

## Introducing **Riverbend Integrative Trauma Treatment and RITT Fellows Programs**

We are beginning an outpatient psychotherapy program in Fall 2019 developed to train new therapists and to serve children and families who are dealing with multi-generational and complex treatment issues. We believe in assessing and treating the underlying root trauma to help improve current mood, functioning and abilities for self-care.

We are looking for a diverse group of applicants for our **RITT Fellows** Program who will help us best connect with and serve these families.
