### NAVIGATION

1. At the top of the page are quick-access links to commonly viewed items such as **Email**, **Athletics**, and **Canvas**.

2. These items can also be accessed from various **Sets**, which can be accessed by tapping the menu button in the top left corner.

3. Sets include links to various products and services depending on the set. For instance, the Academics Set includes links to Canvas, Course Registration, and CSER.

4. To add a specific set item to your **Favorites**, click the **star** icon next to it.

5. Set Items may have the external link icon. This icon indicates that selecting the link will take you out of the myLU app, while Set items without the external link will open within the app.

6. Favorited items can be accessed from the My Access Set.

7. The **My Access Set** also includes access to **Recently Used** links and the **All Navigation** dropdown that provides access to myLU links that are not always defined within sets.

# CUSTOMIZABLE SETS

1. To customize the Navigation Sets to fit your preferences, select the **Customize** icon in the bottom left of the screen.

2. To remove a set from your list or to create your own custom set, click on the **Create Set** button in the top right corner on the **Sets Menu**.

Note: The Public Safety set cannot be removed, nor can its items be edited.

To learn more about Customizing Navigation Sets, view **<u>Customizing Navigation Sets</u>**.

#### NEWSFEED

1. The Newsfeed displays university-wide announcements in one location. If you want to hide a topic from appearing in your newsfeed, click the **3 dots** on the top right of the card.

2. Select the **Hide all from Athletics** option to prevent all cards in this category from appearing in your newsfeed.

3. Select Hide all from Past Scores to prevent any Past Score specific cards from appearing in your feed.

4. Select Hide this card to hide this single instance of the card.

5. Select Manage newsfeed settings to customize what appears on your newsfeed.

6. In the settings menu, you can Set your myLU appearance to **Dark mode**, Enable and disable the **Notification Bell**, and adjust the **Card and Category Settings**.
