UNDERGRADUATE CATALOG

2015-2016

Liberty University is accredited by the
Southern Association of Colleges and Schools Commission on Colleges
to award associate, bachelor, masters, specialist, and doctoral degrees.
Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097
or call 404-679-4500 for questions about the accreditation of Liberty University.
Normal inquiries about the institution, such as admission requirements, financial aid,
educational programs, etc., should be addressed directly to Liberty University.

The University reserves the right to make necessary changes without further notice. The regulations, programs,
courses, personnel, and costs listed herein are subject to change after publication of this bulletin through
established procedures. In such cases, the University will attempt to communicate these changes to all students,
faculty, and staff through written means. It is IMPORTANT that each student familiarize himself with the
regulations set forth in this Catalog and assumes his proper responsibilities concerning them.
The University calendar is posted online at www.liberty.edu/registrar

**FIRST SEMESTER**

August 10, Monday  
Faculty Return

August 12 – 18, Wednesday - Tuesday  
Faculty Orientation

August 19 & 20 Wednesday - Thursday  
Residence Halls open for new students  
(Sagged arrival; new students will be emailed with specific time frame that applies)  
Dining Halls open at 12 PM Wednesday for new students  
Enrollment Assistance for new, transfer, and former undergraduate students

August 20-21, Thursday - Friday  
New Student Seminar - Required for all new students (Transfer and incoming Freshmen)

August 21, Friday  
Residence Halls open for returning students at 1PM  
Dining Hall opens at 12 PM for returning students

August 24, Monday  
Classes begin, 7:40 AM

August 24 – 28, Monday – Friday  
Add/Drop Week

August 28, Friday  
Last day to add or drop a class until 4 PM

October 8-9, Thursday – Friday  
Fall Break

November 20, Friday  
Last day to withdraw from a UG class with a "W"  
Thanksgiving Vacation begins after last class  
Dining Hall closes after dinner

November 23 - 27, Monday - Friday  
Thanksgiving vacation

December 9, Wednesday  
Last day of classes  
Last day to withdraw from a GR class with a "W"

December 10, Thursday  
Reading Day

December 11 - 16, Friday - Wednesday  
Final Examinations

December 17, Thursday  
Final Exam Make-up Day

December 18, Friday  
Final Exam Make-up Day  
Fall semester ends  
Residence Halls close at noon  
Dining Hall closes after dinner

December 24, Thursday  
Final grades due

**WINTER INTERSESSION**

December 19 – January 10

**SECOND SEMESTER**

January 11, Monday  
Faculty Return

January 14, Thursday  
Residence Halls open for new students  
Dining Halls open at 12 PM for new students  
Enrollment Assistance for new, transfer, and former undergraduate students

January 15, Friday  
Residence Halls open for returning students at 1 PM  
Dining Hall opens at 12 PM for returning students

January 14 – 15, Thursday - Friday  
New Student Seminar - Required for all new students (Transfer and incoming Freshmen)

January 18, Monday  
Classes begin, 7:40 AM

January 18 – 22, Monday – Friday  
Add/Drop Week

January 22, Friday  
Last day to add or drop a class until 4 PM

March 11, Friday  
Spring Break begins after last class  
Dining Hall closes after dinner

March 14 - 18, Monday-Friday  
Spring Break

March 28, Monday  
Easter Holiday – No Classes

April 6, Wednesday  
Annual Assessment Day

April 15, Friday  
Last day to withdraw from a UG class with a "W"

May 3, Tuesday  
Last day of classes  
Last day to withdraw from a GR class with a "W"

May 4, Wednesday  
Reading Day

May 5 – May 10, Thursday-Tuesday  
Final Examinations

May 11, Wednesday  
Residence Halls close at noon

May 13, Friday  
Baccalaureate Service  
Spring semester ends

May 14, Saturday  
Commencement  
Dining Hall closes after breakfast

May 20, Friday  
Final grades due

May 18-20, Wednesday-Friday  
Faculty Workdays

**SUMMER SESSION**

May 16– August 26  
Summer session 2016 classes in session

June 2, Tuesday  
Priority Program deadline (new UG residential students): Register for classes. You will need to complete your Math and English Assessments in Blackboard before registering for classes. Completing this step enters you into a one-year full tuition scholarship drawing

This publication uses the masculine pronoun in the generic sense.
Liberty University, founded in 1971, is the largest private, nonprofit four-year college in the nation, the largest university in Virginia, and the largest Christian university in the world.

You have an opportunity to be part of this exciting university! We invite you to join our 13,000 students studying on our Lynchburg, Va., campus or more than 90,000 taking online courses from around the world — all training to be Champions for Christ.

Liberty now offers more than 300 unique programs of study. All of our courses are taught from a biblical worldview and designed in line with our mission to develop Christ-centered men and women with the values, knowledge, and skills essential to impact tomorrow’s world. Every faculty member is a professing Christian who believes that teaching is a calling, not just a job.

We are in the midst of rebuilding our campus and adding many state-of-the-art facilities to support our academic programs. Classrooms are equipped with cutting-edge technology to ensure that students are exposed to the latest advancements in their fields.

While a spiritual focus and quality academics remain our top priorities, Liberty also offers 20 NCAA Division I athletic teams, 32 club sport teams, and a large variety of student activities, intramural sports, and recreational opportunities that you will not find at any other Christian college.

I invite you to explore our courses and learn more about how Liberty can help prepare you for the career you have dreamed of, and one in which you can make a real difference in this world.

Jerry Falwell
President
Message from the Provost

Many adjectives might serve to describe Liberty in its fourth decade. To many we are huge and our story is exciting. People everywhere marvel at our rapid growth and our ascendance to a position of leadership in Christian higher education. The comprehensive rebuilding and refreshment of our school under the leadership of our President has produced a beautiful and functional campus beyond the dreams of our founder and those of us who came to serve alongside of him. Newly constructed, state-of-the-art educational facilities, attractive dorms, and an abundance of recreational facilities provide an unparalleled opportunity for students desiring a Christ-centered education to pursue their dreams in a context that is as modern and filled with opportunities as many of the finest state universities.

Liberty University students study and conduct research in the new Jerry Falwell Library with its state-of-the-art robotic retrieval system, abundant group study rooms, and outstanding print and electronic resources. Biology, chemistry, health sciences and pre-med students attend classes and conduct their research in our new 200,000 square foot science building with state-of-the-art labs and classrooms. Music students are challenged to the highest level of excellence as they study and perform in a new music and performing arts center that provides an atmosphere that helps to inspire their pursuit of excellence for the glory of God. Nursing, medical and engineering students study and learn in new facilities equipped with the most modern SIMS and labs and are fully prepared for graduate school, employment, and excellence in service as they take their next step. Liberty’s approach to cultural engagement has contributed to the development of academic programs connected to real life experiences in cinematic arts, theater, studio and digital arts, and a host of other degree programs that are offered through the newly expanded School of Communication and Creative Arts. The Center for Apologetics and Cultural Engagement teaches students how to engage culture and address the biblical, theological, and philosophical questions of today’s world from a distinctively Christian worldview.

World class facilities are important and necessary, but the most important resource contributing to Liberty’s expanding reputation for excellence is the Liberty faculty. Seventy percent of our faculty have earned doctoral degrees, many from the top schools in America and around the world. More importantly they share our President’s commitment to the creed that “If it’s Christian it ought to be better.” Liberty University faculty love their disciplines, love teaching and love their students. Liberty faculty are united in the belief that God has called them to serve Him in this place and that every student has been created by God, bears His image, and is gifted by God to serve a particular purpose in His world. Education at Liberty is a dynamic partnership in which the Creator God, the student, and the faculty are joined in the common resolve to acquire and demonstrate the knowledge, values and skills required for serving with excellence in their callings.

As I close these words of introduction, I want to point out another element that is at the heart of what makes Liberty unique in the world of higher education. Our resolve to create “Champions for Christ” is achievable because administration and faculty are committed to the ongoing preservation of an environment where the Holy Spirit has the freedom to work in our classrooms, in our uplifting convocations held at least twice a week, and in the conversations and service of Liberty students. As an academic community, we are united in the belief that through reliance upon the Spirit of God, obedience to the scriptures and the diligent pursuit of academic excellence, we are able to produce “Champions for Christ” to serve in our contemporary culture. I invite you to view this catalog and come and see what God is doing!

Ronald Hawkins
Vice President for Academic Affairs and Provost
General Information

FOUNDED
1971

LOCATION
Liberty University is located in the heart of Virginia in Lynchburg (population 75,000) on the south banks of the historic James River with the scenic Blue Ridge Mountains as a backdrop. The city is over 200 years old and is noted for its culture, beauty, and educational advantages. Lynchburg is at the crossroads of U.S. highways 29 and 460 and has adequate transportation facilities by bus, railway, and air.

CAMPUS
Liberty’s campus is surrounded by beautiful mountain vistas and extends over 7,000 acres with over 300 buildings that consist of over five million square feet of building space including 215 classrooms.

TYPE
The University is a religiously-oriented, private, coeducational, comprehensive institution.

MOTTO
“Knowledge Aflame”

DISTINCTIVENESS
Liberty University was originally formed under the auspices of Thomas Road Baptist Church. Liberty is distinctive among Christian colleges because resident students use Thomas Road Baptist Church, other local church ministries, and community service groups as a laboratory for practical application of what they learn in the classroom. While this practice is not logistically or philosophically possible for students in the online programs, Liberty University Online uses its curriculum and advising to encourage spiritual, moral and ethical development in the student body.

SYMBOLS
The University Seal, a symbol of the administrative authority of the University, depicts Thomas Road Baptist Church aflame with the fire of the Gospel, against the background of an open Bible. The flame within the Seal depicts the motto, “Knowledge Aflame,” and evokes the University’s guiding philosophy—that knowledge has validity only when viewed in the light of Biblical Truth. The Seal’s octagonal border reflects the Jeffersonian architecture of the building which first housed the University. The Mace is a symbol of administrative authority, a symbol of continuity as the institution pursues its enduring mission, and a witness of institutional heritage.

The Eagle symbol refers to the soaring spirit of achievement the University seeks to inspire in its students, and to the patriotic spirit of the University. The school colors are blue, red, and white. The school verse is II Corinthians 3:17, “... where the Spirit of the Lord is, there is liberty.”

The Eaglehead/Liberty University Logo is symbolic of the athletic teams of the University. The name for all male sports teams is “The Flames”; all female sports teams are referred to as “The Lady Flames.” The Flames Mascot is an eagle named “Sparky.”

DEGREES
Liberty University offers a wide variety of programs and specializations in residential and online formats. These degree programs include Associate, Bachelor’s, Master’s, Post-Masters and Doctoral degrees. Additionally, Liberty University Baptist Theological Seminary offers Graduate programs with a variety of specializations. At Liberty, you have the unique opportunity to study with world-class faculty in a distinctively Christian environment.

ACADEMIC CALENDAR
Two semesters with a Winter Intersession and Summer Session

ACCREDITATION AND MEMBERSHIPS
Liberty University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, bachelor, master, specialist and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500 for questions about the accreditation of Liberty University.

Normal inquiries about the institution, such as admission requirements, financial aid, educational programs, etc., should be addressed directly to Liberty University.

The Liberty University College of Osteopathic Medicine is provisionally accredited by the American Osteopathic Association Commission on Osteopathic College Accreditation (AOA-COCA) in the United States.

Liberty University School of Law is fully accredited by the Council of the Section of Legal Education and Admissions to the Bar of the American Bar Association (ABA), 321 North Clark Street, Chicago, IL 60654-7598; (312) 988-5000.

Many of Liberty’s programs are accredited or otherwise recognized by specialized professional and accrediting agencies.

The Associate of Arts in Accounting, the Associate of Arts in Business, the Associate of Arts in Business Management Information Systems, the Bachelor of Science in Accounting, the Bachelor of Science in Business Administration, the Bachelor of Science in Business Management Information Systems, the Master of Science in Accounting, and the Master of Business Administration programs are accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

The Bachelor of Science in Computer Engineering, the Bachelor of Science in Electrical Engineering, the Bachelor of Science in Industrial and Systems Engineering, and the Bachelor of Science in Computer Science programs are accredited by ABET.

The Bachelor of Science in Athletic Training program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE).

The Bachelor of Science in Exercise Science program is accredited by the Commission on Accreditation of Allied Health Education Program (CAAHEP).

The Bachelor of Science in Nursing and Master of Science in Nursing at Liberty University are accredited by the Commission on Collegiate Nursing Education, One Dupont Circle, NW, Suite 530, Washington, DC 20036, (202) 887-6791. The Nursing Department is approved by the Virginia Board of Nursing (VBN).

The Commonwealth of Virginia Department of Education approves the School of Education teacher preparation programs. The School of Education is accredited at the initial and advanced preparation levels by the National Council for Accreditation of Teacher Education (NCATE).

The Bachelor of Science in Sport Management program is accredited by the Commission on Sport Management Accreditation (COSMA).

Liberty University is a member of the Association of Christian Schools International (ACSI) and the Council of Independent Colleges in Virginia.

STATE CERTIFICATION
Liberty University is authorized to confer degrees by the Commonwealth of Virginia.

Pursuant to 23-276.1-12 of the Code of Virginia, the State Council of Higher Education for Virginia (SCHEV) is responsible for developing procedures to which certain private and all out-of-state postsecondary institutions must adhere in order to receive approval to confer degrees, certificates, or diplomas in the Commonwealth of Virginia. Certain private institutions are exempt from the requirements of certification or approval by SCHEV.
Liberty University was incorporated in the State of Virginia on January 18, 1972. It has operated under the same ownership since that time and has remained in good standing with the U.S. Department of Education and its accrediting body. Liberty University is an exempt institution.

SCHEV has limited or no regulatory authority over institutions exempt from certification. Before enrolling in any institution in the Commonwealth of Virginia, students are encouraged to determine the school's regulatory relationship with SCHEV or other state regulatory agencies. Certain consumer protection provisions required by certified schools are not present at or required by exempt institutions.

The exemption entitles Liberty University to conduct academic affairs or business without seeking or obtaining SCHEV approval. The resulting scope of the institutional autonomy includes:

- Offering courses or programs for degree credit;
- Enrolling students in courses or programs;
- Confering or awarding degrees;
- Initiating other programs for degree credit at a new or additional level; and
- Offering instruction at additional or new locations.

Additional information regarding exempt institutions is available at http://www.schev.edu/students/PrivateExempt.asp.

**STATE AUTHORIZATION**

Liberty University is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Liberty University to offer field placement components for specific degree programs. The Council may be contacted for a list of currently authorized programs. Authorization by the Council does not carry with it an endorsement by the Council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution or its programs can contact the Council at P.O. Box 43430, Olympia, WA 98504-3430.

Not all of the online programs offered by our institutions have been approved in Kentucky. Please check the Council on Postsecondary Education’s website at http://dataportal.cpe.ky.gov/acadprog.aspx to view its listing of approved programs. For more information, please contact the Council on Postsecondary Education, 1024 Capital Center Drive, Suite 320, Frankfort, KY 40601.

**NON-DISCRIMINATION STATEMENT**

Liberty University does not engage in unlawful discrimination or harassment because of race, color, religion, creed, national origin, ancestry, ethnicity, sex, marital status, disability, age or veteran status in its educational programs and activities. Liberty University maintains its Christian character but does not discriminate on the basis of religion, except to the extent that applicable law respects its right to act in furtherance of its religious objectives. To those with qualifying disabilities, the University will provide reasonable academic accommodations (434) 582-2159 or AcademicAccommodations@liberty.edu and reasonable physical access accommodations (434) 592-4107 or casas@liberty.edu. The following persons have been designated to coordinate Liberty University’s compliance with certain anti-discrimination laws:

- Brittany Wardlaw (Title IX/Sex) | Director of Title IX
  Green Hall 1830 | TitleIX@liberty.edu | (434) 582-8948

- Russell Monroe (Title IX/Sex—Graduate & Online Students)
  Deputy Title IX Coordinator | onlinestudentaffairs@liberty.edu

  Esrchen1@liberty.edu | (434) 582-2159

- Edwina Berryman (Disability-Online Students) | hoodas@liberty.edu

**Doctrinal Position**

We affirm our belief in one God, infinite Spirit, Creator, and Sustainer of all things, who exists eternally in three persons, God the Father, God the Son, and God the Holy Spirit. These three are one in essence but distinct in person and function.

We affirm that the Father is the first person of the Trinity, and the source of all that God is and does. From Him the Son is eternally generated, and from Them, the Spirit eternally proceeds. He is the designer of creation, the speaker of revelation, the author of redemption, and the sovereign of history.

We affirm that the Lord Jesus Christ is the second person of the Trinity. Eternally begotten from the Father, He is God. He was conceived by the virgin Mary through a miracle of the Holy Spirit. He lives forever as perfect God and perfect man, two distinct natures inseparably united in one person.

We affirm that the Holy Spirit is the third person of the Trinity, proceeding from the Father and the Son, and equal in deity. He is the giver of all life, active in the creating and ordering of the universe; He is the agent of inspiration and the new birth; He restrains sin and Satan; and He indwells and sanctifies all believers.

We affirm that all things were created by God. Angels were created as ministering agents, though some, under the leadership of Satan, fell from their sinless state to become agents of evil. The universe was created in six historical days and is continuously sustained by God; thus it both reflects His glory and reveals His truth. Human beings were directly created, not evolved, in the very image of God. As reasoning moral agents, they are responsible under God for understanding and governing themselves and the world.

We affirm that the Bible, both Old and New Testaments, though written by men, was supernaturally inspired by God so that all its words are the written true revelation of God; it is therefore inerrant in the originals and authoritative in all matters. It is to be understood by all through the illumination of the Holy Spirit, its meaning determined by the historical, grammatical, and literary use of the author’s language, comparing Scripture with Scripture.

We affirm that Adam, the first man, willfully disobeyed God, bringing sin and death into the world. As a result, all persons are sinners from conception, which is evidenced in their willful acts of sin; and they are therefore subject to eternal punishment, under the just condemnation of a holy God.

We affirm that Jesus Christ offered Himself as a sacrifice by the appointment of the Father. He fulfilled the demands of God by His obedient life, died on the cross in full substitution and payment for the sins of all, was buried, and on the third day He arose physically and bodily from the dead. He ascended into heaven where He now intercedes for all believers.

We affirm that each person can be saved only through the work of Jesus Christ, through repentance of sin and by faith alone in Him as Savior. The believer is declared righteous, born again by the Holy Spirit, turned from sin, and assured of heaven.
We affirm that the Holy Spirit indwells all who are born again, conforming them to the likeness of Jesus Christ. This is a process completed only in Heaven. Every believer is responsible to live in obedience to the Word of God in separation from sin.

We affirm that a church is a local assembly of baptized believers, under the discipline of the Word of God and the lordship of Christ, organized to carry out the commission to evangelize, to teach, and to administer the ordinances of believer’s baptism and the Lord’s table. Its offices are pastors and deacons, and it is self-governing. It functions through the ministry of gifts given by the Holy Spirit to each believer.

We affirm that the return of Christ for all believers is imminent. It will be followed by seven years of great tribulation, and then the coming of Christ to establish His earthly kingdom for a thousand years. The unsaved will then be raised and judged according to their works and separated forever from God in hell. The saved, having been raised, will live forever in Heaven in fellowship with God.

**Philosophy of Education**

Liberty University is a Christian academic community in the tradition of evangelical institutions of higher education. As such, Liberty continues the philosophy of education which first gave rise to the university, and which is summarized in the following propositions.

God, the infinite source of all things, has shown us truth through scripture, nature, history, and above all, in Christ. Persons are spiritual, rational, moral, social, and physical, created in the image of God. They are, therefore, able to know and to value themselves and other persons, the universe, and God. Education as the process of teaching and learning, involves the whole person, by developing the knowledge, values, and skills which enable each individual to change freely. Thus it occurs most effectively when both instructor and student are properly related to God and each other through Christ.

**Statement of Mission and Purpose**

Maintaining the vision of the founder, Dr. Jerry Falwell, Liberty University develops Christ-centered men and women with the values, knowledge, and skills essential to impact the world. Through its residential and online programs, services, facilities, and collaborations, the University educates men and women who will make important contributions to their workplaces and communities, follow their chosen vocations as callings to glorify God, and fulfill the Great Commission.

Liberty University will:

1. Emphasize excellence in teaching and learning.
2. Foster university-level competencies in communication, critical thinking, information literacy, and mathematics in all undergraduate programs
3. Ensure competency in scholarship, research, and professional communication in all graduate programs and undergraduate programs where appropriate.
4. Promote the synthesis of academic knowledge and Christian worldview in order that there might be a maturing of spiritual, intellectual, social and physical value-driven behavior.
5. Enable students to engage in a major field of study in career-focused disciplines built on a solid foundation in the liberal arts.
6. Promote an understanding of the Western tradition and the diverse elements of American cultural history, especially the importance of the individual in maintaining democratic and free market processes.
7. Contribute to a knowledge and understanding of other cultures and of international events.

8. Encourage a commitment to the Christian life, one of personal integrity, sensitivity to the needs of others, social responsibility and active communication of the Christian faith, and, as it is lived out, a life that leads people to Jesus Christ as the Lord of the universe and their own personal Savior.

Approved by the Board of Trustees, March 7, 2014

**Statement on Worldview**

Liberty University embraces a worldview that is both historically Christian and biblical, and that underlies the very concept and origins of the university. We hold that God exists and is the source of all things, all truth, all knowledge, all value, and all wisdom. We hold that God has created an orderly universe according to His design and purpose and for His glory, and that He has created human beings in His image. God is actively at work in the world and history, governing them according to His ultimate purpose. From these foundational principles, it follows that truth exists and that there is a standard of right and wrong. We hold that all of creation is fallen as a result of human sin. Finally, we hold that God has revealed Himself and His ways in the natural created order, in history, in the Bible, and supremely in Jesus Christ. God in love and through the sacrificial work of Jesus Christ is redeeming humans and the entire created order.

At Liberty University, students receive an education that integrates this Christian and biblical worldview. Students trained with this worldview perspective will be equipped with a rational framework for understanding and interpreting reality, for comprehending the meaning of life and the value of humans and things, for making decisions and engaging in meaningful action, for studying the various academic disciplines, and for understanding the interconnectedness of all knowledge.

**Statement of Student Rights and Responsibilities**

**STUDENT RIGHTS**

Liberty University is a Christian academic community in the tradition of evangelical institutions of higher education. As such, Liberty continues the philosophy of education which first gave rise to the university, and which logically implies the following statement of student rights.

_The Right to TRUTH._ God, the infinite source of all things, has shown us truth through scripture, nature, history, and above all, in Christ.

_The Right to HUMAN DIGNITY._ Persons are spiritual, rational, moral, social, and physical, created in the image of God. They are, therefore, able to know and to value themselves and other persons, the universe, and God.

_The Right to GROWTH IN COMMUNITY._ Education as the process of teaching and learning, involves the whole person, by developing the knowledge, values, and skills which enable each individual to change freely. Thus it occurs most effectively when both instructor and student are properly related to God and each other through Christ.

**STUDENT RESPONSIBILITIES**

As members of the university community, all students have the responsibility to act in a manner consistent with the spirit of the principles articulated in Scripture. Furthermore, all students have the responsibility to know and follow the university conduct regulations contained in the Codes of Conduct appropriate for their academic level. By adhering to these principles and standards of conduct students can enjoy their own rights while also respecting the rights of others.

Reviewed and Approved June 30, 2015
Introduction to the Campus

AIRPORT ACADEMIC CENTER
Located 3.4 miles south of Liberty University’s campus adjacent to the Lynchburg Regional Airport, the Airport Academic Center is home to the School of Aeronautics. The Airport Academic Center is comprised of three buildings. The 45,000 square foot Flight Operations Center is where all in-flight training is conducted and all training aircraft are hangared and maintained. The 24,000 square foot Aviation Academic Center is where all aviation related academic classes are taught and all Flight Training Device lessons are flown. Additionally, the first floor is used by the Aviation Maintenance Technician School to teach the general portion of the FAA Aviation Mechanics Certificate. The third building is the 15,000 square foot Airframe and Powerplant Building used by the Aviation Maintenance Technician School to teach FAA Airframe and Powerplant related academic and practical lessons leading to FAA licensure.

A new hangar was built in 2014 to allow pilots to take advantage of new ramp space. The 100-by-140 hangar is used by the school for a variety of purposes, including storing aircraft and maintenance operations.

A. L. WILLIAMS STADIUM
The Flames play NCAA Division I-AA Football on the FieldTurf® of Williams Stadium named in honor of Art and Angela Williams, special friends of Liberty University and Flames Athletics.

In January 2010, construction began to expand the original 12,000-seat stadium, built in 1989, to increase seating capacity to 19,200. Completed for the beginning of the 2010 season, the expansion included a five-story football tower featuring a fourth-floor luxury suite concourse and a third-floor club pavilion. The Club Pavilion features an 11,000-square-foot hospitality room and outdoor club seating for 770. The new tower houses the Athletics Administrative offices and includes expanded concessions and restrooms, academic center, and media terrace. The tower stands 100-feet tall, and stretches from five-yard line to five-yard line, and is serviced by two elevator shafts.

The A. L. Williams Football Operations Center (FOC) was completed in August 2006. The three-story, 48,000-square-foot building is located in the North End Zone at Williams Stadium.

The Football Operations Center houses specially-designed weight training equipment in a spacious weight area conditioning area, team locker room, academic lab, equipment room and a cutting-edge athletic training facility.

The top floor of the FOC houses coaching staff and administrative offices, numerous video and conference rooms and a uniquely-designed viewing room that overlooks the North end zone.

ARTHUR S. DEMOSS LEARNING CENTER (DEMOSS HALL)
The four-story Arthur S. DeMoss Learning Center was originally constructed as a one-story building in 1985. The building is named for Art DeMoss, a former board member and generous benefactor of Liberty University. This facility was constructed to provide for the long-range needs of the campus. It is the focal point of the campus with nearly 500,000 square feet of academic space.

A wall of names on the first floor of the DeMoss Learning Center honors more than 5,000 donors who supported the expansion of DeMoss to the four-story building, completed in 2000.

In June 2008, a fountain standing 19 feet tall and made of hand-carved marble from Italy was completed. The fountain was installed in honor of those donors who supported the expansion of DeMoss. Donors’ names will be added to the fountain which features three columns with water cascading from the tops of each. A cast-bronze eagle, Liberty’s mascot, perches atop the tallest column.

ASTRONOMICAL OBSERVATORY
In spring 2013, the Astronomical Observatory located on Liberty Mountain at the Equestrian Center opened to students. The observatory offers a majestic, clear view of the sky and is equipped with a roll-off roof room with several Celestron CPC 800 8-inch Schmidt-Cassegrain telescopes. The observatory features an RC Optical Systems 20-inch Truss Ritchey-Chrétien telescope, which is a high-quality research telescope equipped with a charge-coupled device camera for exceptional photographs. In 2014, a dome was constructed to house the custom-built, 24-inch telescope, the capstone to its astronomical observatory. The scope is the largest in the region and is equipped with cameras that take digital images of the night sky with enhanced detail. Though viewers can gaze through the telescope directly, it is also designed to take long-exposure images, bringing out details that the human eye cannot see.

CAMP HYDAWAY
Opened in fall 2013, the newly renovated Camp Hydaway on Liberty Mountain serves as the base of operations for the outdoor recreation program of the Student Activities Department. It features a high and low ropes course, a zip line, new beach access for swimming, as well as, outdoor equipment rentals. Students can check out items such as, canoes, kayaks, mountain bikes, ATV’s, and fishing and camping gear.

The facility provides room for large group meetings and events. The Student Activities department will host multiple outdoor recreational events, including trail races, throughout the school year.

CENTER FOR CREATION STUDIES
Established in 1985, the Center for Creation Studies is an interdisciplinary education and research institute committed to the study of the origin of the universe, the earth, life, and species. This study draws upon knowledge from religion, science, philosophy, and history.

The Creation Hall Museum was dedicated in March 2010, to coincide with the 25th anniversary of Liberty’s Center for Creation Studies. Located in the back hallway of the Arthur S. DeMoss Learning Center, the Creation Hall Museum displays relics of fossils and some of the evidences for Biblical Creation.

CENTER FOR CULTURAL STUDIES
Established in 1985, the Center for Creation Studies is an interdisciplinary education and research institute committed to the study of the origin of the universe, the earth, life, and species. This study draws upon knowledge from religion, science, philosophy, and history.

The Creation Hall Museum was dedicated in March 2010, to coincide with the 25th anniversary of Liberty’s Center for Creation Studies. Located in the back hallway of the Arthur S. DeMoss Learning Center, the Creation Hall Museum displays relics of fossils and some of the evidences for Biblical Creation.

CENTER FOR JUDAIC STUDIES
Located in DeMoss Learning Center, the Center for Judaic Studies opened in August 2008. The Executive Director of the Center, Dr. Randall Price, was invited in 2007, by Liberty’s founder and Chancellor, the late Dr. Jerry Falwell, to establish the Center. Dr. Falwell’s vision was to continue the recognition that Israel and the Jewish people were part of God’s future program and that the
Christian response to this in the spiritual and political realm was essential to God’s present blessing.

Relocated to the Jerry Falwell Library in 2014, the Center houses a dedicated library of primary, secondary, and periodical sources to serve the specialized needs of students and researchers in the fields of Jewish studies and biblical archaeology.

CENTER FOR MEDICAL AND HEALTH SCIENCES

Completed in spring 2014, this 140,000-square foot, four-story facility houses the College of Osteopathic Medicine and the School of Health Sciences’ Master of Public Health program and administrative offices. This facility includes a comprehensive medical clinic, extensive resource center and library, research center with multiple labs, and state-of-the art simulation and standardized patient education facility. The first class of osteopathic medicine students matriculated in fall 2014.

CENTER FOR MUSIC AND THE WORSHIP ARTS

Construction began on the School of Music’s new facility in 2013. The Center for Music and the Worship Arts is a 4-story, 140,000-square-foot facility that includes two wings – an academic wing consisting of classrooms, lecture halls, and music labs, as well as a performance wing consisting of a 1,600-seat concert hall.

The educational center opened in fall 2015, and features 50 practice rooms, 42 teaching studios, and piano, songwriting, and music computer labs. The facility also features two recital halls, one with 45 seat and another with seating for 129. Every floor has a common area designed for vocal, guitar, piano, and instrumental studies, as well as for casual gatherings and larger group classes.

CLARKSON CLUBHOUSE

Completed in fall 2014, this 4,600-square-foot building is home to the university’s golf program. It features coaching staff office space, player locker rooms and lounges, meeting rooms and a grand lobby that overlooks the Flames’ driving range and putting greens. A 1,200-square-foot coaching center next door includes four heated hitting bays.

COOK TENNIS CENTER

Opened in August 2011, the Cook Tennis Center is located adjacent to the 12 NCAA-regulation championship Hershey-Esbenshade Tennis Courts which were built in 2009. The 2,500-square foot building houses two locker rooms, training and laundry rooms, a stringing room, four offices for coaches, a kitchen area, team room and a balcony that overlooks the tennis courts.

The lead gift for the Cook Tennis Center was provided by long-time University and Athletics supporters Sherwin and Lora Cook.

DAVID’S PLACE

David’s Place is dedicated to the memory of David A. DeMoss, a gentle and loving young man who died tragically in an automobile accident in January 1988. Formerly Campus East Clubhouse, David’s Place provides students with a variety of activities that include a movie theater, heated outdoor pool and deck, computer lab and printing station, billiard tables, video games, flat screen televisions, foosball table and soft seating.

DISC GOLF COURSE

Located at East Campus, a 27-hole disc golf course opened during the spring of 2010.

DOC’S DINER

Doc’s Diner, constructed in 2008, overlooks Jerry Falwell Parkway (Route 460) on East Campus. Named in honor of Dr. Jerry Falwell, it is the newest campus dining facility. Expected to be a favorite among students, faculty and staff, Doc’s Diner is also open to the general public. The menu offers classic diner specialties and a 1940s era atmosphere that is both comfortable and fun.

EAST ATHLETIC COMPLEX

Constructed in late 2011, this facility serves as the home for the Lady Flames Lacrosse and Field Hockey teams, Men’s Volleyball and Club Sports offices, as well as an intramural facility. All three playing surfaces for field hockey, lacrosse, and intramural fields feature state of the art Shaw Sportex® turf systems. The adjacent 12,735 square foot structure houses team and training rooms as well as lockers for athletes, visiting teams, and officials.

EAST CAMPUS VOLLEYBALL FACILITY

During the spring of 2007, the Liberty volleyball program was given a secondary practice facility. The East Campus Volleyball Facility houses the volleyball coaches’ offices, a team room, and a gymnasium for practice whenever the Vines Center is unavailable.

ELMER L. TOWNS RELIGION HALL

In 2008, the building housing the B. R. Lakin School of Religion was renovated and renamed the Elmer L. Towns Religion Hall. Dr. Towns is the co-founder of Liberty University and Dean of the School of Religion Liberty Baptist Theological Seminary. The central focus of the renovation is the addition of the ‘Towns-Alumni Lecture Hall, a 750-seat lecture hall featuring sloped floors, cushioned chairs and state-of-the-art lighting and acoustics, along with the addition of a columned main entrance. This building houses the Center for Youth Ministry and the Center for Global Ministries.

B. R. Lakin was often referred to as “my pastor” by Dr. Jerry Falwell. A display case with artifacts such as Dr. Lakin’s saddlebags and Bible from his circuit riding preacher days is a place of reflection for the students.

EQUESTRIAN CENTER

Established in fall 2011, the Equestrian Center provides students and staff with the opportunity to take part in recreational horse activities, trail rides and the boarding of personal horses. Boarders of all disciplines, breeds and experience levels are welcome.

Located off Lone Jack Road on Liberty University’s trail system, the facility includes a barn with eight 12x12 foot rubber matted stalls with private runs, grooming stalls, indoor wash rack with hot and cold water, outdoor wash rack, heated office/student lounge, tack room, feed room, utility room with washer and dryer, and men’s and women’s restrooms, 30-plus acres of small and large turnout pastures with run in sheds. Also included is a 160x300 foot outdoor arena with sand footing, jumps, cautraitis, ground poles, dressage ring, barrels, and poles, etc.

In 2014, a new 18-stall barn was added. This structure includes a new tack room, feed room, grooming and wash stalls, as well as an office for coaches and a classroom/team room for meetings. The center’s original eight-stall barn is used exclusively for the equestrian team, part of Liberty’s Club Sports program, while the new barn provides space for students to board their own horses. An additional new riding area was also added.

GRAND LOBBY

The Grand Lobby of DeMoss Learning Center was completed in fall 2003. It encompasses 3,600 square feet of floor space and rises 45 feet to a ceiling highlighted by four skylights and a magnificent custom designed chandelier featuring Liberty eagle and flame emblems. Grand staircases on either side of the Lobby ascend to a balcony overlooking the main floor. A brass, inlaid Liberty University Seal adorns the center
of the main floor and II Corinthians 3:17, the University verse is displayed in brass on the balcony.

MARIE F. GREEN HALL
Originally known as Campus North, the Marie F. Green Hall houses the University President’s Office, administrative offices, the Graduate School, Student Services (Student Accounts, Financial Aid, and Registrar’s Office), College of Applied Studies and Academic Success administration, Center for Writing and Languages, Student Affairs, the Office of Christian/Community Service, LaHaye Student Union, Tilley Student Center, Toloma Indoor Track, the Tower Theater, Cinematic Arts–Zaki Gordon Center, Math Emporium, Post Office, Centra Health Services, Spiritual Life offices, School of Law, and Liberty University Online.

HANCOCK WELCOME CENTER
Completed in May 2012, the Hancock Welcome Center is a three-story 32,000-square foot facility which feature an impressive atrium, a large boardroom, a theatre, lounges, a banquet hall, several smaller counseling rooms, and a back patio offering a view of the Blue Ridge Mountains. It is located across from the bookstore and Williams Stadium and near the Carter-Glass Mansion and the gravesite of Liberty founder Jerry Falwell, Sr.

The Visitors Center provides prospective students and their families with the resources for campus visits as well as student-led tours. It is equipped with the latest technology, such as touchscreen monitors and interactive photo centers to enhance the visitor experience. To view campus maps, take a digital tour of campus, or schedule a visit, access the Visitors Center online at http://www.liberty.edu/admissions/visitorcenter.

HEALTH SERVICES
Liberty University Health Services is provided by the Centra Medical Group. It provides quality medical care to the University community, assisting students, staff and faculty in maintaining and optimizing their health. It is located in Green Hall near the LaHaye Student Union and the University Post Office.

IVY LAKE
Located in Bedford County, Virginia, Ivy Lake is a 112-acre lake located 15 minutes from the Liberty Campus. In 2010, the lakefront area was renovated to provide a quality beach-front area for students and locals to enjoy. A facility to store the boats used for the Crew club team was also constructed in 2010.

JERRY FALWELL LIBRARY
The Jerry Falwell Library, completed in late 2013, is a four-story, 170,000 square-foot structure, providing the latest in technology, resources, services, and amenities for students, faculty, and staff.

The Jerry Falwell Library is the focal point of academic life at Liberty. Strategically located in the center of campus, the library supports instruction, research, productivity, community-building, individual and group study, and other activities relevant to the University’s mission. The library has 37 group study rooms, seven outdoor observation spaces, six learning commons, a four-story book tower, and two-story reading room, as well as casual seating areas and a spacious food court.

The automated book retrieval system darting through the four-story book tower is visible from various points in the library. From a computer within the library or other locations, students can search and select a book in the electronic catalog, browse the pages of the book, view surrounding books in the collection, and have the book available at a collection point in minutes.

The Jerry Falwell Library collects and organizes resources across a wide range of media, including books, periodicals, and audio-visual resources in various formats, musical scores, curriculum, and archival materials. Its physical collections consist of approximately 368,000 volume equivalents and 638 current periodical subscriptions. Digital information resources provided by the library include over 250,000 electronic items and content from more than 75,000 unique full-text journals. The library provides access to more than 400 online research resources.

The computing resources within the library consist of 160 computers housed in a computer learning commons and at stand-up stations throughout the facility. With the exception of machines reserved for library catalog searching, all library computers are pre-loaded with a variety of software titles available for student use, including Microsoft® Office, Adobe® Creative® Suite, Mathematica, and SPSS.

All library computers have a high-speed connection to the Internet. In addition, wireless network signal is available throughout the facility, allowing laptop computer users to access the full array of network resources.

JERRY FALWELL MEMORIAL GARDEN
In May 2007, Dr. Jerry Falwell, “Godly Father, Husband, Grandfather, Pastor, Christian Educator,” as well as Co-founder, President, and Chancellor of Liberty University, went home to be with the Lord. Located in front of Montview, the Carter Glass Mansion, the oval-shaped burial garden contains an eternal flame, a fountain and sidewalks that lead to Dr. Falwell’s grave. Also located in the garden, are benches where students can study or reflect, and where visitors, who want to visit the site, can pause to reflect on the life and legacy of Dr. Falwell.

JERRY FALWELL MUSEUM
Adjacent to the Grand Lobby is the Jerry Falwell Museum, presented and dedicated to Dr. Falwell at his seventieth birthday celebration. This museum was created to preserve and highlight the life and ministry of Liberty’s Founder/Chancellor/President. The Museum contains the history of the Falwell family and includes displays and historical documents chronicling each of the ministries.

KAMPHUIS FIELD AT LIBERTY SOFTBALL STADIUM
Constructed in 2015, Liberty’s new softball stadium was built on the site of the old baseball stadium. This facility features 1,000 chair back seats; home, visiting, and umpires’ locker rooms; an expansive athletic training room; a state-of-the-art team meeting room; coaches’ offices; a large press box; indoor batting cages; and a large scoreboard and video board. The NCAA-regulation field has an AstroTurf outfield and a special dirt infield that has been treated to repel moisture.

LAHAYE ICE CENTER
The LaHaye Ice Center opened in December 2005. The state-of-the-art facility is used by the Liberty University hockey team, students, and the public. Upgrades to the Ice Center in 2008 include a Chancellor’s suite and two business suites, a conference room donated by Pete and Cindy Chamberland, and a new public locker room. This facility is named in honor of Tim and Beverly LaHaye, generous supporters and members of the Liberty University Board of Trustees.

In March 2015, renovations began for a major expansion of the LaHaye Ice Center. The front and sides of the building were expanded to allow for seating for 2,600 spectators, more than doubling the previous capacity. Plans include 500 chair back seats, plus 10 overhead suites and standing-room-only areas around a second-floor concourse. Two additional concessions areas will be available on the second level. The weight room and conference room will move to the main floor, and significant upgrades will be
made to the athletic training room as well as to the locker rooms, coaches’ rooms, and Club Sports offices.

LAHAYE STUDENT UNION
The LaHaye Student Union opened in November 2004. This state-of-the-art facility houses an intercollegiate-size swimming pool, five basketball courts, fitness center, locker rooms, a food court, lounge areas, meeting rooms, and offices. This facility is named in honor of Tim and Beverly LaHaye, generous supporters and former members of the Board of Trustees.

In 2014, the LaHaye Student Union received a 66,000-square-foot expansion, with another 19,000 square feet of renovations to existing space. This included a new Student Activities event space. Outfitted with new exercise equipment and more multipurpose rooms, as well as a 40-foot rock-climbing wall, the building is designed to serve the exercise needs of Liberty students, faculty, and staff. The center serves as the sole access point for the union’s other recreational spaces, including the Aquatics Center, Thomas Indoor Soccer Center, and the LaHaye Multipurpose Center.

The Multi-Purpose Center, originally constructed in 1979, was named the Earl H. Schilling Center in 1995 in honor of Earl and Anne Schilling, long-time donors to the ministry who established a multi-million dollar trust to provide scholarships for training pastors, missionaries, evangelists, and full-time Christian workers. The Schilling Center was relocated to the LaHaye Student Union in August 2012, and is used for physical education classes, and several courts for basketball and volleyball.

The Tilley Student Center opened in September 2008. Adjacent to the LaHaye Student Union, the Student Center provides additional space for student social interaction, dining, and activities. During 2013 and 2014, renovations were made to support additional dining and seating in the Tilley Food Court. Today the food court had over 350 seats and has 7 retail locations including a Chick-Fil-A.

The Thomas Indoor Soccer Center opened in May 2009. The Thomas Center is comprised of two turf fields partially surrounded by transparent walls and netting. The facility also features a spectator section, multiple televisions and wireless capability.

LIBERTY MOUNTAIN CONFERENCE CENTER
Located adjacent to Green Hall, the Liberty Mountain Conference Center held its grand opening in June 2011. This facility is more than 13,000-square feet, has a maximum occupancy of 400, and consists of two 125-seat rooms and six 24-seat rooms. The facility is Wi-Fi enabled and each room has monitor projection systems.

LIBERTY MOUNTAIN INTRAMURAL SPORTS COMPLEX
The newest recreational facility was completed on East Campus in fall 2012. It consists of four distinct areas. A 220,000 square foot, multi-purpose turf area is home to flag football, softball and ultimate Frisbee. A natural grass, recreational softball field sits next to the turf area. Due to the enormous popularity of the sand volleyball courts built in spring semester 2012, four additional courts were added to make a total of eight courts at Liberty University.

Also part of the complex is a sand training area known as “The Patch,” a large sand pit and training course similar to those used by Navy SEALs at the Naval Special Warfare Center in Coronado, CA.

LIBERTY MOUNTAIN SNOWFLEX® CENTRE
Snowflex® is a multi-layer, synthetic material that uses small misting devices to provide moisture that simulates the slip and grip effects of real snow, allowing maximum speed and edge control for making turns. The Liberty Mountain Snowflex Centre, opened in August 2009, consists of two main distinct ski runs. This includes a beginner slope, intermediate slope, advanced slope, terrain park, 325- and 500-foot tubing runs, and gravity park for air awareness training. The 550-foot terrain run has three jumps with a quarter pipe at the bottom, and a 550-foot ski slope with multiple rail features for all levels.

The Barrick-Falwell Ski Lodge, incorporates the look and feel of a mountain chalet complete with a wildlife trophy collection donated by Dr. Al Barrick, houses the ticketing and rental area on the lower level. Visitors can enjoy concessions and a scenic view of the ski slope and campus from the second level. The Liberty Mountain Snowflex Centre is open year-round for University and public access.

LIBERTY UNIVERSITY BASEBALL STADIUM
Opened in February 2013, the Liberty Baseball Stadium features 2,500 chair back seats, with additional seating available on grass areas down the first- and third-base lines. The complex features three VIP suites, a spectator picnic area with a playground and fire pit, and a modern media area. The stadium’s media space accommodates up to 40 media members, with a 24-seat press box, a television booth, visitor and home radio booths, an operations suite, and storage space.

The facility has a turf playing surface, along with full-length, major-league style dugouts, and areas for concessions and ticketing. The complex is the operations center for Liberty baseball, housing the program’s offices and team room overlooking the playing field. Four indoor batting tunnels and a weight room are included.

LIBERTY UNIVERSITY BOOKSTORE
Completed in May 2009, Barnes and Noble opened a free-standing campus bookstore located adjacent to Williams Stadium on University Blvd.

LIBERTY UNIVERSITY MONOGRAM
Placed high on the side of Liberty Mountain, beckoning students, alumni, and visitors to Lynchburg and Liberty University is a new landmark, the Liberty University Monogram. The monogram covers three acres, and was made using over two hundred tons of stone, white gabion and red brick chips. Twelve hundred plants are strategically placed to make up the letters. Directly above the Monogram, on top of the mountain, sits a white gazebo that offers magnificent views of the city and surrounding areas, and a place to rest after hiking, biking or running on the thirty miles of trails that cover the mountain.

LIBERTY UNIVERSITY RESIDENTIAL ANNEX
Located off Route 29 on Odd Fellows Road, two former hotel properties comprise the Liberty University Residential Annex. The Residential Annex II (formerly the Quality Inn) was converted to Graduate Housing in the summer of 2015. Units were available beginning in fall 2015. These units include studio and one- and two-bedroom apartments designed for single or married graduate students. All units are furnished with a full kitchen and bath. On-site amenities include a fitness center, pool, and laundry facilities. The facility is serviced by a dedicated bus route throughout the academic year.

LUURTSEMA CENTER
Completed in August 2010, this 5,000 square foot, two-floor center was named after William and Wanda Luurtsema, who provided a generous donation to the project. The building includes offices for the men’s and women’s soccer, track and field, swimming, and lacrosse programs. In addition to offices, the
memory of Mr. Worley, a great prayer warrior, soul winner, and

The R. C. Worley Prayer Chapel was built in 1981 and named in

Located on Sunnymeade Road, a 15-acre community garden with two greenhouses was presented as an idea in spring 2012 and came to fruition in spring 2013. As connoted by its name, the Science Hall houses biology, chemistry, as well the Department of Health

INTRODUCTION TO THE CAMPUS

The Liberty Women’s Soccer locker room was provided by a generous donation from the Tyson family, relatives of former Liberty women’s soccer player Brittany Tyson.

MATTHES–HOPKINS OUTDOOR TRACK COMPLEX

In 1989, a first-rate outdoor track was completed in honor of Jake Matthes, Liberty’s first track coach, and Ron Hopkins, the first women’s track coach. The facility includes an eight-lane, 400 meter polyurethane track as well as four long jump/triple jump pits, three pole vault runways, a high jump apron, two javelin runways, two shot put rings and a hammer/discus cage.

Expanded and renovated in fall 2009, the soccer and outdoor track and field facility was named Osborne Stadium for Liberty alumni, Richard and Karin Osborne, who gave the lead donation for the complex project. Improvements to the facility include 1,000 chair back seats, press box, 5,000 square-foot Soccer and Track Operations Center, scoreboard, and brick and wrought iron fencing.

“MONTVIEW” CARTER GLASS MANSION

Montview Mansion, listed on the National Register of Historic Places in 1987, is one of two original buildings still remaining on the campus, and overlooks a beautiful view of the Blue Ridge Mountains. Built in 1923, it is also known as the Carter-Glass Mansion, the home of Senator Carter Glass, Secretary of the Treasury under Woodrow Wilson, and his wife.

Following the passing of Dr. Jerry Falwell, Montview was restored to how it might have looked during the 1920s – 1940s. Dr. Falwell’s Chancellor’s Office has been left exactly as it was the day he passed away. Visitors can also see his conference room which serves as a small museum illustrating the life of Dr. Falwell.

The Senator’s home office has been restored and the upstairs bedrooms each with its own bath have been restored. Additional first floor rooms are used for receptions, meetings and luncheons.

In Fall 2009, a marble mantle that was in the U.S. Capitol, and which was also in the Carter-Glass Mansion in the 1920s was returned to Montview. It is now at home in the Mansion’s dining room.

Montview Mansion is open to the public and tours are given daily from 8:00 AM to 5:00 PM and by appointment on the weekends. Tours can be scheduled by calling 434-582-7678.

MORRIS CAMPUS COMMUNITY FARM

Located on Sunnymeade Road, a 15-acre community garden with two greenhouses was presented as an idea in spring 2012 and came to fruition in spring 2013. With the addition of livestock and significant acreage, the Morris Campus Garden became the Morris Campus Community Farm in 2015. The farm added an in-vessel composting system for use in the garden that utilizes food waste from the dining hall, as well as manure from the Equestrian Center. A variety of seasonal crops grow in the garden. The garden donates most of its crops to local charities and the Reber-Thomas Dining Hall.

PAINTBALL BATTLEFIELD

Located at East Campus, the complex consists of two fields with a retractable netting system made with a protective mesh.

PARKING GARAGE ON REGENTS PARKWAY

In 2014, a five-level, 1,400-space parking garage opened near the vehicular tunnel.

R. C. WORLEY PRAYER CHAPEL

The R. C. Worley Prayer Chapel was built in 1981 and named in memory of Mr. Worley, a great prayer warrior, soul winner, and

member of Thomas Road Baptist Church. Known for his humility, Mr. Worley often said, “I am just a clay vessel that God uses.”

A Liberty University landmark, the chapel is used daily and serves as a quiet place for prayer, ministry meetings and small weddings.

In 2014, the Worley Prayer Chapel underwent an expansion and major interior renovation. The front of the building was extended, allowing for bathrooms in the foyer. The stage was rebuilt and new lighting and audio systems were added. Other interior enhancements were made to the ceilings, floors, and custom stained-glass windows were also added. Exterior changes included new siding, landscaping, brick stairs, and a new walkway.

REBER–THOMAS DINING HALL

Renovations in 2007 and 2008, have significantly improved this building originally constructed more than 15 years ago. Students enjoy meals in this “totally renovated, state-of-the-art student restaurant” that has a stunning design and edgy style with track lighting, booths, benches, new flooring and a new atrium. It features favorite cuisines including, Italian and Mexican items as well as a salad bar for the health-conscious individual, and home-style meals just like “mom used to make”. This building includes an Executive Dining Room for administrative and faculty functions. In 2011, a wing for catering and expanded food storage was added. Bistro ’71, a grab-and-go location was also added adjacent to the dining hall.

In 2014, the dining hall was redesigned to increase the number of dining stations from nine to 17, each with at least two entry points for customers.

RESIDENTIAL COMMONS I

Liberty’s first high-rise residence hall opened in fall 2014. The nine-story facility provides housing for over 1,200 students. Each bedroom has two beds and a private bathroom, and each floor features large common areas for socializing or studying, as well as a laundry room. The residence hall has two wings (one for females, one for males) with coed common areas located at the center. These areas provide the luxury of a living room with comfortable seating, booths, and televisions capable of connecting to computers or game consoles.

RESIDENTIAL COMMONS II

Similar in design to Residential Commons I, this second high-rise residence hall opened in fall 2015 and houses just over 1,000 students. Each floor has common areas for studying, meetings, and social events.

RIVER RIDGE FACILITY

Acquired in 2013, the River Ridge Facility was formerly the Sears building in the River Ridge Mall. The 112,000 square-foot building, with 700 parking spaces, will be used in the short term to house Liberty’s non-academic departments, such as: Liberty University Online Call Center, Financial Aid Call Center, Resident Enrollment, ROTC Indoor Drill Field, and some Information Technology departments, freeing up space for several academic departments to relocate while buildings are demolished and new facilities are built. The space also includes a television studio for the Liberty Flames Sports Network.

SCIENCE HALL

The Science Hall was the first building erected on Liberty Mountain in 1977. As connoted by its name, the Science Hall houses science classrooms and labs for biology, chemistry, family and consumer sciences, physical science, and physics.

Students and faculty of the rapidly expanding Department of Biology and Chemistry, as well as the Department of Health
Professions, moved into the new Science Hall in spring 2015. The four-story, 121,000-square-foot building is triple the size of the previous science building. New equipment and technology for the Biology and Chemistry Department includes a gene sequencer, GC mass spectrometer, and a nuclear magnetic resonance spectrometer. Students have access to 20 biology and chemistry “wet” labs (where chemicals or biological matter are handled in liquid solutions), including a cadaver lab, cell-culture facility, several research labs, and additional open labs.

THE SPORTS RACKET

Donated to Liberty University in March 2011 by the Cook family, The Sports Racket gives Liberty top-notch facilities for both indoor and outdoor play just 15 minutes from campus. Located at 118 Davis Cup Road in Lynchburg, the facility has five indoor tennis courts, five racquetball courts, five outdoor tennis courts, a gym with several treadmills and weight equipment. The facility is home to the Liberty University Racquetball Team Club.

(OLD) THOMAS ROAD BAPTIST CHURCH

In 2012, Liberty University purchased the site of the former Thomas Road Baptist Church (TRBC), the original birthplace of Liberty University. Liberty University Baptist Theological Seminary and the Center for Counseling and Family Studies have been temporarily relocated to this site during campus construction projects. The Center for Curriculum Development is also located at this site. Renovations are currently taking place, including restoring four areas once used as sanctuaries, to their original state.

Also included in the purchase was the Old Pate Chapel which was renovated in 2014. Renovations included all new carpet, new upholstery in the dressing rooms, new paint, and a new roof, as well as plaster repairs. The primary use of the Old Pate Chapel is for weddings. Another building, The Bottling Co., also was also renovated. Upgrades included a new sound system, dimmable lighting, two electric fireplaces, and screen projectors. A section of the building was refurbished with two restrooms and a large catering kitchen. The primary use of The Bottling Co. is for wedding receptions. It is also available for other special events such as formal banquets.

TOLLSMA INDOOR TRACK AND CONFERENCE CENTER

The Tolsma Indoor Track and Conference Center is located in Green Hall. The Center features a flat 200-meter Mondo surface. It has a wide radius, a four-lane oval and an eight-lane, 60-meter straightway. Located inside of the complex are two long/triple jump runways, a pole vault runway and a high jump apron, with all the apparatuses being permanent and having a Mondo surface. The FinishLynx Timing System greatly increases the ability to host high level meets at the facility. The Center will also serve as a conference and convention center.

TOWER THEATER

Located in Green Hall, the Tower Theater was completed in July 2010. This contemporary-style 640-seat theater consists of balcony seating, an orchestra pit, catwalks, a fly tower, a box office and 12,000 square feet of support area that includes dressing rooms, a practice room, offices, costume shop, prop room and woodworking and scene shops.

VEHICULAR TUNNEL

In 2014, a four-lane tunnel was constructed under the railroad tracks on the west side of campus connecting Regents Parkway, Liberty’s perimeter road. The addition of the vehicular tunnel improved traffic flow on campus and eased congestion on Wards Road, the city’s retail corridor.

VINES CENTER

Built in 1990, this 8,500-seat, silver-domed Lynchburg landmark, also known as “The Furnace,” became the home of the Flames basketball teams. It is also the location of weekly convocation services, and several large conference and concert events each year.

In 2012, a new center-hung video scoreboard was installed. The four-sided board contains four LED high-definition video displays, each approximately 9 feet high and 16 feet wide.

VINES PRACTICE FACILITY

A new men’s and women’s Basketball Practice Facility was completed in spring 2013. Located behind the Vines Center, this facility features three courts and sixteen goals.

WRVL – THE JOURNEY FM (88.3)

A broadcast service of Liberty University with studios adjacent to the campus in the Candlers Station Shopping Center, WRVL, The Journey, features testimonies of transformed lives, stories of hope along with music that glorifies God and encourages us on our “journey.”

WTLU – THE LIBERTY CHANNEL

The Liberty channel was born as an extension of WTLU in Lynchburg, Virginia. This 24/7 commercial station broadcasts from the campus of Liberty University and has served viewers in Central Virginia since 1991.

WWMC – THE LIGHT (90.9 FM)

WWMC is a top 40 Christian, student-operated music station on the campus of Liberty University. The Light broadcasts 24 hours a day and is an affiliate of Christian Hit Radio. In addition to music programming the Light also broadcasts news and sports, including Liberty University Athletics.

MASTER PLAN

Liberty University has many ongoing and future projects underway. The Master Plan can be accessed online at http://www.liberty.edu/masterplan.

CAMPUS MAP

Liberty University’s campus can be viewed online at http://www.liberty.edu/maps.
**Liberty University Online**

**MISSION**

The mission of Liberty University Online is to provide Liberty University courses and programs through non-traditional delivery systems. While Liberty University Online and residential course offerings may differ due to distinctions in student profiles and methodologies of instruction, the residential and Liberty University Online courses and programs are comparable in range, goals and purpose.

**HISTORY**

Founded in 1985, as the Liberty University School of Lifelong Learning (LUSLL), the distance learning program was designed to bring an accredited University program to non-traditional learners at home, military personnel, and Christian school teachers seeking certification from the Association of Christian Schools International (ACSI). The courses were adapted from those offered on the University campus and the initial programs offered were the A.A. in Religion, B.S. in Church Ministries, and M.A. in Counseling.

The initial goal to provide quality Christian education to students around the world has remained intact. Currently, Liberty University Online services over 90,000 students across the globe in degree programs ranging from certificate programs, diploma programs in Biblical Studies to doctoral programs in Business, Counseling, Education and the Seminary.

Using innovative methods, students can take classes without having to relocate. The same quality courses that are offered on the Lynchburg campus are made available to our Liberty University Online students in the convenience of their own homes. Courses are also offered in an intensive format a number of times throughout the year.

**INSTRUCTIONAL DELIVERY METHODS**

Liberty University Online offers its courses through several delivery methods. The University has adopted Blackboard®, an online software platform, as its primary delivery method. Students can access individual lessons, have interaction with other students taking the same course, utilize links to online resources, view supplemental streaming video clips, and receive direct feedback from their professors using this innovative means of delivery. Students may also be required to purchase video tapes or DVDs for select courses. Video, printed, and online learning tools help ensure that students have a learning opportunity available to them that equals or surpasses the traditional classroom model.

**STRUCTURE**

Currently, Liberty University Online offers courses in an eight-week format with multiple entry dates throughout the year (see academic calendar). Some courses are offered in a 14- to 17-week format (with one entry date per semester) in which students may enroll at the beginning of each term. Students will need to show consistent progress throughout their coursework in order to maintain good academic standing. Liberty provides students with tools for success. However, students must manage their time and resources to take advantage of these tools.

**DEGREE PROGRAM FORMAT**

With the online delivery format [distance education] courses in a program are delivered in a virtual classroom experience that is flexible, personal and challenging. Through the online format a student can earn a degree entirely online. Some programs require that a minimum number of courses be taken face-to-face on campus.

**TESTING**

Liberty University Online students take timed tests online and receive immediate feedback and test results. Essay exams and papers are also submitted online, graded by the course instructor and returned to the student. Portions of assigned work are used to facilitate student-to-student interaction. The interaction is often included as an element in student grading.

**COURSE MATERIALS**

Students are strongly encouraged to purchase all course materials from MBS Direct. Purchases can be made online by accessing the web page at [http://www.mbsdirect.net/liberty](http://www.mbsdirect.net/liberty) or by calling 1-800-325-3252. Students should purchase materials after registration but prior to the sub-term start date (course activation). Liberty does not guarantee that required course materials will be available after the sub-term start date.

Course materials may be charged to the student’s account by means of the online book voucher system, if the student has a credit on their student account. Tuition does not cover the cost of course materials.

**BASIC REGULATIONS**

The Administration and Faculty have committed Liberty to the highest standards of moral and ethical conduct. No one will become spiritual merely by observing rules; nonetheless, the spiritual student will desire to abide by the rules, regulations, and policies. The student who is not prepared to accept instruction will never be prepared to give instruction. Liberty holds as one of its foremost goals the development of men and women of strong character. Firm moral conviction and dependable self-discipline are as important as academic competence.

All students enrolled in Liberty University Online are subject to the Liberty University Online Code of Honor and Personal Code of Honor. Please see the Academic Information and Policies – Online Programs section of this Catalog for more information.

**IMPORTANT INFORMATION REGARDING LICENSURE-BASED DEGREE PROGRAMS, INTERNSHIPS AND CLINICAL PLACEMENTS**

Students who are pursuing degrees leading to application for professional licensure or certification, and/or who will be participating in clinical placements, internships, or practica through their Liberty University program should be aware that a criminal background check, finger printing, or drug screening may be required by Liberty University and/or the host facility.

**Internships, Practica, and Clinical Placements**

In such situations, each student is responsible for obtaining and paying for the background check or other screening process and for delivering required documentation to the facility. Although the university will make reasonable efforts to place admitted students in field experiences and internship, it will be up to the host facility to determine whether a student will be allowed to work at that facility.

**Licensure-Based Degree Programs**

Students in licensure-based degree programs are responsible for understanding the requirements of the program by becoming thoroughly familiar with the Degree Completion Plan (DCP) and the academic school’s web page that outlines degree requirements.

Students should further be aware that a criminal record may jeopardize licensure by the State certification body. Students seeking licensure are urged to contact the relevant licensing agency to determine the licensing requirements for the jurisdiction. Successful completion of a program of study at Liberty University does not guarantee licensure, certification, or employment in the relevant occupation.
Liberty University Online
Academic Calendar 2015–2016

The Liberty University Online academic school year consists of three terms: fall, spring, and summer. Terms consist of three eight-week sub-terms (B, C & D), and one semester-long sub-term (A) which can range from fifteen to eighteen weeks in length. Additionally, intensive courses of varying frequency are offered each semester (J). [http://www.liberty.edu/online/academic-calendar/]

Please note:
1. Course offerings are limited in Terms A and C
2. Tuition Recalculation

If a student registers full time and subsequently withdraws from one or more courses which results in their remaining enrollment changing from full-time to part-time, they will be charged the part-time tuition rate for the remaining courses in that semester. If the new tuition rate results in a balance, the student is responsible for making payment.
- Undergraduate students enrolled in less than 12 hours in a semester constitutes part time status
- Graduate students enrolled in less than 9 hours in a semester constitutes part time status
- Doctoral students enrolled in less than 6 hours in a semester constitutes part time status
Admissions – Resident Program

General Requirements

Admission to Liberty University’s undergraduate program is governed by policies and procedures developed by the Senate Committee on Academic and Admissions Standards.

The mission of Liberty University is to develop Christ-centered men and women with the values, knowledge, and skills essential to impact the world. We expect that our students understand and respect our mission and purpose while enrolled at Liberty University.

The Liberty University resident undergraduate admissions department operates on a rolling admission basis. This policy means that we do not have a final deadline for applications to be considered and will consider each applicant on a case by case basis. However, we do have a priority deadline for submission and it is recommended that applicants strongly consider adhering to that deadline as the majority of our applications are received by that date.

Prospective students are assessed according to academic background; personal moral behavior and character; personal philosophy; and willingness to follow Liberty’s rules, regulations, and policies. In the consideration process, the applicant’s complete prior academic record, recommendations, plans for the future, and personal qualities that will contribute to the University mission and campus community. The university also reserves the right to withdraw an application for admission after 60 days of inactivity.

Admission decisions are competitive and are based primarily on the following factors:
- Cumulative High School GPA and college (if applicable)
- GED scores (if applicable)
- Consistency and trends of grades
- Results from the *SAT or ACT without writing, using the highest score on each section
- Essay submission

Note: Other documentation such as reference letters, community service, and leadership, may also be helpful or required by the admissions committee.

Mid-ranges for enrolled freshmen:
- High School GPA: 3.17-3.85
- SAT (math and *critical reading): 950-1170
- ACT composite: 20-26

This means that 50% of admitted students come from above or below the ranges.

*The new SAT will change to Evidence-Based Writing and Reading

ITEMS TO BE SUBMITTED

1. Application Fee – $40.00 (non-refundable, non-transferable)

2. Academic Records

Prior to matriculation, applicants must submit an official transcript (see below for details) from an accredited high school or an official transcript of the General Educational Development (GED) test scores. Applicants with prior college coursework must submit official transcripts from all colleges attended.

To be considered complete, a high school transcript must meet the following minimum requirements:

a. Preliminary transcript – must reflect all coursework and final grades received for grades 9-11, an overall grade point average (GPA), and should be signed by the school administrator.

b. Final transcript – must reflect all coursework and final grades received for grades 9-12, must list graduation date,
an overall GPA, and must be signed by the school administrator.

In lieu of a final transcript, Liberty University will accept a preliminary transcript. A self-certification of high school graduation or a final high school transcript will be required to continue the program beyond the first semester.

In addition, some high school and college transcripts may be waived if they are unobtainable due to circumstances as determined by the Resident Admissions Office.

Official transcripts of the final high school or college records must be requested directly from the educational institution and sent to the Resident Admissions Office. An official high school or homeschool transcript is defined as a transcript received in a sealed envelope with the school’s address. In addition, the final high school transcript or GED is considered official if it is faxed by the high school or GED center itself, and received by the Resident Admissions Office. In order to be considered official, the transcript must be stamped official by the Resident Admissions Office, after confirming receipt with the issuing high school or homeschool.

Although the University does not require specific high school courses for admission, successful applicants usually have completed at least 4 years of English, 2–3 years of college preparatory mathematics, 2 years of laboratory science, 2 years of social science, 2 years of foreign language, and at least 4 units of elective credits in subjects such as art, music, or drama. This curriculum prepares one for the classroom expectations at Liberty University.

All students accepted on Academic Caution or Probation status will be limited to 12 to 14 semester hours of coursework including:

MENT 100 – Foundations for Academic Success or CLST 101 – College Learning Strategies

These courses are designed to help students develop reading and study strategies necessary for success in college.

3. Test Scores

All applicants, age 21 or younger, must submit official copies of test results from either the Scholastic Aptitude Test (SAT) or the American College Testing (ACT) exam. Liberty University does not recognize the essay portion of the SAT or ACT exam for acceptance decision purposes. SAT scores are based on Critical Reading and Math portions only. The best scores from multiple exams will be combined for admissions purposes. The SAT and ACT is not required for students 22 or older and/or who have 60+ credit hours transferred into Liberty. Applicants who fail to meet the minimum required scores may have their application rejected or will be evaluated on other indicators of ability to perform satisfactorily at the college level and may be admitted on Academic Caution or Probation. Scores will be used for academic counseling and placement. SAT Subject tests are not acceptable. Test scores may be waived if they are unobtainable due to circumstances as determined by the Resident Admissions Office.

Information on the SAT may be obtained via the Internet at http://www.collegeboard.org or by writing to: The College Board; SAT Program; 11955 Democracy Drive, Reston, VA 20190. Information on the ACT may be obtained via the Internet at www.act.org or by writing to: The American College Testing Program; 2727 Scott Road; P.O. Box 414; Iowa City, Iowa 52243.

Liberty’s Institutional Codes are 5385 for the SAT and 4364 for the ACT.

4. Essay

All resident applicants must submit an essay between 200 and 400 words describing how their personal faith and beliefs will allow them to contribute to Liberty University’s mission of developing Christ-centered leaders.

5. Other Documentation

If the Admissions Committee determines that additional information is needed in order to make a determination on the applicant’s status, the applicant may be required to submit letters of recommendation or other relevant documentation such as a guidance counselor letter.

6. Priority Deadlines for Admissions Process

Resident Program:

- Fall:
  - Application: December 31
  - Accept and Confirm: January 31
  - Financial Check-in: March 31
  - Course Registration: May 3

- Spring: Application: November 1

Developmental Courses

The University offers nine developmental courses to students who need assistance with some of the basic skills required in order to be successful in college. Based upon a placement assessment that combines SAT, ACT, and High School GPA, if they are accepted on Academic Caution or Probation or if they cannot provide test scores, students may be required to complete the appropriate developmental courses listed below:

1. MENT 100 – Foundations for Academic Success.

   This course is designed to assist students in their academic adjustment to college. There is a focus on learning and application of study strategies and self-management skills. In addition, emphasis is placed on community and accountability which provide the foundation for academic success.

2. MENT 101 – Mentoring for University Transition.

   This course is designed to provide instruction in study strategies and life skills basic to the successful transition to the university. Within a small group setting, instructors will mentor students in their understanding and application of these concepts.

3. CLST 101 – College Learning Strategies.

   This course is designed to equip students with the study strategies necessary for success at the college level. It teaches self-management skills such as organization and time management, as well as learning strategies including memory and test-taking. Students are also encouraged to discover their individual learning styles, while incorporating practical application techniques.

4. CLST 102 – College Reading Improvement.

   This course is designed to teach students the essential reading skills necessary to improve their ability to comprehend the material contained in college textbooks. Topics include analytical reading, critical reading, and vocabulary development.

5. CLST 103 – Individualized Laboratory in Reading and Study Strategies.

   This course is an individualized program in reading and study strategies based on students’ goals and assessed needs. The varied curriculum focuses on academic, personal, and/or spiritual domains. It is delivered in a lab format with faculty/student interaction.

6. CLST 105 – Strategies for the Application of College Learning Skills.
This course provides strategies that will enable students to apply college learning skills to their current courses. It incorporates one-on-one mentoring, as well as weekly accountability. It is designed to foster an awareness of current academic progress and to encourage the motivation and responsibility necessary for academic success.

7. ENGL 100 / ESOL 100 – Basic Composition.
These courses are available to students who do not have a strong background in English grammar and basic composition. ESOL 100 is designed for students whose native language is not English.

8. MATH 100 – Fundamentals of Mathematics.
This course is offered to students who do not have strong math skills. The course is a review of arithmetic and elementary algebra.

This course is offered to resident students who do not have the algebra skills required for a college-level math course. Topics reviewed include exponents, factoring, graphing, equations, and rational expressions.

Parent and Family Connections
The Parent and Family Connections Office provides communication between the University and parents of Liberty University students in order to support student success, generate goodwill for the University, and promote an appropriate role for parents within the campus community.

Additional information on events and services is provided online at www.liberty.edu/parents.

HOMESCHOOL APPLICANTS
The University recognizes that the academic records of home-educated students vary widely. However, records of academic work plus any evaluations or grades awarded by the parent or other evaluator must be included on the academic records to properly evaluate the applicant’s eligibility for college-work.

Homeschooled applicants must submit the above requirements plus:

a. Verification that they have completed a secondary school education. This requirement may be satisfied by a statement signed by the parent or guardian, a home-education diploma, or a graduation date posted on the home education records.

b. Verification that the home education was carried out in compliance with applicable commonwealth or state laws. The form of this documentation will vary depending on the state statutes governing home education. The documentation may be a letter from the local school board or public school superintendent, a letter from an umbrella school, or a signed affidavit from the parent or guardian.

NOTE: See http://www.liberty.edu/homeschool for a sample home school transcript. (Do not submit portfolios, photocopies of awards, or photographs of school projects.)

TRANSFER STUDENTS
Transfer applicants must complete all of the forms that are listed for the initial application procedure. However, undergraduate transfer applicants who earn an Associate’s degree from an accredited institution do not need to submit standardized test scores except when specifically requested to do so by the University.

A copy of the official transcript from each college or university that the transfer applicant attended must be sent directly to the Registrar’s Office from the Registrar(s) of the respective institution(s) of higher learning.

All students who intend to transfer to Liberty must be eligible for readmission at the last institution attended. The record is reviewed based on Liberty’s scholastic regulations. Any applicant whose GPA does not meet Liberty’s scholastic standards, even though the applicant may not have been placed on Academic Caution or Probation at the last school attended, may be denied or placed on Academic Caution or Probation.

TRANSFER OF CREDITS
Only courses and degrees from a regionally accredited institution or those nationally accredited by accrediting agencies recognized by the U.S. Department of Education (e.g., SACSCOC, TRACS, ABHE, etc.) will be evaluated for transfer of credit. Applicants must request that official transcripts be sent directly from the Registrar(s) of the previous school(s) to the Registrar’s Office at Liberty University. These transcripts should be received before an admission decision will be made.

Credit will be accepted for those courses that are equivalent to courses offered at Liberty in which applicants have made a grade of C or better. Transcripts are evaluated by the Registrar’s Office under the guidelines established by the Senate Committee on Academic and Admissions Standards.

Undergraduate credit may be allowed for courses completed at military service schools if this credit is recommended in A Guide to the Evaluation of Educational Experiences in the Armed Services (ACE Guide). The work must also be applicable to the student’s program of study. Internship credit is not transferable.

MILITARY EVALUATIONS
Liberty University will evaluate students’ prior military experience and develop a degree plan for each student to follow. Evaluations will be based solely upon the recommendations of the American Council of Education (ACE) guidebook, A Guide to the Evaluation of Educational Experiences in the Armed Services. Military applicants should send in military transcripts or documentation from their particular branch of service. If those documents are unavailable, applicants should submit a copy of their DD214, 2-1, 2A, or DD295 for evaluation.

ADMISSION NOTIFICATION
Once a file has been reviewed and evaluated, applicants will be notified as to their admission status. Notification of admission to the resident program at the University is indicative of student status and, therefore, charges are at the resident rate regardless of course delivery method (on-campus classroom, online, etc.). Following notification of acceptance, applicants will receive information relating to financial check-in, housing selection, and course registration.

CONFIRMATION DEPOSIT
New students who decide to attend Liberty University must submit a $250 Confirmation Deposit. This deposit secures any available institutional grants or scholarships; however, only completion of Financial Check-In ensures the availability of a class schedule and housing assignment. The $250 Confirmation Deposit may be submitted online at www.libertyu.com/confirm or can be mailed with a completed Confirmation Deposit Form to: Liberty University Resident Admissions Office; 1971 University Blvd.; Lynchburg, Virginia 24515. This deposit will be credited to the student’s account as a deposit toward the upcoming semester.

Should the student decide not to attend, the University must be notified in writing with a Confirmation Deposit refund request by May 1 of each academic year for those who confirmed for fall term, and by December 1 for those who confirmed for spring term. After these deadlines, the $250 confirmation deposit is nonrefundable and non-
transferrable. The credit, however, may be deferred up to one academic year should the student be able to attend in a subsequent semester. Deposited students who change their intended entrance year will be held to the refund deadlines and policies of the original intended entrance year. Students who are late in applying and/or who do not confirm until after the refund deadline are still subject to the same policy.

HEALTH RECORD
All accepted resident applicants who have submitted a deposit must also complete and submit an online Health Form through their Liberty ASIST account. This form does not need to be submitted prior to acceptance. Any accepted applicant who withholds pertinent health information may be required to withdraw from the University.

EARLY ADMISSION PROGRAM
The University will admit qualified high school seniors who have not yet graduated and who would like to complete their senior course requirements at the college level. If accepted, these applicants will be limited to a 13-hour course load per semester. These high school requirements must be completed within one academic year subsequent to enrollment at Liberty University. Students in this program are ineligible for federal financial aid until they have satisfactorily completed the high school requirement. Full time Liberty University students may benefit from institutional aid, as qualified. The applicant must meet the following requirements:

1. Cumulative GPA of 3.50 or higher in grades 9–11;
2. A minimum combined score range (verbal and mathematics) of 900-930 on SAT I or a minimum composite score of 19 on the ACT;
3. Enrollment in a college preparatory track;
4. If homeschooled, submission of verification that the home education was carried out in compliance with applicable commonwealth or state laws;
5. Submission of an Early Admission Certification form; or, if homeschooled, submission of a letter of recommendation from the parent/teacher; and
6. Submission of a regular Liberty University application with all required support documentation.

SPECIAL STUDENTS
Status 1 Special Students are early enrollment or dual enrollment students who do not have a high school diploma or equivalent. These students must show evidence of ability to complete the courses selected. They may become candidates for a degree after completing high school diploma requirements.

Status 2 Special Students are those students who are not interested in obtaining a degree; however, they are interested in taking one or more college level courses up to a maximum of 12 credit hours. Additional courses may be approved if the student has no intention of being a degree-seeking student. This decision is based off review by the Registrar’s Office.

Applications are available upon request from the Resident Admissions Office. Students deciding to enroll as degree seeking students in the future must complete a new application and fulfill all admissions requirements.

Students who have been Academically Dismissed from Liberty University are not eligible for Special Student status. Financial Aid is unavailable under Special Student status.

AUDIT
Applicants not interested in becoming degree candidates and who want to audit classes must complete a special student application.

Only lecture courses may be audited. Courses requiring labs or private instruction may not be audited.

READMISSION
Students who have withdrawn from the University or who have broken enrollment must apply for readmission through the Resident Admissions Office and pay the $40 Application Fee. Admission status is subject to the terms of any previous academic or disciplinary suspension or probation. Applicants must provide official transcripts from all educational institutions attended since enrollment at Liberty. Students must receive approval from the Registrar’s Office, Student Conduct and Student Accounts before an acceptance decision can be made.

Students applying for readmission who have been dismissed from the University should submit an application not less than 2 months prior to matriculation since applicants must make an appeal to the Committee on Academic and Admissions Standards (CAAS).

ACADEMIC AMNESTY
Approval for readmissions and Academic Amnesty must be approved by the Committee on Academic and Admissions Standards (CAAS). In order to qualify for academic amnesty, a student must have been academically suspended or academically dismissed from the University, as well as must satisfy the subsequent guidelines for readmission.

1. Not enrolled at the University for a period of three (3) years.
2. A student seeking readmission under academic amnesty must first appeal in writing to the Registrar’s Office. The request must be stated clearly and contain: (1) the reason for the request, and (2) efforts made to improve during absence from Liberty. Corroboration may be requested of the student, i.e. transcripts from other institutions, certificates, awards, etc.
3. The Registrar’s Office, upon receiving the written request, must receive approval from the Registrar’s Office, Student Conduct, Student Accounts, and CAAS before readmission will be granted.
4. Previously earned grades of “A”, “B”, and “C” will remain on the student’s record and will calculate into his or her GPA. As determined by CAAS, grades of “D” and “F” are revised to “Q”.
5. Students who have been granted Academic Amnesty are not eligible for graduation honors.

For readmission to the resident programs, an application for readmission and $40 readmission fee are required.

International Admission
Liberty University is authorized by the U.S. Department of Homeland Security to issue the SEVIS Form I-20 to eligible international students and their dependent family members. Any person who is not a citizen or Legal Permanent Resident of the United States and who desires to be admitted to the University and attend on campus while on Student (F-1) Visa Status must follow the procedure established by the Office of International Admissions. Applications for the fall semester should be submitted by April 1 and applications for the spring semester should be made by October 1.

Applicants whose final high school transcript is not in English must submit both an official transcript from their educational institution along with an official English translation of the transcript. Applicants may also be required to submit their high school transcripts to an accredited credential evaluation service.

Any college transcript from an educational institution outside of the U.S. must be officially translated into English and submitted to
a credential evaluation service accredited by the National Association of Credential Evaluation Services (NACES) at naces.org.

Applicants whose native language is other than English must submit official scores for the Test of English as a Foreign Language (TOEFL) or an approved alternative assessment unless the student plans to enroll in the English Language Institute first. The University offers general admission to its undergraduate program of study to students who achieve one of the following scores on a standardized test of English proficiency:

- TOEFL (Internet Based Test or iBT): 61
- International English Language Testing System (IELTS): 5.5
- Pearson Test of English (PTE): 51
- International Test of English Proficiency Academic Plus (iTEP): 3.6

Some particular programs of study, including Aeronautics, may have higher English language proficiency requirements. Additional assessment following arrival on campus may determine the need for English as Second Language (ESOL) and other Developmental Courses (listed on page 15-16) before being admitted to the Freshman English series.

Applicants whose English assessment score does not meet the minimum University requirement for undergraduate programs may be admitted to certain undergraduate degree programs conditional upon successful completion of Level IV of the English Language Institute. However, some undergraduate programs of study may have additional English proficiency requirements. Information regarding English proficiency tests may be obtained online as follows: TOEFL: www.toefl.org; IELTS: www.ielts.org; PTE: www.pearsonpte.com; iTEP: www.itepexam.com.Unmarried students under the age of 21 are required to reside in housing provided by the University. Unmarried students who are 21 years of age or older may choose to reside off campus. It is strongly recommended that a minimum of one semester be spent in University housing to help international students adjust to the local area and culture. On-campus housing is not available for married students or those over the age of 25.

International students must be covered with an adequate health insurance policy each semester of enrollment. A mandatory student health insurance fee is added to the account of international students each fall and spring semester. It is the responsibility of all international students to remain enrolled in an adequate health insurance policy while studying at the University.

As part of the admission requirements, international students must document availability of adequate funds to pay for all University-related expenses for the regular nine-month academic schedule. Those who intend to remain during the summer must document additional funds (approximately $4,000 US) for living expenses.

**English Language Institute (ELI)**

Liberty University offers a four-level Academic English Program (AEP) designed to prepare students for undergraduate or graduate studies in an English-speaking institution. Students in Levels III and IV of the ELI may participate in the “bridge program” in which they may enroll in undergraduate coursework while remaining in the ELI. For a full list of ELI courses available, please see the English Language Institute section of this Catalog.

**Articulation Agreements**

**THE VIRGINIA COMMUNITY COLLEGE SYSTEM**

A guaranteed admissions agreement exists between the Virginia Community College System (VCCS) and Liberty University. For details, visit the Admissions webpage at www.libertyu.com or www.liberty.edu.

**RICHARD BLAND COLLEGE**

A Guaranteed Transfer Agreement exists between Richard Bland College and Liberty University. For details, please contact the Registrar’s Office at registrar@liberty.edu.

**PRIVACY OF STUDENT RECORDS: FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**

Students attending, or who have attended, Liberty University are given certain rights under the Family Educational Rights and Privacy Act of 1974 as amended (20 U.S.C. 1232g) and Rules of the Department of Education (34 C.F.R. Part 99) implementing this Act. Department of Education FERPA site: www.ed.gov/policy/gen/guid/fpco/ferpa/index.html. Additional information and University policies regarding the protection of student records are published online at www.liberty.edu/ferpa.
Admissions – Online Program

Chris E. Johnson, B.S., M.B.A.
Executive Vice President for Enrollment Management

Tamela L. Crickenberger, B.S., M.S.
Executive Director of Enrollment, Liberty University Online

Vice President of Admissions, Liberty University Online

General Requirements
Prospective students who wish to speak to an Admissions representative about the admissions process or admission policies may do so by contacting the Liberty University Online Admissions Office.

Prospective students are encouraged to apply over the phone with an experienced Admissions representative or online at http://www.liberty.edu/online.

Liberty University Online Admissions Office:
Phone: (800) 424-9595
Fax: (800) 628-7977
Email: luoadmissions@liberty.edu
Website: http://www.luonline.com

Hours of Operation:
M–F 8:00 a.m. – 10:00 p.m. EST
SAT 10:00 a.m. – 9:00 p.m. EST

Mailing Address:
Liberty University Online
Attn: Admissions Office
1971 University Blvd.
Lynchburg, Virginia 24515

Admission to Liberty University’s undergraduate program is governed by policies and procedures developed by the Senate Committee on Academic and Admission Standards.

The mission of Liberty University is to develop Christ-centered men and women with the values, knowledge, and skills essential to impact the world. The University expects that its students understand and respect its mission and purpose while enrolled at Liberty University.

Prospective students are assessed according to academic background; personal moral behavior and character; personal philosophy; and willingness to follow Liberty’s rules, regulations, and policies. In the consideration process, the applicant’s complete prior academic record, recommendations, plans for the future, and personal information will be reviewed. Applicants meeting the required standards in these areas will be admitted to one of the academic terms at the University.

Applicants for admission will be considered without regard to race, color, gender, national or ethnic origin, religion, age, or disability.

The University reserves the right to refuse or revoke admission to any prospective student or returning student. Any applicant who intentionally withholds pertinent information or who falsifies information may be required to withdraw from Liberty.

In addition, if certain documentation is not available or does not meet admission standards, the Office of Admissions reserves the right to offer admission to students based on professional judgment.

The regulations listed herein are subject to change after the date of publication through established procedures. Liberty University reserves the right to make necessary changes without further notice.

TECHNOLOGY REQUIREMENTS
All Liberty University Online students are required to have access to an IBM compatible, high-speed computer with Internet and email service.

Application for Admission

ITEMS TO BE SUBMITTED
Applicants must submit the following items to the Office of Admissions in order to be considered as candidates for admission. A decision will not be made until all documentation has been received and evaluated.

Application for Admission

1. Application Fee (non-refundable, non-transferable)
2. Application fee will be posted on current application for the Liberty University Online programs upon enrollment.

3. Academic Records
Prior to acceptance, applicants must submit an official transcript (see below for details) from an accredited high school or an official transcript of the General Educational Development (GED) test scores. Applicants with prior college coursework must submit official transcripts from all colleges attended.

To be considered complete, a high school transcript must meet the following minimum requirements:

a. Preliminary transcript – must reflect all coursework and final grades received for grades 9-11, and an overall grade point average (GPA). Final transcript – must reflect all coursework and final grades received for grades 9-12, must list graduation date, and an overall GPA.

b. Liberty University Online students should refer to http://www.liberty.edu/online/online-education-admission-requirements/ for a detailed list of applicable admission requirements. The high school and GED requirements will be waived if the applicant earned an associate’s degree.

In lieu of a final transcript, Liberty University will accept a preliminary transcript and a self-certification of successful completion of the represented high school program.

In addition, some high school and college transcripts may be waived if they are unobtainable due to circumstances as determined by the Office of Admissions.

Although the University does not require specific high school courses for admission, successful applicants usually have completed at least 4 years of English; 2–3 years of college preparatory mathematics; 2 years of laboratory science; 2 years of social science; 2 years of foreign language; and at least 4 units of elective credits in subjects such as art, music, or drama. This curriculum prepares one for the classroom expectations at Liberty University.

Liberty University’s minimum acceptable unweighted GPA is 2.00 on a 4.00 scale. Applicants who fail to meet the minimum required GPA will be evaluated on other indicators of ability to perform satisfactorily at the college level and may be admitted on Caution status. All students accepted on Caution status may be required to enroll in one or more developmental courses as determined by the Office of Admissions.

4. Other Documentation
If the Admissions Committee determines that additional information is needed in order to make a determination on the
applicant’s status, the applicant may be required to submit letters of recommendation or other relevant documentation such as a guidance counselor letter.

5. **RN to BSN program**

   Students who are interested in the RN to BSN program must submit additional admissions documents, such as:
   - RN licensure in state of residence (copy of licensure document)
   - Graduate of an NLN accredited nursing program leading to an associate degree or hospital diploma

5. **BS in Aeronautics program**

   Students who are interested in the BS in Aeronautics: Commercial Track program must submit additional admissions documents:
   - Confirmation at which Liberty University Flight Training Affiliate they will be completing their flight training requirements, and that they meet Federal Transportation Security Administration requirements.
   - In lieu of the above requirement, a student can provide a Commercial Pilot Certificate issued by the Federal Aviation Administration.

   Students who are interested in the BS in Aeronautics: Aviation Maintenance Management program must submit proof of having obtained their Federal Aviation Administration Airframe & Powerplant mechanic license.

**HOMESCHOOL APPLICANTS**

*Homeschooled applicants* must submit the above requirements plus:

a. Verification that they have completed a secondary school education. This requirement may be satisfied by a statement signed by the parent or guardian, a home-education diploma, or a graduation date posted on the home education records.

b. Verification that the home education was carried out in compliance with applicable commonwealth or state laws. The form of this documentation will vary depending on the state statutes governing home education. The documentation may be a letter from the local school board or public school superintendent, a letter from an umbrella school, or a signed affidavit from the parent or guardian.

**NOTE:** The University recognizes that the academic records of home-educated students vary widely. However, records of academic work plus any evaluations or grades awarded by the parent or evaluator must be included on the academic records to properly evaluate the applicant’s eligibility for college-work. See [www.luonline.com/index.cfm?PID=20365](http://www.luonline.com/index.cfm?PID=20365) for a sample home school transcript. Do not submit portfolios, photocopies of awards, or photographs of school projects.

**ADMISSIONS AND ENROLLMENT FOR ARMY SOLDIER – STUDENTS**

Active Duty, Reserve, and National Guard Army soldier-students must apply for admission and enroll via the GoArmyEd portal, [www.goarmyed.com](http://www.goarmyed.com). Admission and enrollment through the Army portal will allow Tuition Assistance to be approved through the enrollment process. Additional information is provided online, [www.liberty.edu/militaryaffairs](http://www.liberty.edu/militaryaffairs).

**CONDITIONAL ENROLLMENT**

Liberty University Online students may be conditionally enrolled following the receipt of a completed application. Undergraduate students who register on a conditional basis may enroll for up to 12 semester hours within the first semester only pending receipt of all official transcripts and standardized test scores. Students who have not submitted the required documentation by the completion of the first semester will not be allowed to enroll in additional courses until the admission file is completed and program admission is granted.

Conditional enrollment is not a guarantee of full acceptance into a degree program. Federal and state financial aid is not available to students under conditional enrollment. Some programs that require additional admission requirements, such as licensure, will not be eligible for conditional enrollment.

**ADMISSION NOTIFICATION**

Applicants must submit all of the required documents to complete the admission file. When all documents have been received and evaluated, applicants will be notified as to whether they have been fully accepted. Following notification of acceptance, applicants will receive information relating to Financial Check-In and course registration.

**ASSESSMENT TESTS**

Liberty University Online offers English and Math placement tests for all new undergraduate students. These placement tests will be used to ensure that students are placed in the proper English and Math courses to help students be successful as they begin coursework at Liberty University Online.

**Developmental Courses**

Liberty University Online offers several developmental courses to students who need assistance with some of the basic skills required in order to be successful in college. Online students who fail to meet the minimum required GPA will be evaluated on other indicators of ability to perform satisfactorily at the college level.

**Transfer Students**

Transfer applicants must complete all of the forms that are listed for the initial application procedure.

A copy of the official transcript from each college or university that the transfer applicant attended must be sent directly to the Office of Admissions from the Registrar(s) of the respective institution(s) of higher learning.

Unofficial transcripts will allow for acceptance and registration. Unofficial transcripts will not be reviewed for transfer credit. Before submitting unofficial transcripts, please make sure they include the following:

1. School name or logo printed on the document
2. List of completed courses and earned credit

Upon an admission decision, official transcripts are required within 60 days; official transcripts are required in order to register for a second semester of courses.

All students who intend to transfer to Liberty must be eligible for readmission at the last institution attended. The record is reviewed based on Liberty’s scholastic regulations. If an applicant’s GPA does not meet Liberty’s scholastic standards, even though the applicant may not have been placed on Academic Warning or Probation at the last school attended, the applicant may be denied or placed on Academic Warning or Probation. Appeals may be granted, based on Liberty’s scholastic regulations.

**TRANSFER OF CREDITS**

Only courses and degrees from a regionally accredited institution or those nationally accredited by accrediting agencies recognized by the U.S. Department of Education (e.g., SACSCOC, TRACS, ABHE, etc.) will be evaluated for transfer credit. Applicants must request that official transcripts be sent directly from
the Registrar(s) of the previous school(s) to the Registrar’s Office at Liberty University.

Credit will be accepted for those courses that are equivalent to courses offered at Liberty in which applicants have made a grade of C or better. Transcripts are evaluated by the Liberty University Online Office of Transfer Evaluations.

Credit for military training is awarded based on the recommendations provided by the American Council on Education, in A Guide to the Evaluation of Educational Experiences in the Armed Services (ACE Guide). This includes credit for general military training and occupational specialty. The work must also be applicable to the student’s program of study.

A list of policies and transferable courses is provided at http://www.liberty.edu/online/transfer-students/.

SERVICEMEMBERS OPPORTUNITY COLLEGES (SOC)

Liberty University is part of the Servicemembers Opportunity Colleges (SOC) Degree Network System (DNS). The SOC organization was founded in 1972 to provide educational opportunities for service members by establishing articulation agreements between colleges and universities to streamline the transfer process for student veterans transitioning to new schools. Liberty offers transfer-friendly policies and special SOC student agreements (or degree plans) for all service members and veterans who qualify once they are officially accepted and enrolled in their degree program.

The University offers the benefits of the SOC program to all active military personnel, veterans, Department of Defense employees, and military spouses enrolled in an undergraduate online program. Eligible service member students will receive a SOC Student Agreement within their first 6 credit hours of enrollment. Veterans, DoD employees, and military spouses will not receive a SOC Student Agreement, but may instead view their military degree plan through the Degree Completion Plan Audit portal in ASIST. These military students are encouraged to apply for financial assistance through the military and Department of Veterans Affairs, such as Tuition Assistance and GI Bill.

SOC Degree Network System

The SOC Degree Network System (DNS) consists of a subset of SOC Consortium member institutions selected by the military Services to deliver specific Associate and Bachelor's degree programs to service members and their families. Institutional members of the SOC DNS agree to special requirements and obligations that provide military students, their spouses and college-age children with opportunities to complete college degrees without suffering loss of academic credit due to changes of duty station.

SOC operates the 2- and 4-year Degree Network System for the Army (SOCAD), Navy (SOCNAV), Marine Corps (SOCMAR), and Coast Guard (SOCCOAST). Refer to the SOC Degree Network System-2 and 4 Handbooks to view Associate and Bachelor’s degree programs, location offerings, and college information. An electronic version of the Handbook is posted on the SOC website http://www.soc.aascu.org on the SOCAD, SOCNAV, SOCMAR, and SOCCOAST home pages.

Each active duty service member and reservist will receive a copy of a SOC student agreement after acceptance to the University. Veterans and spouses may view their SOC student agreement through the Degree Completion Plan Audit portal.

MILITARY EVALUATIONS

The Liberty University Online Office of Transfer Evaluations will evaluate students’ prior military experience. Evaluations will be based solely upon the recommendations of the American Council of Education (ACE) guidebook, A Guide to the Evaluation of Educational Experiences in the Armed Services. Military applicants should send in their Joint Services Transcript or appropriate transcript from their branch of service (CCAF, DAU, CGI, MCI). If those documents are unavailable, applicants should submit a copy of their DD214, 2-1, 2A, or DD295 for evaluation.

Upon completion of the military evaluation, students may access their degree completion plan through the Degree Completion Plan Audit system. Liberty University Online military students will generally find that the Interdisciplinary Studies major maximizes the use of their existing credits.

International Admission

Applicants whose native language is other than English must submit official scores for the Test of English as a Foreign Language (TOEFL) or an approved alternative assessment.

If an International student is seeking admission into an undergraduate program and has attended an accredited U.S. high school, the TOEFL can be waived for admission.

If an International student is seeking admission into an undergraduate program and has earned a high school diploma at an accredited high school outside of the U.S. in which all classes are taught in English, the TOEFL score can be waived for admission. (Proof must be submitted in the form of an official statement from the school's Registrar's Office.)

If an International student completes an undergraduate degree at an accredited university/college (full time status) outside of the U.S. in which all classes are taught in English, the TOEFL score can be waived for admission. (Proof must be submitted in the form of an official statement from the school's Registrar's Office.)

Students who have attended an American college/university for at least one year are not required to submit TOEFL scores.

The University offers general admission to its undergraduate program of study to students who achieve one of the following scores on a standardized test of English proficiency:

- TOEFL (Internet Based Test or iBT): 61
- International English Language Testing System (IELTS): 5.5
- Pearson Test of English (PTE): 51
- International Test of English Proficiency Academic Plus (ITEP): 3.6

Information regarding the TOEFL may be obtained from: TOEFL Services; The Education Testing Service; PO Box 6151; Princeton, New Jersey 08541 or online at http://www.toefl.org.

Information regarding the IELTS may be obtained online at http://www.ielts.org and information regarding the PTE may be obtained online at http://www.pearsonpte.com.

SPECIAL (OR NON-DEGREE SEEKING) STATUS STUDENTS

Status 1 Special Students are early enrollment or dual enrollment students who do not have a high school diploma or equivalent. These students must show evidence of ability to complete the courses selected. They may become candidates for a degree after completing high school diploma requirements.

Status 2 Special Students are those students who are not interested in obtaining a degree; however, they are interested in taking one or more college level courses up to a maximum of 12 credit hours. Additional courses may be approved if the student has no intention of being a degree-seeking student. This decision is based on review from the Registrar’s Office.

Applications are available at http://www.liberty.edu/online. Students deciding to enroll as degree seeking students in the future must complete a new application and fulfill all admissions requirements.

Students who have been Academically Dismissed from Liberty
University are not eligible for Special Student status. Students who have completed 12 or more credit hours at their current level are not eligible for Special Student status. Financial Aid is not available under Special Student status.

BREAK IN ENROLLMENT
A break in enrollment occurs when a student is not actively taking a class each academic year.

Students who break enrollment will be required to follow the degree requirements in effect at the time of re-entry to the University.

READMISSION
Students who have withdrawn from the University or who have broken enrollment must apply for readmission through the Office of Admissions. Admission status is subject to the terms of any previous academic or disciplinary suspension or probation. Re-applicants will be subject to the current Degree Completion Plan for the program of application. Applicants must provide official transcripts from all educational institutions attended since enrollment at Liberty. Students must receive approval from the Registrar’s Office, Student Conduct and Student Accounts before an acceptance decision can be made.

ACADEMIC AMNESTY
Approval for readmission under Academic Amnesty must be approved by the Office of the Provost. To qualify for academic amnesty, a student must have been academically suspended or academically dismissed from the University, as well as must satisfy the subsequent guidelines for readmission.

1. Not enrolled at the University for a period of two (2) years.
2. A student seeking readmission under academic amnesty must first appeal in writing to the Registrar’s Office. The request must be stated clearly and contain: (1) the reason for the request, and (2) efforts made to improve during absence from Liberty. Corroboration may be requested of the student, i.e. transcripts from other institutions, certificates, awards, etc.
3. The student’s appeal, supporting documentation and a recommendation from the Registrar’s Office will be presented to the Office of the Provost for a decision. If the appeal is approved, the student will be readmitted on the following provisions:
   a. Only the allowable number of grade repeats that were remaining at the time of Dismissal can be utilized.
   b. Previously earned grades of A, B, and C will remain on the student’s record and will calculate into his or her GPA. As determined by the CAAS, grades of D and F are revised to Q.
   c. Students who have been granted Academic Amnesty are not eligible for graduation honors.

PRIVACY OF STUDENT RECORDS:
FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)
Students attending, or who have attended, Liberty University are given certain rights under the Family Educational Rights and Privacy Act of 1974 as amended (20 U.S.C. 1232g) and Rules of the Department of Education (34 C.F.R. Part 99) implementing this Act.

Additional information and University policies regarding the protection of student records are published online at http://www.liberty.edu/ferpa.

ADDITIONAL INFORMATION
Additional information regarding the University’s academic and administrative policies and procedures can be found on the University website at http://www.liberty.edu/online.
Admissions – Undergraduate Certificates

General Requirements
Prospective students who wish to speak to an Admissions representative about the admissions process or admission policies may do so by contacting the Liberty University Online Admissions Office.
Prospective students are encouraged to apply over the phone with an experienced Admissions representative or online at http://www.luonline.com.

Liberty University Online Admissions Office:

Hours of Operation:
M–F 8:00 a.m. – 10:00 p.m. EST
SAT 10:00 a.m. – 9:00 p.m. EST

Mailing Address:
Liberty University Online
Attn: Admissions Office
1971 University Blvd.
Lynchburg, Virginia 24515

Admission is governed by policies and procedures developed by the Senate Committee on Academic and Admission Standards.
The mission of Liberty University is to develop Christ-centered men and women with the values, knowledge, and skills essential to impact the world. We expect that our students understand and respect our mission and purpose while enrolled at Liberty University.

Prospective students are assessed according to academic background; personal moral behavior and character; personal philosophy; and willingness to follow Liberty’s rules, regulations, and policies. In the consideration process, the applicant’s complete prior academic record, recommendations, plans for the future, and personal information will be reviewed. Applicants meeting the required standards in these areas will be admitted to one of the academic terms at the University.

Applicants for admission will be considered without regard to race, color, gender, national or ethnic origin, religion, age, or disability.
The University reserves the right to refuse or revoke admission or readmission to any prospective student or returning student. Any applicant who intentionally withholds pertinent information or who falsifies information may be required to withdraw from Liberty.

In addition, if certain documentation is not available or does not meet admission standards, the Office of Admissions reserves the right to offer admission to students based on professional judgment.
The regulations listed herein are subject to change after the date of publication through established procedures. Liberty University reserves the right to make necessary changes without further notice.

TECHNOLOGY REQUIREMENTS
All Liberty University Online students are required to have access to an IBM compatible, high-speed computer with Internet and email service.

Available Undergraduate Certificates
To view a list of current undergraduate certificates offered at Liberty University Online, please visit http://www.liberty.edu/online/programs/certificate/.

Application for Admission

ITEMS TO BE SUBMITTED
Applicants must submit the following items to the Office of Admissions in order to be considered as candidates for admission. A decision will not be made until all documentation has been received and evaluated.

Application for Admission

1. Application Fee (non-refundable, non-transferable)
   Application fee will be posted on current application for the Liberty University Online programs upon enrollment.

2. Academic Records
   Prior to acceptance, applicants must submit an official transcript (see below for details) from an accredited high school or an official transcript of the General Educational Development (GED) test scores. Applicants with prior college coursework must submit official transcripts from all colleges attended.
   To be considered complete, a high school transcript must meet the following minimum requirements:
   a. Preliminary transcript – must reflect all coursework and final grades received for grades 9-11, and an overall grade point average (GPA), and must be signed by the school administrator.
   b. Final transcript – must reflect all coursework and final grades received for grades 9-12, must list graduation date, and an overall GPA.
   c. Liberty University Online students should refer to www.luonline.com/index.cfm?PID=14327 for a detailed list of applicable admissions requirements.
      The high school and GED requirements will be waived if the applicant earned an associate’s degree.
      In lieu of a final transcript, Liberty University will accept a preliminary transcript and a self-certification of successful completion of the represented high school program.
      In addition, some high school and college transcripts may be waived if they are unobtainable due to circumstances as determined by the Office of Admissions.
      Although the University does not require specific high school courses for admission, successful applicants usually have completed at least 4 years of English, 2–3 years of college preparatory mathematics, 2 years of laboratory science, 2 years of social science, 2 years of foreign language, and at least 4 units of elective credits in subjects such as art, music, or drama. This curriculum prepares one for the classroom expectations at Liberty University.
      Liberty University’s minimum acceptable unweighted (GPA) is 2.00 on a 4.00 scale. Applicants who fail to meet the minimum required GPA will be evaluated on other indicators of ability to perform satisfactorily at the college level as determined by the Office of Admissions.

3. Other Documentation
   If the Admissions Committee determines that additional information is needed in order to make a determination on the applicant’s status, the applicant may be required to submit letters of recommendation or other relevant documentation such as a guidance counselor letter.
HOMESCHOOL APPLICANTS

Homeschooled applicants must submit the above requirements plus:

1. Verification that they have completed a secondary school education. This requirement may be satisfied by a statement signed by the parent or guardian, a home-education diploma, or a graduation date posted on the home education records.

2. Verification that the home education was carried out in compliance with applicable commonwealth or state laws. The form of this documentation will vary depending on the state statutes governing home education. The documentation may be a letter from the local school board or public school superintendent, a letter from an umbrella school, or a signed affidavit from the parent or guardian.

NOTE: The University recognizes that the academic records of home-educated students vary widely. However, records of academic work plus any evaluations or grades awarded by the parent or other evaluator must be included on the academic records to properly evaluate the applicant’s eligibility for college-work. See www.luonline.com/index.cfm?PID=20365 for a sample home school transcript. Do not submit portfolios, photocopies of awards, or photographs of school projects.

CONDITIONAL ENROLLMENT

Conditional Enrollment is not available to students pursuing certificates.

ADMISSION NOTIFICATION

Applicants must submit all of the required documents to complete the admission file. When all documents have been received and evaluated, applicants will be notified as to whether they have been fully accepted. Following notification of acceptance, applicants will receive information relating to Financial Check-In and course registration.

TRANSFER STUDENTS

Transfer applicants must complete all of the forms that are listed for the initial application procedure.

A copy of the official transcript from each college or university that the transfer applicant attended must be sent directly to the Office of Admissions from the Registrar(s) of the respective institution(s) of higher learning.

Unofficial transcripts will allow for acceptance and registration. Unofficial transcripts will not be reviewed for transfer credit. Before submitting unofficial transcripts, please make sure they include the following:

1. School name or logo printed on the document
2. List of completed courses and earned credit

Upon an admission decision, official transcripts are required within 60 days; official transcripts are required in order to register for a second semester of courses. Students that intend to finish the certificate in one semester must have official transcripts on file prior to applying for graduation.

All students who intend to transfer to Liberty must be eligible for readmission at the last institution attended. The record is reviewed based on Liberty’s scholastic regulations. If an applicant’s GPA does not meet Liberty’s scholastic standards, even though the applicant may not have been placed on Academic Warning or Probation at the last school attended, the applicant may be denied or placed on Academic Warning or Probation. Appeals may be granted, based on Liberty’s scholastic regulations.

International Admission

Applicants whose native language is other than English must submit official scores for the Test of English as a Foreign Language (TOEFL). If an International student is seeking admission into an undergraduate certificate program and has attended an accredited U.S. high school, the TOEFL can be waived for admission. If an International student is seeking admission into an undergraduate Certificate program and has earned a high school diploma at an accredited high school outside of the U.S. in which all classes are taught in English, the TOEFL score can be waived for admission. (Proof must be submitted in the form of an official statement from the school's Registrar's Office.) If an International student completes an undergraduate degree at an accredited university/college (full time status) outside of the U.S. in which all classes are taught in English, the TOEFL score can be waived for admission. (Proof must be submitted in the form of an official statement from the school's Registrar's Office.) Students who have attended an American college/university for at least one year are not required to submit TOEFL scores. The University accepts into its undergraduate certificate programs students who achieve a TOEFL score of 61 (IBT), 173 (CBT) or 500 (PBT). An equivalent score of 5.5 on the International English Language Testing System (IELTS), or score of 44 on the Pearson Test of English (PTE) will also be accepted. Additional assessment may determine the need for a developmental English course. Information regarding the TOEFL may be obtained from: TOEFL Services; The Education Testing Service; PO Box 6151; Princeton, New Jersey 08541 or online at http://www.toefl.org. Information regarding the IELTS may be obtained online at www.ielts.org and information regarding the PTE may be obtained online at www.pearsonpte.com.

BREAK IN ENROLLMENT

A break in enrollment occurs when a student is not actively taking a class each academic year.

Students who break enrollment will be required to follow the certificate requirements in effect at the time of re-entry to the University.

READMISSION

Students who have withdrawn from the University or who have broken enrollment must apply for readmission through the Office of Admissions. Admission status is subject to the terms of any previous academic or disciplinary suspension or probation. Re-applicants will be subject to the current Certificate Completion Plan for the program of application. Applicants must provide official transcripts from all educational institutions attended since enrollment at Liberty. Students must receive approval from the Registrar’s Office, Student Conduct and Student Accounts before an acceptance decision can be made.

PRIVACY OF STUDENT RECORDS: FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Students attending, or who have attended, Liberty University are given certain rights under the Family Educational Rights and Privacy Act of 1974 as amended (20 U.S.C. 1232g) and Rules of the Department of Education (34 C.F.R. Part 99) implementing this Act.

Additional information and University policies regarding the protection of student records are published online at http://www.liberty.edu/ferpa.

ADDITIONAL INFORMATION

Additional information regarding the University’s academic and administrative policies and procedures can be found on the University website at www.luonline.com or www.liberty.edu.

Dawn Sandas, B.S., M.A.
Assistant Registrar for Residential Undergraduate Programs

Janelle Carroll, B.S.
Assistant Registrar for Degree Audit

Amanda Collins, B.S.
Assistant Registrar for Academic Operations

SEMESTER CREDIT SYSTEM

The University operates on the semester system. The unit for counting credit is the semester hour. A semester hour of credit consists of the equivalent of one 50-minute period of class work for fifteen weeks, with an assumption of two hours of outside preparation or two 50-minute periods of laboratory work for each semester hour. Online courses are equivalent to the number of classroom contact hours (750 minutes per credit hour) expected in a synchronous residential course.

PART TIME VS. FULL TIME

To qualify as a full-time undergraduate student, you must be enrolled in a minimum of 12 credit hours. A student is considered part-time student when enrolled in 11 credit hours or less.

SEMESTER LOAD AND OVERLOAD

The usual semester load for full-time undergraduate students is 14-17 hours per semester. Students must secure permission to take more than 18 hours in a semester. A student who has established a cumulative GPA of 3.00 or better may, with the approval of the Department Chair, take up to 20 hours; 21 hours requires the Dean’s signature and a cumulative GPA of 3.50. Students will be required to pay additional tuition for any hours over 18. Students who have not declared a major must request this permission from the Dean of the College of Applied Studies and Academic Success. The maximum load a student may carry is 21 hours per semester. This includes courses from all sources. In certain circumstances, exceptions above 21 hours may be approved by the Dean.

ENROLLMENT VERIFICATION

A student is enrolled when they are registered for a course and have attended the course and/or completed academic work for the course after its start date. For enrollment verification purposes, the University policy can be viewed at https://www.liberty.edu/administration/institutionaleffectiveness/index.cfm?pid=30130#/policy/355.

CERTIFICATE ENROLLED STUDENTS

Certificate students are required to abide by some of the same policies as Undergraduate degree seeking students. These policies include: academic standing, change of major, course registration, class attendance, drop and withdrawal processes, Repeat Policy, broken enrollment, academic and personal codes of honor, incompletes, recording of grades and the grade appeal process, FERPA, and Academic Transcript processes. Those policies that do not pertain to the certificate seeking student will be noted in the following sections.

STUDENT CLASSIFICATION

The classification of students at Liberty is based on their degree level and number of earned semester hours.

<table>
<thead>
<tr>
<th>Classification</th>
<th>Semester Hours Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0—23.99</td>
</tr>
<tr>
<td>Sophomore</td>
<td>24.00—47.99</td>
</tr>
<tr>
<td>Junior</td>
<td>48.00—71.99</td>
</tr>
<tr>
<td>Senior</td>
<td>72.00— and above</td>
</tr>
</tbody>
</table>

GRADES, QUALITY POINTS, AND GRADE POINT AVERAGE (GPA)

All work is graded by letters, which are assigned quality points as indicated below:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Meaning</th>
<th>Quality Points Per Semester Hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4</td>
</tr>
<tr>

<td>Withdraw</td>
<td>0</td>
</tr>
</tbody>
</table>

A student’s cumulative GPA is comprised of all coursework completed at the current academic level (Undergraduate, Graduate, Doctoral, etc.) regardless of prior degree conferred, broken enrollment or a program/major change. To determine the grade point average (GPA) the quality points earned are divided by the semester hours attempted (quality hours). Only courses taken at Liberty are used in computing the GPA. Only grades of A, B, C, D, F, and FN are used in the calculation of the GPA. **“R” is no longer an active option for a grade. Please see the Undergraduate Repeat Policy section for the current policy.

DEAN’S LIST

Undergraduate students who earn 12 or more GPA hours in the fall or spring semester with a GPA of 3.50 or above are placed on the Dean’s List. The Dean’s list is not awarded for the summer term. This does not apply for certificate level students.

ADVISORS

Freshmen and sophomore students will be assigned a Professional Advisor, based on their major, who will provide student support for questions concerning academic issues. Junior and senior students meet with faculty, as needed, in the Academic Department that corresponds with their major. Both Professional Advisors and Faculty will assist students with reaching their spiritual, academic, and personal goals.
ASSESSMENTS

Placement into English and Math courses are based on a combination of scores including required Math / English assessments for all new resident students, first-time college students, and college transfer students that did not transfer in the Math or English course needed for their specific major. A fee is charged only for the information technology and information literacy assessment.

COURSE PLANNING

A course planning schedule is provided in order for students to plan their classes for upcoming semesters. The planning schedule presents every class offered and the terms where it is scheduled to be taught. This schedule is sorted alphabetically by class. The course planning schedule is available Semester at: /www.liberty.edu/academics/registrar/index.cfm/PID=23103.

Transfer of Credits

Normally courses and degrees from regionally accredited institutions or those nationally accredited by accrediting agencies recognized by the U.S. Department of Education (e.g., SACSCOC, TRACS, ABHE, etc.) will be evaluated for transfer of credit. However, on a limited basis Liberty does accept transfer credit via experiential learning, advanced placement and professional certificates from unaccredited institutions under certain terms and conditions established by Committee on Academic and Admissions Standards. Credit earned through this process will not be counted toward the required minimum of 50% of the major and minimum of 25% of the credit hours that must be completed through Liberty University for a bachelor’s degree. Also, credit earned through the portfolio process or professional certificate evaluation cannot exceed 30 credit hours. Applicants must request that official transcripts be sent directly from the Registrar(s) of the previous school(s) to the Registrar’s Office at Liberty University. Transcripts must be received before an admission decision will be made.

Credit will be accepted for those courses that are undergraduate level in which applicants have made a grade of C or better. Transfer credit will be awarded grades of P and will not be used in computing the Liberty GPA. Transcripts are evaluated under the guidelines established by the Senate Committee on Academic and Admissions Standards. Internships, capstone courses, special topics, remedial courses, workshops, seminars, independent studies, and varsity courses are not transferable. Students may appeal their transfer evaluation with a course description and Transfer Inquiry Form.

At any point prior to degree conferral, students may petition to have courses that are listed as electives substitute for required courses by using the Course Substitution form.

INTERNATIONAL TRANSFER CREDIT

The evaluation of international transfer credit requires students to submit a translated official transcript in conjunction with course descriptions prior to the approval process.

International transfer credit is accepted only from an institution recognized by the government of the country in which the institution is located.

Foreign students are encouraged and sometimes required to use foreign credential evaluation services such as World Education Services (www.wes.org) to have their transcripts validated and evaluated before sending them to Liberty University. A credential evaluation service must be a member of the National Association of Credential Evaluation Services (www.naces.org) before it can be accepted at Liberty University.

CREDIT BY EXAMINATION

Liberty University offers students the opportunity to receive academic credit toward their undergraduate degrees through testing. Credit may be earned through the Advanced Placement, CLEP, ICE, DSST, Excelsior, and Federal Aviation Administration programs.

For information on the CIE (University of Cambridge International Exams) policy please visit: http://www.liberty.edu/academics/registrar/index.cfm?PID=31875.

For information on the IB (International Baccalaureate) policy please visit: http://www.liberty.edu/academics/registrar/index.cfm?PID=26684.

Advanced Placement (AP)

Students who receive a score of 3 or higher on the following College Board Advanced Placement examinations will be awarded academic credit toward an undergraduate degree. Credit will be awarded only in those areas applicable to the Liberty curriculum.

ACADEMIC INFORMATION AND POLICIES – RESIDENT PROGRAM

Information about these examinations may be obtained by writing to: The College Board; Advanced Placement Examination; P.O. Box 977; Princeton, New Jersey 08450.

College-Level Examination Program (CLEP)

The College-Level Examination Program (CLEP), sponsored by The College Board, offers a unique opportunity to gain college credit for knowledge that a student has acquired. The program includes several tests covering a variety of subjects. Students who meet or exceed the minimum score will receive the corresponding credit. A registration fee of $50 will be charged for each CLEP test attempted. An $80 CLEP administration fee will be charged on the day of the test. Testing is computer-based and administered in the Bruckner Learning Center, Testing Services.

During the student’s final semester, CLEP tests can only be taken with permission after classes begin.

Institutional Challenge Examinations (ICE)

To apply for credit by examination, students must submit an ICE Request Form to the Bruckner Learning Center, Testing Services. The form should be taken to the Bruckner Learning Center, Testing Services. A $130 ICE exam fee will be charged on the day of the test. Please contact ttc@liberty.edu with any questions. Additionally, such requests are subject to the following guidelines:

1. The minimum passing score for both upper and lower level undergraduate courses is 70%. An exception to this policy may occur if a professional, state, or national organization specifies a higher score for recognition.
2. A maximum of 30 hours of ICE credits will be accepted toward an undergraduate degree; the number of credits that may be applied toward each major may vary.
3. Students may not take the ICE if the course has previously been taken or is currently being taken.
4. ICE may be taken during the drop/add period.
5. ICE tests can only be taken with permission after classes begin, during the student’s final semester.
6. ICE credits may not be applied toward residency hours.

Only the following courses may be challenged:

*Must be taken in prerequisite order

DANTES SUBJECT STANDARDIZED TESTS (DSST)

Undergraduate college credit may be earned through the DANTES Subject Standardized Tests (DSSTs) program, which is administered by Educational Testing Services (ETS) in conjunction with DANTES. Examinations are available to both military personnel and civilians. Students may find an approved testing center and view fact sheets for various tests that are offered at www.getcollegecredit.com. A complete list of accepted exams, course equivalency and the minimum required score is available at http://www.liberty.edu/index.cfm?PID=32080.
Aviation Testing
The School of Aeronautics Testing Center serves as a Federal Aviation Administration’s official Federal Aviation Testing Site for the Airmen and A&P Knowledge Tests. All test candidates, not just students in the Liberty University Aviation program, are eligible to use the FAA aviation computer-based testing center. For scheduling please call (434) 582-2183.

Excelsior College Exam Credit
Excelsior College exams are approved for credit in the Liberty University Online program. Undergraduate college credit may be earned through Excelsior College Exams. For further information on earning credit through Excelsior exams, go to: http://www.excelsior.edu/ecapps/exams/creditByExam.jsf. The following courses are subject for credit, based on the scores earned.

EXPERIENTIAL LEARNING CREDIT
Credit may be granted to students who demonstrate that they have already acquired, through life experiences such as job training, non-college courses, etc., course knowledge required for the degree program in which they are enrolled.

There are some portfolios/courses that will not be admitted, such as School of Communication & Creative Arts (SCCA) courses, GOVT 200, internship courses, capstone courses, as well as other courses not approved by academic departments. Please note that admission of a portfolio does not guarantee that credit will be awarded.

Students must receive tentative approval from the Portfolio Coordinator at portfolio@liberty.edu before moving forward. A separate portfolio must be submitted for each course. An administrative fee of $100 will be charged for each portfolio submitted for assessment. Please note that credit earned through the portfolio process and/or a certificate of completion will be limited to a combined maximum of 30 hours.

Each portfolio must define learning in terms of college-level competencies for specific course credit. All documentation submitted in portfolios will remain in the student’s personal file at the University.

A 3-hour course (GEED 205) is required to assist students with the development of portfolios that demonstrate that the required knowledge has been attained. Liberty University Online Education students must take EDUC 205 which offers a portfolio option for teachers. Students may submit portfolios for experiential learning credit at any time prior to graduation. Credit earned through this process will not be counted toward the required minimum of 30 hours of credit that must be completed through Liberty University. Also, portfolio credit cannot exceed 50% of the major. Further information may be found online at http://www.liberty.edu/online/index.cfm?PID=15141.

Military Evaluations
Liberty University will evaluate students’ prior military experience and develop a degree plan for each student to follow. Evaluations will be based solely upon the recommendations of the American Council of Education (ACE) guidebook, Guide to the Evaluation of Educational Experiences in the Armed Services. Students will generally find that the Interdisciplinary Studies major offer through Liberty University Online maximizes the use of their existing credits.

CREDIT FOR SEMINARS
As part of the “action-oriented” curriculum at Liberty, certain seminars and travel opportunities are offered for academic credit. Students who wish to obtain credit for such activities must receive prior approval from the Registrar.

COURSEWORK AT OTHER INSTITUTIONS WHILE ENROLLED AT LIBERTY
Prior to registering for any course at another institution, students must submit a Transient Request Form to guarantee transferability. The online form can be found on the Registrar’s Office webpage at http://www.liberty.edu/academics/registrar/index.cfm?PID=28460.
DECLARATION OF UNDERGRADUATE MAJOR

Students may declare their major at any time prior to the completion of 60 semester hours. They must declare a major by the time they complete 60 semester hours of undergraduate credit. Declaration of a major does not imply the ability to pursue programs such as Athletic Training, Cinematic Arts, Individualized Studies, Interdisciplinary Studies, Nursing, or teacher licensure. Such programs have specific requirements before acceptance is granted.

A student’s computer competency must be demonstrated within the first 45 hours of a student’s program. Transfer students must complete this within their first year at Liberty.

Acceptance into a major does not constitute acceptance into the Teacher Licensure Program.

CHANGE OF MAJOR

Major changes become effective for the semester following their request. The process for changing/declaring a major can be found by visiting the Registrar’s Office, accessing http://www.liberty.edu/registrar, or by calling (434) 592-5100. All requests for a change of major will be processed by the Registrar’s Office upon receipt, and will be effective the following full term of enrollment.

DOUBLE MAJORS

Students who wish to complete a double major (BS/BS or BA/BA) or two separate undergraduate degrees (BA/BS or BA/BM or BS/BS) must meet with their professional advisor in CASAS to work out a completion plan.

Students must have 30 unique hours within the major core of the first or second major or degree. The foundational and investigative studies may be shared if they are the same. However, if any requirements are different, the student must fulfill the higher of the two requirements.

The requirements from one major can be used as electives for the second major, and vice versa. At least 50% of the course work for each major must be earned at Liberty University.

Students who wish to earn an A.A. degree with two majors must have at least 15 unique hours in the core of the first or second major. Students with a conferred A.A. degree who wish to earn a second A.A. degree must complete at least 15 additional hours through Liberty University, and there must be at least 15 unique hours in the core of the second major.

Students who currently hold a bachelor’s degree and want to pursue an associate’s degree will need to take a minimum of 15-hours through Liberty University of which 15-hours must be unique in the core of the major.

Students who currently hold a bachelor’s degree and want to pursue another bachelor’s degree will need to take a minimum of 30 additional hours through Liberty University of which 30-hours must be unique in the core of the major.

DUPLICATE CREDIT

In the event that a student earns credit for the same course more than one time, whether at Liberty, at another college, or through standardized testing, that course/credit may only count one time toward the completion of his/her degree. The only exception to this would be if the course/credit is approved by the academic department or administration to be used more than one time toward a student’s degree/major.

INTERCOLLEGIATE ATHLETIC CREDIT

Students who are members of Liberty Intercollegiate Athletic teams may earn one hour of academic credit for a completed season. Such credit may not be used more than one time for each sport in which the student participates. This credit is not intended for transfer.

DEGREE COMPLETION PLANS

Once a student has declared his or her major through the registrar’s office, a Degree Completion Plan (DCP) may be retrieved at http://www.liberty.edu/dcps. The student is required to follow the DCP for the academic year in which the declaration becomes effective.

Grades of “D” are not acceptable in upper-level (300-400) courses within the student’s major. For certain majors, a grade of “D” is not acceptable in upper- and lower-level courses within the major.

If a major includes directed electives or support courses, it is possible to use them to also meet a general education requirement or a minor requirement. Courses cannot fulfill both a major requirement and a general education requirement.

A student with an already completed bachelor’s degree must take an additional 30 hours or more in order to earn a second bachelor’s degree at Liberty, in conjunction with completing all requirements unique to that degree. The same rule applies to those students who have completed a degree at another accredited institution. Courses may transfer to Liberty from a completed undergraduate degree, but only courses that apply directly to the degree being pursued.

DEGREE COMPLETION PLAN (DCP) AUDIT

The Degree Completion Plan (DCP) Audit provides real-time advice and counsel, making it possible for students to track progress towards degree completion at their convenience. It also enables students to immediately see how their credits will apply towards a different degree program.

COURSE SEQUENCING

Suggested course sequences for resident undergraduate degree programs are available online through the CASAS webpage http://www.liberty.edu/casas.

IMPORTANT INFORMATION REGARDING INTERNSHIPS AND CLINICAL PLACEMENTS

Students who are pursuing degrees leading to application for professional licensure or certification, and/or who will be participating in clinical placements, internships, or practica through their Liberty University program should be aware that their host facility may require a criminal background check, fingerprint, or drug screening. In such situations, each student is responsible for obtaining and paying for the background check or other screening process and for delivering required documentation to the facility. Although the university will make reasonable efforts to place admitted students in field experiences and internship, it will be up to the host facility to determine whether a student will be allowed to work at that facility. Students should further be aware that a criminal record may jeopardize licensure by the State certification body. Students seeking licensure are urged to contact the relevant licensing agency to determine the licensing requirements for the jurisdiction. Successful completion of a program of study at Liberty University does not guarantee licensure, certification, or employment in the relevant occupation.

MINORS

Students at Liberty University are not required to complete a minor. Those who wish to declare a minor, however, are encouraged to meet with their professional advisor to review the requirements for that minor. A minor on the student’s transcript indicates the completion of a block of courses that academic
departments have specified as meeting the requirements of their minor.

Consequently, since the selection of a minor is not a graduation requirement for any major at Liberty, students may use courses required for any given major to also count toward a minor if such courses are required for the minor. Students must earn a “C” or higher in all upper level courses in their chosen minor. At least 50% of the course work must be earned at Liberty University.

Finally, students who are completing requirements for a Bachelor of Arts degree, that requires twelve hours of a language, may take one additional, approved course in the chosen language and declare a minor in that language.

SPECIAL STUDENT REGISTRATION

1. Prospective students must apply as a Special Student and receive confirmation of acceptance.
2. Special Students may not accumulate more than 12 credit hours under this status.
3. Special students will follow the same registration rules and procedures as degree-seeking students.
4. Students who have been Academically Dismissed are not eligible to return to Liberty under the Special Student category.

CLASS ATTENDANCE POLICY

For the good of the Liberty University student body, a consistent attendance policy is needed so that all students in all majors will understand the expectations of faculty in all their courses. In general, regular and punctual attendance in all classes is expected of all students. At times, students will miss classes. For 100- and 200-level classes, absences will be identified as either excused or unexcused and will be handled per the policy below. For 300- and 400-level classes, students are permitted to make their own decisions regarding attendance, but faculty will outline in their syllabus the ramifications for completing an assignment late and missing a test/quiz or other essential activity/event. Work missed for excused absences in 300- and 400-level classes, as outlined below, may be made up.

Excused Absences

- Excused absences include all Liberty University sponsored events, to include athletic competition or other provost-approved event.
- Absences due to medical illness that are accompanied by a doctor’s note will be excused.
- Absences due to family situations such as a death in the family or a severe medical condition will be excused.
- Students will not be penalized for excused absences and will be permitted to make arrangements to complete missed work.

Unexcused Absences

- Classes that meet:
  - Three times per week will permit four unexcused absences per semester.
  - Twice per week will permit three unexcused absences per semester.
  - Once per week will permit one unexcused absence per semester.
- Questions regarding unexcused absences must be resolved by the student with the professor within one week of the absence. Students may appeal these decisions to the respective dean within one week.
- Extraordinary circumstances regarding excessive absences will be addressed by the student with the faculty member, department chair, and dean as required.
- Penalties for each unexcused absence over the permitted number per semester will be as follows:
  - 50 points for classes that meet 3 times per week
  - 75 points for classes that meet 2 times per week
  - 150 points for classes that meet once per week
- Students who are late for class 10 minutes or less are considered tardy but present for the class. If a student misses in-class work due to tardiness, the faculty member may choose not to allow the student to make up this work. Three class tardies will be counted as one unexcused absence.
- Students who are more than 10 minutes late for class are considered absent.

CLASS CANCELLATION POLICY

From time to time, it may be necessary to cancel a class because of insufficient enrollment or other extenuating circumstances. The decision for such a cancellation is ultimately that of the Provost of the University. Every effort will be made to provide notice of the cancellation at least two weeks prior to the first scheduled meeting of the class. The Registrar’s Office will advise the student of the cancellation. The University does not assume responsibility for any delay in the anticipated graduation date of individual students that might result from such class cancellations.

INDEPENDENT STUDY

Students may request to do an independent study project in a major field or related discipline. This option is limited to graduating seniors, students who have changed majors and have no other course of action, and students who may have approved extenuating circumstances. Permission for the independent study will be granted only upon approval by the Department Chair, the Dean of the School, the Administrative Dean, and the Registrar. Forms are available in the Registrar’s Office and on the Registrar’s webpage.

COURSE AUDITS

Students who wish to audit a residential course may do so for a fee (see Expenses and Financial Policy section). Audit fees are not covered in block-tuition billing, and audited courses will not be used to determine full- or part-time status. Auditors will not be expected to take quizzes or examinations. A grade of AU will be recorded on the auditor’s permanent record.

Course audits may not be added via ASIST, but must be requested in person at the registrar’s office. Requests to audit a course will only be accepted during add/drop week (or the week before the start of a summer term for summer courses). Audit requests will be processed and added on the last day of the add/drop period, pending seat availability. A student wishing to change from credit to audit status for a course may only do so until the last day of the add/drop period. Requests to change to or from audit status after the add/drop period will be denied.

Lecture-only courses may be audited. Courses considered lecture/lab, labs, private instruction, etc., may not be audited. Audited courses will not count toward graduation requirements.

COURSE SUBSTITUTIONS

A Course Substitution request may be made when a student wishes to substitute one course for another required course when a clear relationship exists between the two. This form may also be used when an academic department approves a complete replacement for a Liberty course requirement. Students requesting
these exceptions must complete a “Course Substitution Form” and submit it to the Registrar’s Office. Approval of the course substitution is under the oversight of the Dean presiding over the required course. Please note that an approved substitution will apply toward the degree requirement(s), but will not change the course number on the student’s transcript. Also, a lower-level course substituting for an upper-level requirement will not count toward the total number of upper-level hours required. Course substitutions are not applicable for certificate seeking students. Changing programs or breaking enrollment may invalidate the request.

DROPPING/ADDING/WITHDRAWING FROM COURSES

Changes are discouraged after a student and advisor have arranged the student’s schedule for the semester.

A Fall/Spring course may be dropped up to and during Drop/Add Week. From the sixth day of the semester until around the 12th week of class (see academic calendar for exact date), a Fall/Spring course may be withdrawn with a grade of "W", “W” grades are not used in calculating a GPA. Course withdrawals with grades of “W” are used in determining a student’s academic load for the semester, upon which tuition charges are based. The student will be responsible for the tuition and fees for the course.

No course may be added after the first week of classes without signed approval from the course instructor and the Registrar’s Office.

Exceptions to these deadlines may be granted by the Registrar in unusual circumstances, such as extreme illness or other circumstances beyond the student’s control. If a student is unable to withdraw for a specific reason (i.e. death, incapacitation, incarceration, hospitalization, etc.) an administrative grade change to “W” may be approved by the Registrar’s Office.

No course is considered officially added or dropped until the add/drop form is submitted to the Registrar’s Office and processed. This form may require the written approval of the instructor of the course.

NOTE:
• A student may not withdraw from or drop MENT 100 and CLST 101, 102, 103 or 105 without permission of the Director of the Bruckner Learning Center.
• A student may not withdraw from or drop BWVW 101 or BWVW 102 without the permission of the Christian/ Community Service Office.

Students who do not attend their intensive(s), will be dropped from the course roster. An intensive may be dropped without a grade or a tuition charge prior to the start date of the course. Class attendance is defined, but is not limited to, any required submission to Blackboard, any required submission outside of Blackboard, initiating any communication with the professor regarding an academic subject, or physically attending a class where there is an opportunity for direct interaction between the instructor and students within the enrollment dates of the course. If the student has attended, he or she must withdraw from the intensive(s) and will be liable for tuition and fees. Please note that while students are given access to their courses in advance of the start date to allow for an opportunity to familiarize themselves with the course, assignments will NOT be accepted until the start date of the course. Students should not submit any assignments until after the current sub-term begins.

REMEMBER: Any change in status (i.e., from full-time to part-time, etc.) may cause the reduction or cancellation of your financial aid award. In other words, your out-of-pocket expenses may increase.

RESIDENT STUDENTS TAKING ONLINE CLASSES

Resident students desiring to take an online course must enroll in the course during the prescribed Liberty University Online registration period. A cumulative Liberty GPA of 2.00 or higher is needed before a residential student may register for an online course.

Note: Resident students taking online courses will be charged resident tuition.

Withdrawal from Liberty

Students withdrawing from the University during the semester must meet with a representative from the Student Advocate Office for exit counseling. As a part of this process, the student must also meet with a representative from the Financial Aid Office and the Student Accounts Office (if there is an outstanding balance on the student’s account), and will be required to submit a signed statement of withdrawal. The student’s official withdrawal date is the date they begin the withdrawal process by notifying a representative from the Student Advocate Office of his/her intent to withdraw.

Students withdrawing before the semester begins must only contact the Student Advocate Office in order to initiate the withdrawal process.

Any student who withdraws from the University during the first eight weeks of classes will receive a tuition refund. (See Expenses and Financial Policy Information: Official Withdrawal Policy section). This is in effect even if the student drops classes in such a way as to go below full-time status during add/drop week.

If a student withdraws from all classes in a term, the student has officially withdrawn from the University. Financial Aid Recipients are subject to the Title IV withdrawal calculation. An expulsion resulting from violation of the disciplinary system will result in an administrative withdrawal. A grade of W will be recorded in all courses for which the individual is officially registered.

A $50 fee will be charged for the processing of an official, unofficial, or administrative withdrawal. This fee will be deducted from any refund due on the student’s account or he/she will be responsible for payment of this fee.

Anyone who withdraws from the University is considered to be breaking enrollment. Students who break enrollment must apply for readmission and will be subject to the requirements of the catalog and degree requirements in effect at the time of his or her readmission.

A student may not withdraw after finals begin or final exam/paper has been submitted.

UNOFFICIAL WITHDRAWALS

In accordance with Title IV regulations which require that universities have a mechanism in place for determining whether or not a student who began a course and received or could have received a disbursement of Title IV funds unofficially withdrew, the University has established a procedure for students enrolled in residential courses. This procedure is used to determine if students are progressing toward the completion of their courses.

Students who begin a course, but at some point in the semester cease attending, and do not withdraw, will be assigned a grade of "FN" (Failure for Non-Attendance), dated to the student’s last date of attendance (based on the definition provided below). A grade of "FN" will be assigned when a student stops attending and/or participating in a class for a period of 21 consecutive days or longer.

DEFINITION OF ATTENDANCE

Attendance is measured by any submission of a required assignment within the enrollment dates of the course (such as examinations, written papers or projects, any discussion board posts, etc.) or initiating any communication with one’s professor regarding an
academic subject. Attending is defined as completing an academically related activity which includes, but is not limited to:

- Physically attending a class where there is an opportunity for direct interaction between the instructor and students.
- Submitting a required academic assignment (in Blackboard or disparate system).
- Taking an exam.
- Taking a required interactive tutorial or computer-assisted instruction (in Blackboard or a disparate system).
- Attending a study group that is assigned by the school.
- Participating in an online discussion about academic matters.
- Initiating contact with a faculty member to ask a question about the academic subject studied in the course.

The student alone assumes responsibility for course work missed from non-attendance. If a student receives all FN’s in a term, he/she is subject to the Unofficial Withdrawal procedure that includes the reduction and/or return of all Financial Aid. Students are fully responsible for all resulting charges on their student account. To review the entire Financial Aid Withdrawal policy, go to http://www.liberty.edu/media/1260/1415%20Withdrawal%20Policy.pdf.

Students receiving all grades of FN will be considered to have unofficially withdrawn from Liberty. The withdrawal date will be determined by the Registrar’s Office and will be based upon University information indicating the student’s last date of attendance in class. Students with Federal grants and/or Federal loans will be subject to the Title IV withdrawal calculation. The Title IV withdrawal calculation will result in the reduction and/or cancellation of all Financial Aid.

**Unofficial Withdrawal for Non-Attendance Appeal Process**

Students who receive a grade of "FN" may appeal to their professor to have the grade removed to resume work in the course. This appeal must be communicated in written form to the faculty member. If the appeal is granted the student must complete the course with an earned grade.

**UNDERGRADUATE REPEAT POLICY**

The Liberty University Undergraduate Repeat Policy is designed to assist undergraduate students in raising their cumulative grade point average by repeating courses in which they previously performed unsatisfactorily and by removing the previous grade from the GPA calculation.

Undergraduate students are subject to the following conditions:

1. When an undergraduate course is successfully repeated*, the Undergraduate Repeat Policy will automatically be applied, all earned grades will remain visible on the student’s permanent record, and the most recent grade earned will be the only grade to count toward the student’s GPA. The registrar’s office will automatically apply the Undergraduate Repeat Policy at the end of each semester*, including the summer semester, to all eligible courses.

2. On the student’s transcript, the letter “E” will follow the previous earned grade(s) to indicate that the grade has been “excluded” from the GPA. The letter “I” will follow the most recent grade to indicate that the grade has been “included” in the student’s GPA. The grades which have been excluded from the GPA calculation will not count toward GPA hours or hours earned, but will remain on the student’s record as attempted hours. Consultation by the student with the Financial Aid office may be needed to determine how the Repeat Policy will affect the student’s Satisfactory Academic Progress.

3. There is no limit on the number of different courses or retakes in which the Undergraduate Repeat Policy may be applied. However, there may be a limited number of times that Federal Financial Aid will pay for a course taken and passed (grade of "D" or higher). It would be wise to consult with a Financial Aid counselor if there are any questions about this.

4. The Undergraduate Repeat Policy will only be used on Liberty University courses that have been repeated at Liberty University. No transfer credit or credit earned though institutional or standardized testing may be used in the Undergraduate Repeat Policy.

5. The Undergraduate Repeat Policy will only be applied when the same course number/title is retaken, unless there’s been a university approved course number/title change and the department confirms that the courses are the same. Course replacements/substitutions are not eligible for the Undergraduate Repeat Policy.

6. Undergraduate courses in which a grade of B, C, D, F, or FN was awarded are eligible for the Undergraduate Repeat Policy. Courses which are NOT eligible for the Undergraduate Repeat Policy are: pass/fail courses, zero-credit courses, CSERs, and courses with grades of AU (audit), I, M, Q, R, W, WF, X, and Z, or those courses failed due to academic dishonesty. Also, courses that are designed as repeatable courses within certain majors will not have the Undergraduate Repeat Policy applied automatically.

7. Activation of the Undergraduate Repeat Policy for a prior semester will not affect the academic standing or dean’s list award for that semester. Academic standing or dean’s list in a prior semester can only be changed as a result of an approved grade change.

8. Once a student has graduated, the Undergraduate Repeat Policy may not be used on a course taken prior to graduation to enhance the cumulative GPA which was recorded at the time of degree conferral. The repeat of a class after graduation could, however, be used to enhance the students overall undergraduate GPA at Liberty.

* Final grade has been earned and posted
^ Including sub-terms

**Scholastic Regulations**

**Warning/Probation/Suspension/Dismissal**

Students must maintain satisfactory academic standing in order to remain at Liberty. Satisfactory academic standing for students enrolled in bachelor’s programs is:

<table>
<thead>
<tr>
<th>Minimum GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Level 1 (0–23.99 hours)</td>
</tr>
<tr>
<td>Level 2 (24–47.99 hours)</td>
</tr>
<tr>
<td>Level 3 (48–71.99 hours)</td>
</tr>
<tr>
<td>Level 4 (72 or more hours)</td>
</tr>
</tbody>
</table>

Academic Standing is calculated only at the end of each fall and spring semester. At the end of each fall and spring semester, students on Academic Warning, Probation, Suspension, and Dismissal will be sent a notification by the Registrar’s Office.

Any University organization that has students who represent Liberty University in activities that involve student traveling
(exclusive of one-time missions exposure trips) must first provide a list of students on the team to the Registrar to verify if the students are in good academic standing. Students who are not in good academic standing are prohibited from traveling.

**Academic Warning**

Students failing to attain and maintain the minimum GPA required are placed on Academic Warning. During the next semester, undergraduate students are limited to a 12-14-semester-hour course load and are required to take CLST 101, 102, 103 or 105, and may not represent the University on any team without approval from the appropriate committee. A student may not drop or withdraw from the course without permission from the Director of the Bruckner Learning Center.

**Academic Probation**

At the end of the semester on Academic Warning, students who fail to raise their cumulative GPA to the required academic level (see above) are placed on Academic Probation. These students are required to sign an academic plan from CASAS indicating the grades necessary to remove Probation status. During the next semester of attendance, undergraduate students are limited to a 12-14-semester-hour course load, are required to take CLST 101, 102, 103 or 105, and may not represent the University on any team without approval from the appropriate committee. A student may not drop or withdraw from the course without permission from the Director of the Bruckner Learning Center.

**Academic Suspension**

At the end of the semester on Academic Probation, students who fail to raise their cumulative GPA to the required academic level (see above) are placed on Academic Suspension. Students who desire to return to Liberty in the future must appeal to the Registrar’s Office in writing. If approved to return, the Registrar/CASAS will determine a plan that will prepare students for a successful re-entry to Liberty. These students are required to sign an academic plan from CASAS indicating the grades necessary to remove the Academic Suspension status. During the next semester of attendance, undergraduate students are limited to a 12-14-semester-hour course load, are required to take CLST 101, 102, 103 or 105, and may not represent the University on any team without approval from the appropriate committee. A student may not drop or withdraw from the course without permission from the Director of the Bruckner Learning Center. Students should not expect automatic readmission after serving a period of Suspension.

Students who are enrolled for 12 or more hours and fail all courses will be Academically Suspended.

**Academic Dismissal**

Students who are readmitted to Liberty after serving a period of suspension and who fail to raise their cumulative GPA to the required academic level (see above) by the end of the semester will be Academically Dismissed and will not be allowed to return to Liberty unless qualifying for Academic Amnesty.

**ACADEMIC AMNESTY**

Approval for readmissions and Academic Amnesty must be approved by the Provost. In order to qualify for academic amnesty, a student must have been academically suspended or academically dismissed from the University, as well as must satisfy the subsequent guidelines for readmission.

1. Not enrolled at the University for a period of three (3) years.
2. A student seeking readmission under academic amnesty must first appeal in writing to the Registrar’s Office. The request must be stated clearly and contain: (1) the reason for the request, and (2) efforts made to improve during absence from Liberty. Corroboration may be requested of the student, i.e. transcripts from other institutions, certificates, awards, etc.

3. The Registrar’s Office, upon receiving the written request, must receive approval from Student Conduct, Student Accounts and the Provost before readmission will be granted.

4. Previously earned grades of “A”, “B”, and “C” will remain on the student’s record and will calculate into his or her GPA. As determined by the Provost, grades of “D” and “F” are revised to “Q”.

Students who have been granted Academic Amnesty are not eligible for graduation honors.

**Academic Code of Honor**

**I. PREamble**

Liberty University students, faculty, administrators, and staff together form a Christian community based upon the values and goals of the Bible. These are defined in our foundational statements, including our Doctrinal Statement, our Philosophy of Education and Mission Statement, the Statement of Professional Ethics for the Faculty, and our Student Code. Together, these statements situate Liberty University within the long tradition of university culture, which in its beginnings was distinctively Christian, designed to preserve and advance truth.

Anyone, whether Christian or non-Christian, who shares our values and goals, is both welcome and valued in our community. We want all students to feel comfortable in our community of learning, and we extend to all of our students our spiritual and academic resources, with the goal of fostering spiritual growth, character development, and academic maturity.

Communities are based upon shared values and practices. This Code of Honor, an expression of the values inherent in our Doctrinal Statement, defines the rules and principles by which our community functions. At the core of this Code are two key concepts: a belief in the dignity of all persons and an insistence on the existence of objective truth.

While we understand that everyone will not agree with the statements that follow, we do expect that our students respect and uphold these standards while enrolled at Liberty University. Abiding by the principles and behaviors established in this Code of Honor makes possible the success of our students and the strengthening of the Liberty community.

**ACADEMIC HONOR CODE**

**A. ACADEMIC MISCONDUCT**

Academic misconduct includes, but is not limited to plagiarism, cheating and falsification.

1. **Plagiarism**

Plagiarism is the intentional failure to give sufficient attribution to the words, ideas, or data of others that the student has incorporated into his/her work for the purpose of misleading the reader. In some cases, a student may be careless and fail to give credit to the words, ideas or data of others. In such situations, plagiarism has still occurred, but the professor may choose a sanction as deemed appropriate. In order to avoid plagiarism, students must conscientiously provide sufficient attribution. Attribution is sufficient if it adequately informs and, therefore, does not materially mislead a reasonable reader as to the true source of the words, ideas, or data. Students who have any doubt as to whether they have provided sufficient attribution have the responsibility to obtain guidance from their professor or other person to whom they are submitting their work.
Plagiarism in papers, projects or any assignment prepared for a class shall include the following:
- Omitting quotation marks or other conventional markings around material quoted from any printed source (including digital material)
- Directly quoting or paraphrasing a specific passage from a specific source without properly referencing the source
- Replicating another person’s work or parts thereof and then submitting it as an original
- Purchasing a paper (or parts of a paper) and representing it as one’s own work

2. Cheating
Cheating is a form of dishonesty in which a student gives the appearance of a level of knowledge or skill that the student has not obtained, provides unauthorized aid, or wrongly takes advantage of another’s work. Examples include, but are not limited to:
- Copying from another person’s work on an examination or an assignment
- Allowing another student to copy any portion of one’s work on an examination or an assignment
- Using unauthorized materials or giving or receiving any other unauthorized assistance on an examination or an assignment
- Taking an examination or completing an assignment for another, or permitting another to take an examination or to complete an assignment for the student.
- Reusing a paper from a previous course
- Paying another student to complete a course, an individual assignment or exam

3. Falsification
Falsification is a form of dishonesty in which a student misrepresents the truth, invents facts, or distorts the origin or content of information used as authority. Examples include, but are not limited to:
- Dishonestly answering or providing information in the application process
- Citing a source that is known not to exist
- Attributing to a source ideas and information that are not included in the source
- Falsely citing a source in support of a thought or idea when it is known not to support the thought or idea
- Citing a source in a bibliography when the source was neither cited in the body of the paper nor consulted
- Intentionally distorting the meaning or applicability of data
- Inventing data or statistical results to support conclusions

B. PROCEDURES FOR THE INVESTIGATION, ADJUDICATION, AND LEVELING OF SANCTIONS FOR THE VIOLATIONS OF THE ACADEMIC CODE OF HONOR

1. Processing Allegations
When an alleged violation of the Academic Code of Honor has been reported to the instructor or administration, the instructor will confront the student within ten business days of the discovery of the infraction. The instructor may issue an oral (or written) reprimand, send written notification to the Department Chair or Program Director, reduce a grade, adjust credit on an assignment and/or require additional work. The instructor may determine that a failing grade for the course is the appropriate sanction. In any event, the instructor will inform the student of the decision.

The reporting procedure is as follows:
- The instructor will write a report outlining the violation.
- The report will be provided to the student and the Department Chair or Program Director along with the sanctions recommended.
- If non-blatant academic dishonesty occurs in a clear and convincing manner, the student may receive a grade of F for the course in which the academic misconduct occurred.
- Students receiving a grade of F for academic dishonesty on a particular assignment will be notified by the professor of the course in an appropriate manner, including but not limited to returning the assignment with comments, email, letter, telephone call, and/or a personal meeting.
- If warranted, the results of academic honesty review may be forwarded to the Office of Student Affairs for any other disciplinary action that may be appropriate.
- If non-blatant academic misconduct (such as inadvertent plagiarism) occurs in a course, the professor will contact the student and conduct such further investigation as needed. If the professor determines that a sanction is called for, the professor may issue an oral reprimand, send written notification to the Department Chair or Program Director of the School in which the course resides, reduce a grade, adjust credit and/or require additional work.
- When a student receives a course grade of F for academic dishonesty, the professor may report the reason for the F to the Registrar and request that it be recorded as an F grade. This F grade will appear on the student’s transcript.
- The student, upon receipt of the results of the academic honesty review, will have five business days to appeal the decision to the professor and the Department Chair or Program Director.

2. Sanctions
If the professor determines that a sanction is called for, the professor may issue an oral or written reprimand, adjust credit and/or require additional work. The professor also maintains the right to assign the grade of F for the course if the investigation determines that it is the appropriate sanction. In this instance, the Registrar will record the F, which will appear on the student’s transcript. The repeat policy may not be applied to this grade.

If the student is found guilty of academic dishonesty (either blatant or non-blatant) in any subsequent course where a grade of F for academic dishonesty is posted, he or she will be dismissed from the University.
In determining the sanction to be imposed, the following will be considered: the student’s intent to violate the Code of Honor, the degree of carelessness, the gravity of the offense and the student’s overall conduct while enrolled at Liberty University. Student Affairs and Registrar may be consulted during this process.
In cases of proven academic misconduct in a particular course, the Department Chair or Program
Director will usually defer to the course professor’s recommendation. In some cases, however, where the Department Chair or Program Director perceives a clear conflict of interest or faulty judgment on the part of the faculty member, or where the sanctions suggested by the professor are demonstrably inconsistent with those that resulted from other similar instances of academic misconduct, the Department Chair or Program Director reserve the right to adjust the sanction(s) as appropriate.

A written copy of the decision shall be mailed or e-mailed to the student.

PLEASE NOTE: All cases of alleged academic dishonesty will be resolved with the utmost concern for strict confidentiality by those individuals involved in the proceedings. Information about the case will be provided only to those with a need to know in order to perform their job duties.

3. Appeal Procedure

In cases where an allegation of any Academic Code of Honor violation occurs and the student does not admit guilt, he/she may pursue the process below. The student will be given an opportunity to provide written evidence in opposition to the charge. Persons who threaten or conduct other acts of retaliation against those individuals who acted in good faith (i.e., honestly and with intentions of being fair) in reporting (even if mistakenly) alleged instances of academic dishonesty will be subject to disciplinary action, including possible suspension or expulsion from Liberty. Any report of alleged academic dishonesty not made in good faith will also be subject to disciplinary action.

Examples of retaliation include, but are not limited to:
- Circumventing the appeal procedure and going directly to a university administrator such as the Dean, the Provost or the Chancellor
- Threatening a faculty member or student
- Harassment
- Verbal or physical abuse
- Verbal or written disrespect to a faculty or staff member (this includes e-mails)
- Offensive or crude language directed at individuals
- Falsely accusing someone of committing academic dishonesty.

A complete overview of the appeal process follows:

1. Within five business days of the notification of an alleged violation, the student may submit a written appeal to the Department Chair or Program Director. The Department Chair or Program Director will review the instructor's report and the student's written appeal, then notify the instructor and the student of his/her decision.

2. Both the student and any Liberty University personnel involved in or affected by the Academic Code of Honor violation will have the right to present their views to the Department Chair or Program Director before any decision is rendered.

3. If the student produces additional support for his/her appeal, the student will be given an opportunity to provide oral evidence in person and written evidence in opposition to the charge.

4. The Department Chair or Program Director will determine whether the student may continue in the class pending the outcome of the appeal.

5. Once informed by the Department Chair or Program Director of the decision, the student may further appeal to the Dean of the appropriate school for review.

6. Once informed by the Dean of the decision, the student may further appeal to the Faculty Senate Committee on Academic & Admissions Standards (CAAS) for further review.

7. In determining whether any violation has occurred, the Committee will apply a “clear and convincing” evidence standard. In some cases, Student Affairs or another University representative may join in the deliberations of the Committee as a non-voting member for the purpose of providing any background information that may be pertinent to the case.

8. If deemed appropriate by the Committee or if requested by the student, the student only may be present in person at the meeting of the Committee where the review will be made.

