog, no other undergraduate degree programs or major and minor fields can be offered by Liberty and students must be aware that Liberty has no responsibility to offer any degree program, major, or minor unless such information is found in this publication. At least 50% of the major or minor course work for any program of study must be earned at Liberty University.

Center for Professional and Continuing Education

The Liberty University Center for Professional and Continuing Education (CPCE) offers, through its residential and online programs, professional development and personal enrichment courses to meet community and individual needs. The Professional and Continuing Education component consists of instructional services, consultation, technical assistance, and community education interests. These opportunities are available in various residential and online venues: conferences, workshops, classes, etc. The principal unit awarded for participation in these non-degree credit activities is the certificate of the Continuing Education Unit (CEU).

PURPOSE

The Center for Academic Support and Advising Services (CASAS) is designed to maximize student success, enhance the undergraduate experience, and help students achieve a greater breadth of learning and a deeper understanding of human experience through the liberal arts. Students will take general education courses, as well as introductory courses, in their major during the first two years. The staff manages academic testing and advising, general education, FRSM 101 (Freshman Seminar), the Bruckner Learning Center, the Career Center, the Individualized Studies and Interdisciplinary Studies majors as well as Continuing Education courses.

FRESHMAN SEMINAR

Prior to beginning the freshman year, all first-time college students enrolled in on campus programs are required to complete Freshman Seminar, FRSM 101. This course is designed to give an orientation and overview of policies that govern life at Liberty. Freshman Seminar is designed to introduce an environment for success while also providing structure and support as new freshmen navigate the academic, spiritual, social and physical campus that is Liberty University.

ACADEMIC ADVISING

Freshmen and Sophomores will receive personalized advising through their assigned Professional Advisor, based on the student’s academic area of study. Professional Advisors will provide student support for questions concerning academic issues. Juniors and Seniors will meet with faculty, as needed, in the Academic Department that corresponds with their major. Both Professional Advisors and Faculty will assist students with reaching their spiritual, academic, and personal goals.

Programs of Study

Bachelor degrees offered through the Center for Academic Support and Advising Services include Individualized Studies (B.A./B.S.) and Interdisciplinary Studies (B.S.). Additional information is available online at http://www.liberty.edu/individualstudy.

Individualized Studies Major (B.A. or B.S.)

PURPOSE

The Bachelor of Individualized Studies major is designed to provide an option for the exceptionally talented student who wishes to pursue a particular area of study not available through the structured major and minor programs.
PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate university-level competencies in writing, speaking, reading, appreciation of the arts, analytical reasoning, computer literacy, and library research;
2. Demonstrate acquisition of core competencies in two content areas;
3. Assess the moral dimensions and ethical implications in two disciplines;
4. Demonstrate the integration of knowledge; and
5. Evidence the synthesis of academic knowledge and Christian values.

DEGREE REQUIREMENTS
1. Minimum cumulative GPA of 3.00 is required to apply and for degree completion;
2. Fulfill institutional General Education requirements;
3. Complete two cognates of at least 21 hours. One cognate must be composed of courses from a single major area, while the second may combine related courses from different departments;
4. B.A. – Complete 11 hours of electives and 12 hours of language;
5. B.S. – Complete 24 hours of electives;
6. Complete at least 30 hours at the 300-400 level;
7. Complete 50 percent of the major at Liberty;
8. Complete 60 hours following admission to the program or prior to commencing the Junior year;
9. Generate a final paper which integrates knowledge across the disciplines (Approval of Director, Individualized Programs of Study, required; due in that office October 15th or February 15th, or June 15th of graduation semester.); and
10. Broken enrollment would necessitate renegotiation of the proposal.

PROGRAM SPECIFIC ADMISSION REQUIREMENTS
To gain admission to the Individualized Studies Program, the student must complete the application process and meet with the Director, Individualized Programs of Study as early as possible in the undergraduate program and complete 60 hours following admission to the program or prior to commencing the Junior year.

Proposed cognates must be approved by the respective departmental chairmen. Final approval for admission to the program is granted by the Director, Individualized Programs of Study.

The Individualized Studies Proposal and DCP are used to determine compliance for degree requirements, and may not be changed without the approval of the Director, Individualized Programs of Study and the respective Department Chairmen.

Applications will only be accepted during the following times:
- Fall Semester: September 1 – November 15
- Spring Semester: February 1 – April 15

---

Interdisciplinary Studies Major (B.S.)

PURPOSE
The Bachelor of Science in Interdisciplinary Studies major is designed to offer a degree that enables the student to use both inter-college and interdepartmental combinations of courses that will provide a broad pattern of educational experience.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate university-level competencies in writing, speaking, reading, appreciation of the arts, analytical reasoning, computer literacy, and library research;
2. Demonstrate acquisition of core competencies in at least two, but not more than three, content areas;
3. Assess the moral dimensions and ethical implications in at least two disciplines; and
4. Evidence the synthesis of academic knowledge and Christian values.

DEGREE REQUIREMENTS
1. Fulfill institutional General Education Requirements;
2. Complete a 45-hour major which must be drawn from at least two, but not more than three, academic disciplines with no more than 30 hours and no less than 15 hours from any one discipline. The courses may be in most fields offered by the University;
3. Complete 19 hours of electives in chosen disciplines, including areas that are covered in the major;
4. Complete at least 30 hours at the 300-400 level;
5. Complete 50 percent of the major at Liberty;
6. Complete 30 hours following admission to the program; and
7. Broken enrollment would necessitate renegotiation of the proposal.

PROGRAM SPECIFIC ADMISSION REQUIREMENTS
To gain admission to the Interdisciplinary Studies Program, the student must complete the application process and meet with the Director, Individualized Programs of Study as early as possible in his/her undergraduate program and prior to commencing the Senior year. The Professional Advisor for the Individualized Programs of Study will assist the student in developing a course and program plan to meet the requirements of the degree.

The cognates must be approved by the Department Chairmen of the disciplines involved. The Interdisciplinary Studies proposal is then submitted to the Director, Individualized Programs of Study, for final approval. The course and program plan, when accepted, becomes the student’s DCP contract for graduation and may be modified only upon written request to the Director, Individualized Programs of Study.

Applications will only be accepted during the following times:
- Fall Semester: September 1 – November 15
- Spring Semester: February 1 – April 15
Associate of Applied Science in Technical Studies Major (A.A.S.)

PURPOSE
The Associate of Applied Science (AAS) in Technical Studies degree is a 60 credit hour program consisting of 31 hours of general education required courses, 13 core hours and 16 hours in one of six concentrations. Instruction in technical coursework will be delivered at Virginia Technical Institute, 201 Ogden Road, Altavista, Virginia.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate a comprehensive knowledge of the skills required by craft workers and technicians employed in the construction industry.
2. Demonstrate appropriate safety and first aid procedures.
3. Evaluate construction industry projects from a financial/economic perspective.
4. Demonstrate computer skills as appropriate to the discipline.

Carpentry Cognate
The student will be able to demonstrate basic carpentry skills needed for a carpentry apprenticeship.

Electrical Cognate
The student will be able to demonstrate basic electrical skills needed for an electrician apprenticeship.

Heating, Ventilation, Air Conditioning (HVAC) Cognate
The student will be able to demonstrate basic HVAC skills needed for a HVAC apprenticeship.

Masonry Cognate
The student will be able to demonstrate basic masonry skills needed for a masonry apprenticeship.

Plumbing Cognate
The student will be able to demonstrate basic plumbing skills needed for a plumbing apprenticeship.

Welding Cognate
The student will be able to demonstrate basic welding skills needed for a welding apprenticeship.

TAU SIGMA HONOR SOCIETY
Advisor: Dr. Brian C. Yates

Tau Sigma is an academic honor society designed specifically to "recognize and promote the academic excellence and involvement of transfer students."

Tau Sigma was incorporated as a non-profit in 1999 with Auburn University being the home of the first chapter. At that time, Auburn University was becoming increasingly aware of the significant number of transfers on campus as well as the university’s inability to adequately serve them. Tau Sigma was born out of Auburn University’s desire to improve its service to and recruiting and retention of transfer students.

Today, over 60 other universities have established or are currently establishing Tau Sigma chapters in their efforts to
improve the services that they provide to their transfer student population. Although Tau Sigma is a relatively young organization, many members in all parts of the country have become active at their universities, participating in such activities as on-campus recruiting events for prospective transfer students, transfer student orientation, community service projects, assisting the admissions office with the recruitment of prospective transfers at junior colleges, and participating in intramural sports and socials that allow them opportunities to fellowship with one another and make new friends.

The Liberty University Chapter was approved in the fall of 2008 with the first class inducted in the Spring of 2009. To be eligible, a student must be a transfer student and achieve at least a 3.50 GPA during the first semester at Liberty University.

**ALPHA LAMBDA DELTA HONOR SOCIETY**

**Advisors: Dr. Marilyn Gadomski and Mrs. Bessie Grayson**

Alpha Lambda Delta (ALD) is a national interdisciplinary honor society founded in 1924 at the University of Illinois to recognize academic excellence among first-year students. The honor society provides Christian, intellectual and social enrichment, along with leadership experience for the officers, for students who will become eligible for the honor societies of their majors.

An invitation for membership is sent to students who meet the following requirements:

- GPA of 3.50 or higher at the end of the first two semesters of college (with no repeats).
- Full-time enrollment pursuing a bachelor’s degree.
- Freshman transfer students must have the required GPA on the courses taken during their first semester of enrollment combined with the cumulative average of their transfer credits.

**TUTORING SERVICES**

Free peer tutoring is offered in approximately 35 subject areas to residential students desiring academic assistance during the fall and spring semesters. Subjects are offered based on tutor availability. Many tutors are certified through the College Reading and Learning Association (CRLA). For more information, visit the website at [www.liberty.edu/tutoring](http://www.liberty.edu/tutoring).

**TESTING SERVICES**

Make-up testing is provided in the Bruckner Learning Center, Testing Services at the direction of individual professors. Other forms of testing available include: CLEP, ICE (Institutional Challenge Exam), DSST (DANTES Subject Standardized Tests), and the proctoring of tests from other institutions or organizations. Fees are associated with these tests. For more information, visit the website at [http://www.liberty.edu/testing](http://www.liberty.edu/testing) for the current fee schedule.

**Center for Professional and Continuing Education**

**Director: Christos Carroll**

The Liberty University Center for Professional and Continuing Education (CPCE) offers, through its residential and online programs, professional development and personal enrichment courses to meet community and individual needs. The Professional and Continuing Education component consists of instructional services, consultation, technical assistance, and community education interests. These opportunities are available in various residential and online venues: conferences, workshops, classes, etc. The principal unit awarded for participation in these non-degree credit activities is the certificate of the Continuing Education Unit (CEU).

---

**Bruckner Learning Center**

**Director: Dr. Heather Schoffstall**

The Bruckner Learning Center (BLC) provides a wide range of programs to enhance the academic success of Liberty University students. A valuable course available to incoming freshmen is MENT 101, which provides small group instruction/mentoring, accountability partners and topics such as study strategies, budgeting, and career development. CLST 101 is designed to teach students the study skills necessary for college success. Students needing assistance with reading may choose to take CLST 102, while those desiring individualized lab work in study techniques may take CLST 103. Other offerings include CLST 105, which provides mentoring and accountability, and CLST 301, an advanced speed reading course designed to build vocabulary and accelerate reading speed. Additionally, CLST 104 is a transitional study skills course offered in the summer that incorporates Freshman Seminar. Any new freshman may take CLST 104. Applicants must apply and be accepted into the Summer Bridge Program in order to participate in CLST 104. Bridge Program in order to participate in CLST 104.

Students who are placed on Academic Warning/Probation will be required to complete a College Learning Strategies (CLST) course to assist them in their academic progress during that semester of Academic Warning/Probation. In such instances, if a student withdraws, or receives a grade lower than a C, the course must be retaken in the subsequent semester. A student may not drop or withdraw from the course without permission from the Director of the Bruckner Learning Center.

**Center for Writing and Languages**

**Associate Dean: Tess Stockslager**

The Center for Writing and Languages (CWL), formerly known as the University Writing Program (UWP), was established in 2006 as part of Liberty’s efforts to improve graduate student writing. The heart of the CWL is one-on-one tutoring. The CWL—the umbrella organization over the Gradu ate Writing Center (GWC), Undergraduate Writing Center (UWC), Online Writing Center (OWC), Spanish Writing Center (SWC), Foreign Language Lab (FLL), and Online Foreign Language Lab (OFLL)—employs advanced students with superior writing and teaching skills.
to offer individualized writing and language instruction to Liberty University students.

In addition to tutoring, the CWL also offers a variety of tools to help students with their writing. The CWL webpage (http://www.liberty.edu/academics/graduate/writing/) includes a large collection of worksheets and PowerPoint presentations on common topics such as “commas” or “APA Documentation.” In addition, the web page offers a variety of links to reliable online sources for writing instruction. Through the web page, students can e-mail quick questions to writing-center tutors or offer suggestions for further online writing aids that the CWL should consider developing. Additionally, foreign language web resources will be added during the Fall 2012 semester.

The Directors of the CWL are available to faculty for classroom presentations or for help in developing teaching aids, rubrics, or assignments. CWL staff members routinely make presentations on topics such as documentation, common grammar errors, plagiarism, and many other writing and language skills in classrooms and in faculty workshops. In addition, all faculty and staff are encouraged to bring their academic work to the GWC for review and commentary by the Director.

Currently, all CWL services are free of charge to Liberty University students, staff, and faculty, may download any CWL-produced online materials for use in their classes.

**GRADUATE WRITING CENTER**

**Director: Tess Stocksager**

The GWC offers writing-related services tailored to the University’s residential graduate population, and it supports faculty members as they seek to incorporate writing instruction in their classrooms. The GWC also offers help to any Liberty University affiliated scholars seeking to publish or present their work in professional venues. Residential students can schedule appointments with the GWC. A trained tutor will review drafts and offer feedback, suggestions for revision, and personalized instruction on all aspects of the writing process. Tutors can help with brainstorming, grammar, punctuation, content, organization, and documentation, and help is available to students from the earliest stages of a program through the thesis or dissertation.

The GWC also has a Korean tutor dedicated to helping the Graduate School’s large population of Korean students.

The GWC is located in DeMoss Hall in the second floor of the ILRC, behind Jazzman’s. Residential students or faculty may contact the center by calling (434) 592-4727 or by emailing graduatewriting@liberty.edu.

**UNDERGRADUATE WRITING CENTER**

**Director: Allison Scoles**

The Undergraduate Writing Center (UWC) was established as part of Liberty’s efforts to improve student writing. Formed in 2008, the UWC builds on the programs and services already established in the Graduate Writing Center (GWC). The heart of the UWC is one-on-one tutoring. The UWC employs graduate students and advanced undergraduates with superior writing and teaching skills to offer individualized writing instruction to any Liberty University undergraduate student. Residential students can schedule appointments with the UWC, and a tutor will review their drafts and offer feedback, suggestions for revision, and personalized instruction on all aspects of the writing process. Tutors can help with brainstorming, grammar, punctuation, content, organization, and documentation, and they are available from the earliest stages of a program through the capstone project.

The UWC is located in DeMoss Hall in the second floor of the ILRC, behind Jazzman’s. Residential students or faculty may contact the center by calling (434) 592-3174 or by e-mailing undergradwriting@liberty.edu.

**ONLINE WRITING CENTER**

**Director: Shelah Simpson**

The Online Writing Center (OWC) was established as part of Liberty’s efforts to improve student writing and thus offers writing-related services tailored to the University’s online student population. Through the Online Writing Center web page (http://www.liberty.edu/onlinewritingcenter), online students can submit drafts of upcoming assignments to receive tutor feedback, schedule appointments to speak online with a tutor, e-mail quick questions to tutors, or offer suggestions for further online writing aids that the OWC should consider developing. Students may contact the OWC by e-mailing onlinewriting@liberty.edu.

**FOREIGN LANGUAGE LAB**

**Director: Alisha P. Castaneda**

In addition to the writing centers, the Center for Writing and Languages offers foreign language tutoring services through the Foreign Language Lab. The lab offers foreign language-related services customized to the needs of the university’s residential population and works to support the needs of faculty members as they instruct and educate their students. The primary purpose of the Foreign Language Lab is to provide one-on-one and group tutoring sessions for students studying Chinese, French, German, Spanish, and English as a second language (ESL). In addition, the FLL will begin providing tutoring in American Sign Language (ASL) in Fall 2012.

The Foreign Language Lab employs advanced undergraduate students who have native speaking ability in the offered foreign languages and advanced knowledge of the grammar and writing skills correlated to those languages. Individuals can schedule a tutoring session ahead of time with the tutor or come for a walk-in appointment. They will receive personalized instruction on all areas related to language acquisition, including grammar, vocabulary, and appropriate writing style, as well as oral, auditory, and sign perception practice and development.

In addition to providing language tutoring, the Foreign Language Lab offers conversation groups in each language, including English conversation groups for non-native speakers. Conversation groups help language learners practice their listening and speaking skills in a relaxed and open setting. Conversation topics are varied, and tutors are open to suggestions.

The Director of the Foreign Language Lab is available to faculty for classroom presentations or for help in developing teaching aids, rubrics, or assignments. In addition, all foreign language faculty are welcome to make the lab part of their students’ classroom experience, either by holding classes in the lab or requiring students to visit for tutoring services.

All Foreign Language Lab services are free of charge for individuals associated with Liberty University—students, faculty, and staff. Persons interested in utilizing the services offered by the Foreign Language Lab may contact the lab by e-mailing foreignlanguagelab@liberty.edu, calling (434)592-3175, or visiting www.liberty.edu/foreignlanguagelab. The Foreign Language Lab is located in DeMoss Hall in the second floor of the ILRC, behind Jazzman’s.

**ONLINE FOREIGN LANGUAGE LAB**

**Director: Alisha P. Castaneda**

In August 2012, the Center for Writing and Languages (CWL) opened the Online Foreign Language Lab (OFLL). While the residential Foreign Language Lab (FLL) offers customized foreign language tutoring services for residential students, the
OFLL reaches out to Liberty University's online population. The OFLL provides free one-on-one tutoring sessions for students studying German, Spanish, and English as a second language (ESL) through LUO’s conversational language courses.

The OFLL employs highly qualified individuals with native-speaking ability who not only meet the language standards but are also skilled in effectively tutoring and teaching essential language skills. These tutors provide personalized instruction in all areas related to language acquisition, including grammar, vocabulary, appropriate writing style, and oral and auditory practice and development.

Considering the long-distance nature of online learning, students will meet with tutors via Skype and MSN Messenger and can find out more information about this center and scheduling an appointment by visiting www.liberty.edu/onlineforeignlanguelab, emailing onlinefl@liberty.edu, or calling (434)592-3175.

SPANISH WRITING CENTER: CENTRO DE ESCRITURA EN ESPAÑOL

Director: Alisha P. Castaneda

In May of 2012, the Center for Writing and Languages (CWL) opened The Spanish Writing Center (SWC), or Centro de Escritura en Español (CEE), to provide writing tutoring services for Liberty University en Español (LUE) students. The SWC aims to improve LUE’s undergraduate and graduate student populations’ writing skills by providing written and live feedback on essays and other written assignments, administering writing skills development exercises, and developing flyers and presentations with quick reference information regarding grammar, formal/academic writing standards, writing styles (MLA, APA, and Turabian), and more. By providing these free services, the SWC improves the students’ chances for academic success.

While other universities have Spanish writing centers geared toward tutoring students learning the Spanish language, Liberty University’s SWC is a unique and innovative center that assists Spanish-speaking students who are writing in their native language. Please visit www.liberty.edu/spanishwritingcenter, write spanishwritingcenter@liberty.edu, or call (434)592-3175 for more information.

WILLIAM AND MARY LAW SCHOOL

One of the nation’s oldest law schools, the WMU-Cooley Law School is located in Washington, DC, and offers the Washington Semester Fellowship, a法学 internship program for undergraduate students. This program provides students with the opportunity to gain practical experience in the legal field, working under the guidance of seasoned professionals.

Students are encouraged to consider participating in the WMU-Cooley Law School’s Washington Semester Fellowship. For more information, please visit the WMU-Cooley Law School’s website at www.wmucolley.edu.

Washington Semester Fellowship Internship
Virtual Career Center

The Career Center is located in a highly visible and easily accessible location that includes state-of-the-art meeting facilities, interview rooms, computer lab, and professional development facilities. The Focus 2 assessment combined with career counseling is available to assist students in determining career goals and implementing appropriate educational plans. Through the website, online job listings, career resource library, and a computerized interest assessment, students are encouraged to explore various occupational fields, develop job-hunting skills, and research graduate education programs. Staff, alumni, and local employers conduct training workshops on topics such as resume writing, interviewing techniques, and job search strategies. Further networking opportunities are provided through Career Fairs, on-campus interviewing, and networking. Students are also encouraged to participate in experiential education programs, such as externships and internships, including the Washington Semester Fellowship and job shadowing opportunities, which provide practical work experience and complement their formal education.

The Virtual Career Center (VCC) provides online access to career services without closing hours. Our goal is to deliver professional development services, workshops and resources through online mediums without compromising the quality of service between Career Center staff and students. VCC services and resources help students become professionals prepared for the world of work.

For more information on any of the stated topics, please visit the Career Center website at http://www.liberty.edu/career.

LUNETWORK – JOB DATABASE

Liberty University’s exclusive employer relationship database, LUNETWORK, is the on-line database that has over 2,700 employers looking for Liberty students and graduates. Employers from all over the country (and world) are purposefully posting positions looking for Liberty talent. Postings include internships and full time positions for both new graduates and seasoned professionals. Students and alumni can post their resume and search the database for positions all over the world. Residential and Online Students and Alumni are eligible to utilize LUNETWORK for life.

INTERNSHIP PROGRAM

All students are encouraged to complete an internship to assist with career planning and gain practical experience within their chosen field of study. Approximately sixty-percent of all interns receive a full-time job offer. Students may earn from one to six (in some cases nine) semester hours of credit. Many majors require at least three credits. All applicants for credit internships, which are listed in the University’s Catalog under a 499 number, are processed through the Liberty University Career Center. Zero-credit internships are also available; they will be listed on the student’s transcript with an appropriate departmental prefix under a 299 number. The zero-credit internships are also processed through the Liberty University Career Center. For additional information regarding internships contact internships@liberty.edu.

Students are also encouraged to consider participating in Liberty University’s Washington Semester Fellowship. This program allows students, from all majors, to be placed in an internship in Washington, DC. Students are required to register for a six credit internship (the zero-credit internship is not open to students in this program) and take at least six credits through online courses, thus maintaining their full-time residential status as Liberty University students. On-site housing is required for all students participating in the Washington Semester Fellowship. For more
Informational meetings are held weekly during the semester and are required for anyone interested in pursuing an internship for credit. Policies, procedures and fees are explained at these meetings. Any student who is interested in applying for an internship is required to attend one such meeting during the semester prior to the one in which they wish to complete their internship.

Completed applications for internships must be submitted to the Career Center by the appropriate deadline (NO EXCEPTIONS): November 30 for spring internships, April 30 for summer and fall internships.

IMPORTANT INFORMATION REGARDING INTERNSHIPS AND CLINICAL PLACEMENTS

Students who are pursuing degrees leading to application for professional licensure or certification, and/or who will be participating in clinical placements, internships, or practica through their Liberty University program should be aware that their host facility may require a criminal background check, fingerprinting, or drug screening. In such situations, each student is responsible for obtaining and paying for the background check or other screening process and for delivering required documentation to the facility. Although the university will make reasonable efforts to place admitted students in field experiences and internship, it will be up to the host facility to determine whether a student will be allowed to work at that facility.

Students should further be aware that a criminal record may jeopardize licensure by the State certification body. Students seeking licensure are urged to contact the relevant licensing agency to determine the licensing requirements for the jurisdiction. Successful completion of a program of study at Liberty University does not guarantee licensure, certification, or employment in the relevant occupation.

**Office of Disability Academic Support**

**Director: William Denton McHaney**

The Office of Disability Academic Support (ODAS) provides academic support services for students with documented disabilities. A student who has a disability may be assigned to a Disability Academic Support advisor who has had training in accommodation of disabled students. That faculty member acts as a liaison between instructors and the individual regarding classroom accommodations and will function in a dual advising role with the CASAS Professional Advisor in the student’s chosen major. With the student’s permission, each instructor is informed that the student has a disability, and suggestions for appropriate accommodations are made, as needed and desired.

The **Osborne Assistive Learning Technology Center** provides access to computers with text reader software with synthetic speech, speech recognition software to turn speech into print, and organizational software.

The **Hands of Liberty, Deaf and Hard of Hearing Department** provides accommodations for students who are d/Deaf or hard of hearing. These services may include the provision of qualified Sign Language interpreters for academic classes and related events, cultural mediation, note takers, academic advising, priority classroom seating, and priority pre-registration.

Interdisciplinary Studies Major (B.S.)

PURPOSE
The Bachelor of Science in Interdisciplinary Studies degree program is designed for traditional students and adult learners with an interdisciplinary history attained through academic and/or work experience. Academic instruction is structured within a Christian worldview.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate university-level competencies in writing, public speaking, reading comprehension, appreciation of the arts, analytical reasoning, computer literacy, and educational research;
2. Demonstrate acquisition of core competencies in English language; and
3. Assess moral dimensions and ethical implications in each chosen area of concentration.

APPLICATION PROCESS
1. Complete the Application for Interdisciplinary Studies major.
2. Submit the Cognate Selection form to the New Enrollment Specialist.
3. Review of the Cognate Selection is made by a New Enrollment Specialist. Students who have not completed enough hours in a specific area to develop a cognate will be contacted by email encouraging them to pursue a specific program area.
4. Approval is granted by the Degree Plan Coordinator in the Liberty University Online Office of Transfer Evaluations and Degree Planning and by the Registrar’s Office.
5. Students who break enrollment must resubmit the Cognate Selection form.

Liberty University Online offers cognates in Accounting, Christian Counseling, Business, Criminal Justice, Education, Management Information Systems, Psychology, Religion, and Special Education. A cognate represents a broad discipline of study at Liberty University. There are no specific course requirements in a cognate. The Interdisciplinary Studies degree program is individualized to provide flexibility and to give students options to select courses that will help them meet their academic goals. Students may take any course that fits within the discipline of study as indicated by approved prefixes on the following chart, as long as the prerequisite requirements have been met.

This program is not available for students pursuing teacher licensure. This program does not comprise a double major.

Liberty’s Interdisciplinary Studies program requires 45 credit hours for the major which can be distributed between two or three cognates. A minimum of 15 credit hours in each cognate is required.
### Interdisciplinary Studies Major (A.A.)

**PURPOSE**

The Associate of Arts degree in Interdisciplinary Studies is designed as an intermediate, close-range goal for the adult learner and may act as a bridge to a Bachelor of Science degree. It enables the student to use both inter-college and interdepartmental combinations of courses that will provide a broad pattern of educational experience.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Demonstrate university-level competencies in writing, speaking, reading, appreciation of the arts, analytical reasoning, computer literacy, and library research;
2. Demonstrate acquisition of core competencies in at least two, but not more than three, content areas;
3. Assess the moral dimensions and ethical implications in at least two disciplines; and
4. Evidence the synthesis of academic knowledge and Christian values in order that there might be a maturing of spiritual, intellectual, social, and physical behavior.

PURPOSE
The College of Arts and Sciences provides learning opportunities in the academic disciplines relating to man’s cultural, social and scientific achievements. The College offers instruction in English, family and consumer sciences, French, geography, history, humanities, linguistics, mathematics, military science, philosophy, physical science, physics, Spanish, and Teaching English as a Second/Foreign Language.

TEACHER LICENSURE
Liberty University offers teacher licensure programs which are approved by the State of Virginia Department of Education. Among the options available to students through the College of Arts and Sciences are courses of study leading to licensure in English, family and consumer sciences, history/social science, mathematics, music (choral or instrumental), Spanish, and Teaching English as a Second/Foreign Language.

Those who enter the teacher licensure program must complete the academic major, be subject to the same general education requirements as all other students, and complete academic and practicum experiences related to professional teacher training.

Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at www.liberty.edu/uguide.

Air Force – ROTC

ADJUNCT FACULTY
Colonel Jon Wolfe, B.S., M.S., M.A.
Commander Air Force – ROTC Detachment 890

PURPOSE
The Air Force Reserve Officers’ Training Corps (AFROTC) offered to Liberty University students through the University of Virginia affords students the opportunity to receive United States Air Force officer training while completing undergraduate or graduate studies. AFROTC is the largest of three programs available through the Air Force to earn a commission and serve as an officer in the United States Air Force.

AFROTC offers commissioning opportunities for students of all levels, both graduate and undergraduate. The 4-year program is designed for students who join during their first year of college. Students take all 4 years of Air Science Classes and attend a 4-week summer field training encampment at an Air Force Base between their second and third years.

Students may also enroll in AFROTC during their second year of college. Those awarded a scholarship will dual enroll in both the AIRS 100 and AIRS 200 courses during their second year of college and attend a 4 week summer field training encampment. Students not on scholarship will only take the AIRS 200 level courses and attend a 5-week summer field training encampment.

SCHOLARSHIP PROGRAM
Merit-based financial scholarships are offered to qualified students through two, three, and four-year scholarships. Qualified students may be offered an AFROTC scholarship full or partial college tuition, incidental fees, textbook allowances, and a monthly subsistence allowance of at least $300. Scholarship students incur a military obligation.

Army – ROTC

RESIDENTIAL FACULTY
Major Robert J. Foy, USA, B.A., M.A.
Instructor of Military Science

PURPOSE
The Army Reserve Officers Training Corps (ROTC) offers a general military science curriculum that prepares eligible men and women to compete for a commission as an officer in the United States Army.
**SCHOLARSHIP PROGRAM**

Merit based financial incentives are offered to qualified students through two, three, and four-year scholarships (full tuition fees), a book allowance of $1,200 annually, and a monthly stipend of up to $500 per month. Scholarship students incur a military obligation.

**INTERNSHIP**

Internships are available during the summer of the sophomore year for qualified students that did not participate in ROTC during their freshmen and sophomore years. Participants are provided transportation, food, lodging, uniforms, and are paid during the 28-day camp. Students that successfully complete the internship are eligible to compete for a two-year scholarship.

Writing Minor

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Apply developmental theories within family systems.
2. Evaluate issues regarding family structures, parenting and child development.
3. Develop a strategic plan of management and implementation of a child education program.
4. Communicate as an educator of a child education program.

Family and Child Development Major

PURPOSE
The Family and Child Development program seeks to prepare students to become early childhood educators and family-related professionals who support the God-given potential of families and children. A study of human growth and development within the context of family and community provides a framework for an understanding of how people grow, learn and form relationships through the lifespan.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Apply developmental theories within family systems.
2. Evaluate issues regarding family structures, parenting and child development.
3. Develop a strategic plan of management and implementation of a child education program.
4. Communicate as an educator of a child education program.

Family and Consumer Sciences Major

PURPOSE
The Family and Consumer Sciences (FACS) program seeks to strengthen the individual, institution of family and communities through the dissemination of biblical knowledge and the education of professionals. This program includes family and child development, clothing, interiors, consumer economics, and foods.
Family and Consumer Sciences Teacher Licensure

PURPOSE
The NCATE approved Family and Consumer Sciences Teacher Licensure program seeks to prepare Christ-centered worldview teachers with a broad-spectrum of content knowledge and instructional skills recognized by the Virginia Department of Education Standards of Learning. This program includes family and child development, clothing, interiors, consumer economics, and foods.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Create a pre-design or original design using sewing construction techniques.
2. Analyze the contents of foods for proper nutrition.
3. Evaluate issues regarding family structures, parenting and child development.
4. Plan programs within communities that deal with family and consumer issues.
5. Communicate as a leader and an educator of family and consumer sciences issues.

Advisor: Matalie Howard, B.S., M.S.
Internships (FACS 499) are required for all FACS majors. Students must be of Senior status, FACS major and must have completed 21 hours of major course work.

FACS ASSOCIATION
The Family and Consumer Sciences (FACS) Association is a pre-professional student organization the purpose of which is to promote student involvement in the profession throughout the University and the community. The FACS Association offers students opportunities for leadership, friendship, ministry, and career exploration. Officers are elected each spring for the following academic year. The FACS Association sponsors University activities, community projects, club meetings with special speakers, support for all FACS majors and is an exciting springboard for professional involvement.

INTERIOR DESIGN SOCIETY
Advisor: Ruth Gomes, B.S., M.S.
The purpose of the Interior Design Society (IDS) student chapter is to offer interior design students professional opportunities and exposure within the interior design industry. Liberty University is the first student chapter (2008) in the United States. The student chapter is a part of the large IDS professional organization which is the largest residential design organization in the country. The student chapter promotes student involvement in the profession throughout the University and community. The IDS offers students opportunities for leadership, friendship, professional experience, and exposure to the interior design industry which includes field trips to places such as the Furniture Market in High Point, NC.

OMICRON GAMMA PHI HONOR SOCIETY
Omicron Gamma Phi is an honor society which seeks to recognize excellence among Family and Consumer Science students on Christian campuses.

The purpose of the society is symbolized in its name, OMICRON GAMMA PHI. Omicron represents the first letter in the Greek word for family. Gamma is the first letter in the word for science. Phi is the first letter in the word for light. Omicron Gamma signifies that Family and Consumer Sciences is an applied science. The Phi signifies the Christian aspect of the Honor Society.

The purpose of the society is threefold. First, Omicron Gamma Phi encourages and recognizes excellence in scholastic achievement. Second, it seeks to maintain a Christian worldview through the integration of biblical principles with academic content. Third, the society encourages service by the membership.
Criteria for membership:
A student must have:
1. 3.00 cumulative GPA;
2. 45 hours completed; and
3. A major in the FACS department.

Purpose

The History Department is committed to teaching and training students toward a Christian worldview of history. Offering general education courses, major programs and graduate courses, the Department provides comprehensive instruction in history and historical methodology, encourages students to develop an integrated Christian worldview and an appreciation for America’s cultural distinctives, equips them for service, and prepares them for further education and careers.

History Major (B.A. and B.S.)

PROGRAM LEARNING OUTCOMES

The student will be able to:

1. Demonstrate mastery of a breadth of general knowledge of the field of history.
2. Apply biblical principles to the problems and issues of history.
3. Research historical topics and critically analyze historical literature, documents and data with historiographical and interpretative sophistication.
4. Convey and analyze ideas in writing.
5. Evaluate the significance of world societies and cultures.

Social Sciences Major (B.S.)

PURPOSE

The Social Sciences major is designed to have a core in history with additional coursework in geography, government, and economics.

PROGRAM LEARNING OUTCOMES

The student will be able to:

1. Evaluate how various factors have influenced the development of history and civilization.
2. Apply biblical principles to the problems and issues of history.
3. Research historical topics and critically analyze historical literature, documents and data with historiographical and interpretative sophistication.
4. Convey and analyze ideas in writing.
5. Evaluate the significance of world societies and cultures.

TEACHER LICENSURE

Teacher preparation and endorsement in social studies is available through the Department of History in cooperation with the Teacher Education Department. Those wishing to pursue teaching-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at www.liberty.edu/uguide. All teacher licensure programs have been approved by the National Council for Accreditation of Teacher Education (NCATE).

PHI ALPHA THETA HONOR SOCIETY

Advisor: Dr. David Snead

Phi Alpha Theta is dedicated to recognizing and encouraging excellence in the study of history. Chapter activities provide members with opportunities for sharing and advancing their professional interests. Lectures and field trips are designed to awaken historical interest, and to promote interaction between students and faculty. An annual regional meeting builds rapport with chapters at neighboring institutions.

Criteria for membership: An undergraduate student must have completed at least twelve semester hours in history with a grade in all history courses averaging at least a 3.10 and must have a general average of at least a 3.00 in all classes.

Mathematics Major (B.S.)

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Solve problems using the appropriate mathematical expertise.
2. Use abstract reasoning to rigorously evaluate mathematical hypotheses, and formulate and communicate mathematical analysis and arguments.
3. Critically analyze and investigate complex phenomena of the physical and/or socio-economic worlds by representing these problems mathematically.
4. Articulate how a biblical/Christian worldview informs one’s vocation and professional practices.
5. Use appropriate technology to solve practical problems, access mathematical information, and develop mathematical insight.

TEACHER LICENSURE

Teacher preparation and endorsements in mathematics are available through the Department of Mathematics. Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education. The Department is NCATE accredited for teacher education. Licensure information is also available at www.liberty.edu/uguide.

KAPPA MU EPSILON HONOR SOCIETY

Advisor: Professor Robert Young

Kappa Mu Epsilon (KME) is a specialized honor society in Mathematics. Each chapter is encouraged to be a working organization throughout the academic year, functioning as an integral part of the mathematics department in the promotion of a number of worthwhile extra-curricular activities. The objective of KME since its inception has been the fulfillment of its motto which is to “develop an appreciation for the beauty of mathematics.” The purposes of KME are to further the interests of mathematics in those schools which place their primary emphasis on the undergraduate program and to recognize and honor outstanding scholastic achievement among undergraduate students in mathematics.

The criteria for membership are as follows:
1. Must be or have been a faculty member or a regularly enrolled student at an institution where a Kappa Mu Epsilon chapter is installed;
2. Must have completed at least three semesters (or five quarters) of the college course and rank in the upper 35% of his/her class;
3. Must have completed at least three college courses in mathematics including at least one semester (or two quarters) of calculus and attained an average of B or better in all mathematics courses; and
4. Must have completed at least one semester (one quarter) at the institution, or must have transferred from another institution, and have completed at least one mathematics course with a B or better at the institution prior to his/her induction into membership.

PURPOSE

The Department of Mathematics plans, develops and maintains quality bachelor degree programs that comply with regional accreditation standards. The Department of Mathematics also seeks to maintain efficient, cost effective strategies in the administration and delivery of its degree programs.

The Department of Mathematics offers a major and minor in mathematics. In addition, courses for general education credit are offered in physical science and physics, as well as mathematics. The purpose of the department is to provide:
1. General education courses and support courses for all students, resident and non-resident;
2. Education in both the theory and applications of the mathematical sciences for its majors;
3. An appreciation of the importance of the role the mathematical sciences play in society; and
4. Experience in the use of a Computer Algebra System (CAS) in a laboratory setting.
Election to membership shall be irrespective of membership in any other organization, and no person shall be excluded on the grounds of sex, race, creed, or color.

Chair, Department of Philosophy
Distinguished Research Professor of Apologetics and Philosophy

Edward N. Martin, B.A., M.A., Ph.D.
Co-Chair, Department of Philosophy

Professor of Philosophy and Theology

**RESIDENTIAL FACULTY**

Distinguished Research Professor Habermas
Professor Beck, Foreman, Hinkson, Martin, E., Provenzola
Associate Professor  
Jones, M.

**Philosophy Major (B.A.)**

It should be observed that the B.A. in Philosophy equips the student with critical skills, knowledge, and values to positively impact today's world. Philosophy majors rank high on the GRE exam in the verbal section presumably because of Philosophy's central repeated emphasis on carefully-honed written communication, analytic conceptualization of complex ideas, and a masterful articulation of those ideas using metaphors, models, and other heuristic and communicative devices to express thoughts in clear and understandable terms. The program focuses on classical philosophical subdisciplines, including metaphysics, epistemology, logic, aesthetics, and ethics, and provides a strong, impactful foundation for further studies in many diverse fields at the graduate level and beyond, including in seminary, law, and the sciences. Philosophical analysis is not only excellent preparation for ministry, but also serves as the first step toward graduate studies in English, Theology, ministry, leadership or management, business, counseling, History, politics, law, philosophy, and a great range of other related fields (such as philology, ancient or modern languages, mathematics, linguistics, art history, journalism, government, etc.).

