# Become Missional In Your Work

- This international collaboration of U.S. based professionals and trauma care providers will use their skills to address;
  - Burnout
  - Compassion Fatigue
  - Vicarious Trauma
- You will bring refreshment and restoration to individuals working in extreme crisis environments.
- A unique learning environment for mental health professionals to work with indigenous leaders, in developing countries, use your skills and gain new ones.
- Strong focus on working alongside indigenous social service and counseling leaders in the field of trauma related care, through workshops, retreats and trainings in real time application.