9. The student will not be permitted to be present after the Committee has received all evidence and begun its deliberation toward a decision.

10. The Committee will inform the Dean of its decision regarding the appeal. The decision of the CAAS in regard to the occurrence of academic dishonesty is final.

11. The student will be informed of the decision of the Committee by the Dean of the appropriate school in writing or by e-mail within ten academic days of the meeting.

12. Should no violation be found, the Committee's report indicating such will be forwarded to the Department Chair or Program Director and faculty member. A report of all findings (either in favor of or against the student) will be sent to the Student Affairs and Registrar’s office. The findings will be kept in the student’s official record.

13. In cases that do not require a grade of F for Academic Dishonesty, but may require a failed assignment, failure in the course or reduced grade, the professor reserves the right not to report the violation to Student Affairs' or Registrar's office.

4. REINSTATEMENT

Upon receiving two or more grades of F for academic dishonesty, the student will be dismissed for violation of the Code of Honor. Following dismissal, the student may not be considered for readmission for a minimum of three years. Readmission to the University will follow the academic amnesty policy described in the Academic Catalog. The Dean of the School has the right to refuse readmission of the student to the same degree program from which he or she was dismissed for academic dishonesty.

INCOMPLETES

Students who are unable to complete coursework by the last day of class due to unavoidable circumstances such as personal illness/injury or family emergencies may appeal to their instructor for a temporary course grade of “I” (Incomplete). The authority for the decision to grant an incomplete completely lies with the instructor. Denial of the request for an incomplete may include, but is not limited to, the student’s inability to earn a passing grade with completion of the remaining requirements, as well as an insufficient reason for the request. Students must initiate the request for an
incomplete directly to the instructor by the last day of class (before the final exam period for residential classes).

The instructor will establish a new deadline for the completion of the remaining coursework, based on the circumstances. The instructor may grant up to two weeks beyond the last day of the term (or sub-term for Liberty University Online courses) for non-medical circumstances and up to four weeks beyond the last day of the term (or sub-term for Liberty University Online courses) for personal medical circumstances.

For extreme personal medical circumstances, a maximum of eight weeks for Liberty University Online courses and 16 weeks for residential courses may be given as long as sufficient medical documentation (from a medical professional) is presented along with the request. However, while the decision to grant an extended incomplete remains with the instructor, the request and medical documentation needs to be submitted to the registrar’s office. The instructor will be responsible to communicate the remaining requirements, as well as the extended deadline, to the student.

The instructor will post a final grade within two weeks from the deadline established for the incomplete. If a final grade is not posted within two weeks of the deadline, a grade of “F” will be posted by the registrar’s office. A grade of “F” may not be changed to a withdrawal unless the course is still in session.

The GPA is unaffected by the incomplete until a final grade is posted after the deadline. However, grades of “F” will count as hours attempted and not completed, and will negatively affect a student’s Satisfactory Academic Progress (SAP).

GRADING POLICIES AND PROCEDURES

Liberty University Faculty members, both residential and online, must submit final grades for all students to the Registrar at the end of each term. Faculty teaching online courses should have grades submitted to the Registrar on or before the second Wednesday after the course ends. Faculty teaching residential courses should have grades submitted to the Registrar one week after the end of each semester. Liberty University Faculty members, both residential and online, are urged to promptly complete and submit final course grades. Confidentiality of student grades falls under the Family Educational Rights and Privacy Act (FERPA) of 1974. Please see the FERPA section and policies for more information.

Grading Scales:

Liberty University incorporates a standardized 1,000-point system across all undergraduate and graduate programs. The undergraduate utilizes a 100-point scale to differentiate between letter grades, while the graduate programs utilize three distinct scales: 80, 70 and 60-point scales to differentiate between letter grades. Each academic department determines the scale used within the department. The grading scale for each course will be posted within the syllabus for each course. Students are encouraged to review the syllabus for each course individually to verify the grade scale.

</tbody>
</table>

RECORDING OF GRADES

All grades will be recorded in the Registrar’s Office as reported by the instructors in charge of the various courses. Requests for grade changes may be submitted in writing only by the instructor.

Any extra credit assignments that are a part of the instructor’s syllabus must be completed prior to the final exam for the course. A student may not submit assignments for extra credit after the semester has ended and a final exam has been given.

GRADE APPEAL PROCESS

The appeal process for believed errors on grade reports is as follows:

1. The appeal of the grade must be initiated within 30 days from the beginning of the subsequent semester. The student must submit a written rationale to the instructor. The instructor must respond in writing within 10 days of the receipt of the written appeal.
2. If the student is not satisfied with the written response, the student must appeal in writing to the Department Chair within 10 days of the written response. The Department Chair must provide a written response within 10 days of the receipt of the written appeal.
3. If the student is not satisfied with the response of the Department Chair, the student must provide a written appeal within 10 days of the response to the Dean of the College/School. The Dean of the College/School must respond in writing within 10 days of the receipt of the written appeal.
4. If the student is not satisfied with the response of the Dean, the student must appeal in writing within 10 days to the Senate Committee on Academic and Admission Standards (CAAS). Contact with the committee chair may be initiated by emailing the Registrar’s Office. The CAAS will follow the prescribed procedure of the Committee for the appeal of a grade. The recommendation of the Committee will be forwarded in writing, along with all previous documentation, to the Provost/Senior VPAA. The decision of the Provost/Senior VPAA is considered final.

ACADEMIC TRANSCRIPTS

Official transcripts are made only at the written, signed request of the student concerned. No transcript will be issued for anyone who has failed to meet all financial obligations to the University. Requests for transcripts are to be made directly to the Registrar’s Office. There is a $10.00 fee for one transcript. Additional transcript requests made at the same time are $1.00 each.

FERPA – PRIVACY OF STUDENT RECORDS: FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

Students attending, or who have attended, Liberty University are given certain rights under the Family Educational Rights and Privacy Act of 1974 as amended (20 U.S.C. 1232g) and Rules of the Department of Education (34 C.F.R. Part 99) implementing this Act.

Additional information and University policies regarding the protection of student records are published online at http://www.liberty.edu/ferpa.

GRADUATION HONORS

Honors for graduation will be determined by the cumulative grade point average earned at Liberty. Bachelor’s degree students who have earned 60 or more hours at Liberty must meet the following GPA standards to earn the corresponding academic distinction:
 Those who have earned less than 60 hours at Liberty must meet the following GPA standards:

- 3.60 – 3.76: cum laude
- 3.77 – 3.94: magna cum laude
- 3.95 and above: summa cum laude

The specific honor calculated on or around April 1 of the student's graduation year will be determined after all grades have been recorded and that final cumulative GPA will determine the specific honor that will be printed on the diploma and transcript.

Associate degree students who have a 3.50 cumulative GPA will receive honors at Commencement. Graduation honors are not applicable to certificate seeking students.

Students graduating in the honors program wear a gold medallion during commencement.

To receive the distinction of graduating with honors in the University Honors Program, a student must meet the following requirements, in addition to those mentioned above:

1. Complete a minimum of 36 hours in honors courses; if the student entered the Honors Program at the beginning of his freshman year. Of these 36 hours, 24 hours are to be taken in honors sections of General Education courses; 9 have to be taken within the major; and
2. Complete 18 semester hours of the certificate coursework.

CERTIFICATE COMPLETION REQUIREMENTS

All matriculated students, whether Resident or Liberty University Online, must meet the same academic requirements for certificate completion. Online certificate-seeking students must meet all courses within the certificate successfully completed before being considered candidates for the awarding of a certificate.

1. The undergraduate certificate requires a minimum of 18 semester hours. Each program differs; therefore, the student must follow the certificate requirements carefully.
2. Each undergraduate certificate program requires a minimum GPA of 2.00.
3. To satisfy the requirements for the fields of study, only final grades of C or above in upper level courses may be included. This includes directed electives. All professional courses in a teacher preparation program require a grade of C or better. Certain majors require a grade of C or better in all major courses.
4. Students who return to Liberty to complete a second certificate at the undergraduate level must have at least 3 credit hours remaining and must take a minimum of 3 additional hours of coursework at Liberty to qualify for a second certificate.
5. All 18 semester hours of the certificate coursework must be completed at Liberty.
6. A Certificate Completion Application must be filled out at the beginning of the final semester before the certificate can be awarded. The Certificate Completion Application is found online at: http://www.liberty.edu/index.cfm?PID=4849.
7. The Registrar’s Office will process the conferral of a certificate once all certificate requirements have been met, including the minimum GPA requirement and certificate completion application. If a student wishes to take further non-applicable coursework, they must do so under a new application.

GRADUATION REQUIREMENTS

All undergraduate residential students must meet these requirements for graduation.

1. Undergraduate students must have all courses in the Core Competency Requirements and in the declared major and minor completed before being considered candidates for graduation.
2. The bachelor's degree requires a minimum of 120 semester hours. However, certain majors require more than 120 hours. Of these total hours, a specified number of upper-level (300-400) courses must be completed with the minimum number being 30 semester hours. Each program differs; therefore, the student must follow the degree requirements carefully. The Associate degrees require a minimum of 60 semester hours. However, many majors require more than 60 hours.
3. All Christian/Community Service requirements must be satisfied before a degree will be awarded.
4. Each undergraduate degree program consists of designated General Education Core Competency requirements, major requirements, and in many cases, free electives. Free electives may be taken from the undergraduate courses offered in any department. A GPA of 2.00 or higher, unless otherwise specified in a particular major or minor, is required for graduation.
5. All CLEP and ICE tests must be completed prior to the start of the student’s final semester before graduation, unless a special exception was granted by the Registrar’s Office.
6. To satisfy the requirements for the major and minor fields of study, only grades of C or above in upper level courses may be included. This includes directed electives. All professional courses in a teacher preparation program require a grade of C or better. Certain majors require a grade of C or better in all major courses.
7. Students who return to Liberty to complete a second major at the undergraduate level must take a minimum of 30 additional hours of coursework at Liberty to qualify for a second degree.
8. At least twenty-five percent of the credit hours required for the bachelor’s degree must be completed at Liberty. Fifty percent of the semester hours in the major and minor must be completed at Liberty, unless otherwise specified within the degree requirements. At least twenty-five percent of the credit hours required for the associate’s degree must be completed at Liberty, and with the exception of the A.A. in General Studies, 50% of the hours in the major component of the Associate degree must be completed at Liberty.
9. NSSR 101 (New Student Seminar) is required.
10. CRST 290 (Creation Studies) is required.
11. Technology Competency
12. Submission of graduation application
13. The Registrar’s Office will process the conferral of a degree once all degree requirements have been met, including the minimum GPA requirement and graduation application. If a student wishes to take further non-applicable coursework, they must do so under a new application.
GRADUATION CHECKLIST
After the matriculated bachelor’s degree candidate has completed 75 hours toward graduation, the College of Applied Studies and Academic Success (CASAS) will evaluate the academic and Christian/Community Service record using the transcript and any approved exceptions to the program which might have been placed in the file.

The associate’s degree student will be evaluated after completing 30 hours toward graduation. Every attempt will be made to keep students informed of curricular changes so that time is given for correcting any deficiencies prior to graduation.

Students are also encouraged to utilize the DCP Audit on ASIST in order to determine which requirements may still be outstanding.

Students who break enrollment will be required to follow the degree requirements in effect at the time of re-entry to the University.

GRADUATION APPROVAL
All candidates for graduation must be approved by the Faculty and the Board of Trustees. Conditions such as transfer credit and incomplete grades should be satisfied by the beginning of the candidate’s last semester.

GRADUATION CEREMONY
Degrees are granted throughout the academic school year. All candidates for degrees may participate in the annual graduation exercises which take place in May.

TIME LIMITS FOR DEGREE COMPLETION
Students pursuing a certificate must complete the certificate requirements within three (3) years of the date of matriculation.

Students pursuing an associate’s degree must complete the degree requirements within seven (7) years of the date of matriculation.

Students pursuing a bachelor’s degree must complete the degree requirement within 10 years of the date of matriculation.

Any student who does not complete coursework within the permissible time limit for any reason, including discontinued enrollment, must reapply for readmission and will be subject to the requirements of the Catalog and Degree/Certificate Completion Plan (DCP/CCP) in effect at the time of his/her readmission.

A break in enrollment occurs when the student fails to enroll in at least one course during an academic year. The academic year begins with the start of the fall semester and ends with the conclusion of the summer term. Students who break enrollment must apply for readmission and will be subject to the requirements of the Catalog and degree requirements in effect at the time of their readmission.
**Academic Information and Policies – Online Program**

Luke Gentala, B.S., M.A.R.  
University Registrar

Helene Vance, B.A., M.B.A.  
Senior Associate Registrar

Jason Byrd, B.S., M.B.A.  
Associate Registrar for Academic Operations

Amanda Collins, B.S.  
Assistant Registrar for Academic Operations

Derek Via, B.S.  
Associate Registrar for Online Undergraduate Programs

Dina Johnston, B.S., M.A.  
Assistant Registrar for Online Undergraduate Programs

Janelle Carrol, B.S.  
Assistant Registrar for Degree Audit

**SEMESTER CREDIT SYSTEM**

The University operates on the semester system. The unit for counting credit is the semester hour. A semester hour of credit consists of the equivalent of one 50-minute period of class work for fifteen weeks, with an assumption of two hours of outside preparation or two 50-minute periods of laboratory work for each semester hour. Online courses are equivalent to the number of classroom contact hours (750 minutes per credit hour) expected in a synchronous residential course.

**PART TIME VS. FULL TIME**

To qualify as a full-time undergraduate student, you must be enrolled in a minimum of 12 credit hours. A part-time student must be enrolled from 6 to 11 credit hours.

**SEMESTER LOAD AND OVERLOAD**

The Liberty University Online semesters consist of several sub-terms. Most sub-terms are 8-weeks or 16-weeks in length, and may begin and end at different times within the semester.

The usual semester load for full-time undergraduate online students is 12 hours per semester. Students must secure permission to take more than 18 hours in a semester. A student who has established a cumulative GPA of 3.00 or better may, with the approval of the Associate Registrar, take up to 21 hours; 22-24 hours requires approval of the Associate Registrar and a cumulative GPA of 3.50. In certain circumstances, exceptions above 24 hours may be approved.

**ENROLLMENT VERIFICATION**

A student is enrolled when they are registered for a course and have attended the course and/or completed academic work for the course after its start date. For enrollment verification purposes, the University policy can be viewed at [https://www.liberty.edu/administration/institutionaleffectiveness/index.cfm?pid=30130#/policy/355](https://www.liberty.edu/administration/institutionaleffectiveness/index.cfm?pid=30130#/policy/355).

**CERTIFICATE ENROLLED STUDENTS**

Certificate students are required to abide by some of the same policies as Undergraduate degree seeking students. These policies include: academic standing, change of major, course registration, class attendance, drop and withdrawal processes, Repeat Policy, broken enrollment, academic and personal codes of honor, incompletes, recording of grades and the grade appeal process, FERPA, and Academic Transcript processes. Those policies that do not pertain to the certificate seeking student will be noted in the following sections.

**STUDENT CLASSIFICATION**

The classification of students at Liberty is based on their degree level and number of earned semester hours.

<table>
<thead>
<tr>
<th>Classification</th>
<th>Semester Hours Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0—23.99</td>
</tr>
<tr>

* **R** is no longer an active option for a grade. Please see the Undergraduate Repeat Policy section for the current policy.

**DEAN’S LIST**

Undergraduate associate and bachelor level students who earn 12 or more GPA hours with a term GPA of 3.50 or above are placed on the Dean’s List. This does not apply for certificate level students.

**COMPUTER COMPETENCY**

Students are expected to have adequate experience in computer applications such as word processing, spreadsheets, database, Internet research, media presentations, and email communication. Undergraduate students lacking such experience should register for INFT 110 – Computer Concepts and Applications, in their first semester.

**COURSE PLANNING**

A course planning schedule is provided in order for students to plan their classes for upcoming semesters. The planning schedule presents every class offered and the terms where it is scheduled to be taught. This schedule is sorted alphabetically by class. The course planning schedule is published online at [http://www.liberty.edu/academics/registrar/index.cfm?PID=23103](http://www.liberty.edu/academics/registrar/index.cfm?PID=23103).
Transfer of Credits

Normally courses and degrees from regionally accredited institutions or those nationally accredited by accrediting agencies recognized by the U.S. Department of Education (e.g., SACSCOC, TRACS, ABHE, etc.) will be evaluated for transfer of credit. However, on a limited basis, Liberty does accept transfer credit via experiential learning, advanced placement and professional certificates from unaccredited institutions under certain terms and conditions established by Committee on Academic and Admissions Standards. Credit earned through this process will not be counted toward the required minimum of 50% of the major and minimum of 25% of the credit hours that must be completed through Liberty University for a bachelor’s degree. Also, credit earned through the portfolio process or professional certificate evaluation cannot exceed 30 credit hours. Applicants must request that official transcripts be sent directly from the Registrar(s) of the previous school(s) to the Registrar’s Office at Liberty University. These transcripts must be received before an admission decision will be made.

Credit will be accepted for those courses that are undergraduate level in which applicants have made a grade of C or better. Transfer credit will be awarded grades of P and will not be used in computing the Liberty GPA. Transcripts are evaluated under the guidelines established by the Senate Committee on Academic and Admissions Standards. Internships, capstone courses, special topics, remedial courses, workshops, seminars, independent studies, and varsity courses are not transferable. Students may appeal their transfer evaluation with a course description and Transfer Inquiry Form.

At any point prior to degree conferral, students may petition to have courses that are listed as electives substitute for required courses by using the Course Substitution form.

INTERNATIONAL TRANSFER CREDIT

The evaluation of international transfer credit requires students to submit a translated official transcript in conjunction with course descriptions prior to the approval process. International transfer credit is accepted only from an institution recognized by the government of the country in which the institution is located.

Foreign students are encouraged and sometimes required to use foreign credential evaluation services such as World Education Services (www.wes.org) to have their transcripts validated and evaluated before sending them to Liberty University. A credential evaluation service must be a member of the National Association of Credential Evaluation Services (www.naces.org) before it can be accepted at Liberty University.

CREDIT BY EXAMINATION

Liberty University offers students the opportunity to receive academic credit toward their undergraduate degrees through testing. Credit may be earned through the Advanced Placement, CLEP, ICE, DSST, Excelsior and Federal Aviation Administration programs. The items listed above, and the following credit by examination options, are not applicable to certificate seeking students. For more information please visit: http://www.liberty.edu/academics/registrar/index.cfm?PID=26684.

Advanced Placement (AP)

Students who receive a score of 3 or higher on the College Board Advanced Placement examinations will be awarded academic credit toward an undergraduate degree. Credit will be awarded only in those areas applicable to the Liberty curriculum.

College-Level Examination Program (CLEP)

The College-Level Examination Program (CLEP), sponsored by The College Board, offers a unique opportunity to gain college credit for knowledge that a student has acquired. The program includes several tests covering a variety of subjects. Students who meet or exceed the Liberty University minimum score will receive the corresponding credit. Students may take the CLEP exam at a local
testing center in their area. Students can find an approved testing center by checking www.collegeboard.com/clep. Upon completion of the CLEP exam, students should request the official scores to be sent directly to Liberty University for evaluation.

### Institutional Challenge Examinations (ICE)

To apply for credit by examination, students must submit an ICE Request Form via their Liberty University webmail to the ICE Coordinator at LUOICE@liberty.edu. The ICE Request Form can be located on the Liberty University Online ICE website: http://www.liberty.edu/index.cfm?PID=32080. A non-refundable registration fee of $50 will be charged for each ICE registration. A $45 passing fee will only be applied if a student should pass the exam. Such requests are subject to the following guidelines:

1. The use of notes, books, websites, and other materials is prohibited while taking the exam.
2. The minimum passing score for the undergraduate level courses is 70%.
3. Each exam has 100 questions.
4. A maximum of 36 hours of ICE credits will be accepted toward an undergraduate degree; the number of credits that may be applied toward each major may vary.
5. Students may not take the ICE if the course has previously been taken or is currently being taken.
6. ICE credits may not be applied toward minimum hours required through Liberty University.
7. Each exam will be available for 30 days after registering for it. After the deadline, it cannot be accessed.
8. Liberty University students may take the following undergraduate ICE exams online:

### Dantes Subject Standardized Tests (DSSTs)

Undergraduate college credit may be earned through the DANTES Subject Standardized Tests (DSSTs) program, which is administered by Educational Testing Services (ETS) in conjunction with DANTES. Examinations are available to both military personnel and civilians. Students may find an approved testing center and view fact sheets for various tests that are offered at www.getcollegecredit.com. A complete list of accepted exams, course equivalency and the minimum required score is available at http://www.liberty.edu/index.cfm?PID=32080.

### Excelsior College Exam Credit

Excelsior College exams are approved for credit in the Liberty University Online program. Undergraduate college credit may be earned through Excelsior College Exams. For further information on earning credit through Excelsior exams, go to http://www.excelsior.edu/ecapps/exams/creditByExam.jsf. The following courses are subject for credit, based on the scores earned.

<table>

EXPERIENTIAL LEARNING CREDIT

A maximum of 30 hours of Life Experience credits can be awarded and applied towards an undergraduate degree at Liberty University.

A precedent has been established for the following fields, and these credits will be awarded to students who can document proof of licenses, certificates, and training programs in the fields below. Students are not required to enroll in GEED 205 or submit portfolios for the following:

- Aviation (Private and Commercial Pilot’s)
- Certified Financial Planner
- Certified Pharmacy Technician
- Certified Project Manager
- Child Development Associate (CDA)
- Child Evangelism Fellowship (CMI Diploma)
- Cisco Associate Certifications
- Cisco Professional Certifications
- Corrections Officer
- Emergency Medical Technician
- Insurance License
- Law Enforcement Officers
- MOUS (Microsoft Office Specialist)
- Expert MOUS
- Real Estate Broker
- Securities Exam Series 7

There are some portfolios/courses that will not be admitted, such as COMS courses, GOVT 200, internship courses, capstone courses, as well as other courses not approved by academic departments. Please note that admission of a portfolio does not guarantee that credit will be awarded.

Students may petition for credit via portfolio for courses in which they feel they can show sufficient proof of learning and knowledge.

The Portfolio Guidelines are as follows:

- Seek tentative approval from the Liberty University Online Portfolio Coordinator at pla@liberty.edu.
- Enroll in GEED 205 – Learning Theory & Portfolio Development, which is required prior to portfolio submission, and successfully complete the course. Education students should enroll in EDUC 205, which has a portfolio option.
- Prepare a portfolio(s) using the guidelines established at http://www.liberty.edu/online/index.cfm?PID=15141.
- Submit a portfolio for each course that has been tentatively approved by the Portfolio Coordinator.
- Pay a $100 assessment fee per portfolio.
- The portfolio will be assessed by the Liberty University Online Faculty Assessor and Associate Dean within 4 weeks.
- Once the assessment is complete, the Portfolio Coordinator will send an email notice regarding approval.
- Portfolios may not be submitted for COMS 101, GOVT 200, Internships or Capstone Courses.
- The hours awarded are counted as transfer hours and are not considered as hours earned at Liberty University.

Please note that credit earned through the portfolio process and/or a certificate of completion will be limited to a combined maximum of 30 hours.

MILITARY EVALUATIONS

Liberty University will evaluate students’ prior military experience and develop a degree plan for each student to follow. Evaluations will be based solely upon the recommendations of the American Council of Education (ACE) guidebook, Guide to the Evaluation of Educational Experiences in the Armed Services. Students will generally find that the Interdisciplinary major maximizes the use of their existing credits.

COURSEWORK AT OTHER INSTITUTIONS

Prior to registering for any course at another institution, students must submit a Transient Request Form to guarantee transferability. The online form can be found at http://www.luonline.com/index.cfm?PID=14241.
CHANGE OF CERTIFICATE

Liberty University Online students select their certificate of study when they apply. If a student decides to change the certificate he/she is seeking, the online student must contact the Academic Advising Department and request to change his/her certificate of study via phone or Liberty University webmail account. All requests for a change of certificate will be reviewed and processed by the Registrar’s Office upon receipt, and will be effective the following full term of enrollment.

CHANGE OF MAJOR

Liberty University Online students select their major when they apply. If a student decides to change their major, the online student must contact the Academic Advising Department and request to change his/her major via phone or Liberty University webmail account. All requests for a change of major will be processed by the Registrar’s Office upon receipt, and will be effective the following full term of enrollment.

DOUBLE MAJORS

Undergraduate associate and bachelor level students who wish to complete a double major must contact the Academic Advising Department and declare the double major via phone or their Liberty University webmail account. Double majors are not applicable to certificate seeking students. Students who wish to earn a bachelor’s degree with two majors must have at least 30 unique hours in the first major or second major. The foundational and investigative studies may be shared if they are the same, however, if any requirements are different, the student must fulfill the higher of the two requirements.

The requirements from one major can be used as electives for the second major, and vice versa. At least 50% of the course work in each major must be earned at Liberty University. Students who wish to earn an associate’s degree with two majors must have at least 15 unique hours in the first or second major. Students with a conferred associate’s degree who wish to earn a second associate’s degree must complete at least 15 additional hours through Liberty University, and there must be at least 15 unique hours in the second major. Students who currently hold a bachelor’s degree and want to pursue an associate’s degree will need to take a minimum of 15-hours through Liberty University of which 15-hours must be unique in the major.

Students who currently hold a bachelor’s degree and want to pursue another bachelor’s degree will need to take a minimum of 30-additional hours through Liberty University of which 30-hours must be unique in the major.

DUPLICATE CREDIT

In the event that a student earns credit for the same course more than one time, whether at Liberty, at another college, or through standardized testing, that course/credit may only count one time toward the completion of his/her degree. The only exception to this would be if the course/credit is approved by the academic department or administration to be used more than one time toward a student’s degree/major.

CERTIFICATE TO ANOTHER CERTIFICATE OR DEGREE SEEKING PROGRAM

Online certificate students who would like to either select another certificate after completing one certificate or move onto a degree seeking program upon completion of the certificate must contact Liberty University Online Admissions to apply for readmission to another certificate or degree-seeking program. All courses taken within the undergraduate certificate will transfer directly into the new undergraduate certificate or degree program, only if applicable. Students must have at least one outstanding course requirement for the new certificate in order to gain acceptance into that program and completion of that requirement and all other certificate requirements must be successfully met before the new certificate is awarded.

If a student chooses not to finish the undergraduate certificate and switch to a degree seeking program, a new application must be submitted and accepted in order to proceed to a degree seeking program. Upon acceptance to the new program, the previously earned courses will only apply to that new program if the courses meet the grade and GPA requirements necessary for that certificate or degree program.

CERTIFICATE COMPLETION PLAN AUDIT

The Certificate Completion Plan Audit (found under Degree Completion Plan Audit via ASIST) provides real-time advice and counsel, making it possible for students to track progress towards certificate completion at their convenience. It also enables students to see immediately how their credits will apply towards a different program. PDF versions of all CCPs are available online at http://www.liberty.edu/index.cfm?PID=2981.

DEGREE COMPLETION PLAN (DCP) AUDIT

The Degree Completion Plan (DCP) Audit provides real-time advice and counsel, making it possible for students to track progress towards degree completion at their convenience. It also enables students to immediately see how their credits will apply towards a different degree program. PDF versions of all DCPs are available online at http://www.liberty.edu/index.cfm?PID=2981.

GENERAL EDUCATION REQUIREMENTS FOR OUT OF STATE STUDENTS

In addition to Liberty University’s general education requirements, distance education students may also be required to fulfill additional requirements set by their home states. Specific Degree Completion Plans for each state whose requirements differ are available from Liberty University Online Advising. This does not apply for certificate seeking students.

IMPORTANT INFORMATION REGARDING INTERNSHIPS AND CLINICAL PLACEMENTS

Students who are pursuing degrees leading to application for professional licensure or certification, and/or who will be participating in clinical placements, internships, or practica through their Liberty University program should be aware that their host facility may require a criminal background check, finger printing, or drug screening. In such situations, each student is responsible for obtaining and paying for the background check or other screening process and for delivering required documentation to the facility. Although the university will make reasonable efforts to place admitted students in field experiences and internships, it will be up to the host facility to determine whether a student will be allowed to work at that facility.

Students should further be aware that a criminal record may jeopardize licensure by the State certification body. Students seeking licensure are urged to contact the relevant licensing agency to determine the licensing requirements for the jurisdiction. Successful completion of a program of study at Liberty University does not guarantee licensure, certification, or employment in the relevant occupation.

MINORS

Students at Liberty University are not required to complete a minor. Those students in a bachelor’s program who wish to declare a minor, however, are encouraged to contact the Academic Advising Department to review the requirements for that minor. A minor on the
student’s transcript indicates the completion of a block of courses that academic departments have specified as meeting the requirements of their minor.

Consequently, since the selection of a minor is not a graduation requirement for any major at Liberty, students may use courses required for any given major to also count toward a minor if such courses are required for the minor. Students must earn a “C” or higher in all upper level courses in their chosen minor. At least 50% of the course work must be earned at Liberty University. Minors are not applicable for associate level or certificate seeking students.

SPECIAL STUDENT REGISTRATION
1. Prospective students who do not want to be degree-seeking, or only want to take a few courses at Liberty, must apply as a Special Student and receive confirmation of acceptance.
2. Special Students may not accumulate more than 12 credit hours under this status.
3. In order to register, Liberty University Online students must apply as special students on the application.
4. Students who have been Academically Dismissed are not eligible to return to Liberty under the Special Student category.

COURSE REGISTRATION, ACTIVATION, AND COMPLETION DATES
Students may register for courses online through ASIST. A student’s enrollment period (course activation) begins the first day of the upcoming sub-term, provided that the student is in good academic standing and has completed Financial Check-In. Students are encouraged to allow sufficient time to review their course materials before the beginning of the sub-term. Please note that while students are given access to their courses in advance of the start date to allow for an opportunity to familiarize themselves with the course, assignments will NOT be accepted until the start date of the course. Students should not submit any assignments until after the current sub-term begins. See the University calendar for sub-term dates.

The student has 8 weeks from the sub-term course activation date to complete the course. In some cases, courses are 16 weeks in length. For these courses, the student has 16 weeks from the sub-term course activation date to complete the course. Students are expected to submit tests and course work throughout the term. At the end of the first week of each sub-term, courses are reviewed to determine if the student is attending in the course. If the student has not submitted an academic assignment (such as the Course Requirements Checklist, an examination, written paper or project, discussion board post, or other academic activity), the student will be dropped from the course.

Students who wish to re-engage in the course are encouraged to contact Academic Advising to discuss their enrollment options.

The student alone assumes responsibility for course work missed from non-attendance. A student who presents the instructor with an adequate and documented reason for absence may be given an opportunity to make up the work missed.

CLASS CANCELLATION POLICY
From time to time, it may be necessary to cancel a class because of insufficient enrollment or other extenuating circumstances. The decision for such a cancellation is ultimately that of the Provost of the University. Every effort will be made to provide notice of the cancellation at least two weeks prior to the first scheduled meeting of the class. The Registrar’s Office will advise the student of the cancellation. The University does not assume responsibility for any delay in the anticipated graduation date of individual students that might result from such class cancellations.

LATE ASSIGNMENT POLICY
If the student is unable to complete an assignment on time, then he or she must contact the instructor immediately by Liberty Webmail. Assignments that are submitted after the due date without prior approval from the instructor will receive the following deductions:
1. Late assignments submitted within one week of the due date will receive a 10% deduction.
2. Assignments submitted more than one week late will receive a 20% deduction.
3. Assignments submitted two weeks late or after the final date of the class will not be accepted.
4. Late Discussion Board threads or replies will not be accepted. Special circumstances (e.g. death in the family, personal health issues) will be reviewed by the instructor on a case-by-case basis.

COURSE AUDITS
Students who wish to audit an online course may do so for a fee. Audited courses will not be used to determine full- or part-time status. Auditors will not be expected to take quizzes or examinations. A grade of AU will be recorded on the auditor’s permanent record.

Course audits may not be added via ASIST, but must be requested by emailing the Registrar’s Office. Requests to audit a course will only be accepted during the registration timeframes before a term starts. Audit requests will be processed and added, pending availability. A student wishing to change from credit to audit status for a course may only do so until the last day of the registration deadline. Requests to change to or from audit status after the registration deadline will be denied.

COURSE SUBSTITUTIONS
A Course Substitution request may be made when a student wishes to substitute one course for another required course when a clear relationship exists between the two. This form may also be used when an academic department approves a complete replacement for a Liberty course requirement. Students requesting these exceptions must submit a “Course Substitution Form” to luotransfer@liberty.edu. Please note that an approved substitution will apply toward the degree requirement(s), but will not change the course number on the student’s transcript. Also, a lower-level course substituting for an upper-level requirement will not count toward the total number of upper-level hours required. Course substitutions are not applicable for certificate seeking students. Changing programs or breaking enrollment may invalidate the request.
DROPPING, ADDING, WITHDRAWING FROM COURSES

Liberty University Online students may drop a course at any time prior to the sub-term begin date for a full refund. Students may drop the course by selecting ‘drop via web’ on their current schedule through the add/drop page under registration on the “Student” tab on ASIST (up until two weeks before the start of the course), or by contacting Liberty University Online Advising by phone or email any time before the first day. The course must be dropped prior to the start date of the course. This is also possible during the first week of class if completed prior to attendance.

DEFINITION OF ATTENDANCE

In an effort to comply with U.S. Department of Education policies, attendance is measured by any submission of a required assignment within the enrollment dates of the course (such as examinations, written papers or projects, any discussion board posts, etc.) or initiating any communication with one’s professor regarding an academic subject. Attending is defined as completing an academically related activity which includes, but is not limited to:

- Physically attending a class where there is an opportunity for direct interaction between the instructor and students.
- Submitting a required academic assignment (in Blackboard or disparate system).
- Taking an exam.
- Taking a required interactive tutorial or computer-assisted instruction.
- Attending a study group that is assigned by the school.
- Participating in an online discussion about academic matters.
- Initiating contact with a faculty member to ask a question about the academic subject studied in the course.

Beginning on the first day of the sub-term through the last day of the sub-term, students who have begun attending a course may withdraw with a grade of “W” and receive a pro-rated tuition credit based on the date of the withdrawal and attendance in the course.

REMEMBER: Any change in status (i.e., from full-time to part-time, etc.) may cause the reduction or cancellation of your financial aid award. In other words, your out-of-pocket expenses may increase.

Withdrawal from Liberty

Online students withdrawing from the University must contact Liberty University Online via the student’s Liberty University webmail account or by phone to start the process. The withdrawal date is determined based on the date the student submits the Intent to Withdraw Form. If the withdrawal request is mailed or faxed to the Academic Advising Department, the withdrawal date will be the date the student submitted the Intent to Withdraw Form. A grade of W will be assigned to all courses from which the student withdraws.

Satisfactory Academic Progress Policy administered by the Financial Aid Office.
See Financial Information section.

UNOFFICIAL WITHDRAWALS

The U.S. Department of Education requires that every university monitor the attendance of their students. Students who begin a course, but at some point cease attending, and do not withdraw, will be assigned a grade of "FN" (Failure for Non-Attendance), dated to the student’s last date of attendance (based on the definition provided below). A grade of "FN" will be assigned when a student stops attending and/or participating in a class for a period of 21 consecutive days or longer.

The student alone assumes responsibility for course work missed from non-attendance. If a student receives all FN’s in a term, he/she is subject to the Unofficial Withdrawal procedure that includes the reduction and/or return of all Financial Aid. Students are fully responsible for all resulting charges on their student account. To review the entire Financial Aid Withdrawal policy, go to http://www.liberty.edu/media/1260/1415%20Withdrawal%20Policy.pdf.

UNOFFICIAL WITHDRAWAL FOR NON-ATTENDANCE APPEAL PROCESS

Students who receive a grade of "FN" may appeal to their professor to have the grade removed to resume work in the course. This appeal must be communicated in written form to the faculty member. If the appeal is granted the student must complete the course with an earned grade.

WITHDRAWAL FROM COURSES

Students requesting to withdraw from courses during the semester must submit a withdrawal request via the link they will receive when they contact Liberty University Online. Generally, the withdrawal date will be the date the student submitted the Intent to Withdraw Form. A grade of W will be assigned to all courses from which the student withdraws.

UNDERGRADUATE REPEAT POLICY

The Liberty University Undergraduate Repeat Policy is designed to assist undergraduate students in raising their cumulative grade point average by repeating courses in which they previously performed unsatisfactorily and by removing the previous grade from the GPA calculation.

Undergraduate students are subject to the following conditions:

1. When an undergraduate course is successfully repeated*, the Undergraduate Repeat Policy will automatically be applied, all earned grades will remain visible on the student’s permanent record, and the most recent grade earned will be the only grade to count toward the student’s GPA. The Registrar’s Office will automatically apply the Undergraduate Repeat Policy at the end of each term*, including the summer term, to all eligible courses.

2. On the student’s transcript, the letter “E” will follow the previous earned grade(s) to indicate that the grade has been “excluded” from the GPA. The letter “I” will follow the most recent grade to indicate that the grade has been “included” in the student’s GPA. The grades which have been excluded from the GPA calculation will not count toward GPA hours or hours earned, but will remain on the student’s record as attempted hours. Consultation by the student with the Financial Aid office may be needed to determine how the Repeat Policy will affect the student’s Satisfactory Academic Progress.

3. There is no limit on the number of different courses or retakes in which the Undergraduate Repeat Policy may be
applied. However, there may be a limited number of times that Federal Financial Aid will pay for a course taken and passed (grade of “D” or higher). It would be wise to consult with a Financial Aid counselor if there are any questions about this.

4. The Undergraduate Repeat Policy will only be used on Liberty University courses that have been repeated at Liberty University. No transfer credit or credit earned though institutional or standardized testing may be used in the Undergraduate Repeat Policy.

5. The Undergraduate Repeat Policy will only be applied when the same course number/title is retaken, unless there’s been a university approved course number/title change and the department confirms that the courses are the same. Course replacements/substitutions are not eligible for the Undergraduate Repeat Policy.

6. Undergraduate courses in which a grade of B, C, D, F, or FN was awarded are eligible for the Undergraduate Repeat Policy. Courses which are NOT eligible for the Undergraduate Repeat Policy are: pass/fail courses, zero-credit courses, and courses with grades of AU (audit), I, M, NF, Q, R, W, WF, X, and Z, or those courses failed due to academic dishonesty. Also, courses that are designed as repeatable courses within certain majors will not have the Undergraduate Repeat Policy applied automatically.

7. Activation of the Undergraduate Repeat Policy for a prior semester will not affect the academic standing or dean’s list award for that semester. Academic standing or dean’s list in a prior semester can only be changed as a result of an approved grade change.

8. Once a student has graduated, the Undergraduate Repeat Policy may not be used on a course taken prior to graduation to enhance the cumulative GPA which was recorded at the time of degree conferral. The repeat of a class after graduation could, however, be used to enhance the students overall undergraduate GPA at Liberty.

* Final grade has been earned and posted
^ Including sub-terms

BREAK IN ENROLLMENT

A break in enrollment occurs when a student is not actively taking a class each academic year. The academic year begins with start of the fall semester and ends with the conclusion of the summer term.

Students who break enrollment will be required to follow the degree requirements in effect at the time of re-entry to the University.

Scholastic Regulations

Warning/Probation/Suspension/Dismissal

Students must maintain satisfactory standing in order to remain at Liberty. Satisfactory scholastic standing for students enrolled in an undergraduate program is:

<table>
<thead>
<tr>
<th>Minimum GPA</th>
<th>Level 1 (0–23.99 hours)</th>
<th>Level 2 (24–47.99 hours)</th>
<th>Level 3 (48–71.99 hours)</th>
<th>Level 4 (72 or more hours)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.50</td>
<td>1.65</td>
<td>1.85</td>
<td>2.00</td>
<td></td>
</tr>
</tbody>
</table>

Academic Standing for Liberty University Online students is calculated only at the end of the Fall, Spring and Summer terms.

Academic Warning

Students failing to attain and maintain the scholastic standing required are placed on Academic Warning. During the next semester, Liberty University Online undergraduate students should plan to limit enrollment to a 13-semester-hour course load and may be required to take CLST 100 or 101.

Academic Probation

At the end of the semester on Academic Warning, students who fail to raise the GPA to a satisfactory level (see above) are placed on Academic Probation. During the next semester of attendance, Liberty University Online undergraduate students should plan to limit enrollment to a 13-semester-hour course load, and may be required to take CLST 100 or 101.

Academic Suspension

At the end of the semester on Academic Probation, students who fail to raise the GPA to the required academic level (see above) are placed on Academic Suspension. Students who desire to continue their studies must submit a written appeal to the Registrar’s Office. The Associate Registrar will review the appeal, and if it is approved, an Academic Contract will be formulated. The student must agree in writing to abide by the terms of the contract before being permitted to register for courses. If a student is a re-applicant to Liberty University Online, the student must agree in writing to abide by the terms of the contract prior to being approved for re-admission. Students who are enrolled for 12 or more hours and fail all courses within any given term will be Academically Suspended.

Academic Dismissal

Students who are permitted to take classes while on the status of Academic Suspension and who fail to raise the GPA to the required academic level (see above) by the end of the semester or fail to meet the terms of their Academic Contract will be Academically Dismissed, and will not be allowed to return to Liberty unless qualifying for Academic Amnesty.

At the end of each semester, students on Academic Warning, Probation, Suspension, and Dismissal will be sent a notification by the Registrar’s Office.

ACADEMIC AMNESTY

Approval for readmission under Academic Amnesty must be granted by the Office of the Provost. To qualify for academic amnesty, a student must have been academically suspended or academically dismissed from the University, as well as must satisfy the subsequent guidelines for readmission.

1. Not enrolled at the University for a period of two (2) years.
2. A student seeking readmission under academic amnesty must first appeal in writing to the Registrar’s Office. The request must be stated clearly and contain: (1) the reason for the request, and (2) efforts made to improve during absence from Liberty. Corroboration may be requested of the student, i.e. transcripts from other institutions, certificates, awards, etc.
3. The student’s appeal, supporting documentation and a recommendation from the Registrar’s Office will be presented to the Office of the Provost for a decision. If the appeal is approved, the student will be readmitted on the following provisions:
   a. Previously earned grades of A, B, and C will remain on the student’s record and will calculate into his or her GPA. Grades of D and F are revised to Q.
   b. Students who have been granted Academic Amnesty are not eligible for graduation honors.
INCOMPLETES

Students who are unable to complete coursework by the last day of class due to unavoidable circumstances such as personal illness/injury or family emergencies may appeal to their instructor for a temporary course grade of “I” (Incomplete). A grade of “I” may not be changed to a withdrawal if requested after the end of the course. The authority for the decision to grant an incomplete completely lies with the instructor. Denial of the request for an incomplete may include, but is not limited to, the student’s inability to earn a passing grade with completion of the remaining requirements, as well as an insufficient reason for the request. Students must initiate the request for an incomplete directly to the instructor by the last day of class (before the final exam period for residential classes).

The instructor will establish a new deadline for the completion of the remaining coursework, based on the circumstances. The instructor may grant up to two weeks beyond the last day of the term (or sub-term for Liberty University Online courses) for non-medical circumstances and up to four weeks beyond the last day of the term (or sub-term for Liberty University Online courses) for personal medical circumstances.

For extreme personal medical circumstances, a maximum of eight weeks for Liberty University Online courses and 16 weeks for residential courses may be given as long as sufficient medical documentation (from a medical professional) is presented along with the request. However, while the decision to grant an extended incomplete remains with the instructor, the request and medical documentation needs to be submitted to the Registrar’s Office. The instructor will be responsible to communicate the remaining requirements, as well as the extended deadline, to the student.

The instructor will post a final grade within two weeks from the deadline established for the incomplete. If a final grade is not posted within two weeks of the deadline, a grade of “F” may be posted by the registrar’s office.

The GPA is unaffected by the incomplete until a final grade is posted after the deadline. However, grades of “I” will count as hours attempted and not completed, and will negatively affect a student’s Satisfactory Academic Progress (SAP).

Military Deployment

Liberty University understands the demands placed on today’s service member and we are willing to work with our students when their military duty causes delays in their academic progress. According to military policy for Tuition Assistance, the University must post grades within 30-days of the end date of the course. If a military student needs additional time to complete their course requirements due to deployments, extended cruises, unit operational tempo, or other duty-related extenuating circumstances, they have two options:

1. They may contact their professor and request up to an additional 3 weeks to complete the requirements.
2. Should they need more time, they can request a military withdrawal.

Military students must notify their Military Education Office of a course Incomplete if they are receiving Tuition Assistance. Incomplete requests and supporting documents may be faxed to (434) 455-1287 or scanned and emailed to luomilitary@liberty.edu, or mailed to: Liberty University; Liberty University Online; Office of Military Affairs; 1971 University Blvd.; Lynchburg, VA 24515

GRADING POLICIES AND PROCEDURES

Liberty University Faculty members, both residential and online, must submit final grades for all students to the Registrar at the end of each term. Faculty teaching online courses should have grades submitted to the Registrar on or before the second Wednesday after the course ends. Faculty teaching residential courses should have grades submitted to the Registrar one week after the end of each semester. Liberty University Faculty members, both residential and online, are urged to promptly complete and submit final course grades. Confidentiality of student grades falls under the Family Educational Rights and Privacy Act (FERPA) of 1974. Please see the FERPA section and policies for more information.

Grading Scales:

Liberty University incorporates a standardized 1,000-point system across all undergraduate and graduate programs. The undergraduate utilizes a 100-point scale to differentiate between letter grades, while the graduate programs utilize three distinct scales: 80, 70 and 60-point scales to differentiate between letter grades. Each academic department determines the scale used within the department. The grading scale for each course will be posted within the syllabus for each course. Students are encouraged to review the syllabus for each course individually to verify the grade scale.

<table>

<td>599 and Below</td>
</tr>
</tbody>
</table>

RECORDING OF GRADES

All grades will be recorded in the Registrar’s Office as reported by the instructors in charge of the various courses. Requests for grade changes may be submitted in writing only by the instructor.
Any extra credit assignments that are a part of the instructor’s syllabus must be completed prior to the final exam for the course. A student may not submit assignments for extra credit after the semester has ended and a final exam has been given.

**GRADE APPEAL PROCESS**

Liberty encourages students to have open and respectful communication with their professor to resolve any concerns regarding individual course assignment grades and/or the final grade for the course. The Grade Appeal Process and form can be found at [http://www.liberty.edu/online/student-advocate-office](http://www.liberty.edu/online/student-advocate-office).

Criteria for appeal:

- Only final posted grades may be appealed beyond the professor. Appeals are accepted only when the grade assigned conflicts with:
  - The published grading rubrics for the course assignments
  - Written communication (i.e., email, announcements, etc.)
  - Calculation error on an assignment (resulting in a change to the final grade)

Appeals, other than those mentioned above, will not be reviewed. The student must provide documented evidence that demonstrates the occurrence of one or more of the above grounds for appeal. Documentation may be in the form of email correspondence, graded assignments, proof of timely submission, etc.

**Appeal process:**

A student wishing to appeal a final grade must submit the appeal to their professor and seek to resolve the situation with them. If the student wishes to appeal further they must follow the process outlined below:

1. **Within 30 calendar days of the end of the term, the student may submit a written appeal to the Online Chair, but should do so through Liberty University Online Advising. The student must include the information required above. The Online Chair will consult with the instructor and review the student's written appeal. The Online Chair will then notify Liberty University Online Advising, the instructor and the student of his/her decision.**

2. **If the student has additional support for their appeal, the student may submit a written appeal to the Online Associate Dean, through Liberty University Online Advising after receiving the decision by the Online Chair. This written appeal must be received by Liberty University Online Advising within five (5) business days of the Online Chair’s email. The Online Associate Dean will review the student's appeal, as well as any information provided by faculty member. When a decision has been reached, the Online Associate Dean will notify Liberty University Online Advising, the Online Chair, the faculty member and the student.**

3. **If the student has additional support for their appeal, after receiving the decision by the Online Associate Dean, the student may submit a written appeal to the Online Academic Dean through Liberty University Online Advising. This written appeal must be received by Liberty University Online Advising within 5 business days of the Online Associate Dean’s email. The Associate Dean will review the student's appeal, as well as any information provided by faculty member. When a decision has been reached, the Online Academic Dean will notify Liberty University Online Advising, the Online Associate Dean, the Online Chair, the faculty member, and the student. The Online Academic Dean’s decision is final.**

**ACADEMIC TRANSCRIPTS**

Official transcripts are made only at the written, signed request of the student concerned. No transcript will be issued for anyone who has failed to meet all financial obligations to the University. Official transcripts are not released directly to the student. Requests for transcripts are to be made directly to the Registrar’s Office. There is a $10.00 fee for one transcript. Additional transcript requests made at the same time are $1.00 each.

**FERPA – PRIVACY OF STUDENT RECORDS: FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT**

Students attending, or who have attended, Liberty University are given certain rights under the Family Educational Rights and Privacy Act of 1974 as amended (20 U.S.C. 1232g) and Rules of the [Department of Education](http://www.ed.gov) implementing this Act. Additional information and University policies regarding the protection of student records are published online at [http://www.liberty.edu/ferpa](http://www.liberty.edu/ferpa).

**GRADUATION HONORS**

Honors for graduation will be determined by the cumulative grade point average earned at Liberty. Bachelor’s degree students who have earned 60 or more hours at Liberty must meet the following GPA standards to earn the corresponding academic distinction:

- 3.50 - 3.66 cum laude
- 3.67 - 3.84 magna cum laude
- 3.85 and above summa cum laude

Bachelor degree students who have earned less than 60 hours at Liberty must meet the following GPA standards:

- 3.60 - 3.76 cum laude
- 3.77 - 3.94 magna cum laude
- 3.95 and above summa cum laude

The specific honor calculated on or around April 1 of the student’s graduation year will be printed in the Commencement program, and the student will wear that particular honor cord. The final cumulative GPA will be determined after all grades have been recorded and that final cumulative GPA will determine the specific honor that will be printed on the diploma and transcript.

Associate degree students who have a 3.50 cumulative GPA will receive honors at Commencement. Graduation honors are not applicable to certificate seeking students.

**CERTIFICATE COMPLETION REQUIREMENTS**

All matriculated students, whether Resident or Liberty University Online, must meet the same academic requirements for certificate completion. Online certificate-seeking students must have all courses within the certificate successfully completed before being considered candidates for the awarding of a certificate.

1. The undergraduate certificate requires a minimum of 18 semester hours. Each program differs; therefore, the student must follow the certificate requirements carefully.
2. Each undergraduate certificate program requires a minimum GPA of 2.00.
3. To satisfy the requirements for the fields of study, only final grades of C or above, in all certificate courses, will apply towards successful certificate completion.
4. Students who return to Liberty to complete a second certificate at the undergraduate level must have at least 3 credit hours remaining at the time of acceptance to the certificate and must take and successfully complete a
ACADEMIC INFORMATION AND POLICIES – ONLINE PROGRAM

minimum of 3 additional hours of coursework at Liberty to qualify for a second certificate.

5. All 18 semester hours of the certificate coursework must be completed at Liberty.

6. A Certificate Completion Application must be filled out at the beginning of the final semester before the certificate can be awarded. The Certificate Completion Application is found here: http://www.liberty.edu/index.cfm?PID=4849.

7. The Registrar’s Office will process the conferral of a certificate once all certificate requirements have been met, including the minimum GPA requirement and certificate completion application. If a student wishes to take further non-applicable coursework, they must do so under a new application.

GRADUATION REQUIREMENTS

All matriculated students, whether Resident or Liberty University Online, must meet the same academic requirements for graduation. Undergraduate students must have all courses in the General Education core and in the declared major and minor completed before being considered candidates for graduation.

1. The bachelor’s degree requires a minimum of 120 semester hours. Of these total hours, a specified number of upper-level (300-400) courses must be completed with the minimum number being 30 semester hours. Each program differs; therefore, the student must follow the degree requirements carefully. The Associate of Arts degree requires a minimum of 60 semester hours.

2. Each undergraduate degree program consists of designated General Education requirements, a major, and electives. Electives may be taken from the undergraduate courses offered in any department. A GPA of 2.00 or higher, unless otherwise specified in a particular major or minor, is required for graduation.

3. To satisfy the requirements for the major and minor fields of study, only grades of C or above in upper level courses may be included. This includes directed electives. Certain majors require a grade of C or above in all major courses.

4. Students who return to Liberty to complete a second major at the undergraduate level must take a minimum of 30 additional hours of coursework at Liberty to qualify for a second degree.

5. At least twenty-five percent of the credit hours required for the bachelor's degree must be completed at Liberty. Fifty percent of the semester hours in the major and minor must be completed at Liberty, unless otherwise specified within the degree requirements. At least twenty-five percent of the credit hours required for the associate's degree must be completed at Liberty, and with the exception of the A.A. in General Studies or the A.A. in Interdisciplinary Studies, 50% of the hours in the major component of the Associate degree must be completed at Liberty.

6. The Registrar’s Office will process the conferral of a degree once all degree requirements have been met, including the minimum GPA requirement and graduation application. If a student wishes to take further non-applicable coursework, they must do so under a new application.

GRADUATION APPROVAL

All candidates for graduation must be approved by the Faculty and the Board of Trustees.

GRADUATION CEREMONY

Degrees are granted throughout the academic school year. All candidates for degrees may participate in the annual graduation exercises which take place in May.

TIME LIMITS FOR DEGREE COMPLETION

Students pursuing a certificate must complete the certificate requirements within three (3) years of the date of matriculation.

Students pursuing an associate’s degree must complete the degree requirements within seven (7) years of the date of matriculation.

Students pursuing a bachelor’s degree must complete the degree requirement within ten (10) years of the date of matriculation.

Any student who does not complete coursework within the permissible time limit for any reason, including discontinued enrollment, must reapply for readmission and will be subject to the requirements of the Catalog and Degree/Certificate Completion Plan (DCP/CCP) in effect at the time of his/her readmission.

A break in enrollment occurs when the student fails to enroll in at least one course during an academic year. The academic year begins with the start of the fall semester and ends with the conclusion of the summer term. Students who break enrollment must apply for readmission and will be subject to the requirements of the Catalog and degree requirements in effect at the time of their readmission.

PERSONAL NEEDS

Laundry, cleaning, spending money, items related to personal grooming, towels, sheets, pillow, off-campus transportation, etc., vary by individual and are the student’s responsibility.

RESIDENT STUDENTS TAKING ONLINE COURSES

A resident student, who takes any number of online courses, will be charged at the Resident rate. It is the student’s responsibility to complete Financial Check-In to secure their online courses, and make payment arrangements. More information regarding online courses is available online at https://www.liberty.edu/index.cfm?PID=17421 (login required).

Financial Check-In (FCI)

All students are required to complete Financial Check-In through Liberty University’s online system (ASIST). Official Financial Check-In (matriculation) occurs when a student has completed Financial Check-In located online through ASIST. Financial Check-In is a system where ALL students complete their financial arrangements with Liberty University for tuition and fees, to include prior, current, and/or future balances. Deadlines, specific procedures and payment options can be viewed on the Student Accounts web page www.liberty.edu/studentaccounts. Students that do not complete Financial Check-In by the published deadline will be subject to having their courses and housing (if applicable) dropped and will be assessed the Late Check-In Fee.

All students are required to register and complete FCI prior to arriving on campus or attending a class.

• First term Residential Students: complete Financial Check-In online first, then are able register for classes.
• Returning Residential Students: register for courses during the open registration period then complete Financial Check-In online.
• All Online Students: register for courses and then complete Financial Check-In online.
Please visit the Student Accounts webpage for current information on procedures, payment options, and schedules: http://www.liberty.edu/studentaccounts.

INITIAL PAYMENTS FOR RETURNING STUDENTS

Once a returning student completes Financial Check-In, all payments made prior to the beginning of the semester are held in deposit to secure the student’s class schedule, institutional grants or scholarships, and campus housing, as applicable.

Should the student decide not to return, the University must be notified in writing with a request for refund of the initial payments prior to the last day of drop/add. This written request may be sent to studentrefunds@liberty.edu. Without prior written notification, the student and money on the account are subject to the conditions described in the official withdrawal policy (explained below).

PAYMENTS ON STUDENT ACCOUNT

Payment on a student account can be made in the form of a check, money order, cashier’s check, credit card, or online via the student’s ASIST account. Cash payments are received at the General Cashier’s Office in the Student Service Center located in Green Hall. Students may cash checks at the cashiering windows for a fee of $1 per check.

A student’s account must be paid in full prior to registering for any future courses. When a student completes Financial Check-In for a future term, and then becomes delinquent in the current term, or loans are returned to the lender, the resulting balance must be resolved prior to the start of the future term. In this circumstance, it is in the best interest of the student, is to consult with a Student Accounts Representative to discuss options for resolution on account.

Monthly statements are sent by email to current and former students who have an outstanding balance on their account. Statements are sent to the student’s Liberty email address.

PAYMENT PLANS

The University offers Payment Plan options to students in the form of scheduled, automatic, monthly payment drafts for student account balances. A non-refundable Payment Plan Participation Fee is charged for each semester that the student participates in the Payment Plan. The initial payment will draft within 24 hours of establishing the payment plan, and the remaining installments are automatically processed on the scheduled draft date (1) from a bank account; or (2) from a debit/credit card account. No interest is charged on the outstanding balance while in a Payment Plan.

Those students who enter a Payment Plan and later withdraw from the plan are still subject to the Payment Plan Participation Fee. While the system will accommodate online adjustments to an account as additional credits or debits alter the balance, changes to a Payment Plan requiring University staff intervention are subject to a Payment Plan Change Fee.

It is the responsibility of the student, and person financially responsible for the student’s account, to maintain current bank or credit card information and to ensure that the account has sufficient funds at the time of the scheduled draft under the Payment Plan agreement. When using a card, the student must check with the bank or credit card company that the daily spending limit can accommodate the draft amount, avoiding declined payment(s) and resulting fees. The bank or credit card account must be from an institution that participates in automatic draft/debit programs. Liberty University cannot draft payments from non-U.S. bank accounts, money markets, trusts, home equity or savings accounts.

| Payment Plan options will vary depending upon when Financial Check-In is completed. |

CHARGEBACK FEE

If a chargeback is initiated by a student, and the Merchant findings are in favor of the University, the student’s account will be assessed a chargeback fee. The fee amount is dependent on the current credit card processor’s fee to the University.

RETURNED PAYMENT FEE

A student will be charged a Returned Payment Fee for any returned or declined payment made via check, automatic draft or declined credit card draft(s). After two returned or declined payments, all transactions for the remainder of the academic year can only be made by cash, money order, or certified check. Repeat offenders are subject to losing the privilege of utilizing the check payment option, and monthly payment plan options. Any future payment options will be at the discretion of the Director of Student Accounts. If a student provides invalid checking or credit card account information for their Payment Plan, the student’s account will also be subject to the Returned Payment Fee.

CHECK CASHING

As a courtesy to currently enrolled students, the General Cashier’s Office will cash checks from parents, the student’s personal checking account, or a Liberty University payroll check.

The maximum amount for cashing is $50 and can only be cashed once a week. A fee of $1 per check will be charged for each check cashed. If a check is returned to the University for any reason, the student’s account will be assessed the check amount as well as the Returned Payment Fee. After two (2) offenses, the student will lose the privilege of cashing checks with Liberty University.

FLAMES PASS

The Flames Pass is the official Liberty University ID card. The card is used for meal plans, Flames Cash, campus events and recreation, authorized building entry, student discounts, and other activities and services. The student may obtain a Flames Pass by submitting a photo online or visiting the Card Services Office. In the event the card is lost, the student may purchase a replacement at the cost of $25.

FLAMES CASH

Flames Cash is the declining balance account on the Flames Pass. These funds are accepted at a multitude of on and off-campus merchants. Flames Cash is a convenient and secure way to carry money with no account fees, rolls over from year to year, and can be easily added and managed online.

HIGHER ONE CARD

Higher One is the banking partner that disburses refunds for the University. Every Liberty University student is issued a Higher One card as a tool for receiving refunds. After completing Financial Check-In, the student’s card is sent to the address on file in ASIST. There is a charge of $15 to replace a lost card.

Additional Information

Additional information about the Flames Pass, Flames Cash and the Higher One Card can be found online at http://www.liberty.edu/cardservices.

BOOKS AND SUPPLIES

Tuition does not cover the cost of course materials. Costs will vary according to the student’s course of study and the availability of used books. The cost of textbooks and supplies will average $700 per semester. Students should purchase materials after registration but prior to the sub-term begin date (course activation). Liberty does not guarantee that required course materials will be available after the sub-term activation date.
The following funds may be used by resident students when purchasing textbooks:

- **Book Dollars**: awarded to new first term students upon completion of Financial Check-In. Amount of award will be determined according to the Financial Check-In completion date.

- **Book Vouchers**: students can include funds through Financial Check-In, to be transferred to the book store as a book voucher, for the purchase of their books.

- **Flames Cash**: funds can be applied to a Flames Cash Account and used at the Bookstore, as well as other approved participating merchants. Current information is found at http://www.liberty.edu/index.cfm?pid=21106.

**Online courses**: All online course materials are available through MBS Direct, and may be available at the University Bookstore. Online purchases are made through MBS direct at http://www.mbsdirect.net/liberty.

**ACTIVITY FEE**

All resident students are required to pay an Activity Fee each semester (fall and spring). This fee provides access to Liberty University activities, admission to athletic events, access to the LaHaye Student Union recreational facilities and to help offset the cost of other resources dedicated to student activities. Regardless of residence status, all students are subject to this fee. This fee is not prorated for part-time students.

**COURSE FEES**

Course fees and fees charged for special elective-type courses by organizations other than the University, will be paid by the student in addition to normal credit hour charges. Course fees are published on the Registrar’s Office web page at http://www.liberty.edu/registrar.

**HOUSING FEE**

A student living in University housing is required to pay the applicable housing fee each semester depending on location and amenities.

If a student moves into the residence hall for the Fall semester, and then withdraws or is allowed to move off campus (see regulations in the Student Affairs section of this publication) at any point during the academic year a portion of the housing fee will be prorated back to the student’s account based on the date the student removes items from the residence hall.

In the Spring semester, if a student does not remove items from the previous semester and withdraws but does not remove items, the student will be charged a prorated amount of the housing fee based on the date of removal of items.

The student must check with the Office of Student Housing if they are considering moving off campus or withdrawing prior to the end of the academic year after completing Financial Check-In for the Fall semester.

**DINING FEE**

Any student living in University housing is required to pay the applicable housing and dining fees each semester (including online students that are living on campus). These fees cover housing amenities and the basic resident dining plan in the University dining hall. This requirement allows students to focus on academics and extracurricular activities rather than on basic needs such as food and shelter. The required dining plan for students living in University housing promotes healthy living, social engagement, and the residential community experience.

**NEW STUDENT ASSESSMENT FEES**

All new Resident students, both freshman and college transfer students, are required to take a computer assessment. If a student transfers a course that demonstrates competency in the required computer skills, the test requirement can be waived.

Students have the option to take assessments in English and Math. These assessments aid in placing students in the appropriate course levels in these disciplines. An Assessment Fee will be applied to the student’s account for each assessment taken.

**WITHDRAWAL FEE**

A fee of $50 will be charged for the processing of an official, unofficial, medical, or administrative withdrawal. A student who ceases to attend classes will receive the withdrawal fee, for the processing of an unofficial withdrawal.

**GRADUATION APPLICATION FEE**

All graduating students must complete a graduation application through their ASIST account. A $100 Graduation Application Fee will be assessed to the term in which the student submits the application.

The Graduation Application Fee is automatically assessed by Registrar once the time of the Graduation Application is submitted, not upon degree conferral. This fee is not contingent on the student’s attendance at graduation events and activities; it is assessed for processing the graduation application. This fee is non-refundable.

**CERTIFICATE COMPLETION APPLICATION FEE**

The Certificate Completion Application Fee is automatically assessed by Registrar near the time of the Certificate Completion Application, not certificate conferral. This fee is not contingent on the student’s attendance at graduation events and activities; it is assessed for processing the Certificate Completion Application. This fee is non-refundable.

**FEE APPEAL POLICY**

A written appeal may be submitted to the department that assessed the charge. If the disputed charge cannot be reconciled with the assessing department, a written appeal with all supporting documentation can be submitted to the Student Accounts Office within 30 business days of the billing/notification.

1. All pertinent information will be obtained and compiled by the Student Accounts Office.
2. The disputed charge will be reviewed by authorized Student Accounts Representatives.
3. A decision will be made by the authorized Representatives and the student notified.
4. If necessary, an appeal may be reviewed by a Manager and/or Associate Director to render a final decision.

All appeals are to be submitted online at http://www.liberty.edu/index.cfm?pid=20659. All appeals will receive a response within 30 days after the written appeal has been received.

**REFUND POLICY FOR ENROLLED STUDENTS**

Enrolled qualified students can receive a refund from their student account once all obligations have been met and a credit balance remains.
Financial Check-In provides students with two credit-management options through the Authorizations page of Financial Check-In.

- By Selecting "Hold my credit" a student authorizes Liberty University to hold a Title IV credit balance for a future term.
- By Selecting "Refund my credit" a student authorizes Liberty University to release a Title IV refund to the student (in all cases except Parent PLUS loan refunds).

Credit from Title IV must be refunded to a student's Higher One account. At the end of each academic year, all Title IV (Federal Grants and Federal Loans) credit balances must be refunded. Credit balances will ONLY be refunded to the student.

Refunds will be processed by HigherOne as follows, depending on the origination of funds. The student must register a refund preference with their Higher One account, according to instructions provided with the Higher One card. Once a refund has been received by HigherOne, those funds will be made available for the student to access, through the following options:

- One Account (1-3 Business Days)—Funds will be available for use via the Higher One card.
- Deposit to another account (2-3 Business Days)—Funds will be transferred electronically into a designated personal checking account.
- Paper check (5-7 Business Days)—Funds will be received as a paper check. Higher One will mail a check to the student’s address on file.

### Title IV Refunds

(Federal Unsubsidized Loan, Federal Subsidized Loan, Federal Parent PLUS loan, Federal Pell Grant, FSEOG, etc.)

Within the Financial Check-In process, students authorize the handling of a credit balance on their student account. The funds may either be held throughout the academic year, applying to any account balance, or students can authorize the credit balance to be refunded.

Title IV aid is disbursed 21 days after the student becomes eligible. Title IV refunds are processed within 14 days from when aid is disbursed.

Title IV credits will be refunded according to student’s refund preference selected on his or her Higher One Card account. Students can select either One Account Deposit or ACH Transfer to another bank.

Credits from Parent PLUS will be refunded to the loan applicant in the form of a check, unless written authorization is submitted to the Financial Aid Office stating that the refund may be sent to the student.

### Refunds Unrelated to Title IV Aid

Students must submit a written request to receive a refund not related to Title IV aid. Written request must be sent to:

- Residential students: studentrefunds@liberty.edu
- Online students: luorefunds@liberty.edu

### Official Withdrawal Policy

Liberty University is committed to the success of every student and will work with each student to determine the best option to alleviate financial and academic challenges and get students back on track in their studies. Withdrawals from Liberty University fall under different categories: academic, administrative, medical or personal.

**PLEASE NOTE:** Students who must withdraw due to military deployment are required to meet with the Student Advocate Office with a copy of their orders. They will then be referred to Military Affairs.

- **Resident Student:**
  - Withdrawing from individual courses, while maintaining enrollment in others, does not constitute a total withdrawal.
  - Students requesting to withdraw from courses during the semester must submit a Withdrawal Form to the Registrar. Generally, the withdrawal date will be the date the student submitted the form to the Registrar.
  - No refund will be issued for a student who withdraws from Residential course, and all billing hours will remain on the student’s account.

For more information, please visit [http://www.liberty.edu/index.cfm?PID=25048](http://www.liberty.edu/index.cfm?PID=25048).

- **Intensives and Summer School**
  - A resident student who withdraws from an on-campus intensive or summer class will be assigned a grade of “W” for that class and will be responsible for all tuition and fees.

Additional information is available on the Registrar’s web page at [http://www.liberty.edu/academics/Registrar?PID=19029](http://www.liberty.edu/academics/Registrar?PID=19029).

- **Online Student:**
  - Withdrawing from individual courses in a sub-term (including overlapping 16-week sub-terms) does not constitute a total withdrawal until that student has withdrawn from all courses in that sub-term (including overlapping 16-week sub-terms).
  - A student withdrawing from a sub term, when registered for course(s) within a future sub-term, must submit a letter of intent regarding any future sub-terms within the semester of withdrawal. If no letter of intent is received at time of withdrawal, the student will be automatically dropped from the future sub-terms, resulting in a total withdrawal from the semester.
  - Students requesting to withdraw must submit the Intent to Withdrawal Form to their academic advisor. This will constitute a withdrawal. Generally, the withdrawal date will be the date the Intent to Withdrawal Form is received by the Academic Advising department.

### UNOFFICIAL WITHDRAWAL

The University has established a procedure, in accordance with Title IV regulations, to determine if students enrolled in the online courses are progressing toward the completion of their courses. The Title IV regulations require universities to have a mechanism in place for determining whether or not a student who began a course, and received or could have received a disbursement of Title IV funds, unofficially withdrew.

Students who have begun, yet cease to submit any academic assignments (such as an examination, written paper or project, discussion board post, or other academic event) during the enrollment period, will be assigned grades of FN. Students receiving all FN’s in a semester will be processed as an unofficial withdrawal. The withdrawal date is the last date an academic assignment was submitted during the enrollment period. A Title IV withdrawal calculation will be performed for the student and the student will be reported as withdrawn. Students will be notified by the Financial Aid Office regarding the results of the Title IV withdrawal calculation.

### MEDICAL WITHDRAWAL POLICY

This applies to Resident students only and only for medical conditions documented by the on-campus Liberty University Health Services physicians. Tuition, mandatory fees and housing fee will be pro-rated by week or any portion for a week attended. Other fees are charged at 100%.
Title IV Withdrawal Policy  
When students withdraw from all classes in a given term, they will be subject to a proration of all federal, state and institutional aid. This proration takes into account the total number of days that the student was enrolled. For instance, if there are 100 days in a term, and a student withdraws on day 20, that student has earned 20% of his federal, state and institutional aid. All remaining aid is unearned, and unearned portions of federal funds are required by law to be sent back to the federal government (34 CFR 668.22). Please note that Liberty University institutional aid will be prorated according to the same schedule as Title IV federal student aid.

Due to these provisions, please be aware that having enough financial aid to cover your charges at the beginning of the semester does not ensure that your financial aid will completely cover your charges at the time of withdrawal.

To begin the withdrawal process: Resident students must contact their Student Advocate. Online students must contact their Academic Advisor. For more information on the financial repercussions of withdrawing, please contact Liberty University’s Financial Aid Office at 1-888-583-5704.

Withdrawal Refund Policy

Resident students are considered ‘withdrawn from the University’ if they withdraw from all courses for the semester.

- Any resident student who withdraws from the University and completes the official withdrawal procedure will receive a refund of tuition and fees as follows:
  1. 100% will be credited if a student withdraws during the first week of classes
  2. 50% will be credited if a student withdraws during the second, third or fourth week of classes
  3. 25% will be credited if a student withdraws during the fifth through eighth week of classes
  4. No tuition or fees will be credited after the eighth week of classes

- The dining plan charge will be rebated at a flat rate of $63 per week for the unused portion of the semester. The $200 Flames Cash allocation of the dining plan will not be refunded. Students that have not used the flames cash portion can contact Card Services to discuss the unused balance.

- If a student moves into the residence hall for the Fall semester, and then withdraws or is allowed to move off campus (see regulations in the Student Affairs section of this publication) at any point during the academic year a portion of the housing fee will be prorated back to the student’s account based on the date that the student removes items from the residence hall.

- In the Spring semester, if a student does not remove items from the previous semester and withdraws but does not remove items, the student will be charged a prorated amount of the housing fee based on the date of removal of items.

- Please check with the Office of Student Housing if you are considering moving off campus or withdrawing prior to the end of the academic year after check-in for the Fall.

- The dining plan will be rebated at a flat rate of $63 per week for the unused portion of the semester. The $200 flames cash allocation of the dining plan will not be refunded. Students that have not used the flames cash portion can contact Card Services to discuss the unused balance.

An Online student who is currently enrolled in courses for a given term (including overlapping 16-week sub-terms) will be considered as totally withdrawn when that student is withdrawn from all courses in that sub-term.

Any student who completes the official withdrawal procedure may receive a refund of tuition and mandatory fees (i.e. activity fees, if applicable) as follows:

Eight Week Classes

1. 100% tuition and fees will be credited if the student withdraws within the first week of the class but before submission of the first assignment (first assignment includes the Course Requirements Checklist).
2. 75% tuition and fees will be credited if the student withdraws after submitting their first assignment and through the end of the second week of classes.
3. 50% tuition and fees will be credited if the student withdraws after the second week of classes and before the end of the fourth week of classes.
4. 25% tuition and fees will be credited if the student withdraws after the fourth week of classes but before the end of the sixth week of classes.
5. No tuition or fees will be credited after the sixth week of classes.

Sixteen Week Classes

1. 1. 100% tuition and fees will be credited if the student withdraws within the first week of class, but before submission of the first assignment (first assignment includes Course Requirements Checklist).
2. 2. 75% tuition and fees will be credited if the student withdraws after submitting the first assignment and through the end of the fourth week of classes.
3. 3. 50% tuition and fees will be credited if the student withdraws after the fourth week of classes, but before the end of the eighth week of classes.
4. 4. 25% tuition and fees will be credited if the student withdraws after the eighth week of classes, but before the end of the twelfth week of classes.
5. 5. No tuition or fees will be credited after the twelfth week of classes.

Students who unofficially withdraw as outlined in the Withdrawal Policy will be charged for full tuition and fees as it applies and will be responsible for any outstanding balance on his or her account.

Intensives: A week is defined as Monday morning at 12:00 a.m. through Sunday night at 11:59 p.m. This may not align with the posted deadlines.

*Note: The start of class is defined as the first day that the course begins; it is not necessarily the first day of the in-class portion of the intensive. Some intensive courses require pre-work and/or post-work to be completed. These classes start as soon as the pre-work begins and continue until the last day to submit post-work.

1. One-Week Intensive (tuition and fees credit)
   1. 100% - Start of class to close of the first day
   2. 50% - Start of class to close of the second day
   3. 25%- Start of class to close of the third day
   4. 0% - After the close of the second day, the student is liable for ALL tuition and fees

2. Two-Week Intensive (tuition and fees credit)
   1. 100% - Start of class to close of the first day
50% - Start of class to close of the third day
25% - Start of class to close of the fifth day
0% - After the close of the fifth day, the student is liable for ALL tuition and fees

3. Three-Week Intensive (tuition and fees credit)
   100% - Start of class to close of the first day
   50% - Start of class to close of the fourth day
   25% - Start of class to close of the eighth day
   0% - After the close of the eighth day, the student is liable for ALL tuition and fees

4. Four-Week Intensive (tuition and fees credit)
   100% - Start of class to close of the first day
   50% - Start of class to close of the fifth day
   25% - Start of class to close of the tenth day
   0% - After the close of the tenth day, the student is liable for ALL tuition and fees

5. Five-Week through Sixteen Intensives (tuition and fees credit)
   100% - Start of class to close of the first week, but before submission of the first assignment (first assignment includes Course Requirements Checklist)
   75% - Submission of the first assignment through the end of the first quarter (1/4 of the course length)
   50% - After the end of the first quarter (1/4), but before the end of the second quarter (1/2 of the course length)
   25% - After the end of the second quarter (1/2), but before the end of the third quarter (3/4 of the course length)
   0% - After the close of the third quarter (3/4), the student is liable for ALL tuition and fees

UNPAID ACCOUNTS
Tuition, the housing fee (if applicable), and all other costs on a student’s account are payable prior to or at the time of Financial Check-In. Students who do not make payment on their account within a reasonable amount of time will be denied access to the cafeteria, printing services, and library until such arrangements are made. If a student is 10 or more days delinquent on his account, the student may be removed from classes. Failure to make financial arrangements could ultimately result in removal from university housing and administrative withdrawal.

Students with unpaid accounts will not be eligible to register for subsequent terms. They will also be ineligible to receive an official transcript or diploma until the account is paid in full. The student will be responsible for any collection fees incurred in collecting the account. A 1% finance charge (12% APR) may be assessed each month on outstanding balances.

ADDITIONAL INFORMATION
Additional information regarding the University’s academic and administrative policies and procedures can be found on the University website at http://www.liberty.edu, http://www.liberty.edu/online, or http://www.libertyu.com.

CERTIFICATE PROGRAMS

The tuition charge for each Certificate Program is the same as its corresponding Undergraduate and Graduate Degree tuition charge.

Financial Check-In (FCI)

All students are required to complete Financial Check-In through Liberty University’s online system (ASIST). Official Financial Check-In (matriculation) occurs when a student has completed Financial Check-In located online through ASIST. Financial Check-In is a system where ALL students complete their financial arrangements with Liberty University for tuition and fees, to include prior, current, and/or future balances. Deadlines, specific procedures and payment options can be viewed on the Student Accounts webpage [www.liberty.edu/studentaccounts](http://www.liberty.edu/studentaccounts). Students that do not complete Financial Check-In by the published deadline will be subject to having their courses and housing (if applicable) dropped and will be assessed the Late Check-In Fee.

All students are required to register and complete FCI prior to arriving on campus or attending a class.

INITIAL PAYMENTS FOR RETURNING STUDENTS

Once a returning student completes Financial Check-In, all payments made prior to the beginning of the semester are held in deposit to secure the student’s class schedule, institutional grants or scholarships, and campus housing, as applicable.

Should the student decide not to return, the University must be notified in writing with a request for refund of the initial payments prior to the last day of drop/add. This written request may be sent to [luoystudentrefunds@liberty.edu](mailto:luoystudentrefunds@liberty.edu). Without prior written notification, the student and money on the account are subject to the conditions described in the official withdrawal policy (explained below).

PAYMENTS ON STUDENT ACCOUNT

Payment on a student account can be made in the form of a check, money order, cashier’s check, credit card, or online via the student’s ASIST account. Cash payments are received at the General Cashiers Office in the Student Service Center located in Green Hall.

A student’s account must be paid in full prior to registering for any future courses. When a student completes Financial Check-In for a future term, and then becomes delinquent in the current term, or loans are returned to the lender, the resulting balance must be resolved prior to the start of the future term. In this circumstance, it is in the best interest of the student, to consult with a Student Accounts Representative to discuss options for resolution on account.

Monthly statements are sent by email to current and former students who have an outstanding balance on their account. Statements are sent to the student’s Liberty email address.

PAYMENT PLANS

The University offers Payment Plan options to students in the form of scheduled automatic monthly payment drafts for student account balances. A non-refundable Payment Plan Participation Fee is charged for each semester that the student participates in the Payment Plan. The initial payment will draft within 24 hours of establishing the payment plan and the remaining installments are automatically processed on the scheduled draft date (1) from a bank
account; or (2) from a debit/credit card account. No interest is charged on the outstanding balance while in a Payment Plan.

Those students who enter a Payment Plan and later withdraw from the plan are still subject to the Payment Plan Participation Fee. While the system will accommodate online adjustments to an account as additional credits or debits alter the balance, changes to a Payment Plan requiring University staff intervention are subject to a Payment Plan Change Fee.

It is the responsibility of the student and person financially responsible for the student’s account to maintain current bank or credit card information and to ensure that the account has sufficient funds at the time of the scheduled draft under the Payment Plan agreement. When using a card, the student must check with the bank or credit card company that the daily spending limit can accommodate the draft amount, avoiding declined payment(s) and resulting fees. The bank or credit card account must be from an institution that participates in automatic draft/debit programs. Liberty University cannot draft payments from non-U.S. bank accounts, money markets, trusts, home equity or savings accounts.

Payment Plan options will vary depending upon when Financial Check-In is completed.

CHARGEBACK FEE

If a chargeback is initiated by a student, and the Merchant findings are in favor of the University, the student’s account will be assessed a chargeback fee. The fee amount is dependent on the current credit card processor’s fee to the University.

RETURNED PAYMENT FEE

A student will be charged a Returned Payment Fee for any returned or declined payment made via check, automatic draft or declined credit card draft(s). After two returned or declined payments, all transactions for the remainder of the academic year can only be made by cash, money order, or certified check. Repeat offenders are subject to losing the privilege of utilizing the check payment option and monthly payment plan options. Any future payment options will be at the discretion of the Director of Student Accounts. If a student provides invalid checking or credit card account information for their Payment Plan, the student’s account will also be subject to the Returned Payment Fee.

COURSE FEES

Course fees and fees charged for special elective-type courses by organizations other than the University, will be paid by the student in addition to normal credit hour charges. A list of course fees is published on the Registrar’s Office web page at http://www.liberty.edu/registrar.

ON CAMPUS INTENSIVE FEE

Liberty University Online students who attend an intensive course on campus will be charged an activity fee of $25 per course.

ACTIVITY FEE FOR ON-CAMPUS INTENSIVE(S)

Liberty University Online students who attend an intensive course on campus will be charged an activity fee of $15 per credit.

ALL students who attend an intensive course on campus will be charged an activity course fee. If a student has already paid the semester activity fee, in which the intensive is taken, an additional activity fee will not be charged.

WITHDRAWAL FEE

A fee of $50 will be charged for the processing of an official, unofficial, medical, or administrative withdrawal. A student who ceases to attend classes will receive the withdrawal fee, for the processing of an unofficial withdrawal.

GRADUATION APPLICATION FEE

All graduating students must complete a graduation application through their ASIST account. A $100 Graduation Application Fee will be assessed to the term in which the student submits the application.

The Graduation Application Fee is automatically assessed by Registrar once the Graduation Application is submitted, not upon degree conferral. This fee is not contingent on the student’s attendance at graduation events and activities; it is assessed for processing the graduation application. This fee is non-refundable.

CERTIFICATE COMPLETION APPLICATION FEE

The Certificate Completion Application Fee is automatically assessed by Registrar near the time of the Certificate Completion Application, not certificate conferral. This fee is not contingent on the student’s attendance at graduation events and activities; it is assessed for processing the Certificate Completion Application. This fee is non-refundable.

FEE APPEAL POLICY

A written appeal may be submitted to the department that assessed the charge. If the disputed charge cannot be reconciled with the assessing department, a written appeal with all supporting documentation can be submitted to the Student Accounts Office within 30 business days of the billing/notification.

1. All pertinent information will be obtained and compiled by the Student Accounts Office.
2. The disputed charge will be reviewed by the authorized Student Accounts Representatives.
3. A decision will be made by the authorized Representatives and the student notified.
4. If necessary, an appeal may be reviewed by a manager and/or associate director to render a final decision.

All appeals are to be submitted online at http://www.liberty.edu/index.cfm?PID=20659. Each Appeal will receive a response within 30 days after the written appeal has been received.

CHECK CASHING

As a courtesy to currently enrolled students, the General Cashier’s Office will cash checks from parents, the student’s personal checking account, or a Liberty University payroll check.

The maximum amount for cashing is $50 and can only be cashed once a week. A fee of $1 per check will be charged for each check cashed. If a check is returned to the University for any reason, the student’s account will be assessed the check amount as well as the Returned Payment Fee. After two (2) offenses, the student will lose the privilege of cashing checks with Liberty University.

FLAMES PASS

The Flames Pass is the official Liberty University ID card. The card is used for meal plans, Flames Cash, campus events and recreation, authorized building entry, student discounts, and other activities and services. The student may obtain a Flames Pass by submitting a photo online or visiting the Card Services Office. In the event the card is lost, the student may purchase a replacement at the cost of $25.

FLAMES CASH

Flames Cash is the declining balance account on the Flames Pass. These funds are accepted at a multitude of on and off-campus merchants. Flames Cash is a convenient and secure way to carry
HIGHER ONE CARD

Higher One is the banking partner that disburses refunds for the University. Every Liberty University student is issued a Higher One card as a tool for receiving refunds. After completing Financial Check-In, the student’s card is sent to the address on file in ASIST. There is a charge of $15 to replace a lost card.

ADDITIONAL INFORMATION

Additional information about the Flames Pass, Flames Cash, and the Higher One Card can be found online at http://www.liberty.edu/cardservices.

BOOKS AND SUPPLIES

Tuition does not cover the cost of course materials. Costs will vary according to the student’s course of study and the availability of used books. Students should purchase materials after registration but prior to the sub-term begin date (course activation). Liberty does not guarantee that required course materials will be available after the sub-term activation date.

All online course materials are available online through MBS Direct: http://www.mbsdirect.net/liberty.

If a student has a credit on their Liberty University student account, course materials may be charged to the student’s account by means of the online book voucher system.

- **Book Vouchers**: students can include funds through Financial Check-In via a Book Voucher, which is then transferred for use to MBS Direct. When Financial Check-In is completed an initial voucher or additional voucher can be added up to the credited amount on the account. Any excess voucher over the amount of the credit will need to be paid out of pocket. Note: Book Vouchers for online students can only be used at MBS Direct.

Any online student taking a Resident or Intensive class may need to purchase their materials through the Liberty University Bookstore.

ONLINE CLASS ATTENDANCE

Regular attendance in online courses is expected throughout the length of the term. Online students who do not attend within the first week of a sub-term by submitting an academic assignment (such as the Course Requirement Checklist, an examination, written paper or project, discussion board post, or other academic event) will be dropped from the course roster and will not be allowed to submit further course work. The student may appeal to their instructor to be allowed back in the course.

The online student alone assumes responsibility for course work missed from non-attendance. A student who presents the instructor with an adequate and documented reason for absence may be given an opportunity to make up the work missed.

Online students who begin attendance by submitting an academic assignment and then cease progressing toward the completion of the course will be assigned a grade of FN during the semester.

REFUND POLICY FOR ENROLLED STUDENTS:

Enrolled qualified students can receive a refund from their student account once all obligations have been met and a credit balance remains.

Financial Check-In provides students with two credit-management options through the Authorizations page of Financial Check-In.

- By selecting "Hold my credit" a student authorizes Liberty University to hold a Title IV credit balance for a future term.
- By selecting "Refund my credit" a student authorizes Liberty University to release a Title IV refund to the student (in all cases except Parent Plus loan refunds).

Credit from Title IV must be refunded to a student's Higher One account. At the end of each academic year, all Title IV (Federal Grants and Federal Loans) credit balances must be refunded. Credit balances will ONLY be refunded to the student.

**Refunds will be processed by HigherOne as follows, depending on the origination of funds.** The student must register a refund preference with their Higher One account, according to instructions provided with the Higher One card. Once a refund has been received by HigherOne, those funds will be made available for the student to access, through the following options:

- One Account (1-3 Business Days)—Funds will be available for use via the Higher One card.
- Deposit to another account (2-3 Business Days)—Funds will be transferred electronically into a designated personal checking account.
- Paper check (5-7 Business Days)—Funds will be received as a paper check. Higher One will mail a check to the student’s address on file.

**Title IV Refunds**

*Federal Unsubsidized Loan, Federal Subsidized Loan, Federal Parent PLUS Loan, Federal Pell Grant, FSEOG, etc.*

Within the Financial Check-In process, students authorize the handling of a credit balance on their student account. The funds may either be held throughout the academic year, applying to any account balance, or students can authorize the credit balance to be refunded.

Title IV aid is disbursed 21 days after the student becomes eligible. Title IV refunds are processed within 14 days from when aid is disbursed.

Title IV credits will be refunded according to student’s refund preference selected on his or her Higher One Card account. Students can select either One Account Deposit or ACH Transfer to another bank.

Credits from Parent PLUS will be refunded to the loan applicant in the form of a check, unless written authorization is submitted to the Financial Aid Office stating that the refund may be sent to the student.

**Refunds Unrelated to Title IV Aid**

Students must submit a written request to receive a refund not related to Title IV aid. Written request must be sent to:

- Residential students: studentrefunds@liberty.edu
- Online students: luorefunds@liberty.edu

**Official Withdrawal Policy**

Liberty University is committed to the success of every student and will work with each student to determine the best option to alleviate financial and academic challenges and get students back on track in their studies. Withdrawals from Liberty University fall under different categories: academic, administrative, medical or personal.

**Please Note**: Students who must withdraw due to military deployment are required to meet with the Student Advocate Office with a copy of their orders. They will then be referred to Military Affairs.

- Withdrawing from individual courses in a sub-term (including overlapping 16-week sub-terms) does not constitute a total withdrawal until that student has
EXPENSES AND FINANCIAL POLICY – ONLINE PROGRAM

withdrawn from all courses in that sub-term (including overlapping 16-week sub-terms).

- A student withdrawing from a sub-term, when registered for course(s) within a future sub-term, must submit a letter of intent regarding any future sub-terms within the semester of withdrawal. If no letter of intent is received at time of withdrawal, the student will be automatically dropped from the future sub-terms, resulting in a total withdrawal from the semester.

- Students requesting to withdraw must submit the Intent to Withdrawal Form to their academic advisor. This will constitute a withdrawal. Generally, the withdrawal date will be the date the Intent to Withdrawal Form is received in advising.

UNOFFICIAL WITHDRAWAL

The University has established a procedure in accordance with Title IV regulations, to determine if students enrolled in the online courses are progressing toward the completion of their courses. The Title IV regulations require universities to have a mechanism in place for determining whether or not a student who began a course, and received or could have received a disbursement of Title IV funds, unofficially withdrew.

Students who have begun, yet cease to submit any academic assignments (such as an examination, written paper or project, discussion board post, or other academic event) during the enrollment period, will be assigned grades of FN. Students receiving all FN’s in a semester will be processed as an unofficial withdrawal. The withdrawal date is the last date an academic assignment was submitted during the enrollment period. A Title IV withdrawal calculation will be performed for the student and the student will be reported as withdrawn. Students will be notified by the Financial Aid Office regarding the results of the Title IV withdrawal calculation.

TITLE IV WITHDRAWAL POLICY

When students withdraw from all classes in a given term, they will be subject to a proration of all federal, state and institutional aid. This proration takes into account the total number of days that the student was enrolled. For instance, if there are 100 days in a term, and a student withdraws on day 20, that student has earned 20% of their federal, state and institutional aid. All remaining aid is unearned, and unearned portions of federal funds are required by law to be sent back to the federal government (34 CFR 668.22). Please note that Liberty University institutional aid will be prorated according to the same schedule as Title IV federal student aid.

Due to these provisions, students should be aware that having enough financial aid to cover their charges at the beginning of the semester does not ensure that their financial aid will completely cover their charges at the time of withdrawal.

To begin the withdrawal process: Resident students must contact their Student Advocate. Online students must contact their Academic Advisor. For more information on the financial repercussions of withdrawing, please contact Liberty University’s Financial Aid Office at: 1-888-583-5704.

WITHDRAWAL REFUND POLICY

Depending on the student’s state of residence, there may be specific state requirements regarding withdrawal refunds. Once a withdrawal is processed, the student will need to contact Student Accounts to receive further details about their individual refund.

An Online student who is currently enrolled in courses for a given term (including overlapping 16-week sub-terms) will be considered as totally withdrawn when that student is withdrawn from all courses in that sub-term.

- Any student who completes the official withdrawal procedure may receive a refund of tuition and mandatory fees (i.e. technology and activity fees, if applicable) as follows:

**Eight Week Classes**

1. 100% tuition and fees will be credited if the student withdraws within the first week of the class but before submission of the first assignment (first assignment includes Course Requirements Checklist).
2. 75% tuition and fees will be credited if the student withdraws after submitting their first assignment and through the end of the second week of classes.
3. 50% tuition and fees will be credited if the student withdraws after the second week of classes and before the end of the fourth week of classes.
4. 25% tuition and fees will be credited if the student withdraws after the fourth week of classes but before the end of the sixth week of classes.
5. No tuition or fees will be credited after the sixth week of classes.

**Sixteen Week Classes**

1. 100% tuition and fees will be credited if the student withdraws within the first week of class, but before submission of the first assignment (first assignment includes Course Requirements Checklist).
2. 75% tuition and fees will be credited if the student withdraws after submitting the first assignment and through the end of the fourth week of classes.
3. 50% tuition and fees will be credited if the student withdraws after the fourth week of classes, but before the end of the eighth week of classes.
4. 25% tuition and fees will be credited if the student withdraws after the eighth week of classes, but before the end of the twelfth week of classes.
5. No tuition or fees will be credited after the twelfth week of classes.

Students who unofficially withdraw as outlined in the Withdrawal Policy will be charged for full tuition and fees as it applies and will be responsible for any outstanding balance on his or her account.

**Intensives**: A week is defined as Monday morning at 12:00 a.m. through Sunday night at 11:59 p.m. This may not align with the posted deadlines.

*Note: The start of class is defined as the first day that the course begins; it is not necessarily the first day of the in-class portion of the intensive. Some intensive courses require pre-work and/or post-work to be completed. These classes start as soon as the pre-work begins and continue until the last day to submit post-work.

1. One-Week Intensive (tuition and fees credit)
   - 100% - Start of class to close of the first day
   - 50% - Start of class to close of the second day
   - 25% - Start of class to close of the third day
   - 0% - After the close of the second day, the student is liable for ALL tuition and fees

2. Two-Week Intensive (tuition and fees credit)
   - 100% - Start of class to close of the first day
   - 50% - Start of class to close of the second day
   - 25% - Start of class to close of the third day
   - 0% - After the close of the fifth day, the student is liable for ALL tuition and fees

3. Three-Week Intensive (tuition and fees credit)
100% - Start of class to close of the first day
50% - Start of class to close of the fourth day
25% - Start of class to close of the eighth day
0% - After the close of the eighth day, the student is liable for ALL tuition and fees

4. Four-Week Intensive (tuition and fees credit)
100% - Start of class to close of the first day
50% - Start of class to close of the fifth day
25% - Start of class to close of the tenth day
0% - After the close of the tenth day, the student is liable for ALL tuition and fees

5. Five-Week through Sixteen Intensives (tuition and fees credit)
100% - Start of class to close of the first week, but before submission of the first assignment (first assignment includes Course Requirements Checklist)
75% - Submission of the first assignment through the end of the first quarter (1/4 of the course length)
50% - After the end of the first quarter (1/4), but before the end of the second quarter (1/2 of the course length)
25% - After the end of the second quarter (1/2), but before the end of the third quarter (3/4 of the course length)
0% - After the close of the third quarter (3/4), the student is liable for ALL tuition and fees

UNPAID ACCOUNTS
Tuition, the housing fee (if applicable), and all other costs on a student’s account are payable prior to or at the time of Financial Check-In. Students who do not make payment on their account within a reasonable amount of time will be denied access to the cafeteria, printing services, and library until such arrangements are made. If a student is 10 or more days delinquent on his account, the student may be removed from classes. Failure to make financial arrangements could ultimately result in removal from university housing and administrative withdrawal.

Students with unpaid accounts will not be eligible to register for subsequent terms. They will also be ineligible to receive an official transcript or diploma until the account is paid in full. The student will be responsible for any collection fees incurred in collecting the account. A 1% finance charge (12% APR) may be assessed each month on outstanding balances.

ADDITIONAL INFORMATION
Additional information regarding the University’s academic and administrative policies and procedures can be found on the University website at http://www.liberty.edu, http://www.liberty.edu/online, or http://www.libertyu.com.
Financial Aid Information and Policies

Robert Ritz, B.S., M.Ed., Ph.D.
Vice President for Financial Aid and State Relations

The Financial Aid Office coordinates and administers the financial aid programs for the University. The Financial Aid Office provides financial assistance to students who have a financial need and who would otherwise be unable to attend Liberty University. The student and the student’s family are primarily responsible for the cost of higher education. A student who needs financial assistance is expected to contribute by working or borrowing a reasonable portion of the funds needed for educational expenses. The student’s family, as applicable, is expected to make a maximum effort to assist in the payment of the expenses involved.

Financial aid is available to eligible students to help meet education-related expenses. The types of financial aid available include grants, loans, scholarships, and employment. Grants and scholarships are “gift aid” and need not be repaid. Loans must be repaid to the lender over an extended period, typically after the student leaves school. Employment offered as a type of financial aid is paid at a pre-determined rate for work actually performed.

All applicants for financial aid are required to:

1. Apply for admission to the University;
2. Be degree candidates. Student auditors, dually enrolled high school students and special non-degree students are not eligible for federal financial aid; and
3. Complete, electronically sign, and submit a Free Application for Federal Student Aid (FAFSA) with the United States Department of Education by March 1 of each year in which Federal Financial Aid is desired. Liberty University must be selected as an institution to receive a Student Aid Report. Students are urged to apply early for optimum financial aid benefits. Complete the FAFSA on the web at http://www.fafsa.ed.gov. The school code for Liberty University is 010392. Use the IRS Data Retrieval Tool when completing the FAFSA, when eligible. For new students entering in the Spring semester, the preferred date to file the FAFSA is by October 1.
4. Complete verification when required.

Once the completed FAFSA is received by the United States Department of Education, information provided by the student on the FAFSA is used to generate a Student Aid Report (SAR). The SAR indicates the amount of money the student and/or the student’s family is expected to contribute towards the student’s education. This is called the Expected Family Contribution (EFC), and is used to determine the student’s financial need.

The student’s financial need is the difference between the Cost of Attendance and the EFC. The Cost of Attendance includes the educational expenses of:

1. Tuition;
2. Room and board (for students living on and off campus);
3. Required fees;
4. Books and supplies;
5. Transportation; and
6. Miscellaneous expenses.

The amounts for these six educational expenses are the student’s estimated Cost of Attendance at Liberty University, and they become the student’s budget for financial aid purposes. Only the actual tuition, fees, and room and board (for resident students living in campus housing) are charged on the student’s University bill. Financial aid recipients are selected on the basis of demonstrated financial need (as stated earlier) and academic achievement. Most financial aid awards are based on full time enrollment, which is a minimum of 12 semester hours for an undergraduate student. Please note that normally 15 hours per semester is required to complete a 120 credit hour bachelor’s degree within four years. Each financial aid recipient is issued an Award Notification Letter, which is the University’s official estimate of financial aid. Award Notification Letters are emailed to the student’s Liberty email account. It is the student’s responsibility to review the award letter and notify the Financial Aid Office of any additional aid being received and of any desired reduction or cancellation of the aid offered. Students who want to reduce or decline federal loans that are awarded automatically to eligible students can complete a Federal Direct Student Loan Change Form in ASIST.

In order for a Liberty University student to continue to receive financial aid, the student must maintain Financial Aid Satisfactory Academic Progress. Liberty University’s policy for determining satisfactory academic progress is stated below.

For more information on financial aid, visit the Financial Aid Office located in the Student Service Center at Green Hall or on the Internet web site at http://www.liberty.edu/financialaid.

Financial Aid Satisfactory Progress Policy (SAP)
The Financial Aid Office of Liberty University administers student financial aid programs from federal, state, and institutional sources. The U.S. Department of Education requires schools to evaluate progress for all students, even those who did not receive financial aid in prior terms at Liberty University.

Students must meet Financial Aid Satisfactory Academic Progress (SAP) requirements to receive federal Title IV and institutional aid. The Virginia Commonwealth programs are administered under the guidelines from the State Council of Higher Education for Virginia (SCHEV).

This policy describes the Financial Aid Satisfactory Academic Progress requirements and is in addition to and operates separately from the Academic Satisfactory Progress requirements for each academic program.

Evaluating Satisfactory Academic Progress:
The standards against which all students are measured include Qualitative, Quantitative, Maximum Time Frame, and “All Unearned Credits” standards. The academic record of all students is reviewed when final grading is completed for each term. The review is cumulative and includes all courses taken at the student’s current academic level. After the evaluation, letters will be sent to all students who have insufficient academic progress and are being placed on Financial Aid Warning or Suspension.

Qualitative Standard
Cumulative GPA is composed of all coursework at the current academic level and is calculated by the Registrar’s Office. Students must meet the minimum cumulative GPA as determined by their classification and program.

<table>
<thead>
<tr>
<th>Student Classification</th>
<th>Required Minimum Cumulative GPA for Program</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bachelors Programs:</td>
<td></td>
</tr>
<tr>
<td>0 – 23.99 hours earned</td>
<td>1.50</td>
</tr>
<tr>
<td>Bachelors Programs:</td>
<td></td>
</tr>
<tr>
<td>24 – 47.99 hours earned</td>
<td>1.65</td>
</tr>
</tbody>
</table>
Additional academic progress criteria may exist for certain financial aid programs. For example, some private scholarships and Commonwealth of Virginia programs require a higher cumulative grade point average than those listed above. Once a transfer student has grades for a payment period at Liberty University for coursework taken toward the eligible program, Liberty University will use the cumulative GPA calculated from those grades only.

Quantitative Standard
In order to meet the quantitative standard students must complete 67% of attempted coursework at the current level. Withdrawals, incompletes, repeated courses, failure grades, and transfer hours will count as attempted coursework. Please note: completion rates are not rounded up to meet progress. If a student has a completion rate of 66.666%, they are not meeting the minimum 67% federal requirement.

Maximum Time Frame
A student may not exceed a maximum number of attempted hours in any program even if aid was not received during that term or prior terms. Once the student reaches the maximum timeframe allowed the student will be ineligible to receive financial aid.

<table>
<thead>
<tr>

</tr>
<tr>
<td>Certificate Programs (15-19 hours in length)</td>
<td>22</td>
</tr>
</tbody>
</table>

All Unearned Credits
Students attempting at least half-time level credits who earn no credits for the term will be placed on financial aid suspension and will not be permitted to receive financial aid in their next term.

Grades that do not count as earned toward completion of the academic program: Because some grades are NOT counted as earned credits toward the completion of a degree program, they are not counted as successfully completed credits toward the minimum financial aid satisfactory academic progress standards. Examples include, but are not limited to: AU, BU, CR, CU, F, FN, FW, I, IP, M, N, NP, U, W, WF, WP, WU, X, Z.

Break in Enrollment
When a student has a break in enrollment and is readmitted, the SAP status for prior terms will apply. For example, if a student is placed on financial aid suspension at the end of the Spring term, does not return in the Fall term, and is readmitted the next Spring term, the student will continue in a financial aid suspension status for that term.

Federally Defined Leaves of Absence (FLOA)
Liberty University does not grant federally defined Leaves of Absence for Financial Aid purposes. Instead of utilizing a federally defined Leave of Absence, the University assists students by:

- Making tutoring available
- Allowing students to work with faculty to finish incomplete coursework
- Allowing an official appeal of the Financial Aid Refund calculation based on unusual circumstances
- Allowing students to “stop-out” for one or more semesters
- Allowing students to drop courses with a “W” rather than an “F” during specific time-frames
- Allowing students to submit a Special Considerations Form (even during the period of enrollment) to Reconsider the calculation of need-based financial aid eligibility
- Allowing students to appeal a determination of insufficient satisfactory academic progress under the Financial Aid Satisfactory Academic Progress Policy requirements

The “Federally Defined Leave of Absence” policy listed above is for student financial aid purposes only and does not address University policy for employees (i.e. FMLA regulations).

Terms/Parts-of-Term/Summer Sessions
A traditional semester is referred to as a standard term (e.g. Fall, Spring, and Summer). Standard terms, as defined by Liberty University, are comprised of a combination of smaller “sub-terms” (e.g. sub-term B, sub-term C, etc.). Satisfactory Academic Progress requirements are calculated based on the combined sub-terms as defined by Liberty University. Interruptions credits from classes occurring during approximately the final two weeks of December and/or the first two weeks of January will be added to the Spring Term. Any other intensive courses will fall within a standard term (and be attributed to only that specific standard term). Summer sub-terms, for the purpose of credit hour load and measurement of progress, are combined together into the Summer term. The Summer term is considered a “trailer” at Liberty University. This means that aid processed for the Summer term will be based on the FAFSA from the prior year.

Delay or Changes with Future Aid
In some cases, the grades are submitted on dates close to or during the subsequent term. This will delay the SAP review process and may affect aid in subsequent terms for some students. Students who are affected will see their financial aid satisfactory academic progress as “Waiting” status in ASIST until grades are submitted and SAP is reviewed.

Withdrawals and Incompletes
Courses from which a student withdraws or receives a grade of incomplete will not be considered as satisfactorily completed. The courses, which will be considered courses attempted but not completed, may negatively affect eligibility for the next term and will factor into the measurement for the maximum time frame.
Repeated Courses
Repeated courses are considered in the maximum time frame requirement. The courses will be considered as attempted each time the course is taken. Repeating the same course during the same term is not allowed as this would inflate the student’s enrollment level requiring the elimination of related financial aid. Additionally, a course that is repeated during the same term would cause an incorrect calculation of the completion rate (Quantitative Standard) listed above. In most cases, enrollment in a course that is repeated more than once cannot be counted toward enrollment for future financial aid eligibility. The Repeated Coursework Policy can be read in full at www.liberty.edu/fapolicies.

Transfer Courses
Transfer courses are not considered in determining eligibility under the quantitative measure but are considered in the quantitative and maximum time frame measurements. Transfer students are awarded as first-year students without regard to grade or warning status at the prior post-secondary institution. The Financial Aid SAP requirements would then be used to measure the transfer student’s continued status. Transfer credits must be evaluated and a grade-level established, and any Unusual Enrollment Holds (UEH) designations must be cleared before any educational loans are processed.

Consortium Agreements
The number of credits earned under an approved consortium agreement is integrated into the student’s record upon completion of the course. Note: Courses must first be approved for transfer by the Liberty University Registrar’s Office. The Consortium Agreement is also subject to approval by both the home and host institution’s authorized financial aid staff. Failure to complete the course/s could negatively reflect in the SAP evaluation. Financial Aid staff from the home school will request information from the host school during the enrolled term to confirm continued enrollment and (at the end of the term) satisfactory academic progress. Failure to complete the course/s or completing a course/s in a manner that does not comply with University’s transfer standards will result in financial aid suspension and future requests for a consortium agreement will not be considered. If a Financial Aid SAP appeal is approved, unearned hours under the consortium agreement will not be calculated when future progress reviews occur.

Remedial/Developmental Course Work
Financial aid is not available for non-credit remedial courses. Remedial/Developmental courses carrying regular college credit are considered in determining the qualitative, quantitative and maximum time frame requirements for SAP. These courses are counted in enrollment for financial aid eligibility since they meet the following federally defined requirements:
1. They are not a prerequisite that would hinder admission into an eligible degree program at Liberty University.
2. They are less than one year in length.
3. They offer instruction above the 5th Grade Elementary level.
4. They are not used to satisfy high school graduation requirements.

ESL Courses
Financial aid, including Dependent Grant in Aid (DGIA) and Continuing Education (CE) benefits, is not available for students enrolled in the ESL/ELI program. ESL courses taken as part of an undergraduate program are non credit courses. ESL/ELI courses are not included in the calculation of satisfactory academic progress.

Special Student Status
Special Students are not eligible for federal and state aid. Some Special Students qualify for certain institutional aid programs. For this reason, the Quantitative Standard Rule, Maximum Timeframe Rule and All Unearned Credits Rule of the Financial Aid Satisfactory Progress Policy apply to Special Students. The minimum cumulative grade point average requirement for Special Students is as follows: 2.00 is required for Institute, Graduate, Doctoral and Law; 1.5 is required for Undergraduate Special Students.

Change in Major / Additional Degrees
When a student changes their major or seeks an additional degree, the student may appeal to the Financial Aid Office to have courses attempted and earned that do not count toward the student’s new major or degree excluded from the Maximum Time Frame calculation of a student’s SAP standing.

Changed Grades
If a grade is changed, the student is required to notify the Financial Aid Office immediately. The Financial Aid Office will then initiate a review of the effect of the grade change on academic progress within 30 days of notification. A grade change late in or after the term in question, or failure to notify the Financial Aid Office may result in the loss of financial aid eligibility because regulations may limit the time within which aid may be re-awarded or disbursed.

Academic Amnesty Program
Federal regulations require that the student’s complete academic history be included in the evaluation of Financial Aid Satisfactory Academic Progress. Therefore, the Academic Amnesty Program at Liberty University cannot alter the academic history reviewed for Financial Aid Satisfactory Academic Progress.
Cumulative grade point averages used for the measurement of Financial Aid Satisfactory Academic Progress is based on all attempted courses at the current academic level and may not be replaced by other calculations such as courses within a specific degree or major.

Failure to Make Satisfactory Academic Progress
Students who fail to meet the qualitative and/or quantitative standards at the end of a term (based upon the student’s enrollment) will be placed on financial aid “warning” status and will remain eligible for financial aid while on a warning status. Students on financial aid warning status must meet the qualitative and quantitative requirements by the next term’s measurement of progress.

Students not meeting the requirements at the next term’s measurement of progress will be placed on financial aid suspension and considered ineligible for future financial aid until the deficiencies are resolved.

Re-establishing Eligibility
Students may re-establish eligibility for financial aid by taking appropriate action to meet the minimum academic standards. If the student cannot meet the academic standards, re-establishing eligibility usually requires the submission of a Satisfactory Academic Progress Form with supporting documentation. Readmission to Liberty University after Academic suspension or approval of an Academic suspension appeal does not automatically reinstate financial aid eligibility after a Financial Aid suspension.

Exemption of Certain Institutional Funds
Some specific institutionally funded sources of financial aid are excluded from the minimum requirements under the Financial Aid Satisfactory Academic Progress Policy. These funds include:

- The Liberty University Online Program Alumni Scholarship
- The Founder’s Memorial Scholarship Programs (including associated funds formerly known as “Jerry Falwell Ministries - JFM” or “Jerry Falwell Scholarship - JFS”).
- Discounts that are not listed as an aid fund, but as a resource.
- Liberty University employees who are not enrolled in a degree program –and- not receiving any other type of financial aid covered under this policy, are exempt from the 150% rule requirement.

Please Note: The Dependent Grant in Aid (DGIA) program does require the student to be enrolled in a degree program and therefore DGIA recipients are subject to the 150% rule and other requirements within this policy.

- The Liberty University VTAG Institutional Fund
- The WWMC Radio Scholarship Fund
- The Liberty University Online Promotional Fresh Start Award
- The Liberty University Endurance Program
- The Liberty University Online Promotional Book Dollar Award

Appeals

A student who is placed on financial aid suspension may appeal this decision. To appeal the financial aid suspension, a student must submit to the Financial Aid Office Appeals Committee a signed and dated Satisfactory Academic Progress Appeal Form and any supporting documentation as described on the appeal form. If documentation is requested, it is typically provided from an objective third-party.

Examples of objective 3rd party officials that often can provide acceptable documentation:

- Doctor, lawyer, pastor, religious leader, social worker, teacher, guidance counselor, psychologist, psychiatrist, therapist, judge, parole officer, court officials, law enforcement, employer, funeral director, human resources director, military clerk, nurse, physician’s assistant, medical secretary, medical technician*
- * Family members of the student, friends, and Liberty University employees are not considered an acceptable third party.

Examples of typically acceptable official documentation:

Signed letter on letterhead from official 3rd party individual, medical bill, medical chart, x-ray, discharge paperwork, pay stub, death certificate, obituary, funeral program, newspaper article, certificate of separation, divorce decree, insurance statement, moving documents, lease agreement, legal documents, military orders, summons, arrest warrant, police report, court documents**

** Official documentation is required to be dated and, as applicable, include a date of service or date related to the reason for the appeal.

If a letter is being submitted, it must include a wet signature (electronic, stamped, and photocopied signatures will not be accepted). A character reference not addressing the appeal circumstances is not considered acceptable documentation.

After the committee reviews the submitted appeal, the student will be notified of the decision in writing. All financial aid awards remain cancelled until the student follows these appeal procedures and receives a written notification of reinstatement. If a reinstatement is approved, the reinstatement will last from the date of the appeal approval until the next term measurement event.

Reinstatement of aid eligibility is not retroactive and will only affect current or future enrollment periods. In the cases of those students receiving financial aid in the form of subsidized employment, the student’s worksite supervisor/s will be notified of the reinstatement.

Students on financial aid warning status are not required to submit a letter of appeal since their financial aid eligibility will continue during the warning status.

Students who submit an appeal to the Financial Aid Office very late in a term or after the term has ended may lose financial aid eligibility because regulations may limit the time within which aid may be re-awarded and/or disbursed.

During the period of an approved appeal, students must satisfactorily fulfill the requirements in the Financial Aid academic plan. This academic plan requires every student to have a cumulative completion rate of 75% and a GPA requirement reflecting a quarter point (.25) average above for that regular program for the term of the approved appeal. This plan supports the progression towards resolving overall Satisfactory Academic Progress deficiencies. If the student fails to meet this standard, they will be placed back on suspension and will lose financial aid eligibility.

Student Should Monitor Progress

Students are responsible to review their grades (when midterm and end-of-term grades are available) and compare their progress to the standards set forth in the Financial Aid Satisfactory Academic Policy to ensure that they are aware of their standing. As they review their academic information, students are encouraged to proactively seek assistance like pursuing academic advising, arranging tutoring, or regularly discussing their academic work with their instructor’s.

Please Note: Since a financial aid suspension that is caused from one term’s grades could immediately affect the next term’s aid, even after the student begins attendance of that term, all students are encouraged to monitor their own progress very closely.

Consumer Information Statements

Liberty University, as permitted by federal regulation [34 CFR 668.41], electronically disseminates consumer information including: The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act information. Upon request, the institution will provide a free paper copy. Anyone signing or processing financial aid forms or seeking information or assistance at Liberty University must read, understand, and comply with the requirements disclosed which are available 24 hours a day at http://www.liberty.edu/finance/admin/financialaid/index.cfm?PID=21792.

Examples of Important Consumer Information

- Campus Crime Reporting and Statistics including:
  - Emergency Notification Procedures
  - Fire Safety Reporting
  - Hate Crimes Reporting
  - Missing Student Reporting Procedures
  - Completion and Persistence Rates Information
  - Constitution and Citizenship Day Information
  - Drug Abuse and Prevention Program Information
  - Equity in Athletics Disclosure Act Information
  - Peer-2-Peer File Sharing Policy
  - “Red-Flag” Rule (Identity Theft) Information
  - Returning Service Members Policy
  - Textbook Price and Cost Calculator Information
  - Voter Registration Information
**Student Rights and Responsibilities**

**STUDENT RIGHTS**

Every student has the right to know:

- The financial aid that is available (including information on all federal, state, and institutional financial aid programs);
- The deadlines for submitting applications for each of the financial aid programs;
- The cost of attendance, and the policies regarding refunds to students who drop out of school;
- The criteria used to select financial aid recipients;
- How financial need is determined (including the consideration of costs for tuition, room and board, fees, books and supplies, transportation, and miscellaneous expenses);
- The resources (such as parental contribution, assets, other financial aid, etc.) that are considered in the calculation of need;
- Details regarding various programs in the financial aid award package. (the student may request reconsideration of the award which was offered should he/she believe he/she was treated unfairly);
- The portion of the financial aid received which must be repaid, and the portion which is grant aid;
- The interest rate, total amount to be repaid, when repayments must begin, and the length of time allowed to repay loan funds;
- Terms and conditions of any employment that is a part of the financial aid package;
- How the University distributes financial aid among students;
- How and when financial aid is disbursed;
- The University’s refund policy and order of financial aid refund distribution;
- How the school determines whether a student is making satisfactory progress, the consequences of not meeting those standards, and how to reestablish satisfactory academic progress;
- The academic programs offered by the University;
- The office designated for providing financial aid information and for administering financial aid programs or general institutional issues;
- University retention and completion rates;
- Information regarding accreditation and licensing organizations;
- Special facilities and services available to disabled students;
- About University facilities;
- About University faculty and other instructional personnel;
- About campus security from an annual campus security report also upon request from the University’s Police Department;
- Actions taken by the University for any violation (and to prevent violation) of the provision of the Drug-Free Workplace Act of 1988;
- Data for the general student body, and data related to the awarding of athletically related student aid;
- Equity in athletics;
- Program participation agreement (PPA) requirements; and
- Students’ rights and responsibilities as financial aid recipients.

**STUDENT RESPONSIBILITIES**

It is the student’s responsibility to:

- Complete all applications for student financial aid carefully and accurately, and to submit these applications to the appropriate agency or office prior to the deadline. Errors may delay or eliminate the receipt of financial aid. Intentional misreporting of information on the application for aid forms is a violation of law and considered a criminal offense subject to penalties under the U.S. Criminal code;
- Return and submit all additional documentation, verification, corrections, and/or information requested by the Financial Aid Office or other agency in a timely manner;
- Read, understand, and keep copies of all forms that are submitted;
- Accept responsibility for all agreements signed;
- Keep the Financial Aid Office and the lender informed of any changes in address, name, marital status, financial situation, or any change in enrollment or student status;
- Report to the Financial Aid Office any additional assistance from non-University sources such as scholarships, loans, fellowships, and educational benefits;
- Maintain satisfactory academic progress;
- Read Liberty University email and ASIST messages for communication from the Financial Aid Office;
- Complete exit counseling upon graduation, withdrawing, or whenever a break in enrollment occurs and when dropping below half-time;
- Re-apply for financial aid each academic year; and
- Complete the online entrance counseling and Master Promissory Note when receiving a Federal Direct Loan for the first time at Liberty University.

If the student borrower disputes the terms of the loan in writing and the institution does not resolve the dispute, the student may contact the Student Loan Ombudsman’s Office. The United States Department of Education’s Ombudsman Office can propose solutions that may help you and other parties come to a final agreement. Before you call, make sure you have good records of people you have talked to and what they have said. Remember, too, that an ombudsman cannot reverse a decision or take sides.

**Federal Title IV Student Aid Programs**

**ELIGIBILITY FOR FEDERAL AID**

To receive federal aid, a student must:

- Be a United States Citizen or eligible non-citizen;
- Demonstrate financial need (except for certain loans);
- Have a high school diploma or a General Education Development (GED) certificate;
- Be enrolled or accepted for enrollment as a regular student working toward a degree or certificate in an eligible program;
- Certify that you are not in default on a federal student loan and do not owe money on a federal student grant;
- Have a valid Social Security Number;
- Register with the Selective Service if required. You can use the paper or electronic FAFSASM to register, you can register at www.sss.gov, or you can call 1-847-688-6888. (TTY users can call 1-847-688-2567.)
• Maintain satisfactory academic progress once in school;
• Certify that you will use federal student aid only for educational purposes.

FEDERAL PELL GRANT
Federal Pell Grant awards range from $588 to $5,775 for 2015-16 and vary from year-to-year. These funds are “gift aid” and do not have to be repaid by the student. Award amounts are based on cost of attendance, enrollment status (full-time or part-time), and need analysis information provided on the Student Aid Report (SAR).

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG)
The Federal Supplemental Educational Opportunity Grant (FSEOG) is available for undergraduate students with an Expected Family Contribution of zero. In 2015-16, the maximum award amount is $1,000 per academic year for a full time student. This also varies from year to year.

FEDERAL TEACH GRANT SUMMARY
The Federal TEACH grant program is the first federal grant program that requires a service agreement and has the potential of converting to a loan. The Federal TEACH Grant makes up to $4,000/year available for full-time students on both the undergraduate and graduate levels. Amounts are prorated for lower enrollment levels. The maximum aggregate amount an undergraduate student can receive is $16,000. The maximum a graduate student can receive is $8,000. These funds can only be used for the student’s first bachelors or first graduate degree. This program is not available for students in doctoral programs.

Service Agreement
In exchange for receiving a Federal TEACH Grant, students must agree to serve as a full-time teacher in a high-need field in a public or private elementary or secondary school that serves low-income students (see below for more information on high-need fields and schools serving low-income students). As a recipient of a Federal TEACH Grant, you must teach for at least four academic years within eight calendar years of completing the program of study for which you received a Federal TEACH Grant.

IMPORTANT: If the student fails to complete this service obligation, the United States Department of Education will convert all Federal TEACH Grants funds that the student received to a Federal Direct Unsubsidized Stafford Loan. The student must then repay this loan to the United States Department of Education. The student will be charged interest from the date the grant(s) disbursed.

Student Eligibility Requirements
• Complete the Free Application for Federal Student Aid (FAFSA), although you do not have to demonstrate financial need.
• Be a United States citizen or eligible non-citizen.
• Be enrolled in an eligible program
• Be enrolled as an undergraduate, post-baccalaureate, or graduate student in a postsecondary educational institution that has chosen to participate in the Federal TEACH Grant Program.
• Be enrolled in coursework that is necessary to begin a career in teaching or plan to complete such coursework.
• Meet certain academic achievement requirements (generally, scoring above the 75th percentile on a college admissions test or maintaining a cumulative GPA of at least 3.25).

• Sign a Federal TEACH Grant Agreement to Serve
• High Needs Fields: Bilingual Education and English Language Acquisition, Foreign Language, Mathematics, Reading Specialist, Science, Special Education

Eligible Degree Programs at Liberty University
For a list of eligible degree programs, please visit this link: http://www.liberty.edu/index.cfm?PID=18416.

FEDERAL DIRECT STUDENT LOANS
Federal Direct Student Loans are low interest loans available to students who are enrolled at least half-time. Students demonstrating sufficient need (as reflected on their Student Aid Report, which is sent to the University by the United States Department of Education) may be eligible for subsidized funds, in which the government pays interest accrued while they are in school and during the grace period. Students who do not have sufficient demonstrated need may be eligible for unsubsidized funds, in which the student pays the interest. Students have the option of capitalizing the interest (adding it to the principle) while attending school. Repayment begins six (6) months after students graduate, withdraw, break enrollment, or drop below half-time status.

PARENT PLUS LOAN DENIAL
Dependent undergraduate students whose parents are denied eligibility for the Federal Parent PLUS Loan have higher additional Unsubsidized Loan amounts. Freshmen and sophomore students may borrow a maximum of $6,000 unsubsidized loan funds in addition to their “Base Loan” amount listed above. Junior and senior students may borrow a maximum of $7,000 unsubsidized loan funds in addition to their “Base Loan” amount listed above.

AGGREGATE LOAN LIMITS (EFFECTIVE JULY 1, 2008)
• Undergraduate Dependent Students: $31,000 (no more than $23,000 of which can be subsidized)
• Undergraduate Independent Students: $57,500 (no more than $23,000 of which can be subsidized)
• Graduate Students: $138,500 (no more than $65,500 of which can be subsidized).

FEDERAL DIRECT PARENT LOANS FOR UNDERGRADUATE STUDENTS (PLUS)
Federal Direct Parent Loans for Undergraduate Students (PLUS) are low interest loans available to parents of dependent undergraduate students who are enrolled at least half-time. Credit-worthy parents may borrow up to the full cost of attendance minus all other aid. The borrower is responsible for all interest accrued from the date of each disbursement. Repayment on the full loan amount begins approximately 60 days after the loan is disbursed. To
apply for a PLUS loan, contact the Financial Aid Office for further details.

**FEDERAL WORK STUDY (FWS)**

The Federal Work Study program provides employment opportunities for students who have demonstrated financial need based on the FAFSA. Students are paid on an hourly basis; pay will be at least the current federal minimum wage. The total amount of aid a student receives from both federal and non-federal sources cannot exceed financial need. The $4,000 Federal Work Study cannot be applied toward initial Financial Check-In. Federal Work Study is awarded to eligible students with remaining federally defined unmet need. Awards are made until projected program funds are depleted.

**Virginia Student Aid Programs**

**TUITION ASSISTANCE GRANT PROGRAM (VTAG)**

Established in 1972, the Tuition Assistance Grant Program (VTAG) is designed to assist Virginia residents who attend accredited private, non-profit colleges and universities in Virginia for other than religious training or theological education. The VTAG is authorized in Chapter 4.1 Section 23-38.11 through 18 of the Code of Virginia as the Tuition Assistance Grant Act.

Applications must be submitted to the Financial Aid Office before the published annual deadline in order to be considered for the maximum award amount. The maximum undergraduate amount is estimated at $3,100 for 2015-16. The graduate amount is estimated at $1,550 for 2015-16.

Full-time students enrolled in an approved program of study, who have been Virginia domiciliary residents for at least 12 consecutive months by the beginning of the fall term for the current academic year, may be eligible for an award. A student who is in Virginia solely to attend college is not considered to be a domiciled resident. Applicants must also be a citizen or permanent resident of the United States. The Tuition Assistance Grant award is determined by the Virginia Commonwealth and may be received for no more than eight (8) semesters as an undergraduate and six (6) semesters as a graduate student. Students moving from undergraduate to graduate must complete a new VTAG application.

Students pursuing a degree in religious training or theological education may not receive VTAG. Students pursuing the Worship and Music Studies or the Pastoral Leadership and Biblical Exposition majors are not eligible for VTAG.

Beginning in 2009-10, eligible graduate programs are limited to those in a health-related professional program. At Liberty University, the Masters of Science in Nursing (M.S.N.) the Masters of Public Health (M.P.H.), Doctor of Osteopathic Medicine, Doctor of Nursing Practice, and Family Nurse Practitioner (D.N.P.) with concentrations in Nutrition and Promotion are the graduate programs eligible for VTAG.

**VIRGINIA TWO-YEAR COLLEGE TRANSFER GRANT (CTG) AND CTG PLUS PROGRAMS**

Up to $1,000 can be awarded to students who received an Associate’s degree at a Virginia two-year public institution with a cumulative GPA of 3.00 on a 4.00 scale who are enrolled at a participating four-year institution. The undergraduate, first-time, in-state student must be enrolled in an eligible degree program and have federally defined financial need with a federal expected family contribution of $8,000 or less.

**REHABILITATIVE SERVICES**

State and federal education benefits may be available to assist eligible students with varying degrees of physical disability (paralysis, sight, hearing, etc.). Eligibility requirements differ from agency to agency. For more information, contact the appropriate agency or the Financial Aid Office.

**Liberty University Scholarships**

**GENERAL SCHOLARSHIP REGULATIONS**

All recipients of Liberty University institutional scholarships, institutional aid, or any type of federal aid must complete and file a Free Application for Federal Student Aid (FAFSA) with the United States Department of Education and complete verification, if selected. Virginia residents must also apply for the Virginia Tuition Assistance Grant Program (VTAG) through the Financial Aid Office. Annual application is not required. In addition, each Liberty University Scholarship recipient must accept all federal and state grants for which they are eligible as a condition of awarding the Liberty University scholarships. All scholarships are awarded for a period of one year, unless otherwise noted.

A scholarship recipient must complete and properly file all forms necessary in applying for a federal and or state grant; and complete verification if selected.

Federal aid (Pell, SEOG, Federal Direct Stafford Loans or Plus Loans) and institutional scholarships cannot be counted toward Financial Check-In until the FAFSA is received by the University and verification is completed when required.

**The General Scholarship Rule (GSR)**

A student’s combined federal grants, state grants, and Liberty aid are not permitted to go above the combined cost of actual tuition and Tier 2 room and board charges ($8,500 for 2015-16). The total of federal grants, state grants and Liberty aid cannot exceed the cost of actual tuition for students who are not charged for housing. If the combined aid exceeds the total cost of tuition and room and board as specified, Liberty aid will be reduced to resolve the excess aid. The Federal Pell Grant is not included as a factor in the GSR for resident students.

Liberty University Continuing Education and Dependent Grant aid educational benefits are not eligible for use in the online Doctor of Business Administration (DBA) program, COM Doctor of Osteopathy, School of Law Juris Doctor, undergraduate or graduate certificate programs, or the online Graduate of Theology (ThG) program.

For recipients of institutional aid (and discounts) such as Continuing Education and Dependent Grant-In-Aid, and others including Resident FCA/LCA/Temple/TCS, who qualify for federal or state grants, the tuition scholarship will be reduced by these federal and state grant amounts.

Liberty University scholarships are not transferable. Any unused portion cannot transfer to the next semester or to another person. Liberty University scholarships will not cover any intensives or summer/winter internships.

Most admissions scholarships are awarded for, and are not to exceed, 8 semesters, as long as the student meets the Financial Aid Satisfactory Academic Progress (SAP) criteria and all the other rules according to the University Catalog and The Liberty Way.

Liberty University scholarships will be cancelled if the student is not enrolled in 12 undergraduate hours or more for each semester. Scholarships apply to the undergraduate program only.

A scholarship recipient must meet the academic standards of Liberty University as outlined in this catalog. Any scholarship may be revoked or reduced at any time for dismissal from the University because of failure to meet academic standards, failure to abide by the rules, regulations, and policies of the University, voluntary or administrative withdrawal, or misrepresentation of information on an application or other documents presented to the University.

68  
Liberty University Undergraduate Catalog – 2015-2016
For details regarding the scholarship guidelines, please check the Financial Aid website http://www.liberty.edu/financialaid.

Awards that cover the majority of direct costs (i.e., DGIA, Continuing Education, Private School Affiliation Scholarships, etc.) do not allow for stacking with other Liberty aid sources such as the Liberty Champion or New Student Book Dollars.

**Corporate Tuition Assistance**

**ELIGIBILITY**

The student must contact his Personnel Office for information concerning continuing education benefits.

**FORMS**

All Tuition Assistance application forms must be obtained from the student’s employer. The approval document should include the amount of tuition approved for payment, the address for invoicing, and an authorized signature. The form must be sent to the Financial Aid Office.

The Financial Aid Office will invoice the employer for tuition payments upon receipt of an original approval certificate or letter. Corporate Tuition Assistance must be paid upon receipt of billing.

**REIMBURSEMENTS**

Students who receive tuition benefits after they have completed their courses should request a receipt from the Student Accounts Office at the end of the semester.

**Admissions Scholarships**

**Academic Achievement**

Scholarships are based on GPA and SAT or ACT scores. For further information, please contact the Office of Admissions at 1-800-543-5317 (option #2).

**OTHER SCHOLARSHIPS**

**Athletic**

Athletic grant-in-aid is available in all intercollegiate sports programs for qualified athletes. Inquiries should be addressed to the Head Coach of the specific sport of interest.

**Endowment**

After one semester of attendance at Liberty, students who meet specific requirements may be eligible for endowment scholarships. For more information, e-mail financial aid at financialaid@liberty.edu. Endowment applications must be submitted by the published deadline.

**Honors Program**

Academic Scholarships are available to students who apply to and are accepted into the Honors Program. For high school students, applying for admission to the program the requirements are test scores on the SAT of 1270 or a score on the ACT of 29. Transfer or Liberty University students continuing in the program must maintain a cumulative GPA of 3.50 or higher. For more information, contact the Honors Program Office.

**Music**

These scholarships require membership in either an instrumental (marching band or pep band) or a vocal group. For more information, contact the Chair of the Department of Music.

**National Merit**

Scholarships are awarded to students who have been designated National Merit Finalists, Semi-Finalists, or Commended students and who participate in the Honors Program. For more information, contact the Resident Admissions Office.

**Outside Scholarships**

Outside scholarships are scholarships that students will use as additional funding. Scholarships may be awarded from foundations, churches, retail businesses, etc. Outside scholarship awards combined with other financial aid cannot exceed the student’s unmet need.

The Financial Aid Office requires written confirmation from the scholarship donor. Notification of the outside scholarship award should be sent as early as possible in order for the student to include the scholarship during Financial Check-In.

**Appeal and Complaint Policies**

Policies and processes for residential and online students who wish to file a complaint or appeal their financial aid awards are published online at http://www.liberty.edu/financeadmin/financialaid/index.cfm?PID=19260.

**INSTITUTIONAL SCHOLARSHIP APPEAL PROCESS**

A student may appeal the decision to cancel eligibility for a scholarship by sending a detailed, signed letter stating any mitigating circumstances to be considered. The Financial Aid Scholarship Appeals Committee reviews the submitted appeal and supporting documentation. Within 30 days, the students will be notified of the decision in writing.

Appeals may be submitted to:

- Financial Aid Scholarship Appeals Committee
  Liberty University Financial Aid Office
  1971 University Blvd.
  Lynchburg, VA 24515
  Fax: (434) 582-2053

**FINANCIAL AID GENERAL APPEAL FOR ASSISTANCE**

The Resident and Liberty University Online Student Advocate Offices assist students who have gone through all the customary operating procedures but have not been able to resolve particular challenges related to financial aid. The primary function of these offices is to answer students' questions and resolve problems.

For Liberty University Online students, appeals and General Complaint forms may be submitted to:

- Online Advocate Office
  Liberty University
  1971 University Blvd.
  Lynchburg, VA 24515
  Fax: (800) 628-7977
  Direct link: www.liberty.edu/beacon

For Resident students, appeals may be submitted to:

- Resident Advocate Office
  Liberty University
  1971 University Blvd
  Lynchburg, VA 24515
  434-582-7200
  studentadvocate@liberty.edu
  www.liberty.edu/SAO

**VIRGINIA STATE GRANT APPEAL PROCESS**

A formal appeal concerning the decision to deny approval for state grant eligibility may be filed by contacting the State Grants Coordinator in the Liberty University Financial Aid Office. If the appeal is denied, the State Grants Coordinator will notify the student within 30 days.

State Grant Appeals to the State Grants Coordinator may be submitted to:

- State Grants Coordinator, Appeal
  Liberty University Financial Aid Office
FINANCIAL AID INFORMATION AND POLICIES

1971 University Blvd.  
Lynchburg, VA 24515  
Fax: (434) 582-2053

If the student disputes the decision made by the State Grants Coordinator, the student may appeal to the State Council of Higher Education (SCHEV). The student must submit a copy of the appeal and supporting documentation. State Grant Appeals to the State Council of Higher Education (SCHEV) may be submitted to:  
State Council of Higher Education for Virginia  
Office of Student Financial Aid  
2011-12 TAGP Appeals Committee  
James Monroe Building  
101 N 14th St.  
Richmond, VA 23219

The state office will then request any additional information that is needed. The office will also contact the school and request any documentation the school may have received and an explanation of the denial. They will ask for the school to fax the following:

1. Copy of the VTAG application
2. Date student's application was received
3. Date the student started school
4. Date the student moved to Virginia
5. Dates of enrollment and number of attempted hours for each semester
6. Copy of denial letter
7. Any other documentation that pertains to decision

The student may also submit a second appeal if they are denied by the first SCHEV Council at the state level. The state may also ask student for copy of:

1. Letter explaining case for approval
2. Driver’s license, car registration, voter registration
3. Letter from employer, missionary agency, social workers, school officials, etc.
4. Copy of Virginia resident income taxes for parents, spouse, or student
5. Copy of federal taxes
6. Legal guardian documents
7. Ward of court documents
8. Custody documents
9. Copy of DD-214, LES, or Home of Record
10. Any other supporting documentation

FEDERAL STUDENT LOAN APPEAL PROCESS

Students who dispute how a federal student loan was processed or a decision regarding eligibility may contact the Federal Student Aid (FSA) Ombudsman. The FSA Ombudsman resolves disputes from a neutral, independent viewpoint. The Federal Student Aid (FSA) Ombudsman will informally conduct impartial fact-finding about student complaints. The Ombudsman will recommend solutions, but does not have the authority to reverse decisions. The Ombudsman will also work to bring about changes that will help prevent future problems for other student loan borrowers. This free service is provided by the United States Department of Education.

The Ombudsman will research the problem and determine whether the student has been treated fairly. If the student loan complaint is justified, the Ombudsman will work with the student and the office, agency, or company involved in the problem. On the student’s behalf, the Ombudsman will contact other offices within the United States Department of Education, his or her private lender, his or her loan guaranty agency, and the servicing agency or firm collecting the loan.

If the student’s complaint is not justified, the Ombudsman will take the time to explain how the United States Department of Education reached this conclusion. The Ombudsman may be contacted as follows:

U.S. Department of Education  
FSA Ombudsman  
830 First St., NE, Mail Stop 5144  
Washington, DC 20202-5144  
Phone: (877) 557-2575  
Fax: (202) 275-0549  
Direct link: https://studentaid.ed.gov/repay-loans/disputes/prepare/contact-ombudsman

COMPLAINTS PROCESS:
OFFICE OF INSPECTOR GENERAL

Anyone suspecting fraud, waste or abuse involving U.S. Department of Education funds or programs should contact the Inspector General's Office by:

1. Submitting your online compliant information at: http://www2.ed.gov/about/offices/list/oig/hotline.html
2. Calling the OIG Hotline's toll free number 1-800-MIS-USED. Hotline Operators take calls during the hours of Monday and Wednesday 9:00 AM until 11:00 AM, Eastern Time; Tuesday and Thursday, 1:00 PM until 3:00 PM, Eastern Time except for holidays.
3. Downloading a hardcopy of the special complaint form, complete, and mail to: Inspector General's Hotline  
Office of Inspector General  
U.S. Department of Education  
400 Maryland Avenue, S.W.  
Washington, D.C. 20202-1500

Your report may be made anonymously or in confidence. To report suspected fraud, waste or abuse involving other Inspector General agencies, access this webpage for a directory: http://www.ignet.gov/igs/homepage1.html.

Student Complaint Resolution Process

Liberty University accepts the State Council of Higher Education for Virginia (SCHEV)'s oversight in resolving student complaints from students taking distance education under the aegis of the State Authorization Reciprocity Agreement (SARA). Once a student has exhausted all complaint/grievance resources at the university and the complaint remains unresolved, the student may file a formal complaint with SCHEV (http://www.schev.edu/students/studentcomplaint.asp).

ATHLETIC SCHOLARSHIP APPEAL

If a student-athlete wishes to appeal a scholarship decision and remain enrolled at Liberty, he or she has the right to a hearing by a body outside of athletics in accordance with NCAA Bylaw 15.3.2.4. Upon written notification of the intent to remove the scholarship, the student-athlete must request a hearing in writing to the Athletics Financial Aid Liaison within 14 calendar days of receiving the notification.

Liberty University  
Financial Aid Office  
Athletics Financial Aid Liaison – Appeal  
1971 University Blvd.  
Lynchburg, VA 24515

If a hearing is requested, the Athletics Financial Aid Liaison will organize a hearing at the earliest availability of the appellate committee. The committee shall consist of the following: Senior Vice President for Student Affairs, University Registrar, Faculty Athletics’ Representative, Vice President for Financial Aid, and Assistant Director of Financial Aid – Student Services. If a
committee member is unavailable to attend, a replacement will be selected by the Faculty Athletics Representative.

CONTINUING EDUCATION (CE) APPEAL

Employees who are not eligible to receive a portion of their CE benefits (due to simultaneous coursework crossing the enrollment beginning or ending dates of a sub-term or due to the desire to take additional coursework that exceeds the 18 credit hour maximum per academic year requirement) may appeal the denial of their eligibility. The employee must submit an explanation of mitigating circumstances and additional pertinent documentation. Additionally, to appeal the denial of CE benefits due to simultaneous enrollment, the employee must submit the CE Application Form with an explanation of mitigating circumstances and additional pertinent documentation to:

Liberty University
Office of Human Resources
1971 University Blvd.
Lynchburg, VA 24515

STATE CONSUMER COMPLAINT CONTACT INFORMATION

In accordance with requirements issued by the U.S. Department of Education, Liberty University is “providing its students or prospective students with contact information for filing complaints with its accreditor and with its state approval or licensing entity and any other relevant State official or agency that would appropriately handle a student’s complaint.” This information is now part of the standard Consumer Information and annual disclosure procedure of Liberty University. It is subject to revision. [34 CFR 668.43(a)(12)(iv)(b), p.66,954, vol. 75, no. 209, 10/29/10]

As required by regulations, the full URL is available here: http://www.liberty.edu/media/1260/State_Complaint_Sites-Updated_05242013.pdf.
Resident Student Affairs

Office of Student Housing

Liberty University requires all unmarried students under the age of 21 to live on campus. On-campus residents must be currently enrolled in a residential program and attending classes on campus.

All students must complete Financial Check-in prior to occupancy, and agree to the terms and policies as outlined in the On-Campus “Housing Agreement”. Students who are age 25 or over (at any time during the semester) or are married are not allowed to live on campus. Rooms are assigned on a first-come, first-come, first-served basis. Detailed information is available online at http://www.liberty.edu/studentaffairs/studenthousing.

OFF-CAMPUS HOUSING

The off campus living policy states that single students must be 21 years of age or older or be living with an immediate family member who is 21 years of age or older. No student who is 25 years or older may live in the residence hall. For specific information regarding the off-campus living policy, contact the Office of Commuter Affairs.

While the University has no housing facilities for married students, the Office of Commuter Affairs provides an online “Apartment Finder” that lists apartments, houses, rooms, etc., which are available for rent or sale in the Lynchburg area. This information can be found on the Office of Commuter Affairs website at http://www.liberty.edu/apartmentfinder. Rental fees generally range from $500 to $800 per month.

Center for Multicultural Enrichment

The purpose of the Center for Multicultural Enrichment is to unify the various cultural and ethnic populations on the campus by overcoming divisions. The Center serves as an advocate to minority students and seeks to celebrate cultural diversity by offering experiential learning opportunities to all students. For additional information, visit the Center4ME webpage at http://www.liberty.edu/center4me.

Office of Student Leadership

PURPOSE

The purpose of the Office of Student Leadership is to train student leaders to minister, mentor and mobilize students in the residence halls. It collaborates with Student Affairs in the development of a holistic student life experience.

Resident Director

Resident Directors (RD) oversee a group of residence halls including oversight of the student leadership teams on each floor as well as the resident hall facilities. Additionally, they are responsible to enforce the standards of The Liberty Way while promoting the overall well-being of the students residing in the halls.

Resident Assistant

A Resident Assistant (RA) provides pastoral leadership to students in the resident hall in the form of discipline, discipleship and overall oversight.

Spiritual Life Coaches

Spiritual Life Coaches (SLC) facilitate spiritual development on their residence hall through love, encouragement and counseling. SLCs work with Prayer and Life Group Leaders (PLGL) to minister, mentor and equip PLGLs for ministry.

Mark Hine, B.S., M.Div., D.Min.
Senior Vice President for Student Affairs

Robert Mullen, B.S., M.Div., J.D.
Dean of Students

Joshua Brown, B.S., M.Ed.
Director for Student Affairs Assessment

Dustin Dubose, B.S., M.Ed.
Director for Student Leadership

Melany Pearl, B.S., M.A.
Director for the Center for Multicultural Enrichment

Jamey Sublett, B.S.
Director for Student Housing

PURPOSE

The purpose of the Office of the Senior Vice President for Student Affairs at Liberty University is to work with the administration, faculty, and staff, fostering an experience that promotes personal development and learning.

The Division contributes to the University’s mission of preparing students for leadership and involvement in an increasingly diverse, technologically sophisticated and complex global society.

Student Affairs carries out this mission by:

- Responding to the needs of students as they grow, spiritually, academically, and socially
- Presenting leadership opportunities and offering leadership training
- Maintaining an atmosphere which provides fertile ground for spiritual growth
- Offering co-curricular programming which encourages students’ academic growth
- Promoting and celebrating the rich cultural differences found at the University
- Assisting students in responsible decision-making

CODE OF CONDUCT

The administration and faculty have committed Liberty to the highest standards of moral and ethical conduct. No one will become spiritual merely by observing rules; nonetheless, the spiritual student will desire to abide by the rules, regulations, and policies. Liberty holds as one of its foremost goals the development of men and women of strong Christian character. Firm moral conviction and dependable self-discipline are as important as academic competence.

The specific rules, regulations, and policies that govern student behavior are found in The Liberty Way, which is available online at http://www.liberty.edu/libertyway (login required).

The Academic Code of Honor is published in the Academic Information and Policies section of this Catalog.

Office of the Dean of Students

The Office of the Dean of Students is designed to provide holistic student development opportunities for the resident and commuter population. For additional information, visit the Office of the Dean of Students webpage at http://www.liberty.edu/studentaffairs/deanofstudents.
Prayer and Life Group Leaders

Every Liberty student on campus is part of a five-person prayer group led by the Prayer and Life Group Leader (PLGC). The PLGC prays for the students in their group daily by name and encourages the development of those students’ personal and spiritual lives.

ADDITIONAL INFORMATION

More information on the resources and services provided by the Office of Student Leadership is available at http://www.liberty.edu/studentlife/index.cfm?PID=13203.

Student Government Association

The purpose of the Student Government Association (SGA) is to involve the students in the administrative process, to promote well-being and a sense of responsibility among students, to hear student concerns, and to convey an understanding of the students’ needs to the administration.

Membership in the Student Government Association shall be open to all resident and commuter students attending Liberty University who are not on any form of probation or suspension and who have professed their faith in Jesus Christ.

For additional information, visit the SGA webpage at http://www.liberty.edu/sga.

Student Clubs and Organizations

Student clubs or organizations must request and receive permission from the Liberty University administration before they may meet on campus, advertise, distribute or post materials, or use any University facilities for their activities or events. All such clubs or organizations and their activities or events must be consistent with the University’s mission, and must be and remain in compliance with the Liberty Way, the Honor Code, and any policies or procedures promulgated by the University. The University reserves the right to refuse the use of its facilities for any reason to any student club, organization, activity or event.

Information and policies regarding student clubs as well as a list of approved clubs and organizations is available online at http://www.liberty.edu/index.cfm?PID=19868.

OFFICE LOCATIONS

Departments within the Division of Student Affairs are located in Green Hall:

- Student Government Association GH 1884
Online Student Affairs

Douglas F. Mann, B.A., M.A., Ph.D.
Vice Provost for Graduate Education
Dean, The Graduate School
Professor of History

Kevin D. Struble, B.S., M.A., Ed.S., Ed.D.
Administrative Chair

PURPOSE

The purpose of the Office of Graduate and Online Student Affairs is to promote a positive Christian community both on campus and within the Liberty University Online community. In order to maintain this Christ centered environment, the Code of Honor is established and upheld through the office for student issues pertaining to academic and personal standards.

BASIC REGULATIONS

The Administration and Faculty have committed Liberty to the highest standards of moral and ethical conduct. Liberty holds as one of its foremost goals the development of men and women of strong character. Firm moral conviction and dependable self-discipline are as important to the mission of the university as academic aptitude.

Students are expected to conduct themselves according to the rules of the University at all times. The specific rules, regulations, and policies that govern student behavior are outlined both in this catalog and in the Code of Honor, which is available on the Graduate Student Affairs website at http://www.liberty.edu/thegraduateschool.

Students enrolled in the Liberty University Graduate School and Liberty University Online are subject to the Liberty University Code of Honor as well as the Liberty Way (if living on campus). This information is published in the Academic Information and Policies – Online Program section of this Catalog and online at http://www.liberty.edu/thegraduateschool.

Students enrolled in the School of Law are subject to the Liberty University School of Law Academic Honor Code and Personal Code of Honor. This information is available on the School of Law website at http://www.liberty.edu/law/.

Liberty University Code of Honor for Graduate and Online Students

ACADEMIC AND PERSONAL CODE OF HONOR

Liberty University is comprised of a network of students, Alumni, faculty, staff and supporters that together form a Christian community based upon the truth of the Bible. This truth defines our foundational principles, from our Doctrinal Statement to the Code of Honor. These principles irrevocably align Liberty University’s operational procedures with the long tradition of university culture, which remains distinctively Christian, designed to preserve and advance truth. Our desire is to create a safe, comfortable environment within our community of learning, and we extend our academic and spiritual resources to all of our students with the goal of fostering academic maturity, spiritual growth and character development.

Communities are predicated on shared values and goals. The Code of Honor, an expression of the values from which our Doctrinal Statement was born, defines the fundamental principles by which our community exists. At the core of this code lie two essential concepts: a belief in the significance of all individuals, and a reliance on the existence of objective truth.

While we acknowledge that some may disagree with various elements of the Code of Honor, we maintain the expectation that our students will commit to respect and uphold the Code while enrolled at Liberty University. Adherence to the principles and concepts established within facilitates the success of our students and strengthens the Liberty community.

The Code of Honor can be viewed in its entirety online at http://www.liberty.edu/index.cfm?PID=19155.
**Office of Spiritual Development**

**David Nasser**  
*Senior Vice President for Spiritual Development*

**Josh Rutledge**  
*Executive Director for Spiritual Development*

The Office of Spiritual Development manages and oversees all the co-curricular ministry and mission of Liberty University—providing vision, structure, and commonality between the various departments that service Liberty University students, faculty, and staff. The following departments answer to the Office of Spiritual Development.

**The Office of Spiritual Programs**

**Dan Bolton**  
*Director, Office of Spiritual Programs*

The Office of Spiritual Programs provides opportunities for students to gather and serve as a community through Convocation and Campus Community.

**CONVOCATION**

Convocation is the largest weekly gathering of college students in the world. Each year, more than 80 distinguished guests— including Beth Moore, Sean Hannity, John Piper, Tim Tebow, Francis Chan, Chris Tomlin, Sarah Palin, and others—visit Liberty University and contribute to relevant, cultural conversations that stretch both the hearts and minds of students, faculty, and staff. Convocation is not defined as a church service or chapel, but as a time to come together to inform and transform. This distinction allows the platform of Convocation to not only be a pulpit for a guest preacher but also a podium for the highest-caliber scientists, economists, artist, and politicians in the world. Attendance is required at Convocation for all students.

**CAMPUS COMMUNITY**

Campus Community is a weekly worship service on campus that offers spirit-filled worship and expositional biblical teaching. The Bible passages discussed at Campus Community create a consistent, biblical dialogue among students across campus. All students are encouraged to attend Campus Community.

**ADDITIONAL INFORMATION**

For more information on the Office of Spiritual Programs visit the website at: [http://www.liberty.edu/faithservice](http://www.liberty.edu/faithservice).

**Campus Pastors Office**

**Tim Griffin**  
*Director, Campus Pastors Office*

The Campus Pastors Office exists to offer support and guidance for any student encountering a difficult situation, an immediate crisis, or a spiritual need. Our staff includes ordained pastors and life skills coordinators who are mature followers of Christ and hold a master’s degree or higher.

**ADDITIONAL INFORMATION**

For more information on the Campus Pastors Office visit the website at: [http://www.liberty.edu/spirituallife/campuspastorsoffice](http://www.liberty.edu/spirituallife/campuspastorsoffice).

**PRAYER CENTER**

Located in Dorm 17 and open from 8 am - 8 pm, the Prayer Center is a place where Liberty Students serve the Lord by praying for others. Prayer requests can be submitted via email and via text or phone. Calling the Prayer Center: (434) 515-1854. Sending prayer requests through e-mail: PrayerCenter@liberty.edu.

**Department of Ministry Teams**

**Scott Bullman**  
*Director, Department of Ministry Teams*

Liberty University's Department of Ministry Teams is passionate about sharing the Gospel of Jesus Christ and encouraging believers in their faith. Our ministry teams play in a wide variety of venues and serve others through music ministry, drama and creative expression. Many of our teams travel across the country sharing their faith and talents with diverse audiences.

**ADDITIONAL INFORMATION**

For more information on the Department of Ministry Teams go to [http://www.liberty.edu/ministryteams](http://www.liberty.edu/ministryteams).

**Center for Global Engagement**

The Center for Global Engagement exists to foster a global perspective within the Liberty University community that reflects God’s love for all nations and produces involvement throughout the world. The CGE provides cross-cultural opportunities for college students, hosts Global Focus Week each semester, and sponsors Global Retreats mentoring weekends for students interested in cross-cultural careers.

The Center for Global Engagement is actively engaged in assessing the cultural intelligence of the university community and adjusting its own programs to promote greater cultural intelligence within the institution.

**ADDITIONAL INFORMATION**

For more information on The Center for Global Engagement visit the website at: [http://www.liberty.edu/globalengagement](http://www.liberty.edu/globalengagement).

**Center for Ministry Training**

**David A. Wheeler**  
*Director, Center for Ministry Training*

**Professor of Evangelism and Student Ministries**

The Center for Ministry Training (CMT) is an innovative, fully integrated training center, encompassing academic, social, and administrative functions and exists as a medium to provide services and space that meet the unique needs of not only Seminary and ministry students, but all University students who want ministry training, experience and placement possibilities.