**PURPOSE**

The major in Philosophy is designed to provide a thorough, biblically-based, cognitive, and spiritual foundation for effective ministry and advanced studies in Philosophy, Law, Apologetics, Theology and a wide diversity of related areas of study. For over two millennia Philosophy has been recognized as one of the leading "liberal arts" available to teach and train the soul to become wise and prepared for service to God and neighbor, since the study of Philosophy has as its goal the development of the person in all those areas that constitute human flourishing and maturity. The Apostle Paul speaks of these areas together constituting for the Christian believer what we normally call "spiritual growth," as seen, e.g., in the five or six recognizable areas of requirements for elders in the church (cf. 1 Tim 3, Titus 1), namely, intellectual, moral, social, psychological, physical and emotional development of the cardinal virtues (wisdom, justice, courage, temperance) and Christian virtues (faith, hope and love).

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Conduct research using primary and secondary sources in an important and critical way.
2. Evaluate the central concepts and arguments in the history of Western Philosophy.
4. Defend a philosophically informed worldview.

**PHI SIGMA TAU – INTERNATIONAL HONOR SOCIETY IN PHILOSOPHY**

**Advisor: Dr. Thomas A. Provenzola**

PHI SIGMA TAU has as its essential purpose to promote ties among philosophy departments in accredited institutions and students in philosophy nationally. The Society exists with the following objectives: (1) to serve as a means of awarding distinction to students having high scholarship and personal interest in philosophy; (2) to promote student interest in research and advance study in this field; (3) to provide opportunities for the publication of student research papers of merit; (4) to encourage a professional spirit and friendship among those who have displayed marked ability in this field; and (5) to popularize interest in philosophy among the general collegiate public. The Society sponsors several colloquia and conferences, on both a local and national level, throughout the academic year.

**Criteria for Membership:**

Undergraduate students are eligible for active membership if they have completed three semesters of college course work, are ranked in the upper 35% of their class, and have completed (or are registered in) at least two semester courses (six credit hours) in philosophy with a mean overall grade which is greater than a 3.00. Graduate members are eligible if they (a) meet the requirements for undergraduates, or (b) have completed at least one third of the residence requirements of the Master's Degree with a mean grade of 3.50.

PURPOSE

The College of General Studies (CGS) was founded in 2011 to organize and deliver general education coursework to the University’s freshman- and sophomore-level students. CGS offers courses in areas such as English, math, and natural and social sciences, and has a dedicated faculty who focus on delivering innovative and effective education to their students.

GOALS

The College of General Studies’ goals include:
- Enriching the freshman and sophomore experience in the classroom through a rigorous and coherent sequence of courses;
- Increasing student success through programs such as freshman learning communities and pedagogical innovations; and
- Supporting students’ learning with easy access to academic services.

In addition, the College of General Studies spearheads University instruction and assessment efforts in relation to core competencies such as communication and critical thinking.

Information Technology

PURPOSE

Information Technology (INFT) is designed to assist students in developing and demonstrating foundational competency and proficiency in the program that will lead to success in their college course work and future careers. All incoming residential students, both freshmen and transfer, have the option to take assessments in Information Literacy and Information Technology their first semester to determine basic competency. The Information Technology assessment covers areas in Microsoft Office: Word, Excel, Power Point, and Outlook, as well as file management and basic computer concepts. The Information Literacy assessment covers research skills such as choosing a topic, types of resources, and citing.

The competency requirements may be met by either passing the assessments or taking a course, INFT 110 (Computer Concepts and Applications). Online students develop their technology skills by other varied means, and online students beginning at Liberty complete INFT 101 (Instructional Technology for Online Learning) to assure technological competency.

General Education Requirements for Resident Programs

The College of General Studies oversees the majority of courses included in the University’s General Education Requirements, which were adopted in 1990 by the faculty of Liberty University for all baccalaureate degree students. While the list of courses that comprise the general education core remains largely unchanged, the arrangement of courses now reflects the University’s commitment to develop core competencies in undergraduate students. The goal is to ensure that all undergraduate students demonstrate college-level knowledge and skills that prepare them both to fulfill the specific requirements of
their individual college/school and major fields of study and to translate their learning into a variety of career contexts. An undergraduate curriculum of required basic General Education courses serves as a foundation for later specialization.

**CORE COMPETENCY REQUIREMENTS**

Degree Completion Plans for residential students are organized according to core competencies, basic knowledge and skills that all students need for successful completion of their program of study.

The General Education Requirements for some majors may vary; however, the General Education Requirements for most majors leading to the Bachelor of Science in the residential degree programs are:

### Bachelor of Science (59-63 hrs)

PURPOSE
It is the purpose of the School of Aeronautics to train and mentor young men and women to become exceptional pilots, mechanics, unmanned aerial systems operators, and flight attendants who possess excellent technical skills, sound judgment, professionalism, and strong Christian character.

The School of Aeronautics offers a Bachelor of Science degree in Aeronautics with specializations in: commercial/corporate, military, missionary, and unmanned aerial systems. Additionally, Associate of Arts degrees in Aviation Maintenance Technician and Flight Attendant are available. Minors in Aeronautics and Airline Flight Attendant are also offered.

FEDERAL AVIATION ADMINISTRATION (FAA) CERTIFICATION
The School of Aeronautics is a fully certified FAA Part 141 school authorized to teach Private, Instrument, Commercial, Multi-Engine, Certified Flight Instructor, Certified Flight Instructor Instrument, and Airline Transport Pilot courses. The FAA has also certified the School as an FAA Part 147 Aviation Maintenance Technician School designed to train and prepare aircraft technicians for A & P licensure.

The programs offered by the School of Aeronautics are Veteran’s Administration approved.

FLIGHT TRAINING COURSE FEES
Courses that include flight training have additional course fees. Course fees for Aviation Flight Training courses vary depending on equipment used (aircraft/aircraft simulator). For a list of course fees please go to http://www.liberty.edu/registrar.

BASIC COURSE INFORMATION
The aviation and mechanic programs are FAA Part 141 and 147 certified. Students are responsible for lab fees, in-flight instruction, aircraft rental, A & P mechanical classes, and tools. Both programs are Veteran’s Administration approved. Internships are available. All flight training is conducted at Lynchburg Regional Airport.

Career Opportunities
Certified Flight Instructor Missionary Pilot
Commercial Pilot UAS Pilot
Corporate Pilot Aircraft Mechanic
Military Pilot Flight Attendant/Cabin Crew

Aeronautics Major (B.S.)

PROGRAM LEARNING OUTCOMES

The student will be able to:

1. Apply biblical principles within the professional aviation environment.
2. Effectively communicate throughout the scope of the aviation career field.
3. Demonstrate a breadth of knowledge in the discipline of aeronautics.
4. Demonstrate the demeanor of a professional aviator.

Commercial/Corporate Concentration

The student will be able to analyze aeronautical challenges specific to commercial and corporate operations.

Military Concentration

The student will be able to analyze aeronautical challenges specific to military operations.

Missionary Concentration

The student will be able to:

1. Evaluate the unique safety considerations, risk management differences, and flight techniques for operations into and out of confined areas.
2. Analyze challenges of mission aviation in various cultural settings.

Unmanned Aerial Systems Concentration

The student will be able to:

1. Identify the principles essential for intelligence analysis.
2. Integrate strategic intelligence plans with gathering of intelligence through various sources.
3. Demonstrate competency in verbal/nonverbal communication skills and computer skills necessary to foster effective inquiry, collaboration, and analysis of intelligence.
4. Demonstrate piloting skills required by the FAA.

Aviation Maintenance Technician Major (A.A.)

PURPOSE

The purpose of the Aviation Technician Program is to train pilots, as well as non-pilots to maintain aircraft in the context of a faith-based missionary organization, however, training is also applicable to those pursuing other careers in general, corporate and commercial aviation.

The Aviation Maintenance Technician Program is an accelerated maintenance training program designed for the FAA portion to be completed as a single block in one year and the additional Associate of Arts degree classes completed in an additional year. The curricula for this program are regulated by the Federal Aviation Administration (FAA).

Aviation Maintenance Technician Certificate

Students pursuing the Aviation Maintenance Technician Certificate complete the 45-hour, FAA Part 147 program in a 12-month accelerated format. During this period the student will be able to earn a maintenance license with both Airframe and Powerplant ratings.

EVALUATION OF TRANSFER CREDIT

Students may transfer all semester hours earned in the Aviation Maintenance Technician Certificate program to Liberty’s Associate of Arts program.

PROGRAM LEARNING OUTCOMES

Upon successful completion of the Associate of Arts in Aviation Maintenance Technician or Aviation Maintenance Technician Certificate program, the student will be able to:

1. Demonstrate ability to read, comprehend, and apply information contained in FAA and Manufacturers Aircraft Maintenance specifications, and advisory material.
2. Complete required maintenance forms, records and inspection reports.
3. Repair and inspect aircraft electrical, avionics, airframes, and fuel systems.
4. Inspect, check, service and repair turbine engines and turbine engine installation.
5. Complete maintenance and repair tasks using the FAA Manufacturers Aircraft Maintenance specification and advisory material.

School of Business

 PURPOSE
To educate our Business students with the values, knowledge, and skills they need in the development of the whole person to enable them to impact their world. Inherent in this mission are the following fundamental imperatives:

1. That all teaching be given within a distinctively Christian worldview;
2. That the Word of God be honored as the final authority for life and practice;
3. That justice and ethics be exalted within a context of limited government and a free market system in a global economy;
4. That all of life’s tasks are sacred and are to be done as unto the Lord;
5. That the education process be a collaboration with faculty and staff, helping to transform students into self sufficient, lifelong learners; and
6. That courses of instruction be designed and delivered to provide our graduates with a competitive advantage as they pursue their chosen careers.

BUSINESS INTERNERNTHIP PROGRAM
Integration of theory and practice is the purpose of the Business Internship Program at Liberty. Hands-on learning, in addition to classroom learning, gives the student a perspective that most will not have upon graduation. The internship experience provides a basis for career decisions, as well as experience that will assist the student in securing employment.

Juniors and seniors who wish to be considered for the internship program should contact the Business Internship Director to discuss qualifications for and the methods of obtaining internships.

SIGMA BETA DELTA HONOR SOCIETY
Faculty Advisor: Professor Keith Wargo
Sigma Beta Delta is an honor society for students of business, management, or administration. The principles of the Society include wisdom, honor, and the pursuit of meaningful aspirations. The Society recognizes these three qualities as being important for success in the academic realm as well as providing guidelines which will lead to a fulfilling personal and professional life and a life distinguished by honorable service to humankind.

Membership is open to all accounting and business majors who rank in the upper 20 percent of the class.

TEACHER LICENSURE
Teacher preparation and endorsement in Business is available through the School of Business in cooperation with the Teacher Education Department. Those wishing to pursue a teacher-related program should seek information from the Teacher Licensure Office in the School of Education.

The Business Management Information Systems (BMIS) discipline provides students with an applied knowledge of technology, focusing on the information side of the information technology industry. The BMIS discipline is concerned with ways in which computer technology can be optimized so that it can provide maximum benefit to a business.

Students in the BMIS major will study topics such as database management, information systems, networking and telecommunications, programming, project management, system analysis and design, and WWW architecture and design.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Evaluate ethical business management information systems practices within the context of the Christian Worldview.
2. Determine effective solutions to hypothetical and/or real life situations using core business management information systems principles and practices and/or tools and techniques.
3. Construct applications, designs and plans in the areas of hardware, software and web architecture for various program and database systems.

School of Communication

Norman C. Minkle, B.A., M.A., Ph.D.
Dean, School of Communication
Associate Professor

Cecil V. Kramer, Jr., B.S., M.A., M.Div., D.Min.
Associate Dean, School of Communication
Professor of Communication Studies

PURPOSE
The School of Communication, comprised of the Center for Cinematic Arts along with the Departments of Communication Studies, Studio and Digital Arts, and Theatre Arts, offers undergraduate and graduate degrees in order to prepare artists and scholars in the practice and theory of the communication arts. Cinematic Arts is a full immersion program for Juniors and Seniors. Concentrations, by department include: Communication Studies: Advertising/Public Relations, Digital Media, Journalism, and Speech Communication; Studio and Digital Arts: Graphic Design and Studio Art; Theatre Arts: Performance and Production.

TEACHER LICENSURE
Teacher preparation and endorsement is available in Art Education and Theatre Arts. Add-on endorsements in theatre, journalism, speech communication and studio art are available through the School of Communication in cooperation with the Teacher Education Department. Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at www.liberty.edu/uguide.

Zaki Gordon Center for Cinematic Arts

Stephan Schultz, B.A., M.A.
Executive Director, Center for Cinematic Arts

RESIDENTIAL FACULTY
Associate Professor
Curlee, Miller, D., Walz

PURPOSE
Cinema is a unique form of communication and the purpose of the Zaki Gordon Center for Cinematic Arts is to glorify God by reflecting the truths of Scripture through cinema. The Zaki Gordon Center for Cinematic Arts at Liberty University is distinctive because of its approach in training the next generation of filmmakers in a Christ-focused environment. Dr. Jerry Falwell coined “Saturation Evangelism” as the ability to reach every available person through every available means. Liberty University’s Zaki Gordon Center for Cinematic Arts supports the scope of that mission.

Cinematic Arts Major (B.S.)
Learning how to create impactful and professionally produced films that have a competitive edge will help insure that new filmmakers and the message of Christ will stand out in a content driven marketplace.

The B.S. in Cinematic Arts is a 2-year full immersion*, cohort **program that students enter in their junior year. Students who have completed their general education, CINE 201/COMS 323, CINE 202, and CINE 203, and who will be juniors as of Fall 2012, can apply for admission to the Center for Cinematic Arts program.

*FULL IMMERSION – 5 days a week instruction that could include 8-12 hours with professors a day. This hands-on instruction will produce the best learning environment, mirroring a real world model for product driven outcomes. MWF Convocation attendance will not be compromised.

**COHORT – A fixed group of 16-20 students who have been accepted into the Cinematic Arts Major after applying to continue in the B.S. in Cinematic Arts program. (Cohort students are advised not to take classes outside of the B.S Cinematic Arts Major)

NOTE: Admission to continue in the B.S. in Cinematic Arts is an application and acceptance process. If possible, it is advised that students declare Cinematic Arts as their major their freshman year. Students must work closely with their academic advisor as they work through their Degree Completion Plan (DCP) and should schedule a meeting with a faculty member in the Cinematic Arts Program to gain insight on the application process and ask questions as needed.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Integrate thematic values in storytelling.
2. Determine personnel and technical elements relevant to the visual content of the story.
3. Evaluate the distribution model for a movie.
4. Justify moral decisions related to moviemaking based biblical worldview/principles.

PROGRAM APPLICATION PROCEDURES
In order to continue in the Cinematic Arts Program, students must be accepted into the program through an application process that starts second semester of a student’s sophomore year. In addition to the general admission requirements, students must meet the following admission requirements to apply to continue into the program in their Junior year:

- Unofficial university transcripts that provide proof of completion of CORE classes: COMS 323/CINE 201, CINE 202, and 203 with at least a B average
- Two letters of recommendation from:
  - University instructor or staff member
  - Past or present employer or peer
- Essay/pitch (1,000 words) telling the story of a film the student wants to make
- Written letter explaining why the student wants to be a filmmaker and a declaration of documentary or narrative study
- Oral interview (by appointment)

NOTE: Films, DVDs or videotapes will not be accepted with application to the program.
TRANSFER STUDENTS

Transfer students will be required to meet the same application procedures as resident students with one exception:

If they are transferring into Liberty University in their Junior year, they will need to attend summer session to take the CORE courses in order to meet the program application procedures. A commitment to the summer session should be noted in the applicant's letter of interest. Summer sessions are delivered in two, one-week intensives.

LAMBDA PI ETA HONOR SOCIETY
Advisor: Dr. Angela Widgeon

Lambda Pi Eta (LPH) is the National Communication Association’s official honor society at four-year colleges and universities. As an accredited member of the Association of College Honor Societies (ACHS), Lambda Pi Eta has active chapters at four-year colleges and universities worldwide. LPH represents what Aristotle described in *The Rhetoric* as three ingredients of persuasion: logos (Lambda), meaning logic; pathos (Pi), relating to emotion; and ethos (Eta), defined as character credibility and ethics. Lambda Pi Eta recognizes, fosters, and rewards outstanding scholastic achievement while stimulating interest in the communication discipline.

To be eligible for admission, undergraduate students must meet the following criteria:
1. Complete 60 semester credit-hours (90 quarter credit-hours)
2. Have a minimum cumulative GPA of 3.0 for all courses taken
3. Complete the equivalent of 12 semester credit-hours (18 quarter credit-hours) in communication studies
4. Have a minimum GPA of 3.25 for all communication studies courses
5. Currently be enrolled as a student in good standing, as determined by the institution’s policies
6. Rank within the highest thirty-five percent of one’s class in general scholarship.

PURPOSE
The purpose of the Department of Studio and Digital Arts is to produce visual artists, graphic designers and art educators rooted in a Christ-centered perspective that governs every decision, action and work of art they undertake in the field of visual art.
Studio and Digital Arts Major (B.S.)

The purpose of the Studio and Digital Arts major is to strive to prepare students, whether studio art or graphic design, who will:

- Use their professional skills to complement their moral and ethical values;
- Possess both theoretical and historical understanding of studio and digital arts; and
- Make practical application of knowledge in professional and personal contexts as a communicator in the field of visual art.

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Critically analyze visual imagery in relation to history and culture;
2. Effectively articulate the meaning of visual imagery;
3. Visualize, conceptualize, and create visual imagery using traditional and digital materials, media, methods and techniques;
4. Integrate a Christian worldview with best practices for creating visual imagery.

Department of Theatre Arts

Linda N. Cooper, B.S., M.A.
Chair, Department of Theatre Arts
Associate Professor of Theatre Arts

RESIDENTIAL FACULTY
Associate Professor
Cooper, L., Wheeler, S.
Assistant Professor
Brasher, Gawinski, Geffken, Nelson, C.

PURPOSE
The Department of Theatre Arts provides instruction in the theory and practice of theatre performance and production, in order to prepare students for professional stage careers, for graduate study in theatre arts, and for a life of growing appreciation for the theatre and dramatic art. Central to the departmental purpose is the development of observant, sensitive theatrical artists, who, with their skills, training, knowledge, and professional attitudes, may glorify Christ in the world through the practice of their craft and the testimony of their lives.

PROGRAM REQUIREMENTS
- Students must receive a “C” or better in all THEA classes.
- Students must earn a minimum GPA of 2.00 to participate in THEA 200, 300, or 400 classes.
- See the Department of Theatre Arts Student Handbook for more information.

Theatre Arts Major (B.A.)
PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Articulate a personal aesthetic as a creative artist, grounded in the history and current practices of theatre.
2. Evaluate multiple worldviews from a biblical perspective.
3. Create original and re-interpretive theatrical work, evidenced by a consistent work ethic and respect for professional ethics.
4. Integrate research and critical thinking skills to deepen and refine the quality of artistic work.
5. Communicate effectively in written, oral, visual, and technological formats.

Performance Concentration
The student will be able to present a believable representation of humanity utilizing appropriate skills in technique, research and analysis.

Production Concentration
The student will be able to clearly present a creative, theatrical design utilizing conceptual thought and thorough research and analysis.

TEACHER LICENSURE
Teacher preparation and endorsement in Theatre Arts is available through the Department of Theatre Arts in cooperation with the Teacher Education Department. Those wishing to pursue teaching-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at www.liberty.edu/uguide.

ALPHA PSI OMEGA HONOR SOCIETY
Advisor: Mrs. Linda N. Cooper
Alpha Psi Omega is dedicated to recognizing and encouraging excellence in the study of theatre arts. Chapter activities provide members with opportunities for sharing and advancing their professional interests. Lectures and field trips are designed to awaken theatrical interest, and to promote interaction between students and faculty and amongst other theatre professionals.
Criteria for membership: An undergraduate student must have completed at least 15 semester hours in theatre arts (excluding performance/production credits) with a grade in all theatre courses averaging at least a 3.50 and must have a general average of at least a 3.25 in all classes. Candidates must have participated in at least seven main stage productions and be in good ethical standing with the University. All inductees must be voted into the society by a majority of the Liberty University Department of Theatre Arts faculty and staff.

KAPPA DELTA PI
KAPPA DELTA PI, an International Honor Society in Education, was founded on March 8, 1911, at the University of Illinois. Organized to recognize excellence in education, Kappa Delta Pi elects to membership those who exhibit the ideals of scholarship, high personal standards, and promise in teaching and allied professions. It encourages improvement, distinction in achievement, and contributions to education.

Today there are over 60,000 members in more than 425 university, college, and alumni chapters. The PI SIGMA Chapter at Liberty University was founded on February 9, 1984. Visit the website at: www.liberty.edu/kdp.

Election to membership is made without regard to religion, race, or gender, and may include undergraduate and graduate students and practicing professionals in the field of education.

COUNCIL FOR EXCEPTIONAL CHILDREN
Special Education majors at Liberty University organized a Student Chapter of the Council for Exceptional Children (CEC) in Spring 2005. CEC is the largest international, non-profit organization that provides support and information for children with disabilities, their families, and those who work with these children.

Membership is open to all majors. To become an official member of the CEC, one must join the national chapter of the CEC.

LICENSURE AND NCATE APPROVAL
The Teacher Licensure Program is designed to meet licensure requirements of the Commonwealth of Virginia in the student’s approved concentration. The University has approval from the State Council of Higher Education for Virginia and is accredited by the Southern Association of Colleges and Schools. The Teacher Licensure Program has been officially approved by the Virginia Department of Education and by the National Council for Accreditation of Teacher Education (NCATE). Graduates of Liberty’s approved teacher licensure programs are eligible for licensure within the Commonwealth of Virginia. Completing Virginia licensure requirements will generally be necessary if the teacher candidate intends to seek licensure in another state.

Several states have additional licensure requirements beyond what is specified for graduation from an approved program at Liberty. However, teacher candidates are able to gain licensure and to begin teaching in another state while completing the additional requirements. Assistance in securing licensure from other states, information about licensure requirements in states other than Virginia, and help in obtaining necessary applications for out-of-state teaching credentials may be obtained from the Teacher Licensure Office. In addition to state licensure, students who complete the Teacher Licensure Program at Liberty are eligible for the Association of Christian Schools International certificate.

DEGREE COMPLETION PLANS
Degree Completion Plans for programs offered by the School of Education can be accessed online at: http://www.liberty.edu/dcps.

Licensure Programs
ADMISSION TO THE TEACHER LICENSURE PROGRAM
A student planning to follow a teaching program at Liberty must meet the admission requirements of the Teacher Licensure Program. The standards of admission to teacher licensure are inclusive of those for admission to the University and include other criteria outlined by the School of Education as indicated below.

Policies governing admission to the program originate in, or are channeled through the Teacher Education Department. The Department formulates policies, coordinates the Teacher Licensure Program, and works for selective recruitment, admission, and retention of students for and in teacher licensure. It must be clearly understood that admission to the University is not synonymous with admission to the Teacher Licensure Program. Failure to follow the procedures will generally result in the delay of the student’s graduation and program completion for a minimum of one semester. Program requirements are available in the Teacher Education Handbook at http://www.liberty.edu/uguide.

Application to Liberty’s Teacher Licensure Program usually takes place at the end of the candidate’s freshman year as part of the course requirements for EDUC 125, Introduction to Education. Transfer students who fail to comply with this provision can result in program completion being delayed for at least one semester for those students. Though in no way a guarantee of the candidate’s future success in a classroom, meeting the standards listed below demonstrates a seriousness of purpose and a degree of academic achievement that speaks well of the aspiring teacher’s potential. Students must meet the following initial entrance requirements:

1. A minimum cumulative GPA of 2.50;
2. The successful completion of 30 semester hours of undergraduate study including the Foundational Studies. (Transfer students must complete a minimum of 15 of the 30 hours at Liberty in order to meet this standard. Transfer credits in education are not likely to meet licensure requirements. Any exceptions must be approved by the Chair of Initial Teaching Programs.) Because of the specific requirements for teacher licensure, all nonresidential courses must be approved by the program coordinator;

3. Certification by the Office of Student Affairs that the student has exhibited satisfactory citizenship and behavior while enrolled at Liberty. Teacher candidates who have been expelled or suspended are not eligible for initial entry until fully reinstated to good standing by the Office of Student Affairs;

4. Completion of EDUC 125, Introduction to Education, with a minimum grade of “C”, (Transfer credit must be approved by the program coordinator);

5. Demonstration of minimum competency in oral and written communication skills and in computation skills, as shown by an acceptable score on licensure tests (including the Praxis I (Mathematics portion) and VCLA. More information about these tests can be found at www.liberty.edu/uguide.

6. Completion of 30-hour practicum (EDUC 125) and computer competencies.

Equally important to the admission requirements of the Teacher Licensure Program are those criteria which govern the maintenance of the candidate’s status once admitted to the program:

1. A minimum cumulative GPA of 2.50 must be maintained. Teacher candidates who fall below this minimum will be dropped from the program.

2. Satisfactory citizenship and behavior must be maintained. Students suspended or dismissed from the University will be dropped from the program.

3. Any teacher candidate who has not been admitted or who has been dropped from the program will be ineligible to take upper level education courses.

4. Any teacher candidate who has been dropped from the program is eligible to reapply in writing through the Teacher Licensure Office no sooner than during the semester following dismissal from the program. A student may, however, be reinstated only once.

5. The teacher candidate is subject to dismissal from the program at any time following his initial acceptance should any disqualifying difficulties arise.

STUDENT TEACHING

The student teaching experience is required of all students seeking teacher licensure and takes place during the student’s final semester of study. It will involve the commitment of the entire semester for student teaching and related coursework.

Professional Semester

- EDUC 475 Seminar in Classroom Management 2
- EDUC 476 Student Teaching I 5
- EDUC 477 Student Teaching II 5

Student teaching experiences are arranged to take place within Christian and public school settings that are designated as local placements in Central Virginia. A listing of local school divisions may be found at www.liberty.edu/uguide. A limited number of external placements in accredited schools are available for students who meet the criteria for external placement. The University seeks to locate student teachers in positive classroom settings with well-qualified cooperating teachers.

It is the policy of the Liberty University School of Education that student teaching experiences are performed in the above settings which are supervised directly by faculty members from the University. For this reason, it is not possible to complete student teaching at another institution and then transfer credit to Liberty for the purpose of meeting student teaching requirements. Teacher candidates also will not be issued credit for student teaching because of having a period of non-certified classroom employment. Further information about the student teaching experience may be secured from the Teacher Licensure Office.

The student teaching experience should be approached with a great deal of respect for the responsibilities involved and should be regarded as a very important experience for the aspiring teacher. During the student teaching semester, the student will assume an important role in terms of responsibilities and obligations to the school and the students where the student teaching is to take place. It is also imperative that student teachers plan to arrange personal time schedules so that proper attention is given to student teaching and those activities associated with outside preparation and school responsibilities.

For these reasons, the School of Education very strongly suggests that teacher candidates should not plan to have significant amounts of outside diversions during the student teaching semester. Examples of activities which have previously caused problems for student teachers include jobs, excessive social commitments, and extracurricular activities. In such circumstances, the quality of the teaching inevitably suffers. For these reasons, planning and prior arrangement to avoid such problems is expected.

ADMISSION TO STUDENT TEACHING

A student may enroll in student teaching when the following requirements have been met:

1. Admission to the Teacher Licensure Program for at least one full semester before student teaching;

2. Filed application at the beginning of the semester prior to the student teaching. The Teacher Education Department will approve or disapprove all such applications based upon the following criteria:

   a. Current TB test
   b. Evidence that the teacher candidate is not on academic or social probation. (Behavior that relates to the moral, social, ethical, and personal standards of professional competency of the student will be subject to periodic review and appraisal);
   c. A minimum cumulative GPA of 2.50 (3.00 GPA for external placement);
   d. Completion of all professional education coursework, as well as all courses in the student’s major area of study. Grades below a “C” are not acceptable in any EDUC course, or in any concentration course (Elementary and Special Education licensure), or in any upper level course in the major (Secondary/Comprehensive Licensure);
   e. Completion of all licensure tests including VCLA, Praxis II, and RVE (for Elementary and Special Education candidates). Licensure tests must be passed before the student teaching application can be accepted and a request for placement can be made; and
   f. Graduation checklist submitted indicating all coursework except student teaching is completed.

It is the candidate’s responsibility to secure the forms and materials necessary to apply for student teaching. Such materials
may be obtained from the Teacher Licensure Office and must be returned prior to established deadlines. The application deadlines for placement in student teaching are September 15 for placement in the spring semester and February 15 for placement in the fall semester.

TEACHER LICENSURE TESTS
An important requirement for meeting Teacher Licensure standards in the Commonwealth of Virginia is the successful completion of the required tests for licensure. Tests include the Praxis I Math section, the VCLA (Virginia Communication and Literacy Assessment), the Praxis II, and the RVE (Reading for Virginia Educators) for Elementary and Special Education candidates.

These tests must be passed before applying for student teaching. The tests may be repeated, if necessary. More information about the required licensure tests may be found at www.liberty.edu/education.

ELEMENTARY AND SPECIAL EDUCATION LICENSURE
A teacher candidate who plans to teach in elementary or special education must complete a major in the subject area(s) in which he wishes to teach. The secondary areas of licensure available at Liberty are biology, mathematics, and work and family studies. Add-on licensure is available in Algebra I, biology, chemistry, computer science, journalism, speech, and theatre arts.

The typical professional education requirements for students preparing to be secondary school teachers are outlined below. Requirements for the various subject matter areas are available on the status sheets of the respective major.

COMPREHENSIVE LICENSURE
Comprehensive licensure includes certification in both elementary and secondary school levels for the teacher candidate who plans to teach in areas such as music (choral and instrumental), health/physical education, Spanish, special education, teaching English as a second language, and theatre arts. Requirements vary slightly among majors as printed below. Requirement for the various subject matter areas are available on the status sheets of the respective majors.

SECONDARY LICENSURE
A candidate who plans to teach in secondary school must complete a major in the subject area(s) in which he wishes to teach. The secondary areas of licensure available at Liberty are biology, business, computer science, English, history/social sciences,
LICENSURE IN OTHER STATES

Graduates who have successfully completed Liberty’s Teacher Licensure Program and who have met all standards for Teacher Licensure in Virginia can be recommended for licensure in other states. The Commonwealth of Virginia operates within the Interstate Licensure Compact, which means that other states in the compact recognize and freely accept incoming licensure applications from Virginia-based programs.

The remaining states utilize different processes to evaluate out-of-state applicants for licensure. In most cases, other states will require proof that the student has successfully completed a state-approved teacher licensure program. Assistance in securing this license is provided to all of those who are completing student teaching. Licensure applications will be processed after all undergraduate work has been successfully completed.

Teacher Licensure personnel can provide addresses of the various State Departments of Education for those wishing to pursue licensure in other states. The Teacher Licensure personnel will assist candidates in the preparation and submission of the required documents.

TIME FRAME FOR PROFESSIONAL LICENSURE AND PRACTICUMS

Teacher candidates must have completed all requirements necessary for professional licensure within five years after completion of the undergraduate degree.

Teacher candidates who have received a degree and wish to return to Liberty University for practicum work (elementary/secondary student teaching) for licensure will be subject to the same five-year timeframe.

Each case will be evaluated on an individual basis according to time elapsed from completion of coursework, transcripts, program changes, and recent experiences in the field of education.

Elementary Education Integrated Studies (B.S.)

Special Education Integrated Studies (B.S.)

PURPOSE

The Bachelor of Science in Elementary Education Integrated Studies and Special Education Integrated Studies majors are designed for those students who desire a liberal arts degree that meets the competencies for teacher candidates. The emphases of these majors are on the content of the core areas, as defined by the federal guidelines of the No Child Left Behind Act and the state guidelines of the Virginia Department of Education. The guidelines for these majors are subject to changes in federal or state regulations for the licensure of elementary or special education teachers.

Requirements for this degree are:

1. Fulfill institutional General Education Requirements using courses recommended to meet teacher licensure competencies;
2. Complete a 45-hour major which must be drawn from two or three academic disciplines with no more than 30 hours and no less than 15 from any one discipline.
   a. The Elementary Education Integrated Studies major includes the Core Concentration cluster, one Specialization Area cluster, choice of cognate areas
   b. The Special Education Integrated Studies major includes the Core Concentration cluster, the Special Education cluster, and the Education cluster.

   3. Complete 15 hours of electives in any disciplines, including areas that are covered in the major, that are selected to meet teacher licensure competencies;
   4. Admission to the Teacher Licensure Program prior to registering for upper level courses;
   5. Complete at least 30 hours at the 300-400 level;
   6. Complete 50 percent of each specialization at Liberty;
   7. Students who break enrollment must renegotiate the proposal.

Admission to the Teacher Licensure Program (TLP) is required prior to registering for any upper-level courses in education. Candidates who fail to meet the requirements for TLP admission must change to another major. As part of the TLP admissions process, each candidate must submit an approved Degree Completion Plan (DCP) which becomes the student’s contract for graduation and may be modified only upon written request to the program coordinator or the School of Education Dean. The professional semester (student teaching) is required for teacher licensure, and is therefore required to complete the Elementary Education Integrated Studies and Special Education Integrated Studies Major.

Department of Sport Management

Vicky-Lynn Martin, B.S., M.S., D.S.M.
Chair, Department of Sport Management
Associate Professor of Sport Management

RESIDENTIAL FACULTY
Associate Professor
Blosser, Heisey, Martin, V.
Assistant Professor
Coleman, Zealand

PURPOSE
The mission of the Sport Management degree program at Liberty University is to help students develop skills to organize, administer, and facilitate sport programs at the corporate, agency, professional, and amateur levels. Opportunities are provided to develop knowledge and skills relevant to the performance of these functions.

PROGRAM ACCREDITATION
In June 2011, Liberty University’s Bachelor of Science in Sport Management was awarded accreditation by the Board of Commissioners of the Commission on Sport Management Accreditation (COSMA), the new national governing body for sport management.

Sport Management Major (B.S.)

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Articulate a Christian worldview that incorporates moral leadership and ethical decision-making in the sport management workplace.
2. Demonstrate oral, written, and technological communication effectively and persuasively within professional sport management settings.
3. Evaluate research in sport management from the perspective of current business trends and historical sport management contexts.
4. Synthesize academic principles through knowledge transfer and exchange to the sport management environment.
5. Demonstrate leadership skills in the sport management industry.

## Early Childhood Education Interdisciplinary Studies Major (B.S.) (Non-Licensure Program)

### PROGRAM LEARNING OUTCOMES

The student will be able to:

1. Demonstrate a broad base of general and professional knowledge.
2. Plan effective instruction and selects a variety of strategies based on developmental levels and individual needs in course case studies.
3. Demonstrate the understanding of differentiated instruction.
4. Demonstrate an understanding of classroom management to motivate students and maximize learning.
5. Observe, document, and assess to support young children and families.
6. Promote wellness and development of young children.
7. Demonstrate behaviors of a reflective student and seeks opportunities for professional development.

## Elementary Education Interdisciplinary Studies Major (B.S.)

(With Fifth-Year Option for M.A.T. and Licensure)*

### PURPOSE

The purpose of the non-licensure Bachelor of Science in Education program is to provide a foundation of education that can assist a student in becoming a teacher candidate in a graduate education program. The program also provides theories and methodology of Christian education that will assist those who will work in Christian schools, churches and home.

### PROGRAM LEARNING OUTCOMES

The student will be able to:

1. Synthesize a broad base of general and professional knowledge.
2. Plan effective instruction for elementary education students and select a variety of strategies based on developmental levels and individual needs in course case studies.
3. Develop lesson plans that demonstrate differentiated instruction.
4. Demonstrate an understanding of classroom management to motivate students and maximize learning.

PURPOSE

The School of Engineering and Computational Sciences functions with the purpose of teaching Christ-centered men and women with the values, knowledge, and skills critical for impacting computing and technology-related disciplines in tomorrow’s world. Enhanced in the fall of 2007, the School has the long-term vision of creating and maintaining nationally recognized technology-related degrees, centers, institutes, and initiatives in education, research, training, and missions so that our Christ-centered graduates can have the greatest impact on tomorrow’s world.

The School offers five degrees and one minor that provide students with the skills, knowledge, and understanding of information technology necessary for impacting tomorrow’s socio-technological culture.

PROGRAM ACCREDITATION

The Bachelor of Science degree programs in Electrical Engineering and Industrial and Systems Engineering have been accredited by the Engineering Accreditation Commission of ABET (Accrediting Board for Engineering and Technology). ABET is the recognized accrediting agency for college and university programs in applied science, computing, engineering, and engineering technology. ABET accreditation demonstrates a program’s commitment to providing its students with a quality education.

TEACHER LICENSURE

Liberty University offers teacher licensure programs which are approved by the State of Virginia Department of Education. Teacher preparation and endorsement in Computer Science is available through the School of Engineering and Computational Sciences in cooperation with the Teacher Education Department.

Those who enter the teacher licensure program must complete the academic major, be subject to the same general education requirements as all other students, and complete academic and practicum experiences related to professional teacher training.

Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at www.liberty.edu/uguide.

DEGREE COMPLETION PLANS

Degree Completion Plans for programs offered by the School of Engineering and Computational Sciences can be accessed online at: http://www.liberty.edu/dcps.

Engineering Programs

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. An ability to apply knowledge of mathematics, science, and engineering;
2. An ability to design and conduct experiments, as well as to analyze and interpret data;
3. An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability;
4. An ability to function on multidisciplinary teams;
5. An ability to identify, formulate, and solve engineering problems;
6. An understanding of professional and ethical responsibility;
7. An ability to communicate effectively;
8. The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context;
9. A recognition of the need for, and an ability to engage in life-long learning;
10. A knowledge of contemporary issues; and
11. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

Computer Engineering Major (B.S.)

PURPOSE

Liberty University’s 138-hour Bachelor of Science program in Computer Engineering requires students to take 53 to 58 hours of coursework in engineering, and another 35 to 39 hours in math and science in addition to the general education requirements. A Senior Capstone Project as well as a Directed Research project is also required.

The computer engineering degree is designed to develop Christ-centered men and women with the values, knowledge, and skills essential to positively influence computer and electrical engineering-related industries in the current and evolving economy. The program prepares graduates for the thoughtful integration of work and life and to view the computer engineering profession as a lifelong commitment to serving others.

PROGRAM EDUCATIONAL OBJECTIVES

Our goal is, within a few years of graduating, our Computer Engineering graduates will be able to:
1. Advance in an engineering career or graduate studies.
2. Be recognized as a creative thinkers; exhibiting an aptitude for continuous learning.
3. Display professional ethics and behavior consistent with foundational Christian principles.

Industrial and Systems Engineering Major (B.S.)

PURPOSE
Liberty University’s 138-hour Bachelor of Science program in Industrial and Systems Engineering requires students to take 52 to 57 hours of coursework in engineering, and another 35 to 42 hours in math and science in addition to the general education requirements. A Senior Capstone Project as well as a Directed Research project is also required.

The industrial and systems engineering degree is designed to develop Christ-centered men and women with the values, knowledge, and skills essential to positively influence an industrial setting of complex, integrated systems. The program prepares
graduates for the thoughtful integration of work and life and to view the industrial engineering profession as a lifelong commitment to serving others.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Apply knowledge of computing and mathematics appropriate to the discipline.
2. Analyze a problem, and identify and define the computing requirements appropriate to its solution.
3. Design, implement, and evaluate a computer-based system, process, component, or program to meet desired needs.
4. Function effectively on teams to accomplish a common goal.
5. Demonstrate an understanding of professional, ethical, legal, security and social issues and responsibilities.
6. Communicate effectively with a range of audiences.
7. Analyze the local and global impact of computing on individuals, organizations, and society.
8. Recognize the need for and an ability to engage in continuing professional development.
9. Use current techniques, skills, and tools necessary for computing practice.
10. Apply mathematical foundations, algorithmic principles, and computer science theory in the modeling and design of computer-based systems in a way that demonstrates comprehension of the tradeoffs involved in design choices.
11. Apply design and development principles in the construction of software systems of varying complexity.

