Liberty University Online Areas of Study Guide for INDS Students

 Areas of Study that can be completed 100% online and the courses available online that fit into them. 

 All Areas of Study need to be a minimum of 15 credits with 9 credits being upper level.** Two or more Areas of Study can be combined for a total of 45 credits.

*The Social Sciences Area of Study and Paralegal Studies Area of Study are listed on this page because they can be completed 100% online even though they are Transfer Areas of Study. Unlike the rest of the Areas of Study listed above, they do not require any upper level courses. However, if the student still needs 30 hours of upper levels to graduate they may still end up needing upper level courses in the Area of Study to meet graduation requirements.

**PSYC 101/210 may not be available for the Area of Study if used to meet the General Education Psychology requirement.

***The STEM-499 Internship is optional. If students opt out they can replace it with any of the upper level ENVR courses.

Courses with CINE, CTSE, INFO, ETHM, CFRE, COSP, RLST and CESL prefixes are not approved to be used in any Areas of Study at this time. HIST 101 cannot be used in the Social Sciences Area of Study. CCOU, LIFC or CRIS courses cannot be used in the Psychology Area of Study.
