DID YOU KNOW?

Professional Advising appointments received a **94%** satisfaction rating.

We offer online and in-person non-credit, skill-based courses and micro-credentialing designed to help you develop new skills and enhance existing ones.

97% of students felt more confident after visiting residential Writing Services.

98% of students reported they were better prepared for their next vocational step after meeting with Career Services.

Academic Mentoring provides 1-on-1 appointments to help students build essential skills, such as time management, organization, goal setting, and more to succeed in life and college.