Computer Science Major (B.S.)

PURPOSE
The Computer Science (CSCI) major is offered by the School of Engineering and Computational Sciences with the purpose of developing Christ-centered men and women with the values, knowledge, and skills essential to impact computing-related disciplines in tomorrow’s world.

Students are exposed to the computer science core body of knowledge from a Christian worldview. Equipped with a firm foundation in algorithms and problem solving, they learn to analyze problems and design, implement, and test software solutions. Students also develop a strong background in mathematics to cultivate their reasoning abilities. Faculty help students prepare for a lifetime of service while encouraging undergraduate research and effective application of technology from a Christian worldview.

PROGRAM EDUCATIONAL OBJECTIVES
Our goal is, within a few years of graduating, our Computer Science graduates will be able to:
1. Demonstrate a sound understanding of the fundamentals principles and practices of computer science necessary for employment and graduate studies.
2. Apply computer science principles and practices to identify and document requirements, develop designs, as well as implement and validate solutions for computing systems of varying levels of complexity.
3. Establish a sense of continuous life-long learning and adopting new technologies where appropriate.
4. Develop skills for working in teams; communicating technical information effectively in both oral and written forms; engaging in creative and critical thinking; gaining and applying business knowledge; building leadership skills.
5. Display the Christian principles that are the basis for their professional ethics and behavior.

Computational Science Programs
In general, the computational science programs [i.e., Computer Science (CS) and Web Technology and Design] are designed to prepare our students to enter the professional workforce with the knowledge and skills to impact computing and technology-related disciplines in tomorrow’s world.
TEACHER LICENSURE
An endorsement in Computer Science is available. Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education.

Web Technology and Design Major (B.S.)

PURPOSE
The Web Technology and Design major is offered by the School of Engineering and Computational Sciences with the purpose of developing Christ-centered men and women with the values, knowledge, and skills essential to impact the Internet and web-related disciplines in tomorrow’s world.

In many schools, artistically-talented technology students and technologically-talented graphic design students are forced to choose a major between two strong interests. The Web Technology and Design major uniquely blends these disciplines, thus allowing students who are interested in both art and computing technology to use their talents in one of the fastest growing areas of technology. With the explosion of Internet technologies is an accompanying demand for web technology professionals with skill sets that are relevant to their occupations. All analyses indicate that this demand will continue on an upward trend for many years to come.

PROGRAM EDUCATIONAL OBJECTIVES
Our goal is, within a few years of graduating, our Web Technology and Design graduates will be able to:

1. Demonstrate a sound understanding of the fundamentals principles and practices of web technologies necessary for employment and graduate studies.
2. Apply web technologies principles and practices to identify and document requirements, develop designs, as well as implement and validate solutions for computing systems of varying levels of complexity.
3. Establish a sense of continuous life-long learning and adopting new technologies where appropriate.
4. Develop skills for working in teams; communicating technical information effectively in both oral and written forms; engaging in creative and critical thinking; gaining and applying business knowledge; building leadership skills.
5. Display the Christian principles that are the basis for their professional ethics and behavior.

PURPOSE
The Helms School of Government offers Bachelor of Arts, Bachelor of Science, and Associate of Arts degrees, with majors in Government, International Relations and Criminal Justice; minors in Government, International Relations, Criminal Justice, Strategic Intelligence Studies and Western Legal Traditions; and concentrations in International Relations, Politics and Policy, International Politics and Policy, Strategic Intelligence Studies and Western Legal Traditions (Pre-Law). The curriculum encourages students to approach their chosen professions as opportunities for Christian Service and equips students with a strong foundation of knowledge and skills in conducting the business of government, politics, policy making, public administration, public safety and military service. The goal of the curriculum is to produce action-oriented students who are able to understand and articulate the Biblical roots of our religious, economic, and political liberties, and, thus, to equip them to become highly qualified leaders in their chosen career fields.

INTERNSHIPS
Knowledge becomes wisdom when a student takes the theory of the classroom and applies it in the context of the real world. To that end, our students are encouraged to apply for an internship in their field of study. The Helms School of Government is actively placing our students in positions at the White House, offices of elected officials, military and government intelligence agencies, and conservative political organizations. Internships are also available at the state and local government level as well as at federal and state criminal justice agencies.

Applicants must satisfy the 2.50+ GPA requirement and successfully complete the rigorous screening process prior to placement. The program is designed to keep the student on track for graduation and qualify for financial aid programs.

PARTNERSHIPS
In addition, in order to provide motivated students with unique educational opportunities, the Helms School of Government also partners with the Central Virginia Criminal Justice Academy, the School of Engineering and Computational Sciences, and the School of Communication. These partnerships are in place to set students apart and better prepare them for employment.

CENTER FOR PRE-LAW STUDIES
The Center for Pre-Law Studies uniquely incorporates a biblical worldview to prepare future law students for success. Everything, from academic programs to competing teams, to lecture series and extracurricular offerings, is designed to help students prepare for, and succeed in, law school. The Center for Pre-Law Studies also provides resources to assist students in the law school application process including choosing law schools, preparing for the LSAT, and crafting a winning personal statement. More information is available on the website at www.liberty.edu/academics/helmsschoolofgovernment/prelawsstudies.

PURPOSE

The School of Health Sciences prepares students for careers and Christian service in the natural sciences and health disciplines. Current undergraduate degree programs include: the B.S. in Athletic Training, Biology, Biochemistry, Biomedical Sciences, Cell and Molecular Biology, Exercise Science, Environmental Biology, Health Promotion, Kinesiology, and Zoology; the B.S.N and the R.N. to B.S.N. in Nursing; and the A.A. and B.S. in Professional Counseling degrees.

At the graduate level, the School offers the M.A. in Human Services, the M.A. in Marriage Family Therapy, the M.A. in Professional Counseling, the Master of Public Health and the Ph.D. in Professional Counseling degrees.

Fabich, Goldin, Isaacs, Kalu, Korn, Mitchell, Whittle

PURPOSE

The Department of Biology and Chemistry provides baccalaureate programs in biology, biomedical sciences, cell and molecular biology, environmental biology, zoology, and biochemistry, and services courses in biology and chemistry for Resident and Online Programs. Our programs seek both to transmit and expand knowledge as well as to provide opportunities for research and service. The Department is a community of persons who are voluntarily linked in the pursuit of knowledge, providing a reasoned presentation of these academic disciplines in relation to the Christian faith. The Department’s mission is to communicate academic content, Christian values, and requisite skills, all of which prepare persons for a lifetime process of learning and service.

TEACHER LICENSURE

Teacher preparation and endorsement in Biology and Chemistry is available through the Department of Biology and Chemistry. Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at www.liberty.edu/uguide.

ARTICULATION AGREEMENT WITH EDWARD VIA VIRGINIA COLLEGE OF OSTEOPATHIC MEDICINE

Liberty University (LU) and the Edward Via Virginia College of Osteopathic Medicine (VCOM) have agreed to cooperate in a program by which a Liberty student is offered early acceptance to VCOM following a distinct academic protocol and the demonstration of high academic achievement.

In addition, VCOM and LU have created a combined studies program where a student may attend LU for three years, gain admission to VCOM, then complete his or her baccalaureate degree with LU through credits earned in select VCOM courses. VCOM has reserved seats in both programs for LU students who meet the program requirements.

VCOM offers the Doctor of Osteopathic Medicine (D.O.) degree, which is recognized in every state as the full practice of medicine. The D.O. philosophy includes the practice of medicine from the whole person approach, paying attention to the physical, spiritual, and mental needs of each patient, and partnering with the patient to prevent disease. VCOM trains students to practice compassionate and altruistic medical care and its training programs include international and Appalachian medical missions. Visit http://www.vcom.vt.edu for additional information.

Details concerning each program that is a part of the articulation agreement are available from the Program Coordinator in the Department of Biology and Chemistry (434-582-2209) or MedicalCoordinator@liberty.edu.

PRE-MED HONOR SOCIETY

Advisor: Dr. Mark Blais

The purpose of the Pre-Med Honor Society is to give recognition to students who have excelled in the biology and chemistry curricula or any other Liberty University major. Members of the Pre-Med honor society are exemplary for their high academic achievement, strong personal characteristics and their deep commitment to helping others.

Criteria for membership:
A student must have:
1. Maintained a GPA of at least 3.50 in any major field of study, and
2. A deep interest in becoming medical doctors.
**Career Opportunities**
- Chemical Technician: Medical School
- Chiropractic School: Medical Technologist
- Dental School: National Park Ranger
- Environmental Biology: Osteopathic School
- H.S. Biology Teacher: Pharmacy School
- Junior Toxicologist: Physician Assistant
- Laboratory Research Assistant: Veterinary School

**Graduate School and Research in:**
- Biochemistry: Microbiology
- Biology: Molecular Biology
- Ecology: Neuroscience
- Genetics: Physiology
- Marine Biology: Wildlife Management

**Biochemistry and Molecular Biology Major (B.S.)**

**PROGRAM LEARNING OUTCOMES**
The student will be able to:
1. Communicate scientific information both orally and in writing.
2. Design and conduct biochemical experiments.
3. Apply standards and principles of safe practice in the laboratory or field environment.
5. Demonstrate competence in biochemistry, cell, and molecular biology.
6. Analyze and critique laboratory research results in the biochemical or molecular sciences.

PURPOSE
The Department of Health Professions faculty members are committed to preparing students in four majors: Athletic Training, Exercise Science, Health Promotion and Kinesiology. Each major leads to a Bachelor of Science degree. Our objective is to encourage student growth in these disciplines from the Christian worldview in preparation for employment/graduate education as they pursue God’s purpose for their lives.

TEACHER LICENSURE
Teacher preparation and endorsement in health/physical education is available only through the Kinesiology Major within the Department of Health Professions and the Teacher Education Department. Those wishing to pursue teaching-related programs should seek information from the Director of Kinesiology/Physical Education and the Teacher Licensure Office in the School of Education. Licensure information is also available at www.liberty.edu/uguide.

Athletic Training Major (B.S.)
Athletic training is practiced by certified athletic trainers; health care professionals who collaborate with physicians to optimize activity and participation of patients and clients. Athletic training encompasses the prevention, diagnosis, and intervention of emergency, acute, and chronic medical conditions involving impairment, functional limitations, and disabilities. Athletic Trainers have been recognized by the AMA (American Medical Association) as an allied health care profession since 1990 (www.nata.org, 2010).

Entry-level athletic training education uses a competency-based approach in both the classroom and clinical settings. Using a medical-based education model, athletic training students (ATS) are educated to provide comprehensive preventive services and care in six domains of clinical practice: prevention, clinical evaluation and diagnosis, immediate care, treatment, rehabilitation, and reconditioning; organization and administration; and professional responsibility. The educational requirements for Commission on Accreditation of Athletic Training (CAATE)-accredited Athletic Training Education Programs (ATEP) include not only cognitive (knowledge) and psychomotor (skill) content, but also a broad scope of foundational behaviors of professional practice, as well as a comprehensive clinical learning requirement that is embodied in the clinical proficiencies (professional, practice-oriented outcomes) as identified in the Athletic Training Educational Competencies and Clinical Proficiencies.

Athletic training education programs, academic majors, are accredited by CAATE and lead to a bachelor’s or master’s degree. Certification is granted by the Board of Certification, Inc. (BOC). The Board of Certification conducts annual examination development meetings during which certified athletic trainers and recognized experts in the science of athletic training develop, review and validate examination items and problems. The knowledge, skills and abilities required for competent performance as an entry-level athletic trainer fall into three categories:
- Understanding, applying and analyzing;
- Knowledge and decision-making; and
- Special performance abilities.

The Bachelor of Science degree program in Athletic Training at Liberty University is nationally accredited through an independent process by CAATE.

The ATEP at Liberty University is designed to produce athletic training professionals who will impact the world of sports and health with the highest standards of knowledge, skill, and compassion. This program of study provides a thorough investigation into the profession of Athletic Training, using rigorous academic instruction in the classroom and intense hands-on clinical study working with area colleges and universities, high schools, and other affiliated sites.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate proper assessment techniques in the evaluation of athletic injuries.
2. Determine the correct therapeutic treatment and rehabilitation protocol to promote return to activity.
3. Communicate effectively to related medical and non-medical professionals within the athletic training setting.
4. Apply research methods using evidence-based practices in the evaluation of athletic injuries and treatments.
5. Demonstrate mastery of the knowledge and skills necessary to effectively perform as an entry-level Certified Athletic Trainer as defined by the program’s accrediting body.

PROGRAM APPLICATION PROCEDURES
Acceptance to Liberty University does not guarantee acceptance into the Athletic Training Education Program. Entrance into the Athletic Training Education Program is competitive and students must gain entry into the program via the following process:

Pre-Professional: Students interested in becoming part of the Athletic Training Education Program at Liberty University should initially enroll in ATTR 200, along with available education requirements. The second semester would then consist of enrolling in ATTR 210 and HLTH 216.

Provisional Acceptance: Applications for provisional admission should be submitted by April 15th each year. The criteria for provisional status can be found on the ATEP website or from the Program Director.

Full Acceptance: Full acceptance will be based upon successful completion of Provisional status. Grades will be reviewed along with the clinical performance evaluation as determined by your Approved Clinical Instructor (ACI).

Provisional Application Process
In addition to completing ATTR 200, students must meet the following criteria and provide the following information:
- Candidates must meet with the Program Director to discuss their intent during the semester they wish to apply to the program.
- Candidates must be in good academic standing with the University.
- Completion of application provided by the Program Director.
- Complete transcripts.
- Written paper about “Why I want to be a Certified Athletic Trainer.”
- Medical history form signed by their family physician. The form shall include an endorsement by the physician that states the student is physically able to meet the requirements of the program (See Technical Standards).
- Vaccination records, including: Rubella, Tetanus, Mumps, Polio, and HBV vaccination.
- Meet the Technical Standards Policy for admission into the program.

For complete and updated information regarding application procedures, refer to the Liberty University ATEP web page at http://www.liberty.edu/Academic/Education/Sport/index.cfm?PID=85, or contact the Program Director.

Any of the following conditions will automatically preclude the student from acceptance:

Liberty University Undergraduate Catalog – 2012-2013
• GPA is below 2.00.
• Any grade below “C” in the ATTR courses.
• Students not admitted will be notified and advised by the Program Director.
• The accreditation standard regarding direct supervision within clinical rotations means that there is a limit to the number of students that can be accepted. As such, not all students meeting the minimum requirements may be accepted. If this is the case, total score will be utilized in determining final acceptance. Scores represent minimum provisional acceptance standards, and are no guarantee of final acceptance.
• Students meeting the requirements but not accepted may be considered the following semester.

Documentation following Provisional Acceptance:

Once a student is provisionally accepted to the program, the following documentation must be provided prior to the initial clinical rotation:

1. Undergo annual Blood Borne Pathogen training;
2. Student must be enrolled in ATTR 220 and 305.

Please note that due to the competitive nature of the program, Provisional acceptance does not guarantee full acceptance into the program. Additionally, Provisionally-accepted students must meet the Program Retention Standards in order to remain in the Program.

Full Acceptance Status

During the student’s Provisional semester, application for full acceptance to the program can be initiated. Grades will be reviewed at the end of the semester, with final acceptance based on previous grades and successful completion of the following courses: ATTR 220; ATTR 305; BIOL 213/214; HLTH 216. Note that a minimum GPA of 2.50 is required for full admission into the program. Additionally, students must offer proof of the following:

1. Current First Aid and CPR certification.
2. Active membership in the ATSA (Liberty University student association).

Any of the following conditions will automatically preclude the student from acceptance:

• GPA is below 2.50;
• Any grade below “C” in the ATTR courses; or
• Two unsatisfactory clinical evaluations from the ACI’s in ATTR 220.

At this point, the student may be admitted to the program.

Transfer Students

Students transferring to Liberty University who are interested in entering the Athletic Training Education Program must first declare this intention in writing to the Program Director. Due to the unique characteristics and background of each individual, a transfer student will be evaluated on an individual basis to determine his/her suitability for the program as well as an appropriate entry level.

It is highly likely that the competencies covered in the transferring courses may differ from those covered in Liberty University’s courses. However, if a transfer student feels certain competencies have been completed, the student must provide the Program Director written documentation from his/her former school’s Program Director. This documentation must include a weekly log of hours, a list of completed clinical experiences, competencies, and a statement signed by the Program Director verifying satisfactory completion of the competencies in question. All competencies must meet the standards set forth by the accrediting body. Any request for course credit transfer must be made to the Program Director.

PROGRAM RETENTION STANDARDS

Once admitted to the program, the student must demonstrate and maintain satisfactory academic and clinical progress as defined below:

• Overall GPA: Athletic training students will maintain a minimum cumulative GPA of 2.50. Students falling below a 2.50 GPA will be placed on probation for one semester. If, after one semester probation, the GPA remains below a 2.50, or falls below a 2.50 in any subsequent semester, the student will be dismissed from the program.

• GPA in Major: Students must achieve a minimum grade of “C” in all designated classes (right side of DCP). The student, with permission of the Program Director, may repeat one ATTR course in which the student failed to achieve the minimum grade of “C”. A second failure to receive a grade of “C” or better in any ATTR course will result in dismissal from the program.

• Students must complete BIOL 213/214 and 215/216 with a minimum grade of “C” in each section before enrolling in ATTR 400, 320 or 302. Students will be allowed to re-enter the program in the appropriate sequencing upon completion of this requirement. Note that an acceptable clinical evaluation from the student’s clinical instructor is a pre-requisite to a minimum grade of “C” in the practicum course. Students receiving an unsatisfactory appraisal will not pass the course.

• Under extenuating circumstances, and with approval of the Program Director, students will be allowed to continue in the program (under probation status) if they fail to meet one specific section of the GPA requirement. Issues will be considered on an individual basis and must constitute mitigating circumstances beyond the control of the student or program.

• Course Sequencing: Students must complete each clinical and academic course in the order prescribed.

• Codes of Conduct: Satisfactory citizenship and behavior must be demonstrated, per the University’s and the program’s codes of conduct as outlined in the Liberty Way and in the Athletic Training Education Program Handbook.

Students suspended from the University will be subject to athletic training faculty review as to continuation in the program.

The athletic training faculty reserves the right to dismiss from the major, students who exhibit unprofessional or unethical behavior as outlined in the Program Handbook.

• Competency/Proficiency Assessment: Students are required to demonstrate mastery of assigned competencies and proficiencies at the end of each of the practicum courses. A student not demonstrating mastery will receive an “Incomplete” grade for the course and will not be allowed to take the subsequent practicum course until the deficiency is corrected.

• Guidelines for Appeal: Students may appeal decisions concerning their status in the Athletic Training Education Program. In order to do so, the student must submit a written appeal to the Program Director within one week of the notification in question. The documentation must include a detailed justification for the appeal. Upon receipt of the appeal, the athletic training faculty will meet to review the matter. The student will be advised in writing as to the outcome of that discussion within two weeks.
Program of Study

**Exercise Science Major (B.S.)**

The Exercise Science program prepares students for careers in the health and fitness industry, as well as graduate studies in exercise physiology, physical therapy, occupational therapy, chiropractic, and other health professions.

The Exercise Science program is designed to produce exercise science professionals who will impact the world of sports, fitness, and wellness for our Lord and Savior Jesus Christ. The program will provide the student with the knowledge, skills, and abilities to assess, prescribe exercise for, and monitor clients in a variety of health, wellness, and fitness settings. This program of study provides the student with a thorough immersion into the field of exercise science, by using a combination of classroom, laboratory, practicum, and internship experiences.

The Bachelor of Science degree program in Exercise Science at Liberty University is nationally accredited by the Commission for the Accreditation of Allied Health Education Programs (CAAHEP).

**Program Learning Outcomes**

The student will be able to:
1. Demonstrate proficiency in the basic knowledge of an entry level Health Fitness Specialist as defined by the program’s accrediting body.
2. Communicate effectively in the area of exercise science.
3. Plan, implement, and evaluate exercise science related programming.
4. Evaluate research data and apply research techniques.

**Program Application Procedures**

Acceptance to Liberty University does not guarantee acceptance into the Exercise Science Program (ESP). Entrance into the ESP can be competitive and students must gain entry into the program via the following process:

**Provisional Acceptance:** Students interested in becoming part of the Exercise Science Program may initially declare Exercise Science as their major, but declaring Exercise Science as your major does not imply acceptance into the Exercise Science program. Students interested in becoming part of the Exercise Science Program at Liberty University should initially enroll in BIOL 213/214 and the second semester enroll in BIOL 215/216; EXSC 101 can be completed in either the fall or spring semester of the freshman year, along with any other available education requirements as per the course sequencing sheet.

**Full Acceptance:** Full acceptance into the Exercise Science program will be based upon the successful completion of all requirements during the provisional acceptance phase and selection by the Exercise Science admissions committee. Application for acceptance can be made twice per year: by October 15th for spring acceptance and by March 15th for fall acceptance.

**Process and Requirements for Full Acceptance**

During the students Provisional Acceptance phase, application for full acceptance to the program can be initiated. Grades will be reviewed at the end of the semester, with final acceptance contingent upon the successful completion of those courses. The student must meet the following criteria and provide the following information/documentation:

- Candidate must be in good academic standing with the University.
- Must show proof of current student membership to the American College of Sports Medicine.
- Must show proof of current First Aid and CPR certification.
- Cumulative GPA of 2.25 or better.
- Have completed BIOL 213/214, BIOL 215/216, EXSC 101, and EXSC 310 with a grade of ‘C’ or better.
- Completion of application provided by the program director.
- Completion of the Exercise Science Student Confidentiality Agreement.
- Completion of the Student Health Data Form.
- Complete transcripts.
- Written paper on “Why I want to be in the Exercise Science Program.”
- Interview with a member of the Exercise Science Selection Committee.

**Transfer Students**

Students transferring to Liberty University who are interested in entering the Exercise Science Program must follow the same process and procedures for entering the Exercise Science Program as outlined in the above section, ‘Program Application Procedures. Additionally, students must take all 400 level courses residually.
Courses at the 400 level cannot be transferred into the Exercise Science Program.

Fee and Expenses
In addition to university tuition and fees, students enrolled in the Exercise Science program may incur additional expenses. These expenses include, but are not limited to: American College of Sports Medicine (ACSM) national and regional memberships, ACSM Health Fitness Specialist certification exam, first aid and CPR certifications, transportation costs associated with off-campus practicum, internship, and related experiences; TB (PPD) skin test, cost of medical examination and background check, if required by practicum or internship site.

Program Retention Standards
Once admitted to the program, the student must demonstrate and maintain satisfactory academic progress as defined below:

- **Overall GPA:** Students will maintain a minimum cumulative GPA of 2.25. Students falling below a 2.25 GPA will be placed on probation for one semester. If, after one semester probation, the GPA remains below a 2.25, or falls below a 2.25 in any subsequent semester, the student will be dismissed from the program.

- **GPA in Major:** Students must achieve a “C” or better in all designated major courses (right side of the degree completion plan). A student, with permission of the Program Director, may repeat ONE major course in which the student failed to achieve the minimum grade of “C”. A second failure to receive a grade of “C” or better in any major course will result in dismissal from the program.

- **Course sequencing:** Students must complete each major course in the order prescribed unless approved by the Program Director.

- **Codes of Conduct:** Satisfactory behavior must be demonstrated, per the University’s code of conduct as outlined in the Liberty Way.

- **Guidelines for appeal:** Students may appeal decisions concerning their status in the Exercise Science Program. In order to do so, the student must submit a written appeal to the Program Director within one week of the notification in question. The documentation must include a detailed justification for the appeal. Upon receipt of the appeal, the Exercise Science faculty will meet to review the matter. The student will be advised in writing as to the outcome of that discussion within two weeks.

Internship
Exercise Science students undertake an internship as the culminating experience of their degree program. Students may choose from a variety of approved internship sites that provide exceptional opportunities for the student to apply their knowledge, skills, and abilities acquired throughout the Exercise Science program in a professional setting. The internship also provides an opportunity for Exercise Science students to experience the careers that are available to them upon graduation.

- **Prerequisite:** The student has completed all Exercise Science course work and FAC S333, with a grade of ‘C’ or better; have a minimum overall GPA of 2.25 or better; have achieved a minimum score of 450 on the American College of Sports Medicine’s Health Fitness Specialist exam, and turned in the exam scoring sheet to the Program Director; or consent of the Exercise Science Program Director.

Health Promotion Major (B.S.)

The Health Promotion major prepares students for employment as adult health education specialists in the healthcare industry, voluntary agencies, business, and government or for graduate work for clinical health profession careers as well as public health and other health-related graduate programs. At the completion of the program, CHES students qualify and are encouraged to take the national Certified Health Education Specialist (CHES) examination for certification.

Certified Health Education Specialist Concentration

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Demonstrate basic knowledge of personal and community health.
2. Develop a plan for the implementation of health education based on an analysis of needs, assets, and capacity.
3. Apply research methods in the development and evaluation of health promotion programs.
4. Evaluate management and administrative issues of health promotion programs.
5. Research reliable and valid health information as a health resource person.
6. Communicate and advocate for health and health education.

Kinesiology Major (B.S.)

PURPOSE

The Kinesiology degree program is designed to promote the
development of a healthy, physically active Christ-centered lifestyle
and prepare its graduates for the teaching profession. This academic
program will allow students to acquire the disciplinary knowledge of
human movement and the requisite skills and competencies in their
respective area of concentration.

Those students completing either of the Health and Physical
Education concentrations will be given the knowledge and teaching
skills necessary to design and implement developmentally
appropriate motor/sport skill learning experiences in school settings.

Program Learning Outcomes

The student will be able to:

1. Evaluate health and physical education curricular content
   based on sound pedagogical principles and strategies for
   PreK-12 students.
2. Plan and assess health and physical education lessons.
3. Incorporate diverse learning styles and physical skill
   levels into lesson plans.

**PURPOSE**

The purpose of the Liberty University Department of Nursing is to prepare baccalaureate level nurses who are committed to Christian ethical standards and view nursing as a ministry of caring based on the Benner theoretical framework. The nursing curriculum is built upon a foundation from the arts, sciences, and the Bible, and focuses on the use of the nursing process to guide the acquisition of nursing knowledge, build strong clinical skills, and develop the foundation necessary for a sound work ethic.

**Nursing Major (B.S.N.)**

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. View nursing as a ministry of demonstrating Christ’s love to hurting people of all religions, creeds, and cultures.
2. Provide and coordinate nursing care for individuals, families and groups within the community.
3. Utilize critical thinking/problem solving skills/evidenced base practice in determining nursing interventions and applying therapeutic skills.
4. Demonstrate leadership skills in collaboration with clients, other professionals and groups within the community for the purpose of promoting, maintaining, and restoring health.
5. Apply a personal and professional Christian value system, based on biblical principles, to ethical issues related to the practice of professional nursing.
ACCREDITATION AND LICENSURE
The Department of Nursing is fully accredited by the Commission on Collegiate Nursing Education (CCNE), and is approved by the Virginia State Board of Nursing.

APPLICATION TO THE DEPARTMENT OF NURSING
A prospective student applies for candidacy to the nursing major during the second semester of the freshman year. Applicants are considered for candidacy to the nursing major following enrollment in CHEM 107, BIOL 213/214, 215/216, NURS 101, 105 and NURS 215. Students must complete BIOL 213/214, 215/216, CHEM 107, NURS 101, 105 and 215 with grades of “C” or better, (grades of “A” or “B” in science course are preferred) and have a minimum cumulative GPA of 3.00. A personal interview with a nursing faculty member may also be required. The faculty reserves the right to refuse admission into the program. Acceptance by Liberty University does not guarantee acceptance into the nursing major.

Retention and Progression
Policies related to retention and progression are outlined in the annual Liberty University Nursing Student Handbook.

Clinical Prerequisites
Each student must secure uniforms, name pin, stethoscope, liability insurance, immunizations, background check, and current CPR certification prior to the first clinical experience.

Transportation
Nursing students are responsible for transportation to and from clinical settings. Car pools are encouraged as a means of defraying transportation costs for the individual student.

Physical Examination
A physical examination including a TB test, Rubella Titer, documentation of Hepatitis B vaccinations, and all childhood immunizations is required prior to the first day of class.

Accelerated Program
An accelerated summer program is available for students who have already completed one to two years of college work before deciding to enter the nursing major. Students who meet the admission criteria can finish the nursing requirements in two years.

Certificate Programs
Senior level students have an opportunity to specialize in a specific field of nursing by participating in one of two certificate programs:

- Critical Care Nursing (Adult and Maternal/Child tracks)
- Cross Cultural Nursing

Selected students complete extra classes and clinical experiences so that they are able to enter the workplace with a broader knowledge base and more highly developed clinical skills than other new graduates.

Advanced Placement
Registered nurses and licensed practical nurses may obtain advanced placement by applying to the RN track of the program. A registered nurse student is a nurse who:

1. Has graduated from an accredited program leading to an associate’s degree or a hospital diploma;
2. Had three months of nursing practice as a registered nurse within the past five years or completion of a refresher course before the senior year; and
3. Has been admitted to Liberty University.

The Psychology Department provides a baccalaureate degree for both the resident and online programs. These programs seek both to transmit and expand knowledge, as well as to provide opportunities for research and service. The Department consists of a community of persons who are voluntarily linked in the pursuit of knowledge, providing a reasoned presentation of the academic disciplines in relation to the Christian faith. The Department’s purpose is to communicate Christian values, academic content and requisite skills—all of which prepare persons for a life-long process of learning and serving.

The purpose is carried out for resident students, all of whom have indicated their agreement with Liberty’s purpose, through a rigorous academic program and a structured socio-religious environment. It is carried out for online students, who may or may not espouse Liberty’s purpose, in a comparable academic program but without the socio-religious structure of the resident community.

**Psychology Major (B.S.)**

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Demonstrate competence in the major concepts in psychology.
2. Interpret research data accurately.
3. Use critical thinking to solve problems related to behavior and mental processes.
4. Evaluate psychological concepts/theories as they relate to biblical thought.
5. Communicate effectively in written, oral, and technological formats.
6. Recognize and respect the complexity of socio-cultural and international diversity.

**Counseling, Clinical, or Research Concentration**

The student will be able to create advanced research designs.

**Counseling and Human Development Concentration**

The student will be able to evaluate developmental issues across the lifespan.

**Human Services Concentration**

The student will be able to evaluate crisis intervention techniques and issues.

**PSI CHI HONOR SOCIETY**

*Advisors: Dr. Marilyn Gadomski and Dr. Dennis Jennings*

Psi Chi is the National Honor Society in Psychology. The Liberty University chapter was formed in 1988 to promote scholarship and fellowship among Psychology Majors. Psi Chi attempts to nourish and stimulate professional growth through sponsoring invited speakers at general meetings, through field trips, and through participation in professional conferences.

**Criteria for membership:**

1. Completion of at least 3 semesters of college;
2. Completion of 9 semester hours of psychology above PSYC 210;
3. Registration for major or minor standing in psychology;
4. Undergraduates who are elected to Psi Chi must have at least an overall GPA of 3.25 and rank in the upper 35 percent of their class (sophomore, junior, senior) in general scholarship. They must also demonstrate superior scholarship in psychology, earning a minimum GPA in psychology courses of at least 3.50. Psi Chi accepts the policy of the institution regarding grades;
5. High standards of personal behavior; and
6. Two-thirds affirmative votes of those present at a regular meeting of the chapter.

**DANIEL’S PROGRAM**

The Daniel’s program was designed for students who have the desire and ability to pursue graduate training in psychology. Students in this program work on applied research projects under the supervision of faculty members, and have the opportunity to present findings at conferences and submit articles for publication. Students can apply for this program after completing PSYC 255 – *Introduction to Research*, and are selected on the basis of their grades, Christian character, and faculty recommendations. This program provides students the opportunity to develop the research skills and experience that will improve their ability to gain acceptance and funding in competitive graduate programs.
Career Opportunities

Counseling, Clinical, or Research Concentration
This concentration is designed for students pursuing a career that requires a doctoral degree in counseling, psychology, educational psychology, or related field. While this concentration does prepare students for graduate study in clinical psychology and counseling, it is also excellent preparation for other areas such as industrial/organizational, applied or quantitative psychology. This concentration is also the best choice for those students planning to apply to a competitive and selective master’s program in any area of psychology.

Counseling and Human Development Concentration
This concentration is designed for students seeking a career as a licensed counselor or psychologist that requires a master’s degree in a licensure track graduate program (e.g., Liberty’s M.A. in Professional Counseling). Graduates have pursued careers as professional counselors (including private practice), school counselors, and school psychologists. This concentration is also a good choice for students seeking employment in child development clinics, child or adult treatment centers, adult residential centers, or in any entry level position that requires only a bachelor’s degree.

Human Services Concentration
This concentration is designed for students seeking employment after completing a bachelor’s degree and prepares students for entry level positions in public, church, and for-profit business settings. Graduates have obtained jobs in group homes, crisis intervention centers, sales, public affairs and administrative support. The concentration is also excellent preparation for students planning to obtain a M.A. in Human Services from Liberty’s graduate counseling program.

MISSION
The mission of the Liberty University School of Music is to train and equip musicians as Champions for Christ. While the School of Music has only one mission, two distinctly unique and focused purposes emerge: 1) The Center for Music and the Performing Arts – trains and equips musicians to serve as highly skilled performers and music educators in a variety of commercial and academic markets, secular and sacred; and, 2) The Center for Music and Worship – trains and equips highly skilled musicians to serve as worship practitioners and Christian Music industry specialists in the evangelical community.

Center for Music and the Performing Arts

PURPOSE
The purpose of the Center for Music and the Performing Arts is to serve the School of Music by providing opportunities for musical performance, academic study and training of students in Music, Music Education, Applied Music Studies, and Music in World Cultures.

The Center for Music and the Performing Arts achieves its purpose for music and music education by providing comprehensive training in music for those preparing for music careers (leading to a B.M. degree in choral or instrumental music with and without teacher licensure) as well as for those who wish to receive musical training on an elective basis.

Central to the Center’s purpose is the development of aesthetically sensitive musicians, music educators, music missionaries, and skilled music performers who, with their skills, knowledge, and professional attitudes, may glorify God in the world through the practice of their craft and the testimony of their lives.

The Department of Music serves the Center for Music and the Performing Arts by providing training and sequenced skill-based education in all levels of music theory, harmonic practices, aural skills, form and analysis, musicianship, conducting, composition, music history and discipline specific music pedagogy courses. Performance groups affiliated with the Department of Music include the University Chorale, The Concert Choir, Chamber Singers, Percussion Ensemble, Guitar Ensembles, and Liberty University Symphony Orchestra. In addition, the department supervises undergraduate and graduate degrees in world music. This study incorporates Music and World Culture into the total music discipline and provides Liberty University music students opportunity to engage the music of various cultures through: field experiences; ethnic ensembles; studies in ethnomusicology; and, the discovery of regional music practices around the globe.

The Department of Music Education and Applied Music Studies serves the Center for Music and the Performing Arts by providing training for students preparing for career opportunities in elementary and secondary school settings. The department provides opportunity for students learn how to apply learned principles of “Praxis methodology” to all areas of music education. The department also supervises the practice teaching program in area elementary and secondary schools. In addition, the department provides highly specialized training in voice, guitar, piano, and a variety of musical instruments. Key to the mission of this department is the supervision of the performance and applied music studies in the Bachelor of Music (Performance) and Bachelor of Science in Music and Worship degrees.

The Department of University Bands represents the Center for Music and the Performing Arts through: The Liberty University Marching Band; The Spirit Band; The Liberty University Wind Ensemble; and, The Jazz Band. All four performing groups represent the university in various public relation capacities, including regular performances by the University Marching Band at Liberty University football games and The Spirit Band at Liberty University Basketball games.

Music Major (B.M.)

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate technical fluency, expressiveness, and professionalism in musical performance.
2. Demonstrate broad-based knowledge of musical style, music literature, and music theory.
3. Critically evaluate music and music research materials.
Students who select the Performance Elective will be able to demonstrate advanced performance skills in appropriate performance media.

**Choral Concentration**
The student will be able to demonstrate functional skills in choral arranging, application of vocal diction principles to performance, and functional performance skills in voice or piano.

**Instrumental Concentration**
The student will be able to demonstrate functional skills in orchestration, basic performance skills with orchestral instruments, and functional performance skills in a specific orchestral instrument or in piano.

**PROGRAMS OF STUDY**

There are 18 varieties of B.M. degree from which to choose. There are programs that support the student with a general interest in music, programs that lead to Virginia music teacher licensure, and programs that prepare the student for graduate studies in music performance. All of these programs require the student to select a performance area (keyboard, non-keyboard instruments, or voice). Students also must select either a choral or instrumental concentration, depending on whether the student seeks a career in vocal or instrumental music. The Music Student Handbook is available online to assist the student in understanding every aspect of the music program. To access go to [http://www.liberty.edu/media/1115/forms_and_handbooks/2012-2014%20MUHU%20Official%20Handbook.pdf](http://www.liberty.edu/media/1115/forms_and_handbooks/2012-2014%20MUHU%20Official%20Handbook.pdf).

Students are encouraged to audition for faculty members during the College for a Weekend (CFAW) activities or by appointment throughout the school year; a music audition is not required for admission to the university, but it offers an opportunity for discussion and evaluation of a student’s potential for success in the pursuit of a B.M. degree, and for scholarship consideration.

All students pursuing the Bachelor of Music degree must complete a piano proficiency exam before graduation and register attendance at a total of 56 approved concerts and/or recitals before the presentation of the senior recital. See the Department of Music Music Student Handbook for more information.

**VIRGINIA MUSIC TEACHER LICENSURE**

Teacher preparation and endorsement in choral or instrumental music is available through the Department of Music and Humanities in cooperation with the School of Education. Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education. All teacher licensure programs have been approved by the National Council for Accreditation of Teacher Education (NCATE). Licensure information is also available at [www.liberty.edu/uguide](http://www.liberty.edu/uguide).

A student not seeking teacher licensure may elect other courses to fulfill degree requirements.

**TEACHER LICENSURE ENDORSEMENT AREAS**
The following options are available in the Bachelor of Music for Teacher Licensure Endorsement (PreK-12):
- Choral Concentration, Vocal Emphasis
- Choral Concentration, Keyboard Emphasis
- Choral Concentration, Guitar Emphasis

Center for Music and Worship

PURPOSE
The purpose of the Center for Music and Worship is to equip and train worship leaders for the evangelical community. This is accomplished through curricula development, local church ministry, publishing and recording, artist development and empirical research. The Department of Worship and Music Studies is a division of the Liberty University Center for Worship.

The purpose of the Department of Music and Worship Studies is to serve the Center as an academic, training agency solely committed to the mission of equipping worship leaders and church practitioners for ministry in evangelical traditions. The Department of Music and Worship Studies provides a platform for developing curricula, teaching and interacting with students and meeting academic requirements critical to successful communication and examination of the worship discipline.

IAACT and CAF Membership
The Department holds membership with the International Association of Artists in Christian Testimony (IAACT), a missions-sending agency based in Brentwood, Tennessee. This agency endorses young artists, music ministries, worship leaders, and support personnel for local, regional, and international artistic service. Key to their mission is partnerships with worship institutions and evangelical organizations committed to training worship personnel for full time church related ministry.

