Doctor of Ministry Thesis Student Agreement

Upon registration of DMIN 889, you will be considered to be in the project phase of your degree. You are required to be continuously enrolled in DMIN 889 until you are ready to defend your thesis. This means that you will have to register for the DMIN 889 class every semester until you are ready to defend. This does not include the Summer semester. **If you do not stay continuously registered for the DMIN 889 until you are ready to defend your Thesis Project, you will break enrollment.** Students who are ready to defend their thesis will need to go through the process of registering for DMIN 890.

If you break enrollment, you will need to apply for re-admission into the Doctor of Ministry program. If re-accepted, you will be required to complete your degree per the degree requirements that are in effect at the time of your re-admittance. Please note that requirements for the degree when re-admitted may differ from those you have been following previously.

Per the current protocols for the Doctor of Ministry degree, you must complete DMIN 889 a **minimum of two times** before being eligible for registration for DMIN 890: Project Defense. In order to graduate in a given semester, you must be registered for DMIN 890 for the given semester, successfully defend the project, and complete all other degree program requirements.

- 15 FEBRUARY – SPRING SEMESTER