The Center for Ministry Training actively recruits and trains students to live missionally wherever they are, regardless of one’s occupation so that they are impacting the world for Jesus Christ.

The Center for Ministry Training has a variety of training opportunities including Ministry Impact, small-groups, outreach events and exposure trips. The Center for Ministry Training facilitates the process of introducing students to church planters and leaders, and helps provide practical ministry experience through local church involvement and internships.
ADDITIONAL INFORMATION

For more information on the Center for Ministry visit the website at http://www.liberty.edu/CMT.

Center for Christian/Community Service

Lew Weider, B.S., M.A., Ed.D.
Director of Christian/Community Service
Professor of Biblical Worldview

Associate Director of Christian/Community Service
Professor of Biblical Worldview

Will Honeycutt, B.S., M.Div., D.Min.
Assistant Director of Christian/Community Service
Assistant Professor of Biblical Worldview

Stephen Putney, Th.B., Th.M., D.Min.
Assistant Director of Christian/Community Service
Associate Professor of Biblical Worldview

Robert Van Engen, B.S., M.A., Ph.D.
Assistant Director of Christian/Community Service
Assistant Professor of Biblical Worldview

Darren C. Wu, B.S.M.E., M.A.R., Ed.D.
Christian/Community Service Coordinator
Assistant Professor of Biblical Worldview

PURPOSE

The Center for Christian/Community Service guides the Academic and Experiential Learning programs in planning, developing and maintaining quality programs. It also seeks to maintain efficient and cost effective measures in the administration and delivery of its programs.

MISSION

“To instruct students in understanding and applying the biblical worldview, to educate them to be servant leaders and to promote, throughout the Liberty community, a life-long practice of caring service.” Philippians 2:4-5; Matthew 28:19-20

OBJECTIVES

The Center for Christian/Community Service seeks to support the University in fulfilling its Mission and Aims by providing experiences for students that:

1. Promotes the development of the biblical/Christian worldview.
2. Develops a sense of responsibility to mankind which entails selfless service, and active and clear communication of the Christian faith.
3. Offers opportunities to explore and practice ways to glorify God and advance the cause of Christ through his/her chosen careers.
4. Provides avenues to explore ways of displaying Christian commitment and virtue through local churches, or social, civic, athletic, artistic, or scholastic organizations compatible with the University’s mission.

Community Service Experiential Program (CSER)

The Experiential Learning program is designed to assist students in developing and demonstrating competency and proficiency in Christian/Community service. The curriculum is regularly reviewed for quality, and for compliance with accreditation standards. The program is designed to provide opportunities for the students to develop and practice skills in citizenship and social responsibility.

CHRISTIAN/COMMUNITY SERVICE (CSER) REQUIREMENT

Christian/Community Service is required for each semester of full-time enrollment for all residential undergraduate students whether they are taking residential or Liberty University Online courses. Undergraduate students are considered full-time if they are taking twelve (12) or more credit hours in a given semester.

To graduate from Liberty University, all full-time, residential undergraduate students must successfully complete one CSER requirement for each full-time semester that they are a student, up to eight (8) semesters.

A student’s first two CSER requirements are BWVW 101, Biblical Worldview I, and BWVW 102, Biblical Worldview II. They must then successfully complete at least one CSER for each full-time semester that they are enrolled, up to six (6) more semesters.

To receive CSER credit students may not:

• Receive monetary compensation
• Receive academic credit
• Be awarded a scholarship

A CSER must fit within the framework of the purpose and goals of the department, which may include any, or all, of the following:

• Evangelism
• Discipleship
• Tutoring/mentoring
• Civic and community services (this does not include political campaigning)
• Community improvement
• Alleviation of human suffering
• Assisting the underprivileged and less fortunate
• Education and development of children/adults
• Educational assistance
• Stewardship of the earth (environmental projects, care for animals, etc.)

ADDITIONAL INFORMATION

For more information on CSER visit the website at http://www.liberty.edu/CSER.

Liberty Online Communities

Ted Whitney
Director, Liberty Online Communities

Liberty Online Communities is designed to help online students feel connected, engaged and encouraged. Students are able to connect through streaming video, interactive chat, blogs, Bible studies, volunteer opportunities nearby and social media. Prayer requests can also be submitted through an online portal where Campus Pastors are able to review requests and pray for the student.

ADDITIONAL INFORMATION

For more information on Liberty Online Communities visit the website at http://www.liberty.edu/onlinecommunities.
Campus Recreation

Lee Beaumont, B.S., M.S.
Senior Vice President for Auxiliary Services

Kirk Handy, B.S.
Senior Director of Campus Recreation

Chris Misiano, B.S., M.A.R., M.R.E.
Senior Director of Campus Recreation

The Department of Campus Recreation provides a variety of options for resident and online students to interact socially through state of the art indoor and outdoor recreation facilities as well as programs and services that provide entertainment and physical fitness.

Campus Recreation helps to connect students to all that Liberty University has to offer beyond the classroom. By offering dozens of sporting options through the Intramural Sports and Club Sports departments, Campus Recreation gives every student an opportunity to participate in a competitive sport. In order to assist in the social atmosphere on campus, the Student Activities department plans weekly entertainment events. Several different fitness facilities are available for student use to stay physically fit, or they can relax with friends at one of the different lounge areas on campus. With all of these options, Campus Recreation offers something for everyone.

Student Activities

The Student Activities Office is committed to the service of the students of Liberty University by providing a variety of culturally-relevant events and recreational activities throughout each semester, giving students a full calendar of social occasions to interact with one another and enhance their overall experience.

Student Activities provides an extensive variety of entertainment opportunities, both on and off-campus, usually free or at an exclusive Liberty University student discount price. Options include everything from concerts featuring the biggest names in Christian music (LeCrae, Switchfoot, Newsboys, Needtobreathe, and more) to Open Mic Nights, movie nights, and outdoor recreation (whitewater rafting, skiing, horseback riding, hiking). Student Activities offers something for everyone. For detailed information call (434) 592-3061 or access the Student Activities website at http://www.liberty.edu/SA.

Recreation Facilities

Campus Recreation offers multiple opportunities for meeting the recreational, fitness, and wellness needs of the University family. These facilities include the LaHaye Student Union (which includes the LaHaye Recreation and Fitness Center, Tilley Student Center, and Thomas Indoor Soccer Center) as well as David’s Place. More information is available online at http://www.liberty.edu/lahayestudentunion or by calling (434) 592-3148.

LAHAYE RECREATION AND FITNESS CENTER

The LaHaye Recreation and Fitness Center offers students a variety of co-curricular environments that provide vital social outlets for the development of a well-rounded collegiate experience. This includes five basketball courts, a fitness center, aquatic center, six group exercise rooms, indoor track, and more. The group exercise rooms focus on strength, aerobics, TRX, mind/body, cycling, and dance classes (Zumba, Caribbean Craze, etc.). Students can work out with the assistance of a personal trainer, take group exercise classes, use the work out equipment or climb the rock wall.

The Aquatic Center has a 25-yard, six-lane pool with a maximum depth of 12 feet for lap swimming and recreational use. The aquatic facility includes two spas, and a one meter diving board. Aquatic equipment such as training fins, training paddles, flexible kickboards, jogger weight belts, hand bar exercisers, pull buoys, and water polo equipment is accessible for use.

TILLEY STUDENT CENTER

The Tilley Student Center is a student recreational and lounge facility designed specifically for students. The facility features a coffee bar, game tables, couches, and chairs. The facility includes a Starbucks, Sub Connection, Fresh Market, and Chick-fil-A.

THOMAS INDOOR SOCCER CENTER

A part of the LaHaye Student Union, the Thomas Indoor Soccer Center was added in May, 2009 and is comprised of two turf fields partially surrounded by transparent walls and netting. The facility also features a spectator section.

DAVID’S PLACE

David’s Place is dedicated to the memory of David A. DeMoss, a gentle and loving young man who died tragically in an automobile accident in January 1988. Formerly Campus East Clubhouse, David’s Place is a recreational center that offers billiards, a theatre (featuring a Blu-ray player with a surround sound system), video gaming room (with Playstation 4), and a heated outdoor pool with patio heaters on the pool deck. The facility also features a Jamba Juice which is a great place for a healthy breakfast, quick lunch, or a delicious snack. Jamba Juice is also known for their great tasting fruit smoothies.

EQUESTRIAN CENTER

The Equestrian Center includes a newly constructed barn with eight 12’x12’ rubber matted stalls with attached runs, grooming stalls, indoor wash rack with hot and cold water, outdoor wash rack, heated office/student lounge and tack room with washer and dryer, feed room, and men’s and women’s restrooms.

The Equestrian Center includes an eight stall team barn and a newly constructed boarder barn with twenty 12’x12’ rubber matted stalls with attached runs, grooming stalls, indoor wash rack with hot and cold water, outdoor wash rack, heated office/student lounge and tack room with washer and dryer, feed room, and men’s and women’s restrooms. More than thirty acres of small and large turnout pastures are available, as well as a small quarantine facility to accommodate incoming horses. The outdoor arena is 160’x300’ with sand footing. The arena includes a variety of tools to allow students to train and school in a variety of disciplines.

CAMP HYDAWAY

The newly renovated Camp Hydaway features a high and low ropes course, a zipline, new beach access for swimming, as well as, outdoor equipment rentals. Students can check out items such as, canoes, kayaks, ATV’s, and fishing and camping gear.

The facility has room for group meetings and events. The Student Activities department hosts multiple Outdoor Recreational events throughout the school year.

LAHAYE ICE CENTER

This LaHaye Ice Center is the home of the Flames and Lady Flames hockey teams. During non-practice hours, students can enjoy ice skating, hockey and broomball. The LaHaye Ice Center also offers figure skating and Learn to Skate sessions. Additional
The Intramural Sports and Athletics Complex was completed in August 2011. Two fields are surfaced with an in-filled synthetic turf that is the home of men’s and women’s lacrosse teams. A third astro turf field is the home of the women’s field hockey team. All three fields are used for intramural sports play that includes soccer, flag football and ultimate Frisbee. A fieldhouse with offices, team rooms and locker rooms is also located at the complex.

LIBERTY MOUNTAIN ATV PROGRAM

Nestled in Liberty University’s Camp Hydaway property, a ¼ mile-long wooded loop offers a variety of features for ATV’s. To complement the ATV trail system, the University has purchased several ATV’s for student use free of charge. To use the University-owned ATV’s and track, students must enroll and pass an ATV safety course.

LIBERTY MOUNTAIN INTRAMURAL SPORTS COMPLEX

The newest recreational facility was completed on East Campus in fall 2012. It consists of four distinct areas. A 220,000 square foot, multi-purpose turf area is the home to flag football, softball and ultimate Frisbee. A natural grass, recreational softball field sits next to the turf area. Due to the enormous popularity of the sand volleyball courts built in spring semester 2012, four additional courts were added to make a total of eight courts at Liberty University. Also part of the complex is a sand training area known as “The Patch,” a large sand pit and training course similar to those used by Navy SEALs at the Naval Special Warfare Center in Coronado, CA. It allows individuals to utilize a “functional” training method, using body weight instead of free weights as resistance. The Patch offers not only functional strength training but also jump training, sand pit training, balance, stabilization training, and core training. The individual is able to develop many planes of training that is not possible in any other standardized workout method. For the student looking for a total body workout, the Patch is the perfect training facility.

LIBERTY MOUNTAIN TRAIL SYSTEM

The Liberty Mountain Trail System consists of over 65 miles of single and double track trails and logging roads that spans approximately 5,000 acres. The mountain rises to over 1,360 feet and offers something for all difficulty levels, from a leisurely stroll to the Liberty University Monogram, to cross country and gravity-fed trails for both hiking and mountain biking. A trail map and additional information is available online at www.liberty.edu/trails.

LIBERTY MOUNTAIN SNOWFLEX® CENTRE

Drew Sherwood, B.S.
General Manager

Liberty Mountain Snowflex® Centre, located off Candler’s Mountain Road, consists of two main distinct ski runs. This includes a beginner slope, intermediate slope, advanced slope, terrain park, a 260-foot tubing run, and gravity park for air awareness training. The 550-foot terrain run has three jumps with a quarter pipe at the bottom, and a 550-foot ski slope with multiple rail features for all levels.

The ski lodge is an 8,000 square foot facility at the base of the ski runs. This building houses the ticket office, ski school, event scheduling, and rental area on the first floor with a seating and concession area on the second floor with a full view of the ski slope, amazing view of the campus and the Blue Ridge Mountains. The Snowflex Centre is a great venue for birthday parties, business meetings, classes, and events. It hosts multiple ski and snowboard summer camps along with fun activities all summer long. The Liberty Mountain Snowflex Centre is open all year round for Liberty University students and public access.

SKATE PARK

The Liberty Mountain Skate Park is located in the Candler’s Mountain Shopping Center. The Skate Park is an indoor facility which allows students and the community to skate board, BMX, or inline skate all year round. The Park has various features for beginners through advanced, such as: three mini ramps, quarter pipe, hubba box, hand rails, foam pit, and a bowl.

IVY LAKE

Ivy Lake, located about 25 minutes from Liberty’s campus in Forest, VA, spans 112 acres with a 6,000 square foot beach. It is available for a variety of activities for Liberty University students, faculty and staff. This is a great spot for fishing, canoeing, or just having a picnic with friends. Ivy Lake is the home of the Liberty Crew team.

THE SPORTS RACQUET

The Sports Racquet facility houses five indoor tennis courts, five hardwood racquetball courts, and a small fitness area. It is also the home of the Liberty University Racquetball Team. During non-member hours, students can enjoy playing indoor tennis, racquetball and wallyball. Private lessons are also available. This facility is located approximately seven miles from campus at 118 Davis Cup Drive in Lynchburg.

PAINTBALL FIELDS

Liberty University’s Paintball Team has a premiere facility to prepare for and host competitions. The paintball complex consists of two fields with a retractable netting system made with a protective mesh. Students may watch the team behind the safety of the netting during practices. These fields are open for intramurals, special events, and recreation events.

DISC GOLF COURSE

The Disc Golf Course is located on the mountain near Camp Hydaway in conjunction with the Liberty Trail System. Disc golf is similar to traditional golf in that players tee off and attempt to reach a particular hole in the fewest number of strokes. Unlike normal golf, however, players throw discs, and the “holes” are actually elevated baskets made of metal. The 27-hole course includes tee pads for beginners and experts alike. Usage will vary from intramural sports leagues, to open recreational play among students.
3-D ARCHERY RANGE
Located on Liberty Mountain, is a 3-D Archery Range nestled in 10 acres for the Liberty Archery Club. The range consists of 20 life-like animal targets as well as several practice bag targets. In order to qualify as a potential state qualifier site, the range is setup to comply with Archery Shooters Association (ASA) standards. The Archery Club has access to shoot and hold tournaments on the 3-D Archery Range.

HUNTING ON LIBERTY MOUNTAIN
Students have the opportunity to bow hunt on Liberty’s Lone Jack Mountain property through membership in Camp Hydaway’s bow hunting program. In order to qualify you must provide proof of a Virginia resident hunting license, and pass a safety class/proficiency test. Students who meet these requirements will be permitted to bow hunt during the fall and spring seasons on Liberty’s Lone Jack Mountain.

Club Sports
A Club Sport is an organization recognized by Liberty University comprised of individuals who have an interest in competing in a particular sport. The club provides the opportunity for teams to compete against other colleges and universities with the same interests.

Our goal is to provide the availability to participate in a sport within the campus of Liberty University as well as develop values in leadership, fellowship and social skills.

Information on club sports offerings is available at http://www.liberty.edu/campusrec/clubsports/

Intramural Sports
Ed Barnhouse, B.S.
Director of Intramural Sports
The University believes that sports, both inter-collegiate and intramural, have definite educational value, and that few other agencies offer so much that is potentially good for character building in American youth.

Intramural Sports are organized recreational sports leagues that allow students at Liberty to participate in a variety of team and individual sports. Competition exists, but the real focus of intramural sports is health and exercise, social interaction, stress reduction, sportsmanship, and teamwork.

During the fall and spring semester, a program of competitive intramural sports is sponsored that opens the way for wide participation on the part of both men and women. Information on intramural sports is available at http://www.liberty.edu/ims.

Associate Athletics Director for Sales and Promotions

Todd Wetmore, B.S.
Associate Athletics Director for Communications

ATHLETIC PROGRAMS

Intercollegiate athletic programs are an integral part of American college life. At Liberty, athletics constitutes a vital segment of the area of physical education and an integral part of the total University program.

Liberty offers 20 NCAA Division I athletics programs, giving student-athletes the opportunity to compete at the highest level of intercollegiate athletics. The Flames have been a NCAA Division I program since 1988 and a dominant member of the Big South Conference since 1991, winning 11 Big South Sasser Cups (top team annually in the conference) and more than 120 conference titles since joining the league.

The men’s and women’s programs offer scholarship aid according to NCAA Division I standards. All interested students are encouraged to contact the head coach of the athletics program of interest. For more information, visit the official Flames website at http://www.LibertyFlames.com.

ACADEMIC AFFAIRS FOR ATHLETICS

The primary mission of Academic Affairs for Athletics at Liberty University is to provide continuous academic, athletic, social, and spiritual development for each student athlete. Utilizing the expertise of our staff in collaboration with institutional programs

at Liberty University, our student-athletes receive professional advising, career and academic skill development, tutoring, and mentoring services. Our program assists student-athletes in finding and maintaining a balance between the demands of athletics and academics while preparing them as socially responsible individuals for life after athletics.

CHEERLEADING

Jordan Ballard, Head Coach

Mission and Philosophy

The mission of the Liberty University Cheerleading team is first and foremost to glorify the Lord Jesus in everything we do. We strive to maintain a positive image and be ambassadors for the University by upholding the values and expectations of the cheerleading program and the University. While on the Liberty University Cheerleading team, athletes are encouraged and guided spiritually, academically, socially, emotionally and physically. It is the goal of the program to help minister to the athletes and to help coach them not only in cheerleading, but in life, helping to shape them into confident and capable adults. Further, the purpose of the Liberty University Cheerleading team is to provide positive support for athletics teams, participate in various Liberty and community events, and participate in fundraising activities, as appropriate to support the program.

Program Structure and Basic Information

Liberty University’s cheerleading program is composed of two coed squads, the Red Squad and the White Squad. The Red Squad will consist of 16 to 20 members and will cheer at all home football games and most of the Men’s basketball games. The Red Squad will also compete at UCA College Nationals. The White Squad will consist of 16 to 20 members and will cheer at all home football games and most of the women’s basketball games. There may or may not be alternates for each squad. The Red Squad and most of the White Squad is chosen at the spring tryout. There will be a fall tryout to fill any additional places for the White Squad.

Cheerleaders practice on average three times per week for 2-3 hours each and have required weight room workouts two times per week. In addition to practices there are various Liberty and community events, and to give the student body an avenue to identify with the University’s athletics programs. SFC Membership is $25 for the entire school year. Membership benefits include an Exclusive Red SFC T-shirt and Drawstring Bag, discounts at the Liberty University Bookstore and local restaurants, and invitations to exclusive SFC events. The SFC also provides participating members priority premium tailgating for all football home games and ticketing for away games and postseason events. The SFC membership package is valued at $50. For more information, visit the Athletics Marketing office on the Second floor of the Williams Stadium Tower, call (434) 582-4450, email at SFC@liberty.edu, or visit the official Flames website at http://www.LibertyFlames.com.
University Services

Liberty University Police Department
Col. Richard D. Hinkle, B.S.
Chief of Police

Liberty University Police Department (LUPD), located in the southwest corner of the Green Hall, provides 24/7 patrol protection by police, emergency services and medical service personnel to the campus, parking lots, residence halls and other properties owned or controlled by the University. Liberty University Police Officers are duly sworn with full law enforcement powers and responsibilities, similar to the local police and sheriff's department. The officers are trained at Central Virginia Criminal Justice Academy and receive additional in-service and specialized training in first aid, firearms, defensive tactics, legal updates, human relations, sensitivity issues and criminal investigations.

University Police share concurrent jurisdiction with the Lynchburg Police Department for properties owned or controlled by the University and other properties agreed upon. University Police Officers are responsible for a full range of public safety services, including all crime reports, investigations, medical emergencies, traffic accidents, enforcement of laws about underage drinking, controlled substances, firearms and other weapons and all other incidents requiring police assistance. In an effort to assist in combating crime, University Police share information on arrests and serious crimes with all surrounding police agencies.

LUPD can be contacted by phone at (434) 592-7641 (non-University Police share information on arrests and serious crimes). Additional information is available online at http://www.liberty.edu/lupd.

PUBLIC SAFETY SERVICES

The LUPD provides several service-oriented functions to the University community consisting of more than 14,000 students, faculty, staff and visitors on campus during any given day. Officers are equipped with two-way radios as they patrol campus in marked and unmarked vehicles. University Police responsibilities range from responding to medical and fire emergencies, criminal investigations to providing an on-campus escort service during hours when the campus transit system is not running.

In conjunction with Student Affairs, the University Police help students engrave an identification number on personal property items kept on campus, such as bikes, computers, radios, and stereo systems. Operation Identification is a nationally recognized identification system which has shown to facilitate the recovery of stolen items.

The University Police, upon appointment, also provide Fingerprinting Services for Liberty University students, employees and their families for a small fee. Classes are also offered to students, free of charge, in firearms and range safety as well as RAD (Rape Aggression Defense – basic defense for women).

Extensive efforts are made to create a campus environment that fosters personal safety, property security, and learning for all members of the University community. All criminal actions or suspicious behavior should be reported immediately so University Police can take prompt action.

EMERGENCY NOTIFICATION SYSTEM

In conjunction with AtHoc, Liberty University has implemented the Campus Alerting System. This system allows all University constituents to receive notification when an emergency situation occurs on campus. Messages can be transmitted to a cell phone, home phone, work phone or email address. Specific notification for emergency road closures, fires, school closings and severe weather are also features of this system.

Register your contact information online at http://www.liberty.edu/lupd.

CAMPUS CRIME REPORT

Liberty University abides by the Student Right-to-Know, the Campus Security Act of 1990 and the Higher Education Act Reauthorization of 2008. The University makes information concerning campus crime statistics available to the campus community online at http://www.liberty.edu/lupd. This information is also available to prospective Liberty University employees and students upon request.

AUTOMOBILE REGISTRATION

Any vehicle owned or operated on campus must have a current Liberty University Parking Decal properly displayed on that vehicle. Liberty University Parking Decals are only issued by the Liberty University Police Department.

The following documents are required to register a vehicle:
1. Valid Vehicle Registration, issued by a Department of Motor Vehicles.
2. Valid Driver’s License of person registering the vehicle.
3. Complete a form online, print it, and bring it with you to the LUPD office. The link to the form is on the LUPD home page.

Visitors must obtain a parking pass to park on campus. Passes are available at the Hancock Welcome Center.

For additional information on Traffic and Parking Regulations see http://www.liberty.edu/lupd.

Liberty University Transit Services

Liberty University Transit Services operates a comprehensive transportation system that is designed to make the campus and the surrounding community accessible to students, faculty, and staff, while reducing the dependency on single occupancy vehicles. This is accomplished through an efficient intra-campus transit system, a complete carpool program with park and ride and satellite parking programs, airport/tram and bus station shuttle services, as well as partnerships with apartment communities to bring improved transportation service options to commuters.

Intra Campus Service

During the semester, service is available on weekdays from 4:30 AM–2:00 AM and weekends from 8:00 AM–2:00 AM. Intra Campus service is provided by five primary routes. Service frequency is every 20 minutes but can be as frequent as every five minutes depending on the time of day.

Off Campus Services

Service to various local apartments is available through two routes operating from 7:00 AM–9:00 PM Monday-Friday during school days. Students are also eligible to receive free bus passes good for use on the local public transit service provided through the Greater Lynchburg Transit Company (GLTC). Shuttle service to and from the Lynchburg Regional Airport, Kemper Street AMTRAK/Greyhound Station, and Roanoke Regional Airport is available through web reservation.

Intra campus and off campus services operating by Liberty University buses can be tracked in real-time with estimated departures provided for every bus stop. The system can be accessed at http://liberty.prod.ridesystems.net/.
Charter Services
A charter bus fleet of six mini buses, three mid-size 32-seat coaches, four full-size 52-seat motor coaches, and one 22-seat motorhome coach provides the University community with short to long range charter services. Buses and coaches are proudly branded with Liberty University marks and mid/full-size coaches feature onboard satellite TV and wireless Internet services. Power outlets are available on full-size coaches.
For more details regarding Liberty University Transit Services see http://www.liberty.edu/transit.

Card Services
Located in Green Hall, Card Services is dedicated to connecting students to Liberty University via their Flames Pass ID card as well as assisting students in receiving financial refunds, per diems, and/or stipends via Higher One. Flames Pass: The Flames Pass is your official Liberty University ID card and the key to many resources and privileges both on and off campus. It remains valid as long as you are actively enrolled. Students can receive a Flames Pass by visiting Card Services with a valid government issued photo ID or request one online via the Photo Upload Application.

Higher One: Liberty University uses the One Disburse service offered by Higher One, Inc. for the disbursement of student refunds, per diems, and stipends. Once a student is financially checked-in, an activation code is sent to their mailing address on file with Liberty University, allowing the student to select a refund preference.
Card Services is happy to assist you at (434) 582-7771 or at http://www.liberty.edu/cardservices.

Student Service Center
The Student Service Center houses the offices of Financial Aid, Student Accounts, and the Registrar. Our mission is to help our guests with any questions they may have and to guide as needed to the correct office for further assistance.
We will ensure that we understand your situation, research your situation, and provide accurate information in a timely manner.
The Student Service Center Lobby is open from 8:00 a.m. - 5:00 p.m. Monday, Wednesday thru Friday. The Lobby is closed for Convocation on Monday and Friday from 10:00 a.m. - 11:15 a.m., and on Wednesday from 9:45 a.m. - 11:15 a.m.
The Student Service Call Center is open 8:00 a.m. - 4:45 p.m. on Monday - Friday and closed for Convocation on Wednesday from 9:45 a.m. - 11:15 a.m.
If you have any questions regarding your academic account or student account, please visit the Student Service Center located at Green Hall in room 1569 or call our office at (434) 592-5100 or toll-free (888) 632-5551 for assistance.
The Student Service Center offers free notary services to students, faculty, and staff.
Additional resources and information are available online at http://www.liberty.edu/studentservicecenter.

Student Advocate Office
The Student Advocate Office (SAO) is a "one-stop" office for answers to all your questions.
It is normal for college students to have questions about financial aid, housing, account holds, balances, personal issues and roommate conflicts. We serve as a liaison for you to other departments to help you get your questions answered.
Our primary focus is to help each resident student from their first day at Liberty to graduation – whether through problem solving, peer counseling, one-on-one appointments, financial aid guidance, scholarship assistance or just a helping hand and listening ear, we are here for you.
The Student Advocate Office is located in DeMoss Hall, Room 2247. For more information call (434) 582-7200 or visit the website at http://www.liberty.edu/sao.

International Student Center
William Wegert, B.S., M.S., M.Div., D.Min.
Dean, International Student Programs
The C. Daniel Kim International Student Center (ISC) opened its doors in the spring of 2004 to meet the needs of the growing body of international students at Liberty University. The ISC now sponsors more than 50 events per year celebrating international students and their cultures and giving international students an opportunity to enjoy their experience in the U.S.
The International Student Center is the primary location for information and activities for current international students. Foreign Student Advisors, the International Student Retention Specialist, the International Student Operations Assistant and Health Insurance Representative are all housed in the International Student Center. More information regarding the ISC and additional information for international students is provided at www.liberty.edu/international.

Liberty University Bookstore
Located at the entrance to Main Campus, the Liberty University Campus Bookstore is a two-story, 20,000 square foot, freestanding brick facility that features a Barnes and Noble Café serving Starbucks® coffee and outdoor patio area. In addition to textbooks, the bookstore also sells leisure books, University apparel and more. For more information on the products and services available including hours of operation, access the webpage at http://liberty.bncollege.com/.

Career Center
The Career Center provides professional resources in career planning and employment services to Liberty University men and women, equipping them with the ability to obtain a position that will utilize their God-given talents to impact the world for Christ.
Our purpose is to facilitate Christ-centered, positive partnerships and engagement opportunities among students, alumni, faculty, staff and employers locally, nationally and worldwide.
We assist all students, and alumni with:
- Planning and implementing career objectives focusing on their development and identity formation through assessments, cover letter and resume review, and interview critiques.
- Identifying internship and post-graduate employment opportunities meeting their post graduate career goals.
We assist employers in:
- Establishing and maintaining a relationship with Liberty University and its various departments, students and Alumni.
- Meeting their staffing needs for internships and employment (both entry level and seasoned professionals) locally, nationally and worldwide.
- Organizing on-site, off-site and on-line introductions and informational sessions with the Liberty community.
**Information Technology Services**

Matthew Zealand, B.S.

Chief Information Officer

Vice President of Analytics

**IT HELPDESK**

The IT HelpDesk assists students with computer problems by phone, remote assistance, or walk-in service. HelpDesk hours and other resources, such as the Liberty University Knowledge Base (Ask L.U.K.E.) are published online at http://www.liberty.edu/IT.

The HelpDesk has locations in Green Hall, Room 1539 and Demoss Hall, Room 2184; to contact by phone call (866) 447-2869 or (434) 592-7800.

**ON-CAMPUS WIRELESS INTERNET**

Information Technology has implemented a 95% campus-wide wireless network. This network allows students to access the internet and other network resources while in range of one of our many wireless access points.

**COMPUTER LABS**

Computer labs are available for students, faculty, and staff to use in various locations including the DeMoss Learning Center and the Jerry Falwell Library. Over 1500 computers, including Macs and Windows-based computers are open daily.

**ONLINE LEARNING PLATFORM**

Liberty provides students with an online learning platform called Blackboard®. Blackboard serves a variety of purposes, allowing professors to make announcements, post assignments, and interact with students. Students will use Blackboard to submit coursework, complete online tests, and interact with their classmates.

**ADMINISTRATIVE SOFTWARE APPLICATION**

Liberty uses a web application called Banner to house all Liberty user account information. Banner is accessible to all Liberty staff, faculty, students, and alumni and is used to manage accounts information such as financial aid, accounts receivable, finance, and, etc. Students access Banner (ASIST) from the main Liberty website and use ASIST to register for courses, complete financial check-in, view academic records, review applications, and update personal information.

**TECHNOLOGY EDUCATION CENTER**

Liberty’s Technology Education Center provides IT-related training to faculty and staff. Testing services are also offered to the University, students, and the general public for certification fields of expertise including Cisco®, Microsoft®, and Oracle®. For more information, visit http://www.liberty.edu/TEC; to contact by phone call (434) 592-7820 or (434) 592-4600.

**IT MARKETPLACE**

The IT Marketplace is a one-stop shop for recommended computers, software, and computer peripherals at educational pricing. The IT Marketplace can be visited at http://www.liberty.edu/ITMarketplace.

**MOBILE APPLICATIONS**

Liberty Today is a free application that houses access to numerous Liberty focused media releases including Liberty News, Liberty TV Channel, Liberty Journal, and others. The application also keeps users connected with modules for Blackboard, Flames Cash, Campus Maps, and more. Currently available for: Android and Apple devices.

**Office of Disability Academic Support (ODAS)**

Mr. Denny McHaney, B.S., M.Ed.

Director, Office of Disability Academic Support

Associate Professor of Education

Under the umbrella of the College of Applied Studies and Academic Success (CASAS), the Office of Disability Academic Support was created to coordinate academic support services for Liberty University students who have documented disabilities.

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination on the basis of disability against students in institutions of higher education. Section 504 mandates “reasonable” accommodations to provide equal program access to all students with disabilities. Faculty must provide accommodations that meet the special needs of each student with a disability.

The University has an obligation to make reasonable accommodations in policies, practices or procedures when accommodations are needed to prevent discrimination on the basis of disability unless making the accommodations would fundamentally alter the nature of the service, program or activity, or would result in undue financial and administrative burdens.

A student who requests accommodations is required to sign a request form each semester giving Disability Support Advisors permission to send the request for accommodations. Then each student is instructed to individually seek a private meeting with professors to discuss any accommodations that may be necessary. Professors only need to arrange for those accommodations which have been identified.

Students with documented disabilities may be eligible for some of the following services:

- Extended time for testing
- Testing in a quiet environment
- Note-taking help
- Priority pre-registration

Additional information, including how to download Liberty mobile applications, can be found at http://www.liberty.edu/LibertyToday.

**IPTV**

IPTV allows students to watch over 20 television channels anywhere on campus on their personal computer through Liberty’s wireless internet connection. IPTV can be accessed at http://www.liberty.edu/IPTV.

**MYLU PORTAL**

The myLU portal is a customizable website that allows students to access a wide variety of Liberty information. It features widgets (small software programs) that display a specific piece of information such as Blackboard, Flames Cash, Liberty news, class schedule, Liberty announcements, financial aid information, and more. The portal can be located at http://mylu.liberty.edu.

**NETWORK PRINTING**

Multiple network print stations are provided for students at Main Campus and Green Hall. A printer account is provided to every student and print costs are charged to their student account.

**ONLINE WEB PRESENCE**

Liberty provides an official webpage that can be used to access all Liberty information and major services such as Webmail, Banner (ASIST), Blackboard, Official Announcements, University Calendar, and Financial Aid. Liberty’s official webpage can be viewed at https://www.liberty.edu.

**IT HELPDESK**

Additional information, including how to download Liberty mobile applications, can be found at http://www.liberty.edu/LibertyToday.

• Interpreters
• Assistive technology lab
  o JAWS for Windows – screen reading software for the visually impaired
  o Kurzweil 3000 – scanning and reading software for students with reading disabilities
  o Dragon Naturally Speaking – speech recognition software which can turn speech into print
  o CCTV – magnification hardware for the visually impaired

Deaf and Hard of Hearing Services
Jackie Owen, A.A.
Coordinator/Interpreter
Deaf and Hard of Hearing Services

Housed within the Office of Disability Academic Support (ODAS) in Green Hall, Deaf and Hard of Hearing Services provides accommodations for students who are d/Deaf or hard of hearing. These services may include the provision of qualified Sign Language interpreters for academic classes and related events, cultural mediation, note takers, academic advising, priority classroom seating, and priority pre-registration.

Health Services
Liberty University Health Services located in Green Hall near the LaHaye Student Union is a service of Centra Medical Group, providing quality medical care and assisting students and faculty in maintaining and optimizing their health. On-campus healthcare services are provided by Centra Health as a convenience for students and staff. Payment for services rendered is the patient's responsibility. Liberty does not charge a universal health fee and allows students to choose their own healthcare provider.

Office hours are Monday – Friday, 8:00 AM to 6:00 PM. To schedule an appointment, please call (434) 200-6370. Additional information is provided on the Health Services webpage at http://www.liberty.edu/index.cfm?PID=451.

Liberty University Dining Services
Liberty University Dining Services are offered at several locations throughout the campus. Reber-Thomas Dining Hall, the main campus dining facility, offers three dining sessions during the fall and spring semesters: breakfast, lunch, and dinner. Other on-campus dining locations include Doc’s Diner, Simply To Go, Tilley Food Court, Timney Café, Bistro 71, Jamba Juice, Jazzman’s Café, Dunkin Donuts, Subconnection, and the Hill City Bistro.

Students residing on campus may select from a variety of meal plans and meal plan points which are added to the Flames Pass. Commuter students purchase meal plans and points on a semester basis. Many student meal plans can also be utilized at more than thirty off-campus dining locations.

To assist with special dietary needs, a registered dietitian works alongside the culinary team to ensure compliance with health food standards, make dietary restriction accommodations, and to help facilitate general nutritional education with the students.

Additional information on meal plans, nutritional information, locations, hours of operation, and other services provided can be accessed at http://www.libertydining.com.

Liberty University Postal Services
The Liberty University Postal Service exists to serve all postal needs of the University's students, staff and faculty. Offering domestic and international shipping options at a reduced rate than the general post office, Liberty University Postal Services is the best choice for all shipping and receiving needs.

The Liberty University Post Office is located in Green Hall Room 1943 and maintains hours of operation from 8:30 a.m. to 5:00 p.m., Monday-Friday. For more information related to Liberty University Postal Services, please see http://www.liberty.edu/postalservices.
Online Advising
Nina M. Shenkle, B.S., M.Ed.
Director of Academic Advising
Each student has access to professional Academic Advisors who will assist the student with choosing and scheduling courses. Academic Advisors are available to answer any questions the student may have or to help solve unexpected problems. In addition, every course is managed by a faculty member who is available to answer course-related and academic questions.

New students will need to contact an Admissions Specialist who will guide students in course selection for the first semester and assist in all other preparations until the first day of class. On the first day of the first sub-term in which students are enrolled, all questions concerning academic issues should be directed to the Academic Advising Department. Students are encouraged to contact the Academic Advising Department for help with any school-related problems they may encounter during the academic year.

Online services include Webmail and ASIST (Automated Student Information Services Tool). Webmail serves as the primary means of communication between the University and the student. Students are each assigned a personal webmail account, which they are advised to check on a weekly basis.

Using ASIST, students may register and drop courses, access and update their personal information, view their account balances, make online payments, view individual test and final course grades, email professors, view and calculate GPA, and apply for financial aid.

Online Enrollment Communications
Carissa N. Kregenow, B.S., M.B.A.
Director of Online Enrollment Communications and Development

Instructional Media
The Enrollment Communications and Development Office provides instructional media, including webinars and tutorials videos, to new and current students in order to help them successfully acclimate to the online learning environment. Webinars are offer via web conferencing, and include topics such as:
• New Student Orientation
• Fundamentals of Blackboard®
• Institute of Military Resilience
• Introduction to the Online Library
• Financial Aid 101

Tutorial videos are also available covering a variety of topics including how to register for courses in ASIST, completing Financial Check-in, and how to set up your university email on your smart phone.

For more information about instructional media offerings, or to register for a webinar event, visit http://www.liberty.edu/instructionalmedia.

Eagles Landing
In order to provide quick and easy access to information and resources that students use most frequently, students are encouraged to visit the Eagles Landing web page at http://www.liberty.edu/eagleslanding. Here they will find a plethora of relevant material, such as important dates and deadlines, department contact information, academic and career support resources, and tools for success.

Liberty Landing
Liberty Landing is a private Facebook community and virtual student union for our online student body to network with peers, seek answers from Academic Advising, be involved, and meet classmates. All new and current students are invited to join Liberty Landing by visiting http://landing.liberty.edu. While a Facebook login will be required to set up a Liberty Landing account, students may choose during setup to keep their personal Facebook profile separate from their Liberty Landing profile in order to maintain privacy.

Office of Military Affairs
Emily Foutz, B.S., M.A.
Director of Military Affairs
The Office of Military Affairs is a knowledgeable resource for servicemembers and veterans, to help those who serve achieve their academic goals. The services provided include military and veteran benefit counseling to help each student through the process of requesting Tuition Assistance and GI Bill benefits, processing and follow-through with the government agencies, and assistance when military deployment, temporary duty, and permanent change of station orders presents a challenge to academic progress.

Military Affairs partners with the military and veteran organizations to offer a wide variety of military-friendly programs, including Servicemembers Opportunity Colleges (SOC) Degree Network System (DNS), GoArmyEd, College of the American Soldier, Navy College Program Distance Learning Partnership (NCPDLP), Air University – Associate to Baccalaureate (AU-ABC) Program, and the Department of Veterans Affairs Yellow Ribbon Program.

For more information, please visit the Military Student web page at http://www.liberty.edu/militaryaffairs.

Jerry Falwell Library
Jessica Daly, B.S., M.L.S.
Coordinator, Research and Instruction
The Jerry Falwell Library services are organized and provided through a highly qualified faculty and staff. A broad range of support is provided to help students and faculty use information resources and technology effectively. These services include online tutorials, topic-specific workshops, personalized research assistance, and software support.

The Jerry Falwell Library provides services and resources to students in the Liberty University Online programs. Online students can access virtually all database resources through a proxy login system. In addition, online students have direct toll-free telephone, chat, and email support through the library’s Online Call Center, which provides access to research and instruction librarians and staff.

The Jerry Falwell Library is committed to being the primary library for Liberty University Online students by offering timely personal contact and document delivery in order to meet their academic needs. This includes the delivery of books and journal articles as well as research and reference services.

Liberty University Online students can contact the library by email: research@liberty.edu chat: http://www.liberty.edu/library/chat-faq/ local phone: (434) 582-2221 and toll-free phone: (800) 424-9595 then select the “Additional Support Office” option.

Online Writing Center
Shelah Simpson, B.S., M.A.R., M.A.
Director, Online Writing Center
Assistant Professor of English
The Online Writing Center (OWC) was established as part of Liberty’s efforts to improve student writing and thus offers writing-related services tailored to the University’s online student population. Through the Online Writing Center web page (http://www.liberty.edu/onlinewritingcenter), online students can submit drafts of upcoming assignments to receive tutor feedback, schedule appointments to speak with a tutor, live, via web conferencing, e-mail quick questions to tutors, and offer suggestions for further online writing aids that the OWC should consider developing. Students may contact the OWC by emailing onlinewriting@liberty.edu.

Tutor.Com
Liberty University Online has partnered with Tutor.com, the leading live, online tutoring service in the United States. Tutor.com may be accessed by students who are part of our online student body via an Internet web browser or mobile application, with a network of more than 2,200 expert tutors available around-the-clock. Subjects include math, science,
finance, accounting, economics, social studies, English, real-time research paper review, and citizenship test preparation.

Liberty University en Español students can also receive tutoring services in Spanish. Bilingual tutors will assist in math, science, English and social studies.

This partnership also enriches and enhances the current services provided by Liberty University’s Virtual Career Center, coupling its vast resources with Tutor.com’s real-time resume/cover letter writing and review in addition to live assistance from certified career specialists.

For additional information visit the Tutor.com webpage at http://www.liberty.edu/online/index.cfm?PID=23274.

Bruckner Learning Center
S. Denise Green, B.S., M.A.
Director, Bruckner Learning Center
Assistant Professor

The Liberty University Bruckner Learning Center (BLC) has compiled resources to assist students with study skills and test preparation. These resources are available through the web page http://www.liberty.edu/academics/general/bruckner/index.cfm?PID=111.

Disability Support

The Liberty University Online Office of Disability Academic Support (LU ODAS) exists to coordinate support services for online students with a documented disability. Under Section 504 of the Rehabilitation Act of 1973, we seek to provide "reasonable" accommodations and create equal program access to all students. Our office works in conjunction with students and faculty to ensure that reasonable accommodations are made for students with documented disabilities. For more information, visit the ODAS web page http://www.liberty.edu/online/index.cfm?PID=15644 (login required) or contact the Liberty University Online ODAS staff at luodas@liberty.edu.

Intensives

Intensive course schedules, enrollment procedures, tuition and fees, transportation and lodging information are accessible online at http://www.luonline.com/index.cfm?pid=14244.

Career Center

The Career Center strives to assist students in realizing their God-given potential through developing career and education decisions that are rooted in their faith and values. They provide services and resources to help students utilize their academic training in preparation for their professional development. Through the Career Center, residential and online students, as well as alumni, have access to career services without closing hours.

CAREER SERVICES

Website: http://www.liberty.edu/career
Career Assessment Test – Focus 2 (Free to Students)
Local and Regional Industry Specific Career Fairs
LUNETWORK - Online Job Database for internships, fulltime and part-time opportunities all over the country.
Resume and Cover Letter Workshops and Critiques
Job Search and Research
Graduate School Preparation
Internships and Externships
The Washington Fellowship

Several programs are available to assist students in determining career goals and implementing appropriate educational plans. Through the Career Center, online job listings, career counseling, and a computerized career assessment, students are encouraged to explore various occupational fields, develop job-hunting skills, and research graduate education programs. Students are also encouraged to participate in externships and internships, which provide practical work experience and complement their formal education.

For more information on any of the stated topics, please visit the Career Center website at http://www.liberty.edu/career.

LUNETWORK – JOB DATABASE

Liberty University’s exclusive employer relationship database, LUNETWORK, is the on-line database that has thousands of employers looking for Liberty students, recent graduates, and alumni. Employers from all over the country (and world) are purposefully posting positions looking for Liberty talent. Postings include internships and full-time positions for both new graduates and seasoned professionals. Students and alumni can post their resume and search the database for positions all over the world. Residential and Online Students and Alumni are eligible to utilize LUNETWORK for life.

INTERNSHIP PROGRAM

All students are encouraged to complete an internship to assist with career planning and gain practical experience within their chosen field of study. Approximately sixty-percent of all interns receive a full-time job offer. Students may earn from one to six (in some cases nine) semester hours of credit. Many majors require at least three credits. All applicants for credit internships, which are listed in the University’s Catalog, are processed through the student’s academic department Faculty Internship Advisor (FIA). Contact your department to identify your FIA.

The Career Center also provides a special internship opportunity through the Washington Fellowship (WF). This program allows students to live and work in Washington D.C. where they are placed in internships relevant to their career or academic interests. Students in the WF earn six credits of internship while taking six online credits. Additional leadership and professional development training are also available to participants.

IMPORTANT INFORMATION REGARDING LICENSURE-BASED DEGREE PROGRAMS, INTERNSHIPS AND CLINICAL PLACEMENTS

Students who are pursuing degrees leading to application for professional licensure or certification, and/or who will be participating in clinical placements, internships, or practica through their Liberty University program should be aware that a criminal background check, finger printing, or drug screening may be required by Liberty University and/or the host facility.

Internships, Practica, and Clinical Placements

In such situations, each student is responsible for obtaining and paying for the background check or other screening process and for delivering required documentation to the facility. Although the university will make reasonable efforts to place admitted students in field experiences and internships, it will be up to the FIA to determine whether a student will be allowed to work at that facility.

Licensure-Based Degree Programs

Students in licensure-based degree programs are responsible for understanding the requirements of the program by becoming thoroughly familiar with the Degree Completion Plan (DCP) and the academic school’s web page that outlines degree requirements.

Students should further be aware that a criminal record may jeopardize licensure by the State certification body. Students seeking licensure are urged to contact the relevant licensing agency to determine the licensing requirements for the jurisdiction. Successful completion of a program of study at Liberty University does not guarantee licensure, certification, or employment in the relevant occupation.

Online Student Advocate Office

Joses Merat, B.S., M.A.M.L.
Director of Online Advocate Office

The Liberty University Online Student Advocate Office is committed to making the distance student’s experience at Liberty University both positive and life changing. The office works directly with advisors as well as university support offices to help students overcome obstacles on the journey from enrollment through graduation. Online students have a unique email to access these services. The Liberty University Online Advocate team is available via email at luostudentadvocate@liberty.edu or online at: www.liberty.edu/online/student-advocate-office.

Liberty University Bookstore

Course materials are not included in the cost of tuition. However, through Liberty University Online bookstore, MBS
Direct, you can purchase textbooks and related course materials, track previous orders, sell your old textbooks and much more. It is MBS Direct’s goal to minimize your textbook cost and provide you with the best online shopping experience possible. Purchases may be made online through http://www.mbsdirect.net/liberty or by phone at (800) 325-3255.

It is recommended that you purchase your course materials at least ten days before the start of your course(s) to ensure a timely delivery. When ordering, please verify whether you are enrolled in an 8- or 16-week course format. Liberty does not guarantee that required course materials will be available after the sub-term start date.

Materials for practica and required intensives can be purchased from MBS Direct. Tuition does not cover the cost of course materials.

Information Services
Matthew Zealand, B.S.
Chief Information Officer
Vice President of Analytics

IT HELPDESK
The IT HelpDesk assists students with computer problems by phone, remote assistance, or walk –in service. HelpDesk hours and other resources such as the Liberty University Knowledge Base (Ask L.U.K.E.) are published online at http://www.liberty.edu/helpdesk. The HelpDesk is located at Greer Hall Room 1539 and DeMoss Hall 2184; to contact by phone call (866) 447-2869 or (434) 592-7800.

ONLINE LEARNING PLATFORM
Liberty provides students with an online learning platform called Blackboard®. Blackboard serves a variety of purposes, allowing professors to make announcements, post assignments, and interact with students. Students will use Blackboard to submit coursework, complete online tests, and interact with their classmates.

ADMINISTRATIVE SOFTWARE APPLICATION
Liberty uses a web application called Banner to house all Liberty user account information. Banner is accessible to all Liberty staff, faculty, alumni, and students and is used to manage accounts information such as financial aid, accounts receivable, finance, and etc. Students access Banner (ASIST) from the main Liberty website and use ASIST to register for courses, complete financial check-in, view academic records, review applications, and update personal information.

TECHNOLOGY EDUCATION CENTER
The Technology Education Center (TEC) provides IT-related training to faculty and staff. Testing services are also offered to the University, students, and the general public for certification fields of expertise including Cisco®, Microsoft®, and Oracle®. For more information, visit http://www.liberty.edu/TEC to contact by phone call (434) 592-7820 or (434) 592-4600.

IT MARKETPLACE
The IT Marketplace is a one stop shop for recommended computers, software, and computer peripherals at educational pricing. The IT Marketplace place can be visited in DeMoss Hall 2184 or online at http://www.liberty.edu/ITMarketplace.

MOBILE APPLICATIONS
LUSI provides all Liberty users with three Liberty specific applications for mobile devices.

- **LU Today** is a free application that houses access to numerous Liberty focused media and news channels including Liberty News, Liberty TV Channel, Liberty Journal, Victory FM Radio and others. **Currently available for:** Palm, Android, Blackberry, iPad, iPhone, and iPod touch devices.
- **MyLibertyU** is a free suite of applications that includes on-demand access to Liberty news, athletic updates, scores and schedules, access to your courses through Blackboard Learn, a campus map with an interactive locator, access to Liberty images, videos, the course catalog, and easy access to important phone numbers. **Currently available for:** Palm, Android, Blackberry, iPad, iPhone, and iPod touch devices.

Liberty Online Communities
Liberty University Online Communities exists to engage, connect and be a source of spiritual encouragement. Various online resources are offered including:

- Live and recorded streaming events including Convocation, Campus Community, Commencement and special events. Go to www.liberty.edu/live.
- Live Chat with other online students
- Bible reading challenges
- Join the Online Communities organization in Blackboard at www.liberty.edu/bb
- Watch short video devotions from our Campus Pastors - https://goo.gl/nmMcbv
- Join our online community in Yammer - www.liberty.edu/office365
- Daily encouragement - https://www.facebook.com/LUOnlineCommunities
- Submit a prayer request

More information is available at www.liberty.edu/communities.

Convocation and Campus Church
As a dynamic institution vitally interested in the whole person, Liberty provides for physical, social, intellectual, and spiritual needs of the Liberty community. To meet these needs, Liberty provides opportunities for students to gather and serve as a community through Convocation and Campus Community services. Liberty University Online students are encouraged to attend Campus Community services as well as Convocation when completing on-campus intensives.

Collection Management Librarian

PURPOSE
The Jerry Falwell Library is the focal point of academic life at Liberty University. Strategically located in the center of campus, the library supports teaching, learning, and research by providing information, resources, spaces, and related services for the Liberty University community.

OVERVIEW
A collection of approximately 65,000 highly used and recently published titles is available for browsing. The majority of the collection is housed in an automated storage and retrieval system allowing the library to conserve space for student use. With over thirty group study rooms, seven learning commons, outside terraces, and a spacious atrium, the library has spaces to support the needs of all students. During the academic term, the library is open daily for Liberty University and surrounding communities.

INSTRUCTIONAL RESOURCES
The Jerry Falwell Library has innovative technology, including an active learning classroom where classes are offered in finding and using information. It also features perceptive pixel tables, collaborative technologies for group study, a media wall and self- serve kiosks.

The computing resources within the library consist of over 160 computers housed in a computer learning commons and stand-up stations throughout the facility. With the exception of machines reserved for library catalog searching, library computers have a variety of software titles available for student use, including Microsoft® Office, Adobe® Creative® Suite, Mathematica, and SPSS.

All library computers have a high-speed connection to the Internet. In addition, wireless network signal is available throughout the facility, allowing laptop computer and mobile device users to access the full array of network resources.

COLLECTIONS
The library is an integral part of the educational process, providing digital and traditional information resources to support the University curricula and mission. The Jerry Falwell Library collects and organizes resources across a wide range of formats, including books, periodicals, media, musical scores, curricula, and archival materials. Its physical collections consist of approximately 360,000 volume equivalents and approximately 550 current print periodical subscriptions.

While the Jerry Falwell Library continues to collect print resources aggressively, it also actively acquires electronic access to resources to accommodate both residential and online students. Digital information resources provided by the library include over 340,000 electronic items and content from more than 75,000 unique full-text journals. The library provides access to more than 550 online research resources from companies such as Alexander Street Press, American Psychological Association, EBSCO, Elsevier, Emerald, Gale, JSTOR, LexisNexis, ProQuest, Standard and Poor’s, and Wiley. A large majority of these print and electronic resources are available by searching a single discovery tool, Summon. Resources can be accessed directly from this one source or users are
able to make a request for materials to be purchased which are not currently owned by our library.

Students and faculty can request to borrow materials from libraries across the United States through the interlibrary loan service. Books and media borrowed from local and in-state libraries are often available in less than three days. Copies of periodical articles are typically delivered in digital form, often within two days or less.

The Jerry Falwell Library bears responsibility for collecting and providing access to academic publications and historical records created by members of the Liberty University community through its online repository known as the Digital Commons. Physical resources related to the history of the institution are kept in the Archives department.

CURRICULUM LIBRARY

The Curriculum Library supports the School of Education at Liberty University by providing access to a variety of instructional resources. Offerings include textbooks and teaching materials for pre-school through grade twelve as well as standardized tests. Educational games, manipulatives, and models enhance the collection.

An extensive selection of juvenile titles provides reinforcement for classes in Children’s Literature and Adolescent Literature in addition to classes in curriculum development. Materials related to educational theory and research are found in the main collection of the Jerry Falwell Library.

SERVICES

The Jerry Falwell Library services are organized and provided through a highly qualified faculty and staff. A broad range of support is provided to help students and faculty use information resources and technology effectively. These services include classroom-based instruction, topic-specific workshops, personalized research assistance, and software support. The Customer Service Center on the main floor of the library serves as a starting point for help with borrowing services, research questions, and computer assistance.

The Jerry Falwell Library provides many services and resources to students in the Liberty University Online programs. Online students can access virtually all database resources through a proxy login system. In addition, online students have direct toll-free telephone, chat, and email support through the library’s Online Call Center, which provides access to research assistance librarians and staff. A Customer Service Center, staffed with librarians and specially trained research support specialists, is available during all hours the library is open. The Jerry Falwell Library is committed to being the primary library for Liberty University Online students by offering timely personal contact and document delivery in order to meet their academic needs. This includes the delivery of books and journal articles as well as research and reference services.

MEMBERSHIPS

Academic libraries are undergoing significant changes as they adapt to the terms of a new information economy. Not only are information and technology resources in unprecedented demand, but they must be configured to support teaching, learning, and research regardless of the end user’s location. In this context, the Jerry Falwell Library benefits from collaboration with other agencies and professionals through membership in the Christian Library Consortium, Lyrasis, the Virginia Library Association, VIVA (the Virtual Library of Virginia), the Center for Research Libraries, and other information services organizations.
Programs of Study

Liberty University’s educational philosophy is based on the integration of fundamental Christian beliefs and the liberal arts tradition. Its programs are designed to prepare students to assume leadership roles in society.

Academic Programs

At the undergraduate level, Liberty University defines a degree program as a major. Concentrations and cognates within given majors are listed under the major. Liberty University defines a Concentration as a specific grouping of 18 or more credit hours that may be offered within the requirements for an Undergraduate Major or Graduate Program. A Cognate/Specialization is defined as a specific grouping of 9 to 17 credit hours that may be offered within the requirements for an Undergraduate Major or Graduate Program.

The requirements for graduation for all undergraduate programs are listed in this Catalog and on Degree Completion Plans (DCP) which can be accessed at http://www.liberty.edu/index.cfm?PID=2981. Specific Course Requirements and Course Sequences for all residential majors may be found at http://www.liberty.edu/casas.

A course planning schedule is provided in order for students to plan their classes for upcoming semesters. The planning schedule presents every class offered and the terms where it is scheduled to be taught. This schedule is sorted alphabetically by class. You can find the course planning schedule by visiting the following site: http://www.liberty.edu/academics/registrar/index.cfm?PID=23103.

Undergraduate students declare a major when they are accepted to Liberty. They may process a change of major at any time following matriculation through the College of Applied Studies and Academic Success (CASAS). Exceptions are majors which require acceptance into the program, i.e., Athletic Training, Education, Individualized Studies, Interdisciplinary Studies, and Nursing majors.

Unless published in this Catalog, no other undergraduate degree programs or major and minor fields can be offered by Liberty and students must be aware that Liberty has no responsibility to offer any degree program, major, or minor unless such information is found in this publication. At least 50% of the semester hours in the major for any program of study or minor must be earned at Liberty University with the exception of the A.A. in Interdisciplinary Studies.

Teacher Licensure

Liberty University offers teacher licensure programs which are approved by the State of Virginia Department of Education.

Those who enter the teacher licensure program must complete the academic major, be subject to the same general education requirements as all other students, and complete academic and practicum experiences related to professional teacher training.

Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at http://www.liberty.edu/uguide.

### Liberty University en Español

Liberty University en Español offers Spanish-language versions of Liberty University Online programs. The curriculum is the same as existing Liberty University Online programs, and the course requirements do not vary. The only difference in these programs is that Spanish-language versions of some of the course materials are available, and students are permitted to turn in written materials in their native language. Further information is available at [http://www.liberty.edu/online/lue-inicio/](http://www.liberty.edu/online/lue-inicio/). Completing a course or program in a language other than English may reduce employability where English is required.
**Course Identification**

Each course is identified by a four-letter prefix and a three digit number. The letters represent the academic area. The first digit will be 1, 2, 3, or 4 to indicate that the course is a freshman, sophomore, junior, or senior level course, respectively. Graduate course numbers begin with 5 and above.

College of Applied Studies and Academic Success

Faculty

All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at https://www.liberty.edu/index.cfm?action=faculty&PID=19959&CATID=23 where faculty can be searched for by Department.

PURPOSE

The purpose of the College of Applied Studies and Academic Success (CASAS) is to maximize student success, enhance the university experience, and help students discover and achieve the plan God has for them. To accomplish this, the faculty and staff manage academic testing and advising, Integrative Studies requirements, New Student Seminar (NSSR 101), Bruckner Learning Center, Disability Academic Support, Eagle Scholars Program, Center for Writing and Languages, Career Center, Center for Digital Wellness, Individualized Programs of Study and Technical Studies majors as well as Continuing Education courses.

Honor Societies

TAU SIGMA HONOR SOCIETY

Advisors: Dr. Brian C. Yates and Dr. Jacqueline J. Johnson

Tau Sigma is an academic honor society designed specifically to "recognize and promote the academic excellence and involvement of transfer students."

Tau Sigma was incorporated as a non-profit in 1999 with Auburn University being the home of the first chapter. At that time, Auburn University was becoming increasingly aware of the significant number of transfers on campus as well as the university’s inability to adequately serve them. Tau Sigma was born out of Auburn University’s desire to improve its service to and recruiting and retention of transfer students.

Today, over 60 other universities have established or are currently establishing Tau Sigma chapters in their efforts to improve the services that they provide to their transfer student population. Although Tau Sigma is a relatively young organization, many members in all parts of the country have become active at their universities, participating in such activities as on-campus recruiting events for prospective transfer students, transfer student orientation, community service projects, assisting the admissions office with the recruitment of prospective transfers at junior colleges, and participating in intramural sports and socials that allow them opportunities to fellowship with one another and make new friends.

The Liberty University Chapter was approved in fall 2008, with the first class inducted in the spring 2009. To be eligible, a student must be a transfer student having transferred at least 24 college credits and achieve at least a 3.50 GPA while taking a minimum of 12 credit hours during the first semester at Liberty University.

ALPHA LAMBDA DELTA HONOR SOCIETY

Advisors: Dr. Marilyn Gadomski and Mrs. Bessie Grayson

Alpha Lambda Delta (ALD) is a national interdisciplinary honor society founded in 1924 at the University of Illinois to recognize academic excellence among first-year students. The Liberty University Chapter provides Christian, intellectual and social enrichment, along with leadership experience for the officers, for students who will become eligible for the honor societies of their majors.

An invitation for membership is sent to students who meet the following requirements:

An invitation for membership is sent to students who meet the following requirements:
GPA of 3.50 or higher at the end of the first two semesters of college (with no repeats).

Full-time enrollment pursuing a bachelor’s degree.

Freshman transfer students must have the required GPA on the courses taken during their first semester of enrollment combined with the cumulative average of their transfer credits.

Individualized Studies Major (B.A. or B.S.)

PURPOSE

The Bachelor of Individualized Studies major is designed to provide an option for the exceptionally talented student who wishes to pursue a particular area of study not available through the structured major and minor programs.

PROGRAM LEARNING OUTCOMES

The student will be able to:

1. Demonstrate acquisition of core competencies in two content areas;
2. Assess the moral dimensions and ethical implications in two disciplines;
3. Demonstrate the integration of knowledge; and
4. Evidence the synthesis of academic knowledge and Christian values.

PROGRAM APPLICATION PROCEDURES / REQUIREMENTS

1. Complete application process.
2. Meet with Director/Professional Advisor, Individualized Programs of Study, as early as possible.
3. Minimum cumulative GPA of 3.0
4. Final approval for admission to the program is granted by the Director, Individualized Programs of Study.
5. The Individualized Studies Proposal and DCP may not be changed without the approval of the Director, Individualized Programs of Study and the respective Department Chairmen.

GRADUATION REQUIREMENTS

1. Minimum cumulative GPA of 3.0
2. Degree must be declared/approved prior to graduating semester

** Free Electives may vary depending on areas of study chosen.

TOTAL HOURS: 120 hours minimum required; at least 30 hours must be 300-400 level.

Interdisciplinary Studies Major (B.S.)

PURPOSE

The Bachelor of Science in Interdisciplinary Studies major is designed to offer a degree that enables the student to use both inter-college and interdepartmental combinations of courses that will provide a broad pattern of educational experience.

PROGRAM LEARNING OUTCOMES

The student will be able to:

1. Demonstrate acquisition of core competencies in at least two, but not more than three content areas;
2. Assess the moral dimensions and ethical implications in at least two disciplines;
3. Demonstrate the integration of knowledge; and
4. Evidence the synthesis of academic knowledge and Christian values.

PROGRAM APPLICATION PROCEDURES / REQUIREMENTS

Associate of Applied Science in Technical Studies
Major (A.A.S.)
Director: Lance McClure

PURPOSE
The Associate of Applied Science (AAS) in Technical Studies degree is a 60 credit hour program consisting of 38 hours of general education required courses, 12 core hours and 10-16 hours of required technical requirements. Instruction in most technical coursework will be delivered at Virginia Technical Institute, 201 Ogden Road, Altavista, Virginia.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate a comprehensive knowledge of the skills required by craft workers, technicians employed in the construction industry.
2. Demonstrate appropriate safety and first aid procedures.

math, identifying individual learning styles and providing intensive personal attention through tutoring and computer assistance in our Math Emporium. The ultimate goal is to move the students toward further success in mathematics. MATH 100 is offered to students who do not have strong math skills; it is a review of basic arithmetic and elementary algebra. MATH 110 is offered for those who do not have prerequisite algebra skills for college-level math. Topics reviewed include exponents, factoring, graphing, equations, and rational expressions.

Career Center

Director: Richard Glass

The Career Center provides services that equip students with the professional development skills to combine with their academic training in preparation for their career goals. Many services are also available to alumni, including resume critiques, job searching information, and other services to further career advancement or career change.

CAREER SERVICES

Website: http://www.liberty.edu/career
Career Assessment Test – Focus 2 (Free to Students)
Career Counseling
Local and Regional Industry-Specific Career Fairs
Online Job Database – LUNETWORK for internships, full-time and part-time opportunities all over the county
Career Workshops and Professional Skills Development
Resume and Cover Letter Workshops and Critiques
Job Search and Research
Mock Interviews
Graduate School Preparation
Internships and Externships
The Washington Fellowship

The Career Center is located on the first-floor of DeMoss Hall, a highly visible and easily accessible location that includes state-of-the-art meeting facilities, interview rooms, computer lab, and professional development facilities. The Focus 2 assessment combined with career counseling is available to assist students in determining career goals and implementing appropriate educational plans. Through the website, online job listings, career resource library, and a computerized interest assessment, students are encouraged to explore various occupational fields, develop job-hunting skills, and research graduate education programs. Staff, alumni, and employers conduct training workshops on topics such as resume writing, interviewing techniques, and job search strategies. Further networking opportunities are provided through Career Fairs, on-campus interviewing, and networking. Students are also encouraged to participate in experiential education programs, such as externships and internships, including the Washington Fellowship and job shadowing opportunities, which provide practical work experience and complement their formal education.

The Career Center provides online access to career services without closing hours. Our goal is to deliver professional development services, workshops and resources through online mediums without compromising the quality of service between Career Center staff and students. Career Center services and resources help students become professionals prepared for the world of work.

For more information on any of the stated topics, please visit the Career Center website at http://www.liberty.edu/career.

LUNETWORK – JOB DATABASE

Liberty University’s exclusive employer relationship database, LUNETWORK, is the on-line database that has thousands of employers looking for Liberty students, recent graduates, and alumni. Employers from all over the country (and world) are purposefully posting positions looking for Liberty talent. Postings include internships and full time positions for both new graduates and seasoned professionals. Students and alumni can post their resume and search the database for positions all over the world. Residential and Online Students and Alumni are eligible to utilize LUNETWORK for life.

INTERNSHIP PROGRAM

All students are encouraged to complete an internship to assist with career planning and gain practical experience within their chosen field of study. Approximately sixty-percent of all interns receive a full-time job offer. Students may earn from one to six (in some cases nine) semester hours of credit. Many majors require at least three credits. All applicants for credit internships, which are listed in the University’s Catalog under a 499 number, are processed through the students’ Faculty Internship Advisor located within their department. Zero-credit internships are also available; they will be listed on the student’s transcript with an appropriate departmental prefix under a 299 number. The zero-credit internships are processed through the Liberty University Career Center. For additional information regarding internships contact internships@liberty.edu.

Completed applications for internships must be submitted to the Faculty Internship Advisor (FIA) for the Department of the student’s major. Check with your department for forms and deadlines. Students are encouraged to apply for internships a semester in advance. Previous work experience does not qualify for an internship and will not be considered for academic credit.

THE WASHINGTON FELLOWSHIP

Students are also encouraged to consider participating in The Washington Fellowship. This program allows students, from all majors, to be placed in a semester-long internship in Washington, DC. Students are required to register for a six credit internship (the zero-credit internship is not open to students in this program) and take at least six credits through online courses, thus maintaining their full-time residential status as Liberty University students. On-site housing is required for all student participating in The Washington Fellowship. For more information, contact washington@liberty.edu or visit http://www.liberty.edu/washington.

IMPORTANT INFORMATION REGARDING INTERNSHIPS AND CLINICAL PLACEMENTS

Students who are pursuing degrees leading to application for professional licensure or certification, and/or who will be participating in clinical placements, internships, or practica through their Liberty University program should be aware that their host facility may require a criminal background check, fingerprinting, or drug screening. In such situations, each student is responsible for obtaining and paying for the background check or other screening process and for delivering required documentation to the facility. Although the university will make reasonable efforts to place admitted students in field experiences and internship, it will be up to the host facility to determine whether a student will be allowed to work at that facility.

Students should further be aware that a criminal record may jeopardize licensure by the State certification body. Students seeking licensure are urged to contact the relevant licensing agency to determine the licensing requirements for the jurisdiction. Successful completion of a program of study at Liberty University does not
Center for Digital Wellness

Executive Director: Dr. Sylvia Hart Frejd

The Center for Digital Wellness at Liberty University is the nation’s first Digital Wellness Center dedicated to teaching a healthy use and theology of technology. Digital technology has invaded every area of our lives and relationships and we believe there is a great need to establish some digital boundaries. This will be accomplished through raising Awareness, Education and Prevention. Our goal is to transform a culture of distraction to a culture of engagement so that every Liberty student would practice digital wellness for a lifetime.

Center for Professional and Continuing Education

Director: George Sherman

The Liberty University Center for Professional and Continuing Education (CPCE) provides residential and online professional development and community service activities through credit and noncredit offerings.

Credit offerings include certificate programs and Summer Programming. Certificate programs, generally delivered online, complement undergraduate or graduate degrees, and Summer Programming delivers in-residence academic classes through compressed schedules. Both programs award college credit which supports academic degrees.

Noncredit activities, including instructional services, consultation, technical assistance, and community education classes, conferences, workshops, etc., generally award Continuing Education Units (CEUs).

To effectively serve individuals and organizations, the CPCE offers its services through open enrollment and customized venues.

Center for Writing and Languages

Director: Tess Stockslager

The Center for Writing and Languages (CWL), formerly known as the University Writing Program (UWP), was established in 2006 as part of Liberty’s efforts to improve graduate student writing. The heart of the CWL is one-on-one coaching. The CWL—the umbrella organization over the Graduate Writing Center (GWC), Undergraduate Writing Center (UWC), Online Writing Center (OWC), Spanish Writing Center (SWC), Foreign Language Lab (FLL), and Online Foreign Language Lab (OFLL)—employs advanced students with superior writing and teaching skills to offer individualized writing instruction in their classrooms and in faculty workshops. In addition, all faculty and staff are encouraged to bring their academic work to the CWL for review and commentary by the Director.

Currently, all CWL services are free of charge to Liberty University students, staff, and faculty. Faculty may download any CWL-produced online materials for use in their classes.

GRADUATE WRITING CENTER

Director: Tess Stockslager

The GWC offers writing-related services tailored to the University’s residential graduate population, and it supports faculty members as they seek to incorporate writing instruction in their classrooms. The GWC also offers help to any Liberty University affiliated scholars seeking to publish or present their work in professional venues. A trained coach will review drafts and offer feedback, suggestions for revision, and personalized instruction on all aspects of the writing process. Coaches can help with brainstorming, grammar, punctuation, content, organization, and documentation, and help is available to students from the earliest stages of a program through the thesis or dissertation.

Coaching for counseling and seminary students is also available, by appointment, in the Center for Counseling and Family Studies in the Carter building. Residential students or faculty may contact the center by calling (434) 592-4727 or by emailing graduatewriting@liberty.edu.

UNDERGRADUATE WRITING CENTER

Director: Kristen Libka

The Undergraduate Writing Center (UWC) was established as part of Liberty’s efforts to improve student writing. Formed in 2008, the UWC builds on the programs and services already established in the Graduate Writing Center (GWC).

The heart of the UWC is one-on-one coaching. The UWC employs advanced students with superior writing and teaching skills to offer individualized writing instruction to any Liberty University undergraduate student. Residential students can schedule appointments with the UWC, and a coach will review their drafts and offer feedback, suggestions for revision, and personalized instruction on all aspects of the writing process. Coaches can help with brainstorming, grammar, punctuation, content, organization, and documentation, and they are available from the early stages of a program through the capstone project.

Residential students or faculty may contact the center by calling (434) 592-3174 or by e-mailing undergradwriting@liberty.edu.

ONLINE WRITING CENTER

Director: Shelah Simpson

The Online Writing Center (OWC) was established as part of Liberty’s efforts to improve student writing and thus offers writing-related services tailored to the University’s online student population. Through the Online Writing Center web page (http://www.liberty.edu/onlinewritingcenter), online students can submit drafts of upcoming assignments to receive coach feedback, schedule appointments to speak online with a coach, e-mail quick questions to coaches, or offer suggestions for further online writing aids that the OWC should consider developing. Students may contact the OWC by emailing onlinewriting@liberty.edu.
FOREIGN LANGUAGE LAB

Director: Alisha P. Castañeda

In addition to the writing centers, the Center for Writing and Languages offers foreign language coaching services through the Foreign Language Lab. The primary purpose of the Foreign Language Lab is to provide one-on-one and group coaching sessions for students studying American Sign Language, Chinese, French, German, and Spanish. However, coaching for students who are learning English as a second language (ESL) is also provided.

The Foreign Language Lab employs advanced undergraduate students who have native speaking ability in the offered foreign languages and advanced knowledge of the grammar and writing skills correlated to those languages. Individuals can schedule a coaching session ahead of time with the coach or come for a walk-in appointment. They will receive personalized instruction on all areas related to language acquisition, including grammar, vocabulary, appropriate writing style, and oral and auditory practice and development.

In addition to providing foreign language and ESL coaching, the Foreign Language Lab offers conversation groups in each language, including English conversation groups for non-native speakers. Conversation groups help language learners practice their listening and speaking skills in a relaxed and open setting.

The Director of the Foreign Language Lab is available to faculty for classroom presentations or for help in developing teaching aids, rubrics, or assignments. In addition, all foreign language faculty are welcome to make the lab part of their teaching aids, rubrics, or assignments. They will receive personalized instruction on all areas related to language acquisition, including grammar, vocabulary, appropriate writing style, and oral and auditory practice and development.

Persons interested in utilizing the services offered by the Foreign Language Lab may contact the lab by emailing foreignlanguagelab@liberty.edu, calling (434) 592-6514, or visiting http://www.liberty.edu/foreignlanguagelab. The Foreign Language Lab is located in the CWL suite in Green Hall 2750.

ONLINE FOREIGN LANGUAGE LAB

Director: Alisha P. Castañeda

In August 2012, the Center for Writing and Languages (CWL) opened the Online Foreign Language Lab (OFLL). While the residential Foreign Language Lab (FLL) offers customized foreign language coaching services for residential students, the OFLL reaches out to Liberty University’s online population. The OFLL provides free one-on-one coaching sessions for students studying German, Mandarin, Spanish, and English as a second language (ESL) through the Liberty University Online conversational language courses.

The OFLL employs highly qualified individuals with native-speaking ability who do not meet the language standards but are also skilled in effectively coaching and teaching essential language skills. These coaches provide personalized instruction in all areas related to language acquisition, including grammar, vocabulary, appropriate writing style, and oral and auditory practice and development. Considering the long-distance nature of online learning, students will meet with coaches via Skype and Google Hangouts. To find out more information about this center and scheduling an appointment, students can contact the OFLL by any of the following methods:

Website: http://www.liberty.edu/onlineforeignlanguagelab
Email: onlinefll@liberty.edu
Phone: (434) 592-6514

SPANISH WRITING CENTER:
CENTRO DE ESCRITURA EN ESPAÑOL

Director: Alisha P. Castañeda

The Center for Writing and Languages (CWL) also houses the Spanish Writing Center (SWC), or Centro de Escritura en Español (CEE), which provides writing coaching services for Liberty University en Español (LUE) students. The SWC aims to improve LUE’s undergraduate and graduate student populations’ writing skills by providing written and live feedback on essays and other written assignments, administering writing skills development exercises, and developing flyers and presentations with quick reference information regarding grammar, formal/academic writing standards, writing styles (MLA, APA, and Turabian), and more. By providing these free services, the SWC improves the students’ chances for academic success.

While other universities have Spanish writing centers geared toward coaching students learning the Spanish language, Liberty University’s SWC is a unique and innovative center that assists Spanish-speaking students who are writing in their native language. For more information, please visit the SWC at:

Website: http://www.liberty.edu/spanishwritingcenter
Email: spanishwritingcenter@liberty.edu
Phone: (434) 592-6514

Eagle Scholars Program

Coordinator: Frank DiGregorio

The Eagle Scholars Program provides high achieving freshman and sophomore students the training necessary for personal and professional development to become leaders throughout college and beyond. This program fosters a sense of community, bolsters academic knowledge and provides leadership and professional experience. For more information, please visit the Eagle Scholars website at http://www.liberty.edu/eaglescholars.

Students in the Eagle Scholars Program take a series of four courses to complete the program.

- ESLP 101: Introduction to Leadership: Connecting with Others
- ESLP 102: Self Leadership Development
- ESLP 201: The Art and Science of Leading Others
- ESLP 202: The Art and Science of Changing Culture

Please see the Courses of Instruction – Residential Program for complete course information.

LEAD Fellowship

Associate Director, Center for Multicultural Enrichment: Jose Hernandez

This fellowship prepares undergraduate students to excel with a holistic approach to student development. Through character development (spiritual growth, leadership, cultural competency, mentoring), academic support, career guidance, service learning and family involvement, the LEAD Fellowship fosters the success of each student through weekly workshops and experiential learning opportunities. This program targets minority, first generation, and at risk students.

Students in the LEAD Fellowship take a series of courses to complete the program:

- MENT 101: Mentoring for University Transition
- LEAD 102: Introduction to Leadership, Spiritual Life, and Cultural Intelligence
• LEAD 201: Equipped with Skill, Authenticity, and Cultural Intelligence
• LEAD 202: Leading with Skill, Authenticity, and Cultural Intelligence

Please see the Courses of Instruction – Residential Program for complete course information.

**New Student Seminar**

**Coordinator: Clint Melton**

All new students (transfer or freshman), regardless of hours transferred, credit earned through Dual Enrollment, CLEP or AP credit, are required to complete New Student Seminar (NSSR 101) prior to the beginning of their first semester at Liberty University (LU). This course is a graduation requirement, and designed to introduce an environment for success while also providing structure and support as new students navigate the academic, spiritual, social and physical campus that is LU.

**Office of Disability Academic Support**

**Director: William Denton McHaney**

The Office of Disability Academic Support (ODAS) provides academic support services for students with documented disabilities. A student who has a disability may be assigned to a Disability Academic Support advisor who has had training in accommodation of disabled students. That faculty member acts as a liaison between instructors and the individual regarding classroom accommodations and will function in a dual advising role with the CASAS Professional Advisor in the student’s chosen major. With the student’s permission, each instructor is informed that the student has a disability, and suggestions for appropriate accommodations are made, as needed and desired.

The **Osborne Assistive Learning Technology Center** provides access to computers with text reader software with synthetic speech, speech recognition software to turn speech into print, and organizational software.

**Deaf and Hard of Hearing Services** provides accommodations for students who are d/Deaf or hard of hearing. These services may include the provision of qualified Sign Language interpreters for academic classes and related events, cultural mediation, note takers, academic advising, priority classroom seating, and priority pre-registration.
College of Applied Studies and Academic Success – Online Program

Interdisciplinary Studies Major (B.S.)

PURPOSE
The Bachelor of Science in Interdisciplinary Studies degree program is designed for traditional students and adult learners with an interdisciplinary history attained through academic and/or work experience. Academic instruction is structured within a Christian worldview.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate acquisition of core competencies in at least two, but not more than three, content areas
2. Assess moral dimensions and ethical implications in at least two disciplines;
3. Demonstrate the integration knowledge; and
4. Evidence the synthesis of academic knowledge and Christian values.

APPLICATION PROCESS
1. Complete the Application for Interdisciplinary Studies major.
2. Submit the Area of Study Selection form by going to www.liberty.edu/indsareas and selecting two or three cognate choices.
3. Review of the Area of Study Selection is made by the Interdisciplinary Studies Degree Plan Coordinator. Students who have not completed enough hours in a specific area to develop an area of study will be contacted by email encouraging them to pursue a specific program area.
4. Approval is granted by the Interdisciplinary Studies Degree Plan Coordinator.
5. Students who break enrollment must resubmit the Area of Study Selection form.

Program of Study

Interdisciplinary Studies Major (B.S.)
Liberty University Online offers areas of study in Accounting, Business, Business Management Information Systems, Christian Counseling, Crisis Counseling, Criminal Justice, Education, Life Coaching, Paralegal Studies, Psychology, Religion, Social Sciences, and Special Education. An area of study represents a broad discipline of study at Liberty University.

The Interdisciplinary Studies degree program is individualized to provide flexibility and to give students options to select courses that will help them meet their academic goals. Students may take any course that fits within the discipline of study as indicated by approved prefixes on the following chart, as long as the prerequisite requirements have been met.

This program is not available for students pursuing teacher licensure. This program does not comprise a double major.

Liberty’s Interdisciplinary Studies program requires 48 credit hours for the major which can be distributed between two or three areas of study. A minimum of 15 credit hours in each area of study is required.

Students must also take INDS 400 Knowledge Synthesis for Professional and Personal Development, a 3-hour course designed to assess student mastery of content knowledge of the Interdisciplinary Studies program.

Online Areas of Study | Courses can be taken online or transferred with the following prefix: | Upper Level Credits (Minimum)
--- | --- | ---
Accounting | ACCT only | 9 credits
Business | Any combination of ACCT / BUSI / ECON | 9 credits
Christian Counseling | CCOU only | 9 credits
Crisis Counseling | CRIS only | 9 credits
Criminal Justice | Any combination of CJUS / GOVT | 9 credits
Education | EDUC only | 9 credits
Information Systems | CSIS only | 9 credits
Life Coaching | LIFC only | 9 credits
Paralegal Studies | PLAW only | 9 credits
Psychology | PSYC only | 9 credits
Religion | Any combination of BIBL / CHHI / CHMN / CHLD / CLED / EVAN / GLST / PHIL / PLED / RLGN / THEO / YOUT / WRSP | 9 credits
Special Education | EDSP only with exception of PSYC 345 and EDUC 307 | 9 credits

Transfer areas of study are approved for disciplines indicated on the following chart. These areas of study may not be offered online, or may only have limited options; however, transfer students may choose one or two of the following areas of study as long as a minimum of 15 hours have been transferred per cognate. Upper-level credits are not required in transfer areas of study; however, students must meet the institutional requirement of 30 upper-level credits for the degree program.

At least 50% of the courses for this degree must be completed through Liberty University, with the exception of students approved for the Servicemembers Opportunity Colleges.

Credit may be awarded based on the American Council on Education (ACE) Guide to Educational Experience in the Armed Services.

**Graduation Requirements:**
- 120 total hours; 30 hours of upper-level courses;
- 24 hours (50%) of the major must be taken through LU;
- 30 hours must be completed through LU (Online and/or Residential);
- 2.00 grade point average;
- Grades of “C” or higher in upper-level courses in major

**Interdisciplinary Studies Major (A.A.)**

**PURPOSE**
The Associate of Arts degree in Interdisciplinary Studies is designed as an intermediate, close-range goal for the adult learner and may act as a bridge to a Bachelor of Science degree. It enables the student to use both inter-college and interdepartmental combinations of courses that will provide a broad pattern of educational experience.

**PROGRAM LEARNING OUTCOMES**
The student will be able to evidence the synthesis of academic knowledge and Christian values.

**Program of Study**

#### Interdisciplinary Studies Major (A.A.)

**General Education: Core Competency requirements for an Associate of Arts degree are listed in the College of General Studies section of this Catalog.**

| General Education: Core Competency Requirements | 24 | 9 |
| Skills and Knowledge | 21 |
| Total hours required | 60 |
- A minimum of 15 hours must be completed through Liberty University.
- Minimum 2.00 grade point average.

**Center for Professional and Continuing Education**
Liberty University Online provides opportunities for individuals to enrich their online education in a variety of fields including undergraduate and graduate certificate programs. Additional information is available online at [http://www.liberty.edu/online/programs/certificate](http://www.liberty.edu/online/programs/certificate).
College of Arts & Sciences

Administration
Roger Schultz, B.A., M.A., Ph.D.
Dean, College of Arts & Sciences
Professor of History

Carey Roberts, B.A., M.A., Ph.D.
Associate Dean, College of Arts & Sciences
Chair, Department of History
Professor of History

Faculty
All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at https://www.liberty.edu/index.cfm?action=faculty&PID=19959&C atID=23 where faculty can be searched for by Department.

PURPOSE
The purpose of the College of Arts & Sciences is to develop Christ-centered lifelong learners who think critically, live morally, and act skillfully to make contributions in their workplaces, communities, and around the world. They will be equipped with the essential knowledge, values, and skills in disciplines focused on philosophical, cultural, and scientific achievements. Graduates from the College of Arts & Sciences will be able to apply, communicate, and expand the knowledge they have gained as they seek to glorify God in fulfilling the Great Commission.

Departments of the College include English, Family & Consumer Sciences, History, Mathematics, Modern Languages, and Philosophy. The College offers learning opportunities in American Sign Language, family and consumer sciences, fashion merchandising, child development, interior design, Chinese, English, French, Spanish, Teaching English as a Second/Foreign Language, geography, history, humanities, linguistics, mathematics, military science, philosophy, physical science, physics, and social sciences.

TEACHER LICENSURE
Liberty University offers teacher licensure programs which are approved by the State of Virginia Department of Education. Among the options available to students through the College of Arts & Sciences are courses of study leading to licensure in English, family and consumer sciences, history/social science, mathematics, Spanish, and Teaching English as a Second/Foreign Language.

Those who enter the teacher licensure program must complete the academic major, be subject to the same general education requirements as all other students, and complete academic and practicum experiences related to professional teacher training.

Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at www.liberty.edu/uguide.

DEGREE COMPLETION PLANS (DCP)
Degree Completion Plans for degree programs offered by the College of Arts & Sciences can be found online at: http://www.liberty.edu/dcps.

Air Force – ROTC

PURPOSE
The Air Force Reserve Officer Training Corps (AFROTC) offered to Liberty University students through the University of Virginia affords students the opportunity to receive United States Air Force officer training while completing undergraduate studies. AFROTC is the largest of three programs available through the Air Force to earn a commission and serve as an officer in the United States Air Force.

AFROTC offers commissioning opportunities for undergraduate students. The 4-year program is designed for students who join during their first year of college. Students take all four years of Air Science classes and attend a 4-week summer field training encampment at an Air Force Base between their second and third years.

Students may also enroll in AFROTC during their second year of college. Those seeking to complete the program in three years will dual enroll in both the AIRS 100 and AIRS 200 courses during their second year of college and attend a 4-week summer field training encampment between their second and third years.

Unless the student earns an AFROTC scholarship, there is no service obligation in the first two years of the 4-year program. However, all students who enter into the Professional Officer Course (the last two years) enter into a contractual obligation with the Air Force to serve on active duty upon commissioning.

After graduation and commissioning as second lieutenants in the Air Force, graduates serve in any number of career fields for a 4-year active duty service commitment. Interested and qualified students may compete to become Air Force pilots or combat systems officers. Successful pilot and combat systems officer candidates serve ten and six year active duty service commitments, respectively. Active duty may be delayed after graduation for those who wish to immediately pursue a graduate degree.

SCHOLARSHIP PROGRAM
Merit-based financial scholarships may be offered to highly academically competitive and qualified students already enrolled in the program. Qualified students may be offered an AFROTC scholarship for full or partial college tuition, incidental fees, textbook allowances, and a monthly subsistence allowance of at least $300. Scholarship students incur a military obligation.

Army – ROTC

PURPOSE
The Army Reserve Officers Training Corps (ROTC) offers a general military science curriculum that prepares eligible men and women to compete for a commission as an officer in the United States Army.

SCHOLARSHIP PROGRAM
Merit based financial incentives are offered to qualified students through two, three, and four-year scholarships (full tuition fees), a book allowance of $1,200 annually, and a monthly stipend of up to $500 per month. Scholarship students incur a military obligation.

INTERNSHIP
Internships are available during the summer of the sophomore year for qualified students that did not participate in ROTC during their freshmen and sophomore years. Participants are provided transportation, food, lodging, uniforms, and are paid during the 28-day camp. Students that successfully complete the internship are eligible to compete for a two-year scholarship.

CONTACT INFORMATION
Army ROTC; Liberty University; 1971 University Blvd.; Green Hall, Room 2601; Lynchburg, VA 24502. Toll-free phone number: 1-888-LU-AROTC. Email: arotc@liberty.edu.

Center for Creation Studies

David A. DeWitt, B.S., Ph.D., Director
Professor of Biology

The Center for Creation Studies is an interdisciplinary education and research institute committed to the study of the origin of the universe, the earth, life, and species. This study draws upon knowledge from religion, science, philosophy, and history.

The primary educational activity of the Center is the presentation of CRST 290, History of Life. This course is required of all Liberty students and is designed to provide a thorough understanding of the creation-evolution controversy.

Exhibits, currently located in the Science Hall teach concepts of the creation model, describe creationist research, and glorify the Creator of earth and life.

PURPOSE
The purpose of the Center for Creation Studies is to promote the development of a consistent biblical view of origins in our students. The Center seeks to equip students to defend their faith in the creation account in Genesis using science, reason, and the Scriptures. The minor in Creation Studies provides a flexible program with a broad training in scientific disciplines that relate to origins as well as the Bible. Students in science or non-science majors can benefit from the in depth study of creation and evolution.

Creation Studies Minor

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Analyze the data relating to the issues of creation and evolution.
2. Provide scientific and biblical arguments that support a literal interpretation of the biblical account of world history.

<table>
<thead>
<tr>

</table>

* Only one of these courses will count toward the minor. If BIOL 213/214/215/216 is selected, students must take all courses, but only 4 credits count toward the minor.
The English Department provides instruction in the theory and practice of writing and in the interpretation, analysis and criticism of literature, in order to prepare students for careers and for graduate study in language arts, language arts education, and literature, all contributing to a lifelong appreciation for written texts and their contexts within a Christian worldview.

**Program Learning Outcomes**

1. Formulate and express original ideas based on critical analysis of texts.
2. Analyze relationships between texts and literary and cultural history.
3. Write according to the complex demands of grammar and mechanics, purpose, audience, and discursive style.
4. Research and write in the style appropriate to the field of English.

The purpose of the Family & Consumer Sciences Department is to prepare the student to acquire the values, knowledge, and skills necessary to be proactive to strengthen the function of the contemporary family from a biblical perspective, specifically in the areas of human development/family studies, interior design/housing, food/nutrition, consumer economics/management, and clothing/textiles. The Department actively strives to help the student integrate the knowledge base to synergistically focus on the welfare of the family.

**INTERNSHIPS**

*Advisor: Matalie Howard, B.S., M.S.*

Internships (FACS 499) are required for all FACS majors. Students must be of Senior status, FACS major and must have completed 21 hours of major course work.

**FACS ASSOCIATION**

*Advisor: Matalie Howard, B.S., M.S.*

The Family & Consumer Sciences (FACS) Association is a pre-professional student organization the purpose of which is to promote student involvement in the profession throughout the University and the community. The FACS Association offers students opportunities for leadership, friendship, ministry, and career exploration. Officers are elected each spring for the following academic year. The FACS Association sponsors University activities, community projects, club meetings with special speakers, support for all FACS majors and is an exciting springboard for professional involvement.

**INTERIOR DESIGN ASSOCIATION**

*Advisor: Ruth Gomes, B.S., M.S.*

The purpose of the Interior Design Association (IDA) is to offer interior design students professional opportunities and exposure within the interior design industry. The Interior Design Association also considers its responsibility to be a promoter and a resource of other interior design organizations such as National Kitchen and Bath, Interior Design Society, WithIT (Woman in the Furniture Industry) and many other professional organizations. Also, the student led organization promotes involvement in the profession throughout the University and community. The IDA offers students opportunities for leadership, friendship, professional experience, and exposure to the interior design industry which includes field trips to places such as the High Point Market in High Point, NC.

**OMICRON GAMMA PHI HONOR SOCIETY**

FACS Honor Society: The Family and Consumer Sciences Department sponsors a FACS honor society that seeks to recognize excellence and Christian commitment among Family and Consumer Sciences students.

The purpose of the society is threefold. First, Omicron Gamma Phi represents the Christian aspect of the Honor Society. Second, it seeks to maintain a Christian worldview through the integration of biblical principles with academic content. Third, the society encourages service by the membership.

Criteria for membership:

A student must have:

1. 3.25 cumulative GPA;
2. 45 hours completed; and
3. A major in the FACS department.

**EVENT AND WEDDING PLANNING SOCIETY**

*Advisor: Mary Simpson-Alford, B.S., M.B.A.*

The purpose of the Event and Wedding Planning Society is to enhance the education and careers of students interested in the Event and Wedding Planning field by providing an introduction of careers and opportunities to cultivate professional attitudes and competencies. Furthermore, the Liberty University Event and Wedding Planning Society will provide opportunities for service.

**CULINARY CLUB**

*Advisor: Linda Kitchel, B.S., M.Ed.*

The Culinary Club works in cooperation with the Family and Consumer Sciences Department to provide students of all majors the opportunity to develop professional attitudes and competencies related to culinary arts and to enlighten knowledge of the Scripture while building these skills. The Culinary Club provides opportunity for leadership development and encourages cultural awareness by providing experiences to cook alongside students of many cultures including international students. The club’s focus is to improve culinary skills while growing in relationship with each other and the Lord. Membership is open to all campus students.
**Career Opportunities**

**Clothing/Textiles**
- Designer or Assistant Designer
- Fashion Coordinator/Buyer
- Manager of Apparel Store
- Manufacturer Representative
- Owner of an Alterations and Sewing Service

**Consumer Economics/Management**
- Consumer Education Consultant
- Free-Lance Journalist
- Manufacturer’s Representative in Industry
- Public Relations Specialist
- Research Specialist

**Foods/Nutrition**
- Dining Supervisor
- Dining Room Manager
- Director of Quality Control
- Food Service Director
- Restaurant Manager

**Human Development/Family**
- Commission of Aging Worker/Director
- Elder/Child Day Care Administrator
- Social Service Worker: City, State, Federal
- Family and Consumer Sciences Teacher:
  - Middle School, High School with teacher licensure
  - Early Childhood Educator
  - Child Life Specialist/Family Life Educator
- Youth Services Administrator

**Interior Design/Housing**
- Housing Analyst or Consultant
- Product/Sales Representative
- Real Estate Property Manager/Sales Associate
- Residential Interior Designer
- Staging

**Family and Child Development Major (B.S.)**

**PURPOSE**
The Family and Child Development program seeks to prepare students to become early childhood educators and family-related professionals who support the God-given potential of families and children. A study of human growth and development within the context of family and community provides a framework for an understanding of how people grow, learn and form relationships through the lifespan.

**PROGRAM LEARNING OUTCOMES**

1. Create a professional portfolio in Family and Consumer Sciences and Teacher Licensure that reflects application of identified concepts in foods, clothing, and family and child development.
2. Successfully complete an internship that applies acquired skills, practices positive employment relationships, and articulates Christian worldview in professional situations.
3. Apply the multi-faceted professionally recognized competencies as articulated by the Commonwealth of Virginia Department of Education.

**Program of Study**

**Family and Consumer Sciences Major (B.S.)**

**PURPOSE**
The Family and Consumer Sciences (FACS) program seeks to strengthen the individual, institution of family and communities through the dissemination of biblical knowledge and the education of professionals. This program includes family and child development, clothing, interiors, consumer economics, and foods.

**PROGRAM LEARNING OUTCOMES**
The student will be able to:

1. Develop a professional portfolio in Family and Consumer Sciences and Teacher Licensure that reflects application of identified concepts in foods, clothing, and family and child development.
2. Successfully complete an internship that applies acquired skills, practices positive employment relationships, and articulates Christian worldview in professional situations.
3. Apply the multi-faceted professionally recognized competencies as articulated by the Commonwealth of Virginia Department of Education.

Family and Consumer Sciences Teacher Licensure (B.S.)

**PURPOSE**
The NCATE approved Family and Consumer Sciences Teacher Licensure program seeks to prepare Christ-centered worldview teachers with a broad-spectrum of content knowledge and instructional skills recognized by the Virginia Department of Education Standards of Learning. This program includes family and child development, clothing, interiors, consumer economics, and foods.

**PROGRAM LEARNING OUTCOMES**
The student will be able to:
1. Create a professional portfolio in Family and Consumer Sciences and Teacher Licensure that reflects application of identified concepts in foods, clothing, and family and child development.
2. Successfully complete an internship that applies acquired skills, practices positive employment relationships, and articulates Christian worldview in professional situations.
3. Apply the multi-faceted professionally recognized competencies as articulated by the Commonwealth of Virginia Department of Education.

Teacher preparation and endorsement in Family and Consumer Sciences is available through the Department. Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at www.liberty.edu/uguide.

**Directed Courses (Required) (1-10 hrs)**
- BIOL 102 Principles of Human Biology* 3
- NAT SCI LAB 1
- PSYC 210 Developmental Psychology 3
- ECON 110 Survey of Economics* – OR 3
- ECON 214 Principles of Macroeconomics* 3

**Free Electives (9-25 hrs) [9 hours must be upper level]**

**TOTAL HOURS:** 120 hours minimum required; at least 32 hours must be 300-400 level.

Fashion and Interiors Major (B.S.)

**Fashion Merchandising Concentration**

**PURPOSE**
The Fashion Merchandising concentration seeks to prepare Christ-centered professionals for the fashion apparel industry in product development, management, merchandising, and distribution.

**PROGRAM LEARNING OUTCOMES**
1. The student will be able to successfully complete an internship that applies acquired skills, practices positive employment relationships, and articulates Christian worldview in professional situations.
2. The student will be able to create a professional portfolio in fashion merchandising that reflects experiential skills involved in the design, production, and distribution of apparel and their accessories.
3. The student will be able to use core fashion merchandising concepts and strategies to determine effective solutions to hypothetical and/or real life situations.
Program of Study

Fashion and Interiors Major (B.S.)

Fashion Merchandising Concentration

Core Competency Requirements (36-42 hrs)
- Christian Life & Thought (22-23 hrs)

Courses in the Major (39 hrs)

Core Courses (15 hrs)
- FACS 103 Introduction to Family and Consumer Sciences 1
- FACS 320 Textiles: Fibers and Fabrics 3
- FACS 350 Family Economic Decisions 3
- FACS 403 Professional Development 2
- FACS 455 Balancing Work and Family 3
- FACS 499 Family and Consumer Sciences Internship 3

Concentration Courses (24 hrs)
- FACS 222 Design and Construction I for Apparel 3
- FACS 225 Introduction to the Fashion Industry 3
- FACS 324 Specialty Fashion Markets 3
- FACS 325 Psycho-Social Aspects of Clothing 3
- FACS 351 Event Management 3
- FACS 353 Retail Merchandising for Apparel 3
- FACS 423 Fashion Promotion and Visual Merchandising 3
- FACS______ Fam./Consumer Elective (100-400 level) 3

Directed Courses (Required) (19-31 hrs)
- CHEM 105 Elements of General Chemistry 4
- ECON 214 Principles of Macroeconomics* 3
- PSYC 210 Developmental Psychology* 3
- MATH 115 Mathematics for Liberal Arts* 3
- ARTS 211 Drawing I 3
- ACCT 211 Principles of Accounting I 3
- BUSI 301 Business Law 3
- BUSI 310 Principles of Management 3
- BUSI 472 Organizational Ethics 3
- BUSI 303 International Business – OR 3
- BUSI 330 Principles of Marketing 3

Free Electives (0-6 hrs)

TOTAL HOURS: 122 minimum, at least 41 hours must be 300-400 level.

Interior Design Concentration

PURPOSE
The Interior Design concentration at Liberty University seeks to prepare Christ-centered professionals with skills to design innovative, functional, and environmentally responsible interior environments.

PROGRAM LEARNING OUTCOMES

INTERNSHIP PLO: The student will be able to successfully complete an internship that applies acquired skills, practices positive employment relationships, and articulates Christian worldview in professional situations.

PORTFOLIO PLO: The student will be able to create a professional portfolio in residential interior design that reflects the sequence from ideation to formal presentation.

CONTENT SPECIFIC PLO: The student will be able to produce work that successfully applies professionally recognized aesthetic requirements in interior design.

CONTENT SPECIFIC PLO: The student will be able to apply workable solutions to functional problems in the creation of residential interior spaces.

Fashion and Interiors Major (B.S.)

Interior Design Concentration

Core Competency Requirements (36-42 hrs)
- Christian Life & Thought (22-23 hrs)

Courses in the Major (39 hrs)

Core Courses (15 hrs)
- FACS 103 Introduction to Family and Consumer Sciences 1
- FACS 320 Textiles: Fibers and Fabrics 3
- FACS 350 Family Economic Decisions 3
- FACS 403 Professional Development 2
- FACS 455 Balancing Work and Family 3
- FACS 499 Family and Consumer Sciences Internship 3

Concentration Courses (24 hrs)
- FACS 222 Design and Construction I for Interiors 3
- FACS 225 Concepts in Interior Design 3
- FACS 243 CAD I: Computer Aided Design for Interiors 3
- FACS 245 Decorative Arts for the Interiors 3
- FACS 340 Housing: Consumer and Community 3
- FACS 345 Interior Architecture 3
- FACS 445 History of Interiors 3

Choose one course from the following:
- FACS 113 Introduction to Design
- FACS 497 Special Topics in Family and Consumer Sciences

Directed Courses (Required) (19-28 hrs)
- BIOL 102 Principles of Human Biology/Lab 3/1
- ECON 214 Principles of Macroeconomics* 3
- PSYC 210 Developmental Psychology* 3
- ARTS 211 Drawing I 3
- ACCT 211 Principles of Accounting I 3
- BUSI 301 Business Law 3
- BUSI 310 Principles of Management 3
- BUSI 472 Organizational Ethics 3
- BUSI 303 International Business OR 3
- BUSI 330 Principles of Marketing

Free Electives (0-4 hrs)

TOTAL HOURS: 120 hours minimum required. (Of this total, at least 35 hours must be 300-400 level.)

Fashion Design Concentration

PURPOSE
The Fashion Design concentration seeks to prepare professionals for the fashion apparel industry with a focus on unique individual designs in an educational setting that finds its basis in biblical values.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Successfully complete an internship that applies acquired skills, practices positive employment relationships, and articulates Christian worldview in professional situations.
2. Create a professional portfolio in fashion design that reflects skills in designing and contrasting fashion apparel that appropriately connects fabrics to creative designs.
3. Apply marketing and design skills that address the functional and decorative aspects of identified fashion markets.
Program of Study

Fashion and Interiors (B.S.)

Fashion Design Concentration

Core Competency Requirements (36-42 hrs)

Christian Life & Thought (22-23 hrs)

Courses in the Major (39 hrs)

- FACS 325 Psycho-Social Aspects of Clothing
- FACS 350 Family Economic Decisions
- FACS 455 Balancing Work and Family

Department of History

Carey Roberts, B.A., M.A., Ph.D.
Associate Dean, College of Arts & Sciences
Chair, Department of History
Professor of History

Samuel C. Smith, B.A., M.A., Ph.D.
Associate Chair, Department of History
Director, Graduate Program History
Professor of History

PURPOSE

The History Department is committed to teaching and training students toward a Christian worldview of history. Offering general education courses, major programs and graduate courses, the Department provides comprehensive instruction in history and historical methodology, encourages students to develop an integrated Christian worldview and an appreciation for America’s cultural distinctives, equips them for service, and prepares them for further education and careers.

PHI ALPHA THETA HONOR SOCIETY

Advisor: Dr. David Sneed

Phi Alpha Theta is dedicated to recognizing and encouraging excellence in the study of history. Chapter activities provide members with opportunities for sharing and advancing their professional interests. Lectures and field trips are designed to awaken historical interest, and to promote interaction between students and faculty. An annual regional meeting builds rapport with chapters at neighboring institutions.

Criteria for membership: An undergraduate student must have completed at least twelve semester hours in history with a
grade in all history courses averaging at least a 3.10 and must have a general average of at least a 3.00 in all classes.

**History Major (B.A. and B.S.)**

**PURPOSE**

The purpose of the History major is to provide students with a breadth of understanding of U.S., European, and World History.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Demonstrate mastery of a breadth of general knowledge of the field of history.
2. Apply biblical principles to the problems and issues of history.
3. Research historical topics and critically analyze historical literature, documents and data with historiographical and interpretative sophistication.
4. Convey and analyze ideas in writing.
5. Evaluate the significance of world societies and cultures.

**Programs of Study**

**History Major (B.A.)**

**Core Competency Requirements (30-36 hrs)**

- HIUS 221 Survey of American History I 3
- HIUS 222 Survey of American History II 3
- HIST 300 Historical Methodology 3
- HIST 491 Senior Capstone Seminar 3

**Concentration: History (27 hrs)**

All History courses must be upper level. At least one course is to be selected from each of the five clusters: Early Europe, Modern Europe, United States before 1865, United States after 1865, and World History.

**Directed Courses (Required) (9 hrs)**

- GEOG 200 Introduction to Geography 3

**Choose two courses (6 hrs) from the following:**

- BUSI 303 International Business 3
- ECON 110 Survey of Economics 3
- ECON 213 Principles of Microeconomics 3
- ECON 214 Principles of Macroeconomics 3

Program Learning Outcomes

The student will be able to:
1. Evaluate how various factors have influenced the development of history and civilization.
2. Apply biblical principles to the problems and issues of history.
3. Demonstrate mastery of a breadth of general knowledge of the field of history.
4. Convey and analyze ideas in writing.
5. Evaluate the significance of world societies and cultures.

Teacher Licensure

Teacher preparation and endorsement in social studies is available through the Department of History in cooperation with the Teacher Education Department. Those wishing to pursue teaching-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at http://www.liberty.edu/uguide. All teacher licensure programs have been approved by the National Council for Accreditation of Teacher Education (NCATE).

Liberty University Undergraduate Catalog – 2015-2016
The Department of Mathematics offers a major and minor in mathematical sciences for its majors; General education courses and support courses for all students, resident and non-resident; and core requirements. The Department of Mathematics plans, develops and maintains high-quality bachelor degree programs with a focus on education in both the theory and applications of the mathematical sciences. The Department of Mathematics offers opportunities for students in the mathematical sciences, including challenging courses in the physical sciences, mathematics, and computer science. The Department of Mathematics also seeks to maintain efficient, cost-effective strategies in the administration and delivery of its degree programs. The Department of Mathematics offers a major and minor in mathematics. In addition, courses for general education credit are offered in physical science and physics, as well as mathematics. The purpose of the department is to provide: 1. General education courses and support courses for all students, resident and non-resident; 2. Education in both the theory and applications of the mathematical sciences for its majors; 3. Liberal arts courses; and 4. Computer science courses.

**Liberal Arts Courses**

The Department of Mathematics offers liberal arts courses in mathematics, computer science, and related fields. The courses in the liberal arts curriculum are designed to be accessible to all students and to provide them with the knowledge and skills necessary for success in their chosen fields of study. The Department of Mathematics also provides opportunities for students to explore the mathematical sciences, including challenging courses in the physical sciences, mathematics, and computer science. The Department of Mathematics also seeks to maintain efficient, cost-effective strategies in the administration and delivery of its degree programs.

**Mathematics Courses**

The Department of Mathematics offers a broad range of courses in mathematics, including courses in calculus, linear algebra, abstract algebra, real analysis, topology, probability, statistics, and applied mathematics. The courses are designed to meet the needs of students in a variety of fields, including mathematics, science, engineering, and economics. The Department of Mathematics also provides opportunities for students to explore the mathematical sciences, including challenging courses in the physical sciences, mathematics, and computer science. The Department of Mathematics also seeks to maintain efficient, cost-effective strategies in the administration and delivery of its degree programs.

**Computer Science Courses**

The Department of Mathematics offers a broad range of courses in computer science, including courses in programming, data structures, algorithms, and computer architecture. The courses are designed to meet the needs of students in a variety of fields, including mathematics, science, engineering, and economics. The Department of Mathematics also provides opportunities for students to explore the mathematical sciences, including challenging courses in the physical sciences, mathematics, and computer science. The Department of Mathematics also seeks to maintain efficient, cost-effective strategies in the administration and delivery of its degree programs.

**Course Descriptions**

The Department of Mathematics offers a wide array of courses in mathematics, computer science, and related fields. The courses are designed to meet the needs of students in a variety of fields, including mathematics, science, engineering, and economics. The Department of Mathematics also seeks to maintain efficient, cost-effective strategies in the administration and delivery of its degree programs. The courses are described below:

- **Calculus**
  - Calculus I (MATH 111)
  - Calculus II (MATH 112)
  - Calculus III (MATH 113)

- **Linear Algebra**
  - Linear Algebra I (MATH 211)
  - Linear Algebra II (MATH 212)

- **Abstract Algebra**
  - Abstract Algebra I (MATH 311)
  - Abstract Algebra II (MATH 312)

- **Real Analysis**
  - Real Analysis I (MATH 321)
  - Real Analysis II (MATH 322)

- **Topology**
  - Topology I (MATH 331)
  - Topology II (MATH 332)

- **Probability and Statistics**
  - Probability (MATH 341)
  - Statistics (MATH 342)

- **Applied Mathematics**
  - Differential Equations (MATH 351)
  - Numerical Analysis (MATH 352)

- **Programming**
  - Introduction to Computer Science (CS 101)
  - Data Structures (CS 201)

- **Computer Architecture**
  - Computer Architecture I (CS 301)
  - Computer Architecture II (CS 302)

- **Mathematics for Science and Engineering**
  - Mathematics for Science (MATH 101)
  - Mathematics for Engineering (MATH 102)

- **Mathematics for Business and Economics**
  - Mathematics for Business (MATH 103)
  - Mathematics for Economics (MATH 104)

- **Mathematics for Social Sciences**
  - Mathematics for Social Sciences (MATH 105)

- **Mathematics for Education**
  - Mathematics for Education I (MATH 106)
  - Mathematics for Education II (MATH 107)

**Liberal Arts Courses**

The Department of Mathematics offers a wide array of liberal arts courses in mathematics, computer science, and related fields. The courses are designed to meet the needs of students in a variety of fields, including mathematics, science, engineering, and economics. The Department of Mathematics also seeks to maintain efficient, cost-effective strategies in the administration and delivery of its degree programs. The courses are described below:

- **Logic and Set Theory**
  - Logic and Set Theory I (MATH 201)
  - Logic and Set Theory II (MATH 202)

- **History of Mathematics**
  - History of Mathematics I (MATH 211)
  - History of Mathematics II (MATH 212)

- **Mathematics for the Humanities**
  - Mathematics for the Humanities I (MATH 221)
  - Mathematics for the Humanities II (MATH 222)

- **Mathematics for the Arts**
  - Mathematics for the Arts I (MATH 231)
  - Mathematics for the Arts II (MATH 232)

- **Mathematics for the Social Sciences**
  - Mathematics for the Social Sciences I (MATH 241)
  - Mathematics for the Social Sciences II (MATH 242)

- **Mathematics for the Natural Sciences**
  - Mathematics for the Natural Sciences I (MATH 251)
  - Mathematics for the Natural Sciences II (MATH 252)

- **Mathematics for the Business and Economics**
  - Mathematics for the Business and Economics I (MATH 261)
  - Mathematics for the Business and Economics II (MATH 262)

- **Mathematics for the Computer Science**
  - Mathematics for the Computer Science I (MATH 271)
  - Mathematics for the Computer Science II (MATH 272)

**Department of Mathematics**

Robert B. Young, Jr., B.S., M.S.
Chair, Department of Mathematics
Associate Professor of Mathematics

Timothy Van Voorhis, B.S., M.S., Ph.D.
Associate Chair, Department of Mathematics
Associate Professor of Mathematics

**Purpose**

The Department of Mathematics plans, develops and maintains high-quality bachelor degree programs with a focus on education in both the theory and applications of the mathematical sciences. The Department of Mathematics also seeks to maintain efficient, cost-effective strategies in the administration and delivery of its degree programs. The Department of Mathematics offers a major and minor in mathematics. In addition, courses for general education credit are offered in physical science and physics, as well as mathematics. The purpose of the department is to provide:

1. General education courses and support courses for all students, resident and non-resident;
2. Education in both the theory and applications of the mathematical sciences for its majors;
3. An appreciation of the importance of the role the mathematical sciences play in society; and
4. Experience in the use of a Computer Algebra System (CAS) in a laboratory setting.

**KAPPA MU EPSILON HONOR SOCIETY**

*Advisor: Professor Robert Young*

Kappa Mu Epsilon (KME) is a specialized honor society in Mathematics. Each chapter is encouraged to be a working organization throughout the academic year, functioning as an integral part of the mathematics department in the promotion of a number of worthwhile extra-curricular activities. The objective of KME since its inception has been the fulfillment of its motto which is to “develop an appreciation for the beauty of mathematics.” The purposes of KME are to further the interests of mathematics in those schools which place their primary emphasis on the undergraduate program and to recognize and honor outstanding scholastic achievement among undergraduate students in mathematics.

The criteria for membership are as follows:

1. Must be or have been a faculty member or a regularly enrolled student at an institution where a Kappa Mu Epsilon chapter is installed;
2. Must have completed at least three semesters (or five quarters) of the college course and rank in the upper 35% of his/her class;
3. Must have completed at least three college courses in mathematics including at least one semester (or two quarters) of calculus and attained an average of “B” or better in all mathematics courses; and
4. Must have completed at least one semester (one quarter) at the institution, or must have transferred from another institution, and have completed at least one mathematics course with a “B” or better at the institution prior to his/her induction into membership.

Election to membership shall be irrespective of membership in any other organization, and no person shall be excluded on the grounds of sex, race, creed, or color.

**Career Opportunities**

**Graduate School**
- Mathematics
- Sciences (medical and non-medical)
- Statistics
- Computer Science
- Actuarial Science
- Finance/Economics
- Applied Mathematics

**Job Market**
- Any industry requiring problem solving and computer use
- Computer Science
- Operations Research
- Data Processing
- Financial and Insurance Industries
- Engineering

**Teaching**
- Private Schools
- Public Schools

**Mathematics Major (B.S.)**

**PURPOSE**

The purpose of the mathematics major is to present the basic concepts and methods in modern mathematics, to develop the student's ability to think critically using the axiomatic method, and to apply these ideas to other disciplines. This major provides the mathematical background for students preparing for (1) certification in secondary education; (2) graduate study in a mathematical discipline; (3) a career in an area using mathematics, such as engineering, economics, statistics, or actuarial science.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Solve problems using the appropriate mathematical expertise.
2. Use abstract reasoning to rigorously evaluate mathematical hypothesis, and formulate and communicate mathematical analysis and arguments.
3. Critically analyze and investigate complex phenomena of the physical and/or socio-economic worlds by representing these problems mathematically.
4. Articulate how a biblical/Christian worldview informs one’s vocation and professional practices.
5. Use appropriate technology to solve practical problems, access mathematical information, and develop mathematical insight.

**TEACHER LICENSURE**

Teacher preparation and endorsements in mathematics are available through the Department of Mathematics in cooperation with the Teacher Education Department in the School of Education. Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education. The School of Education is NCATE accredited for teacher education. Licensure information is also available at http://www.liberty.edu/uguide.

### Department of Modern Languages

Stephanie L. Blankenship, B.A., M.A.

Chair, Department of Modern Languages

Assistant Professor of Spanish

**PURPOSE**

With a vision for global engagement, the Department of Modern Languages provides Christian worldview instruction in the study of written, spoken, expressed language, translation and interpretive skills, endemic literature, and cultural studies related to modern languages. The Department emphasizes the theory and practice of the applied discipline of second language acquisition, as well as linguistic analysis, in order to prepare students for future careers, ministry opportunities, and graduate study in languages, language education, and the language arts.
**Honor Societies**

SIGMA DELTA PI SPANISH HONOR SOCIETY

**Purpose**

1. To recognize those who attain excellence in the study of the Spanish language and in the study of the literature and culture of the Spanish-speaking peoples.
2. To honor those who have contributed to the furthering excellence in the study of the Spanish language and culture through honorary membership.
3. To foster interest in Spanish language and culture among students of Liberty University and in the Lynchburg community.
4. To encourage the involvement of both native and non-native Spanish speakers in community service and leadership.
5. To promote student scholarship and encourage continued language study after graduation.

**Requirements**

1. 3.00 overall GPA
2. 3.25 GPA in Spanish coursework
3. At least one class in upper division Spanish coursework (300+)

**Career Opportunities**

Business: Second-language Instruction
Civil Services: Sign Language Interpreter
Graduate school: Teaching
Ministry: Translation
Law: Writing
Professions

**American Sign Language and Interpreting Major (B.A.)**

**PURPOSE**

The purpose of the program is to equip students with the knowledge base and skill set to prepare them for effective Sign Language interpreting and meaningful interaction with the Deaf community.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:
1. Communicate in a linguistically and culturally appropriate way through the use of American Sign Language.
2. Recognize and model various sociolinguistic elements, values, and concerns of the culturally Deaf.
3. Facilitate communication effectively between hearing individuals and the Deaf.
4. Synthesize the interpreter's professional ethics, identity, and role with a Christian worldview.

**Program of Study**

**American Sign Language and Interpreting Major (B.A.)**

**Free Electives (0-7 hrs)**

**TOTAL HOURS:** 122 hours minimum required; at least 45 hours must be 300-400 level.

**Spanish Major (B.A.)**

**PURPOSE**

Liberty University’s Spanish program exists to equip candidates to communicate in Spanish at a high level of proficiency in a wide variety of contexts with native Spanish speakers or to pursue advanced study in the field. Toward this end, the program seeks: 1) to develop the necessary curricular offerings and practical opportunities for student achievement in the areas listening, speaking, reading, writing, and culture; 2) to develop strategies for providing students with both curricular and practical opportunities which make the most efficient and effective use of the department’s academic, physical, and budgetary resources; and 3) to provide graduates with the highest quality of both professional preparation and professional accreditation and licensure.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:
1. Critique, analyze, and interpret authentic Spanish language texts.
2. Analyze Hispanic culture and its various expressions in terms of a biblical worldview.
3. Communicate orally in Spanish, demonstrating listening comprehension skills, speaking proficiency, correct grammar, and appropriate vocabulary.
4. Demonstrate written communication skills, including the ability to produce clear, logical, and grammatically and syntactically appropriate Spanish-language compositions.
5. Evaluate Hispanic cultural practices and perspectives within a broad political, social, and historical framework.

#### Teaching English as a Second/Foreign Language Major (B.A.)

**PURPOSE**

Liberty University’s TESL program exists to equip candidates to teach English in a wide variety of contexts to speakers of other languages or to pursue advanced study in the field. Toward this end, the program seeks: 1) to develop the necessary curricular offerings and practical opportunities for student achievement in the areas of general linguistics, the linguistic features of the English language, cross-cultural dynamics, and curriculum and methodology in TESFL; 2) to develop strategies for providing students with both curricular and practical opportunities while making the most efficient and effective use of the department’s academic, physical, and budgetary resources; and 3) to provide graduates with the highest quality of both professional preparation and professional accreditation and licensure.

#### PROGRAM LEARNING OUTCOMES

The student will be able to:

1. Adapt the principles of language learning to multiple contexts.
2. Analyze and communicate the syntactic, morphological, phonological and discourse features of English.
3. Analyze and apply the ways in which the Christian worldview affects the TESL practitioner’s work.
4. Conduct linguistic analysis of various world languages and present findings both orally and in writing.
5. Evaluate differences and problems that occur in human behavior and values in cross-cultural and cross-linguistic settings.
American Sign Language Minor

PURPOSE
The purpose of the American Sign Language Minor is to equip students with the knowledge base and skill set to prepare them for meaningful interaction with the Deaf community.

American Sign Language Minor (18 hrs)

ASLI 101 American Sign Language I 3
ASLI 102 American Sign Language II 3
ASLI 201 American Sign Language III 3
ASLI 202 American Sign Language IV 3
ASLI 310 Deaf Studies 3
ASLI 313 Introduction to Interpreting 3

Chinese Minor

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Communicate orally in Chinese, demonstrating speaking proficiency, correct grammar, and appropriate vocabulary.
2. Produce logical, grammatically and syntactically appropriate Chinese-language compositions.

Chinese Minor (15 hrs)

CHIN 101 Elementary Chinese I 3
CHIN 102 Elementary Chinese II 3
CHIN 201 Intermediate Chinese I 3
CHIN 202 Intermediate Chinese II 3
CHIN 497 Special Topics in Chinese – 3

French Minor

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Communicate orally in French, demonstrating listening comprehension skills, speaking proficiency, correct grammar, and appropriate vocabulary.
2. Demonstrate written communication skills, including the ability to produce clear, logical, and grammatically and syntactically appropriate French-language compositions.

French Minor (15 hrs)

FREN 102* Elementary French II 3
FREN 201 Intermediate French I 3
FREN 202 Intermediate French II 3

German Minor

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Use the German language to function in a variety of everyday contexts.
2. Analyze the significance of particular aspects of language and culture for the German-speaking regions of Europe.

German Minor (15 hrs)

GRMN 101 Elementary German I 3
GRMN 102 Elementary German II 3
GRMN 201 Intermediate German I 3
GRMN 202 Intermediate German II 3
GRMN 497 Special Topics in German 3

Linguistics Minor

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Analyze language data based on linguistic concepts.
2. Explain the functions of fundamental linguistic constructs in relation to how language works.

Linguistics Minor (18 hrs)

Foundations:
LING 213 Introduction to Linguistics 3
LING 305 Linguistics Analysis 3
LING 451 Phonetics and Phonology 3
LING 452 Morphology and Syntax 3

Choose two of the following courses (6 hrs):
LING 280 Field Language Learning 3
LING 300 Cultural Anthropology 3
LING 453 World Languages 3

Spanish Minor

Spanish Minor* (15 hrs)

SPAN 201 Intermediate Spanish I 3
SPAN 202 Intermediate Spanish II 3
SPAN Electives (300-400 level) 9

* Those students with prior language study are encouraged to consider CLEP for lower level language credits.

Department of Philosophy

Gary R. Habermas, B.R.E., M.A., Ph.D.
Chair, Department of Philosophy
Distinguished Research Professor of Apologetics and Philosophy

Edward N. Martin, B.A., M.A., Ph.D.
Co-Chair, Department of Philosophy
Director, Master of Arts in Philosophical Studies
Professor of Philosophy and Theology

PURPOSE
The B.A. in Philosophy equips the student with critical skills, knowledge, and values to positively impact today's world. Philosophy majors rank highest among non-science majors on the GRE exam, and rank first amongst all majors in the verbal section. This may be in part because of Philosophy's central emphasis on: 1) studying some of history's most articulate and clearly expressed models of communication; 2) developing one's personal style and skills of
written and verbal communication based on those classical and contemporary models; 3) fostering a deepening love for the Lord, who is Himself "The Word"—God's clear communication of Himself for us and our salvation; 4) applying problem-solving skills to life's greatest theoretical and practical questions we are uniquely positioned in God's creative order to know about, ponder, and begin to answer (amidst the explosion of knowledge and the haunt of technology); 5) evaluating and critiquing various arguments and diverse positions by the best minds—both believers and non-believers; and 6) doing each of the above alongside caring, compassionate faculty specially trained to produce Philosophers to change our world for Christ's Kingdom here, now, today.  

C. S. Lewis famously stated that the world needs good philosophy, if for no other reason, to answer bad philosophy. Our philosophy is Christ-centered, our God is "the true God, and eternal life" (I John 5:20), and our message must be clear: we seek to provide our communities, our churches, and our world with men and women on fire for the Truth of the Word of God, the only hope in a hopeless world! We seek to train philosophically-able Champions for Christ who, "with gentleness and respect" (I Pet 3:16), can "demolish arguments and every pretention that sets itself up against the knowledge of God, and...take captive every thought to make it obedient to Christ." (II Cor 10:5) The Christian worldview is the most powerfully compelling and best explanation for all the phenomena of which humans are aware. But, so often, as G. K. Chesterton quipped, it is not that Christianity has been tried and found wanting; rather, it has been found difficult and so often left untried. We want our students to know not only what they believe, but why they believe it. So, we are devoted to producing men and women who acknowledge not only that Jesus is Lord, but that, as Dallas Willard remarks, Jesus is brilliant. For in Him "are hidden all the treasures of wisdom and knowledge." (Col. 2:3) The program focuses on the classical philosophical areas of study, including metaphysics, epistemology, logic, aesthetics, ethics, and philosophy of religion, and provides a strong, impactful foundation for living as an agent of Christ-honoring, Christ-centered cultural and spiritual transformation in our world. For those interested to seek further studies in many diverse fields at the graduate level, the Philosophy major provides an excellent basis for further studies in seminary, law, the humanities and the sciences. Majoring in Philosophy is not only exemplary preparation for ministry, but also serves as a great grounding for graduate studies in English, theology, leadership or management, business, counseling, History, politics, law, philosophy, and a full range of other related fields (such as philosophy, ancient or modern languages, mathematics, linguistics, art history, journalism, government, etc.).

**PHI SIGMA TAU – INTERNATIONAL HONOR SOCIETY IN PHILOSOPHY**

**Advisor: Dr. Thomas A. Provenzola**

PHI SIGMA TAU has as its essential purpose to promote ties among philosophy departments in accredited institutions and students in philosophy nationally. The Society exists with the following objectives: (1) to serve as a means of awarding distinction to students having high scholarship and personal interest in philosophy; (2) to promote student interest in research and advance study in this field; (3) to provide opportunities for the publication of student research papers of merit; (4) to encourage a professional spirit and friendship among those who have displayed marked ability in this field; and (5) to popularize interest in philosophy among the general collegiate public. The Society sponsors several colloquia and conferences, on both a local and national level, throughout the academic year.

**Criteria for Membership:**

Undergraduate students are eligible for active membership if they have completed three semesters of college course work, are ranked in the upper 35% of their class, and have completed (or are registered in) at least two semester courses (six credit hours) in philosophy with a mean overall grade which is greater than a 3.00. Graduate members are eligible if they (a) meet the requirements for undergraduates, or (b) have completed at least one third of the residence requirements of the Master's Degree with a mean grade of 3.50.

**Philosophy Major (B.A.)**

**PURPOSE**

The major in Philosophy is designed to provide a thorough, biblically based, cognitive and spiritual foundation for effective ministry and advanced studies in Philosophy, Law, Apologetics, Theology, and a wide diversity of related areas of study. For over two millennia, Philosophy has been recognized as one of the leading "liberal arts" available to teach and train the soul to become wise and prepared for service to God and neighbor, since the study of Philosophy has as its goal the development of the person in all those areas that constitute human flourishing and maturity. The Apostle Paul speaks of these areas together, constituting for the Christian believer what we normally call "spiritual growth," as e.g., in the five or six recognizable areas of requirements for elders in the church (cf. I Tim 3, Titus 1), namely, intellectual, moral, social, psychological, physical and emotional development of the cardinal virtues (wisdom, justice, courage, temperance) and Christian virtues (faith, hope and love).

**Program Learning Outcomes**

The student will be able to:

1. Conduct research using primary and secondary sources in an informed and critical way.
2. Evaluate the central concepts and arguments in the history of Western Philosophy.
4. Defend a philosophically informed worldview.

College of Arts & Sciences – Online Program

History Major (B.S.)

PURPOSE
The purpose of the History major is to provide students with a breadth of understanding of U.S., European, and World History.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate mastery of a breadth of general knowledge of the field of history.
2. Apply biblical principles to the problems and issues of history.
3. Research historical topics and critically analyze historical literature, documents and data with historiographical and interpretative sophistication.
4. Convey and analyze ideas in writing.
5. Evaluate the significance of world societies and cultures.

Faculty

All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at https://www.liberty.edu/index.cfm?action=faculty&PID=19959&C atID=23 where faculty can be searched for by Department.

PURPOSE

The College of General Studies (CGS) was founded in 2011 to organize and deliver general education coursework to the University’s freshman- and sophomore-level students. CGS offers courses in areas such as English, technology, humanities/fine arts, natural science, mathematics, and social/behavioral sciences, and has a dedicated faculty who focus on delivering innovative and effective education to their students.

GOALS

The College of General Studies’ goals include:
1. Enriching the freshman and sophomore experience in the classroom through a rigorous and coherent sequence of courses;
2. Increasing student success through programs such as freshman learning communities and pedagogical innovations; and
3. Supporting students’ learning with easy access to academic services.

In addition, the College of General Studies spearheads University instruction and assessment efforts in relation to core competencies such as communication and critical thinking.

CENTER FOR CULTURAL STUDIES

Founded in Fall 2015, the Center for Cultural Studies, housed in the College of General Studies, offers coursework, lectures, and community events relating to the study of culture in its many forms. Topics discussed include pop culture, race relations, technology, film, and current events. For more information, contact the College of General Studies.

General Education Guidelines

The general education component is tailored to the individual degree program by drawing from the University’s approved general education course options. The institution requires in each undergraduate degree program the successful completion of a general education component at the collegiate level that:

1. is a substantial component of each undergraduate degree;
2. ensures breadth of knowledge; and
3. is based on a coherent rationale.

For degree completion in associate programs, the component constitutes a minimum of 15 semester hours or the equivalent. For baccalaureate programs, the component constitutes a minimum of 30 semester hours or the equivalent. These credit hours must include at least one course from each of the following areas.

1. humanities/fine arts (HFA);
2. social/behavioral sciences (SBS); and
3. natural science/mathematics (NSM).

A complete listing of approved courses is displayed in the “Approved Residential General Education and Integrative Courses” and the “Approved General Education Courses for Online Programs” sections. The courses do not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession. The institution provides a written justification and rationale for course equivalency.

Rules/Principles for Approval of General Education Courses

1. Required General Education courses must be general;
   a. General education courses must be open to students of all majors, without heavy loads of prerequisite requirements
   b. Courses must not be reducible to a narrow or focused skill (e.g. guitar lessons cannot substitute for Music Appreciation)
   c. Courses must contribute to preparing students for a breadth of degree programs/careers
2. General Education courses contribute to the University’s plan to ensure that students satisfy certain Core Competencies.
3. In the event that a 300- or 400- level course is required to fulfill a requirement as a general education course, it must not be considered part of any major/program requirements (directed electives are acceptable, however).

Information Technology

PURPOSE

Information Technology (INFT) is designed to assist students in developing and demonstrating foundational technology competency and proficiency that will lead to success in their college program coursework and future careers. All incoming residential students, both freshmen and transfer, have the option to take an assessment in Information Technology their first semester to determine basic competency. The Information Technology assessment covers areas in Microsoft® Office: Word,
Excel, Power Point, and Outlook, as well as file management and basic computer concepts.

The competency requirements may be met by either passing the assessments or taking a course, INFT 110 (Computer Concepts and Applications). In addition, students may complete a combination of assessments and coursework (INFT 102, 103, and/or 104) to fulfill the competency requirements. Online students develop their technology skills by other varied means, and online students beginning at Liberty complete UNIV 104 (Instructional Technology for Online Learning) to assure technological competency.

**General Education Requirements for Residential Programs**

The College of General Studies oversees the majority of courses included in the University’s General Education Requirements, which were adopted in 1990 by the faculty of Liberty University for all baccalaureate degree students. While the list of courses that comprise the general education core remains largely unchanged, the arrangement of courses now reflects the University’s commitment to develop core competencies in undergraduate students. The goal is to ensure that all undergraduate students demonstrate college-level knowledge and skills that prepare them both to fulfill the specific requirements of their individual college/school and major fields of study and to translate their learning into a variety of career contexts. An undergraduate curriculum of required basic General Education courses serves as a foundation for later specialization.

**CORE COMPETENCIES, DEFINITIONS, AND OUTCOMES**

**Communication:** The ability to elicit, synthesize, and respond clearly to quality information in an effective, correct, and appropriate format.

**Learning Outcomes**
1. Produce well-structured, grammatically sound writing in various modes of discourse.
2. Communicate with clarity.
3. Recognize standard usage in English grammar, word choice (diction), phraseology, and sentence structure.
4. Apply knowledge of sentence structure to basic sentence editing and revision.
5. Write a persuasive analysis of a literary work.
6. Integrate sources accurately and effectively.
7. Deliver effective public oral presentations using situationaly appropriate verbal and non-verbal messages.

**Information Literacy:** The ability to identify, assess, organize, and report information responsibly as enabled by technology and other resources.

**Learning Outcomes**
1. Determine the nature and extent of information needed.
2. Collect or retrieve and evaluate the information that is appropriate to the academic level or discipline.
3. Demonstrate knowledge of many of the economic, legal, and social issues surrounding the use of information.
4. Analyze the meanings of images and visual media.
5. Access and use information legally and ethically.
6. Use, individually or as a member of a group, information effectively to accomplish a specific purpose.

**Critical Thinking:** The process of evaluating information gained through observation, reflection, or research, to reach logical conclusions and to guide decision-making.

**Learning Outcomes**
1. Evaluate information to determine if it is supported by the evidence.
2. Determine the relevance of information in evaluating an argument or conclusion.
3. Recognize flaws and logical inconsistencies in an argument.
4. Generate conclusions based on credible research, analysis, and interpretation.
5. Apply reading comprehension strategies including interpreting, evaluating and analyzing written content.

**Math, Science, and Technology:** The reasoning, quantitative, and technology proficiencies necessary for general life skills and application to a wide variety of disciplines.

**Learning Outcomes**
1. Solve problems (including word problems) utilizing arithmetic concepts and algebraic equations.
2. Interpret information presented in various graphs and diagrams.
3. Solve problems requiring insight or logical reasoning.
4. Demonstrate basic competency in operating systems, word processing, spreadsheets, email, and presentation software.
5. Distinguish between scientific data and scientific interpretation.
6. Distinguish between empirical and historical science.

**Christian Life & Thought:** The biblical worldview is a coherent way of understanding God, humanity, and the world; it derives its principles from the Bible and applies them in order to direct belief and action.

**Learning Outcomes**
1. Define worldview as a concept.
2. Identify the components of a biblical worldview.
3. Know the difference between a biblical and non-biblical worldview.
4. Apply a biblical perspective to topics such as the natural world, human identity and relationships, and culture and civilization.
5. Practice his or her chosen major/program of study in a manner consistent with a Biblical/Christian worldview.

**CORE COMPETENCY REQUIREMENTS**

Degree Completion Plans for residential students are organized according to core competencies, basic knowledge and skills that all students need for successful completion of their program of study. The General Education Requirements for some majors may vary; however, the General Education Requirements for most majors leading to the Bachelor of Science in the residential degree programs are:

<table>
<thead>
<tr>
<th>Bachelor of Science (58-65 hrs)</th>

**SKILLS AND KNOWLEDGE** 6-12 hrs
## Approved General Education Courses for Online Programs

The general education courses support the mission and philosophy of Liberty University. All associate and bachelor degree-seeking students are required to complete the general education requirements.

Courses with an asterisk (*) are offered online. Courses without an asterisk have been approved to satisfy general education requirements through transfer or residency. Students should not take courses at another institution without written Transient Approval.

The following list contains online (distance education) general education courses including all those that fall into each of the three areas listed below.

1. humanities/fine arts (HFA);
2. social/behavioral sciences (SBS); and
3. natural science/mathematics (NSM).

### Communication

**Approved General Education Course List at** [www.luonline.com/generaleducation](http://www.luonline.com/generaleducation)
MATH transfer credit (1XX, 2XX, 3XX, 4XX) may be considered through the course substitution process.

**Natural Science**
- BIOL 101 *Principles of Biology* NSM
- BIOL 103 *Principles of Biology Lab* NSM
- PHSC 210 *Elements of Earth Science* NSM
- PHSC 211 *Elements of Earth Science Lab* NSM

Any 100-400 level course from the following disciplines that meets the University’s general education guidelines:
- BIOL, CHEM, ENVR, NASC, PHSC and PHYS

**Technology**
- UNIV 104 *Instructional Technology for Successful Online Learning*
- BUSI 201 *Intermediate Business Computer Applications*
- CSIS 111 *Introduction to Programming*
- CSIS 112 *Advanced Programming*

**Information Literacy**
- ENGL 102 *Composition and Literature* HFA
- ENGL 103 *Technical Communication for the Professions*

**History**
- HIEU 201 *History of Western Civilization I* SBS
- HIEU 202 *History of Western Civilization II* SBS
- HIEU 425 *The French Revolution and the Napoleonic Era* SBS
- HIUS 221 *Survey of American History I* SBS
- HIUS 222 *Survey of American History II* SBS
- HIUS 223 *Survey of American History I Online* SBS
- HIUS 380 *Modern American Military History* SBS
- HIUS 420 *Civil War and Reconstruction* SBS
- HIWD 370 *Comparative Civilization* SBS

Any 100-400 level course from the following disciplines that meets the University’s general education guidelines: HIEU, HIUS, HIST and HIWD

**Critical Thinking**
- PHIL 201 *Philosophy and Contemporary Ideas* HFA

**Humanities and Fine Arts**
- ANTH 203 *World Religion* SBS
- ARTS 105 *Art Appreciation* HFA
- CSTU 101 *Western Culture* HFA
- ENGL 201 *American Literature I* HFA
- ENGL 202 *American Literature II* HFA
- ENGL 215 *English Literature I* HFA
- ENGL 216 *English Literature II* HFA
- ENGL 221 *World Literature I* HFA
- ENGL 222 *World Literature II* HFA
- MUSC 103 *Music Appreciation* HFA
- THEA 101 *Theatre Appreciation* HFA

Any 100-400 level course from the following disciplines that meets the University’s general education guidelines: CSTU and PHIL.

Any 100-400 level Foreign and Modern Language course from the following disciplines that meets the University’s general education guidelines:
- CGRM, CHIN, CSMA, CSPA, FREN, GREEK, GRMN, HBRW LANG, SPAN, etc. (Conversational languages are for use in Bachelor of Science degree programs only.)

**Christian Life & Thought**

**RELIGION for Religion Majors**
- BIBL 105 *Old Testament Survey*
- BIBL 110 *New Testament Survey*
- CRST 290 *History of Life* NSM
- EVAN 101 *Evangelism and the Christian Life*
- THEO 201 *Theology Survey I*
- THEO 202 *Theology Survey II*

**Skills and Knowledge**

**Social Science**
- ECON 213 *Principles of Microeconomics* SBS
- ECON 214 *Principles of Macroeconomics* SBS
- ECON 350 *Classical Economics* SBS
- GLST 200 *Introduction to Global Studies* SBS
- GOVT 200 *Constitutional Government and Enterprise*
- GOVT 220 *American Government*
- HIEU 201 *History of Western Civilization I*
- HIEU 202 *History of Western Civilization II*
- HIEU 425 *The French Revolution and the Napoleonic Era*
- HIUS 221 *Survey of American History I* SBS
- HIUS 222 *Survey of American History II* SBS
- HIUS 223 *Survey of American History I Online* SBS
- HIUS 380 *Modern American Military History* SBS
- HIUS 420 *Civil War and Reconstruction* SBS
- HIWD 370 *Comparative Civilization* SBS
- HLTH 216 *Personal Health*
- HLTH 252 *Drugs in Society*
- PSYC 101 *General Psychology*
- PSYC 210 *Developmental Psychology*
- SOCI 200 *Introduction to Sociology*
- SOCI 201 *Social Problems*

Any 100-400 level course from the following disciplines that meets the University’s general education guidelines: ANTH, ECON, GEOG, GLST, GOVT, HIEU, HIUS, HIST, HIWD, PSYC and SOCI

**General Education**

This elective may be fulfilled by approved courses within the Humanities and Fine Arts, Natural Science, Math, Technology, History, Social Science disciplines or STEM (Science, Technology, Engineering, Math). Restrictions may apply to some majors. General education electives must meet the University’s general education guidelines.

This list of approved general education courses for online programs is published online at:
http://www.liberty.edu/online/approved-general-education-courses.

**GENERAL EDUCATION REQUIREMENTS FOR OUT OF STATE STUDENTS**

In addition to Liberty University’s general education requirements, distance education students may also be required to fulfill additional requirements set by their home states. Details by state will be added to the Degree Completion Plan. Specific Degree Completion Plans for each state whose requirements differ are available from Liberty University Online Advising.
School of Aeronautics

Administration
David L. Young, B.S., M.A., FAA COMM, INST, CFI, CFII, ME, MEI, ATP

Director of Flight Operations
Peter Spahr, B.S., MCA, FAA A&P, COMM, INST, ME, CFI, CFII
Associate Director of Flight Operations
Marc Curley, B.S., FAA COMM, INST, CFI, CFII, MEI
Associate Director of Flight Operations
Jeremy Moore, B.S., FAA COMM, INST, CFI, CFII, MEI
Associate Director of Flight Operations
Joshua Clark, B.S., M.S., FAA COMM, INST, M.E., CFI, CFII
Associate Director of Flight Operations
Kevin Martin, B.S., FAA COMM, INST, CFI, CFII
Associate Director of Flight Ops, Simulator Program Manager
Joshua Bryant, B.S., FAA INST
Associate Director of Flight Operations, Dispatch & Scheduling
Charles E. Laughlin, FAA A&P
Associate Director of Flight Operations, Maintenance Control
Tana Jamison, B.S.
Flight Training Affiliates Manager

Aviation Qualifications Legend:
- A&P – Airframe and Powerplant Maintenance Technician
- ATP – Airline Transport Pilot
- CFI – Certified Flight Instructor
- CFII – Certified Flight Instructor Instrument
- DME – FAA Designated Maintenance Examiner
- DPE – FAA Designated Pilot Examiner
- COMM – Commercial Pilot
- HELO – Helicopter Rated
- IA – Inspection Authorization
- INST – Instrument Rated
- ME – Multi-Engine
- MEI – Multi-Engine Instructor

Faculty
All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at https://www.liberty.edu/index.cfm?action=faculty&PID=19959&CatID=23 where faculty can be searched for by Department.

PURPOSE
It is the purpose of the School of Aeronautics to train and mentor young men and women to become exceptional pilots, mechanics, unmanned aerial systems operators, and flight attendants who possess excellent technical skills, sound judgment, leadership, professionalism, discipleship, and strong Christian character.

The School of Aeronautics offers a Bachelor of Science degree in Aeronautics with concentrations in commercial/corporate, missionary, and unmanned aerial systems, and a cognate in military. Additionally, Associate of Arts degrees in Aviation Maintenance Technician and Flight Attendant are available. Minors in Aeronautics and Airline Flight Attendant are also offered.

FEDERAL AVIATION ADMINISTRATION (FAA) CERTIFICATION
The School of Aeronautics is a fully certified FAA Part 141 school authorized to teach Private, Instrument, Commercial, Multi-Engine, Certified Flight Instructor, Certified Flight Instructor Instrument, and Airline Transport Pilot courses. The FAA has also certified the School as an FAA Part 147 Aviation Maintenance Technician School designed to train and to prepare aircraft technicians for A & P licensure.

The programs offered by the School of Aeronautics are Veteran’s Administration Approved.

FLIGHT TRAINING COURSE FEES
Courses that include flight training have additional course fees. Course fees for Aviation Flight Training courses vary depending on equipment used (aircraft/aircraft simulator). For a list of course fees please go to http://www.liberty.edu/registrar.

Additional course fees including Aircraft rental prices and lab fees, may vary between residential and online courses. Fees for online courses are impacted by the Flight Training Affiliate locations.
- Fees for Residential Courses: http://www.liberty.edu/media/1121/Cost%20Sheet%20FAA%202015.pdf
- Fees for Online Courses: http://www.liberty.edu/index.cfm?PID=30203
BASIC COURSE INFORMATION
The aviation and mechanic programs are FAA Part 141 and 147 certificated. Students are responsible for lab fees, in-flight instruction, aircraft rental, A & P mechanical classes, and tools. Both programs are Veteran’s Administration approved. Internships are available. All residential-flight training is conducted at Lynchburg Regional Airport.

ADDITIONAL POLICY INFORMATION
For policies concerning missed flights and other flight costs, please refer to www.liberty.edu/aviation.

VETERANS ADMINISTRATION BENEFITS
For those qualified for and using VA Benefits (Post 9/11 – Chapter 33, or Montgomery – Chapter 30), please note the requirements below:

- All course starting and ending dates correspond with the online academic schedule.
- All flight courses are 16 weeks.
- If a flight course is not completed by the end of the 16 weeks, an incomplete may be requested from your professor (2 weeks before the end of the semester) and will be a maximum of 30 days from the end of the semester.
- All unused VA funds remaining from a lab fee at the end of a certificate will be returned to the VA do not carry over to the next course.
- Authorized Training Aircraft must be the most economical aircraft for the required training. Liberty University requires an aircraft with 180 HP or lower.
- Full time online Veterans (12 credit hours) students may qualify for full Basic Allowance for Quarters (BAH) if enrolled in one of the flight courses listed below. Regulations require the BAH be funded at the rate of the online school main campus location which is Lynchburg, Virginia.
- Flight Courses:
  - AVIA 220
  - AVIA 225
  - AVIA 320
  - AVIA 325
  - AVIA 326
  - AVIA 327
  - AVIA 420
  - AVIA 422
  - AVIA 440
  - AVIA 441

Career Opportunities
Certified Flight Instructor Missionary Pilot
Commercial Pilot UAS Operator
Corporate Pilot Aircraft Mechanic
Military Pilot Other aviation related careers

DEGREE COMPLETION PLANS (DCP)
Degree Completion Plans for degree programs offered by the School of Aeronautics can be accessed online at www.liberty.edu/dcps. Course scheduling for degree programs are available at www.liberty.edu/dcps.

Aeronautics Major (B.S.)
PURPOSE
The purpose of the Aeronautics program is to train men and women to become exceptional pilots who possess outstanding knowledge, excellent technical skills, sound judgment, professionalism, and strong Christian character.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Apply biblical principles within the professional aviation environment.
2. Effectively communicate throughout the scope of the aviation career field.
3. Demonstrate a breadth of knowledge in the discipline of aeronautics.
4. Demonstrate aviation professionalism.

Commercial/Corporate Concentration
The student will be able to analyze aeronautical challenges specific to commercial and corporate operations.

Global Studies Concentration
The student will be able to:
1. Evaluate the unique safety considerations, risk management differences, and flight techniques for operations into and out of confined areas.
2. Analyze challenges of mission aviation in various cultural settings.

**ASSOCIATE OF ARTS DEGREE PROGRAMS**

In an effort to meet the educational needs of students who want a university degree, but who do not desire to complete a four-year bachelor’s program, the School of Aeronautics offers the Associate of Arts Degree in Aeronautics in Airline Flight Attendant or Aviation Maintenance Technician. These two-year degree programs combine courses in the major program of study with General Education courses and graduation requirements.

**Airline Flight Attendant Major (A.A.)**

**PURPOSE**

The purpose of the Flight Attendant Program is to train men and women to become exceptional flight attendants who possess outstanding knowledge, excellent technical skills, sound judgment, professionalism, and strong Christian character.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Apply biblical principles within the professional aviation environment.
2. Communicate effectively within the professional aviation environment.
3. Demonstrate a comprehensive working knowledge of required aeronautical information.
4. Articulate aeronautical knowledge appropriate for flight attendants.
5. Integrate safety and security measures with excellent service.

**Program of Study**

**TOTAL HOURS:** 74 hours minimum required.
**Aviation Maintenance Technician Major (A.A.)**

**PURPOSE**

The purpose of the Aviation Technician Program is to train pilots, as well as non-pilots to maintain aircraft in the context of a faith-based missionary organization; however, training is also applicable to those pursuing other careers in general, corporate and commercial aviation.

The Aviation Maintenance Technician Program is an accelerated maintenance training program designed for the FAA portion to be completed as a single block in one year and the additional Associate of Arts degree classes completed in an additional year. The curricula for this program are regulated by the Federal Aviation Administration (FAA).

**PROGRAM LEARNING OUTCOMES**

Upon successful completion of the Associate of Arts in Aviation Maintenance Technician or Aviation Maintenance Technician Certificate program, the student will be able to:

1. Demonstrate ability to read, comprehend, and apply information contained in FAA and Manufacturers Aircraft Maintenance specifications, and advisory material.
2. Complete required maintenance forms, records and inspection reports.
3. Repair and inspect aircraft electrical, avionics, airframes, and fuel systems.
4. Inspect, check, service and repair turbine engines and turbine engine installation.
5. Complete maintenance and repair tasks using the FAA Manufacturers Aircraft Maintenance specification and advisory material.

**Aviation Maintenance Technician Certificate**

Students pursuing the Aviation Maintenance Technician Certificate complete the 45-hour, FAA Part 147 program in a 12-month accelerated format. During this period the student will be able to earn a maintenance license with both Airframe and Powerplant ratings.

**EVALUATION OF TRANSFER CREDIT**

Students may transfer all semester hours earned in the Aviation Maintenance Technician Certificate program to Liberty’s Associate of Arts program.

**Programs of Study**

**Admission Requirement**

In order to be admitted into the Liberty Online BS degree in Aeronautics, the student must certify that he or she understands that degree completion requires acceptance, enrollment and completion of all flight training requirements at an LU-approved, independent Flight Training Affiante and requires the student to meet all Federal Transportation Security Administration requirements for flight training, or the student must have a Commercial Pilot Certificate issued by the Federal Aviation Administration prior to admission.
School of Behavioral Sciences

**Faculty**
All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at [https://www.liberty.edu/index.cfm?action=faculty&PID=19959&C atID=24](https://www.liberty.edu/index.cfm?action=faculty&PID=19959&C atID=24) where faculty can be searched for by Department.

**PURPOSE**
The School of Behavioral Sciences exists to promote an integrated understanding of science, practice, and faith. Programs prepare future graduates dedicated to impacting the fields of Psychology, Counseling, and Social Work within the context of a commitment to scientific competence and the demonstration of best practices supported by a Christian Worldview.

**DEGREE COMPLETION PLANS**
Degree Completion Plans for programs offered by the School of Behavioral Sciences can be accessed online at [www.liberty.edu/dcps](http://www.liberty.edu/dcps).

**Department of Psychology**

**Human Services Major (B.S.)**

**PURPOSE**
The B.S. in Human Services focuses on meeting the career goals of students who plan to enter the Human Services professions upon graduation. The courses offered within this degree provide the academic foundation necessary for students to be competitive and effective as they serve their communities.

**PROGRAM LEARNING OUTCOMES**
The student will be able to:
1. Demonstrate competence in an array of human service theories.
2. Evaluate service delivery models and programs effectiveness.
3. Discuss ethical standards for human service workers.
4. Evaluate concepts within the field of human services as they relate to biblical thought.

5. Analyze the needs of diverse clients with an appreciation of multicultural perspectives.

**Career Opportunities**
Individuals with a baccalaureate degree in Human Services may pursue the following entry level careers in the helping profession and mental health fields:

- Case worker  
- Child care worker  
- Community case worker  
- Counselor assistant  
- Day care center supervisor  
- Domestic relations worker  
- Group home case manager  
- Residential youth counselor  
- Welfare office related work

This degree offering is for students who desire to enter the helping professions directly after completing their degree. The student can obtain entry-level (non-licensed) positions within the field of case management, human services, and community outreach programs. If a student desires to go to graduate school, it is highly recommended that PSYC 355 – *Statistics in Psychology* is taken as an elective course within this degree offering.

**Free Electives (0-8 hrs)**
- PSYC 355: Statistics in Psychology

*These are approved General Education courses and may be counted in the Core Competency Requirements.

**TOTAL HOURS:** 120 hours minimum required. Of this total, at least 39 hours must be 300-400 level courses.

Liberty University Undergraduate Catalog – 2015-2016
**Psychology Major (B.S.)**

**PURPOSE**

The Department of Psychology exists to provide students with the knowledge and skills required for the development of a biblically-integrated, evidence-based psychological understanding of humankind focused on practical application and research.

**PSI CHI HONOR SOCIETY**

**Advisors: Dr. Marilyn Gadomski**

Psi Chi is the International Honor Society for Psychology. Membership in Psi Chi is an earned honor which is for life. A permanent record of your membership is preserved at the Psi Chi National Office and may be used for reference purposes such as applications for graduate school and jobs.

Psi Chi inductees are eligible to order and wear the Psi Chi honor cord at graduation. Copies of Psi Chi’s magazine, *Eye on Psi Chi*, are available in the main PSYC office in DeMoss Hall. Psi Chi members are eligible to present research papers/posters at Psi Chi programs held at national and regional conventions. In addition, members may participate in Psi Chi’s undergraduate and graduate research award competitions, and undergraduate members may submit their research for publication in the Psi Chi Journal of Undergraduate Research. The names of new members and activities of chapters are published in *Eye on Psi Chi*.