In the spring of 2006, Liberty University was granted approval to host a student chapter of Christian Artist Fellowship (CAF). This is a national organization that encourages training, mentoring, advancement, career placement, and research related to individual and group artists.

Programs of Study
Programs offered by the Department of Music and Worship Studies prepare students to meet the challenge of this next decade. They prepare students to pursue graduate studies in worship at any seminary or graduate school, including the Master of Arts in Worship Studies offered through Liberty Baptist Theological Seminary.

There has been significant growth in the numbers of students seeking to further their training in worship studies. Undergraduate students, preparing for one or more of the multiple roles of worship leadership, have found an abundance of job opportunities in evangelical ministries and local churches.

To meet the challenges articulated above, the Department of Music and Worship Studies has designed an innovative, highly functional and practical degree. The Bachelor of Science in Worship and Music Studies is divided into six disciplines, including: Music Theory (12 hours); Worship Studies (18 hours); Practical Internships (5 hours); Applied Music (12 hours); Ensemble (6 hours); and the choice of a concentration or cognate.

Students select one area of concentration/cognate from the following: Christian Music Artist and Songwriter; Worship Leadership; Pastoral Leadership; Worship Technology; and Worship; Youth Ministries; Biblical Studies, Business Studies, Music in World Cultures (Ethnomusicology and Global Studies); Theatre Ministries; and, Women’s Ministries.

Worship and Music Studies Major (B.S.)

Program Learning Outcomes
The student will be able to:
1. Build a personal philosophy of worship based on theological principles.
2. Develop worship strategies based on an evaluation of various ministry contexts.
3. Evaluate various scenarios within the diverse evangelical community and make application to the worship leader’s roles.
4. Demonstrate professional-level musicianship in the primary applied performance concentration.

Christian Music Artist and Songwriter Concentration
The student will be able to:
1. Manage the processes involved in navigating within the Christian Music Industry. (Artist)
2. Demonstrate the process of writing, preparing and presenting a song for professional publication. (Songwriter)

Worship Leadership Concentration
The student will be able to demonstrate competency for writing, arranging, and analyzing music specific to needs associated with the evangelical culture.

Worship and Pastoral Leadership Concentration
The student will be able to evaluate and demonstrate the skills necessary for Pastoral Ministry.

Worship Technology Concentration
The student will be able to evaluate and demonstrate the skill necessary for using radio, television, video, IMAG or other computer technology in the presentation of worship.

Worship and Youth Ministry Concentration
The student will be able to evaluate and demonstrate the skills necessary for engaging and educating adolescents within their culture with a Biblical worldview.

Career Opportunities
Today’s local churches need both music ministers and worship leaders to take charge of a multi-faceted, changing ministry. These ministries no longer require personnel exclusively equipped as musicians. Rather, they require professionals who have broad experience in worship teaching, worship training, team management and discipleship, worship evangelism, principles of marketing technology, drama and music.

Pastors seek to meet the challenge of ministry to increasingly more diverse congregations with theological integrity practical to broad ranging needs. They look for worship leaders who capture their vision and seize the opportunity to minister worship with excellence and creativity.

Church Ministries Major (B.S.)
Students majoring in Church Ministries will be well-equipped for a future in vocational ministry. Throughout the program, they will engage in practical ministry experience in local churches and ministries, providing valuable first-hand training for a life devoted to vocational ministry.

PURPOSE
The Department of Church Ministries exists to recruit strategically, equip practically, and challenge biblically those called to Christian Ministry, both in the context of the local church and Christian organizations.

The major in Church Ministries provides an undergraduate degree program for students who are specifically interested in pursuing vocational ministry. The core for this degree program will provide foundational studies and practical training for the broad field of church ministries, while the concentrations will allow students to specialize their skills in particular areas, including Adventure Leadership & Outdoor Ministry, Pastoral Leadership, Women’s Ministries, Worship, and Youth Ministries.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Biblically justify essential truths of evangelical Christianity.
2. Apply the principles of biblical interpretation.
3. Plan, organize, and develop Christian ministries.
4. Evaluate models of leadership and programs, as well as various philosophies of Christian ministries.

Adventure Leadership and Outdoor Ministry Concentration
The student will be able to evaluate and demonstrate the skills necessary for constructing a ministry philosophy and programs for outdoor ministry from a biblical worldview.

Pastoral Leadership Concentration
The student will be able to evaluate and demonstrate the skills necessary for Pastoral ministry.

Women’s Ministries Concentration
The student will be able to evaluate and demonstrate the skills necessary for evangelizing and discipling women in Christian ministry from a biblical worldview.

Worship Concentration
The student will be able to compose a philosophy and strategy of worship based on theological principles and the evaluation of various ministry contexts.

Youth Ministries Concentration
The student will be able to evaluate and demonstrate the skills necessary for engaging and educating adolescents within their culture from a biblical worldview.

Pastoral Leadership and Biblical Exposition Major (B.A.)
The B.A. in Pastoral Leadership and Biblical Exposition provides thorough preparation in the exposition of biblical scriptures and processing of leadership dynamics. The B.A. in Pastoral Leadership and Biblical Exposition prepares the student to excel in ministry aptitude beyond some entry level seminary students.

PURPOSE
The B.A. in Pastoral Leadership and Biblical Exposition is designed to provide a thorough, biblically-based approach to practical ministry leadership. This program emphasizes sound doctrine and the ability to expositor biblical scriptures from an accurate, conservative, evangelical hermeneutic principle. Building upon the said foundation, the program also focuses on an effective homiletic presentation. Lastly, this program is designed to equip the student with leadership skills that parallel higher levels of leadership study.
PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Articulate and biblically justify essential truths of evangelical Christianity.
2. Demonstrate knowledge of the structure and content of the Bible.
4. Demonstrate competence in the use of sound principles of biblical interpretation.
5. Apply the techniques of exegesis to biblical research and preaching.
6. Evaluate the ministerial and administrative skills of the pastorate.

Global Studies Major (B.S.)

Students majoring in Global Studies will be well-equipped for international engagement. They will learn the skills necessary to thrive, build relationships, and establish healthy careers in other cultures while developing an understanding of the particular dynamics that are associated with living and working abroad. To help accomplish this goal, the B.S. in Global Studies program requires students to either double-major or minor in another area.

PURPOSE

The B.S. in Global Studies seeks to provide students with a thorough foundation for effective engagement in intercultural careers and service. The program combines a comprehensive theory of global engagement with practical experience, culminating in a semester-long cultural immersion internship.

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Demonstrate competency in cultural adaptation, research, and communication.
2. Employ critical thinking skills in addressing current issues in global engagement.

PURPOSE

The Department of Biblical and Theological Studies aims to provide a thorough, biblically-based, cognitive, and spiritual foundation for students who desire to pursue further academic training at the graduate level or who want to be better prepared for Christian life and service. In the current academic climate, there is a need for individuals who are educated and equipped to speak to foundational doctrinal issues for both academic professionals and lay people from an orthodox, biblically-informed evangelical position. These programs will lay the foundation for students who have an interest in further pursuing development in this area.

Biblical Studies Major (B.A.)

The B.A. in Biblical Studies focuses on foundational studies prior to seminary or graduate programs. This program offers a thorough study of the books, themes, history, and development of the Christian Bible.

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Biblically justify essential truths of evangelical Christianity.
2. Apply the principles of biblical interpretation.
3. Analyze the syntax of biblical Greek.
4. Analyze the background, theological motifs, literature, and content of the Bible.
Religious Studies Major (B.S.)

The B.S. major in Religious Studies will provide an undergraduate degree program for students who have a particular interest in pursuing further academic studies in the various religious studies disciplines. Concentrations are offered in Biblical Languages, Global Studies, Jewish Studies, New Testament, Old Testament, and Theology and Apologetics.

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Biblically justify essential truths of evangelical Christianity.
2. Apply the principles of biblical interpretation.
3. Analyze the major figures, events, and issues within church history.
4. Distinguish between the major religions of the world.

Biblical Languages Concentration

The student will be able to analyze the syntax of biblical Greek and Hebrew.

Global Studies Concentration

The student will be able to analyze the essential principles and current issues of global engagement.

Jewish Studies Concentration

The student will be able to articulate the history of Israel, the biblical promises made to Israel, and the issues affecting the relationship between the church and Israel.

New Testament Concentration

The student will be able to analyze the background, theological motifs, literature, and content of the New Testament.

Old Testament Concentration

The student will be able to analyze the background, theological motifs, literature, and content of the Old Testament.

Theology and Apologetics Concentration

The student will be able to evaluate and defend the major doctrines of and challenges to Christianity.

YOUT/CHLD/CHMN/PLED
Christian/Community Service

PURPOSE
The Center for Christian/Community Service guides the Academic and Experiential Learning programs in planning, developing and maintaining quality programs. It also seeks to maintain efficient and cost effective measures in the administration and delivery of its programs.

OBJECTIVES
The Center for Christian/Community Service seeks to support the University in fulfilling its Mission and Aims by providing experiences for students that:

1. Promotes the development of the biblical/Christian worldview.
2. Develops a sense of responsibility to mankind which entails selfless service, and active and clear communication of the Christian faith.
3. Offers opportunities to explore and practice ways to glorify God and advance the cause of Christ through his/her chosen careers.
4. Provides avenues to explore ways of displaying Christian commitment and virtue through local churches, or social, civic, athletic, artistic, or scholastic organizations compatible with the University’s mission.

Academic Program
(BWVW 101, 102, 301)

PURPOSE
The Academic program is designed to assist students in developing and demonstrating competency and proficiency in the biblical/Christian worldview. The curriculum is regularly reviewed for quality and for compliance with accreditation standards.

PROGRAM LEARNING OUTCOME
The student will be able to:
- Articulate and apply the biblical/Christian worldview to contemporary issues.

Experiential Program (CSER)

PURPOSE
The Experiential Learning program is designed to assist students in developing and demonstrating competency and proficiency in Christian/Community service. The curriculum is regularly reviewed for quality and for compliance with accreditation standards. The program is designed to provide opportunities for the students to develop and practice skills in citizenship and social responsibility.

PROGRAM LEARNING OUTCOME
The student will be able to:
- Demonstrate the value of Christian/Community service.
- Give evidence of skills learned through Christian/Community service.

CHRISTIAN SERVICE (CSER) REQUIREMENT
Christian/Community Service is required for each semester of full-time enrollment for all residential undergraduate students whether they are taking residential or Liberty University Online courses. Undergraduate students are considered full-time if they are taking twelve (12) or more credit hours in a given semester.

To graduate from Liberty University, all full-time, residential undergraduate students must successfully complete one CSER requirement for each full-time semester that they are a student, up to eight (8) semesters.

A student’s first two CSER requirements are BWVW 101, Biblical Worldview I, and BWVW 102, Biblical Worldview II. They must then successfully complete at least one CSER for each full-time semester that they are enrolled, up to six (6) more semesters.

To receive CSER credit students may not:
- Receive monetary compensation
- Receive academic credit
- Be awarded a scholarship

A CSER must fit within the framework of the purpose and goals of the department, which may include any, or all, of the following:
- Evangelism
- Discipleship
- Tutoring/mentoring
- Civic and community services (this does not include political campaigning)
- Community improvement
- Alleviation of human suffering
- Assisting the underprivileged and less fortunate
- Education and development of children/adults
- Educational assistance
- Stewardship of the earth (environmental projects, care for animals, etc.)

The Liberty University Christian/Community Service Official Policy Handbook and a list of service opportunities are available online at http://www.liberty.edu/cser.
Willmington School of the Bible – Online Program

Graduate of Theology Diploma (Th.G.)

PURPOSE

The supreme goal and purpose of the Willmington School of the Bible is adequately and scripturally to prepare men and women of God in ministering God’s message of the first century to the world in the 21st century.

GOALS

The Willmington School of the Bible exists to train Christ-exalting leaders for local church ministry with the following emphases:

1. To train men and women for church leadership;
2. To assist in developing competencies for effectively communicating this teaching plan to others;
3. To equip learners to become role-models of the victorious Christian life; and
4. To assist in implementing a plan of action for fulfilling God’s call on one’s life.

PROGRAM LEARNING OUTCOMES

The student will be able to:

1. Demonstrate a comprehension of the biblical foundation of the Christian faith.
2. Present a reasoned defense of the Christian faith.
3. Critique contemporary issues from the perspective of a biblical worldview.
4. Resolve ethical dilemmas through the application of relevant biblical principles.
5. Communicate effectively in a ministry setting.

Courses of Instruction – Diploma Program

APOLOGETICS

APOL 120  Apologetics  3 hours

A survey of the evidences for the central truths of Christianity: the existence of God, the deity and resurrection of Christ, and the authority and truth of the Bible.

BIBLICAL STUDIES

BIBL 150  Genesis  3 hours

An intensive doctrinal and historical study of the text considering the related issues of chronology, creation, the fall, the flood, and the Patriarchal cultural setting. The lives of Abraham, Isaac, Jacob and Joseph are given special attention for their practical value.

BIBL 160  Gospel of John  3 hours

A thorough investigation of the fourth Gospel, highlighting the person and work of Jesus Christ, God’s own Son. Differences between this Gospel and the Synoptics will be considered.

BIBL 161  Romans  3 hours

A thorough consideration of Paul’s theological masterpiece which forms a foundation for understanding the remaining epistles. Various doctrines that appear in this book will also be examined.

BIBL 162  Revelation  3 hours

A comprehensive study of the Revelation. Particular emphasis is given to understanding the correct method of interpreting the book. The verse-by-verse study will be supplemented with historical, doctrinal, and eschatological materials. The primary method of information delivery will be through presentations, and reading and writing assignments.

BIBL 163  Hebrews  3 hours

An intensive exegetical study of Hebrews. The course includes an investigation of the doctrines of Christ, especially His mediatorial and priestly and the use of the Old Testament in this book. A verse-by-verse exposition will follow a brief study of authorship, background, destination and purpose.

BIBL 165  Acts  3 hours

A study of the growth and development of the first century church as recorded by the accurate historian, Luke. Special attention will be given to the activity of the Holy Spirit in the ministries of Peter and Paul.

CHURCH HISTORY

CHHI 105  Church History I  3 hours

A survey of the first fourteen centuries of the Christian Church including the persecutions, the rise of heresy, the development of Roman Catholicism during the Middle Ages, and the groups which dissent against Roman Catholicism.

CHHI 110  History of the Christian Church II  3 hours

A study of historical Christianity from the fifteenth century to the present. Includes the major personalities, events, and results of the Protestant Reformation, the rise of modern denominationalism, modern Roman Catholicism, the ecumenical movement and current developments. Special attention is given to the development of American Christianity.

PRACTICAL THEOLOGY

PRTH 140  
Pastoral Theology I  
This course combines pastoral theology and “how to” principles in all the work of Christian ministry including the administration of local church business affairs and other operations. Church planting recommendations are included.

PRTH 141  
Pastoral Theology II  
A continuation of PRTH 140. A practical study of Church Ministry with emphasis given to its biblical foundation, philosophy of ministry, and the various areas of ministry. The ministry is considered as a calling and a career.

PRTH 172  
Hermeneutics I  
A study of the historical background, rules, principles, and methods of sound biblical interpretation. Course includes a review of English grammar.

PRTH 173  
Hermeneutics II  
Prerequisite: PRTH 172
A continuation of PRTH 172, with emphasis on practical application of hermeneutical principles and methods. Practical application includes writing a personal commentary on a selected book of the Bible.

THEOLOGY

THEO 107  
Theological Survey I  
This is the first of three courses in a general survey of Bible doctrine designed to introduce the student to the major areas of systematic theology. This course presents the following areas of doctrine: Prolegomena, doctrine of the Trinity, doctrine of the Father, doctrine of the Bible (bibliology), and the doctrine of Prophecy (eschatology). The theology survey is continued in THEO 108.

THEO 108  
Theological Survey II  
This is the second of three courses in a general survey of Bible doctrine designed to synthesize and outline the following major areas of systematic theology: doctrine of the Holy Spirit (Pneumatology), doctrine of Man (Anthropology), doctrine of Sin (Hamartiology), doctrine of Angels (Angelology), and doctrine of Satan (Satanology).

THEO 109  
Theological Survey III  
This course is a continuation of the doctrinal studies begun in Theological Survey 107 and 108. The student will examine the remaining Biblical doctrines of Salvation (Soteriology), the Church (Ecclesiology), and Christ (Christology).

PURPOSE
The English Language Institute (ELI) offers an intense four-level Academic English Program (AEP) for students with limited English language proficiency to prepare them for both undergraduate and graduate academic work at English-speaking academic institutions. Students may enter the AEP in the Fall, Spring or Summer term. In levels III and IV of the AEP (during the Fall and Spring terms), students have the option to begin undergraduate coursework alongside their AEP classes. Students completing level IV of the AEP are not required to submit a TOEFL score for acceptance into Liberty University’s undergraduate program. Students entering Liberty University’s graduate programs are still required to submit the minimum TOEFL score for acceptance.

The ELI also provides language support for local business, religious and other professionals whose native language is not English.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Produce grammatical, comprehensible English in spoken and written form.
2. Demonstrate reading and listening proficiency in both academic and everyday contexts.
3. Synthesize an understanding of the language learning process and personal educational goals.

Courses of Instruction

ELIL 051 Grammar/Writing 1  3 hours
This course engages high beginner students in basic English grammar concepts and skills to be applied in writing, as well as in speaking, listening, and reading. 1 hour

Air Force II

A continuation of AIRS 110

**AIRS 210**
**The Evolution of Air and Space Power I**
1 hour

Examines general aspects of air and space power through a historical perspective. Covers a time period from the first balloons and dirigibles to the use of Unmanned Aerial Vehicles in today’s technologically advanced Air Force. Historical examples serve to extrapolate the development of Air Force capabilities (competencies) and missions (functions) to demonstrate the evolution of what has become today’s USAF air and space power. Also examines several fundamental truths associated with war in the third dimension; e.g., Principles of War and Tenets of Air and Space Power. Provides a knowledge-level understanding for the general element and employment of air and space power from an institutional, doctrinal, and historical perspective. Continues a discussion of the importance of the Air Force Core Values through use of operational examples and historical Air Force leaders and develops cadets’ communication skills. The Leadership Laboratory (AIRS A) is mandatory each semester for AFROTC cadets and complements this course by providing followership experiences.

**AIRS 220**
**The Evolution of Air and Space Power II**
1 hour

A continuation of AIRS 210

**AIRS 310**
**Concepts of Air Force Leadership and Management I**
3 hours

Focuses on the study of leadership, management fundamentals, professional knowledge, Air Force personnel and evaluation systems, leadership ethics, and communication skills required of an Air Force junior officer. Case studies are used to examine Air Force leadership and management situations as a means of demonstrating and exercising practical application of the concepts being studied. The Leadership Laboratory (AIRS A) is mandatory each semester for AFROTC cadets and complements this course by providing advanced leadership experiences in officer-type activities, giving students the opportunity to apply the leadership and management principles presented in this course.

**AIRS 320**

Prerequisite: AVIA 210
A continuation of AVIA 210 to include cross country navigation methods, flight physiology and meteorology to prepare the student for the required FAA Private Pilot written exam.

AVIA 220 Private Flight I 3 hours
Co-requisite: To be taken simultaneously with AVIA 210
Primary flight training in fundamental pilot operations, including ground reference maneuvers, traffic patterns, emergency procedures and takeoffs and landings. Approximately 20 flight hours.

AVIA 225 Private Flight II 3 hours
Prerequisite: AVIA 220
Co-requisite: Taken simultaneously with AVIA 215
Continuation of AVIA 220 to include basic flight maneuvers, maximum performance takeoffs and landings, cross-country flights and introduction to high density airport operations. This course will prepare the student for the required FAA Private Pilot Flight practical test. Approximately 25 flight hours.

AVIA 230 Unmanned Aerial Systems 3 hours
This course provides the student with a detailed introduction into the history of unmanned flight and the current status of Unmanned Aerial Systems. The student will become knowledgeable of the capabilities and payload of civilian Unmanned Aerial Systems. Additionally, they will become proficient in UAS simulation and will be introduced to actual UAS flights.

AVIA 240 GPS Navigation 1 hour
Prerequisite: AVIA 220 and Private Pilot Certificate
This course covers the Global Positioning System (GPS) theory, operations, hardware and usage. The student will become proficient in IFR and VFR usage of most available GPS receivers.

AVIA 250 Introduction to Space Flight 3 hours
A survey of the major aspects of space flight. Topics covered include the history of space flight, space shuttle operations, and present and future commercial, industrial, and military applications in flight.

AVIA 300 Aviation Safety 2 hours
Prerequisite: AVIA 310
This course provides the student with a detailed introduction into aspects of aviation safety, risk management, and the associated components of pilot psychology, human factors and accident trends, factors and analysis.

AVIA 305 Airplane Aerodynamics 3 hours
Prerequisite: AVIA 225
This course will provide the student a study of the physical principles of airplane aerodynamics, thereby fostering an appreciation of the factors affecting aircraft performance, stability and control, and special flight conditions often experienced by commercial pilots of fixed-wing aircraft.

AVIA 310 Instrument Ground 3 hours
Prerequisite: AVIA 225
FAA regulations, radio communications, air traffic control procedures and meteorology as it relates to flight instruments and use of radio navigation instruments. Student will be prepared for the required FAA Instrument written exam.

AVIA 311 Instrument Theory Lab 1 hour
Prerequisite: Private Pilot Certificate
This course is designed to provide the student with ability to convert instrument flight theory to practical flight simulator operations. Student will fly simulator lights in the basic instrument phase to build a strong instrument scan. After mastering basic instruments, they learn radio calls and navigation used to perform instrument approaches to a landing.

AVIA 315 Commercial Ground 3 hours
Prerequisite: AVIA 225
This course will prepare the student for the FAA Commercial Pilot written exam by acquiring advanced aeronautical knowledge in aerodynamics, regulations, meteorology, aircraft systems, and airspace operations. Student will be prepared for the required Commercial Pilot written exam.

AVIA 320 Instrument Flight 3 hours
Prerequisite: AVIA 310
Basic instrument flight training including air traffic control clearances, and orientation to radio navigation techniques. Use of the simulator will be integrated for introduction to each phase. Approximately 35 flight hours and the required FAA Instrument practical check flight.

AVIA 325 Commercial Flight I 1 hour
Prerequisite: AVIA 320
Basic commercial pilot flight maneuvers and complex/high performance aircraft systems and operations. This course will provide thorough preparation for the required FAA Commercial Pilot check flight. Approximately 110 flight hours.

AVIA 326 Commercial Flight II 1 hour

AVIA 327 Commercial Flight III 1 hour

AVIA 340 Aviation Weather 3 hours
Prerequisite: AVIA 225 and Private Pilot Certificate
This course is a study of weather hazards, meteorological flight planning, aviation weather equipment and human factors as related to flight safety in all weather conditions.

AVIA 350 Airline Operations 3 hours
Prerequisite: AVIA 310
A study of the scope and function of major air carrier’s organizational structure and the specific relationships of the operations department with those of marketing, maintenance, and safety are discussed. A study of corporate issues including the industry in general, market structure, certification FAR Part 121 regulations, economic issues, mergers, corporate culture, and international topics will be included. From an operational perspective, topics include flight operations employment policies, domiciles, operating specifications, types of services provided,

**AVIA 360 Corporate and Business Aviation** 3 hours
Prerequisite: AVIA 225

This course is designed to introduce aviation students with the operations of a corporate flight department. They will understand the value of management mobility which requires specific operations other than commercial airline options. The student will learn how to evaluate aircraft and equipment requirements, maintenance demands and logistical difficulties, flight operations specific to this unique environment, administration requirements for smooth and efficient operations, as well as the fiscal considerations which will impact the business profits.

**AVIA 400 Aerospace Law, Human Factors and Crew Resource Management** 3 hours
Prerequisite: AVIA 225, 310

This course is divided into three parts. The first will cover the scope of all regulations concerning aviation and how they impact the pilot. The second part will provide the basic understanding of the human factors concepts including psychological and physiological limitations of humans operating in complex environments. The third part will provide an in-depth study of Crew Resource Management, which involves having a complete understanding of the flight deck environment and the proper utilization of all resources available to an aviator.

**AVIA 410 Flight and Ground Instructor Theory** 3 hours
Prerequisite: AVIA 315

Provides the student with a detailed study of the responsibilities and teaching concerns of a flight instructor. The course is divided into two major sections: fundamentals of teaching and learning, including effective teaching methods, learning process, consideration of flight training syllabi, effective evaluations, and flight instructor responsibilities; the second section is concerned with the analysis of the flight maneuvers involved with Private Pilot, Commercial Pilot and Flight Instructor Certificates. The course will also provide practical teaching experiences.

**AVIA 420 Flight Instructor Flight** 1 hour
Prerequisite: AVIA 325

Introduction to flight instructor techniques and maneuvers in preparation for the FAA Certified Flight Instructor initial practical test.

**AVIA 430 Multi-Engine Theory and Advanced Aircraft Systems** 3 hours
Prerequisite: AVIA 310

This course covers the operations necessary to operate twin-engine aircraft. Normal and abnormal procedures are included along with a discussion of the systems and aerodynamics normally associated with these aircraft. Regulations for commercial pilots are included.

**AVIA 440 Multi-Engine Flight** 1 hour
Prerequisite: AVIA 225 & Private Pilot Certificate

Introduction to multi-engine flight and all related maneuvers in preparation for the FAA Multi-Engine Rating.

**AVIA 445 Military Aviation Selection Test Battery Preparation** 3 hours
Prerequisite: Junior status

This course will cover the requirements of all branches of service to become aviators. The student will become familiar with and practice the Military Aviation Selection Battery Test in preparation to taking the actual military test battery.

**AVIA 450 Confined Area Operation** 2 hours
Prerequisite: AVIA 325

This course will prepare students to plan and operate in confined areas with short and unpaved landing strips. The student will learn safety aspects, risk management and flight techniques necessary to successfully operate throughout the world.

**AVIA 455 Turbine Engines and Jet Transports** 3 hours
Prerequisite: AVIA 225

This course will be an intensive study of the turbine engine theory, design and operations. The student will also receive a broad knowledge of all commercial airline types and will acquire a more in-depth understanding of the Boeing 737 Aircraft.

**AVIA 460 Interview and Etiquette Techniques** 2 hours
Prerequisite: Aviation Major/Senior Status

This course will cover the unique requirements of aviation job interviews. Practice interviews with professionals from the industry will critique personal appearance, dress and professional knowledge.

**AVIA 495 Directed Research** 1 to 3 hours

**AVIA 499 Directed Research**

**AVIA 500 Aircraft Sciences I**

**AVIA 505 Aircraft Sciences II**

**AVIA 540 Turbine Engines and Jet Transports**

**AVIA 545 Advanced Jet Systems**

will be placed on the selection and use of FAA and manufacturers’ aircraft maintenance specifications, data sheets, manuals, and publications; as well as proper logbook and maintenance entries and record keeping.

**AVMN/AVMT 106  Maintenance Practices II  3 hours**

Co-requisites: AVMT 100, 102, 104

This course will instruct the student in aircraft cleaning; corrosion identification, treatment, removal, and control practices. The student will learn how to fabricate and install flexible and rigid fluid lines and fittings. The student will also understand proper procedures for safely securing, moving, fueling, starting, servicing, and taxying aircraft.

**AVMN/AVMT 200  Airframe Auxiliary Systems  3 hours**

Co-requisites: AVMT 202, 204, 206, 208, 210

This course will provide the student an understanding of operating principles and basic maintenance techniques for airframe auxiliary systems and their components, including: cabin atmosphere control, communication and navigation, instruments, static and pitot, fire detection and extinguishing, smoke and carbon monoxide detection, ice and rain control, speed and configuration, anti-skid brakes, as well as position and warning. The student will also learn the operations and maintenance of aircraft fuel systems and components, including fluid quantity indicating systems, fluid pressure and temperature warning systems, fuel dump systems, transfer and defueling, and pressure fueling systems.

**AVMN/AVMT 202  Aircraft Electrical Systems  3 hours**

Co-requisites: AVMT 200, 204, 206, 208, 210

This course is designed to provide the student with an advanced study of AC and DC electrical systems, electrical power generation and control; to include alternators, generators, motors, relays, switches, wiring installations, load analyses, and aircraft batteries. The student will gain principle knowledge and skills to inspect, check, service, and troubleshoot airframe electrical components.

**AVMN/AVMT 204  Airframe Structures I  3 hours**

Co-requisites: AVMT 200, 202, 206, 208, 210

This course will instruct the student in the basic construction and properties of materials typically used in aircraft applications, with emphasis on aluminum sheet metal applications and their manufacture, repair, and inspection. Student projects will focus on sheet metal lay-out, cutting, forming, bending and riveting, using solid and blind rivets, as well as identifying and using specialty fasteners.

**AVMN/AVMT 206  Airframe Structures II  3 hours**

In this course the student will learn the design, application, fabrication, repair, finishing, and safety practices relating to composite, laminated, honeycomb, bonded, plastic, wood and fabric materials found in structural applications on aircraft, including windows, doors, and interior panels and furnishings. The student will also gain understanding and skills in various welding methods, procedures, and techniques as applied to aircraft manufacturing and repair. Oxygen/acetylene, shielded metal arc, gas metal arc welding, soldering and brazing processes will be studied.

**AVMN/AVMT 208  Airframe Assembly and Inspection  3 hours**

Co-requisites: AVMT 200, 202, 204, 206, 210

This course will instruct the student in aircraft covering materials, construction, inspection, and repairs using natural and synthetic fabrics. The student will understand the identification, inspection, and application of finishing materials to both fabric and metal surfaces, including touch-up, trim, and lettering. The student will learn the fundamentals of airframe assembly, rigging, aerodynamics, and controls. This course will also introduce the student to conformity and airworthiness inspection requirements and procedures as they relate to the airframe, including knowledge and abilities needed to perform inspections and properly complete associated forms and paperwork.

**AVMN/AVMT 210  Airframe Hydraulic, Pneumatic, and Landing Gear Systems  3 hours**

Co-requisites: AVMT 200, 202, 204, 206, 208

This course is designed to introduce the student to basic fluid mechanics as it applies to practical applications in airframe systems. Construction and operation of hydraulic and pneumatic systems and components will be discussed, as well as identification and selection of hydraulic fluids and their related components. The student will learn landing gear designs, construction, and operations; as well as the inspection, servicing, and repair or replacement of various types of fixed and retractable landing gear systems, shock struts, brakes, wheels, tires, and steering systems.

**AVMN/AVMT 212  Reciprocating Engines  3 hours**

Co-requisites: AVMT 214, 216, 218, 220

This course will instruct the student in the principles of operation, construction, and design of reciprocating aircraft engines and components. The student will gain procedural knowledge and technical skills in reciprocating engine removal, disassembly, inspection, servicing, overhaul, reassembly, installation, and troubleshooting.

**AVMN/AVMT 214  Engine Electrical Systems  3 hours**

Co-requisites: AVMT 212, 216, 218, 220

This course will present the principles of operation and servicing procedures of electrical systems and electrical components found on reciprocating and turbine engine powered aircraft. Students will study and understand the operation, inspection, and servicing of ignition and starting systems, generation and control systems, auxiliary power units, and wiring installations.

**AVMN/AVMT 216  Engine Auxiliary Systems I  3 hours**

Co-requisites: AVMT 212, 214, 218, 220

In this course the student will learn the construction, operation, inspection, troubleshooting, servicing, repair and overhaul of reciprocating engine carburetion, injection, and fuel metering systems, as well as turbine engine fuel control systems. The student will also study fuel warning, pressure and rate of flow instruments, as well as reciprocating and turbine engine lubricants and lubrication systems.

**AVMN/AVMT 218  Engine Auxiliary Systems II  3 hours**

Co-requisites: AVMT 212, 214, 216, 220

In this course the student will study engine instrument systems, fire detection and extinguishing systems, induction systems, cooling systems, exhaust and thrust-reverser systems, with a focus on theory of operation, servicing, inspection, repair, and troubleshooting. The student will also learn the theory of operation and basic construction of fixed-pitch, constant-speed, and feathering propellers. The student will also be introduced to propeller synchronization systems, ice-control systems, and propeller governing systems. The student will gain knowledge & skills to inspect, check, service, remove, repair, and install propellers.

**AVMN/AVMT 220  Turbine Engines  3 hours**

This course provides the student with an understanding of gas turbine engine cycles, high speed gas flow, and the design and construction of turbojet, turboprop, and turbofan engines. The student will receive an introduction to unducted fans and turbine-driven auxiliary power units. The student will learn the fundamentals of turbine engine operation, removal and replacement, maintenance, servicing, troubleshooting, and inspection.
**BIOCHEMISTRY**

**BCHM 450  Medical Biochemistry**  3 hours  
Prerequisite or Co-requisite: BIOL 415 or CHEM 302  
This lecture course covers aspects of biochemistry relevant to the practice of medicine. The human body is surveyed as an integrated chemical system with emphasis on the molecular basis of disease and the clinical application of therapies to restore body function. The link between biochemistry and human anatomy and physiology is examined with special emphasis on the gastrointestinal tract and catabolism, the immune response and biochemical endocrinology, blood and hemostasis, lipid metabolism and liver function, and glucose metabolism and muscle contractions.

**BCHM 451  Biochemistry I**  4 hours  
(Three hours lecture; three hours lab)  
Prerequisites: CHEM 301; BIOL 301 and 415; and MATH 126 or 132  
Advanced topics in biochemistry. Emphasis is placed on: 1) physical biochemistry including thermodynamics, kinetics, solutions and equilibria; 2) protein structure/function and enzyme kinetics, mechanisms and regulation; and 3) intermediary metabolism and its regulation.

**BCHM 452  Biochemistry II**  4 hours  
(3 hours lecture; 3 hours lab)  
Prerequisite: BCHM 451  
Continuation of BCHM 451 (Biochemistry I). Emphasis is placed on: 1) membrane physiology, including lipid biosynthesis, membrane transport, excitable membranes, electron transport and oxidative phosphorylation, and photosynthesis; and 2) the flow of biological information, including nucleotide biosynthesis, DNA replication and repair, transcription, and translation.

**BCHM 495  Directed Research**  1 to 3 hours  
**BCHM 497  Special Topics in Biochemistry**  1 to 3 hours  

**BIBLICAL STUDIES**

**BIBL 105 and 110 or 205 and 210 are prerequisites for all upper-level BIBL courses.**

**BIBL 105  Old Testament Survey**  1 or 3 hours  
An introduction to the authorship and contents of the Old Testament books. Special attention will be given to important persons, places and events, as well as to key chapters in the Old Testament revelation.

**BIBL 110  New Testament Survey**  1 or 3 hours  
An introduction to the authorship and contents of the New Testament books. Special attention will be given to important persons, places, events, as well as to key chapters in the New Testament revelation.

**BIBL 205  Old Testament Life and Literature**  3 hours  
A comprehensive study of the Old Testament: its historical setting and framework; its literary types; the theme, development and composition of its books; and the developing theological perspective of the Old Testament revelation.

**BIBL 210  New Testament Life and Literature**  3 hours  
A comprehensive study of the New Testament: its historical setting and framework; its literary types; the theme, development, and composition of its books; and the distinctive theological contributions of the various portions and authors of the New Testament revelation.

**BIBL 311  Joshua thru Judges**  3 hours  
A study of Israel’s history during the time of conquest and settlement of Palestine. Cultural background factors, geographical information and homiletical possibilities in these books will be explored carefully.

**BIBL 314  Old Testament Poetical Books**  3 hours  

**BIBL 316  Isaiah**  3 hours  
An analytical and exegetical study of the content of the book of Isaiah, with critical examination of its theological content and issues of interpretation. (Formerly BIBL 416).

**BIBL 317  Minor Prophets**  3 hours  
An expository study of the twelve minor prophets of the Old Testament. Each book will be covered from the historical and theological perspective in addition to devotional value.

**BIBL 323  John**  3 hours  
An analytical and exegetical study of the Gospel of John with special emphasis on John’s Christology that Jesus is the Messiah, the Son of God.

**BIBL 324  Pastoral Epistles and Leadership Development**  3 hours  
An expository study of I and II Timothy and Titus with emphasis on themes pertaining to the local church. Attention will be given to current issues which relate to selected controversial passages.

**BIBL 330  Life of Christ**  3 hours  
The life of Jesus Christ on earth as seen in the Gospels will be studied thematically and chronologically in the light of its historical background, geographical setting, political situation, and religious conditions. Special emphasis will be given to His mission and message. Attention will also be given to current issues relating to the historical Jesus debate.

**BIBL 350  Inductive Bible Study**  3 hours  
This course introduces the student to the five main theological resource tools and the ten methods necessary for an inductive study of the Bible. The student writes his own commentary on a prescribed book of the Bible using the tools and methods to which he is introduced in the course.

**BIBL 364  Acts**  3 hours  
A study of the growth and development of the first century Church as recorded by the accurate historian, Luke. Special attention will be given to the activity of the Holy Spirit in the ministries of Peter and Paul. (Formerly BIBL 424).

**BIBL 410  Genesis**  3 hours  
An intensive doctrinal and historical study of the text considering the related issues of chronology, creation, the fall, the flood and the Patriarchal culture setting. The lives of Abraham, Isaac, Jacob and Joseph are given special attention for their practical value.

**BIBL 425  Romans**  3 hours  
An analytical and exegetical study of Romans, giving attention to the great doctrinal issues of condemnation, justification, sanctification, the place of Israel, and practical Christian living.

**BIBL 430  The History of Ancient Israel**  3 hours  
This course will provide a detailed survey of the history and geography of Israel from the time of the Patriarchs through Exodus, Conquest, Judges, Kings, the Babylonian Captivity, the Return and the Inter Testamental period. The study will also include a survey of the history, archaeology and culture of Israel’s ancient geographical neighbors including the Canaanites, Philistines, Ammonites, Moabites, Edomites, Assyrians, Babylonians and Persians.

**BIBL 431  Israelology**  3 hours  
A systematic study of Israel and the Jewish People as a central and defining feature of biblical theology. Consideration will be given to the importance and central role of Israel’s biblical covenant, Israel’s relationship with the church, and Israel’s future in the divine program.

| Human physiology is the study of the functions of the body and how it maintains homeostasis. This lecture course examines those functions from a cellular and molecular basis using a
systemic approach. Special attention is placed on medically vital systems including the nervous, cardiovascular, respiratory, digestive and endocrine systems. The course will be of use and interest to students intending to go to medical school or other health-related fields. (Effective Spring 2013)

**BIOL 400  Biology Seminar**  1 hour
Prerequisites: BIOL 310 or 415 and COMS 101
The preparation and presentation of a paper, discussion of presentations, and/or the discussion of articles in the scientific literature. This course can be repeated and up to 4 hours can be applied toward the major. Restricted to Biology majors and minors.

**BIOL 403  Embryology**  4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 415
Fundamentals of early development and experimental analysis of development systems and a descriptive and comparative study of organogenesis with emphasis on vertebrates.

**BIOL 408  Animal Behavior**  4 hours
(3 hour lecture; 3 hour lab)
Prerequisites: BIOL 208 “C” or better; or BIOL 225 “C” or better
An introduction to the mechanisms and functional significance of animal behavior. Topics include: the role of genes, development, the nervous system, and the endocrine system in the expression of behavior; learning and communication, orientation and navigation, and habitat selection; feeding, reproductive, and parenting strategies; mating systems and social behavior. Labs will employ both observational and experimental methods in the lab and in the field.

**BIOL 410  Environmental Biology**  4 hours
(3 hour lecture; 3 hour lab)
Prerequisites: BIOL 310
Field and lab methods used by government and industry to assess the impact of a pollutant upon an ecosystem including toxicity testing, in stream evaluations of macro invertebrates and fish, exposure and risk assessment modeling.

