

Introduction

In Canvas, you can quickly access the results of your End-of-Course surveys after a course is concluded.

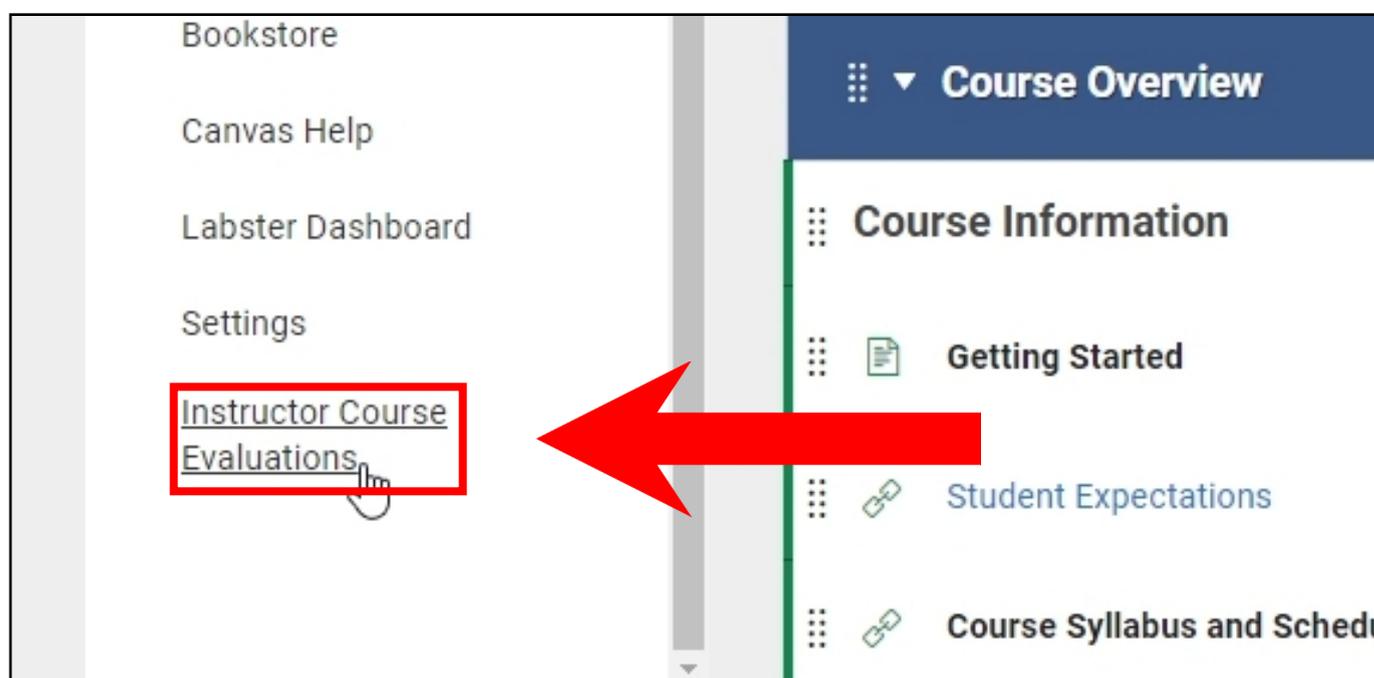

How to Access End-of-Course Survey Results

Step 1: To begin, access the concluded course through myCourses or the Courses tab from the top Canvas menu.

Note: If you need assistance locating a past course, please review the [How to Use myCourses: Faculty](#) tutorial or [How to Access Past Courses](#) tutorial.

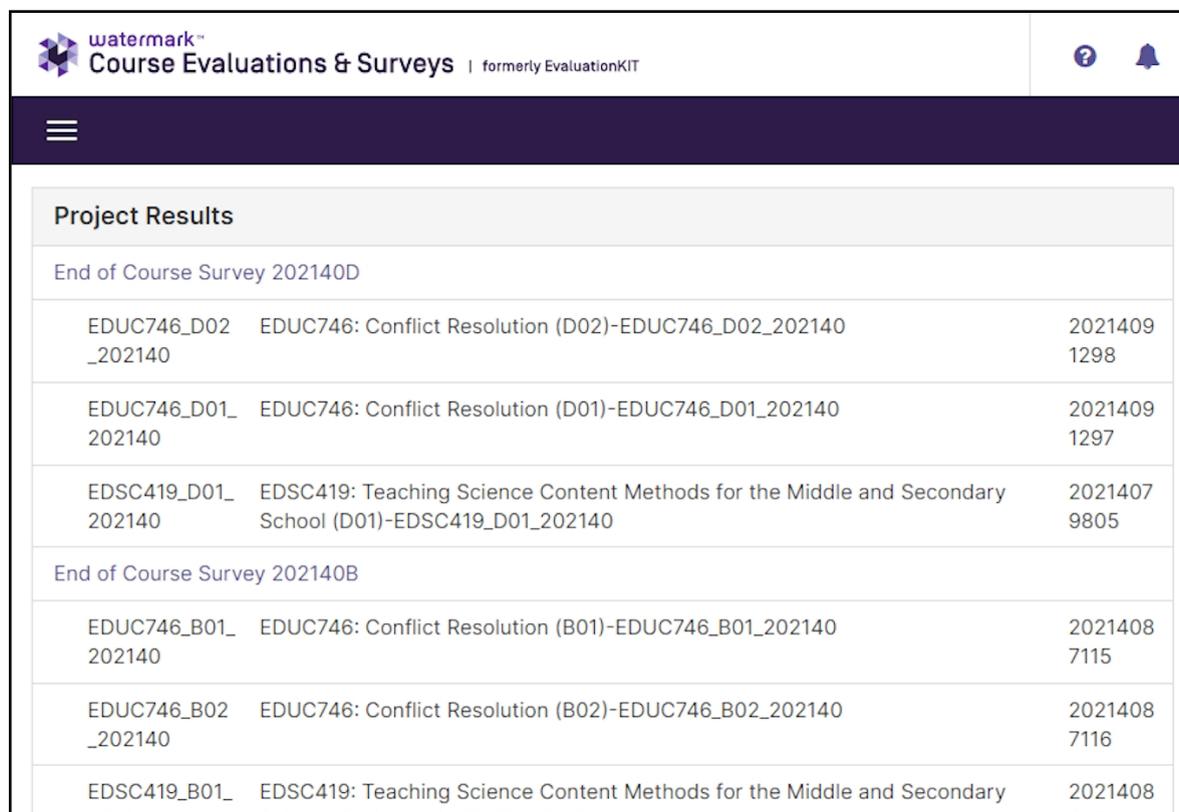

Step 2: From the course menu on the left, scroll down and select **Instructor Course Evaluations**.

Note: The **Instructor Course Evaluations** link will not appear unless the course is concluded. If you are in a concluded course and still do not have access to the link, the evaluations are available to review through the FAR. Please contact your IM for further information on reviewing your evaluations through the FAR.