The Liberty Psi Chi chapter inducts new members once in the fall and once in the spring. Applications for the fall induction should be submitted between September 1 and October 15, and applications for the spring induction should be submitted between January 15 and February 28. To apply for membership, please fill out an application and return it and a check for $65 to the Psychology office in DM 4008, or mail it to the address listed in the application. Do not submit applications by email. To be eligible to join the Liberty chapter of Psi Chi, students must meet the following requirements:

1. Registration for major or minor standing in Psychology.
2. Completion of at least 36 hours of college courses (this can include transfer courses).
3. Completion of at least 9 hours of Liberty Psychology courses with a PSYC prefix, excluding PSYC 101, PSYC 150, and PSYC 210.
4. GPA of at least 3.5 in Liberty Psychology courses with a PSYC prefix, excluding PSYC 101, PSYC 150, and PSYC 210.
5. Overall GPA of at least 3.35.
6. Check for $65 that covers the lifetime Psi Chi national membership fee and Liberty’s one-time dues (there are no additional annual dues).
7. Application must be submitted at least 2 months prior to student’s graduation date.

You may email the current Psi Chi officers at psichi@liberty.edu for additional information.

**DANIELS PROGRAM**

The Daniels Program was designed for students who have the desire and ability to pursue graduate training in psychology. Students in this Program work on applied research projects under the supervision of faculty members, and have the opportunity to present findings at conferences and submit articles for publication. Students can apply for this Program after completing PSYC 255 – *Introduction to Research*, and are selected on the basis of their grades, Christian character, and faculty recommendations. This Program provides students the opportunity to develop the research skills and experience that will improve their ability to gain acceptance and funding in competitive graduate programs.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Demonstrate competence in the major concepts in psychology.
2. Interpret research data accurately.
3. Use critical thinking to solve problems related to behavior and mental processes.
4. Evaluate psychological concepts/theories as they relate to biblical thought.
5. Communicate effectively in written, oral, and technological formats.
6. Recognize and respect the complexity of socio-cultural and international diversity.

**PSYCHOLOGY COGNATES**

Residential and Online Cognates are designed to provide students with a better understanding of a particular field of study.

**Residential Cognates:** Counseling, Sports Psychology, Criminal Psychology, Industrial Organizational Psychology, Developmental Psychology, and Substance Abuse Counseling.

**Online Cognates:** Christian Counseling, Crisis Counseling, Addictions and Recovery, Life Coaching, Military Resilience, Criminal Psychology, and Developmental Psychology.

**Career Opportunities**

Individuals with a Bachelor’s degree in Psychology may pursue the following careers in the helping profession and mental health fields:

Department of Social Work

Christine Fulmer, B.S., M.S.W.
Social Work Program Director
Associate Professor of Social Work

Social Work Major (B.S.)

PURPOSE
The Social Work Program exists to develop Christ-centered social workers, who are equipped with the competency, skills, values, and knowledge, to humbly lead in advancing human and community well-being through the world.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Integrate faith in the practice of social work.
2. Identify as a professional social worker and conduct oneself accordingly.
3. Apply social work ethical principles to guide professional practice.
4. Apply critical thinking to inform and communicate professional judgments.
5. Engage diversity and difference in practice.
6. Advance human rights and social and economic justice.
7. Engage in research-informed practice and practice-informed research.
8. Apply knowledge of human behavior and the social environment.
9. Engage in policy practice to advance social and economic well-being and to deliver effective social work services.
10. Respond to contexts that shape practice.
11. Engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities.

**PROGRAM POLICIES AND DEGREE REQUIREMENTS**

A student interested in earning a Bachelor of Science Degree in Social Work (BSSW) at Liberty University must meet the requirements of the Social Work Program. The Social Work Program’s requirements include meeting the university admission criteria as well as the additional standards associated with preparing competent social workers for generalist practice. These additional standards are developed by the Social Work Program at Liberty University. Acceptance to Liberty University and declaring Social Work as one’s major is the way in which a student begins the process. However, this first step is not synonymous with admission into the Social Work Program. Each social work candidate is to follow the steps associated with the process and meet the criteria established by the programs.

Formal application to the Social Work Program is generally completed during a student’s sophomore year in coordination with the completion of SOWK 270, *Ethics in Professional Helping*. A candidate must satisfactorily complete the application and meet the following criteria:

1. Be in good academic standing with the University and have a cumulative GPA of 2.50.
2. Be currently enrolled or successfully completed SOWK 120, SOWK 150, PSYC 101, HLTH 216, BIOL 102, SOWK 260, SOWK 270, and SOCI 200.
3. Provide copy of DCP audit.
4. Adhere to the standards set forth in the Liberty Way for residential students or the Personal Code of Honor for online students.
5. Provide three references (one must be from a social service agency at which the student completed volunteer hours).

Once a student has been granted entry into the Social Work Program, a student is to maintain his/her status by consistently meeting the following criteria:

1. Earn a “C” or higher in all social work classes.
2. Maintain satisfactory citizenship and ethical behavior.
3. Consistently demonstrate the values of the profession: integrity, service, the value of human relationships, dignity and worth of a person, competence, and social justice.

**Career Opportunities**

Social workers are employed in a variety of professional fields. There are church social workers, clinical/mental health social workers, school social workers, medical social workers, child welfare social workers, hospice social workers, military social workers, nursing home social workers, etc. Social workers provide services to people of all ages in numerous settings. A social worker can get employment without a master’s degree. However, if the social worker wants to do mental health therapy, military social work, medical social work, supervision or administration, it is recommended that the social worker get their Master’s Degree in Social Work (MSW).

- CCOU 301 Christian Counseling for Marriage and Family 3
- CCOU 302 Christian Counseling for Children 3
- CCOU 304 Christian Counseling for Women 3
- CCOU 305 Issues in Human Sexuality 3

**TOTAL HOURS: 60 minimum**

**Liberty University en Español**

The School of Behavioral Sciences also offers the Associate of Arts in Psychology and the Christian Counseling cognate online through Liberty University en Español. Additional information is available at http://www.liberty.edu/online/lue-inicio/.

**Department of Social Work**

**Social Work Major (B.S.)**

(Available Spring 2016)

**Program Learning Outcomes**

The student will be able to:

1. Integrate faith in the practice of social work.
2. Identify as a professional social worker and conduct oneself accordingly.
3. Apply social work ethical principles to guide professional practice.
4. Apply critical thinking to inform and communicate professional practice.
5. Engage diversity and difference in practice.
6. Advance human rights and social and economic justice.
7. Engage in research-informed practice and practice-informed research.
8. Apply knowledge of human behavior and the social environment.
9. Engage in policy practice to advance social and economic well-being and to deliver effective social work services.
10. Respond to contexts that shape practice.
11. Engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities.

**Programs of Study**

**Social Work Major (B.S.)**

**Core Competency Requirements (27 hrs)**
- Christian Life and Thought (9 hrs)
- Skills and Knowledge (9 hrs)

**Courses in the Major (60 hrs)**
- GLST 220 Intercultural Communication and Engagement 3
- PSYC 255 Introduction to Research 3
- PSYC 354 Statistics for the Social Sciences 3
- PSYC 380 Physiological Psychology 3
- SOCI 201 Social Problems 3
- SOWK 101 Introduction to Social Work 3
- SOWK 135 Social Work Intensive Field Experience and Observation 3
- SOWK 260 Chemical Dependency 3
- SOWK 270 Ethics in Professional Helping 3
- SOWK 300 Human Behavior and the Social Environment 3
- SOWK 325 Social Welfare and Policy 3
- SOWK 350 Social Work Practice with Individuals and Families 3
- SOWK 355 Social Work Practice with Groups 3
- SOWK 370 Junior Field Experience 3
- SOWK 410 Social Work Macro Practice 3
- SOWK 450 Social Work Practice with Diverse Populations 3
- SOWK 475 Senior Field Experience & Seminar A 6
- SOWK 477 Senior Field Experience & Seminar B 3
- SOWK ___ Elective 3

**Elective Courses (16 hrs)**

TOTAL HOURS: 120 minimum; 30 hours of upper-level courses

**Degree Completion Plans**

Degree Completion Plans (DCP) for Liberty University Online programs are available at http://www.liberty.edu/dcps.
Undergraduate Certificates

The School of Behavioral Sciences offers undergraduate certificates in several areas of study through Liberty University Online.

CERTIFICATE COMPLETION REQUIREMENTS
1. Complete 18 total hours with a 2.00 GPA
2. All courses must be completed through Liberty University
3. No grade of “D” may be applied to the certificate
4. Submission of Certificate Completion Application at beginning of final semester

CERTIFICATE COMPLETION PLANS
Certificate Completion Plans (CCP) can be accessed online at http://www.liberty.edu/dcps.

Certificate in Military Resilience

PROGRAM LEARNING OUTCOME
The student will be able to synthesize resiliency theory and intervention techniques within the military population.

Assistant Professor of Business

Faculty
All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at https://www.liberty.edu/index.cfm?action=faculty&PID=19959&C atID=23 where faculty can be searched for by Department.

ACCREDITATION
Liberty University’s School of Business has achieved voluntary accreditation from the Accreditation Council for Business Schools and Programs (ACBSP), demonstrating it has met standards of business education that promote teaching excellence. Undergraduate programs that have achieved accredited status include:

- A.A. in Accounting
- A.A. in Business
- A.A. in Business Management Information Systems
- B.S. in Accounting
- B.S. in Business Administration
- B.S. in Information Systems

ACBSP accreditation encompasses both resident and distance learning programs.

PURPOSE
To educate our Business students with the values, knowledge, and skills they need in the development of the whole person to enable them to impact their world. Inherent in this mission are the following fundamental imperatives:

1. That all teaching be given within a distinctively Christian worldview;
2. That the Word of God be honored as the final authority for life and practice;
3. That justice and ethics be exalted within a context of limited government and a free market system in a global economy;
4. That all of life’s tasks are sacred and are to be done as unto the Lord;
5. That the education process be a collaboration with faculty and staff, helping to transform students into self-sufficient, lifelong learners; and
6. That courses of instruction be designed and delivered to provide our graduates with a competitive advantage as they pursue their chosen careers.

BUSINESS INTERNSHIP PROGRAM
Integration of theory and practice is the purpose of the Business Internship Program at Liberty. Hands-on learning, in addition to classroom learning, gives the student a perspective that is very valuable upon graduation. The internship experience provides a basis for career decisions, as well as experience that will assist the student in securing employment.

Juniors and seniors who wish to be considered for the internship program should contact the Business Internship Director to discuss qualifications for and the methods of obtaining internships.

SIGMA BELTA DELTA AND DELTA MU DELTA HONOR SOCIETIES
Sigma Beta Delta and Delta Mu Delta are honor societies for students of business, management or administration. The honor societies recognize students who have achieved superior academic performance through the pursuit of wisdom, honor, and the pursuit of meaningful aspirations. Membership invitations are forwarded each spring to accounting and business majors who rank in the upper 20 percent of the class.

TEACHER LICENSURE
Teacher preparation and endorsement in Business is available through the School of Business in cooperation with the Teacher Education Department. Those wishing to pursue a teacher-related program should seek information from the Teacher Licensure Office in the School of Education.

DEGREE COMPLETION PLANS
Degree Completion Plans for programs offered by the School of Business can be accessed online at www.liberty.edu/dcps.

Accounting Major (B.S.)

PURPOSE
Liberty University’s accounting program prepares students to be effective leaders in business. The program develops the proficiency in communication and computer application skills needed to work with complex accounting issues. Students also learn to identify, analyze and appropriately deal with ethical dilemmas from a sound moral and biblical perspective.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Critically evaluate business transactions in accordance with generally accepted accounting principles within the various fields of the accounting discipline.
2. Analyze accounting transactions of third party preparers in accordance with generally accepted auditing standards.
3. Communicate effectively in written, oral, and technical venues.
4. Identify, evaluate, and appropriately deal with ethical dilemmas from a sound moral and biblical perspective.

Program of Study

Accounting Major (B.S.)

Core Competency Requirements (36-42 hrs)

Christian Life & Thought (22-23 hrs)

Core Courses in the Major (39 hrs)

ACCT 211 Principles of Accounting I
ACCT 212 Principles of Accounting II
ACCT 301 Intermediate Accounting I
ACCT 302 Intermediate Accounting II
ACCT 311 Cost Accounting I
ACCT 332 Accounting Information Systems
ACCT 340 Accounting Ethics
ACCT 401 Taxation I
ACCT 402 Advanced Accounting
ACCT 403 Governmental and Not-For-Profit Accounting
ACCT 404 Auditing
ACCT 412 Taxation II
BUSI 491 Capstone: Accounting, Economics and Finance

Business and Economics Courses (15 hrs)

BUSI 301 Business Law
BUSI 303 International Business
BUSI 320 Corporate Finance
BUSI 330 Principles of Marketing
BUSI 411 Operations Management

Directed Courses (Required) (3-12 hrs)*

BUSI 201 Intermediate Business Computer Applications
BUSI 230/ MATH 201 Introduction to Probability and Statistics
ECON 213 Principles of Microeconomics

Choose one of the following courses:

MATH 121 College Algebra
MATH 125 Finite Mathematics
MATH 126 Elementary Calculus for Business and Science

Free Electives (0-5)

Accounting Internship 0-6

TOTAL HOURS: 120 hours minimum required; at least 48 hours must be 300-400 level.

Business Administration Major (B.S.)

PURPOSE
Liberty University’s business administration program prepares students to be effective leaders in business. The program develops the proficiency in communication and computer application skills needed to work in all areas of business. Cognates have been developed to allow students to specialize in areas of interest.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Recognize ethical business practices within the context of the Christian worldview.
2. Use core business concepts and strategies to determine effective solutions to hypothetical and/or real life situations.
3. Apply business principles in the areas of legal environment, economics, business ethics, and global dimensions.

4. Identify and select appropriate business strategies and policies.

**Finance Concentration**

The student will be able to demonstrate the application of various financial analytical decision-making methods utilized by financial managers.

**Financial Planning Concentration**

The student will be able to apply financial and decision-making methods used by financial planners.

#### Information Systems Major (B.S.)

**PURPOSE**

The Information Systems (IS) discipline provides students with an applied knowledge of technology, focusing on the information side of the information technology industry. The IS discipline is concerned with ways in which computer technology can be optimized so that it can provide maximum benefit to a business.

Students in the IS major will study topics such as database management, information systems, networking and telecommunications, programming, project management, system analysis and design, and WWW architecture and design.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Evaluate ethical business management information systems practices within the context of the Christian worldview.
2. Determine effective solutions to hypothetical and/or real life situations using core business management information systems principles and practices and/or tools and techniques.
3. Construct applications, designs, and plans in the areas of hardware, software, and web architecture for various program and database management systems.

- MATH 201 3
- ECON 214 Principles of Macroeconomics 3
- MATH 121 College Algebra 3

**Total Hours**: 121 hours minimum; at least 42 hours must be 300-400 level.

**Cognate Courses (12-15 hrs)**

- CSIS 341 Information Security Planning 3
- CSIS 340 Advanced Networking and Communication Systems 3
- CSIS 312 Internship - OR 3

**Free Electives (0-2 hrs)**

**Total Hours**: 120 hours minimum; at least 42 hours must be 300-400 level.

### DATABASE COGNATE

**Cognate Courses (12 hrs)**

- CSIS 212 Object-Oriented Programming 3
- CSIS 327 Introduction to Oracle 3
- CSIS 328 Advanced Oracle 3
- CSIS 499 Internship - OR 3
- CSIS 410 Web Enterprise Technologies 3

**Total Hours**: 120 hours minimum; at least 42 hours must be 300-400 level.

### GLOBAL STUDIES COGNATE

**Cognate Courses (15 hrs)**

- GLST 200 Introduction to Global Studies 3
- GLST 220 Intercultural Communication and Engagement 3
- GLST 290 Cultural Anthropology 3
- GLST 350 World Religions 3
- GLST 385 Career Preparation for Global Workers 3

**Total Hours**: 121 hours minimum; at least 36 hours must be 300-400 level.

### INFORMATION ASSURANCE COGNATE

**Cognate Courses (15 hrs)**

- CSIS 331 Networks 3
- CSIS 335 Network Security 3
- CSIS 341 Information Security Planning 3
- CSIS 343 Cyber Security 3
- CSIS 440 Digital Forensics 3

**Total Hours**: 121 hours minimum; at least 42 hours must be 300-400 level.

### Informatics Major (B.S.)

**PURPOSE**

The Informatics (INFO) discipline provides students with the knowledge and skills needed to manage the relationship between information systems and people. The informatics program integrates social sciences with multidimensional information systems to develop the ability to evaluate complex information processing. Students will learn about expert, biological, and clinical decision support systems, models, and technology; management of informatics data in database management systems; informatics systems analysis, design, and implementation.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Conduct best practices in informatics while maintaining a Christian worldview.
2. Apply core informatics principles and practices to determine effective solutions to hypothetical and/or real life situations.
3. Design and maintain informatics solutions that meet desired requirements.

### ACCOUNTING INFORMATION SYSTEMS COGNATE

**Cognate Courses (15 hrs)**

- ACCT 301 Intermediate Accounting I 3
- ACCT 302 Intermediate Accounting II 3
- ACCT 332 Accounting Information Systems 3
- ACCT 404 Auditing 3
- ACCT 432 IT Audit 3

**Total Hours**: 121 hours minimum; at least 42 hours must be 300-400 level.

### DATA NETWORKING COGNATE

**Cognate Courses (12 hrs)**

- CSIS 331 Networks 3
- CSIS 335 Network Security 3
- CSIS 410 Web Enterprises Technologies 3

- INFO 320 Healthcare Informatics 3
- INFO 321 Healthcare Coding and Classification 3
- INFO 410 Healthcare Enterprise Systems 3

TOTAL HOURS: 120 hours minimum required; at least 42 hours must be 300-400 level.

Information Technology Major (B.S.)

PURPOSE
- The Information Technology (IT) discipline provides students with an applied knowledge of technology in a business environment. The information technology program is concerned with understanding the theoretical foundations of information technology, evaluation of appropriate information technology for business needs, and the management of organizational information technology resources. Students in the information technology major will study topics such as database management, computer programming, networking and telecommunications, information security, systems administration, integrative programming, human computer interaction, web architecture and development, information system hardware and software, and enterprise systems and integration.

PROGRAM LEARNING OUTCOMES
- The student will be able to:
  1. Conduct best practices in information technology while maintaining a Christian worldview.
  2. Apply core information technology principles and practices to determine effective solutions to hypothetical and/or real life situations.
  3. Evaluate and maintain information technology solutions that meet desired requirements.

Programs of Study

Information Technology Major (B.S.)

Core Competency Requirements (36-42 hrs)
- Christian Life & Thought (22-23 hrs)
Core Courses in the Major (45 hrs)
- BUSI 390 Business Common Professional Components 3
- CSIS 100 Introduction to Information Sciences & Systems 3
- CSIS 110 Introduction to Computing Sciences 3
- CSIS 212 Object-Oriented Programming 3
- CSIS 310 Web Architecture and Development 3
- CSIS 312 Advanced Object-Oriented Programming 3
- CSIS 320 IS Hardware and Software 3
- CSIS 325 Database Management Systems 3
- CSIS 330 Business Data Communication Systems 3
- CSIS 340/ Studies in Information Security 3
- BUSI 417
- CSIS 352 System Administration 3
- CSIS 354 Integrative Programming and Technologies 3
- CSIS 375 Introduction to Human-Computer Interaction 3
- CSIS 474 Enterprise Systems and Integration 3
- CSIS 484 Information Technology Capstone 3

Cognate Courses (9-15 hrs)
- Directed Courses Required (0-9 hrs)*
  - BUSI 230/ Introduction to Probability and Applications 3
  - MATH 201 Statistics 3
  - ECON 214 Principles of Macroeconomics 3
  - MATH 121 College Algebra 3

* These courses are approved General Education courses and may be counted in the Core Competency Requirements

Application and Database Development Cognate

Cognate Courses (12 hrs)
- CSIS 209 C# Programming 3
- CSIS 327 Introduction to Oracle 3
- CSIS 328 Advanced Oracle 3
- CSIS 499 Internship –OR 3
- CSIS 410 Web Enterprise Technologies 3

Free Electives (0-5 hrs)

TOTAL HOURS: 120 hours minimum required; at least 42 hours must be 300-400 level.

Data Networking and Security Cognate

Cognate Courses (15 hrs)
- CSIS 331 Networks 3
- CSIS 335 Network Security 3
- CSIS 341 Information Security Planning 3
- CSIS 430 Advanced Networking and Communication Systems 3
- CSIS 499 Internship –OR 3
- CSIS 343 Cyber Security 3

Free Electives (0-2 hrs)
TOTAL HOURS: 120 hours minimum required; at least 42 hours must be 300-400 level.

School of Business – Online Program

PURPOSE
To educate our Business students with the values, knowledge, and skills they need in the development of the whole person to enable them to impact their world.

Accounting Major (B.S.)
PURPOSE
Liberty University’s accounting program prepares students to be effective leaders in business. The program develops the proficiency in communication and computer application skills needed to work with complex accounting issues. Students also learn to identify, analyze and appropriately deal with ethical dilemmas from a sound moral and biblical perspective.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Critically evaluate business transactions in accordance with generally accepted accounting principles within the various fields of the accounting discipline.
2. Analyze accounting transactions of third party preparers in accordance with generally accepted auditing standards.
3. Communicate effectively in written, oral, and technical venues.
4. Identify, evaluate, and appropriately deal with ethical dilemmas from a sound moral and biblical perspective.

Business Administration Major (B.S.)
PURPOSE
Liberty University’s business administration program prepares students to be effective leaders in business. The program develops the proficiency in communication and computer application skills needed to work in all areas of business. Cognates have been developed to allow students to specialize in areas of interest.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Recognize ethical business practices within the context of the Christian worldview.
2. Use core business concepts and strategies to determine effective solutions to hypothetical and/or real life situations.
3. Apply business principles in the areas of Legal Environment, Economics, Business Ethics, and Global Dimensions.
4. Identify and select appropriate business strategies and policies.

Finance Concentration
The student will be able to demonstrate the application of various financial analytical decision-making methods utilized by financial managers.

Financial Planning Concentration
The student will be able to apply financial and decision-making methods used by financial planners.

Accounting Major (A.A.)
PURPOSE
Liberty University’s Associate of Arts in Accounting program is an introductory program designed to develop your competencies in such areas as financial, managerial, governmental, and non-profit accounting, auditing, and taxation. You will develop proficiency in communication and computer application skills in order to evaluate and synthesize common accounting problems. You will also learn to identify, analyze, and appropriately deal with ethical dilemmas from a sound moral and biblical perspective, utilizing critical thinking and problem-solving skills to formulate solutions.

Healthcare Administration Major (B.S.)

PURPOSE
The Bachelor of Science in Healthcare Administration is a 120-hour program that provides baccalaureate level training to prepare students for market, as managers within the healthcare field. In accordance with the mission of Liberty University, the graduate faculty seek to educate the whole person, developing the values, knowledge, and skills individuals need to impact the field of healthcare. The context for all instruction is the Christian worldview.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Incorporate a biblical worldview when providing solutions to problems associated with cost, access, and quality of care.
2. Examine the responsibility and operations of a healthcare organization in meeting patient care quality outcomes, maintaining regulatory compliance, and achieving organizational performance targets.
3. Evaluate managerial and leadership challenges in healthcare administration based upon knowledge of current literature and industry best practices.

Program of Study

Healthcare Administration Major (B.S.)

Core Competency Requirements (27 hrs)
- Christian Life & Thought (9 hrs)
- Skills and Knowledge (6 hrs)

Core Courses in the Major (57 hrs)
- ACCT 211 Principles of Accounting I 3
- ACCT 212 Principles of Accounting II 3
- BUSI 302 Legal & Ethical Issues in Healthcare 3
- BUSI 304 Introduction to Health Policy 3
- BUSI 311 Introduction to Healthcare Administration 3

- BUSI 344 Management of H.R. & Health Professionals 3
- BUSI 411 Operations Management 3
- BUSI 418 Research & Evidence Based Practice 3
- BUSI 419 Management of Quality Improvement & Outcomes 3
- BUSI 428 Strategic Management & Marketing in Healthcare 3
- BUSI 429 Healthcare Economics 3
- BUSI 494 Healthcare Administration Capstone 3
- HLTH 349 Public & Community Health for Business 3
- HLTH 485 Principles of Epidemiology & Biostatistics 3
- HLTH 491 Grantmanship 3
- INFO 305 Quality Management & Decision Support 3
- INFO 320 Healthcare Informatics 3
- Electives (21 hrs)

TOTAL HOURS: 120 hours minimum required; at least 30 hours must be 300-400 level.

Information Systems Major (B.S.)

PURPOSE
The Information Systems (IS) discipline provides students with an applied knowledge of technology, focusing on the information side of the information technology industry. The IS discipline is concerned with ways in which computer technology can be optimized so that it can provide maximum benefit to a business.

Students in the IS major will study topics such as database management, information systems, networking and
telecommunications, programming, project management, system analysis and design, and WWW architecture and design.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Evaluate ethical business management information systems practices within the context of the Christian Worldview.
2. Determine effective solutions to hypothetical and/or real life situations using core business management information systems principles and practices and/or tools and techniques.
3. Construct applications, designs and plans in the areas of hardware, software and web architecture for various program and database systems.

**Informatics Major (B.S.)**

**PURPOSE**

The Informatics (INFO) discipline provides students with the knowledge and skills needed to manage the relationship between information systems and people. The informatics program integrates social sciences with multidimensional information systems to develop the ability to evaluate complex information processing. Students will learn about expert, biological, and clinical decision support systems, models, and technology; management of informatics data in database management systems; informatics systems analysis, design, and implementation.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Conduct best practices in informatics while maintaining a Christian worldview.
2. Apply core informatics principles and practices to determine effective solutions to hypothetical and/or real life situations.
3. Design and maintain informatics solutions that meet desired requirements.

Business Major (A.A.)

PURPOSE
Liberty University’s Associate of Arts in Business program is an introductory program designed to develop your competencies in business administration. You will develop proficiency in communication and computer application skills in order to evaluate and synthesize common management problems. You will also learn...
to identify, analyze, and appropriately deal with management ethical dilemmas from a sound moral and biblical perspective, utilizing critical thinking and problem-solving skills to formulate solutions.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate competence in core business principles and strategies.
2. Communicate effectively using appropriate research style and methods.

Information Systems Major (A.A.)

PURPOSE
Liberty University’s Associate of Arts in Information Systems program is designed to introduce students to an applied knowledge of technology, focusing on the information side of the information technology industry. The IS discipline is concerned with ways in which computer technology can be optimized so that it can provide maximum benefit to a business.

PROGRAM LEARNING OUTCOME
The student will be able to determine effective solutions to hypothetical and/or real life situations using core business management information systems principles and practices and/or tools and techniques.

Faculty

All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at https://www.liberty.edu/index.cfm?action=faculty&PID=9959&CatID=23 where faculty can be searched for by Department.

PURPOSE

The School of Communication & Creative Arts, comprised of the Cinematic Arts–Zaki Gordon Center along with the Departments of Digital Media & Communication Arts, Studio and Digital Arts, and Theatre Arts, offers undergraduate and graduate degrees in order to prepare artists and scholars in the practice and theory of the communication arts. Cinematic Arts is a 2-year full immersion program. Majors, by department, include: Digital Media & Communication Arts: Digital Media, Journalism, Speech Communication, and Strategic Communication; Studio & Digital Arts: concentrations in Graphic Design and Studio Art; Theatre Arts: concentrations in Arts Administration, Dramaturgy, Performance and Production.

TEACHER LICENSURE

Teacher preparation and endorsement is available in Art Education and Theatre Arts. Add-on endorsements in theatre, journalism, speech communication and studio art are available through the School of Communication & Creative Arts in cooperation with the Teacher Education Department. Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at www.liberty.edu/uguide.

Cinematic Arts – Zaki Gordon Center

Stephan Schultze, B.A., M.A.
Executive Director, Cinematic Arts – Zaki Gordon Center

PURPOSE

Cinema is a unique form of communication and the purpose of the Cinematic Arts – Zaki Gordon Center is to glorify God by reflecting the truths of Scripture through cinema. The Cinematic Arts – Zaki Gordon Center at Liberty University is distinctive because of its approach in training the next generation of filmmakers in a Christ-focused environment. Dr. Jerry Falwell coined “Saturation Evangelism” as the ability to reach every available person through every available means. Liberty University’s Cinematic Arts – Zaki Gordon Center supports the scope of that mission.

Cinematic Arts Major (B.S.)

PURPOSE

Learning how to create impactful and professionally produced films that have a competitive edge will help insure that new filmmakers and the message of Christ will stand out in a content driven marketplace.

The B.S. in Cinematic Arts is a 2-year full immersion*, cohort** program that students enter in the fall of either their sophomore or junior year. Students that enter the cohort program their sophomore year must complete the first two semesters on the B.S. of Cinematic Arts suggested course sequence. Students that enter the cohort program their junior complete their general education, CINE 201, CINE 202, and CINE 203.

*FULL IMMERSION – 5 days a week instruction that could include 8-12 hours with professors a day. This hands-on instruction will produce the best learning environment, mirroring a real world model for product driven outcomes.

**COHORT – A fixed group of 16-20 students who have been accepted into the Cinematic Arts Major after applying to continue in the B.S. in Cinematic Arts program. (Cohort students are advised not to take classes outside of the B.S Cinematic Arts Major)

NOTE: Admission to continue in the B.S. in Cinematic Arts is an application and acceptance process. If possible, it is advised that students declare Cinematic Arts as their major their freshman year. Students must work closely with their academic advisor as they work through their Degree Completion Plan (DCP) and should schedule a meeting with a faculty member in the Cinematic Arts Program to gain insight on the application process and ask questions as needed.

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Integrate thematic values in storytelling.
2. Determine personnel and technical elements relevant to the visual content of the story.
3. Evaluate the distribution model for a movie.
4. Justify moral decisions related to moviemaking based biblical worldview/principles.

PROGRAM APPLICATION PROCEDURES

In order to continue in the Cinematic Arts Program, students must be accepted into the program through an application process that starts second semester of a student’s sophomore year. In addition to the general admission requirements, students must meet the following admission requirements to apply to continue into the program in their Junior year:
1. Unofficial university transcripts that provide proof of completion of CORE classes: CINE 201, CINE 202, and 203 with at least a B average
2. One letter of recommendation from:
   a. University instructor or staff member
   b. Past or present employer or peer
3. Essay/pitch (1,000 words) telling the story of a film the student wants to make
4. Written letter explaining why the student wants to be a
5. Oral interview (by appointment)

NOTE: Films, DVDs or videotapes will not be accepted with application to the program.

REGARDING EARLY ACCEPTANCE
Students that have declared Cinematic Arts as their major may apply at any time for early acceptance into the program. This early acceptance is conditional upon the following:

1. The student has a minimum overall undergraduate GPA of 3.0 before entering the cohort program. (Usually spring of their sophomore year)
2. The student has not received a final grade lower than a "C" in any undergraduate course.
3. The student does not have more than two unexcused absences in any of the CINE core classes (CINE 201, CINE 202, CINE 203).

Students who fail to maintain these standards will lose their early acceptance. However, students are strongly encouraged to reapply by January 1 of the year they plan to attend (usually spring of their sophomore year). Acceptance is based solely on the most recent application/interview.

REGARDING CURRENT COHORT STUDENTS
Any student enrolled in the CINE cohort that receives final grade lower than a "C" in any CINE course, will have 60 days to rectify the grade with the instructor of the course. It is the student's responsibility to initiate this process, not the instructors.

Any student who fails to rectify a grade lower than a "C" within 60 days, will automatically be removed from the program. The student may re-apply for the next CINE cohort entry (usually 1 year later).

Department of Digital Media & Communication Arts

Bruce Kirk, B.G.S., M.A.
Chair, Department of Digital Media & Communication Arts
Associate Professor of Communication Studies

PURPOSE
The purpose of the Department of Digital Media & Communication Arts is to produce videographers, editors, audio techs, producers, directors, content/journalism writers, strategic marketing and communication professionals, all based in a Christ-centered perspective that governs everything undertaken in the field. The Digital Media & Communication Arts department will prepare students to:

1. Use their professional skills to complement their moral and ethical values.
2. Possess both theoretical and history understanding of Digital Media, Advertising/Public Relations, Journalism and Speech Communication.
3. Make practical application of knowledge in professional and personal contexts as a communicator in the field of Digital Media & Communication Arts.

The student will be able to:

1. Apply principles of strategic communication to improve marketing, reputation and advocacy for social networking and interactive media clients.
2. Critically examine trends in social networking.

**Transmedia Writing Concentration**

The student will be able to:

1. Create one story told in multiple story environments over diverse media.
2. Apply storytelling and story world creation skills to transmedia scenarios.
3. Develop business plans for transmedia programming.

**Video Concentration**

The student will be able to:

1. Utilize current digital media equipment to capture broadcast quality footage.
2. Implement effective storytelling as evidence by the production of broadcast quality packages.

**Programs of Study**

**Digital Media Major (B.S.)**

**PURPOSE**

The concentrations under this major are committed to preparing students for success in a digital, social and interactive media job market that is dramatically growing with each passing year. The concentrations cover the digital job market: video, audio, social and interactive media, storytelling and performance, while creating stories across multiple platforms.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Create stories across multiple platforms.
2. Apply digital media knowledge, skills and behaviors to best practices in the discipline.
3. Create media reflective of the nature and heart of God.

**Audio Concentration**

The student will be able to:

1. Utilize current digital media equipment to create broadcast quality sounds for productions.
2. Develop sound, sound effects and sound design for effective storytelling.
3. Evaluate audio elements of digital media productions.

**Performance Concentration**

The student will be able to:

1. Utilize principles of style, color and fashion as they relate to personal appearance on camera.
2. Evaluate delivery styles and techniques.

**Social Networking and Interactive Media Concentration**

The student will be able to:

1. Evaluate delivery styles and techniques.
2. Critically examine trends in social networking.

**Transmedia Writing Concentration**

The student will be able to:

1. Create one story told in multiple story environments over diverse media.
2. Apply storytelling and story world creation skills to transmedia scenarios.
3. Develop business plans for transmedia programming.

---

**Journalism Major (B.S.)**

**Purpose**

The purpose of the journalism major is for the student to be able to create and prepare news and content in a fashion appropriate for all media; from digital to video to traditional in an ever-growing and changing media market. This prepares the student for careers such as content producer and manager, reporter, copywriter, editor, columnist, sports writer and freelance writer.
PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Utilize best practices for journalism while maintaining a Christian worldview.
2. Research and create content based on journalist practices and principles.
3. Prepare news and content in a format and style appropriate for traditional and social media platforms.

Speech Communication Major (B.S.)

PURPOSE
The purpose of the speech communication major focuses on the application of various theoretical techniques of communication processes. The student will master oral communication in a variety of forms and practices and create effective and audience appropriate messages. This prepares the students for careers as an announcer, missions work, human resources specialist, or jobs in journalism and speech.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Master communication in its variety of forms and practices
2. Utilize best practices for communication while maintaining a Christian worldview.
3. Create effective and audience appropriate messages.

Speech Communication Concentration

The student will be able to:
1. Demonstrate communication competency through verbal, non-verbal, and written forms.
2. Evaluate the effectiveness of various approaches to professional communication.

Department of Studio & Digital Arts

A. Todd Smith, B.A., B.S., M.F.A.
Chair, Department of Studio & Digital Arts
Professor of Studio & Digital Arts

PURPOSE
The purpose of the Department of Studio & Digital Arts is to produce visual artists, graphic designers and art educators rooted in a Christ-centered perspective that governs every decision, action and work of art they undertake in the field of visual art.

Career Opportunities

Advertising - Ministry
Animator - Multimedia Artist
Business - Public Relations
Education - Sales
Journalism - Television

Combined Skills

Acting - Public Affairs
Art Director - Reporting
Copy Editing - Communications Research
Corporate Team Building - Social Work
Editing Publications - Teaching
Graphic Illustration - Tutoring
Lobbying - Web Design
News Reporting
KAPPA PI ART HONOR SOCIETY
Advisor: Professor Eva Palmer
Kappa Pi – Zeta Chi Chapter promotes artistic excellence at the collegiate level. The purpose of this fraternity will be to form bodies of representative students who will, by their influence and artistic interest, uphold the highest ideals of a liberal education; to provide a means whereby students with artistic commitment meet for the purpose of informal study and communication; to raise the standards of productive artist work among students in the college and universities; to furnish the highest reward for conscientious effort in furthering the best interest of art in the broadest sense of the term, by election to membership in the Fraternity, based upon such meritorious work.

Membership Criteria
• B average in art courses

Studio and Digital Arts Major (B.F.A.)
PURPOSE
The Bachelor of Fine Arts degree is considered the pre-professional degree, allowing students to gain extensive practice-based course work in the field of art and design. The degree provides the opportunity for students to focus on one of three areas: Graphic Design, Two Dimensional Art, or Three Dimensional Art.

PROGRAM REQUIREMENTS
1. Students must submit a portfolio of 20 works for entry.
2. Students must maintain a 3.0 GPA.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Analyze visual imagery in relation to a variety of contexts.
2. Articulate the meaning of visual imagery.

Graphic Design Concentration
The student will be able to create visual imagery using digital practices, while maintaining a Christian worldview.

Studio Art Concentration
The student will be able to create visual imagery using traditional practices, while maintaining a Christian worldview.

Studio and Digital Arts Major (B.S.)
PURPOSE
The purpose of the Studio and Digital Arts major is to strive to prepare students, whether studio art or graphic design, who will:
1. Use their professional skills to complement their moral and ethical values;
2. Possess both theoretical and historical understanding of studio and digital arts; and
3. Make practical application of knowledge in professional and personal contexts as a communicator in the field of visual art.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Critically analyze visual imagery in relation to history and culture;
2. Effectively articulate the meaning of visual imagery;
3. Visualize, conceptualize, and create visual imagery using traditional and digital materials, media, methods and techniques;
4. Integrate a Christian worldview with best practices for creating visual imagery.

### Department of Theatre Arts

Linda N. Cooper, B.S., M.A.
Chair, Department of Theatre Arts
Associate Professor of Theatre Arts
Purpose
The Department of Theatre Arts provides instruction in the theory and practice of theatre performance and production, in order to prepare students for professional stage careers, for graduate study in theatre arts, and for a life of growing appreciation for the theatre and dramatic art. Central to the departmental purpose is the development of observant, sensitive theatrical artists, who, with their skills, training, knowledge, and professional attitudes, may glorify Christ in the world through the practice of their craft and the testimony of their lives.

Program Requirements
1. Students must receive a “C” or better in all THEA classes.
2. Students must earn a minimum GPA of 2.00 to participate in THEA 200, 300, or 400 classes.
3. See the Department of Theatre Arts Student Handbook for more information.

Career Opportunities
Actor
Art Critic
Choreographer
Director
Drama Ministry
Dramaturge
First Hand Costumer
House Manager
Law
Performing Arts
Coordinator
Play Submissions Editor
Program Director
Properties Master
Public Relations
Publishing License Agent
Script Writer
Special Events Coordinator
Speech Writer
Stage Manager
Theatre Historian
Theater Manager

Alpha Psi Omega Honor Society
Advisory: Mrs. Linda N. Cooper

Alpha Psi Omega is dedicated to recognizing and encouraging excellence in the study of theatre arts. Chapter activities provide members with opportunities for sharing and advancing their professional interests. Lectures and field trips are designed to awaken theatrical interest, and to promote interaction between students and faculty and amongst other theatre professionals.

Criteria for membership: An undergraduate student must have completed at least 15 semester hours in theatre arts (excluding performance/production credits) with a grade in all theatre courses averaging at least a 3.50 and must have a general average of at least a 3.25 in all classes. Candidates must have participated in at least seven main stage productions and be in good ethical standing with the University. All inductees must be voted into the society by a majority of the Liberty University Department of Theatre Arts faculty and staff.

Theatre Arts Major (B.A.)

Program Learning Outcomes
The student will be able to:
1. Articulate a personal aesthetic as a creative artist, grounded in the history and current practices of theatre.
2. Evaluate multiple worldviews from a biblical perspective.
3. Create original and re-interpretive theatrical work, evidenced by a consistent work ethic and respect for professional ethics.
4. Integrate research and critical thinking skills to deepen and refine the quality of artistic work.
5. Communicate effectively in written, oral, visual, and technological formats.

Arts Administration Concentration
The student will be able to apply administrative concepts to determine effective solutions relative to situations in theater.

Dramaturgy Concentration
The student will be able to evaluate critically various texts for the purpose of presenting original theatrical ideas.

Performance Concentration
The student will be able to present a believable representation of humanity utilizing appropriate skills in technique, research and analysis.

Production Concentration
The student will be able to clearly present a creative, theatrical design utilizing conceptual thought and thorough research and analysis.

Sophomore Hearing Prerequisites
Students must have completed two production credits prior to attempting the Sophomore Hearing. If attempting performance, they must have completed two on stage credits; if attempting production, they must have completed two production credits; for education, they must have completed one of each.

Teacher Licensure
Teacher preparation and endorsement in Theatre Arts is available through the Department of Theatre Arts in cooperation with the Teacher Education Department. Those wishing to pursue teaching-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at www.liberty.edu/uguide.

DEGREE COMPLETION PLANS
Degree Completion Plans for programs offered by the School of Communication & Creative Arts can be accessed at: www.liberty.edu/dcps.
Department of Studio & Digital Arts

PURPOSE
The purpose of the Department of Studio & Digital Arts is to produce visual artists, graphic designers and art educators rooted in a Christ-centered perspective that governs every decision, action and work of art they undertake in the field of visual art.

Studio and Digital Art - Graphic Design Major (B.F.A.)

PURPOSE
The purpose of the Studio and Digital Arts - Graphic Design major is to strive to prepare students who will:
1. Use their professional skills to complement their moral and ethical values;
2. Possess both theoretical and historical understanding of studio and digital arts; and
3. Make practical application of knowledge in professional and personal contexts as a communicator in the field of visual art.

PORTFOLIO ADMISSION PROCESS
Prior to submitting portfolio, students must take the following required courses: ARTS 113, ARTS 114, ARTS 211, ARTS 222 and ARTS 223.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Critically analyze visual imagery in relation to history and culture;
2. Effectively articulate the meaning of visual imagery;
3. Visualize, conceptualize, and create visual imagery using traditional and digital materials, media, methods and techniques;
4. Integrate a Christian worldview with best practices for creating visual imagery.

Faculty

All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at https://www.liberty.edu/index.cfm?action=faculty&PID=19959&CatID=24 where faculty can be searched for by Department.

HISTORY

The history of the School of Divinity is part of the history of Thomas Road Baptist Church and is the oldest graduate school of the University. The other schools are Liberty Christian Academy, Willmington School of the Bible, and Liberty University. The Seminary is an outgrowth of the vision of Dr. Jerry Falwell, the founding pastor of the Thomas Road Baptist Church. Dr. Falwell believed in Christian education. He believed that one of the most effective means of winning millions to Christ is by training young men and women to serve the Lord in aggressive, evangelical, soul-winning Baptist churches as pastors, staff, and members. The University was founded to help achieve that goal.

Another need, however, still existed. Professional, graduate level training was needed for graduates of Liberty University and other colleges desiring graduate theological education as preparation for ministries in churches similar to Thomas Road Baptist Church.

Founded as Lynchburg Baptist Theological Seminary in September 1973, it began with an enrollment of 41 students with Dr. Jerry Falwell as President and Chancellor. Over forty years later, the School of Divinity continues to demonstrate that a seminary can be built on faith, dedication, and the blessings of God, from Whom comes Truth.

In 1975, the Seminary was given approval by the State Council of Higher Education for Virginia to grant graduate degrees. In 2015, approval was granted by Liberty University’s Board of Trustees to combine the School of Religion with the Seminary into the School of Divinity. The School of Divinity provides quality, well-rounded education, based on academic excellence, emanating from the belief that Christian education should be superior, not inferior, to that provided by other schools. The School of Divinity is committed to the principle that a person’s most effective ministry will be in conjunction with a local church, and the vision of the School of Divinity is to equip Christians to reach the entire world through aggressive New Testament church evangelism.

DISTINCTIVES

The School of Divinity is characterized by commitment to the core doctrines of the faith and providing significant experiences to develop practical ministry skills.

The faculty of the School of Divinity are committed to model both scholarship and practice for students. Graduates are grounded in the knowledge of God’s Word, a desire to impact the world for God’s kingdom, and the skills to engage the culture with the gospel.

Evangelism is a core value throughout the curriculum. Every faculty member and student is expected to manifest a compassion for the lost and a desire to see their salvation.

The School of Divinity is committed to the local church, and prepares graduates to enter into leadership positions in the local church and para-church organizations. As such, experiential learning is essential to the School of Divinity’s programs of study.
The Mission of the Rawlings School of Divinity

The School of Divinity exists to come alongside the local church and help it fulfill the Great Commission. In accordance with the mission of Liberty University and within the historic Baptist tradition, the School of Divinity provides undergraduate and graduate programs that train graduates for traditional, Christian ministry positions. The School of Divinity offers programs designed to equip people for lay ministry, personal enrichment, global leadership, church leadership, and advanced scholarly research.

As a Christian community, the School of Divinity seeks to cultivate spiritual growth and faithful service to Christ and His church. As an academic community, the School of Divinity seeks to impart knowledge and necessary skills to men and women for service and leadership in Christian ministry. As a service community, the School of Divinity seeks to respond to the needs of local churches and Christian ministries as they participate in worship, global evangelism, discipleship, and scholarship.

Program Goals and Objectives

In keeping with its stated mission, the School of Divinity strives to achieve the following institutional goals:

Personal Goals

COMMITMENT
We seek to provide an environment in which students are encouraged to strengthen their commitment to Christ, certify their call to service, and develop an abiding love for God and His Word.

LIFESTYLE
We seek to develop a lifestyle of actively communicating the Christian faith through personal integrity, evangelistic witness, and responsible scholarship.

SOCIAL RESPONSIBILITY
We seek to foster an awareness of the Christian’s responsibility to be a productive member of society and to be responsive to the needs and concerns of diverse cultures.

Academic Goals

KNOWLEDGE
We seek to develop cognitive skills for ministry and scholarship through rigorous interaction with the biblical text and disciplines related to professional vocation.

UNDERSTANDING
We seek to provide theological, historical, and intellectual understandings necessary for a self-conscious, critical, and Christian response to the world.

Vocational Goals

RELATIONSHIPS
We seek to develop communicative, administrative, and relational skills necessary for professional competence.

ETHICS
We seek to provide opportunities for students to explore the moral dimensions and ethical implications of their chosen vocation.

EVANGELISM
We seek to cultivate sensitivity to others and a concern for world evangelization through local church ministries and vigorous defense of the gospel.

CHURCH GROWTH
We seek to develop biblical and scientific expertise in establishing, developing, and sustaining growing churches and ministries.

DEGREE COMPLETION PLANS
Degree Completion Plans for programs offered by the School of Divinity can be accessed online at www.liberty.edu/dcps.

Center for Apologetics and Cultural Engagement
Joshua D. Chatraw, B.B.A, M.Div., Ph.D.
Executive Director, Center for Apologetics and Cultural Engagement
Associate Professor of Theology and Apologetics

The culture around is changing and Christians need to be prepared to defend their faith both from internal and external challenges to Christianity. To this end, the Center for Apologetics and Cultural Engagement partners with departments across Liberty University and with other organizations to equip students, faculty, and the wider Christian community. The Center resources Liberty University and Christians worldwide by hosting various events and featuring a website with articles and video clips from our Fellows, Liberty lecturers, and scholars from around the world.

The Center’s Distinguished Senior Fellows are Liberty faculty members from various University departments who are known as outstanding scholars in their field and have years of experience engaging the culture. These Senior Fellows take part in faculty/student engagement events, are featured in videos on our website, take part in our theological fellowships, and serve as advisors to the Center. Our current Senior Fellows include:

The Center also includes an interdisciplinary Student Fellowship Program. Student Fellows are Liberty students of various majors who have excelled academically and have the goal of leading in cultural engagement. Student Fellows have the opportunity to learn from our Senior Fellows, serve as ambassadors for the Center, and research and write in the area of apologetics and cultural engagement.

PURPOSE
The Center for Apologetics and Cultural Engagement is a cooperative effort between the School of Divinity and the Seminary designed to inform and equip individuals to engage culture by addressing the biblical, theological, philosophical, and cultural questions of today’s world from a distinctively Christian worldview.

Center for Asian Ministries
Timothy T. Chong, B.A., M.Div, S.T.M., Ph.D.
Dean, Center for Asian Ministries
Professor of Theology and Biblical Studies

The Center for Asian Ministries at Liberty University exists to support and guide ministries and programs that have Asian ties geographically, ethnically, socially, ministerially, and academically. The purview of the Center extends beyond Asia to all parts of the world through Asian connections and promotes the growth of Asian ministries for Christ. As the Center is located in the United States, it also engages in Asian American issues.

The Center is not limited only to Asians but to all those who want to serve in Asian ministry contexts. It provides the students, faculty, staff, and those who are interested in Asian ministries with biblical, theological, and other types of support so that they may become effective followers and leaders in the discipleship ministries of Jesus Christ.

As such, the Center endeavors to stand alongside Asian churches, promote Liberty University in Asia and beyond, assist
Liberty University’s academic programs to be strengthened on campus and to expand in Asia and beyond, train and mobilize champions for Christ who work in relation to Asian ministries in global locations, research the futures of Asian churches.

MISSION
Through Liberty University, the Center for Asian Ministries supports and guides Christ’s champions and ministries for Asia and beyond in fulfilling the Great Commission, alongside the church. (Matt 28:18-20)

VISION
The Center for Asian Ministries envisions the uniting of all peoples together in Christ by assisting Christ’s champions and ministries for Asia and beyond in order to reach the world with the Gospel. (Eph 1:10)

Center for Chaplaincy
Steven E. Keith, B.A., M.Div., D.Min.
Director, Center for Chaplaincy
Chaplain, Colonel, USAF, Retired
Professor of Chaplaincy
The culture in which chaplains serve is progressively becoming more secular and pluralistic. Chaplains are faced with ministry challenges not previously experienced. The Center for Chaplaincy prepares students to minister effectively in the changing environment by providing exceptional education, research, publications, outreach opportunities, and strategic partnerships. Educationally, the Center develops cutting edge curriculum to best prepare students to be biblically sound spiritual leaders and soul care providers. Further, the Center designs and conducts research to advance understanding for chaplain-care and leadership. Additionally, the Center produces and encourages scholarly chaplain publications to advance effective evangelical chaplain ministry. Furthermore, the Center organizes and promotes chaplain outreach locally and globally. Finally, the Center forms strategic partnerships across Liberty University and with other likeminded Universities and organizations to synergize education and ministry efforts.

PURPOSE
The Center for Chaplaincy’s purpose is to educate and equip chaplain students to be Champions for Christ in secular and pluralistic ministry environments.

Center for Christian/Community Service
Lew Weider, B.S., M.A., Ed.D.
Director of Christian/Community Service
Professor of Biblical Worldview
Associate Director of Christian/Community Service
Professor of Biblical Worldview
Will Honeycutt, B.S., M.Div., D.Min.
Assistant Director of Christian/Community Service
Assistant Professor of Biblical Worldview
Stephen Putney, Th.B., Th.M., D.Min.
Assistant Director of Christian/Community Service
Associate Professor of Biblical Worldview
Robert Van Engen, B.S., M.A., Ph.D.
Assistant Director of Christian/Community Service
Assistant Professor of Biblical Worldview
Darren C. Wu, B.S.M.E., M.A.R., Ed.D.
Christian/Community Service Coordinator
Assistant Professor of Biblical Worldview

The Center for Christian/Community Service guides the Academic and Experiential Learning programs in planning, developing and maintaining quality programs. It also seeks to maintain efficient and cost effective measures in the administration and delivery of its programs.

MISSION
“To instruct students in understanding and applying the biblical worldview, to educate them to be servant leaders and to promote, throughout the Liberty community, a life-long practice of caring service.” Philippians 2:4-5; Matthew 28:19-20

OBJECTIVES
The Center for Christian/Community Service seeks to support the University in fulfilling its Mission and Aims by providing experiences for students that:
1. Promotes the development of the biblical/Christian worldview.
2. Develops a sense of responsibility to mankind which entails selfless service, and active and clear communication of the Christian faith.
3. Offers opportunities to explore and practice ways to glorify God and advance the cause of Christ through his/her chosen careers.
4. Provides avenues to explore ways of displaying Christian commitment and virtue through local churches, or social, civic, athletic, artistic, or scholastic organizations compatible with the University’s mission.

The Liberty University Christian/Community Service Official Policy Handbook and a list of service opportunities are available online at http://www.liberty.edu/cser.

Academic Program
(BWVW 101, 102, 301)

PURPOSE
The Academic program is designed to assist students in developing and demonstrating competency and proficiency in the biblical/Christian worldview. The curriculum is regularly reviewed for quality and for compliance with accreditation standards.

PROGRAM LEARNING OUTCOME
The student will be able to:
1. Articulate and apply the biblical/Christian worldview to contemporary issues.

Center for Judaic Studies
J. Randall Price, Th.M., Ph.D.
Executive Director, Center for Judaic Studies
Distinguished Research Professor
Curator of the Liberty Biblical Museum
The Bible, both the Old Testament and the New Testament, came to us through Jewish hands. Jesus and His disciples were Jewish, as was the Apostle Paul who spearheaded the outreach of the Gospel to the Gentiles. The history of the Church reveals an ignorance of Christianity’s Jewish roots and therefore, a misunderstanding of and an adversarial relationship with the Jewish people. Evangelical Christians have recognized that God chose the Jewish people and the Land of Israel to fulfill His redemptive program for mankind.

Since its founding, Liberty University has supported this understanding and the modern Jewish State as evidence of God’s faithfulness to His biblical promises. Training in Jewish studies enables Christian students to impact their world academically,
spiritually, and politically with a biblical and balanced worldview of Israel and the Jewish people.

Part of the Center for Judaic Studies, the Liberty Biblical Museum is a unique educational collection of authentic biblical-era artifacts that provide the historical and cultural background of the Jewish people over a 4,000 year period. The exhibits give faculty, students and the public access to a firsthand encounter with the ancient past and a realistic touchpoint with the facts of the biblical faith. The museum is generally open the same hours as the Center for Judaic Studies for viewing. Guided tours are available by appointment only.

PURPOSE

The Center for Judaic Studies offers students preparing for Christian ministry or service a biblical perspective of the Jewish mission. It also equips the Church in making a biblical response to the Jewish people and the modern State of Israel. Our program in Jewish Studies provides instruction to students at the undergraduate level to prepare them for graduate studies, for Jewish outreach ministries, and for academic careers in the field of Judaic studies.

Center for Youth Ministries
Chair, Department of Christian Leadership and Church Ministries
Director, Center for Youth Ministries
Associate Professor of Youth Ministries

The world’s youth population ages 10-24 has grown to 1.8 billion and is at a historic high. There is some estimation that 40% of the world’s population is comprised of all those under the age of 24, both children and youth. The growing trend of religious unaffiliation among young people continues to be a concern to pastors, youth pastors, parents, and churches. This demographic in our culture is one of the greatest mission fields in the world, not to mention that many countries definition of youth is expanding upward to the age of 39.

The Center for Youth Ministries partners with departments across the university to assist local churches, pastors, youth pastors, and parents with resources to help understand the culture of youth in the world in which they live. The Center also seeks to help equip students who are training for youth ministry, as well as those who currently serve youth in ministry, by providing training in a co-curricular effort alongside the Department of Christian Leadership and Church Ministries.

PURPOSE

The Center for Youth Ministries exists through the School of Divinity to recruit, equip, and network those called to youth work, both in the local church and youth organizations to carry out the Great Commission to students and their families.

Religious Studies Major (B.S.)

The B.S. in Religious Studies major will provide an undergraduate degree program for students who have a particular interest in pursuing further academic studies in the various religious studies disciplines. Concentrations are offered in Biblical Languages, Global Studies, Jewish Studies, New Testament, Old Testament, and Theology and Apologetics.

PURPOSE

The B.S. in Religious Studies seeks to provide the student with a general knowledge of the Bible, church history, apologetics, and hermeneutical methodology, while allowing these students to focus on one of six concentrations: Biblical Languages; Jewish Studies; Old Testament; New Testament; Theology and Apologetics; and Global Studies. This purpose is accomplished with a view to preparing students for their chosen vocation and to equipping them to engage the culture relevantly with the truth of the Gospel of the Lord Jesus Christ.

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Biblically justify essential truths of evangelical Christianity.
2. Apply the principles of biblical interpretation.
3. Analyze the major figures, events, and issues within church history.
4. Distinguish between the major religions of the world.

Biblical Languages Concentration

The student will be able to analyze the syntax of biblical Greek and Hebrew.

Global Studies Concentration

The student will be able to analyze the essential principles and current issues of global engagement.

Jewish Studies Concentration

The student will be able to articulate the history of Israel, the biblical promises made to Israel, and the issues affecting the relationship between the church and Israel.

New Testament Concentration

The student will be able to analyze the background, theological motifs, literature, and content of the New Testament.

Old Testament Concentration

The student will be able to analyze the background, theological motifs, literature, and content of the Old Testament.

Theology and Apologetics Concentration

The student will be able to evaluate and defend the major doctrines of and challenges to Christianity.

Christian Leadership and Church Ministries Major (B.S.)

The major in Christian Leadership and Church Ministries provides an undergraduate degree program for students who desire Christian leadership development and ministry training in a broader context of the local church, para-church and nonprofit organizations. Additionally, partnership with other schools within Liberty University provides cognates for marketability, based on students’ future vocational goals (See cognates). This degree would help students gain the knowledge, values and skills needed for providing Christian leadership in a church and/or para-church vocation.

PURPOSE

The purpose of the BS in Christian Leadership and Church Ministries is to equip students with professional skills in planning, organizing, and developing Christian ministries. In addition, students will develop the ability to evaluate models of leadership, programs, and various philosophies of Christian ministries.

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Articulate/justify essential truths of Christianity.
2. Demonstrate competence in the use of sound principles of biblical interpretation.
3. Demonstrate professional skill in planning, organizing, and developing Christian ministries.
4. Evaluate models of leadership & programs, as well as various philosophies of Christian ministries.
5. Demonstrate competence in engaging their culture from a biblical worldview of leadership.

Pastoral Leadership Major (B.S.)

The B.S. in Pastoral Leadership provides thorough preparation in the exposition of biblical Scriptures and processing of leadership dynamics. The B.S. in Pastoral Leadership prepares the student to excel in ministry aptitude beyond some entry level seminary students.

PURPOSE

The B.S. in Pastoral Leadership is designed to provide a thorough, biblically-based approach to practical ministry leadership. This program emphasizes sound doctrine and the ability to exposit biblical Scriptures from an accurate, conservative, evangelical hermeneutic principle. Building upon the said foundation, the program also focuses on an effective homiletic presentation. Lastly, this program is designed to equip the student with leadership skills that parallel higher levels of leadership study.

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Articulate/justify essential truths of evangelical Christianity.
2. Demonstrate professional skill in planning, organizing, and developing Christian youth ministries.
3. Evaluate models of leadership and programs, as well as ethical and moral principles.
4. Demonstrate competence in engaging and educating adolescents within their culture from a biblical worldview.
5. Apply the principles of biblical interpretation.

Department of Global Studies
Melody Harper, B.A., M.S.W., M.A.
Chair, Department of Global Studies
Director, Undergraduate Global Studies Programs
Assistant Professor of Global Studies

Global Studies Major (B.S.)
Students majoring in Global Studies will be well-equipped for international engagement. They will learn the skills necessary to thrive, build relationships, and establish healthy careers in other cultures while developing an understanding of the particular dynamics that are associated with living and working abroad. To help accomplish this goal, the B.S. in Global Studies program requires students to either double-major or minor in another area.

PURPOSE
The B.S. in Global Studies seeks to provide students with a thorough foundation for effective engagement in intercultural careers and service. The program combines a comprehensive theory of global engagement with practical experience, culminating in a semester-long cultural immersion internship.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Analyze essential principles of effective global engagement.
2. Demonstrate competency in cultural adaptation, research, and communication.
3. Employ critical thinking skills in addressing current issues in global engagement.

Program of Study

Global Studies Major (B.S.)
Core Competency Requirements (36-42 hrs)
Christian Life & Thought (22-23 hrs)
Core Course in the Major (37 hrs)
BIBL 350  Inductive Bible Study  3
BIBL 425  Romans  3
BIBL 480  Hermeneutics  3
GLST 200  Introduction to Global Studies  3

Liberty University Undergraduate Catalog – 2015-2016
The B.A. in Theology and Apologetics helps to reach the goal of “Training Champions of Christ” by equipping students to be able effectively engage the world around them. The goal of the new BA in Theology and Apologetics is help equip Liberty University students to be able to:

1. Articulate core Evangelical Christian doctrines.
2. Engage the culture with both tactfulness and theological precision.
3. Equip to use Scripture, logic and philosophy to defend the rationality of Christian belief.
4. Integrate theology and apologetics in various ministry settings.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Biblically justify essential truths of evangelical Christianity.
2. Apply the principles of biblical interpretation.
3. Evaluate various aspects of culture for the purpose of defending and explaining Christian theology.
4. Propose a response to the major worldviews from a Christian perspective.

Faculty

All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at http://www.liberty.edu/index.cfm?action=faculty&PID=19959&Ca llID=22 where faculty can be searched for by Department.

Biblical and Educational Studies Major (B.S.)

PURPOSE

The B.S. in Biblical and Educational Studies major prepares individuals for future careers in biblical education within both Christian/private schools and the church setting. The degree maintains a balance of educating its majors in the biblical discipline and the educational principles necessary for planning, organizing, and managing curriculum within a classroom setting.

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Demonstrate a broad base of general and professional knowledge.
2. Plan effective instruction and select a variety of strategies based on developmental levels and individual needs in course case studies.
3. Demonstrate the understanding of differentiated instruction.
4. Demonstrate an understanding of classroom management to motivate students and maximize learning.
5. Demonstrate behaviors of a reflective student and seek opportunities for professional development.
6. Articulate and biblically justify essential truths of evangelical Christianity.
7. Demonstrate knowledge of the structure and content of the Bible.
8. Demonstrate competence in the use of sound principles of biblical interpretation.

### Religion Major (A.A.)

#### PURPOSE
The Associate of Arts Degree in Religion is designed to offer students foundational training in a broad range of areas. It allows students to gain a thorough knowledge of the Bible, theology, and practical ministry. It is ideal for students who serve as church laymen in various roles as well as those who desire to enhance their training gained from a previous undergraduate degree. Graduates of this degree may transfer their courses into a bachelor’s degree program at Liberty if they desire to continue their undergraduate education.

#### Program Learning Outcomes
The student will be able to:
1. Articulate and biblically justify essential truths of evangelical Christianity.
2. Demonstrate competence in the use of sound principles of biblical interpretation.

### Liberty University en Español

The School of Divinity also offers the Bachelor of Science in Religion with a cognate in Biblical and Theological Studies, as well as the Associate of Arts in Religion and the Certificate in Biblical Studies online through Liberty University en Español. Additional information is available at [http://www.liberty.edu/online/lue-inicio/](http://www.liberty.edu/online/lue-inicio/).
Undergraduate Certificates

The School of Divinity offers undergraduate certificates in several areas of study through Liberty University Online.

CERTIFICATE COMPLETION REQUIREMENTS
1. Complete 18 total hours with a 2.00 GPA
2. All courses must be completed through Liberty University
3. No grade of “D” may be applied to the certificate
4. Submission of Certificate Completion Application at beginning of final semester

Faculty
All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at https://www.liberty.edu/index.cfm?action=faculty&PID=19959&CatID=23 where faculty can be searched for by Department.

PURPOSE
The School of Education is committed to providing the highest quality Christian education based on the principles of God’s Word. Our school, by virtue of its commitment to strengthening the mind, body and soul, educates the whole person as God created us. The school offers programs to prepare undergraduate and graduate students for careers in teaching and school administration as well as programs in the area of Sport Management.

Division of Teacher Education

Esther Alcindor, B.S., M.Ed.
Chair, Elementary Education
Assistant Professor of Education

Andrea Beam, B.S., M.Ed., Ed.D.
Chair, Secondary Education

Chair, Special Education
Associate Professor of Education

PURPOSE
The mission of the Educator Preparation Program at Liberty University is to develop competent professionals with a Christian worldview for Christian, public, and private schools. Excellent teachers are an invaluable asset to the home, church, community, and nation. The Educator Preparation Program at Liberty is designed to provide a program of study and preservice experiences that will foster teaching excellence and stimulate improvements in teaching practices in Christian, public, and private schools. The program is designed for teacher candidates who are preparing to teach kindergarten, elementary, and middle school, as well as high school students. Those wishing to pursue careers in middle school, or high school teaching may do so in the following areas: biology, business, computer science, English, family and consumer sciences, history/social sciences, mathematics. Comprehensive licensure may be completed in the following areas: music (vocal or instrumental), health/physical education, Spanish, special education, studio art, teaching English as a second language, and theatre arts.

PROGRAM LEARNING OUTCOMES
The teacher candidate:

INT-A. KNOWS Christian values, moral dimensions, and ethical implications synthesized with academic knowledge
INT-A1. Demonstrates a broad base of professional and general knowledge.
INT-A2. Demonstrates knowledge of content in the endorsement area.

INT-B. IMPLEMENTS skills as a gift from God, because teaching is a calling from God
INT-B3. Integrates skills in speaking, writing, reading, and listening for effective classroom communication, peer leadership, and professional involvement.

INT-C. BELIEVES and practices personal integrity, social responsibility, sensitivity to the needs of others, and the betterment of humanity consistent with our mission to prepare competent professionals with a biblical worldview for Christian, public, and private schools
INT-C11. Models personal integrity and sensitivity to human needs.
INT-C12. Demonstrates behaviors of a reflective practitioner and seeks opportunities for collaboration and professional development.

DEFINITIONS FOR DISPOSITIONS – SCRIP:
1. Displays a sense of Social responsibility
2. Demonstrates Commitment/ work ethic
3. Demonstrates Reflective practice
4. Displays personal Integrity
5. Displays Professionalism
TEACHER ENDORSEMENT AREAS

Teacher preparation and endorsement are available through the Teacher Education Department in cooperation with departments offering majors in the following teacher endorsement areas:

**Elementary**
Elementary education (preK – 6) [Integrated Studies major] Middle education (grades 6 – 8) [only with preK – 6]

**Secondary (6 – 12)**
- Biology
- Business
- Computer Science
- English
- Family and Consumer Sciences
- History/Social Sciences
- Mathematics
- Studio Art

**Comprehensive (preK – 12)**
- English as a Second Language
- Health/Physical Education
- Music: Choral or Instrumental
- Spanish
- Special Education (K-12) [Integrated Studies major]
- General Curriculum
- Theatre Arts (preK – 12)

**Add-on endorsements**
- Algebra I
- Chemistry (only with Biology)
- Computer Science
- Journalism
- Speech
- Theatre Arts (preK – 12)

**Minor (non-licensure)**
- Special Education

KAPPA DELTA PI

KAPPA DELTA PI, an International Honor Society in Education, was founded on March 8, 1911, at the University of Illinois. Organized to recognize excellence in education, Kappa Delta Pi elects to membership those who exhibit the ideals of scholarship, high personal standards, and promise in teaching and allied professions. It encourages improvement, distinction in achievement, and contributions to education.

Today there are over 60,000 members in more than 425 university, college, and alumni chapters. The Pi SIGMA Chapter at Liberty University was founded on February 9, 1984. Visit the website at: www.liberty.edu/kdp.

Election to membership is made without regard to religion, race, or gender, and may include undergraduate and graduate students and practicing professionals in the field of education.

COUNCIL FOR EXCEPTIONAL CHILDREN

Special Education majors at Liberty University organized a Student Chapter of the Council for Exceptional Children (CEC) in Spring 2005. CEC is the largest international, non-profit organization that provides support and information for children with disabilities, their families, and those who work with these children. Membership is open to all majors. To become an official member of the CEC, one must join the national chapter of the CEC.

The Educator Preparation Program is designed to meet licensure requirements of the Commonwealth of Virginia in the student’s approved concentration. The University has approval from the State Council of Higher Education for Virginia and is accredited by the Southern Association of Colleges and Schools. The Educator Preparation Program has been officially approved by the Virginia Department of Education and by the National Council for Accreditation of Teacher Education (NCATE). Graduates of Liberty’s approved educator preparation programs are eligible for licensure within the Commonwealth of Virginia. Completing Virginia licensure requirements will generally be necessary if the teacher candidate intends to seek licensure in another state.

Several states have additional licensure requirements beyond what is specified for graduation from an approved program at Liberty. However, teacher candidates are able to gain licensure and to begin teaching in another state while completing the additional requirements. Assistance in securing licensure from other states, information about licensure requirements in states other than Virginia, and help in obtaining necessary applications for out-of-state teaching credentials may be obtained from the Teacher Licensure Office. In addition to state licensure, students who complete the Educator Preparation Program at Liberty are eligible for the Association of Christian Schools International certificate.

DEGREE COMPLETION PLANS

Degree Completion Plans for programs offered by the School of Education can be accessed online at: www.liberty.edu/dcps.

Licensure Programs

ADMISSION TO THE EDUCATOR PREPARATION PROGRAM

A student planning to follow a teaching program at Liberty must meet the admission requirements of the Educator Preparation Program. The standards of admission to the Educator Preparation Program are inclusive of those for admission to the University and include other criteria outlined by the School of Education as indicated below. Policies governing admission to the program originate in, or are channeled through the Teacher Education Department. The Department formulates policies, coordinates the Educator Preparation Program, and works for selective recruitment, admission, and retention of students for and in teacher licensure. It must be clearly understood that admission to the University is not synonymous with admission to the Educator Preparation Program. Failure to follow the procedures will generally result in the delay of the student’s graduation and program completion for a minimum of one semester. Program requirements are available in the Teacher Education Handbook at http://www.liberty.edu/uguide.

Application to Liberty’s Educator Preparation Program usually takes place at the end of the candidate’s freshman year as part of the course requirements for EDUC 125, Introduction to Education. Transfer students who fail to comply with this provision can result in program completion being delayed for at least one semester for those students. Though in no way a guarantee of the candidate’s future success in a classroom, meeting the standards listed below demonstrates a seriousness of purpose and a degree of academic achievement that speaks well of the aspiring teacher’s potential. Students must meet the following initial entrance requirements:

1. A minimum cumulative GPA of 2.50;
2. The successful completion of 30 semester hours of undergraduate study including the Foundational Studies.

(Transfer students must complete a minimum of 15 of the 30 hours at Liberty in order to meet this standard. Transfer credits in education are not likely to meet licensure requirements. Any exceptions must be approved by the Chair of Initial Teaching Programs.) Because of the
specific requirements for teacher licensure, all nonresidential courses must be approved by the program coordinator;

3. Certification by the Office of Student Affairs that the student has exhibited satisfactory citizenship and behavior while enrolled at Liberty. Teacher candidates who have been expelled or suspended are not eligible for initial entry until fully reinstated to good standing by the Office of Student Affairs;

4. Completion of EDUC 125, Introduction to Education, with a minimum grade of “C”, (Transfer credit must be approved by the program coordinator);

5. Demonstration of minimum competency in oral and written communication skills and in computation skills, as shown by an acceptable score for licensure tests including The Praxis I Core Mathematics and VCLA. More information about these tests can be found at http://www.liberty.edu/uguide.

6. Completion of 30-hour practicum (EDUC 125) and computer competencies.

7. Clearance of the required background check.

Equally important to the admission requirements of the Educator Preparation Program are those criteria which govern the maintenance of the candidate’s status once admitted to the program:

1. A minimum cumulative GPA of 2.50 must be maintained. Teacher candidates who fall below this minimum will be dropped from the program.

2. Satisfactory citizenship and behavior must be maintained. Students suspended or dismissed from the University will be dropped from the program.

3. Any teacher candidate who has not been admitted or who has been dropped from the program will be ineligible to take upper level education courses.

4. Any teacher candidate who has been dropped from the program is eligible to reapply in writing through the Teacher Licensure Office no sooner than during the semester following dismissal from the program. A student may, however, be reinstated only once.

5. The teacher candidate is subject to dismissal from the program at any time following his initial acceptance should any disqualifying difficulties arise.

STUDENT TEACHING

The student teaching experience is required of all students seeking teacher licensure and takes place during the student’s final semester of study. It will involve the commitment of the entire semester for student teaching and related coursework.

Professional Semester

</tr>
</tbody>
</table>

Student teaching experiences are arranged to take place within Christian and public school settings that are designated as local placements in Central Virginia. A listing of local school divisions may be found at http://www.liberty.edu/uguide. A limited number of external placements in accredited schools are available for students who meet the criteria for external placement. The University seeks to locate student teachers in positive classroom settings with well-qualified cooperating teachers.

It is the policy of the Liberty University School of Education that student teaching experiences are performed in the above settings which are supervised directly by faculty members from the University. For this reason, it is not possible to complete student teaching at another institution and then transfer credit to Liberty for the purpose of meeting student teaching requirements. Teacher candidates also will not be issued credit for student teaching because of having a period of non-certified classroom employment. Further information about the student teaching experience may be secured from the Teacher Licensure Office.

The student teaching experience should be approached with a great deal of respect for the responsibilities involved and should be regarded as a very important experience for the aspiring teacher. During the student teaching semester, the student will assume an important role in terms of responsibilities and obligations to the school and the students where the student teaching is to take place. It is also imperative that student teachers plan to arrange personal time schedules so that proper attention is given to student teaching and those activities associated with outside preparation and school responsibilities.

For these reasons, the School of Education very strongly suggests that teacher candidates should not plan to have significant amounts of outside diversions during the student teaching semester. Examples of activities which have previously caused problems for student teachers include jobs, excessive social commitments, and extracurricular activities. In such circumstances, the quality of the teaching inevitably suffers. For these reasons, planning and prior arrangement to avoid such problems is expected. Please see the Teacher Education Handbook and the Student Teaching Handbook found at http://www.liberty.edu/uguide for specific policies concerning the requirements for student teaching.

ADMISSION TO STUDENT TEACHING

A student may enroll in student teaching when the following requirements have been met:

1. Admission to the Educator Preparation Program for at least one full semester before student teaching;

2. Filed application at the beginning of the semester prior to the student teaching. The Teacher Education Department will approve or disapprove all such applications based upon the following criteria:

   a. Current TB test
   b. Evidence that the teacher candidate is not on academic or social probation. (Behavior that relates to the moral, social, ethical, and personal standards of professional competency of the student will be subject to periodic review and appraisal);
   c. A minimum cumulative GPA of 2.50 (3.00 GPA for external placement);
   d. Completion of all professional education coursework, as well as all courses in the student’s major area of study. Grades below a “C” are not acceptable in any EDUC course, or in any concentration course (Elementary and Special Education Licensure), or in any upper level course in the major (Secondary/Comprehensive Licensure);
   e. Completion of all licensure tests including VCLA, Praxis II, and RVE (for Elementary and Special Education candidates). Licensure tests must be passed before the student teaching application can be accepted and a request for placement can be made; and
   f. Graduation checklist submitted indicating all coursework except student teaching is completed.

It is the candidate’s responsibility to secure the forms and materials necessary to apply for student teaching. Such materials may be obtained from the Teacher Licensure Office and must be returned prior to
established deadlines. The application deadlines for placement in student teaching are September 15 for placement in the spring semester and February 15 for placement in the fall semester.

**TEACHER LICENSURE TESTS**

An important requirement for meeting Teacher Licensure standards in the Commonwealth of Virginia is the successful completion of the required tests for licensure. Tests include the Praxis I Core Mathematics, the VCLA (Virginia Communication and Literacy Assessment), the Praxis II, and the RVE (Reading for Virginia Educators) for Elementary and Special Education candidates.

These tests must be passed before applying for student teaching. The tests may be repeated, if necessary. More information about the required licensure tests may be found at www.liberty.edu/uguide.

**ELEMENTARY AND SPECIAL EDUCATION LICENSURE**

A teacher candidate who plans to teach in elementary or special education must complete a major in Elementary Education Integrated Studies or Special Education Integrated Studies. The candidate will choose from a specified list of concentrations that have been approved by the respective department chairs. The middle school option provides additional endorsement in the concentration selected. Professional education requirements for teacher candidates preparing to be elementary and special education teachers are outlined below. Course requirements are available online at http://www.liberty.edu/education.

| Professional Education Requirements for Elementary Licensure (20 + 20 hrs)* |
|-----------------|-----------------|
| **EDUC 125** | Introduction to Education | 1 |
| **EDUC 220** | Differentiated Teaching | 2 |
| **EDUC 225/226** | Instructional Design: Elementary / Practicum | 1/2 |

| **EDSP 473/474** | Transition Planning / | 2/1 |

**SECONDARY LICENSURE**

A candidate who plans to teach in secondary school must complete a major in the subject area(s) in which he wishes to teach. The secondary areas of licensure available at Liberty are biology, business, computer science, English, history/social sciences, mathematics, and work and family studies. Add-on licensure is available in Algebra I, biology, chemistry, computer science, journalism, speech, and theatre arts.

The typical professional education requirements for students preparing to be secondary school teachers are outlined below. Requirements for the various subject matter areas are available on the Degree Completion Plan (DCP) of the respective major.

| Professional Education Requirements for Secondary Licensure (13 + 18 hrs)* |
|-----------------|-----------------|
| **EDUC 125** | Introduction to Education | 1 |
| **EDUC 221** | Content Area Reading and Differentiated Teaching and Learning | 2 |
| **EDUC 235/236** | Content Instructional Design / Practicum | 1/2 |
| **EDUC 240** | Introduction to Applied Educational Technology Practicum | 2 |
| **EDUC 360** | Foundations of Education | 2 |
| **EDUC 419/420** | Content Teaching Methods / Practicum | 2/1 |
| **EDUC 425** | Content Measurement and Evaluation* | 2 |
| **EDUC 435/436** | Content Curriculum Fundamentals / Practicum* | 2/1 |
| **EDUC 475** | Seminar in Classroom Management | 2 |
| **EDUC 476** | Student Teaching I* | 5 |
| **EDUC 477** | Student Teaching II* | 5 |

*EDUC 322, 324 not required for special education unless seeking dual licensure in elementary.

*Second column represents field experience credit hours.

**COMPREHENSIVE LICENSURE**

Comprehensive licensure includes certification in both elementary and secondary school levels for the teacher candidate who plans to teach in areas such as music (vocal and instrumental), health/physical education, Spanish, special education, teaching English as a second language, studio art, and theatre arts. Requirements vary slightly among majors as printed below. Requirements for the various subject matter areas are available on the Degree Completion Plans of the respective majors.

| Professional Education Requirements for Comprehensive Education Core (6 + 16)* (Health/Physical Education, Spanish, Special Education, Studio Arts, Theatre Arts, Music, and Teaching English as a Second Language) |
|-----------------|-----------------|
| **EDUC 125** | Introduction to Education | 1 |
| **EDUC 221** | Content Area Reading and Differentiated Teaching and Learning | 2 |
| **EDUC 235/236** | Content Instructional Design / Practicum | 1/2 |
| **EDUC 240** | Introduction to Applied Educational Technology Practicum* | 2 |

*FACS 380 replaces EDUC 425 and 435/436 for FACS majors.

MUSC 437/438  Elementary Music Methods and Materials / Practicum  1/1

*Field experience credit hours

^HLTH/KINE replacement for Health/PE majors.

**LICENSURE IN OTHER STATES**

Graduates who have successfully completed Liberty’s Educator Preparation Program and who have met all standards for Teacher Licensure in Virginia can be recommended for licensure in other states. The Commonwealth of Virginia operates within the Interstate Licensure Compact, which means that other states in the compact recognize and freely accept incoming licensure applications from Virginia-based programs.

The remaining states utilize different processes to evaluate out-of-state applicants for licensure. In most cases, other states will require proof that the student has successfully completed a state-approved Educator Preparation Program. Assistance in securing this license is provided to all of those who are completing student teaching. Licensure applications will be processed after all undergraduate work has been successfully completed.

Teacher Licensure personnel can provide addresses of the various State Departments of Education for those wishing to pursue licensure in other states. The Teacher Licensure personnel will assist candidates in the preparation and submission of the required documents.

**TIME FRAME FOR PROFESSIONAL LICENSURE AND PRACTICUMS**

Teacher candidates must have completed all requirements necessary for professional licensure within five years after completion of the undergraduate degree.

Teacher candidates who have received a degree and wish to return to Liberty University for practicum work (elementary/secondary student teaching) for licensure will be subject to the same five-year timeframe.

Each case will be evaluated on an individual basis according to time elapsed from completion of coursework, transcripts, program changes, and recent experiences in the field of education.

**Elementary Education Integrated Studies (B.S.)**

**Special Education Integrated Studies (B.S.)**

**PURPOSE**

The Bachelor of Science in Elementary Education Integrated Studies and Special Education Integrated Studies majors are designed for those students who desire a liberal arts degree that meets the competencies for teacher candidates. The emphases of these majors are on the content of the core areas, as defined by the federal guidelines of the *No Child Left Behind Act* and the state guidelines of the Virginia Department of Education. The guidelines for these majors are subject to changes in federal or state regulations for the licensure of elementary or special education teachers.

**Requirements for this degree are:**

1. Fulfill institutional General Education Requirements using courses recommended to meet teacher licensure competencies;
2. Complete a 45-hour major which must be drawn from two or three academic disciplines with no more than 30 hours and no less than 15 from any one discipline.
   a. The *Elementary Education Integrated Studies* major includes the Core Concentration cluster, one Cognate cluster, choice of cognate areas must be one of the following: math, English, social studies, or science; and the Education cluster will be the third concentration.
   b. The *Special Education Integrated Studies* major includes the Core Concentration cluster, the Special Education cluster, and the Education cluster.
3. Complete 15 hours of electives in any disciplines, including areas that are covered in the major, that are selected to meet teacher licensure competencies;
4. Admission to the Educator Preparation Program prior to registering for upper level courses;
5. Complete at least 30 hours at the 300-400 level;
6. Complete 50 percent of each cognate at Liberty;
7. Students who break enrollment must renegotiate the proposal.

Admission to the Educator Preparation Program (EPP) is required prior to registering for any upper-level courses in education. *Candidates who fail to meet the requirements for EPP admission must change to another major.* As part of the EPP admissions process, each candidate must submit an approved Degree Completion Plan (DCP) which becomes the student’s contract for graduation and may be modified only upon written request to the Program Director or the School of Education Dean. The professional semester (student teaching) is required for teacher licensure, and is therefore required to complete the Elementary Education Integrated Studies and Special Education Integrated Studies Major.

**Core Competency Requirements (58-65 hrs)**

**Christian Life & Thought (22-23 hrs)**

**Courses in the Major (36 hrs)**

**Directed Courses (required) (13-19 hrs)**

**Program Learning Outcomes**

The student will be able to:

1. Articulate a Christian worldview that incorporates moral leadership and ethical decision-making in the sport management workplace.
2. Demonstrate oral, written, and technological communication effectively and persuasively within professional sport management settings.
3. Evaluate research in sport management from the perspective of current business trends and historical sport management contexts.
4. Synthesize academic principles through knowledge transfer and exchange to the sport management environment.
5. Demonstrate leadership skills in the sport management industry.

Information pertaining to student learning and achievement in the sport management programs accredited by COSMA can be obtained by visiting the Department of Sport Management website at http://www.liberty.edu/academics/education/sport/index.cfm?PID=69 or by contacting the Chair of the Department of Sport Management at sportmanagement@liberty.edu.
Coaching Major (B.S.)

Purpose
The Coaching major will prepare students to work as coaches within the sport industry. The students will develop knowledge of administration, pedagogy, compliance, strength and conditioning, leadership skills, communication, motor movement and film editing.

Program Learning Outcomes
The student will be able to:
1. Develop athletes through a whole person development.
2. Administer a program with effective communication skills.
3. Evaluate an athletic program.

School of Education – Online Program

Division of Teacher Education

Annyce Maddox, B.S., M.Ed.
Chair, PreLicensure Department
Assistant Professor of Education

As a condition of Liberty’s Certificate of Approval from the Alabama Commission on Higher Education, the following disclaimer pertains to Liberty’s online programs in Teacher Education:

Teacher Education: State Authorization to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama certificate. Applicants for an Alabama certificate based on reciprocity must meet Alabama’s test requirements and submit a valid, renewable professional educator certificate/license issued by another state at the degree level, grade level, and in the teaching field or area of instructional support for which an Alabama certificate is sought and for which Alabama issues a certificate. Applicants for Alabama certification in an area of administration must also document at least three years of full-time employment as an administrator in a P-12 school system(s). www.alsde.edu

Early Childhood Education Interdisciplinary Studies Major (B.S.) (Non-Licensure Program)

PROGRAM LEARNING OUTCOMES
A graduate of the Pre-Licensure (AA & BS) programs:

PRE-A. KNOWS Christian values, moral dimensions, and ethical implications synthesized with academic knowledge
  • PRE-A1. Demonstrates a broad base of general and professional knowledge;

PRE-B. IMPLEMENTS skills as a gift from God, because teaching is a calling from God
  • PRE-B2. Plans effective instruction and selects a variety of strategies based on developmental levels and diverse backgrounds in course case studies;
  • PRE-B3. Demonstrates the understanding of differentiated instruction,
  • PRE-B4. Demonstrates an understanding of classroom management to motivate students and maximize learning;

PRE-C. BELIEVES and practices personal integrity, social responsibility, sensitivity to the needs of others, and the betterment of humanity
  • PRE-C5. Demonstrates behaviors of a reflective student, articulates a Biblical worldview, and seeks opportunities for professional development.

  1 Background check clearance required for EDUC 380 & 390
  2 Choose a course from the following disciplines not already required in Cognate One or Cognate Two: EDSP, EDUC, or PSYC
  3 Complete an additional math course to meet elementary content competencies

TOTAL HOURS: 120 minimum; 30 hours must be upper level; 30 hours must be completed through LU (Online and/or Residential)

Elementary Education Interdisciplinary Studies Major (B.S.)
(With Fifth-Year Option for M.A.T. and Licensure)*

PURPOSE
The purpose of the non-licensure Bachelor of Science in Elementary Education Interdisciplinary Studies program is to provide a foundation of education that can assist a student in becoming a teacher candidate in a graduate education program. The program also provides theories and methodology of Christian education that will assist those who will work in Christian schools, churches and home.

PROGRAM LEARNING OUTCOMES
A graduate of the Pre-Licensure (AA & BS) programs:

PRE-A. KNOWS Christian values, moral dimensions, and ethical implications synthesized with academic knowledge
  • PRE-A1. Demonstrates a broad base of general and professional knowledge;

PRE-B. IMPLEMENTS skills as a gift from God, because teaching is a calling from God
  • PRE-B2. Plans effective instruction and selects a variety of strategies based on developmental levels and diverse backgrounds in course case studies;
  • PRE-B3. Demonstrates the understanding of differentiated instruction,
**PRE-A.** KNOWS Christian values, moral dimensions, and ethical implications synthesized with academic knowledge

- PRE-A1. Demonstrates a broad base of general and professional knowledge;
- PRE-A2. Demonstrates the understanding of classroom management to motivate students and maximize learning;
- PRE-A3. BELIEVES and practices personal integrity, social responsibility, sensitivity to the needs of others, and the betterment of humanity

**Free Electives (33 hrs)**

- This is a non-licensure program. Graduates of this program have the option of completing the M.A.T. for licensure. This degree plan is effective for those starting this degree program in fall 2014 through summer 2015.
- Background check clearance required for EDUC 380 & 390
- Complete an additional math course to meet elementary content competencies

**TOTAL HOURS:** 120 minimum; 30 hours must be upper level; 30 hours must be completed through LU (Online and/or Residential)
**Education Major (A.A.)**

**Early Childhood Education Major (A.A.)**
*(Non-Licensure Programs)*

**PROGRAM LEARNING OUTCOMES**
A graduate of the Pre-Licensure (AA & BS) programs:

PRE-A. KNOWS Christian values, moral dimensions, and ethical implications synthesized with academic knowledge

- PRE-A1. Demonstrates a broad base of general and professional knowledge;
- PRE-B. IMPLEMENTS skills as a gift from God, because teaching is a calling from God

- PRE-B2. Plans effective instruction and selects a variety of strategies based on developmental levels and backgrounds in course case studies;
- PRE-B3. Demonstrates the understanding of differentiated instruction,
- PRE-B4. Demonstrates an understanding of classroom management to motivate students and maximize learning;
- PRE-C. BELIEVES and practices personal integrity, social responsibility, sensitivity to the needs of others, and the betterment of humanity
- PRE-C5. Demonstrates behaviors of a reflective student, articulates a Biblical worldview, and seeks opportunities for professional development.

DEGREE COMPLETION PLANS

Degree Completion Plans for online undergraduate programs offered by the School of Education are available online at http://www.liberty.edu/dcps.

Undergraduate Certificate

Division of Teacher Education

Annyce Maddox, B.S., M.Ed.
Chair, PreLicensure Department
Assistant Professor of Education

The School of Education offers an undergraduate certificate in Preschool through Liberty University Online.

CERTIFICATE COMPLETION REQUIREMENTS

1. Complete 18 total hours with a 2.00 GPA.
2. All courses must be completed through Liberty University.
3. No grade of “D” may be applied to the certificate.
4. Submission of Certificate Completion Application at beginning of final semester.

Certificate in Preschool

Certificate Completion Plans (CCP) can be accessed online at www.liberty.edu/dcps.

School of Engineering & Computational Sciences

Administration
David Donahoo, B.S., M.S.
Dean, School of Engineering & Computational Sciences
Assistant Professor of Information Systems

Carl Pettiford, B.S., M.S., Ph.D.
Chair, Department of Engineering
Associate Professor of Electrical Engineering

Jerry Westfall, B.S., M.S., Ph.D.
Chair, Department of Computational Sciences
Professor of Computational Sciences

Faculty
All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at https://www.liberty.edu/index.cfm?action=faculty&PID=19959&CatID=23 where faculty can be searched for by Department.

PURPOSE
The School of Engineering and Computational Sciences functions with the purpose of teaching Christ-centered men and women with the values, knowledge, and skills critical for impacting computing and technology-related disciplines in tomorrow’s world. Enhanced in the fall of 2007, the School has the long-term vision of creating and maintaining nationally recognized technology-related degrees, centers, institutes, and initiatives in education, research, training, and missions so that our Christ-centered graduates can have the greatest impact on tomorrow’s world.

The School offers six degrees and two minors that provide students with the skills, knowledge, and understanding of information technology necessary for impacting tomorrow’s socio-technological culture.

PROGRAM ACCREDITATION
The Bachelor of Science degree programs in Computer Engineering, Electrical Engineering and Industrial and Systems Engineering have received accreditation from the Engineering Accreditation Commission of ABET. The Bachelor of Science in Computer Science has received accreditation from the Computing Accreditation Commission of ABET.

ABET is the recognized accrediting agency for college and university programs in applied science, computing, engineering, and engineering technology. ABET accreditation demonstrates a program’s commitment to providing its students with a quality education.

TEACHER LICENSURE
Liberty University offers teacher licensure programs which are approved by the State of Virginia Department of Education. Teacher preparation and endorsement in Computer Science is available through the School of Engineering and Computational Sciences in cooperation with the Teacher Education Department.

Those who enter the teacher licensure program must complete the academic major, be subject to the same general education requirements as all other students, and complete academic and practicum experiences related to professional teacher training.

Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education. Licensure information is also available at http://www.liberty.edu/ugguide.

DEGREE COMPLETION PLANS
Degree Completion Plans for programs offered by the School of Engineering and Computational Sciences can be accessed online at: http://www.liberty.edu/deps.

Engineering Programs
Certain degrees within the School of Engineering require specific technical electives be completed as part of the degree. The intent of the technical electives is to enhance (i.e. deepen and/or broaden) the scientific, mathematical, technological, or engineering knowledge or experience of the student in his or her career potential and development.

A list of the electives required by degree program can be found at http://www.liberty.edu/media/1170/Technical%20Electives%202015-16_School%20of%20Engineering.pdf.

ENGINEERING PROGRAM LEARNING OUTCOMES
The student will be able to:
1. An ability to apply knowledge of mathematics, science, and engineering;
2. An ability to design and conduct experiments, as well as to analyze and interpret data;
3. An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability;
4. An ability to function on multidisciplinary teams;
5. An ability to identify, formulate, and solve engineering problems;
6. An understanding of professional and ethical responsibility;
7. An ability to communicate effectively;
8. The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context;
9. A recognition of the need for, and an ability to engage in life-long learning;
10. A knowledge of contemporary issues; and
11. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

Computer Engineering Major (B.S.)
PURPOSE
The computer engineering degree is designed to develop Christ-centered men and women with the values, knowledge, and skills essential to positively influence computer and electrical engineering-related industries in the current and evolving economy. The program prepares graduates for the thoughtful integration of work and life and to view the computer engineering profession as a lifelong commitment to serving others.

PROGRAM EDUCATIONAL OBJECTIVES
Our goal is, within a few years of graduating, our Computer Engineering students will be able to:
1. Advance in an engineering career or graduate studies.
2. Be recognized as a creative thinkers; exhibiting an aptitude for continuous learning.
3. Display professional ethics and behavior consistent with foundational Christian principles.

### Computational Science Programs

**PURPOSE**

In general, the computational science programs (CNS) are designed to prepare our students to enter the professional workforce with the knowledge and skills to impact computing and technology-related disciplines in tomorrow’s world.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Apply knowledge of computing and mathematics appropriate to the discipline.
2. Analyze a problem, and identify and define the computing requirements appropriate to its solution.
3. Design, implement, and evaluate a computer-based system, process, component, or program to meet desired needs.
4. Function effectively on teams to accomplish a common goal.
5. Demonstrate an understanding of professional, ethical, legal, security and social issues and responsibilities.
6. Communicate effectively with a range of audiences.
7. Analyze the local and global impact of computing on individuals, organizations, and society.
8. Recognize the need for and an ability to engage in continuing professional development.
9. Use current techniques, skills, and tools necessary for computing practice.
10. Apply mathematical foundations, algorithmic principles, and computer science theory in the modeling and design of computer-based systems in a way that demonstrates comprehension of the tradeoffs involved in design choices.
11. Apply design and development principles in the construction of software systems of varying complexity.

**Computer Science Major (B.S.)**

**PURPOSE**

The Computer Science (CS) major is offered by the School of Engineering and Computational Sciences with the purpose of developing Christ-centered men and women with the values, knowledge, and skills essential to impact computing-related disciplines in tomorrow’s world.

Students are exposed to the computer science core body of knowledge from a Christian worldview. Equipped with a firm foundation in algorithms and problem solving, they learn to analyze problems and design, implement, and test software solutions. Students also develop a strong background in mathematics to cultivate their reasoning abilities. Faculty help students prepare for a lifetime of service while encouraging undergraduate research and effective application of technology from a Christian worldview.

**PROGRAM EDUCATIONAL OBJECTIVES**

Our goal is, within a few years of graduating, our Computer Science students will be able to:

1. Demonstrate a sound understanding of the fundamentals principles and practices of computer science necessary for employment and graduate studies.
2. Apply computer science principles and practices to identify and document requirements, develop designs, as well as implement and validate solutions for computing systems of varying levels of complexity.
3. Establish a sense of continuous life-long learning and adopting new technologies where appropriate.
4. Develop skills for working in teams; communicating technical information effectively in both oral and written forms; engaging in creative and critical thinking; gaining and applying business knowledge; building leadership skills.
5. Display the Christian principles that are the basis for their professional ethics and behavior.

**TEACHER LICENSURE**

An endorsement in Computer Science is available. Those wishing to pursue teacher-related programs should seek information from the Teacher Licensure Office in the School of Education.

**Career Opportunities**

- Computer Scientists: Operations Research
- Computer Engineers: Systems Analysts
- Computer Programmers: Teaching in Private Schools &
- Database Administrators: Public Schools

**Programs of Study**

**Computer Science Major (B.S.)**

**Core Competency Requirements (40-46 hrs)**

**Christian Life & Thought (22-23 hrs)**

**Courses in the Major (48 hrs)**

Helms School of Government

Administration
Shawn D. Akers, B.A., M.A., J.D.
Dean, Helms School of Government
Professor of Government

Ronald Miller, B.A., M.S.
Associate Dean, Helms School of Government
Assistant Professor of Government

Stephen M. Parke, B.A., J.D., LL.M.
Associate Dean, Helms School of Government
Associate Professor of Criminal Justice

Faculty
All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at https://www.liberty.edu/index.cfm?action=faculty&PID=19959&CatID=23 where faculty can be searched for by Department.

PURPOSE
The Helms School of Government offers Bachelor of Arts, Bachelor of Science, and Associate of Arts degrees, with majors in Government, International Relations and Criminal Justice; minors in Government, International Relations, Criminal Justice, Strategic and Intelligence Studies and Western Legal Traditions; and concentrations in International Relations, Politics and Policy, International Politics and Policy, Strategic and Intelligence Studies and Western Legal Traditions (Pre-Law).

The curriculum encourages students to approach their chosen professions as opportunities for Christian Service and equips students with a strong foundation of knowledge and skills in conducting the business of government, politics, policy-making, public administration, public safety and military service. The goal of the curriculum is to produce action-oriented students who are able to understand and articulate the biblical roots of our religious, economic, and political liberties, and, thus, to equip them to become highly qualified leaders in their chosen career fields.

INTERNSHIPS
Knowledge becomes wisdom when a student takes the theory of the classroom and applies it in the context of the real world. To that end, our students are encouraged to apply for an internship in their field of study. The Helms School of Government is actively placing our students in positions at the White House, offices of elected officials, military and government intelligence agencies, and conservative political organizations. Internships are also available at the state and local government level as well as federal and state criminal justice agencies.

Applicants must satisfy the 2.50+ GPA requirement and successfully complete the rigorous screening process prior to placement. The program is designed to keep the student on track for graduation and qualify for financial aid programs.

PARTNERSHIPS
In addition, in order to provide motivated students with unique educational opportunities, the Helms School of Government also partners with the Central Virginia Criminal Justice Academy, the School of Engineering and Computational Sciences, and the School of Communication. These partnerships are in place to set students apart and better prepare them for employment.
HELMS SCHOOL OF GOVERNMENT

DRESS CODE
The Helms School of Government requires its faculty and students to maintain a neat, well-groomed, and professional appearance. The standards in this code apply to all 300 and 400 level classes and exams, as well as school-wide functions held within the Helms School of Government. More information can be found online at http://www.liberty.edu/index.cfm?PID=19738.

DEGREE COMPLETION PLANS (DCP)
Degree Completion Plans for degree programs offered by the Helms School of Government can be found online at: www.liberty.edu/dcps.

Criminal Justice Major (B.S.)
PURPOSE
The purpose of the Criminal Justice major is to provide a foundational understanding of the history, philosophy, and practical issues that impact our criminal justice system in local, state, and federal law enforcement agencies. Students will stand out as Christ-centered - moral, ethical, and value driven men and women with the skill sets necessary to excel as leaders in courts, corrections, and policing in all jurisdictions.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Evaluate the nature of the criminal justice system from a biblical worldview.
2. Communicate effectively in both written and oral formats.
3. Demonstrate competence in the discipline of criminal justice.
4. Solve various criminal justice dilemmas.
5. Evaluate substantive and procedural criminal law from a Constitutional perspective.

Government Major (B.A./B.S.)
PURPOSE
The purpose of the Government major is to provide a firm foundation in biblical principles of civic government, ensure correct historical education in American government at all levels; and training in limited government, political theory, law, and political and economic ideals. The major is intended to inspire and produce statesmen, leaders, scholars and policy makers and thus equip them to become highly qualified leaders in their chosen career fields capable of impacting the world.

Liberty University Undergraduate Catalog – 2015-2016 207
PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Evaluate the nature and role of government from a biblical worldview.
2. Communicate effectively in both written and oral formats.
3. Integrate ethical and values-driven decision making in government scenarios.
4. Evaluate political or government related dilemmas.

International Relations Concentration
The student will be able to:
1. Evaluate dilemmas in geopolitical and international relations.
2. Recognize and apply major fundamental concepts of international relations to international relations dilemmas/practices.

Politics and Policy Concentration
The student will be able to:
1. Evaluate comparative political and economic theories as they relate to the field of government
2. Demonstrate the ways in which domestic and international political and policymaking processes interact.

Western Legal Traditions Concentration
The student will be able to apply western legal traditions concepts to practice-based scenarios.

International Relations Major (B.A.)

Purpose
The International Relations major takes a broad approach to the disciplines of economics, law, philosophy, and geography with the purpose of mastering the study of relationships among countries, peoples, and comparative governments. There will be a bifurcation in which the student branches into further studies in either international politics and policy, or strategic and intelligence studies. It is necessary to study a foreign language. Developing skills in research, critical thinking, and communications, the student will study global issues from a Christian perspective and gain the ability to impact a world crying out for salt and light.

Program Learning Outcomes

The student will be able to:
1. Evaluate the nature and role of government from a Biblical worldview.
2. Integrate ethical and values-driven decision making in government scenarios.
3. Communicate effectively in both written and oral formats.
4. Demonstrate competence in the basic principles of international relations.
5. Evaluate dilemmas in geopolitical or international relations.
6. Recognize and apply major fundamental concepts of international relations to international relations dilemmas/practices.

International Politics and Policy Concentration

The student will be able to:
1. Evaluate comparative political and economic theories as they relate to the field of international relations.
2. Demonstrate the ways in which domestic and international political and policy-making processes interact.

Strategic Intelligence Studies Concentration

The student will be able to:
1. Demonstrate an understanding of the broader intelligence community and the intelligence cycle.
2. Integrate strategic and intelligence considerations in multiple contexts.
3. Evaluate research and form analyses on critical intelligence issues.

International Relations Major (B.A.)
International Politics and Policy Concentration

Core Competency Requirements (30-36 hrs)
Christian Life & Thought (22-23 hrs)
Liberal Arts Focus: (18 hrs)
Language Requirements (12 hrs) Must be one language; 6 hours must be at the 200 level or above
Integrative Studies (6 hrs)
Core Courses (30 hrs)
GOVT 200 Constitutional Government and Free Enterprise 3
GOVT 210 Introduction to Political Science 3
GOVT 220 American Government 3
GOVT 340 International Relations 3
GOVT 350 Political Economy and Public Policy 3
GOVT 421 American Constitutional History 3
GOVT 440 Political Geography 3
GOVT 480 Terrorism 3
GOVT 490 Political Theory 3
GOVT 492 Senior Seminar 3
Concentration Courses (18 hrs)
GOVT 330 Introduction to Comparative Politics 3
GOVT 405 Political and Economic Development 3
PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Demonstrate competence in the basic criminal justice process.
2. Evaluate the nature and causes of crime as they relate to biblical worldview principles.
3. Apply basic principles of criminal law.
4. Identify and evaluate the sources of criminal law in the American system.

**ASSOCIATE OF ARTS DEGREES**

The Helms School of Government offers the Associate of Arts Degree in Criminal Justice or Government. This two-year degree program combines Criminal Justice or Government courses with General Education courses and graduation requirements. Graduates of this program may request transfer of their courses in to a bachelor’s degree program at Liberty.

**Criminal Justice Major (A.A.)**

**PROGRAM LEARNING OUTCOMES**

The student will be able to:
1. Demonstrate competence in the basic criminal justice process.
2. Evaluate the nature and causes of crime as they relate to biblical worldview principles.
MINORS

The Helms School of Government offers six minor programs of study ranging from 15 to 18 hours in Criminal Justice, Government, International Relations, Politics and Policy, Strategic and Intelligence Studies, and Western Legal Traditions.

### Criminal Justice Minor

**Prerequisites apply to these courses**
Helms School of Government – Online Program

**PURPOSE**
In the Helms School of Government, the curriculum is designed to equip students with a strong foundation of knowledge and skills in conducting the business of government, politics, public administration, policy and military service as a Christian service. The goal of the curriculum is to produce action-oriented students who are able to understand and articulate the biblical roots of our religious, economic, and political liberties, and thus to equip them to become highly qualified leaders in their chosen career fields.

**Criminal Justice Major (B.S.)**

**PROGRAM LEARNING OUTCOMES**
The student will be able to:
1. Evaluate the nature of the criminal justice system from a biblical worldview.
2. Communicate effectively in both written and oral formats.
3. Demonstrate competence in the discipline of criminal justice.
4. Solve various criminal justice dilemmas.
5. Evaluate substantive and procedural criminal law from a Constitutional perspective.

**Government Major (B.S.)**

**PURPOSE**
The purpose of the Government major is to provide a firm foundation in biblical principles of civic government, ensure correct historical education in American government at all levels; and training in limited government, political theory, law, and political
and economic ideals. The major is intended to inspire and produce action-oriented students who will become Christ-centered statesmen, leaders, scholars and policy makers and thus equip them to become highly qualified leaders in their chosen career fields capable of impacting the world.

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Evaluate the nature and role of government from a biblical worldview.
2. Communicate effectively in both written and oral formats.
3. Integrate ethical and values-driven decision making in government scenarios.
4. Evaluate political or government related dilemmas.

National Security Concentration
(Available Spring 2016)

The student will be able to:
1. Assess threats against the United States and evaluate informed courses of action based on that assessment.

Politics and Policy Concentration

The student will be able to:
2. Evaluate comparative political and economic theories as they relate to the field of Government
3. Demonstrate the ways in which domestic and international political and policymaking processes interact.

Pre-Law Concentration

The student will be able to implement law processes and procedures in a variety of contexts.

Certificate Completion Plans (CCP) can be accessed online at www.liberty.edu/dcps.
# School of Health Sciences

## Administration

Dean, School of Health Sciences
Professor of Public & Community Health

Associate Dean, School of Health Sciences
Professor of Public & Community Health

David A. DeWitt, B.S., Ph.D.
Chair, Department of Biology and Chemistry
Director, Center for Creation Studies
Professor of Biology

Annette Florence, B.S., M.P.H., Dr.P.H., M.C.H.E.S.
Chair, Department of Public & Community Health
Associate Professor of Public & Community Health

James Schoffstall, B.S., M.S.Ed., Ed.D., CSCS, HFS, CIFT, PAPHS, RCEP, FACSM
Chair, Department of Health Professions
Director, Human Performance Lab
Professor of Exercise Science

## Faculty

All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at [https://www.liberty.edu/index.cfm?action=faculty&PID=19959&C atID=23](https://www.liberty.edu/index.cfm?action=faculty&PID=19959&C atID=23) where faculty can be searched for by Department.

### Purpose

The School of Health Sciences exists to prepare men and women in the sciences and health professions through the integration of current scientific thought and the biblical worldview. Current undergraduate degree programs include: the B.S. in Athletic Training, Biology, Biochemistry, Biomedical Sciences, Biopsychology, Cell and Molecular Biology, Chemistry, Exercise Science, Environmental Biology, Forensic Science, Health Promotion, Public and Community Health, Kinesiology, Zoo and Wildlife Biology, and Zoology.

## Department of Biology and Chemistry

David A. DeWitt, B.S., Ph.D.
Chair, Department of Biology and Chemistry
Director, Center for Creation Studies
Professor of Biology

Todd M. Allen, B.S., Ph.D.
Director, Chemistry
Associate Professor of Chemistry

Ben Kalu, M.S., M.D.
Director, M.S. in Biomedical Sciences Program
Assistant Professor of Biology

James T. McClintock, B.S., M.S., Ph.D.
Director, Forensic Science
Professor of Biology

Norman G. Reichenbach, B.S., M.S., Ph.D.
Director, General and Organismal Biology
Professor of Biology

Jeremy A. Sellers, B.S., Ph.D.
Director, Biochemistry, and Cell and Molecular Biology
Associate Professor of Biology

## Program Learning Outcomes

The student will be able to:

1. Communicate scientific information both orally and in writing.
2. Design and conduct biochemical experiments.
3. Apply standards and principles of safe practice in the laboratory or field environment.
5. Demonstrate competence in the basic categories of the biological sciences.
6. Analyze and critique laboratory research results in the molecular or ecological sciences.

**Free Electives (0-2 hrs)**

**TOTAL HOURS:** 120 hours minimum required; at least 36 hours must be 300-400 level.

**Notes:**

- “C” or better is required in all courses.
- These approved General Education courses may be counted in Core Competency Requirements.

#### Biology Major (B.S.)

**PURPOSE**

The purpose of the Biology major is to prepare students for medical and related professional schools, graduate school, and employment in the biological sciences or in teaching.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Communicate scientific information both orally and in writing.
2. Design and conduct biological experiments.
3. Apply standards and principles of safe practice in the laboratory or field environment.
5. Demonstrate competence in the basic categories of the biological sciences.
6. Analyze and critique field or laboratory research results in the molecular or ecological sciences.

Program of Study

Chemistry Major (B.S.)

PURPOSE
The purpose of the Chemistry major is to prepare students for graduate school and employment in chemistry.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Communicate scientific information both orally and in writing.
2. Design and conduct biological experiments.
4. Apply standards and principles of safe practice in the laboratory or field environment.
5. Demonstrate competence in the essential analytical, synthetic, and technical skills to work in the chemical laboratory.
6. Formulate and solve problems in the principal areas of chemistry.

Program of Study

Environmental Biology Major (B.S.)

The purpose of the Environmental Biology major is to prepare students for graduate school and employment in the environmental sciences.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Communicate scientific information both orally and in writing.
2. Design and conduct biological experiments.
4. Apply standards and principles of safe practice in the laboratory or field environment.
5. Demonstrate competence in the environmental sciences.
6. Analyze and critique field research results in the environmental sciences.

Program of Study

Environmental Biology Major (B.S.)
Forensic Science Major (B.S.)

PURPOSE
The purpose of the Forensic Science major is to prepare students for careers in federal, state and private forensic laboratories through a strong emphasis in biology, chemistry and criminal justice.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Communicate scientific information both orally and in writing.
2. Design and conduct biological experiments.
3. Apply standard and principles of safe practice in the laboratory or field environment.
5. Demonstrate competence in the basic categories of forensic science.
6. Analyze and critique field or laboratory research results in the forensic sciences.
7. Explain the importance of forensic science in the criminal justice system.

Program of Study

Forensic Science Major (B.S.) (50 hrs)

Core Competency Requirements (36-42 hrs)
Christian Life & Thought (22-23 hrs)
Courses in the Major (50 hrs) *

**NOTE:** School may not usually be made without CHEM 302

**Free Electives (0-1 hr)***

TOTAL HOURS: 120 hours minimum required; at least 44 hours must be 300-400 level.

Zoo and Wildlife Biology Major (B.S.)

PURPOSE
The purpose of the Zoo and Wildlife Biology major is to continue to broaden our offerings to students interested in being stewards of God’s creation. Zoos are heavily involved in conservation efforts associated with endangered species and students will be equipped to secure jobs in zoos to assist these types of efforts. Similarly, rehabilitation centers are involved in stewardship issues by returning injured animals back into the wild. Students who are interested in science and have a passion for outdoors will also be interested in this major which will equip them for wildlife management graduate programs in natural resources.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Communicate scientific information both orally and in writing.
2. Design and conduct biological experiments.
3. Apply standards and principles of safe practice in the laboratory or field environment.
5. Demonstrate basic knowledge of vertebrate biology at the physiological, behavioral and ecological levels.
6. Analyze and critique field or laboratory research results on vertebrate wildlife.

### Zoology Major (B.S.)

**PURPOSE**

The purpose of the Zoology major is to prepare students for veterinary, medical, and related professional schools, graduate school, and employment involving animals.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Communicate scientific information both orally and in writing.
2. Design and conduct biological experiments.
3. Apply standards and principles of safe practice in the laboratory or field environment.
5. Demonstrate competence in organismal biology at the molecular, physiological, and ecological levels.
6. Analyze and critique field or laboratory research results in the zoological sciences.

**Department of Health Professions**

Chair, Department of Health Professions  
Director, Human Performance Lab  
Professor of Exercise Science

Eric Brubaker, B.S., M.S., Ed.D.  
Associate Chair, Department of Health Professions  
Director, Kinesiology Program  
Associate Professor of Kinesiology

Andrew Bosak, B.S., M.S., Ph.D., CSCS, EP-C  
Director, M.S. in Exercise Science Program  
Professor of Health Professions

Matthew J. Gage, B.S., M.S., Ph.D., ATC, LAT  
Director, Athletic Training Program  
Associate Professor of Athletic Training

David Titcomb, B.S., M.S.PT, D.P.T., EP-C  
Director, Exercise Science Program  
Associate Professor of Exercise Science

**PURPOSE**

The Department of Health Professions faculty members are committed to preparing students in three majors: Athletic Training, Exercise Science, and Kinesiology. Each major leads to a Bachelor of Science degree. Our objective is to encourage student growth in these disciplines from the Christian worldview in preparation for employment/graduate education as they pursue God’s purpose for their lives.

**Athletic Training Major (B.S.)**

Athletic Training is practiced by Certified/Licensed Athletic Trainers; health care professionals who collaborate with physicians to optimize activity and participation of patients and clients. Athletic training encompasses the prevention, diagnosis, and intervention of emergency, acute, and chronic medical conditions involving impairment, functional limitations, and disabilities. Athletic Trainers have been recognized by the AMA (American Medical Association) as an allied health care profession since 1990 (www.ama.org, 2010).

Entry-level athletic training education uses a competency-based approach in both the classroom and clinical settings. Using a medical-based education model, athletic training students (ATS) are educated to provide comprehensive preventive services and care in six domains of clinical practice: injury/illness prevention and wellness protection; clinical evaluation and diagnosis; immediate and emergency care; treatment and rehabilitation; and, organizational and professional health and well-being. The Commission on Accreditation of Athletic Training (CAATE) determines the educational requirements for Athletic Training Programs (ATP). These requirements include cognitive (knowledge) and psychomotor (skill) content in the following 8 content areas: 1) evidence-based practice, 2) prevention and health promotion, 3) clinical examination and diagnosis, 4) acute care of injury and illness, 5) therapeutic interventions, 6) psychosocial strategies and referral, 7) healthcare administration, 8) professional development and responsibility.

Athletic training programs, academic majors, are accredited by CAATE and lead to a bachelor’s or master’s degree. Certification is granted by the Board of Certification, Inc. (BOC). The BOC conducts annual examinations to certify entry-level athletic trainers. The BOC also establishes and regularly reviews both the standards for the practice of athletic training and the continuing education requirements for BOC Certified/Licensed athletic trainers. The Bachelor of Science degree program in Athletic Training at Liberty University is nationally accredited through an independent process by CAATE.

The ATP at Liberty University is designed to produce athletic training professionals who will impact the world of sports and health with the highest standards of knowledge, skill, and compassion. This program of study provides a thorough investigation into the profession of Athletic Training, using rigorous academic instruction in the classroom and intense hands-on clinical study working with area colleges and universities, high schools, and other affiliated sites.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Demonstrate proper assessment techniques in the evaluation of athletic injuries.
2. Determine the correct therapeutic treatment and rehabilitation protocol to promote return to activity.
3. Communicate effectively to related medical and non-medical professionals within the athletic training setting.
4. Apply research methods using evidence-based practices in the evaluation of athletic injuries and treatments.
5. Demonstrate mastery of the knowledge and skills necessary to effectively perform as an entry-level Certified Athletic Trainer.

**PROGRAM APPLICATION PROCEDURES**

Acceptance to Liberty University does not guarantee acceptance into the Athletic Training Program. Entrance into the Athletic Training Program is competitive and students must gain entry into the program via the following process:

**Pre-Professional:** Students interested in becoming part of the Athletic Training Program at Liberty University should initially enroll in ATTR 200, along with available education requirements. The second semester would then consist of enrolling in ATTR 210 and HLTH 216.

**Provisional Acceptance:** Applications for provisional admission should be submitted by April 15th each year. The criteria for provisional status can be found on the ATEP website or from the Program Director.

**Full Acceptance:** Full acceptance will be based upon successful completion of Provisional status. Grades will be reviewed along with the clinical performance evaluation as determined by your Approved Clinical Preceptor (ACP).

**Provisional Application Process**

In addition to completing ATTR 200, students must meet the following criteria and provide the following information:

- Candidates must indicate their intentions to apply to the program to the Program Director.
Candidates must be in good academic standing with the University and have a minimum GPA of 2.50.

Completion of application provided by the Program Director.

Complete transcripts.

Written paper about “Why I want to be a Certified Athletic Trainer.”

Medical history form signed by their family physician. The form shall include an endorsement by the physician that states the student is physically able to meet the requirements of the program (See Technical Standards).

Vaccination records, including: Rubella, Tetanus, Mumps, Polio, and HBV vaccination. Proof of TB test within the last 12 months must be included

Meet the Technical Standards Policy for admission into the program.

For complete and updated information regarding application procedures, refer to the Liberty University ATEP web page at http://www.liberty.edu/Academic/Education/Sport/index.cfm?PID=85, or contact the Program Director.

Any of the following conditions will automatically preclude the student from acceptance:

\- GPA is below 2.50.
\- Any grade below “C” in the ATTR courses.
\- Students not admitted will be notified and advised by the Program Director and/or Academic Advisor.
\- The accreditation standard regarding direct supervision within clinical rotations means that there is a limit to the number of students that can be accepted. As such, not all students meeting the minimum requirements may be accepted. **If this is the case, total score will be utilized in determining final acceptance. Scores represent minimum provisional acceptance standards, and are no guarantee of final acceptance.**
\- Students meeting the requirements but not accepted may be considered the following year.

**Documentation following Provisional Acceptance:**

Once a student is provisionally admitted to the program, the following documentation must be provided prior to the initial clinical rotation:

1. Undergo annual Blood Borne Pathogen training;
2. Student must be enrolled in ATTR 225/226 and ATTR 305/306.

Please note that due to the competitive nature of the program, that Provisional acceptance does not guarantee full acceptance into the program. Additionally, Provisionally-accepted students must meet the Program Retention Standards in order to remain in the Program.

**Full Acceptance Status**

During the student’s Provisional semester, application for full acceptance to the program can be initiated. Grades will be reviewed at the end of the semester, with final acceptance based on previous grades and successful completion of the following courses: ATTR 200; ATTR 210; ATTR 225/226; ATTR 305/306; BIOL 213/214; and HLTH 216. Note that a minimum GPA of 2.75 is required for full admission into the program. Additionally, students must offer proof of the following:

\- Current First Aid and CPR certification.

Any of the following conditions will automatically preclude the student from acceptance:

\- GPA is below 2.75;
\- Any grade below “C” in the ATTR courses; or
\- Observational score of 4 or less.

At this point, the student may be admitted to the program.

**Transfer Students**

Students transferring to Liberty University who are interested in entering the Athletic Training Program must first declare this intention in writing to the Program Director. Due to the unique characteristics and background of each individual, a transfer student will be evaluated on an individual basis to determine his/her suitability for the program as well as an appropriate entry level.

It is highly likely that the competencies covered in the transferring courses may differ from those covered in Liberty University’s courses. However, if a transfer student feels certain competencies have been completed, the student must provide the Program Director written documentation from his/her previous institution’s Program Director. This documentation must include: course syllabus, a weekly log of hours, a list of completed clinical experiences, competencies, and a statement signed by the Program Director verifying satisfactory completion of the competencies in question. All competencies must meet the standards set forth by CAATE. Any request for course credit transfer must be made to the Program Director.

**PROGRAM RETENTION STANDARDS**

Once admitted to the program, the student must demonstrate and maintain satisfactory academic and clinical progress as defined below:

**Overall GPA:** Athletic training students will maintain a minimum cumulative GPA of 2.75. Students falling below a 2.75 GPA will be placed on probation for one semester. If, after one semester of probation, the GPA remains below a 2.75, or falls below a 2.75 in any subsequent semester, the student will be suspended from the program.

**GPA in Major:** Students must achieve a minimum grade of “C” in all designated classes (right side of DCP). The student, with permission of the Program Director, may repeat one ATTR course in which the student failed to achieve the minimum grade of “C”. A second failure to receive a grade of “C” or better in any ATTR course will result in suspension from the program.

**Students must complete BIOL 213/214 and 215/216 with a minimum grade of “C” in each section before enrolling in ATTR 400, 320 or 302. Students who receive a grade of “D” will be allowed to continue enrollment for one additional semester if they are enrolled in the BIOL course in which they received the grade of “D”. Students who receive a grade of “F” in any section of the required BIOL classes will be allowed to re-enter the program in the appropriate sequencing upon completion of this requirement.

**Under extenuating circumstances, and with approval of the Program Director, students will be allowed to continue in the program (under probation status) if they fail to meet one specific section of the GPA requirement. Issues will be considered on an individual basis and must constitute mitigating circumstances beyond the control of the student or program.

**Course Sequencing:** Students must complete each clinical and academic course in the order prescribed.

**Codes of Conduct:** Satisfactory citizenship and behavior must be demonstrated, per the University’s and the program’s codes of conduct as outlined in the Liberty Way and in the Athletic Training Program Handbook.

Students suspended from the University will be subject to athletic training faculty review as to continuation in the program.
The athletic training faculty reserves the right to dismiss from the major, students who exhibit unprofessional or unethical behavior as outlined in the Program Handbook.

- **Guidelines for Appeal:** Students may appeal decisions concerning their status in the Athletic Training Program. In order to do so, the student must submit a written appeal to the Program Director within one week of the notification in question. The documentation must include a detailed justification for the appeal. Upon receipt of the appeal, the athletic training faculty will meet to review the matter. The student will be advised in writing as to the outcome of that discussion within two weeks.

### Exercise Science Major (B.S.)

The Exercise Science program prepares students for careers in the health and fitness industry, as well as graduate studies in exercise physiology, physical therapy, occupational therapy, chiropractic, and other health professions.

The Exercise Science program is designed to produce exercise science professionals who will impact the world of sports, fitness, and wellness for our Lord and Savior Jesus Christ. The program will provide the student with the knowledge, skills, and abilities to assess, prescribe exercise for, and monitor clients in a variety of health, wellness, and fitness settings. This program of study provides the student with a thorough immersion into the field of exercise science, by using a combination of classroom, laboratory, practicum, and internship experiences.

The Bachelor of Science degree program in Exercise Science at Liberty University is nationally accredited by the Commission for the Accreditation of Allied Health Education Programs (CAAHEP).

### PROGRAM LEARNING OUTCOMES

The student will be able to:

1. Demonstrate proficiency in the basic knowledge of an entry level Exercise Physiologist as defined by the program’s accrediting body. Communicate effectively in the area of exercise science.
2. Plan, implement, and evaluate exercise science related programming.
3. Evaluate research data and apply research techniques.

### PROGRAM APPLICATION PROCEDURES

Acceptance to Liberty University does not guarantee acceptance into the Exercise Science Program (ESP). Entrance into the ESP can be competitive and students must gain entry into the program via the following process:

**Provisional Acceptance:** Students interested in becoming part of the Exercise Science Program may initially declare Exercise Science as their major, but declaring Exercise Science as your major does not imply acceptance into the Exercise Science program. Students interested in becoming part of the Exercise Science Program at Liberty University should initially enroll in BIOL 213/214 and the second semester enroll in BIOL 215/216; EXSC 101 can be completed in either the fall or spring semester of the freshman year, along with any other available education requirements as per the course sequencing sheet.

**Full Acceptance:** Full acceptance into the Exercise Science program will be based upon the successful completion of all requirements during the provisional acceptance phase and selection by the Exercise Science admissions committee. Application for acceptance can be made twice per year: by October 15th for spring acceptance and by March 15th for fall acceptance.

### Process and Requirements for Full Acceptance

During the students Provisional Acceptance phase, application for full acceptance to the program can be initiated. Grades will be reviewed at the end of the semester, with final acceptance contingent upon the successful completion of those courses. The student must meet the following criteria and provide the following information/documentation:

- Candidate must be in good academic standing with the University.
- Must show proof of current student membership to the American College of Sports Medicine.
- Must show proof of current First Aid and CPR certification.
- The certification must be maintained throughout the student’s enrollment in the program.
Certifications, transportation costs associated with off-campus practicum or internship site.

Program Retention Standards

Once admitted to the program, the student must demonstrate and maintain satisfactory academic progress as defined below:

- **Overall GPA:** Students will maintain a minimum cumulative GPA of 2.25. Students falling below a 2.25 GPA will be placed on probation for one semester. If, after one semester probation, the GPA remains below a 2.25, or falls below a 2.25 in any subsequent semester, the student will be dismissed from the program.

- **GPA in Major:** Students must achieve a “C” or better in all designated major courses (right side of the program completion plan). A student, with permission of the Program Director, may repeat ONE major course in which the student failed to achieve the minimum grade of “C”. A second failure to receive a grade of “C” or better in any major course will result in dismissal from the program.

- **Course sequencing:** Students must complete each major course in the order prescribed unless approved by the Program Director.

- **Codes of Conduct:** Satisfactory behavior must be demonstrated, per the University’s code of conduct as outlined in the Liberty Way.

- **Guidelines for appeal:** Students may appeal decisions concerning their status in the Exercise Science Program. In order to do so, the student must submit a written appeal to the Program Director within one week of the notification in question. The documentation must include a detailed justification for the appeal. Upon receipt of the appeal, the Exercise Science faculty will meet to review the matter. The student will be advised in writing as to the outcome of that discussion within two weeks.

**Internship**

Exercise Science students undertake an internship as the culminating experience of their degree program. Students may choose from a variety of approved internship sites that provide exceptional opportunities for the student to apply their knowledge, skills, and abilities acquired throughout the Exercise Science program in a professional setting. The internship also provides an opportunity for Exercise Science students to experience the careers that are available to them upon graduation.

- **Prerequisite:** The student has completed all Exercise Science course work and HLTH 333, with a grade of ‘C’ or better; have a minimum overall GPA of 2.25 or better; have achieved a minimum score of 480 on the American College of Sports Medicine’s Exercise Physiologist certification exam, and turned in the exam scoring sheet to the Program Director; or consent of the Exercise Science Program Director.

| EXSC 485 Exercise Physiologist Workshop and Certification | 1 |
| EXSC 499 Internship in Exercise Science | 4 |
| HLTH 333 Exercise and Sports Nutrition | 3 |
| KINE 101 Physical Fitness | 1 |
| KINE Elective (Choose from KINE 216-240) | 1 |
| KINE 225 Weight Training/Conditioning | 1 |

**Directed Courses (Required) (2-11 hrs)**

- BIOL 213 Anatomy and Physiology I** 3
- BIOL 214 Anatomy and Physiology I Lab 1
- BIOL 215 Anatomy and Physiology II** 3
- BIOL 216 Anatomy and Physiology II Lab 1
- HLTH 216 Personal Health** 3

**Free Electives (9-16 hrs)**

- **“C”** or better is required in all courses
- **These approved General Education courses may be counted in Core Competency Requirements**

**TOTAL HOURS:** 122 hours minimum required; at least 42 hours must be 300-400 level.
### Kinesiology Major (B.S.)

**PURPOSE**

The Kinesiology degree program is designed to promote the development of a healthy, physically active Christ-centered lifestyle and prepare its graduates for the teaching profession. This academic program will allow students to acquire the disciplinary knowledge of human movement and the requisite skills and competencies in their respective area of concentration.

Those students completing either of the Health and Physical Education concentrations will be given the knowledge and teaching skills necessary to design and implement developmentally appropriate motor/sports skills utilized education curricula.

#### PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Apply health and physical education curricular content based on sound pedagogical principles and strategies for PreK-12 students.
2. Plan and assess health and physical education lessons.
3. Incorporate diverse learning styles and physical skill levels into lesson plans.
4. Choose, administer, and evaluation assessment instruments to measure cognitive, affective, and psychomotor domains.
5. Demonstrate teaching (communication) skills appropriate to K-12 students in physical education classes.
6. Demonstrate motor/sports skills utilized education curricula.

**Health and Physical Education Concentrations**

These concentrations are designed to prepare students primarily as health and physical education teachers for grades PreK-12. Students may choose whether or not to pursue Virginia teacher licensure. Each is a combination of academic study and practical learning experiences dealing with teaching in both health and physical education instructional settings.

**CPR/First Aid Requirement**

Must show proof of current First Aid and CPR certification
- Must include adult, child, and infant
- Must have a ‘hands-on’ component
- Must be from one of the following organizations:
  - American Red Cross
  - American Heart Association
  - National Safety Council

**TEACHER LICENSURE**

Teacher preparation and endorsement in health/physical education is available only through the Kinesiology Major within the Department of Health Professions and the Teacher Education Department. Those wishing to pursue teaching-related programs should seek information from the Director of Kinesiology/Physical Education and the Teacher Licensure Office in the School of Education. Licensure information is also available at [http://www.liberty.edu/uguide](http://www.liberty.edu/uguide).

### Department of Public and Community Health

- **Annette Florence, B.S., M.P.H., Dr.P.H., M.C.H.E.S.**  
  Chair, Department of Public and Community Health  
  Associate Professor of Public and Community Health

- **Ashley Tharpe, B.S., M.A., Ed.D.**  
  Chair, Department of Public and Community Health  
  Assistant Professor of Public and Community Health

- **Darlene Martin, B.S., M.Ed., VATL, ATC**  
  Director, Public and Community Health Program & Lab  
  Assistant Professor of Public and Community Health

- **Richard Lane, B.S., M.P.H & T.M., M.D. F.A.C.P.M.**  
  Director, Master of Public Health Program  
  Professor of Public and Community Health

**Purpose:**

The Department of Public and Community Health provides an integrated approach to health, offering competency-based and practice-focused preparation for successful careers in public health and healthcare. Through a Christian worldview, students will learn to strategically address the health needs of priority populations from the individual to the global level using a variety of health promotion and education strategies. The department is comprised of both undergraduate and graduate degree programs applicable to a variety of practice settings and situations, as well as further education in the clinical and professional fields. Students completing the program and meeting the prerequisites will be eligible for professional certification through the National Commission for Health Education Credentialing (CHES).

### Health Promotion Major (B.S.)

The Health Promotion major prepares students for employment as health education specialists in the healthcare industry, voluntary agencies, business, and government or for graduate work for clinical health profession careers as well as public health and other health-related graduate programs. At the completion of the program, CHES students qualify and are encouraged to take the national Certified Health Education Specialist (C.H.E.S.) examination for certification.
Certified Health Education Specialist Concentration

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Demonstrate basic knowledge of personal and community health.
2. Assess needs, assets and capacity for health education.
3. Plan health education.
4. Implement health education.
5. Conduct evaluation and research related to health education.
6. Administer and manage health education.
7. Serve as a health education resource person.
8. Communicate and advocate for health and health education.

Clinical Concentration

**PROGRAM LEARNING OUTCOMES**

The student will be able to demonstrate basic knowledge of personal and community health.

In addition to university tuition and fees, students may incur additional expenses. These expenses include, but are not limited to: first aid and CPR certifications, professional memberships, transportation costs associated with off-campus internship and related experiences, TB (PPD) skin test, cost of medical examination and background check, if required by internship site.

**Program Standards**

- **GPA in Major:** Students must achieve a “C” or better in all designated major and directed courses (right side of the degree completion plan).
- **Overall GPA:** Students must have a minimum cumulative GPA of 2.35 in order to register for HLTH 499 (Internship).

**Internship**

CHES students (and clinical students who choose and meet the requirements) complete an internship at the end of the curriculum sequence. Students are required to select their internship site and have it approved by the internship coordinator. They may choose from a variety of sites offering health and wellness programming and must work with a qualified site coordinator. The internship experience provides exceptional opportunities for students to apply their knowledge, skills, and abilities acquired through the Health Promotion program in a professional setting as well as the opportunity to experience various career paths available to them upon graduation.

Prerequisite: Senior Status; Completion of HLTH 452 and 453; minimum overall GPA of 2.35 or better; current First Aid and Adult, Child, and Infant CPR certified; or consent of the Health Promotion Program Director.

### Department of Health Professions

**PURPOSE**

Faculty in the Department of Health Professions encourages student growth in health profession disciplines from the Christian worldview in preparation for employment/graduate education as they pursue God’s purpose for their lives.

**Medical Office Assistant Major (A.A.S.)**

**PURPOSE**

The purpose of the Medical Office Assistant major is to provide formal training for healthcare professionals who hold the Christian worldview to ensure the functions of a medical office operate smoothly on a daily basis.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Analyze the roles, responsibilities, and medical terminology within the various health professions.
2. Apply knowledge of insurance, billing, coding, and bookkeeping practices to the medical field.
3. Evaluate medical office infection control, legal, and ethical issues.

Faculty
All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at https://www.liberty.edu/index.cfm?action=faculty&PID=19959&CatID=23 where faculty can be searched for by Department.

PURPOSE
Liberty University School of Law exists to equip future leaders in law with a superior legal education in fidelity to the Christian faith expressed through the Holy Scriptures.

- Equip future leaders in law. Inspiring students and preparing them to excel and lead in their profession.
- With a superior legal education. Constructing and implementing an education characterized by excellence.
- In fidelity to the Christian faith. Adhering to the perspective that shaped the Western legal tradition.
- Expressed through the Holy Scriptures. Pursuing truth in a context of free thought and expression informed by a worldview as well as understand and apply ethics as it relates to paralegal studies.

Program of Study

Paralegal Studies Major (B.S.)

**Core Competency Requirements (27 hrs)**
- Christian Life & Thought (9 hrs)
- Skills and Knowledge (9 hrs)

**Core Courses in the Major (30 hrs)**
- PLAW 200 Introduction to Paralegal Studies
- PLAW 205 Foundations of Law
- PLAW 210 Legal Research and Writing
- PLAW 220 Civil Practice
- PLAW 222 Real Estate Transactions and Property
- PLAW 225 Tort Law
- PLAW 230 Criminal Practice and Procedures
- PLAW 235 Wills, Trusts and Estates
- PLAW 340 Family Law
- PLAW 350 Corporate and Business Organizational Law

Choose five courses (15 hrs) from the following:
- Any courses not listed above
- BUSI ___ 301, 303, 342, 360, 409, 472
- CJUS ___ 200, 230, 300, 310, 320, 330, 340, 350, 400, 410, 420
- GOVT ___ 302, 480

Electives (30 hrs)*
Student may need 9 hrs or more of upper level electives to fulfill 30 hour upper level requirement.

**TOTAL HOURS:** 120 minimum; 30 hours must be upper level; 30 hours must be completed through LU (Online and/or Residential)

Paralegal Studies Major (A.A.)

**Program Learning Outcomes**
The student will be able to:
1. Demonstrate proficiency in legal research and writing skills as required in the legal field.
2. Integrate ideas from various sources and courses and communicate those ideas using computer skills and/or oral communication skills.
3. Critically analyze and process legal issues based on foundational legal principles.
4. Demonstrate broad-based knowledge of the U.S. Constitution, the federal and state court systems, and legal processes, both civil and criminal.
5. Evaluate legal issues from a distinctively Christian worldview as well as understand and apply ethics as it relates to paralegal studies.

**Program of Study**

Paralegal Studies Major (A.A.)

**Core Competency Requirements (24 hrs)**
- Christian Life & Thought (9 hrs)
- Skills and Knowledge (6 hrs)

**Courses in the Major (21 hrs)**
- PLAW 200 Introduction to Paralegal Studies
- PLAW 205 Foundations of Law
- PLAW 210 Legal Research and Writing
- PLAW 222 Real Estate Transactions and Property
- PLAW 225 Tort Law
- PLAW 220 Civil Practice – OR
- PLAW 230 Criminal Practice and Procedure
- PLAW ___ Elective*

*May choose any PLAW course not listed above, or:
- BUSI 301, 303, 342, 360, 409, 472;
- CJUS 200, 230, 300, 310, 320, 330, 340, 350, 400, 410, 420;
- GOVT 302, 480.

**TOTAL HOURS:** 60 minimum

Faculty

The School of Music (SOM) faculty includes full-time and adjunct and/or part time resident and on-line highly skilled professionals. The School of Music faculty adhere to and adopt five personal and professional goals, including a commitment to:

1. Embrace, develop, grow and exemplify a spirit of Christian grace, character, integrity and mercy in all areas of professional and private life. [Spiritual Disciplines]
2. Intellectual discovery, educational enrichment and rigorous pursuit of knowledge for the advancement of their own individual disciplines. [Educational Enrichment]
3. Develop and grow as professional practitioners. [Professional Development]
4. Make honest contribution to local and global communities for the purpose of spreading the gospel and proclaiming the name of Jesus Christ. [Community and Mission]
5. Grow in their understanding of institutional mission, love for one another, vision for the future, and support of Liberty University School of Music. [University Mission]

Additionally, and in an effort to enrich our student’s lives, SOM faculty promise, to the best of their ability, to provide:

- A quality, world-class education experience. [Quality Education]
- Opportunity to grow in their aptitude and ability and performance skill in their instrument of choice. [Personal Growth]
- Opportunity for spiritual, educational, and social transformation and growth sufficient to make meaningful contribution to their culture, discipline and the Kingdom of God. [Contribution to Culture]
- Opportunity to discover potential through mentoring and discipleship experiences. [Opportunity to Discovery and Creativity]
- Assistance in finding career placement in their chosen area of music performance, skill set and/or ministry. [Career Placement]

It is the conviction of the School of Music faculty that the manifestation of these qualities in the lives of ALL resident and online music professors is critical to the success of the School of Music. The personal commitment to these ten statements is used as one of several criteria for the annual evaluation of School of Music faculty.

All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at https://www.liberty.edu/index.cfm?action=faculty&PID=19959&C atID=23 where faculty can be searched for by Department.

MISSION

The mission of the Liberty University School of Music is to train and equip musicians to be Champions for Christ. The School of Music is a community of God-honoring musicians committed to a culture of manifest core values that include:

- Worship Lifestyle
- Servant Leadership
- Stylistic Diversity
- Academic Inquiry
- Skilled Musicianship
- Artistic and Creative Expression
- Sharing Christ through Music

These core values demonstrate what the music faculty believes a “Champion for Christ Musician” is devoted to in their everyday private and professional life. It is the general consensus of the School of Music faculty that the mission statement and clearly articulated core values conform to and promote the broader university mission to “develop Christ-centered men and women with the values, knowledge, and skills essential to impact the world”.

While the School of Music has only one mission, two distinctly unique and focused tasks emerge. These tasks are accomplished through two organizations within the School of Music structure: 1) The Center for Music and the Performing Arts – trains and equips passionate musicians as skilled performers, and music education specialists; and, 2) The Center for Music and Worship – trains and equips highly skilled musicians to serve as worship practitioners in the evangelical community in fulfillment of the School of Music Mission, communication of the Core Values and application of the Focused Tasks and the various entities representing the music unit, it is the aim of the School of Music leadership to graduate students that are thoroughly equipped to assume their role in the market-place. And, that the School of Music provides for these student-musicians comprehensive curricula that is broad enough to encourage collaboration, imagination, diversification, scholarship and practical application. It is important to the leadership of the School of Music that students are equipped to identify their calling (desired career), find gainful employment (a job) and contribute to their chosen vocation(s) for many years to come.
Center for Music and the Performing Arts

PURPOSE

The purpose of the Center for Music and the Performing Arts (CMPA) is to “train and equip passionate musicians as skilled performers and music education specialists”. This purpose is fulfilled as the Center for Music and the Performing Arts provides opportunities for musical performance, academic study and training/equipping of students. The Center oversees the following types of degree programs: Music in Liberal Arts, Music Performance, Artist Development, Commercial Music, Leadership Communication, Songwriting, Worship Studies, and Music Education.

This training process is further enhanced through a commitment to comprehensive training in music for those preparing for music careers (leading to a B.M. degree) in guitar, piano, string, vocal, woodwind, brass, or percussion performance; choral or instrumental music with a music education concentration; multi-discipline areas of music strategically geared to the market place; and, a liberal arts education with a music major. In addition, the Center provides music minor curricula for those who wish to receive musical training on an elective basis.

Central to the Center’s purpose is the development of aesthetically sensitive musicians, music educators, professional songwriters, artists, music missionaries, and skilled music performers who, with their skills, knowledge, and professional attitudes, may glorify God in the world through the practice of their craft and the testimony of their lives. To achieve this, the Center for Music and the Performing Arts has been organized into four strategic departments:

The Department of Applied Music Studies serves the Center for Music and the Performing Arts by providing training and supervision of the performance and applied music studies in the Bachelor of Music, Bachelor of Arts and Bachelor of Science degrees. This includes delivering highly specialized training in voice, guitar, piano, woodwind, brass, strings, percussion, songwriting, and film scoring. The Department of Applied Music Studies faculty is committed to helping performing arts students learn how to: 1) think critically about performance issues; 2) develop a high level of performance skill; and 3) demonstrate stylistic diversity that clearly represents appropriate musicianship. Faculties serving in this department touch and influence the lives of every person doing some type of undergraduate major in music.

The Department of Music serves the Center for Music and the Performing Arts by providing training and sequenced skill-based education in all levels of music theory, harmonic practices, aural skills, form and analysis, musicianship, conducting, composition, music history and discipline specific music literature and pedagogy courses. Performance groups affiliated with the Department of Music include: the University Chorale, The Concert Choir, Chamber Singers, Percussion Ensemble, Guitar Ensembles, and Liberty University Symphony Orchestra.

The goal of the Department of Music faculty is for each student to demonstrate command of specific cognitive, psychomotor, and aural skills that support work in music reading, conducting, research, music analysis, and music performance. The development of technical fluency and musical expressivity are supported by the Department of Music, which provides foundational training to musicians in practical musicianship, music theory, conducting, research, and music history.

The Department of Music Education serves the Center for Music and the Performing Arts by providing training for students preparing for career opportunities in elementary and secondary school settings. The goal of the Department of Music Education faculty is to equip each student to learn teaching competencies for the public, private, and Christian school markets. This is established by developing — in conjunction with the Departments of Music and Applied Music — comprehensive techniques in pedagogy, applied music, music directing, improvisation, and administration suitable to serve a community of education in music leadership.

The department also provides opportunity for students to learn how to apply learned principles of “Praxis methodology” to all areas of music education, supervises the practice teaching program in area elementary and secondary schools, and provides highly specialized training in voice, guitar, piano, wind, string, and percussion.

The Department of University Bands represents the Center for Music and the Performing Arts through the Liberty University Marching Band; the Spirit Band; the Liberty University Wind Ensemble; the University Band; and the Jazz Band. All of these performing groups represent the university in various public relations capacities, including regular performances by the University Marching Band at Liberty University football games and The Spirit Band at Liberty University basketball games.

Faculty assigned to The Department of University Bands seek to provide holistic opportunities for students to mature in their personal, spiritual, social and academic lives. This includes the integration of faith and learning, which is fundamental to a Christian world-view and an essential part of the entire band program at Liberty University.

CMPA PROGRAMS OF STUDY

There are a variety of undergraduate degrees in music from which to choose, including: B.A. or B.S. in Music; five B.M. Performance degrees; five Professional Multi-Discipline B.M. degrees; two degrees in Music Education Studies; and, the music minor. These programs of study are designed to equip graduating students to enter the market place as skilled music professionals in each of their strategic area of interest.

All music programs require the student to select a primary and secondary performance area (keyboard, non-keyboard instruments, voice, or songwriting). Students doing special studies in music education must select either the choral or instrumental music major with a concentration in music education and complete rigorous studies in elementary and secondary education.

The School of Music Student Handbook is available online to assist students in understanding every aspect of the various music programs at Liberty University.

Students are encouraged to audition for faculty members: 1) during the College for a Weekend (CFAW) activities; 2) by individual appointment throughout the school year; or 3) by sending a DVD of student performance to the School of Music offices. A music audition is not required for admission to the university, but is important for evaluation of a student’s potential for success in the pursuit of a music degree, placement for applied lessons, scholarship consideration, and for participation in one of the major ensembles or chamber groups.

All students pursuing any music degree must complete a piano proficiency exam before graduation, present a senior recital, and register attendance at a specific number of approved concerts and/or student recitals. The number of concerts and recitals varies according to the degree emphasis. See the School of Music Student Handbook for more information.)

Career Opportunities

B.M. Degree Programs:

Music Educator
Music Performer
Professional Musician
Private Studio Instructor

Professional Multi Discipline B.M. Degree Program:
Songwriter
Worship Leader
Artist
Minister of Music
Ethnomusicologist
Studio Musician

B.M. in Choral or Instrumental Music with Music Education Concentration:
**LIBERAL ARTS DEGREES IN MUSIC**

### Music Major (B.A./B.S.) Instrumental

**PURPOSE**

The purpose of the B.A./B.S. in Music with an emphasis in instrumental music is to provide for the student opportunity to complete studies in music while earning a liberal arts degree. Students may elect to place special emphasis on guitar, strings, piano, woodwind, brass or percussion.

Those completing the 128-hour B.A. in Music are required to complete a minimum of 12 credits in an approved foreign language. An additional 6 hours of “Integrative Studies” affords these students opportunity to broaden their course offerings while completing a liberal arts degree with a major in music.

The B.S. in Music with an emphasis in instrumental studies does not require any foreign language. This 120-hour degree gives students opportunity to include 10-14 hours in an elective discipline. Students may choose instrumental or choral techniques courses as part of these electives.

The student is required to complete a keyboard proficiency, attend 56 approved concerts and recitals, maintain a minimum GPA of 2.00 in music courses and complete the Sophomore Performance Review.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Demonstrate technical fluency, expressiveness, and professionalism in musical performance.
2. Demonstrate broad-based knowledge of musical style, music literature, and music theory.
3. Critically evaluate music and music research materials.

Piano students should take 3 semesters of Choir, 2 semesters of Instrumental Chamber Ensembles, and 2 semesters of Classical or Contemporary Ensembles. String students should take MUSC 185 and 485 for all ensembles. Non-string instrumental students should take 7 semesters of instrumental ensembles. Guitar students should take 2 semesters of Choir and 5 semesters of MUSC 179 and 479 Guitar Ensembles.

These courses are approved General Education courses and may be counted in the Core Competency requirements.

**Additional Requirements for Major:**

- Keyboard Proficiency Exam
- Freshman Promotional Jury
- Sophomore Performance Review
- Attendance at 56 approved concerts and recitals
- Must have a minimum GPA of 2.00 for all MUSC courses

**TOTAL HOURS:** 127 hours minimum required; 41 hours must be 300-400 level.
**Music Major (B.A./B.S.) Vocal**

**PURPOSE**

The purpose of the B.A./B.S. in Music with an emphasis in vocal music is to provide for the student opportunity to complete studies in music while earning a liberal arts degree.

Those completing the 128-hour B.A. in Music are required to complete a minimum of 12 credits in an approved foreign language. An additional 6 hours of “Integrative Studies” affords these students opportunity to broaden their course offerings while completing a liberal arts degree with a major in music.

The B.S. in Music with an emphasis in vocal studies does not require any foreign language. This 120-hour degree gives students opportunity to include 10-14 hours in an elective discipline. Students may choose instrumental or choral techniques courses as part of these electives.

The student is required to complete a keyboard proficiency, attend 56 approved concerts and recitals, maintain a minimum GPA of 2.00 in music courses and complete the Sophomore Performance Review.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Demonstrate technical fluency, expressiveness, and professionalism in musical performance.
2. Demonstrate broad-based knowledge of musical style, music literature, and music theory.

3. Critically evaluate music and music research materials.

**Programs of Study**

**Music Major (B.A.) Music Vocal**

**Core Competency Requirements (30-32 hrs)**

**Christian Life & Thought (22-23 hrs)**

**Liberal Arts Focus (18 hrs)**

**Music Vocal (54-56 hrs) Major Area (24 hrs)**

**Directed Courses (required) (0-12 hrs)**

**Additional Requirements for Major:**
- Keyboard Proficiency Exam
- Freshman Promotional Jury
- Sophomore Performance Review
- Attendance at 56 approved concerts and recitals

Must have a minimum GPA of 2.00 for all MUSC courses

**Total Hours:** 120 hours minimum required; 42 hours must be 300-400 level.

### Additional Requirements for Major:

- Total Hours: 127 hours minimum required; 41 hours must be 300-400 level.

PURPOSE
Liberty University offers five highly professional Bachelor of Music degrees that uniquely equip students as skilled performers and music practitioners. These include: B.M. in Guitar Performance; B.M. in Piano; B.M. in String Performance; B.M. in Vocal Performance; and, B.M. in Windwood, Brass or Percussion Performance. All degrees in this area of study include 24 – 26 hours of applied music studies, two semesters of conducting, music technology, and contemporary styles survey. At least 65% of the degree is specifically devoted to music studies on one level or another.

The student is required to complete a keyboard proficiency, attend 56 approved concerts and recitals, maintain a minimum GPA of 2.00 in music courses and complete the Sophomore Performance Review.

PROFESSIONAL MULTI-DISCIPLINE MUSIC DEGREES

PURPOSE
The purpose of the Professional Multi-Discipline Music Degree is to provide for the student opportunity to earn a professional degree in music while placing additional emphasis on an area “outside” of the performance discipline. These outside areas of study are usually market related and may or may not have connection to an area of music. Six Multi-discipline degrees are offered to the music student: B.M. in Artist Development; B.M. in Leadership Communication; B.M. in Music in World Cultures (Ethnomusicology); B.M. in Songwriting; and, B.M. in Worship Studies. At least 50% of this curriculum is devoted to serious music studies while a minimum of 15-18 credit hours includes studies in a second discipline.

Students pursuing the BM in Artist Development, B.M. in Leadership Communication; B.M. in Music in World Cultures (Ethnomusicology); B.M. in Songwriting; or, B.M. in Worship Studies are required to successfully complete: a piano proficiency; attend 32 approved concerts and recitals; maintain a minimum GPA of 2.00 in all MUSC courses; an internship in the area of their second discipline; conducting; and, 9-12 hours in Directed Courses.

Leadership Communication Major (B.M.)

PURPOSE
The B.M. in Leadership Communication is designed to equip students as qualified managers and administrators of people in a variety of settings, including but not limited to: Music Director in conference and convention settings; Staff Manager for music business or music theater; or, Program Director for music productions. In addition to professional courses in music, the School of Music partners with the School of Communication and Creative Arts in providing for the student unique courses in persuasion, personal communication and small group communication. All in all, the B.M. in Leadership Communication is a practical degree that affords students a unique opportunity for career preparation in the dynamic and changing 21st century music environment.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate technical fluency, expressiveness, and professionalism in musical performance.
2. Demonstrate broad-based knowledge of musical style, music literature, and music theory.
3. Critically evaluate music and music research materials.
5. Integrate principles of leadership management and administration in various musical settings.

Liberty University Undergraduate Catalog – 2015-2016
Worship Studies Major (B.M.)

PURPOSE
Over the centuries, the study of worship and its impact on culture has been an important part of musical, historical and sociological analysis. The B.M. in Worship Studies affords Liberty University students opportunity to examine the impact of worship on the evangelical culture. Students study worship and its application to music in a hands-on environment and through praxis education experience. Application is further made to 21st century worship pedagogy through studies in contemporary improvisation, contextualization, leadership principles and cultural analysis.

PROGRAM LEARNING OUTCOMES

The student will be able to:
1. Demonstrate technical fluency, expressiveness, and professionalism in musical performance.
2. Demonstrate broad-based knowledge of musical style, music literature, and music theory.
3. Critically evaluate music and music research materials.
5. Evaluate the role of music and worship in history, culture, and the marketplace.