**BIOL 415  Cell Biology**  4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 301 and CHEM 301 or CHEM 301 concurrently
A study of the organization and function of living matter at the cellular level. Special emphasis will be given to the integration of molecular and cellular interactions for the maintenance of life.

**BIOL 416  Comparative Animal Physiology**  4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 200, 208, 301 and CHEM 301
A comparative study of the differences and similarities in the functional processes of animals belonging to various animal groups in a variety of environmental settings.

**BIOL 418  Vertebrate Natural History**  4 hours
(3 hour lecture; 3 hour lab)
Prerequisites: BIOL 208 “C” or better; or BIOL 225 “C” or better
A study of the life history of the vertebrates with special emphasis on their taxonomy, life cycles, and ecological relationships. Vertebrates native to central Virginia will receive special attention.

**BIOL 419  Ornithology**  4 hours
(3 hour lecture; 3 hour lab)
Prerequisites: BIOL 208 “C” or better; or BIOL 225 “C” or better
An introduction to the study of birds including anatomy, physiology, life cycle, behavior, population biology, ecology, and taxonomy. The emphasis of lab will be on field techniques of identification and study of species native to Virginia.

**BIOL 420  Immunology**  4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 301 and 303
A comprehensive view of the basic principles of the immune system of living organisms, with particular emphasis on humans. It examines the cells and tissues of the immune system, describes the structure and function of immunoglobulins, and examines their interactions with antigens.

**BIOL 455  Molecular Techniques**  3 hours
(1 hour lecture; 5 hours lab)
Prerequisites: BIOL 415
This course covers the basic molecular biological techniques involved in the study of DNA, RNA, and proteins. Specific techniques include: PCR; DNA cloning; library screening; proteomics and the use of gene sequence databases; and molecular modeling. (Formerly BCHM 455)

**BIOL 495  Special Problems in Biology**  1 to 4 hours
Prerequisites: Sixteen (16) hours of biology and consent of instructor and Department Chairman.
The preparation of a paper based on library, laboratory, and/or field research of a problem selected after consultation with the biology faculty. Limited to students planning to pursue graduate studies in biology. Only four (4) hours may count toward the biology major.

**BIOL 497  Special Topics in Biology**  1 to 3 hours
**BIOL 499  Internship**  1 to 6 hours
Prerequisites: 3.00 GPA and Junior or Senior Standing and 21 hours completed in Biology (including 16 hours upper level Biology) and a declared major in the Biology and Chemistry department; not more than one CSER behind.
A directed practical work experience under the supervision of the Biology Faculty Intern Advisor, in the student’s area of career interest. Applications are processed through the Biology Department. Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

**BUSINESS MANAGEMENT INFORMATION SYSTEMS**
(Formerly CMIS & ISYS)

**BMIS 200  Enterprise Business Applications and Communications**  3 hours
Prerequisites: MATH 110 or approval of instructor.
This course examines the design, selection, implementation and management of enterprise Business solutions. The focus is on identifying critical business processes and envisioning how technology can be developed to provide solutions which generate competitive advantage Students learn how applying frameworks and strategies around the Business Process and Organization Strategy provide a competitive advantage. Topics include MIS and IT fundamentals, Information Systems Management and Using Enterprise Business Applications for competitive advantage. The course also includes a component for Technical Writing for Information Systems. (Formerly ISYS and CMIS 110)

**BMIS 208  Application Programming**  3 hours
Prerequisite: (BMIS 200 or CSCI 110) and BUSI 201; minimum grade of “C”
Development of computer and programming skills, problem solving methods, and selected applications. This course provides a broad-based introduction to programming in Visual Basic. Students will learn how to build a program from the design phase all the way through to delivery. (Formerly CMIS 211)

**BMIS 209  C# Programming**  3 hours
Prerequisite: BMIS 208 or CSCI 111; minimum grade of “C”
Development of computer and programming skills using the C# language. Students will learn how to use C# to develop stand-alone applications in an IDE. Advanced concepts, such as database
connectivity and web applications will also be examined. (Formerly ISYS 211)

**BMIS 212  Object-Oriented Programming**  3 hours  
**Prerequisites:** BMIS 208 or CSCI 111; minimum grade of “C"

A study of the general-purpose, secure, object-oriented, portable programs. This course prepares students to program stand-alone applications. It will cover features such as programming concepts, data types, operators, flow control statements, objects, classes, methods, arrays, and strings. The concept of object-oriented programming is emphasized. (Formerly ISYS and CMIS 212)

**BMIS 299  Internship**  0 hours  
**Prerequisites:** Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.  
Application processes preceded through the Career Center. Must apply semester prior to internship. (Formerly ISYS 299)

**BMIS 310  Web Architecture and Development**  3 hours  
**Prerequisite:** BMIS 208 or CSCI 112; minimum grade of “C”  
Provides students with thorough knowledge of the foundations of web architecture, current technologies utilized in the development of a web site, and criteria for assessing the usability of web sites. (Formerly ISYS and CMIS 310)

**BMIS 312  Advanced Object-Oriented Programming**  3 hours  
**Prerequisites:** BMIS 212; minimum grade of “C”  
In-depth study of the advanced features of Java, with an emphasis on the “why” as well as the “how to” of programming in the Java language. This course also prepares students for the Sun Certified Java Programmer exam. (Formerly ISYS and CMIS 312)

**BMIS 320  IS Hardware and Software**  3 hours  
**Prerequisites:** BMIS 200 or CSCI 110; minimum grade of “C”  
Emphasis is placed on the role of the computer in information processing, including the design of computer hardware and operating systems, application programming, data storage, network and client/server concepts, and systems development life cycle. (Formerly ISYS and CMIS 320)

**BMIS 325  Database Management Systems**  3 hours  
**Prerequisites:** BMIS 208 with a minimum grade of “C” or MATH 201  
The study of relational database architecture, design, access, administration and implementation in the context of various organizational environments. The course includes issues of data normalization, standard queries, and the use of popular relational and object technologies for building business-oriented applications. Assigned projects will provide hands-on experience with industry leading SQL and RDBMS tools and ER CASE tools currently popular in business and government settings. (Formerly ISYS 325 and CMIS 450)

**BMIS 326  Introduction to Oracle**  3 hours  
**Prerequisite:** BMIS 325; minimum grade of “C”  
This course introduces the fundamentals of database design using an Oracle platform. Database administration will be introduced as well as the basic concepts of data manipulation in an Oracle environment.

**BMIS 327  Advanced Oracle**  3 hours  
**Prerequisite:** BMIS 326; minimum grade of “C”  
This course introduces the advanced topics of database administration in Oracle. Multi-dimensional databases for Business Intelligence applications will be examined as well.

**BMIS 330  Business Data Communication Systems**  3 hours  
**Prerequisite:** BMIS 200; minimum grade of “C”  
Business Data Communications. The study of the movement of information (data) one device to another by means of electrical, optical, radio or satellite transmission systems. This course will introduce the architecture, concepts, terminology, design, and management issues related to the modern environment of networking and data communications. Various types of networks and communication systems, protocols, regulatory issues and policies will be explored. (Formerly ISYS and CMIS 330)

**BMIS 331  Networks**  3 hours  
**Prerequisite:** BMIS 330; minimum grade of “C”  
Building on the foundational knowledge of the 330 course, this is a study in corporate data networking. This course primarily focuses on switched networks (wired and wireless) with hands on work on setting up and operating a switched network. Routed networks fundamentals and concepts will be introduced to prepare students for careers in networks operations and the follow-on advanced networks class.

**BMIS 335  Network Security**  3 hours  
**Prerequisite:** BMIS 330; minimum grade of “C”  
A study of the control of unwanted intrusions into, use of, or damage to a business’ computer network. This course will cover elements that prevent unwanted activities in an efficient and cost effective manner. This study will start with a focus on the business challenges and threats network professionals face in their day to day operations. It explores the nature and intent of hackers and defines preventative measures such as Intrusion Detection Systems, firewalls, and virtual private networks.

**BMIS 340/  Studies in Information Security**  3 hours  
**CSCI 340**  
This course introduces the basic issues and principles of information system security such as security policies, their mechanisms of implementation, means attackers use to circumvent these protections, and defenses against these attackers. (Formerly ISYS 340)

**BMIS 341  Information Security Planning**  3 hours  
**Prerequisite:** BMIS 335; minimum grade of “C”  
A comprehensive, end-to-end view of information security policies and frameworks from the raw organizational mechanics of building to the psychology of implementation. It presents an effective balance between technical knowledge and soft skills, and introduces many different concepts of information security in clear simple terms such as governance, regulator mandates, business drivers, legal considerations, and much more. With step-by-step examples and real-world exercises, this course is a must-have resource for students, security officers, auditors, and risk leaders looking to fully understand the process of implementing successful sets of security policies and frameworks.

**BMIS 342  Cyber Security**  3 hours  
**Prerequisite:** BMIS 341; minimum grade of “C”  
A comprehensive overview of the essential concepts students must know as they pursue careers in information systems security. Topics include a discussion of the new risks, threats, and vulnerabilities associated with the transformation to a digital world, including a look at how business, government, and individuals operate today. Additionally, information is included from the Official (ISC) 2 SSCP Certified Body of Knowledge and presents a high-level overview of each of the seven domains within the System Security Certified Practitioner certification.

**BMIS 351  System Analysis and Design**  3 hours  
**Prerequisite:** BMIS 325; minimum grade of “C” and senior status  
This practical course in information systems development will cover the concepts, skills, methodologies (RAD as well as SDLC), and tools essential for systems analysts to successfully develop information systems. The course will also introduce the student to the Oracle Designer CASE tools, which will be used to assist in the documentation of the analysis and design phases. The course will include a significant amount of team-based activities, therefore issues associated with team interactions and processes will be discussed. (Formerly ISYS and CMIS 351)
BMIS 375 / ENGS 375
Introduction to Human-Computer Interaction 3 hours
Prerequisite: CSCI 215 or BMIS 312; minimum grade of “C”
Study and application of the design and evaluation of effective user interactive computer software, including user-centered design principles, guidelines and evaluation for designing a software product. Research-based project required.

BMIS 405
Business and Economic Forecasting 3 hours
Prerequisites: BMIS 310, BMIS 325 or CSCI 325; minimum grade of “C”
Provides students with thorough knowledge of current methodologies and best practices for developing database driven dynamic websites including database and client side programming. (Formerly ISYS 410)

BMIS 425
Advanced Database Concepts 3 hours
Prerequisite: BMIS 325; minimum grade of “C”
This course will present an in-depth study of Structured Query Language (SQL) and object manipulation in an RDBMS. New models of database organization will be explored as well as advanced features of traditional RDBMS engines (replication, jobs, stored procedures, etc.). Provides students with knowledge of software that connects applications with data and manages distributed database configurations. Provides optimization techniques for data storage and retrieval. The course introduces cloud computing and data storage in virtual environments. Database security will also be examined. (Formerly ISYS 410)

BMIS 430
Advanced Networking and Communication Systems 3 hours
Prerequisite: BMIS 330 or CSCI 355; minimum grade of “C”
This course focuses on routed data networks and the implementation of previously learned business data communications and switched networks concepts, principles and strategies to build a complete data communications network. This course is an in-depth study of technologies and equipment in modern communication networks. The TCP/IP stack and Cisco (or comparable) networking equipment are used to explore methodologies for designing, configuring, and maintaining communication networks. (Formerly ISYS and CMIS 430)

BMIS 440
Digital Forensics 3 hours
Prerequisite: BMIS 342; minimum grade of “C”
Students are introduced to the concept of computer crimes and the need for forensics specialists (people who know how to find and follow the evidence). System Forensics, Investigation, and Response begins by examining the fundamentals of system forensics, the role of computer forensics specialists, computer forensic evidence, and application of forensic analysis skills. It also gives an overview of computer crimes, forensic methods, and laboratories. It then addresses the tools, techniques, and methods used to perform computer forensics and investigation. Finally, it explores emerging technologies as well as future directions of this interesting and cutting-edge field.

BMIS 460
IS Project Management 3 hours
Prerequisites: BMIS 351 and ECON 214 with a minimum grade of “C”
Capstone course for MIS majors. Develops skills in managing the project development cycle in an organization. Topics include systems engineering, cost analysis, risk management, and managing the socio-technological elements of a project. (Formerly ISYS and CMIS 460)

BMIS 470
Executive Perspectives on E-Commerce Technology 3 hours
Prerequisites: BMIS 310, 351; minimum grade of “C”
The capstone course for the Web Technology and Design degree. The course synthesizes material presented in previous courses highlighting the challenge of communication electronic commerce technology issues to non-technically oriented executives. Specific topics will include: models of web business strategy; and non-business web applications in government and education. (Formerly ISYS 470)

BUSI 101
Introduction to Business 3 hours
The student will study all of the major aspects of operating a modern business. Emphasis is given to business practice for both small business and large corporate enterprises.

BUSI 291
Intermediate Business Computer Applications 3 hours
Prerequisite: INFT 110 or equivalent
This laboratory experience offers the student a hands-on introduction to an electronic spreadsheet, a database program, and a presentation program. Upon this foundation, intermediate database and intermediate and advanced spreadsheet skills are taught. Throughout the course, there is an emphasis on the integration of the applications as they are applied to personal and organizational tasks. This course provides the IT foundations that are applicable for all curriculums. (Formerly ISYS/CMIS 201)

BUSI 297
Seminar 1 to 3 hours
Elective course covering various basic areas common to most businesses and organizations. May be repeated when topics differ. Open to all students; pass/fail graded.

BUSI 299
Internship 0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
Directed applicable work experience under supervision of the Director of Business Internships and a business manager/professional in the student’s area of interest. Application processed through the Career Center. Must apply semester prior to internship.

BUSI 300
Business Communications 3 hours
Prerequisites: ENGL 102
Essential to all business professionals is a sound understanding of the theories and practice of organizational communication. This dynamic course presents the fundamentals of written, verbal, nonverbal, and technological communication.

COURSES OF INSTRUCTION – RESIDENT PROGRAMS

BUSI 411  Operations Management  3 hours  
Prerequisites: BUSI 201, BUSI 310, and MATH 201  
A study of the challenges and opportunities facing managers of the operational functions of business, the value added areas where resources are transformed into goods and services. The wide ranging implications and applications of the concept of employee/team driven, customer-centered continuous improvement will be examined, as well as Total Quality Management principles. The study of operations management will involve some complexity as various quantitative management tools are examined and applied.

BUSI 412  Moral Business Leadership  3 hours  
Origins and Outcomes  
Prerequisite: BUSI 310 or consent of the instructor  
An examination of the general field of administration with emphasis given to the synthesis of management, business, and ethical/moral practices throughout history. This broad-ranging course reviews the historical development of administrative theory and how contemporaneous thinking on moral practice, especially Christianity, has shaped economic life in the past and how it can continue to do so in our emerging global society.

BUSI 413  Foundations of Project Management  3 hours  
Prerequisite: BUSI 411  
This course introduces the student to the field of modern project management and the fundamental processes of initiating, planning, executing, monitoring, controlling and closing projects. Students will learn the inputs and outputs and the tools and techniques of: defining the project, estimating project times and costs, developing project plans, managing risk, scheduling resources and their costs, reducing project duration, progress and performance measurement and evaluation and project closure.

BUSI 414  Project Management I  3 hours  
Prerequisite: BUSI 413  
This course provides focused instruction in the first five (of nine) project management competencies as delineated in the Project Management Institute’s Body of Knowledge (PMBOK): Project Integration Management, Project Scope Management, Project Time Management, Project Cost Management, and Project Quality Management. Students will apply processes to ensure project coordination, plan development processes, project plan execution processes and integrated change control processes.

BUSI 415  Project Management II  3 hours  
Prerequisite: BUSI 414  
This course provides focused instruction in the final four (of nine) project management competencies as delineated in the Project Management Institute’s Body of Knowledge (PMBOK): Project Human Resource Management, Project Communications Management, Project Risk Management, and Project Procurement Management. The course will provide students with processes to review organizational and human resource structures to develop and manage project teams; identify, analyze, plan for and respond to project risk; identify and acquire goods and services to implement and complete project plans; and, identify stakeholders, plan communications, and distribute information.

BUSI 416  Leading Global Projects  3 hours  
Prerequisite: BUSI 415  
This course provides instruction in global project management with emphasis on the integration of the interconnected themes of strategic project management, cross-cultural effectiveness, and project leadership.

BUSI 420  Investments  3 hours  
Prerequisites: BUSI 320 or consent of instructor  
A survey of corporate securities, financial securities, security markets, investment and portfolio analysis and administration. Investment companies, commodity markets and the stock exchange are also examined.

BUSI 421  Insurance Planning/Risk Management  3 hours  
/Employee Benefits  
This course will enable the student to design an employee benefit plan that encompasses the client’s stated goals and objectives while keeping the plan in compliance with federal regulations.

BUSI 422  Real Estate  3 hours  
Prerequisites: BUSI 301 and 320, or consent of instructor  
An overview of real estate brokerage, property rights, transfer mechanisms and documents, property evaluation, finance, investments, and property management.

BUSI 430  Promotion Strategy  3 hours  
Prerequisite: BUSI 331  
This course is open to students who desire to understand the function of Promotion within a company’s Integrated Marketing Communications (IMC) plan. Emphasis is on planning, creating, and evaluating advertising, sales promotion, and publicity strategies to communicate most effectively across the optimum blend of media channels.

BUSI 431  Sales Management and Professional Selling  3 hours  
Prerequisites: BUSI 331 and senior status  
Advanced study of the role and responsibilities of marketing executives. Emphasis will include: analysis of marketing opportunities and problems; planning of objectives and strategies; development of organizational structure, policies, implementation, and control; and evaluation of marketing programs.

BUSI 433  Marketing Management  3 hours  
Prerequisites: Junior/Senior Status  
A practical study in the dynamics of establishing, funding, and managing a small new enterprise, or acquiring an existing business using case studies, practical exercises, and class instruction.

BUSI 436  Marketing in a Virtual World  3 hours  
Prerequisite: BUSI 330  
Students explore the principles required to successfully practice marketing in the virtual world of social media and electronic commerce between and among businesses and consumers.

BUSI 437  Global Marketing  3 hours  
Prerequisite: BUSI 330  
This course focuses on the basic theories, concepts, and practices of Marketing in a practical and unique way. This course will delve into: 1) The Culture Environment of Global Markets; 2) Assessing Global Opportunities; 3) Developing Global Marketing Strategies; and 4) Implementing Global Market Strategies.

BUSI 438  Marketing Brand Management  3 hours  
Prerequisites: BUSI 330 and 331  
The study of concepts and techniques of improving long-term profitability for businesses through effective brand strategies. The students will discover how to create, measure, and sustain brand equity in order to expand business opportunities.

BUSI 440  Compensation Management  3 hours  
This course develops the philosophy and fundamental guiding principles for wages and salaries in business institutions. This comprehensive study of compensation management also includes job analysis, administrative job evaluation, basis compensation plans, executive compensation and administrative controls.

Prerequisites: BWWV 101, 102
This course is an in-depth analysis of some of the predominant contemporary issues facing culture and the church. This course will focus upon the application of the biblical worldview to these select issues. Students will consider and discuss potential culturally-engaging solutions to solve various social problems arising from these issues. This focus will also be carried out in a required experiential “service learning” community project. (Formerly GNED 301)

CARPENTRY

CARP 101 Foundations in Carpentry 4 hours
Co/Prerequisite: CRFT 101
Foundations in Carpentry is a practical course combining lecture and hands-on instruction. Topics addressed include: Orientation to the Trade; Building Materials, Fasteners, and Adhesives; Hand and Power Tools; Reading Plans and Elevations; Floor Systems; Wall and Ceiling Framing; Roof Framing; Introduction to Concrete, Reinforcing Materials and Forms; Windows and Exterior Doors; Basic Stair Layout.

CARP 201 Intermediate Carpentry 4 hours
Prerequisite: CARP 101
Intermediate Carpentry is a practical course combining lecture and hands-on instruction. Topics Include: Commercial Drawings; Roofing Applications; Thermal and Moisture Protection; Exterior Finishing; Cold-Formed Steel Framing; Drywall Installation; Drywall Finishing; Doors and Door Hardware; Suspended Ceilings; Window, Door, Floor and Ceiling Trim; Cabinet Installation; Cabinet Fabrication.

CARP 301 Advanced Carpentry 4 hours
Prerequisite: CARP 201
Advanced Carpentry is a practical course combining lecture and hands-on instruction. Topics include: Rigging Equipment; Rigging Practices; Properties of Concrete; Reinforcing Concrete; Handling and Placing Concrete; Trenching and Excavating; Foundations and Slab-on-Grade; Vertical Framework; Horizontal Framework; Tilt-Up Wall Panels.

CARP 401 Special Topics in Carpentry 4 hours
Prerequisite: CARP 301
Special Topics in Carpentry is a practical course combining lecture and hands-on instruction. Topics Include: Site Layout One-Distance Measurement and Leveling; Site Layout Two-Angular Measurement; Advanced Roof Systems; Advanced Wall Systems; Advanced Stair Systems; Introduction to Light Equipment; Welding; Commercial Finish Work; Site Preparation; Introductory Skills for the Crew Leader.

CONVERSATIONAL ENGLISH

CESL 101 Conversational English I 3 hours
An introductory course designed to develop practical conversational English skills. Intended for students with previous basic English training and/or experience, at least in reading and writing.

CESL 102 Conversational English II 3 hours
Prerequisite: CESL 101
An intermediate course to further the objectives of CESL 101 by expanding students’ practical conversational skills.

CESL 103 Conversational English III 3 hours
Prerequisite: CESL 102
An advanced course and a continuation of Conversational English 101 and 102, with an increased focus on grammar and vocabulary supporting practical and advanced conversational skills. (Implementation: Spring 2013)

CONVERSATIONAL GERMAN

CGRM 101 Conversational German I 3 hours
This is an introductory course designed to develop practical conversational German skills. Intended for students with no previous German training and/or experience.

CGRM 102 Conversational German II 3 hours
Prerequisite: CGRM 101
This course will further the objectives of CGRM 101 by expanding students’ practical conversational skills.

CGRM 103 Conversational German III 3 hours

This course will further the objectives of Conversational German 101 and 102, with an increased focus on grammar and vocabulary supporting practical conversational skills. (Implementation: Spring 2013)

CHEMISTRY

CHEM 105 Elements of General Chemistry 4 hours
(3 hours lecture; 2 hours lab)
Prerequisite: An intermediate level algebra course
A study of the basic areas of general chemistry at an introductory level for the non-science major, including atomic and molecular structure; bonding, stoichiometry; and acids, bases and salts.

CHEM 107 Essentials of General and Organic Chemistry 4 hours
(3 hours lecture; 2 hours lab)
Prerequisite or Co-requisite: MATH 110 or MATH 201 with a minimum grade of “C”; or MATH SAT Score of 550, MATH ACT Score of 20
A study of the basics of general and organic chemistry at an introductory level, including atomic structure, bonding, acids and bases, organic functional groups and selected organic reactions.

CHEM 121 General Chemistry I 4 hours
(3 hours lecture, 2 hours lab)
Prerequisites or Co-requisite: MATH 121 or 126, or 131, or 132
A study of the foundations of chemistry including: stoichiometry; atomic structure; chemical periodicity; covalent and ionic bonding; inorganic nomenclature; chemical reactions including aqueous precipitation, acid-base, and redox; basic thermodynamics in physical and chemical matter changes; electronic structure; molecular structure and polarity; gas laws.

CHEM 122 General Chemistry II 4 hours
(3 hours lecture; 2 hours lab)
Prerequisite: CHEM 121
A study of chemical topics including: behavior and properties of liquids, colligative properties of solutions; and properties of solids; kinetics; equilibrium; acids, bases, and other aqueous equilibria; entropy and free energy in chemical reactions; electrochemistry; nuclear chemistry; introductory organic and biochemistry.

CHEM 301 Organic Chemistry I 4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: CHEM 121 and 122
A study of alkanes, alkenes, and alkynes, including nomenclature; optical activity; stereochemistry; substitution and elimination reactions; and ring systems.

Prerequisites: Junior status and ENGL 101
A study of the historical development and present status of U.S. Communication law and FCC regulations as well as contemporary codes of media ethics.

COMS 485 Investigative Reporting 3 hours
(Offered spring semester)
Prerequisites: COMS 110, 220, 234, and 354
An in-depth study of research, story development, interview techniques and writing for investigative stories in mass media. Critical thinking and analysis will be developed as students review court documents and interview witnesses of cases and seek to evaluate the evidence. Research will be developed into a news story.

COMS 486 Media Bias 3 hours
An examination of manipulation and bias in mainstream American media. This course provides students with the New Media exposure necessary to combat the social engineering of mainstream journalism, thereby contributing to a more vibrant and balanced national dialogue.

COMS 488 Survey of Media Business Practices 3 hours
(Offered spring semester)
Prerequisite: Senior status
This course is designed to give the student an understanding of the many tasks and duties involved in a media production or delivery business. This will be accomplished via lectures, discussion, individual case study assignments, and, if possible, guest lecturers.

COMS 489 Communication Campaigns 3 hours
Prerequisites: COMS 110, 220, 234, 307, and either 346 and 356, or 357 and 367; ARTS 222, 340, or permission from the instructor.
An in-depth study of the research, planning, development and message creation for complete multi-media communications campaigns, integrating all marketing promotion techniques including advertising, public relations, direct marketing and sales promotions.

COMS 490 Crisis Communication 3 hours
Prerequisite: Senior status
This course will examine modern crisis communication, and provide the students with exposure to and practice in organizational communication, gathering information and providing analysis, and oral and written communication skills, essential for handling crisis situations.

COMS 495 Directed Research 1-3 hours
Prerequisite: As determined by the instructor

COMS 496 Workshop in Communication 1-3 hours
Prerequisite: As determined by the instructor

COMS 497 Special Topics in Communication Studies 3 hours
Topics of special interest not included in the regular department offerings. May be taken more than once, but no topic may be repeated.

COMS 498 Senior Portfolio 3 hours
Prerequisites: Senior status and permission of instructor
An intensive individual research or production project in which the graduating senior can best showcase his or her competence in the field of electronic media.
COURSSES OF INSTRUCTION – RESIDENT PROGRAMS

COMS 499  Internship  1-6 hours
Prerequisites: Junior or Senior status and required GPA; not more than one (1) CSER behind.
Completion of a minimum of 24 hours of Communication Studies courses other than COMS 101. Written application must be approved during the previous semester. The course is not intended to be duplicated for additional credit. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

CRAFT SKILLS
CRFT 101  Introduction to Craft Skills  3 hours
Introduction to Craft Skills serves as the orientation and foundation for each technical studies specialization. Topics addressed include introductions to: Safety, Construction Math, Hand Tools, Power Tools, Construction Drawings, Communication Skills, Employability Skills and Materials Handling. This course serves as a prerequisite and can be taken concurrently with all technical studies foundation courses.

CREATION STUDIES
CRST 290  History of Life  2 or 3 hours
Prerequisite: A college science course
An interdisciplinary study of the origin and history of life in the universe. Faculty of the Center for Creation Studies will draw from science, religion, history, and philosophy in presenting the evidence and arguments for creation and evolution. This course is required for all Liberty students. The online course is 3 semester hours credit.

CRST 390  Origins  3 hours
Prerequisite: BIOL 200 or CRST 290 or permission of the instructor
An in-depth study of the biblical and scientific views of the origin of the universe, life and man. Evidence and arguments for creation and evolution will be discussed. This course is designed for students with a strong science background or a very strong interest in the origins controversy.

COMPUTER SCIENCE
CSCI 110  Computing Foundations and Ethics  3 hours
Prerequisite: MATH 121 (with a “C” or better) or placement via SAT MATH 570 or ACT MATH 25
A breadth-first introduction to the computing disciplines, with an emphasis on computer ethics and how computing technology impacts the world. Topics include: computing history; discrete mathematics; computer architecture and organization; algorithm design; languages; compilers; operating systems; applications; networks; databases; intellectual property; privacy; free speech; social consequences; computer crime; and codes of conduct.

CSCI 111  Introduction to Programming  3 hours
Prerequisite: CSCI 110/ENGR 110, minimum grade of “C”;
CSCI 110/ENGR 110 can be taken concurrently with CSCI 111
Introduction to structured programming and algorithms with an object-oriented language. Topics include input/ output, flow of control, functions, and an introduction to software engineering. Programming assignments are required.

CSCI 112  Advanced Programming  3 hours
Prerequisite: CSCI 111 with a minimum grade of “C”
Continuation of CSCI 111. Further development of discipline in program design, especially for larger programs. Introduction of pointers, simple data structures, recursion, internal sort/search methods. Programming assignments are required.

CSCI 215  Algorithms and Data Structures  3 hours
Prerequisites: CSCI 112 (minimum grade of “C”) and MATH 250 (minimum grade of “C”)
Study of data structures such as linked lists, stacks, queues, trees, and graphs. Algorithms for manipulating such structures will be introduced and analyzed. Static and dynamic memory allocation. Access methods for sorting/searching, such as hashing and tree searching.

CSCI 244  Assembly Language  3 hours
Prerequisite: Knowledge of one high-level language or CSCI 111 with a minimum grade of “C”
A detailed development of the tools and techniques of assembly language on a particular computing system. Several programming assignments are required.

CSCI 299  Internship  0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
Application procedures processed through the Career Center. Must apply semester prior to internship.

CSCI 325  Database Management Systems  3 hours
Prerequisites: CSCI 215 with a minimum grade of “C”;
MATH 250 and MATH 211 (can be concurrent)
The study of database management systems, database architecture, design, queries, applications, administration and implementation. The course will focus on data normalization, SQL (queries), and the use of relational technology for building database applications. Projects will be assigned to provide hands-on experience with the SQL language and relational database management software packages. (Formerly CSCI 424).

CSCI 340  Studies in Information Security  3 hours
BMIS 340
This course introduces the basic issues and principles of information system security such as security policies, their mechanisms of implementation, means attackers use to circumvent these protections, and defenses against these attackers.

CSCI 342  Computer Architecture and Organization  3 hours
Prerequisite: CSCI 215 with minimum grade of “C” and
MATH 250
Introduction to architecture and organization of computer systems. Data and instruction representations. Arithmetic and logical operations. Processor and memory implementations.

CSCI 345  Introduction to Unix  3 hours
Prerequisite: CSCI 112 or BMIS 212 with a minimum grade of “C”
This course introduces students to the usage and administration of the UNIX Operating System. The course will emphasize end-user tools and commands for basic file manipulation, editing, compilation and debugging, as well as special features of the UNIX shell environment. Basic system administration will also be covered. Students will learn through a combination of traditional lectures, hands-on laboratory sessions, and individual assignments.

CSCI 355  Computer Network Architecture and Programming  3 hours
Prerequisite: CSCI 215 with a minimum grade of “C”
A study of how computer networks and internets operate. Investigates networking from the level of data transmission and wiring through the level of application software that provides networking functionality. Topics include: data and packet transmission, LANs and WANs, and internet concepts, including architecture, protocol layering, and application software.

CSCI 375  Introduction to Human Computer Interaction  3 hours
Prerequisite: CSCI 215 or BMIS 312; minimum grade of “C”
Study and application of the design and evaluation of effective user interactive computer software, including user-centered design principles, guidelines and evaluation for designing a software product. Research-based project required. (Formerly ENGS 375).
CSCI 434  **Theory of Programming Languages**  3 hours  
Prerequisites: CSCI 215 (Minimum grade of “C”) and MATH 350 (Minimum grade of “C”)  
A theoretical study of programming languages. Introduction to grammars and parsers. Language design issues and practical applications.

CSCI 443  **Operating Systems**  3 hours  
Prerequisites: CSCI 342 with a minimum grade of “C”  

CSCI 465  **Technical Aspects of Information Security**  3 hours  
Prerequisites: CSCI 355 with minimum grade of “C”  
This course introduces the following issues and principles of information system security: security policies and their mechanisms of implementation, methods used by attackers attempting to circumvent these protections, and specific defenses against these attackers.

CSCI 466  **Modern Cryptography**  3 hours  
Prerequisites: CSCI 215 (Minimum grade of “C”) and MATH 350 (Minimum grade of “C”)  
Study of modern cryptographic techniques. Covers basic cryptographic concepts, including symmetric key, public key, hash functions, digital signatures, and message authentication codes.

CSCI 481  **Software Engineering**  3 hours  
Prerequisites: CSCI 215 with a minimum grade of “C” and Senior Status  
Study of the software development process. Topics include: phases of a software project; life-cycle models; metrics; tools; and ethical and professional issues. Participation on team projects is integral. (Formerly CSCI 415)

CSCI 482  **Applied Software Engineering**  3 hours  
Prerequisite: CSCI 481 with a minimum grade of “C”  
A hands-on experience that requires students to apply the skills and knowledge gained throughout the Computer Science program. A team solution of a real-world project is required.

CSCI 495  **Directed Research**  1 to 3 hours  
Prerequisite: CSCI 215 with a minimum grade of “C” and permission of instructor  
Study of advanced topics in computer science on an individual basis. Periodic meetings with instructor.

CSCI 497  **Special Topics in Computer Science**  3 hours  
(Offered on demand)  
Prerequisite: CSCI 215 with a minimum grade of “C” and permission of instructor  
Selected topics in various areas of computer science. May be repeated for credit when topic varies.

CSCI 499  **Computer Science Internship**  1 to 6 hours  
Prerequisites: Junior status, required GPA and permission of Faculty Intern Advisor.  
Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

### CONVERSATIONAL SPANISH

CSPA 101  **Conversational Spanish I**  3 hours  
An introductory course designed to develop practical conversational Spanish skills. Intended for students with no previous Spanish training and/or experience.

CSPA 102  **Conversational Spanish II**  3 hours  
Prerequisite: CSPA 101  
This course will further the objectives of CSPA 101 by expanding students’ practical conversational skills.

CSPA 103  **Conversational Spanish III**  3 hours  
Prerequisite: CSPA 102  
This course is a continuation of Conversational Spanish I and II, with an increased focus on grammar and vocabulary supporting practical conversational skills. (Implementation: Spring 2013)

### ECONOMICS

ECON 110  **Survey of Economics**  3 hours  
A survey of general economic principles and concepts for non-business majors. Presents an overview of theories and applications in microeconomics and macroeconomics. Market economic system is introduced and comparison with other economic systems are provided.

ECON 213  **Principles of Microeconomics**  3 hours  
Free market thought will be evaluated from the Christian perspective. The supply and demand model is used to analyze microeconomic issues including market structures, government regulations, labor market, financial market, and international trade.

ECON 214  **Principles of Macroeconomics**  3 hours  
The aggregate supply and demand model is used to analyze macroeconomic problems including business cycles, unemployment, and inflation. Government fiscal and monetary policies that may stabilize the economy are introduced and evaluated. The U.S. financial system and the value of U.S. dollar in the foreign exchange market are covered.

ECON 495  **Directed Research**  1 to 3 hours
ECON 497  **Special Topics in Economics**  1 to 3 hours

### SPECIAL EDUCATION

EDSP 323  **Current Trends in Special Education**  2 hours  
Prerequisites: EDUC 220 or PSYC 345; to be taken concurrently with EDSP 324 or 325  
This course is designed to expose teacher candidates to a variety of special education related topics including: legal/ethical issues, documentation procedures, development of Individual Education Plan (IEP), models of service delivery, and collaboration. (Formerly EDSP 423)

EDSP 324  **Current Trends in Special Education Practicum**  1 hour  
Prerequisites: EDUC 220 or PSYC 345; to be taken concurrently with EDSP 323  
Field experience to be completed in special education classroom setting. (Formerly EDSP 424)

EDSP 325  **Current Trends: Community Practicum**  1 hour  
Prerequisites: EDUC 220 or PSYC 345; to be taken concurrently with EDSP 323  
Field experience to be completed in special education community setting. (Formerly EDSP 425)

EDSP 363  **Collaboration in Special Education**  2 hours  
Prerequisites: EDUC 220 or PSYC 345; EDSP 323 (can be taken concurrently) to be taken concurrently with EDSP364 or 365  
This course will prepare special educators for planning with general educators for determining strategies that promote successful integration of children with disabilities into the general classroom.

EDSP 364  **Collaboration in Special Education Practicum**  1 hour  
Prerequisites: EDUC 220 or PSYC 345; EDSP 323 (can be taken concurrently) to be taken concurrently with EDSP 363  
Field experience to be completed in classroom setting of students with learning disabilities and emotional disorders.
EDSP 365 Collaboration in Special Education 1 hour Community Practicum
Prerequisites: EDUC 220 or PSYC 345; EDSP 323 (can be taken concurrently); to be taken concurrently with EDSP 363
Field experience to be completed in special education community setting of individuals with learning disabilities and emotional disorders.

EDSP 413 Inclusive Classrooms 2 hours
Prerequisites: PSYC 345 or EDUC 225; EDSP 323; to be taken concurrently with EDSP 414 or 415
Teacher candidates will apply intervention strategies for adapting curriculum materials and methods to fit individual needs in various school settings. Focus will be on differentiating instruction for students with mild and moderate disabilities.

EDSP 414 Inclusive Classrooms Practicum 1 hour
Prerequisites: PSYC 345 or EDUC 225; EDSP 323; to be taken concurrently with EDSP 413
Field experience to be completed in special education classroom setting.

EDSP 415 Inclusive Classrooms Community Practicum 1 hour
Prerequisites: PSYC 345; EDUC 225; EDSP 323; to be taken concurrently with EDSP 413
Field experience to be completed in special education community setting.

EDSP 473 Transition Planning 2 hours
Prerequisites: PSYC 345 or EDUC 225; EDSP 323; to be taken concurrently with EDSP 474 or 475
This course prepares special educators to work with families to provide successful student transitions throughout the educational experience focusing on educational issues, independent living preparation, community living skills and vocational preparation. Current methods and tools will be covered. (Formerly EDSP 373)

EDSP 474 Transition Planning Practicum 1 hour
Prerequisites: PSYC 345 or EDUC 225; EDSP 323; to be taken concurrently with EDSP 473
Field experience to be completed in classroom setting of students with mental retardation (MR). There will be an examination of IEP development for individuals who are MR. (Formerly EDSP 374)

EDSP 475 Transition Planning Community Practicum 1 hour
Prerequisites: PSYC 345; EDUC 225; EDSP 323; to be taken concurrently with EDSP 473
Field experience to be completed in a special education community setting. (Formerly EDSP 375)

EDSP 495 Directed Research in Special Education 1 to 3 hours

EDSP 497 Topics in Special Education 1 to 3 hours

EDUCATION

EDUC 125 Introduction to Education 1 hour
The teacher candidate will be acquainted with the role of public and private education and the nature of the teaching profession. Attention will be given to current developments in the field of education and the terminology basic to those in the profession. Each teacher candidate will be required to prepare for structured observations in the school setting. Students will apply to the Teacher Licensure Program.

EDUC 220 Differentiated Teaching and Learning (Elementary) 2 hours
Prerequisites: EDUC 125 (may be taken concurrently)
Designed to train teacher candidates concentrating in elementary or special education in differentiated teaching and learning strategies, aiding the teacher in adapting instruction and assignments to meet individual needs. Emphasis is on the mastery of teaching and learning skills in thinking, organizing for study, time management, reading rate and comprehension, textbook mastery/readability, listening, note taking, retention, motivation for study, learning styles, exceptionality, class discussion, test taking, and handwriting.

EDUC 221 Content Area Reading and Differentiated Teaching and Learning (Secondary) 2 hours
Prerequisites: EDUC 125 (may be taken concurrently)
This course is designed to prepare teacher candidates training for secondary level teaching in developing differentiated teaching and learning strategies for the reading, thinking, and study skills required in secondary subject areas. Aids the teacher in adapting instruction and assignments to meet individual needs. Emphasis is on mastery of teaching and learning skills in thinking, organizing for study, time management, reading comprehension and rate, textbook mastery/readability, listening, note taking, retention, motivation for study, class discussion, test taking, learning styles, exceptionality, and handwriting.

