

Housing Disability Accommodation Request

Accommodation Request Documents

The accommodation request for housing accommodations in LUAccommodate must include an attachment of the **Disability Verification Form for Housing Accommodation**. This form must be completed by a qualified healthcare provider – see the following description:

Liberty University requires documentation from an appropriately qualified healthcare provider who is currently treating the student in order to accurately and equitably evaluate each request. The healthcare provider must have an active professional license from the Commonwealth of Virginia or the state of the student's permanent residence. The qualified healthcare provider completing all parts of the Disability Verification Form for Housing Accommodations cannot be related to the student.

Accommodation Request Process

The housing accommodation process always includes (but may not be limited to) the following steps:

1. Submission of a request through LUAccommodate by the student, including the attachment of a completed Disability Verification Form for Housing Accommodations.
2. Student meeting with ODAS staff
3. Verification of the disability by ODAS staff based on documentation
4. Housing accommodation notice submitted to Residence Life
5. A response from Residence Life regarding the request
6. Reply to the student regarding the accommodation request

Reasonable Accommodation

The Office of Residence Life provides reasonable accommodations to residents with Disabilities, who have gone through the process of disability verification with ODAS, in so far as it is reasonably possible to do so.

Due to the limited availability of housing options, failure to submit a request at least **three months prior to arrival** to the University may result in accommodations being unavailable, even if the accommodation request was approved by ODAS. Please note that accommodations are only for your **living space**.

Please note the following:

- Requests for housing accommodations must be submitted **each academic year** the student resides on campus.
- All information provided with this request may be reviewed, as needed, by appropriate University staff.
- Specific building/room/hall requests may be considered by Residence Life but cannot be guaranteed.
- Roommate requests may be considered by Residence Life but cannot be guaranteed.