NOTE:
* Approved instrument
+ These courses are approved General Education courses and may be counted in the Core Competency requirements
++ These courses are approved as the Secondary Instrument.
Approved instrument as the Primary Instrument
Approved Instrument as the Secondary Instrument. Students selecting Piano, Guitar, or Voice must take Voice as the Secondary Instrument.

STUDIES IN MUSIC EDUCATION

PURPOSE
Liberty University has long been an advocate for the inclusion of the arts in elementary and secondary education. Our concentrations in music education demonstrate this commitment by providing praxis education experience at all levels of training in music theory, music technology, improvisational technique, arranging, vocal and instrumental pedagogy, and practice teaching. Additional attention is given to directed studies in Music History, Music in World Cultures (Ethnomusicology) and developmental psychology.

The Bachelor of Music with concentrations in Music Education is intended for the student who plans to teach music in Christian, public, or private schools and who seeks licensure as a qualified
music teacher by a state department of education. It is also appropriate for the student whose eventual goal is college teaching in fields related to music education. The program is designed to develop competent music professionals with a Christian worldview and skill to work in the educational domain.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate technical fluency, expressiveness, and professionalism in musical performance.
2. Demonstrate broad-based knowledge of musical style, music literature, and music theory.
3. Critically evaluate music and music research materials.
5. Demonstrate advanced performance skills in appropriate performance media.

VIRGINIA MUSIC TEACHER LICENSURE
Teacher preparation and endorsement in choral or instrumental music is available through the School of Music, Department of Music Education and Applied Music Studies, and in cooperation with the School of Education. The teacher licensure in music education programs are approved by the Council for the Accreditation of Education Preparation (CAEP), formerly known as the National Council for Accreditation of Teacher Education (NCATE). Licensure information is also available at www.liberty.edu/uguide or www.liberty.edu/SOM.

The following options are available for Teacher Licensure Endorsement (PreK-12) in the Bachelor of Music degree:
- Instrumental Music concentration in Music Education
- Choral Music concentration in Music Education

A student not seeking teacher licensure may elect other courses to fulfill degree requirements. Graduates who are licensed in Virginia may obtain licensure in other states through reciprocity.

TOTAL HOURS: 138 hours minimum required; 54 hours must be 300-400 level.
## Music Minors

The 17-19 credit hour option is offered to students wishing to augment their educational experiences with a general study in music. As with the music major, those pursuing the music minor select a primary area for study, vocal or instrumental. Students pursuing the music minor may participate in School of Music ensembles, applied music and select music methods classes.

The School of Music administration and faculty leadership strongly encourage students not majoring in music to pursue the music minor. As with all music curricula experience, this encounter in music helps formalize training in the humanities and broaden the student’s experience in music performance.

The music minor curriculum does not require a senior recital, music internship or student teaching. However, all students pursuing music minors are required to register attendance at a total of 24 approved concerts and/or recitals before graduation.

CSTU 101 or MUSC 103 must be completed for General Education. Directed studies in MUSC 200 – Music, Art, Worship and Culture and MUSC 314 – Music in World Culture are strongly recommended.

Center for Music and Worship

**PURPOSE**

The purpose of the Center for Music and Worship (CFMW) is to train highly skilled musicians to serve as worship practitioners and industry specialists in the evangelical community. This is accomplished through curricula development, local church ministry, publishing and recording, artist development and empirical research.

Today’s local churches need both music ministers and worship leaders to take charge of a multi-faceted, changing ministry. These ministries no longer require personnel exclusively equipped as musicians. Rather, they require professionals who have broad experience in worship teaching, worship training, team management and discipleship, worship evangelism, principles of marketing technology, drama and music.

Pastors seek to meet the challenge of ministry to increasingly more diverse congregations with theological integrity practical to broad ranging needs. They look for worship leaders who capture their vision and seize the opportunity to minister worship with excellence and creativity. Liberty University’s Center for Worship seeks to equip students for these multi-faced career opportunities.

**IAACT AND CAF MEMBERSHIP**

The Department holds membership with the International Association of Artists in Christian Testimony (IAACT), a missions-sending agency based in Brentwood, Tennessee. This agency endorses young artists, music ministries, worship leaders, and support personnel for local, regional, and international artistic service. Key to their mission is partnerships with worship institutions and evangelical organizations committed to training worship personnel for full time church related ministry.

In the spring of 2006, Liberty University was granted approval to host a student chapter of Christian Artist Fellowship (CAF). This is a national organization that encourages training, mentoring, advancement, career placement, and research related to individual and group artists.

**Department of Applied Music Studies**

The Department of Applied Music Studies serves the Center for Music and Worship by providing training and supervision of the performance and applied music studies in the Bachelor of Music in Music and World Cultures and the Bachelor of Science in Music and Worship. Faculties serving in this department touch and influence the lives of every person doing some type of undergraduate major in the Center for Music and Worship.

**Department of Commercial Music**

The purpose of the Department of Commercial Music is to serve the Center as a facilitator of training musicians to immediately enter the commercial music arena as professional practitioners. Commercial music programs have grown in influence and popularity over the past four decades. Liberty University School of Music has answered this call by designing two programs of study that will have immediate appeal to the student seeking employment in the Jazz Music Community and film industry. We believe scores of notable musicians will graduate from this program and move right into the commercial music field as composers and/or performers. Liberty University adds to this growing discipline preparation to meet the challenges of the culture with a Biblically-centered worldview.

**Department of Music and Worship Studies**

The purpose of the Department of Music and Worship Studies is to serve the Center as an academic, training agency solely committed to the mission of equipping worship leaders and church practitioners for ministry in evangelical traditions. The Department of Music and Worship Studies is a division of the Liberty University Center for Worship that specifically provides a platform for developing curricula, teaching and interacting opportunity with students. The Department is committed to meeting academic requirements critical to successful communication and examination of the growing worship disciplines.

The Department of Music and Worship Studies faculty is committed to offer each student opportunity to study with godly, highly-skilled instructors, receiving a broad-based musical and theological education that enables students to function successfully as worship practitioners in the diverse and ever-changing field of evangelical worship ministry. This is accomplished through comprehensive instruction in historical and contemporary music practices, principles of leadership and creative worship design, and the critical roles of the worship leader – all undergirded by the foundational truths of Scripture.

**Department of Multi-Ethnic Music Studies**

The purpose of the Department of Multi-Ethnic Music Studies is to uniquely equip students to work in a diverse global, ethnic and multi-cultural society by using the medium of music as a tool for communicating the gospel of Jesus Christ.

The Department of Multi-Ethnic Music Studies supervises undergraduate degrees in world music. This study incorporates Music and World Culture into the total music discipline and provides Liberty University music students opportunity to engage in the music of various cultures through: field experiences; ethnic ensembles; studies in ethnomusicology; and, the discovery of regional music practices around the globe. The various programs in the department fit well with the institution’s emphasis on intercultural studies and its stated aim to “contribute to a knowledge and understanding of other cultures.”

**Career Opportunities**

**B.M. in Commercial Music Degree:**

- Film Score Composer/Arranger
- Jazz Studies Specialist

**B.S. in Music and Worship Degree-Concentrations:**

**Concentrations:**

- Cinematic Arts
- Short Film for Worship

**Pastoral Leadership**

- Lead Pastor
- Worship Pastor

**Worship Technology**

- Director of Audio Ministry
- Computer Technology in WRSP

- IMAG for Worship
- Radio & TV Director in worship

---

**IMAG for Worship**

**Director of Audio Ministry**

**Computer Technology in WRSP**

**IMAG for Worship**

**Radio & TV Director in worship**

---

**Specific area courses:**

**Voice:**

- MUSC 393 Vocal Diction 3

**Keyboard:**

- MUSC 304 Keyboard Pedagogy 3

**Strings:**

- MUSC 375 String Pedagogy 3

**Guitar:**

- MUSC 477 Guitar Pedagogy 3

---

**Guitar Pedagogy**

**Vocal Diction**

**Keyboard Pedagogy**

**String Pedagogy**

**Guitar Pedagogy**

---

Department of Multi-Ethnic Music Studies.

Liberty University adds to this growing discipline preparation to meet the challenges of the culture with a Biblically-centered worldview.
The student will be able to evaluate and demonstrate the skill necessary for using radio, television, video, IMAG or other computer technology in the presentation of worship.

#### CHOOSE A CONCENTRATION OR COGNATE

**Concentrations:**
- Cinematic Arts
- Pastoral Leadership
- Worship Technology

**Cognates:**
- Biblical Studies
- Business

---

#### PROGRAM LEARNING OUTCOMES

The student will be able to:

1. Build a personal philosophy of worship based on theological principles.
2. Develop worship strategies based on an evaluation of various ministry contexts.
3. Evaluate various scenarios within the diverse evangelical community and make application to the worship leader’s roles.
4. Demonstrate professional-level musicianship in the primary applied performance concentration.

#### Cinematic Arts Concentration

The student will be able to create cinematic art to be used within the presentation of worship.

#### Pastoral Leadership Concentration

The student will be able to evaluate and demonstrate the skills necessary for Pastoral Ministry.

#### Worship Technology Concentration

The Department of Commercial Music (etc.)

The BS in Music and Worship degree programs also prepare students to pursue graduate studies in worship at any seminary or church Women’s Ministry.

The student will be able to evaluate and demonstrate the skill necessary for using radio, television, video, IMAG or other computer technology in the presentation of worship.

### CENTER FOR MUSIC WORSHIP PROGRAMS OF STUDY

- **Worship Technology Concentration**
- **Pastoral Leadership Concentration**
- **Cinematic Arts Concentration**

Students select one area of concentration/cognate from the following: Cinematic Arts; Pastoral Leadership; Worship Technology.

The student will be able to evaluate and demonstrate the skill necessary for using radio, television, video, IMAG or other computer technology in the presentation of worship.

To meet the challenges articulated above, the Department of Music and Worship Studies prepares students to meet the dynamic music and ministry challenges unique to the 21st century evangelical community.

**Music and Worship Major (B.S.)**

There has been significant growth in the numbers of students seeking to further their training in worship studies. Undergraduate students, preparing for one or more of the multiple roles of worship leadership, have found an abundance of job opportunities in local churches and para-church ministries in the evangelical community.

The BS in Music and Worship degree programs also prepare students to pursue graduate studies in worship at any seminary or graduate school, including the Master of Arts in Ethnomusicology, Master of Arts in Music and Worship or Master of Arts in Worship Studies offered through Liberty University School of Music.

To meet the challenges articulated above, the Department of Music and Worship Studies has designed an innovative, highly functional, practical and market-driven degree. The Bachelor of Science in Music and Worship Studies is divided into seven disciplines, including: Music Theory (14 hours); Worship Studies (12 hours); Directed Studies (6 hours); Practical Internships (5 hours); Applied Music (14 hours); Ensemble (6 hours); and the choice of a concentration or cognate based on market demand.

The Department of Commercial Music (etc.) selects one area of concentration/cognate from the following: Cinematic Arts; Pastoral Leadership; Worship Technology; Youth Ministries; Biblical Studies, Business, Theatre Ministries; Women’s Leadership.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Build a personal philosophy of worship based on theological principles.
2. Develop worship strategies based on an evaluation of various ministry contexts.
3. Evaluate various scenarios within the diverse evangelical community and make application to the worship leader’s roles.
4. Demonstrate professional-level musicianship in the primary applied performance concentration.

**Cinematic Arts Concentration**

The student will be able to create cinematic art to be used within the presentation of worship.

**Pastoral Leadership Concentration**

The student will be able to evaluate and demonstrate the skills necessary for Pastoral Ministry.

**Worship Technology Concentration**

The Department of Commercial Music (etc.)

The BS in Music and Worship degree programs also prepare students to pursue graduate studies in worship at any seminary or church Women’s Ministry.

The student will be able to evaluate and demonstrate the skill necessary for using radio, television, video, IMAG or other computer technology in the presentation of worship.

## DEPARTMENT OF COMMERCIAL MUSIC

David Hahn, B.A., M.M., D.M.A.
Chair, Department of Commercial Music
Assistant Professor of Music and Worship
**Artist Development Major (B.M.)**

**PURPOSE**

The B.M. in Artist Development uniquely equips skilled musicians as a performing artist, contemporary music artist, member of a traveling band or music team; recording artist; or, for musical theater or opera stage. Included in this course of study are classes in Christian Music Industry, Artist Spiritual Formation, Songwriting, and Artist Presentation. Students enjoy personal instruction by long-time, seasoned industry professionals actively engaged in 21st century music industry business.

**PROGRAM LEARNING OUTCOMES**

The student will be able to:

1. Demonstrate technical fluency, expressiveness, and professionalism in musical performance.
2. Demonstrate broad-based knowledge of musical style, music literature, and music theory.
3. Critically evaluate music and music research materials.
5. Demonstrate the processes involved in navigating within the music industry.

**Commercial Music Major (B.M.)**

**PURPOSE**

The BM in Commercial Music degree is designed to provide four essentials needed for successful development as a musician training for a career in the commercial music industry: 1) Core studies in Commercial Music Studies, including: Music Theory and Musicianship, Music Technology, and introductory Business concepts for the Commercial Musician; 2) Ensemble Experience; 3) Applied instruction on primary and secondary instruments; 4) Studies in the specialized concentrations in Jazz Studies or Film Scoring (Film and Media).

With the establishment of the Zaki Gordon Center for Cinematic Arts, a fresh new approach to film making and industry influence has emerged. As a complement to the substantial efforts of this new film division, the School of Music has developed a degree in Commercial Music for the purpose of equipping skilled musicians to work closely with these new Christian filmmakers to produce Christian-based film that will impact the culture and the world for Christ. Many of the current film composers and studio performers have studied in this type of music program. It is our belief that our graduates will possess the same standard of skill and will bring the unique mission of Liberty University to the world through the Commercial Music field, as stage performers, studio musicians, composers, and arrangers.

The emphasis of a Commercial Music degree taught with a specifically Christian Worldview, by professors committed to sound conservative Evangelical theology sets Liberty University’s program apart, providing a significant influence in the commercial music industry.

Three strategic target audiences are served by this degree:

1. Students interested in Jazz Studies in a conservative evangelical university.
2. Students interested in writing music for film or music for short films for worship.
3. Students interested in a diversified, commercial approach to music.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Apply traditional and commercial music principles in music literature, and music theory.
2. Evaluate music and music research materials.
3. Integrate Christian faith into the discipline of commercial music.

Film Scoring Concentration (Film and Media)
The student will be able to:
1. Compose music soundtracks with electronic instruments and traditional acoustic instruments for commercial media.
2. Create commercial music projects that involve syncing music to film.

Jazz Studies Concentration
The student will be able to:
1. Arrange commercial music in a jazz style.
2. Perform written and improvised commercial music in a jazz style.

Students pursuing the BM in Commercial Music degrees are required to successfully complete: a piano proficiency; attend 56 approved concerts and recitals; maintain a minimum GPA of 2.00 in all MUSC courses; successfully pass a Freshman Promotional Jury and Sophomore performance review; conducting; and, 12 hours in Directed Courses.

Songwriting Major (B.M.)

PURPOSE
Recognizing that the craft of writing song for public consumption has become a major part of 21st century culture, Liberty University School of Music has designed a practical, praxis oriented, discipline specific course of study in songwriting. The B.M. in Songwriting is uniquely designed to prepare students to write song for: popular music rock band and singing groups; contemporary commercial musicals and plays; contemporary Christian music groups; and, music recording and publication. Students also learn to write original songs for a variety of stylistic genre and performance setting.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate technical fluency, expressiveness, and professionalism in musical performance.
2. Demonstrate broad-based knowledge of musical style, music literature, and music theory.
3. Critically evaluate music and music research materials.
5. Demonstrate the process of writing, preparing and presenting a song for professional publication.

Katherine Morehouse, B.A., M.A., Ph.D.
Chair, Department of Multi-Ethnic Music Studies
Associate Professor of Ethnomusicology

Music in World Cultures Major (B.M.)

PURPOSE
Liberty University is pleased to offer the B.M. in Music and World Culture for the purpose of equipping musicians in various global and ethnic settings. Over the last 20 years, studies in world music and ethnomusicology have become a growing part of the education process in many college and university music programs. Our goal is to prepare students in: ethnic music making; bi-cultural teacher/performance; world music pedagogy; and, continued graduate studies in ethnomusicology.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Demonstrate technical fluency, expressiveness, and professionalism in musical performance.
2. Demonstrate broad-based knowledge of musical style, music literature, and music theory.
3. Critically evaluate music and music research materials.
5. Apply principles of ethnomusicology through practical experience and research.

Faculty
All faculty are listed at the end of this catalog in the Faculty Roster. There are separate rosters for Full-Time and Part-Time faculty. The entire roster can also be viewed online at https://www.liberty.edu/index.cfm?action=faculty&PID=19959&C atID=23 where faculty can be searched for by Department.

PURPOSE
The purpose of the Liberty University School of Nursing is to prepare baccalaureate level nurses who are committed to Christian ethical standards and view nursing as a ministry of caring based on the Benner theoretical framework. The nursing curriculum is built upon a foundation from the arts, sciences, and the Bible, and focuses on the use of the nursing process to guide the acquisition of nursing knowledge, build strong clinical skills, and develop the foundation necessary for a sound work ethic.

Nursing Major (B.S.N.)
PROGRAM LEARNING OUTCOMES
The student will be able to:
1. View nursing as a ministry of demonstrating Christ’s love to hurting people of all religions, creeds, and cultures.
2. Provide and coordinate nursing care for individuals, families and groups within the community.
3. Utilize critical thinking/problem solving skills/evidenced base practice in determining nursing interventions and applying therapeutic skills.
4. Demonstrate leadership skills in collaboration with clients, other professionals and groups within the community for the purpose of promoting, maintaining, and restoring health.
5. Apply a personal and professional Christian value system, based on biblical principles, to ethical issues related to the practice of professional nursing.
6. Value the need for ongoing personal and professional development through both formal and informal learning experiences.
7. Foster professional level competencies in writing and communication and computer literacy.

ACCREDITATION AND LICENSURE
The Bachelor of Science in Nursing degree at Liberty University is accredited by the Commission on Collegiate Nursing Education, One Dupont Circle, NW, Suite 530, Washington, DC, 20036, (202) 887-6791.

This degree is approved by the Virginia State Board of Nursing.

APPLICATION TO THE SCHOOL OF NURSING
A prospective student applies for candidacy to the nursing major during the second semester of the freshman year. Applicants are considered for candidacy to the nursing major following enrollment in CHEM 107, BIOL 213/214, 215/216, NURS 101, 105 and NURS 215. Students must complete BIOL 213/214, 215/216, CHEM 107, NURS 101, 105 and 215 with grades of “C” or better, (grades of “A” or “B” in science course are preferred) and have a minimum cumulative GPA of 3.00. A personal interview with a nursing faculty member may also be required. The faculty reserves the right to refuse admission into the program. Acceptance by Liberty University does not guarantee acceptance into the nursing major.

Retention and Progression
Policies related to retention and progression are outlined in the annual Liberty University Nursing Student Handbook.

Clinical Prerequisites
Each student must secure uniforms, name pin, stethoscope, liability insurance, immunizations, background check, and current CPR certification prior to the first clinical experience.

Transportation
Nursing students are responsible for transportation to and from clinical settings. Car pools are encouraged as a means of defraying transportation costs for the individual student.

Physical Examination
A physical examination including a TB test, Rubella Titer, documentation of Hepatitis B vaccinations, and all childhood immunizations is required prior to the first day of class.

Accelerated Program
An accelerated summer program is available for students who have already completed one to two years of college work before deciding to enter the nursing major. Students who meet the admission criteria can finish the nursing requirements in two years.

Certificate Programs
Senior level students have an opportunity to specialize in a specific field of nursing by participating in one of two certificate programs:
- Critical Care Nursing (Adult and Maternal/Child tracks)
- Cross Cultural Nursing

Selected students complete extra classes and clinical experiences so that they are able to enter the workplace with a broader knowledge base and more highly developed clinical skills than other new graduates.
Advanced Placement

Registered nurses and licensed practical nurses may obtain advanced placement by applying to the RN track of the program. A registered nurse student is a nurse who:

1. Has graduated from an accredited program leading to an associate’s degree or a hospital diploma;
2. Had three months of nursing practice as a registered nurse within the past five years or completion of a refresher course before the senior year; and
3. Has been admitted to Liberty University.

DEGREE COMPLETION PLANS

Degree Completion Plans for programs offered by the School of Nursing can be accessed online at [http://www.liberty.edu/dcps](http://www.liberty.edu/dcps).

School of Nursing – Online Program

As a condition of Liberty’s Certificate of Approval from the Alabama Commission on Higher Education, the following disclaimer pertains to Liberty’s online programs in Nursing:

Nursing: State approval of a program to offer Alabama licensed nurses opportunities for advanced degrees does not indicate eligibility for approval to practice as an advanced practice nurse in Alabama. Applicants for approval in Alabama are required to meet the Alabama requirements for national certification, graduation from a specific-type program for the advanced practice approval, and completion of the appropriate application. Any program offering a pre-licensure track to Alabama students shall meet the requirements of the Alabama regulations for pre-licensure programs or the graduates may not be eligible to take the national licensure examination required by the Alabama Board of Nursing to enter the practice. www.abn.alabama.gov

**NOTES:** Grades of “C” or higher for all courses in major

1® See DCP for General Education Notes

2® These courses will be satisfied automatically for RNs

3® Completion of all Science classes is strongly recommended prior to taking NURS 210 & 215

4® NURS 210 may be taken as an on-campus Intensive

5® NURS 220 requires a background check as a course assignment and must be taken as the first Nursing course to help set a foundation for the remaining Nursing coursework.

6® It is highly recommended that NURS 440, 490, and 491 be taken after NURS 225

7® All Nursing courses must be taken before taking the capstone course, NURS 492

8® Prerequisite courses

9® Chemistry may include CHEM 105, 107, 108, 121 or 122

10® NURS 316 is an optional elective. Students are not required to take this course.

**TOTAL HOURS:** 120 minimum; at least 30 hours of upper-level courses; 50% (32 hours) of major taken through Liberty University.
Willmington School of the Bible – Online Program

Graduate of Theology Certificate (Th.G.)

PURPOSE
The supreme goal and purpose of the Willmington School of the Bible is adequately and scripturally to prepare men and women of God in ministering God’s message of the first century to the world in the 21st century.

GOALS
The Willmington School of the Bible exists to train Christ-exalting leaders for local church ministry with the following emphases:
1. To train men and women for church leadership;
2. To assist in developing competencies for effectively communicating this teaching plan to others;
3. To equip learners to become role-models of the victorious Christian life; and
4. To assist in implementing a plan of action for fulfilling God’s call on one’s life.

PROGRAM LEARNING OUTCOMES
The student will be able to demonstrate a comprehension of the biblical foundation of the Christian faith.

EVALUATION OF TRANSFER CREDIT
Students may transfer all semester hours earned in the Willmington School of the Bible Th.G. Diploma to Liberty’s undergraduate degree program in Religion or Biblical Studies.

PURPOSE
The English Language Institute (ELI) offers an intense four-level Academic English Program (AEP) for students with limited English language proficiency to prepare them for both undergraduate and graduate academic work at English-speaking academic institutions. Students may enter the AEP in the Fall or Spring. In level IV of the AEP (during the Fall and Spring terms), students have the option to begin undergraduate coursework alongside their AEP classes. Students completing level IV of the AEP are not required to submit a TOEFL score for acceptance into Liberty University’s undergraduate program. Students entering Liberty University’s graduate programs are still required to submit the minimum TOEFL score for acceptance.

PROGRAM LEARNING OUTCOMES
The student will be able to:
1. Produce grammatical, comprehensible English in spoken and written form.
2. Demonstrate reading and listening proficiency in both academic and everyday contexts.
3. Demonstrate the ability to think linearly for the purpose of interpreting and producing information through Western rhetorical patterns.

Residential Courses of Instruction

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Name</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ELIL 051</td>
<td>Grammar/Writing I</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>This course engages high beginner students in basic English grammar concepts and skills to be applied in writing, as well as in speaking, listening, and reading. Students learn to use the basic English sentence structure and its derivations for effective communication. Students focus on the English verb: its role in the sentence and its forms.</td>
<td></td>
</tr>
<tr>
<td>ELIL 052</td>
<td>Writing Lab I</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>This course provides high beginner students with practice of and guidance in the writing principles addressed in ELIL 051. Students will gain extensive practice in writing a variety of English sentences and in crafting simple compositions.</td>
<td></td>
</tr>
<tr>
<td>ELIL 053</td>
<td>Grammar/Writing II</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>This course engages low intermediate students in basic English grammar concepts and skills to be applied in writing, as well as in speaking, listening, and reading. It also addresses increasingly complex sentence structure patterns and principles of paragraph construction.</td>
<td></td>
</tr>
<tr>
<td>ELIL 054</td>
<td>Writing Lab II</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>This course provides low intermediate students with practice of and guidance in the writing principles addressed in ELIL 052. It will fine-tune students’ sentence-writing skills and develop their ability to produce well-organized paragraphs.</td>
<td></td>
</tr>
<tr>
<td>ELIL 055</td>
<td>Grammar/Writing III</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>This course engages intermediate students in applied English grammar for increased accuracy in writing, as well as in speaking, listening, and reading. It also addresses a variety of patterns and principles of paragraph construction and introduces the basics of the English essay.</td>
<td></td>
</tr>
<tr>
<td>ELIL 056</td>
<td>Writing Lab III</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>This course provides intermediate students with practice of and guidance in the writing principles addressed in ELIL 053. Students will write several paragraphs and begin linking paragraphs in essays.</td>
<td></td>
</tr>
<tr>
<td>ELIL 057</td>
<td>Grammar/Writing IV</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>This course engages high intermediate to low advanced students in comprehending and correctly producing advanced aspects of English grammar. It also reviews paragraph structure, emphasizes essay construction, and introduces basics of research methodology.</td>
<td></td>
</tr>
<tr>
<td>ELIL 058</td>
<td>Writing Lab IV</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>This course provides high intermediate to low advanced students with practice of and guidance in the writing principles addressed in ELIL 054. Students will polish their essay-writing skills essays. It also addresses the concept of plagiarism and means to avoid it.</td>
<td></td>
</tr>
<tr>
<td>ELIL 061</td>
<td>Reading Skills I</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>A course in which students use the extensive reading approach to language learning. Course will include background theory of the method, reading strategies, and vocabulary development, as well as bridges between reading and other language skills.</td>
<td></td>
</tr>
<tr>
<td>ELIL 062</td>
<td>Reading Skills II</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>A course in which students use the extensive reading approach to language learning. Course will include background theory of the method, reading strategies, and vocabulary development, as well as bridges between reading and other language skills.</td>
<td></td>
</tr>
<tr>
<td>ELIL 063</td>
<td>Reading Topic</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>This course for Intermediate to High Intermediate students continues to build academic reading skills through an extensive number of readings about a central theme. The theme may change from semester to semester and includes: American History, American Culture, Current Events, etc.</td>
<td></td>
</tr>
<tr>
<td>ELIL 064</td>
<td>Academic Reading</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>In this course, high-intermediate readers develop academic reading skills and vocabulary. Reading passages are read across academic disciplines.</td>
<td></td>
</tr>
<tr>
<td>ELIL 065</td>
<td>Vocabulary I</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>In this course, students systematically study of vocabulary found in the Academic Word List. They study these words, their forms, uses, contexts, and synonyms.</td>
<td></td>
</tr>

<td></td>
</tr>
</tbody>
</table>
ACCT 432  IT Audit  3 hours  
Prerequisites: ACCT 332, 404  
This course provides the theory and application of auditing through the use of information systems. Topics include: authoritative information technology control frameworks; computer security; continuous auditing; and audit approaches to new and emerging technologies.

ACCT 495  Directed Research  1 to 3 hours  
Prerequisite: Written permission of department chair and consent of instructor

ACCT 497  Special Topics in Accounting  1 to 3 hours  
Topics will vary and are offered on demand. Course may be repeated for credit, when topics differ.

ACCT 499  Internships  1 to 6 hours  
Prerequisites: Junior or Senior status; required GPA.  
Directed applicable work experience under supervision of the Director of Business Internships and an accounting or business professional at the place of employment. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

| COURSES OF INSTRUCTION – RESIDENT PROGRAMS |

**AIR FORCE ROTC**

**AIRS A  Leadership Laboratory**  No Credit  
Prerequisite: Enrollment in Air Force ROTC  
A laboratory in leadership and followership development which stresses the application of leadership principles and the understanding of a leader’s responsibilities. Emphasizes the benefits of practical experience.

**AIRS 110  The Foundations of the United States Air Force I**  1 hour  
A two-semester survey course which provides an introduction to the United States Air Force and Air Force Reserve Officers’ Training Corps. Topics include: mission and organization of the Air Force; officerhood and professionalism; military customs and courtesies; Air Force officer opportunities; and an introduction to communication skills. The Leadership Laboratory (AIRS A) is mandatory each semester for AFROTC cadets and complements this course by providing followership experiences.

**AIRS 120  The Foundations of the United States Air Force II**  1 hour  
A continuation of AIRS 110

**AIRS 210  The Evolution of Air and Space Power I**  1 hour  
Examines general aspects of air and space power through a historical perspective. Covers a time period from the first balloons and dirigibles to the use of Unmanned Aerial Vehicles in today’s technologically advanced Air Force. Historical examples serve to extrapolate the development of Air Force capabilities (competencies) and missions (functions) to demonstrate the evolution of what has become today’s USAF air and space power. Also examines several fundamental truths associated with war in the third dimension; e.g., Principles of War and Tenets of Air and Space Power. Provides a knowledge-level understanding for the general element and employment of air and space power from an institutional, doctrinal, and historical perspective. Continues a discussion of the importance of the Air Force Core Values through use of operational examples and historical Air Force leaders and develops cadets’ communication skills. The Leadership Laboratory (AIRS A) is mandatory each semester for AFROTC cadets and complements this course by providing followership experiences.

**AIRS 220  The Evolution of Air and Space Power II**  1 hour  
A continuation of AIRS 210

**AIRS 310  Concepts of Air Force Leadership and Management I**  3 hours  
Focuses on the study of leadership, management fundamentals, professional knowledge, Air Force personnel and evaluation systems, leadership ethics, and communication skills required of an Air Force junior officer. Case studies are used to examine Air Force leadership and management situations as a means of demonstrating and exercising practical application of the concepts being studied. The Leadership Laboratory (AIRS A) is mandatory each semester for AFROTC cadets and complements this course by providing advanced leadership experiences in officer-type activities, giving students the opportunity to apply the leadership and management principles presented in this course.

**AIRS 320  Concepts of Air Force Leadership and Management II**  3 hours  
A continuation of AIRS 310

**AIRS 410  National Security Affairs I**  3 hours  
Examines the national security process, regional studies, advanced leadership ethics, and Air Force doctrine. Topics include the military as a profession, officerhood, military justice, civilian control of the military, preparation for active duty, and current issues affecting military professionalism. Emphasizes refining communication skills. AIRS A (Leadership Laboratory) is mandatory for AFROTC cadets and complements this course by giving students an opportunity to apply the leadership and management principles presented in this course.

**AIRS 420  National Security Affairs II**  3 hours  
A continuation of AIRS 410.

**ADVENTURE LEADERSHIP AND OUTDOOR MINISTRY**

**ALOM 310  Adventure Leadership Foundations**  3 hours  
Prerequisites: CHMN 201  
This course will provide the basis for adventure leadership and outdoor ministry and will allow students to think outside the realm of traditional ministry and how effective ministry can be when taken outdoors. Students will be provided with a comprehensive examination of the biblical foundations for outdoor ministry and how those principles can be applied today whether in local church or parachurch ministry. Students will be introduced to a variety of outdoor ministries, their history, leadership, and how they are being effectively utilized today.

**ALOM 320  Adventure Leadership Programming**  3 hours  
Prerequisites: ALOM 310  
This course will provide students the knowledge to effectively develop programs related to adventure leadership and outdoor ministry and then apply these programs within a local church, parachurch, or camping ministry. Students will draw upon previously learned information as it relates to adventure leadership and outdoor ministry goals and philosophy and apply it to this class and their required assignments.

**ALOM 360/ Camping Ministry**  3 hours  

**YOUT 360**  
Prerequisites: ALOM 310, 320  
This course will investigate specific elements and issues that are building blocks for camping ministry. Such elements and issues will include starting a camp, programming, recreation, staffing, budgeting, legal issues, promotional methods, camp counseling, camping options and management principles will be addressed. The course will include a full day of on-site training in order to get a hands-on look and feel of the significant ministry of camping.

**ALOM 370/ Managing the Christian Youth**  3 hours  

**YOUT 370  Organization**  
Prerequisites: ALOM 310, 320  
This course will take a comprehensive examination of critical areas for the individual who gives or is considering leadership in a Christian youth organization. An exposition of biblical passages supporting the establishment and function of Christian youth organizations and their supportive relationship to the local church
will be presented. After which, pragmatic applications to effectively
direct/manage a Christian youth organization will be examined.
ARTS 113/ Introduction to 3D Design 3 hours
A fundamental course with an emphasis on means of
construction, analysis of materials and structural examinations that
support conceptual development of 3 dimensional art. Emphasis
placed on characterizing the elements and principles of design and
how they each integrate to form fully realized works of 3D art.
Students will develop projects using a variety of materials and
methods.
ARTS 201 History of Art I 3 hours
This course is a chronological survey of Western art and
architecture from Prehistoric times to the 15th century, with the goal of
analyzing works of art from a Christian worldview. Emphasis is placed
on vocabulary development with special emphasis on methods of
critical analysis of works of art. Students are responsible for
maintenance of portfolio assignments. This portfolio will be used for
class discussion periodically and turned in at the end of the semester.
ARTS 202 History of Art II 3 hours
This course presents a chronological survey of Western art and
architecture from the 15th century to the Post Modern Era, with the
goal of analyzing works of art from a Christian worldview.
Emphasis is placed on vocabulary development with special emphasis on methods of critical analysis of works of art. Students
are responsible for maintenance of portfolio assignments. This portfolio will be used for class discussion periodically and turned in
at the end of the semester.
ARTS 203 Baroque Art 3 hours
This course presents a general survey of the Baroque period (c.
1600-1750), which was characterized by political and religious
upheavals as well as by aesthetic innovations. We shall examine the
development of art and architecture in Italy, Spain, France, and the
Lowlands, centering upon the works of seminal artists including
Caravaggio, Bernini, Borromini, Velazquez, Poussin, Rembrandt,
Rubens, and Van Dyck. Accordingly, we shall investigate how the
art of the period reflects the Christian worldview as it took shape in
the wake of the Reformation and Counter Reformation.
ARTS 204 Medieval Art 3 hours
This course will survey the range of Medieval Art and
Architecture from the fall of Rome to the 15th century in the west,
placing an emphasis on the development of painting, mosaic, and
manuscript illumination, as well as upon the development of the
Romanesque and Gothic architectural styles. The arts of this vast
period will be analyzed from within the Christian worldview with
particular attention to Christian iconography.
ARTS 205 20th-21st Century Art 3 hours
This course presents a comprehensive study of the varied art
forms from the beginning of the 20th century to the present, focusing
upon the major artists and art movements, including Fauvism,
Cubism, Futurism, Dada, Surrealism, Abstract Expressionism, Pop
Art, and Postmodernism. The course will entail an examination of
how art is disseminated, understood, and at times, misunderstood.
Students will read, write about, and discuss essays, criticism, and
interviews covering a wide range of media, and visit artists' studios
and exhibition venues. Two analytical papers—based upon studies
of the visual images focusing on the agency of the image, the social
practices and effects of its viewing and the specificity of views taken
by various audiences are required.
ARTS 206 Arts of East Asia 3 hours
This course is an introduction to the arts of China, Japan, Korea
and the Pacific Rim, focusing on the religious and political
influences, as well as the evolution of landscape and figure painting
traditions. This course considers objects in their context (from the
archaeological sites from which they were unearthed to the material
culture that surrounded them) to reconstruct the functions and the
meanings of objects, and to better understand cultures through the
objects they produced.

ARTS 105 Art Appreciation 3 hours
The development of a satisfying discourse between the student and
the work of art, employing a selective survey of major achievements and
movements in the visual art of western civilization.
ARTS 113/ Introduction to 2D Design 3 hours
FACS 113
An introduction to visual thinking as well as the elements and
principles of design. Concentration on the elements of design through
production of artwork using a variety of materials and
methods. Emphasis placed on understanding the elements and
principles of design and how they integrate to form fully realized
works of art. Students will explore composition and selection of
subject matter.

STUDIO AND DIGITAL ARTS

ARTS 105 Art Appreciation 3 hours
The development of a satisfying discourse between the student and
the work of art, employing a selective survey of major achievements and
movements in the visual art of western civilization.
ARTS 113/ Introduction to 2D Design 3 hours
FACS 113
An introduction to visual thinking as well as the elements and
principles of design. Concentration on the elements of design through
production of artwork using a variety of materials and
methods. Emphasis placed on understanding the elements and
principles of design and how they integrate to form fully realized
works of art. Students will explore composition and selection of
subject matter.
ARTS 207 The Arts of Latin America 3 hours
This introductory course provides a critical survey of Latin America art from Spanish military conquest of the New World to the development of conceptual art (1521 to ca. 1980). We will learn to observe and describe different kinds of artifacts, made in a broad array of media (painting, sculpture, urban form, photography, engraving, and drawing, among others) to explicate the social context in which they were produced and circulated. By taking into account their constant dialogue with European ideas and models, we will analyze how colonial encounters, national formations, and cultural exchange took place in the region, and how identity, ethnicity, politics, and the sacred have been depicted in different historical moments.

ARTS 208 Italian and Northern Renaissance 3 hours
This course concentrates on the origins of the Renaissance in both Italy and in the North as seen in the painting and sculpture of the early fifteenth century as to style and religious expression, examined in the context of philosophical influences, civic humanism, and contemporary politics. Attention will be given to the changing social status of the artist as manifested both in the theoretical writings and artists' working methods.

ARTS 209 Arts as Communication 3 hours
(Visual Communications: Research, Analysis, and Discourse)
This course serves to cultivate an understanding of the language, aesthetics and cultural impacts of visual communication. The focus is on discourse that fosters the development of ideational, analytical and rhetorical writing skills necessary for demonstrating critical thinking in the analysis and critique process concerning visual images. Two analytical papers—based upon studies of the visual images focusing on the agency of the image, the social practices and effects of its viewing and the specificity of views taken by various audiences—and a literary research paper, sequentially developed, are required. (Formerly ARTS 300)

ARTS 211 Drawing I 3 hours
An introduction to basic drawing fundamentals including gesture line, contour line, positive and negative space, linear perspective, sight measurement techniques, modeling perspective, and composition. (Formerly ARTS 110)

ARTS 213 American Art and Architecture 3 hours
Focusing on painting and sculpture in the United States, this course offers a survey of American art from the colonial settlements to the early 20th century. The unique social, political and intellectual contexts of American art provide the basis for understanding the history and art of our own culture.

ARTS 214 Art, Culture, and Technology 3 hours
This course traces the development of technology starting with genius inventors such as Leonardo da Vinci up to the present, and shows how technology has changed cultures and the art that they produce. The student will learn to raise vital questions on how technology has influenced culture and come to well-reasoned conclusions as to why culture has changed as a result. Through Group Projects the student will learn to work effectively with others in unraveling the complex influences of particular technological advances on culture.

ARTS 215 Special Topic in Art History 3 hours
This course presents an opportunity to conduct an in-depth study of a selected topic in art history not included in the curriculum. The precise subject matter and parameters of this course will be supplied as appropriate by the professor.

ARTS 222 Introduction to Graphic Design 3 hours
An introduction to graphic design as a tool for visual communication. Graphic design skills and topics including a brief history of typography and printing; page layout design principles, the design process, page layout and image manipulation software, visual hierarchy, and critique will be explored in this course.

ARTS 223 Introduction to Typography 3 hours
The course includes the study of type as a tool and a design element. Topics for discussion and exploration will include type identification, text and display usage, and actual letterform design. (Formerly “Typography”)

ARTS 224 Media Design Prerequisites: ARTS 222
In the Media Design Course, students examine new and traditional forms of media communications, design principles, concepts, and applications that will strengthen communication efforts with graphic design and advertising projects. Through lectures, readings, case studies, and hands-on assignments, students are introduced to the media campaign process, and the impact of new media technologies. Students will learn how to make sense of the dynamic field of media communications through a critical analysis of real-world campaigns serving as a foundation to build their own strategies.

ARTS 234 Jewelry I Introduction to Jewelry Making 3 hour
This course is an introduction to basic equipment, tools, and techniques used in the fabrication of jewelry as an art form. Students will learn basic jewelry techniques including, but not limited to, cutting, piercing, soldering, engraving, and stone setting.

ARTS 299 Internship 0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind. Application procedures processed through the Career Center. Must apply semester prior to internship.

ARTS 301 Introduction to Film Photography 3 hours
The purpose of this course is to provide the student with a basic knowledge of film photography. The student will learn how to operate a basic 35mm film camera, develop black and white film and print black and white photographs. Additionally, the student will learn about the basic properties of light, exposure, composition, depth of field and perspective. While learning the basics in B&W, most principles can later be applied to color and digital technologies. May be taken twice for credit. (Formerly “Basic Photography”).

ARTS 303 History of Graphic Design 3 hours
A study of graphic communication from cave walls to the printed page to online digital communication. Students will consider how the advent of new technologies changed the graphic form of our communication. Course lectures and presentations will be supplemented by/watch textbook readings. Students will be required to do topic related projects that will demonstrate their understanding.

ARTS 311 Drawing II 3 hours
Prerequisites: ARTS 211
Intermediate level study of drawing, including compound subjects primarily in pencil, but also potentially in other media as well. This course expresses technical aspects of drawing through developed descriptive imagery. May be taken twice for credit. (Formerly ARTS 310)

ARTS 312 Life Drawing Prerequisites: ARTS 113, 211, 311
An introduction to the methods and techniques used when drawing from life. This course explores the benefits of working from life. Moreover, this course demonstrates the value of the sketch as opposed to the time intensive efforts of studio work. May be taken twice for credit.

ARTS 321 Painting I Prerequisite: Art 211
This course is an introduction to direct painting. The use of paint is emphasized with an emphasis on the representation of the
ARTS 330  Sculpture I  3 hours
Design and creation of three-dimensional sculptural objects in creative ways to solve specific assigned artistic and sculptural problems. Introduction to materials and tools used to create sculpture. Instruction will be given in design concepts, terminology, sculpture history, processes and techniques.
ARTS 332  Vector Illustration  3 hours
This course will provide an overview of vector illustration software and illustration creation. Students will use the design process, the fundamentals of visual design, and technical expertise to create vector images for a variety of media. Conceptual thinking and visual problem solving will be encouraged through a series of exercises and projects designed to enhance software mastery and concept development. Course projects are designed for inclusion in the final portfolio. May be taken twice for credit. (Formerly “Digital Illustration”)
ARTS 334  Jewelry II Design and Fabrication  3 hours
Prerequisites: ARTS 113, ARTS 211, ARTS 234, ARTS 330
In this course the student will continue to study the applications of jewelry making techniques including, but not limited to, enameling, raising, forging and small metal casting as vehicles for self-expression. May be taken twice for credit.
ARTS 340  Publication Design  3 hours
Prerequisite: ARTS 113, 222, 223
This course examines the design and structuring of information for print publications. Students will combine their knowledge of typography and image creation with the principles and elements of page design to produce several portfolio-building systems. Lectures and studio work cover historical as well as current practices used in the production of multi-page documents. May be taken twice for credit.
ARTS 342  Digital Imaging  3 hours
Prerequisites: ARTS 222
Creating multiple digital images through a varied methodology. Preparing digitized art for electronic media and the printed page through electronic pre-press techniques. Training in a professional image-editing application. May be taken twice for credit. (Formerly ARTS 351)
ARTS 352  Graphic Design I  3 hours
Prerequisite: ARTS 113, 222, 223, 332
While introducing theory, practice, and technology, course assignments will develop an understanding and put into context the principles of visual communication. This course will develop strong formal and technical skills, as well as introduce production technology. This course focuses on conceptual thinking and problem solving in relation to design development. Students will create identity systems for a specified company or organization. Students explore the difference between branding different types of corporate entities and will produce work geared toward inclusion in the final portfolio. May be taken twice for credit. (Formerly ARTS 341)
ARTS 357  Digital Application for 3D Arts  3 hours
Prerequisites: ARTS 113, 211, 330
Students explore applications of digital technology through 3D scanning with 3D artwork. May be taken twice for credit.
ARTS 361  Digital Photography  3 hours
The purpose of this course is to provide the student with a basic knowledge of digital photography. Students will learn to operate a digital single-lens reflex camera with proficiency. The correction and digital manipulation of images using current industry-standard software will be taught. Students will learn to communicate with their photography by posting their images to the Internet, printing their images using current inkjet technologies, and producing slideshows of their images for group consumption. (Students are required to have their own digital single-lens reflex cameras). May be taken twice for credit.
ARTS 365  Documentary Photography /Photojournalism  3 hours
This course is all about telling compelling stories through the use of still images. This is not just another photography course, though it will use still photography as the main tool of communication. Students will aspire to create images that are consistent in both content and quality with those used in both the online and print media. The course will include coverage of the historical, ethical, legal and artistic issues associated with professional photojournalism. Course participants will gain valuable, real-world type experience into what it’s like working in the modern, digital media environment. May be taken twice for credit.
ARTS 371  Graphic Design II  3 hours
Prerequisites: ARTS 113, ARTS 222, 332, 342, 352
Graphic Design II integrates design principles and software, typography, digital illustration, digital imaging, page layout, and prepress techniques with emphasis on design process from visualization to production. Students will be responsible for the design and production of a fully integrated campaign consisting of major projects including several components across multiple media forms. Individual and collaborative work is expected including branding and packaging as well as prototyping for interactive media. Each student is responsible for production of design products, critiquing of designs, portfolio preparation. (Formerly “Advanced Graphics”)
ARTS 375  Special Topics 2D  3 hours
Prerequisites: ARTS 113, 211, 311, 321
This hands-on studio course promotes creativity and technical excellence. In addition, it is intended to expose the student to principles and concepts relating to a variety of water media such as watercolor, acrylic and gouache paints. May be taken twice for credit.
ARTS 376  Mixed Media  3 hours
Prerequisites: ARTS 113, 211
Exploration, application, and synthesis of conventional and unconventional art materials as valid media for the creation of expressive content in the visual arts. May be taken twice for credit.
ARTS 380  Interactive Publication  3 hours
Prerequisites: ARTS 113, 222, 223, 332, 340, 352
This advanced publication design class builds upon layout design, typography, and visual communication concepts learned in previous classes and explores current technologies used in the creation of digital and interactive publications. Lecture and studio work will cover the software and tools necessary for the creation and publishing of an interactive publication across a variety of devices. Students will conceptualize and produce their own publication that invites reader participation. May be taken twice for credit.
ARTS 382  Gallery/Museum Fundamentals  3 hours
An introduction to the professional activities that occur in galleries and museums.
ARTS 398  Studio and Digital Arts Practicum  1 to 3 hours
This course is set up as a working art and graphic design studio experience that will provide students with the vital experience, hands on working experience from conceptualization through production.
ARTS 400  Travel Study  3 hours
Prerequisite: ARTS 201 or 202
Travel to various destinations for study of art, architecture and culture.
ARTS 401  Character Design  3 hours
Prerequisites: ARTS 113, 114, 211, 311
This course explores a full range of current illustration/character design methods and techniques utilizing natural and digital media. May be taken twice for credit. (Formerly “Illustration/Cartooning”)
ARTS 402  Sequential Art  3 hours
Prerequisites: ARTS 113, 211, 311
This course covers the development and fundamentals of sequential art in its many forms: comics, comic books, and introduces the graphic novel design. May be taken twice for credit.

**ARTS 411 Advanced Drawing** 3 hours

Prerequisites: ARTS 113, 211, 311

A studio for drawing with an emphasis on human anatomy, advanced drawing techniques, and observation. May be taken twice for credit.

**ARTS 420 Painting II** 3 hours

Prerequisite: ARTS 321

An introduction to painting systems, the use of oils in the modeling of tone and illumination and the use of acrylics in chromatic studies with the development of a personal individual creative style on the part of the student. May be taken twice for credit.

**ARTS 424 Advanced Typography** 3 hours

Prerequisite: ARTS 223, 332, 342

This is an advanced study of typography as a tool and a design element. This course will be comprised of special projects, which will build upon and expand the knowledge the student has acquired in previous classes. The emphasis of the course will be upon layout design as it applies to print and electronic media. In addition, the student will create a fully developed original typeface as a final project. May be taken twice for credit.

**ARTS 430 Sculpture II** 3 hours

Prerequisite: ARTS 114, 330

The creation of sculpture in a variety of media on a larger, more ambitious scale than Sculpture I and the exploration of more sophisticated sculptural techniques and processes.

**ARTS 432 Wood Sculpture** 3 hours

Prerequisites: ARTS 114, 330

An introduction to woodworking techniques. This course addresses processes of subtractive and additive methods of wood sculpture. May be taken twice for credit.

**ARTS 433 Metal Sculpture** 3 hours

Prerequisites: ARTS 114, 330

Metal sculpture is an introduction to current and emerging metal art technologies and processes as a medium in functional, skill-based 3D artwork.

**ARTS 434 Advanced Jewelry** 3 hours

Prerequisites: ARTS 114, 234, 334

The course investigates advanced materials, processes, and styles relating to the creative production of jewelry forms. May be taken twice for credit.

**ARTS 461 Advanced Digital Photography** 3 hours

Prerequisite: ARTS 361

The purpose of this course is to assist those serious about photography in building a comprehensive body of digital work. This course will provide the student with the knowledge and skills necessary to compete in the ever-changing field of digital visual communications. Professional trade secrets, shooting tips and lighting techniques will be discussed and the student will be able to integrate them into the making of their own photographs. May be taken twice for credit.

**ARTS 469 Conceptual/Fine Art Photography and Portfolio** 3 hours

Prerequisites: ARTS 113, 301, 361, 461

This is the final and capstone photography course offered in photography. This course will assist the student in discovering and developing their own personal photographic style from within a historical context of fine art photography. Various assignments will be given to aid the student in the self-discovery of their own photographic strengths and weaknesses. Extensive critiques by both peers and instructor will shape the student’s photographic vision. The student will develop an extensive and cohesive body of personal work that will be available for public display upon course completion. This course will directly prepare the student for using photography within any chosen career path. May be taken twice for credit.

**ARTS 473 Introduction to 3D Graphics** 3 hours

Prerequisites: ARTS 222, 342

An introduction to 2D and 3D design concepts and terminology. Practical experience in the design and evaluation of 2D/3D still and motion graphics. Students gain practical experience by storyboarding, designing, animating, and rendering 2D/3D graphic objects, and Animations. Training in industry standard 3D graphics programs guided by principles of design. May be taken twice for credit. (Formerly "2D/3D Graphics and Animation")

**ARTS 474 Interactive Game Development** 3 hours

Prerequisites: ARTS 473

The development of arcade, scrollers and strategy games. Familiarity with several typical game development tools that do not require programming and issues such as player controls, sounds, music, and basic animations will be covered. May be taken twice for credit.

**ARTS 475 Ceramics I** 3 hours

A basic introduction to ceramic techniques with emphasis on accessibility for all users. The development of hand-building processes and wheel throwing techniques, as well as experimentation with glazes and surface decoration on ceramic works. May be taken twice for credit.

**ARTS 476 Ceramics II** 3 hours

Prerequisites: ARTS 475

Continued exploration of hand-building and wheel throwing techniques, as well as experimentation with glazes and surface decoration on ceramic works. May be taken twice for credit.

**ARTS 477 Interactive Design I** 3 hours

Prerequisite: ARTS 222, 342

Study of both visual media design concepts and site management for web development. Developing web applications in HTML and CSS to build websites for multiple platforms with emphasis on accessibility for all users. Practical experience in authoring web technology while developing standards to evaluate the presentation of information with these tools. Creating and developing for the web through the principles of graphic design, user experience, and user interface design. May be taken twice for credit. (Formerly ARTS 472)

**ARTS 478 Interactive Design II** 3 hours

Prerequisites: ARTS 477

Advanced theory and application of interactive design development technologies with focus on understanding emergent, and relevant web media. Creating interactive experiences of varying degrees across different platforms. Understanding and developing campaigns built upon interactive principles of user experience and user interface. May be taken twice for credit.

**ARTS 490 Arts and Crafts** 3 hours

Prerequisite: ARTS 475

An introduction to a wide range of materials, techniques, and methods associated with arts and crafts (such as: ceramics, printmaking, papercrafting, drawing, painting, sculpture, jewelry-making, and weaving), in preparation for teaching art to elementary, middle school, and high school students. May be taken twice for credit. (Formerly offered as ARTS 497)

**ARTS 492 Professional Practices** 3 hours

Prerequisites for Graphic Design students: ARTS 222, 223, 332, 342, 352, 371

Prerequisites for Studio Art students: ARTS 310, 321, 330, 361, 420, 430

Professional Practices is a senior-level course to aid the student in their upcoming transfers from classroom to the professional world. Topics and issues related to professional practices for professional artist and designer designers are covered in this course. There is a strong focus on the production of a professional presentation of the student’s creative work for purpose of employment and business opportunities.
ARTS 495 Directed Research 1 to 3 hours
As determined by instructor.

ARTS 496 Workshop in Studio and Digital Arts 1 to 3 hours
As determined by instructor.

ARTS 497 Special Topics in Studio and Digital Arts 3 hours
Topics of special interest not included in the regular department offerings. May be taken more than once, but no topic can be repeated.

ARTS 499 Undergraduate Internship 1 to 6 hours
An internship is designed to allow upper level students to experience the professional world while they are still involved in their academic training. This provides them with both an understanding of the relationship of their academic preparation to their career aspirations and the demands that will be placed upon them in the professional world. (Formerly “Internship”)

AMERICAN SIGN LANGUAGE

ASLI 101 American Sign Language I 3 hours
Prerequisites: None
This course provides an introduction to American Sign Language (ASL). Through the development of functional grammar, basic vocabulary, and practical conversational skills, this course will be the basis for further study in the development of fluency in understanding and expressing the language. Both production and comprehension will be addressed as well as an introduction to the Deaf community.

ASLI 102 American Sign Language II 3 hours
Prerequisite: ASLI 101
This course is a continuation of the introductory course in American Sign Language (ASL). Emphasis will be placed on functional grammar, basic vocabulary, and practical conversational skills, and continued exposure to elements of Deaf culture.

ASLI 201 American Sign Language III 3 hours
Prerequisite: ASLI 102
This intermediate course will contain more advanced vocabulary as well as conversational discourse. ASL grammar including sign movement and non-manual makers will be taught.

ASLI 202 American Sign Language IV 3 hours
Prerequisite: ASLI 201
This course will include advance vocabulary while introducing the student to ASL storytelling. There will be a focus on formal and informal receptive and expression communication. Students will also develop language skills pertaining to more abstract communication, such as ideas and concepts.

ASLI 212 Theory and Application of Fingerspelling and Numbers 3 hours
Prerequisite: ASLI 102
This foundational course will utilize a theory based approach for developing and improving fingerspelling recognition. A unique training method will be used to improve student’s comprehension of this vital aspect of American Sign Language (ASL). Various number systems used within ASL will also be addressed.

ASLI 302 American Sign Language V 3 hours
Prerequisite: ASLI 202
This course will prepare students for interpreting training. Student will examine ASL from a new perspective. Concepts such as main idea comprehension, summarizing, lexical substitution, paraphrasing, paraphrasing discourse, visual form and meaning will be addressed.

ASLI 310 Deaf Studies 3 hours
Prerequisites: None
This course will address the history and current trends within the American Deaf community. Topics will include cultural, educational, and political aspects. There will be an element of Deaf literature and also sociolinguistics.

ASLI 313 Introduction to Interpreting 3 hours
Prerequisites: ASLI 201, ASLI 310 (or concurrent enrollment in ASLI 310)
This course is an overview of the profession of American Sign Language/English interpreting. Topics will include terminology, ethics, professional attire, processes, and current professional trends. (Formerly ASLI 305)

ASLI 320 Sociocultural Linguistic Processing 3 hours
Prerequisites: ASLI 313, ASLI 310
This course will examine the language exchange between ASL and English in terms of discourse (accurate content, appropriate context, and appropriate linguistic form). Techniques and mental/cognitive processes such as comprehension, memory, delayed repetition and pattern inference will be addressed as well as discourse mapping.

ASLI 401 English to ASL Interpreting I 3 hours
Prerequisite: ASLI 320
This course will begin with lessons in consecutive interpretation and progress toward the ultimate goal of simultaneous interpretation from spoken English to ASL. Topics will include: memory retention, appropriate use of consecutive interpretation, listening, reformulation, and monitoring.

ASLI 402 English to ASL Interpreting II 3 hours
Prerequisite: ASLI 401
This course will continue to develop the student’s interpreting skills from an English source to an ASL mode through simultaneous interpretation. Added focus will be given to issues concerning professionalism, register, and client matching.

ASLI 403 ASL to English Interpreting I 3 hours
Prerequisites: ASLI 302, ASLI 320
This course will address the skills and cognitions related to conveying the meaning and intent of a signed message (ASL) into spoken English. Topics will include comprehension, implied meaning, word choice, natural flow, and cultural considerations.

ASLI 404 ASL to English Interpreting II 3 hours
Prerequisite: ASLI 403
This course will continue to address the skills and cognitions related to conveying the meaning and intent of a signed message (ASL) into spoken English. Topics will include comprehension, implied meaning, word choice, natural flow, omissions, teaming, and cultural considerations.

ASLI 405 ASL Linguistics 3 hours
Prerequisite: ASLI 302
This course studies the phonological, morphological, and syntactical structure of American Sign Language. Semantics as well as historical and ever changing aspects of the language will also be considered.

ASLI 410 Interpreter Professional Identities, Function & Ethics and Current Trends 3 hours
Prerequisites: ASLI 310, ASLI 313
This course will address issues pertaining to the profession of interpreting. Students will be instructed in critical analysis of ethical scenarios in a variety of settings and situations. The RID Code of Professional Conduct and the EIPA will be discussed. Current issues facing the professional interpreter will be studied.

ASLI 498 Practicum 3 hours
Prerequisites: ASLI 403, pass VQAS Written
This practicum will include observation and some interpreting experience under the close supervision of an approved mentor(s) in a variety of settings.

ASLI 499 Internship 3 hours
Prerequisites: ASLI 498, ASLI 405, Pass VQAS with II+
This internship will involve a structured program consisting of interpreting under the supervision of an approved nationally certified mentor. It will also include the other duties pertaining to the work of a professional interpreter in the specialized field of the student’s...

Students will apply knowledge of clinical musculoskeletal human anatomy through a variety of hands on activities. The focus of the course will be to practice identifying bony landmarks and muscle origins and insertions along with demonstrating how to perform manual muscle testing & how to assess range of motion.

**ATTR 299 Internship**

Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.

Direct applicable work experience under the supervision of the Athletic Training Faculty Intern Advisor. Application processed through the Career Center. Must apply semester prior to internship.

**ATTR 300 Lower Extremity Injury Evaluation**

Prerequisites: ATTR 200, BIOL 213/214

Methods of evaluation of athletic injuries are investigated, including history, inspection, palpation, and orthopedic and neurologic testing with focus on the lumbar area and lower extremities.

**ATTR 301 Lower Extremity Injury Evaluation Laboratory**

Prerequisites: taken concurrent with ATTR 300

The methods of evaluation including history, inspection, palpation, and orthopedic and neurological testing of athletic injuries will be practiced in a hands-on laboratory environment. This laboratory experience will focus on lower extremity injuries.

**ATTR 302 Upper Extremity Injury Evaluation**

Prerequisites: ATTR 200, 300, BIOL 213/214, can be taken concurrently with BIOL 215/216.

Methods of evaluating injuries to the physically active are investigated including history, inspection, palpation, and orthopedic and neurological testing. Focus includes evaluation of injuries to the upper extremity, head, neck and thorax. Other topics include management of crisis situations and facial injuries related to athletic participation.

**ATTR 303 Upper Extremity Injury Evaluation Laboratory**

Prerequisites: taken concurrent with ATTR 302

The methods of evaluation including history, inspection, palpation, and orthopedic and neurological testing of athletic injuries will be practiced in a hands-on laboratory environment. This laboratory experience will focus on upper extremity injuries.

**ATTR 305 Emergency Care for Athletic Training**

Prerequisites: ATTR 200, 210, and BIOL 213/214 (may use as co-require); for ATEP provisionally accepted students only

Advanced level of first aid and CPR training for individuals who have a job-related “duty to respond.” This course includes such topics as: CPR use of the resuscitation mask bag-valve mask and Automated External Defibrillator; anatomy; patient assessment; shock; bleeding; burns; oxygen and airway care; spine board use; and other medical emergencies.

**ATTR 306 Emergency Care for Athletic Training Laboratory**

Prerequisites: taken concurrent with ATTR 305

This lab course provides students with the application of advanced level first aid and CPR training for individuals who have a job-related “duty to respond.” This course is designed for students to gain proficiency in first aid skills as it relates to such topics as: CPR use of the resuscitation mask bag-valve mask and Automated External Defibrillator; anatomy; patient assessment; shock; bleeding; burns; oxygen and airway care; spine board use; and other medical emergencies discussed in ATTR 305.

**ATTR 310 Therapeutic Modalities in Athletic Training**

Prerequisites: ATTR 305, 306

A study of theories and principles of uses of different modalities to enhance the healing of injuries. Lab experiences included.

**ATTR 311 Therapeutic Modalities Laboratory**

Prerequisites: taken concurrent with ATTR 310
This class presents the practical application of therapeutic modalities to enhance the healing of injuries. Laboratory experiences will include the set-up, application and probable outcomes of the use of various therapeutic modalities commonly used in athletic training.

**ATTR 320 Clinical Education II**  2 hours
Prerequisites: ATTR 221
Didactic and psychomotor skill instruction of competencies in Athletic Training. Emphasis will be placed on the application of lower extremity injury and illness evaluation of athletic injuries and therapeutic modalities through clinical scenarios. Will include a clinical education rotation.

**ATTR 321 Clinical Education III**  2 hours
Prerequisites: ATTR 320
Didactic and psychomotor skill instruction of competencies in Athletic Training. Emphasis will be placed on the application of upper extremity injury and illness evaluation of athletic injuries through clinical scenarios. Will include a clinical education rotation.

**ATTR 325 Evidence Based Research in Athletic Training**  2 hours
Prerequisites: ATTR 225, 226, 305, 306
This class introduces the research process in athletic training with an emphasis on evidence-based medicine. Students will learn to evaluate the quality of available research evidence and interpret statistical data and relevance. Scientific writing experience will be gained in the form of research proposals, literature reviews, case studies and critical appraisals.

**ATTR 400 Principles of Therapeutic Exercise and Rehabilitation**  3 hours
Prerequisites: ATTR, 310/311; BIOL 213/214, 215/216
In-depth study of theories and principles used to rehabilitate injuries to the physically active, as well as physiological and psychological factors affecting the rehabilitation function.

**ATTR 402 Practical Applications in Therapeutic Exercise and Rehabilitation**  3 hours
Prerequisites: ATTR 400; BIOL 213/214, 215/216
Lecture and laboratory experiences will include the application, instruction, progression and probable outcomes of the use of therapeutic exercises and rehabilitation techniques commonly used in athletic training.

**ATTR 404 Medical Aspects of Athletic Training**  3 hours
Prerequisites: ATTR 325, 400
Recognition and treatment of general medical conditions and disabilities of athletes and others involved in physical activity. Application of pharmacological principles in the treatment of illness, injury, and disease for an athletic population. Includes lecture and laboratory experiences.

**ATTR 410 Administrative Aspects of Athletic Training**  3 hours
Prerequisite: ATTR 404
A study of the problems and considerations involved in the successful management of an athletic training program. Areas discussed include: budgeting; facility design; ordering and inventory; and legal liability.

**ATTR 420 Clinical Education IV**  2 hours
Prerequisites: ATTR 321
Didactic and psychomotor skill instruction of competencies in Athletic Training. Emphasis will be placed on the application of therapeutic exercise and rehabilitation through clinical scenarios. Will include a clinical education rotation.

**ATTR 421 Clinical Education V**  2 hours
Prerequisites: ATTR 420
Didactic and psychomotor skill instruction of competencies in Athletic Training. Emphasis will be placed on the application of athletic training administration through clinical scenarios. Will include a clinical education rotation.

**ATTR 440 Senior Seminar in Athletic Training**  2 hours
Prerequisite: ATTR 404
A capstone course which will focus on reviewing the acquired knowledge and experiences of the athletic training curriculum. Students will discuss job search and interviewing skills, moral and ethical responsibility, state licensure, continuing education, decision-making accountability and conflict management. The NATA professional code of practice and standards of practice will be reviewed. Preparation for the BOC certification examination will be included.

**AVIA 010 Private Pilot Training Block Lab**  0 hour
**AVIA 020 Instrument Rating Training Block Lab**  0 hour
**AVIA 030 Commercial Pilot Training Block Lab**  0 hour
**AVIA 101 Exploring Aviation**  3 hours
This course explores the field of aviation, career opportunities, and future trends. While learning about their future in aviation, students will study blimps, rocketry, gliders, and the principles of flight.

**AVIA 102 Aviation Orientation**  1 hour
This course is required for all aviation majors. Its purpose is to prepare new students for their university and professional careers by discussing students’ responsibilities and options concerning the aviation industry. Aviation career options will be explored. Academic and airport requirements and procedures will be covered.

**AVIA 103 Flight Attendant Orientation**  1 hour
This course will introduce the student to the basic safety and customer service requirements of a professional flight attendant. It is conducted one day one day a week and over one weekend with professional flight attendants. This course has a lab fee and upon completion a certificate of completion is awarded to each student.

**AVIA 210 Private Ground I**  3 hours
Prerequisite or Co-requisite: AVIA 210
This course will build a solid foundation in aerodynamics, aircraft systems and servicing, airport operations and communication, regulations, meteorology, weight and balance, as well as description of primary flight maneuvers.

**AVIA 215 Private Ground II**  3 hours
Prerequisite or Co-requisite: AVIA 210
This course is a continuation of AVIA 210 including cross country navigation methods, flight physiology, and meteorology. The student will be given the proper study tools to prepare for the FAA Private Pilot written exam and practical test.

**AVIA 220 Private Flight I**  3 hours
Co-requisite: AVIA 010 and taken simultaneously with AVIA 210
This course provides primary flight training in fundamental piloting skills. The student will be introduced to takeoffs, landing, ground reference maneuvers, traffic patterns and emergency procedures. Approximately 20 flight hours is required.

**AVIA 225 Private Flight II**  3 hours
Prerequisite: AVIA 220
Co-requisite: AVIA 010 and Taken simultaneously with AVIA 215
This course is a continuation of AVIA 220 to include basic flight maneuvers, maximum performance takeoffs, landing, cross-country flights, and introduction to high density airport operations to prepare the student for the required FAA Private Pilot Practical Test. Approximately 25 flight hours is required.

**AVIA 230 Unmanned Aerial Systems**  3 hours
This course provides the student with a detailed introduction into the history of unmanned flight and the current status of Unmanned Aerial Systems. The student will become knowledgeable of the capabilities and pay load of civilian Unmanned Aerial Systems. Additionally, they will become proficient in UAS simulation and will be introduced to actual UAS flights.
<table>
<thead>
<tr>
<th>COURSES OF INSTRUCTION – RESIDENT PROGRAMS</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>AVIA 235</strong> Small Unmanned Aerial System 3 hours</td>
</tr>
<tr>
<td><strong>Operator Certification</strong></td>
</tr>
<tr>
<td>Prerequisite: AVIA 230</td>
</tr>
<tr>
<td>This course is designed for small unmanned systems operational certification. Each student will receive academic training on UAS systems, Simulator flights in UAS, and a series of UAS flights leading to certification.</td>
</tr>
<tr>
<td><strong>AVIA 240</strong> GPS Navigation 1 hour</td>
</tr>
<tr>
<td>Prerequisite: AVIA 220 and Private Pilot Certificate</td>
</tr>
<tr>
<td>This course teaches the practical use of global positioning through the Garmin G1000 Flight Management System. We will cover the Global Positioning System (GPS) theory, operations, hardware and software usage, and refer to similar equipment models. This course references the National Airspace Systems and critical Air Traffic Control elements including navigational aids, operations in controlled and uncontrolled airspace, as well as towered and non-towered airport environments. Elements of communication, radio operations, as well as normal and abnormal operations are discussed.</td>
</tr>
<tr>
<td><strong>AVIA 241</strong> GPS Instrument Navigation 1 hour</td>
</tr>
<tr>
<td>Prerequisite: AVIA 240</td>
</tr>
<tr>
<td>This course builds upon the basic GPS knowledge acquired in the AVIA 240 GPS Navigation course to the end of having a thorough understanding of the Garmin G1000, G530, and G430 GPS systems currently in use in training and professional aviation aircraft. The content encompasses all phases of instrument flying including instrument approaches, holding and kourse reversals, departures, en route and arrivals as well as vertical navigation (VNAV) descents, troubleshooting and malfunctions, WAAS and autopilot use in an instrument flight rules (IFR) environment.</td>
</tr>
<tr>
<td><strong>AVIA 245</strong> Aviation Leadership 3 hours</td>
</tr>
<tr>
<td>Prerequisite: Junior status</td>
</tr>
<tr>
<td>The student will learn the meaning and application of leadership to include transformational leadership and disciple leadership. The course will cover the subject of leadership in aviation through a study of ethics and morals, biblical leadership principles and attributes, aeronautical decision-making, and aviation professionalism. Students will learn their own personal strengths, and they will consider and reflect upon personal leadership development by critically analyzing past and current aviation leaders through case studies. While the basis of the course is on aviation leadership, course objectives and content may be relevant to Christian-based leadership in any role, situation and career field.</td>
</tr>
<tr>
<td><strong>AVIA 250</strong> Introduction to Space Flight 3 hours</td>
</tr>
<tr>
<td>This course is a survey of the major aspects of space flight and exploration. Topics covered include the history of space flight, space vehicle launch and orbits, international space station operations, human physiology in space, and present and future commercial, industrial and military applications in space. The course examines differing views presented by scientists in the field including those with a biblical worldview.</td>
</tr>
<tr>
<td><strong>AVIA 300</strong> Aviation Safety 3 hours</td>
</tr>
<tr>
<td>Prerequisite: AVIA 310</td>
</tr>
<tr>
<td>This course provides the student with a detailed introduction into aspects of aviation safety, risk management, and the associated components of pilot psychology, human factors and accident trends, factors and analysis.</td>
</tr>
<tr>
<td><strong>AVIA 305</strong> Airplane Aerodynamics 3 hours</td>
</tr>
<tr>
<td>Prerequisite: AVIA 225</td>
</tr>
<tr>
<td>This course will provide the student a study of the physical principles of airplane aerodynamics, thereby fostering an appreciation of the factors affecting aircraft performance, stability and control, and special flight conditions often experienced by commercial pilots of fixed-wing aircraft.</td>
</tr>
<tr>
<td><strong>AVIA 310</strong> Instrument Ground 3 hours</td>
</tr>
<tr>
<td>Prerequisite: AVIA 225</td>
</tr>
<tr>
<td>The student will learn the FAA regulations, radio communications, air traffic control procedures, and meteorology as it relates to the instrument flight environment. The student will learn the proper use of radio navigational instruments and will be given study tools to prepare for the FAA Instrument written exam.</td>
</tr>
<tr>
<td><strong>AVIA 311</strong> Instrument Theory Lab 1 hour</td>
</tr>
<tr>
<td>Prerequisite: Private Pilot Certificate</td>
</tr>
<tr>
<td>This course is designed to provide the student with ability to convert instrument flight theory to practical flight simulator operations. Student will fly simulator lights in the basic instrument phase to build a strong instrument scan. After mastering basic instruments, they learn radio calls and navigation used to perform instrument approaches to a landing.</td>
</tr>
<tr>
<td><strong>AVIA 315</strong> Commercial Ground 3 hours</td>
</tr>
<tr>
<td>Prerequisite: AVIA 225, AVIA 310</td>
</tr>
<tr>
<td>This course will prepare the student for the FAA Commercial Pilot Written Exam by acquiring advanced aeronautical knowledge in aerodynamics, regulations, meteorology, aircraft systems, and airspace operations.</td>
</tr>
<tr>
<td><strong>AVIA 320</strong> Instrument Flight 3 hours</td>
</tr>
<tr>
<td>Prerequisite: AVIA 225, AVIA 310 (pre or co-requisite)</td>
</tr>
<tr>
<td>Co-requisite: AVIA 020</td>
</tr>
<tr>
<td>This course will provide basic instrument flight training. The course will require approximately 35 hours and will include a combination of both aircraft and simulator flight training. The student will gain an in-depth knowledge of Air Traffic Control procedures, airway navigation, and both precision and non-precision instrument approaches. This course will prepare the student for the FAA Instrument Practical Test.</td>
</tr>
<tr>
<td><strong>AVIA 325</strong> Commercial Flight I 1 hour</td>
</tr>
<tr>
<td>Prerequisite: AVIA 225 and AVIA 315 (pre or co-requisite)</td>
</tr>
<tr>
<td>Co-requisite: AVIA 030</td>
</tr>
<tr>
<td>This course will build on previous experience in VFR cross-country flight planning and execution. This course will consist of approximately 40 flight hours and prepare the student for the FAA Part 141 Commercial Stage I Check.</td>
</tr>
<tr>
<td><strong>AVIA 326</strong> Commercial Flight II 1 hour</td>
</tr>
<tr>
<td>Prerequisite: AVIA 325</td>
</tr>
<tr>
<td>Co-requisite: AVIA 030</td>
</tr>
<tr>
<td>This course will introduce advanced Commercial pilot flight maneuvers enabling the student to demonstrate knowledge of complex/high performance aircraft systems and operations. This course will consist of approximately 40 flight hours and prepare the student for the FAA Part 141 Commercial Stage II Check.</td>
</tr>
<tr>
<td><strong>AVIA 327</strong> Commercial Flight III 1 hour</td>
</tr>
<tr>
<td>Prerequisite: AVIA 326</td>
</tr>
<tr>
<td>Co-requisite: AVIA 030</td>
</tr>
<tr>
<td>This course will ensure the student can conduct all Commercial maneuvers and procedures within the FAA Practical Test Standards. This course will consist of approximately 40 flight hours and prepare the student for the FAA Part 1414 Commercial End-of-Course Stage III Check. The student will be prepared for the FAA Commercial Pilot Practical Test.</td>
</tr>
<tr>
<td><strong>AVIA 335</strong> Command and Control of Unmanned Aerial Systems 3 hours</td>
</tr>
<tr>
<td>Prerequisites: AVIA 230, 235</td>
</tr>
<tr>
<td>This course is designed to teach the student the many aspects of command and control of Unmanned Aerial Systems (UAS). Through academic theory and actual simulator training sessions the student will be prepared for certification in command and control in the medium UAS class of aircraft.</td>
</tr>
<tr>
<td><strong>AVIA 340</strong> Aviation Weather 3 hours</td>
</tr>
<tr>
<td>Prerequisite: AVIA 225 and Private Pilot Certificate</td>
</tr>
</tbody>
</table>
This course is a study of weather hazards, meteorological flight planning, aviation weather equipment and human factors as related to flight safety in all weather conditions.

**AVIA 350  Airl ine Operations**  3 hours  
Prerequisite: AVIA 310  
This course is representative of the initial training a First Officer will receive as a new hire in today’s airline industry. A foundational Knowledge of FAR Part 91 instrument procedures is required. The material covered will focus on FAR Part 121 regulations, airline policies and procedures presented from an operational perspective. The topics studied will include: airline seniority, safety systems, the concept of operational control, operational policy, flight planning, and emergency/abnormal operations. Each student will be exposed to an in-depth study of dispatch procedures, fuel planning, weather requirements, and Jeppesen instrument approach procedures. The concepts of both Crew Resource Management (CRM) and Threat and Error Management (TEM) will be developed throughout all aspects of this course.

**AVIA 360  C orporate and Business Aviation**  3 hours  
Prerequisite: AVIA 225  
This course is designed to introduce aviation students with the operations of a corporate flight department. They will understand the value of management mobility which requires specific operations other than commercial airline options. The student will learn how to evaluate aircraft and equipment requirements, maintenance demands and logistical difficulties, flight operations specific to this unique environment, administration requirements for smooth and efficient operations, as well as the fiscal considerations which will impact the business profits.

**AVIA 400  Aviation Human Factors**  3 hours  
Prerequisite: AVIA 310  
This course is divided into three parts. The first will cover the scope of all regulations concerning aviation and how they impact the pilot. The second part will provide the basic understanding of the human factors concepts including psychological and physiological limitations of humans operating in complex environments. The third part will provide an in-depth study of Crew Resource Management, which involves having a complete understanding of the flight deck environment and the proper utilization of all resources available to an aviator.

**AVIA 405  A dvanced Aerodynamics**  3 hours  
Prerequisites: AVIA 305, 320  
This course will survey the theory of airplane performance and flight characteristics to include pilot static calibration, weight and balance, engine and propeller performance, takeoff and landing performance, range and endurance, excess energy and power, 1G stalls, turn performance, and longitudinal, lateral and directional static and dynamic stability and control. The course will provide in-class instruction and practical laboratory work in both a simulator and aircraft to quantitatively document aircraft performance, and stability and control. Flight test data reduction and reporting techniques will conclude the learning objectives as student will report on the results of their evaluations.

**AVIA 410  F light and Ground Instructor Theory**  3 hours  
Prerequisite: AVIA 315  
Provides the student with a detailed study of the responsibilities and teaching concerns of a flight instructor. The course is divided into two major sections: fundamentals of teaching and learning, including effective teaching methods, learning process, consideration of flight training syllabi, effective evaluations, and flight instructor responsibilities; the second section is concerned with the analysis of the flight maneuvers involved with Private Pilot, Commercial Pilot and Flight Instructor Certificates. The course will also provide practical teaching experiences.

**AVIA 420  Flight Instructor Flight**  1 hour  
Prerequisite: AVIA 325  
Introduction to flight instructor techniques and maneuvers in preparation for the FAA Certified Flight Instructor initial practical test.

**AVIA 422  Certified Flight Instructor - Instrument (CFII)**  3 hours  
Prerequisite: Commercial Pilot Certificate  
This course is designed to train students to successfully complete the FAA Certified Flight Instructor Instrument Certificate. The course will contain both academic classroom and aircraft flight training required by FAA regulations. The academic ground school will consist of 11 lessons exceeding the FAA requirement of 40 classroom hours of instruction. The flight portion of this course will consist of 10 flights exceeding the FAA requirement of 25 hours of flight time.

**AVIA 424  Airline Transport Pilot**  3 hours  
Prerequisites: AVIA 315, AVIA 325, AVIA 326, AVIA 327; or a Commercial Pilot Certificate. FAA Required Aeronautical Experience.  
This course is designed to train the student to obtain the knowledge, skill, and aeronautical experience necessary to meet the FAA Part 141 requirements to obtain an Airline Transport Pilot Certificate. The course will contain both academic classroom and aircraft flight training required by FAA regulations. The academic ground school will consist of 11 lessons exceeding the FAA requirement of 40 classroom hours of instruction. The flight portion of this course will consist of 10 flights exceeding the FAA requirement of 25 hours of flight time.

**AVIA 430  Multi-Engine Theory and Advanced Aircraft Systems**  3 hours  
Prerequisite: AVIA 310  
This course provides for an understanding of the principles and practice of operating a multi-engine aircraft. Normal and abnormal procedures are included along with a discussion of the Federal Aviation Regulations, unique weather and environmental circumstances, aircraft systems and the specific aerodynamics associated with multi-engine aircraft.

**AVIA 435  Advanced Jet Systems**  3 hours  
Prerequisites: Private Pilot Certificate, Instrument Rating, Commercial Ground (AVIA 315)  
This course is representative of the systems training a First Officer will receive as a new hire in today’s airline industry. This course will provide advanced jet systems training by systematically studying the type of aircraft systems commonly found on commercially operated jet aircraft. As a training platform, this course specifically explores all the major aircraft systems found on the Bombardier CRJ-200. Students will be exposed to aircraft limitations and profiles, Immediate Action Items, checklist usage, and Flight Management System (FMS) navigation. The concepts of both Crew Resource Management (CRM) and Threat and Error Management (TEM) will be developed through all aspects of this course.

**AVIA 436  Advanced Jet Training**  3 hours  
Prerequisite: AVIA 435  
This is the capstone course for the Commercial/Corporate concentration. Built on the foundational knowledge acquired in Airline Operations (AVIA 350) and Advanced Jet Systems (AVIA 435), this course will include 5 Cockpit Procedure Training (CPT) lessons followed by 10 Flight Training Lessons in a CRJ-200 Flight Training Device (FTD). Each student will receive a minimum of 45 hours of instruction including 20 hours of Advanced Jet Flight Training in a CRJ-200 FTD. This scenario based training will include: Checklist usage in multi-crew environment; Flight Management System (FMS) operations; Normal procedures and flight profiles; Abnormal/Emergency procedures and flight profiles; High altitude aerodynamic; and Aeronautical Decision Making. This course will also stress the proper use of the aircraft automation to include: the Flight Control Panel, incorporating both the Flight Director and the Autopilot
through all phases of flight. The concepts of both Crew Resource Management (CRM) and Threat and Error Management (TEM) will be developed through all aspects of this course.

**AVIA 440 Multi-Engine Flight**
- **1 hour**
- **Prerequisite:** AVIA 225 & Private Pilot Certificate
- Introduction to multi-engine flight and all related maneuvers in preparation for the FAA Multi-Engine Rating.

**AVIA 441 Multi-Engine Instructor**
- **1 hour**
- **Prerequisites:** AVIA 420, 440
- This course is needed to train prospective multi-engine instructors to train our student pilots. Additionally, this course will open the door for GI Bill funding for veterans.

**AVIA 446 Medium UAS Commercial Flight I**
- **3 hours**
- **Prerequisite:** AVIA 335
- This course is designed to provide the training required to operate a medium UAS in the National Airspace System and overseas. Normal Procedures will be the emphasis of the course. This course will build upon the training acquired in AVIA 335, Command and Control of UAS. Those fundamentals will then be applied to actual flying of a medium class 2 or 3 UAS. Classroom instruction will be followed by simulators each day to reinforce the learning. Once the operator demonstrates proficiency through academic tests and flights in the simulator, they will move to flying operations of the UAS in national airspace approved by the Federal Aviation Administration.

**AVIA 447 Medium UAS Commercial Flight II**
- **3 hours**
- **Prerequisite:** AVIA 446
- This course is designed to complete the training required to operate a medium UAS in the National Airspace System and overseas. Abnormal and tactical procedures will be the emphasis of the course. This course will build upon the training acquired in AVIA 446, Medium UAS Commercial Flight I. Those abnormal and tactical procedures will be applied to actual flying of a medium class 2 of 3 UAS. Classroom instruction will be followed by simulators instruction to reinforce the learning. Once the operator demonstrates proficiency through academic tests and flights in the simulator, they will move to actual flying of the UAS in airspace approved by the Federal Aviation Administration.

**AVIA 448 Confined Area Operation**
- **2 hours**
- **Prerequisite:** AVIA 325
- This course will prepare students to plan and operate in confined areas with short and unpaved landing strips. The student will learn safety aspects, risk management and flight techniques necessary to successfully operate throughout the world.

**AVIA 455 Turbine Engines and Jet Transports**
- **3 hours**
- **Prerequisite:** AVIA 225
- This course will be an intensive study of the turbine engine theory, design and operations. The student will also receive a broad knowledge of all commercial airline types and will acquire a more in-depth understanding of the Boeing 737 Aircraft.

**AVIA 460 Aviation Interview**
- **3 hours**
- **Prerequisite:** Aviation Major/Senior Status
- This course will cover the unique requirements of an aviation job interview. The course material will focus on the entire interview process from personal preparation, to paperwork presentation, to the actual interview itself. Practice interviews with professionals from the aviation industry will critique the student on personal appearance, communication skills, and professional knowledge. In formulating answers to interview questions, the principles of Aeronautical Decision Making (ADM), Crew Resource Management (CRM), and Threat and Error Management (TEM) will be thoroughly developed.

**AVIA 495 Directed Research**
- **1 to 3 hours**

**AVIA 499 Aeronautics Internship**
- **3-6 hours**

### AVIAAVM/AVMT – AVIATION MAINTENANCE TECHNICIAN

**AVIA/AVMT 100 Aircraft Sciences I**
- **3 hours**
- **Co-requisites:** AVMT 102, 104, 106
- This course will provide the student with a review of the fundamental operations in arithmetic as they are applied routinely in aircraft maintenance, including fractions, decimals, ratio, geometry, basic trigonometric functions, formulae, and proportions. Basic concepts of aviation applied physics will be presented, including: aerodynamic laws, theory of flight, fluid, heat, power, work, simple machines, and sound. The student will also learn aircraft weight and balance procedures, center of gravity computations, and how to identify and rectify adverse loading conditions.

**AVIA/AVMT 102 Aircraft Sciences II**
- **3 hours**
- **Co-requisites:** AVMT 100, 104, 106
- This course is designed to introduce the student to direct and alternating current electricity, electrical circuit design, measuring devices, transformers, magnetism, electromagnetism, electronic devices and applications; with emphasis on basic laws relating to voltage, current, resistance, inductance, and capacitance. The student will also learn how to read and interpret electrical diagrams and to inspect and service aircraft batteries. This course will also give the student an understanding of aircraft drawings, symbols, and schematic diagrams commonly used in aircraft maintenance and illustrated parts manuals; the knowledge an ability to create drawings and sketches of repairs or alterations, and the ability to interpret blueprints, graphs, and charts.

**AVIA/AVMT 104 Maintenance Practices I**
- **3 hours**
- **Co-requisites:** AVMT 100, 102, 106
- This course is designed to develop the student’s skills in the proper use of basic aircraft mechanic’s hand tools and measuring devices, aircraft hardware, safety methods, and materials used in aircraft maintenance and repair. Various methods of nondestructive testing will be learned and applied to practical situations, including liquid penetrant, magnetic particle, eddy current, ultrasound and radiography. The student will understand the privileges, limitations, and regulations provided by the FAA Code of Federal Regulations pertinent to aircraft maintenance technicians. Emphasis will be placed on the selection and use of FAA and manufacturers’ aircraft maintenance specifications, data sheets, manuals, and publications; as well as proper logbook and maintenance entries and record keeping.

**AVIA/AVMT 106 Maintenance Practices II**
- **3 hours**
- **Co-requisites:** AVMT 100, 102, 104
- This course will instruct the student in aircraft cleaning; corrosion identification, treatment, removal, and control practices. The student will learn how to fabricate and install flexible and rigid fluid lines and fittings. The student will also understand proper procedures for safely securing, moving, fueling, starting, servicing, and taxing aircraft.

**AVIA/AVMT 200 Airframe Auxiliary Systems**
- **3 hours**
- **Co-requisites:** AVMT 202, 204, 206, 208, 210
- This course will provide the student an understanding of operating principles and basic maintenance techniques for airframe auxiliary systems and their components, including: cabin atmosphere control, communication and navigation, instruments, static and pitot, fire detection and extinguishing, smoke and carbon monoxide detection, ice and rain control, speed and configuration, anti-skid brakes, as well as position and warning. The student will also learn the operations and maintenance of aircraft fuel systems and components, including fluid quantity indicating systems, fluid pressure and temperature warning systems, fuel dump systems, transfer and defueling, and pressure fueling systems.

**AVIA/AVMT 202 Aircraft Electrical Systems**
- **3 hours**
- **Co-requisites:** AVMT 200, 204, 206, 208, 210
This course is designed to provide the student with an advanced study of AC and DC electrical systems, electrical power generation and control; to include alternators, generators, motors, relays, switches, wiring installations, load analyses, and aircraft batteries. The student will gain principle knowledge and skills to inspect, check, service, and troubleshoot airframe electrical components.

AVMN/AVMT 204 Airframe Structures I 3 hours Co-requisites: AVMT 200, 202, 206, 208, 210

This course will instruct the student in the basic construction and properties of materials typically used in aircraft applications, with emphasis on aluminum sheet metal applications and their manufacture, repair, and inspection. Student projects will focus on sheet metal lay-out, cutting, forming, bending and riveting, using solid and blind rivets, as well as identifying and using specialty fasteners.

In this course the student will learn the design, application, fabrication, repair, finishing, and safety practices relating to composite, laminated, honeycomb, bonded, plastic, wood and fabric materials found in structural applications on aircraft, including windows, doors, and interior panels and furnishings. The student will also gain understanding and skills in various welding methods, procedures, and techniques as applied to aircraft manufacturing and repair. Oxygen/acetylene, shielded metal arc, gas metal arc welding, soldering and brazing processes will be studied.

AVMN/AVMT 208 Airframe Assembly and Inspection 3 hours Co-requisites: AVMT 200, 202, 204, 206, 210

This course will instruct the student in aircraft covering materials, construction, inspection, and repairs using natural and synthetic fabrics. The student will understand the identification, inspection, and application of finishing materials to both fabric and metal surfaces, including touch-up, trim, and lettering. The student will learn the fundamentals of airframe assembly, rigging, aerodynamics, and controls. This course will also introduce the student to conformity and airworthiness inspection requirements and procedures as they relate to the airframe, including knowledge and abilities needed to perform inspections and properly complete associated forms and paperwork.

AVMN/AVMT 210 Airframe Hydraulic, Pneumatic, and Landing Gear Systems 3 hours Co-requisites: AVMT 200, 202, 204, 206, 208

This course is designed to introduce the student to basic fluid mechanics as it applies to practical applications in airframe systems. Construction and operation of hydraulic and pneumatic systems and components will be discussed, as well as identification and selection of hydraulic fluids and their related components. The student will learn landing gear designs, construction, and operations; as well as the inspection, servicing, and repair or replacement of various types of fixed and retractable landing gear systems, shock struts, brakes, wheels, tires, and steering systems.

AVMN/AVMT 212 Reciprocating Engines 3 hours Co-requisites: AVMT 214, 216, 218, 220

This course will instruct the student in the principles of operation, construction, and design of reciprocating aircraft engines and components. The student will gain procedural knowledge and technical skills in reciprocating engine removal, disassembly, inspection, servicing, overhaul, reassembly, installation, and troubleshooting.

AVMN/AVMT 214 Engine Electrical Systems 3 hours Co-requisites: AVMT 212, 216, 218, 220

This course will present the principles of operation and servicing procedures of electrical systems and electrical components found on reciprocating and turbine engine powered aircraft. Students will study and understand the operation, inspection, and servicing of ignition and starting systems, generation and control systems, auxiliary power units, and wiring installations.

AVMN/AVMT 216 Engine Auxiliary Systems I 3 hours Co-requisites: AVMT 212, 214, 218, 220

In this course the student will learn the construction, operation, inspection, troubleshooting, servicing, repair and overhaul of reciprocating engine carburetion, injection, and fuel metering systems, as well as turbine engine fuel control systems. The student will also study fuel warning, pressure and rate of flow instruments, as well as reciprocating and turbine engine lubricants and lubrication systems.

AVMN/AVMT 218 Engine Auxiliary Systems II 3 hours Co-requisites: AVMT 212, 214, 216, 220

In this course, the student will study engine instrument systems, fire detection and extinguishing systems, induction systems, cooling systems, exhaust and thrust-reverser systems, with a focus on theory of operation, servicing, inspection, repair, and troubleshooting. The student will also learn the theory of operation and basic construction of fixed-pitch, constant-speed, and feathering propellers. The student will also be introduced to propeller synchronization systems, ice-control systems, and propeller governing systems. The student will gain knowledge & skills to inspect, check, service, remove, repair, and install propellers.

AVMN/AVMT 220 Turbine Engines 3 hours Co-requisites: AVMT 212, 214, 216, 218.

This course provides the student with an understanding of gas turbine engine cycles, high speed gas flow, and the design and construction of turbojet, turboprop, and turbofan engines. The student will receive an introduction to unducted fans and turbine-driven auxiliary power units. The student will learn the fundamentals of turbine engine operation, removal and replacement, maintenance, servicing, troubleshooting, and inspection.

BIOCHEMISTRY

BCHM 450 Medical Biochemistry 3 hours Prerequisite or Co-requisite: BIOL 415 or CHEM 302

This lecture course covers aspects of biochemistry relevant to the practice of medicine. The human body is surveyed as an integrated chemical system with emphasis on the molecular basis of disease and the clinical application of therapies to restore body function. The link between biochemistry and human anatomy and physiology is examined with special emphasis on the gastrointestinal tract and catabolism, the immune response and biochemical endocrinology, blood and hemostasis, lipid metabolism and liver function, and glucose metabolism and muscle contractions.

BCHM 451 Biochemistry I 4 hours (3 hours lecture; 3 hours lab) Prerequisite: CHEM 301; BIOL 301 and 415; and MATH 126 or 132

Advanced topics in biochemistry. Emphasis is placed on: 1) physical biochemistry including thermodynamics, kinetics, solutions and equilibria; 2) protein structure/function and enzyme kinetics, mechanisms and regulation; and 3) intermediary metabolism and its regulation.

BCHM 452 Biochemistry II 4 hours (3 hours lecture; 3 hours lab) Prerequisite: BCHM 451

Continuation of BCHM 451 (Biochemistry I). Emphasis is placed on: 1) membrane physiology, including lipid biosynthesis, membrane transport, excitable membranes, electron transport and oxidative phosphorylation, and photosynthesis; and 2) the flow of biological information, including nucleotide biosynthesis, DNA replication and repair, transcription, and translation.

BCHM 495 Directed Research 1 to 3 hours

BCHM 497 Special Topics in Biochemistry 1 to 3 hours
BIBLICAL STUDIES

NOTE: BIBL 105 and 110 or 205 and 210 are prerequisites for all upper-level BIBL courses.

BIBL 105  Old Testament Survey  1 or 3 hours
An introduction to the authorship and content of the Old Testament books. Special attention will be given to important persons, places and events, as well as to key chapters in the Old Testament revelation.

BIBL 110  New Testament Survey  1 or 3 hours
An introduction to the authorship and content of the New Testament books. Special attention will be given to important persons, places, events, as well as to key chapters in the New Testament revelation.

BIBL 205  Old Testament Life and Literature  3 hours
A comprehensive study of the Old Testament: its historical setting and framework; its literary types; the theme, development and composition of its books; and the developing theological perspective of the Old Testament revelation.

BIBL 210  New Testament Life and Literature  3 hours
A comprehensive study of the New Testament: its historical setting and framework; its literary types; the theme, development, and composition of its books; and the distinctive theological contributions of the various portions and authors of the New Testament revelation.

BIBL 311  Joshua thru Judges  3 hours
A study of Israel’s history during the time of conquest and settlement of Palestine. Cultural background factors, geographical information and homiletical possibilities in these books will be explored carefully.

BIBL 314  Old Testament Poetical Books  3 hours

BIBL 316  Isaiah  3 hours
An analytical and exegetical study of the content of the book of Isaiah, with critical examination of its theological content and issues of interpretation. (Formerly BIBL 416).

BIBL 317  Minor Prophets  3 hours
An expository study of the twelve minor prophets of the Old Testament. Each book will be covered from the historical and theological perspective in addition to devotional value.

BIBL 323  John  3 hours
An analytical and exegetical study of the Gospel of John with special emphasis on John’s Christology that Jesus is the Messiah, the Son of God.

BIBL 324  Pastoral Epistles and Leadership Development  3 hours
An expository study of I and II Timothy and Titus with emphasis on themes pertaining to the local church. Attention will be given to current issues which relate to selected controversial passages.

BIBL 330  Life of Christ  3 hours
The life of Jesus Christ on earth as seen in the Gospels will be studied thematically and chronologically in the light of its historical background, geographical setting, political situation, and religious conditions. Special emphasis will be given to His mission and message. Attention will also be given to current issues relating to the historical Jesus debate.

BIBL 350  Inductive Bible Study  3 hours
An introduction to the basic steps and tools involved in the inductive study of the Bible. The student will develop the skills to practice a methodical approach to the observation, interpretation, application, and correlation to Scripture.

BIBL 364  Acts  3 hours
Prerequisites: BIBL 105 and 110 or 205 and 210

A study of the growth and development of the first century Church as recorded by the accurate historian, Luke. Special attention will be given to the activity of the Holy Spirit in the ministries of Peter and Paul. (Formerly BIBL 424)

BIBL 370  Logos Bible Software  3 hours
Prerequisites: BIBL 105 or 205 and BIBL 110 or 210
A study of the Logos Bible Software program, focusing on how the program works, and how to retrieve information and use it in Bible study. Special attention will be given to the ability to navigate, customize, and search the software, and to prepare layouts, handouts, and Bible study materials.

BIBL 410  Genesis  3 hours
An intensive doctrinal and historical study of the text considering the related issues of chronology, creation, the fall, the flood and the Patriarchal culture setting. The lives of Abraham, Isaac, Jacob and Joseph are given special attention for their practical value.

BIBL 425  Romans  3 hours
An analytical and exegetical study of Romans, giving attention to the great doctrinal issues of condemnation, justification, sanctification, the place of Israel, and practical Christian living.

BIBL 430  The History of Ancient Israel  3 hours
This course will provide a detailed survey of the history and geography of Israel from the time of the Patriarchs through Exodus, Conquest, Judges, Kings, the Babylonian Captivity, the Return and the Inter Testamental period. The study will also include a survey of the history, archaeology and culture of Israel’s ancient geographical neighbors including the Canaanites, Philistines, Ammonites, Moabites, Edomites, Assyrians, Babylonians and Persians.

BIBL 431  Israelology  3 hours
A systematic study of Israel and the Jewish People as a central and defining feature of biblical theology. Consideration will be given to the importance and central role of Israel’s biblical covenant, Israel’s relationship with the church, and Israel’s future in the divine program.

BIBL 432  Messianic Prophecy  3 hours
A systematic study of the Hebrew prophecies of the Messiah and their fulfillment by Jesus of Nazareth primarily at His first coming but also as some relate to His second coming. Interaction with Jewish objections relating to Jesus’ claim to be their Messiah will be examined along with those brought forth by Gentiles. Key Old Testament passages will be examined along with their New Testament fulfillment.

BIBL 433/  The Jewish Temple in  3 hours
GOVT 433  History and Prophecy
This course is an introduction to the historical, archaeological, and theological significance of the Jewish Temple and its various forms in the Bible.

BIBL 434  General Studies in Israel Seminar  3 hours
An onsite study of the history, archaeology, geography, religion and culture of ancient and modern Israel, through an extensive tour throughout the country. Including discussions of political history and theories on site and with people who experienced this history.

BIBL 450  Daniel – Revelation  3 hours
An expository treatment of the two major apocalyptic books of the Bible. The verse-by-verse study will be supplemented with historical, doctrinal and eschatological materials emphasizing the relationship of these two prophetic books.

BIBL 460  New Testament Theology  3 hours
This course will introduce the student to the major themes developed in the New Testament, including the centrality of God,
Christology, Jesus’ saving work, the Holy Spirit, sin, faith, law, the church, and eschatology. The goal is to understand the basic theological message of the New Testament in both its diversity of expression and conceptual unity. Attention is given to equipping the student to trace themes in Biblical Theology.

**BIBL 461 Old Testament Theology** 3 hours

This course is an examination of the major theological themes of the Old Testament explaining how they function in light of the major OT covenants and the time line of the history of the Old Testament. These themes will reveal an organic and typological connection with their NT counterparts.

**BIBL 471 Biblical Archaeology** 3 hours

A focus on archaeological terminology, methodology, and interpretation as they relate to biblical studies. (This course fulfills a Bible Background requirement.)

**BIBL 472 New Testament Backgrounds** 3 hours

An examination of the historical, literary and socioeconomic milieu of the New Testament. (Formerly BIBL 372)

**BIBL 473 Old Testament Backgrounds** 3 hours

An examination of the historical, literary and socioeconomic milieu of the Old Testament. (Formerly BIBL 373)

**BIBL 480 Hermeneutics** 3 hours

Prerequisite: BIBL 350

An introduction to the principles, issues, and techniques of biblical interpretation. A special emphasis will be given to genre specific study and associated subgenre within the Old and New Testaments. The course builds on the foundation of BIBL 350. (Formerly BIBL 380)

**BIBL 495 Directed Research** 1 to 3 hours

**BIBL 497 Special Topics in Bible** 1 to 3 hours

**BIBL 499 Bible Internship** 3 hours

Prerequisites: Junior or Senior status (Students may see professor for prerequisite override); 3.00 GPA; BIOL 350 and THEO 350 (21 total hours in major); BTST major.

This internship will focus on both the programming and leadership aspects of ministry. It will be a supervised field experience at an approved site. Application procedures processed through the online application.

### BIOLOGY

**BIO 101 Principles of Biology** 3 hours

An examination of the fundamental characteristics common among living things. Emphasis is placed upon studies of the cell, energy, metabolism, reproduction, heredity, ecology, phylogeny and the diversity of life.

**BIO 102 Principles of Human Biology** 3 hours

An examination of structure, function, development and homeostatic interaction in higher organisms with special emphasis on human body systems.

**BIO 103 Principles of Biology Laboratory** 1 hour

Prerequisite: Concurrent or previous enrollment in BIO 101

Laboratory exercises selected to demonstrate basic biological concepts. Emphasis is on plant and animal cell chemistry, composition and function, organismal structure and function, biological diversity and population ecology.

**BIO 104 Principles of Human Biology Laboratory** 1 hour

(Meets 2 hours)

Prerequisite: Concurrent or previous enrollment in BIO 102

Laboratory exercises selected to demonstrate basic biological concepts. Emphasis is placed on structure and function in higher organisms, development, behavior, parasitism, and the history of life.

**BIO 203 Introductory Microbiology** 4 hours

(3 hours lecture; 2 hours lab)

Prerequisite: BIOL 215/216 or HLTH 222

**BIO 213 Human Anatomy and Physiology I** 3 hours

Prerequisite: Math SAT (S02) minimum score of 450, or ACT (S02) minimum score of 18, or Liberty Math Assessment (ASMA) minimum score of 23; or PLMA minimum score of 70; or completion of BIOL 102 and 104 (with “C” or better); to be taken concurrently with BIOL 214

A study of the structure and function of the human body with emphasis on cells, tissues, skin, nerves and special senses, muscle bones, and coordination and control of body movements. Concepts in physiology, including the maintenance of homeostasis, will be discussed. May not be used for general education credit except in conjunction with BIOL 215. (Formerly BIOL 211 lecture)

**BIO 214 Human Anatomy and Physiology I Lab** 1 hour

Prerequisite: BIOL 213 or concurrently; or BIOL 313 or concurrently

(Meets 2 hours)

Laboratory exercises selected to demonstrate principles of human anatomy and physiology. Emphasis is placed on foundational concepts such as homeostasis, anatomical terminology, the chemistry of living things and the structure and function of cells and tissues. The integumentary, skeletal, muscular and nervous body systems are examined via hands-on exercises and dissection of preserved specimens. (Formerly BIOL 211 Lab)

**BIO 215 Human Anatomy and Physiology II** 3 hours

Prerequisite: Successful completion of BIOL 213; to be taken concurrently with BIOL 216

A continuation of BIOL 213. A study of the structure and function of the human body with emphasis on the endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary and reproductive systems. Concepts in physiology, including the maintenance of homeostasis, will be discussed. May not be used for general education credit except in conjunction with BIOL 213. (Formerly BIOL 212 Lecture)

**BIO 216 Human Anatomy and Physiology II Lab** 1 hour

Prerequisite: Successful completion of BIOL 214; BIOL 215 is required as a Co-requisite or prerequisite

(Meets 2 hours)

Laboratory exercises selected to demonstrate principles of human anatomy and physiology. Emphasis is placed on the structure and function (including hands-on clinical analyses) of the cardiovascular, endocrine, lymphatic, respiratory, digestive, urinary and reproductive systems. Exercises include hand-on clinical analyses and dissection of preserved specimens. (Formerly BIOL 212 Lab)

**BIO 224 General Biology I** 4 hours

(3 hours lecture; 3 hours lab)

Prerequisite: Math SAT Score of 500, or ACT Composite Score of 20, or grade of “B” or better in BIO 101.

An introduction to the fundamental principles of Biology. Emphasis is placed upon scientific methodology; molecular, cellular and energetic bases of life; major metabolic processes; cellular and organismic reproduction; Mendelian and population genetics; speciation; phylogenetic reconstruction; ecological interactions; and a brief survey of organisms. Restricted to Biology and pre-professional students. (Formerly BIOL 200)

**BIO 225 General Biology II** 4 hours

(3 hours lecture; 3 hours lab)

Prerequisite: BIOL 200 “C” or better; or BIOL 224 “C” or better
Survey of the major phyla of the Kingdoms Animalia, and Protista including classification, development, morphology, anatomy, and physiology. Emphasis is placed on mammalian systems including support and movement, circulation and respiration, hormonal and nervous control, homeostasis, digestion, immunity and reproduction. (Formerly BIOL 208)

BIOL 299 Internship 0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
A directed practical work experience under the supervision of the Chair of Biology, in the student’s area of career interest. Application processed through the Career Center. Must apply semester prior to internship.

BIOL 301 Genetics 4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 208 “C” or better; or BIOL 225 “C” or better; or BIOL 215/216 “C” or better and BIOL 200 “C” or better; CHEM 122; CHEM 301 recommended
A study of the principles of heredity with emphasis on inheritance in individuals and populations, chromosomal rearrangements, the chemistry of the gene in DNA structure and replication, transcription, translation, the control of gene expression, mutations and their repair, genetic engineering and epigenetic.

BIOL 303 Microbiology 4 hours
(3 hours lecture; 4 hours lab)
Prerequisites: BIOL 208 “C” or better; or BIOL 225 “C” or better; or BIOL 215/216 “C” or better and BIOL 200 “C” or better; CHEM 122; “C” or better
An introduction to micro-organisms with emphasis on principles and techniques of culture and identification, life processes, and diversity of micro-organisms.

BIOL 305 Parasitology 4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 208 “C” or better; or BIOL 225 “C” or better; or BIOL 215/216 “C” or better and BIOL 200 “C” or better; CHEM 122 “C” or better
A study of major protozoan, helminth, and insect parasites, dealing with their form, function, life cycle, pathology, epidemiology, classification, geographical distribution, treatment and control.

BIOL 307 Plant Physiology 4 hours
(3 hours lecture, 3 hours lab)
Prerequisites: BIOL 200, 207, 208 and CHEM 301
A study of the biochemical and biophysical processes of plants. Emphasis is given to plant-soil water and mineral relations, nutrient cycling, photosynthesis and carbon metabolism, and plant growth and development.

BIOL 310 Ecology 4 hours
(Offered fall semester) (3 hours lecture; 4 hours lab)
Prerequisites: BIOL 208 “C” or better; or BIOL 225 “C” or better; MATH 201 or 211; junior or senior status; PSYC 355 recommended
An examination of the interrelationships between organisms and biotic and abiotic factors in their environment. The emphasis of the lab is the collection and statistical analysis of quantitative ecological data.

BIOL 313 Clinical Human Anatomy 3 hours
Prerequisites: BIOL 224 and 225 with minimum grade of “C”
This lecture course examines the structures of the human body using both systemic and regional approaches with emphasis on clinical applications and common pathologies. Special attention is placed on gross anatomy that is important in general practice, emergency medicine and surgery while demonstrating anatomy’s relationship to physical examination and diagnosis. An overview of the body systems is followed by a special focus on the thoracic, abdominal, pelvic and lower limb regions.

BIOL 317 Botany 4 hours
(3 hours lecture; 3 hours lab)
Prerequisite: Grade of “C” or better in BIOL 224
A survey of the Fungi, Protista, and Plantae kingdoms with an emphasis on the morphology, physiology, anatomy, taxonomy, ecology, reproduction, and phylogeny of plants. The lab includes collection and analysis of experimental data on plants both in the lab and field. (Formerly BIOL 207)

BIOL 320 Introduction to Entomology 4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 208 “C” or better; or BIOL 225 “C” or better; or BIOL 215/216 “C” or better
An introduction to the study of insects including structure, physiology, life histories, ecology and taxonomy with a special emphasis on those insects of medical and economic importance.

BIOL 321 Comparative Anatomy of the Vertebrates 4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 208 “C” or better; or BIOL 225 “C” or better; or BIOL 215/216 “C” or better
A comparative study of the structure and relationships of vertebrate animals.

BIOL 330 Histology 4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 208 or BIOL 225 or BIOL 215/216
A study of the micro-structure and function of the human body with emphasis on biochemistry, cell physiology, and organismal pathology.

BIOL 361 Forensic DNA Analysis 3 hours
Prerequisite: CJUS 200, BIOL 225 or CHEM 122
An introductory course designed to provide the student with an understanding of the general principles and methodologies used in forensic DNA profiling (or typing). Topics covered include the historical development of DNA profiling methods, alternative procedures employed in forensic laboratories, current DNA typing techniques, and the ongoing development of new forensic DNA typing methods. Students will learn to present forensic DNA evidence in a mock trial. The mock trial, complete with a judge, a counsel for the prosecution and for the defense, and a jury, challenges the students both scientifically and legally in a simulated courtroom setting.

BIOL 371 Vertebrate Paleontology 3 hours
(3 hours lecture)
Prerequisite: BIOL 208 “C” or better; or BIOL 225 “C” or better; or BIOL 215/216 “C” or better
A study of vertebrate paleontology, including its methodology and a survey of major vertebrate fossil groups. Intended for upper-level Biology majors.

BIOL 385 Advanced Human Physiology 3 hours
Prerequisite: BIOL 208 or 225 with a “C” or better
Human physiology is the study of the functions of the body and how it maintains homeostasis. This lecture course examines those functions from a cellular and molecular basis using a systemic approach. Special attention is placed on medically vital systems including the nervous, cardiovascular, respiratory, digestive and endocrine systems. The course will be of use and interest to students intending to go to medical school or other health-related fields.

BIOL 400 Biology Seminar 1 hour
Prerequisites: BIOL 310 or 415 and COMS 101
The preparation and presentation of a paper, discussion of presentations, and/or the discussion of articles in the scientific literature. This course can be repeated and up to 4 hours can be applied toward the major. Restricted to Biology majors and minors.

BIOL 402 Forensic Science Seminar 1 hour
Prerequisite: COMS 101; BIOL 361 or CJUS 340
Students will be exposed to topical areas in Forensic Science by presentations conducted by expert guest speakers and/or by readings and discussions of the most recent forensic techniques and applications. Seminars will help prepare students to be leaders in the field of forensic science as law enforcement professionals, crime scene investigators, or forensic laboratory specialists. An oral presentation on a research topic by each student required.

BIOL 403 Embryology 4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 415
Fundamentals of early development and experimental analysis of development systems and a descriptive and comparative study of organogenesis with emphasis on vertebrates.

BIOL 408 Animal Behavior 4 hours
(3 hour lecture; 3 hour lab)
Prerequisites: BIOL 208 “C” or better, or BIOL 225 “C” or better
An introduction to the mechanisms and functional significance of animal behavior. Topics include: the role of genes, development, the nervous system, and the endocrine system in the expression of behavior; learning communication, orientation and navigation, and habitat selection; feeding, reproductive, and parenting strategies; mating systems and social behavior. Labs will employ both observational and experimental methods in the lab and in the field.

BIOL 410 Environmental Biology 4 hours
(3 hour lecture; 3 hour lab)
Prerequisites: BIOL 301 and CHEM 301 or CHEM 301 concurrently
A study of the organization and function of living matter at the cellular level. Special emphasis will be given to the integration of molecular and cellular interactions for the maintenance of life.

BIOL 415 Cell Biology 4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 301 and CHEM 301 or CHEM 301 concurrently
A study of the organization and function of living matter at the cellular level. Special emphasis will be given to the integration of molecular and cellular interactions for the maintenance of life.

BIOL 416 Comparative Animal Physiology 4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 301 and CHEM 301
A comparative study of the differences and similarities in the functional processes of animals belonging to various animal groups in a variety of environmental settings.

BIOL 418 Vertebrate Natural History 4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 208 “C” or better, or BIOL 225 “C” or better
A study of the life history of the vertebrates with special emphasis on their taxonomy, life cycles, and ecological relationships. Vertebrates native to central Virginia will receive special attention.

BIOL 419 Ornithology 4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 208 “C” or better, or BIOL 225 “C” or better
An introduction to the study of birds including anatomy, physiology, life cycle, behavior, population biology, ecology, and taxonomy. The emphasis of lab will be on field techniques of identification and study of species native to Virginia.

BIOL 420 Immunology 4 hours
(3 hours lecture; 3 hours lab)
Prerequisites: BIOL 301 and 303
A comprehensive view of the basic principles of the immune system of living organisms, with particular emphasis on humans. It examines the cells and tissues of the immune system, describes the structure and function of immunoglobulins, and examines their interactions with antigens.

BIOL 421 Forensic Entomology 3 hours
Prerequisite: BIOL 225, CJUS 330 or CJUS 340
An introductory course designed to explore the use of insects and other arthropods in the field of forensic science as it pertains to the investigations of human and animal deaths and abuse, food and other product contamination, thefts, the illegal drug trade, and unethical entomological practices. The use and presentation of this information from such investigations in court room proceedings will be discussed.

BIOL 455 Molecular Techniques 3 hours
(1 hour lecture; 5 hours lab)
Prerequisites: BIOL 415
This course covers the basic molecular biological techniques involved in the study of DNA, RNA, and proteins. Specific techniques include: PCR; DNA cloning; library screening; proteomics and the use of gene sequence databases; and molecular modeling. (Formerly BCHM 455)

BIOL 462 Forensic DNA Analysis Laboratory 1 hour
Prerequisite: BIOL 301, CHEM 321, CJUS 330, CJUS 340 or BIOL 361 (Recommended).
This integrated laboratory course will introduce the student to techniques currently used in forensic DNA FNA profiling crime laboratories. Laboratory activities include extraction and quantification of DNA from biological sources and the use of PCR-based techniques to generate DNA profiles. Additional activities will include solution preparation, sample processing, handling and preservation, recordkeeping (e.g., chain of custody), data interpretation and report generation. Other topics include the historical development of DNA typing methods, alternative procedures employed in laboratories, and the ongoing development of new DNA typing methods. Legal issues associated with quality control, frequency or probability estimates, and admissibility will also be presented.

BIOL 495 Special Problems in Biology 1 to 4 hours
Prerequisites: Sixteen (16) hours of biology and consent of instructor and Department Chairman.
The preparation of a paper based on library, laboratory, and/or field research of a problem selected after consultation with the biology faculty. Limited to students planning to pursue graduate studies in biology. Only four (4) hours may count toward the biology major.

BUSI 101 Introduction to Business 3 hours
The student will study all of the major aspects of operating a modern business. Emphasis is given to business practice for both small business and large corporate enterprises.

BUSI 200/ BMIS 200 Enterprise Business Applications and Communications 3 hours
Prerequisite: MATH 110
This course examines the design, selection, implementation and management of enterprise Business solutions. The focus is on identifying critical business processes and envisioning how technology can be developed to provide solutions which generate competitive advantage. Students learn how applying frameworks and...
strategies around the Business Process and Organization Strategy provide a competitive advantage. Topics include MIS and IT fundamentals, Information Systems Management and Using Enterprise Business Applications for competitive advantage. The course also includes a component for Technical Writing for Information Systems. (Formerly ISYS and CMIS 110)

**BUSI 201 Intermediate Business Computer Applications** 3 hours

Prerequisite: INFT 110 or equivalent

This laboratory experience offers the student a hands-on introduction to an electronic spreadsheet, a database program, and a presentation program. Upon this foundation, intermediate database and intermediate and advanced spreadsheet skills are taught. Throughout the course, there is an emphasis on the integration of the applications as they are applied to personal and organizational tasks. This course provides the IT foundations that are applicable for all curriculums. (Formerly ISYS/CMIS 201)

**BUSI 223 Personal Finance** 3 hours

Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.

Elective course covering various basic areas common to most businesses and organizations. May be repeated when topics differ. Open to all students; pass/fail graded.

**BUSI 297 Seminar** 1 to 3 hours

Elective course covering various basic areas common to most businesses and organizations. May be repeated when topics differ. Open to all students; pass/fail graded.

**BUSI 301 Business Law** 3 hours

Prerequisites: Sophomore status

Designed to increase the understanding of the American legal system and those legal principles which apply to the business environment. Business organizations, torts, contracts, employment relationships and issues, intellectual property, and international law are among the topics discussed.

**BUSI 303 International Business** 3 hours

An introduction to the field of international business. Topics to be covered include: country differences in political economy and culture; cross-border trade and investment; the global monetary system; global strategy; global market; and product development; global operations management; and global human resources management.

**BUSI 310 Principles of Management** 3 hours

Management requires a balance between social (people) and technical (quantitative) perspectives, as well as between efficiency and effectiveness. This course emphasizes the application of these perspectives in each of the planning, organizing, leading and controlling functions.

**BUSI 313 Foundations of Project Management** 3 hours

This course introduces the student to the field of modern project management and the fundamental processes of initiating, planning, executing, monitoring, controlling and closing projects. Students will learn the inputs and outputs and the tools and techniques of: defining the project, estimating project times and costs, developing project plans, managing risk, scheduling resources and their costs, reducing project duration, progress and performance measurement and evaluation and project closure. (Formerly BUSI 413)

**BUSI 320 Corporate Finance** 3 hours

Prerequisites: ACCT 212; Junior status

A study of the financial forms of business organization, with special attention to the corporation and its advantages and disadvantages; capital stocks and bonds; budgeting; dividend policy; failure and reorganization; financial accounting; and cash flows.

**BUSI 321 Money and the Financial System** 3 hours

Prerequisite: ECON 214

This course covers the structure and operation of the U.S. and international financial systems, functions of the Federal Reserve, monetary theory, and the impact of monetary policy on financial markets and the economy.

**BUSI 322 Managerial Accounting** 3 hours

Prerequisite: ACCT 212

Emphasis is upon utilization of cost data in planning and controlling activities. Internal and external data are woven into the planning models. Specific areas are: process job order, standing, functional relationships, and budgeting. Emphasis is placed upon the present value model for capital budgeting and decision making.

**BUSI 330 Principles of Marketing** 3 hours

Prerequisite: Sophomore status

The study of the system of activities that constitute marketing with emphasis on the principles, policies and strategies utilized to identify and satisfy the needs and wants of consumers. The universal application of marketing in all forms of organizations is stressed.

**BUSI 331 Marketing Research** 3 hours

Prerequisites: BUSI 330 and MATH 201 or BUSI 230

This course will provide students with an overview of qualitative and quantitative marketing research methods. Students will identify and apply appropriate research methods to support evidence-based decision-making.

**BUSI 332 Consumer Behavior** 3 hours

Prerequisite: BUSI 330

Students in this course demonstrate their knowledge of customer acquisition, consumption, and disposal of products and services. Students analyze buyer behavior of individual consumers, businesses, and governments and evaluate the influence that demographics, popular culture, and subcultures have on consumer behavior.

**BUSI 340 Organizational Behavior** 3 hours

This introductory course in organizational behavior integrates the management and behavioral principles, techniques, and concepts associated with the productivity of organizational resources. It focuses on human behavior in organizations and is primarily concerned with improving organizational efficiency and effectiveness through increased understanding of the behavior of people at work.

**BUSI 342 Human Resources Management** 3 hours

Introduces the student to the human resources/personnel functions. Topics covered include: recruitment, assessment, compensation, motivation, appraisal, development, legal environment, labor relations, employee relations, etc. Emphasis on how managers can deal with and utilize the human resources function.

**BUSI 343 Employee and Labor Relations** 3 hours

Prerequisite: BUSI 342

A comprehensive study of collective bargaining; the negotiation process and the scope of labor contracts to include the day-to-day administration of contracts; the major substantive issues in bargaining to include their implication for public policy; and the problem of dealing with labor conflict.

<td></td>
</tr>
</tbody>
</table>
This course presents each component of the sales cycle in a business-to-business selling environment. Students will master models for initiating sales contacts; identifying and defining prospects’ needs; and presenting and gaining commitment for a proposed solution.

**BUSI 433 Business Management** 3 hours
Prerequisites: BUSI 331 and senior status
Advanced study of the role and responsibilities of marketing executives. Emphasis will include: analysis of marketing opportunities and problems; planning of objectives and strategies; development of organizational structure, policies, implementation, and control; and evaluation of marketing programs.

**BUSI 435 Small Business Entrepreneurship** 3 hours
Prerequisites: Junior/Senior Status
A practical study in the dynamics of establishing, funding, and managing a small new enterprise, or acquiring an existing business using case studies, practical exercises, and class instruction.

**BUSI 436 Digital Marketing in a Virtual World** 3 hours
Prerequisite: BUSI 330
Students explore the principles required to successfully practice marketing in the virtual world of social media and electronic commerce between and among businesses and consumers.

**BUSI 439 Conversion and Optimization** 3 hours
Prerequisites: BUSI 436
This course covers the principles, functions, and techniques of web analytics, site optimization, and conversion strategies related to digital marketing. The information covered in this course will provide students with knowledge of how to successfully reach and influence potential consumers and convert them into customers. The course also covers the financial impact of conversion strategies on the firm.

**BUSI 440 Compensation Management** 3 hours
Prerequisite: BUSI 342
This course develops the philosophy and fundamental guiding principles for wages and salaries in business institutions. This comprehensive study of compensation management also includes job analysis, administrative job evaluation, basis compensation plans, executive compensation and administrative controls.

**BUSI 442 Customer Retention Through Digital Marketing** 3 hours
Prerequisites: BUSI 439
The content of this course focuses on digital marketing strategies and techniques necessary for satisfying and retaining customers. In this course, students are presented with information and methods for driving and assessing overall lifetime customer value and resulting financial performance. The course content also encourages students to explore industry trends and their future impact on digital marketing.

**BUSI 443 Workforce Planning and Employment** 3 hours
Prerequisite: BUSI 342
This course will focus on recruitment, assessment, selection, placement and appraisal issues and methods necessary to align the organizational workforce with the strategic goals of the organization. The laws and guidelines related to the DOL, INS, EEOC, and other legal enforcement agencies as related to the staffing process will be reviewed.

**BUSI 444 Human Resource Development** 3 hours
Prerequisite: BUSI 342
This course focuses on the design, implementation, and management of employee orientation, career development, and training programs. Human resource development issues examined include strategic training, needs assessment, theories, program design, evaluation, and training methods as well as career management.

**BUSI 446 Retailing and Category Management** 3 hours
Prerequisites: BUSI 330
From an economic perspective, retailing and category management represent anywhere from 25-30% of GDP annually; this course integrates retailing and category management into one course. The category management aspects of the course are derived from retail and supply chain perspectives.

**BUSI 452 Survey Design** 3 hours
Prerequisites: BUSI 331
This course covers important elements for effective survey and questionnaire design. Students will learn how to plan, structure, and write survey material for meaningful market research giving consideration to ethical and social issues. The course will include topics in research techniques and best practices as well as how to use, act on and follow up research.

**BUSI 453 Compensation Analysis** 3 hours
Prerequisites: BUSI 452
Building on knowledge acquired in marketing research, students will assess environmental market conditions. The course will explore principles used in construction, application, and analysis of market research necessary to exercise good judgment and develop action plans for key decision makers. Students will explore, analyze, and offer recommendations regarding market and consumer research through applied projects.

**BUSI 464 International Market Integration and Trade Agreements** 3 hours
Prerequisite: BUSI 303
This course examines market and economic integration among countries, including the European Union, the North American Free Trade Agreement, Asia-Pacific Economic Cooperation, Association of Southeast Asian Nations and others. Major emerging market economies will also be surveyed, along with the challenges and opportunities these present to the international business firm.

**BUSI 465 Export Management Strategy** 3 hours
Prerequisite: BUSI 303
An overview of international trade theories, policies, instruments and documents that affect the success of U.S. exports. Students are introduced to various resources, private organizations, and government agencies designed to facilitate American export businesses. The tools and methods for establishing a small export business model are examined.

**BUSI 472 Organizational Ethics** 3 hours
An analysis of the foundation of ethical behavior in business, including an introduction to social graces and the importance of professional image. Emphasis is placed on a comparison between Judeo-Christian and secular ethical paradigms.

**BUSI 489 Capstone in Financial Planning** 3 hours
Prerequisites: BUSI 320, 352, 354, 420, 421, and ACCT 401
This course will allow the student to create a written financial plan using the knowledge acquired from previous course work in the financial planning classes. The student will use a software package to incorporate all the elements of a successful financial plan for a case study client.

**BUSI 490 Capstone: Human Resource and Marketing** 3 hours
Prerequisite: BUSI 320, Senior status; should be taken in the last semester of coursework
BUSI 491  **Capstone: Accounting, Economics and Finance**  3 hours
Prerequisite: BUSI 320; Senior status; should be taken in the last semester of coursework

This course serves as the capstone for all business administration majors. Students integrate the concepts, techniques, and knowledge of the common professional components (CPC) of business administration with the more advanced Human Resource Management and Marketing concentrations area of study. Course topics include a review of the CPC, strategic management theory/practices, and business analysis tools.

BUSI 492  **Capstone: International Business and Project Management**  3 hours
Prerequisite: BUSI 320; Senior status; should be taken in the last semester of coursework

This course serves as the capstone for all business administration majors. Students integrate the concepts, techniques, and knowledge of the common professional components (CPC) of business administration with the more advanced Economics and Finance concentrations area of study. Course topics include a review of the CPC, strategic management theory/practices, and business analysis tools.

BUSI 495  **Directed Research**  1 to 3 hours
Prerequisites: Written permission of the chairman of the department in area of concentration and consent of instructor

Designed to encourage students to broaden their understanding of contemporary business and to give them an opportunity to propose, conduct and report a major piece of individual research in his area of specialization.

BUSI 497  **Special Topics in Business**  1 to 3 hours
Topics will vary and are offered on demand. Course may be repeated for credit when topics differ.

BUSI 499  **Business Internship**  1 to 6 hours
Prerequisites: Junior or Senior status and required GPA

A selected directed practical work experience under the supervision of the Director of the Business Internship program and a business manager/professional in the student’s area of career interest. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

---

**BIBLICAL WORLDVIEW**

**BWVW 101  Biblical Worldview I**  1 hour
This course is designed to aid the student in the development of a biblical worldview. This will involve an introduction to critical thinking and other core competencies, an evaluation of contemporary moral philosophies, and an affirmation of absolute truth. Students will be challenged to integrate a biblical worldview into their major/program Christian/Community Service. (Formerly GNED 101)

**BWVW 102  Biblical Worldview II**  1 hour
Prerequisite: BWVW 101

This course is a study of contemporary moral issues encountered by students in their majors/programs and Christian/Community Service. Students will be challenged to evaluate these issues and understand their responsibilities to them in light of a biblical worldview. This class also offers students practice in all of Liberty’s general education competencies. (Formerly GNED 102)

**BWVW 301  Biblical Worldview Seminar**  3 hours
Prerequisites: BWVW 101, 102
This course is an in-depth analysis of some of the predominant contemporary issues facing culture and the church. This course will focus upon the application of the biblical worldview to these select issues. Students will consider and discuss potential culturally-engaging solutions to solve various social problems arising from these issues. This focus will also be carried out in a required experiential “service learning” community project. (Formerly GNED 301)

---

**Carpentry**

**CARP 101  Foundations in Carpentry**  4 hours
Co/Prerequisite: CRFT 101
Foundations in Carpentry is a practical course combining lecture and hands-on instruction. Topics include: Commercial Drawings; Roofing Applications; Thermal and Moisture Protection; Exterior Finishing; Cold-Formed Steel Framing; Drywall Installation; Drywall Finishing; Doors and Door Hardware; Suspended Ceilings; Window, Door, Floor and Ceiling Trim; Cabinet Installation; Cabinet Fabrication.

**CARP 201  Intermediate Carpentry**  4 hours
Prerequisite: CARP 101
Intermediate Carpentry is a practical course combining lecture and hands-on instruction. Topics include: Rigging Equipment; Rigging Practices; Properties of Concrete; Reinforcing Concrete; Handling and Placing Concrete; Trenching and Excavating; Foundations and Slab-on-Grade; Vertical Framework; Horizontal Framework; Tilt-Up Wall Panels.

**CARP 301  Advanced Carpentry**  4 hours
Prerequisite: CARP 201
Advanced Carpentry is a practical course combining lecture and hands-on instruction. Topics include: Site Layout One-Distance Measurement and Leveling; Site Layout Two-Angular Measurement; Advanced Roof Systems; Advanced Wall Systems; Advanced Stair Systems; Introduction to Light Equipment; Welding; Commercial Finish Work; Site Preparation; Introductory Skills for the Crew Leader.

---

**Conversational English**

**CESL 101  Conversational English I**  3 hours
An introductory course designed to develop practical conversational English skills. Intended for students whose first language is not English but who may have some previous basic English training and/or experience, at least in reading and writing.

**CESL 102  Conversational English II**  3 hours
Prerequisite: CESL 101
An intermediate course to further the objectives of CESL 101 by expanding students’ practical conversational skills. Intended for students whose first language is not English but who have previous English training and/or experience through CESL 101.

**CESL 103  Conversational English III**  3 hours
Prerequisite: CESL 102
An advanced course and a continuation of Conversational English 101 and 102, with an increased focus on grammar and vocabulary supporting practical and advanced conversational skills. Intended for
students whose first language is not English but who have previous English training and/or experience through CESL 101 and 102.

## CONVERSATIONAL GERMAN

**CGRM 101  Conversational German I**  
3 hours  
This is an introductory course designed to develop practical conversational German skills. Intended for students whose first language is not German and/or have no previous German training and/or experience.

**CGRM 102  Conversational German II**  
3 hours  
Prerequisite: CGRM 101  
This course will further the objectives of CGRM 101 by expanding students’ practical conversational skills. Intended for students whose first language is not German but who have previous German training and/or experience through CGRM 101.

**CGRM 103  Conversational German III**  
3 hours  
Prerequisite: CGRM 102  
This course will further the objectives of Conversational German 101 and 102, with an increased focus on grammar and vocabulary supporting practical conversational skills. Intended for students whose first language is not German but who have previous German training and/or experience through CGRM 102.

## CHEMISTRY

**CHEM 105  Elements of General Chemistry**  
4 hours  
(3 hours lecture; 2 hours lab)  
Prerequisite: An intermediate level algebra course  
A study of the basic areas of general chemistry at an introductory level for the non-science major, including atomic and molecular structure; bonding, stoichiometry; and acids, bases and salts.

**CHEM 107  Essentials of General and Organic Chemistry**  
4 hours  
(3 hours lecture; 2 hours lab)  
Prerequisite or Co-requisite: MATH 110 or MATH 201 with a minimum grade of “C”; or MATH SAT Score of 550, MATH ACT Score of 20  
A study of the basics of general and organic chemistry at an introductory level, including atomic and molecular structure; bonding, stoichiometry; and acids, bases and salts.

**CHEM 121  General Chemistry I**  
4 hours  
(3 hours lecture, 2 hours lab)  
Prerequisites or Co-requisite: MATH 121 or 126, or 131, or 132  
A study of the foundations of chemistry including: stoichiometry; atomic structure; chemical periodicity; covalent and ionic bonding; inorganic nomenclature; chemical reactions including aqueous precipitation, acid-base, and redox; basic thermodynamics in physical and chemical matter changes; electronic structure; molecular structure and polarity; gas laws.

**CHEM 122  General Chemistry II**  
4 hours  
(3 hours lecture; 2 hours lab)  
Prerequisite: CHEM 121  
A study of chemical topics including: behavior and properties of liquids, colligative properties of solutions; and properties of solids; kinetics; equilibrium; acids, bases, and other aqueous equilibria; entropy and free energy in chemical reactions; electrochemistry; nuclear chemistry; introductory organic and biochemistry.

**CHEM 301  Organic Chemistry I**  
4 hours  
(3 hours lecture; 3 hours lab)  
Prerequisites: CHEM 121 and 122  
A study of alkanes, alkenes, and alkynes, including nomenclature; optical activity; stereochemistry; substitution and elimination reactions; and ring systems.

**CHEM 302  Organic Chemistry II**  
4 hours  
(3 hours lecture; 3 hours lab)  
Prerequisite: CHEM 301  
A study of the nomenclature and reactions of alcohols, ethers, epoxides, ketones, aldehydes, esters and acids, aromatic systems; and numerous name reactions in synthesis.

**CHEM 321  Analytical Chemistry**  
4 hours  
(Offered spring semester)  
Prerequisite: CHEM 122  
An introduction to analytical chemistry. Evaluation of data, gravimetric and titrimetric analysis, and an introduction to instrumental methods. These include spectrophotometry, chromatography, and potentiometric methods. (Formerly CHEM 221)

**CHEM 322  Instrumental Analysis**  
4 hours  
(3 hours lecture, 3 hours lab)  
Prerequisite: CHEM 321  
Theory and practice of instrument-based chemical analyses.

The course emphasizes the principles of analytical instruments and their applications in chemical sciences. (Available Fall 2015)

**CHEM 400  Chemistry Seminar**  
1 hour  
Prerequisites: CHEM 302, COMS 101  
The preparation and presentation of a paper, discussion of presentations and/or the discussion of articles in the scientific literature. This course can be repeated, and up to four hours can be applied toward the major. Restricted to Chemistry majors and minors. (Available Fall 2015)

**CHEM 461  Physical Chemistry I**  
3 hours  
Prerequisites: CHEM 122, MATH 126 or 131  
This course is an in-depth study of the properties of real and ideal gases, thermodynamics, kinetics, changes of state, solutions, phase equilibria, chemical equilibria, and electrochemistry.

**CHEM 462  Physical Chemistry II**  
3 hours  
Prerequisite: CHEM 461  
This course is a study of the foundational principles or quantum mechanics in atoms and molecules, molecular structure, spectroscopy, and statistical mechanics.

**CHEM 465  Physical Chemistry I Lab**  
1 hour  
(3 hours lab)  
Prerequisite/Co-requisite: CHEM 461  
This course is an in-depth study of laboratory techniques and the written expression in lab reports that follow the style of papers in chemistry periodicals for the properties of real and ideal gases, thermodynamics, kinetics, changes of state, solutions, phase equilibria, chemical equilibria, and electrochemistry.

**CHEM 466  Physical Chemistry II Lab**  
1 hour  
(3 hours lab)  
Prerequisite/Co-requisite: CHEM 462  
This course is a study of the lab skills associated with the foundational principles of quantum mechanics in atoms and molecules, molecular structure, spectroscopy, and statistical mechanics.

**CHEM 471  Inorganic Chemistry**  
4 hours  
(3 hours lecture; 3 hours lab)  
Prerequisite: Junior standing, 12 hours completed in chemistry, and CHEM 461  
A study of inorganic chemistry, including symmetry, structure, and bonding, as well as a survey of the descriptive chemistry of the elements. (Available Fall 2015)

**CHEM 495  Supervised Research in Chemistry**  
1 to 4 hours  
Prerequisite: A minimum of 24 hours of chemistry  
Original research carried out under the direct supervision of faculty.

**CHEM 497  Special Topics in Chemistry**  
3-4 hours
CHHI 497  Special Topics in Church History  3 hours
A research-oriented project or an independently-completed course of study in a specially designed area as approved and supervised by the instructor. May be repeated for up to six credits or as approved by the department chair.

CHIN 495  Chinese Independent Research  3 hours
A research-oriented project or an independently-completed course of study in a specially designed area as approved and supervised by the instructor. May be repeated for up to six credits or as approved by the department chair.

CHIN 497  Special Topics in Chinese  3 hours
Prerequisite: CHIN 202
Topics will vary and are offered on demand. Course may be repeated for credit, when topics differ.

CHMN 201  Introduction to Church Ministries  3 hours
A practical study of Church Ministry with emphasis given to its biblical foundation, philosophy of ministry, and the various areas of ministry. The ministry is considered as a calling and a career.

CHMN 299  Internship  0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.

Supervised field experience for those preparing for church ministry. Application procedures processed through the Career Center. Must apply semester prior to internship.

CHMN 300  Church Ministry Practicum I  1 hour
Prerequisites: CHMN 201, 205
A faculty supervised practical ministry experience at an approved ministry site emphasizing leadership skills. This is a continuation of Practicum I at an approved ministry site. Students are placed in a leadership role to learn principles of team ministry and develop skills in preparation, planning, and presentation. This course is designed to be taken the first semester of a student’s sophomore year. (The course consists of forty (40) hours of observation that must be completed during the semester in which the student is registered for the course. Observation of the student’s observation will be required for this class.)

CHMN 305  Church Ministry Practicum III  1 hour
Prerequisites: CHMN 201, 205, 300
A faculty supervised practical ministry experience at an approved ministry site emphasizing leadership skills. This is a continuation of Practicum II at an approved ministry site. Students are placed in a leadership role to learn principles of team ministry and develop skills in preparation, planning, and presentation. This course is designed to be taken the first semester of a student’s junior year. (The course consists of forty (40) hours of observation that must be completed during the semester in which the student is registered for the course. Assessment of the student’s ministry experience will be required for this class.)

CHMN 360  Foundations in Ministry Programming  3 hours
Prerequisites: CHMN 201, 205, 300 (may be taken in conjunction with 300)
A study of the foundational components of church ministries programming which includes: developing a philosophy of ministry, ministry assessment, calendar planning, budgeting, leadership development, and safety issues.
CINE 101  **Cinematic Arts Appreciation I**  3 hours
The cinematic arts have a colorful history and a body of criticism and theory that has been developed regarding the production and viewing of films. Through the viewing and analysis of selected films the student will be introduced to the major theories and history of the art form.
CINE 201  **Introduction to Screenwriting**  3 hours
This is a methods course intended to provide instruction in the fundamentals of screenwriting. Basic three-act structure, writing techniques, character development, and screenwriting software will be covered. This class may be used as part of the required CORE curriculum needed for students to apply and enter into the residential Center for Cinematic Arts cohort their Junior year.
CINE 202  **Introduction to Motion Picture Directing**  3 hours
This is a methods course intended to provide instruction in the fundamentals of motion picture directing. Analyzing scripts, adjusting actor performance and director responsibility in the workplace will be discussed.
CINE 203  **Introduction to Cinematography**  3 hours
This is a methods course intended to provide instruction in the fundamentals of visual storytelling.
CINE 204  **Guerilla Filmmaking**  3 hours
Students will learn the concepts of producing low-budget professional independent films from license and rights to distribution.

LIBERTY UNIVERSITY UNDERGRADUATE CATALOG – 2015-2016

**COURSES OF INSTRUCTION – RESIDENT PROGRAMS**

**CHMN 447 Discipleship in Church Ministries**  3 hours
Prerequisites: Junior status, CHMN 201, 205, 300, 360
This course is an investigation of the factors which influence spiritual development. Attention is given to exploring the biblical and theological foundations for discipleship and making application to the discipleship process.

**CHMN 450/ Leadership and Management in Ministry**  3 hours
Prerequisites: Junior status, CHMN 201, 205, 300, 360, 447
This course is designed to teach the student the basic organization necessary for an effective local church and Christian ministry. Emphasis is placed on the development of biblical management and leadership skills. Attention is given to the student’s spiritual life, personal life, and ministry life. Topics addressed include the call to ministry, stages of ministry, finding the right church or ministry, personal piety, and staff relations and development. (Available Fall 2015)

**CHMN 489 Church Ministries Capstone**  3 hours
Prerequisites: Senior status; should be taken during the last semester of coursework
A capstone course designed to equip the student in developing a master plan for ministry, and will focus on reviewing the acquired knowledge, value and skills of the church ministry curriculum. This course seeks to integrate the concepts, techniques, and knowledge of all areas of church ministry. This course is designed to be taken the final semester for graduating seniors. Attention is given to the student’s spiritual, personal and ministry life.

**CHMN 495 Directed Research**  1 to 3 hours
Prerequisites: Junior/Senior status, and approval of Department Chair only.
A supervised field experience designed for students preparing for a position in the field of church ministries, such as ministry director, ministry coordinator in a local church or a director in a parachurch organization. This internship will focus on the organization, teaching, and leadership components of ministry. The site must be approved by the Department of Church Ministries.

**CINE 271 Introduction to Pro Tools**  3 hours
Prerequisite: (Recommended) Basic understanding of recording techniques, processes, and equipment
This course covers basic Pro Tools principles. It provides everything you need to complete a Pro Tools project – from initial setup to final mix-down. The course focuses on Pro Tools software and covers a multitude of new functions and feature enhancements. Whether your project involves recording live instruments, MIDI sequencing of software synthesizers, or audio editing or region looping, this course will give you the basic skills to succeed.

**CINE 272 Pro Tools Production I**  3 hours
Prerequisite: CINE 201, 202, 203; Program Director waiver, if needed
This course provides a more detailed look at the Pro Tools system above and beyond the knowledge you gained in the Pro Tools 101 course. It covers all the key concepts and skills needed to operate a Pro Tools system at the User level. This course, along with Pro Tools 101, provides the foundation to Pro Tools User Certification and for the later 200-series of courses on Pro Tools music and post production.

**CINE 301 Cinema Legal Environment**  3 hours
Prerequisites: Sophomore standing
The legal environment of filmmaking can often be difficult to navigate. This course aims to present general principles within the cinematic arts legal environment that are fundamental to a career in the filmmaking industry. Students will investigate cases and research topics related to intellectual property, copyrights, product placement, script options, and cinematic arts business ethics.

**CINE 302 Story Analysis**  3 hours
Prerequisites: CINE 201, 202, 203; Program Director waiver, if needed
An intensive study of film theory, focusing both on international cinema and classic Hollywood Films, the course includes analysis and application. Topics covered include story structure, montage, and the development of visual and narrative techniques.

**CINE 303 Producing and Directing**  3 hours
Prerequisites: CINE 201, 202, 203; Program Director waiver, if needed
A practical study of the various theories and methodologies of Cinema direction and producing using application, classroom examination and exercises.

**CINE 304 Production**  3 hours
Prerequisites: CINE 201, 202, 203; Program Director waiver, if needed
A study of the theory and practice in planning, execution of various digital cinema productions with emphasis on skill development and production techniques.

**CINE 305 Editing**  3 hours
Prerequisites: DIGI 240, CINE 202, 203; Program Director waiver, if needed
Study techniques and aesthetics of storytelling through Post-production. These techniques will address both the visual and audio process, as well as the tools that make it possible.

**CINE 306 Acting Fundamentals for Camera**  3 hours
The study of the profession of film acting and the film industry’s expectations of the actor and director.

**CINE 350 Thesis Production**  6 hours
Prerequisites: CINE 201, 202, 203; Program Director waiver, if needed
Study techniques to translate written scripts into visual storytelling by making a short film using High Definition equipment. Storytelling techniques employed will encompass the fundamental technical understanding of working with digital camera, lenses, lighting, sound, hair/make up, wardrobe, and production design.
### COURSES OF INSTRUCTION – RESIDENT PROGRAMS

<tbody>
<tr>
<td>CINE 351</td>
<td>Thesis Post-Production</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>Prerequisites: CINE 201, 202, 203, and the first two semesters of the Cinematic Arts cohort; Program Director waiver, if needed. Retell the story in the post-production process by evaluating the potential of an entertainment property of a film within a market in order to ensure maximum exposure. (Formerly CINE 451)</td>
<td></td>
</tr>
<tr>
<td>CINE 353</td>
<td>Feature Screenwriting</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>Prerequisites: DIGI 240, 333, CINE 202, 203, 305, 352, THEA 320, CSTU 301</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Write character-driven plots, while insuring that what is written translates to the screen as intended. Students will understand the business of writing while learning to write, edit, develop characters, and pitch the resulting screenplay.</td>
<td></td>
</tr>
<tr>
<td>CINE 354</td>
<td>Audio Production</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>Prerequisites: CINE 201, 202, 203, and the first two semesters of the Cinematic Arts cohort; Program Director waiver, if needed. Audio production for Cinematic Arts is the study of how sound is captured, manipulated and presented in the world of on-screen storytelling. Students will learn and experience proper sound theory and engineering by creating and polishing sound design in a thesis film project.</td>
<td></td>
</tr>
<tr>
<td>CINE 355</td>
<td>Documentary Audio Production</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>Prerequisites: Must be a current historical documentary history major. This course is designed for students interested in developing documentary nonfiction pieces. The course is oriented toward field production, exploring various approaches to audio documentary work, from the journalistic to the personal. Students will learn and experience proper sound theory and engineering by creating and polishing sound design in several short documentary film projects.</td>
<td></td>
</tr>
<tr>
<td>CINE 400</td>
<td>Feature Pre-Production</td>
<td>6 hours</td>
</tr>
<tr>
<td></td>
<td>Prerequisites: DIGI 240, 333, CINE 202, 203, 305, 350, 352, 353 THEA 320, SCOM 345, CSTU 301, BUSI 301</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Students will produce a long-format movie as a class by first gaining the understanding about how departments interface within their respective duties in order to bring the project to the production phase of moviemaking.</td>
<td></td>
</tr>
<tr>
<td>CINE 401</td>
<td>Branding and Entrepreneurship</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>Prerequisite: Junior/Senior status A practical study in the dynamics of establishing, funding, and managing a new small enterprise, or acquiring an existing business using case studies, practical exercises, and class instruction.</td>
<td></td>
</tr>
<tr>
<td>CINE 402</td>
<td>Feature Production</td>
<td>6 hours</td>
</tr>
<tr>
<td></td>
<td>Prerequisites: DIGI 240, 333, SCOM 345, CINE 202, 203, 305, 350, 352, 353 THEA 320, CSTU 301, BUSI 301</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Through the production of a long-format film, students, working on a class project will be immersed in the understanding of leading and crewing narratives and documentaries, as these films incorporate increasingly advanced technical demands, and sophisticated production.</td>
<td></td>
</tr>
<tr>
<td>CINE 450</td>
<td>Marketing and Distribution</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>Prerequisites: CINE 201, 202, 203, and the first three semesters of the Cinematic Arts cohort; Program Director waiver, if needed. A practical study in the dynamics of marketing and distributing of film, using case studies, practical exercises, and class instruction. The class covers strategies and thought processes behind planning release schedules, designing movie posters, setting up co-branded marketing efforts, estimating budgets, maximizing/leveraging publicity from film festivals. In addition, the class will focus on the marketing/distribution of a variety of films including tent-pole blockbusters, and small independent personal art house films. Distribution modalities for theatrical, direct to DVD, TV, VOD, and SVOD will be explored. Students will implement a grass roots marketing campaign through the various mediums of social media to market their thesis film or feature length screenplay. (Formerly CINE 352)</td>
<td></td>
</tr>
<tr>
<td>CINE 452</td>
<td>Advanced Post Production</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>Prerequisites: CINE 201, 202, 203, and the first three semesters of the Cinematic Arts cohort; Program Director waiver, if needed. Advanced post-production focuses on completing a student’s senior thesis project. It involves learning and using finishing tools such as color correction and basis effects. Students go through the final post production process of taking the film from raw footage (4k) to final deliverables.</td>
<td></td>
</tr>
<tr>
<td>CINE 453</td>
<td>Screenplay Rewrite</td>
<td>4 hours</td>
</tr>
<tr>
<td></td>
<td>Prerequisites: CINE 201, 202, 203, and the first three semesters of the Cinematic Arts cohort; Program Director waiver, if needed. The screenplay rewrite is the mature subjective examination of one’s work. In this course, students will learn how to evaluate a script based on specific principles of dramatic writing. The script will be analyzed and observations made by asking: Does the script maintain the stated theme? Are character arcs fully realized? Is the story structure well defined? Is there a clear hero objective throughout the story? Does the action of the story proceed with conflict and direction? “Rewriting is where the game is won or lost; rewriting is the essence of writing.” — William Zinsser, On Writing Well.</td>
<td></td>
</tr>
<tr>
<td>CINE 454</td>
<td>Advanced Audio Production</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>Prerequisites: CINE 201, 202, 203, and the first three semesters of the Cinematic Arts cohort; Program Director waiver, if needed. Advanced audio production for Cinematic Arts further explores the creative and technical field of sound design. The course will develop student’s abilities in spotting music, placing and editing sound effects, and multi-format surround sound deliverables. This course builds on the knowledge and experience developed in the Audio Production (CINE 354) class. Students will polish their thesis film projects in 5.1 and/or 7.1 surround sound formats and develop specific international deliverables, such as an M&amp;E mix.</td>
<td></td>
</tr>
<tr>
<td>CINE 455</td>
<td>Persuasion</td>
<td>3 hours</td>
</tr>
<tr>
<td></td>
<td>Prerequisites: CINE 201, 202, 203, and the first three semesters of the Cinematic Arts cohort; Program Director waiver, if needed. The study, analysis and practice of argument, rhetoric used to change attitudes, beliefs, and behaviors of targeted audiences in cinematic art.</td>
<td></td>
</tr>
<tr>
<td>CINE 497</td>
<td>Special Topics Workshops in Cinema</td>
<td>1 to 3 hours</td>
</tr>
<tr>
<td></td>
<td>Workshops in digital film production processes and techniques. Analysis of successful and unsuccessful production methods. Professional relationships and networking.</td>
<td></td>
</tr>
<tr>
<td>CINE 499</td>
<td>Cinema Internship</td>
<td>3 to 9 hours</td>
</tr>
<tr>
<td></td>
<td>Prerequisites: Student must have a GPA of 3.00; have completed specific degree requirements as required by the program, have completed the internship application process and have prior approval from the Program Executive Director. Supervised field experience within the Film Industry, corporations, government agencies, schools and community organizations to expand career interests and apply subject knowledge relevant to the workplace. Individualized internship placements to develop personal and professional skills, including professional ethics, leadership, and civic responsibility. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.</td>
<td></td>

</table>

### CRIMINAL JUSTICE

| CJUS 200  | Introduction to Criminal Justice                 | 3 hours |
|           | Prerequisite for all other CJUS courses An introductory course covering an overview of the whole criminal justice system in America, including discussion of law |
enforcement generally, the court systems, correctional organizations, the history of law enforcement in the U.S. and some other nations, and the ethics and philosophy of criminal justice generally.

CJUS 230 Criminal Justice Research and Writing 3 hours
Prerequisite for all other CJUS courses; recommended to be taken concurrently with CJUS 200.
This course is an introductory course to research in the social sciences, both in traditional and online venues. It covers plagiarism, APA formatting, case briefing, academic writing, formal reporting, and memoranda. A major research paper is required.

NOTE: CJUS 200 and 230 are a prerequisite for all other Criminal Justice courses.

CJUS 299 Internship 0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
Application procedures processed through the Career Center. Must apply semester prior to internship.

CJUS 300 Administration of Justice Organizations 3 hours
This course is designed to familiarize the student with the theoretical and practical management perspectives embraced by the American criminal justice system. This will include nature of criminal justice organizations, individual and group behavior within those organizations, processes inherent in those organizations, and areas of criminal justice reform from a Christian perspective.

CJUS 310 Juvenile Justice 3 hours
This course is designed to provide an in-depth study of the juvenile justice system in the United States. The student will study the general principles of juvenile delinquency, overview of the juvenile criminal justice system, theories of delinquency, and other issues dealing with juveniles in the justice system.