EDUC 225 Instructional Design: Elementary 1 hour
Prerequisites: EDUC 125, 220 or 221*, admission to Teacher Licensure Program. (*may be taken concurrently)
A systematic approach to instruction for diverse classrooms including purpose, process and practice. Each teacher candidate will prepare lessons which follow the Liberty University model. Teacher candidates will be expected to present these lessons in the practicum. Topics include elements of the desired model: objectives, instructional process, systems of evaluation, and resources.

EDUC 226 Instructional Design Practicum: Elementary 2 hours
Prerequisite: To be taken concurrently with EDUC 225
Teacher candidates will demonstrate proficiency in planning, implementing and evaluating instruction for diverse classrooms, which includes appropriate instructional technology (for example: computers, graphics, and other media). Video micro-teaching will be used to assist in evaluating lessons prepared and presented by the teacher candidate.

EDUC 235 Instructional Design: Secondary 1 hour
Prerequisites: EDUC 125*, 220 or 221*, admission to Teacher Licensure Program. (*may be taken concurrently)
A systematic approach to instruction for diverse classrooms, including purpose, process and practice. Each teacher candidate will prepare lessons which follow the Liberty University model. Teacher candidates will be expected to present these lessons in the practicum. Topics include elements of the desired model: objectives, instructional process, systems of evaluation and resources. Field experience required.

EDUC 236 Instructional Design Practicum: Secondary 2 hours
Prerequisite: Admission to Teacher Licensure Program; to be taken concurrently with EDUC 235
Teacher candidates will demonstrate proficiency in planning, implementing and evaluating instruction for diverse classrooms, which includes appropriate instructional technology (for example: computers, graphics, and other media). Video micro-teaching will be used to assist in evaluating lessons prepared and presented by the teacher candidate. Field experience required.

EDUC 240 Introduction to Applied Educational Technology Practicum 2 hours
Prerequisites: Must be taken concurrently or after with EDUC 225, 235 or KINE 245
This course is designed to allow the teacher candidate to be competent in the application of learning technologies needed for teachers.
EDUC 299 Internship 0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
Professional-supervised experience in first-hand internship opportunities. Application procedures processed through the Career Center. Must apply semester prior to internship.
EDUC 317 Elementary Reading and Language Arts Practicum 2 hours
Prerequisite: EDUC 225/226, admission to Teacher Licensure Program; to be taken concurrently with EDUC 318/319
Students are required to prepare a lesson, teach the lesson in an elementary classroom setting and evaluate the experience. Field experience required.
EDUC 318 Teaching Elementary Reading 2 hours
Prerequisites: EDUC 225/226, admission to Teacher Licensure Program; to be taken concurrently with EDUC 317/319.
A survey of instructional approaches, materials and media for the teaching of reading in the elementary grades. Emphasis will be placed on phonics methods. Attention will be given to phonemic awareness, phonics, fluency, vocabulary development, and comprehension.
EDUC 319 Teaching Elementary Language Arts 2 hours
Prerequisites: EDUC 225/226, admission to Teacher Licensure Program; to be taken concurrently with EDUC 317/318.
A survey of instructional approaches, materials and media for the teaching of language arts in the elementary grades, including writing, speaking, and listening. Attention will be given to the connection of language arts to reading, as well as language acquisition, language differences, and creativity and enjoyment in communication. Emphasis will be given to developing differentiated instructional practices for diverse learners in the language arts classroom.
EDUC 322 Teaching Elementary Social Sciences 2 hours
Prerequisites: EDUC 317, 318, 319; 6 hours of social science credit in general education requirement; admission to Teacher Licensure Program.
An analysis of trends and practices of teaching social sciences in the elementary school. Emphasis will be made on how to transfer theory into practice through the development of instructional planning for the integrated study of history, geography, the social sciences, and other related areas appropriate for the elementary classroom. A unit is developed to enhance differentiation of instruction for diverse learners.
EDUC 323 Teaching Elementary Mathematics 2 hours
Prerequisites: EDUC 317, 318, 319; MATH 117 and 217, or MATH 131 and 132; admission to Teacher Licensure Program.
An analysis of trends and practices of teaching mathematics in the elementary school. Emphasis will be made on how to transfer theory into practice through the development of instructional planning for the integrated study of major concepts, procedures, and reasoning processes of mathematics that define number systems and number sense, geometry, measurement, statistics and probability, and algebra and other related areas appropriate for the elementary classroom.
EDUC 324 Teaching Elementary Science 2 hours
Prerequisites: EDUC 317, 318, 319; BIOL 101/103 or 102/104; and PHSC 210 or PHYS 101/103; admission to Teacher Licensure Program.
An analysis of trends and practices of teaching science in the elementary school. Emphasis will be made on how to transfer theory into practice through the development of instructional planning for fundamental concepts in science – including physical, life, and earth and space sciences and other related areas appropriate for the elementary classroom.
EDUC 360 Foundations of Education 2 hours
Prerequisites: EDUC 220 or 221, 225/226 or 235/236 or KINE 245; admission to Teacher Licensure Program.
A comprehensive survey of the historical, philosophical, psychological, and sociological foundations of American education. Emphasis is placed upon the educational foundations as found in the Scriptures, and the applicability of these to both the Christian School Movement and the public school system. Students will be expected to articulate their personal philosophy of education as a result of this course.
EDUC 410 Elementary School Curriculum 2 hours
Prerequisite: EDUC 317, 318, 319, 323; to be taken concurrently with EDUC 411; admission to Teacher Licensure Program.
Recommendations are presented for curriculum for elementary grades based on major concepts, principles, theories and research related to child development to construct learning opportunities that support individual students’ development, acquisition of knowledge, and motivation. Planning and evaluating appropriate experiences and materials that nurture and challenge children as they progress through their stages of development are provided through practical activities. Current trends and how they affect the curriculum are also addressed.
EDUC 411 Elementary School Curriculum Practicum 1 hour
Prerequisite: EDUC 317, 318, 319, 323; to be taken concurrently with EDUC 410; admission to Teacher Licensure Program.
Candidates will participate in a field practicum to experience the relationship between the planning of curriculum and the implementation of instruction. Emphasis is given to integrating the fine arts and/or other non core areas into the curriculum and using the arts to enhance instruction within the core subject areas. Field experience required.
EDUC 412 Middle School Curriculum and Instruction 2 hours
( Offered fall semester only)
Prerequisite: Admission to Teacher Licensure Program. EDUC 317, 318, 319, 322, 323, 324
This course is a study of the historical development and philosophical base of the middle school. It will emphasize the unique characteristics of the emerging adolescent and the prescriptive school concepts that will meet those needs. Field experience required.
EDUC 415 Diagnostic Measurement and Evaluation 2 hours
Prerequisite: Admission to Teacher Licensure Program. EDUC 317, 318, 319, 323; to be taken concurrently with EDUC 416
A diagnostic-prescriptive approach to classroom teaching is presented in this course. The teacher candidate is trained in diagnostic testing techniques and procedures, the administration and interpretation of standardized tests, and the construction of classroom tests.
EDUC 416 Diagnostic Measurement and Evaluation Practicum 1 hour
Prerequisites: Admission to Teacher Licensure Program. EDUC 317, 318, 319, 323; To be taken concurrently with EDUC 415
Teacher candidates will be assigned to tutor elementary students in the Tutoring Club for individual diagnosis and appropriate instruction for diverse learners. Field experience required.
EDUC 419 Secondary Teaching Methods 2 hours
(Offered fall semester only)
Prerequisites: Admission to Teacher Licensure Program; EDUC 235/236
Secondary Teaching Methods is a generic course. Teacher candidates will be expected to meet competencies associated with effective teaching, especially teaching skills related to questioning.
EDUC 420 Secondary Teaching Methods Practicum 1 hour
(Offered fall semester only)
Prerequisite: Admission to Teacher Licensure Program;
EDUC 235/236; to be taken concurrently with EDUC 419
Teacher candidates will be required to prepare a unit, teach in a
secondary classroom setting, and evaluate the experience. Field
experience required.

EDUC 425 Secondary Measurement and Evaluation 3 hours
Prerequisite: Admission to Teacher Licensure Program;
EDUC 235/236
This course is designed to acquaint teacher candidates with the
basic principles and practices of student assessment through the use
of standardized tests and teacher-made tests. Simple statistical
treatments of both types of tests are included. Evaluation of
instructional objectives is also stressed.

EDUC 435 Secondary Curriculum Fundamentals 2 hours
Prerequisite: Admission to Teacher Licensure Program;
EDUC 235/236; to be taken concurrently with EDUC 436
Curriculum defines the motivation for programs and
instruction used in teaching. Secondary curriculum focuses on
those trends and principles which span academic areas and which
cross grade levels. Attention will be given to special and alternative
education to federal, state and local guidelines; and to the influence
of educational philosophies on programs and instruction.

EDUC 436 Secondary Curriculum Fundamentals Practicum 1 hour
Prerequisite: Admission to Teacher Licensure Program;
EDUC 235/236; to be taken concurrently with EDUC 435
Experiences in demonstrating and evaluating teaching episodes
including the use of appropriate materials and classroom
management. Field experience required.

EDUC 475 Seminar in Classroom Management 2 hours
Prerequisite: Admission to Student Teaching
Student teachers will apply principles of classroom management
from reading assignments and group discussion to actual practice in a
preK-12 classroom setting appropriate to the endorsement area of the
teacher candidate.

EDUC 476 Student Teaching I 5 hours
Prerequisite: Admission to Student Teaching
Student teaching offers practice in all phases of teacher
responsibility including teaching activities in a preK-12 classroom
setting appropriate to the endorsement area of the teacher candidate.

EDUC 477 Student Teaching II 5 hours
Prerequisite: Admission to Student Teaching
A continuation of student teaching in a preK-12 classroom
setting appropriate to the endorsement area of the teacher candidate.

EDUC 495 Directed Research 1 to 3 hours
To be planned (with the instructor) on an individual basis to
include research, special activities, and conferences. May be
repeated for credit to a maximum of 3 semester hours.

EDUC 497 Special Topics in Education 1 to 3 hours

ELECTRICAL

ELTC 101 Foundations of Electricity 4 hours
Co/Prerequisite: CRFT 101
Foundations of Electricity is a practical course combining
lecture and hands-on instruction. Topics include: Orientation to the
Electrical Trade; Electrical Safety; Introduction to Electrical Circuits;
Electrical Theory; Introduction to the National Electric Code; Device
Boxes; Hand Bending; Raceways and Fittings; Conductors and
Cables; Basic Electrical Construction Drawings; Residential
Electrical Services; Electrical Test Equipment.

ELTC 201 Intermediate Electricity 4 hours
Prerequisite: ELTC 101
Intermediate Electricity is a practical course combining lecture
and hands-on instruction. Topics include: Alternating Current;
Motors: Theory and Application; Electric Lighting; Conduit Bending;
Pull and Junction Boxes; Conductor Installations; Cable Tray;
Conductor Terminations and Splices; Grounding and Bonding;
Circuit Breakers and Fuses; Control Systems and Fundamental
Concepts.

ELTC 301 Advanced Electricity 4 hours
Prerequisite: ELTC 201
Advanced Electricity is a practical course combining lecture
and hands-on instruction. Topics include: Load Calculations-Branch and
Feeder Circuits; Conductor Selection and Calculations; Practical
Applications of Lighting; Hazardous Locations; Overcurrent
Protection; Distribution Equipment; Transformers; Commercial
Electrical Services; Motor Calculations; Voice, Data, and Video;
Motor Controls. Prerequisite: ELTC 201.

ELTC 401 Special Topics in Electricity 4 hours
Prerequisite: ELTC 301
Special Topics in Electricity is a practical course combining lecture
and hands-on instruction. Topics include: Load Calculations-Branch and
Feeder Circuits; Conductor Selection and Calculations; Practical
Applications of Lighting; Hazardous Locations; Overcurrent
Protection; Distribution Equipment; Transformers; Commercial
Electrical Services; Motor Calculations; Voice, Data, and Video;
Motor Controls. Prerequisite: ELTC 201.

Liberty University Undergraduate Catalog – 2012-2013 237
specialization area. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

**ELECTRICAL ENGINEERING**

**ENGE 201 Introduction to Logic Design** 3 hours
- Prerequisite: MATH 121 or MATH 128 (may be taken concurrently); minimum grade of “C”
  
  Introduction to combinational logic design, boolean algebra, logic minimization, and Karnaugh maps with an emphasis on applying topics presented to design of registers, counters and finite state machines using CPLD’s.

**ENGE 211 Introduction to Electrical Circuits** 4 hours
- Prerequisites: ENGR 110 and MATH 131; minimum grade of “C”
  
  Introduction to circuit elements. Topics include resistors, independent sources, capacitors, inductors, equivalent networks, and an introduction to basic techniques used in DC circuit analysis. Laboratory exercises will focus on building, measuring and calculating the response of DC circuits and transient analysis of R, L, and C components.

**ENGE 212 AC Circuit Analysis** 4 hours
- Prerequisites: ENGE 211 and MATH 132; minimum grade of “C”
  
  Introduction to AC analysis and phasors and the application of techniques from ENGE 211 to AC circuits. Topics include analysis of AC steady state circuits, magnetically coupled circuits, power, equivalent circuits, controlled sources and advanced circuit analysis.

**ENGE 299 Internship** 0 hours
- Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
  
  Placement in an electrical engineering or related organization for a controlled learning experience within the student’s career specialization area. Application procedures processed through the Career Center. Must apply semester prior to internship.

**ENGE 311 Signals and Systems** 3 hours
- Prerequisites: ENGE 212 and MATH 221; minimum grade of “C”
  
  Analysis techniques for system and signal modeling using numerical analysis software. Topics include introduction to convolution, Fourier series, Fourier transforms, Laplace transforms with application to determine system response, filters, sampling, linearity, time invariance and stability.

**ENGE 321 Electronics** 4 hours
- Prerequisite: ENGE 212; minimum grade of “C”
  
  Introduction to electronic devices including diodes, transistors and operational amplifiers and their applications in electrical circuits.

**ENGE 331 Electromagnetic Fields** 4 hours
- Prerequisites: ENGE 212 and MATH 334; minimum grade of “C”
  
  Fundamentals of electromagnetic theory and modern transmission systems. Maxwell’s equations are formulated and applied to electromagnetic problems including plane-wave propagation, reflection and transmission at discontinuous boundaries and basic transmission line theory.

**ENGE 341 Communications Systems** 3 hours
- Prerequisites: ENGE 321, ENGR 210 and MATH 231; minimum grade of “C”
  
  Analysis and design of communication systems and transmission of information over various medium. Topics include modulation, sampled signals, conversion (ADC and DAC), random processes and noise.

**ENGE 351 Power Systems** 3 hours
- Prerequisite: ENGE 321; minimum grade of “C”
  
  Basic concepts of AC systems. Topics include single-phase and three-phase networks, electric power generation, transformers, transmission lines, electric machinery and the use of power.

**ENGE 361 Computer Architecture** 3 hours
- Prerequisites: ENGE 321 and ENGE 201 and CSCI 111; minimum grade of “C”
  
  Introduction to architecture and organization of computer systems. Topics include data and instruction representation, arithmetic and logical operations, processor and memory implementations, memory hierarchy (cache, main memory and secondary memory), simple pipelines and hardware applications of OS functions.

**ENGE 421 Advanced Electronics** 3 hours
- Prerequisite: ENGE 321; minimum grade of “C”
  
  Application of advanced design methods used to achieve gain and bandwidth specifications in amplifiers. Topics include use of feedback techniques, and design specifications of operational amplifiers.

**ENGE 431 Electromagnetic Compatibility** 3 hours
- Prerequisite: ENGE 331; minimum grade of “C”
  
  Introduction to the Electromagnetic fields of passive components and Electromagnetic compatibility regulations and measurements. Topics include radiated signals, electromagnetic waves, transmission lines, conducted emissions, radiated emissions, electromagnetic shielding and grounding, and Electrostatic discharge. (Elective)

**ENGE 465 Introduction to Computer Networks** 3 hours
- Prerequisite: ENGE 341; minimum grade of “C”
  
  Emphasis is placed on network transport services and key protocols to include TCP, IP, and UDP. Topics include application of network design and implementation of robust performance based computer networks, and an introduction to wireless and mobile networks. (Elective)

**ENGE 495 Directed Research** 1–6 hours
- Prerequisites: Junior or Senior status and permission of the instructor
  
  Research-oriented project or an independently-completed course of study in a specially designed area as approved and supervised by the instructor. May be repeated for up to 6 credits or as approved by the department chair.

**ENGE 497 Special Topics in Electrical Engineering** 3 hours
- Prerequisite: Permission of instructor.
  
  Selected topics in various areas of Electrical Engineering. May be repeated for credit when topic varies.

**ENGE 499 Electrical Engineering Internship** 3 hours
- Prerequisites: Major in electrical engineering, permission of the instructor.
  
  Placement in an electrical engineering or related organization for a controlled learning experience within the student’s career specialization area. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

**INDUSTRIAL AND SYSTEMS ENGINEERING**

**ENGI 220 Engineering Economy** 3 hours
- Prerequisite: MATH 126 or 131; minimum grade of “C”
  
  Introduction to the principles of time value of money, analysis of investments, break-even concepts, risk analysis, alternatives analysis, tax implications, certainty and uncertainty.
ENGI 230 Production Systems 3 hours
Prerequisite: MATH 131; minimum grade of “C”
Introduction to manufacturing and production processes. Topics include production process as a human/machine system, planning, organizing, designing, and operating production systems.

ENGI 299 Internship 0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
Placement in a manufacturing plant, hospital, library, police department, or similar location, or related organization for a controlled learning experience within the student’s career specialization area. Application procedures processed through the Career Center. Must apply semester prior to internships.

ENGI 300 Enterprise Forecasting 3 hours
Prerequisites: MATH 121 and 201 or ENGR 210; minimum grade of “C”
Advanced forecasting and data modeling methods and techniques.

ENGI 305 Data Analysis Methods and Modeling 3 hours
Prerequisite: ENGI 300 or ENGR 210; minimum grade of “C”
Revealing business and economic patterns and information hidden in data by transforming data using algebraic and statistical methods.

ENGI 330 Facilities Design 3 hours
Prerequisite: ENGI 230; minimum grade of “C”
Introduction to the design, analysis and selection of manufacturing facilities and material handling equipment. Topics include integration of computer systems, material flow and storage, and economic implications.

ENGI 340 Introduction to Operations Research: Deterministic Models 3 hours
Prerequisites: ENGR 210 and *MATH 221; (*can be taken concurrently with Instructor approval)
Introduction to basic principles and application of deterministic analytical methods. Topics include linear programming, integer programming, dynamic programming and nonlinear optimization.

ENGI 350 Introduction to Operations Research: Probabilistic Models 3 hours
Prerequisite: ENGI 340; minimum grade of “C”
Introduction to decision-making modeling and analysis subject to randomness, uncertainty, and risk. Topics include stochastic dynamic programming, Markov chains, and queuing theory.

ENGI 360 Engineering Information Systems 3 hours
Prerequisite: ENGR 110 or CSCI 110; minimum grade of “C”
Introduction to information systems used in the analysis, design, and management of complex engineering projects. Topics include identifying potential data anomalies and methods for ameliorating these problems.

ENGI 420 Advanced Data Analysis Methods and Modeling 3 hours
Prerequisite: ENGI 305; minimum grade of “C”
The methods studied in the prerequisite courses are combined into hybrid models of business and enterprise that not only yield operational efficiencies but provide the information necessary for an enterprise to become and remain the leader in its field.

ENGI 430 Decision Analysis 3 hours
Prerequisite: ENGI 350; minimum grade of “C”
A first course in decision analysis that extends the domain of decision-making problems from those considered in traditional statistical hypothesis testing scenarios: modeling decisions, where the emphasis is on structuring decision problems using techniques such as influence diagrams and decision trees, modeling uncertainty, which covers subjective probability assessment, use of classical probability models, Bayesian analysis, and value of information, and modeling preferences, which introduces concepts of risk preference, expected utility, and multi-attribute value and utility models.

ENGL 100 Basic Composition 3 hours
Prerequisite: Writing score of 480 or ACT English score of 19
This course focuses on proficiency in grammar, paragraph development, writing basic essays, and the writing process in general. A minimum of three paragraphs and three essays will be required. English 100 does not meet the general education requirements in English but does offer three elective credits.

ENGL 101 Composition and Rhetoric 3 hours
Prerequisite: ENGL 100 (minimum grade of “C”) or SAT Writing score of 480 or ACT English score of 19
Through the critical engagement of a variety of texts, including written, oral, and visual, this course prepares students to become careful readers, critical thinkers, and skilled writers. Drawing upon rhetorical theory, it emphasizes the practices of analytical reading, informed reasoning, effective writing, and sound argumentation. The course requires 4,000 words of writing in no fewer than five writing projects, three of which are argumentative essays incorporating external sources.

ENGL 102 Composition and Literature 3 hours
Prerequisite: ENGL 101
Continues the emphasis on writing. Two analytical papers—based upon studies of the short story, poetry and drama—and a literary research paper, sequentially developed, are required.

</tbody>
</table>
ENGL 403  Milton  3 hours
A study of Milton’s poetry and major prose with attention also given to the related historical and biographical contexts and to the major 20th century critical statements. Research paper required.

ENGL 405  Literature of the Bible  3 hours
An examination of the literature and literary theory of the English Bible, based upon analysis and explication of selected passages. Special consideration is given to such topics as literal meaning, metaphor as meaning, and the rhetorical dimensions of various modes of discourse as they occur in Scripture. Research paper required.

ENGL 406  Literature of the Civil War  3 hours
This seminar focuses on a survey of newspapers, novels, poems, religious tracts, and short stories, which were written either during or about the time of the Civil War. Research paper required.

ENGL 410  Classical Epic  3 hours
A study of The Iliad and The Odyssey of Homer and The Aeneid of Virgil.

ENGL 419  Methods and Materials in the Teaching of English  2 hours
Prerequisite: Admission to Teacher Licensure Program
A study of methods, theories, and activities for teaching language, composition and literature in middle and secondary school English. Must be taken before student teaching. May not be counted toward the English major.

ENGL 420  Secondary Methods Teaching Practicum  1 hour
Prerequisite: To be taken concurrently with ENGL 419
At least 20 hours of reflective classroom observation at the middle or secondary school level and the teaching of two to three consecutive lessons.

ENGL 422  Modern Drama  3 hours
Extensive reading in modern drama beginning with the works of Ibsen. Research paper required.

ENGL 432  Modern Poetry  3 hours
A survey of contemporary American and British poetry with particular emphasis upon the various aspects of the poetic movement of the present. Research paper required.

ENGL 433  Literary Criticism  3 hours
A study of the major philosophies and theories, both historical and contemporary, with attention also given to understanding the various views of literary theory and to the student’s development of his own defensible literary theory. Research paper required.

ENGL 437  African-American Literature  3 hours
The course is a study of selected works of African-American literature, including prose, poetry, and drama, from the 17th century through the present (including the vernacular tradition) introducing students to the cultural, historical, and literary contexts of African-American literature. Research paper required.

ENGL 438  Women’s Literature  3 hours
This course is a survey of works written by women from the medieval period through the present, with an emphasis on women writers of Western civilization. The literary genres covered include a broad range of literary forms: devotional literature, essay, epistle, public address, poetry, non-fiction narrative, short story, and the novel. Research paper required.

ENGL 442  Musical Theatre  3 hours
This course is a survey of the history of musical theatre, beginning with Vaudeville and continuing through to the contemporary stage, with special emphasis given not only to the text but to the performance aspect of the libretto as well.

ENGL 443  Elizabethan Literature  3 hours

ENGL 452  Chaucer  3 hours
A study of the Canterbury Tales and some of the shorter poems of Chaucer. Research paper required.

ENGL 456  Advanced Studies in World Literature  3 hours
The course provides an examination of some of the world's literary masterpieces from antiquity to the modern day with particular emphasis on those with superb English versions. The course encourages interdisciplinary research in historical, sociological, anthropological, psychological, religious, and literary studies in the scrutiny of these diverse literary works. Research paper required.

ENGL 460  Christian Literature  3 hours
This is a survey of literary works representing 2,000 years of Christian history. The course covers a broadly defined range of literature that either serves or is shaped by the Christian worldview. The survey begins with the patristic writers of the early church, then turns to the medieval mystics, the reformers, neoclassicists, romantics and moderns, and ends with the dawn of the postmodern period. In addition, the course will include supplemental reading that will assist students in developing a distinctly Christian poetic and aesthetic: a biblical approach to reading, writing, and appreciating literature and all forms of art. Research paper required.

ENGL 462  Religious Issues in Dramatic Literature  3 hours
This course examines dramatic literature from the classical Greek plays to contemporary dramas, with special attention given to religious criticism. Research paper required.

ENGL 463  Seventeenth Century English Literature  3 hours
A study of the principal writers of the 17th century, other than Milton. Research paper required.

ENGL 495  Directed Research  1 to 3 hours
Prerequisite: Junior or senior status students who qualify will pursue studies of a particular interest as approved and supervised by the instructor.

ENGL 497  Special Topics in English  1 to 3 hours

ENGL 499  English Internship  1 to 6 hours
Prerequisite: Junior or Senior status
Professorial-supervised experience in first-hand internship opportunities: writing, editing, researching and comparable duties. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

GENERAL ENGINEERING

ENGR 110  Introduction to Engineering and Problem Solving  3 hours
Prerequisite: MATH 128 (may be taken concurrently); minimum grade of “C”
Introduction to discipline of Engineering and the use of programming languages to solve engineering problems.

ENGR 131  Calculus for Engineers  4 hours
Prerequisites: MATH 128, minimum grade of “C” or ACT Math 27 or SAT Mathematics 600; ENGR/CSCI 110 minimum grade of “C” or co-requisite
Functions and graphs, exponential, logarithmic, inverse trigonometric, limits, the derivative, techniques of differential, continuity, applications of differentiation, L’Hospital’s Rule, the integral. Emphasis on engineering applications. Preview of differential equations, numerical methods and partial differentiation. (This course is intended for Engineering, Computer Science or Internet Technology majors only. ENGR 133 is required for computer science and engineering major or minors).
ENGR 133  Calculus with MATLAB  1 hour
Prerequisites: Concurrent enrollment in ENGR 131 or credit for ENGR 131
This course is intended to be an introductory MATLAB Lab in which the topics of arithmetic, algebra, plotting, preparation of m-files, limits, derivatives, related rates, optimization, integration, and other engineering-related topics will be investigated. (This course is intended for Engineering, Computer Science or Internet Technology majors only.)
ENGR 210  Probability and Statistical Methods for Engineering  3 hours
Prerequisite: ENGR 131 and ENGR 110 or CSCI 110; minimum grade of “C”
Introduction to applied probability and the principles and methodologies of statistical inference. Topics include methods of data analysis, point and interval estimation; test of hypotheses, correlation, regression and an introduction to analysis of variance methods.
ENGR 270  Technical Writing for Engineers  3 hours
Prerequisite: ENGL 201, 202, 215, 216, 221 or 222; minimum grade of “C”
This course will teach students how to write documents representing the three main types of technical writing: operational (instructional), promotional (argumentative and analytical), and reportorial (expository, informational and analytical). Students will also evaluate and edit documents belonging to these categories by examining how well these documents serve their purpose for particular audiences in different cultural and social contexts. (Formerly ENGR 101)
ENGR 370  Quality Assurance  3 hours
Prerequisite: ENGR 210; minimum grade of “C”
Introduction to the principles involved in designing statistical quality control systems. Topics include probability concepts, density and distribution functions, control chart concepts and sampling inspection plans.
ENGR 377  Engineering Ethical and Legal Issues  3 hours
Prerequisite: Junior or Senior status
Introduction to the ethical and legal issues encountered during the development of engineering projects from a Christian perspective. Topics include copyrights, patents, contracts, environmental responsibility, personnel management, and professionalism.
ENGR 381  Engineering Design Introduction  3 hours
Prerequisite: Junior Status and MATH 334; minimum grade of “C”
Introduction to the design process. Topics include system engineering, team dynamics, design specifications, conceptual design, scheduling, developing a business plan, market survey, and budgeting.
ENGR 481  Engineering Design I  3 hours
Prerequisite: ENGR 481; minimum grade of “C”
The second course in the design sequence of formal design courses that emphasizes the design process. Student teams carry a project from inception to completion to satisfy the need of a client. In addition to technical design, factors such as safety, economics, and ethical and societal implications are considered.
ENGR 482  Engineering Design II  3 hours
Prerequisite: ENGR 481; minimum grade of “C”
The third course in the design sequence where the student is exposed to engineering design and development. Design process culminates in prototype development, gathering performance data and presenting a final design briefing to peers and department faculty.
formal presentations. The language lab is used to supplement pronunciation training.

**ESOL 100 English as a Second Language:** 3 hours

*Grammar and Composition*

Prerequisite: ESOL 090 or ESL Placement Battery

This course integrates the study of advanced level ESL grammar with written composition. The student responds in writing to a variety of reading selections. The cross-cultural element in ESL writing is also considered. The student must receive at least a C to be eligible for ENGL 101.

**ETHNOMUSICOLOGY**

**ETHM 400 Ethnic Music Theory** 3 hours

The study of non-Western theories of music, with an emphasis on both existing systems of art and folk music as well as systems without an articulated theory.

**ETHM 411 Music and World Cultures** 3 hours

A comprehensive overview of cultural traditions, belief systems, and practices of world cultures as approached through the study and analysis of the music of ethnic groups.

**ETHM 440 Seminar in Ethnic Music** 3 hours

Concentrated study of a selected ethnic music culture. In scheduling each seminar, consideration will be given to student interest and the availability of appropriate guest musicians.

**EVANGELISM**

**EVAN 101 Evangelism and the Christian Life** 2 or 3 hours

An in-depth study of how to lead people to Christ. Special attention will be given to the theology of all aspects of evangelism including the follow-up. Various methods of approach and presentation will be considered. Emphasis will be placed on evangelism and the local church for conservation of results.

**EXERCISE SCIENCE**

**EXSC 101 Introduction to Exercise Science** 1 hour

This course is an overview of the professions in the field of exercise science. Career opportunities within exercise science and allied health will be investigated. Various aspects of careers, determining requirements for advanced study and learning what coursework would be appropriate for the different career paths.

**EXSC 302 Exercise and Sports Injuries** 2 hours

Prerequisites: First Aid and CPR Certification and Junior status.

This course will examine the most common types of injuries that occur in exercise and sport settings. It will include the causes, treatment and prevention of these injuries. (Formerly KINE 302)

**EXSC 310 Physiology of Exercise** 3 hours

Prerequisites: BIOL 213/214, 215/216

A study of the effects of exercise on the major systems of the human body including the cardiorespiratory, neuro-muscular, glandular and digestive. Other effects influencing human exercise will be examined, including climate, altitude and ergogenic aids. (Formerly KINE 310)

**EXSC 311 Analysis of Human Movement** 3 hours

Prerequisites: BIOL 213/214, 215/216

This course is a scientific study of the musculoskeletal anatomy and neuromuscular physiology involved in voluntary movement. The physiological principles applicable to the anatomical structures that produce human movement will be examined. (Formerly KINE 311)

**EXSC 320 Measurement and Evaluation in Health and Kinesiology** 3 hours

This course will consider the basic principles related to measurement and evaluation including the selection, administration and use of tests unique to the field of health and physical education. Special emphasis will be placed on testing procedure. Computer software for statistics will be introduced. (Formerly KINE 320)

**EXSC 340 Essentials of Strength Training and Conditioning** 3 hours

Prerequisites: KINE 225 and Junior status

This course includes the theories, organization, methods, and techniques involved in the teaching and coaching of strength training, physical conditioning, and personal training. (Formerly KINE 340)

**EXSC 350 Biomechanics** 3 hours

Prerequisite: Junior status

This course provides students with a foundational knowledge of basic mechanical principles and how these can be applied in analyzing movements of the human body. The course uses an integrated balance of qualitative and quantitative examples, applications, and problems designed to illustrate the mechanical principles discussed. (Formerly KINE 350)

**EXSC 351 Biomechanics Lab** 1 hour

Prerequisites: Junior status; must be currently enrolled in EXSC 350

This lab course provides students with the application of basic mechanical principles in analyzing movements of the human body. The course uses an integrated balance of qualitative and quantitative applications to illustrate the mechanical principles discussed in EXSC 350, Biomechanics.

**EXSC 410 Applied Exercise Physiology** 3 hours

Prerequisites: EXSC 310 and Junior status

Co-requisite: EXSC 411

This course provides the students with practical experience in implementing different methodologies in the measurement of physiological responses to acute and chronic exercise. Emphasis is placed on the application of the ACSM guidelines and appropriate experimental techniques. The usage of equipment in evaluating changes in body composition and various metabolic, cardiovascular, and respiratory adjustments during exercise in different populations will be included. (Formerly KINE 410)

**EXSC 411 Applied Exercise Physiology Lab** 1 hour

Prerequisites: EXSC 310 and Junior status

Co-requisite: EXSC 410

This course is designed for students in the Exercise Science major to gain proficiency in exercise testing and interpretation as it relates to the various physiological systems and components. (Formerly KINE 411)

**EXSC 421 Practicum** 1 hour

Prerequisites: EXSC 310 and Senior status

This course is designed for students in the Exercise Science major to gain exposure to various fitness/health settings. The student must choose two of the following areas: strength and conditioning, personal training, or clinical rehabilitation. The student must complete 15 observational hours in each of the two chosen areas, for a total of 30 hours. (Formerly KINE 421)

**EXSC 433 Exercise Prescription for Special Populations** 3 hours

Prerequisite: EXSC 310

This is an advanced course in clinical exercise prescription relative to disease of the cardiovascular, pulmonary, metabolic, musculoskeletal, neuromuscular and immunologic systems. The course also provides a basic understanding of the patho-physiology and exercise responses in populations afflicted with these diseases. (Formerly KINE 433)

**EXSC 460 Exercise Testing, Evaluation, and Prescription** 3 hours

Prerequisites: EXSC 310, 320, and Junior status

This course will consider the use of health and fitness field and laboratory instruments, techniques, procedures and equipment.
Special emphasis will be placed on the ability to administer test protocols for evaluating the health-related components of physical fitness. (Formerly KINE 460)

**EXSC 461 Exercise Leadership** 3 hours  
Prerequisite: Junior status  
This course will emphasize the necessary leadership qualities and skills expected for leading exercise activities. The student will develop professional competencies through classroom instruction as well as observational and practical experiences. (Formerly KINE 461)

**EXSC 485 Health Fitness Specialist Workshop and Certification** 1 hour  
Prerequisites/Co-requisites: Exercise Science major; EXSC 433, 460, and Senior status  
This course will provide structured experiences in the classroom, laboratory and exercise arenas to improve the knowledge, skills, and abilities in health-related physical fitness assessment and exercise programming as outlined by the American College of Sports Medicine guidelines. This experience will culminate with the student taking the Health Fitness Specialist certification exam, which requires the student to demonstrate the knowledge, skills, and abilities that are needed by an entry-level health/fitness practitioner.

**EXSC 499 Internship in Exercise Science** 3 to 6 hours

HLTH 380 Health Promotion for Aging Populations 3 hours
Prerequisite: Junior/Senior status or consent of instructor
The study of the process of aging and the interrelationships among the five dimensions of health as they relate to aging. Emphasis is placed on health promotion and disease prevention at all ages as the path to living a full life in later years.

HLTH 400 Contemporary Health Issues 3 hours
Prerequisite: Junior or Senior status
As an integrative study course, classes examine health trends in America. The focus is on personal health / medical decisions relevant to Christians. Topics include but are not limited to: marital choices, addictions, common infectious and chronic diseases, mental illness, aging, dying and death, and predictions of future health events of the next 50 years.

HLTH 402 The School Health Program 3 hours
Prerequisite: Junior status
School health program philosophy and K-12 curriculum are discussed with an emphasis on policies, procedures and methods for the teaching of health education.

HLTH 420 Principles of Behavior Change and Health Counseling 3 hours
(Offered spring semester)
Prerequisite: Junior status
A study of theory and practice of behavioral change or verification that leads to a healthy lifestyle. Group and individual
intervention techniques with follow-up health counseling theory and application will be emphasized.

**HLTH 440  Methods and Resources in Teaching Applied Sciences in Schools**  2 hours
(Offered fall semester)
Prerequisite: HLTH 402
A study of classroom related instruction in applied sciences with an emphasis on delivery system, student needs and materials that can be utilized.

**HLTH 441  Methods and Resources in Teaching Applied Sciences in School Practicum**  1 hour
(Offered fall semester)
Prerequisite: to be taken concurrently with HLTH 440
The student will be required to prepare a unit, teach in a secondary classroom setting and evaluate the experience.

**HLTH 444  Principles of Epidemiology and Biostatistics**  3 hours
Prerequisite: MATH 201 or consent of the instructor
A study of epidemiology, the basic science of public health. Epidemiology will be viewed as: 1) a quantitative basic science built on sound research methods; 2) a method of causal reasoning based on developing and testing hypotheses pertaining to the occurrence and prevention of morbidity (disease) and mortality (death); and 3) a tool for public health action to promote and protect the public’s health.

**HLTH 452  Methods and Materials in Community Health Education**  3 hours
(Offered spring semester)
Development, usage and evaluation of print and non-print materials and methods for health educators in the community setting.

**HLTH 453  Program Planning and Evaluation in Health Education**  3 hours
(Offered fall semester)
A study of the theories, models, and processes that reflect best practice in assessment, planning, implementation, and evaluation of health education programming.

**HLTH 488  Infectious Disease**  3 hours
Prerequisite: BIOL 203 or 303
Infection is the invasion and multiplication of micro-organisms in or on body tissue that produce signs and symptoms, as well as, an immune response. This course will examine the epidemiology of various bacterial, viral, fungal, protozoal, and helminthic infections, with application for students interested in health promotion and disease prevention at home, overseas, and on the mission field.

**HLTH 491  Grantsmanship**  3 hours
An introduction to the world of public, corporate and private foundations. Topic research, organizational communications, protocol, budget development and grant writing are emphasized skill areas.

**HLTH 495  Directed Research**  1 to 3 hours
**HLTH 497  Special Topics in Health**  1 to 3 hours
A comprehensive study of health promotion principles and problems in selected areas of health science which may include: stress management, weight control, environment, smoking cessation, family life education, human diseases, etc. (May be repeated to a total of six hours in different content areas.)

**HLTH 499  Professional Practice in Health Science**  2 to 12 hours
Prerequisites: Consent of instructor; required cumulative GPA of 2.35; HLTH 452 and 453; CPR/First Aid Certification; Junior or Senior status
Practical work experience in an approved health agency, supervised by a qualified health specialist. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

**HONORS**

**HONR 395  Quantitative Research Methods and Design**  3 hours
Prerequisites: Junior Status
This course examines an overview of various types of quantitative research, theory and design of research problems and experiments in various subfields, communication of research proposals and results, and evaluation of current research and review of current literature.

**HONR 495  Senior Honors Thesis**  3 hours
This individually designed thesis will be directed by a faculty member from the honor student’s major department in consultation with the department chairperson and the Director of the Honors program.

**HUMANITIES**

**HUMN 101  Humanities in Western Culture**  3 hours
A survey course which concentrates on the development of Western Culture. It is an integrated study of the visual arts, drama and music, and the discipline of philosophy that permeates all the arts.

