

Internship & Practicum Placement Opportunity

Alamo Ranch Counseling & Wellness

Group Private Practice • San Antonio, Texas • In operation since 2021

About the Opportunity

We are currently accepting applications for practicum and internship placements starting as early as May 2026. We work with students across practicum and internship levels and offer a structured, supportive training experience in a private practice setting.

We are looking for students interested in working with **couples, families, adolescents, and clients navigating maternal mental health**, and who can commit to two semesters.

Format & Time Commitment

Format: Hybrid — interns come on-site one to two days per week and work one virtual shift.

Weekly commitment:

- 10 to 15 client hours per week
- 1 hour of weekly individual supervision
- Approximately 2 hours per month of professional development
- Initial onboarding: 2 to 4 hours

Current available client hours:

- On-site (Mondays, Tuesdays, or Wednesdays): 9AM to 1PM
- Virtual evenings (Tuesdays, Wednesdays, or Thursdays): 3PM to 7PM
- Virtual Saturdays: 10AM to 2PM

Note: Virtual shifts require interns to have access to a private space for conducting telehealth appointments.

What Interns Gain

- Weekly individual supervision with a licensed supervisor
- Hands-on training in client engagement, case management, and private practice operations
- Participation in community-facing programming each semester, including youth workshops, a perinatal support group, and occasional community outreach events
- A structured professional development plan with training built in
- An inside look at how a group private practice operates

While this placement does not guarantee employment, **many of our interns have joined our team as LPC-Associates after graduation.**

How to Apply

Students can apply directly using the link below. Applications are reviewed on a rolling basis and we are currently scheduling interviews for Summer 2026 placements.