CJUS 320 Corrections 3 hours
This course is designed to familiarize the student with the criminal correctional system in the United States. The student will review the history of corrections and procedural, statutory, and case law of American correction.

CJUS 321 Juvenile Corrections 3 hours
Examines the extent to which juvenile correctional interventions are used. Provides an in-depth analysis of various correctional responses to juvenile offenders including diversion, community-based, and residential programs.

CJUS 322 Community Based Corrections 3 hours
This course introduces the student to the new philosophies within corrections to establish successful rehabilitation programs in the community and outside of traditional prison settings. Students will analyze different programs that are being implemented nationally to include electronic monitoring, boot camps, and restorative justice programs.

CJUS 323 Delinquency and Crime Prevention 3 hours
Explores various strategies for prevention of adult and juvenile crime with particular attention to the theoretical and empirical bases for these approaches. Students will develop a crime prevention plan.

CJUS 324 Legal and Ethical Issues in Juvenile Justice 3 hours
An overview of legal issues and court decisions related to juvenile justice. An analysis of the various ethical issues surrounding juvenile justice contexts and practices.

CJUS 330 Judicial Process 3 hours
This course is designed to increase the understanding of the criminal judicial process in the United States. It includes a study of the functioning of courts, judges, lawyers and law enforcement agencies, including judicial decision-making and the impact of court decisions on the American Republic.

CJUS 340 Criminology 3 hours
This course is designed to examine theories regarding the nature and cause of criminal behavior and society’s response. It approaches crime from a philosophical, psychological, and sociological perspective. Most importantly, this course strives to integrate a theological, perspective to crime and punishment. (Formerly CJUS 210)

CJUS 350 Criminal Justice Ethics 3 hours
This course is designed to build upon the biblical foundations students should have developed from other courses (such as BIBL 105/110 and THEO 200/201) and enhance foundational ethical considerations into more developed and practical notions of right behavior within the realm of criminal justice praxis.

CJUS 360 Introduction to Forensics 3 hours
An introductory overview of forensics and how it is applied to the justice system by law enforcement agencies. This course demonstrates the importance of documenting physical evidence and identifying various kinds of evidence such as: fingerprints, trace, tool marks, DNA, etc.

CJUS 361 Crime Scene Photography 3 hours
Prerequisite: CJUS 360; can be taken concurrently with CJUS 363
Students will learn and apply principles of photography in digital format. Within the field of forensic science, the use and understanding of photography is essential. The course will focus on the areas of aerial, underwater, and macro photography as used to document and present criminal investigations. Students must have access to a digital camera that has aperture settings (example: Sony P200) and a tripod.

CJUS 362 Crime Scene Management 3 hours
Prerequisite: CJUS 361; can be taken concurrently with CJUS 363
This course will address critical thinking, resource management, supervision, and investigative failures in criminal investigations. A detailed explanation of how to effectively manage a forensics investigation and how to preserve and present evidence will be covered.

CJUS 363 Computer and Cyber Forensics 3 hours
Prerequisites: CJUS 360; can be taken concurrently with CJUS 361 or 362
The course will focus on the role of computer forensics and the methods used in the investigation of computer crimes. The course explains the need for proper investigation and illustrates the process of locating, handling, and processing computer evidence.

CJUS 380 Introduction to Homeland Security 3 hours
An introduction to the public and private sector dimension of the broad range theoretical and practical aspects of homeland security and emergency management, including: origins of natural and terrorist-caused disasters; local, state, and federal emergency management planning and operations; health infrastructure capabilities, public communication strategies; business community concerns; ethical, legal, and constitutional questions; as well as the social and psychological dimensions of disasters. NRF, NIMS, ICS, IC, and UC will be examined. Further, national and association standards found in agencies and documents such as Presidential Directives, NFPA 1600, IAEM, and IACP will be examined.

CJUS 381 Incident Command System/Emergency Planning and Incident Management 3 hours
Prerequisite: CJUS 380
An introduction to the basic tasks of emergency preparedness and disaster mitigation, including planning, response, and recovery. Special emphasis will be placed on command arrangements, coordination, and budgetary issues among emergency responders (law enforcement, firefighters, transportation, public works, and health care system officials), and within and between federal, state, and local governments.

CJUS 382 Critical Infrastructure Protection 3 hours
Prerequisite: CJUS 380
Identification, prioritization, and protection of critical infrastructure including agriculture, cyber and information technology, telecommunications, chemical, transportation, energy, water, medical, emergency services, and postal and shipping. Impact on personal safety, structural integrity and security, and economic performance.

**CJUS 383 Behavioral Dimensions of Disaster** 3 hours

Prerequisite: CJUS 380

This course focuses on the sociological, psychological, and physiological human responses to natural and human-made disasters. Students will examine normal and abnormal psychological reactions, the recovery process, and principles of mental health care for victims and responders of disasters. Differences between natural and human-made disasters are examined and factors that mitigate post-traumatic effects are reviewed. Response of the public and individuals to disaster-related issues including: disaster warning, evacuations, relations, civil unrest, loss of family and property, and recovery activities are examined. Sociological and psychological aspects of Weapons of Mass Destruction (WMD) disasters are also considered. Students develop an awareness of the effect of human influence and behavior on disaster response and recovery.

**CJUS 400 Criminal Law** 3 hours

Prerequisites: CJUS 290 and 230 or GOVT 200 and 346

This course is designed to provide an overview of the legal elements that apply to criminal law, procedure, and evidence, including proof, intent, conspiracy, classifications of crimes and related punishments, culpable mental states, defenses, rules of evidence (including the exclusionary rule), and rights and procedures in the gathering of evidence.

**CJUS 405 Interview and Interrogation** 3 hours

(Note: Extra costs above tuition and fees apply)

Prerequisites: Upper Division Standing

This class is an advanced exploration of the mechanics of interview and interrogation. The class instruction will focus on behavior symptom analysis, interviewer characteristics and interview environment, interviewing protocol, factual analysis, evaluating the alibi, the Behavioral Analysis Interview, and the Reid Nine Steps of Interrogation.

**CJUS 410 Constitutional Criminal Procedure** 3 hours

This course is designed to study the constitutional provisions and Supreme Court decisions affecting law enforcement procedure, including due process of law generally, arrest, charges, right to counsel, search and seizure, identification, bail, trial and post-trial proceedings, and post-conviction appeals. The course also investigates civil liability for acts of law enforcement personnel.

**CJUS 420 Criminal Investigations I** 3 hours

(Offered fall semester)

This course will address the constitutional requirements for conducting criminal investigations, essential techniques for processing a crime scene, and methodology for collecting evidence via subpoenas and interviews.

**CJUS 421 Criminal Investigations II** 3 hours

(Offered spring semester only)

Prerequisite: CJUS 420

This course will apply the concepts addressed in CJUS 420 to specific crimes, including arson, rape, robbery, and murder. Additionally, the course examines the practices and procedures associated with the management of complex criminal investigations.

**CJUS 422 Forensics Colloquium** 1 hour

This course is a collection of practically oriented lectures, demonstrations, and short films specifically tailored to students interested in the application of scientific processes in identifying, locating, apprehending, and prosecuting criminal offenders. It will draw on practitioners within the various fields of the forensic science, police, prosecutors, and defense attorneys. This course is elective. Criminal Justice majors should consider enrolling for three semesters.

**CJUS 450 Comparative Criminal Justice Field Study** 3 hours

(Summer term only)

This course is a predominantly on-site investigation into the institutions, processes, and practices of criminal justice in various foreign countries. It seeks to examine the historical development of criminal justice, the cross-cultural and economic impact of international crime, and competing notions of justice, crime, and punishment. This course is offered annually or bi-annually, as needed. CJUS 497 Special Topics in Criminal Justice

**CJUS 499 Criminal Justice Internship** 1-6 hours

Prerequisites: Junior or Senior status and required GPA

Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

---

**CHRISTIAN LEADERSHIP**

**CLED 300 Biblical and Theological Foundations of Christian Leadership** 3 hours

Prerequisites: CHMN 201

This course will explore the biblical and theological foundations for Christian leadership. Old and New Testament examples of leadership will be analyzed and the foundations of current leadership principles will be discussed.

**CLED 365 The Personal Development of the Leader** 3 hours

Prerequisites: CLED 300

This course is designed to help the student examine the life of the leader. In addition to examining the development of an individual’s leadership skills, several other issues will be explored such as the ordering of one’s private world, the personal character of the leader, and becoming a leader that lasts.

**CLED 410 Team Dynamics in Christian Leadership** 3 hours

Prerequisites: CLED 365

This course is designed to focus on the role of Christian leadership in establishing effective teams for ministry in the church and the marketplace. It will guide the student through a biblical and theological basis for team ministry as well as consider foundational material from the social sciences. An analysis of various roles and ministry team dynamics in a multiple-staff ministry will be covered. Principles for leading organizational change will also be examined.

**CLED 425 Ethical Issues in Christian Leadership** 3 hours

Prerequisites: CLED 365

Christian Leadership embraces general accepted leadership principles and practices, with the additional inclusion of biblically based spiritual dynamics. It is this emphasis on biblically based spiritual dynamics that raises the expectations of leadership practices. As a result, ethical issues have emerged that require thoughtful consideration, when it comes to participation, procedure, and practice.

**CLED 499 Christian Leadership Internship** 3 hours

Prerequisites: Junior status; 21 hours in the major including CHMN 447 and CLED 410

This course is designed to equip students with the study strategies necessary for success at the college level. It teaches self-management skills such as organization and time management, as well as learning strategies including memory and test-taking. Students are also encouraged to discover their individual learning styles, while incorporating practical application techniques.

---

**COLLEGE LEARNING STRATEGIES**

**CLST 101 College Learning Strategies** 1 hour

This course is designed to equip students with the study strategies necessary for success at the college level. It teaches self-management
skills such as organization and time management, as well as learning strategies including memory and test-taking. Students are also encouraged to discover their individual learning styles, while incorporating practical application techniques.

**CLST 102 College Reading Improvement** 1 hour

This course is designed to teach students the essential reading skills necessary to improve their ability to comprehend the material contained in college textbooks. Topics include analytical reading, critical reading, and vocabulary development.

**CLST 103 Individualized Curriculum to Support Academic Success** 1 hour

This course is an individualized program in reading and study strategies based on students’ goals and assessed needs. The varied curriculum focuses on academic, personal, and/or spiritual domains. It is delivered in a lab format with faculty/student interaction. Open to all students but required of students with a PLMA score below 40.

**CLST 104 College Transition and Study** 3 hours

This summer program is designed to equip students with the knowledge and study skills necessary for successful transition to a Christian university setting, while facilitating academic, spiritual, and social development. Interaction between faculty and students establishes high academic expectation and encourages connection to community and university life. Neither CLST 100 nor 101 may be taken for credit if a student has already completed CLST 104.

**CLST 105 Strategies for the Application of College Learning Skills** 1 hour

This course provides strategies that will enable students to apply college learning skills to their current courses. It incorporates one-on-one mentoring, as well as weekly accountability. It is designed to foster an awareness of current academic progress and to encourage the motivation and responsibility necessary for academic success.

**CLST 301 Advanced Reading/Vocabulary Development** 1 hour

This course focuses on building personal/professional vocabularies and accelerating reading speed/comprehension. Higher level critical reading skills are developed for upper-level and graduate courses.

**COMMUNICATION STUDIES**

**COMS 101 Speech Communication** 3 hours

Prerequisite: ENGL 100 or advanced standing in the English Placement Test

Study and practice in communicating ideas competently in public speaking. Students are also given a foundation for development of communication skills in other human communication contexts, including dyadic and small group communication.

**COMS 497 Special Topics in Communication Studies** 3 hours

Topics of special interest not included in the regular department offerings. May be taken more than once, but no topic may be repeated.

**CRAFT SKILLS**

**CRFT 101 Introduction to Craft Skills** 3 hours

Introduction to Craft Skills serves as the orientation and foundation for each technical studies specialization. Topics addressed include introductions to: Safety, Construction Math, Hand Tools, Power Tools, Construction Drawings, Communication Skills, Employability Skills and Materials Handling. This course serves as a prerequisite and can be taken concurrently with all technical studies foundation courses.

**CREATION STUDIES**

**CRST 290 History of Life** 2 or 3 hours

Prerequisite: A college science course

An interdisciplinary study of the origin and history of life in the universe. Faculty will draw from science, religion, history, and philosophy in presenting the evidence and arguments for creation and against evolution.

**CRST 390 Origins** 3 hours

Prerequisite: BIOL 224 or CRST 290; or permission of the instructor

An in-depth study of the biblical and scientific views of the origin of the universe, life and man. Evidence and arguments for creation and evolution will be discussed. This course is designed for students with a strong science background or a very strong interest in the origins controversy.

**COMPUTER SCIENCES AND INFORMATION SCIENCES**

(Formerly BMIS and CSCI)

**CSIS 100 Introduction to Information Systems** 3 hours

Prerequisite: MATH 110 with a minimum grade of “C”; (can be taken concurrently).

This course examines the design, selection, implementation and management of enterprise Business solutions. The focus is on identifying critical business processes and envisioning how technology can be developed to provide solutions which generate competitive advantage. Students learn how applying frameworks and strategies around the Business Process and Organization Strategy provide a competitive advantage. Topics include MIS and IT fundamentals, Information Systems Management and Using Enterprise Business Applications for competitive advantage. The course also includes a component for Technical Writing for Information Systems. (Formerly BMIS 200)

**CSIS 110 Introduction to Computing Sciences** 3 hours

Prerequisite: MATH 121 with a minimum grade of “C”; (can be taken concurrently).

A breadth-first introduction to the computing disciplines, with an emphasis on computer ethics and how computing technology impacts the world. Topics include: computing history; discrete mathematics; computer architecture and organization; algorithm design; languages; compilers; operating systems; applications; networks; databases; intellectual property; privacy; free speech; social consequences; computer crime; and codes of conduct. (Formerly CSCI 110)

**CSIS 111 Introduction to Programming** 3 hours

Prerequisite: CSIS 110/ENGR 110 with a minimum grade of “C”, (can be taken concurrently).

Introduction to structured programming and algorithms with an object-oriented language. Topics include input/output, flow of control, functions, and an introduction to software engineering. Programming assignments are required. (Formerly CSCI 111)

**CSIS 112 Advanced Programming** 3 hours

Prerequisite: CSIS 111 with a minimum grade of “C”

Continuation of CSIS 111. Further development of discipline in program design, especially for larger programs. Introduction of pointers, simple data structures, recursion, internal sort/search methods. Programming assignments are required. (Formerly CSCI 112)

**CSIS 208 Application Programming** 3 hours

Prerequisite: CSIS 100; MATH 121 or MATH 201; minimum grade of “C” (can be taken concurrently).

Development of computer and programming skills, problem solving methods, and selected applications. This course provides a broad-based introduction to programming in Visual Basic. Students will learn how to build a program from the design phase all the way through to delivery. (Formerly BMIS 208)

**CSIS 209 C# Programming** 3 hours

Prerequisite: CSIS 111 or CSIS 208 or CSIS 212; minimum grade of “C”
Development of computer and programming skills using the C# language. Students will learn how to use C# to develop stand-alone applications in an IDE. Advanced concepts, such as database connectivity and web applications will also be examined. (Formerly BMIS 209)

CSIS 212 Object-Oriented Programming 3 hours
Prerequisites: CSIS 110 or CSIS 111 or 208 or MATH 110 or higher; minimum grade of “C”
A study of the general-purpose, secure, object-oriented, portable programs. This course prepares students to program stand-alone applications. It will cover features such as programming concepts, data types, operators, flow control statements, objects, classes, methods, arrays, and strings. The concept of object-oriented programming is emphasized. (Formerly BMIS 212)

CSIS 215 Algorithms and Data Structures 3 hours
Prerequisites: CSIS 112 and MATH 250 (minimum grade of “C”)
Study of data structures such as linked lists, stacks, queues, trees, and graphs. Algorithms for manipulating such structures will be introduced and analyzed. Static and dynamic memory allocation. Access methods for sorting/searching, such as hashing and tree searching. (Formerly CSCI 215)

CSIS 244 Assembly Language 3 hours
Prerequisite: CSIS 11 with a minimum grade of “C”
A detailed development of the tools and techniques of assembly language on a particular computing system. Several programming assignments are required.

CSIS 299 Internship 3 hours
Prerequisites: Sophomore Status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
Application procedures processed through the Career Center. Must apply semester prior to internship. (Formerly ISYS 299)

CSIS 310 Web Architecture and Development 3 hours
Prerequisite: CSIS 111 or 208 or 212; minimum grade of “C”
Provides students with thorough knowledge of the foundations of web architecture, current technologies utilized in the development of a web site, and criteria for assessing the usability of web sites. (Formerly BMIS and CSCI 310)

CSIS 312 Advanced Object-Oriented Programming 3 hours
Prerequisites: CSIS 212; minimum grade of “C”
In-depth study of the advanced features of Java, with an emphasis on the “why” as well as the “how to” of programming in the Java language. This course also prepares students for the Sun Certified Java Programmer exam. (Formerly BMIS 312)

CSIS 315 Client-Side Programming 3 hours
Prerequisites: CSIS 212 or CSIS 112 with a “C” or better
This course provides an introduction to the various languages and tools used in client-side programming. The fundamentals of client-side programming will be emphasized. Due to the particularly dynamic nature of Internet technologies, course content will change as appropriate. (Formerly CSCI 315)

CSIS 316 Server-Side Programming 3 hours
Prerequisites: CSIS 215 or 310; minimum grade of “C”
This course provides an introduction to the various languages and tools used in server-side programming. The fundamentals of server-side programming will be emphasized. Due to the particularly dynamic nature of Internet technologies, course content will change as appropriate. (Formerly CSCI 316)

CSIS 320 IS Hardware and Software 3 hours
Prerequisite: CSIS 100; can be taken concurrent with CSIS 320
Emphasis is placed on the role of the computer in information processing, including the design of computer hardware and operating systems, application programming, data storage, network and client/server concepts, and systems development life cycle. (Formerly BMIS 320)

CSIS 325 Database Management Systems 3 hours
Prerequisite: CSIS 208 or 212; minimum grade of “C”; MATH 201 or BUSI 230
The study of relational database architecture, design, access, administration and implementation in the context of various organizational environments. The course includes issues of data normalization, standard queries, and the use of popular relational and object technologies for building business-oriented applications. Assigned projects will provide hands-on experience with industry leading SQL and RDBMS tools and ER CASE tools currently popular in business and government settings. (Formerly BMIS 325)

CSIS 326 Database Systems System Concepts 3 hours
Prerequisites: CSIS 215 with a minimum grade of “C”; MATH 250 and 211 (can be concurrent)
The study of database management systems, database architecture, design, queries, applications, administration and implementation. The course will focus on data normalization, SQL (queries), and the use of relational technology for building database applications. Projects will be assigned to provide hands-on experience with the SQL language and relational database management software packages. (Formerly CSCI 325)

CSIS 327 Introduction to Oracle 3 hours
Prerequisite: CSIS 325; minimum grade of “C”
This course introduces the fundamentals of database design using an Oracle platform. Database administration will be introduced as well as the basic concepts of data manipulation in an Oracle environment. (Formerly BMIS 326)

CSIS 328 Advanced Oracle 3 hours
Prerequisite: CSIS 327; minimum grade of “C”
This course introduces the advanced topics of database administration in Oracle. Multi-dimensional databases for Business Intelligence applications will be examined as well. (Formerly BMIS 328)

CSIS 330 Business Data Communication Systems 3 hours
Business Data Communications. The study of the movement of information (data) one device to another by means of electrical, optical, radio or satellite transmission systems. This course will introduce the architecture, concepts, terminology, design, and management issues related to the modern environment of networking and data communications. Various types of networks and communication systems, protocols, regulatory issues and policies will be explored. (Formerly BMIS 330)

CSIS 331 Networks 3 hours
Prerequisite: CSIS 210 and 330; minimum grade of “C”
Building on the foundational knowledge of the 330 course, this is a study in corporate data networking. This course primarily focuses on switched networks (wired and wireless) with hands on work on setting up and operating a switched network. Routed networks fundamentals and concepts will be introduced to prepare students for careers in networks operations and the follow-on advanced networks class. (Formerly BMIS 331)

CSIS 335 Network Security 3 hours
Prerequisite: CSIS 330; minimum grade of “C”
A study of the control of unwanted intrusions into, use of, or damage to a business’ computer network. This course will cover opportunities that prevent unwanted activities in an efficient and cost effective manner. This study will start with a focus on the business challenges and threats network professionals face in their day-to-day operations. It explores the nature and intent of hackers and defines preventative measures such as Intrusion Detection Systems, firewalls, and virtual private networks. (Formerly BMIS 335)

CSIS 340/ BUSI 417 Studies in Information Security 3 hours
This course introduces the basic issues and principles of information system security such as security policies, their mechanisms of implementation, means attackers use to
A comprehensive, end-to-end view of information security policies and frameworks from the raw organizational mechanics of building to the psychology of implementation. It presents an effective balance between technical knowledge and soft skills, and introduces many different concepts of information security in clear simple terms such as governance, regulator mandates, business drivers, legal considerations, and much more. With step-by-step examples and real-world exercises, this course is a must-have resource for students, security officers, auditors, and risk leaders looking to fully understand the process of implementing successful sets of security policies and frameworks. (Formerly BMIS 341 and CSCI 351)

CSIS 343  Cyber Security  3 hours
Prerequisite: CSIS 340; minimum grade of “C”
A comprehensive overview of the essential concepts students must know as they pursue careers in information systems security. Topics include a discussion of the new risks, threats, and vulnerabilities associated with the transformation to a digital world, including a look at how business, government, and individuals operate today. Additionally, information is included from the Official (ISC)2 SSCP Certified Body of Knowledge and presents a high-level overview of each of the seven domains within the System Security Certified Practitioner certification. (Formerly BMIS 342)

CSIS 342  Computer Architecture and Organization  3 hours
Prerequisite: CSIS 215 with a minimum grade of “C”; MATH 250
Introduction to architecture and organization of computer systems. Data and instruction representations. Arithmetic and logical operations. Processor and memory implementations. (Formerly CSCI 342)

CSIS 344  Information Security Operations  3 hours
Prerequisite: CSIS 340; minimum grade of “C”
This course will cover the issues and tasks involved in the day to day operation of an Information Security System. The topics included in this course would be: risk management, auditing and monitoring, regulations and compliance, disaster recovery, incidence response, key management, information systems hardware and software operation, networks and transmission security, operational security, and cryptography. (Formerly CSCI 352)

CSIS 345  Introduction to Linux  3 hours
Prerequisite: CSIS 112 or 212; with a minimum grade of “C”
This course introduces students to the usage and administration of the Linux Operating System. The course will emphasize end-user tools and commands for basic file manipulation, editing, compilation and debugging, as well as special features of the Linux shell environment. Basic system administration will also be covered. Students will learn through a combination of traditional lectures, hands-on laboratory sessions, and individual assignments. (Formerly CSCI 345)

CSIS 351  System Analysis and Design  3 hours
Prerequisite: CSIS 325; minimum grade of “C”
This practical course in information systems development will cover the concepts, skills, methodologies (RAD as well as SDLC), and tools essential for systems analysts to successfully develop information systems. The course will also introduce the student to the Oracle Designer CASE tools, which will be used to assist in the documentation of the analysis and design phases. The course will include a significant amount of team-based activities, therefore issues associated with team interactions and processes will be discussed. (Formerly CSCI 351)

CSIS 352  System Administration  3 hours
Prerequisite: BMIS 320
Principles of system administration activities, applications, operating systems, and domains; analysis of computing applications, infrastructures, architectures, firmware, hardware, disaster recovery, security, and enterprise deployment.

CSIS 354  Integrative Programming and Technologies  3 hours
Prerequisite: BMIS 320
Examines the integration of systems and applications across global businesses; explores programming interfaces, data mapping and exchange, scripting, and programming languages to support the configuration, maintenance, integration, and security of systems.

CSIS 355  Network Architecture and Protocols  3 hours
Prerequisite: CSIS 215; minimum grade of “C”
A study of how computer networks and internets operate. Investigates networking from the level of data transmission and wiring through the level of application software that provides networking functionality. Topics include: data and packet transmission, LANs and WANs, and internet concepts, including architecture, protocol layering, and application software. (Formerly CSCI 355)

CSIS 375  Introduction to Human-Computer Interaction  3 hours
Prerequisite: CSIS 111 or 208 or 212; minimum grade of “C”
Study and application of the design and evaluation of effective user interactive computer software, including user-centered design principles, guidelines and evaluation for designing a software product. Research-based project required. (Formerly BMIS 375 and CSCI 375)

CSIS 405  Business and Economic Forecasting  3 hours
Prerequisites: MATH 201 or BUSI 230; ECON 214
Factors producing and study of cyclic movements, analysis of their causes and methods of forecasting as well as study of seasonal, erratic and other movements. (Formerly BMIS 405)

CSIS 408  Web and Mobile Programming  3 hours
Prerequisites: CSIS 315 or 316; minimum grade of “C”
This course provides an in-depth look at current enterprise level technologies used for standardized business-to-business communication among client-server applications using Internet Services technologies. It covers modern technologies used as well as new and rising technologies. Due to the particularly dynamic nature of Internet technologies, course content will change as appropriate. (Formerly CSCI 405)

CSIS 410  Web Enterprise Technologies  3 hours
Prerequisites: CSIS 310 and CSIS 325 or 326; minimum grade of “C”
Provides students with thorough knowledge of current technologies and best practices for developing database driven dynamic websites including database and client side programming. (Formerly BMIS 410)

CSIS 416  AITE Capstone  3 hours
Prerequisites: CSIS 408; minimum grade of “C”
This course is the final capstone course that focuses on Internet technologies. The student will work in teams in the programming Internet technologies projects. The teams will give both written and oral presentations to their clients. (Formerly CSCI 416)

CSIS 430  Advanced Networking and Communication Systems  3 hours
Prerequisite: CSIS 331 or 335; minimum grade of “C”
This course focuses on routed data networks and the implementation of previously learned business data communications and switched networks concepts, principles and strategies to build a complete data communications network. This course is an in-depth study of technologies and equipment in modern communication
networks. The TCP/IP stack and Cisco (or comparable) networking equipment are used to explore methodologies for designing, configuring, and maintaining communication networks. (Formerly BMIS 430)

**CSIS 434 Theory of Programming Languages** 3 hours  
Prerequisites: CSIS 215 (Minimum grade of “C”) and MATH 350 (Minimum grade of “C”)

A theoretical study of programming languages. Introduction to grammars and parsers. Language design issues and practical applications. (Formerly CSCI 434)

**CSIS 440 Digital Forensics** 3 hours  
Prerequisite: CSCI 343; minimum grade of “C”

Students are introduced to the concept of computer crimes and the need for forensics specialists (people who know how to find and follow the evidence). System Forensics, Investigation, and Response begins by examining the fundamentals of system forensics, the role of computer forensics specialists, computer forensic evidence, and application of forensic analysis skills. It also gives an overview of computer crimes, forensic methods, and laboratories. It then addresses the tools, techniques, and methods used to perform computer forensics and investigation. Finally, it explores emerging technologies as well as future directions of this interesting and cutting-edge field. (Formerly BMIS 440)

**CSIS 443 Operating Systems** 3 hours  
Prerequisite: CSIS 342; minimum grade of “C”  
Resource management for processes, files, devices, and memory. Deadlock and recovery procedures. Security issues. (Formerly CSCI 443)

**CSIS 461 Technical Aspects of Computer Security** 3 hours  
Prerequisites: CSIS 355; minimum grade of “C”

This course introduces the following issues and principles of information system security: security policies and their mechanisms of implementation, methods used by attackers attempting to circumvent these protections, and specific defenses against these attackers. (Formerly CSCI 465)

**CSIS 463 Modern Cryptography** 3 hours  
Prerequisites: CSIS 215 (Minimum grade of “C”) and MATH 350 (Minimum grade of “C”)

Study of modern cryptographic techniques. Covers basic cryptographic concepts, including symmetric key, public key, hash functions, digital signatures, and message authentication codes. (Formerly CSCI 466)

**CSIS 470 Executive Perspectives on E-Commerce Technology** 3 hours  
Prerequisites: CSIS 310, 351; minimum grade of “C”

The course synthesizes material presented in previous courses highlighting the challenge of communication electronic commerce technology issues to non-technically oriented executives. Specific topics will include: models of web business strategy; and non-business web applications in government and education. (Formerly CSCI 470)

**CSIS 471 Software Engineering** 3 hours  
Prerequisites: CSIS 215 with a minimum grade of “C” and Senior Status

Study of the software development process. Topics include: phases of a software project; life-cycle models; metrics; tools; and ethical and professional issues. Participation on team projects is integral. (Formerly CSCI 481)

**CSIS 473 IS Project Management** 3 hours  
Prerequisites: CSIS 351 and ECON 214; minimum grade of “C”

Capstone course for MIS majors. Develops skills in managing the project development cycle in an organization. Topics include systems engineering, cost analysis, risk management, and managing the socio-technological elements of a project. (Formerly BMIS 460)

**CSIS 474 Enterprise Systems and Integration** 3 hours  
Prerequisite: CSIS 352, 354; minimum grade of “C”

Information technology capstone course converses by focusing on a sequence of projects that designs and builds systems and integrates them into a global business; emphasizes IT project management, enterprise architecture, business requirement analysis, system modeling, acquisition, testing, deployment, and quality assurance. (Formerly CSIS 465)

**CSIS 481 Computer Science Capstone** 3 hours  
Prerequisite: CSIS 471; minimum grade of “C”

A hands-on experience that requires students to apply the skills and knowledge gained throughout the Computer Science program. A team solution of a real-world project is required. (Formerly CSCI 482)

**CSIS 483 Information Systems Capstone** 3 hours  
Prerequisite: CSIS 351, 473; minimum grade of “C”

A hands-on experience that requires students to apply the skills and knowledge gained throughout the information systems program. A team solution of a real-world project is required.

**CSIS 484 Information Technology Capstone** 3 hours  
Prerequisite: CSIS 351, 473; minimum grade of “C”

A hands-on experience that requires students to apply the skills and knowledge gained throughout the information technology program. A team solution of a real-world project is required.

**CSIS 495 Directed Research** 3 hours  
Prerequisites: CSIS 215; minimum grade of “C” and permission of instructor

Individual study of advanced topics in management information systems. Includes periodic meetings with instructor. (Formerly BMIS 495 and CSCI 494)

**CSIS 497 Special Topics in Technology** 3 hours  
Prerequisite: CSIS 215; minimum grade of “C” and permission of instructor

Selected topics in various areas of management information systems. May be repeated for credit when the topic varies. (Formerly BMIS 497 and CSCI 497)

**CSIS 499 Internship** 1-6 hours  
Prerequisites: Junior status, required GPA & permission of Faculty Intern Advisor

Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship. (Formerly BMIS 499 and CSCI 499)

**CONVERSATIONAL SPANISH**

**CSPA 101 Conversational Spanish I** 3 hours  
An introductory course designed to develop practical conversational Spanish skills. Intended for students whose first language is not Spanish and/or have no previous Spanish training and/or experience.

**CSPA 102 Conversational Spanish II** 3 hours  
Prerequisite: CSPA 101

This course will further the objectives of CSPA 101 by expanding students’ practical conversational skills. Intended for students whose first language is not Spanish but who have previous Spanish training and/or experience through CSPA 101.

**CSIS 103 Conversational Spanish III** 3 hours  
Prerequisite: CSPA 102

This course is a continuation of Conversational Spanish 101 and 102, with an increased focus on grammar and vocabulary supporting practical conversational skills. Intended for students whose first language is not Spanish but who have previous Spanish training and/or experience through CSPA 102.

**CULTURAL STUDIES**

**CSTU 101 Western Culture** 3 hours  
A survey course which concentrates on the development of Western Culture. It is an integrated study of the visual arts, drama
and music, and the discipline of philosophy that permeates all the arts. (Formerly HUMN 101)

CSTU 102  The Humanities Abroad  3 hours

This course surveys the development of western culture (including its legacy of art, architecture, music, history, and philosophy) through a structural tour of Europe. Students will participate in directed readings, on-location discussions, and written reflections. Emphasis will be placed on studying the key monuments and values of western culture directly within their historical content. (Formerly HUMN 102)

CSTU 301  Film as Art  3 hours

An intensive study of film theory, focusing both on international cinema and classic Hollywood films, this course emphasizes the unique aesthetic qualities of film as an expression of culture. The course covers such topics as auteur theory, genre criticism, montage, and the development of visual and narrative techniques. (Formerly HUMN 301)

CSTU 310  Religion and the Arts in Western Culture  3 hours

This course explores the web of relationships between religion and the arts throughout the history of Western culture, from biblical times into the postmodern era. Major topics will include: the mutual influences of religion and the arts on each other, how philosophers and theologians have understood the nature of beauty, the place of the visual and performing arts in contemporary Christian faith and practice, and how the arts are an integral component of a biblical worldview.

CSTU 495  Directed Research  1 to 3 hours

(Formerly HUMN 495)

CSTU 497  Special Topics in Cultural Studies  1 to 3 hours

(Formerly HUMN 497)

DIGITAL MEDIA

DIGI 100  Equipment Workshop  1 hour

This course will introduce the new Digital Media & Communication Arts student to the equipment available for their use throughout their academic career at Liberty University. Students will set up and execute basic functions of the various cameras, audio equipment and lighting fixtures available for use through the Media Lab. In addition, students will work through the Liberty University production manual including all production forms necessary to complete video and audio projects through the School of Communication and Creative Arts. This course is required of any student who expects to use Liberty University Media Lab equipment regardless of the student’s major.

DIGI 175  Fundamentals of Editing  3 hours

Prerequisites: DIGI 100

This course is a study of the techniques and workflow of the non-linear editing process, including tools and formats as they relate to the post-production process.

DIGI 220  Intro to Transmedia  3 hours

The basics of storytelling across media in the new millennium; an introduction to the fundamental concepts, including the fusion of Story & World, the coordination across multiple media, and the enduring foundation of the narrative structure.

DIGI 224  Fundamentals of Audio Production  3 hours

Prerequisites: DIGI 100 & DIGI 175

This course will introduce the fundamentals of training in digital production, audio console operation, use of digital recorders and microphones, DAW editing and program formats. (Formerly COMS 224)

DIGI 225  Intro to Video Production  3 hours

Prerequisites: DIGI 100 & DIGI 175

This course will introduce the fundamentals of training in digital video production, editing, software operation, use of cameras, lighting, and microphones.

DIGI 240  Writing for Visual Media  3 hours

Intermediate scriptwriting for television & web distribution; scripting in extremely short form for promotional, corporate, news and advanced webisode applications. (Formerly COMS 323)

DIGI 250  Location Sound  3 hours

Prerequisites: DIGI 224

This course is designed to teach students the recording skills required in capturing good location sound for digital video projects.

DIGI 290  Post Production and Sound Design  3 hours

Prerequisites: DIGI 224

Students will have the opportunity to create and remix practical assignments working with a variety of student media productions. The course will help students in developing the proper balance between dialogue, SFX and music tracks, mixing in stereo and/or surround sound.

DIGI 310  The Digital Media Producer and Director  3 hours

Prerequisites: DIGI 225

In this course students will participate in digital program development; creation of a show concept from research and development to proposal. Emphasis is placed on the roles of the producer and director. This course will include network, cable and web distribution overviews. Survey of the different strategies related to news, comedy, talk, reality and day- and nighttime drama will prepare the student to create a show concept suitable for development. Producer and director job functions including similarities, differences and overlap will be explored.

DIGI 324  Voice Development  3 hours

An introduction to the use of one’s voice as a tool in effective storytelling, news delivery, features package presentation and hosting both on camera and behind a microphone. The course will require the practice of announcing with vocal pronunciation and expression, the development of individual vocal persona, vocal breathing and control skills and microphone technique. Intensive practical experience in developing individual announcing ability and critiquing announcers are highlights of this course.

DIGI 330  On Camera Presentation  3 hours

Prerequisites: DIGI 240 & DIGI 324

Students who plan to work as anchors, hosts, and features producers will learn styles of personal presentation as they relate to storytelling in news, magazine, talk and documentary presentation.

DIGI 333  Intermediate Video Production  3 hours

Prerequisites: DIGI 225 & DIGI 240

A study of the theory and practice in planning, directing and producing various video productions with emphasis on skill development and production techniques. (Formerly COMS 333)

DIGI 334  Intermediate Audio Production  3 hours

Prerequisites: DIGI 224

Intensive, practical experience in planning, coordinating, directing and producing various audio productions for broadcast. (Formerly COMS 334)

DIGI 335  Storytelling: Interactive, Social and Digital Media Writing  3 hours

Prerequisites: DIGI 220 & DIGI 240

Writing the webisode; an experiential class in the creation of particularly short-form, stand-alone moving image narratives for distribution through web and mobile devices, from treatment through script to final polish.

DIGI 337  Music Recording  3 hours

Prerequisites: DIGI 334

This course provides students the hands on experience to record, and mix down different music projects from a simple recital or solo project to a multi-track recording of a contemporary or symphonic band. Students will also learn proper microphone...
placement, mixing and application of specific plug-ins in music recording and production.

**DIGI 340** Sports Broadcasting 3 hours
Prerequisites: DIGI 330
Play-by-play, analysis and color commentary will be studied. Individuals will develop their own broadcasting style through student projects including research, on-camera practice and attendance at Liberty sports events to observe LFSN professionals in action.

**DIGI 350** Editing Theory 3 hours
Prerequisites: DIGI 175 and DIGI 225
This course will survey the theory and practice of editing and post-production for long and short form video and web products. Aesthetics of narrative and documentary editing stressed, for both picture and sound.

**DIGI 354** Storytelling: Sitcom 3 hours
Prerequisites: DIGI 220 & DIGI 240
Writing the half-hour situation comedy; an experiential class, including show conceptualization, episodic structure, & cooperative writing, and specializing in humorous and shorter-form screenwriting for cable, broadcast and streaming television.

**DIGI 355** Interactive, Social and Digital Media Management 3 hours
Prerequisites: DIGI 335
Facebook, Twitter, Netflix, Hulu, Google+ and a myriad of other online outlets have become revenue generators in ways that magazine and newspaper ads and television and radio commercials were in years gone by. This course will equip the savvy social media manager to turn interactive and social networking strategies into dollars for the client of today.

**DIGI 369** Chronicles of Motion Pictures and Television 3 hours
The historical development and convergence of motion pictures and television, from their simultaneous origins in the 1890s through the new millennium. (Formerly COMS 369)

**DIGI 370** Studio Production 3 hours
Prerequisites: DIGI 225 & DIGI 240
This course will explore the positions and equipment involved in studio production, the founding techniques of this craft, and the language and discipline of studio environment. The course will expose the student to the professional function of the various studio production positions. This will be accomplished through lecture, text materials, classroom discussion and in-studio production.

**DIGI 373** Storytelling: Episodic Drama 3 hours
Prerequisites: DIGI 220 & DIGI 333
Writing the hour-long televised drama; an experiential class, including show conceptualization, episodic structure, & cooperative writing, and specializing in serious and longer-form screenwriting for cable, broadcast and streaming television.

**DIGI 393** Television Practicum 1 to 3 hours
Prerequisites: DIGI 333
Practicum for broadcast-oriented students using on-campus TV facilities. (Formerly COMS 393)

**DIGI 394** Advanced Radio Practicum 1 to 3 hours
Prerequisites: DIGI 334
Practical hands on experience in the overall operation of the radio station. Including experience in on-air and digital production skills, as well as an overview of broadcast programming and operations; may be repeated. (Formerly COMS 394)

**DIGI 428** Media Industry & Ethics 3 hours
Prerequisites: DIGI 369
A study of digital media regulations, economic operations, and ethics as currently operational in the United States; including examination of moving image, audio-only, and transmedia application.

**DIGI 453** Storytelling: Reality Television 3 hours
Prerequisites: DIGI 220 & DIGI 333
Writing the docu-style reality show; an experiential class in the creation of story in which the recording of moving image and audio follows the conceptualization but precedes the screenwriting.

**DIGI 454** Radio News Production 3 hours
Prerequisite: DIGI 334
A study of the theory and practice of writing and preparing news copy and packages for radio broadcast. Students will write and produce regular newscasts for 90.9 FM. (Formerly COMS 454)

**DIGI 473** TV News Production 3 hours
Prerequisite: DIGI 333
A study of the theory and practice of writing and preparing news copy and packages for TV broadcast. (Formerly COMS 473)

**DIGI 474** Advanced Audio Production 3 hours
Prerequisite: DIGI 334
Writing and production of dramatic and documentary programs for radio and Internet distribution. Portfolio development. (Formerly COMS 474)

**DIGI 477** Storytelling: Transmedia 3 hours
Prerequisite: DIGI 335, DIGI 354 & DIGI 373
Writing the cross-platform story world; an experiential class. Including story-world conceptualization, overarching cross-platform structure, & cooperative writing, with the focus on producing independent stand-alone narratives that simultaneously interlock into a seamless fictional universe.

**DIGI 483** Advanced Video Production 3 hours
Prerequisite: DIGI 333
Writing and production of dramatic and documentary programs for television and Internet distribution. Portfolio development. (Formerly COMS 483)

**DIGI 490** SFX, ADR, and Foley 3 hours
Prerequisite: DIGI 334
This course will give students the opportunity to learn proper microphone technique and placement for recording sound effects, and ADR (Automated Dialog Replacement), and to teach students to record and perform with Foley props.

**DIGI 498** Senior Portfolio 3 hours
Prerequisites: Senior Status & Permission of Instructor
An intensive individual research or production project in which the graduating senior can best showcase his or her competence in the field of electronic media. (Formerly COMS 498)

**DIGITAL MEDIA & CREATIVE ARTS**

**DMCA 499** Internship 1 to 6 hours
Completion of a minimum of 24 hours of Communication Studies courses other than COMS 101. Written application must be approved during the previous semester. The course is not intended to be duplicated for additional credit. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

**ECON 110** Survey of Economics 3 hours
A survey of general economic principles and concepts for non-business majors. Presents an overview of theories and applications in microeconomics and macroeconomics. Market economic system is introduced and comparison with other economic systems are provided.

**ECON 213** Principles of Microeconomics 3 hours
Free market thought will be evaluated from the Christian perspective. The supply and demand model is used to analyze
microeconomic issues including market structures, government regulations, labor market, financial market, and international trade.

**ECON 214 Principles of Macroeconomics** 3 hours

The aggregate supply and demand model is used to analyze macroeconomic problems including business cycles, unemployment, and inflation. Government fiscal and monetary policies that may stabilize the economy are introduced and evaluated. The U.S. financial system and the value of U.S. dollar in the foreign exchange market are covered.

**EDSP 413** Community Setting of Individuals with Disabilities

Prerequisites: PSYC 345 or EDUC 225; EDSP 323; to be taken concurrently with EDSP 413

Field experience to be completed in special education classroom setting.

**EDSP 415** Inclusion and Diversity: Effective Practices and Strategies Community Practicum

Prerequisites: PSYC 345; EDUC 225; EDSP 323; to be taken concurrently with EDSP 413

Field experience to be completed in a special education community setting.

**ECON 495 Directed Research** 1 to 3 hours

**ECON 497 Special Topics in Economics** 1 to 3 hours

---

**SPECIAL EDUCATION**

**EDSP 323 Special Education Law and Characteristics** 2 hours

Prerequisites: EDUC 220 or PSYC 345; to be taken concurrently with EDSP 324 or 325

This course is designed to expose teacher candidates to a variety of special education related topics including: legal/ethical issues, documentation procedures, development of Individual Education Plan (IEP), models of service delivery, and collaboration.

**EDSP 324 Special Education Law and Characteristics Licensure Practicum** 1 hour

Prerequisites: EDUC 220 or PSYC 345; to be taken concurrently with EDSP 323

Field experience to be completed in special education classroom setting.

**EDSP 325 Special Education Law and Characteristics Community Practicum** 1 hour

Prerequisites: EDUC 220 or PSYC 345; to be taken concurrently with EDSP 323

Field experience to be completed in special education community setting.

**EDSP 363 Behavior Management** 2 hours

Prerequisites: EDUC 220 or PSYC 345; EDSP 323 (can be taken concurrently) to be taken concurrently with EDSP 364 or 365

This course will explore research for instructional approaches and methods for managing behaviors effectively. Emphasis will be placed on individualized, classroom and school-wide behavior supports, including functional behavior assessments and behavior support plans. The applications in this course cover both general education and special education strategies.

**EDSP 364 Behavior Management in Special Education Licensure Practicum** 1 hour

Prerequisites: EDUC 220 or PSYC 345; EDSP 323 (can be taken concurrently) to be taken concurrently with EDSP 363

Field experience to be completed in a classroom setting of students with disabilities.

**EDSP 365 Behavior Management in Special Education Community Practicum** 1 hour

Prerequisites: EDUC 220 or PSYC 345; EDSP 323 (can be taken concurrently); to be taken concurrently with EDSP 363

Field experience to be completed in a special education community setting of individuals with disabilities.

**EDSP 413 Inclusion and Diversity: Effective Practices and Strategies** 2 hours

Prerequisites: PSYC 345 or EDUC 225; EDSP 323; to be taken concurrently with EDSP 414 or 415

Teacher candidates will apply intervention strategies for adapting curriculum materials and methods to fit individual needs in various school settings. Focus will be on differentiating instruction for students with mild and moderate disabilities.

**EDSP 414 Inclusion and Diversity: Effective Practices and Strategies Licensure Practicum** 1 hour

Prerequisites: PSYC 345 or EDUC 225; EDSP 323; to be taken concurrently with EDSP 413

Field experience to be completed in special education classroom setting.

**EDSP 415 Inclusion and Diversity: Effective Practices and Strategies Community Practicum** 1 hour

Prerequisites: PSYC 345; EDUC 225; EDSP 323; to be taken concurrently with EDSP 413

Field experience to be completed in a special education community setting.

**EDSP 420 Survey of Trends in Special Education** 3 hours

Prerequisites: PSYC 345 or EDUC 307

This course provides a comprehensive overview of special education related topics including legal/ethical issues, documentation procedures, and development of the Individualized Education Program (IEP), Functional Behavior Assessment (FBA), and Behavior Intervention Plan (BIP) as well as models of service delivery and collaboration that can be used in school, church, and community settings.

**EDSP 473 Transition Planning** 2 hours

Prerequisites: PSYC 345 or EDUC 225; EDSP 323; to be taken concurrently with EDSP 474 or 475

This course prepares special educators to work with families to provide successful student transitions throughout the educational experience focusing on educational issues, independent living preparation, community living skills and vocational preparation. Current methods and tools will be covered.

**EDSP 474 Transition Planning Licensure Practicum** 1 hour

Prerequisites: PSYC 345 or EDUC 225; EDSP 323; to be taken concurrently with EDSP 473

Field experience to be completed in classroom setting of students with mental retardation (MR). There will be an examination of IEP development for individuals who are MR.

**EDSP 475 Transition Planning Community Practicum** 1 hour

Prerequisites: PSYC 345; EDUC 225; EDSP 323; to be taken concurrently with EDSP 473

Field experience to be completed in a special education community setting.

**EDSP 495 Directed Research in Special Education** 1 to 3 hours

**EDSP 497 Topics in Special Education** 1 to 3 hours

---

**EDUC 125 Introduction to Education** 1 hour

The teacher candidate will be acquainted with the role of public and private education and the nature of the teaching profession. Attention will be given to current developments in the field of education and the terminology basic to those in the profession. Each teacher candidate will be required to prepare for structured observations in the school setting. Students will apply to the Educator Preparation Program.

**EDUC 220 Differentiated Teaching and Learning (Elementary)** 2 hours

Prerequisites: EDUC 125 (may be taken concurrently)

Designed to train teacher candidates concentrating in elementary or special education in differentiated teaching and learning strategies, aiding the teacher in adapting instruction and assignments to meet individual needs. Emphasis is on the mastery of teaching and learning skills in thinking, organizing for study, time management, reading rate and comprehension, textbook mastery/readability, listening, note taking, retention, motivation for study, learning styles, exceptionality, class discussion, test taking, and handwriting.
EDUC 221  Content Area Reading and Differentiated Teaching and Learning
Prerequisites: EDUC 125, 126 (may be taken concurrently)
This course is designed to prepare teacher candidates training for 6-12 and K-12 level teaching in developing differentiated teaching and learning strategies for the reading, thinking, and study skills required in content areas. Aids the teacher in adapting instruction and assignments to meet individual needs. Emphasis is on mastery of teaching and learning skills in thinking, organizing for study, time management, reading comprehension and rate, textbook mastery/readability, listening, note taking, retention, motivation for study, class discussion, test taking, learning styles, exceptionality, and handwriting.

EDUC 225  Instructional Design: Elementary 1 hour
Prerequisites: EDUC 125, 220 or 221*, admission to Educator Preparation Program. (*may be taken concurrently)
A systematic approach to instruction for diverse classrooms including purpose, process and practice. Each teacher candidate will prepare lessons which follow the Liberty University model. Teacher candidates will be expected to present these lessons in the practicum. Topics include elements of the desired model: objectives, instructional process, systems of evaluation, and resources.

EDUC 226  Instructional Design Practicum: Elementary 2 hours
Prerequisite: To be taken concurrently with EDUC 225
Teacher candidates will demonstrate proficiency in planning, implementing and evaluating instruction for diverse classrooms, which includes appropriate instructional technology (for example: computers, graphics, and other media). Video micro-teaching will be used to assist in evaluating lessons prepared and presented by the teacher candidate.

EDUC 235  Content Instructional Design 1 hour
Prerequisites: EDUC 125/126*, 220 or 221*, admission to Educator Preparation Program. (*may be taken concurrently)
A systematic approach to instruction for diverse classrooms, including purpose, process and practice. Each teacher candidate will prepare content lessons which follow the Liberty University model. Teacher candidates will be expected to present these lessons in the practicum. Topics include elements of the desired model: objectives, instructional process, systems of evaluation and resources. Field experience required.

EDUC 236  Content Instructional Design Practicum: Secondary 2 hours
Prerequisite: To be taken concurrently with EDUC 235
Teacher candidates will demonstrate proficiency in planning, implementing and evaluating content instruction for diverse classrooms, which includes appropriate instructional technology (for example: computers, graphics, and other media). Video micro-teaching will be used to assist in evaluating lessons prepared and presented by the teacher candidate. Field experience required.

EDUC 240  Introduction to Applied Educational Technology Practicum 2 hours
Prerequisites: Admission to Educator Preparation Program; Must be taken concurrently or after with EDUC 225, 235 or KINE 245
This course is designed to allow the teacher candidate to be competent in the application of learning technologies needed for teachers.

EDUC 298  Education Practicum 3 hours
EDUC 299  Internship 0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
Professional-supervised experience in first-hand internship opportunities. Application procedures processed through the Career Center. Must apply semester prior to internship.

EDUC 317  Elementary Reading and Language Arts Practicum 2 hours
Prerequisite: EDUC 225/226, admission to Educator Preparation Program; to be taken concurrently with EDUC 318/319
Students are required to prepare a lesson, teach the lesson in an elementary classroom setting and evaluate the experience. Field experience required.

EDUC 318  Teaching Elementary Reading 2 hours
Prerequisites: EDUC 225/226, admission to Educator Preparation Program; to be taken concurrently with EDUC 317/319
A survey of instructional approaches, materials and media for the teaching of reading in the elementary grades. Emphasis will be placed on phonics methods. Attention will be given to phonemic awareness, phonics, fluency, vocabulary development, and comprehension.

EDUC 319  Teaching Elementary Language Arts 2 hours
Prerequisites: EDUC 225/226, admission to Educator Preparation Program; to be taken concurrently with EDUC 317/318
A survey of instructional approaches, materials and media for the teaching of language arts in the elementary grades, including writing, speaking, and listening. Attention will be given to the connection of language arts to reading, as well as language acquisition, language differences, and creativity and enjoyment in communication. Emphasis will be given to developing differentiated instructional practices for diverse learners in the language arts classroom.

EDUC 322  Teaching Elementary Social Sciences 2 hours
Prerequisites: EDUC 317, 318, 319; 6 hours of social science credit in general education requirement; admission to Educator Preparation Program
An analysis of trends and practices of teaching social sciences in the elementary school. Emphasis will be made on how to transfer theory into practice through the development of instructional planning for the integrated study of history, geography, the social sciences, and other related areas appropriate for the elementary classroom. A unit is developed to enhance differentiation of instruction for diverse learners.

EDUC 323  Teaching Elementary Mathematics 2 hours
Prerequisites: EDUC 317, 318, 319; MATH 117 and 217, or MATH 131 and 132; admission to Educator Preparation Program
An analysis of trends and practices of teaching mathematics in the elementary school. Emphasis will be made on how to transfer theory into practice through the development of instructional planning for the integrated study of major concepts, procedures, and reasoning processes of mathematics that define number systems and number sense, geometry, measurement, statistics and probability, and algebra and other related areas appropriate for the elementary classroom.

EDUC 324  Teaching Elementary Science 2 hours
Prerequisites: EDUC 317, 318, 319; BIOL 101/103 or 102/104; and PHSC 210 or PHYS 101/103; admission to Educator Preparation Program
An analysis of trends and practices of teaching science in the elementary school. Emphasis will be made on how to transfer theory into practice through the development of instructional planning for fundamental concepts in science – including physical, life, and earth and space sciences and other related areas appropriate for the elementary classroom.

EDUC 360  Foundations of Education 2 hours
Prerequisites: PHIL 201 and EDUC 240; admission to Educator Preparation Program
A comprehensive survey of the historical, philosophical, psychological, and sociological foundations of American education. Emphasis is placed upon the educational foundations as found in the Scriptures, and the applicability of these to both the Christian School Movement and the public school system. Students will be expected to articulate their personal philosophy of education as a result of this course.
EDUC 410  Elementary School Curriculum  2 hours
Prerequisite: EDUC 317, 318, 319, 323; to be taken concurrently with EDUC 411; admission to Educator Preparation Program.

Recommendations are presented for curriculum for elementary grades based on major concepts, principles, theories and research related to child development to construct learning opportunities that support individual students’ development, acquisition of knowledge, and motivation. Planning and evaluating appropriate experiences and materials that nurture and challenge children as they progress through their stages of development are provided through practical activities. Current trends and how they affect the curriculum are also addressed.

EDUC 411  Elementary School Curriculum Practicum  1 hour
Prerequisite: EDUC 317, 318, 319, 323; to be taken concurrently with EDUC 410; admission to Educator Preparation Program.

Candidates will participate in a field practicum to experience the relationship between the planning of curriculum and the implementation of instruction. Emphasis is given to integrating the fine arts and/or other noncore areas into the curriculum and using the arts to enhance instruction within the core subject areas. Field experience required.

EDUC 412  Middle School Curriculum and Instruction  2 hours
(Offered fall semester only)
Prerequisite: Admission to Educator Preparation Program. EDUC 317, 318, 319, 322, 323, 324

This course is a study of the historical development and philosophical base of the middle school. It will emphasize the unique characteristics of the emerging adolescent and the prescriptive school concepts that will meet those needs. Field experience required.

EDUC 415  Diagnostic Measurement and Evaluation  2 hours
Prerequisite: Admission to Educator Preparation Program. EDUC 317, 318, 319, 323; to be taken concurrently with EDUC 416.

A diagnostic-prescriptive approach to classroom teaching is presented in this course. The teacher candidate is trained in diagnostic testing techniques and procedures, the administration and interpretation of standardized tests, and the construction of classroom tests.

EDUC 416  Diagnostic Measurement and Evaluation Practicum  1 hour
Prerequisites: Admission to Educator Preparation Program. EDUC 317, 318, 319, 323; to be taken concurrently with EDUC 415.

Teacher candidates will be assigned to tutor elementary students in the Tutoring Club for individual diagnosis and appropriate instruction for diverse learners. Field experience required.

EDUC 419  Content Teaching Methods  2 hours
(Offered fall semester only)
Prerequisite: Admission to Educator Preparation Program; EDUC 235/236; to be taken concurrently with EDUC 419.

Teacher candidates will be required to prepare a unit, teach in a secondary classroom setting, and evaluate the experience. Field experience required.

EDUC 425  Content Measurement and Evaluation  3 hours
Admission to Educator Preparation Program; EDUC 235/236.

This course is designed to acquaint teacher candidates with the basic principles and practices of student assessment through the use of standardized tests and teacher-made tests. Simple statistical treatments of both types of tests are included. Evaluation of instructional objectives is also stressed.

EDUC 435  Content Curriculum Fundamentals  2 hours
Prerequisite: Admission to Educator Preparation Program; EDUC 235/236; to be taken concurrently with EDUC 436.

Curriculum defines the motivation for programs and instruction used in teaching. Content curriculum focuses on those trends and principles which span academic areas and which cross grade levels. Attention will be given to special and alternative education to federal, state and local guidelines; and to the influence of educational philosophies on programs and instruction.

EDUC 436  Content Curriculum Fundamentals Practicum  1 hour
Prerequisite: Admission to Educator Preparation Program.

Student teachers will apply principles of classroom management from reading assignments and group discussion to actual practice in a preK-12 classroom setting appropriate to the endorsement area of the teacher candidate.

EDUC 475  Seminar in Classroom Management  2 hours
Prerequisite: Admission to Student Teaching.

Student teaching offers practice in all phases of teacher responsibility including teaching activities in a preK-12 classroom setting appropriate to the endorsement area of the teacher candidate.

EDUC 477  Student Teaching II  5 hours
Prerequisite: Admission to Student Teaching.

A continuation of student teaching in a preK-12 classroom setting appropriate to the endorsement area of the teacher candidate.

EDUC 495  Directed Research  1 to 3 hours
To be planned (with the instructor) on an individual basis to include research, special activities, and conferences. May be repeated for credit to a maximum of 3 semester hours.

EDUC 497  Special Topics in Education  1 to 3 hours

ELECTRICAL

ELTC 101  Foundations of Electricity  4 hours
Co/Prerequisite: CRFT 101.
Foundations of Electricity is a practical course combining lecture and hands-on instruction. Topics include: Orientation to the Electrical Trade; Electrical Safety; Introduction to Electrical Circuits; Electrical Theory; Introduction to the National Electric Code; Device Boxes; Hand Bending; Raceways and Fittings; Conductors and Cables; Basic Electrical Construction Drawings; Residential Electrical Services; Electrical Test Equipment.

ELTC 201  Intermediate Electricity  4 hours
Prerequisite: ELTC 101.
Intermediate Electricity is a practical course combining lecture and hands-on instruction. Topics include: Alternating Current; Motors: Theory and Application; Electric Lighting; Conduit Bending; Pull and Junction Boxes; Conductor Installations; Cable
ENGE 321 | Introduction to Electronic Devices | 3 hours
Prerequisites: ENGE 212; minimum grade of “C”
Introduction to electronic devices including diodes, transistors and operational amplifiers and their applications in electrical circuits.

ENGE 351 | Electromagnetic Fields | 4 hours
Prerequisites: ENGE 212 and MATH 334; minimum grade of “C”
Fundamentals of electromagnetic theory and modern transmission systems. Maxwell’s equations are formulated and applied to electromagnetic problems including plane-wave propagation, reflection and transmission at discontinuous boundaries and basic transmission line theory.

ENGE 341 | Communications Systems | 3 hours
Prerequisites: ENGE 311, ENGR 210 and MATH 231; minimum grade of “C”
Analysis and design of communication systems and transmission of information over various medium. Topics include modulation, sampled signals, conversion (ADC and DAC), random processes and noise.

ENGE 351 | Power Systems | 3 hours
Prerequisite: ENGE 321; minimum grade of “C”
Basic concepts of AC systems. Topics include single-phase and three-phase networks, electric power generation, transformers, transmission lines, electric machinery and the use of power.
ENGE 421  Advanced Electronics  3 hours
Prerequisite: ENGE 311, ENGR 210 and MATH 231; minimum grade of “C”
Application of advanced design methods used to achieve gain and bandwidth specifications in amplifiers. Topics include use of feedback techniques, and design specifications of operational amplifiers.

ENGE 431  Electromagnetic Compatibility  3 hours
Prerequisite: ENGE 331; minimum grade of “C”
Introduction to the Electromagnetic fields of passive components and Electromagnetic compatibility regulations and measurements. Topics include radiated signals, electromagnetic waves, transmission lines, conducted emissions, radiated emissions, electromagnetic shielding and grounding, and Electrostatic discharge. (Elective)

ENGE 497  Special Topics in Electrical Engineering  3 hours
Prerequisite: Permission of instructor.
Selected topics in various areas of Electrical Engineering. May be repeated for credit when topic varies.

ENGE 499  Electrical Engineering Internship  3 hours
Prerequisites: Major in electrical engineering, permission of the instructor.
Placement in an electrical engineering or related organization for a controlled learning experience within the student’s career specialization area. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

INDUSTRIAL AND SYSTEMS ENGINEERING

ENGI 230  Production Systems  3 hours
Prerequisite: ENGR 110 and CSCI 111; minimum grade of “C”
Introduction to manufacturing and production processes. Topics include production process as a human/machine system, planning, organizing, designing, and operating production systems.

ENGI 299  Internship  0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
Placement in a manufacturing plant, hospital, library, police department, or similar location, or related organization for a controlled learning experience within the student’s career specialization area. Application procedures processed through the Career Center. Must apply semester prior to internship.

ENGI 300  Enterprise Forecasting  3 hours
Prerequisites: MATH 121 and 201 or ENGR 210; minimum grade of “C”
Advanced forecasting and data modeling methods and techniques.

ENGI 305  Data Analysis Methods and Modeling  3 hours
Prerequisite: ENGR 210; minimum grade of “C”
Revealing business and economic patterns and information hidden in data by transforming data using algebraic and statistical methods.

ENGI 310  Probability and Statistics  3 hours
Prerequisite: ENGI 230; minimum grade of “C”
Introduction to the design, analysis and selection of manufacturing facilities and material handling equipment. Topics include integration of computer systems, material flow and storage, and economic implications.

ENGI 315  Management Science  3 hours
Prerequisite: ENGI 110 or CSCI 110; minimum grade of “C”
Introduction to basic principles and application of deterministic analytical methods. Topics include linear programming, integer programming, dynamic programming and nonlinear optimization.

ENGI 350  Introduction to Operations Research: Probabilistic Models  3 hours
Prerequisite: ENGI 340, ENGR 210 and CSCI 111; minimum grade of “C”
Introduction to decision-making modeling and analysis subject to randomness, uncertainty, and risk. Topics include stochastic dynamic programming, Markov chains, and queuing theory.

ENGI 360  Engineering Information Systems  3 hours
Prerequisite: ENGR 110 or CSCI 110; minimum grade of “C”
Introduction to information systems used in the analysis, design, and management of complex engineering projects. Topics include identifying potential data anomalies and methods for ameliorating these problems.

ENGI 410  Engineering Information Systems  3 hours
Prerequisites: ENGR 305; minimum grade of “C”
The methods studied in the prerequisite courses are combined into hybrid models of business and enterprise that not only yield operational efficiencies but provide the information necessary for an enterprise to become and remain the leader in its field.

ENGI 420  Advanced Data Analysis Methods and Modeling  3 hours
Prerequisite: ENGR 305, ENGI 340, and ENGI 350 (*course may be taken concurrently); minimum grade of “C”
A first course in decision analysis that extends the domain of decision-making problems from those considered in traditional statistical hypothesis testing scenarios: modeling decisions, where the emphasis is on structuring decision problems using techniques such as influence diagrams and decision trees, modeling uncertainty, which covers subjective probability assessment, use of classical probability models, Bayesian analysis, and value of information, and modeling preferences, which introduces concepts of risk preference, expected utility, and multi-attribute value and utility models.

ENGI 430  Decision Analysis  3 hours
Prerequisite: ENGR 210, ENGI 340, and ENGI 350* (*course may be taken concurrently); minimum grade of “C”

ENGI 450  Human Factors and Ergonomics  3 hours
Prerequisite: ENGI 330; minimum grade of “C”
Human biological and psychological capabilities and limitations in the industrial setting. Topics include techniques and methods for applying the principles of human factors engineering and ergonomics to systems design.

ENGI 460  Digital Simulation  3 hours
Prerequisites: MATH 334, minimum grade of “C”, and computer programming skills
Introduction to the structure, logic and methodologies of systems simulation. Topics include the generation of random numbers, simulation languages, and simulation models and analysis.

ENGI 497  Special Topics in Industrial and Systems Engineering  1-4 hours
Prerequisite: Permission of instructor.
Selected topics in various areas of Industrial and Systems Engineering. May be repeated for credit when topic varies.

ENGI 499  ISE Internship  1-4 hours
Prerequisite: Major in Industrial and Systems Engineering, permission of the instructor, and Junior or Senior status.
Placement in a manufacturing plant, hospital, library, police department, or similar location or related organization for a controlled learning experience within the student’s career specialization area. Applications are processed through the
department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

<tr>
<th>COURSES OF INSTRUCTION – RESIDENT PROGRAMS</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>ENGL 100 Basic Composition</strong> 3 hours</td>
</tr>
<tr>
<td>Prerequisite: CLST 113</td>
</tr>
<tr>
<td>This course focuses on proficiency in grammar, paragraph development, writing basic essays, and the writing process in general. A minimum of three paragraphs and two essays will be required. English 100 does not meet the general education requirements in English but does offer three elective credits.</td>
</tr>
</tbody>
</table>

| **ENGL 101 Composition and Rhetoric** 3 hours |
| Prerequisite: ENGL 100 (minimum grade of “C”) or SAT Writing score of 480 or ACT English score of 19 |
| Through the critical engagement of a variety of texts, including written, oral, and visual, this course prepares students to become careful readers, critical thinkers, and skilled writers. Drawing upon rhetorical theory, it emphasizes the practices of analytical reading, informed reasoning, effective writing, and sound argumentation. The course requires 4,000 words of writing in no fewer than five writing projects, three of which are argumentative essays incorporating external sources. |

| **ENGL 102 Composition and Literature** 3 hours |
| Prerequisite: ENGL 101 |
| Composition and Literature continues the emphasis on writing. Two analytical papers — based upon studies of the short, poetry, and drama — and a research paper, sequentially developed, are required. |

| **ENGL 103 Technical Communication for the Professions** 3 hours |
| Technical communication refers to all communication done on the job, and this course has been designed for those individuals who seek an associate’s degree and wish to communicate effectively in their chosen professional field. The instructor will focus on on-the-job communication, including written documents such as résumés and cover letters to get job interviews. |

| **ENGL 201 American Literature I** 3 hours |
| Prerequisites: ENGL 101; ENGL 102 or MUSC 200, or equivalent |
| A survey from the early Colonial period through the American Renaissance. Two critical papers are required. |

| **ENGL 202 American Literature II** 3 hours |
| Prerequisites: ENGL 101; ENGL 102 or MUSC 200, or equivalent |
| A survey of American literature following the American Renaissance. Two critical papers are required. |

| **ENGL 215 English Literature I** 3 hours |
| Prerequisites: ENGL 101; ENGL 102 or MUSC 200, or equivalent |
| A survey of English literature from its beginning to 1660. Two critical papers are required. |

| **ENGL 216 English Literature II** 3 hours |
| Prerequisites: ENGL 101; ENGL 102 or MUSC 200, or equivalent |
| A survey of English Literature from 1660 to the present. Two critical papers are required. |

| **ENGL 221 World Literature I** 3 hours |
| Prerequisites: ENGL 101; ENGL 102 or MUSC 200, or equivalent |
| A survey of literary works from around the world beginning with the earliest civilizations through about 1550 A.D. Two critical papers are required. |

| **ENGL 222 World Literature II** 3 hours |
| Prerequisites: ENGL 101; ENGL 102 or MUSC 200, or equivalent |
| A survey of literary works from around the world starting about 1550 A.D. to the present. Two critical papers are required. |

| **ENGL 299 Internship** 0 hours |
| Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind. Professional-supervised experience in first-hand internship opportunities. Application procedures processed through the Career Center. Must apply semester prior to internship. |

| **ENGL 301 Literary History: Ancient** 3 hours |
| A study of selected masterpieces from ancient times to the Renaissance. Research Paper is required. |

| **ENGL 302 Literary History: Modern** 3 hours |
| A study of selected masterpieces from the Renaissance to the present. Research Paper is required. |

| **ENGL 304 Period** 3 hours |
| A study of the works of a major period of British or American Literature. Reading intensive. |

| **ENGL 305 Genre** 3 hours |
| A study of one of the major literary genres—novel, epic, poetry, drama, or essay—investigating its characteristic features and tracing its development over time. Reading intensive. |

| **ENGL 306 Diversity** 3 hours |
| A study of the literature of a minority culture—Jewish, African American, Latino, for example. Reading intensive. |

| **ENGL 307 Expository Writing** 3 hours |
| An introduction to Expository writing, with particular attention paid to structure, form, audience, and tone. Reading intensive. |

| **ENGL 308 Author** 3 hours |
| A study of the works and contexts of a major Author. Reading intensive. |

| NOTE: Prerequisites for all further English courses include ENGL 101, 102 and the general education course in literature. |

| **ENGL 310 Children’s Literature** 3 hours |
| A critical interpretation of literature for children and young adults. Research paper required. |

| **ENGL 320 Adolescent Literature** 3 hours |
| This course examines a broad range of young adult literature, both classical and contemporary, with an appeal to a diverse audience, including most adolescents and many adults. The focus is on analyzing works of adolescent literature and acquainting students with critical resources important to the scholar. Research paper required. |

| **ENGL 322 Shakespeare** 3 hours |
| A study of the principal plays of Shakespeare read in the light of the dramatic and literary background of his time. Research paper required. |

| **ENGL 333 Modern Grammar** 3 hours |
| A course emphasizing the nature, structure and modifications of the English language with emphasis upon traditional, structural and generative-transformational grammars. |

| **ENGL 364 History of the English Language** 3 hours |
| The pronunciation, grammar and vocabulary of the English language in terms of its historical development are emphasized. |

| **ENGL 382 Eighteenth Century English Literature** 3 hours |
| A study of the major poets and prose of the 18th century in the context of pertinent biographical and historical details. Research paper required. |

| **ENGL 405 Literature of the Bible** 3 hours |
| An examination of the literature and literary theory of the English Bible, based upon analysis and explication of selected passages. Special consideration is given to such topics as literal meaning, metaphor as meaning, and the rhetorical dimensions of various modes of discourse as they occur in Scripture. Research paper required. |
### ENGL 406 Literature of the Civil War 3 hours
This seminar focuses on a survey of newspapers, novels, poems, religious tracts, and short stories, which were written either during or about the time of the Civil War. Research paper required.

### ENGL 412 Author 3 hours
A Seminar in the works and contexts of a major Author. Writing intensive.

### ENGL 413 Period 3 hours
A Seminar in the works of a major period of British or American Literature. Writing intensive.

### ENGL 414 Genre 3 hours
A Seminar in one of the major literary genres – novel, epic, poetry, drama, essay, and so on – investigating its characteristic features and tracing its development over time. Writing intensive.

### ENGL 415 Diversity: Advanced World Literature 3 hours
A Seminar in the literature of a minority culture – Jewish, African American, Latino, or Women, for example. Writing intensive.

### ENGL 416 Writing 3 hours
Practice in a variety of literary forms – fiction, poetry, creative, non-fiction, expository – with an emphasis on the development of tone and style. Writing intensive.

### ENGL 417 Writing as Cultural Engagement 3 hours
Prerequisites: ENGL 101; ENGL 102; ENGL 200-level course
Instruction and practice in writing for publication in various media (blogs, op-eds, popular journals, online news sites, etc.) with an emphasis on diverse audiences, rhetorical strategies, and cultural context. Writing intensive.

### ENGL 419 Methods and Materials in the Teaching of English 2 hours
Prerequisite: Admission to Educator Preparation Program
A study of methods, theories, and activities for teaching language, composition and literature in middle and secondary school English. Must be taken before student teaching. May not be counted toward the English major.

### ENGL 420 Secondary Methods Teaching Practicum 1 hour
Prerequisite: To be taken concurrently with ENGL 419
At least 20 hours of reflective classroom observation at the middle or secondary school level and the teaching of two to three consecutive lessons.

### ENGL 433 Literary Criticism 3 hours
A study of the major philosophies and theories, both historical and contemporary, with attention also given to understanding the various views of literary theory and to the student’s development of his own defensible literary theory. Research paper required.

### ENGL 442 Musical Theatre 3 hours
This course is a survey of the history of musical theatre, beginning with Vaudeville and continuing through to the contemporary stage, with special emphasis given not only to the text but to the performance aspect of the libretto as well.

### ENGL 460 Christian Literature 3 hours
This is a survey of literary works representing 2,000 years of Christian history. The course covers a broadly defined range of literature that either serves or is shaped by the Christian worldview. The survey begins with the patristic writers of the early church, then turns to the medieval mystics, the reformers, neoclassicists, romantics and moderns, and ends with the dawn of the postmodern period. In addition, the course will include supplemental reading that will assist students in developing a distinctly Christian poetic and aesthetic: a biblical approach to reading, writing, and appreciating literature and all forms of art. Research paper required.

### ENGL 462 Religious Issues in Dramatic Literature 3 hours
This course examines dramatic literature from the classical Greek plays to contemporary dramas, with special attention given to religious criticism. Research paper required.

### ENGL 491 Senior Capstone 3 hours
This course is a senior level capstone seminar results in a project that integrates three of the five course types of the English major: Genre, Author, Period, Diversity and Writing. Additionally, this course will focus on Christian worldview approaches, vocational opportunities, and assessment.

### ENGL 495 Directed Research 1 to 3 hours
Prerequisite: Junior or senior status students who qualify will pursue studies of a particular interest as approved and supervised by the instructor.

### ENGL 497 Special Topics in English 1 to 3 hours

### ENGL 499 English Internship 1 to 6 hours
Prerequisite: Junior or Senior status
Professorial-supervised experience in first-hand internship opportunities: writing, editing, researching and comparable duties. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

### MECHANICAL ENGINEERING

#### ENGM 310 Materials Engineering 3 hours
Prerequisites: CHEM 121, ENGR 110, 125; 235; minimum grade of “C”
A study of the atomic and molecular structure of materials and the effects on their various properties and applications. It provides understanding of how the microstructure composition of materials can be tailored to desired mechanical, electrical, optical, magnetic and even smart properties. Emphasis is placed on the four most common categories of engineering materials: metals, plastics, ceramics, and composites. It also provides a survey on the abundance, selection, design, manufacturing, and designation of engineering materials.

#### ENGM 325 Thermal Fluids Design Lab 2 hours
(1 hr lecture; 1 hr lab)
Prerequisite: PHYS 320, ENGR 315, and ENGR 360 with a minimum grade of “C”
To reinforce key concepts of thermal-fluid sciences and introduce thermal-fluids system design. To equip students to design and carry out experiments related to thermal-fluids systems, to analyze data, and report results in a professional manner. Students learn to operate equipment such as heat exchangers, centrifugal pumps, ducts and fittings, compressors, refrigerators, valves, dampers, etc. Additionally, students are introduced to thermal-fluids systems in nature.

#### ENGM 345 Material and Manufacturing Processing 3 hours
Prerequisite: ENGM 310 with a minimum grade of “C”
To introduce the physical fundamentals of manufacturing process; with emphasis placed on those physical principles that are common to several, apparently unrelated, processes. Students learn material selection and processes, especially for metals, plastics, ceramics, and composites. Topics include: geometric attributes of manufactured parts, service attributes of manufactured products, materials in design and manufacturing, machining and nontraditional machining processes, joining processes, surface treatments, manufacturing of semiconductor devices, manufacturing systems, and dynamics of manufacturing in a globalized economy.

#### ENGM 350 Computer-Aided Engineering 3 hours
Prerequisite: ENGR 125, MATH 231; minimum grade of “C”
This course emphasizes on creative design, application of physical laws, and hands-on virtual or physical projects. Review of kinematics/dynamics of commonly used planar mechanisms and programming techniques for motion simulation. Interdisciplinary projects will be assigned to assess students’ design knowledge. Application of computer-aided techniques to the analysis of engineering problems utilizing governing equations of the systems.
Students will be exposed to formulations of finite element methods of analysis. Emphasis is placed on practical aspects of structural FE.

**ENGM 355 Design of Machine Components** 3 hours  
Prerequisite: ENGR 330 with a minimum grade of “C” or better is required.

To provide common analytical approaches to design a wide variety of machine components. It emphasizes the engineering mechanics topics of failure theory and analysis. It provides reinforcement of finite element method and computer-aided engineering as techniques and tools to aid machinery design. Topics include: Cam design and analysis; static and fatigue failure theories; surface failure; shafts, keys, and couplings; bearings and lubrication; spur, helical, bevel and worm gears; spring design; screw and fasteners; clutches and brakes.

**ENGM 375 Thermal Fluids Design Lab** 2 hours  
(1 hr lecture; 1 hr lab)  
Prerequisites: PHYS 320; ENGR 315, ENGR 360; minimum grade of “C”  
To reinforce key concepts of thermal-fluid sciences and introduce thermal-fluids system design. To equip students to design and carry out experiments related to thermal-fluids systems, to analyze data, and report results in a professional manner. Students learn to operate equipment such as heat exchangers, centrifugal pumps, ducts and fittings, compressors, refrigerators, valves, dampers, etc. Additionally, students are introduced to thermal-fluids systems in nature. (Formerly ENGM 375)

**ENGR 415 Design of Machine Components** 3 hours  
Prerequisite: ENGR 330; minimum grade of “C”  
To provide common analytical approaches to design a wide variety of machine components. It emphasizes the engineering mechanics topics of failure theory and analysis. It provides reinforcement of finite element method and computer-aided engineering as techniques and tools to aid machinery design. Topics include: Cam design and analysis; static and fatigue failure theories; surface failure; shafts, keys, and couplings; bearings and lubrication; spur, helical, bevel and worm gears; spring design; screws and fasteners; clutches and brakes. (Formerly ENGM 355)

**ENGR 445 Material and Manufacturing Processing** 4 hours  
(2 hr lecture; 2 hr lab)  
Prerequisite: ENGM 310; minimum grade of “C”  
To introduce the physical fundamentals of manufacturing processes; with emphasis placed on those physical principles that are common to several, apparently unrelated, processes. Students learn material selection and processes, especially for metals, plastics, ceramics, and composites. Topics include: geometric attributes of manufactured parts, service attributes of manufactured products, materials in design and manufacturing, machining and nontraditional machining processes, joining processes, surface treatments, manufacturing of semiconductor devices, manufacturing systems, and dynamics of manufacturing in a globalized economy.

**ENGR 110 Introduction to Engineering and Problem Solving** 3 hours  
Prerequisites: MATH 128 (may be taken concurrently); minimum grade of “C”  
Introduction to engineering problem solving techniques, the engineering design process, and the engineering profession. This course also introduces students to the various engineering disciplines offered at Liberty University and enables them to chart a path to success in achieving their engineering degree, as well as helping students understand what they must do to excel in their studies. This course also serves non-engineering students by exposing them to an overview of the engineering discipline. This course is mandatory for all engineering majors.

**ENGR 125 Visualization for Engineers** 1 hour  
Prerequisites: ENGR 110 and ENGR 131; minimum grade of “C”  
To train students on graphical applications of vital and practical importance in engineering. The intention is to assist students to improve their 3-dimensional spatial cognitive skills. The creation and interpretation of graphical communication will be introduced. Concepts include: two and three dimensional part and assembly representations, dimensioning and tolerance as a link between design and manufacturing, introduction to solid modeling and virtual prototyping.

**ENGR 131 Calculus for Engineers** 4 hours  
Prerequisites: MATH 128, minimum grade of “C” or ACT Math 27 or SAT Mathematics 600; ENGR/CSCI 110 minimum grade of “C” or as co-requisite  
Functions and graphs, exponential, logarithmic, inverse trigonometric, limits, the derivative, techniques of differential, continuity, applications of differentiation, L’Hopital’s Rule, the integral. Emphasis on engineering applications. Preview of differential equations, numerical methods and partial differentiation. (This course is intended for Engineering, Computer Science or Internet Technology majors only. ENGR 133 is required for computer science and engineering major or minors).

**ENGR 133 Calculus with MATLAB** 1 hour  
Prerequisites: Concurrent enrollment in ENGR 131 or credit for ENGR 131; minimum grade of “C”  
This course is intended to be an introductory MATLAB Lab in which the topics of arithmetic, algebra, plotting, preparation of m-files, limits, derivatives, related rates, optimization, integration, and other engineering-related topics will be investigated. (This course is intended for Engineering, Computer Science or Internet Technology majors only.)

**ENGR 210 Probability and Statistical Methods for Engineering** 3 hours  
Prerequisite: ENGR 131 or MATH 131 and ENGR 110 or CSCI 110; minimum grade of “C”  
Introduction to applied probability and the principles and methodologies of statistical inference. Topics include methods of data analysis, point and interval estimation; test of hypotheses, correlation, regression and an introduction to analysis of variance methods.

**ENGR 235 Statics** 3 hours  
Prerequisite: PHYS 231; minimum grade of “C”  
A study of 2D and 3D force systems, equilibrium, structures, distributed forces, shear and bending moment diagrams, friction, and area moments of inertia. Analysis of the static equilibrium of rigid bodies and fluids in static conditions. Topics include free-body diagram, concentrated forces, distributed forces, forces due to friction, and inertia forces, as well as their application to the analysis of machines, structures and systems.

**ENGR 240 Dynamics** 3 hours  
Prerequisite: ENGR 235; minimum grade of “C”  
A study of force action related to displacement, velocity and acceleration of particles and rigid bodies using translation and rotation, work and energy and impulse and momentum principles. Course is presented in two parts: the geometric aspects of the motion, or kinematics; and the analysis of forces causing the motion, or kinetics.

**ENGR 270 Technical Communication** 3 hours  
Prerequisite: ENGL 101; minimum grade of “C”  
This course will teach students how to write documents representing the three main types of technical writing: operational (instructional), promotional (argumentative and analytical), and reportorial (expository, informational and analytical). Students will also evaluate and edit documents belonging to these categories by examining how well these documents serve their purpose for particular audiences in different cultural and social contexts.
Students will study and practice communicating ideas competently in diverse public and private speaking venues.

**ENGR 277 Engineering Ethical and Legal Issues** 3 hours
Prerequisite: BWVW 102; minimum grade of “C”
Introduction to the ethical and legal issues encountered during the development of engineering projects from a Christian perspective. Topics include copyrights, patents, contracts, environmental responsibility, personnel management, and professionalism. (Formerly ENGR 377)

**ENGR 313 Mechatronics** 4 hours
(2 hr lecture; 2 hr lab)
Prerequisites: MATH 334, PHYS 231, PHYS 232; minimum grade of “C” and Junior Status in Major
An introductory study of the fundamental principles and technologies found in modern computer-controlled machines and processes, or mechatronics systems. Students learn about the four main components of a mechatronic system: sensors, actuators, motion transmission mechanisms, and controllers. Students are expected to design and build a mechatronic system. (Formerly ENGR 213)

**ENGR 315 Fluid Dynamics** 3 hours
Prerequisites: MATH 231, ENGR 240; minimum grade of “C”
To provide an understanding of both the kinematics and kinetics of fluids. Students gain knowledge on the fundamental conservation laws of mass, momentum, and energy. Students will be expected to gain an ability to solve and design engineering problems involving pipe flow, turbomachines, pumps, large reservoirs, etc. Topics include: the Reynolds transport theorem, the Bernoulli’s equation, applications of fluid momentum to propellers, wind turbines, turbojets, and rockets, differential fluid flow analysis, dimensional analysis and similitude, Reynolds number and flow classification, analysis, and design for pipe flow, flow over external surfaces and boundary layer, cavitation and turbo machines.

**ENGR 330 Mechanics of Materials** 4 hours
(3 hr lecture; 1 hr lab)
Prerequisite: ENGR 310; minimum grade of “C”
A thorough study of the principles that govern the internal effects of stress and strain in solid bodies that are subjected to external loading. The purpose is to enable the engineering student to design solid components and structures by selecting materials and geometry. Students learn to compare strength of materials against design solid components and structures by selecting materials and external loading. The purpose is to enable the engineering student to design solid components and structures by selecting materials and geometry. Students learn to compare strength of materials against environmental responsibility, personnel management, and professionalism. (Formerly ENGR 377)

**ENGR 360 Heat Transfer** 3 hours
(2 hr lecture; 1 hr lab)
Prerequisites: MATH 334, PHYS 320; minimum grade of “C”
A study of the fundamentals of the three traditional forms of heat transfer: conduction, convection, and radiation. Both steady state as well as transient heat transfer are introduced. The concept of numerical methods in the solution of realistic heat conduction problems is presented. Students are exposed to external and internal forced as well as natural convective heat transfer. Selection and design of heat exchangers are introduced both theoretically and practically.

**ENGR 365 Dynamic Systems Modeling** 3 hours
Prerequisite: MATH 334; ENGR 213, 240 with a minimum grade of “C” or better is required for all.
A study of the modeling, stimulation, and control of mechatronic systems. Upon successful completion of this course, students will be able to: develop mathematical models of real systems; use techniques to analyze and understand systems behavior; use modern computational tools to simulate the dynamic response of systems to external stimuli; and design automatic control systems. Topics will include: dynamic models, linearity and nonlinearity of systems, multiport systems and bond graphs, basic bond graph elements, various types of mechanical and electrical systems, state-space equations and automated simulations, and analysis and control of linear systems.

**ENGR 370 Quality Assurance** 3 hours
Prerequisite: ENGR 210; minimum grade of “C”
Introduction to the principles involved in designing statistical quality control systems. Topics include probability concepts, density and distribution functions, control chart concepts and sampling inspection plans.

**ENGR 381 Engineering Design Introduction** 3 hours
Prerequisite: Chair approval, Junior Status, MATH 334, and ENGR 270; minimum grade of “C”
Introduction to the design process. Topics include system engineering, team dynamics, design specifications, conceptual design, scheduling, developing a business plan, market survey, and budgeting.

**ENGR 385 Thermodynamics II** 3 hours
(2 hr lecture; 1 hr lab)
Prerequisite: ENGR 360; minimum grade of “C”
To bridge the gap between knowledge of fundamentals of thermodynamics and its applications. Students are presented a wealth of real-world engineering examples involving thermal systems. Starting with the ideal concept of energy, students are introduced to gas power cycles, vapor and combined power cycles, refrigeration cycles, for pure substances and mixtures. Other topics include chemical reactions, chemical and phase equilibriums, and compressible flow.

**ENGR 405 Dynamic Systems Modeling** 3 hours
(3 hr lecture)
Prerequisite: MATH 334; ENGR 240; ENGR 313; minimum grade of “C”
A study of the modeling, simulation, and control of mechatronic systems. Upon successful completion of this course, students will be able to: develop mathematical models of real systems; use techniques to analyze and understand systems behavior; use modern computational tools to simulate the dynamic response of systems to external stimuli; and design automatic control systems. Topics will include: dynamic models, linearity and nonlinearity of systems, multiport systems and bond graphs, basic bond graph elements, various types of mechanical and electrical systems, state-space equations and automated simulations, and analysis and control of linear systems.

**ENGR 481 Engineering Design I** 3 hours
Prerequisite: ENGR 381; minimum grade of “C”
The second course in the design sequence of formal design courses that emphasizes the design process. Student teams carry a project from inception to completion to satisfy the need of a client. In addition to technical design, factors such as safety, economics, and ethical and societal implications are considered.

**ENGR 482 Engineering Design II** 3 hours
Prerequisite: ENGR 481; minimum grade of “C”
The third course in the design sequence where the student is exposed to engineering design and development. Design process culminates in prototype development, gathering performance data and presenting a final design briefing to peers and department faculty.

**ENGR 495 Directed Research** 1-6 hours
Prerequisite: Written permission of the chairman of the department in area of concentration and consent of instructor
Research-oriented project or an independently completed course of study in a specially designed area as approved and supervised by the instructor. May be repeated for up to 6 credits or as approved by the department chair.
ENVIRONMENTAL SCIENCE

ENVR 215  Principles of Environmental Science  3 hours
Prerequisites: ACT Composite 20 or MATH 115 or SAT Mathematics 500

This course surveys the principle components of ecosystems and the structure and dynamics of populations and communities. These principles are then integrated and applied to environmental issues including: biological and sociological impacts of human population growth; use and management of natural resources; sources and regulation of pollution; and biological and economic aspects of conservation.

ENVR 220  Physical Geology  3 hours
An introduction to the materials and processes of the geosphere. Topics include: minerals; rocks; and geological resources; surficial features and processes; natural hazards; plate tectonics; fossils; hydrology; and soils.

ENVR 221  Physical Geology Laboratory  1 hour
(3 hours laboratory)
A hands-on investigation of geological materials, features, and processes. Emphasis is placed on techniques to identify rock and mineral samples, utilize topographic and geologic maps, identify and interpret geological structures, and measure rates in geological settings (e.g., plate motion, erosion, and water flow). Includes local field trip(s).

ENVR 350  Environmental Science and Policy  3 hours
Prerequisite: BIOL 225 or 317 or ENVR 215 or 320 with a grade of “C” or better or permission of the instructor

This course will investigate the scientific and policy-based aspects of several controversial environmental issues as well as their impacts on businesses and private citizens. It will present multiple perspectives for each issue and will take a debate-style format that stimulates student interest and develops critical thinking skills. Readings and discussions will focus on the interplay between scientific results and the policies proceeding from them including the appropriateness of such policies.

ENVR 370  Geographic Information Systems (GIS)  3 hours
Prerequisites: PHSC 210/211 or ENVR 220/221

This course is designed to provide practical experience in spatial database design and analysis using Geographical Information System (GIS) as applied primarily to the environmental sciences. Topics include: the history of GIS; GIS data structures and sources of data; GIS tools; software applications; and resources. Exercises include: spatial data display and query; map generation; and simple spatial analysis using ArcGIS software.

EAGLE SCHOLARS LEADERSHIP

ESLP 101  Introduction to Leadership  1 hour
Prerequisite: Membership in the Eagle Scholars Leadership Program

This course is part one in a course sequence initiated for the Eagle Scholars program. The course focuses on introduction to leadership skills, attitudes, and practices, particularly connecting with others within a university context.

ESLP 102  Self-Leadership Development  1 hour

This course is part two in a course sequence initiated for the Eagle Scholars program. The course focuses on developing self-leadership skills, attitudes and practices, particularly within the university context.

ESLP 201  The Art and Science of Leading Others  1 hour

This course is part three in a course sequence initiated for the Eagle Scholars program. The course focuses on continued development in understanding leadership thinking, practices and identity. Special emphasis is placed on Biblical perspectives in leadership.

ESLP 202  The Art and Science of Changing Culture  1 hour

This course is part four in a course sequence initiated for the Eagle Scholars program. The course focuses on continued development in understanding leadership thinking, practices and identity. Special emphasis is placed on biblical perspectives in leadership and assessing cultural and community needs and creating effective solutions.

ENGLISH AS A SECOND LANGUAGE

ESOL 080  English as a Second Language for Intermediates: Grammar and Writing  3 hours
A course for learners of English who place as high beginners or as intermediates in the ESL placement batteries. The course involves work in all 4 language skills: reading, writing, listening and speaking in English in order to build the student’s level of language proficiency. Students who place as intermediates take 3 hours per week, and high beginners take five hours per week. Language lab work is required. ESOL 080 does not meet the General Educational Requirements in English.

ESOL 090  English as a Second Language: Grammar and Speech  3 hours
Prerequisite: ESOL 080 or ESL Placement Battery results

This course integrates the study of advanced level ESL grammar with written composition. The student responds in writing to a variety of reading selections. The cross-cultural element in ESL writing is also considered. The student must receive at least a C to be eligible for ENGL 101.

EVANGELISM

EVAN 101  Evangelism and the Christian Life  2 or 3 hours
An in-depth study of how to lead people to Christ. Special attention will be given to the theology of all aspects of evangelism including the follow-up. Various methods of approach and presentation will be considered. Emphasis will be placed on evangelism and the local church for conservation of results.

ETHNOMUSICOLOGY

ETHM 411  Music and Culture  3 hours
Students interact with people and music from different cultures and participate in an initial fieldwork experience and presentation of research. It provides a comprehensive overview of cultural traditions, belief systems, and practices of world cultures as approached through the study and analysis of the music of different ethnic groups.

EXERCISE SCIENCE

EXSC 101  Introduction to Exercise Science  1 hour
This course is an overview of the professions in the field of exercise science. Career opportunities within exercise science and allied health will be investigated. Various aspects of careers, determining requirements for advanced study and learning what coursework would be appropriate for the different career paths.

EXSC 302  Exercise and Sports Injuries  2 hours
Prerequisite: EXSC 310

This course will examine the most common types of injuries that occur in exercise and sport settings. It will include the causes, treatment and prevention of these injuries. (Formerly KINE 302)
EXSC 310  Physiology of Exercise  3 hours  
Prerequisites: BIOL 213/214, 215/216  
A study of the effects of exercise on the major systems of the human body including the cardiorespiratory, neuro-muscular, glandular and digestive. Other effects influencing human exercise will be examined, including climate, altitude and ergogenic aids. (Formerly KINE 310)

EXSC 311  Analysis of Human Movement  3 hours  
Prerequisite: EXSC 310  
This course is a scientific study of the musculoskeletal anatomy and neuromuscular physiology involved in voluntary movement. The physiological principles applicable to the anatomical structures that produce human movement will be examined. (Formerly KINE 311)

EXSC 315  Group Exercise Instruction  2 hours  
This course will focus on the theoretical knowledge of leadership skills necessary to design, implement, and evaluate safe and effective group exercise programs. Emphasis will be placed on group leadership and group fitness instruction. Observations within the field will be available as well as opportunities to apply introductory concepts of exercise training through practical application. The course materials will also address the various skill sets necessary for entry employment into the health and fitness industry.

EXSC 320  Measurement and Evaluation in Health and Kinesiology  3 hours  
Prerequisite: EXSC 310  
This course will consider the basic principles related to measurement and evaluation including the selection, administration and use of tests unique to the field of health and physical education. Special emphasis will be placed on testing procedure. Computer software for statistics will be introduced. (Formerly KINE 320)

EXSC 340  Essentials of Strength Training and Conditioning  3 hours  
Prerequisites: KINE 225, EXSC 310, and Junior status  
This course includes the theories, organization, methods, and techniques involved in the teaching and coaching of strength training, physical conditioning, and personal training. (Formerly KINE 340)

EXSC 350  Biomechanics  3 hours  
Prerequisite: EXSC 310, Junior status; to be taken concurrently with EXSC 351  
This course provides students with a foundational knowledge of basic mechanical principles and how these can be applied in analyzing movements of the human body. The course uses an integrated balance of qualitative and quantitative examples, applications, and problems designed to illustrate the mechanical principles discussed. (Formerly KINE 350)

EXSC 351  Biomechanics Lab  1 hour  
Prerequisites: EXSC 310 and Junior status; EXSC 350 is required as a co-requisite or prerequisite  
This lab course provides students with the application of basic mechanical principles in analyzing movements of the human body. The course uses an integrated balance of qualitative and quantitative applications to illustrate the mechanical principles discussed in EXSC 350, Biomechanics.

EXSC 410  Applied Exercise Physiology  3 hours  
Prerequisites: Admission to EXSC major; EXSC 310, 320 and Junior status; to be taken concurrently with EXSC 411  
This course provides the students with practical experience in implementing different methodologies in the measurement of physiological responses to acute and chronic exercise. Emphasis is placed on the application of the ACSM guidelines and appropriate experimental techniques. The usage of equipment in evaluating changes in body composition and various metabolic, cardiovascular, and respiratory adjustments during exercise in different populations will be included. (Formerly KINE 410)

EXSC 411  Applied Exercise Physiology Lab  1 hour  
Prerequisites: Admission to EXSC major; EXSC 310, 320 and Junior status; EXSC 410 is required as a co-requisite or prerequisite  
This course is designed for students in the Exercise Science major to gain proficiency in exercise testing and interpretation as it relates to the various physiological systems and components. (Formerly KINE 411)

EXSC 421  Practicum  1 hour  
Prerequisites: Admission to EXSC major; EXSC 310 and Senior status  
This course is designed for students in the Exercise Science major to gain exposure to various fitness/health settings. The student must choose two of the following areas: strength and conditioning, personal training, or clinical rehabilitation. The student must complete 15 observational hours in each of the two chosen areas, for a total of 30 hours. (Formerly KINE 421)

EXSC 433  Exercise Prescription for Special Populations  3 hours  
Prerequisite: Admission to EXSC major; EXSC 310 and Junior status  
This is an advanced course in clinical exercise prescription relative to disease of the cardiovascular, pulmonary, metabolic, musculoskeletal, neuromuscular and immunologic systems. The course also provides a basic understanding of the patho-physiology and exercise responses in populations afflicted with these diseases. (Formerly KINE 433)

EXSC 460  Exercise Testing, Evaluation, and Prescription  3 hours  
Prerequisites: Admission to EXSC major; EXSC 310, 320, and Junior status  
This course will consider the use of health and fitness field and laboratory instruments, techniques, procedures and equipment. Special emphasis will be placed on the ability to administer test protocols for evaluating the health-related components of physical fitness. (Formerly KINE 460)

EXSC 461  Exercise Leadership  3 hours  
Prerequisites: Admission to EXSC major; EXSC 310 and Junior status  
This course will emphasize the necessary leadership qualities and skills expected for leading exercise activities. The student will develop professional competencies through classroom instruction as well as observational and practical experiences. (Formerly KINE 461)

EXSC 485  Health Fitness Specialist Workshop and Certification  1 hour  
Prerequisites: Admission to EXSC major; EXSC 310, 433, 460  
This course will provide structured experiences in the classroom, laboratory and exercise arenas to improve the knowledge, skills, and abilities in health-related physical fitness assessment and exercise programming as outlined by the American College of Sports Medicine guidelines. This experience will culminate with the student taking the Health Fitness Specialist certification exam, which requires the student to demonstrate the knowledge, skills, and abilities that are needed by an entry-level health/fitness practitioner.

EXSC 499  Professional Internship in Exercise Science  3 to 6 hours  
Prerequisites: Admission to EXSC major; Senior status; have completed all EXSC coursework and HLTH 333, with a grade of “C” or better; have a minimum overall GPA of 2.25 or higher; have achieved a minimum score of 480 on ACSM exam, and uploaded exam results sheet to Sharepoint; or consent of the Exercise Science Program Director.
This course involves practical work experience in an approved exercise or fitness-related agency, physical or occupational therapy clinic, chiropractic office, or similar setting/facility supervised by a qualified professional. Selection of the internship site should coincide with academic track selected and intended career path. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship. (Formerly KINE 499)

**Prerequisites:**
- FACS 240
- FACS 243
- Sophomore status

Two dimensional (2D) Architectural drafting and mechanical drawing for interiors using AutoCAD® and related software.

**Course Descriptions:**
- **FACS 245 Decorative Arts for the Interiors**
  Historical and contemporary study of decorative arts for the interior. Creative innovations will be explored through projects, guest speakers and field trips.

- **FACS 260 Early Childhood Education**
  Prerequisite: PSYC 210 or permission of the instructor
  Theories, principles, and strategies of working with young children using developmentally appropriate curriculum.

- **FACS 299 Internship**
  Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
  An individually-selected and directed practical work experience under the direction of a professional. The work experience should be closely related to the individual’s career objective. Application procedures processed through the Career Center. Must apply semester prior to internship.

- **FACS 320 Textiles: Fibers and Fabrics**
  Prerequisite: CHEM 105 or BIOL 102
  Study of natural and synthetic fibers in addition to the manufacturing processes involved in the production of fabrics from raw to finished form for use in clothing and home furnishings. Focus on identification of fabric construction and product performance.

- **FACS 324 Specialty Fashion Markets**
  Prerequisite: FACS 225: Introduction to Fashion Industry
  Detailed study of important accessories categories in the women’s, men’s, and children’s fashion industry. Analysis of materials, product design, merchandising techniques, historical and contemporary review of fashion accessories in the apparel industry.

- **FACS 329 Fashion and Textile Design with Computers**
  Prerequisite: FACS 222
  Students will develop fashion and textile designs through the aid of computer software programs.

- **FACS 330 Human Nutrition**
  Prerequisites: Biology or chemistry course
  Chemical structure, function, digestion, metabolism and biochemical interrelationships of nutrients relating to life cycle, current issues and diet selection.

- **FACS 335 Food and Culture**
  Influence of cultural patterns on food habits evident in acceptable food sources, service, preparation, and preservation in societies around the world.

- **FACS 340 Housing: Consumer and Community**
  Sociological, psychological, economical and technological aspects of shelter are explored from both historical and contemporary perspectives.

- **FACS 345 Interior Architecture**
  Prerequisite: FACS 240
  Investigation of material components used by the designer coinciding with advanced residential design portfolio project that includes specification of surface finishes, architectural details and furnishings.

FRENCH

NOTE: All students with one or more years of high school French are encouraged to consider CLEP for lower level language credits.
All course enrollments are based on placement. The appropriate online assessment test must be taken prior to enrollment. Contact the Department of English and Modern Languages for more information.

FREN 101 Elementary French I 3 hours
This is an introductory course designed to place emphasis on functional grammar, practical vocabulary, listening skills and conversation in French. This course will serve as a basis for further development of fluency in reading, writing, understanding, and speaking the language.

FREN 102 Elementary French II 3 hours
Prerequisite: FREN 101 or placement score
This is a continuation of the beginning course, FREN 101, emphasizing the development of functional grammar, practical vocabulary, listening, reading and writing skills in French. This course is designed to further develop fluency in reading, writing, listening comprehension and speaking in the language.

FREN 201 Intermediate French I 3 hours
Prerequisite: FREN 102 or equivalent, or placement score
This is an intermediate course designed to place continued emphasis on functional grammar, practical vocabulary, listening exercises and conversation in French. This course expands the basic proficiencies in speaking, listening, reading and writing the language acquired in FREN 101 and 102. This course is conducted primarily in French.

FREN 202 Intermediate French II 3 hours
Prerequisite: FREN 201 or placement score
This course will expand the student’s acquisition of practical vocabulary and refine the student’s knowledge of French grammar, while stressing the development of oral skills.

FREN 299 Internship 0 hours
Prerequisite: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
Professional-supervised experience in a first-hand internship opportunity. Application procedures processed through the Career Center. Must apply semester prior to internship.

FREN 301 Advanced Conversation 3 hours
Prerequisite: FREN 202 or placement score
This course will refine the student’s oral-aural knowledge of the French language. It will include composition, readings and oral presentations. The class will be conducted in French.

FREN 304 Francophone Civilizations/ Cultures 3 hours
Prerequisite: FREN 202 or placement score
This course will provide an overview of francophone geography, culture, civilization, socio-economic problems and some modern francophone literature exclusive of France. The class will be conducted in French and a project will be required.

FREN 310 Translation 3 hours
Prerequisites: FREN 202 with a grade of “B” or higher, or equivalent and ENGL 102 or MUSC 200 which may be taken as a co-requisite.
This course will examine modern translation theory and include a comparison of various linguistic traits of both languages. The course will enable students to apply grammatical rules, perform textual analyses, and use various translation procedures to translate a variety of documents from French to English.

FREN 311 Evolution of the French Short Story 3 hours
Prerequisites: FREN 202 with a grade of “B” or higher, or equivalent.
This course will trace the evolution of the French short story from the Moyen Âge to the present while highlighting various literary periods, movements and artists.

FREN 312 French Classics in Film 3 hours
Prerequisites: FREN 202 with a grade of “B” or higher, or satisfactory equivalent.
This course will use film as the medium of instruction to study various literary masterpieces of French romanticism, realism and naturalism.

FREN 321 Modern French Drama 3 hours
Prerequisite: FREN 202
This course will provide a survey of French drama from the 20th century. The class will be conducted in French.

FREN 495 Directed Research 1 to 3 hours
Prerequisite: Junior or Senior status
This is a self-directed course of study intended to further the student’s understanding of the French language, literatures and cultures of French-speaking countries by means of special research projects. This work is conducted in French.

FREN 497 Special Topics in French 1 to 3 hours
Prerequisite: Junior or Senior status
Professional-supervised experience in first-hand internship opportunities: writing, editing, researching, and comparable duties. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

GEOGRAPHY

GEOG 200 Introduction to Geography 3 hours
An introduction course in the physical and cultural phenomena of the earth, stressing spatial distribution of these phenomena.

GEOG 320 Regional Studies in Geography 3 hours
Prerequisite: Junior or Senior status
Geographic approach to a specific region of the world through historic, cultural, economic, political and physical geography. Course may be repeated as topics vary. (Formerly GEOG 420)

GEOG 410 Global Issues in Geography 3 hours
(Offered as needed)
Prerequisite: Junior status with at least one course from the following areas: international business, government or biology
A course dedicated to showing the interrelationships between geography and fields of study supportive of geography in such issues as national security, environmental crises, and global interdependence. Extensive writing and communication skills can be expected.

GEOG 495 Directed Research 1 to 3 hours

GEOG 497 Special Topics in Geography 1 to 3 hours

GLOBAL STUDIES

GLST 200 Introduction to Global Studies 3 hours
This course is an introduction to understanding the history, principles and foundations of global engagement. Additionally, this course lays the groundwork for an intercultural career and provides principles for engaging the current global environment.

GLST 220 Intercultural Communication and Engagement 3 hours
This course will take a close look at behaviors and core values of the North American culture, identify areas where these values are barriers to effective intercultural communication and explore principles for effective engagement in another culture.
GLST 301  Global Exposure
This course will study systems of human behavior and thought for the purpose of improving understanding of, and relations between, people. Several case studies will be used to illustrate these systems.
Prerequisite: A student must be approved by the Global Studies Department Chair to register for this course.
This experiential learning course provides exposure to the needs, realities, opportunities and cultures found in major cities and global contexts. Students will engage in cross-cultural training, travel exposure, social interaction, and guided reflection of their experiences. (Available Spring 2016)

GLST 350  World Religions
The basic principles and practices of the most significant world religions are discussed and evaluated. The course goes beyond descriptions and identifies points of contact and cultural opportunities for effective communication, understanding and engagement.

GLST 380  Global Studies Field Experience
An elective seminar that exposes the student to the needs, duties, conflicts and cultural barriers of working as a career professional in a selected area of the world. The seminar requires on-site involvement and engagement in a country outside the United States and is accompanied with reading, lectures and interaction with expatriate workers and nationals of the host country.

GLST 385  Career Preparation for Global Workers
This course will help guide potential global workers through the process of pursuing an intercultural career. (Formerly GLST 441)

GLST 387  Living Abroad
This course is taken concurrently with the field internship, will teach individuals how to thrive, and not simply survive, in another culture. (Formerly GLST 480)

GLST 388  Ethnographic Research
This course is a research project that is taken concurrently with the field internship experience. Primarily building on the principles learned in GLST 290, but integrating everything learned to this point, individuals will do extensive ethnographic mapping of the culture in which they are completing the field internship.

GLST 389  Barefoot Language Learning
This course is an on-site language study that is taken concurrently with the field internship experience. Specific emphasis is given to learning the heart language of the host culture by seeking conversational aptitude.

GLST 390  Engaging Oral Communicators
This course is an in-depth study of oral learners, those who prefer the spoken word as a primary form of communicating thoughts, observations and experiences. Skills will be developed in communicating, guiding the growth of oral communicators and fostering community development through the telling of stories.

GLST 421  Roman Catholicism
This is a study of the historical development, global influence and major doctrines of the Roman Catholic Church.

GLST 425  Animism
This course is a survey of the phenomena of Animism, its underlying worldview and expressions in various cultures.

GLST 431  Introduction to Islam
This course explores the historic rise and expansion of Islam as well as basic Muslim beliefs and practices. Attention is also given to the diversity within the world of Islam.

APOL 431  Introduction to Islam
This course helps guide potential global workers through the process of pursuing an intercultural career.

GLST 461  Becoming a Global Facilitator
This course trains leaders how to be effective global catalysts in their current roles in their home cultures.

GLST 485  Jungle Camp
A practical experience of learning intercultural concepts, survival skills and cultural adjustments through simulated jungle or tribal contexts.

GLST 490  Trends and Issues in Global Studies
This course is taken the semester following the internship experience. Individuals will reflect upon current trends and issues in global studies based on their experiences abroad.

GLST 491  Global Studies Capstone
Prerequisites: GLST 489
This Capstone Course prepares seniors for their next steps after graduation by helping them to synthesize, refine, and articulate their knowledge and experience, build a professional and academic portfolio, and develop a plan for future global engagement.

GLST 495  Directed Research
This course is an individual study of advanced topics in Global Studies that includes periodic meetings with the instructor.

GLST 497  Special Topics in Global Studies
Selected topics in various areas of Global Studies. This course may be repeated for credit when the topic varies.

GLST 499  Global Studies Internship
Prerequisites: GLST 200, 220, 290, 385 for Global Studies Majors
This course is a field experience under the supervision of a qualified individual currently working in an intercultural career. It is a required experience for Global Studies majors and is available to Global Studies minors and students in other courses of study. Students must apply through the Center for Global Engagement at least two semesters prior to the internship.

GOVT 200  Constitutional Government and Free Enterprise
Diverse introduction to political and economic ideas, government institutions, free market processes, public issues, economic policy and political and economic activity, emphasizing the close relationship between a system of limited constitutional government and the free enterprise economy and providing an overview of the Christian worldview with regard to government and economics.

Note: GOVT 200 is a prerequisite to all upper level government courses.

GOVT 210  Introduction to Political Science
A comparative survey of the scope, methodologies, and major schools of political science, including its links with history, economics, and other cognate fields.

GOVT 220  American Government
The issues, interest and institutions of American politics, emphasizing the struggle between liberalism and conservatism.

GOVT 299  Internship
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
Directed applicable work experience under supervision of the Director of Government Internships and an administrator or professional at the place of employment in the area of career interest.
Techniques for managing and resolving conflict in international relations. Emphasis is on current international issues like U.S. Arms policy and U.S. policy in the Middle East.

GOVT 345 Jurisprudence 3 hours
(Offered spring semester)
An introduction to law and philosophy of law, including categories of law, some legal terminology, justice, liberty, crime and punishment.

GOVT 346 Legal Research and Writing 3 hours
An overview for the pre-law student of legal research methods and legal writing. Attention will be given to online and traditional avenues of legal research, as well as standard formats for case briefs, IRAC, Bluebooking, formal legal memoranda, synthesizing cases, and the principles of statutory construction. The course requires a major legal research paper.

GOVT 350 Political Economy and Public Policy 3 hours
Application of social ethics and economic theory to government, politics, social institutions, law and public policy questions. Topics include the role of a worldview in public policy, the role of civil government versus the role of the market, constitutional and legal decision-making, the morality of capitalism, the problems of special interest groups and public bureaucracies, the theory of regulation and specific public policy issues.

GOVT 356 Introduction to Public Administration 3 hours
An introduction to the history and theory of public administration. These ideas will be applied within a variety of public institutional contexts.

GOVT 380 Introduction to Intelligence and National Security 3 hours
(Offered fall semester)
An upper-division introduction to the field of intelligence and the Intelligence Community, and how it all works within the framework of the Department of Homeland Security.

GOVT 381 Intelligence Analysis 3 hours
(Offered spring semester)
An upper-division course studying field of intelligence analysis to give students a basic understanding of what it takes to be an analyst within the Intelligence Community. The course looks at some classic intelligence failures as well as some of the unpublished successes.

GOVT 382 History of Intelligence 3 hours
(Offered fall semester)
An upper-division study of intelligence from the earliest biblical times up through the modern period. The development of American intelligence is covered in detail.

GOVT 383 History and Nature of Intelligence Tools 3 hours
A study of intelligence tools and their utilization within an institutional context. This course is not designed to teach students how to use intelligence tools but rather to give them an understanding of what constitutes an intelligence tool, how those tools have been developed over time, and how they support the consumers of intelligence products.

GOVT 385 NDU/NIS Symposium I 3 hours

GOVT 386 NDU/NIS Symposium II 3 hours
(Offered fall and spring semesters, when available)
(Prerequisite: GOVT 480 or an upper division intelligence course.)

GOVT 480 Government Colloquium 1 hour
This experience includes all government faculty members. Government majors should enroll for a minimum of three semesters.
Students and faculty will participate in a series of events in which they will be exposed to current policy issues, politicians, graduates of the department and the research interests of faculty members and students through paper presentations, speeches, debates and films.

**GOVT 402 American Political Ideas: The Founders** 3 hours
The political thought of the Pilgrims, the Puritans, and the Founding Fathers, emphasizing the impact of Christianity upon American political ideas.

**GOVT 403 International Economics** 3 hours
Principles of foreign trade and its impact on the domestic economy, means of restricting trade, the influence of the military systems and exchange and role of U.S. in underdeveloped areas.

**GOVT 405 Political and Economic Development** 3 hours (Offered fall semester odd numbered years)
An analysis of the common problems of less developed countries in Africa, Asia, and Latin America with a survey of theories of development.

**GOVT 421 American Constitutional History** 3 hours
A survey of American constitutional development from British and colonial origins to the present, emphasizing the history of the Supreme Court and the development of the constitutional framework.

**GOVT 422 American Constitutional Law** 3 hours (Offered spring semester)
Prerequisite: GOVT 421
An in-depth historical analysis of American constitutional law, emphasizing landmark Supreme Court decisions, especially in the field of civil liberties.

**GOVT 425 American Foreign Policy** 3 hours
A course on U.S. foreign policy since 1945. Emphasis is not on a detailed examination of events but rather on the practical use of history for public policy-making and management.

**GOVT 430 Comparative Economic and Political Ideas**
A comparison of capitalism, socialism and communism, emphasizing the ideas and ideologies that are struggling today across the world.

**GOVT 433/ BIBL 433 The Jewish Temple in History and Prophecy** 3 hours
This course is an introduction to the historical, archaeological, and theological significance of the Jewish Temple and its various forms in the Bible.

**GOVT 440 Political Geography** 3 hours (Offered spring semester)
A study of the political, cultural, and economic dynamics of the international system with special attention given to its geo-strategic dimensions.

**GOVT 445 International Law** 3 hours (Offered spring semester)
An examination of international organizations, their nature, political processes, and impact in different issue areas, including peacekeeping and security, international development, human rights, international monetary policy, and control of the seas.

**GOVT 450/ BIBL 450 Middle East Conflict in Biblical Perspective** 3 hours
Prerequisite: BIBL 105 and BIBL 110
This course traces the causes, development, consequences and outcome of the Middle East conflict from a biblical and Christian Zionist perspective. The relevant historical and biblical texts will be examined with respect to Israel’s conflict with the nation’s past, present and future and the contemporary interpretation of the conflict within Christianity.

**GOVT 451 Social Policy** 3 hours
A survey of American social policy development with an emphasis on religion, education, information, civil rights and health/reproduction policies. The social policy development process will be examined within the context of contemporary political institutions.

**GOVT 458 Public Policy Development in the Political Environment** 3 hours
This capstone course for public policy concentrators will emphasize the application of foreign, social and economic policy concepts. The student will be exposed to contemporary cases for which they will be required to build policy responses and political implementation strategies.

**GOVT 462 Public Finance and Budgeting** 3 hours
Fiscal and military policy, taxation and the budget process in government.

**GOVT 470 Government Regulation of Business** 3 hours
The sources and impact of various forms of government intervention in the private business sector, including the economic effects of regulation, the legal functions of various agencies, and rulemaking and regulatory powers and limitations of government administrative agencies.

**GOVT 475 Advanced Public Administration** 3 hours
This course is a synthesis course for government majors. The course will apply and integrate broad concepts including the application of economic theory, management theory, administrative law, and political theory in the resolution of public sector management cases.

**GOVT 477 Trial Advocacy** 3 hours
An overview of foundational principles of advocacy in the courtroom. This course will introduce students to the basic principles and skills of advocacy in the trial courts of America. Students will study the element of a trial, the Federal Rules of Evidence, and how to prepare and perform an opening statement, a direct cross-examination of witnesses, and a closing argument.

**GOVT 478 Appellate Advocacy** 3 hours
An overview of foundational principles of advocacy in the appellate arena. A survey of the principles necessary to successfully advocate before an appellate panel and a practical application of the elements in a competitive setting.

**GOVT 480 Terrorism** 3 hours
A cross-disciplinary study of terrorism as a form of organized political violence; its intellectual, cultural, political, and religious roots; and its uses in ethnic, sectarian, and international conflicts.

**GOVT 481 Counter-Terrorism** 3 hours
Prerequisite: GOVT 200 and GOVT 480 (Offered spring semester)
This course will evaluate the main aspects of the war on terror. The course will focus on dilemmas relating to intelligence gathering, offensive and defensive actions taken against terrorist organizations, civil liberties and media coverage, and the strategies and approaches for combating terrorism.

**GOVT 482 Counter-Intelligence** 3 hours
Prerequisite: GOVT 380
A study of counter-intelligence from the analytical and operational perspectives. It focuses on the security phase of intelligence covering those activities devoted to destroying the effectiveness of hostile competition’s intelligence activities and to protecting one’s own information and intelligence methods.

**GOVT 483 Military Intelligence** 3 hours
An upper-division study of tactical military intelligence and the related military branch intelligence agencies as well as the Defense Intelligence Agency.

**GOVT 484 Strategic Intelligence** 3 hours (Offered spring semester, even number years)
An upper-division course studying the concept of Strategic Intelligence, including the concept of fourth generation warfare, from the standpoint of the various intelligence agencies, the Department of State, and the Department of Defense.
An intermediate study of the function or syntax of Greek grammar, including the reading of continuous texts from the Greek New Testament.

GREEK 401 Greek Exegesis 3 hours  
Prerequisite: GREK 301  

GREEK 495 Directed Research in Greek 3 hours

GERMAN

GRMN 101 Elementary German I 3 hours  
This course is designed to teach the student to understand, speak, read and write idiomatic German at the level of Novice High. Extensive aural/oral practice will occur in the classroom and in the language laboratory.

GRMN 102 Elementary German II 3 hours  
Prerequisite: GRMN 101 or placement score  
This course will further the objective of GRMN 101, expanding student's knowledge of practical vocabulary and functional grammar and thereby enabling them to communicate at the level of Intermediate Low. (Available Spring 2015)

GRMN 201 Intermediate German I 3 hours  
Prerequisite: GRMN 102 or placement score  
This course enables intermediate students of German to continue development of the four language skills (understand, speak, read and write) to the level of Intermediate Mid. Students will also increase their cultural knowledge and begin to make use of the language in relation to their individual pursuits and callings. Classroom communication is in German. (Available Spring 2015)

GRMN 202 Intermediate German II 3 hours  
Prerequisite: GRMN 201 or placement score  
This course will further the objectives of GRMN 201 to enable students to communicate at the level of Intermediate High. Students will continue to augment their cultural knowledge and make more effective use of the language in relation to their individual pursuits and callings. Classroom communication is in German. (Available Spring 2015)

GRMN 497 Special Topics in German 3 hours  
Prerequisite: GRMN 202 or placement score  
Emphasis is on developing linguistic fluency and cultural awareness through a process of accessing, analyzing, and effectively communicating “real world” information obtained from designated authentic German resources. Classroom communication is in German. (Available Spring 2015)

HEBREW

HBRW 201 Hebrew Grammar I 3 hours  
An introduction to the essentials of biblical Hebrew grammar including the alphabet and vowels, morphology, the strong verb and vocabulary. This course provides the foundation for beginning translation.

HBRW 202 Hebrew Grammar II 3 hours  
An expansion of the foundation of Hebrew Grammar I, emphasizing mastery of the weak verb, introductory syntax, translation from various genre and additional vocabulary.

HBRW 495 Directed Research in Hebrew 3 hours

HISTORY – EUROPEAN

HIEU 201 History of Western Civilization I 3 hours  
A survey of the major currents in Western civilization from its beginnings in the ancient Near East to 1648.

HIEU 202 History of Western Civilization II 3 hours  
A survey of the major currents in Western civilization since 1648.

with emphasis on the development of the American democratic tradition. The delivery of this course will include online assignments and a study trip.

**HIUS 310 American Colonial History** 3 hours
Prerequisite: HIUS 221
The history of the United States from the ratification of the Constitution to the election of William McKinley. Special emphasis is placed on U.S. presidential elections. (Formerly HIUS 370)

**HIUS 311 American Economic History** 3 hours
Prerequisite: HIUS 222
A study of the economic, cultural, and military developments from the founding of the thirteen colonies to the American Revolution.

**HIUS 312 Era of the American Revolution** 3 hours
Prerequisite: HIUS 221
The causes and nature of the Civil War; the crises during the Civil War and Reconstruction. This course examines the historical development of the United States as a world power from the election of McKinley to the present. Special emphasis is placed on U.S. presidential elections. (Formerly HIUS 342)

**HIUS 313 Jeffersonian America, 1789–1815** 3 hours
Prerequisite: HIUS 221
The growth of ideas and institutions which led to American independence, the creation of an American union and a distinctive culture. (Formerly HIUS 480)

**HIUS 314 American Colonial History** 3 hours
Prerequisite: HIUS 221
An in-depth study of American society and politics from before the settlement of Jamestown to the present. The course examines the social, cultural, political, and economic interactions of the Atlantic World from circa. 1492 – 1789. A comparative survey of African history.

**HIUS 315 U.S. History, 1917–1945** 3 hours
Prerequisite: HIUS 222
A study of American political development from the Gilded Age to World War II with emphasis on the political and social consequences of urbanization, industrialization and immigration.

**HIUS 316 Jacksonian America** 3 hours
Prerequisite: HIUS 221
Prerequisite: HIUS 222
The history of the United States from the Presidency of George Washington through the War of 1812, with particular attention to the rise of political and constitutional conflict between Federalists and Jeffersonian Republicans.

**HIUS 317 Industrial America, 1877–1917** 3 hours
Prerequisite: HIUS 222
The growth of the American economy from the 18th century to the present. The interaction between government, business and labor will be analyzed with emphasis on the development of the modern business corporation.

**HIUS 318 Modern American Military History** 3 hours
Prerequisite: HIUS 221
An in-depth study of United States military history in the 20th century. (Formerly HIUS 480)

**HIUS 319 History of Virginia** 3 hours
Prerequisite: HIUS 221 or 222
A study of Virginia history from before the settlement of Jamestown to the present.

**HIUS 320 The Ante-Bellum South** 3 hours
Prerequisite: HIUS 221
A study of all aspects of Southern life and civilization from the colonial period to secession with special emphasis on the effects of the institution of slavery.

**HIUS 321 Civil War and Reconstruction** 3 hours
Prerequisite: HIUS 221
A study of the political and social disintegration of the 1850s; the causes and nature of the Civil War; the crises during Reconstruction.

**HIUS 322 Directed Research** 1 to 3 hours
A study of the political and social disintegration of the 1850s; the causes and nature of the Civil War; the crises during Reconstruction.

**HIUS 323 Latin American Civilization: Colonial Period** 3 hours
Prerequisite: HIUS 222
A study of the history of Latin America from the Spanish and Portuguese conquests to the independence movements. (Formerly HIUS 470)

**HIUS 324 Latin American Civilization: National Period** 3 hours
Prerequisite: HIUS 222
The colonial inheritances which influenced national development; political, economic and religious trends of the 19th century; revolutionary trends in the 20th century. (Formerly HIUS 472)

**HIUS 325 Korean and Vietnam Wars** 3 hours
This course examines the political and social disintegration of the 1850s; the causes and nature of the Civil War; the crises during Reconstruction.

<td></td>
</tr>
<tr>
<td>HSER 201</td>
<td>Survey of Human Services</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>This course explores the complexities of the Human Services field, such as, the macro-mechanics of the service delivery system, the variety of professionals within the field, and the diversified population groups receiving specialized services. It provides the student with a historical perspective and it explores the societal values that served as a catalyst for the implementation of the policies that influence the delivery of human services.</td>
<td></td>
</tr>
<tr>
<td>HSER 301</td>
<td>Human Services Practices</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td><strong>Prerequisite:</strong> HSER 201</td>
<td></td>
</tr>
<tr>
<td></td>
<td>The purpose of this course is to prepare students for work in human services. The focus is practical in what to expect in the work setting in terms of managing both specific population groups as well as the various entities providing services. Students will examine the dynamics of clients, agency, and the self as the representative and provider of services. The course will help students understand the complex religious, moral, economic, and political aspects of human services practice when interacting with a variety of people. The student will be exposed to a broad range of ideas about the philosophies and practices of the various agencies and will be challenged to identify their own beliefs about the role of helping others in a professional context.</td>
<td></td>
</tr>
<tr>
<td>HSER 499</td>
<td>Internship</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td><strong>Prerequisite:</strong> Senior Status; Human Service Major</td>
<td></td>
</tr>
<tr>
<td></td>
<td>A course that provides students the opportunity to observe human behavior within the human services profession. Applications are processed through the department Faculty Intern Advisor. And, all applicants must apply the semester prior to starting the internship.</td>
<td></td>
</tr>

INDIVIDUALIZED/INTERDISCIPLINARY STUDIES

INDS 200  Academic and Career Synthesis  1 hours
Prerequisite: Sophomore standing
Designed to promote and strengthen early awareness of the career development process. While topics are personalized, competencies include assessing, identifying, and evaluating personal values and personality strengths for career application; conducting specific job research; and solidifying career plans using critical thinking and logic. Students will also develop a proficiency in networking and job search techniques, resume building, and effective interviewing skills for a relevant field of interest. This course also serves as a capstone requirement for the Interdisciplinary Studies AA degree program.

INDS 400  Knowledge Synthesis for Professional and Personal Development  3 hours
Prerequisite: Senior standing
Designed to assess student mastery of content knowledge for the Individualized Studies and Interdisciplinary Studies degree programs, this capstone course requires students to produce a carefully organized summation and synthesis of accomplishments, learning, and goals related to their undergraduate degree program at Liberty University. Throughout this process, students will discover a greater understanding of transferable skills and qualifications and how these relate to career opportunities and/or graduate school respectively.

INDS 499  Integration of Faith and Learning  6 hours
Prerequisite: Enrollment in Washington Semester Fellowship Seminar
This course provides students with hands-on practice in faith and learning integration as they complete an internship in Washington, D.C. as part of the Washington Semester Fellowship. Students not only complete all requirements for the Washington Semester Fellowship, but they also complete a reflective project that synthesizes their on-the-job experiences with the worldview training they receive as part of the program. Course may count for a maximum of three of the six credits to be earned as Integrative courses for the Bachelor of Arts degree.

INFORMATICS

INFO 305  Quality Management and Decision Support 3 hours
Prerequisite: BUSI 311 or CSIS 100
Explores the quality of patient care, quality management techniques and related decision-support practices; evaluates the impact of Computerized Provider Order Entry (CPOE) on the quality, safety, and efficiency of health care data will be explored; decision modeling techniques, incorporating comparative analysis, simulation, optimization, and decision analysis designed to increase the efficiency and effectiveness of decision support within the healthcare system.

INFO 310  Foundations of Pharmacology  3 hours
Prerequisite: NURS 105 and INFO 305
Foundational view of the relationship between pharmacologic and pharmacokinetic knowledge; safe administration of medication; emphasis on the reasoning behind the selection of route, dosage, and dosing schedules of medications provided to patients across their lifespan; legal and professional issues surrounding the safe administration of medication.

INFO 320  Healthcare Informatics  3 hours
Prerequisite: BUSI 311 or INFO 305
Evaluates the needs of end users within the healthcare system; multi-phase project planning, evaluation, adoption, and management of new technologies centered on effectively and efficiently exchanging electronic health information; evaluation of medical practice workflows and exploration of the functional needs of end-users while analyzing the fiscal and human resource commitments needed in diverse settings.

INFO 321  Healthcare Coding and Classification  3 hours
Prerequisite: INFO 305 and INFO 320
Development of coding and classification systems; analysis of the structure and organization of the medical coding functions within the healthcare system; emphasizing the importance on ICD and CPT coding considerations, process evaluation and improvement, billing reimbursement, and related reporting issues central to effective and efficient operation and compliance.

INFO 405  Informatics Information Systems  3 hours
Prerequisite: BMIS 200
An examination of expert, bio, and clinical decision support systems and technology; management of data in database management systems; data mining; informatics systems analysis, design, and implementation.

INFO 410  Healthcare Enterprise Systems  3 hours
Prerequisite: BMIS 200 and INFO 305
Healthcare enterprise architecture planning, methodology, and frameworks; medical classification and coding systems including electronic health record system design and implementation.

INFORMATION TECHNOLOGY

INFT 102  PowerPoint®  1 hour
An introduction to the basics of Microsoft® PowerPoint which includes creating and editing presentations, slide design, layout, transitions and animation. Topics including tables, pictures, Word Art and charts will be included in the course.

INFT 103  Excel®  1 hour
An introduction to the basics of Microsoft® Excel which includes creating and analyzing data through the use of performing calculations and various formulas. Topics include entering data in a cell, constructing formulas, formatting worksheets, using the SUM function and creating charts based on data from the spreadsheet.

INFT 104  Word®  1 hour
An introduction to the basics of Microsoft® Word which includes creating professional documents, editing and formatting documents and generating reports. Topics include inserting text, graphics and tables as well as modifying text boxes, tabs and general paragraph alignment.

INFT 105  Introduction to Information Literacy  1 hour
An introduction to the information literacy skills and resources needed for academic research and lifelong learning. Students will learn to identify, assess, organize, and report information responsibly, including library print and electronic materials as well as web resources.

INFT 110  Computer Concepts and Applications  3 hours
This course will introduce the student to the operation and use of computers. Specific applications taught include operating systems, word processing, spreadsheets, and presentation software. In addition, students will learn basic terminology and concepts related to the use of computers in today’s society.

INFT 111  MAC Computer Concepts and Applications  3 hours
This course will introduce the student to the operation and use of MAC computers. Specific applications taught include operating systems, word processing, spreadsheets, and presentation software. In addition, students will learn basic terminology and concepts related to the use of computers in today’s society.

INFT 126  Adobe InDesign - Introductory  1 hour
This course will introduce the student to Adobe InDesign. Specific skills taught include creating, editing, and publishing a created document to various media formats.

INFT 127  Adobe Photoshop - Introductory  1 hour
This course will introduce the student to Adobe Photoshop. Specific skills taught including creating, editing, and publishing digital content, including photos, images, and effects.
INFT 151 Mobile Media Techniques 1 hour
This course will introduce students to mobile devices, concepts, and using established mobile apps. Students will use mobile devices to create and web publish mobile media content that will enhance their understanding of the tools and functions available to tell their stories, communicate content, and establish a web presence.

INFT 152 Social Media Tools – Introductory 1 hour
This course will introduce the concepts and applications of social media. Students will gain hands on experience using readily available social media tools to create a social media presence on the internet.

INFT 241 CompTIA A+: Computer Hardware and Operating Systems Certification 3 hours
This course will introduce hardware, software, operating systems, and trouble-shooting. Students will learn basic skills in building and trouble-shooting computers, installing/configuring operating systems, and basic networking.

JOURNALISM

JOUR 220 News Writing & Reporting I 3 hours
Prerequisites: ENGL 101; Grade of C or better
This course provides a survey of media journalism formats and writing techniques for each. The course is designed to enhance the appreciation of the journalism professional as well as provide an understanding of the basic techniques used by the professional to inform for both broadcast and written forms of media. Students will write objective news stories using the inverted pyramid and complete circle, produce copy for broadcast news stories, create online news stories and be introduced to the basics of blogging. (Formerly COMS 220)

JOUR 225 Media Writing 3 hours
This course provides a survey of mass communication media formats and writing techniques from news for print and broadcast, to advertising and public relations. The course is designed to enhance the appreciation of the mass communication professional as well as provide an understanding of the basic techniques used by the professional to inform and/or persuade audiences. Students will write news stories, produce copy for broadcast news, create an advertising package, and develop a public service announcement. (Formerly COMS 220)

JOUR 354 News Writing and Reporting II 3 hours
Prerequisites: JOUR 220
The study and practice of news story preparation, including a step-by-step breakdown of each stage of story development for both print and electronic media. The student will concentrate on learning to write reporting style, which is different from expository writing. The student will develop responsibility for the accuracy and clarity of the work from beginning to end. By the end of the course, the student will be able to develop and produce a full-length magazine article including such elements as narrative flow, colorful detail and appropriate quotations. (Formerly COMS 354)

JOUR 356 Social Media Writing 3 hours
Prerequisites: JOUR 220
This course explores writing for various social media platforms and how they fit into a marketing plan. Students learn practical techniques used in producing social media content that promotes audience affinity and loyalty.

JOUR 358 Strategic Web Writing (Blogging) 3 hours
Prerequisites: JOUR 220 or JOUR 225
This course covers the study and practice of writing blogs for information, promotion, persuasion, and entertainment. The students will learn to craft their writing efforts in order to reach a variety of different audiences, including writing for media, businesses, nonprofit organizations and personal platforms. This course will allow students to build a portfolio.

JOUR 360 Media Convergence 3 hours
Prerequisites: ARTS 222; DIGI 225; JOUR 354
This course features a hands-on approach that allows students to develop news stories using a variety of traditional media as well as social media such as Twitter, Facebook and Instagram. The media convergence class will help the student prepare material that is suitable for a portfolio.

JOUR 370 Sports Writing & Reporting 3 hours
Prerequisites: JOUR 220
This course provides a survey of sports writing styles and will examine the elements that comprise a well-written sports story or column including such elements as narrative flow, colorful detail and appropriate quotations.

JOUR 373 Editorial and Opinion Writing 3 hours
Prerequisites: JOUR 220
A study in presenting opinions in a persuasive manner through research and writing. Students will develop skills to produce a commentary on contemporary issues that inform, persuade and change attitudes and actions. (Formerly COMS 373)

JOUR 374 Magazine Writing/Editing 3 hours
Prerequisites: SCOM 110, JOUR 220
An advanced magazine writing course focusing on writing and selling full-length magazine articles with additional emphasis on magazine article editing and knowledge of the marketplace. (Formerly COMS 374)

JOUR 375 Community Reporting 3 hours
Prerequisites: JOUR 220
Examines the principles and practices of community journalism, offering students extensive hands-on experience in writing localized content. Special emphasis is given to the individual and group creation of targeted content.

JOUR 390 Champion Practicum 1 hour
Prerequisites: JOUR 220 or JOUR 225
This course provides opportunities to apply what has been explored in the classroom through the operation of The Liberty Champion, our Liberty University student-run newspaper. Practicum is designed to enhance those acquired skills and knowledge and provide the student with the opportunity to build a portfolio for employment. (Ad/PR students should request a sales assignment.) (Formerly COMS 390)

JOUR 391 Advertising Design and Photography Practicum 1 hour
Prerequisites: JOUR 220 or JOUR 225
This course provides opportunities to apply what has been explored in the classroom in the area of advertising design. Practicum is designed to enhance those acquired skills and knowledge and provide the student with the opportunity to build a portfolio for employment, using real clients and their advertising placed in the Champion newspaper. (Formerly COMS 391)

JOUR 396 Advertising Practicum 1 hour
Prerequisites: JOUR 220 or JOUR 225
While priority will be given to Advertising/PR concentration students, this course is open as an elective to students majoring in Business Administration with the Marketing Cognate or to Sport Management majors. Students will work in support of the Advertising and Public Relations agency operated in the Department of Communication Studies under the wing of the Advertising/PR concentration. Students must enroll in this class if they plan to compete in Ad Team or Public Relations Student Society of America (PRSSA) contests. This practicum gives students the experience needed prior to getting an internship or a job in advertising or public relations or marketing or management. (Formerly COMS 397)

JOUR 482 Senior Projects 3 hours
Prerequisites: ARTS 224, DIGI 225 or DIGI 224, JOUR 354
This is a capstone course and a requirement for Digital Media and Communication Arts majors in the Journalism concentration. In a culminating activity, students produce three stories of professional quality designed for digital multimedia platforms. Students attend a
weekly seminar and work independently under the supervision of a faculty member. Students will be required to immerse themselves in a specific beat such as education, business, medicine, sports, etc. for their news content.

JOUR 485  Investigative Reporting  3 hours
Prerequisites: JOUR 220 & JOUR 354
An in-depth study of research, study development, interview techniques and writing for investigative stories in mass media. Critical thinking and analysis will be developed as students review court documents and interview witnesses of cases and seek to evaluate the evidence. Research will be developed into a news story. (Formerly COMS 485)

JOUR 498  Professional Practicum  1 hour
Prerequisites: JOUR 354, ARTS 224 or 341, DIGI 225 or DIGI 224
This is a course designed for senior who are working for an on campus media group as an editor or producer. It is meant to give academic credit for the experience that gain as a leader for media outlet.

KINESIOLOGY

KINE 101  Physical Fitness  1 hour
A basic course in fundamentals of personal physical fitness. Emphasis is given to concepts of aerobic exercise, strength and flexibility development.

KINE 207  History and Foundations of Physical Education  2 hours
An overview of the physical education teaching profession. Instructional emphasis is on the historical development, philosophical perspectives, curricular programs, and current problems and issues of physical education.

KINE 208  Motor Learning  2 hours
A study of the principles involved in the development of human motor/sport skills. Instructional emphases focuses on the processes underlying skilled performance and the application of principles of skilled performance and learning in teaching, coaching, and rehabilitation settings.

KINE 209  Motor Learning Lab  1 hour
Lab sessions designed to give students the opportunity to experience problem-solving situations involving motor learning research findings applicable to exercise, sport, and rehabilitation settings.

KINE 210 – Pedagogical Sport/Activity Courses  1 hour
KINE 215
Prerequisites: Kinesiology Major or Minor or consent of instructor
These sport/activity courses are designed for Kinesiology majors and minors as well as other interested students. Appropriate teaching techniques and skill competencies for each sport/activity are emphasized. The fundamental skills, relevant strategies, and applicable rules of the sports and/or activities listed will be included. Each sport or activity will provide the student a means for achieving psychomotor, cognitive, and affective development.

KINE 210  Softball/Volleyball  1 hour
KINE 211  Basketball/Soccer  1 hour
KINE 212  Innovative Games  1 hour
KINE 213  Racquet Sports  1 hour
KINE 214  Tumbling and Rhythmic Activities  1 hour
This professional activity course is designed primarily for Kinesiology majors as well as other interested students. Teaching techniques as well as personal skill competencies in tumbling and rhythms are emphasized. The basic steps used in fundamental tumbling skills, simple rhythmic activities, and creative activities will be included.

KINE 215  Track and Field/Flag Football  1 hour

KINE 216  Field Hockey  1 hour
This course will allow students to develop the physical, mental, and social skills necessary for participation in the sport of field hockey. Instructional emphases will focus on the basic skills, defensive tactics, offensive strategies, rules and scoring.

KINE 217  Lacrosse  1 hour
This course will allow students to develop the physical, mental, and social skills necessary for participation in the sport of lacrosse. Instructional emphases will focus on the basic skills, defensive tactics, offensive strategies, rules and scoring.

KINE 218  Tennis  1 hour
This course will allow students to develop the cognitive, affective, and psychomotor skills for the beginning tennis player. Instructional emphases will focus on ground strokes, serve, volley, lob, overhead smash, return of serve, playing strategies, rules and scoring.

KINE 219  Mountain Biking  1 hour
This course will introduce the sport of mountain biking to students with varying bicycling experience. The history of mountain biking, riding styles, bicycle maintenance/repair, and the beneficial effects of the sport will be included.

KINE 220  Bowling  1 hour
This course will allow students to develop the basic skills of bowling. It will also provide them with the opportunity to participate in a “handicapped” league style format for 13 weeks.

KINE 221  Golf  1 hour
This course will allow students to develop the physical, mental, and social skills necessary for playing golf. Instructional emphases will focus on complete swing, driving, approach shots, putting, etiquette, rules and scoring.

KINE 222  Beginning Running  1 hour
This course is designed for the beginning runner to acquire knowledge of the physiological, psychological, social and mental hunger as a result of a long-term running program. Instructional emphases will focus on the effect of diet on a runner, different running styles, conditioning programs/strategies, and the positive and negative effects of running.

KINE 223  Advanced Running  1 hour
This course will allow committed runners to take their level of fitness, training, and running expertise to a higher level. Requirements will be more substantial than KINE 223.

KINE 225  Weight Training/Conditioning  1 hour
This course will allow students to develop knowledge in both the theoretical and practical applications of weight training and conditioning as a means of promoting physical fitness. Instructional emphases will focus on principles and techniques of properly lifting and spotting strength training exercises.

KINE 226  Wrestling  1 hour
This course will allow students to develop the physical, mental, and social skills necessary for participation in American wrestling. Instructional emphases will focus on fundamental skills (stances, holds, moves), conditioning, competitive strategies, rules and scoring.

KINE 228  Beginning Swimming  1 hour
This course will allow students to develop cognitive, affective and psychomotor skills for the beginning swimmer. Instructional emphases will focus on the basic skills of swimming including breath control, floating, and sculling. Additionally, students will learn the front crawl, back crawl, elementary backstroke, sidestroke, breaststroke, and basic water safety skills.

KINE 229  Intermediate/Advanced Swimming  1 hour
This course will allow students to develop cognitive, affective and psychomotor skills for the intermediate swimmer. Instructional emphases will focus on the intermediate strokes of swimming including the front crawl, back crawl, elementary backstroke, sidestroke, and
breaststroke as well as advanced water safety skills. Additionally, students will participate in a variety of aquatic fitness activities.

**KINE 230 Lifeguard Training (American Red Cross)** 2 hours

Prerequisites: Intermediate level swimming competency, current adult CPR certification, and first aid course certification.

The course is designed to teach emergency water safety skills as well as knowledge and performance of non-swimming and swimming assists, water entries, defenses and escapes, and rescue skills. Successful completion of this course will result in Red Cross Lifeguard Training Certification.

**KINE 231 Water Safety Instructor 3 hours**

(American Red Cross)

Prerequisites: Swimmer level swimming competency and current certificate of American Red Cross Emergency Water Safety or Lifeguard Training Course.

The course will qualify participants to teach all levels of swimming in progressive swimming courses as well as how to plan, organize and conduct these classes. Health and safety and education methods are emphasized. Successful completion of this course will result in Red Cross Water Safety Instructor Certification.

**KINE 232 Recreational Sports 1 hour**

This will allow students to develop cognitive, affective, and psychomotor skills for a variety of recreational sports and/or activities. Instructional emphases will focus on the basic skills necessary to participate, rules and scoring (if applicable) and relevant strategies.

**KINE 233 Karate 1 hour**

This course will allow students to develop basic self-defense in using Karate skills. Various kicking and striking techniques will be examined as related to self-defense issues.

**KINE 234 Hapkido 1 hour**

This course will allow students to develop basic self-defense as it relates to the theories and principles of Hapkido. Various kicking and striking techniques will be examined as related to self-defense situations.

**KINE 245 PE Observations in Schools 1 hour**

This course is designed to provide exposure to the teaching of physical education in the elementary school setting and adapted physical education for the exceptional child. The student must observe a minimum of twenty hours in an elementary program.

**KINE 299 Internship 0 hours**

Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.

Practical work experience in an approved exercise or fitness-related agency, physical or occupational therapy clinic, chiropractic office, or similar setting supervised by a qualified professional. Application procedures processed through the Career Center. Must apply semester prior to internship.

**KINE 322 PE Student Aide: Elementary 1 hour**

(Offered spring semester)

Prerequisites: KINE 245; must be taken with KINE 450.

A sequence of selected practicum experiences designed to involve the student with actual assisting and teaching physical education to elementary school. The student is assigned a minimum of 20 hours of practicum work under the supervision of physical educators in a local elementary school.

**KINE 326 PE Student Aide: Secondary 1 hour**

(Offered fall semester)

Prerequisites: KINE 245; must be taken with KINE 451.

An assigned practicum experience designed to involve the student actual assisting in teaching physical education classes in a middle or secondary school setting. The student must complete 20 hours of practicum work under the supervision of a physical educator in one of the local schools.

**KINE 333 Adapted Physical Activity 2 hours**

Prerequisite: Junior status.

Methods of classification of exceptional students, program planning and teaching of activities appropriate to needs of the handicapped are examined.

**KINE 334 Adapted Physical Activity Lab 1 hour**

Prerequisite: Junior status.

Teaching methods of activities appropriate to the needs of exceptional students are examined. Addresses the importance of adapting physical education programs to meet the unique needs of exceptional students.

**KINE 352 Teaching Physical Education in the Elementary School 2 hours**

Prerequisite: Junior status.

An introduction to games and play activities which are suitable for elementary-aged students. Activity selection, planning and teaching methods are stressed. This course is designed for the elementary physical education concentration.

**KINE 404 Administration and Organization of Physical Education, Exercise and Fitness 3 hours**

Prerequisite: Junior status.

A study of the problems and considerations involved in the successful management of physical education programs. Areas considered include program planning, budgeting, facility design and organization, and current organizational trends.

**KINE 435 Seminar for Student Teachers 2 hours**

Prerequisites: Admission to Student Teaching; taken concurrently with EDUC 476 and 477.

Seminar sessions will involve discussion of topics relevant to health and physical education instruction. Students will share experiences from student teaching and gain insights from readings and professionals in the field of education.

**KINE 450 Elementary Physical Education Methods 3 hours**

(Offered spring semester)

Prerequisites: KINE 207, 208; Junior status.

This course is designed to provide instruction in the physical education curriculum for elementary school settings. Areas of emphasis include class management, curriculum development, skill progressions, teaching methods and movement activities for grades K-6.

**KINE 451 Secondary Physical Education Methods 3 hours**

(Offered fall semester)

Prerequisites: KINE 207, 208; Junior status.

This course is designed to provide the student with a thorough understanding of the teaching-learning process in middle and high school settings. The student will learn how to plan and present progressive learning tasks, develop effective teaching skills, analyze and evaluate the instructional process, and design curricular materials.

**KINE 495 Independent Study 1 to 3 hours**

Prerequisites: Permission of the Department Chairman, Junior status and a minimum cumulative GPA of 2.50.

A research-oriented project in an approved topical area or an independently-completed course of study in a specially designed area. Generally available only for Physical Education majors who have unusual and specific program needs.

**KINE 497 Special Topics in Kinesiology 1 to 3 hours**

**LEAD FELLOWSHIP**

**LEAD 102 Introduction to Leadership, Spiritual Life, and Cultural Intelligence 1 hour**

Prerequisites: Membership in the LEAD Fellowship.

This course is part two in a course sequence initiated for the LEAD Fellowship program. The course focuses on introduction to leadership qualities, spiritual life basics, and introduction to Cultural Intelligence.
LEAD 201  Equipped with Skill, Authenticity, and Cultural Intelligence  1 hour
Prerequisites: Membership in the LEAD Fellowship
This course is part three in a course sequence initiated for the LEAD Fellowship Program. The course focuses on introducing students to the laws of leadership and its content within multicultural environment as well as challenging the authenticity of one’s Christian faith.

LEAD 202  Leading with Skill, Authenticity, and Cultural Intelligence  1 hour
Prerequisites: Membership in the LEAD Fellowship
This course is part four in a course sequence initiated for the LEAD Fellowship program. The course is a continuation that teaches students how to lead through the laws of leadership and its context in a multicultural environment as well as challenging the authenticity of one’s Christian faith.

LEAD 301  Engaging Culture through Empowerment  1 hour
Prerequisites: Membership in the LEAD Fellowship
This course is part five in a course sequence initiated for the LEAD Fellowship program. The course focuses on the necessity of the Empowerment of the Holy Spirit, Cultural Intelligence, and Leadership Principles to engage culture in a significant way.

LEAD 302  Changing Culture through Empowerment  1 hour
Prerequisites: Membership in the LEAD Fellowship
This course is part six in a course sequence initiated for the LEAD Fellowship program. The course focuses on the using the Holy Spirit, Cultural Intelligence, and Leadership Principles to change culture in a significant way.

LEAD 401  Senior Project Introduction and Preparation  1 hour
Prerequisites: Membership in the LEAD Fellowship
This course is part seven in a course sequence initiated for the LEAD Fellowship program. The course focuses on preparing students to being their Senior Project by reflecting on Leadership, Spirituality, and Cultural Intelligence.

LEAD 499  Senior Project  1 hour
Prerequisites: Membership in the LEAD Fellowship
This course is part eight in a course sequence initiated for the LEAD Fellowship program. The course is a continuation that teaches students to being their Senior Project as a capstone to the lessons of Leadership, Spirituality, and Cultural Intelligence.

LING 213  Introduction to Linguistics  3 hours
Introductory, descriptive study of language, including syntactic, morphological, phonological, semantic, and pragmatic analysis of language. Students will choose one other area of the discipline of study, such as psycholinguistics, sociolinguistics, or language acquisition. (Formerly MLAN 213)

LING 280  Field Language Learning  3 hours
A course for learning how to learn a foreign language without a teacher, especially designed for international workers.

LING 300  Introduction to Cultural Anthropology  3 hours
A course designed to heighten awareness and understanding of our culturally diverse world, via the study of systems of human behavior for the purpose of improving understanding of, and relations between, people. Several case studies will be used to illustrate these systems. (Formerly MLAN 300)

LING 305  Linguistic Analysis  3 hours
Prerequisites: LING 213
In this course, students will learn how to analyze linguistic data in the fields of phonology, morphology, and syntax, through problem sets drawn from a wide variety of world languages.

LING 451  Phonetics and Phonology  3 hours
Prerequisites: LING 213, 305
This course concerns the analysis and voice production of sound systems that compose individual human languages. The purpose is to equip students to analyze and describe in phonological terms the inherent sound patterns and systematic variations that make up comprehensible speech.

LING 452  Morphology and Syntax  3 hours
Prerequisite: LING 305
This course provides a comprehensive introduction to morphological/syntactic theory and analysis. It requires students to formulate hypotheses and test them against data from English and other languages.

LING 453  World Languages  3 hours
Prerequisites: LING 213, 305
This course is a study of the phonology, morphology, and syntax of a selection of world languages which illustrate both the similarities and the differences among languages. Syntactic and morphological features will be observed in terms of their typological implications and the question of language universals.

LING 495  Directed Research  1 to 3 hours
Prerequisite: Junior or senior status
Students who qualify will pursue studies of a particular interest as approved and supervised by the instructor. Must apply semester prior to completing internship.

LING 499  Internship in Linguistics  3 hours
Prerequisites: Junior or senior status, 3:00 GPA, two courses in minor above 200 level.
Professional-supervised experience in first-hand internship opportunities in Linguistics. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

MATH 100  Fundamentals of Mathematics  3 hours
Prerequisite: Successful completion of CLST103 or a PLMA score between 40 and 69.
A review of basic arithmetic and elementary algebra. A grade of C or better is required in order to go on to a high-numbered mathematics course. This course may not be used in meeting General Education requirements in mathematics. (Developmental Math is a component of the Bruckner Learning Center.)

MATH 108  Elementary and Intermediate Algebra  3 hours
Prerequisite: MATH 100, minimum grade of “C"
Review of exponents, polynomials, factoring, roots and radicals, graphing, rational expressions, equations and inequalities, systems of linear equations, and problem solving. It meets the prerequisite requirements for MATH 115, 117, 121, 125, 201, 217. Credit may not be earned for both MATH 108 and 110. This course may not be used to meet the General Education Requirements. (Developmental Math is a component of the Bruckner Learning Center.)

MATH 110  Intermediate Algebra  3 hours
Prerequisite: MATH 100, minimum grade of “C"
Review of exponents, polynomials, factoring, roots and radicals, graphing, rational expressions, equations and inequalities, systems of linear equations and problem solving. This course may not be used to meet the General Education requirement. (Developmental Math is a component of the Bruckner Learning Center.)