**HUMN 301  Film as Art**  3 hours
An intensive study of film theory, focusing both on international cinema and classic Hollywood films. This course emphasizes the unique aesthetic qualities of film as an expression of culture. The course covers such topics as auteur theory, genre criticism, montage, and the development of visual and narrative techniques.

**HUMN 495  Directed Research**  1 to 3 hours
**HUMN 497  Special Topics in Humanities**  1 to 3 hours

**HEATING, VENTILATION, AIR CONDITIONING**

**HVAC 101  Foundations of HVAC**  4 hours
Co/Prerequisite: CRFT 101
Foundations of HVAC is a practical course combining lecture and hands-on instruction. Topics include: Introduction to HVAC; Trade Math; Copper and Plastic Piping Practices; Soldering and Brazing; Ferrous Metal Pipe Practices; Basic Electricity; Introduction to Cooling; Introduction to Heating; Air Distribution Systems.

**HVAC 201  Intermediate HVAC**  4 hours
Prerequisite: HVAC 101
Intermediate HVAC is a practical course combining lecture and hands-on instruction. Topics include: Commercial Airside Systems; Chimneys, Vents and Flues; Introduction to Hydraulic Systems; Air Quality Equipment; Leak Detection, Evacuation, Recovery and Charging; Alternating Current; Basic Electronics; Introduction to Control Circuit Troubleshooting; Troubleshooting Gas Heating; Troubleshooting Cooling; Heat Pumps; Basic Installation and Maintenance Practices; Sheet Metal Duct Systems; Fiberglass and Flexible Duct Systems.

**HVAC 301  Advanced HVAC**  4 hours
Prerequisite: HVAC 201
Advanced HVAC is a practical course combining lecture and hands-on instruction. Topics include: Refrigerants and Oils; Compressors; Metering Devices; Retail Refrigeration Systems; Commercial Hydraulic Systems; Steam Systems; Planned Maintenance; Water Treatment; Troubleshooting Electronic Controls; Troubleshooting Oil Heating; Troubleshooting Heat Pumps; Troubleshooting Accessories.

**HVAC 401  Special Topics in HVAC**  4 hours
Prerequisite: HVAC 301
Special Topics in HVAC is a practical course combining lecture and hands-on instruction. Topics include: Construction Drawings...
and Specifications; System Balancing; Indoor Air Quality; Energy Conservation Equipment; Building Management Systems; System Startup and Shutdown; Heating and Cooling System Design; Commercial and Industrial Refrigeration Systems; Alternative Heating and Cooling Systems; Introduction to Supervisory Skills.

**INDIVIDUALIZED/INTERDISCIPLINARY STUDIES**

**INDS 400 Knowledge Synthesis for Career Development** 3 hours
Prerequisite: Senior standing
Designed to assess student mastery of content knowledge for the Individualized Studies and Interdisciplinary Studies degree programs, this capstone course requires students to produce a carefully organized summation and synthesis of accomplishments, learning, and goals related to their undergraduate degree program at Liberty University. Throughout this process, students will discover a greater understanding of transferrable skills and qualifications and how these relate to career opportunities and/or graduate school respectively.

**INFORMATION TECHNOLOGY**

**INFT 105 Introduction to Information Literacy** 1 hour
An introduction to the information literacy skills and resources needed for academic research and lifelong learning. Students will learn to identify, assess, organize, and report information responsibly, including library print and electronic materials as well as web resources.

**INFT 110 Computer Concepts and Applications** 3 hours
This course will introduce the student to the operation and use of computers. Specific applications taught include operating systems, word processing, spreadsheets, and presentation software. In addition, students will learn basic terminology and concepts related to the use of computers in today’s society.

**KINESIOLOGY**

**KINE 101 Physical Fitness** 1 hour
A basic course in fundamentals of personal physical fitness. Emphasis is given to concepts of aerobic exercise, strength and flexibility development.

**KINE 207 History and Foundations of Physical Education** 2 hours
An overview of the physical education teaching profession. Instructional emphasis is on the historical development, philosophical perspectives, curricular programs, and current problems and issues of physical education.

**KINE 208 Motor Learning** 2 hours
A study of the principles involved in the development of human motor/sport skills. Instructional emphases focus on the processes underlying skilled performance and the application of principles of skilled performance and learning in teaching, coaching, and rehabilitation settings.

**KINE 209 Motor Learning Lab** 1 hour
Lab sessions designed to give students the opportunity to experience problem-solving situations involving motor learning research findings applicable to exercise, sport, and rehabilitation settings.

**KINE 210 – Pedagogical Sport/Activity Courses** 1 hour
**KINE 215**
Prerequisites: Kinesiology Major or Minor or consent of instructor
These sport/activity courses are designed for Kinesiology majors and minors as well as other interested students. Appropriate teaching techniques and skill competencies for each sport/activity are emphasized. The fundamental skills, relevant strategies, and applicable rules of the sports and/or activities listed will be included.

Each sport or activity will provide the student a means for achieving psychomotor, cognitive, and affective development.

**KINE 210 Softball/Volleyball** 1 hour

**KINE 211 Basketball/Soccer** 1 hour

**KINE 212 Innovative Games** 1 hour

**KINE 213 Racquet Sports** 1 hour

**KINE 214 Tumbling and Rhythmic Activities** 1 hour
This professional activity course is designed primarily for Kinesiology majors as well as other interested students. Teaching techniques as well as personal skill competencies in tumbling and rhythms are emphasized. The basic steps used in fundamental tumbling skills, simple rhythmic activities, and creative activities will be included.

**KINE 215 Track and Field/Flag Football** 1 hour

**KINE 216 Field Hockey** 1 hour
This course will allow students to develop the physical, mental, and social skills necessary for participation in the sport of field hockey. Instructional emphases will focus on the basic skills, defensive tactics, offensive strategies, rules and scoring.

**KINE 217 Lacrosse** 1 hour
This course will allow students to develop the physical, mental, and social skills necessary for participation in the sport of lacrosse. Instructional emphases will focus on the basic skills, defensive tactics, offensive strategies, rules and scoring.

**KINE 218 Tennis** 1 hour
This course will allow students to develop the cognitive, affective, and psychomotor skills for the beginning tennis player. Instructional emphases will focus on ground strokes, serve, volley, lob, overhead smash, return of serve, playing strategies, rules and scoring.

**KINE 219 Mountain Biking** 1 hour
This course will introduce the sport of mountain biking to students with varying bicycling experience. The history of mountain biking, riding styles, bicycle maintenance/repair, and the beneficial effects of the sport will be included.

**KINE 220 Bowling** 1 hour
This course will allow students to develop the basic skills of bowling. It will also provide them with the opportunity to participate in a “handicapped” league style format for 13 weeks.

**KINE 221 Golf** 1 hour
This course will allow students to develop the physical, mental, and social skills necessary for playing golf. Instructional emphases will focus on complete swing, driving, approach shots, putting, etiquette, rules and scoring.

**KINE 223 Beginning Running** 1 hour
This course is designed for the beginning runner to acquire knowledge of the physiological, psychological, social and mental hunger as a result of a long-term running program. Instructional emphases will focus on the effect of diet on a runner, different running styles, conditioning programs/strategies, and the positive and negative effects of running.

**KINE 224 Advanced Running** 1 hour
This course will allow committed runners to take their level of fitness, training, and running expertise to a higher level. Requirements will be more substantial than KINE 223.

**KINE 225 Weight Training/Conditioning** 1 hour
This course will allow students to develop knowledge in both the theoretical and practical applications of weight training and conditioning as a means of promoting physical fitness. Instructional emphases will focus on principles and techniques of properly lifting and spotting strength training exercises.

**KINE 226 Wrestling** 1 hour
This course will allow students to develop the physical, mental, and social skills necessary for participation in American wrestling. Instructional emphases will focus on fundamental skills.
COURSES OF INSTRUCTION – RESIDENT PROGRAMS

KINE 228 Beginning Swimming 1 hour
This course will allow students to develop cognitive, affective and psychomotor skills for the beginning swimmer. Instructional emphases will focus on the basic skills of swimming including breath control, floating, and sculling. Additionally, students will learn the front crawl, back crawl, elementary backstroke, sidestroke, breaststroke, and basic water safety skills.

KINE 229 Intermediate/Advanced Swimming 1 hour
This course will allow students to develop cognitive, affective and psychomotor skills for the intermediate swimmer. Instructional emphases will focus on the intermediate strokes of swimming including the front crawl, back crawl, elementary backstroke, sidestroke, and breaststroke as well as advanced water safety skills. Additionally, students will participate in a variety of aquatic fitness activities.

KINE 230 Lifeguard Training 2 hours
(American Red Cross)
Prerequisites: Intermediate level swimming competency, current adult CPR certification, and first aid course certification.
The course is designed to teach emergency water safety skills as well as knowledge and performance of non-swimming and swimming assists, water entries, defenses and escapes, and rescue skills. Successful completion of this course will result in Red Cross Lifeguard Training Certification.

KINE 231 Water Safety Instructor 3 hours
(American Red Cross)
Prerequisites: Swimmer level swimming competency and current certificate of American Red Cross Emergency Water Safety or Lifeguard Training Course.
The course will qualify participants to teach all levels of swimming in progressive swimming courses as well as how to plan, organize and conduct these classes. Health and safety and education methods are emphasized. Successful completion of this course will result in Red Cross Water Safety Instructor Certification.

KINE 232 Recreational Sports 1 hour
This course will allow students to develop cognitive, affective, and psychomotor skills for a variety of recreational sports and/or activities. Instructional emphases will focus on the basic skills necessary to participate, rules and scoring (if applicable) and relevant strategies.

KINE 233 Karate 1 hour
This course will allow students to develop basic self-defense in using Karate skills. Various kicking and striking techniques will be examined as related to self-defense issues.

KINE 234 Hapkido 1 hour
This course will allow students to develop basic self-defense as it relates to the theories and principles of Hapkido. Various kicking and striking techniques will be examined as related to self-defense situations.

KINE 245 PE Observations in Schools 1 hour
This course is designed to provide exposure to the teaching of physical education in the elementary school setting and adapted physical education for the exceptional child. The student must observe a minimum of twenty hours in an elementary program.

KINE 299 Internship 0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
Practical work experience in an approved exercise or fitness-related agency, physical or occupational therapy clinic, chiropractic office, or similar setting supervised by a qualified professional. Application procedures processed through the Career Center. Must apply semester prior to internship.

KINE 322 PE Student Aide: Elementary 1 hour
(Offered spring semester)
Prerequisites: KINE 245; must be taken with KINE 450
A sequence of selected practicum experiences designed to involve the student with actual assisting and teaching physical education to elementary school. The student is assigned a minimum of 20 hours of practicum work under the supervision of physical educators in a local elementary school.

KINE 326 PE Student Aide: Secondary 1 hour
(Offered fall semester)
Prerequisites: KINE 245; must be taken with KINE 451
An assigned practicum experience designed to involve the student actual assisting in teaching physical education classes in a middle or secondary school setting. The student must complete 20 hours of practicum work under the supervision of a physical educator in one of the local schools.

KINE 333 Adapted Physical Activity 2 hours
Prerequisite: Junior status
Methods of classification of exceptional students, program planning and teaching of activities appropriate to needs of the handicapped are examined.

KINE 334 Adapted Physical Activity Lab 1 hour
Prerequisite: Junior status
Teaching methods of activities appropriate to the needs of exceptional students are examined. Addresses the importance of adapting physical education programs to meet the unique needs of exceptional students.

KINE 352 Teaching Physical Education in the Elementary School 2 hours
Prerequisite: Junior status
An introduction to games and play activities which are suitable for elementary-aged students. Activity selection, planning and teaching methods are stressed. This course is designed for the elementary physical education concentration.

KINE 404 Administration and Organization of Physical Education, Exercise and Fitness 3 hours
Prerequisite: Junior status
A study of the problems and considerations involved in the successful management of physical education programs. Areas considered include program planning, budgeting, facility design and organization, and current organizational trends.

KINE 435 Seminar for Student Teachers 2 hours
Prerequisites: Admission to Student Teaching; taken concurrently with EDUC 476 and 477
Seminar sessions will involve discussion of topics relevant to health and physical education instruction. Students will share experiences from student teaching and gain insights from readings and professionals in the field of education.

KINE 450 Elementary Physical Education Methods 3 hours
(Offered spring semester)
Prerequisites: KINE 207, 208; Junior status
This course is designed to provide instruction in the physical education curriculum for elementary school settings. Areas of emphasis include class management, curriculum development, skill progressions, teaching methods and movement activities for grades K-6.

KINE 451 Secondary Physical Education Methods 3 hours
(Offered fall semester)
Prerequisites: KINE 207, 208, Junior status
The course is designed to provide the student with a thorough understanding of the teaching-learning process in middle and high school settings. The student will learn how to plan and present progressive learning tasks, develop effective teaching skills, analyze and evaluate the instructional process, and design curricular materials.
KINE 495  Independent Study  1 to 3 hours
Prerequisites: Permission of the Department Chairman, Junior status and a minimum cumulative GPA of 2.50
A research-oriented project in an approved topical area or an independently-completed course of study in a specially designed area. Generally available only for Physical Education majors who have unusual and specific program needs.

KINE 497  Special Topics in Kinesiology  1 to 3 hours

LINGUISTICS

LING 213  Introduction to Linguistics  3 hours
Introductory, descriptive study of language, including syntactic, morphological, phonological, semantic, and pragmatic analysis of language. Students will choose one other area of the discipline of study, such as psycholinguistics, sociolinguistics, or language acquisition. (Formerly MLAN 213)

LING 280  Field Language Learning  3 hours
A course for learning how to learn a foreign language without a teacher; especially designed for international workers.

LING 300  Introduction to Cultural Anthropology  3 hours
A course designed to heighten awareness and understanding of our culturally diverse world, via the study of systems of human behavior for the purpose of improving understanding of, and relations between, people. Several case studies will be used to illustrate these systems. (Formerly MLAN 300)

LING 305  Linguistic Analysis  3 hours
Prerequisites: LING 213
In this course, students will learn how to analyze linguistic data in the fields of phonology, morphology, and syntax, through problem sets drawn from a wide variety of world languages.

LING 451  Phonetics and Phonology  3 hours
Prerequisites: LING 213, 305
This course concerns the analysis and voice production of sound systems that compose individual human languages. The purpose is to equip students to analyze and describe in phonological terms the inherent sound patterns and systematic variations that make up comprehensible speech.

LING 452  Morphology and Syntax  3 hours
Prerequisite: LING 305
This course provides a comprehensive introduction to morphological/syntactic theory and analysis. It requires students to formulate hypotheses and test them against data from English and other languages.

LING 453  World Languages  3 hours
Prerequisites: LING 213, 305
This course is a study of the phonology, morphology, and syntax of a selection of world languages which illustrate both the similarities and the differences among languages. Syntactic and morphological features will be observed in terms of their typological implications and the question of language universals.

LING 495  Directed Research  1 to 3 hours
Prerequisite: Junior or senior status
Students who qualify will pursue studies of a particular interest as approved and supervised by the instructor. Must apply semester prior to completing internship.

LING 499  Internship in Linguistics  3 hours
Prerequisites: Junior or senior status, 3.00 GPA, two courses in minor above 200 level.
Professional-supervised experience in first-hand internship opportunities in Linguistics. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

MASONRY

MASN 101  Foundations in Masonry  4 hours
Co/Prerequisite: CRFT 101
Foundations of Masonry is a practical course combining lecture and hands-on instruction. Topics include: Introduction to Masonry; Masonry Tools and Equipment; Measurements, Drawings and Specifications; Mortar; Masonry Units and Installation Techniques.

MASN 201  Intermediate Masonry  4 hours
Prerequisite: MASN 101
Intermediate Masonry is a practical course combining lecture and hands-on instruction. Topics include: Residential Plans and Drawing Interpretation; Residential Masonry; Grout and Other Reinforcement; Metal Work in Masonry; Advance Laying Techniques; Construction Techniques and Moisture Control; Construction Inspection and Quality Control.

MASN 301  Advanced Masonry  4 hours
Prerequisite: MASN 201
Advanced Masonry is a practical course combining lecture and hands-on instruction. Topics include: Masonry in High Rise Construction; Specialized Materials and Techniques; Repair and Restoration.

MASN 401  Special Topics in Masonry  4 hours
Prerequisite: MASN 301
Special Topics in Masonry is a practical course combining lecture and hands-on instruction. Topics include: Commercial Drawings; Estimating; Site Layout-Distance Measurement and Leveling; Introductory Skills for the Crew Leader.

MATHEMATICS

NOTE: No credit for graduation may be granted for a Math course which is prerequisite material for a course the student has already completed with a grade of “C” or better.

MATH 100  Fundamentals of Mathematics  3 hours
A review of basic arithmetic and elementary algebra. Open to all students but required of students with low scores on Liberty University placement tests and inadequate preparation in mathematics. A grade of C or better is required in order to go on to a higher-numbered mathematics course. This course may not be used in meeting General Education requirements in mathematics. (Developmental Math is a component of the Bruckner Learning Center.)

MATH 108  Elementary and Intermediate Algebra  3 hours
This course is a self-paced computer-based review of rational numbers, exponents, polynomials, factoring, roots and radicals, graphing, rational expressions, equations and inequalities, systems of linear equations, and problem solving. It meets the prerequisite requirements for MATH 115, 117, 121, 125, 201, 217. Credit may not be earned for both MATH 108 and 110. This course may not be used to meet the General Education Requirements. (Developmental Math is a component of the Bruckner Learning Center.)

MATH 110  Intermediate Algebra  3 hours
Prerequisite: MATH 100
Review of exponents, polynomials, factoring, roots and radicals, graphing, rational expressions, equations and inequalities, systems of linear equations and problem solving. This course may not be used to meet the General Education requirement. (Developmental Math is a component of the Bruckner Learning Center.)

MATH 112  Technical Mathematics  3 hours
Prerequisite: MATH 110, 480+ on SAT Math, or 19+ on ACT Math.
Technical Mathematics presents a review of arithmetic, elements of algebra, geometry, trigonometry, and vectors. Direct
applications are made to technical study areas. Only fulfills General Education requirements for AAS degrees.

MATH 115 **Mathematics for Liberal Arts** 3 hours
- Prerequisite: MATH 110, minimum grade of “C”
  - A survey course for liberal arts majors including a review of algebra and an introduction to logic, probability and statistics, mathematical structure, problem solving, number theory, geometry and consumer applications.

MATH 117 **Elements of Mathematics** 3 hours
- Prerequisite: MATH 110, minimum grade of “C”
  - A development of basic concepts of elementary mathematics, including problem solving, logic, sets and binary operations, the natural numbers and their properties, deductive reasoning and the nature of proof, the integers, rational numbers, real numbers and their properties, relations, functions, and graphs.

MATH 121 **College Algebra** 3 hours
- Prerequisite: MATH 110, minimum grade of “C”
  - Fundamental concepts of college algebra including sets, equations and inequalities, functions and graphs, polynomials, rational functions, exponential and logarithmic functions, linear inequalities, and linear programming.

MATH 122 **Trigonometry** 3 hours
- Prerequisite: MATH 121, minimum grade of “C”
  - Emphasizes the circular functions, their graphs and their inverses. A study of the trigonometric functions and their applications is included.

MATH 125 **Finite Mathematics** 3 hours
- Prerequisite: MATH 110, minimum grade of “C”
  - An introduction to symbolic logic, principles of counting, elementary probability, matrices, vector spaces, and linear programming.

MATH 126 **Elementary Calculus for Business and Science** 3 hours
- Prerequisite: MATH 121, minimum grade of “C”
  - An introduction to differential and integral calculus with emphasis on applications in the areas of business and science. For non-mathematics majors only.

MATH 128 **Elementary Functions and Coordinate Geometry** 4 hours
- Prerequisite: MATH 121, minimum grade of “C”
  - A pre-calculus course that includes the study of elementary functions, their graphs and applications including polynomial, rational, algebraic functions, exponential, logarithmic and circular or trigonometric functions. For students with strong high school preparation in mathematics who are not ready for calculus.

MATH 131 **Calculus and Analytic Geometry I** 4 hours
- Prerequisites: MATH 128, minimum grade of “C”
  - Functions and graphs, exponential, logarithmic, inverse trigonometric, limits, the derivative, techniques of differentiation, continuity, applications of differentiation, L’Hospital’s Rule, the integral, the fundamental theorem of calculus and u-substitution. (MATH 133 is required for mathematics major or minors.)

MATH 132 **Calculus and Analytic Geometry II** 4 hours
- Prerequisite: MATH 131, minimum grade of “C” and basic proficiency in a computer algebra system.

MATH 133 **Calculus with Mathematica Lab** 1 hour
- Prerequisite: Concurrent enrollment in MATH 131 or credit for MATH 131
  - This is intended to be an introductory Mathematica lab in which the topics of arithmetic, algebra, plotting, preparation of notebooks, limits, derivatives, related rates, optimization, integration, and other topics will be investigated.

MATH 200 **Introduction to Mathematical Reasoning** 2 hours
- Prerequisite: MATH 132, minimum grade of “C”
  - This is a course in the principles of mathematical reasoning and the construction of proofs. It begins with symbolic logic and then studies direct and indirect methods and proof by induction. Examples from set theory, discrete structures, axiomatic systems, recursion, and basic algebraic structures (groups, rings, fields) are used to illustrate the methods.

**NOTE:** Only one of MATH 201 or 211 may be taken for credit. MATH 201 may not be substituted for MATH 211 degree completion program requirement.

MATH 201 **Introduction to Probability and Statistics** 3 hours
- Prerequisite: MATH 110, minimum grade of “C”
  - Introduction to descriptive statistics and probability, probability distributions, estimation, tests of hypotheses, chi-square tests, regression analysis, and correlation with applications in business and science.

MATH 211 **Introduction to Statistical Analysis** 3 hours
- Prerequisite: MATH 132 (may be a co-requisite)
  - An introduction to statistical analysis for students with a background in calculus. Includes probability theory, probability distributions, expectation, statistical inference, regression and correlation.

MATH 217 **Elementary Geometry** 3 hours
- Prerequisite: MATH 110, minimum grade of “C”
  - A development of basic concepts of elementary geometry including area, volume, compass and straight-edge constructions, polyhedra, tessellations, motions in the physical world, transformations, congruence and similarity.

MATH 231 **Calculus and Analytical Geometry III** 4 hours
- Prerequisite: MATH 132, minimum grade of “C”
  - Continuation of MATH 132. Geometry of vectors, paths, curvature, functions of several variables, surfaces, partial derivatives, optimization, multiple integrals, curl, divergence, gradient, line and surface integrals, Theorems of Green, and Stokes, and Gauss.

MATH 250 **Introduction to Discrete Mathematics** 3 hours
- Prerequisite: MATH 121 or 128 or 131, minimum grade of “C”
  - Logic and proofs, set theory, Boolean algebra, functions, sequences, matrices, algorithms, modular arithmetic, mathematical induction and combinatorics.

MATH 301 **Methods of Operations Research** 3 hours
- Prerequisite: MATH 211, minimum grade of “C”
  - Optimization (linear programming, Lagrange multipliers, etc.), transportation problems, applied probability (queueing theory, Markov chains, elementary theory of simulations), theory of games, decisions under uncertainty.

MATH 302 **Introduction to Experimental Design in Statistics** 3 hours
- Prerequisite: MATH 211, minimum grade of “C”
  - Analysis of variance and block designs; simple linear regression, correlation and multiple regression; nonparametric statistics, chi-square tests.

MATH 305 **Modern Geometry** 3 hours
- Prerequisite: MATH 200 or 250, minimum grade of “C”
  - A treatment of the foundations of modern Euclidean geometry and an introduction to non-Euclidean geometry with emphasis on hyperbolic geometry. Especially recommended for prospective high school mathematics teachers. Required for Virginia Licensure.

<th>COURSES OF INSTRUCTION – RESIDENT PROGRAMS</th>
</tr>
</thead>
</table>
| MATH 307  **Introductory Number Theory**  3 hours  
Prerequisite: MATH 200 or 250, minimum grade of “C”  
Divisibility, Division Algorithm, Euclidean algorithm, primes, greatest common divisor, Diophantine equations, congruencies, Chinese Remainder Theorem, number-theoretic functions, cryptography and other applications. |
| MATH 321  **Linear Algebra**  3 hours  
Prerequisite: MATH 200 or 250, minimum grade of “C”  
A beginning course in linear algebra and its applications. Includes systems of linear equations, linear programming, nullspace and rank of matrices, determinants, abstract vector spaces, bases, linear independence, spanning sets, linear transformations, characteristics and minimal polynomials, eigenvalues and eigenvectors, diagonalization, similarity, coordinate change, orthogonality, and matrix factorizations. Applications are added as time permits. |
| MATH 331  **Complex Analysis**  3 hours  
Prerequisite: MATH 231, minimum grade of “C”  
Field of complex numbers, polar representation and DeMoivre formula, complex functions, limits, continuity, differentiation, analytic and harmonic functions, elementary functions, contour integration, Taylor and Laurent series, residues, and applications. |
| MATH 332  **Advanced Calculus**  3 hours  
Prerequisites: MATH 200 or 250 and MATH 231, minimum grades of “C”  
Euclidean topology for n-dimensions, continuity and differentiability for vector-valued functions of several variables, the differential and derivative, Jacobian, applications of inverse and implicit function theorems, method of Lagrange multipliers, introduction to differential forms, generalized Stokes’ Theorem and applications. |
| MATH 334  **Differential Equations**  3 hours  
Prerequisites: MATH 231 and PHYS 231, minimum grades of “C”  
Differential equations of the first order and first degree, linear equations, variation of parameters, methods of undetermined coefficients, inverse operators, Laplace transforms, systems of differential equations, and applications. |
| MATH 350  **Discrete Mathematics**  3 hours  
Prerequisite: MATH 200 or 250, minimum grade of “C”  
Recurrence relations, relations, graph theory, languages, grammars, and finite-state machines. |
| MATH 352  **Numerical Analysis**  3 hours  
Prerequisite: MATH 321, minimum grade of “C”  
Introduction to numerical techniques for problems such as interpolation, approximation, numerical differentiation and integration, differential equations, zeros of functions, solutions of linear systems, and error analysis. |
| MATH 400  **History of Mathematics**  3 hours  
Prerequisite: At least one upper-level mathematics course with a minimum grade of “C”  
The development of mathematics from ancient to modern times (19th century BC–19th century AD). Special emphasis is given to the period of the Greeks (600 BC - 200 AD), the development of the calculus (17th century), and the “modern” period (19th century). |
| MATH 401  **Introduction to Mathematical Statistics**  3 hours  
Prerequisites: MATH 211 and 231, minimum grades of “C”  
Probability concepts, moment generating functions, discrete and continuous distributions, bivariate distributions, distributions of functions of random variables, estimation. |
| MATH 419  **Teaching Mathematics in Secondary Schools**  2 hours  
Prerequisite: At least one upper level mathematics course with a minimum grade of “C” and admission to the Teacher Licensure Program. Must be taken the semester prior to student teaching in mathematics. Special readings in the field of Mathematics Education, planning for mathematics instruction, and evaluation components of this course. May not be counted toward the Mathematics major. |
| MATH 420  **Teaching Mathematics in Secondary Schools Practicum**  1 hour  
Prerequisite: Concurrent enrollment in MATH 419  
As the students are developing proficiency in planning for mathematics instruction, evaluating and learning, they will also gain practical experiences by delivering instruction in a peer setting and/or regular school setting with videotaping. Each presentation is to be critiqued by the “teacher,” the course instructor and the student peers. |
| MATH 421  **Elementary Abstract Algebra I**  3 hours  
Prerequisite: MATH 321, minimum grade of “C”  
Elementary number theory, the theory of groups, sets and mappings, isomorphisms and homomorphisms of groups, the first isomorphism theorem, and a brief introduction to rings. |
| MATH 422  **Elementary Abstract Algebra II**  3 hours  
Prerequisite: MATH 421, minimum grade of “C”  
A continuation of MATH 421. The theory of rings and fields, integral domains, and the theory of polynomials. |
| MATH 431  **Real Analysis**  3 hours  
Prerequisite: MATH 231 and 321, minimum grades of “C”  
The real number system, sets and cardinality, topology of the real numbers, sequences and series, limits, continuity, uniform continuity and convergence, differentiation, and Riemann integration. |
| MATH 450  **Mathematics Capstone Seminar**  1 hour  
Prerequisite: MATH 421 and MATH 431 (may be concurrently enrolled)  
Integrate previous mathematical coursework and prepare and present mathematical research, both orally and in written form. Consider the relevance of the Christian worldview and a Biblical ethical approach to the fields of science, mathematics and technology. Introduction to professional and graduate opportunities available to mathematics graduates. |
| MATH 495  **Directed Research**  1 to 3 hours  
Prerequisite: Approval by department chairman  
Exploration of a topic beyond that covered in any core course as preparation for graduate level mathematics or a professional career. It may be taken for credit more than once. |
| MATH 497  **Special Topics in Mathematics**  1 to 3 hours  
Prerequisite: Concurrent enrollment  
Exploration of a topic beyond that covered in any core course as preparation for graduate level mathematics or a professional career. It may be taken for credit more than once. |
| MENT 100  **Foundations for Academic Success**  3 hours  
This course is designed to assist students in their academic adjustment to college. There is a focus on learning and application of study strategies and self-management skills. In addition, emphasis is placed on community and accountability which provide the foundation for academic success. (Formerly CLST 100) |
| MENT 101  **Mentoring for University Transition**  1 hour  
Prerequisite: Freshmen only  
This course is designed to provide instruction in study strategies and life skills basic to the successful transition to the university. Within a small group setting, instructors will mentor students in their understanding and application of these concepts. |
| MISC 001  **Leadership Applications**  1 hour  
Basic leadership skills taught through classroom instruction, practical, and field exercises. Emphasis is placed on small unit leadership techniques and hands-on, practical experiences. Cadets |
are actively involved in the planning, conduct, and evaluation of the training in order to effectively develop small unit leadership and pre-commissioning skills.

**MISC 101 Fundamental Concepts** 1 hour

This course introduces cadets to fundamental components of service as an officer in the United States Army. These initial lessons form the building blocks of progressive lessons in values, fitness, leadership, and officership. Additionally, the semester addresses “life skills” including: fitness; communications theory and practice (written and oral); and interpersonal relationships. Upon completion of this semester, the cadets should be prepared to receive more complex leadership instruction.

**MISC 102 Basic Leadership** 1 hour

This course builds upon the fundamentals introduced in the previous semester by focusing on leadership theory and decision-making. Lessons in this semester include: problem solving; critical thinking; leadership theory; followership; group interaction; goal setting; and feedback mechanisms. Upon completion of this semester, cadets should be prepared to advance to more complex leadership instruction concerning the dynamics of organizations.

**MISC 201 Advanced Leadership** 1 hour

This course is the first of two designed to teach the principles of leadership. Building upon the fundamentals introduced in the first year, this course explores communication and leadership theory. The course emphasizes practical exercises, as students are increasingly required to apply communication and leadership principles. The course is dedicated to developing leadership and communication skills in the student with an understanding of their value to the Army. Topics discussed include: communication, leadership, and problem solving.

**MISC 202 Tactics and Officership** 1 hour

This course focuses on leadership by providing an extensive examination of the unique purpose, roles, and obligation of commissioned officers. It provides a look at our organizational values and their application to the decision-making process and leadership. The course contains a case study of Army leadership since the Vietnam War in the context of previous lessons of values, decision-making, and communication skills. The course also studies Principles of Tactics, Values and Ethics, and Officership.

**MISC 301 Small Unit Leadership** 2 hours

This course is the first of two that focus on leadership principles, small unit tactics, and the military planning process. The Leadership Development Process (LDP) is a component of this course as well as MISC 302. Other topics include light infantry tactics, motivational theory and techniques, and the role and actions of leaders. Emphasis is placed on applying the Troop Leading Procedures (TLPs) as a guide for planning, executing, and making decisions for complex operations. Cadets will learn military order formats and advanced communication skills to effectively present their plans.

**MISC 302 Small Unit Operations** 2 hours

This course continues to focus on doctrinal leadership and tactical operations at the small unit level started in MISC 301. It includes opportunities to plan and conduct individual and collective training to gain leadership and tactical experience. This course synthesizes the various components of training, leadership and team building. Upon completion, cadets will possess the fundamental confidence and competence of leadership in a small unit setting. Following MISC 302, cadets will attend a challenging summer leadership camp.

**MISC 401 Leadership, Management, and Ethics** 2 hours

This course is the first of two designed to prepare cadets for the transition to lieutenant. The course emphasizes a continuation of leadership and management exercises intended to synthesize and integrate the principles of leadership learned in previous courses. Topics addressed include staff coordination, fundamental counseling methods, the Army Training Management System, ethical imperatives for the junior officer, and battlefield ethics.

**MISC 402 Transition to Lieutenant** 2 hours

This course is the culmination of officership training. The course emphasizes the skills required of newly commissioned officers and concludes with a capstone practical exercise entitled “Platoon Leader.” Topics include: military justice and leadership; operational law; organizing for military operations; and administrative management and logistics. At the conclusion of this course, newly commissioned officers are prepared to meet the physical, moral, emotional, and intellectual leadership challenges facing the evolving Army in the 21st century.

**MISC 497 Special Topics in Military Science** 1–3 hours

**MUSIC**

**MUSC 100 Music Fundamentals** 3 hours

A preparatory course in the rudiments of music, stressing the reading and writing of music notation. This course is an elective and may not be used to meet requirements in general studies or for any major. Preparation for MUSC 105.

**MUSC 103 Music Theory I** 3 hours

An introduction to major musical styles (including representative composers and compositions) from Antiquity through the 20th century.

**MUSC 105 Music Theory II** 3 hours

Prerequisite: MUSC 105

Co-requisite: Piano instruction for students who have not passed the Piano Proficiency Examination.

Instruction in the fundamental rhythm, melodic, and harmonic principles of tonal music. The understanding of these principles is demonstrated through exercises and the analysis of tonal music. Basic note reading in bass and treble clefs is prerequisite. The Music Theory Placement Test is given during Freshman Orientation.

**MUSC 106 Music Theory III** 3 hours

Prerequisite: MUSC 105

Co-requisite: Piano instruction for students who have not passed the Piano Proficiency Examination.

Continuation of MUSC 105. Instruction in the elements of tonal music, including seventh chords, secondary dominant and leading tone chords. Application of these principles is made through analysis of tonal music and part-writing exercises.

**MUSC 107 Aural Skills I** 1 hour

Co-requisite: Must be taken concurrently with MUSC 105

Course activities lead to the development of music-reading and aural perception skills.

**MUSC 108 Aural Skills II** 1 hour

Prerequisites: MUSC 105 and 107.

Co-requisite: must be taken concurrently with MUSC 106.

Continuation of the development of music-reading and aural perception skills.

**MUSC 111 Piano Class I** 1 hour
(Meets 1 hour per week.)

Enrollment by audition with the Keyboard Coordinator.

A beginning course in keyboard skills for students with little or no experience in piano and for students needing remedial study to support MUSC 105, 120 or 121. MUSC 111 does not satisfy Bachelor of Music program requirements.

**MUSC 112 Piano Class II** 1 hour
(Meets 1 hour per week) (Offered spring semester)

Prerequisite: MUSC 111; enrollment by permission of the Keyboard Coordinator.

Continuation of MUSC 111. PPE preparation for one repertoire selection and My Country, ‘Tis of Thee.
NOTE: MUSC 111 and 112 taken consecutively are considered as equivalent to one semester of MUSC 141 by the Department of Music and Humanities.

MUSC 120 Voice Class
Study of vocal performance in a class situation for the beginning vocalist. Includes studies of the physical aspects of singing, performance standards, and vocal hygiene and technique.

MUSC 121 Voice (Freshman) 1 or 2 hours
Private lessons in singing, based on department policies. Admission by audition.

MUSC 141 Keyboard Instruments (Freshman) 1 or 2 hours
Private lessons in piano, organ or harpsichord performance, based on department policies. Admission by audition.

MUSC 150 Guitar Class 1 hour
A guitar class designed for students with no prior performance experience. Instruction includes technical exercises, chords and chord progressions, and development of music reading and performance skills in classical and contemporary styles.

MUSC 151 Strings, Brass, Woodwinds, Percussion (Freshman) 1 or 2 hours
Private lessons in the instruments of band, orchestra or guitar based on department policies. Admission by audition.

MUSC 179 Guitar Ensemble I 1 hour
Prerequisite: Audition and consent of instructor
An ensemble comprised of guitarists; performs repertoire composed or arranged for guitar. Activities include a formal concert presentation and may include other performances both on and off campus.

MUSC 180 University Chorale I 1 hour
Prerequisite: Audition by director
A mixed choral ensemble that stresses the development of strong choral skills. Activities include a major concert and may also include other performances both on and off campus. Admission by audition.

MUSC 181 Concert Choir I 1 hour
Prerequisite: Satisfactory vocal and sight reading skills
A mixed choral ensemble focusing on repertoire for chorus and choral/orchestral ensembles. Music is drawn from all periods of choral music, both sacred and secular. Admission by audition.

MUSC 182 Chamber Singers I 1 hour
A small mixed choral ensemble that performs sacred and secular music of all music periods, focusing on advanced choral repertoire. Annual spring tour. Admission by audition.

MUSC 183 Jazz Ensemble I 1 hour
Prerequisite: Fall audition, membership in Marching Band or Wind Ensemble
An auditioned ensemble specializing in jazz ensemble repertoire. Reading and musical interpretation of jazz rhythms and notation are stressed. Improvisational and ensemble skills are developed. The ensemble performs frequently on and off campus.

MUSC 184 Marching Band I 1 hour
Fall Semesters only
Open to any student with previous experience on a woodwind, keyboard, brass or percussion instrument. No audition is necessary for Marching Band. The Spirit of the Mountain Marching Band performs at home football games, at selected away football games and in various parades and competitions. Members audition for placement.

MUSC 185 Symphony Orchestra I 1 hour
The Liberty University Symphony Orchestra is an instrumental ensemble for string, woodwind, brass, and percussion players. The Liberty University Symphony Orchestra performs on and off campus. Membership in this ensemble is by audition only, and it is open to all students, faculty, and staff of Liberty University.

MUSC 186 Brass Chamber Ensemble I 1 hour
A small ensemble comprised of brass instruments. Repertoire includes music from the Renaissance through the present. Participation engenders performance proficiency and musical understanding through small ensemble rehearsal and performance, including appearances on campus, presentations in schools and concerts at local churches. Admission by permission of instructor.

MUSC 188 Woodwind Chamber Ensemble I 1 hour
Small ensemble experiences for woodwind players. Repertoire includes music from the Renaissance through the present. Performances may include Liberty University student recitals as well as presentations in area schools and churches. Admission by permission of instructor.

MUSC 192 Percussion Ensemble 1 hour
Small ensemble experience for percussionists; specializing in modern percussion repertoire and world music. Reading and musical interpretation of a wide variety of musical styles are developed. The ensemble performs frequently on and off campus. Admission by permission of instructor.

MUSC 194 Wind Ensemble I 1 hour (Offered spring semester)
An auditioned instrumental ensemble for advanced woodwind, brass and percussion students. Repertoire includes original and transcribed wind ensemble works from all eras. Wind Ensemble performs on campus and makes an extensive spring tour annually.

MUSC 205 Music Theory III 3 hours
Prerequisites: MUSC 105, 106
Co-requisite: piano instruction for students who have not passed the Piano Proficiency Examination.
Continuation of MUSC 106. Studies in chromatic harmony and formal procedures of the 18th and 19th century.

MUSC 206 Music Theory IV 3 hours (Offered spring semester)
Prerequisites: MUSC 105, 106, 205
Co-requisite: piano instruction for students who have not passed the Piano Proficiency Examination.
Continuation of MUSC 205. Studies in musical forms and procedures as well as 20th century music theory, focusing on harmonic procedures.

