Module Order allows you to arrange your gradebook by the order assignments are listed in the module, either first module to last or last module to first.

Step 4: Select the **Filter Option** that best suits your needs.

Tips for Success!

- You can change your preferences at any time in the gradebook. Your preference will not impact anyone else's organization of the assignments.
- Regardless of how you organize the gradebook, it is best practice for you to scroll the entire gradebook to ensure you do not have any missing items to grade!