MATH 112  Technical Mathematics  3 hours
Prerequisite: MATH 100, 450+ on SAT Math, or 18+ on ACT Math.
Technical Mathematics presents a review of arithmetic, elements of algebra, geometry, trigonometry, and vectors. Direct

**Mathematics**

- **CO4102** Liberal Arts Math/Logic and Social Reasoning
  - Prerequisite: MATH 110, minimum grade of “C”

- **CO4103** Elements of Mathematics
  - Prerequisite: MATH 110, minimum grade of “C”

- **CO4104** College Algebra
  - Prerequisite: MATH 110, minimum grade of “C”

- **CO4105** Trigonometry
  - Prerequisite: MATH 121, minimum grade of “C”

- **CO4106** Finite Mathematics
  - Prerequisite: MATH 110, minimum grade of “C”

- **CO4107** Elementary Calculus for Business and Science
  - Prerequisite: MATH 121, minimum grade of “C”

- **CO4108** Elementary Functions and Coordinate Geometry
  - Prerequisite: MATH 121, minimum grade of “C”

- **CO4109** Calculus and Analytic Geometry I
  - Prerequisites: MATH 128, minimum grade of “C”

- **CO4110** Calculus and Analytic Geometry II
  - Prerequisite: MATH 131 or ENGR 131, minimum grade of “C”

- **CO4111** Calculus with Mathematica Lab
  - Prerequisite: MATH 131 or ENGR 131 (may be taken concurrently)

- **CO4112** Introduction to Discrete Mathematics
  - Prerequisite: MATH 121 or 128 or MATH 131 or ENGR 131, minimum grade of “C”

- **CO4113** Introduction to Statistical Analysis
  - Prerequisite: MATH 132 (may be a co-requisite)

- **CO4114** Elementary Geometry
  - Prerequisite: MATH 110, minimum grade of “C”

- **CO4115** Applied Linear Algebra
  - Prerequisites: MATH 132 and ENGR 133, minimum grade of “C”

- **CO4116** Calculus and Analytic Geometry III
  - Prerequisite: MATH 132, minimum grade of “C”

- **CO4117** Continuation of MATH 132. Geometry of vectors, paths, curvature, functions of several variables, graphs and parametric surfaces, partial derivatives, optimization, multiple integrals, curl, divergence, gradient, line and surface integrals, theorems of Green, Stokes, and Gauss.

- **CO4118** Methods of Operations Research
  - Prerequisite: MATH 211, minimum grade of “C”

- **CO4119** Introduction to Experimental Design in Statistics
  - Prerequisite: MATH 211, minimum grade of “C”
Analysis of variance and block designs; simple linear regression, correlation and multiple regression; nonparametric statistics, chi-square tests.

**MATH 305 Modern Geometry** 3 hours  
Prerequisite: MATH 200 or 250, minimum grade of “C”  
A treatment of the foundations of modern Euclidean geometry and an introduction to non-Euclidean geometry with emphasis on hyperbolic geometry. Especially recommended for prospective high school mathematics teachers. Required for Virginia Licensure.

**MATH 307 Introductory Number Theory** 3 hours  
Prerequisite: MATH 200 or 250, minimum grade of “C”  
Divisibility, Division Algorithm, Euclidean algorithm, primes, greatest common divisor, Diophantine equations, congruencies, Chinese Remainder Theorem, number-theoretic functions, cryptography and other applications.

**MATH 321 Linear Algebra** 3 hours  
Prerequisite: MATH 200 or 250, minimum grade of “C”  
A beginning course in linear algebra and its applications. Includes systems of linear equations, linear programming, nullspace and rank of matrices, determinants, abstract vector spaces, bases, linear independence, spanning sets, linear transformations, characteristics and minimal polynomials, eigenvalues and eigenvectors, diagonalization, similarity, coordinate change, orthogonality, and matrix factorizations. Applications are added as time permits.

**MATH 331 Complex Analysis** 3 hours  
Prerequisite: MATH 231, minimum grade of “C”  
Field of complex numbers, polar representation and DeMoivre formula, complex functions, limits, continuity, differentiation, analytic and harmonic functions, elementary functions, contour integration, Taylor and Laurent series, residues, and applications.

**MATH 332 Advanced Calculus** 3 hours  
Prerequisites: MATH 200 or 250 and MATH 231, minimum grades of “C”  
Euclidean topology for n-dimensions, continuity and differentiability for vector-valued functions of several variables, the differential and derivative, Jacobian, applications of inverse and implicit function theorems, method of Lagrange multipliers, introduction to differential forms, generalized Stokes’ Theorem and applications.

**MATH 334 Differential Equations** 3 hours  
Prerequisites: MATH 231 and PHYS 231, minimum grades of “C”  
Differential equations of the first order and first degree, linear equations, variation of parameters, methods of undetermined coefficients, inverse operators, Laplace transforms, systems of differential equations, and applications.

**MATH 350 Discrete Mathematics** 3 hours  
Prerequisite: MATH 200 or 250, minimum grade of “C”  
Recurrence relations, relations, graph theory, languages, grammars, and finite-state machines.

**MATH 352 Numerical Analysis** 3 hours  
Prerequisite: MATH 221 or MATH 321, minimum grade of “C”  
Introduction to numerical techniques for problems such as interpolation, approximation, numerical differentiation and integration, differential equations, zeros of functions, solutions of linear systems, and error analysis.

**MATH 400 History of Mathematics** 3 hours  
Prerequisite: At least one upper-level mathematics course with a minimum grade of “C”  
The development of mathematics from ancient to modern times (19th century BC-19th century AD). Special emphasis is given to the period of the Greeks (600 BC - 200 AD), the development of the calculus (17th century), and the “modern” period (19th century).

**MATH 401 Introduction to Mathematical Statistics** 3 hours  
Prerequisites: MATH 211 and 231, minimum grades of “C”  
Probability concepts, moment generating functions, discrete and continuous distributions, bivariate distributions, distributions of functions of random variables, estimation.

**MATH 419 Teaching Mathematics in Secondary Schools** 2 hours  
Prerequisite: At least one upper level mathematics course with a minimum grade of “C” and admission to the Educator Preparation Program. Must be taken the semester prior to student teaching in mathematics.

Special readings in the field of Mathematics Education, planning for mathematics instruction, and evaluation components of this course. May not be counted toward the Mathematics major.

**MATH 420 Teaching Mathematics in Secondary Schools Practicum** 1 hour  
Prerequisite: Concurrent enrollment in MATH 419  
As the students are developing proficiency in planning for mathematics instruction, evaluating and learning, they will also gain practical experiences by delivering instruction in a peer setting and/or regular school setting with videotaping. Each presentation is to be critiqued by the “teacher,” the course instructor and the student peers.

**MATH 421 Elementary Abstract Algebra I** 3 hours  
Prerequisite: MATH 321, minimum grade of “C”  
Elementary number theory, the theory of groups, sets and mappings, isomorphisms and homomorphisms of groups, the first isomorphism theorem, and a brief introduction to rings.

**MATH 422 Elementary Abstract Algebra II** 3 hours  
Prerequisite: MATH 421, minimum grade of “C”  
A continuation of MATH 421. The theory of rings and fields, integral domains, and the theory of polynomials.

**MATH 431 Real Analysis** 3 hours  
Prerequisite: MATH 231 and 321, minimum grades of “C”  
The real number system, sets and cardinality, topology of the real numbers, sequences and series, limits, continuity, uniform continuity and convergence, differentiation, and Riemann integration.

**MATH 450 Mathematics Capstone Seminar** 1 hour  
Prerequisite: MATH 421 and MATH 431 (may be concurrently enrolled)  
Integrate previous mathematical coursework and prepare and present mathematical research, both orally and in written form. Consider the relevance of the Christian worldview and a biblical ethical approach to the fields of science, mathematics and technology. Introduction to professional and graduate opportunities available to mathematics graduates.

**MATH 495 Directed Research** 1 to 3 hours  
Prerequisite: Approval by department chairman  
Exploration of a topic beyond that covered in any core course as preparation for graduate level mathematics or a professional career. It may be taken for credit more than once.

**MATH 497 Special Topics in Mathematics** 1 to 3 hours

**MENTORING**

**MENT 100 Foundations for Academic Success** 3 hours  
This course is designed to assist students in their academic adjustment to college. There is a focus on learning and application of study strategies and self-management skills. In addition, emphasis is placed on community and accountability which provide the foundation for academic success.

**MENT 101 Mentoring for University Transition** 1 hour  
Prerequisite: Freshmen only  
This course is designed to provide instruction in study strategies and life skills basic to the successful transition to the university. Within a small group setting, instructors will mentor students in their understanding and application of these concepts.
MILITARY SCIENCE – ARMY ROTC

MISC 001 Leadership Applications 1 hour
Basic leadership skills taught through classroom instruction, practical, and field exercises. Emphasis is placed on small unit leadership techniques and hands-on, practical experiences. Cadets are actively involved in the planning, conduct, and evaluation of the training in order to effectively develop small unit leadership and pre-commissioning skills.

MISC 101 Fundamental Concepts 1 hour
This course introduces cadets to fundamental components of service as an officer in the United States Army. These initial lessons form the building blocks of progressive lessons in values, fitness, leadership, and officership. Additionally, the semester addresses “life skills” including: fitness; communications theory and practice (written and oral); and interpersonal relationships. Upon completion of this semester, the cadets should be prepared to receive more complex leadership instruction.

MISC 102 Basic Leadership 1 hour
This course builds upon the fundamentals introduced in the previous semester by focusing on leadership theory and decision-making. Lessons in this semester include: problem solving; critical thinking; leadership theory; followership; group interaction; goal setting; and feedback mechanisms. Upon completion of this semester, cadets should be prepared to advance to more complex leadership instruction concerning the dynamics of organizations.

MISC 201 Advanced Leadership 1 hour
This course is the first of two designed to teach the principles of leadership. Building upon the fundamentals introduced in the first year, this course explores communication and leadership theory. The course emphasizes practical exercises, as students are increasingly required to apply communication and leadership principles. The course is dedicated to developing leadership and communication skills in the student with an understanding of their value to the Army. Topics discussed include: communication, leadership, and problem solving.

MISC 202 Tactics and Officership 1 hour
This course focuses on leadership by providing an extensive examination of the unique purpose, roles, and obligation of commissioned officers. It provides a look at our organizational values and their application to the decision-making process and leadership. The course contains a case study of Army leadership since the Vietnam War in the context of previous lessons of values, decision-making, and communication skills. The course also studies Principles of Tactics, Values and Ethics, and Officership.

MISC 301 Small Unit Leadership 2 hours
This course is the first of two that focus on leadership principles, small unit tactics, and the military planning process. The Leadership Development Process (LDP) is a component of this course as well as MISC 302. Other topics include light infantry tactics, motivational theory and techniques, and the role and actions of leaders. Emphasis is placed on applying the Troop Leading Procedures (TLPs) as a guide for planning, executing, and making decisions for complex operations. Cadets will learn military order formats and advanced communication skills to effectively present their plans.

MISC 302 Small Unit Operations 2 hours
This course continues to focus on doctrinal leadership and tactical operations at the small unit level started in MISC 301. It includes opportunities to plan and conduct individual and collective training to gain leadership and tactical experience. This course synthesizes the various components of training, leadership and team building. Upon completion, cadets will possess the fundamental confidence and competence of leadership in a small unit setting. Following MISC 302, cadets will attend a challenging summer leadership camp.

MISC 401 Leadership, Management, and Ethics 2 hours
This course is the first of two designed to prepare cadets for the transition to lieutenant. The course emphasizes a continuation of leadership and management exercises intended to synthesize and integrate the principles of leadership learned in previous courses. Topics addressed include staff coordination, fundamental counseling skills, the Army Training Management System, ethical imperatives for the junior officer, and battlefield ethics.

MISC 402 Transition to Lieutenant 2 hours
This course is the culmination of officership training. The course emphasizes the skills required of newly commissioned officers and concludes with a capstone practical exercise entitled “Platoon Leader.” Topics include: military justice and leadership; operational law; organizing for military operations; and administrative management and logistics. At the conclusion of this course, newly commissioned officers are prepared to meet the physical, moral, emotional, and intellectual leadership challenges facing the evolving Army in the 21st century.

MISC 497 Special Topics in Military Science 1–3 hours
MUSC 108  Musicianship II  1 hour
   Prerequisites: MUSC 105 and 107
   Co-requisite: must be taken concurrently with MUSC 106
   A continuation of MUSC 107. Further study of harmonic, rhythmical, and melodic dictation and continued development of tonal center referencing technique. Students continue to sharpen listening skills by identifying the harmonic rhythm of a variety of music genre. (Formerly WMUS 106)

MUSC 111  Group Piano I  1 hour
   (Classes meet two hours each week)
   Enrollment by audition with Keyboard Instructor. A beginning course in piano for students with little or no experience in piano and for students needing remedial study to support MUSC 105, 120 or 121. Strategies for keyboard playing are realized through group instruction, communication of principles for good musicianship, practice room techniques, physical aspects of playing piano, and care of the instrument. MUSC 111 does not satisfy program requirements.

MUSC 112  Group Piano II  1 hour
   (Classes meet two hours each week)
   Prerequisite: MUSC 111 or equivalent, or enrollment by permission of Instructor
   A group course for students having limited but developing keyboard experience. Instruction includes technical exercises, chords and chord progressions, and development of music reading and performance skills. Fulfills the secondary instrumental requirement in keyboard. PPE preparation for one approved repertoire selection and My Country, 'Tis of Thee. (Formerly WMUS 140)

NOTE: MUSC 111 and 112 taken consecutively are considered as equivalent to one semester of MUSC 141 by the School of Music.

MUSC 120  Group Voice I  1 hour
   (Classes meet two hours each week)
   Studies in vocal technique and the performance of various musical styles. Includes instruction in musicianship, and performance techniques. Fulfills the secondary vocal requirement. (Formerly WMUS 120)

MUSC 121  Voice (Freshman)  1 or 3 hours
   Prerequisite: MUSC 121
   Admission by audition. (Formerly WMUS 125)

MUSC 122  Voice (Freshman)  1 or 3 hours
   Prerequisite: MUSC 122
   Continuation of MUSC 121, private lessons in singing, based on department policies.

MUSC 133  Contemporary Techniques in Composition I  1 to 3 hours
   Prerequisite: Permission of instructor
   This course focuses on the new musical and technological techniques and aesthetics of contemporary film composing. Development of rudimentary skill in traditional and non-traditional composition practices using technology. Creation of short works emphasized.

MUSC 139  Contemporary Techniques in Composition II  1 to 3 hours
   Prerequisite: MUSC 133 or permission of instructor
   Continuation of MUSC 133. This course focuses on continued investigation of the new musical and technological techniques and aesthetics of contemporary film composing. Continued development of skill in traditional and non-traditional composition practices using technology. Creation of short works reflecting diverse dramatic styles is emphasized.

MUSC 141  Private Piano (Freshman)  1 or 3 hours
   Prerequisite: Audition and/or permission of instructor.
   Private lessons in piano, organ or harpsichord performance, based on department policies. Admission by audition. (Formerly WMUS 145)

MUSC 142  Private Piano (Freshman)  1 or 3 hours
   Prerequisite: MUSC 141
   Continuation of MUSC 141, private lessons in piano or organ, based on department policies.

MUSC 143  Jazz Improvisation and Lab I  3 hours
   The development of instrumental and vocal improvisation skills incorporating harmony, melody, rhythm and form. Musical styles include traditional and contemporary jazz. Class structure is performance based. Each semester will culminate in a public performance featuring large and small groups.

MUSC 150  Group Guitar I  1 hour
   (Classes meet two hours each week)
   A group guitar course designed for students with limited experience with the instrument. Instruction includes technical exercises, chords and chord progressions, and development of music reading and performance skills in classical, contemporary, gospel, and jazz styles. Fulfills the need for secondary instrumental requirement in guitar. (Formerly WMUS 150)

MUSC 151  Guitar, Strings, Brass, Woodwinds, Percussion (Freshman)  1 or 3 hours
   Prerequisite: Admission and/or permission of instructor
   Private lessons in the instruments of the band or orchestra based on department policies. (Formerly WMUS 155)

MUSC 152  Guitar, Strings, Brass, Woodwinds, Percussion (Freshman)  1 or 3 hours
   Prerequisite: MUSC 151
   Continuation of MUSC 151, Private lessons in the instruments of the band or orchestra based on department policies.

MUSC 178  The Worship Choir I  1 hour
   This large choral ensemble provides students opportunity to experience various styles of music in the choral tradition: classical, Black Gospel, pop, traditional gospel, worship and praise, scripture song, sacred classic, Southern Gospel, and more. In addition to literature, vocal, choral blend, and group discipline are developed through vocal exercises, various performance technique, and on-campus or area concert opportunity. Special attention is given to the preparation and presentation of the annual Christmas on the Boulevard and spring Night of Worship concerts. This entry level ensemble does not require an audition. (Formerly WMUS 180)

MUSC 179  Classical Guitar Ensemble I  1 hour
   Prerequisite: Admission and/or permission of instructor
   An ensemble comprised of guitarists; performs repertoire composed or arranged for guitar. Activities include on and off campus formal concert presentations.

MUSC 180  University Chorale I  1 hour
   Prerequisite: Admission and/or permission of instructor
   A mixed choral ensemble that stresses the development of strong choral skills. Activities include major concerts on and off campus. Admission by audition.

MUSC 181  Concert Choir I  1 hour
   Prerequisites: Audition and/or permission of instructor; satisfactory vocal and sight reading skills
   A mixed choral ensemble focusing on repertoire for chorus and choral/orchestral ensembles which is drawn from literature of the Renaissance through the present, both sacred and secular. Admission by audition.

MUSC 182  Chamber Singers I  1 hour
   Prerequisite: Audition and/or permission of instructor
   A small mixed choral ensemble that performs sacred and secular music of all historical music periods, focusing on advanced choral repertoire. Annual Spring tour. Admission by audition.
MUSC 183  Jazz Ensemble 1  1 hour
Prerequisite: Fall audition
An auditioned ensemble specializing in jazz ensemble repertoire. Reading and musical interpretation of jazz rhythms and notation are stressed. Improvisational and ensemble skills are developed. The ensemble performs frequently on and off campus.

MUSC 184  Marching Band I  1 hour
(Fall semesters only)
Open to any student with previous experience on a woodwind, keyboard, brass or percussion instrument. No audition is necessary for Marching Band. The Spirit of the Mountain Marching Band performs at home football games, at selected away football games and in various parades and competitions. Members audition for placement.

MUSC 185  Symphony Orchestra I  1 hour
The Liberty University Symphony Orchestra is an instrumental ensemble for string, woodwind, brass, and percussion players. Special attention is given to the preparation and presentation of on and off campus concerts. Membership is by audition only, and open to all Liberty University students, faculty, and staff. Optional Spring Tour.

MUSC 186  Brass Choir I  1 hour
Prerequisite: Audition and/or permission of instructor
A small brass ensemble. Repertoire includes music from the Renaissance through the present. Participation engenders performance proficiency and musical understanding through small ensemble rehearsal and performance, including appearances on campus, presentations in schools and concerts at local churches. Admission by permission of instructor.

MUSC 187  University Band I  1 hour
Prerequisite: Audition and/or permission of instructor
An auditioned ensemble for woodwind, brass, and percussion students. Repertoire includes original and transcribed band works form all eras. The purpose is to develop to proficiency and musical understanding of the student through large ensemble rehearsal and performance.

MUSC 188  Woodwind Choir I  1 hour
Prerequisite: Audition and/or permission of instructor
Small ensemble experiences for woodwind players. Repertoire includes music from the Renaissance through the present. Performances may include Liberty University student recitals as well as presentations in area schools and churches. Admission by permission of instructor.

MUSC 189  Celebration Choir  1 hour
The course involves participation with the choir and orchestra ministry of Thomas Road Baptist Church. Students experience the rigors of preparing for a weekly music ministry in a large, mega church. Attention is given to the study of choral blend, group discipline, programming, ministry through large choral ensemble, and broad literature selection unique to the various needs of the evangelical worship community. (Required for all music and worship majors during the 2nd semester of the freshman year) (Formerly WMUS 189)

MUSC 190  Percussion Ensemble I  1 hour
Small ensemble experience for percussionists; specializing in modern percussion repertoire and world music. Reading and musical interpretation of a wide variety of musical styles are developed. The ensemble performs frequently on and off campus. Required for percussion majors in the B.M. in Music Education or the B.M. in Performance degrees. Other members admitted by permission of instructor.

MUSC 191  Chamber Music Ensemble I  1 hour
Prerequisite: Audition and/or permission of instructor
This course is designed to provide students the opportunity to participate in various chamber formations, receive weekly coaching, attend master classes with faculty members and guests as required, and present a public performance during the term.

MUSC 194  Wind Ensemble I  1 hour
(Offered Spring semester)
Prerequisite: Audition and/or permission of instructor
An auditioned instrumental ensemble for advanced woodwind, brass and percussion students. Repertoire includes original and transcribed wind ensemble works from all eras. Wind Ensemble performs on campus and makes an extensive Spring tour annually.

MUSC 200  Music, Art, Worship and Culture  3 hours
Prerequisite: ENGL 101
This course is a comprehensive survey of music, art, worship and culture in daily life, career choice and profession. Introductory concepts of formational, transformational, relational, missonal, reproducible and biblical principles for artistic development are established. Application is made to the basic relationship between old and new testament worship in 21st century culture. Students complete a project that provides significant experience in research preparation and processes, including: developing literature review, building bibliography, thesis and outline construction, and crafting of meaningful narrative. (Formerly WRSP 101)

MUSC 201  Creative Worship  3 hours
This course is an introductory study of the practical issues involved in planning and facilitating creative corporate worship. Application is made to worship planning, lighting design, audio and video production, presentation software, vocal and instrumental team communication and rehearsal, staging, banners, liturgical dance, and a variety of multi-media possibilities. Students will prepare a class project that represents understanding and application of creative worship techniques. (Formerly WRSP 102)

MUSC 202  Old and New Testament Music and Worship  3 hours
(Offered fall semester)
Prerequisites: MUSC 200 and 201
This course presents principles of Old and New Testament Music and Worship. Included is a discussion of pre-tabernacle, tabernacle, temple, and synagogue music and worship. An overview of how Jesus, the disciples, and early Christians incorporated music and worship in their daily practices. (Formerly WRSP 201)

MUSC 203  Commercial Music Theory and Harmonic Practices I  2 hours
Prerequisites: MUSC 105 and 106
A continuation of MUSC 106. This course includes the study of modulation techniques in traditional, popular and commercial music genres. Students investigate jazz and extended harmonies used in commercial music and make application of analytical techniques to various literatures. Harmonic function is taught through "praxis" methodology. (Formerly WMUS 203)

MUSC 204  Commercial Music Theory and Harmonic Practices II  2 hours
(Formerly WMUS 203)
Prerequisites: MUSC 205 and 206
A continuation of MUSC 203. Music structure, form, and melodic contour are studied and applied to various traditional and popular music genres. Students learn principles of 2-part counterpoint, fugue, and variation technique as related to the practice of songwriting and evaluation of commercial music. Harmonic function is taught through "praxis" methodology. (Formerly WMUS 204)

MUSC 205  Chromatic Harmony  3 hours
Prerequisites: MUSC 105 and 106
Co-requisite: piano instruction for students who have not passed the Piano Proficiency Examination
Continuation of MUSC 106. Studies in chromatic harmony and formal procedures of the 18th and 19th century.

**MUSC 206 Chromatic Harmony II** 3 hours  
(Offered Spring semester)  
Prerequisites: MUSC 105, 106 and 205  
Co-requisite: piano instruction for students who have not passed the Piano Proficiency Examination  
Continuation of MUSC 205. Studies in musical forms and procedures as well as 20th century music theory, focusing on harmonic procedures.

**MUSC 207 Musicianship III** 1 hour  
Prerequisite: MUSC 106 and 108  
Co-requisite: must be taken concurrently with MUSC 203 or 205  
A continuation of MUSC 108. Continued development of the musician’s listening skills as applied to tonal center referencing, harmonic dictation, melodic identification, and rhythmic imitation. (Formerly WMUS 205)

**MUSC 208 Musicianship IV** 1 hour  
Prerequisites: MUSC 106, 108, 203 or 205, and 207  
Co-requisite: must be taken concurrently with MUSC 204 or 206  
A continuation of MUSC 207. Continued development of music-reading and listening skills as applied to tonal center referencing, harmonic dictation, melodic identification, and rhythmic imitation. (Formerly WMUS 206)

**MUSC 210 Introduction to Music Education** 1 hour  
Prerequisite: Audition and/or permission of instructor  
Introduction and orientation to historical, philosophical, and sociological foundations of music education. Overview of ethical, legal, and contemporary trends and implications for music education are included.

**MUSC 213 Survey of Popular and Jazz, Music Literature** 3 hours  
Prerequisite: ENGL 101  
An introduction to popular and jazz music writers, influences, and trends. Emphasis is placed on a general overview of personalities and their unique influences within each of these genres. Connection to music of the evangelical culture is also considered.

**MUSC 220 Group Voice II** 1 hour  
(Classes meet two hours each week)  
Prerequisite: MUSC 120 or recommendation by audition.  
This is a continuation of principles learned in MUSC 120, Intermediate-level Class Voice. Continued instruction in musicianship and vocal performance technique. Students study principles of vocal diction as applied to various musical style and general rules for singing in the Italian, French, and German languages. Fulfills the secondary vocal requirement. (Formerly WMUS 220)

**MUSC 221 Voice (Sophomore)** 1 or 3 hours  
Prerequisite: MUSC 122  
Continuation of private lessons in singing, based on department policies. (Formerly WMUS 225)

**MUSC 222 Voice (Sophomore)** 1 or 3 hours  
Prerequisite: MUSC 221  
Continuation of private lessons in singing, based on department policies.

**MUSC 223 Private Composition (Sophomore)** 1 to 3 hours  
Prerequisite: MUSC 139 and Audition  
Continuation of MUSC 139. Private instruction in film scoring/composition based on department policies. Foundational and contemporary repertoire and techniques studied. Emphasis is on preparing for Christian artist ministry in the area of film music production and television/video game scoring. Admission by audition.

**MUSC 239 Private Composition (Sophomore)** 1 to 3 hours  
Prerequisite: MUSC 233 and Audition  
Continuation of MUSC 233. Private instruction in film scoring/composition based on department policies. Foundational and contemporary repertoire and techniques studied. Emphasis is on preparing for Christian artist ministry in the area of film music production and television/video game scoring.

**MUSC 241 Private Piano (Sophomore)** 1 or 3 hours  
Prerequisite: MUSC 142  
Continuation of MUSC 142, private lessons in piano or organ, based on department policies. (Formerly WMUS 245)

**MUSC 242 Private Piano (Sophomore)** 1 or 3 hours  
Prerequisite: MUSC 241  
Continuation of MUSC 241, private lessons in piano or organ, based on department policies.

**MUSC 243 Group Piano III** 1 hour  
(Classes meet two hours each week)  
Prerequisite: MUSC 112 or equivalent, or audition and/or permission of instructor  
A continuation of MUSC 112. This is a group piano course for students wishing to develop music reading, chords and chord progressions, performance technique, improvisational and sight reading skills. Fulfills the secondary instrumental requirement in keyboard. PPE preparation for one repertoire selection, Four part Harmonization at the piano, and Scales. (Formerly WMUS 240)

**MUSC 244 Group Piano IV** 1 hour  
(Classes meet two hours each week)  
Prerequisite: MUSC 243 or equivalent, or audition and/or permission of instructor  
A continuation of MUSC 243. This course provides continued instruction in technical exercises, chords and chord progressions, music reading and development of improvisational and performance skills. Students are expected to participate in group sight-reading exercises. Fulfills the secondary instrumental requirement in keyboard. PPE preparation for one repertoire selection, four part Harmonization at the piano, chord charts, and arpeggios. (Formerly WMUS 340)

**MUSC 247 Jazz Piano I** 1 hour  
Prerequisite: MUSC 243 or equivalent; permission of instructor  
For non-piano primaries. In this course basic comping technique and harmonic continuity are emphasized. Triads, seventh chords, melody, and accompaniment are applied to standard song forms and blues.

**MUSC 248 Jazz Guitar I** 1 hour  
Prerequisite: MUSC 250 or equivalent; permission of instructor  
For non-guitar primaries. In this course basic comping technique and harmonic continuity are emphasized. Triads, seventh chords, melody, and accompaniment are applied to standard song forms and blues

**MUSC 250 Group Guitar II** 1 hour  
(Classes meet two hours each week)  
Prerequisite: MUSC 150  
A continuation of MUSC 150, this course provides instruction in more advanced chords and chord progressions, continued development of music reading, contemporary lead sheets, and performance in classical, Gospel, Contemporary Christian, rock and roll and jazz styles. Improvisational techniques and chord substitutions and construction are also explored. Fulfills the need for secondary instrumental requirement in guitar. (Formerly WMUS 250)

**MUSC 251 Guitar, Strings, Brass, Woodwinds** 1 or 3 hours  
Prerequisite: MUSC 152  
Continuation of MUSC 152, private lessons in the instruments of the band and orchestra, based on department policies. (Formerly WMUS 250)
MUSC 252  Guitar, Strings, Brass, Woodwinds, 1 or 3 hours
   Prerequisite: MUSC 251
   Continuation of MUSC 251, private lessons in the instruments of the band and orchestra, based on department policies.

MUSC 285  The Worship Orchestra I  1 hour
   Prerequisite: Audit and/or permission of instructor
   This is an instrumental ensemble that provides students opportunity to experience and perform the various styles of music used in a worship program of a large evangelical worship ministry. The ensemble usually includes rhythm section, wind, brass, strung and percussion instruments. On occasion, the group may include vocals. A primary function of the group is to provide accompaniment to the choral ensembles in the School of Music. (Formerly WMUS 285)

MUSC 286  The Gospel Choir I  1 hour
   Prerequisite: Audit and/or permission of instructor
   The Gospel Choir is a 25-30 member choir representing the historical and diverse traditions of African American choral music. The ensemble serves in an official public relations capacity for the University, The School of Music, and Center for Music and Worship. The Gospel Choir generally participates in Annual Christmas on University Blvd. and Spring Music Night Concerts, weekly convocations, TRBC worship services, Liberty University fundraising events and an annual weekend tours. Up to two hours credit from Gospel Choir may be applied as “approved credit” for any music degree. (Formerly WMUS 286)

MUSC 287  Jazz Guitar Ensemble I  1 hour
   Prerequisite: Audit and/or permission of instructor
   An auditioned guitar ensemble specializing in the study of jazz music. Reading and musical interpretation or rhythms and notation are stressed. Improvisational and accompaniment skills are developed. The ensemble performs on campus as needed during each semester. (Formerly WMUS 287)

MUSC 289  The Worship Choir II  1 hour
   Prerequisite: Audit and/or permission of instructor
   This is a large ensemble providing students opportunity to experience the various styles of music, including: Black Gospel, traditional gospel, worship and praise, scripture song, sacred classic, Southern Gospel, and more. Special attention is given to the preparation and presentation of the Annual Christmas on University Blvd. and Spring Music Night Concerts. Optional Spring Tour. (Formerly WMUS 289)

MUSC 299  Internship  0 hours
   Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind
   Supervised field experience at an approved site. Application procedures processed through the School of Music and Career Center. Must apply semester prior to internship.

MUSC 301  Brass Pedagogy  3 hours
   Prerequisite: Permission of instructor

MUSC 302  Dynamics of Leading Instrumental Music  3 hours
   Prerequisites: MUSC 204 and 206, or permission of instructor
   Principles of the development and performance practice of instrumental music in traditional and non-traditional performance settings. Students learn the importance of building and developing the rhythm sections, rock and roll type instrumental ensembles, and larger instrumental groups. Additional time is spent on rehearsal and performance techniques, use of rhythm section with small, medium and large orchestra, and rhythm section with vocal ensemble. (Formerly WMUS 302)

MUSC 303  Dynamics of Leading Vocal Team and Ensemble  3 hours
   Prerequisites: MUSC 204, 206, and 302, or permission of instructor
   This is a methods class that deals with principles and processes for building vocal teams in traditional and non-traditional settings. Attention is given to the role of the vocal musician, pedagogy for adult singers, repertoire development, and processes for nurturing large and small vocal ensembles. (Formerly WMUS 303)

MUSC 304  Keyboard Pedagogy  3 hours
   (Offered Spring semester)
   Prerequisite: Permission of instructor

MUSC 305  Woodwind Pedagogy  3 hours
   Prerequisite: Permission of instructor

MUSC 306  Form and Analysis  3 hours
   (Offered fall semester)
   Prerequisite: MUSC 204 or 206
   Instruction in principles of the analysis of small and large musical forms and procedures, including binary, ternary, rondo, variation, sonata, fugue and imitative procedures.

MUSC 308  Percussion Pedagogy  3 hours
   Prerequisite: Permission of instructor

MUSC 309  Orchestration  3 hours
   (Offered Spring semester)
   Prerequisites: MUSC 105, 106, 205 and 206.
   Principles of instrumental scoring for orchestra, symphonic band, wind ensemble, pop-orchestra with rhythm section or any number of other combinations. Course assignments are primarily scoring for the various instrumental sections, culminating in a setting of a select keyboard work for large ensemble.

MUSC 310  Principles of Arranging  3 hours
   Prerequisites: MUSC 204 or 206, and 330 or permission of instructor.
   This course provides basic arranging technique for various pop-music genres. Special attention is given to developing arranging technique for rhythm sections, small vocal and instrumental ensemble, studio recordings, and larger vocal and instrumental ensemble. Students complete a major arranging project for presentation in an end of the semester concert setting. (Formerly WMUS 310)

MUSC 311  Music History (Antiquity – 1750)  3 hours
   (Offered fall semester)
   Prerequisites: MUSC 105 and 106
   A survey of Western European music from Antiquity to 1750 A.D.

MUSC 312  Music History (Since 1750)  3 hours
   (Offered Spring semester)
   Prerequisites: MUSC 105 and 106
   A systematic survey of music history since the Baroque era.

MUSC 313  History of Music and Worship  3 hours
   This is a historical study of the changes in music and worship practice as shaped by: the Great Awakenings; the four periods of
music history (Renaissance, Baroque, Classical and Romantic); and, the influences in culture, ecclesiastical norms, and various modern worship movements. (Formerly WRSP 320)

MUSC 314 Music in World Cultures 3 hours
A comprehensive overview of cultural traditions, belief systems, and practices of world cultures as approached through the study and analysis of the music of ethnic groups. (Formerly ETHM 411)

MUSC 315 Basic Conducting 2 hours
Prerequisites: MUSC 105, 106, or permission of instructor
Rudimentary instruction in conducting techniques for traditional and non-traditional settings. Knowledge and skill areas stressed are: basic conducting gestures and patterns; score interpretation; rehearsal management and technique; programming considerations; and special problems in vocal and instrumental situation. (Formerly WMUS 315)

MUSC 316 Choral Conducting 2 hours
Prerequisite: MUSC 315
Practical training in directing choral ensembles. Development of basic conducting techniques with emphasis on musical interpretation of selected works. Includes ensemble management, score study, rehearsal techniques, and performance techniques.

MUSC 317 Instrumental Conducting 2 hours
Prerequisite: MUSC 315
Practical training in directing instrumental ensembles. Development of baton and left-hand techniques with emphasis on musical interpretation of selected works. Includes score study, rehearsal techniques and performance techniques.

MUSC 318 Choral Arranging 2 hours
(Offered fall semester)
Prerequisites: MUSC 105, 106, 205 and 206
A study of the techniques and procedures required in arranging and composing for voices. Skills will be developed through extensive written assignments.

MUSC 319 Choral Literature 2 hours
(Offered fall semester, even numbered years, on demand)
Prerequisite: MUSC 206
A survey of sacred and secular choral literature, medieval to the present; emphasis on the madrigal, oratorio, contemporary British and American music.

MUSC 320 Group Voice III 1 hour
(Classes meet two hours each week)
Prerequisite: MUSC 220, or audition and/or permission of instructor
This is a continuation of principles learned in MUSC 220 including instruction in: vocal technique; various musical styles; musicianship; performance techniques; principles of vocal diction; and singing in the Italian, French and German languages. Fulfills the secondary vocal requirement. (Formerly WMUS 320)

MUSC 321 Voice (Junior) 1 or 3 hours
Prerequisites: MUSC 222 and successful completion of the Junior Candidacy Performance review
Continuation of private lessons in singing, based on department policies. (Formerly WMUS 325)

MUSC 322 Voice (Junior) 1 or 3 hours
Prerequisite: MUSC 321
Continuation of MUSC 321, private lessons in singing, based on department policies.

MUSC 323 Leadership, Philosophy, Music and Organization 3 hours
(Offered fall semester)
Prerequisites: MUSC 201, 313
This course addresses the practical principles of music and worship leadership including: issues of integrity and character; developing and implementing philosophy; establishing chains of command; dangers of insubordination; time management, staff relationships; administrative responsibilities for musicians; journaling; building a calendar; budgeting, and discipleship training; building staff; and family. (Formerly WRSP 321)

MUSC 326 History of Jazz 3 hours
Prerequisite: MUSC 203
This course presents an overview of the development of jazz traditions during the 20th century. Key innovators from jazz’ multifaceted history are discussed. As a distinctly American music form, jazz has often challenged existing distinctions between “art” and “popular” music, and today is an internationally respected art form. These distinctions are explored related to the changing roles and meanings of jazz within society.

MUSC 327 Jazz Styles and Analysis 3 hours
Prerequisite: MUSC 203
Survey and analysis of jazz styles including ragtime, early jazz, swing, bebop, the cool school, hard bop, modal and contemporary styles. Repertoire, improvisation, instrumentation, role of instruments, major innovators and important groups are discussed. Includes transcription of jazz solos and their stylistic analysis.

MUSC 330 Music Technology I: Notation 3 hours
(Offered Spring semester)
Prerequisites: MUSC 106, 108, or permission of instructor
The study of computer competencies for the use of Finale music notation software in a variety of settings: education; church music; worship presentation; and, Music Industry. This includes, but is not limited to, the creation of: lead sheets, piano-voical, guitar, praise band, choral charts and full orchestrations. Musical knowledge is combined with technological skill in entering music notation and producing written music of a publishing level. (Formerly WMUS 330)

MUSC 331 Composition I 2 hours
Prerequisites: MUSC 204 or 206 and 208; may be repeated.
Building on the foundations of music theory and other areas of musical training, this course is an applied study of the musical and creative process for composing original music.

MUSC 332 Composition II 2 hours
Prerequisite: MUSC 331; may be repeated
A continuation of MUSC 331. This is a more advanced experience in the creative process of composing original music, building on the foundations of music theory and other areas of musical training, and including coverage of stylistic integrity and standard notation. Emphasis is on greater use of extended harmony, chromaticism and twentieth-century procedures.

MUSC 333 Private Composition (Junior) 1 to 3 hours
Prerequisite: MUSC 239 and Audition
Continuation of MUSC 239. Private instruction in film scoring/composition based on department policies. Foundational and contemporary repertoire and techniques studied. Emphasis is on preparing for Christian artist ministry in the area of film music production and television/video game scoring.

MUSC 334 Music Technology II: Sequencing 3 hours
Prerequisites: MUSC 106, 108 and 330; or permission of instructor
This course is the investigation of computer applications for a variety of musical purposes, including: competencies in the use of music recording software; sequencing; music programming, using loops in live and recording application; integrating midi and digital audio; capturing, editing, and storing digital audio data; multi and single tracking; Video Sound Technology (VSTs); and sound shaping. Special attention is given to the practical application of the technological use of digital, computer software to classroom instruction, weekly worship ministry, and a variety music industry applications. (Formerly WMUS 331)

MUSC 335 Introduction to Film Scoring 3 hours
Prerequisites: MUSC 309, 310
This course addresses the prevalent and recurrent need in films to emulate a wide variety of stylistic scoring approaches appropriate to the period setting and/or specific ethnic locale of a screenplay. Discussion included approaches to research and adaptation of authentic musical styles. (Such styles include, for example, 17th century European, African, 1920s American, etc.). Emphasis is placed on careful attention to instrumentation, arranging, orchestration, and dramatic theme development.

**MUSC 336 Orchestration for Film and Media** 3 hours
Prerequisites: MUSC 334 (or CINE 271), and MUSC 335
This course focuses on the exploration and application of traditional and contemporary orchestration techniques to support and achieve intended dramatic effect. Regular assignments involve the use of orchestration as an important compositional tool to successfully meet the emotional requirements of a wide variety of dramatic situations.

**MUSC 337 Scoring Techniques for Film and Media** 3 hours
Prerequisites: MUSC 334 or CINE 271, and MUSC 335
Techniques used in composing and scoring music for television and film productions; practical writing experience. Assignments representing realistic situations will be recorded synchronously to the specific needs of film scenes.

**MUSC 338 Groove Writing** 2 hours
Prerequisite: MUSC 334 or CINE 271
Development of groove writing skills in a variety of styles. Use of technology, loop creation, and sequencing skills.

**MUSC 339 Private Composition (Junior)** 1 to 3 hours
Prerequisite: MUSC 333
Continuation of MUSC 333. Private instruction in music writing/composition based on department policies. Foundational and contemporary repertoire and techniques studied. Emphasis is on preparing for Christian artist ministry in the area of film music production and television/video game scoring.

**MUSC 341 Private Piano (Junior)** 1 or 3 hours
Prerequisite: MUSC 242.
Continuation of private lessons in piano or organ, based on department policies. (Formerly WMUS 345)

**MUSC 342 Private Piano (Junior)** 1 or 3 hours
Prerequisites: MUSC 341.
Continuation of MUSC 341, private lessons in piano or organ, based on department policies.

**MUSC 343 Jazz Improvisation and Lab II** 3 hours
Prerequisite: MUSC 143
This course is a continuation of Jazz Improvisation I. Students will explore advanced techniques of jazz performance and improvisation. Students will also explore the process of integrating new materials and improvisation methods into their playing. Class structure is performance based. Each semester will culminate in a public performance featuring large and small groups, jazz standards or original compositions.

**MUSC 345 Group Piano V** 1 hour
(Classes meet two hours each week)
Prerequisite: MUSC 244 or equivalent, or enrollment by audition and/or permission of instructor.
A continuation of MUSC 244, this is a group piano course for students continuing to broaden music experiences, develop chords and chord progressions, music reading, and improvisational and performance skills. PPE preparation for the Star-Spangled Banner and Sight-reading. (Formerly MUSC 245 and WMUS 440)

**MUSC 346 Group Piano VI** 1 hour
(Classes meet two hours each week)
Prerequisite: MUSC 345 or equivalent, or enrollment by audition and/or permission of instructor.
A continuation of MUSC 345, this course provides class instruction that helps broaden music experiences, develop chords and chord progressions, music reading, published jazz and pop band charts, and improvisational and performance skills. Additional attention is given to developing skills as a member of jazz, gospel, worship or rock and roll band. (Formerly MUSC 246)

**MUSC 347 Jazz Piano II** 1 hour
Prerequisite: MUSC 247 or equivalent; permission of instructor
For non-piano primaries. Continuation of MUSC 247. In this course advanced comping technique and chord voicings are emphasized. Intermediate accompaniment techniques are applied to standard song forms and blues.

**MUSC 348 Jazz Guitar II** 1 hour
Prerequisite: MUSC 248 or equivalent; permission of instructor
For non-guitar primaries. Continuation of MUSC 248. In this course advanced comping technique and chord voicings are emphasized. Intermediate accompaniment techniques are applied to standard song forms and blues.

**MUSC 349 Ethnic Music Ensemble** 1 hour
An ensemble for beginning and proficient musicians that explores, through performance, some of the world’s musical instruments, styles, and playing techniques.

**MUSC 350 Group Guitar III** 1 hour
(Classes meet two hours each week)
Prerequisite: MUSC 250; audition and/or permission of instructor
A continuation of MUSC 250, this course provides instruction in more advanced chords and chord progressions, music reading, improvisational techniques, chord substitutions, chord construction, Contemporary lead sheets and performance in classical, Gospel, Contemporary Christian, rock and roll, and jazz styles. Scale studies and extended chords are stressed. Designed to fulfill the need for secondary instrumental requirement in guitar. (Formerly WMUS 350)

**MUSC 351 Guitar, Strings, Brass, Woodwinds, Percussion (Junior)**
1 or 3 hours
Prerequisite: MUSC 252
Continuation of MUSC 252, private lessons in the instruments of the band and orchestra, based on department policies. (Formerly WMUS 355)

**MUSC 352 Guitar, Strings, Brass, Woodwinds, Percussion (Junior)**
1 or 3 hours
Prerequisite: MUSC 351
Continuation of MUSC 351, private lessons in the instruments of the band and orchestra, based on department policies.

**MUSC 355 Brass Techniques** 2 hours
(Offered Spring semester)
Preparation for teaching brass instruments. Emphasis on teaching technique and actual playing of brass instruments.

**MUSC 357 Woodwind Techniques** 2 hours
(Offered Fall semester)
Preparation for teaching woodwind instruments. Emphasis on teaching technique and actual playing of woodwind instruments.

**MUSC 360 Contemporary Improvisation Techniques**
2 hours
Prerequisites: MUSC 203 and 205
This is a praxis-based course that provides opportunity for students to develop skill in strategic areas of vocal or instrumental improvisational technique. Investigative studies include the relationship between improvisation and harmonic context in contemporary popular, rock, black gospel, and jazz idioms.

**MUSC 363 Percussion Techniques** 2 hours
(Offered Spring semester)
Prerequisites: MUSC 105 and 106
Preparation for teaching the basic percussion instruments and drum kit. Development of demonstration and playing abilities.
**MUSC 364**  *Contemporary Styles Survey I*  
1 hour  
This course covers rhythm chart reading through the use of detailed transcriptions and arrangements in a wide range of styles including pop, rock, funk, country, black gospel, and contemporary instrumental. Emphasis is placed on production of rhythmic groove, management of rhythm section, and basic arranging concepts.

**MUSC 365**  *Contemporary Styles Survey II*  
1 hour  
In this course, students learn contemporary rhythm chart reading through extensive use of transcriptions and professionally written arrangements. Focus is placed on sight-reading, pitch and improvisation concepts in diverse styles.

**MUSC 366**  *Jazz Arranging*  
3 hours  
Prerequisite: MUSC 330  
This course focuses on arranging and orchestrating music for jazz ensemble. Basic and intermediate techniques for creative writing in the jazz idiom are applied to small and large jazz ensembles. Major projects are required for the completion of this course. Computer notation is required for all projects. Select student projects are submitted for reading session.

**MUSC 367**  *Jazz Pedagogy*  
3 hours  
Prerequisite: MUSC 360, 364, 365  
This course introduces students to the methodologies and resources of jazz pedagogy. Students will learn appropriate literature for a variety of age levels, approaches to improvisation, and rehearsal techniques for both the large and small jazz ensemble.

**MUSC 370**  *Private Songwriting*  
1 hour  
Prerequisite: MUSC 371  
Weekly private instruction in developing and crafting the skill of songwriting. The study includes principles for writing melody, harmony, rhythm, lyric, song form, building demos and producing songs suitable for publishing in a commercial market. Application will be made to contemporary worship practices. Students will perform original songs. Audition and recommendation of instructor required. (Formerly WMUS 330)

**MUSC 371**  *Survey of Songwriting Literature*  
3 hours  
(Offered fall semester only)  
An introduction to the craft, development and history of songwriting. Attention will be given to the study and evaluation of song form, both historic and contemporary. General techniques of songwriting and the specific approaches of selected songwriters will be explored in connection with biblical doctrine and theologies, music practices, and worship practices in the Evangelical community. (Formerly WMUS 371)

**MUSC 372**  *Christian Music Industry*  
3 hours  
(Offered Spring semester only)  
An introduction to the Christian music industry, both old and new. Recent developments in this field will be emphasized, specifically highlighting the impact of biblical principles for working in the Christian music industry. Basic principle of music publishing and distribution will be defined and developed including copyright law, song royalties and mechanicals, copyright management, performance rights organizations (ASCAP, BMI, SESAC, and CCLI), song demo creation, music producing, song pitching, and publishing. (Formerly WRSP 372)

**MUSC 373**  *Artist Spiritual Formation*  
3 hours  
Prerequisite: Admission to songwriting or artist development programs  
Foundational principles for the discipleship of Christian artists and songwriters. Students define their pursuit for an identity and significance, ministry, relationships, excellence, integrity, and disciplined living. In addition, students study creativity and art, journaling, developing communication skills, musicianship as applied to the contemporary Christian music industry. (Formerly WRSP 373)

**MUSC 374**  *String Techniques*  
2 hours  
(Offered fall semester)  
Prerequisites: MUSC 105 and 106  
Preparation for the teaching of violin, cello and double bass. Study of the history, construction, maintenance and acoustical phenomena of string instruments.

**MUSC 375**  *String Pedagogy*  
3 hours  
(Offered on demand)  
Prerequisite: MUSC 374 or permission of instructor  
Review of the teaching methods of Applebaum, Muller-Rusch, Rolland and Suzuki. Strongly recommended for Instrumental Teacher Licensure. Students with strings as the principal performance area.

**MUSC 376**  *Principles for Songwriting I*  
2 hours  
Prerequisites: Admission to program and permission of instructor; MUSC 371 with a grade of "B" or higher; MUSC 330 and 334, or equivalent  
Principles of song writing, including elements of writing melody; melodic structure; lyric form-understanding verse/chorus/bridge structures; melodic style; lyric style – gospel to classical, southern gospel to praise and worship and country to rock ‘n roll; and co-writing lyrics with other musicians. Students are required to participate in the Songwriter’s Showcase presented by the Center for Worship each semester. (Formerly WMUS 332)

**MUSC 377**  *Principles for Songwriting II*  
2 hours  
Prerequisite: MUSC 376  
A continuation of MUSC 376, this course provides practical application of songwriting principles through group collaboration. (Formerly WMUS 333)

**MUSC 378**  *Artist and Business Community*  
3 hours  
Prerequisites: Admission to program; MUSC 372  
Principles of booking, copyright management, promoting, financial accountability and organization, business integrity, exposure to the market and business administration. (Formerly WRSP 334)

**MUSC 379**  *Artist Presentation*  
3 hours  
Prerequisites: Admission to program; MUSC 334, 373  
Developing strategies for musically artistic and ministry effective program presentation. Principles include reading the crowd, building live performance, developing goals and objectives for platform performance; unique features of lighting, sound reinforcement, and technology; trend awareness and commerciality. Special emphasis is placed on goals of an artist as a worshiper; song selection; audience participation; presentation of the gospel; and partnership with the local church. (Formerly WMUS 335)

**MUSC 380**  *Instrumental Overview*  
2 hours  
(Offered fall semester)  
Prerequisites: MUSC 105 and 106  
A study of basic instructional techniques of woodwind, brass, string and percussion instruments for Choral Teacher Licensure students. This course is designed to prepare vocal music teachers for teaching school instrumental music at the basic skills level.

**MUSC 381**  *Guitar Literature*  
2 hours  
Prerequisite: Permission of instructor  
This course will survey guitar and lute literature from the Renaissance to the present, including solo works, chamber music, and concerti. The course will include music written for lute and guitar as well as transcriptions for guitar of music written for other instruments. Activities used to facilitate learning will include listening to recordings and music performances, score study, lectures, discussion, and selected readings.

**MUSC 382**  *Woodwind Literature*  
2 hours  
Prerequisite: Permission of instructor  
Literature for flute, clarinet, oboe, bassoon, and saxophone. Elementary and advanced exercises, etudes, methods for class and
private instruction, clef and transposition studies, and orchestral repertoire are explored. Survey and evaluation of sources and materials.

**MUSC 383 Brass Literature** 2 hours
- Prerequisite: Permission of instructor
- Literature for horn, trumpet, trombone, euphonium, and tuba.
Elementary and advanced exercises, etudes, methods for class and private instruction, clef and transposition studies, and orchestral repertoire. Survey and evaluation of sources and materials.

**MUSC 384 Percussion Literature** 2 hours
- Prerequisite: Permission of instructor
  - Literature for percussion solo, ensemble and chamber groups.
  Elementary and advanced exercises, etudes, methods for class and private instruction are explored. Survey and evaluation of sources and materials.

**MUSC 385 The Worship Orchestra II** 1 hour
- Prerequisites: Audition and/or permission of instructor; two semesters of MUSC 285
  - Continuation of MUSC 285. (Formerly WMUS 385)

**MUSC 386 The Gospel Choir II** 1 hour
- Prerequisite: Audition and/or permission of instructor; two semesters of MUSC 286.
  - Continuation of MUSC 286. (Formerly WMUS 386)

**MUSC 387 Jazz Guitar Ensemble II** 1 hour
- Prerequisite: Audition and/or permission of instructor; two semesters of MUSC 287
  - Continuation of MUSC 287. (Formerly WMUS 387)

**MUSC 388 String Literature** 2 hours
- Prerequisite: Permission of instructor
  - This course provides a survey of string literature through the present day, including solo works, chamber music, and concerti.
  Special emphasis is placed on etudes, exercises, instructional, and performance literature for class and private instruction.

**MUSC 389 The Worship Choir III** 1 hour
- Prerequisites: MUSC 289; audition and/or permission of instructor
  - A continuation of MUSC 289. (Formerly WMUS 389)

**MUSC 390 Foundations of Vocal Technique** 2 hours
- (Offered fall semester)
- Prerequisite: MUSC 106
  - This course provides preparation in the vocal area for Instrumental Teacher Licensure students. This course is designed to prepare instrumental teachers for teaching school vocal music at the basic skills level.

**MUSC 391 Keyboard Literature** 2 hours
- Prerequisite: Permission of instructor
  - This course provides a general survey of keyboard literature through the present day. Special emphasis is placed on etudes, exercises, instructional, and performance literature for class and private instruction.

**MUSC 392 Ethnic Music Program** 1 hour
- Prerequisite: Approval of student’s primary faculty
  - A juried lecture/demonstration of student progress in ethnic music performance. The student shall provide a 25-30 minute presentation demonstrating knowledge of the selected genre and level of performing skill. Specifically designed to meet Music in World Culture curriculum expectations. (Formerly WMUS 390)

**MUSC 393 Vocal Diction** 3 hours
- (Offered fall semester)
  - The study of English, Italian, German and French pronunciation (enunciation and articulation) as applied to vocal texts in these languages, through use of the International Phonetic Alphabet.

**MUSC 394 Practicum I** 1 hour
- Prerequisites: MUSC 323 or equivalent; approval of School of Music Coordinator of Practica
- Practical, supervised application of music leadership at approved publishing company, church, para-church organization, recording studio, artist group or other approved organization. Taken the first semester of student’s junior year, students are placed in a supervisory role and learn principles of team building, management, planning, program presentation and more. (Formerly WRSP 311)

**MUSC 395 Practicum II** 1 hour
- Prerequisites: MUSC 394; approval of School of Music Coordinator of Practica
  - This is a continuation of MUSC 394. Students are placed in a supervisory role and learn principles of team building, management, planning, program presentation and more. Taken the second semester of a student’s junior year, students are also required to meet with the Coordinator of Practica for instruction on resume preparation, principles of interviewing and expectations for completion of an internship. (Formerly WRSP 312)

**MUSC 396 Junior Artist or Worship Program** 1 hour
- Prerequisite: Approval of the student’s primary faculty
  - A faculty-supervised 20-30 minute program devoted to the presentation of literature representative of contemporary Christian, worship and praise, gospel song, or hymn-style music. The student must demonstrate ability to organize a program using a variety of media, Scripture, drama, lighting, video, band and praise team. The student’s final worship/artist program must be approved by Faculty Committee.

**MUSC 398 Junior Recital** 1 hour
- Prerequisites: Completion of the MUSC Junior Candidacy Performance Review; completion of one semester of junior level private music performance instruction
  - Co-requisite: must be taken concurrently with the second semester of junior level private music performance instruction
  - Preparation and presentation of a solo musical performance recital under the supervision of the principal performance teacher.
  - A requirement for B.M. (performance) and B.S. in Worship and Music degree programs. (Formerly WMUS 390)

**MUSC 400 Music Resources and Literature** 3 hours
- Prerequisites: MUSC 302, 303, or permission of instructor
  - A study of the materials used in program building of instrumental and choral ensembles in traditional and non-traditional music settings. Evaluation is made of select publishers to investigate musical, audio, video, and software resources availability. Application to pop music, contemporary Christian worship, public and private school, civic, patriotic and seasonal events. (Formerly WMUS 400)

**MUSC 401 Art of Accompaniment** 2 hours
  - (Offered on demand)
  - Vocal and instrumental, solo and ensemble literature from various periods of music history will be studied from the viewpoint of the accompanist.

**MUSC 402 Ethnic Music Theory** 3 hours
- The study of non-Western theories of music, with an emphasis on both existing systems of art and folk music as well as systems without an articulated theory. (Formerly ETHM 400)

**MUSC 404 Accompanying I** 1 hour
- Prerequisite: MUSC 401
  - Continuation of the development of accompanying techniques highlighted in MUSC 401. Pianists work in collaboration with one or more vocalists or instrumentalists under the supervision of applied music teachers at the School of Music. Students will perform in one or more live performance settings such as recitals, studio classes, auditions, and performance juries.

**MUSC 405 Accompanying II** 1 hour
- Prerequisite: MUSC 404
  - Continuation of the techniques of accompanying emphasized in MUSC 404. Pianists work in collaboration with one or more
vocalists or instrumentalists under the supervision of applied music teachers at the School of Music. Three hours of weekly contact with teachers and students are expected in this course, including rehearsals, studio lessons, and coaching with course faculty. Students will perform in one or more live performance settings such as recitals, studio classes, auditions, and performance juries.

**MUSC 407 Solo Vocal Literature** 3 hours  
(Offered Spring semester, odd numbered years)  
Prerequisite: MUSC 206  
A survey of solo literature for the voice from the Baroque period to the present. Emphasis on Italian song, German Lieder, French Melodie, and English Art Song. (Recommended for all voice majors)

**MUSC 408 Vocal Pedagogy** 3 hours  
(Offered Spring semester, even numbered years)  
Prerequisite: Permission of instructor  
Study of the physiology of the voice and methods of voice training, with emphasis on techniques used in developing posture, breathing, phonation, resonance, articulation, and artistic interpretation of standard vocal literature.

**MUSC 411 Marching Band Techniques** 2 hours  
(Offered on demand in Fall semesters)  
A study of the methods and materials employed in the development of marching band drill design. Strongly recommended for the BM in Instrumental Music with the music education concentration student.

**MUSC 420 Group Voice IV** 1 hour  
(Meets 2 hours per week)  
Prerequisite: MUSC 320  
A continuation of MUSC 320, this course involves group study for advanced vocalists. Students sing on a weekly basis for one another in a “master class” setting. Significant emphasis is given to vocal quality, resonance, articulation, dynamics, expression, performance technique, vocal health and preparation for presentation in various vocal venues. Fulfills the secondary requirement in voice. May substitute for private voice upon recommendation of vocal faculty. (Formerly WMUS 420)

**MUSC 421 Voice (Senior)** 1 or 3 hours  
Prerequisite: MUSC 322  
Continuation of MUSC 322, private lessons in singing, based on department policies. May be repeated as needed.

**MUSC 422 Voice (Senior)** 1 or 3 hours  
Prerequisite: MUSC 421  
Continuation of MUSC 421, private lessons in singing, based on department policies. May be repeated as needed.

**MUSC 423 Congregational Contextualization and Leadership** 3 hours  
(Offered Spring semester)  
Prerequisites: MUSC 312, 323 and 499  
This is a study of congregational worship practices in the evangelical traditions. Special attention is given to establishing methodology for evaluating ministry context and demographic. Attention is given to song selection, programming, conducting concepts, vocal and band rehearsal techniques and the integration of multimedia, drama, and creative movement into the congregational ministry. (Formerly WRSP 421)

**MUSC 424 Arts in Global Outreach** 3 hours  
Prerequisites: Junior or Senior Status  
The course will explore important fieldwork theories, methods, and techniques that may be used to advocate for culturally relevant music and arts in a global worship setting. Students will learn how to become artistic catalysts and so assist in deep disciplership, meaningful worship, and effective outreach through music and the arts.

**MUSC 433 Private Composition (Senior)** 1 to 3 hours  
Prerequisite: MUSC 339  
Continuation of MUSC 339. Private instruction in film scoring/composition based on department policies. Foundational and contemporary repertoire and techniques studied. Emphasis is on preparing for Christian artist ministry in the area of film music production and television/video game scoring.

**MUSC 436 Christian Music Industry Seminar** 1 hour  
Prerequisites: Permission of Instructor; MUSC 372 and equivalent of MUSC 220, 243 or 250  
Student artists and songwriters study privately and in group settings with professionals. Students premiere their programs and songs at the conclusion of the seminar. (Formerly WRSP 436)

**MUSC 437 Elementary Music Methods and Materials** 2 hours  
(Offered Spring semester)  
Prerequisite: Admission to the Music Education concentration  
Co-requisite: must be taken concurrently with MUSC 438  
An exploration of elementary music school methods and materials. Topics include philosophy, objectives, materials, current trends, and procedures for teaching music at the elementary grade school level.

**MUSC 438 Elementary Music Methods and Materials Practicum** 1 hour  
(Offered Spring semester)  
Prerequisite: Admission to the Music Education concentration  
Co-requisite: must be taken concurrently with MUSC 437  
Classroom teaching observation and practice. Fifteen hours of monitored classroom observation and teaching in an elementary music school classroom; written evaluation of observing and teaching experiences required.

**MUSC 439 Private Composition (Senior)** 1 to 3 hours  
Prerequisite: MUSC 433  
Continuation of MUSC 433. Private instruction in film scoring/composition based on department policies. Foundational and contemporary repertoire and techniques studied. Emphasis is on preparing for Christian artist ministry in the area of film music production and teleivision/video game scoring.

**MUSC 440 Ethnic Music Seminar** 3 hours  
Concentrated study of a selected ethnic music culture. In scheduling each seminar, consideration will be given to student interest and the availability of appropriate guest musicians. (Formerly ETHM 440)

**MUSC 441 Private Piano (Senior)** 1 or 3 hours  
Prerequisite: MUSC 342  
Continuation of private lessons in piano or organ, based on department policies. (Formerly WMUS 445)

**MUSC 442 Private Piano (Senior)** 1 or 3 hours  
Prerequisite: MUSC 441  
Continuation of private lessons in piano or organ, based on department policies. May be repeated as needed.

**MUSC 450 Group Guitar IV** 1 hour  
(Meets 2 hours per week)  
Prerequisite: MUSC 350 or permission of instructor  
Continuation of MUSC 350, this is a group guitar course that further develops instruction in advanced chords, chord progressions, more advanced improvisational techniques, music reading, sight-reading of classical literature, contemporary lead sheets and performance in classical, contemporary Christian, rock and roll and jazz styles. Fulfills the need for secondary instrumental requirement in guitar. (Formerly WMUS 450)

**MUSC 451 Guitar, Strings, Brass, Woodwinds Percussion (Senior)** 1 or 3 hours  
Prerequisite: MUSC 352  
Continuation of MUSC 352, private lessons in instrument for band or orchestra, based on department policies. (Formerly WMUS 455)
MUSC 452  **Guitar, Strings, Brass, Woodwinds**  1 or 3 hours  
Prerequisite: MUSC 451  
Continuation of MUSC 451, private lessons in instrument for band or orchestra, based on department policies. May be repeated as needed.

MUSC 470  **Opera Workshop I:**  1 to 3 hours  
(Offered fall semester)  
Prerequisite: Audition and/or permission of instructor.  
A synthesis of performance practice and stage movement related to opera. The course culminates in a performance of a work rehearsed during the semester. Entrance based on an audition. Fall semesters culminate in a full music theater production.

MUSC 471  **Opera Workshop II:**  1 to 3 hours  
(Offered Spring semesters)  
Prerequisite: Audition and/or permission of instructor.  
A synthesis of performance practice and stage movement related to opera. The course culminates in a performance of a work rehearsed during the semester. Entrance based on an audition. Spring semesters culminate in a presentation of opera scenes.

MUSC 477  **Guitar Pedagogy**  3 hours  
Prerequisite: Permission of instructor  
Analysis of the elements of classical guitar technique and development of guitar teaching skills. Students observe, evaluate and implement techniques used in guitar classes and private lessons. Students also survey proven pedagogical approaches to guitar instruction.

MUSC 479  **Classical Guitar Ensemble II**  1 hour  
Prerequisite: Two semesters of MUSC 179  
Continuation of MUSC 179.

MUSC 480  **University Chorale II**  1 hour  
Prerequisite: Two semesters of MUSC 180  
Continuation of MUSC 180.

MUSC 481  **Concert Choir II**  1 hour  
Prerequisite: Two semesters of MUSC 180, 181 and/or 182  
Continuation of MUSC 181.

MUSC 482  **Chamber Singers II**  1 hour  
Prerequisite: Two semesters of MUSC 180, 181 and/or 182  
Continuation of MUSC 182.

MUSC 483  **Jazz Ensemble II**  1 hour  
Prerequisites: Fall Audition; 2 semesters of MUSC 183  
Continuation of MUSC 183.

MUSC 484  **Marching Band II**  1 hour  
Prerequisite: Two semesters of MUSC 184 and/or 185  
Continuation of MUSC 184.

MUSC 485  **Symphony Orchestra II**  1 hour  
Prerequisite: Two semesters of MUSC 184, 194, and/or 185  
Continuation of MUSC 185.

MUSC 486  **Brass Choir II**  1 hour  
Prerequisite: Two semesters of MUSC 186  
Continuation of MUSC 186.

MUSC 487  **University Band II**  1 hour  
Prerequisite: Two semesters of MUSC 187 or other major instrumental ensemble, such as MUSC 184 or 194  
Continuation of MUSC 187.

MUSC 488  **Woodwind Choir II**  1 hour  
Prerequisite: Two semesters of MUSC 188  
Continuation of MUSC 188.

MUSC 489  **Supervised Praise and Worship Ensemble**  1 hour  
Prerequisite: Audition and/or permission of instructor  
Practical experiences for the worship leader in training for mixed instrumental/vocal ensembles used in various evangelical traditions. Ensembles may include, but are not limited to: Official Department of Ministry Teams groups; Center for Worship Handbell Ensemble; CFW House Band; E-41; and Lift. Groups provide music for various on campus events. Up to two hours credit from MUSC 489 may be applied as “approved credit” for the music and worship studies degree. (Formerly WMUS 489)

MUSC 490  **Secondary Music Methods and Materials**  2 hours  
(Offered Fall semester)  
Prerequisite: Admission to the Music Education concentration  
Co-requisite: must be taken concurrently with MUSC 491  
An exploration of middle school and high school music methods and materials. The development of general music programs and choral and instrumental programs are emphasized. Topics include: methods of assessment, communication, and classroom teaching procedures.

MUSC 491  **Secondary Music Methods and Materials Practicum**  1 hour  
Prerequisite: Admission to the Music Education concentration  
Co-requisite: must be taken concurrently with MUSC 490  
Classroom observation and teaching practice. Fifteen hours of monitored classroom observation and teaching in middle and high school music classroom situations; written evaluation of observing and teaching experiences.

MUSC 492  **Percussion Ensemble II**  1 hour  
Prerequisite: Two semesters in MUSC 192  
Continuation of MUSC 192.

MUSC 493  **Chamber Music Ensemble II**  1 hour  
Prerequisite: Permission of instructor  
This course is designed to provide students the opportunity to participate in various chamber formations, receive weekly coaching, attend master classes with faculty members and guests as required, and present a public performance during the term.

MUSC 494  **Wind Ensemble II**  1 hour  
(Offered Spring semester)  
Prerequisite: Two semesters of MUSC 184 and/or 194  
Continuation of MUSC 194.

MUSC 495  **Directed Research in Music or Music and Worship**  3 hours  
Prerequisite: Two semesters of MUSC 184 and/or 194  
Continuation of MUSC 194.  
Directed research into musicological, ethnomusicological, or worship studies type topics. The research is presented as a completed research paper, lecture or lecture-recital. Students are directed individually or in small seminar groups, as may be appropriate. May be taken more than once, but no research topic may be repeated.

MUSC 496  **Senior Artist or Worship Program**  1 hour  
Prerequisite: Approval of the student’s primary faculty  
A faculty-supervised 35-45 minute program devoted to the presentation of literature representative of contemporary Christian, worship and praise, gospel song, or hymn-style music. The student must demonstrate ability to organize a program using a variety of media, Scripture, drama, lighting, video, band and praise team. The student’s final worship/artist program must be approved by Faculty Committee.

MUSC 497  **Special Topics – Music or Music and Worship**  1 to 3 hours  
Topics of special interest not included in the regular School of Music offerings. May be taken more than once, but no topic may be repeated.

MUSC 498  **Senior Recital**  1 hour  
Prerequisites: Completion of the MUSC Junior Candidacy Performance Review; completion of two semesters of private music performance instruction following the completion of the Junior Candidacy Review  
Co-requisite: must be taken concurrently with 400 level private music instruction  
Preparation and presentation of a solo recital under the supervision of the principal performance instructor. MUSC 498 is a graduation requirement for all B.M. and B.S. in Music and Worship degree programs. (Formerly WMUS 490)
MUSC 499 Internship 3 hours
Prerequisites: MUSC 394 and 395; Junior or Senior status and required 2.00 GPA; approval of School of Music Internship Coordinator
This is a capstone course and is usually completed the summer between the junior and senior year. Special consideration is given to course completion during last semester of a student’s senior year. Internship includes a 400-hour minimum of supervised, practical experience in an approved organization. Application procedures processed through the School of Music. Student must apply semester prior to completing internship.

NASC 315 Environmental Science 4 hours
(Offered fall semester)
(3 hours lecture, 3 hours lab)
Prerequisites: BIOL 101 or 102 and MATH 110, Junior or Senior status or permission of the instructor.
An integrative studies course. This course includes the integration and application of biological and physical science principles to environmental issues including biological and sociological impacts of human population growth, use and management of natural resources, sources and regulation of pollution, and biological and economic aspects of conservation.

NEW STUDENT SEMINAR

NSSR 101 New Student Seminar No credit
Designed to facilitate academic, spiritual and social development, the understanding of Judeo-Christian ethics and values within a Christian university setting and provide interaction between faculty and students which establishes high academic expectations.

NURSING

NURS 101 Introduction to Nursing 1 hour
This course focuses on an introduction to nursing education, nursing process, principles of teaching and learning, the current roles of nurses in health care as well as the historical, ethical, political, social and legal aspects of nursing. This information is related to the curriculum requirements and career opportunities in nursing. Content also includes an introduction to Benner’s model and nursing as a ministry.

NURS 105 Medical Terminology 1 hour
This course provides basic understanding of medical terms and abbreviations. Includes study of prefixes, suffixes, word stems, and technical terms with emphasis on proper spelling, pronunciation and applications. Elementary aspects of the nursing process with special emphasis on assessment are incorporated.

NURS 115 Sciences in Nursing 3 hours
Prerequisite: BIOL 213/214
The focus of this course is on physiological changes resulting from imbalances in the man-environment interaction throughout the life span. The emphasis is on application of general concepts of adaptation and homeostasis to each of the body’s systems and on relationship of these concepts to the practice of clinical nursing. The course provides the student with a scientific knowledge base applicable to the more advanced clinical practice of nursing.
(Formerly NURS 215)

NURS 200 Nursing Process Application 2 hours
Prerequisite: Acceptance into the Nursing Major
This course is designed to help students achieve success in the Liberty University Nursing Program. Students will learn and apply strategies for analyzing, evaluating, and researching information for clinical decision-making. Students will apply critical thinking constructs to develop and write nursing care plans and pathophysiologies for selected patients in case studies.

NURS 210 Health Assessment 3 hours
(1.5 hours lecture; 4.5 hours clinical)
Prerequisite: Admission to the Nursing Major
This course focuses on the development of a body systems approach to health assessment of individuals emphasizing normal growth and developmental responses across the lifespan. Content includes an introduction to the knowledge and skills of health assessment through a variety of methodologies in the classroom, opportunities to practice skills in the nursing laboratory and experiences in the clinical settings. Students apply communication techniques in eliciting comprehensive health histories and perform physical examinations in evaluating health status.

NURS 220 Advanced Nursing Communication 3 hours
Prerequisite: RN Licensure in good standing
It is essential that professional nurses have communication skills that are effective in promoting optimal interaction with others in a variety of situations. This course focuses on developing expert communications skills when communicating with other health care providers and patients and when communicating professional information through writing and speaking.

NURS 221 Fundamentals in Nursing 4 hours
(2 hours lecture; 6 hours clinical)
Prerequisite: Admission to Nursing Major
This course focuses on the provision of safe and effective care related to common nursing technologies and the basic time and self-management as well as concepts regarding the establishment of effective communication skills, adaptation techniques, patient teaching techniques and specific age related considerations in the provision of nursing care are also discussed. The nursing laboratory, acute and long-term care settings provide the opportunity for the development of basic skills including medications.

NURS 225 Research in Nursing 3 hours
Prerequisite: Admission to the Nursing Major
This course provides an overview of the nursing process including methodology, design and interpretation of findings. It focuses on acquiring the beginning knowledge and skills essential for critical evaluation of research reports as well as guidance in the production of a poster presentation which incorporates evidence based knowledge related to a specific clinical problem.

NURS 299 Internship 0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.
Application procedures processed through the Career Center. Must apply semester prior to internship.

NURS 301 Strategies for Adult Health Care I 5 hours
(3 hours lecture; 6 hours clinical)
Prerequisites: NURS 210, 215, 221
In-depth exploration of bodily system dysfunction throughout the adult lifespan provides the focus of this course. Principles of pre-, intra-, and post-operative management, infection and wound management will be discussed. Discussions of dysfunctions of the respiratory, cardiac, vascular, hematologic, gastrointestinal, genitourinary and endocrine systems will also be included in the course content. With each topic covered, principles of care designed to most effectively maintain or restore homeostatic mechanism are addressed. Aspects of patient teaching and discharge planning are incorporated into each system. Assessment, analysis, planning, implementation and evaluation are emphasized as the nursing process is applied to the clinical learning experience in the acute care setting. Legal, ethical, political and economical issues are addressed in the theoretical and clinical component of this course. The student will be responsible for the management of self and one client in the clinical setting.

NURS 302 Strategies for Adult Health Care II 5 hours
(3 hours lecture; 6 hours clinical)
COURSES OF INSTRUCTION – RESIDENT PROGRAMS

Continued in-depth exploration of bodily system dysfunction throughout the adult lifespan provides the focus of this course. Discussion of the musculoskeletal system, eye and ear, hepatobiliary and pancreatic systems, male and female reproductive systems, and neurological systems are included in the course. Cancer and therapeutic treatment of cancer, death and dying, and gerontology are also addressed in the course content. Principles of care designed to most effectively maintain or restore homeostatic mechanisms are discussed. Family involvement, coping and education are discussed with each system. Assessment, analysis, planning implementation and evaluation are emphasized as the nursing process is applied to the clinical learning experience in the acute care setting. Legal, ethical, political and economical issues are addressed in the theoretical and clinical components of the course. The student will be responsible for the management of the total patient/family needs of one or more patients each week in the clinical setting.

NURS 305 Pharmacology 2 hours
Prerequisites: NURS 210, 215, 221
Introduction to clinical drug therapy with emphasis on the knowledge and interventions needed to maximize therapeutic effects and prevent or minimize adverse effects of drugs. Major content areas include basic concepts of pharmacology, groups of therapeutic drugs, prototypes of drug groups, commonly prescribed individual drugs, drug effects on body tissue, human responses to drug therapy, and applying nursing process in relation to prescribed drug therapy regimens.

NURS 306 Pharmacology II 2 hours
Prerequisites: NURS 305 and acceptance into the Nursing major
Continued exploration of clinical drug therapy with emphasis on the knowledge and interventions needed to maximize therapeutic effects and prevent or minimize adverse effects of drugs. Major areas of study include groups of therapeutic drugs, their application in disease-process management, and their effects. Legal and professional issues surrounding the safe administration of medications are discussed. Human responses to drug therapy and application of the nursing process in relation to prescribed drug therapy regimens are discussed.

NURS 316 Global Health Nursing Field Experience 3 hours
Prerequisite: Student must be a junior or senior in the Nursing program at Liberty. This includes being enrolled in or having completed all junior-level classes. These classes include: NURS 210, 215, 220 and 225
This course is a nursing elective specifically developed for students that will be going overseas during or immediately after the semester they are taking this course. The student will be tested on their Cultural Intelligence and will be required to create an action plan to increase their areas of strength and grow in areas of weakness. This student will be exposed to the needs, duties, conflicts and cultural barriers of working as a professional nurse in a culture other than their home culture. This class provides the student with an opportunity to examine personal values and beliefs as they are related to health practices of people from other cultures. It provides opportunity to experience the stress resulting from linguistic differences and the adaptation required to adjust professional and personal practices to a different cultural environment. Issues and view of health and illness are included in the student’s analysis of the relationship between cultural considerations and personal and health behavior. Students develop and practice communication skills and caring as a ministry with individual and family members of another culture.

NURS 352 Caring for the Childbearing Family I 4 hours
(2 hours lecture; 6 hours clinical)
Prerequisites: NURS 210, 215, and 221
The pregnant family through early infancy will be the unit of study. Discussion of political, economic, social, religious and health care influences on reproduction and family life and the counter influences of pregnancy and the birth of children in communities and societal systems will be included. The course focuses on the pregnant family’s interaction with the environment. The stages of pregnancy, fetal development and adaptation of the newborn to extra-uterine life are the major topics of discussion. Normal and minor disruptions of the physiological and psychological functioning of the mother, the newborn and various family members will be emphasized through theory and practice.

NURS 353 Caring for the Childbearing Family II 4 hours
(2 hours lecture; 6 hours clinical)
Prerequisites: PSYC 210, NURS 210, 215 and 221
This course provides a comprehensive overview of child health problems from infancy to adolescence. Discussion of political, economic, social, religious and health care influences on child rearing families will be included. Study of the needs of the ill child and the hospitalized child and the resulting affects on the child’s family will be emphasized through theory and practice.

NURS 415 Cross-Cultural Nursing 3 hours
(2 hours lecture; 3 hours clinical)
Prerequisite: NURS 301 or concurrent enrollment
The student utilizes the nursing process while gaining an understanding of the delivery of health care in a culture outside the United States or a subculture within the United States. The experience provides the student with an opportunity to examine personal values and beliefs as they are related to health practices of people from other cultures. It provides opportunity to experience the stress resulting from linguistic differences and the adaptation required to adjust professional and personal practices to a different cultural environment. Issues and view of health and illness are included in the student’s analysis of the relationship between cultural considerations and personal and health behavior. Students develop and practice communication skills and caring as a ministry with individual and family members of another culture.

NURS 416 Preceptorship in Nursing 3 hours
(1 hour lecture; 6 hours clinical)
Prerequisites: NURS 301, 302, 352, 353 and recommendation of faculty
This elective course focuses on the nursing process in the care of adults and children with multiple and complex nursing problems. Secondary and tertiary health care settings will be utilized. Students will be given the opportunity to select an area of concentration and to be associated with preceptors of experience in the field of choice. The course will include 15 hours of classroom time and 90 hours of clinical experience. The clinical experience will be guided by a learning contract, the preceptor and the instructor.

NURS 417 Crisis Nursing 3 hours
(2 hours lecture; 3 hours clinical)
Prerequisite: NURS 301 or concurrent enrollment
This course focuses on care of individuals and families in crisis. Theories of adaptation as well as situational and maturational crisis will be discussed and applied through use of the nursing process. Students have opportunities for communication and client teaching in a variety of crisis situations. Secondary and tertiary health centers as well as community support agencies will be utilized as clinical settings.

NURS 418 Gerontological Nursing 3 hours
(2 hours lecture; 3 hours clinical)
Prerequisite: Completion of one clinical course
This course will focus on the nursing care of the elderly, with special emphasis on health and wellness. Issues surrounding the aging process will be discussed. Students will have the opportunity to utilize knowledge and skills in a variety of facilities serving older adults.
NURS 419  Strategies for End of Life Care  3 hours
Prerequisites: NURS 201, 215, 221, 301 or permission of the instructor
This course focuses on the physical, emotional, legal and ethical issues that face nurses as they care for patients in their final days of life. Attention is paid to the lived experiences of the dying patient and their significant others. Strategies are discussed for professional intervention on behalf of the patient.

NURS 420  Comprehensive Pain Management  3 hours
Prerequisites: NURS 210, 215, 221, 301, 302, 306 or permission of the professor
This course emphasizes the development of the nurse as an advocate pertaining to pain management. Areas of study include societal bias, ethnic and gender bias related to pain management, ethical and legal considerations, and the nurse’s role in the development of a therapeutic culture for pain management. This course will establish a sound foundation for nurses to take a leadership role in pain management.

NURS 440  Strategies for Community Health Care  5 hours
(3 hours lecture; 6 hours clinical)
Prerequisites: BIOL 203, NURS 301, 302, 352 and 353
This course focuses on the application of the nursing process to a population or community group. Emphasis is placed on community assessment process and the development of nursing strategies to assist multi-problem families, considering health on a continuum, throughout the lifespan. Family systems theory, theories of adaptation and educational needs of various populations will be addressed. The clinical focus is on the development of a broader perspective of the nurse’s role in a variety of clinical and environmental settings. In addition, the nurse’s role on the community health team and an understanding of health care needs of different cultural groups will be studied.

NURS 445  Population Health  3 hours
Prerequisites: NURS 301, 302, 305, 306, 352, and 353
This seminar course provides an overview of genetics, genomics, geriatrics, end-of-life care, and cultural sensitivity from a Christian worldview. Through the use of evidence-based practice guidelines, the student will utilize knowledge and skills attained throughout their nursing education and apply it to a variety of educational activities. These include Senior Mentor project, interaction with a community specialist panel, evidence-based research, self-reflection, therapeutic communication and critical thinking skills.

NURS 451  Strategies for Mental Health Care  3 hours
(2 hours lecture; 3 hours clinical)
Prerequisites: NURS 301, 302, 352 and 353
This course focuses on the psychosocial needs of an individual/family. Biological, psychological and spiritual systems will be emphasized. Development of nursing knowledge and skill for intervention with social-emotional balances and imbalances in the lifespan will be explored. Stress, adaptation, communication and personality development are emphasized. Behavioral concepts and mental health theories are integrated. In- and out-patient mental health agencies will serve as practice areas.

NURS 460  Advanced Strategies for Adult Health Care  4 hours
(2.5 hours lecture; 4.5 hours clinical)
Prerequisites: NURS 301, 302, 352 and 353
This course focuses on application of the nursing process in highly complex and/or life threatening situations, including the effect of crises on the patient and family systems. Knowledge from previous courses is expanded upon to provide a deeper understanding of the pathophysiology and the advanced health care needed in this highly technological setting. Clinical experiences focus on the management of total patient care of individuals with multi-system dysfunction, in collaboration with the involved nursing staff and physicians. Legal, ethical, political, historical and economic issues are addressed in the theoretical and clinical components of this course.

NURS 465  Advanced Strategies for the Critically Ill  3 hours
(2 hours lecture; 3 hours clinical)
Prerequisites: All Junior-level nursing courses and NURS 460
This course focuses on application of the nursing process in highly complex and/or life threatening situations. Content builds upon knowledge gained in previous courses, with an emphasis on the integration of this knowledge in a challenging patient population. A holistic approach is utilized, with psychosocial, legal, and ethical considerations discussed.

NURS 466  Advanced Critical Care II  3 hours
(2 hours lecture; 3 hours clinical)
Prerequisites: NURS 352, 353 (and completion of the Richmond program), NURS 460
This course focuses on application of the nursing process in highly complex and/or life threatening situations of the high risk mother and the critically ill infant and child. Content builds upon knowledge gained in previous courses, with an emphasis on the integration of this knowledge in a challenging patient population. A holistic approach is utilized, with psychosocial, legal, and ethical considerations discussed.

NURS 490  Leadership/Management in Nursing  5 hours
(3 hours lecture; 6 hours clinical)
Prerequisites: NURS 301, 302, 352 and 353
Note: Must be taken the last semester of nursing major
Benner’s work on the novice to expert continuum and the seven domains of nursing will be explored and students will apply concepts to their own practices, both past, present and future. The leadership roles of the nurse as an individual and a group member while utilizing the Christian principles such as godly character, servant attitude, honest and commitment will be emphasized. While caring for groups of patients and individuals, students will explore a variety of content areas including systems theory, professional practice models, care delivery models, nurse sensitive quality indicators, foundational documents that drive the nursing profession, financial that are relevant to supporting care in the practice setting, the influence of regulatory agencies on the delivery of care and health policies that affect health care in general. Students are expected to synthesize previously learned knowledge in complex nursing situations and to expand their abilities to use the problem-solving and decision-making processes.

NURS 495  Directed Research  1 to 3 hours

PHILOSOPHY

PHIL 201  Philosophy and Contemporary Ideas  3 hours
Prerequisite: ENGL 101
A survey of the major positions and figures in philosophy and the cultural worldviews and practical applications that derive from them, focusing specifically on theism, naturalism and humanism in contemporary thought.

PHIL 210  Logic  3 hours
Prerequisite: PHIL 201
A study of the basic laws of rational thought and their application to actual examples of verbal and written argumentation.

PHIL 240  Christian Evidences  3 hours
Prerequisite: PHIL 201
A survey of the evidences for the central truths of Christianity; the existence of God, the deity and resurrection of Christ and the authority and truth of the Bible.

PHIL 301  History of Philosophy I  3 hours
Prerequisite: PHIL 201
A study of major western philosophers through Thomas Aquinas.

PHIL 302  History of Philosophy II  3 hours
Prerequisite: PHIL 201
A study of major western philosophers from the 13th century to Kant.

**PHIL 303 History of Philosophy III** 3 hours
Prerequisite: PHIL 201

A study of major western philosophers of the 19th and 20th centuries.

**PHIL 310 Symbolic Logic** 3 hours
Prerequisite: PHIL 201, 210 or permission of instructor

This course covers the essential elements of symbolic logic, including categorical, sentential, and predicate logic, both translations and proofs. This course will introduce and develop the symbolic nature of propositional and predicate logic, as well as examine such things as validity and soundness, truth tables, rules of deductive inference and replacement, formal axiomatic systems, relations, alternative notations and proof techniques.

**PHIL 346 Eastern Philosophies** 3 hours
Prerequisite: PHIL 201

A study of Hindu, Buddhist and Confucian philosophical systems. The student will explore the basic logics employed in these systems, as well as the structure of their content.

**PHIL 350 Ethics** 3 hours
Prerequisite: PHIL 201

A survey of central ethical issues and problems and the major philosophical approaches to their solution.

**PHIL 360 Philosophy of Science** 3 hours
Prerequisite: PHIL 201

A study of the definitions, methods and presuppositions of both the natural and social sciences and their relationships to ethics and revelation.

**PHIL 380 Biomedical Ethics** 3 hours

A survey of the major ethical issues that are currently facing the life and medical sciences. Topics will cover ethical issues concerning life and death, clinical and health care, medical research and allocation of medical resources. Emphasis will be placed on providing guidelines in making critical ethical decisions, especially for those planning careers in the medical field.

**PHIL 420 Epistemology** 3 hours
Prerequisite: PHIL 201

A study of the major views on the basic issues of knowledge, belief, perception and certainty with special attention paid to the central historical controversies.

**PHIL 429 The Thought of St. Augustine** 3 hours
Prerequisite: PHIL 201

An integrative studies course examining Augustine’s life and thought within his times, culture and context, integrating disciplines such as philosophy, theology, history, and literature. Students will explore various primary texts, investigating Augustine’s theories regarding free will, predestination, the inner desire for God, signs and sanctification as philosophical concepts, the nature of truth, just war theory, good and evil, time and eternity, the nature of God and perfection, and interpretation theory.

**PHIL 430 Metaphysics** 3 hours
Prerequisite: PHIL 201

An introduction to the philosophical discussion of being; the nature of reality, the existence and attributes of God, and the nature of human persons, including the mind-body problem and the issue of freedom and determinism.

**PHIL 440 Philosophy of Religion** 3 hours
Prerequisite: PHIL 201

A study of the major issues in religion: the existence of God, the problem of evil, freedom and determinism, and religious language.

**PHIL 465 The Thought of C.S. Lewis** 3 hours
Prerequisite: PHIL 201

A study of the contributions to philosophy and Christian thought of C.S. Lewis. Special attention is given to his biography, early life and conversion, academic development, methods of critical thought, defense of the faith, arguments in favor of theism, poetry, mythopoeic literature, science fiction, as well as many contributions not usually associated with Lewis’s popularity and recognition. Contemporary and recent literature on Lewis will be critically examined.

**PHIL 468 The Thought of J.R.R. Tolkien** 3 hours
Prerequisite: PHIL 201 or permission of the instructor

This is a study of the contributions to philosophy and Christian thought in the writing of J.R.R. Tolkien. The course will examine the implicit power of story in the major and minor works of J.R.R. Tolkien. In addition to exploring themes of identity, heroism, good and evil, and other moral virtues in Tolkien’s mythical and short story writings, we will consider the influences of Tolkien’s mythology and historical fiction in popular culture. While there will be some literary analysis throughout the course, most of the seminar will discuss the influence of mythology (i.e., the concept of eucatastrophe and sub-creation in fairy stories [i.e., fantasy], and the implicit power of language, virtue and free-will behind the worldview of Middle-earth).

**PHIL 495 Directed Research** 1 to 3 hours

**PHIL 497 Special Topics in Philosophy** 1 to 3 hours
Prerequisite: PHIL 201

A seminar on various topics in philosophy, including current trends and figures.

**PHYSICAL SCIENCE**

**PHSC 102 Elements of Physical Science** 3 hours
A study of the basic concepts of chemistry and physics for non-science majors. Topics covered include structure and properties of matter: physical and chemical changes; motions and forces; sources, transfer, and conservation of energy; electricity and magnetism; sound and light.

**PHSC 104 Elements of Physical Science Lab** 1 hour
An optional 2-hour weekly laboratory experience to accompany PHSC 102. Attention will be given to laboratory procedures in chemistry and physics, safety, mathematics, measurement, data manipulation, and everyday uses of chemistry and physics.

**PHSC 121 Introduction to Astronomy** 3 hours
An overview of the principles of astronomy as related to the Solar System for non-science majors. An optional weekly lab will be offered coincident with the course.

**PHSC 122 Elements of Astronomy Lab** 1 hour
An optional lab to accompany PHSC 121. Attention will be given to laboratory procedures of astronomy, safety, observation skills and method, astronomical science and reasoning, conclusions/learning and practical astronomy.

**PHSC 210 Elements of Earth Science** 3 hours
A study of the principles of physical and historical geology, oceanography, and meteorology for non-science majors.

**PHSC 211 Elements of Earth Science Lab** 1 hour
An optional lab experience to accompany PHSC 210.

**PHSC 310 Astronomy: An Integrated Approach** 4 hours
Prerequisite: PHYS 101 or PHSC 102 or equivalent

An integrative studies course using principles of astronomy as a framework for integrating disciplines such as mathematics, physical sciences, history, and literature from the general education curriculum. Includes a three-hour weekly laboratory.

**PHYSICS**

**PHYS 101 Elements of Physics** 3 hours
A study of the basic concepts of physics for non-science majors. Included topics: Mechanics (motion, energy, simple machines, momentum, gravity), heat and thermodynamics, electricity and magnetism, sound and light, history and methodology of science.
The role of the pastor in normative interpersonal challenges of church staff will be identified and conflict resolution considered. A study of the responsibilities of different staff positions, the relationships between staff members, development of team spirit, staff planning and working with lay leadership. Special attention will be given to conflict management. A multiplicity of resources will be presented.

**PLED 350 Pastoral Duties** 3 hours
Prerequisites: Junior status (or by permission from the PLED program director)

The call, qualifications and duties of the pastor are considered. In the areas of duties, such topics as preaching, teaching, evangelism, counseling and visitation will be taught. Instruction will be given in administering the ordinances of the church, as well as funerals and weddings.

**PLED 351 Church Assimilation and Development** 3 hours
Prerequisites: Junior status (or by permission from the PLED program director)

The study of recruitment, training, placement, assimilation, and networking of congregates into the local church community. An overview of church growth strategy through the multi-site and church planting will be examined that incorporates laymen into the church body. Special attention will be given to the application of curriculum scope and sequence to life span life stages relevant to spiritual disciplines that facilitate church assimilation.

**PLED 421 Homiletics I** 3 hours
Prerequisites: Junior status, PLED 201, COMS 101 and BIBL 350 (or by permission from the PLED program director)

This course is designed to introduce the student to proper methodology in organizing sermonic material into proper sermonic form. The student is introduced to proper methods of textual analysis and outline construction. A laboratory session is employed.

**PLED 422 Homiletics II** 3 hours
Prerequisites: Junior status, PLED 201, COMS 101 and BIBL 350 and PLED 421 (or by permission from the PLED program director)

This course is designed to teach the student proper methodology in sermonic presentation. The student is alerted to his particular voice and communication problems and given the opportunity of remedying them throughout the course of the semester. A laboratory session is employed.

**PLED 446 Christocentric Preaching** 3 hours
Prerequisites: PLED 201, PLED 421, BIBL 350 and BIBL 480 (or by permission from the PLED program director)

This course is designed to introduce students to the balanced practice of, methods for, and challenges related to responsibly and legitimately preaching expository, Christocentric sermons from all genres of Scripture. The course will emphasize a passage's place within the larger context of Scripture and prioritize evangelistic, gospel-centered preaching from both Old and New Testament.

**PLED 452 Critical Issues in Pastoral Leadership** 3 hours
Prerequisites: Senior status, PLED 201, PLED 301 and PLED 301 (or by permission from the PLED program director)

Designed as a capstone course, this class will direct students to recognize the critical issues in contemporary pastoral ministry. Students will examine their ministry readiness by inventorying and evaluating their cumulative learning experiences. The student will be guided to compile a personal portfolio that includes a theological and experiential learning analysis of personal educational assumptions. Special attention is given to Pastoral issues in the wider cultural context by identifying ministry strategies, values, and philosophy.

**PLED 495 Directed Research** 1 to 3 hours

**PLED 497 Special Topics in Pastoral Ministries** 1 to 3 hours

**PLED 499 Pastoral Ministries Internship** 3 hours
Prerequisites: Junior status, 15 hours in PLED courses
A supervised field experience designed for men studying for the senior or associate pastor. The site must be approved by the Department Chairman. Application procedures processed through the PLED Faculty Internship Advisor. Must apply semester prior to completing internship.

**PSY 101  General Psychology**

Introduction to Psychology as a scientific discipline concerned with the study of behavior. Consideration will be given to such topics as human development, motivation, emotion, perception, learning, personality, intelligence, measurement and applied areas.

**PSY 150  Psychology of Relationship Development**

Since relationships form our identity and color everything we do, they are essential to living a successful and fulfilling life. This course offers healthy relationship concepts and practices and strives to remedy these deficiencies through an interactive "relationship education".

**PSY 210  Developmental Psychology**

An overview of the human life span from conception through senescence. Continuity of development as well as critical periods faced by the maturing human will be emphasized using contemporary theories and research as foundation materials.

**PSY 221  Psychology of Childhood**

A study of child growth and development from birth to puberty. Examination of the basic theories principles and practices of childhood training and education.

**PSY 231  Psychology of Adolescence**

An investigation of the psychological and environmental factors related to puberty, peer identification and identity conflict in the adolescent. Emphasis will be upon the development of self-identity and the problems faced by the American adolescent.

**PSY 235  Psychology of Adulthood**

The focus will be on viewing adult development as an integrative, dynamic and continuous process terminated only at death. The whole span of adulthood will be examined, including retirement and old age.

**PSY 255  Introduction to Research**

An introduction to psychological research techniques and methodology designed to improve students' understanding of the basic issues in the scientific methods of the social sciences. The goals of the course are: to improve students' understanding of the concepts related to research methodology; to improve the students' ability to communicate ideas about science, including a significant amount of writing; and survey of both quantitative and qualitative research methods.

**PSY 299  Internship**

0 hours

Prerequisites: Sophomore status, 2.00 GPA, two courses in major, declared major, not more than one CSER behind.

Selected topics in psychology will be treated at an advanced level. Experience will be acquired in clinic settings and through exposure/intern opportunities. Application procedures processed through the Career Center. Must apply semester prior to internship.

**PSY 305  Overview of Theory and Treatment of Substance Abuse**

Prerequisite: PSYC 101 or PSYC 210 or SOCI 201; PSYC 255

An introduction to the theory and treatment of substance abuse and addiction. Students will be exposed to both secular and biblical concepts of substance abuse and will be asked to formulate an appropriate integration of both sets of material.

**PSY 306  Advanced Theory and Treatment of Substance Abuse**

Prerequisite: Prerequisite: PSYC 101 or PSYC 210 or SOCI 201; PSYC 255

Advanced information on the theory and treatment of substance abuse and addiction with both secular and biblical concepts of substance abuse, recovery, and the impact upon family systems and society. An appropriate integration of the sets of materials will focus on the 12-step method of recovery and methods of relapse prevention.

**PSY 311  Educational Psychology**

3 hours

Acquaints the student with various learning theorists and models of learning. Focus is on the generation of practical solutions to problems associated with the teaching-learning process.

**PSY 312  Social Psychology**

3 hours

Prerequisite: PSYC 101, 210, or SOCI 200

Social psychology is the study of how the presence of other people affects an individual’s behavior, as well as how an individual forms opinions and attitudes about others. Topics in the course include interpersonal attraction, accuracy of eye-witness testimony, impact of TV on aggression, non-verbal communication, group decision making, and the impact of advertising on beliefs and behavior.

**PSY 315  Applied Psychology**

3 hours

An introduction to the wide variety of positions psychologists fill in government, industry, education and the social services. Students are given information on the various applications of psychological theories, principles and practices as they relate to different career fields.

This course provides to students knowledge of addictions and the recovery process. Students will learn about dual diagnosis, co-morbid issues, adjunctive treatment and support, addiction and special populations (women, adolescents, same-sex attraction, etc.), codependency, relapse prevention, crisis management and counseling and HIV.
**PSYC 407 Abnormal Psychology** 3 hours  
Prerequisite: PSYC 341  
A study of neurotic and psychotic behavior including origin, classification, symptoms and a survey of diagnosis, therapy and prevention.

**PSYC 410 Psychology of Religion** 3 hours  
Prerequisite: PSYC 410 or permission of the instructor  
This course focuses on the issues of group counseling and dynamics, client and community, education and ethics. Students will learn both didactic and psychodynamic group counseling skills. Learning groups will prepare a program of client and community education focused on substance abuse prevention. Students will also learn about ethical issues in substance abuse treatment.

**PSYC 420 Psychology and the Bible** 3 hours  
Prerequisite: PSYC 355  
Based on the history of the theories of psychology, students will analyze the psychological views of humanity. Biblical views of Christian writers will be used to examine the foundations of a sample of current psychological theories.

**PSYC 421 Psychological Measurement** 3 hours  
Prerequisite: PSYC 355  
A study of standardized tests in psychology, counseling and education. Includes personality, aptitude, general ability, achievement, and interest tests. Elementary statistics necessary to test usage and interpretation will be a part of the course.

**PSYC 430 Experimental Design in Research: Application and Construction** 3 hours  
Prerequisite: PSYC 355  
Acquaints the prospective research experimentalist in the behavioral sciences with a number of the basic principles used in the construction of experimental designs.

**PSYC 431 Psychology of Criminal Behavior** 3 hours  
Prerequisites: PSYC 101, 210, SOCI 200; PSYC 341 and PSYC 430  
An examination of the factors that contribute to criminal behavior, including various psychopathological and sociological aspects.

**PSYC 435 Directed Research** 1 to 3 hours  
An examination and evaluation of moral and ethical concepts and principles as they relate to the field of psychology. A wide range of subjects will be discussed including counseling intervention systems, the exceptional child, vocational development and human development.

**PSYC 440 Internship** 1 to 6 hours  
Prerequisites: 2.00+ overall GPA, Senior Status, 18 credits of PSYC coursework successfully completed, suitable internship site, and completed Student Internship Agreement (SIA)  
Selected topics in psychology will be treated at an advanced level. Experience will be acquired in clinical settings and through exposure/intern opportunities. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

**PSYC 450 Psychology of Religion** 3 hours  
Prerequisite: PSYC 410 or permission of the instructor  
This course focuses on the issues of group counseling and dynamics, client and community, education and ethics. Students will learn both didactic and psychodynamic group counseling skills. Learning groups will prepare a program of client and community education focused on substance abuse prevention. Students will also learn about ethical issues in substance abuse treatment.

**PSYC 460 Counseling Processes and Techniques** 3 hours  
Prerequisites: PSYC 341 and 371  
Theory and practice of counseling will be treated in an experiential, group-practice manner. Students will be exposed to counseling issues at a level commensurate with senior status and entry into the community workplace.

**RLST 489 Religious Studies Capstone** 3 hours  
This capstone course for all Religious Studies majors seeks to integrate the major program learning outcomes for the Concentrations in the B.S. in Religious Studies. Students will grapple with some of the most difficult questions in the Bible and theology, but they will also demonstrate how their religious education applies to real life ministry situations in national and international contexts. This course is designed for final semester seniors/graduates of the B.S. in Religious Studies program.

**RLST 499 Biblical and Theological Studies Internship** 3 hours  
Prerequisites: Junior or Senior status (Students may see professor for prerequisite override); 3.00 GPA; BIBL 350 and THEO 350 (21 total hours in major); BTST major.  
This internship will focus on both the programming and leadership aspects of ministry. It will be a supervised field experience at an approved site. Application procedures processed through the online application.

**RUSS Elementary Russian I** 3 hours  
This is an introductory course designed to place emphasis on functional grammar, practical vocabulary, listening skills and conversation in Russian. This course will serve as a basis for further development of proficiency in reading, writing, understanding, and speaking the Russian language.

**SCM 315 Oral Interpretation** 3 hours  
Study and practice of the art of using speech to communicate literature to an audience.

**SCM 325 Interpersonal Communication** 3 hours  
A study of the nature of interpersonal communication and relationships. Attention is focused upon personal responsibilities, interactive factors, and message and contextual variables in relationships. Personal skills in stimulating friendships and resolving conflict are examined through exposure to theory, practical exercises, and analysis of personal relationships. (Formerly COMS 325)
<table>
<thead>
<tr>
<th>COURSES OF INSTRUCTION – RESIDENT PROGRAMS</th>
</tr>
</thead>
</table>

**SCOM 330  Small Group Communication  3 hours**
Study and practice of the theories and methods of group communication. (Formerly COMS 330)

**SCOM 335  Argumentation  3 hours**
Prerequisites: COMS 101
Study and practice of principles of analysis, reasoning, evidence, organization and speaking needed to logically demonstrate and defend a position before an audience. (Formerly COMS 335)

**SCOM 345  Persuasion  3 hours**
Prerequisites: COMS 101
Analysis and practice of techniques used to change attitudes, beliefs, and behavior in various communication contexts. (Formerly COMS 345)

**SCOM 355  Organizational Communication  3 hours**
Prerequisites: COMS 101
A theoretical overview of communication functions and issues in a variety of contexts within organizations. Study and development of effective communication skills within the challenging, diverse workplace, and other organizational settings. (Formerly COMS 355)

**SCOM 358  Essentials of Customer Service  3 hours**
This course examines customer relationship management (CRM) as a key strategic process within all organizations. CRM is defined as the overall process of building and maintaining profitable customer relationships by delivering value and satisfaction to the customer. Focusing on process, strategy and technology, this course leads students from understanding the fundamentals of CRM through the implementation of CRM systems and analysis of customer data. It discusses the CRM philosophy as well as the systems in place that incorporate and integrate information from sales, marketing and service.

**SCOM 360  Leadership Through Communication  3 hours**
Prerequisites: COMS 101
Students will learn how communication styles strategically enhance the ability of individuals to lead organizations. Students will study leadership traits and communication patterns and, through a hands-on process, develop personal leadership styles.

**SCOM 370  Motivational Speaking  3 hours**
An advanced public speaking course that aims to develop and polish public speaking skills through the use of contemporary speech construction and delivery methods. Special emphasis will be placed on understanding of audience needs and the development of oral communication strategies for effective inspiration and motivation in the contexts of ministry, business and various professions.

**SCOM 380  Vendor Communication & Strategic Relations  3 hours**
This course is designed to apply the principles of strategic communication and public relations to the specialized area of developing sound relationships with the vendors, suppliers, and other specialized affiliates of an organization.

**SCOM 387  Forensics Practicum  3 hours**
Introduction, theory, training, and instruction necessary to develop speech performance skills required for success on a competitive forensic speaking team. Students participate in multiple intercollegiate speaking events on campus and at other schools. Emphasis is on individual speaking events including platform, limited preparation, and oral interpretation events. Students must attend weekly coaching sessions and travel or present their work on a regular basis to receive credit. These credits may be repeated. (Formerly COMS 387)

**SCOM 388  King’s Players Practicum  1 hour**
Practical application of dramatic and ministry principles. Student activities include acting, costuming, publicity/ promotion, set construction, sound reinforcement, and stage lighting. (Formerly COMS 388)

**SCOM 395  Debate and Individuals Events  1 hour**
One hour of credit is available each semester to members competing on the extracurricular forensics team. Competition may be in debate or individual events. Students must attend weekly practice sessions and travel on a regular basis to receive credit. These credits may be repeated, but will not count toward a Speech concentration or minor. (Formerly COMS 395)

**SCOM 455  Communication Theory  3 hours**
Prerequisites: COMS 101 & SCOM 210
A study of modern theories of communication with application to various contexts of speech communication. (Formerly COMS 455)

**SCOM 460/  Career Preparation  3 hours**
Prerequisite: Senior Standing Only
Students research and explore the types of Strategic Communications opportunities available to them upon graduation. This course emphasizes jump-starting careers by undertaking a professional job search and awareness of current job market conditions. (Formerly COMS 360)

**SCOM 465  Rhetorical Theory  3 hours**
Prerequisites: COMS 101 & SCOM 210
A historical survey and study of rhetorical theory in the past and present. Attention is given to Greek and Roman rhetorical theory, theories prevalent in the Middle Ages and Renaissance, and modern rhetorical theory. (Formerly COMS 465)

**SCOM 475  Criticism of Public Address  3 hours**
Prerequisites: COMS 101 & SCOM 210
The investigation of public address through historical and rhetorical critical methods. Focus on the development of competent critics through oral and written presentations. (Formerly COMS 475)

**SCOM 490  Crisis Communications  3 hours**
Prerequisites: Senior Status
This course will examine modern crisis communication, and provide the students with exposure to and practice in organizational communication, gathering information and providing analysis, and oral and written communication skills, essential for handling crisis situations. (Formerly COMS 490)

**SPORT MANAGEMENT**

**NOTE:** All students must maintain a “C” or higher for all Sport Management courses.

**SMGT 200  Introduction to Sport Management  3 hours**
This course is designed to provide students with an introduction to the skills and competencies required to pursue career opportunities in the sport industry.

**SMGT 201  History of Sport  3 hours**
This course investigates the historical development of sport and recreational activities practiced in North America. Major influences on the development of sport are examined including religious beliefs, social and cultural values, economics, politics, and technological advances.

**SMGT 205  Practicum  3 hours**
Prerequisite: SMGT 200 and 201 or concurrent enrollment
Supervised work experience in a sport administration area by the student with approval of advisor.

**SMGT 300  Introduction to Coaching  3 hours**
Prerequisite: Sophomore status
An overview of the roles, qualifications, responsibilities, and skills required of coaches during the season and off season. Issues affecting coaches both on and off the field will be addressed.

**SMGT 302  Sport Facilities and Events  3 hours**
Prerequisites: Completion of all 200-level SMGT courses, BUSI 201 or consent of instructor

Liberty University Undergraduate Catalog – 2015-2016  339
This course is designed to provide students with an overview of facility planning and design, facility operations, and event management.

**SMGT 304 Coaching Football** 3 hours
(Offered in the fall semester)
Prerequisite: Junior status
An examination of the theories, techniques, and styles of coaching football. Multiple offensive and defensive strategies are explored.

**SMGT 305 Sport Law** 3 hours
Prerequisites: Completion of all 200-level SMGT courses, BUSI 201 or consent of instructor
With a managerial approach to legal issues, this course will examine the influences of current state and federal legislation, collective bargaining agreements, regulation agencies, employee-employer relations, contracts and educational enterprises in relation to sport management.

**SMGT 306 Coaching Basketball** 3 hours
(Offered in the spring semester)
Prerequisite: Junior status
A study of the theories, methods, organization, and techniques of teaching and coaching of basketball skills and team play.

**SMGT 307 Coaching Fall Sports** 3 hours
(Offered in the fall semester)
Prerequisites: Coaching minors must have completed SMGT 300. All non-coaching minors must obtain the consent of the instructor.
This course will function as an orientation to the coaching of specific individual and team sports. Furthermore, the course is designed to evaluate the knowledge and skill proficiencies (competencies) of coaching minors in selected sport and activities. The sports covered in this course are: volleyball, cross country/track and field and soccer.

**SMGT 308 Coaching Spring Sports** 3 hours
(Offered in the spring semester)
Prerequisites: Coaching minors must have completed SMGT 300. All non-coaching minors must obtain the consent of the instructor.
This course will function as an orientation to the coaching of specific individual and team sports. Furthermore, the course is designed to evaluate the knowledge and skill proficiencies (competencies) of coaching minors in selected sport and activities. The sports covered in this course are: tennis, baseball/softball, and golf.

**SMGT 310 Communication in Sport** 3 hours
Prerequisites: Completion of all 200-level SMGT courses; BUSI 201, ENGL 101, ENGL 102 or MUSC 200, COMS 101
This course is a macro analysis of the field from personal, organizational, and external perspectives. Special attention is given to historical and theoretical features of the field, personal and organizational process, sport media, services and support systems, and sociological and legal aspects of sport.

**SMGT 312 Introduction to Sport Ministry Outreach** 3 hours
Prerequisites: Sport Management majors must have completed SMGT 200, 201; BUSI 201; ENGL 101, ENGL 102 or MUSC 200; COMS 101; SMGT 302
This course will explain the inter-relationships between sport and religion while examining the impact of muscular Christianity and sport ministry in North America. Tools and guidelines for preparing, organizing and administering a sport ministry program will also be examined.

**SMGT 314 Coaching Dynamics** 3 hours
(Offered in spring semester)
A study of rules, game procedures, methods, and practices in officiating athletic activities as well as instruction on video editing technology and film breakdown for a variety of sports. Students will also acquire certification in CPR, AED, and First Aid related to Coaching.

**SMGT 315 Concepts and Practices in Sport Outreach** 3 hours
This course introduces the student to the broad spectrum of Christian concepts and practices with sport camp operation and leadership. The student will be equipped to plan, fund, program, direct, evaluate and assess a camp’s effectiveness with an emphasis on outreach to athletes or high school and college campuses, in the local church, and with community organizations.

**SMGT 317 Mentoring in Sport** 3 hours
A residency whereby the student is assigned to a ministry outreach setting for the purpose of receiving hands-on experience and guidance in the day-to-day functions of sport outreach.

**SMGT 321 Global Sport Outreach** 3 hours
This course will examine global strategy issues within the context of sport outreach. Nation, region, and outreach specific factors that determine outreach effectiveness will be analyzed. Key global sport outreach organizations will be examined to deepen students’ understanding of effective sport outreach theories and strategies. Students will develop a basic conceptual framework to formulate a strategy for undertaking sport outreach in a global setting.

**SMGT 399 Internship** 3 hours
Prerequisites: Completion of all 200-level SMGT courses or consent of the instructor
A SMGT directed elective that will consist of supervised work experience approved in advance by the professor in a sport administration and/or management cognate (administration, aquatics, promotion, marketing, directing, fitness). Application procedures processed through the Sport Management Department Faculty Internship Advisor (FIA).

**SMGT 400 Sport and Exercise Psychology** 3 hours
(Offered in the spring semester)
Prerequisite: Completion of all 300-level SMGT courses, or consent of instructor. Open to all non-SMGT majors.
Coaching Minors: This is a required course.
This course is designed to provide students with an in-depth view of the theoretical and applied aspects of the psychology of sport and exercise. The emphasis is on providing knowledge and skills necessary to improve athletic performance, enhance health and well-being, and understand personal and situation variables in the exercise environment as related to the psychological development of the individual.

**SMGT 401 Sport Methodology, Methods and Practices** 3 hours
An introductory class to the psychological and emotional aspects of sport. Topics include mental preparation, goal setting, extrinsic vs. intrinsic reward, stress, anxiety, relaxation and coping within the context of sport participation. The topic of competition and the concepts of success and failure are discussed from a biblical perspective.

**SMGT 402 Sport Chaplaincy** 3 hours
This course will examine what it means to be a sports chaplain. Learning how to pray for, to serve, to challenge and to invest in lives and being on the journey of faith for those who serve.

**SMGT 404 Administration and Organization in Sport and Recreation** 3 hours
Prerequisites: Junior status, completion of all 200-level SMGT courses, SMGT 302 and 305, or consent of the instructor
A study of the problems and considerations involved in the successful management of sport and recreation programs. Areas considered include program planning, organization, leadership and evaluation, and current organizational trends.

**SMGT 405 Sport Finance** 3 hours
Prerequisite: Completion of all 200- and 300-level SMGT courses
Economic marketing and finance theories applied to sport organizations, with special emphasis on the impact of sport upon the
proximate community, and general development of cities and sport facilities.

**SMGT 406  Issues and Trends in Sport**  3 hours
Prerequisite: Completion of all 200- and 300-level SMGT courses
A basic understanding of the developments, trends and social processes that explain the widely popular sporting experiences of society today.

**SMGT 410  Sport Marketing**  3 hours
Prerequisite: Completion of all 200- and 300-level SMGT courses
The relevant areas of marketing are applied to sport applications for spectator and participative sport organizations are given. Special emphasis is placed on strategic planning, product analysis, and the development and presentation of marketing packages to secure sponsorship.

**SMGT 495  Directed Research**  1 to 3 hours
**SMGT 497  Special Topics in Sport Management**  1 to 3 hours
Prerequisite: Completion of all SMT 200-level courses
Placement with a sport organization for a controlled learning experience with the student’s career specialization area. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

### SOCIOLGY

**SOCI 200  Introduction to Sociology**  3 hours
A study of social theories, their histories, social structures, functions, and conflict emphasizing human, institutional, and group interactions. The course provides an overview of political, economic and other cultural phenomena and methodologies of the results of scientific social research. In addition, it seeks to expand ideas, concepts, theoretical, and practical orientations by utilizing a comparative perspective.

**SOCI 201  Social Problems**  3 hours
A study of social dilemmas such as crime, pollution, war, poverty, drug addiction, and racial discrimination. Course content is both theoretical and practical.

**Note:** SOCI 200 or 201 is a prerequisite for all other Sociology courses.

**SOCI 313  Social Organizations**  3 hours
(Offered fall semester)
Prerequisite: SOCI 200 or consent of the instructor
This course investigates the organizational culture and its impact on professionals, clients and service provision. Topics range from handling the day-to-day issues that characterize every workplace to understanding the larger sociopolitical context in which organizations function. The distinctive dynamics of communities, organizations, and change are emphasized. The cognitive, assessment, and evaluation components or practice and the skills essential for networking and case management in the human services professions are addressed.

**SOCI 340  Human Societies: A Global View**  3 hours
(Offered spring semester)
The sociological perspective will be applied to the study of population, culture, education, religion, hunger, and community outreach. We presently live in a world divided by societal stress and persecution. It is imperative as Christians that we develop a world view that promotes the cause of Christ. Education for the profession requires foundational understanding of human needs, social problems, and all welfare responses.

**SOCI 349  Sociology of Disability**  3 hours
Prerequisite: SOCI 200 or 210
The course will examine the social implications of disability, exploring its impact on the individual and on society. Students will be exposed to the many ways a disability can affect the lives of individuals, the processes by which people with disabilities adapt to their limitations, along with the influence society has in promoting both independence and dependence among people with disabilities. Major theories, research findings and biblical accounts will be used to analyze methods of understanding the challenges faced by people with disabilities and of developing a pragmatic approach to serving them effectively.

**SOCI 495  Directed Research**  1 to 3 hours
**SOCI 497  Special Topics in Sociology**  1 to 3 hours

### SOCIAL WORK

**SOWK 101  Introduction to Social Work**  3 hours
Introduction to Social Work and Social Welfare is a course that gives an overview of the field of social work practice. Topics regarding the ecclesiastical beginnings of the profession, additional historical components, the integration of faith and practice, as well as social work values and ethics will be explored. (Formerly SOWK 210)

**SOWK 120  Social Work Field Exploration**  2 hours
Social Work Field Exploration is the study of social work practice and settings of practice. Topics in the course are centered on social work practice in places such as child welfare, schools, domestic violence shelters, hospice facilities, hospitals, mental health clinics, assisted living facilities, and early intervention programs. (Formerly SOWK 220)

**SOWK 150  Intensive Social Work Field Observation**  1 hour
Social Work Field Observation is the study of social work practice within one particular setting of practice. The topic of this course centers on the participatory observation of a professional social worker for a full work week. Settings may include, but are not limited to places such as child welfare agencies, schools, domestic violence shelters, hospice facilities, hospitals, mental health clinics, assisted living facilities, and early intervention programs. (Formerly SOWK 250)

**SOWK 200  Introduction to Social Work and Human Services**  3 hours
An introduction to the field of Social Work and Human Services. Consideration will be given to such topics as the history and current development of social welfare programs, methods of influencing social change, professional values and ethics, the particular needs of at-risk populations, theories of human behavior, and family, group, community and organizational functioning.

**SOWK 260  Chemical Dependency**  3 hours
Prerequisites: SOWK 210
Chemical Dependency is a course that presents an overview of the concepts associated with the use and abuse of alcohol and other drugs. Topics in the course are the various perspectives on treatment prevention options; each topic is evaluated through a biblical worldview.

**SOWK 270  Ethics in Professional Helping**  3 hours
Prerequisites: SOWK 101 or PSYC 101 or SOCI 200
Ethics in Professional Helping is the study of values and principles of ethical decision making. Topics in the course are ethical dilemmas, critical thinking, professional codes of ethics, and common morality; each topic is evaluated through a biblical worldview.

**SOWK 300  Human Behavior and the Social Environment**  3 hours
Prerequisites: SOWK 101, Provisional Acceptance into the Social Work Program
Human Behavior and the Social Environment is a course that utilizes a life course perspective and additional theoretical perspectives as tools for understanding human behavior and its development across the life span. Particular focus is placed on the
inter-relatedness of the biological, psychological, social, and spiritual aspects with a “person in the environment” framework.

**SOWK 325 Social Welfare and Policy** 3 hours

Prerequisites: SOWK 101, Provisional Acceptance into the Social Work Program

This course studies the historical and contemporary issues surrounding social welfare and policy in the U.S. Particular focus is placed on analyzing, formulating, and advocating for policies that advance social well-being.

**SOWK 350 Social Work Practice with Individuals and Families** 3 hours

Prerequisites: SOWK 101, SOWK 270, Provisional Acceptance into the Social Work Program

Social Work Practice with Individuals and Families is the study of practice from a generalist social work point of view. Particular emphasis is placed on the practice behaviors associated with engagement, assessment, and intervention.

**SOWK 355 Social Work Practice with Groups** 3 hours

Prerequisites: SOWK 101, and Provisional Acceptance into the Social Work Program

This course provides the student with the opportunity to develop an understanding of theories, methods, and skills in relation to generalist practice with social work groups. This course also provides the forum for students to gain an understanding of cultural values of individuals and the impact of those values on the group process. Emphasis will be placed on the importance of being a culturally sensitive group leader.

**SOWK 370 Junior Field Experience and Seminar** 3 hours

Prerequisites: SOWK 101, SOWK 120, SOWK 150, SOWK 270, SOWK 355, and Provisional Acceptance into the Social Work Program.

Junior field experience provides students with the opportunity to perform in the role of a social work practitioner under the supervision of an experienced social worker. In one semester, students will have experienced a minimum of 150 field hours in a setting which employs social workers. Students will meet for one hour weekly to discuss the theoretical and conceptual concepts learned in the classroom with the practical experience in field placement.

**SOWK 410 Social Work Macro Practice** 3 hours

Prerequisites: SOWK 101, SOWK 270, and Provisional Acceptance into the Social Work Program

This course provides a generalist social work perspective of social work communities and organizations. Topics include engagement, assessment, intervention, and evaluation as well as advocacy in regards to social and economic justice.

**SOWK 425 International Social Work** 3 hours

Prerequisites: SOWK 101, SOWK 270, GLST 220, and Full acceptance into the social work program

This course is designed to introduce students to the theoretical perspectives, values, and skills associated with the contemporary international social work. Social, political, cultural, economic, organizational, religious, and technological advances that affect societal dynamics in various regions of the world will be explored.

**SOWK 431 Social Work in Mental Health** 3 hours

Prerequisites: SOWK 101, SOWK 270, Full acceptance into the social work program

This course is designed to introduce students to the knowledge, values, and skills necessary for social work practice in mental health settings. Topics will include roles and functions of social workers, diagnoses, and assessment.

**SOWK 432 Geriatric Social Work** 3 hours

Prerequisites: SOWK 101, SOWK 270, and Full acceptance into the social work program

This course is designed to introduce students to the knowledge, values, and skills associated with working with an older population of clients. Topics will include the effects of aging on physical, mental, and emotional processes as well as socio-cultural, spiritual, and environmental considerations.

**SOWK 435 Social Work in the Military** 3 hours

Prerequisites: SOWK 101, SOWK 270, Full acceptance into the social work program

This course is designed to introduce students to the knowledge, values, and skills associated with working with individuals, families, and communities impacted by military operations. Topics will include the effects of multiple deployments, experiencing traumatic events, and military culture.

**SOWK 450 Social Work Practice with Diverse Populations** 3 hours

Prerequisites: SOWK 101, SOWK 270, GLST 220, Full acceptance into the Social Work Program

This course provides the student with the opportunity to develop an understanding of theories, knowledge, values, and skills in relation to generalist practice with diverse populations. This course also provides the forum for students to gain an understanding of cultural values of individuals and the impact of those values on human relationships. Emphasis will be placed on the importance of respecting and valuing diversity.

**SOWK 470 Senior Field Experience and Seminar** 9 hours

Prerequisites: SOWK 370, and Full Acceptance into the Program

Senior field experience provides students with the opportunity to perform in the role of a social work practitioner under the supervision of an experienced master’s level social worker. In one semester, students will have experienced a minimum of 400 field hours in a setting, which employs social workers. Students will meet for two hours weekly to discuss the theoretical and conceptual concepts learned in the classroom with the practical experiences in field placement.

**SOWK 495 Directed Social Work Research** 3 hours

Prerequisites: PSYC 255, PSYC 354 SOWK 101, Full Acceptance into the Social Work Program

An independent study agreed upon between the instructor and the student regarding an area of specific research.

**SOWK 497 Special Topics in Social Work** 3 hours

Prerequisites: Instructor approval and full acceptance into the social work program

An in depth study of a specific aspect of social work practice.

### SPANISH

**NOTE:** All students with one or more years of high school Spanish are encouraged to consider CLEP for lower level language credits. All course enrollments are based on placement. The appropriate online assessment test must be taken prior to enrollment. Contact the Department of English and Modern Languages for more information.

**SPAN 101 Elementary Spanish I** 3 hours

This is an introductory course designed to place emphasis on functional grammar, practical vocabulary, listening and speaking in Spanish. This course will serve as a basis for further development of fluency in reading, writing, understanding, and speaking the language.

**SPAN 102 Elementary Spanish II** 3 hours

Prerequisite: SPAN 101, or placement score

This is a continuation of the beginning course, Spanish 101, emphasizing the development of functional grammar, practical vocabulary, listening, reading and writing skills in Spanish. This course is designed to further develop fluency in reading, writing, listening comprehension and speaking in the language.

**SPAN 201 Intermediate Spanish I** 3 hours

Prerequisite: SPAN 102, or placement score

This is an intermediate course designed to place continued emphasis on functional grammar, practical vocabulary, listening exercises and conversation in Spanish. This course expands the
basic proficiencies in speaking, listening, reading and writing the
language acquired in Spanish 101 and 102. This course is conducted
primarily in Spanish.
SPAN 202 Intermediate Spanish II 3 hours
Prerequisite: SPAN 201, or placement score
Readings in Spanish literature as the starting point for written
and orally interactive activities in Spanish, with special emphasis on
Spanish grammar, vocabulary and idioms.
SPAN 299 Internship 0 hours
Prerequisites: Sophomore status, 2.00 GPA, two courses in
major, declared major, not more than one CSER behind.
Application procedures processed through the Career Center.
Must apply semester prior to internship.

NOTE: Except for Spanish 324, all 300- and 400-level classes are
conducted in Spanish.
SPAN 301 Advanced Spanish Grammar and
Composition 3 hours
Prerequisite: SPAN 202
This course features in-depth study of advanced Spanish
grammar critical to increased proficiency. This course should be
taken with or prior to courses in Spanish translation.
SPAN 302 Advanced Spanish Composition and
Conversation 3 hours
Prerequisite: SPAN 202
Development of practical vocabulary and fluency in speaking
and writing.
SPAN 304 Civilization and Culture of
Latin America 3 hours
Prerequisite: SPAN 202
Through lectures, oral presentations and selected readings in
Spanish, this course will survey Latin American culture, from the
conquest to the present and examine socio-economic problems and
relationships with the United States.
SPAN 305 Civilization and Culture of Spain 3 hours
Prerequisite: SPAN 202
Starting in the pre-Roman era and ending with present-day
Spain, this course will chronologically analyze Spanish Culture
through different artistic, sociological, and political manifestations.
Emphasis will be given to historical events which have shaped
modern Spanish culture for the purpose of oral and written
discussion in Spanish.
SPAN 310 Introduction to Translation: Spanish-English 3 hours
Prerequisite: SPAN 202 and ENGL 102
This course will provide an introductory comparison of
linguistic traits of both languages, enable students to apply
grammatical rules, perform textual analyses, and use a number of
translation procedures while translating a variety of texts from
Spanish to English: newspaper editorials, magazine articles,
business reports, articles in the social sciences, advertisements etc.
SPAN 320 Cinema and Dramatic Literature 3 hours
Prerequisite: SPAN 202
This course will use both film and dramatic literature to stimulate
conversation in Spanish while fostering an in-depth knowledge of some
of the dramatic masterpieces of Peninsular literature.
SPAN 321 Modern Spanish Literature 3 hours
Prerequisite: SPAN 202
Through lectures, oral presentations and selected readings in
Spanish, this course will provide a survey of modern Hispanic literature.
SPAN 322 Peninsular Literature 3 hours
Prerequisite: SPAN 202
Through lectures, oral presentations and selected readings in
Spanish, this course will provide a survey of modern Spanish
Peninsular literature.

SPAN 323 Latin American Literature 3 hours
Prerequisite: SPAN 202
Through lectures, oral presentations and selected readings in
Spanish, this course will provide a survey of Latin American
literature since pre-Columbian times.
SPAN 324 Christianity in Latin America 3 hours
Prerequisite: 200-level English survey class
Features Christianity in Latin American Culture from an
historical and literary perspective that will include indigenous
religions, the Catholic Church, and the recent explosive growth of
Protestantism. (For Spanish majors and minors, this course may
be taken for integrative credit only – not for the purpose of
fulfilling core requirements within the major or minor). Class
conducted in English.
SPAN 325 Modern Spanish Short Stories 3 hours
Prerequisite: SPAN 202
This course serves as an introduction to phonetics, phonology,
morphology and syntax as applied to Spanish, and includes a study of
the history of the language in its development from Latin into
modern dialects. This course is conducted entirely in Spanish and is
required for Spanish Teacher Licensure.
SPAN 403 Second Language Acquisition 3 hours
Prerequisite: SPAN 101 (or the equivalent) and either LING
213 or SPAN 330
A study of strategies for second-language acquisition and
assessment. An historical approach to perspectives on second
language-acquisition and proficiency.
SPAN 410 Advanced Translation 3 hours
Prerequisite: SPAN 301, 310
This course will require students to examine more advanced
modern translation theory and perform translation, primarily from
Spanish to English, in various technical fields such as: sport,
business, medicine, psychiatry, marketing, fashion, law, current
affairs and political journalism.
SPAN 419 Methodology and Curriculum in
Teaching Modern Languages 2 hours
Prerequisites: Admission to Educator Preparation Program,
SPAN 403, and 6 hours of an accredited modern foreign language
course, junior/senior status. Must be taken before student teaching.
May not be counted toward the Modern Language Major.
The application and assessment of basic methodologies, curriculum,
and activities for teaching second languages. Practicum: At least 20 hours
of reflective classroom observation of pre-K-12 and the teaching of two to
three consecutive lessons. This is a capstone course.
SPAN/420 Methods Teaching Practicum 1 hour
TESL
Prerequisite: To be taken concurrently with TESL/SPAN 419
At least 20 hours of reflective classroom observation of pre-K-
12 and the teaching of two to three consecutive lessons.
SPAN 421 Masterpieces of Spanish Literature 3 hours
Prerequisite: Any 300-level Spanish course except SPAN 324
Selected masterpieces of Spanish literature to be studied in depth.
SPAN 450 Senior Seminar: Comparison Between
Spanish and Latin American Literature 3 hours
Prerequisite: Senior status; SPAN literature course, and SPAN
civilization and culture course.
In this capstone course, students will study works of Peninsular and Latin American literature for the purpose of discussing orally and in writing the culture and civilization in which they developed.

**STCO 372** Strategic Communications to Drive Growth. (Formerly COMS 367)
- Guided by the lessons learned from organizations that have used creating collaborative integrated marketing communication campaigns, this course provides students with a broad understanding of public relations and promotion tactics. (Formerly COMS 356)

**STCO 356** Strategic Social Media
- This course connects students to organizational growth objectives with social media strategy, platforms and tactics. Extensive focus is given to interactive sessions, and team problem-solving exercises.

**STCO 355** Persuasive Advertising & Storytelling
- This course focuses on the communication principles and communication strategies that augment growing the image of an organization, its products and services. Emphasizes the persuasive application of story-telling and narrative communication techniques. (Formerly COMS 346)

**STCO 348** Strategic Social Media
- This course provides students with a broad understanding of and ability to apply promotional and public relations techniques in a digitally mediated world. Emphasis is on experiential application of specific techniques across multiple media and channels. (Formerly COMS 356)

**STCO 367** Best Practices: Strategic Communications Management
- This course is designed to give students hands-on experience in creating collaborative integrated marketing communication campaigns, guided by the lessons learned from organizations that have used strategic communications to drive growth. (Formerly COMS 367)

**STCO 372** Employee and Organizational Communication
- Prerequisites: Senior Status
- This course is designed to familiarize students with the principles of customer relationship strategies and the means by which organizations develop loyal customers and/or affiliates.

**STCO 460** Career Preparation
- Prerequisite: Senior Standing Only
- Students research and explore the types of Strategic Communications opportunities available to them upon graduation. This course emphasizes jump-starting careers by undertaking a professional job search and awareness of current job market conditions.

**STCO 462** Using the Social and Digital Future
- Prerequisite: SR Standing Only
- This course will demystify the emerging social, digital and technology trends, and help students apply these trends in a dramatically changing marketplace.

**STCO 487** Agency/Field Projects
- Prerequisite: SR Standing Only
- Students, individually or in groups, work in a variety of strategic communication roles with real-world organizations under the mentorship of faculty and other professionals. Organizations include corporate and non-profits.

**TEACHING ENGLISH AS A SECOND LANGUAGE**

**TESL 333** Modern Grammar
- Prerequisites: ENGL 101, ENGL 102 or MUSC 200; ENGL 201, 202, 215, 216, 221 or 222
- A course emphasizing the nature, structure and modifications of the English language with emphasis upon traditional, structural, and generative-transformational grammars.

**TESL 403** Second Language Acquisition
- Prerequisites: FREN/SPAN 101; LING 213
- A study of strategies for second-language acquisition and assessment. An historical approach to perspectives on second language-acquisition and proficiency.

**TESL 405** Issues and Practices in TES/FL
- Prerequisite: TESL 403
- This is a course in classroom practices in Teaching English as a Second or Foreign Language, focusing on: assessment; error analysis; interlanguage; and teaching in the four language areas of speaking, listening, reading, and writing for a broad variety of TES/FL contexts, as well as on global context issues which inform these practices.

**TESL 419** Methodology and Curriculum in Teaching Modern Languages
- Prerequisites: Admission to Educator Preparation Program, TESL 403, and 6 hours of an accredited modern foreign language course, junior/senior status. Must be taken before student teaching. May not be counted toward the Modern Language Major.
- The application and assessment of basic methodologies, curriculum, and activities for teaching second languages. Practicum: At least 20 hours of reflective classroom observation of pre K-12 and the teaching of two to three consecutive lessons. This is a capstone course.

**TESL 420** Methods Teaching Practicum
- Prerequisite: To be taken concurrently with TESL/SPAN 419
- At least 20 hours of reflective classroom observation of pre K-12 and the teaching of two to three consecutive lessons.

**TESL 495** Directed Research
- Prerequisite: Junior of Senior status
- Students who qualify will pursue studies of a particular interest as approved and supervised by the instructor. Must apply semester prior to completing internship.

**TESL 497** Special Topics in TES/FL
- Prerequisite: Junior or Senior status
- Professorial-supervised experience in first-hand internship opportunities in Teaching English as a Second/Foreign Language. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.
Advisor. Applicants must apply the semester prior to starting the internship.

THEA 422  Classical Acting  3 hours
(Offered spring semester, odd-numbered years)
Prerequisites: THEA 211, 220, 250, 310, successful completion of Sophomore Hearing
A study of the major classical tragedies and comedies which emphasize the historical development of production and performance concepts.

THEA 440  Stage Movement  3 hours
(Offered fall semester)
Prerequisites: THEA 220, 310, successful completion of Sophomore Hearing
An advanced acting workshop concentrating on the actor’s physical expression to create a character, diagnose the actor’s patterns of tension, and apply principles of stylized movement.

THEA 450  Musical Theatre Performance  3 hours
(Offered fall semester)
Prerequisites: THEA 211 or 212, 220, 250, 310, successful completion of Sophomore Hearing
The history, development, and performance of musical theatre as an art form from the late 19th century to the present.

THEA 440  Stage Movement  3 hours
Prerequisites: THEA 220, 310, successful completion of Sophomore Hearing
An advanced acting workshop concentrating on the actor’s physical expression to create a character, diagnose the actor’s patterns of tension, and apply principles of stylized movement.

THEA 450  Musical Theatre Performance  3 hours
(Offered fall semester)
Prerequisites: THEA 211 or 212, 220, 250, 310, successful completion of Sophomore Hearing
The history, development, and performance of musical theatre as an art form from the late 19th century to the present.

THEA 460  Advanced Musical Theatre Performance  3 hours
(Offered spring semester, even-numbered years)
Prerequisites: THEA 211 or 212, 220, 250, 310, 420, 450, successful completion of Sophomore Hearing
An advanced acting workshop for musical theater acting techniques peculiar to this genre. THEA 460 is a continuation of the techniques and skills gained in THEA 450.

THEA 490  Senior Project  3 hours
(Offered spring semester)
Prerequisites: Consent of Chair of Theatre, must be last spring semester of study, successful completion of Sophomore Hearing
THEA 490 is a theater practicum focusing on production or performance skills mastered within the student’s individual concentration (Performance or Production) under the guidance of the Chair of Theatre or appropriate members of the Theatre Arts faculty. A student is required to take THEA 490 the last spring semester of his/her study as culmination of his/her theatre education and training.

THEA 495  Directed Research  1 to 3 hours
(Offered on demand)

THEA 497  Special Topics in Theatre  3 hours
Prerequisites: Permission of Instructor
A seminar course focusing on a subject not covered extensively in other Theatre Arts courses. Topics will vary.

THEO 201  Theology Survey I  3 hours
This is a general survey of Bible doctrine designed to synthesize and outline each of ten major areas of systematic theology, including prolegomena, bibliography, theology proper, Christology, angelology, and pneumatology.

THEO 202  Theology Survey II  3 hours
This is a continuation of general survey of Bible doctrine designed to synthesize and outline each of the ten major areas of systematic theology. Survey II includes anthropology, hamartiology, soteriology, ecclesiology and eschatology.

THEO 311  Revelation, Authority and Reason  3 hours
This course is designed to acquaint the student with fundamental issues in theological prolegomena, i.e., introductory questions concerning the Word as revealed in apologetics, hermeneutics and dogmatics, and the sources of authority (the Bible, the Church, the World, etc.).

THEO 313  The Person and Work of Christ  3 hours
A study of the Person and work of Christ as revealed through Messianic prophecy, the Incarnation and His ministry as Prophet, Priest, and King. Special attention is given to the contributions of John and Paul to a full understanding of this doctrine.

THEO 324  A Theology of Suffering and Disability  3 hours
Prerequisites: BIBL 105, 110; ENGL 101, 102; THEO 201, 202
This course explores the theological understanding of the image of God, the problem of evil, as well as suffering as it relates to a biblical understanding of physical and mental disability. Students will incorporate this understanding into a theology of inclusion for the Church and Christian Ministry. Thus, the student will be equipped to evaluate various methods and strategies for disability ministry.

THEO 340  Theology and Politics  3 hours
Prerequisites: THEO 201 and 202
This course is designed to relate Christian thought to societal ethics and responsibility through the auspices of important theological mentors and movements. The relation between the church and state will also be studied in scripture, as well as in church history. Specific ethical issues of ecclesiastical and societal concerns (abortion, capital punishment, nuclear war, etc.) will be addressed.

THEO 350  Fundamental Theological Issues  3 hours
Prerequisites: THEO 201 and 202
A study of the major theological questions which arise in the defense of biblical inerrancy, scriptural separation, creationism and dispensationalism. It also deals with such contemporary issues as the charismatic movement, feminism, situation ethics and other vital concerns to the fundamentalist in today's world. (Formerly THEO 250)

THEO 362  Historical Theology  3 hours
Prerequisites: THEO 201 and 202
A study of doctrinal development within the history of the Christian church. An emphasis is placed on the identification, analysis, and evaluation of significant theological methodologies and systems, which have affected the doctrinal perspectives of evangelicals. The theological methods and systems to be evaluated and compared include but are not limited to the following: biblical theology, natural theology, covenant theology, dispensationalism, and philosophical theology.

THEO 412  The Church: Its Mission and Hope  3 hours
Prerequisites: BIBL 105, 110; ENGL 101, 102; THEO 201, 202
A study of the major theological questions which arise in the defense of biblical inerrancy, scriptural separation, creationism and dispensationalism. It also deals with such contemporary issues as the charismatic movement, feminism, situation ethics and other vital concerns to the fundamentalist in today's world. (Formerly THEO 250)

THEO 495  Directed Research  1 to 3 hours
(Offered on demand)
UNIVERSITY CORE COMPETENCIES

UNIV 101  University Core Competencies  1 hour

University 101 provides students with an introduction to Liberty University and to the academic core competencies that students attain by the point of graduation. Students receive practices in the various competencies and skills necessary to succeed in the University and beyond. NOTE: Requirement is waived for students transferring in 60 or more hours.

WELDING

WELD 101  Foundations of Welding  4 hours

Co/Prerequisite: CRFT 101

Foundations of Welding is a practical course combining lecture and hands-on instruction. Topics addressed include: Welding Safety, Oxyfuel Cutting, Plasma Arc Cutting, Air Carbon Arc Cutting and Gouging, Base Metal Preparation, Weld Quality, SMAW – Equipment and Setup, Shielded Metal Arc Electrodes, SMAW – Beads and Fillet Welds, Joint Fit-Up and Alignment, SMAW – Groove Welds with Backing, and SMAW – Open V-Groove Welds.

WELD 201  Intermediate Welding  4 hours

Prerequisite: WELD 101

Intermediate Welding is a practical course combining lecture and hands-on instruction. Topics addressed include techniques with: SMAW – Open-Root Pipe Welds, GMAW – Pipe, FCAW – Pipe, GTAW – Carbon Steel Pipe, GTAW – Low Alloy and Stainless Pipe, and SMAW: Stainless Steel Groove Welds.

WELD 301  Advanced Welding  4 hours

Prerequisite: WELD 201

Advanced Welding is a practical course combining lecture and hands-on instruction. Topics addressed include techniques with: SMAW – Open-Root Pipe Welds, GMAW – Pipe, FCAW – Pipe, GTAW – Carbon Steel Pipe, GTAW – Low Alloy and Stainless Pipe, and SMAW: Stainless Steel Groove Welds.

WELD 401  Special Topics in Welding  4 hours

Prerequisite: WELD 301

Special Topics in Welding is a practical course combining lecture and hands-on instruction. Topics addressed include techniques with: GMAW – Aluminum Plate, GTAW – Aluminum Plate, GTAW – Aluminum Pipe, GMAW – Aluminum Plate.

WOMEN'S LEADERSHIP

WLED 220  Survey of Women's Ministries  3 hours

A survey of women's ministries from a complementarian perspective, including an overview of secular feminism, and a survey of women's roles in the home, in the church, and in society.

WLED 320  The Christian Woman  3 hours

Prerequisite: WLED 220 (or in conjunction with)

A study of God's Word as it specifically relates to women today and God's plan and purposes for them in every sphere of life as women, wives, homemakers, and mothers.

WLED 330  The Role of Christian Women in Ministry  3 hours

Prerequisite: WLED 220

A biblical perspective on the place of women in ministry. Emphasis is placed upon theological aspects, ministry positions available, and exposure to women who are in ministry.

WLED 387  Methods of Teaching the Bible and Religion for Women  3 hours

Prerequisite: WLED 220 (or in conjunction with)

A study of the laws of teaching and learning as they apply to women in various situations in which the student has an opportunity to observe and apply the principles and art of effective teaching.

WLED 410 / Leadership Development and Strategies for Women in Ministry  3 hours

Prerequisite: WLED 220

A study of the skills necessary to be an effective leader to women with emphasis on strategies to evangelize and disciple women in the local church and parachurch.

WLED 499 / Leadership Development and Strategies for Women in Ministry  3 hours

Prerequisite: Junior status; 21 hours in the major including CHMN 447 and WLED 387

A supervised field experience designed for women preparing for a position in the field of women's ministries such as women's ministry director, women's ministry coordinator in a local church or a women's director in a parachurch organization. This internship will focus on the organization, teaching, and leadership components of women's ministry. The site must be approved by the Director of Women's Ministries. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

YOUTH MINISTRIES

YOUT 201  Survey of Youth Ministries  3 hours

A study of biblical principles in establishing and maintaining a ministry to adolescents. Emphasis is placed upon a system of philosophy and general principles for adolescent ministry. Special attention is given to developing a youth ministry mission statement, objectives and strategy.

YOUT 220  Global Youth Culture  3 hours

This course will begin by exploring the cultural practices, behavioral norms, and core values of youth in North America and will expand to global youth culture. It will examine methods for effective ethnographic studies of youth in their host culture and identify areas that create barriers to effective intercultural communication and ministry. Special attention will be given to the anthropological and social issues critical to engaging global adolescents within the context of their culture.

YOUT 310  Strategies for Student Outreach  3 hours

Prerequisite: YOUT 201, 220 (Student may see professor for prerequisite override)

A study of various strategies in building bridges to the local adolescent community in order to effectively communicate the gospel of Jesus Christ. Special attention will be given to the role of the local church in training its own adolescents to reach their peers, creating a culture of outreach within the church, and having each student develop an effective outreach strategy.

YOUT 340  Current Issues in Youth Ministry  3 hours

Prerequisites: YOUT 201, 220

This course will take a comprehensive examination of contemporary issues related to Youth Ministry. Areas of emphasis will include adolescent behavioral issues, ministerial models and trends that are being practiced among youth ministries, vocational issues among youth ministers/workers, and technological issues that will enhance youth ministry.

YOUT 360  Camping Ministry  3 hours

Prerequisites: YOUT 201, 301

This course will investigate specific elements and issues that are building blocks for camping ministry. Such elements and issues will include starting a camp, programming, recreation, staffing, budgeting, legal issues, promotional methods, camp counseling, camping options and management principles will be addressed. The course will include a full day of on-site training in order to get a hands-on look and feel of the significant ministry of camping.
YOUT 370/ Managing the Christian Organization 3 hours

ALOM 370
Prerequisites: YOUT 201, 220
This course will take a comprehensive examination of critical areas for the individual who gives or is considering leadership in a Christian youth organization. An exposition of biblical passages supporting the establishment and function of Christian youth organizations and their supportive relationship to the local church will be presented. After which, pragmatic applications to effectively direct/manage a Christian youth organization will be examined.

YOUT 380 Ministering to Adolescents in Crisis 3 hours
Prerequisites: YOUT 201, 220
An examination of both contemporary and re-occurring generational behaviors confronting today’s youth that have escalated to crises. These issues are relevant to adolescents both physically, emotionally, socially, and spiritually. The problem-solving technique of case studies will be juxtaposed with the safety and well-being of the teenager, as well as an emphasis on biblical applications to these problems.

YOUT 447 Discipleship in Youth Ministry 3 hours
Prerequisites: Junior status; CHMN 201, 205, 300, 360
This course is an investigation of the factors which influence spiritual development. Attention is given to exploring the biblical and theological foundations for discipleship and making application to the discipleship process. (Available Fall 2015)

YOUT 448 Contemporary Youth Communication 3 hours
Prerequisites: Junior status; YOUT 201, 301, 350; BIBL 350
A study focusing on communicating biblical and spiritual truths to the youth culture. The course equips the student with the specific knowledge, skills, and practice necessary to prepare and deliver effective oral communications.

YOUT 450/ Leadership and Management in Ministry 3 hours

CHMN 450
Prerequisites: Junior status, CHMN 201, 205, 300, 360, 447
This course is designed to teach the student the basic organization necessary for an effective local church and Christian ministry. Emphasis is placed on the development of biblical management and leadership skills. Attention is given to the student’s spiritual life, personal life, and ministry life. Topics addressed include the call to ministry, stages of ministry, finding the right church or ministry, personal piety, and staff relations and development. (Available Fall 2015)

YOUT 460 Programs for Youth Ministry 3 hours
Prerequisites: Junior status; CHMN 360, YOUT 447
A study of the planning and implementation of the ministry vehicle. Specific programming aspects of the large meeting, small group meeting, activities, camping and missions projects will be examined. Attention will be given to annual calendar planning and organization skills.

YOUT 495 Directed Research 1 to 3 hours

YOUT 497 Special Topics in Youth Ministry 1 to 3 hours

YOUT 499 Youth Ministry Internship 3 hours
Prerequisites: Junior status, 21 hours in the major, including CHMN 447 and YOUT 448
This internship will focus on both the programming and leadership aspects of youth ministry. It will be a supervised field experience at an approved site. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.
Courses of Instruction – Online Programs

PLEASE NOTE: It is the student’s responsibility to make up any prerequisite deficiencies, as stated in this Catalog, which would prevent the successful completion of any course.

NOTE: Some courses may have additional fees. For a list of course fees please refer to http://www.liberty.edu/registrar

ACCOUNTING

ACCT 211 Principles of Accounting I 3 hours
A study of basic transactions, general ledger accounts, books of original entry, closing and adjusting entry processes, trial balances, financial statements, accounting for assets, liabilities, sole proprietorship, equity, revenues, and expenses.

ACCT 212 Principles of Accounting II 3 hours
Prerequisite: ACCT 211
A study of the fundamentals of accounting with a financial accounting emphasis on the corporate form of business including such topics as bonds, capital stock, retained earnings, statement of cash flows and financial statement analysis; and a managerial accounting perspective including topics related to global business, cost accounting measurement systems, cost-volume-profit analysis, managerial decision-making concepts, operational budgeting, standard cost systems and capital budgeting.

ACCT 301 Intermediate Accounting I 3 hours
Prerequisite: ACCT 212
This is an intensive course in accounting theory and practice. The course attempts to strike a balance between procedural explanations of currently applied accounting practices and the theoretical framework upon which those practices are based. Alternatives to current practice are also introduced.

ACCT 302 Intermediate Accounting II 3 hours
Prerequisite: ACCT 301
This is an intensive course in accounting theory and practice dealing with liabilities, stockholders equity, and financial reporting issues. The course attempts to strike a balance between procedural explanations of currently applied accounting practices and the theoretical framework upon which those practices are based.

ACCT 311 Cost Accounting I 3 hours
Prerequisite: ACCT 212
A study of the principles and procedures used in the collection, recording and reporting of costs. Balance Sheet inventory valuation and the related Income Statement cost of goods sold valuation, determined using both job order costing and process costing, are emphasized. Activity-based costing is covered in depth. Traditional cost accounting is the main content of this course.

ACCT 332 Accounting Information Systems 3 hours
Prerequisite: ACCT 301
This course provides a basic knowledge of how accounting information systems function in today’s business environment. It emphasizes the internal control feature necessary to produce accurate and reliable accounting data as it looks at how accounting information is recorded, summarized and reported in both manual and computerized systems. The following topics are covered in this course: systems concepts, tools, development processes, analysis; design; implementation and operation; computer software and configurations; data storage and processing methods; file processing; implementing data base management systems; internal control; information system control; data security and integrity; accounting transaction cycles; revenue cycle applications; and expenditure cycle applications.

ACCT 340 Accounting Ethics 3 hours
Prerequisite: ACCT 212
This course provides an analysis of ethical standards in the accounting profession. Major ethics paradigms are examined and contrasted with a Christian worldview of ethics. The course includes an in-depth examination of the AICPA Code of Professional Conduct and other ethical standards in the accounting profession. The course also presents an ethical decision-making model for the accounting profession.

ACCT 370 Financial Statement Analysis 3 hours
Prerequisite: BUSI 320
This course examines the fundamental techniques of financial statement analysis and their application to strategic planning and decision-making. The course covers the analysis and interpretation of financial information including the balance sheet, income statement, and statement of cash flows.

ACCT 401 Taxation I 3 hours
Prerequisite: ACCT 212
A study of the legal and accounting aspects of federal taxation with an emphasis on individuals and unincorporated businesses.

ACCT 402 Advanced Accounting 3 hours
Prerequisite: ACCT 302
This is an intensive course in accounting theory and practice regarding partnerships, business combinations and consolidated financial statements. The course attempts to strike a balance between procedural explanations of currently applied accounting practices and the theoretical framework upon which those practices are based. Alternatives to current practice are also discussed.

ACCT 403 Governmental and Not-for-Profit Accounting 3 hours
Prerequisite: ACCT 402
Advanced problems involving government and non-profit organizations, estates and trusts, financially distressed entities, translation and consolidation of foreign entities and segment reporting.

ACCT 404 Auditing 3 hours
Prerequisite: ACCT 302
A study of auditing standards and related auditing procedures. Topics include: evaluation of internal control and preparation of the audit program; examination of financial statements and preparation of working papers; and auditors’ reports and opinions.

ACCT 412 Taxation II 3 hours
Prerequisite: ACCT 401
The second course in a two-course sequence dealing with corporate income taxes, taxes on corporate distributions, other corporate tax levies; partnership information, operation and special issues; “S” corporations, gift and estate taxes; the income taxation of trusts and estates; and IRS administrative procedures.