MUSC 207 Aural Skills III 1 hour
Prerequisites: MUSC 105, 106, 107 and 108
Continuation of the development of music reading and aural perception skills. Taken concurrently with MUSC 205.

MUSC 208 Aural Skills IV 1 hour (Offered spring semester)
Prerequisites: MUSC 105, 106, 107, 108, 205, 207. Taken concurrently with MUSC 206.
Continuation of the development of music-reading and aural perception skills.

MUSC 221 Voice (Sophomore) 1 or 2 hours
Prerequisite: A minimum of 2 semesters of MUSC 121
Continuation of private lessons in singing, based on department policies.

MUSC 241 Keyboard Instruments (Sophomore) 1 or 2 hours
Prerequisite: A minimum of 2 semesters of MUSC 141
Continuation of private lessons in piano or organ, based on department policies.

MUSC 243 Class Piano Level III 1 hour
Prerequisite: MUSC 112 or audition.
Class instruction designed for music majors pursuing piano as a secondary area of performance in the Bachelor of Music degree program. Placement in this course is determined by audition with the Keyboard Coordinator each semester. PPE preparation for one repertoire selection, Harmonization I, and Scales.
MUSC 244  Class Piano Level IV  1 hour
Prerequisite: MUSC 243 or audition.
Class instruction designed for music majors pursuing piano as a secondary area of performance in the Bachelor of Music degree program. Placement in this course is determined by audition with the Keyboard Coordinator each semester. PPE preparation for Hymn, Harmonization II, and Arpeggios.

MUSC 245  Class Piano Level V  1 hour
Prerequisite: MUSC 244 or audition.
Class instruction designed for music majors pursuing piano as a secondary area of performance in the Bachelor of Music degree program. Placement in this course is determined by audition with the Keyboard Coordinator each semester. PPE preparation for the Star-Spangled Banner and Sight-reading.

MUSC 246  Class Piano Level VI  1 hour
Prerequisite: MUSC 245 or audition.
Class instruction designed for music majors pursuing piano as a secondary area of performance in the Bachelor of Music degree program. Placement in this course is determined by audition with the Keyboard Coordinator each semester.

MUSC 251  Strings, Brass, Woodwinds, Percussion and Guitar (Sophomore)  1 or 2 hours
Prerequisite: A minimum of two semesters of MUSC 151
Continuation of private lessons in the instruments of the band, orchestra or guitar, based on department policies.

MUSC 304  Keyboard Pedagogy  3 hours
(Offered spring semester)
Prerequisite: Consent of instructor
Discussion of teaching strategies and analysis of studio piano instruction. Evaluation of studio teaching methods and materials.
A survey of keyboard literature, styles and performance practices.

MUSC 309  Orchestration  2 hours
(Offered spring semester)
Prerequisites: MUSC 105, 106, 205, 206
Instrumentation and scoring for orchestra and symphonic band.

MUSC 311  Music History Before 1750  3 hours
(Offered fall semester)
Prerequisites: MUSC 105, 106, 205 and 206
A survey of Western European music from 500 B.C. to 1750 A.D.

MUSC 312  Music History Since 1750  3 hours
(Offered spring semester)
Prerequisites: MUSC 105, 106, 205 and 206
A systematic survey of music history since the Baroque era.

MUSC 316  Choral Conducting  2 hours
(Offered fall semester)
Prerequisites: MUSC 105 and 106
Practical training in directing choral ensembles. Development of basic conducting techniques with emphasis on musical interpretation of selected works. Includes ensemble management, score study, rehearsal techniques, and performance techniques.

MUSC 317  Instrumental Conducting  2 hours
(Offered spring semester)
Practical training in directing instrumental ensembles. Development of baton and left-hand techniques with emphasis on musical interpretation of selected works. Includes score study, rehearsal techniques and performance techniques.

MUSC 318  Choral Arranging  2 hours
(Offered fall semester)
Prerequisites: MUSC 105, 106, 205, 206
A study of the techniques and procedures required in arranging and composing for voices. Skills will be developed through extensive written assignments.

MUSC 319  Choral Literature  2 hours
(Offered fall semester, even numbered years, on demand)
Prerequisite: MUSC 206
A survey of sacred and secular choral literature, medieval to the present; emphasis on the madrigal, oratorio, contemporary British and American music.

MUSC 321  Voice (Junior)  1 or 2 hours
Prerequisites: A minimum of two semesters of MUSC 221 and successful completion of the Junior Candidacy Performance review.
Continuation of private lessons in singing, based on department policies.

MUSC 330  Technology for Musicians  2 hours
(Offered spring semester)
Prerequisites: MUSC 105, 106, 107, and 108 or permission of instructor
The study of computer applications in music, including competencies in the use of music notation software, sequencing, and other types of music technology.

MUSC 331  Composition  2 hours
(Offered on demand)
Prerequisites: MUSC 206 and 208; may be repeated
Introduction to music composition, with detailed attention to style and notation.

MUSC 341  Keyboard Instruments (Junior)  1 or 2 hours
Prerequisites: A minimum of 2 semesters of MUSC 241 and a pass on the Degree Candidacy Audition
Continuation of private lessons in piano or organ, based on department policies.

MUSC 351  Strings, Brass, Woodwinds, Percussion and Guitar (Junior)  1 or 2 hours
Prerequisites: A minimum of 2 semesters of MUSC 251 and a pass on the Degree Candidacy Audition
Continuation of private lessons in the instruments of the band, orchestra or guitar, based on department policies.

MUSC 355  Brass Techniques  2 hours
(Offered spring semester)
Preparation for teaching brass instruments. Emphasis on teaching technique and actual playing of brass instruments.

MUSC 357  Woodwind Techniques  2 hours
(Offered fall semester)
Prerequisites: MUSC 105 and 106
Preparation for teaching woodwind instruments. Emphasis on teaching technique and actual playing of woodwind instruments.

MUSC 363  Percussion Techniques  2 hours
(Offered spring semester)
Prerequisites: MUSC 105 and 106
Preparation for teaching the basic percussion instruments and drum kit. Development of demonstration and playing abilities.

MUSC 374  String Techniques  2 hours
(Offered fall semester)
Prerequisites: MUSC 105 and 106
Preparation for the teaching of violin, cello and double bass. Study of the history, construction, maintenance and acoustical phenomena of string instruments.

MUSC 375  String Pedagogy  3 hours
(Offered on demand)
Prerequisite: MUSC 374 or consent of instructor
Review of the teaching methods of Applebaum, Muller-Rusch, Rolland and Suzuki. Strongly recommended for Instrumental Teacher Licensure Students with strings as the principal performance area.

The development of general music programs and choral and instrumental programs are emphasized. Topics include methods of assessment, communication, and classroom teaching procedures.

**MUSC 491 Secondary Music Methods and Materials Practicum**
1 hour
Prerequisite: Admission to the Teacher Licensure Program; taken concurrently with MUSC 490.

Classroom observation and teaching practice. Fifteen hours of monitored classroom observation and teaching in middle and high school music classroom situations; written evaluation of observing and teaching experiences.

**MUSC 492 Percussion Ensemble**
1 hour
Prerequisite: Four semesters in MUSC 192
Continuation of MUSC 192.

**MUSC 494 Wind Ensemble II**
1 hour
(Offered spring semester)
Prerequisite: Four semesters of MUSC 184 and/or 194
Continuation of MUSC 194.

**MUSC 495 Directed Research**
1 to 3 hours
Directed research into musicological topics. The research is presented as a completed research paper, lecture or lecture-recital. Students are directed individually or in small seminar groups, as may be appropriate.

**MUSC 497 Special Topics in Music**
1 to 3 hours
Prerequisite: Completion of the MUHU Junior Candidacy Performance Review; completion of two semesters of private music performance instruction following the completion of the Junior Candidacy Review; co-enrollment in 400 level private music instruction.

Preparation and presentation of a solo recital under the supervision of the principal performance instructor. MUSC 498 is a graduation requirement for all B. M. programs. May be 25-35 minutes in length, or for students focusing in musical performances, 50-70 minutes in length.

**MUSC 499 Internship**
1 to 6 hours
Prerequisites: Junior or Senior status and required GPA
Orientation to music teaching in the church or other pre-professional musical enterprise. Students survey current professional practices, observe live rehearsals, and participate in professional activities as directed by the internship supervisor. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

**NATURAL SCIENCE**

**NASC 315 Environmental Science**
4 hours
(Offered spring semester)
(3 hours lecture, 3 hours lab)
Prerequisites: BIOL 101 or 102 and MATH 110, Junior or Senior status or permission of the instructor.

An integrative studies course. This course includes the integration and application of biological and physical science principles to environmental issues including biological and sociological impacts of human population growth, use and management of natural resources, sources and regulation of pollution, and biological and economic aspects of conservation.

**NURSING**

**NURS 101 Introduction to Nursing**
1 hour
This course focuses on an introduction to nursing education, nursing process, principles of teaching and learning, current roles of nurses in health care delivery systems as well as historical, ethical, political, social and legal aspects of nursing. This information is related to the curriculum requirements and career opportunities in nursing. Content also includes an introduction to nursing theory and theorists (with emphasis on Roy, Benner, and Gordon) as well as theories of adaptation, caring, systems, communication, health-illness, and caring as a ministry. Presentations include discussion of professional ethics and factors which motivate and influence nurses.

**NURS 105 Medical Terminology**
1 hour
Provides basic understanding of medical terms and abbreviations. Includes study of prefixes, suffixes, word stems, and technical terms with emphasis on proper spelling, pronunciation and applications. Elementary aspects of the nursing process with special emphasis on assessment are incorporated.

**NURS 115 Sciences in Nursing**
3 hours
Prerequisite: BIOL 213/214
The focus of this course is on physiological changes resulting from imbalances in the man-environment interaction throughout the life span. The emphasis is on application of general concepts of adaptation and homeostasis to each of the body’s systems and on relationship of these concepts to the practice of clinical nursing. The course provides the student with a scientific knowledge base applicable to the more advanced clinical practice of nursing. (Formerly NURS 215)

**NURS 200 Nursing Process Application**
2 hours
Prerequisite: Acceptance into the Nursing Major
This course is designed to help students achieve success in the Liberty University Nursing Program. Students will learn and apply strategies for analyzing, evaluating, and researching information for clinical decision-making. Students will apply critical thinking constructs to develop and write nursing care plans and pathophysiology for selected patients in case studies.

**NURS 210 Health Assessment**
3 hours
(1.5 hours lecture; 4.5 hours clinical)
Prerequisite: Admission to the Nursing Major
This course focuses on the development of a body systems approach to health assessment of individuals emphasizing normal growth and developmental responses across the lifespan. Content includes an introduction to the knowledge and skills of health assessment through a variety of methodologies in the classroom, opportunities to practice skills in the nursing laboratory and experiences in the clinical settings. Students apply communication techniques in eliciting comprehensive health histories and perform physical examinations in evaluating health status.

**NURS 221 Fundamentals in Nursing**
4 hours
(2 hours lecture; 6 hours clinical)
Prerequisite: Admission to Nursing Major
This course focuses on the provision of safe and effective care related to common nursing technologies and the basic time and self-management as well as concepts regarding the establishment of effective communication skills, adaptation techniques, patient teaching techniques and specific age related considerations in the provision of nursing care are also discussed. The nursing laboratory, acute and long-term care settings provide the opportunity for the development of basic skills including medications.

**NURS 225 Research in Nursing**
3 hours
Prerequisite: Admission to the Nursing Major
This course provides an overview of the nursing process including methodology, design and interpretation of findings. It focuses on acquiring the beginning knowledge and skills essential for critical evaluation of research reports as well as guidance in the production of a poster presentation which incorporates evidence based knowledge related to a specific clinical problem.

**NURS 299 Internship**
0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
Application procedures processed through the Career Center. Must apply semester prior to internship.
In-depth exploration of bodily system dysfunction throughout the adult lifespan provides the focus of this course. Principles of pre-, intra-, and post-operative management, infection and wound management will be discussed. Discussions of dysfunctions of the respiratory, cardiac, vascular, hematologic, gastrointestinal, genitourinary and endocrine systems will also be included in the course content. With each topic covered, principles of care designed to most effectively maintain or restore homeostatic mechanism are addressed. Aspects of patient teaching and discharge planning are incorporated into each system. Assessment, analysis, planning, implementation and evaluation are emphasized as the nursing process is applied to the clinical learning experience in the acute care setting. Legal, ethical, political and economical issues are addressed in the theoretical and clinical component of this course. The student will be responsible for the management of self and one client in the clinical setting.

NURS 302 Strategies for Adult Health Care II 5 hours  
Prerequisites: NURS 210, 221, 305  
Continued in-depth exploration of bodily system dysfunction throughout the adult lifespan provides the focus of this course. Discussion of the musculoskeletal system, eye and ear, hepatobiliary and pancreatic systems, male and female reproductive systems, and neurological systems are included in the course. Cancer and therapeutic treatment of cancer, death and dying, and gerontology are also addressed in the course content. Principles of care designed to most effectively maintain or restore homeostatic mechanisms are discussed. Family involvement, coping and education are discussed with each system. Assessment, analysis, planning implementation and evaluation are emphasized as the nursing process is applied to the clinical learning experience in the acute care setting. Legal, ethical, political and economical issues are addressed in the theoretical and clinical components of the course. The student will be responsible for the management of the total patient/family needs of one or more patients each week in the clinical setting.

NURS 305 Pharmacology 2 hours  
Prerequisites: NURS 210, 215, 221  
Introduction to clinical drug therapy with emphasis on the knowledge and interventions needed to maximize therapeutic effects and prevent or minimize adverse effects of drugs. Major content areas include basic concepts of pharmacology, groups of therapeutic drugs, prototypes of drug groups, commonly prescribed individual drugs, drug effects on body tissue, human responses to drug therapy, and applying nursing process in relation to prescribed drug therapy regimens.

NURS 306 Pharmacology II 2 hours  
Prerequisites: NURS 305 and acceptance into the Nursing major  
Continued exploration of clinical drug therapy with emphasis on the knowledge and interventions needed to maximize therapeutic effects and prevent or minimize adverse effects of drugs. Major areas of study include groups of therapeutic drugs, their application in disease-process management, and their effects. Legal and professional issues surrounding the safe administration of medications are discussed. Human responses to drug therapy and application of the nursing process in relation to prescribed drug therapy regimens are discussed.

NURS 325 Nursing Concepts 1 hour  
Prerequisite: Restricted to Registered Nurses only  
This course is designed to assist the registered nurse student through the transition between basic nursing preparation and a more advanced level of nursing practice. Focus is on concepts and issues related to the professional nurse, the nature and scope of professional nursing and selected theoretical models for nursing practice.

NURS 352 Caring for the Childbearing Family I 4 hours  
(2 hours lecture; 6 hours clinical)  
Prerequisites: NURS 210, 215, and 221  
The pregnant family through early infancy will be the unit of study. Discussion of political, economic, social, religious and health care influences on reproduction and family life and the counter influences of pregnancy and the birth of children in communities and societal systems will be included. The course focuses on the pregnant family’s interaction with the environment. The stages of pregnancy, fetal development and adaptation of the newborn to extra-uterine life are the major topics of discussion. Normal and minor disruptions of the physiological and psychological functioning of the mother, the newborn and various family members will be emphasized through theory and practice.

NURS 353 Caring for the Childbearing Family II 4 hours  
(2 hours lecture; 6 hours clinical)  
Prerequisites: PSYC 210, NURS 210, 215 and 221  
This course provides a comprehensive overview of child health problems from infancy to adolescence. Discussion of political, economic, social, religious and health care influences on child rearing families will be included. Study of the needs of the ill child and the hospitalized child and the resulting affects on the child’s family will be emphasized through theory and practice.

NURS 415 Cross-Cultural Nursing 3 hours  
(2 hours lecture; 3 hours clinical)  
Prerequisite: NURS 301 or concurrent enrollment  
The student utilizes the nursing process while gaining an understanding of the delivery of health care in a culture outside the United States or a subculture within the United States. The experience provides the student with an opportunity to examine personal values and beliefs as they are related to health practices of people from other cultures. It provides opportunity to experience the stress resulting from linguistic differences and the adaptation required to adjust professional and personal practices to a different cultural environment. Issues and view of health and illness are included in the student’s analysis of the relationship between cultural considerations and personal and health behavior. Students develop and practice communication skills and caring as a ministry with individual and family members of another culture.

NURS 416 Preceptorship in Nursing 3 hours  
(1 hour lecture; 6 hours clinical)  
Prerequisites: NURS 301, 302, 352, 353 and recommendation of faculty  
This elective course focuses on the nursing process in the care of adults and children with multiple and complex nursing problems. Secondary and tertiary health care settings will be utilized. Students will be given the opportunity to select an area of concentration and to be associated with preceptors of experience in the field of choice. The course will include 15 hours of classroom time and 90 hours of clinical experience. The clinical experience will be guided by a learning contract, the preceptor and the instructor.

NURS 417 Crisis Nursing 3 hours  
(2 hours lecture; 3 hours clinical)  
Prerequisite: NURS 301 or concurrent enrollment  
This course focuses on care of individuals and families in crisis. Theories of adaptation as well as situational and maturational crisis will be discussed and applied through use of the nursing process. Students have opportunities for communication and client teaching in a variety of crisis situations. Secondary and tertiary health centers as well as community support agencies will be utilized as clinical settings.
NURS 418  Gerontological Nursing  3 hours
(2 hours lecture; 3 hours clinical)
Prerequisite: Completion of one clinical course
This course will focus on the nursing care of the elderly, with
special emphasis on health and wellness. Issues surrounding the
aging process will be discussed. Students will have the opportunity
to utilize knowledge and skills in a variety of facilities serving
older adults.

NURS 419  Strategies for End of Life Care  3 hours
Prerequisites: NURS 201, 215, 221, 301 or permission of the
instructor
This course focuses on the physical, emotional, legal and
ethical issues that face nurses as they care for patients in their final
days of life. Attention is paid to the lived experiences of the dying
patient and their significant others. Strategies are discussed for
professional intervention on behalf of the patient.

NURS 420  Comprehensive Pain Management  3 hours
Prerequisites: NURS 210, 215, 221, 301, 302, 306 or
permission of the professor
This course emphasizes the development of the nurse as an
advocate pertaining to pain management. Areas of study include
societal bias, ethnic and gender bias related to pain management,
ethical and legal considerations, and the nurse’s role in the
development of a therapeutic culture for pain management. This
course will establish a sound foundation for nurses to take a
leadership role in pain management.

NURS 440  Strategies for Community Health Care  5 hours
(3 hours lecture; 6 hours clinical)
Prerequisites: BIOL 203, NURS 301, 302, 352 and 353
This course focuses on the application of the nursing process to
a population or community group. Emphasis is placed on community
assessment process and the development of nursing strategies to
assist multi-problem families, considering health on a continuum,
throughout the lifespan. Family systems theory, theories of
adaptation and educational needs of various populations will be
addressed. The clinical focus is on the development of a broader
perspective of the nurse’s role in a variety of clinical and
environmental settings. In addition, the nurse’s role on the
community health team and an understanding of health care needs of
different cultural groups will be studied.

NURS 445  Population Health  3 hours
Prerequisites: NURS 301, 302, 305, 306, 352, and 353
This seminar course provides an overview of genetics,
genomics, geriatrics, end-of-life care, and cultural sensitivity from
a Christian worldview. Through the use of evidence-based
practice guidelines, the student will utilize knowledge and skills
attained throughout their nursing education and apply it to a variety
of educational activities. These include Senior Mentor project,
interaction with a community specialist panel, evidence-based
research, self-reflection, therapeutic communication and critical
thinking skills.

NURS 451  Strategies for Mental Health Care  3 hours
(2 hours lecture; 3 hours clinical)
Prerequisites: NURS 301, 302, 352 and 353
This course focuses on the psychosocial needs of an individual/family. Biological, psychological and spiritual systems will be
emphasized. Development of nursing knowledge and skill for
intervention with social-emotional balances and imbalances in the
lifespan will be explored. Stress, adaptation, communication and
personality development are emphasized. Behavioral concepts and
mental health theories are integrated. In- and out-patient mental
health agencies will serve as practice areas.

NURS 460  Advanced Strategies for Adult Health Care  4 hours
(2.5 hours lecture; 4.5 hours clinical)
Prerequisites: NURS 301, 302, 352 and 353
This course focuses on application of the nursing process in
highly complex and/or life threatening situations. Content builds
upon knowledge gained in previous courses, with an emphasis on
the integration of this knowledge in a challenging patient population. A
holistic approach is utilized, with psychosocial, legal, and ethical
considerations discussed.

NURS 465  Advanced Strategies for the Critically Ill  3 hours
(2 hours lecture; 3 hours clinical)
Prerequisites: All Junior-level nursing courses and NURS 460
This course focuses on application of the nursing process in
highly complex and/or life threatening situations. Content builds
upon knowledge gained in previous courses, with an emphasis on
the integration of this knowledge in a challenging patient population. A
holistic approach is utilized, with psychosocial, legal, and ethical
considerations discussed.

NURS 466  Advanced Critical Care II  3 hours
(2 hours lecture; 3 hours clinical)
Prerequisites: NURS 352, 353 (and completion of the
Richmond program), NURS 460
This course focuses on application of the nursing process in
highly complex and/or life threatening situations of the high risk
mother and the critically ill infant and child. Content builds upon
knowledge gained in previous courses, with an emphasis on the
integration of this knowledge in a challenging patient population. A
holistic approach is utilized, with psychosocial, legal, and ethical
considerations discussed.

NURS 490  Leadership/Management in Nursing  5 hours
(3 hours lecture; 6 hours clinical)
Prerequisites: NURS 301, 302, 352 and 353
Note: Must be taken the last semester of nursing major
Benner’s work on the novice to expert continuum and the seven
domains of nursing will be explored and students will apply concepts
to their own practices, both past, present and future. The leadership
roles of the nurse as an individual and a group member while
utilizing the Christian principles such as godly character, servant
attitude, honest and commitment will be emphasized. While caring
for groups of patients and individuals, students will explore a variety
of content areas including systems theory, professional practice
models, care delivery models, nurse sensitive quality indicators,
foundational documents that drive the nursing profession, financial
that are relevant to supporting care in the practice setting, the
influence of regulatory agencies on the delivery of care and health
policies that affect health care in general. Students are expected to
synthesize previously learned knowledge in complex nursing
situations and to expand their abilities to use the problem-solving
and decision-making processes.

NURS 495  Directed Research  1 to 3 hours

PHILOSOHY

PHIL 201  Philosophy and Contemporary Ideas  3 hours
Prerequisite: ENGL 101
A survey of the major positions and figures in philosophy and the
cultural worldviews and practical applications that derive from
them, focusing specifically on theism, naturalism and humanism in
contemporary thought.
PHIL 430 Central Historical Controversies 3 hours
A study of the basic laws of rational thought and their application to actual examples of verbal and written argumentation.

PHIL 240 Christian Evidences 3 hours
A survey of the evidences for the central truths of Christianity; the existence of God, the deity and resurrection of Christ and the authority and truth of the Bible.

PHIL 301 History of Philosophy I 3 hours
A study of major western philosophers through Thomas Aquinas.

PHIL 302 History of Philosophy II 3 hours
A study of major western philosophers from the 13th century to Kant.

PHIL 303 History of Philosophy III 3 hours
A study of major western philosophers of the 19th and 20th centuries.

PHIL 310 Symbolic Logic 3 hours
This course covers the essential elements of symbolic logic, including categorical, sentential, and predicate logic, both translations and proofs. This course will introduce and develop the symbolic nature of propositional and predicate logic, as well as examine such things as validity and soundness, truth tables, rules of deductive inference and replacement, formal axiomatic systems, relations, alternative notations and proof techniques.

PHIL 346 Eastern Philosophies 3 hours
A study of Hindu, Buddhist and Confucian philosophical systems. The student will explore the basic logics employed in these systems, as well as the structure of their content.

PHIL 350 Ethics 3 hours
A survey of central ethical issues and problems and the major philosophical approaches to their solution.

PHIL 360 Philosophy of Science 3 hours
A study of the definitions, methods and presuppositions of both the natural and social sciences and their relationships to ethics and revelation.

PHIL 380 Biomedical Ethics 3 hours
A survey of the major ethical issues that are currently facing the life and medical sciences. Topics will cover ethical issues concerning life and death, clinical and health care, medical research and allocation of medical resources. Emphasis will be placed on providing guidelines in making critical ethical decisions, especially for those planning careers in the medical field.

PHIL 420 Epistemology 3 hours
A study of the major views on the basic issues of knowledge, belief, perception and certainty with special attention paid to the central historical controversies.

PHIL 430 Metaphysics 3 hours
An introduction to the philosophical discussion of being; the nature of reality, the existence and attributes of God, and the nature of human persons, including the mind-body problem and the issue of freedom and determinism.

PHIL 440 Philosophy of Religion 3 hours
A study of the major issues in religion: the existence of God, the problem of evil, freedom and determinism, and religious language.

PHIL 465 The Thought of C.S. Lewis 3 hours
A study of a contributions to philosophy and Christian thought of C.S. Lewis. Special attention is given to his biography, early life and conversion, academic development, methods of critical thought, defense of the faith, arguments in favor of theism, poetry, mythopoeic literature, science fiction, as well as many contributions not usually associated with Lewis’s popularity and recognition. Contemporary and recent literature on Lewis will be critically examined.

PHIL 468 The Thought of J.R.R. Tolkien 3 hours
This is a study of the contributions to philosophy and Christian thought in the writing of J.R.R. Tolkien. The course will examine the implicit power of story in the major and minor works of J.R.R. Tolkien. In addition to exploring themes of identity, heroism, good and evil, and other moral virtues in Tolkien’s mystical and short story writings, we will consider the influences of Tolkien’s mythology and historical fiction in popular culture. While there will be some literary analysis throughout the course, most of the seminar will discuss the influence of mythology (i.e., the concept of eucatastrophe and sub-creation in fairy stories [i.e., fantasy], and the implicit power of language, virtue and free-will behind the worldview of Middle-earth).

PHIL 495 Directed Research 1 to 3 hours
Preprerequisite: PHIL 201
A seminar on various topics in philosophy, including current trends and figures.

PHIL 497 Special Topics in Philosophy 1 to 3 hours
Preprerequisite: PHIL 201
A seminar on various topics in philosophy, including current trends and figures.

PHYSICAL SCIENCE

PHSC 102 Elements of Physical Science 3 hours
A study of the basic concepts of chemistry and physics for non-science majors. Topics covered include structure and properties of matter; physical and chemical changes; motions and forces; sources, transfer, and conservation of energy; electricity and magnetism; sound and light.

PHSC 104 Elements of Physical Science Lab 1 hour
An optional 2-hour weekly laboratory experience to accompany PHSC 102. Attention will be given to laboratory procedures in chemistry and physics, safety, mathematics, measurement, data manipulation, and everyday uses of chemistry and physics.

PHSC 210 Elements of Earth Science 3 hours
A study of the principles of physical and historical geology, oceanography, and meteorology for non-science majors. Includes a two-hour weekly lab.

PHSC 211 Elements of Earth Science Lab 1 hour
An optional 2-hour weekly lab experience to accompany PHSC 210.

PHSC 310 Astronomy: An Integrated Approach 4 hours
Prerequisites: PHYS 101 or PHSC 102 or equivalent
An integrative studies course using principles of astronomy as a framework for integrating disciplines such as mathematics, physical sciences, history, and literature from the general education curriculum. Includes a three-hour weekly laboratory.

PHYSICS

PHYS 101 Elements of Physics 3 hours
A study of the basic concepts of physics for non-science majors. Included topics: Mechanics (motion, energy, simple machines, momentum, gravity), heat and thermodynamics, electricity and magnetism, sound and light, history and methodology of science.

PHYS 103 Elements of Physics Lab 1 hour
An optional lab to accompany PHYS 101. Attention will be given to laboratory procedures of physics, safety, mathematics, measurement, and data manipulation and everyday uses of physics.

An investigation of the psychological and environmental factors related to puberty, peer identification and identity conflict in the adolescent. Emphasis will be upon the development of self-identity and the problems faced by the American adolescent.

The focus will be on viewing adult development as an integrative, dynamic and continuous process terminated only at death. The whole span of adulthood will be examined, including retirement and old age.

An introduction to psychological research techniques and methodology designed to improve students' understanding of the basic issues in the scientific methods of the social sciences. The goals of the course are: to improve students' understanding of the concepts related to research methodology; to improve the students' ability to communicate ideas about science, including a significant amount of writing; and survey of both quantitative and qualitative research methods.

Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.

Selected topics in psychology will be treated at an advanced level. Experience will be acquired in clinic settings and through exposure/intern opportunities. Application procedures processed through the Career Center. Must apply semester prior to internship.

Prerequisite: PSYC 101, 210, SOCI 201, or permission of the instructor

An introduction to the theory and treatment of substance abuse and addiction. Students will be exposed to both secular and biblical concepts of substance abuse and will be asked to formulate an appropriate integration of both sets of material.

Prerequisite: PSYC 305

Advanced information on the theory and treatment of substance abuse and addiction with both secular and biblical concepts of substance abuse, recovery, and the impact upon family systems and society. An appropriate integration of the sets of materials will focus on the 12-step method of recovery and methods of relapse prevention.

Acquaints the student with various learning theorists and models of learning. Focus is on the generation of practical solutions to problems associated with the teaching-learning process.

Prerequisite: PSYC 101, 210, or SOCI 200

Social psychology is the study of how the presence of other people affects an individual’s behavior, as well as how an individual forms opinions and attitudes about others. Topics in the course include interpersonal attraction, accuracy of eye-witness testimony, impact of TV on aggression, non-verbal communication, group decision making, and the impact of advertising on beliefs and behavior.

An introduction to the wide variety of positions psychologists fill in government, industry, education and the social services. Students are given information on the various applications of psychological theories, principles and practices as they relate to different career fields.

Industrial and Organizational (I/O) Psychology is the application of the scientific study of human behavior and mental processes to work organizations. The major areas of concern for I/O psychologists include recruitment, selection, training, evaluation, motivation, leadership and job attitudes. Additional time will be dedicated to the investigation of human factors engineering and consumer behavior.

An examination of the various types of crises and the effect upon the individual. Coping skills and therapeutic approaches are discussed. Areas addressed include: PTSD, Chemical Dependency, Crises of Lethality, and Sexual Assault, among others.

Consumer Psychology is the study of individuals, groups, or organizations and the processes they use to select, secure, use, and dispose of products, services, experiences, or ideas to satisfy the wants and needs of the consumer and society.

The application, implementation, measurement, and evaluation of behavior management techniques in various settings including hospitals, institutions, and schools.

The facts of demography describe the background and present status of elderly people in the United States. Then the biological, psychological and sociological factors in aging will be studied to promote an in-depth understanding of the dynamics of aging. The dying-grieving processes, as well as LTC policies and government-sponsored programs are explored.

The major historical and contemporary theories of the origin and development of personality are explored, emphasizing the role of the dynamics of personality.

All major areas of exceptionality will be surveyed to provide undergraduate students with a first contact with the field of exceptionality. The focus is cognitive content-based rather than experiential. Characteristics of children and families will be evaluated, according to theories of human development.

Bibliotherapy is a study of the history, methodologies, and applications of the use of therapy through books and as a process of dynamic interaction between the personality of the reader and literature. Literature for children and adolescents is presented as a tool and a backdrop for counseling troubled clients with needs similar to those of characters presented in the literature. Appropriate bibliographies with assigned readings are combined with topics on issues of common concern. Students are given the opportunity to explore personal issues as well as those expected to be encountered in social service settings.

Mental health counseling should assist students to take their own backgrounds into account before learning about counseling approaches which center around techniques shown to be multiculturally effective. The importance of therapist characteristics will be emphasized. Additionally, research leading to the misunderstanding of minority culture members will be critiqued as the value of objective scientific reporting is recognized to be critical to advancement in the mental health field.

Prerequisite: MATH 110 or the equivalent  
Introduction to descriptive statistics and probability, probability distributions, estimation, tests of hypotheses, chi-square tests, regression analysis, and correlation with applications in business and science.  

NURSING

NURS 210  **Health Assessment**  3 hours  
Prerequisite: RN License in good standing  
This course focuses on the development of a body systems approach to health assessment of individuals emphasizing normal growth and developmental responses across the lifespan. Content includes an introduction to the knowledge and skills of health assessment through a variety of methodologies in the classroom, opportunities to practice skills in the nursing laboratory and experiences in the clinical settings. Students apply communication techniques in eliciting comprehensive health histories and perform physical examinations in evaluating health status.  
NURS 215  **Pathophysiology**  3 hours  
Prerequisite: BIOL 211; NURS 350; RN License in good standing  
The focus of this course is on physiological changes resulting from imbalances in the man-environment interaction throughout the life span. The emphasis is on application of general concepts of adaptation and homeostasis to each of the body’s systems and on relationship of these concepts to the practice of clinical nursing. The course provides the student with a scientific knowledge base applicable to the more advanced clinical practice of nursing.  
NURS 220  **Advanced Nursing Communication**  3 hours  
Prerequisite: RN License in good standing  
It is essential that professional nurses have communication skills that are effective in promoting optimal interaction with others in a variety of situations. This course focuses on developing expert communications skills when communicating with other health care providers and patients and when communicating professional information through writing and speaking.  
NURS 225  **Research in Nursing**  3 hours  
Prerequisite: NURS 350; RN License in good standing  
This course provides an overview of the nursing process including methodology, design and interpretation of findings. It focuses on acquiring the beginning knowledge and skills essential for critical evaluation of research reports as well as guidance in the production of a poster presentation which incorporates evidence based knowledge related to a specific clinical problem.  

NURS 325  **Nursing Concepts**  1 hour  
Prerequisite: NURS 350; RN License in good standing  
This course is designed to assist the registered nurse student through the transition between basic nursing preparation and a more advanced level of nursing practice. Focus is on concepts and issues related to the professional nurse, the nature and scope of professional nursing and selected theoretical models for nursing practice.  
NURS 440  **Strategies for Community Health Care**  5 hours  
Prerequisites: NURS 350; RN License in good standing  
This course focuses on the application of the nursing process to a population or community group. Emphasis is placed on community assessment process and the development of nursing strategies to assist multi-problem families, considering health on a continuum, throughout the lifespan. Family systems theory, theories of adaptation and educational needs of various populations will be addressed. The clinical focus is on the development of a broader perspective of the nurse’s role in a variety of clinical and environmental settings. In addition, the nurse’s role on the community health team and an understanding of health care needs of different cultural groups will be studied. (Formerly NURS 350)  
NURS 445  **Population Health**  3 hours  
Prerequisites: NURS 350; RN License in good standing  
This seminar course provides an overview of genetics, genomics, geriatrics, end-of-life care, and cultural sensitivity from a Christian worldview. Through the use of evidence-based practice guidelines, the student will utilize knowledge and skills attained throughout their nursing education and apply it to a variety of educational activities. These include Senior Mentor project, interaction with a community specialist panel, evidence-based research, self-reflection, therapeutic communication and critical thinking skills.  
NURS 490  **Leadership/Management in Nursing**  3 hours  
Prerequisites: NURS 350; RN License in good standing  
Health Care organizations and the leadership/management skills required in various nursing care delivery systems are explored in this course. Emphasis is in the leadership roles of the nurse as an individual and a group member. While caring for groups of patients and individuals, students will explore a variety of nursing roles such as associate nurse, primary nurse, medication administrator and patient caregiver. Students are expected to synthesize previously learned knowledge in complex nursing situations and to expand their abilities to use the problem solving and decision making processes.  
NURS 491  **Nursing Management**  3 hours  
Prerequisites: NURS 350; RN License in good standing  
This seminar course provides an overview of organizational theory, management theory, and change theory. The course examines nursing staffing patterns, patient care technology, information management, and communication between healthcare providers. Healthcare policies, including financial and regulatory influences are also reviewed. The course uses several techniques such as evidence based research, self-reflection, therapeutic communication, and critical thinking skills to gain understanding in nursing management.  
NURS 492  **Advanced Concepts in Nursing Practice**  3 hours  
Prerequisites: Completion of all nursing courses; RN license in good standing  
This is the capstone course for the RN-BSN program. The student engages in academic endeavors that reflect application, synthesis and evaluation of concepts and nursing issues studied throughout the completion program. Application of educational experience to professional growth and contribution to the nursing profession is emphasized.

Financing the University

The Office of Development is designed to develop and foster lifelong relationships between the University and its constituents. By establishing opportunities for all graduates, friends, students, families, faculty, staff, corporations, and foundations to financially support the University, this office helps Liberty University maintain and enhance the outstanding quality of its faculty, students, programs, and facilities.

Provided below is an overview of ways to support Liberty University.

Development
Annual Fund, Outright Gifts, Matching Gifts, and Gifts in Kind
Annual gifts are contributions for the current, unrestricted use of the University or any of its colleges, schools, and programs. Outright gifts include contributions of cash, securities, and written pledges. Gifts of securities are credited at market value on the date the gift is delivered or postmarked. Matching gifts encourage charitable giving by matching their employees’ contributions. Gifts in kind are gifts of tangible personal property, such as artwork, computers, real estate, and services, which may be used by Liberty University or sold for funds to help support our continuing efforts to provide an outstanding Christian higher education. Gifts in kind may provide substantial tax benefits.

Specific information on the above plans may be obtained by contacting:

Mr. Tom Arnold
Vice President for Development
1971 University Blvd.
Lynchburg, VA 24502
(866) 602-7983

FEDERAL AND STATE FUNDING
Liberty University does not receive any Federal or State funding other than Student Financial Aid, which is utilized only for eligible individual students. Eligible students may receive funds from Federal Pell Grants, Federal Supplemental Education Opportunity Grants, Federal Work Study Grants, Federal Family Education (Stafford and PLUS) Loans, Virginia Tuition Assistance Grants, and Virginia College Scholarship Assistance Program Grants.

The University has never accepted Federal or State funds for its operations, endowment, or capital funding projects.

Estate Planning
Bequests
Federal tax laws encourage bequests to qualified institutions like Liberty University, with an unlimited estate tax deduction for such legacies. Here is a sample form of bequest your attorney may adapt in preparing your will:

I give, devise and bequeath to Liberty University, a Virginia non-stock, non-profit corporation located in Lynchburg, Virginia 24502, ___% of my estate to be used for its general purposes.

Gift Annuity Agreements
Those who want to place a portion of their savings with the University and at the same time receive income for life may find that the Liberty University Charitable Gift Annuity meets their needs. The rate of return depends on the annuitant’s age at the time the agreement is made.

Life Insurance, IRAs, and Pension Plans
A paid-up life insurance policy makes an excellent gift to Liberty University. The donor may receive significant tax benefits with this type of gift. Traditional IRAs and other qualified pension plan assets can be an excellent source of funding for charitable gifts. If these assets are transferred to an individual, the current value is subject to estate taxes, as well as federal and state income taxes (sometimes exceeding 80% of the value), but when designated to Liberty University, taxes are eliminated.

Real Estate
Land, homes, buildings, and other real property may be given to Liberty University as an outright gift or used to fund a life-income gift. A home may be given to the University and continue to be lived in throughout an individual’s lifetime. This is called a “Life Estate.” All such gifts of real estate and real property can benefit both the individual and the University.

Scholarships/Endowments
Gifts can be placed as a permanent endowment scholarship with the University. Each year the interest earned from the investment will provide tuition help for worthy students.

Trusts
Charitable Remainder Trusts (CRTs) are life income gifts. The remainder comes to the University after the passing of all income beneficiaries. Charitable Lead Trusts generate income for the University during the term of the trust, after which the assets are passed along to the heirs with significant tax savings.