ACCT 432 IT Audit 3 hours
Prerequisites: ACCT 332, 404
This course provides the theory and application of auditing through the use of information systems. Topics include: authoritative information technology control frameworks; computer security; continuous auditing; and audit approaches to new and emerging technologies.

ACCT 499 Internships 1 to 6 hours
Prerequisites: Junior or Senior standing; required GPA.
Directed applicable work experience under supervision of the Director of Business Internships and an accounting or business professional at the place of employment. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.
AMOA 203 Medical Office Systems and Procedures 3 hours
Prerequisite: NURS 105
This course prepares students for the administrative tasks relevant to operating and supervising a medical office of health professionals. Students learn to plan and organize work load, set priorities, develop initiative among employees and coordinate multiple tasks within a time sensitive environment. The value of compassionate professionalism when interacting with patients, family members and staff is stressed.

AMOA 204 Medical Office Insurance 3 hours
Prerequisite: NURS 105
This course acquaints students with billing protocol concerning the various insurance filing demands of commercial group insurance, Medicare, Medicaid, Workman’s compensation claims and other third party billing entities.

AMOA 206 Medical Office Billing and Bookkeeping 3 hours
Prerequisite: NURS 105
This course provides students with up-to-date information regarding best practices of patient billing and bookkeeping for a medical office.

AMOA 207 Medical Office Coding 3 hours
Prerequisite: NURS 105; HLTH 211 and HLTH 212
This course trains students in medical procedural and diagnostic coding skills. Emphasis is placed upon the utilization of coding manuals for insurance claim processing.

AMOA 254 Medical Office Infection Control 3 hours
Prerequisite: NURS 105; HLTH 211 and HLTH 212
This course educates the student regarding the seriousness of infection control within the medical office and the role the Medical Office Assistant plays in compliance.

AMOA 256 Medical Office Ethics and Law 3 hours
Prerequisite: NURS 105
The student is educated about the general ethical and legal aspects in medicine with an emphasis upon confidentiality, HIPAA, risk management, licensing, contracts and professional liability.

AMOA 296 Externship 3 hours
Prerequisite: Consent of externship coordinator, cumulative GPA of 2.0; and completion of major courses
This course is a planned work-based experience that provides students with an opportunity to fine-tune skill sets learned in course work and enhance workplace skills through supervised practical experiences related to their career objectives. This course requires a minimum of 160 clock hours of onsite work.

APOL 104 Contemporary Worldviews 3 hours
This is a study in the development and application of the Biblical/Christian Worldview. This course will include an introduction and application of critical thinking skills, as well as a study of religious and philosophical worldviews, the nature of tolerance and basic apologetic methodology.

APOL 201 Apologetics and Cultural Engagement 3 hours
Prerequisite: BWVV 101, 102
Building upon the BWVV 101 and 102, this course equips students to use apologetics to engage with the culture using the various current issues of the day as entry points to the Gospel. Students will be trained to think critically from a biblical worldview and engage winsomely on such issues as evil in the world, critical claims about Jesus in the popular culture, new atheism, race issues, and sexuality.

ARTS 105 Art Appreciation 3 hours
The development of a satisfying discourse between the student and the work of art, employing a selective survey of major achievements and movements in the visual art of western civilization.

ARTS 114 Introduction to 2D Design 3 hours
An introduction to visual thinking as well as the elements and principles of design. Concentration on the elements of design through production of artwork using a variety of materials and methods. Emphasis placed on understanding the elements and principles of design and how they integrate to form fully realized works of art. Students will explore composition and selection of subject matter.

ARTS 119 Introduction to 3D Design 3 hours
A fundamental course with an emphasis on means of construction, analysis of materials and structural examinations that support conceptual development of 3 dimensional art. Emphasis placed on characterizing the elements and principles of design and how they each integrate to form fully realized works of 3D art. Students will develop projects using a variety of materials and methods.

ARTS 201 History of Art I 3 hours
This course is a chronological survey of Western art and architecture from Prehistoric times to the 15th century, with the goal of analyzing works of art from a Christian worldview. Emphasis is placed on vocabulary development with special emphasis on methods of critical analysis of works of art. Students are responsible for maintenance of portfolio assignments. This portfolio will be used for class discussion periodically and turned in at the end of the semester.

ARTS 202 History of Art II 3 hours
This course presents a chronological survey of Western art and architecture from the 15th century to the Post Modern Era, with the goal of analyzing works of art from a Christian worldview. Emphasis is placed on vocabulary development with special emphasis on methods of critical analysis of works of art. Students are responsible for maintenance of portfolio assignments. This portfolio will be used for class discussion periodically and turned in at the end of the semester.

ARTS 203 Baroque Art 3 hours
This course presents a general survey of the Baroque period (c. 1600-1750), which was characterized by political and religious upheavals as well as by aesthetic innovations. We shall examine the development of art and architecture in Italy, Spain, France, and the Lowlands, centering upon the works of seminal artists including Caravaggio, Bernini, Borromini, Velazquez, Poussin, Rembrandt, Rubens, and Van Dyck. Accordingly, we shall investigate how the art of the period reflects the Christian worldview as it took shape in the wake of the Reformation and Counter Reformation.

ARTS 204 Medieval Art 3 hours
This course will survey the range of Medieval Art and Architecture from the fall of Rome to the 15th century in the west, placing an emphasis on the development of painting, mosaic, and manuscript illumination, as well as upon the development of the Romanesque and Gothic architectural styles. The arts of this vast period will be analyzed from within the Christian worldview with particular attention to Christian iconography.

ARTS 205 20th-21st Century Art 3 hours
This course presents a comprehensive study of the varied art forms from the beginning of the 20th century to the present, focusing upon the major artists and art movements, including Fauvism, Cubism, Futurism, Dada, Surrealism, Abstract Expressionism, Pop Art, and Postmodernism. The course will entail an examination of how art is disseminated, understood, and at times, misunderstood. Students will read, write about, and discuss essays, criticism, and interviews covering a wide range of media, and visit artists’ studios and exhibition venues. Two analytical papers—based upon studies of the visual images focusing on the agency of the image, the social practices and effects of its viewing and the specificity of views taken.
by various audiences are required.

**ARTS 206  Arts of East Asia  3 hours**

This course is an introduction to the arts of China, Japan, Korea and the Pacific Rim, focusing on the religious and political influences, as well as the evolution of landscape and figure painting traditions. This course considers objects in their context (from the archaeological sites from which they were unearthed to the material culture that surrounded them) to reconstruct the functions and the meanings of objects, and to better understand cultures through the objects they produced.

**ARTS 207  The Arts of Latin America  3 hours**

This introductory course provides a critical survey of Latin America art from Spanish military conquest of the New World to the development of conceptual art (1521 to ca. 1980). We will learn to observe and describe different kinds of artifacts, made in a broad array of media (painting, sculpture, urban form, photography, engraving, and drawing, among others) to explicate the social context in which they were produced and circulated. By taking into account their constant dialogue with European ideas and models, we will analyze how colonial encounters, national formations, and cultural exchange took place in the region, and how identity, ethnicity, politics, and the sacred have been depicted in different historical moments.

**ARTS 208  Italian and Northern Renaissance  3 hours**

This course concentrates on the origins of the Renaissance in both Italy and in the North as seen in the painting and sculpture of the early fifteenth century as to style and religious expression, examined in the context of philosophical influences, civic humanism, and contemporary politics. Attention will be given to the changing social status of the artist as manifested both in the theoretical writings and artists' working methods.

**ARTS 209  Arts as Communication  3 hours**

(Visual Communications: Research, Analysis, and Discourse)

This course serves to cultivate an understanding of the language, aesthetics and cultural impacts of visual communication. The focus is on discourse that fosters the development of ideational, analytical and rhetorical writing skills necessary for demonstrating critical thinking in the analysis and critique process concerning visual images. Two analytical papers—based upon studies of the visual images focusing on the agency of the image, the social practices and effects of its viewing and the specificity of views taken by various audiences—and a literary research paper, sequentially developed, are required. (Formerly ARTS 300)

**ARTS 211  Drawing I  3 hours**

An introduction to basic drawing fundamentals including gesture line, contour line, positive and negative space, linear perspective, sight measurement techniques, modeling perspective, and composition. (Formerly ARTS 110)

**ARTS 213  American Art and Architecture  3 hours**

Focusing on painting and sculpture in the United States, this course offers a survey of American art from the colonial settlements to the early 20th century. The unique social, political and intellectual contexts of American art provide the basis for understanding the history and art of our own culture.

**ARTS 214  Art, Culture, and Technology  3 hours**

This course traces the development of technology starting with genius inventors such as Leonardo da Vinci up to the present, and shows how technology has changed cultures and the art that they produce. The student will learn to raise vital questions on how technology has influenced culture and come to well-reasoned conclusions as to why culture has changed as a result. Through Group Projects the student will learn to work effectively with others in unraveling the complex influences of particular technological advances on culture.

**ARTS 222  Introduction to Graphic Design  3 hours**

An introduction to graphic design as a tool for visual communication. Graphic design skills and topics including a brief history of typography and printing; page layout design principles, the design process, page layout and image manipulation software, visual hierarchy, and critique will be explored in this course. Students will use the acquired skills to create basic graphic design materials for a variety of uses. (Formerly “Desktop Publishing”)
ARTS 223  Introduction to Typography  3 hours
The course includes the study of type as a tool and a design element. Topics for discussion and exploration will include type identification, text and display usage, and actual letterform design. (Formerly “Typography”)

ARTS 303  History of Graphic Design  3 hours
A study of graphic communication from cave walls to the printed page to online digital communication. Students will consider how the advent of new technologies changed the graphic form of our communication. Course lectures and presentations will be supplemented by/with textbook readings. Students will be required to do topic related projects that will demonstrate their understanding.

ARTS 311  Drawing II  3 hours
Prerequisites: ARTS 211
Intermediate level study of drawing, including compound subjects primarily in pencil, but also potentially in other media as well. This course expresses technical aspects of drawing through developed descriptive imagery. May be taken twice for credit. (Formerly ARTS 310)

ARTS 332  Vector Illustration  3 hours
This course will provide an overview of vector illustration software and illustration creation. Students will use the design process, the fundamentals of visual design, and technical expertise to create vector images for a variety of media. Conceptual thinking and visual problem solving will be encouraged through a series of exercises and projects designed to enhance software mastery and concept development. Course projects are designed for inclusion in the final portfolio. May be taken twice for credit. (Formerly “Digital Illustration”)

ARTS 340  Publication Design  3 hours
Prerequisite: ARTS 113, 222, 223
This course examines the design and structuring of information for print publications. Students will combine their knowledge of typography and image creation with the principles and elements of page design to produce several portfolio-building systems. Lectures and studio work cover historical as well as current practices used in the production of multi-page documents. May be taken twice for credit.

ARTS 342  Digital Imaging  3 hours
Prerequisites: ARTS 222
Creating multiple digital images through a varied methodology. Preparing digitized art for electronic media and the printed page through electronic pre-press techniques. Training in a professional image-editing application. May be taken twice for credit. (Formerly ARTS 351)

ARTS 352  Graphic Design I  3 hours
Prerequisite: ARTS 113, 222, 223, 332
While introducing theory, practice, and technology, course assignments will develop an understanding and put into context the principles of visual communication. This course will develop strong formal and technical skills, as well as introduce production technology. This course focuses on conceptual thinking and problem solving in relation to design development. Students will create identity systems for a specified company or organization. Students explore the difference between branding different types of corporate entities and will produce work geared toward inclusion in the final portfolio. May be taken twice for credit. (Formerly ARTS 341)

ARTS 361  Digital Photography  3 hours
The purpose of this course is to provide the student with a basic knowledge of digital photography. Students will learn to operate a digital single-lens reflex camera with proficiency. The correction and digital manipulation of images using current industry-standard software will be taught. Students will learn to communicate with their photography by posting their images to the Internet, printing their images using current inkjet technologies, and producing slideshows of their images for group consumption. (Students are required to have their own digital single-lens reflex cameras). May be taken twice for credit.

ARTS 371  Graphic Design II  3 hours
Prerequisites: ARTS 113, ARTS 222, 332, 342, 352
Graphic Design II integrates design principles and software, typography, digital illustration, digital imaging, page layout, and prepress techniques with emphasis on design process from visualization to production. Students will be responsible for the design and production of a fully integrated campaign consisting of major projects including several components across multiple media forms. Individual and collaborative work is expected including branding and packaging as well as prototyping for interactive media. Each student is responsible for production of design products, critiquing of designs, portfolio preparation. (Formerly "Advanced Graphics")

ARTS 380  Interactive Publication  3 hours
Prerequisites: ARTS 113, 222, 223, 332, 340, 352
This advanced publication design class builds upon layout design, typography, and visual communication concepts learned in previous classes and explores current technologies used in the creation of digital and interactive publications. Lecture and studio work will cover the software and tools necessary for the creation and publishing of an interactive publication across a variety of devices. Students will conceptualize and produce their own publication that invites reader participation. May be taken twice for credit.

ARTS 398  Studio and Digital Arts Practicum  1 to 3 hours
This course is set up as a working art and graphic design studio experience that will provide students with the vital experience, hands on working experience from conceptualization through production.

ARTS 424  Advanced Typography  3 hours
Prerequisite: ARTS 223, 332, 342
This is an advanced study of typography as a tool and a design element. This course will be comprised of special projects, which will build upon and expand the knowledge the student has acquired in previous classes. The emphasis of the course will be upon layout design as it applies to print and electronic media. In addition, the student will create a fully developed original typeface as a final project. May be taken twice for credit.

ARTS 473  Introduction to 3D Graphics  3 hours
Prerequisite: ARTS 222, 342
An introduction to 2D and 3D design concepts and terminology. Practical experience in the design and evaluation of 2D/3D still and motion graphics. Students gain practical experience by storyboarding, designing, animating, and rendering 2D/3D graphic objects, and Animations. Training in industry standard 3D graphics programs guided by principles of design. May be taken twice for credit. (Formerly "2D/3D Graphics and Animation")

ARTS 474  Interactive Game Development  3 hours
Prerequisite: ARTS 473
The development of arcade, scrollers and strategy games. Familiarity with several typical game development tools that do not require programming and issues such as player controls, sounds, music, and basic animations will be covered. May be taken twice for credit.

ARTS 477  Interactive Design I  3 hours
Prerequisite: ARTS 222, 342
Study of both visual media design concepts and site management for web development. Developing web applications in HTML and CSS to build websites for multiple platforms with emphasis on accessibility for all users. Practical experience in authoring web technology while developing standards to evaluate the presentation of information with these tools. Creating and developing for the web through the principles of graphic design, user experience, and user interface design. May be taken twice for credit. (Formerly ARTS 472)
ARTS 478  Interactive Design II 3 hours
Prerequisites: ARTS 477
Advanced theory and application of interactive design development technologies with focus on understanding emergent, and relevant web media. Creating interactive executions of varying degrees across different platforms. Understanding and developing campaigns built upon interactive principles of user experience and user interface. May be taken twice for credit.

ARTS 492  Professional Practices 3 hours
Prerequisites for Graphic Design students: ARTS 222, 223, 332, 342, 352, 371
Prerequisites for Studio Art students: ARTS 310, 321, 330, 361, 420, 430
Professional Practices is a senior-level course to aid the student in their upcoming transfers from classroom to the professional world. Topics and issues related to professional practices for professional artist and designer designers are covered in this course. There is a strong focus on the production of a professional presentation of the student’s creative work for purpose of employment and business opportunities.

ARTS 499  Undergraduate Internship 1 to 6 hours
An internship is designed to allow upper level students to experience the professional world while they are still involved in their academic training. This provides them with both an understanding of the relationship of their academic preparation to their career aspirations and the demands that will be placed upon them in the professional world. (Formerly “Internship”)

AVIATION

AVIA 210  Private Ground I 3 hours
This course will build a solid foundation in aerodynamics, aircraft systems and servicing, airport operations and communication, regulations, meteorology, weight and balance, as well as description of primary flight maneuvers.

AVIA 215  Private Ground II 3 hours
Prerequisite or Co-requisite: AVIA 210
This course is a continuation of AVIA 210 including cross country navigation methods, flight physiology, and meteorology. The student will be given the proper study tools to prepare for the FAA Private Pilot written exam and practical test.

AVIA 220  Private Flight I 3 hours
Co-requisite: AVIA 010 and Taken simultaneously with AVIA 210
This course provides primary flight training in fundamental piloting skills. The student will be introduced to takeoffs, landing, ground reference maneuvers, traffic patterns and emergency procedures. Approximately 20 flight hours is required.

AVIA 225  Private Flight II 3 hours
Prerequisite: AVIA 220
Co-requisite: AVIA 010 and Taken simultaneously with AVIA 215
This course is a continuation of AVIA 220 to include basic flight maneuvers, maximum performance takeoffs, landing, cross-country flights, and introduction to high density airport operations to prepare the student for the required FAA Private Pilot Practical Test. Approximately 25 flight hours is required.

AVIA 300  Aviation Safety 3 hours
Prerequisite: AVIA 225
This course provides the student with a detailed introduction into aspects of aviation safety, risk management, and the associated components of pilot psychology, human factors and accident trends, factors and analysis.

AVIA 305  Airplane Aerodynamics 3 hours
Prerequisite: AVIA 225
This course will provide the student a study of the physical principles of airplane aerodynamics, thereby fostering an appreciation of the factors affecting aircraft performance, stability and control, and special flight conditions often experienced by commercial pilots of fixed-wing aircraft.

AVIA 310  Instrument Ground 3 hours
Prerequisite: AVIA 225
The student will learn the FAA regulations, radio communications, air traffic control procedures, and meteorology as it relates to the instrument flight environment. The student will learn the proper use of radio navigational instruments and will be given study tools to prepare for the FAA Instrument written exam.

AVIA 315  Commercial Ground 3 hours
Prerequisite: AVIA 310
This course will prepare the student for the FAA Commercial Pilot Written Exam by acquiring advanced aeronautical knowledge in aerodynamics, regulations, meteorology, aircraft systems, and airspace operations.

AVIA 320  Instrument Flight 3 hours
Prerequisite: AVIA 225, AVIA 310 (pre or co-requisite)
Co-requisite: AVIA 020
This course will provide basic instrument flight training. The course will require approximately 35 hours and will include a combination of both aircraft and simulator flight training. The student will gain an in-depth knowledge of Air Traffic Control procedures, airway navigation, and both precision and non-precision instrument approaches. This course will prepare the student for the FAA Instrument Practical Test.

AVIA 325  Commercial Flight I 1 hour
Prerequisite: AVIA 225 and AVIA 315 (pre or co-requisite)-
Co-requisite: AVIA 030
This course will build on previous experience in VFR cross-country flight planning and execution. This course will consist of approximately 40 flight hours and prepare the student for the FAA Part 141 Commercial Stage I Check.

AVIA 326  Commercial Flight II 1 hour
Prerequisite: AVIA 325
Co-requisite: AVIA 030
This course will introduce advanced Commercial pilot flight maneuvers enabling the student to demonstrate knowledge of complex/high performance aircraft systems and operations. This course will consist of approximately 40 flight hours and prepare the student for the FAA Part 141 Commercial Stage II Check.

AVIA 327  Commercial Flight III 1 hour
Prerequisite: AVIA 326 or can be taken in the same sub-term as AVIA 326
This course will ensure the student can conduct all Commercial maneuvers and procedures within the FAA Practical Test Standards. This course will consist of approximately 40 flight hours and prepare the student for the FAA Part 141 Commercial End-Of-Course Stage III Check. The student will be prepared for the FAA Commercial Pilot Practical Test.

AVIA 340  Aviation Weather 3 hours
Prerequisite: AVIA 225 and Private Pilot Certificate
This course is a study of weather hazards, meteorological flight planning, aviation weather equipment and human factors as related to flight safety in all weather conditions.

AVIA 360  Corporate and Business Aviation 3 hours
Prerequisite: AVIA 225
This course is designed to introduce aviation students with the operations of a corporate flight department. They will understand the value of management mobility which requires specific operations other than commercial airline options. The student will learn how to evaluate aircraft and equipment requirements, maintenance demands and logistical difficulties, flight operations specific to this unique environment, administration requirements for smooth and efficient operations, as well as the fiscal considerations which will impact the business profits.
### COURSES OF INSTRUCTION – ONLINE PROGRAMS

**AVIA 400  Aviation Human Factors**  3 hours  
Prerequisite: AVIA 310  
This course is divided into three parts. The first will cover the scope of all regulations concerning aviation and how they impact the pilot. The second part will provide the basic understanding of the human factors concepts including psychological and physiological limitations of humans operating in complex environments. The third part will provide an in-depth study of Crew Resource Management, which involves having a complete understanding of the flight deck environment and the proper utilization of all resources available to an aviator.

**AVIA 420  Flight Instructor Flight I**  1 hour  
Prerequisite: AVIA 327  
Introduction to flight instructor techniques and maneuvers in preparation for the FAA Certified Flight Instructor initial practical test.

**AVIA 422  Certified Flight Instructor - Instrument (CFII)**  3 hours  
Prerequisite: AVIA 420  
This course is designed to train students to successfully complete the FAA Certified Flight Instructor Instrument Certificate. The course will contain both academic classroom and aircraft flight training required by FAA regulations. The academic ground school will consist of 11 lessons exceeding the FAA requirement of 40 classroom hours of instruction. The flight portion of this course will consist of 10 flights exceeding the FAA requirement of 25 hours of flight time.

**AVIA 430  Multi-Engine Theory and Advanced Aircraft Systems**  3 hours  
Prerequisite: AVIA 315  
This course provides for an understanding of the principles and practice of operating a multi-engine aircraft. Normal and abnormal procedures are included along with a discussion of the Federal Aviation Regulations, unique weather and environmental circumstances, aircraft systems and the specific aerodynamics associated with multi-engine aircraft.

**AVIA 440  Multi-Engine Flight**  1 hour  
Prerequisite: AVIA 327  
Introduction to multi-engine flight and all related maneuvers in preparation for the FAA Multi-Engine Rating.

**AVIA 441  Multi-Engine Instructor**  1 hour  
Prerequisite: AVIA 420 and AVIA 440  
This course builds on the Certified Flight Instructor Licensure to teach techniques and maneuvers in preparation for the FAA multi-engine practical flight test for licensure.

**AVIA 451  Aviation Maintenance Operations**  3 hours  
Prerequisite: The student must have FAA maintenance certification in at least Airframe or Powerplant.  
A study of aviation maintenance-specific topics which face those in maintenance leadership positions. These topics include, but are not limited to, the need for maintenance; development of maintenance programs; technical planning, control, and training; and differing types of maintenance operations.

**AVIA 455  Turbine Engines and Jet Transports**  3 hours  
Prerequisite: AVIA 310  
This course will be an intensive study of the turbine engine theory, design and operations. The student will also receive a broad knowledge of all commercial airline types and will acquire a more in-depth understanding of the Boeing 737 Aircraft.

### AVIATION MAINTENANCE TECHNICIAN

**AVMN/AVMT 100  Aircraft Sciences I**  3 hours  
Co-requisites: AVMT 102, 104, 106  
This course will provide the student with a review of the fundamental operations in arithmetic as they are applied routinely in aircraft maintenance, including fractions, decimals, ratio, geometry, basic trigonometric functions, formulae, and proportions. Basic concepts of aviation applied physics will be presented, including aerodynamic laws, theory of flight, fluid, heat, power, work, simple machines, and sound. The student will also learn aircraft weight and balance procedures, center of gravity computations, and how to identify and rectify adverse loading conditions.

**AVMN/AVMT 102  Aircraft Sciences II**  3 hours  
Co-requisites: AVMT 100, 104, 106  
This course is designed to introduce the student to direct and alternating current electricity, electrical circuit design, measuring devices, transformers, magnetism, electromagnetism, electronic devices and applications; with emphasis on basic laws relating to voltage, current, resistance, inductance, and capacitance. The student will also learn how to read and interpret electrical diagrams and to inspect and service aircraft batteries. This course will also give the student an understanding of aircraft drawings, symbols, and schematic diagrams commonly used in aircraft maintenance and illustrated parts manuals; the knowledge an ability to create drawings and sketches of repairs or alterations, and the ability to interpret blueprints, graphs, and charts.

**AVMN/AVMT 104  Maintenance Practices I**  3 hours  
Co-requisites: AVMT 100, 102, 104  
This course is designed to develop the student’s skills in the proper use of basic aircraft mechanic’s hand tools and measuring devices, aircraft hardware, safety methods, and materials used in aircraft maintenance and repair. Various methods of nondestructive testing will be learned and applied to practical situations, including liquid penetrant, magnetic particle, eddy current, ultrasound and radiography. The student will understand the privileges, limitations, and regulations provided by the FAA Code of Federal Regulations pertinent to aircraft maintenance technicians. Emphasis will be placed on the selection and use of FAA and manufacturers’ aircraft maintenance specifications, data sheets, manuals, and publications; as well as proper logbook and maintenance entries and record keeping.

**AVMN/AVMT 106  Maintenance Practices II**  3 hours  
Co-requisites: AVMT 100, 102, 104  
This course will instruct the student in aircraft cleaning; corrosion identification, treatment, removal, and control practices. The student will learn how to fabricate and install flexible and rigid fluid lines and fittings. The student will also understand proper procedures for safely securing, moving, fueling, starting, servicing, and taxing aircraft.

**AVMN/AVMT 200  Airframe Auxiliary Systems**  3 hours  
Co-requisites: AVMT 202, 204, 206, 208, 210  
This course consists of 10 flights exceeding the FAA requirement of 25 hours of flight time. The course will provide the student with a review of the fundamental operations in arithmetic as they are applied routinely in aircraft maintenance, including fractions, decimals, ratio, geometry, basic trigonometric functions, formulae, and proportions. Basic concepts of aviation applied physics will be presented, including aerodynamic laws, theory of flight, fluid, heat, power, work, simple machines, and sound. The student will also learn aircraft weight and balance procedures, center of gravity computations, and how to identify and rectify adverse loading conditions.

**AVMN/AVMT 202  Aircraft Electrical Systems**  3 hours  
Co-requisites: AVMT 200, 204, 206, 208, 210  
This course is designed to provide the student with an advanced study of AC and DC electrical systems, electrical power generation and control; to include alternators, generators, motors, relays, switches, wiring installations, load analyses, and aircraft batteries. The student will gain principle knowledge and skills to inspect, check, service, and troubleshoot airframe electrical components.

**AVMN/AVMT 204  Airframe Structures I**  3 hours  
Co-requisites: AVMT 200, 202, 206, 208, 210  
This course will instruct the student in the basic construction and properties of materials typically used in aircraft applications, with emphasis on aluminum sheet metal applications and their...
manufacture, repair, and inspection. Student projects will focus on sheet metal lay-out, cutting, forming, bending and riveting, using solid and blind rivets, as well as identifying and using specialty fasteners.

**AVMN/AVMT 206 Airframe Structures II** 3 hours  

In this course the student will learn the design, application, fabrication, repair, finishing, and safety practices relating to composite, laminated, honeycomb, bonded, plastic, wood and fabric materials found in structural applications on aircraft, including windows, doors, and interior panels and furnishings. The student will also gain understanding and skills in various welding methods, procedures, and techniques as applied to aircraft manufacturing and repair. Oxygen/acetylene, shielded metal arc, gas metal arc welding, soldering and brazing processes will be studied.

**AVMN/AVMT 208 Airframe Assembly and Inspection** 3 hours  
Co-requisites: AVMT 200, 202, 204, 206, 210

This course will instruct the student in aircraft covering materials, construction, inspection, and repairs using natural and synthetic fabrics. The student will understand the identification, inspection, and application of finishing materials to both fabric and metal surfaces, including touch-up, trim, and lettering. The student will learn the fundamentals of airframe assembly, rigging, aerodynamics, and controls. This course will also introduce the student to conformity and airworthiness inspection requirements and procedures as they relate to the airframe, including knowledge and abilities needed to perform inspections and properly complete associated forms and paperwork.

**AVMN/AVMT 210 Airframe Hydraulic, Pneumatic, and Landing Gear Systems** 3 hours  
Co-requisites: AVMT 200, 202, 204, 206, 208

This course is designed to introduce the student to basic fluid mechanics as it applies to practical applications in airframe systems. Construction and operation of hydraulic and pneumatic systems and components will be discussed, as well as identification and selection of hydraulic fluids and their related components. The student will learn landing gear designs, construction, and operations; as well as the inspection, servicing, and repair or replacement of various types of fixed and retractable landing gear systems, shock struts, brakes, wheels, tires, and steering systems.

**AVMN/AVMT 212 Reciprocating Engines** 3 hours  
Co-requisites: AVMT 214, 216, 218, 220

This course will instruct the student in the principles of operation, construction, and design of reciprocating aircraft engines and components. The student will gain procedural knowledge and technical skills in reciprocating engine removal, disassembly, inspection, servicing, overhaul, reassembly, installation, and troubleshooting.

**AVMN/AVMT 214 Engine Electrical Systems** 3 hours  
Co-requisites: AVMT 212, 216, 218, 220

This course will present the principles of operation and servicing procedures of electrical systems and electrical components found on reciprocating and turbine engine powered aircraft. Students will study and understand the operation, inspection, and servicing of ignition and starting systems, generation and control systems, auxiliary power units, and wiring installations.

**AVMN/AVMT 216 Engine Auxiliary Systems I** 3 hours  
Co-requisites: AVMT 212, 214, 218, 220

In this course the student will learn the construction, operation, inspection, troubleshooting, servicing, repair and overhaul of reciprocating engine carburetion, injection, and fuel metering systems, as well as turbine engine fuel control systems. The student will also study fuel warning, pressure and rate of flow instruments, as well as reciprocating and turbine engine lubricants and lubrication systems.

**AVMN/AVMT 218 Engine Auxiliary Systems II** 3 hours  
Co-requisites: AVMT 212, 214, 216, 220

In this course the student will study engine instrument systems, fire detection and extinguishing systems, induction systems, cooling systems, exhaust and thrust-reverser systems, with a focus on theory of operation, servicing, inspection, repair, and troubleshooting. The student will also learn the theory of operation and basic construction of fixed-pitch, constant-speed, and feathering propellers. The student will also be introduced to propeller synchronization systems, ice-control systems, and propeller governing systems. The student will gain knowledge & skills to inspect, check, service, remove, repair, and install propellers.
BIBL 410  Genesis  3 hours  
Prerequisites: BIBL 105 and 110, or BIBL 104
An intensive doctrinal and historical study of the text considering the related issues of chronology, creation, the fall, the flood and the Patriarchal culture setting. The lives of Abraham, Isaac, Jacob and Joseph are given special attention for their practical value.

BIBL 425  Romans  3 hours  
Prerequisites: BIBL 105 and 110, or BIBL 104
An analytical and exegetical study of Romans, giving attention to the great doctrinal issues of condemnation, justification, sanctification, the place of Israel, and practical Christian living.

BIBL 450  Daniel – Revelation  3 hours  
Prerequisites: BIBL 105 and 110, or BIBL 104
An expository treatment of the two major apocalyptic books of the Bible. The verse-by-verse study will be supplemented with historical, doctrinal and eschatological materials emphasizing the relationship of these two prophetic books.

BIBL 471  Biblical Archaeology  3 hours  
Prerequisites: BIBL 105 and 110, or BIBL 104
A focus on archaeological terminology, methodology, and interpretation as they relate to biblical studies. (This course fulfills a Bible Background requirement.)

BIOLOGY

BIOL 101  Principles of Biology  3 hours  
An examination of the fundamental characteristics common among living things. Emphasis is placed upon studies of the cell, energy, metabolism, reproduction, heredity, ecology, phylogeny and the diversity of life.

BIOL 103  Principles of Biology Laboratory  1 hour  
Prerequisite: Concurrent or previous enrollment in BIOL 101
Laboratory exercises selected to demonstrate basic biological concepts. Emphasis is on plant and animal cell chemistry, composition and function, organismal structure and function, biological diversity and population ecology.

BIOL 204  Microbiology for Nursing Professionals  4 hours  
Prerequisites: RN Licensure; BIOL 213/214 and BIOL 215/216
An examination of the fundamental principles of microscopic organisms. Microorganisms are examined with regard to cell structure, growth, heredity, diversity, and epidemiology. The basic concepts of pathogenicity, immunology, human disease, and genetic engineering are presented. Restricted to online students with an RN license pursuing a BSN.

BUSINESS

BUSI 200/  Enterprise Business Applications and Communications  3 hours  
Prerequisite: MATH 110 or approval of instructor.
This course examines the design, selection, implementation and management of enterprise Business solutions. The focus is on identifying critical business processes and envisioning how technology can be developed to provide solutions which generate competitive advantage. Students learn how applying frameworks and strategies around the Business Process and Organization Strategy provide a competitive advantage. Topics include MIS and IT fundamentals, Information Systems Management and Using Enterprise Business Applications for competitive advantage. The course also includes a component for Technical Writing for Information Systems. (Formerly ISYS and CMIS 110)

BUSI 201  Intermediate Business Computer Applications  3 hours  
Prerequisite: INFT 110 or equivalent
This laboratory experience offers the student a hands-on introduction to an electronic spreadsheet, a database program, and a presentation program. Upon this foundation, intermediate database and intermediate and advanced spreadsheet skills are taught. Throughout the course, there is an emphasis on the integration of the applications as they are applied to personal and organizational tasks. This course provides the IT foundations that are applicable for all curriculums. (Formerly CMIS 201)

BUSI 223  Personal Finance  3 hours  
Budgets, borrowing funds, stock ownership, savings, real estate as investments, and related tax matters are among the topics covered.

BUSI 230  Introduction to Probability and Statistics  3 hours  
Prerequisite: MATH 110, minimum grade of “C”, or equivalent
Introduction to descriptive statistics and probability, probability distributions, estimation, tests of hypotheses, chi-square tests, regression analysis, and correlation with applications in business and science. (Same as MATH 211)

BUSI 300  Business Communications  3 hours  
Prerequisite: ENGL 102
Essential to all business professionals is a sound understanding of the theories and practice of organizational communication. This dynamic course presents the fundamentals of written, verbal, nonverbal, and technological communication.

BUSI 301  Business Law  3 hours  
Prerequisite: Sophomore standing
Designed to increase the understanding of the American legal system and those legal principles which apply to the business environment. Business organizations, torts, contracts, employment relationships and issues, intellectual property, and international law are among the topics discussed.

BUSI 302  Legal and Ethical Issues in Healthcare  3 hours  
Explores legal and ethical issues encountered in the provision and delivery of healthcare products and services. Topics explored include, but not limited to, introduction to healthcare law and ethics, making ethical decisions, contracts, medical records and informed consent, privacy law and HIPAA.

BUSI 303  International Business  3 hours  
An introduction to the field of international business. Topics to be covered include: country differences in political economy and culture; cross-border trade and investment; the global monetary system; global strategy; global market; and product development; global operations management; and global human resources management.

BUSI 304  Introduction to Health Policy  3 hours  
Examines procedures of how healthcare policy is developed at the federal and state levels. This course examines policy decisions and related issues that shape the healthcare organization, financing, and implementation of health care services and delivery systems. Ethical, social, and political issues that affect the provision of healthcare services will be evaluated.

BUSI 310  Principles of Management  3 hours  
Management requires a balance between social (people) and technical (quantitative) perspectives, as well as between efficiency and effectiveness. This course emphasizes the application of these perspectives in each of the planning, organizing, leading and controlling functions.

BUSI 311  Introduction to Healthcare Administration  3 hours  
Explores the field of healthcare management related to the global healthcare system. Topics explored include, but not limited to, a historical overview, theoretical foundations, and history and major characteristics of development. Addresses the application of managerial concepts and practices to healthcare organizations exploring healthcare provider types; costs, access and quality of care; and the future of health services delivery.

BUSI 313  Foundations of Project Management  3 hours  
This course introduces the student to the field of modern project management and the fundamental processes of initiating, planning, executing, monitoring, controlling and closing projects. Students will learn the inputs and outputs and the tools and
techniques of: defining the project, estimating project times and costs, developing project plans, managing risk, scheduling resources and their costs, reducing project duration, progress and performance measurement and evaluation and project closure. (Previously BUSI 413)

**BUSI 320 Corporate Finance** 3 hours
Prerequisites: ACCT 212; Junior status
A study of the financial forms of business organization, with special attention to the corporation and its advantages and disadvantages; capital stocks and bonds; budgeting; dividend policy; failure and reorganization; financial accounting; and cash flows.

**BUSI 321 Money and the Financial System** 3 hours
Prerequisite: ECON 214
This course covers the structure and operation of the U.S. and international financial systems, functions of the Federal Reserve, monetary theory, and the impact of monetary policy on financial markets and the economy.

**BUSI 322 Managerial Accounting** 3 hours
Prerequisite: ACCT 212
Emphasis is upon utilization of cost data in planning and controlling activities. Internal and external data are woven into the planning models. Specific areas are: process job order, standing, functional relationships, and budgeting. Emphasis is placed upon the present value model for capital budgeting and decision making.

**BUSI 323 Financial Analysis and Management in Healthcare** 3 hours
Focused on exploring the concepts of financial management in healthcare this course will explore topics related to the revenue cycle, disbursement, budgeting/forecasting, internal control, financial reporting, and contract management aspects of the healthcare organization. Differences between the goods and service industries will be explored. This course will also survey the pros and cons of a single payer system.

**BUSI 330 Principles of Marketing** 3 hours
Prerequisite: Sophomore standing
The study of the system of activities that constitute marketing with emphasis on the principles, policies and strategies utilized to identify and satisfy the needs and wants of consumers. The universal application of marketing in all forms of organizations is stressed.

**BUSI 331 Marketing Research** 3 hours
Prerequisites: BUSI 330 and MATH 201 or BUSI 230
This course will provide students with an overview of qualitative and quantitative marketing research methods. Students will identify and apply appropriate research methods to support evidence-based decision-making.

**BUSI 332 Consumer Behavior** 3 hours
Prerequisites: BUSI 330
Students in this course demonstrate their knowledge of customer acquisition, consumption, and disposal of products and services. Students analyze buyer behavior of individual consumers, businesses, and governments and evaluate the influence that demographics, popular culture, and subcultures have on consumer behavior.

**BUSI 335 Leading Change** 3 hours
A review of the concepts and practices of planning for and leading effective change. Students will evaluate personal and organizational approaches to change in order to identify requirements, plan and implement change.

**BUSI 340 Organizational Behavior I** 3 hours
This introductory course in organizational behavior integrates the management and behavioral principles, techniques, and concepts associated with the productivity of organizational resources. It focuses on human behavior in organizations and is primarily concerned with improving organizational efficiency and effectiveness through increased understanding of the behavior of people at work.

**BUSI 342 Human Resources Management** 3 hours
Introduces the student to the human resources/personnel functions. Topics covered include: recruitment, assessment, compensation, motivation, appraisal, development, legal environment, labor relations, employee relations, etc. Emphasis on how managers can deal with and utilize the human resources function.

**BUSI 343 Employee and Labor Relations** 3 hours
Prerequisite: BUSI 342
A comprehensive study of collective bargaining; the negotiation process and the scope of labor contracts to include the day-to-day administration of contracts; the major substantive issues in bargaining to include their implication for public policy; and the problem of dealing with labor conflict.

**BUSI 344 Management of Human Resources and Health Professionals** 3 hours
Explores managing human resources in the content of the healthcare organization. Focuses on applying human resource management concepts (i.e., but not limited to: recruitment, compensation, motivation, performance and talent management) in the management of human capital within the healthcare setting.

**BUSI 345 Leadership Theory and Practices** 3 hours
An evaluation of the inter-relatedness of followership and servant leadership is reviewed, with an emphasis on how those traits are imperative to be an effective leader.

**BUSI 352 Financial and Retirement Planning** 3 hours
This course is designed to provide an overview of the financial planning process with specific emphasis on retirement planning. Topics discussed will include: client/planner interactions; time value of money applications; personal financial statements development and assessment; cash flow and debt management; asset acquisition; education planning; planning elements of risk management; investment planning; and retirement planning; special needs planning review; integrating planning recommendations; financial planning ethics review; overview of practice management concepts.

**BUSI 354 Estate Planning** 3 hours
Estate Planning focuses on the efficient conservation and transfer of wealth, consistent with the goals of a financial planner’s clients. It is a study of the legal, tax, financial and non-financial aspects of this process, covering topics such as: trusts, wills, probate, advanced directives, charitable giving, wealth transfers, and related taxes.

**BUSI 360 Contemporary Issues in International Business** 3 hours
Prerequisite: BUSI 303
An analysis of current global developments and rapid change in areas that have the potential for an impact on the international business environment. Attention is given to the use of techniques for identifying and researching significant issues, extrapolating probable outcomes, and developing strategic responses. Corporate and entrepreneurial perspectives are considered.

**BUSI 365 Global Industries and Operations** 3 hours
Prerequisite: BUSI 303
An introduction to the organizational and operational dynamics of the various global industries and their rapidly growing importance to the world’s national economics and governments. Various aspects of the industries will be explored.

**BUSI 390 Business Common Professional Components** 3 hours
This course is designed to meet the common professional component for the Accreditation Council of Business Schools and Programs (ACBSP). Students in business-related programs need to attain general business competencies such that their degrees are accredited as business-related programs. Covers 20 hours of the Common Professional Core.
BUSI 400  Strategic Planning/ Business Policy  3 hours
Prerequisites: BUSI 320; Senior status (at least 90 credits) and completion of all 300-level Business courses.
This capstone course for all business majors seeks to integrate the concepts, techniques, and knowledge of all areas of business administration. Its focus is strategic management which is studied in theory and then rigorously applied. This course is designed for final semester seniors.

BUSI 409  Non-Profit Management  3 hours
Management principles and techniques for the administration of a non-profit organization, including churches, charities, hospitals, and government organizations.

BUSI 411  Operations Management  3 hours
Prerequisites: BUSI 201, BUSI 310 or 311, and MATH 201 or BUSI 230
A study of the challenges and opportunities facing managers of the operational functions of business, the value added areas where resources are transformed into goods and services. The wide ranging implications and applications of the concept of employee/team driven, customer-centered continuous improvement will be examined, as well as Total Quality Management principles. The study of operations management will involve some complexity as various quantitative management tools are examined and applied.

BUSI 414  Project Management I  3 hours
Prerequisite: BUSI 313
This course provides focused instruction in the first five (of nine) project management competencies as delineated in the Project Management Institute’s Body of Knowledge (PMBOK): Project Integration Management, Project Scope Management, Project Time Management, Project Cost Management, and Project Quality Management. Students will apply processes to ensure project leadership, plan development processes, project plan execution and complete project plans; and, identify stakeholders, plan risk; identify and acquire goods and services to implement project plans; and, identify stakeholders, plan for and respond to project risk; identify and acquire goods and services to implement and complete project plans; and, identify stakeholders, plan communications, and distribute information.

BUSI 415  Project Management II  3 hours
Prerequisite: BUSI 313
This course provides focused instruction in the final four (of nine) project management competencies as delineated in the Project Management Institute’s Body of Knowledge (PMBOK): Project Human Resource Management, Project Communications Management, Project Risk Management, and Project Procurement Management. The course will provide students with processes to review organizational and human resource structures to develop and manage project teams; identify, analyze, plan for and respond to project risk; identify and acquire goods and services to implement and complete project plans; and, identify stakeholders, plan communications, and distribute information.

BUSI 416  Leading Global Projects  3 hours
Prerequisite: BUSI 313
This course provides instruction in global project management with emphasis on the integration of the interconnected themes of strategic project management, cross-cultural effectiveness, and project leadership.

BUSI 417 / BMIS/CSCI 340  Studies in Information Security  3 hours
This course introduces the basic issues and principles of information system security such as security policies, their mechanisms of implementation, means attackers use to circumvent these protections, and defenses against these attackers. (Formerly ISYS 340)

BUSI 418  Research and Evidence Based Practice in Healthcare  3 hours
Explores the practice of evidence-based management relative to healthcare decision-making and support. Topics explored include, but not limited to, evolution of evidence based healthcare; locating and evaluating evidence; developing the capacity of healthcare managers to utilize evidence in decision-making, and evidence based healthcare in the 21st century.

BUSI 419  Management of Quality Improvement And Outcomes
Addresses the manager’s role in improving healthcare quality and outcomes, including clinical and organizational improvement, technology assessment, and quality improvement practices. This course examines how improved work processes lead to quality improvement and value creation in the healthcare organization. Students will explore the contribution of operations research and quality management to improve delivery and production of healthcare services and business processes from the perspective of the healthcare professional.

BUSI 420  Investments
Prerequisites: BUSI 320
A survey of corporate securities, financial securities, security markets, investment and portfolio analysis and administration. Investment companies, commodity markets and the stock exchange are also examined.

BUSI 421  Insurance Planning/Risk Management /Employee Benefits
This course will enable the student to design an employee benefit plan that encompasses the client’s stated goals and objectives while keeping the plan in compliance with federal regulations.

BUSI 423  Franchising
Franchising is a major form of business ownership and a strategy for growing ventures. This course examines franchising from both the perspective of the entrepreneur as a franchisee and as a franchisor. Topics will include selecting a franchise, developing a franchised business model, and legal issues associated with the franchised relationship.

BUSI 424  E-Commerce
This course explores how the Internet has revolutionized the buying and selling of goods and services in the marketplace. Topics include: Internet business models, electronic commerce infrastructure, designing on-line storefronts, payment acceptance and security issues, and the legal and ethical challenges of electronic commerce.

BUSI 425  Family Business Management
This course explores the unique personal, interpersonal issues, and business issues associated with the family-owned and managed firm. Topics include challenges and opportunities for family businesses, the dynamics of family interactions within the family business culture, conflict resolution, estate planning, and succession planning.

BUSI 427  Team Dynamics
Prerequisite: BUSI 340
The dynamics of building a highly functioning team in order to accomplish a goal. Examination of how to choose team members and how to manage the team to deliver successful results.

BUSI 428  Strategic Management and Marketing in Healthcare
Focused on increasing organizational effectiveness and efficiency through strategic planning students will develop an understanding of the strategic planning process and marketing from a healthcare perspective. Topics explored include, but not limited to, importance of strategic planning in healthcare; internal and external environmental assessment; marketing healthcare services; strategy formulation, implementation and long term control.

BUSI 429  Healthcare Economics
Explores how principles of economic analysis can be applied to the field of healthcare. This course will explore how healthcare economics is unique through an exploration of healthcare markets (including supply, demand, production, and costs) and how cost-benefit analysis is performed when the output presents challenges for measurement.
BUSI 430  Promotion Strategy  3 hours  
Prerequisite: BUSI 331

This course is open to students who desire to understand the function of Promotion within a company’s Integrated Marketing Communications (IMC) plan. Emphasis is on planning, creating, and evaluating advertising, sales promotion, and publicity strategies to communicate most effectively across the optimum blend of media channels.

BUSI 435  Small Business Entrepreneurship  3 hours  
Prerequisites: Junior/Senior Status

A practical study in the dynamics of establishing, funding, and managing a small new enterprise, or acquiring an existing business using case studies, practical exercises, and class instruction.

BUSI 436  Digital Marketing in a Virtual World  3 hours  
Prerequisite: BUSI 330

Students explore the principles required to successfully practice marketing in the virtual world of social media and electronic commerce between and among businesses and consumers.

BUSI 438  Marketing Brand Management  3 hours  
Prerequisites: BUSI 330

Students will learn how an organization’s brand provides a broad definition of its purpose, uniqueness, and its package of products and services. Course topics include channel development, merchandising, marketing and establishing and delivering the brand promise.

BUSI 439  Conversion and Optimization  3 hours  
Prerequisites: BUSI 436

This course covers the principles, functions, and techniques of web analytics, site optimization, and conversion strategies related to digital marketing. The information covered in this course will provide students with knowledge of how to successfully reach and influence potential consumers and convert them into customers. The course also covers the financial impact of conversion strategies on the firm.

BUSI 440  Compensation Management  3 hours  
Prerequisite: BUSI 342

This course develops the philosophy and fundamental guiding principles for wages and salaries in business institutions. This comprehensive study of compensation management also includes job analysis, administrative job evaluation, basis compensation plans, executive compensation and administrative controls.

BUSI 442  Customer Retention Through Digital Marketing  3 hours  
Prerequisites: BUSI 439

This course covers the principles, functions, and techniques of web analytics, site optimization, and conversion strategies related to digital marketing. The information covered in this course will provide students with knowledge of how to successfully reach and influence potential consumers and convert them into customers. The course also covers the financial impact of conversion strategies on the firm.

BUSI 443  Workforce Planning and Employment  3 hours  
Prerequisite: BUSI 342

This course will focus on recruitment, assessment, selection, placement and appraisal issues and methods necessary to align the organizational workforce with the strategic goals of the organization. The laws and guidelines related to the DOL, INS, EEOC, and other legal enforcement agencies as related to the staffing process will be reviewed.

BUSI 444  Human Resource Development  3 hours  
Prerequisite: BUSI 342

This course focuses on the design, implementation, and management of employee orientation, career development, and training programs. Human resource development issues examined include strategic training, needs assessment, theories, program design, evaluation, and training methods as well as career management.

BUSI 446  Retailing and Category Management  3 hours  
Prerequisites: BUSI 330

From an economic perspective, retailing and category management represent anywhere from 25-30% of GDP annually; this course integrates retailing and category management into one course. The category management aspects of the course are derived from retail and supply chain perspectives.

BUSI 452  Survey Design  3 hours  
Prerequisites: BUSI 331

This course covers important elements for effective survey and questionnaire design. Students will learn how to plan, structure, and write survey material for meaningful market research giving consideration to ethical and social issues. The course will include topics in research techniques and best practices as well as how to use, act on and follow up research.

BUSI 453  Applied Marketing Analysis  3 hours  
Prerequisites: BUSI 452

Building on knowledge acquired in marketing research, students will assess environmental market conditions. The course will explore principles used in construction, application, and analysis of market research necessary to exercise good judgment and develop action plans for key decision makers. Students will explore, analyze, and offer recommendations regarding market and consumer research through applied projects.

BUSI 455  Conflict Resolution and Negotiation  3 hours  
Prerequisites: BUSI 310, 340, 342

BUSI 464  International Market Integration and Trade Agreements  3 hours  
Prerequisite: BUSI 303

This course examines market and economic integration among countries, including the European Union, the North American Free Trade Agreement, Asia-Pacific Economic Cooperation, Association of Southeast Asian Nations and others. Major emerging market economies will also be surveyed, along with the challenges and opportunities these present to the international business firm.

BUSI 465  Export Management Strategy  3 hours  
Prerequisite: BUSI 303

An overview of international trade theories, policies, instruments and documents that affect the success of U.S. exports. Students are introduced to various resources, private organizations, and government agencies designed to facilitate American export businesses. The tools and methods for establishing a small export business model are examined.

BUSI 472  Organizational Ethics  3 hours

An analysis of the foundation of ethical behavior in business, including an introduction to social graces and the importance of professional image. Emphasis is placed on a comparison between Judeo-Christian and secular ethical paradigms.

BUSI 489  Capstone in Financial Planning  3 hours  
Prerequisites: BUSI 320, 352, 354, 420, 421, and ACCT 401

This course will allow the student to create a written financial plan using the knowledge acquired from previous course work in the financial planning classes. The student will use a software package to incorporate all the elements of a successful financial plan for a case study client.

BUSI 494  Healthcare Administration Capstone  3 hours  
Prerequisites: Senior status; should be taken in the last semester of coursework

This capstone course for all healthcare administration majors seeks to integrate the concepts, techniques, and knowledge of all areas of healthcare administration. Its focus is strategic
management, which is studied in theory and then rigorously applied. This course is designed for final semester seniors.

**BUSI 499  Business Internship**  1 to 6 hours
Prerequisites: Junior or Senior standing and required GPA
A selected directed practical work experience under the supervision of the Director of the Business Internship program and a business manager/professional in the student’s area of career interest. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

**CONVERSATIONAL ARABIC**

**CARA 101  Conversational Arabic I**  3 hours
An introductory course designed to develop practical conversational Arabic skills. Intended for students whose first language is not Arabic and/or have no previous Arabic training and/or experience.

**CONVERSATIONAL GERMAN**

**CGRM 101  Conversational German I**  3 hours
This is an introductory course designed to develop practical conversational German skills. Intended for students whose first language is not German and/or have no previous German training and/or experience.

**CONVERSATIONAL FRENCH**

**CFRE 101  Conversational French I**  3 hours
An introductory course designed to develop practical conversational French skills. Intended for students whose first language is not French and/or have no previous French training and/or experience.

**CHRISTIAN COUNSELING**

**CCOU 201  Introduction to Christian Counseling**  3 hours
This course serves as an introduction to biblical counseling and helping ministry with special attention given to tough issues that pain today’s generations, the modern-day search for answers, and the biblical basis for a counseling ministry.

**CCOU 202  Issues of Christian Counseling**  3 hours
This course provides the framework to the structure and issues surrounding biblical counseling and helping ministries. Special attention will be given to the dealing with spiritual warfare, “brief therapy” model of counseling, life transitions, and crisis care.

**CCOU 301  Christian Counseling for Marriage and Family**  3 hours
A broad overview of the dynamics of marriage and family relationships set the foundation of this course. Exploring structure, functionality, systems and how they should be addressed in counseling situations provide the framework for counseling this population group.

**CCOU 302  Christian Counseling for Children**  3 hours
This course introduces the student to the challenges, developmental milestones, and crises that are a part of successfully navigating the span of years from childhood through adolescence. It further prepares the student to engage and retain the theories and techniques necessary for assisting children and adolescents with these challenges on their way to a healthy lifestyle.

**CCOU 304  Christian Counseling for Women**  3 hours
This course examines common issues as it relates to counseling women. It explores the biblical perspectives and developmental/cultural situations that will help prepare the student to engage in counseling to this population group.

**CCOU 305  Issues in Human Sexuality**  3 hours
This course provides a panorama of sexual challenges that men and women are currently experiencing, as well as the results of a national report on the sexuality of Christian men and women. This vibrant and fascinating study enables students to gain a better understanding of the complexities and fundamental differences of male and female sexuality and marital intimacy in contrast to cultural myths and distortions.

**CONVERSATIONAL ENGLISH**

**CESL 101  Conversational English I**  3 hours
An introductory course designed to develop practical conversational English skills. Intended for students whose first language is not English but who may have some previous basic English training and/or experience, at least in reading and writing.

**CESL 102  Conversational English II**  3 hours
Prerequisite: CESL 101
An intermediate course to further the objectives of CESL 101 by expanding students’ practical conversational skills. Intended for students whose first language is not English but who have previous English training and/or experience through CESL 101.

**CESL 103  Conversational English III**  3 hours
Prerequisite: CESL 102
An advanced course and a continuation of Conversational English 101 and 102, with an increased focus on grammar and vocabulary supporting practical and advanced conversational skills. Intended for students whose first language is not English but who have previous English training and/or experience through CESL 101 and 102.

**CHHI 301  History of the Christian Church I**  3 hours
A survey of the first fifteen centuries of the Christian Church including the persecutions, the rise of heresy, the development of Roman Catholicism during the Middle Ages, and the groups which dissented against Roman Catholicism.

**CHHI 302  History of the Christian Church II**  3 hours
A survey of the Christian Church from the 16th century to the present. Includes the background, development and results of the Reformation, modern missions, the ecumenical movement, American Christianity and Evangelism.

**CHEM 108  Chemistry for Nursing Professionals**  4 hours
Prerequisites or Co-requisite: RN Licensure; MATH 110 or 201 with a minimum grade of “C”; or Math SAT score of 550, or Math ACT score of 20
A study of the basics of general and organic chemistry at an introductory level, including atomic structure, bonding, acids and bases, organic functional groups and selected organic reactions, with an emphasis on nursing applications. This course includes an independent hands-on microscale laboratory experience. Restricted to online students with an RN license pursuing a BSN.

**CHEMISTRY**

**CHURCH HISTORY**

**CLEP**

**COLLEGE LEVEL EXAMINATION PROGRAM** (CLEP)
<table>
<thead>
<tr>
<th>COURSES OF INSTRUCTION – ONLINE PROGRAMS</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>CHURCH MINISTRIES</strong></td>
</tr>
<tr>
<td>CHMN 201 Introduction to Church Ministries 3 hours</td>
</tr>
<tr>
<td>A practical study of Church Ministry with emphasis given to its biblical foundation, philosophy of ministry, and the various areas of ministry. The ministry is considered as a calling and a career.</td>
</tr>
<tr>
<td>CHMN 360 Practical Teaching of Scripture 3 hours</td>
</tr>
<tr>
<td>Prerequisite: RLGN 301, BIBL 104 or BIBL 105 &amp; BIBL 360, THEO 360</td>
</tr>
<tr>
<td>A study of the basic principles and methods of teaching and learning as they apply to the communication of the Scriptures across various age groups. The student will combine scholarly research, proper Bible study, and suitable theological formation in order to successfully teach a passage of Scripture. Additionally, the student will engage in the process of evaluation in order to determine the strengths and weaknesses of their teaching.</td>
</tr>
<tr>
<td><strong>HINDI</strong></td>
</tr>
<tr>
<td>CHND 101 Conversational Hindi I 3 hours</td>
</tr>
<tr>
<td>An introductory course designed to develop practical conversational Hindi skills. Intended for students whose first language is not Hindi and/or have no previous Hindi training and/or experience.</td>
</tr>
<tr>
<td><strong>CINEMATIC ARTS</strong></td>
</tr>
<tr>
<td>CINE 201 Introduction to Screenwriting 3 hours</td>
</tr>
<tr>
<td>This is a methods course intended to provide instruction in the fundamentals of screenwriting. Basic three-act structure, writing techniques, character development, and screenwriting software will be covered. This class may be used as part of the required CORE curriculum needed for students to apply and enter into the residential Center for Cinematic Arts cohort their Junior year.</td>
</tr>
<tr>
<td>CINE 330 Micro Budget Filmmaking 3 hours</td>
</tr>
<tr>
<td>In this condensed exploration of filmmaking, students learn the process of developing a low-budget film. Translating a minimum budget into the maximum quality on screen is the main focus of this course. Topics include: setting up a production company, financing and development, pre-production planning, production techniques, post-production workflow, and distribution. Students will prepare a producer’s breakdown and production budget for a micro-budget screenplay.</td>
</tr>
<tr>
<td>CINE 340 Theology and Cinema 3 hours</td>
</tr>
<tr>
<td>This course explores the use of theology in cinema. As an introductory course, it seeks to answer the questions that many Christians face about movies as an artistic medium. Namely, “How should Christians view cinematic arts?” This course will also focus on helping students approach movies with the eyes of a theologian. Specifically, it will instruct students to evaluate and interpret movies from a theological/philosophical perspective. Part of this will involve viewing specific movies and exegeting them to see what they reveal about culture and truth.</td>
</tr>
<tr>
<td><strong>CRIMINAL JUSTICE</strong></td>
</tr>
<tr>
<td>CJUS 200 Introduction to Criminal Justice 3 hours</td>
</tr>
<tr>
<td>Prerequisite for all other CJUS courses</td>
</tr>
<tr>
<td>An introductory course covering an overview of the whole criminal justice system in America, including discussion of law enforcement generally, the court systems, correctional organizations, the history of law enforcement in the U.S. and some other nations, and the ethics and philosophy of criminal justice generally.</td>
</tr>
<tr>
<td>CJUS 230 Criminal Justice Research and Writing 3 hours</td>
</tr>
<tr>
<td>Prerequisite for all other CJUS courses; recommended to be taken concurrently with CJUS 200.</td>
</tr>
<tr>
<td>This course is an introductory course to research in the social sciences, both in traditional and online venues. It covers plagiarism, APA formatting, case briefing, academic writing, formal reporting, and memoranda. A major research paper is required.</td>
</tr>
<tr>
<td><strong>NOTE:</strong> CJUS 200 and 230 are a prerequisite for all other Criminal Justice courses.</td>
</tr>
<tr>
<td>CJUS 300 Administration of Justice Organizations 3 hours</td>
</tr>
<tr>
<td>This course is designed to familiarize the student with the theoretical and practical management perspectives embraced by the American criminal justice system. This will include nature of criminal justice organizations, individual and group behavior within those organizations, processes inherent in those organizations, and areas of criminal justice reform from a Christian perspective.</td>
</tr>
<tr>
<td>CJUS 310 Juvenile Justice 3 hours</td>
</tr>
<tr>
<td>This course is designed to provide an in-depth study of the juvenile justice system in the United States. The student will study the general principles of juvenile delinquency, overview of the juvenile criminal justice system, theories of delinquency, and other issues dealing with juveniles in the justice system.</td>
</tr>
<tr>
<td>CJUS 320 Corrections 3 hours</td>
</tr>
<tr>
<td>This course is designed to familiarize the student with the criminal correctional system in the United States. The student will review the history of corrections and procedural, statutory, and case law of American correction.</td>
</tr>
<tr>
<td>CJUS 321 Juvenile Corrections 3 hours</td>
</tr>
<tr>
<td>Examines the extent to which juvenile correctional interventions are used. Provides an in-depth analysis of various correctional responses to juvenile offenders including diversion, community-based, and residential programs.</td>
</tr>
<tr>
<td>CJUS 322 Community Based Corrections 3 hours</td>
</tr>
<tr>
<td>This course introduces the student to the new philosophies within corrections to establish successful rehabilitation programs in the community and outside of traditional prison settings. Students will analyze different programs that are being implemented nationally to include electronic monitoring, boot camps, and restorative justice programs.</td>
</tr>
<tr>
<td>CJUS 323 Delinquency and Crime Prevention 3 hours</td>
</tr>
<tr>
<td>Explores various strategies for prevention of adult and juvenile crime with particular attention to the theoretical and empirical bases for these approaches. Students will develop a crime prevention plan.</td>
</tr>
<tr>
<td>CJUS 324 Legal and Ethical Issues in Juvenile Justice 3 hours</td>
</tr>
<tr>
<td>An overview of legal issues and court decisions related to juvenile justice. An analysis of the various ethical issues surrounding juvenile justice contexts and practices.</td>
</tr>
<tr>
<td>CJUS 330 Judicial Process 3 hours</td>
</tr>
<tr>
<td>This course is designed to increase the understanding of the criminal judicial process in the United States. It includes a study of the functioning of courts, judges, lawyers and law enforcement agencies, including judicial decision-making and the impact of court decisions on the American Republic.</td>
</tr>
<tr>
<td>CJUS 340 Criminology 3 hours</td>
</tr>
<tr>
<td>This course is designed to examine theories regarding the nature and cause of criminal behavior and society’s response. It approaches crime from a philosophical, psychological, and sociological perspective. Most importantly, this course strives to integrate a theological, perspective to crime and punishment. (Formerly CJUS 210)</td>
</tr>
<tr>
<td>CJUS 350 Criminal Justice Ethics 3 hours</td>
</tr>
<tr>
<td>This course is designed to build upon the biblical foundations students should have developed from other courses (such as BIBL 105/110 and THEO 200/201) and enhance foundational ethical considerations into more developed and practical notions of right behavior within the realm of criminal justice praxis.</td>
</tr>
<tr>
<td>CJUS 360 Introduction to Forensics 3 hours</td>
</tr>
<tr>
<td>An introductory overview of forensics and how it is applied to the justice system by law enforcement agencies. This course demonstrates the importance of documenting physical evidence and identifying various kinds of evidence such as: fingerprints, trace, tool marks, DNA, etc.</td>
</tr>
</tbody>
</table>
CJUS 361  Crime Scene Forensics 3 hours
Prerequisite: CJUS 360; can be taken concurrently with CJUS 363
Students will learn and apply principles of photography in digital format. Within the field of forensic science, the use and understanding of photography is essential. The course will focus on the areas of aerial, underwater, and macro photography as used to document and present criminal investigations. Students must have access to a digital camera that has aperture settings (example: Sony P200) and a tripod.

CJUS 362  Crime Scene Management 3 hours
Prerequisite: CJUS 361; can be taken concurrently with CJUS 363
This course will address critical thinking, resource management, supervision, and investigative failures in criminal investigations. A detailed explanation of how to effectively manage a forensics investigation and how to preserve and present evidence will be covered.

CJUS 363  Computer and Cyber Forensics 3 hours
Prerequisite: CJUS 360; can be taken concurrently with CJUS 361 or 362
The course will focus on the role of computer forensics and the methods used in the investigation of computer crimes. The course explains the need for proper investigation and illustrates the process of locating, handling, and processing computer evidence.

CJUS 380  Introduction to Homeland Security 3 hours
An introduction to the public and private sector dimension of the broad range theoretical and practical aspects of homeland security and emergency management, including: origins of natural and terrorist-caused disasters; local, state, and federal emergency management planning and operations; health infrastructure capabilities, public communication strategies; business community concerns; ethical, legal, and constitutional questions; as well as the social and psychological dimensions of disasters. NRF, NIMS, ICS, IC, and UC will be examined. Further, national and association standards found in agencies and documents such as Presidential Directives, NFPA 1600, IAEM, and IACP will be examined.

CJUS 381  Incident Command System/Emergency Planning and Incident Management 3 hours
Prerequisite: CJUS 380
An introduction to the basic tasks of emergency preparedness and disaster mitigation, including planning, response, and recovery. Special emphasis will be placed on command arrangements, coordination, and budgetary issues among emergency responders (law enforcement, firefighters, transportation, public works, and health care system officials), and within and between federal, state, and local governments.

CJUS 382  Critical Infrastructure Protection 3 hours
Prerequisite: CJUS 380
Identification, prioritization, and protection of critical infrastructure including agriculture, cyber and information technology, telecommunications, chemical, transportation, energy, water, medical, emergency services, and postal and shipping. Impact on personal safety, structural integrity and security, and economic performance.

CJUS 383  Behavioral Dimensions of Disaster 3 hours
Prerequisite: CJUS 380
This course focuses on the sociological, psychological, and physiological human responses to natural and human-made disasters. Students will examine normal and abnormal psychological reactions, the recovery process, and principles of mental health care for victims and responders of disasters. Differences between natural and human-made disasters are examined and factors that mitigate post-traumatic effects are reviewed. Response of the public and individuals to disaster-related issues including: disaster warning, evacuations, relations, civil unrest, loss of family and property, and recovery activities are examined. Sociological and psychological aspects of Weapons of Mass Destruction (WMD) disasters are also considered. Students develop an awareness of the effect of human influence and behavior on disaster response and recovery.

CJUS 400  Criminal Law 3 hours
Prerequisites: CJUS 200 and 230 or GOVT 200 and 346
This course is designed to provide an overview of the legal elements that apply to criminal law, procedure, and evidence, including proof, intent, conspiracy, classifications of crimes and related punishments, culpable mental states, defenses, rules of evidence (including the exclusionary rule), and rights and procedures in the gathering of evidence.

CJUS 410  Constitutional Criminal Procedure 3 hours
This course is designed to study the constitutional provisions and Supreme Court decisions affecting law enforcement procedure, including due process of law generally, arrest, charges, right to counsel, search and seizure, identification, bail, trial and post-trial proceedings, and post-conviction appeals. The course also investigates civil liability for acts of law enforcement personnel.

CJUS 420  Criminal Investigations I 3 hours
This course will address the constitutional requirements for conducting criminal investigations, essential techniques for processing a crime scene, and methodology for collecting evidence via subpoenas and interviews.

CJUS 499  Criminal Justice Internship 1 to 6 hours
Prerequisites: Junior or senior standing and required GPA
Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

CHRISTIAN LEADERSHIP

CLED 300  Biblical and Theological Foundations of Christian Leadership 3 hours
This course will explore the biblical and theological foundations for Christian leadership. Old and New Testament examples of leadership will be analyzed and the foundations of current leadership principles will be discussed.

CLED 365  The Personal Development of the Leader 3 hours
This course is designed to help the student examine the life of the leader. In addition to examining the development of an individual’s leadership skills, several other issues will be explored such as the ordering of one’s private world, the personal character of the leader, and becoming a leader that lasts.

CLED 489  Capstone Seminar 3 hours
Prerequisites: CLED 300, 365; Senior status
This required course will be completed in the final semester of the student’s degree program and will be based on the knowledge and skills acquired in earlier course work. The student will complete a capstone project developed through the concepts learned throughout the program allowing them to showcase their leadership skills and understanding of the structure and culture of an organization.

COLLEGE LEARNING STRATEGIES

CLST 100  Foundations for Academic Success 3 hours
This course is designed to assist students in their academic adjustment to college. There is a focus on learning and application of study strategies and self-management skills. In addition, emphasis is placed on community and accountability which provide the foundations for academic success.

CLST 101  College Learning Strategies 1 hour
This course is designed to equip students with the study strategies necessary for success at the college level. It teaches self-management skills such as organization and time management, as well as learning strategies including memory and test-taking. Students are also encouraged to discover their individual learning styles while incorporating practical application techniques.
CLST 103 Individualized Curriculum to Support Academic Success
This course is an individualized program in reading and study strategies based on students’ goals and assessed needs. The varied curriculum focuses on academic, personal, and/or spiritual domains. It is delivered in a lab format with faculty/student interaction. Open to all students but required of students with a PLMA score below 40.

CLST 105 Strategies for the Application of College Learning Skills
No Prerequisite for this course
This course provides strategies that will enable students to apply college learning skills to their current courses. It incorporates one-on-one mentoring, as well as weekly accountability. It is designed to foster an awareness of current academic progress and to encourage the motivation and responsibility necessary for academic success.

CLST 113 Foundations for English
This course is a self-paced, individualized program tailored for each student’s assessed needs in the areas of English relating to writing and study strategies. This course is self-paced with instructor guidance and accountability to reach desired outcomes.

CLST 301 Advanced Reading/Vocabulary
This course focuses on building personal/professional vocabularies and accelerating reading speed/comprehension. Higher level critical reading skills are developed for upper-level and graduate courses.

COMMUNICATION STUDIES
COMS 101 Speech Communication 3 hours
Prerequisite: ENGL 100 or advanced standing in the English Placement Test
Study and practice in communicating ideas competently in public speaking. Students are also given a foundation for development of communication skills in other human communication contexts, including dyadic and small group communication.

SPANISH COMPOSITION
COSP 101 Spanish Composition and Rhetoric 3 hours
For Liberty University en Español students only, this course prepares students to become careful readers, critical thinkers, and skilled writers through the critical engagement of a variant of tests, including written, oral, and visual. Drawing upon rhetorical theory, it emphasizes the practices of analytical reading, informed reasoning, effective writing, and sounds argumentation. The course requires 4,000 words of writing in no fewer than 5 written projects.

COSP 102 Spanish Composition and Literature 3 hours
For Liberty University en Español students only, the Composition and Literature course continues the emphasis on writing. Based upon studies of the short story, poetry, and drama, two analytical papers and a literary research paper, sequentially developed, are required.

CRISIS COUNSELING
CRIS 302 Foundational Principles of Crisis Response
Prerequisite: PSYC 101 or 210
A general overview and analysis of the theoretical concepts of crisis response, critical incidents and grief and will cover intervention models, effects of critical incident stress. The course will cover the historical background of the discipline and scope of crisis response.

CRIS 303 Acute Stress, Grief and Trauma
Prerequisite: CRIS 302
A general overview and analysis of the impact and consequences of acute stress on victims, first responders, families, and community members. Particular attention is paid to effective counseling strategies, methods and techniques for immediate response, fostering resiliency, and cultural differences.

CRIS 304 PTSD and Combat-Related Trauma 3 hours
Prerequisite: CRIS 302
An examination and analysis of the causes, symptoms and treatments of PTSD and Combat-related PTSD, taking into account the latest research in the field and examining the affective, behavioral, cognitive and spiritual challenges faced by survivors.

CRIS 305 Trauma Assessment and Interventions 3 hours
Prerequisite: CRIS 302
An in-depth examination of the causes, symptoms and treatments of both trauma-related and “normal” relations to exceptional violence, taking into account the latest research in the field and examining the affective, behavioral, cognitive, and spiritual challenges faced by survivors. Included, among others, will be community, military and church-based responses to such events as: crime, school and workplace violence, domestic violence, motor vehicle accidents, and sexual assault.

CRIS 306 Complex Trauma and Disasters: Offering Spiritual Care 3 hours
Prerequisite: CRIS 302
An examination of the role of faith-based organizations, faith communities, and pastors and clergy, in the care of emotional and spiritual health in individuals, communities, and organizations following trauma and disaster. Specifically, topics will include the life cycle of a disaster, exclusive types of trauma and disasters, models of response for faith-based communities, collaborative efforts between mental health professionals and faith-based services, and other salient factors for effective emotional and spiritual care.

CREATION STUDIES
CRST 290 History of Life 3 hours
Prerequisite: A college science course
An interdisciplinary study of the origin and history of life in the universe. Faculty will draw from science, religion, history, and philosophy in presenting the evidence and arguments for creation and against evolution.

COMPUTER SCIENCES AND INFORMATION SCIENCES
CSIS 100 Introduction to Information Sciences and Systems 3 hours
Prerequisite: MATH 110 with a minimum grade of “C”; (can be taken concurrently).
This course examines the design, selection, implementation and management of enterprise Business solutions. The focus is on identifying critical business processes and envisioning how technology can be developed to provide solutions which generate competitive advantage. Students learn how applying frameworks and strategies around the Business Process and Organization Strategy provide a competitive advantage. Topics include MIS and IT fundamentals, Information Systems Management and Using Enterprise Business Applications for competitive advantage. The course also includes a component for Technical Writing for Information Systems. (Formerly BMIS 200)

CSIS 110 Introduction to Computing Sciences 3 hours
Prerequisite: MATH 121 with a minimum grade of “C”; (can be taken concurrently).
A breath-first introduction to the computing disciplines, with an emphasis on computer ethics and how computing technology impacts the world. Topics include: computing history; discrete mathematics; computer architecture and organization; algorithm design; languages; compilers; operating systems; applications;
networks; databases; intellectual property; privacy; free speech; social consequences; computer crime; and codes of conduct. (Formerly CSCI 110)

CSIS 111 Introduction to Programming 3 hours
Prerequisite: CSIS 110/ENGR 110 with a minimum grade of “C”; (can be taken concurrently).
Introduction to structured programming and algorithms with an object-oriented language. Topics include input/ output, flow of control, functions, and an introduction to software engineering. Programming assignments are required. (Formerly CSCI 111)

CSIS 112 Advanced Programming 3 hours
Prerequisite: CSIS 111 with a minimum grade of “C”
Continuation of - CSIS 111. Further development of discipline in program design, especially for larger programs. Introduction of pointers, simple data structures, recursion, internal sort/search methods. Programming assignments are required. (Formerly CSCI 112)

CSIS 208 Application Programming 3 hours
Prerequisite: CSIS 100; MATH 121 or MATH 201; minimum grade of “C” (can be taken concurrently).
Development of computer and programming skills, problem solving methods, and selected applications. This course provides a broad-based introduction to programming in Visual Basic. Students will learn how to build a program from the design phase all the way through to delivery. (Formerly BMIS 208)

CSIS 209 C# Programming 3 hours
Prerequisite: CSIS 111 or CSIS 208 or CSIS 212; minimum grade of “C”
Development of computer and programming skills using the C# language. Students will learn how to use C# to develop stand-alone applications in an IDE. Advanced concepts, such as database connectivity and web applications will also be examined. (Formerly BMIS 209)

CSIS 212 Object-Oriented Programming 3 hours
Prerequisites: CSIS 110 or CSIS 111 or 208 or MATH 110 or higher; minimum grade of “C”
A study of the general-purpose, secure, object-oriented, portable programs. This course prepares students to program stand-alone applications. It will cover features such as programming concepts, data types, operators, flow control statements, objects, classes, methods, arrays, and strings. The concept of object-oriented programming is emphasized. (Formerly BMIS 212)

CSIS 310 Web Architecture and Development 3 hours
Prerequisite: CSIS 111 or 208 or 212; minimum grade of “C”
Provides students with thorough knowledge of the foundations of web architecture, current technologies utilized in the development of a web site, and criteria for assessing the usability of web sites. (Formerly BMIS and CSCI 310)

CSIS 312 Advanced Object-Oriented Programming 3 hours
Prerequisites: CSIS 212; minimum grade of “C”
In-depth study of the advanced features of Java, with an emphasis on the “why” as well as the “how to” of programming in the Java language. This course also prepares students for the Sun Certified Java Programmer exam. (Formerly BMIS 312)

CSIS 315 Client-Side Programming 3 hours
Prerequisites: CSIS 212 or CSIS 112 with a “C” or better
This course provides an introduction to the various languages and tolls used in client-side programming. The fundamentals of client-side programming will be emphasized. Due to the particularly dynamic nature of Internet technologies, course content will change as appropriate. (Formerly CSCI 315)

CSIS 316 Server-Side Programming 3 hours
Prerequisites: CSIS 215 or 310; minimum grade of “C”
This course provides an introduction to the various languages and tolls used in server-side programming. The fundamentals of server-side programming will be emphasized. Due to the particularly dynamic nature of Internet technologies, course content will change as appropriate. (Formerly CSCI 316)

CSIS 320 IS Hardware and Software 3 hours
Prerequisite: CSIS 100; can be taken concurrent with CSIS 320
Emphasis is placed on the role of the computer in information processing, including the design of computer hardware and operating systems, application programming, data storage, network and client/server concepts, and systems development life cycle. (Formerly BMIS 320)

CSIS 325 Database Management Systems 3 hours
Prerequisite: CSIS 208 or 212; minimum grade of “C”; MATH 201 or BUSI 230
The study of relational database architecture, design, access, administration and implementation in the context of various organizational environments. The course includes issues of data normalization, standard queries, and the use of popular relational and object technologies for building business-oriented applications. Assigned projects will provide hands-on experience with industry leading SQL and RDBMS tools and ER CASE tools currently popular in business and government settings. (Formerly BMIS 325)

CSIS 327 Introduction to Oracle 3 hours
Prerequisite: CSIS 325; minimum grade of “C”
This course introduces the fundamentals of database design using an Oracle platform. Database administration will be introduced as well as the basic concepts of data manipulation in an Oracle environment. (Formerly BMIS 326)

CSIS 328 Advanced Oracle 3 hours
Prerequisite: CSIS 327; minimum grade of “C”
This course introduces the advanced topics of database administration in Oracle. Multi-dimensional databases for Business Intelligence applications will be examined as well. (Formerly BMIS 328)

CSIS 330 Business Data Communication Systems 3 hours
Business Data Communications. The study of the movement of information (data) one device to another by means of electrical, optical, radio or satellite transmission systems. This course will introduce the architecture, concepts, terminology, design, and management issues related to the modern environment of networking and data communications. Various types of networks and communication systems, protocols, regulatory issues and policies will be explored. (Formerly BMIS 330)

CSIS 331 Networks 3 hours
Prerequisite: CSIS 110 and 330; minimum grade of “C”
Building on the foundational knowledge of the 330 course, this is a study in corporate data networking. This course primarily focuses on switched networks (wired and wireless) with hands on work on setting up and operating a switched network. Routed networks fundamentals and concepts will be introduced to prepare students for careers in networks operations and the follow-on advanced networks class. (Formerly BMIS 331)

CSIS 335 Network Security 3 hours
Prerequisite: CSIS 330; minimum grade of “C”
A study of the control of unwanted intrusions into, use of, or damage to a business’ computer network. This course will cover elements that prevent unwanted activities in an efficient and cost effective manner. This study will start with a focus on the business challenges and threats network professionals face in their day-to-day operations. It explores the nature and intent of hackers and defines preventative measures such as Intrusion Detection Systems, firewalls, and virtual private networks. (Formerly BMIS 335)

CSIS 340/ BUSI 417 Studies in Information Security 3 hours
This course introduces the basic issues and principles of information system security such as security policies, their mechanisms of implementation, means attackers use to circumvent these protections, and defenses against these attackers. (Formerly BMIS 340 and CSCI 340)
COURSES OF INSTRUCTION – ONLINE PROGRAMS

CSIS 341  Information Security Planning  3 hours
Prerequisite: CSIS 340
A comprehensive, end-to-end view of information security policies and frameworks from the raw organizational mechanics of building to the psychology of implementation. It presents an effective balance between technical knowledge and soft skills, and introduces many different concepts of information security in clear simple terms such as governance, regulator mandates, business drivers, legal considerations, and much more. With step-by-step examples and real-world exercises, this course is a must-have resource for students, security officers, auditors, and risk leaders looking to fully understand the process of implementing successful sets of security policies and frameworks. (Formerly BMIS 341 and CSCI 351)

CSIS 343  Cyber Security  3 hours
Prerequisite: CSIS 340; minimum grade of “C”
A comprehensive overview of the essential concepts students must know as they pursue careers in information systems security. Topics include a discussion of the new risks, threats, and vulnerabilities associated with the transformation to a digital world, including a look at how business, government, and individuals operate today. Additionally, information is included from the Official (ISC) 2 SSCP Certified Body of Knowledge and presents a high-level overview of each of the seven domains within the System Security Certified Practitioner certification. (Formerly BMIS 342)

CSIS 344  Information Security Operations  3 hours
Prerequisite: CSIS 340; minimum grade of “C”
This course will cover the issues and tasks involved in the day to day operation of an Information Security System. The topics included in this course would be: risk management, auditing and monitoring, regulations and compliance, disaster recovery, incidence response, key management, information systems hardware and software operation, networks and transmission security, operational security, and cryptography. (Formerly CSCI 352)

CSIS 351  System Analysis and Design  3 hours
Prerequisite: CSIS 325; minimum grade of “C”
This practical course in information systems development will cover the concepts, skills, methodologies (RAD as well as SDLC), and tools essential for systems analysts to successfully develop information systems. The course will also introduce the student to the Oracle Designer CASE tools, which will be used to assist in the documentation of the analysis and design phases. The course will include a significant amount of team-based activities, therefore issues associated with team interactions and processes will be discussed. (Formerly BMIS 351.)

CSIS 352  System Administration  3 hours
Prerequisite: BMIS 320
Principles of system administration activities, applications, operating systems, and domains; analysis of computing applications, infrastructures, architectures, firmware, hardware, disaster recovery, security, and enterprise deployment.

CSIS 354  Integrative Programming and Technologies  3 hours
Prerequisite: CSIS 325
Examines the integration of systems and applications across global businesses; explores programming interfaces, data mapping and exchange, scripting, and programming languages to support the configuration, maintenance, integration, and security of systems.

CSIS 375  Introduction to Human-Computer Interaction  3 hours
Prerequisite: CSIS 111 or 208 or 212; minimum grade of “C”
Study and application of the design and evaluation of effective user interactive computer software, including user-centered design principles, guidelines and evaluation for designing a software product. Research-based project required. (Formerly BMIS 375 and CSCI 375)

CSIS 405  Business and Economic Forecasting  3 hours
Prerequisites: MATH 201 or BUSI 230; ECON 214
Factors producing and study of cyclic movements, analysis of their causes and methods of forecasting as well as study of seasonal, erratic and other movements. (Formerly BMIS 405)

CSIS 408  Web and Mobile Programming  3 hours
Prerequisites: CSIS 315 or 316; minimum grade of “C”
This course provides an in-depth look at current enterprise level technologies used for standardized business-to-business communication among client-server applications using Internet Services technologies. It covers modern technologies used as well as new and rising technologies. Due to the particularly dynamic nature of Internet technologies, course content will change as appropriate. (Formerly CSCI 405)

CSIS 410  Web Enterprise Technologies  3 hours
Prerequisites: CSIS 310 and CSIS 325 or 326; minimum grade of “C”
Provides students with thorough knowledge of current technologies and best practices for developing database driven dynamic websites including database and client side programming. (Formerly BMIS 410)

CSIS 416  AITE Capstone  3 hours
Prerequisites: CSIS 408; minimum grade of “C”
This course is the final capstone course that focuses on Internet technologies. The student will work in teams in the programming Internet technologies projects. The teams will give both written and oral presentations to their clients. (Formerly CSCI 416)

CSIS 430  Advanced Networking and Communication Systems  3 hours
Prerequisite: CSIS 331 or 335; minimum grade of “C”
This course focuses on routed data networks and the implementation of previously learned business data communications and switched networks concepts, principles and strategies to build a complete data communications network. This course is an in-depth study of technologies and equipment in modern communication networks. The TCP/IP stack and Cisco (or comparable) networking equipment are used to explore methodologies for designing, configuring, and maintaining communication networks. (Formerly BMIS 430)

CSIS 440  Digital Forensics  3 hours
Prerequisite: CSIS 343; minimum grade of “C”
Students are introduced to the concept of computer crimes and the need for forensics specialists (people who know how to find and follow the evidence). System Forensics, Investigation, and Response begins by examining the fundamentals of system forensics, the role of computer forensics specialists, computer forensic evidence, and application of forensic analysis skills. It also gives an overview of computer crimes, forensic methods, and laboratories. It then addresses the tools, techniques, and methods used to perform computer forensics and investigation. Finally, it explores emerging technologies as well as future directions of this interesting and cutting-edge field. (Formerly BMIS 440)

CSIS 470  Executive Perspectives on E-Commerce Technology  3 hours
Prerequisites: CSIS 310, 351; minimum grade of “C”
The course synthesizes material presented in previous courses highlighting the challenge of communication electronic commerce technology issues to non-technically oriented executives. Specific topics will include: models of web business strategy; and non-business web applications in government and education. (Formerly BMIS 470)

CSIS 473  IS Project Management  3 hours
Prerequisites: CSIS 351 and ECON 214; minimum grade of “C”
Capstone course for MIS majors. Develops skills in managing the project development cycle in an organization. Topics include systems engineering, cost analysis, risk management, and managing the socio-technological elements of a project. (Formerly BMIS 460)
CSIS 474  Enterprise Systems and Integration  3 hours
Prerequisite: CSIS 352, 354; minimum grade of “C”
Information technology capstone course focuses by conversing on a sequence of projects that designs and builds systems and integrates them into a global business; emphasizes IT project management, enterprise architecture, business requirement analysis, system modeling, acquisition, testing, deployment, and quality assurance. (Formerly CSIS 465)

CSIS 483  Information Systems Capstone  3 hours
Prerequisite: CSIS 351, 473; minimum grade of “C”
A hands-on experience that requires students to apply the skills and knowledge gained throughout the information systems program. A team solution of a real-world project is required.

CSMA 101  Conversational Chinese I  3 hours
An introductory course designed to develop practical conversational Mandarin Chinese skills. Intended for students with no previous Chinese training and/or experience.

CSMA 102  Conversational Chinese II  3 hours
Prerequisite: CSMA 101
This course will further the objectives of CSMA 101 by expanding students’ practical conversational skills.

CSMA 103  Conversational Chinese III  3 hours
Prerequisite: CSMA 102
This course will further the objectives of CSMA 102 by expanding students’ practical conversation skills.

CONVERSATIONAL SPANISH

CSPA 101  Conversational Spanish I  3 hours
An introductory course designed to develop practical conversational Spanish skills. Intended for students whose first language is not Spanish and/or have no previous Spanish training and/or experience.

CSPA 102  Conversational Spanish II  3 hours
Prerequisite: CSPA 101
This course will further the objectives of CSPA 101 by expanding students’ practical conversational skills. Intended for students whose first language is not Spanish but who have previous Spanish training and/or experience through CSPA 101.

CSPA 103  Conversational Spanish III  3 hours
Prerequisite: CSPA 102
This course is a continuation of Conversational Spanish 101 and 102, with an increased focus on grammar and vocabulary supporting practical conversational skills. Intended for students whose first language is not Spanish but who have previous Spanish training and/or experience through CSPA 102.

CULTURAL STUDIES

CSTU 101  Western Culture  3 hours
A survey course which concentrates on the development of Western Culture. It is an integrated study of the visual arts, drama and music, and the discipline of philosophy that permeates all the arts. (Formerly HUMN 101)

CSTU 102  The Humanities Abroad  3 hours
This course surveys the development of western culture (including its legacy of art, architecture, music, history, and philosophy) through a structural tour of Europe. Students will participate in directed readings, on-location discussions, and written reflections. Emphasis will be placed on studying the key monuments and values of western culture directly within their historical context. (Formerly HUMN 102)

CSTU 310  Religion and the Arts in Western Culture  3 hours
Prerequisite: ENGL 101, 102
This course explores the web of relationships between religion and the arts throughout the history of Western culture, from biblical times into the postmodern era. Major topics will include: the mutual influences of religion and the arts on each other, how philosophers and theologians have understood the nature of beauty, the place of the visual and performing arts in contemporary Christian faith and practice, and how the arts are an integral component of a biblical worldview.

CSTU 497  Special Topics in Cultural Studies  1 to 3 hours
(Formerly HUMN 497)

ECONOMICS

ECON 213  Principles of Microeconomics  3 hours
Free market thought will be evaluated from the Christian perspective. The supply and demand model is used to analyze microeconomic issues including market structures, government regulations, labor market, financial market, and international trade.

ECON 214  Principles of Macroeconomics  3 hours
The aggregate supply and demand model is used to analyze macroeconomic problems including business cycles, unemployment, and inflation. Government fiscal and monetary policies that may stabilize the economy are introduced and evaluated. The U.S. financial system and the value of U.S. dollar in the foreign exchange market are covered.

ECON 350  Classical Economics  3 hours
This course is open to students who desire to further understand the concepts and tools of economic analysis. Classical Economics will also be investigated from the perspective of the Christian Worldview. Specific topics include examination of the social philosophy of classical economics, classical macroeconomics, classical microeconomics, classical methodology, the classical economists Sismondi and Mill, the mysteries of Marxian economics and final thoughts on the history of economics.

SPECIAL EDUCATION

EDSP 360  Learning and Behavior Problems  3 hours
Prerequisite: PSYC 345 or EDUC 307
The characteristics of children and adolescents, with disabilities in the area of learning and behavior, will be explored with the goal of remediation. This course will further include techniques for dealing with these diverse learners in a variety of settings as well as our Christian mission in providing for all God’s children.

EDSP 367  Introduction to Autism Spectrum Disorders  3 hours
Prerequisite: PSYC 345
This course provides information on autism and gives the foundation, characteristics and effective strategies and approaches to interventions with an emphasis on school settings.

EDSP 370  Intervention for Students with Intellectual Disabilities  3 hours
Prerequisite: PSYC 345 or EDUC 307
This course is a study of the characteristics of children and adolescents with intellectual disabilities (ID). Interventions for working with the individuals in schools, church and community settings will be addressed as well as preparing adolescents who are ID for transition into adulthood.

EDSP 377  Autism: Educational and Theoretical Approaches  3 hours
Prerequisite: EDSP 367
This course provides a comprehensive overview of the different educational approaches and therapies available for children and adults on the autism spectrum. The educational and theoretical
approaches discussed within this course will help teacher candidates and professionals in the field of autism alike.

**EDSP 410 Instructional Adaptation for Special Education** 3 hours
Prerequisite: PSYC 345 or EDUC 307
Teacher candidates will apply intervention strategies for adapting curriculum materials and methods to fit individual needs in various school, church and community settings. Focus will be on students with mild and moderate disabilities.

**EDSP 429 Survey of Trends in Special Education** 3 hours
Prerequisite: PSYC 345 or EDUC 307
This course provides a comprehensive overview of special education related topics including legal/ethical issues, documentation procedures, and development of the Individualized Education Program (IEP), Functional Behavior Assessment (FBA) and Behavior Intervention Plan (BIP) as well as models of service delivery and collaboration that can be used in school, church and community settings (Formerly EDSP 420).

**EDUCATION**

**EDUC 200 Principles of Education** 3 hours
Students will examine historical, philosophical, legal, and sociological principles of education. Emphasis will be placed on current issues and terminology in the field of education.

**EDUC 205 Learning Theory and Portfolio Development** 3 hours
- Co-Requisite: EDUC 200
  An introduction to learning theories, with an emphasis on experiential learning. Here will also be a focus on learning and learning styles, including management and communications profiles. A major part of this course is the preparation of the Professional Development Profile and the Experiential Learning Portfolio.

**EDUC 210 Early Childhood Education Fundamentals** 3 hours
Designed to introduce a candidate to the field of early childhood education; an overview of child development and learning, family relationships, assessment of young children, developmentally effective approaches to early childhood education, and how to use content knowledge to build a meaningful curriculum.

**EDUC 215 Wellness in the Early Childhood Setting** 3 hours
Designed to introduce a candidate to the issue of wellness in early childhood education; an overview of wellness in the early childhood setting by examining good nutrition, safety, and healthful practices for young children.

**EDUC 298 Education Practicum** 3 hours

**EDUC 301 Instructional Practices for Math Teachers** 3 hours
Prerequisite: EDUC 205
This course provides professional development for preservice and inservice teachers in mathematics instruction. Students will examine the principles of instruction for number systems, computation, and problem solving and apply theories to classroom settings.

**EDUC 302 Instructional Practices for Reading Teachers** 3 hours
Prerequisite: EDUC 205
This course will survey instructional approaches, materials, and media for the teaching of reading. The instruction of phonemic awareness, phonics, vocabulary, comprehension and fluency will be addressed. Attention will be given to creativity and enjoyment in reading.

**EDUC 303 Instructional Practices for Content Teachers** 3 hours
Prerequisite: EDUC 205
This course is designed to engage prospective and currently licensed teachers in how to apply principles of cognitive science in their classrooms. It is intended for a content methods class to assist new teachers and returning teachers in the process of planning what to teach, how to know what to teach, how to reflect on what has been taught, and how to assess whether students learned the concepts taught.

**EDUC 304 Classroom Management for Teachers** 3 hours
Prerequisite: EDUC 205
This course will survey instructional approaches, materials, and methods for classroom management. Emphasis will be placed on management styles and the various methods associated with those styles.

**EDUC 305 Educational Philosophy for Teachers** 3 hours
Prerequisite: EDUC 205
This course presents the practical role of philosophy in the classroom. Emphasis is placed upon a careful analysis of current religious and education trends, and major philosophies are defined. Students will formulate a personal philosophy and apply that philosophy to their teaching methodology, lesson plan design, and delivery.

**EDUC 306 Scholarly Writing and APA for Teachers** 3 hours
Prerequisite: EDUC 205, ENGL 101, 102
This course provides professional development for preservice and inservice teachers in professional writing skills. Students will examine the principles of form, structure, grammars, and format.

**EDUC 307 Instructional Practices for Differentiated Instruction** 3 hours
Prerequisite: EDUC 205
This course provides professional development for preservice and inservice teachers in differentiated instruction.

**EDUC 380 Current Issues in Education** 3 hours
Prerequisites: EDUC 200 and 210. This is the capstone course. It should be the last course taken.
  An examination of current issues in the field of education with classroom implications and case study.

**EDUC 390 Teaching Practicum** 3 hours
Prerequisite: EDUC 205
A supervised field experience related to the field of education. May be repeated to a maximum of six hours.

**ENGLISH LEARNING INSTITUTE**

**ELIO 101 Basic English I** 0 hours
This is an introductory course to English learners at the novice level. With an emphasis on practical vocabulary acquisition, pronunciation and basic conversational skills, the course builds the foundational language proficiency needed for further reading, writing and speaking studies in English.

**ELIO 102 Basic English II** 0 hours
Prerequisite: Successful completion of ELIO 101
This is a continuation of Basic English I, for learners at the novice-mid level, with an emphasis on strategic vocabulary acquisition, pronunciation and conversational skills, this course increases fluency and accuracy for every day English communication.

**ELIO 110 Conversational English I** 0 hours
Prerequisite: Successful completion of ELIO 102 or ITEP score of 2.0 or higher
This course is designed for novice-high learners. The course focuses on practical grammar, strategic vocabulary acquisition and the listening and speaking skills needed to live and work in an English-speaking environment.

**ELIO 111 Conversational English II** 0 hours
Prerequisite: Successful completion of ELIO 110
This course is designed for novice-high learners. The course focuses on practical grammar, strategic vocabulary acquisition and the listening and speaking skills needed to live and work in an English-speaking environment.
ELIO 201 Intermediate Listening and Speaking I  0 hours
Prerequisite: Successful completion of ELIO 201, 202 or ITEP score of 2.5 or higher
This course is designed for intermediate-mid learners. With emphasis on vocabulary development, listening strategies, and note-taking skills, the course lays a foundation for students to listen to lectures and participate in classroom discussion in an English-medium environment.

ELIO 202 Intermediate Reading and Writing I  0 hours
Prerequisite: Successful completion of ELIO 211, 201 or ITEP score of 2.5 or higher
This course is a continuation of Intermediate Listening and Speaking I, designed for intermediate-mid learners. With emphasis on vocabulary development, reading strategies, and explicit grammar and structure instruction, the course lays a foundation for students to read and write academic English content.

ELIO 210 Intermediate Listening and Speaking II  0 hours
Prerequisite: Successful completion of ELIO 201, 202, Successful completion of 211 or ITEP score of 3.0 or higher
This course is designed for intermediate-high learners. With emphasis on vocabulary development, listening strategies, and note-taking skills, the course prepares students to listen to lectures and participate in classroom discussion in an English-medium environment.

ELIO 211 Intermediate Reading and Writing II  0 hours
Prerequisite: Successful completion of ELIO 201, 202, Successful completion of 210 or ITEP score of 3.0 or higher
This course is a continuation of Intermediate Listening and Speaking II, designed for intermediate-high learners. With emphasis on vocabulary development, reading strategies, and explicit grammar and structure instruction, the course prepares students for reading and writing academic English content.

ENGLISH

ENGL 100 Basic Composition  3 hours
Prerequisite: PLEN 70 or below, ASEN 21-31, SAT Verbal-480 or higher, SAT Writing-480 or higher, ACT English-19 or higher, ACT Reading 21 or higher, or CLST 113 (minimum grade of “C”) This course focuses on proficiency in grammar, paragraph development, writing basic essays, and the writing process in general. A minimum of three paragraphs and two essays will be required. ENGL 100 does not meet the general education requirements in English but does offer three elective credits.

ENGL 101 Composition and Rhetoric  3 hours
Prerequisite: ENGL 100 (minimum grade of “C”) or SAT Writing score of 480 or ACT English score of 19
Through the critical engagement of a variety of texts, including written, oral, and visual, this course prepares students to become careful readers, critical thinkers, and skilled writers. Drawing upon rhetorical theory, it emphasizes the practices of analytical reading, informed reasoning, effective writing, and sound argumentation. The course requires 4,000 words of writing in no fewer than five writing projects, three of which are argumentative essays incorporating external sources.

ENGL 102 Composition and Literature  3 hours
Prerequisite: ENGL 101
Composition and Literature continues the emphasis on writing. Two analytical papers – based upon studies of the short, poetry, and drama – and a research paper, sequentially developed, are required.

ENGL 103 Technical Communication  3 hours
for the Professions
Technical communication refers to all communication done on the job, and this course has been designed for those individuals who seek an associate’s degree and wish to communicate effectively in their chosen professional field. The instructor will focus on on-the-job communication, including written documents such as résumés and cover letters to get job interviews.

ENGL 111 Introduction to Documentation  1 hours
A documentation course on the necessary knowledge and skills to successfully format a research paper and document primary and secondary sources as required in a discipline.

ENGL 201 American Literature I  3 hours
Prerequisites: ENGL 101; ENGL 102 or equivalent
A survey of American literature focusing on the American colonies, the American Revolution, and the development of American literature through the 18th century. Two critical papers are required.

ENGL 202 American Literature II  3 hours
Prerequisites: ENGL 101; ENGL 102 or equivalent
A survey of American literature focusing on the American Revolution, the development of American literature through the 18th century and ending with the American Civil War. Two critical papers are required.

ENGL 215 English Literature I  3 hours
Prerequisites: ENGL 101; ENGL 102 or equivalent
A survey of English literature from its beginning to 1660. Two critical papers are required.

ENGL 216 English Literature II  3 hours
Prerequisites: ENGL 101; ENGL 102 or advanced standing on the placement test
A survey of English Literature from 1660 to the present. Two critical papers are required.

ENGL 221 World Literature I  3 hours
Prerequisites: ENGL 101; ENGL 102 or MUSC 200, or equivalent
- A survey of literary works from around the world beginning with the earliest civilizations through about 1550 A.D. Two critical papers are required.

ENGL 222 World Literature II  3 hours
Prerequisites: ENGL 101; ENGL 102 or MUSC 200, or equivalent
- A survey of literary works from around the world starting about 1550 A.D. to the present. Two critical papers are required.

ENGL 322 Shakespeare  3 hours
A study of the principal plays of Shakespeare read in the light of the dramatic and literary background of his time. Research paper required.

ENGL 333 Modern Grammar  3 hours
A course emphasizing the nature, structure and modifications of the English language with emphasis upon traditional, structural and generative-transformational grammars.

ENGL 341 American Realism and Naturalism  3 hours
Prerequisites: ENGL 102 or equivalent
A survey of American Realism and Naturalism (1865-1930): Twain, James, Chopin, Crane, Dreiser and others. Research paper required.

ENGL 350 Advanced Expository Writing  3 hours
Instruction in the principles of expository and persuasive writing with emphasis on logic and style. Research paper required.

ENGL 460 Christian Literature  3 hours
This is a survey of literary works representing 2,000 years of Christian history. The course covers a broadly defined range of Literature that either serves or is shaped by the Christian worldview. The course begins with the patristic writers of the early church, then turns to the medieval mystics, the reformers, neoclassicists, romantics and moderns, and ends with the dawn of the postmodern period. In addition, the course will include supplemental reading that will assist students in developing a distinctly Christian poetic and aesthetic: a biblical approach to reading, writing, and appreciating literature and all forms of art. Research paper required.

ENVIRONMENTAL SCIENCE

ENVR 320 Environment and Sustainability  3 hours
Prerequisites: BIOL 101 or PHSC 210 or BIOL 225
This course surveys the major components of ecosystems and the structure and dynamics of populations and communities. These components are then integrated and applied from a sustainability perspective to environmental issues including human population
growth, land, water and air resource management and use, conservation of biodiversity and energy sources and use.

**ENVR 330 Energy Resources and Efficiencies** 3 hours
Prerequisites: BIOL 101 or PHSC 210 or BIOL 225; ENVR 320 recommended
An analysis of the various sources of energy (both fossil and renewable) utilized by modern societies, including the means by which these sources are acquired, produced, distributed, and consumed. Includes a survey of methods by which user-end efficiencies and/or alternatives can reduce the amount of energy consumed.

**ENVR 350 Environmental Science and Policy** 3 hours
Prerequisite: BIOL 101 or PHSC 210 or BIOL 225; ENVR 320 recommended
This course will investigate the scientific and policy-based aspects of several controversial environmental issues as well as their impacts on businesses and private citizens. It will present multiple perspectives for each issue and will take a debate-style format that stimulates student interest and develops critical thinking skills. Readings and discussions will focus on the interplay between scientific results and the policies proceeding from them including the appropriateness of such policies.

**ENVR 370 Geographic Information Systems (GIS)** 3 hours
This course is designed to provide practical experience in spatial database design and analysis using Geographical Information System (GIS) as applied primarily to the environmental sciences. Topics include: the history of GIS; GIS data structures and sources of data; GIS tools; software applications; and resources. Exercises include: spatial data display and query; map generation; and simple spatial analysis using ArcGIS software.

**ETHNOMUSICOLOGY**

**ETHM 411 Music and Culture** 3 hours
Students interact with people and music from different cultures and participate in an initial fieldwork experience and presentation of research. It provides a comprehensive overview of cultural traditions, belief systems, and practices of world cultures as approached through the study and analysis of the music of different ethnic groups.

**EVANGELISM**

**EVAN 401 Discipleship in Evangelism** 3 hours
Prerequisites: EVAN 101, 201, 220, and 301
This course examines the principles necessary for building an evangelistic ministry that lasts. We will explore the importance of the Scriptures in evangelism, how to encourage a new believer, and the spiritual gift and calling of the evangelist.

**FRESHMAN SEMINAR**

**FRSM 101 New Student Seminar** 0 hour
Designed to facilitate academic, spiritual and social development, the understanding of Judeo-Christian ethics and values within a Christian university setting and provide interaction between faculty and students which establishes high academic expectations.

**GENERAL EDUCATION**

**GEED 205 Learning Theory and Portfolio Development** 3 hours
This course prepares students for the portfolio assessment process at Liberty University, which follows the standards of assessment established by CAEL (Council for Adult and Experiential Learning). Students will be able to apply learning theory to their experiential learning experiences. Upon completion of the course, students will be prepared to submit a portfolio and petition for college credit.

**GEOGRAPHY**

**GEOG 200 Introduction to Geography** 3 hours
An introduction course in the physical and cultural phenomena of the earth, stressing spatial distribution of these phenomena.

**GLOBAL STUDIES**

**GLST 200 Introduction to Global Studies** 3 hours
This course is an introduction to understanding the history, principles and foundations of global engagement. Additionally, this course lays the groundwork for an intercultural career and provides principles for engaging the current global environment.

**GLST 220 Intercultural Communication and Engagement** 3 hours
This course will take a close look at behaviors and core values of North American culture, identify areas where these values are barriers to effective intercultural communication and explore principles for effective engagement in another culture.

**GLST 290 Cultural Anthropology** 3 hours
This course will study systems of human behavior and thought for the purpose of improving understanding of and relationships between people. Several case studies will be used to illustrate these systems. (Formerly ICST 300)

**GLST 301 Global Exposure** 1-3 hours
Prerequisite: A student must be approved by LU Send OR have received written approval from the Global Studies Department Chair to register for this course.
This experiential learning course provides exposure to the needs, realities, opportunities and cultures found in major cities and global contexts. Students will engage in cross-cultural training, travel exposure, social interaction, and guided reflection of their experiences. (Available Spring 2016)

**GLST 385 Career Preparation for Global Workers** 3 hours
Prerequisites: GLST 200, 220, 290
This course will help guide potential global professionals step-by-step through the process of pursuing an intercultural career. Topics will include: preparation for the field internship experience, partnership development, various intercultural organizations and their pros and cons, and intercultural relationship issues.

**GLST 499 Global Studies Internship** 3 to 9 hours
Prerequisites: GLST 200, 220, 290, 385 for Global Studies Majors
This course is a field experience under the supervision of a qualified individual currently working in an intercultural career. It
is a required experience for Global Studies majors and is available to Global Studies minors and students in other courses of study. Students must apply through the Center for Global Engagement at least two semesters prior to the internship.

### GOVERNMENT

**NOTE:** GOVT 200 is a prerequisite for all upper level government courses.

alive within the Intelligence Community. The course looks at some classic intelligence failures as well as some of the unpublished successes.

**GOVT 421 American Constitutional History** 3 hours
A survey of American constitutional development from British and colonial origins to the present, emphasizing the history of the Supreme Court and the development of the constitutional framework.

**GOVT 422 American Constitutional Law** 3 hours
Prerequisite: GOVT 346, 421
An in-depth historical analysis of American constitutional law, emphasizing landmark Supreme Court decisions, especially in the field of civil liberties.

**GOVT 425 American Foreign Policy** 3 hours
A course on U.S. foreign policy since 1945. Emphasis is not on a detailed examination of events but rather on the practical use of history for public policy-making and management.

**GOVT 462 Public Finance and Budgeting** 3 hours
Fiscal and military policy, taxation and the budget process in government.

**GOVT 470 Government Regulation of Business** 3 hours
The sources and impact of various forms of government intervention in the private business sector, including the economic effects of regulation, the legal functions of various agencies, and rulemaking and regulatory powers and limitations of government administrative agencies.

**GOVT 475 Advanced Public Administration** 3 hours
This course is a synthesis course for government majors. The course will apply and integrate broad concepts including the application of economic theory, management theory, administrative law, and political theory in the resolution of public sector management cases.

**GOVT 476 Persuasive Argumentation for Lawyers** 3 hours
Prerequisite: GOVT 346
This course will introduce undergraduate students to the basic principles and skills of advocacy in the American courtroom. Students will study principles of analysis, reasoning, evidence, organization and presentation needed to develop and offer legal arguments. The course will cover both pre-court preparation of legal arguments as well as the skills of identifying evidential issues and then creating persuasive arguments to support legal theories.

**GOVT 480 Terrorism** 3 hours
A cross-disciplinary study of terrorism as a form of organized political violence; its intellectual, cultural, political, and religious roots; and its uses in ethnic, sectarian, and international conflicts.

**GOVT 481 Counter-Terrorism** 3 hours
Prerequisite: GOVT 480
This course will evaluate the main aspects of the war on terror. The course will focus on dilemmas relating to intelligence gathering, offensive and defensive actions taken against terrorist organizations, civil liberties and media coverage, and the strategies and approaches for combating terrorism.

**GOVT 483 Military Intelligence** 3 hours
An upper-division study of tactical military intelligence and the related military branch intelligence agencies as well as the Defense Intelligence Agency.

**GOVT 484 Strategic Intelligence** 3 hours
An upper-division course studying the concept of Strategic Intelligence, including the concept of fourth generation warfare, from the standpoint of the various intelligence agencies, the Department of State, and the Department of Defense.

**GOVT 490 Political Theory** 3 hours
A critical examination of a variety of philosophical and social science methods that seek to explain and evaluate: political systems, behavior, ideologies, and collective decision-making. Special attention will be given to the political heritage of western/American civilization and the internal and external challenges it faces.

**GOVT 492 Senior Seminar** 3 hours
Prerequisite: Senior Standing or at least 21 upper division hours in Government
The capstone course in Government provides – in the context of a biblical Christian worldview – an overview, discussion, and evaluation of leading figures, theories, subfields, and schools of thought within the broad field of political science.

**HISTORY – EUROPEAN**

**HIEU 201 History of Western Civilization I** 3 hours
A survey of the major currents in Western civilization from its beginnings in the ancient Near East to 1648.

**HIEU 202 History of Western Civilization II** 3 hours
A survey of the major currents in Western civilization since 1648.

**HIEU 322 Roman Civilization** 3 hours
Prerequisite: HIEU 201
A history of the Roman state and culture from Romulus to Justinian, emphasizing territorial expansion, the republic, the Roman revolution, maintenance of autocracy, the thrust of Christianity into the Roman world, the fall of the empire and the heirs of Rome.

**HIEU 390 Modern Europe** 3 hours
Prerequisite: HIEU 202 or 380
The political, military, social, economic and intellectual developments in selected European countries from 1914 through 1945 will be analyzed. Topics include: causes of WWI; the Versailles Peace Conference; rise of Fascism and Communism; origins of World War II; the war; the holocaust; and end of WWII, setting the stage for the Cold War.

**HIEU 425 The French Revolution and the Napoleonic Era** 3 hours
Prerequisite: HIEU 201
This course will provide an in-depth study of the era of the French Revolution and the Napoleonic Empire, focusing on political, military, intellectual, and economic developments.

**HIEU 466 Renaissance and Reformation Europe** 3 hours
Prerequisite: HIEU 201
An integrative study of Europe during the years 1450-1650; developments in literature, art, architecture, music, religion, political structures, and foundations for modern western culture. (Formerly HIEU 366)

**HISTORY – RESEARCH AND METHODS**

**HIST 101 American History Orientation** 3 hours
An overview of American history, emphasizing America’s Christian heritage, limited and Constitutional government, free markets, and individual freedom and responsibility.

**HIST 300 Historical Methodology** 3 hours
Prerequisite: HIEU 201, 202, HIUS 221, or 222
An invitation to explore the historical discipline. Students will be grounded in the meaning and interpretation of history, methodology, research techniques and career opportunities. Should be taken no later than the first semester of the junior year.

**HIST 491 Senior Capstone Seminar** 3 hours
Prerequisites: HIST 300, six hours of upper-level history, Senior Status
This course is a senior level capstone seminar covering historiography, interpretation, research methodologies, Christian worldview approaches, vocational opportunities, and assessment.

**HIST 499 Internship** 1 to 6 hours
Prerequisites: HIST 300; Junior, or Senior Status; 2.7 or higher GPA; a minimum of 12 hours in major
Supervised applied learning experiences in archives, museums, government agencies, foundations, businesses, or public history sites. Applications are processed through the department Faculty Internship Advisor. Applicant must apply the semester prior to starting the internship.
HISTORY – UNITED STATES

HIUS 221  Survey of American History I  3 hours
A survey of the political, social and economic developments of America from the colonizing experience through the Civil War with emphasis on the development of the American democratic tradition.

HIUS 222  Survey of American History II  3 hours
A survey of American history from Reconstruction to the present, stressing interpretation and analysis of major eras and trends.

HIUS 223  Survey of American History I On Site  3 hours
A survey of the political, social, and economic developments of America from the colonizing experience through the Civil War with emphasis on the development of the American democratic tradition. The delivery of this course will include online assignments and a study trip.

HIUS 360  American Economic History  3 hours
Prerequisite: HIUS 221, 222, or 223
The growth of the American economy from the 18th century to the present. The interaction between government, business and labor will be analyzed with emphasis on the development of the modern business corporation.

HIUS 380  Modern American Military History  3 hours
An in-depth study of United States military history in the 20th century. (Formerly HIUS 480)

HIUS 420  Civil War and Reconstruction  3 hours
Prerequisite: HIUS 221
A study of the political and social disintegration of the 1850s; the causes and nature of the Civil War; the crises during Reconstruction.

HIUS 435  The World of Jonathan Edwards  3 hours
The course examines the life and thought of Jonathan Edwards, situates Edwards in the 18th century American and transatlantic worlds, and traces his impact on American evangelicalism. (Available Spring 2016)

HISTORY – WORLD

HIWD 320  History of Africa  3 hours
Prerequisite: HIEU 201, 202, HIUS 221 or 222
A comprehensive survey of African history.

HIWD 370  Comparative Civilization  3 hours
Prerequisite: Junior status
A comparative study of selected world civilizations with attention to the interaction with the West and the dynamics of cultural change. (Formerly HIWD 470)

HIWD 375  Korean and Vietnam Wars  3 hours
The course examines military conflicts in Korea and Vietnam throughout history, with an emphasis on the Korean and Vietnam Wars of the 20th Century. Focus is placed on American strategy, operations and tactics in both wars.

HEALTH

HLTH 105  Introduction to the Health Professions  3 hours
A survey of the health professions and requirements for educational, job and market demands in selected health careers, including health promotion philosophy, goals, history and development.

HLTH 211  Applied Anatomy and Physiology I for Associate Programs  3 hours
An examination of the structure, function, and pathology of the various body systems and their roles, relevance, and applications in health and illness. The Course employs virtual interactive cadaver dissection technology. The following topics are covered: introduction to the human body, organization of the body, the blood, the cardiovascular system, the lymphatic system, the nervous system, the special senses, the endocrine system, and the respiratory system.

HLTH 212  Applied Anatomy and Physiology II for Associate Programs  3 hours
A continuation of HLTH 211 that examines the structure, function, and pathology of the various body systems and their roles, relevance, and applications in health and illness. The course employs virtual interactive cadaver dissection technology. The following topics are covered: the digestive system, the urinary system, the skin, the musculoskeletal system, and the reproductive system.

HLTH 221  Applied Human Anatomy and Physiology I  3 hours
Prerequisite: Students must be enrolled in the Health Sciences Certificate.
An examination of the structure, function, and pathology of the various body systems and their roles, relevance, and applications in health and illness. The course will employ virtual interactive cadaver dissection technology. The following topics are covered: introduction to the human body; the chemistry of life; the cells, tissues, and organization of the body; the blood; the cardiovascular system; the lymphatic system; the nervous system; the special senses; the endocrine system; and the respiratory system.

HLTH 222  Applied Human Anatomy and Physiology II  3 hours
Prerequisite: HLTH 221; students must be enrolled in the Health Sciences Certificate.
A continuation of HLTH 221 that examines the structure, function, and pathology of the various body systems and their roles, relevance, and applications in health and illness. The course will employ virtual interactive cadaver dissection technology. The following topics are covered: introduction to nutrition; the digestive system; the urinary system; the skin; resistance and immunity; the musculoskeletal system; introduction to genetics; and the reproductive systems.

HLTH 252  Drugs in Society  3 hours
An examination of alcohol, tobacco and other drugs effects upon individual, school and community.

HLTH 330  Human Nutrition  3 hours
Prerequisites: Biology or chemistry course
Chemical structure, function, digestion, metabolism and biochemical interrelationships of nutrients relating to life cycle, current issues and diet selection.

HLTH 349  Public and Community Health for Business  3 hours
This course is an introduction to public and community health issues and problems at the local, state and national levels oriented toward business professionals.

HLTH 380  Health Promotion for Aging Populations  3 hours
The study of the process of aging and the interrelationships among the five dimensions of health as they relate to aging. Emphasis is placed on health promotion and disease prevention at all ages as the path to living a full life in later years.

HLTH 419  Wellness and Behavior Change Theories for Business  3 hours
This course includes a study of theory and practice of wellness behavioral change that can be translated into the business arena. Organizational and individual intervention techniques for health promotion, marketing and general communication campaigns will be emphasized.

HLTH 485  Principles of Epidemiology and Biostatistics for Business  3 hours
Prerequisite: MATH 201 or consent of the instructor
A study of epidemiology, the basic science of public health. Epidemiology will be viewed as: 1) a quantitative basic science built on sound research methods; 2) a method of causal reasoning based on developing and testing hypotheses pertaining to the occurrence and prevention of morbidity (disease) and mortality (death); and 3) a tool for public health action to promote and protect the public’s health.
An introduction to the world of public, corporate and private foundations. Topic research, organizational communications, protocol, budget development and grant writing are emphasized skill areas.

**INDIVIDUALIZED/INTERDISCIPLINARY STUDIES**

**INDS 200 Academic Career Synthesis**
Prerequisite: Have sophomore standing
Designed to promote and strengthen early awareness of the career development process. While topics are personalized, competencies include assessing, identifying, and evaluating personal values and personality strengths for career application; conducting specific job research; and solidifying career plans using critical thinking and logic. Students will also develop a proficiency in networking and job search techniques, resume building, and effective interviewing skills for a relevant field of interest. This course also serves as a capstone requirement for the Interdisciplinary Studies AA degree program.

**INDS 400 Knowledge Synthesis for Professional and Personal Development**
Prerequisite: Senior standing
Designed to assess student mastery of content knowledge for the Individualized Studies and Interdisciplinary Studies degree programs, this capstone course requires students to produce a carefully organized summation and synthesis of accomplishments, programs, this capstone course requires students to produce a carefully organized summation and synthesis of accomplishments, learning, and goals related to their undergraduate degree program at Liberty University. Throughout this process, students will discover a greater understanding of transferable skills and qualifications and how these relate to career opportunities and/or graduate school respectively.

**INFORMATION TECHNOLOGY**

**INFT 102 PowerPoint®**
1 hour
An introduction to the basics of Microsoft® PowerPoint which includes creating and editing presentations, slide design, layout, transitions and animation. Topics including tables, pictures, Word Art and charts will be included in the course.

**INFT 103 Excel®**
1 hour
An introduction to the basics of Microsoft® Excel which includes creating and analyzing data through the use of performing calculations and various formulas. Topics include entering data in a cell, constructing formulas, formatting worksheets, using the SUM function and creating charts based on data from the spreadsheet.

**INFT 104 Word®**
1 hour
An introduction to the basics of Microsoft® Word which includes creating professional documents, editing and formatting documents and generating reports. Topics include inserting text, graphics and tables as well as modifying text boxes, tabs and general paragraph alignment.

**INFT 105 Introduction to Information Literacy**
1 hour
An introduction to the information literacy skills and resources needed for academic research and lifelong learning. Students will learn to identify, assess, organize, and report information responsibly, including library print and electronic materials as well as web resources.

**INFT 110 Computer Concepts and Applications**
3 hours
This course will introduce the student to the operation and use of computers. Specific applications taught include operating systems, word processing, spreadsheets, and presentation software. In addition, students will learn basic terminology and concepts related to the use of computers in today’s society.

**INFT 111 MAC Computer Concepts and Applications**
3 hours
This course will introduce the student to the operation and use of MAC computers. Specific applications taught include operating systems, word processing, spreadsheets, and presentation software. In addition, students will learn basic terminology and concepts related to the use of computers in today’s society.

**INFT 126 Adobe InDesign - Introductory**
1 hour
This course will introduce the student to digital publishing using Adobe InDesign. Specific skills taught include creating, editing, and publishing a created document to various media formats, including web pages, eBooks, and tablets.

**INFT 127 Adobe Photoshop - Introductory**
1 hour
This course will introduce the student to Adobe Photoshop. Specific skills taught include creating, editing, and publishing a created document to various media digital content, including photos, images, and effects.

**INFT 151 Mobile Media Techniques**
1 hour
This course will introduce the student to mobile devices, concepts, and using established mobile apps. Students will use mobile devices to create and web publish mobile media content that will enhance their understanding of the tools and functions available to tell their stories, communicate content, and establish a web presence.
### COURSES OF INSTRUCTION – ONLINE PROGRAMS

**INFT 152  Social Media Tools – Introductory**  1 hour  
This course will introduce the concepts and applications of social media. Students will gain hands on experience using readily available social media tools to create a social media presence on the internet.

**INFT 241  CompTIA A+: Computer Hardware and Operating Systems Certification**  3 hours  
This course will introduce hardware, software, operating systems, and trouble-shooting. Students will learn basic skills in building and troubleshooting computers, installing/configuring operating systems, and basic networking.

#### JOURNALISM

**JOUR 225  Media Writing**  3 hours  
Prerequisites: SCOM 110 & SCOM 220

This course provides a survey of mass communication media formats and writing techniques from news for print and broadcast, to advertising and public relations. The course is designed to enhance the appreciation of the mass communication professional as well as provide an understanding of the basic techniques used by the professional to inform and/or persuade audiences. Students will write news stories, produce copy for broadcast news, create an advertising package, and develop a public service announcement. (Formerly COMS 220)

#### LIFE COACHING

**LIFC 201  Introduction to Life Coaching**  3 hours  
Prerequisite: PSYC 101 or 210

Offers an introduction to professional coaching from a Christian worldview with special attention given to coaching theories, practice, skills, and various coaching specialties. This will include an overview of common client presenting issues.

**LIFC 202  Advanced Skills in Life Coaching**  3 hours  
Prerequisite: PSYC 101 or 210

An examination of the requisite skills, theoretical coaching models, and goals needed to become proficient and successful as a life coach. The course offers an overview of advanced skills and their application in professional life coaching relationships.

**LIFC 301  Health and Wellness Coaching**  3 hours  
Prerequisite: PSYC 101 or 210

An examination and analysis of professional coaching applications that serve health and wellness concerns. The course covers health and wellness from a Christian worldview with special attention given to a biblical foundation of health and wellness coaching.

**LIFC 302  Marriage Coaching**  3 hours  
Prerequisite: PSYC 101 or 210

An examination and analysis of professional coaching applications that serve marital relationship concerns. The course covers marital issues from a Christian worldview with special attention given to a biblical foundation of marriage coaching and differences between coaching and counseling models.

**LIFC 303  Financial Life Coaching**  3 hours  
Prerequisite: PSYC 101 or 210

An examination and analysis of professional coaching strategies that serve financial concerns providing a focused overview, from a Christian worldview, of personal financial strategies addressing spending, debt, investing and taxes.

**LIFC 304  Leadership Professional Life Coaching**  3 hours  
Prerequisite: PSYC 101 or 210

An examination and analysis of coaching strategies that serves professional leadership concerns. Special attention will be given to leadership strategies for navigating project management, cultural awareness, inter-generational issues, and balancing work and home life.

#### MATHEMATICS

**MATH 100  Fundamentals of Mathematics**  3 hours  
Prerequisite: Successful completion of CLST103 or a PLMA score between 40 and 69.

A review of basic arithmetic and elementary algebra. A grade of C or better is required in order to go on to a high-numbered mathematics course. This course may not be used in meeting General Education requirements in mathematics. (Developmental Math is a component of the Bruckner Learning Center.)

**MATH 110  Intermediate Algebra**  3 hours  
Prerequisite: MATH 100, minimum grade of “C”

Review of exponents, polynomials, factoring, roots and radicals, graphing, rational expressions, equations and inequalities, systems of linear equations and problem solving. This course may not be used to meet the General Education requirement. (Developmental Math is a component of the Bruckner Learning Center.)

(***Note:** MATH 100 and 110 Developmental Math courses are components of the Bruckner Learning Center)

**MATH 112  Technical Mathematics**  3 hours  
Prerequisite: MATH 100, 450+ on SAT Math, or 18+ on ACT Math

Technical Mathematics presents a review of arithmetic, elements of algebra, geometry, trigonometry, and vectors. Direct applications are made to technical study areas. Only fulfills General Education requirements for AAS degrees.

**MATH 115  Mathematics for Liberal Arts**  3 hours  
Prerequisite: MATH 110, minimum grade of “C”, or equivalent

A survey course for liberal arts majors including a review of algebra and an introduction to logic, probability and statistics, mathematical structure, problem solving, number theory, geometry, and consumer applications.

**MATH 121  College Algebra**  3 hours  
Prerequisite: MATH 110, minimum grade of “C”

Fundamental concepts of college algebra including sets, equations and inequalities, functions and graphs, polynomials, rational functions, exponential and logarithmic functions, linear inequalities, and linear programming.

**MATH 201/ BUSI 230  Introduction to Probability and Statistics**  3 hours  
Prerequisite: MATH 110, minimum grade of “C”

Introduction to descriptive statistics and probability, probability distributions, estimation, tests of hypotheses, chi-square tests, regression analysis, and correlation with applications in business and science.

#### MILITARY RESILIENCY

**MILT 275  The Resilient Warrior**  3 hours  
Prerequisite: PSYC 101 or 210

This course will examine in depth the reality of tribulation and trauma in the lives of military warriors (as well as “warriors” in other marketplaces of life), key definitions and factors related to resilience, and the Resilience Life Cycle ™ which addresses the Before, After, and Learn & Adapt (feedback) phases of personal resilience and Comprehensive Personal Fitness ™.

**MILT 325  Resilient Military Marriage and Family**  3 hours  
Prerequisite: MILT 275

This course addresses precepts essential to the development of healthy and resilient military marriages and families. Topics include pre-deployment preparation, deployment, and post-deployment reintegration. Special emphasis is given to the stresses, challenges, and therapeutic needs of military families.

**MILT 375  Military Career and Community Transition**  3 hours  
Prerequisite: MILT 275

This course is designed to introduce undergraduate students to the needs and issues facing our veterans as they seek to reintegrate
back into family, community, church and career transitions. Students in this class will be challenged to examine these needs and explore avenues of services for veterans. Students will also develop a faith-based program to help meet needs presented by our military veterans.

**MILT 475  Military Mental Health and Behavioral Health** 3 hours
Prerequisite: MILT 275
This course will present an introduction to the assessment and treatment of military mental and behavioral health issues, including Post-traumatic Stress Disorder (PTSD), Traumatic Brain Injury (TBI), and related stressors. Topics to be covered include "best practices" for treating depression, suicidal ideation, addictions, and other prevalent mental and behavioral disorders.

**NURSING**

**NURS 105  Medical Terminology** 1 hour
This course provides basic understanding of medical terms and abbreviations. Includes study of prefixes, suffixes, word stems, and technical terms with emphasis on proper spelling, pronunciation, and application. Elementary aspects of the nursing process with special emphasis on assessment are incorporated.

**NURS 210  Health Assessment** 3 hours
Prerequisite: RN License in good standing
This course focuses on the development of a body systems approach to health assessment of individuals emphasizing normal growth and developmental responses across the lifespan. Content includes an introduction to the knowledge and skills of health assessment through a variety of methodologies in the classroom, opportunities to practice skills in the nursing laboratory and experiences in the clinical settings. Students apply communication techniques in eliciting comprehensive health histories and perform physical examinations in evaluating health status. NURS 210 is now an optional intensive held on the Liberty University Campus. For those electing to complete the course online; access to as assessment tools (otoscope, ophthalmoscope, etc.) is required.

**NURS 215  Pathophysiology** 3 hours
Prerequisite: BIOL 213 and 214; NURS 220; RN License in good standing
The focus of this course is on physiological changes resulting from imbalances in the man-environment interaction throughout the life span. The emphasis is on application of general concepts of adaptation and homeostasis to each of the body’s systems and on relationship of these concepts to the practice of clinical nursing. The course provides the student with a scientific knowledge base applicable to the more advanced clinical practice of nursing.

**NURS 220  Advanced Nursing Communication** 3 hours
Prerequisite: RN License in good standing
It is essential that professional nurses have communication skills that are effective in promoting optimal interaction with others in a variety of situations. This course focuses on developing expert communications skills when communicating with other health care providers and patients and when communicating professional information through writing and speaking. (Formerly NURS 350) Offered as an optional on campus intensive.

**NURS 225  Research in Nursing** 3 hours
Prerequisite: NURS 220; RN License in good standing
This course provides an overview of the nursing process including methodology, design and interpretation of findings. It focuses on acquiring the beginning knowledge and skills essential for critical evaluation of research reports as well as guidance in the production of a poster presentation which incorporates evidence based knowledge related to a specific clinical problem.

**NURS 316  Global Health Nursing Field Experience** 3 hours
Prerequisite: Student must be a junior or senior in the Nursing program at Liberty. This includes being enrolled in or having completed all junior-level classes. These classes include: NURS 210, 215, 220 and 225
This course is a nursing elective specifically developed for students that will be going overseas during or immediately after the semester they are taking this course. The student will be tested on their Cultural Intelligence and will be required to create an action plan to increase their areas of strength and grow in areas of weakness. This student will be exposed to the needs, duties, conflicts and cultural barriers of working as a professional nurse in a culture other than their home culture. This class provides the student with an opportunity to examine personal values and beliefs as they are related to health practices of people from other cultures. NURS 316 is an elective that can be utilized for both residential and online undergraduate BSN students.

**NURS 335  Nursing Concepts** 1 hour
Prerequisite: NURS 220; RN License in good standing
This course is designed to assist the registered nurse student through the transition between basic nursing preparation and a more advanced level of nursing practice. Focus is on concepts and issues related to the professional nurse, the nature and scope of professional nursing and selected theoretical models for nursing practice.

**NURS 440  Strategies for Community Health Care** 5 hours
Prerequisites: NURS 220; RN License in good standing
This course focuses on the application of the nursing process to a population or community group. Emphasis is placed on community assessment process and the development of nursing strategies to assist multi-problem families, considering health on a continuum, throughout the lifespan. Family systems theory, theories of adaptation and educational needs of various populations will be addressed. The clinical focus is on the development of a broader perspective of the nurse’s role in a variety of clinical and environmental settings. In addition, the nurse’s role on the community health team and an understanding of health care needs of different cultural groups will be studied. (Formerly NURS 350)

**NURS 445  Population Health** 3 hours
Prerequisites: NURS 220; RN License in good standing
This seminar course provides an overview of genetics, genomics, geriatrics, end-of-life care, and cultural sensitivity from a Christian worldview. Through the use of evidence-based practice guidelines, the student will utilize knowledge and skills attained throughout his or her nursing education and apply it to a variety of educational activities. These include Senior Mentor project, interaction with a community specialist panel, evidence-based research, self-reflection, therapeutic communication and critical thinking skills.

**NURS 489  Leadership in Nursing** 3 hours
Prerequisites: NURS 220; RN License in good standing
Benner’s work on the novice to expert continuum and the seven domains of nursing will be explored, and students will apply concepts to their own practices, past, present, and future. The leadership roles of the nurse as an individual and a group member while utilizing the Christian principles such as godly character, servant attitude, honesty, and commitment will be emphasized. While caring for groups of patients and individuals, students will explore a variety of content areas including systems theory, professional practice models, care delivery models, nurse sensitive quality indicators, and foundational documents that drive the nursing profession that are relevant to the support of nursing care in the practice setting, the influence of regulatory agencies on the delivery of care, and health policies that affect health care in general. Students are expected to synthesize previously learned knowledge in complex nursing situations and to expand their abilities to use the problem-solving and decision-making processes.

**NURS 491  Nursing Management** 3 hours
Prerequisites: NURS 220; RN License in good standing
This seminar course provides an overview of organizational theory, management theory, and change theory. The course examines nursing staffing patterns, patient care technology,
information management, and communication between healthcare providers. Healthcare policies, including financial and regulatory influences are also reviewed. The course uses several techniques such as evidence based research, self-reflection, therapeutic communication, and critical thinking skills to gain understanding in nursing management.

NURS 492  **Advanced Concepts in Nursing Practice**  3 hours
Prerequisites: Completion of all nursing courses; RN license in good standing
This is the capstone course for the RN-BSN program. The student engages in academic endeavors that reflect application, synthesis and evaluation of concepts and nursing issues studied throughout the completion program. Application of educational experience to professional growth and contribution to the nursing profession is emphasized.

**PHILOSOPHY**

**NOTE:** PHIL 201 is a prerequisite to all PHIL courses

PHIL 201  **Philosophy and Contemporary Ideas**  3 hours
Prerequisite: ENGL 101
A survey of the major positions and figures in philosophy and the cultural viewdworlds and practical applications that derive from them, focusing specifically on atheism, naturalism and humanism in contemporary thought.

PHIL 240  **Christian Evidences**  3 hours
A survey of the evidences for the central truths of Christianity; the existence of God, the deity and resurrection of Christ and the authority and truth of the Bible.

**PHYSICAL SCIENCE**

PHSC 121  **Introduction to Astronomy**  3 hours
An overview of the principles of astronomy as related to the Solar System for non-science majors. An optional weekly lab will be offered coincident with the course.

PHSC 122  **Elements of Astronomy Lab**  1 hour
An optional lab to accompany PHSC 121. Attention will be given to laboratory procedures of astronomy, safety, observation skills and method, astronomical science and reasoning, conclusions/learning and practical astronomy.

PHSC 210  **Elements of Earth Science**  3 hours
A study of the principles of physical and historical geology, oceanography, and meteorology for non-science majors.

PHSC 211  **Elements of Earth Science Lab**  1 hour
An optional lab experience to accompany PHSC 210.

**PARALEGAL STUDIES**

PLAW 200  **Introduction to Paralegal Studies**  3 hours
This course will provide an introduction to the paralegal profession and the role of the paralegal within the law office. This survey course will introduce the student to the American legal system, civil litigation, criminal law and procedure, the appeals process, and substantive legal topics such as tort, contract law, and property law. Students will be taught a variety of administrative skills necessary in a law practice office including legal research, legal vocabulary, critical reading and writing, client interview, investigation, law office administration, and technologies. Legal ethics, professionalism, and biblical worldview will be taught.

PLAW 205  **Foundations of Law**  3 hours
An introduction to the theological and philosophical foundations of law, including the Augustinian concept of antithetical thinking; the Creator/creature distinction; the development of higher/natural law thinking; the basis for the distinction between the judicial and prudental methods of analysis; the origins and jurisdictional boundaries of family, church, and state: the schools of jurisprudence; and the biblical basis for the fundamental principles underlying the several courses that comprise the basic curriculum.

PLAW 206  **Ethics and Professional Responsibility**  3 hours
Prerequisites: PLAW 200 and 205
The course is a study of the ethical rules and professional responsibilities of the paralegal within the legal profession. Students will study the Model Rules of Professional Conduct and analyze those rules as they pertain to specific cases.

PLAW 210  **Legal Research and Writing**  3 hours
An introduction to the court system, case law and statutes, legal research and bibliography, legal analysis, writing legal memoranda, and writing for readability.

PLAW 220  **Civil Practice**  3 hours
This course is the study of the rules and principles governing the process by which courts adjudicate civil disputes. The subject matter covered includes study of the judicial process and the relationship between procedural and substantive law; pleadings; principles of jurisdiction, including jurisdiction over persons and subject matter; service of process and allocation of jurisdiction between state and federal court systems; and the discovery of evidence.

PLAW 222  **Real Estate Transactions and Property**  3 hours
This course is a study of the fundamental precepts applicable to real property. The following aspects, among others, will be covered: biblical principles of ownership and stewardship, acquisition and discovery, landlord/tenant law and real estate transactions. Working through the mock due diligence, purchase, financing, closing, development and leasing necessary for legal representation will be taught.

PLAW 225  **Tort Law**  3 hours
This course is a study of the system for compensating persons injured by others and includes principles of intentional torts and privileges thereto, and principles of negligence.

PLAW 226  **Contracts**  3 hours
Prerequisites: PLAW 200 and 205
Covers the legal concepts, principles, and procedures behind contracts and contract law. Emphasis is placed on formation, interpretation,Modification, and assignment of contracts with instruction on breach, remedies, and damages.

PLAW 230  **Criminal Practice and Procedures**  3 hours
Prerequisites: PLAW 200 and 205
This course will introduce the general principles, sources, and purpose of criminal law, including the following doctrinal issues that apply to crimes in general: the act requirement, the mens rea requirement, causation, liability for attempted crimes, accomplice liability, defenses, and criminal code interpretation. The course will also introduce the limitations imposed on law enforcement activities by the Fourth, Fifth, and Sixth Amendments to the U.S. Constitution as applied to the states through the Fourteenth Amendment. The course generally considers the criminal justice process from investigation through arrest and initial court appearance.

PLAW 235  **Wills, Trusts, and Estates**  3 hours
A study of the basic devices in gratuitous transfers, including the will and trust; selected problems in class gifts, wills and trust substitutes; and social restrictions upon the power of testamentary persons, the formation of property interests, and the trust device.

PLAW 320  **Constitutional Law**  3 hours
Prerequisite: PLAW 205
Constitutional Law analyzes contemporary issues to explore a number of key, constitutional principles, including: separation of powers; federalism; the role of the judiciary in deciding controversial social issues; the First Amendment Free Speech, Establishment Clause, and Free Exercise of Religion clauses; the Commerce Clause as it relates to nationalized health care; and parental rights with respect to education. Students will read judicial opinions each week relating to one of these topics.
PLAW 340  Family Law  3 hours
This course provides a balanced introduction to the theories, doctrines, and practice of family law. Students will learn the fundamental principles of family law, discuss important policy issues, learn practical skills and consider the ethical issues confronted by those who help process legal documents in family law.

PLAW 350  Corporate and Business Organizational Law  3 hours
An examination of agency, partnership, and corporation concepts with emphasis on the rights and obligations of partners. The formation, management, and operation of for-profit and nonprofit corporations will be taught.

PLAW 355  Bankruptcy and Secured Transactions  3 hours
Prerequisites: PLAW 222 and 350
Covers the bankruptcy code and rules of procedure. Emphasis will be placed on the legal assistant’s role in bankruptcy practice such as interviewing, preparing documents including schedules for Chapters 7, 11, and 13, legal proceedings including filing, meeting of creditors, adversarial proceedings, and the final discharge. Also included are secured and unsecured creditor priorities, preferences, and fraudulent transfers.

PLAW 380  Law of Non-Profits  3 hours
Prerequisite: PLAW 350
Consideration of the role of the nonprofit corporation vis-à-vis the business corporation as well as fiduciary relationships and regulatory issues faced by nonprofit corporations. The class will also cover the process for organization of a nonprofit corporation and obtaining tax exempt status.

PLAW 400  Employment Law  3 hours
Prerequisite: PLAW 350
This course is designed to assist the student in gaining a broad understanding of employment law and legal issues that impact the workplace. Various sources of employment law, including federal and state law, will be surveyed. Additionally, students will gain an understanding of the employer and employee relationship in the workplace and the legal significance of this dynamic. Topics covered will include, but are not limited to, the hiring process, discrimination, wage and hour, benefits, freedom in the workplace, disability, discharge, and retirement.

PLAW 405  Administrative Law  3 hours
Prerequisite: PLAW 350
This course considers the role of administrative agencies and the legal and public policy impact of agency decisions. In addition to reviewing the purpose and functions of administrative agencies, the student will also consider the role of judicial review of administrative decisions and the constitutional implications. Additional topics studied include investigatory powers, informal and formal adjudications, rule making, delegation of authority, and separation of powers.

PLAW 420  Intellectual Property Law  3 hours
Prerequisite: PLAW 350
This course is designed to assist the student in gaining a broad understanding of intellectual property law and relevant legal terms. In addition to studying general principles and rules, the student will also study copyright, patents, trademarks, and trade secrets.

PLAW 450  Negotiations  3 hours
Prerequisites: PLAW 200 and 205
This course provides a general introduction to negotiations, alternative dispute resolution, and client counseling. In addition to reviewing the general theories and practice of negotiation, students will study the various styles of negotiation.

PLAW 460  Law Office Management  3 hours
Prerequisites: PLAW 200 and 205
This course covers the operation of a modern law office, including the legal structure of a law practice, regulation of the legal profession, law office equipment, personnel and employee issues, billing and accounting procedures, and basic management skills.

PASTORAL LEADERSHIP

PLED 325  Theories and Issues in Pastoral Ministry  3 hours
An introduction to the various theories and issues in pastoral ministry. The student will develop an understanding of the role of the pastor, various matters of church leadership, and issues in programs and ministries.

PLED 450  Leadership and Management of the Local Church  3 hours
This course is designed to address areas of leadership and management that may be unique to church ministry. Emphasis is placed on the diagnosis of the personal spiritual needs of the leader, common mistakes leaders make in ministry, and various truths that leaders need to learn in order to effectively manage people.

PSYCHOLOGY

PSYC 101  General Psychology  3 hours
Introduction to Psychology as a scientific discipline concerned with the study of behavior. Consideration will be given to such topics as human development, motivation, emotion, perception, learning, personality, intelligence, measurement and applied areas.

PSYC 210  Developmental Psychology  3 hours
An overview of the human life span from conception through senescence. Continuity of development as well as critical periods faced by the maturing human will be emphasized using contemporary theories and research as foundation materials.

NOTE: PSYC 101 or 210, PSYC 255 are prerequisites for all other Psychology courses.

PSYC 221  Psychology of Childhood  3 hours
A study of child growth and development from birth to puberty. Examination of the basic theories principles and practices of childhood training and education.

PSYC 231  Psychology of Adolescence  3 hours
An investigation of the psychological and environmental factors related to puberty, peer identification and identity conflict in the adolescent. Emphasis will be upon the development of self-identity and the problems faced by the American adolescent.

PSYC 235  Psychology of Adulthood  3 hours
The focus will be on viewing adult development as an integrative, dynamic and continuous process terminated only at death. The whole span of adulthood will be examined, including retirement and old age.

PSYC 255  Introduction to Research  3 hours
Prerequisite: PSYC 101, 201, or permission of the instructor
An introduction to psychological research techniques and methodology designed to improve students’ understanding of the basic issues in the scientific methods of the social sciences. The goals of the course are: to improve students’ understanding of the concepts related to research methodology; to improve the students’ ability to communicate ideas about science, including a significant amount of writing; and survey of both quantitative and qualitative research methods.

NOTE: PSYC 255 is a prerequisite for all Psychology courses above PSYC 210.

PSYC 305  Overview of Theory and Treatment of Substance Abuse  3 hours
Prerequisite: PSYC 101 or PSYC 210 or SOCI 201; PSYC 255
An introduction to the theory and treatment of substance abuse and addiction. Students will be exposed to both secular and biblical concepts of substance abuse and will be asked to formulate an appropriate integration of both sets of material.

PSYC 475 Psychology of Criminal Behavior 3 hours
Prerequisites: PSYC 101, 201, SOCI 200; PSYC 341 and PSYC 430
An examination of the factors that contribute to criminal behavior, including various psychopathological and sociological aspects.

PSYC 497 Special Topics in Psychology 3 hours
An examination and evaluation of moral and ethical concepts and principles as they relate to the field of psychology. A wide range of subjects will be discussed including counseling intervention systems, the exceptional child, vocational development and human development.

PSYC 499 Internship 1 to 6 hours
Prerequisites: 2.00+ overall GPA, Senior Status, 18 credits of PSYC coursework successfully completed, suitable internship site, and completed Student Internship Agreement (SIA)
Selected topics in psychology will be treated at an advanced level. Experience will be acquired in clinical settings and through exposure/intern opportunities. Applications are processed through the department Faculty Intern Advisor. Applicants must apply the semester prior to starting the internship.

RELIGION

RLGN 301 Research and Writing for Religious Disciplines 3 hours
Prerequisites: BIBL 105, 110; ENGL 101, 102; INFT 101 or UNIV 101; and THEO 201, 202
This course builds upon the basic concepts for scholarly research and writing to prepare students for completing scholarly research and writing. Specifically within the religious disciplines, tools for performing scholarly research, and the tools for writing clearly and effectively in an academic setting. As such, this course lays the foundation for future academic writing in the religious disciplines.

RLGN 325 Elements of Bible Study 3 hours
Prerequisites: BIBL 105 & BIBL 110, or BIBL 104
This course provides the student with the knowledge and abilities necessary for the lifelong habit of studying the Word of God. In this course the student will be introduced to the various methods and tools necessary for a comprehensive study of Scripture. Emphasis is placed on developing a structured approach to examining, understanding, and applying the Scriptures.

RLGN 330 Principles & Practice of Teaching the Bible 3 hours
Prerequisites: BIBL 105 & BIBL 110, or BIBL 104
This course introduces the student to strategic concepts that are foundational to the teaching-learning process as it relates to the teaching of Scripture. The student will learn how to apply a methodological approach in the preparation, presentation, and evaluation of the teaching of the Scriptures.

RLGN 335 Theological Issues in the Life of the Church 3 hours
Prerequisites: THEO 201 & 202, or THEO 104
This course allows students to study theological issues facing the modern church and presents opportunities to strengthen their biblical fidelity in belief and ministry practice. These issues are addressed from both a doctrinal and missional perspective focused on the primacy of the Great Commission. The goal is to bolster the church’s ministry effectiveness in answering critical questions from contemporary culture with cogent, well-informed responses.

RLGN 360 Practical Teaching of Scripture 3 hours
Prerequisites: BIBL 105, BIBL 110, BIBL 360, RLGN 301 & THEO 360–OR– BIBL 104, BIBL 360, RLGN 301 & THEO 360
A study of the basic principles and methods of teaching and learning as they apply to the communication of the Scriptures across various age groups. The student will combine scholarly research, proper Bible study, and suitable theological formation in order to successfully teach a passage of Scripture. Additionally, the student will engage in the process of evaluation in order to determine the strengths and weaknesses of his or her teaching.

RLGN 489 Ministry Praxis Capstone 3 hours
Prerequisites: BIBL 387, THEO 387, & CHMN 387. Students must be a B.S. in Religion major and have completed a minimum of 102 credit hours.
This course will require students to resource the knowledge acquired from coursework completed in the undergraduate religious studies program. Christian formation of leaders in the local church will be explored. Emphasis is placed on the application of the undergraduate core curriculum in discipling and leading the body of Christ to actively pursue the Great Commission mandate. Preparation for future ministry opportunities will include the development of a resume and theological person position paper and person financial plan.

RLGN 490 Research and Scholarly Capstone 3 hours
Prerequisites: BIBL 360, THEO 360, RLGN 360. Students must be a BS in Religion major and have completed a minimum of 102 credit hours.
This course will require students to resource the knowledge acquired from coursework completed in the undergraduate religious studies program. Christian formation of leaders in the local church will be explored. Emphasis is placed on developing critical thinking skills as well as producing scholarly research in various areas of theological importance. It will guide students in producing scholarly writing that adds to the body of knowledge and practice to further the mission of the church of Jesus Christ.

SPEECH COMMUNICATION

SCOM 110 Media and Culture 3 hours
A global survey of digital communication (news, information, entertainment), including cultural impact, targeted messaging, collaborative solutions, and trust-relationships between content producers and their participating users. Course focus is on the application of these new forms of media in personal lives, organizations and business.

SCOM 345 Persuasion 3 hours
Prerequisites: COMS 101
Analysis and practice of techniques used to change attitudes, beliefs, and behavior in various communication contexts. (Formerly COMS 345)

SPORT MANAGEMENT

SMGT 312 Introduction to Sport Ministry Outreach 3 hours
This course will explain the inter-relationships between sport and religion while examining the impact of muscular Christianity and sport ministry in North America. Tools and guidelines for preparing, organizing and administering a sport ministry program will also be examined.

SMGT 315 Concepts and Practices in Sport Outreach 3 hours
This course introduces the student to the broad spectrum of Christian concepts and practices with sport camp operation and leadership. The student will be equipped to plan, fund, program, direct, evaluate and assess a camp’s effectiveness with an emphasis on outreach to athletes or high school and college campuses, in the local church, and with community organizations.

SMGT 317 Mentoring in Sport 3 hours
A residency whereby the student is assigned to a ministry outreach setting for the purpose of receiving hands-on experience and guidance in the day-to-day functions of sport outreach.

SMGT 321 Global Sport Outreach 3 hours
This course will examine global strategy issues within the context of sport outreach. Nation, region, and outreach specific factors that determine outreach effectiveness will be analyzed. Key global sport outreach organizations will be examined to deepen students’ understanding of effective sport outreach theories and strategies. Students will develop a basic conceptual framework to formulate a strategy for undertaking sport outreach in a global setting.
SOWK 101  *Sociology*  
Introduction to Sociology

A study of social theories, their histories, social structures, functions, and conflict emphasizing human, institutional, and group interactions. The course provides an overview of political, economic and other cultural phenomena and methodologies of the results of scientific social research. In addition, it seeks to expand ideas, concepts, theoretical, and practical orientations by utilizing a comparative perspective.

**SOCIETY**

SMGT 401  *Sociology*  
An introductory class to the psychological and emotional aspects of sport. Topics include mental preparation, goal setting, extrinsic vs. intrinsic reward, stress, anxiety, relaxation and coping within the context of sport participation. The topic of competition and the concepts of success and failure are discussed from a biblical perspective.

SMGT 402  *Sport Chaplaincy*  
This course will examine what it means to be a sports chaplain. Learning how to pray, to serve, to challenge and to invest in lives and being on the journey of faith for those who serve.

**SOCIAL WORK**

SOWK 101  *Introduction to Social Work*  
Introduction to Social Work and Social Welfare is a course that gives an overview of the field of social work practice. Topics regarding the ecclesiastical beginnings of the profession, additional historical components, the integration of faith and practice, as well as social work values and ethics will be explored. (Formerly SOWK 210)

SOWK 135  *Social Work Field Exploration and Observation*  
Social Work Field Exploration and Observation is the study of social work practice and settings of practice. Topics in the course are centered on social work practice in places such as child welfare, schools, domestic violence shelters, hospice, hospitals, mental health clinics, assisted living facilities, and early intervention programs. Participatory observation of a professional social worker for a full work week is also included in this course. (Formerly SOWK 235)

SOWK 260  *Chemical Dependency*  
Prerequisites: SOWK 210

Chemical Dependency is a course that presents an overview of the concepts associated with the use and abuse of alcohol and other drugs. Topics in the course are the various perspectives on treatment prevention options; each topic is evaluated through a biblical worldview.

SOWK 270  *Ethics in Professional Helping*  
Prerequisites: SOWK 210 or PSYC 101 or SOCI 200

Ethics in Professional Helping is the study of values and principles of ethical decision making. Topics in the course are ethical dilemmas, critical thinking, professional codes of ethics, and common morality; each topic is evaluated through a biblical worldview.

SOWK 300  *Human Behavior and the Social Environment*  
Prerequisites: SOWK 101, and Provisional Acceptance into the Social Work Program

Human Behavior and the Social Environment is a course that utilizes a life course perspective and additional theoretical perspectives as tools for understanding human behavior and its development across the life span. Particular focus is placed on the inter-relatedness of the biological, psychological, social, and spiritual aspects with a “person in the environment” framework.

SOWK 325  *Social Welfare and Policy*  
Prerequisites: SOWK 101, and Provisional Acceptance into the Social Work Program

This course studies the historical and contemporary issues surrounding social welfare and policy in the U.S. Particular focus is placed on analyzing, formulating, and advocating for policies that advance social well-being.

SOWK 350  *Social Work Practice with Individuals and Families*  
Prerequisites: SOWK 101, SOWK 270, and Provisional Acceptance into the Social Work Program

Social Work Practice with Individuals and Families is the study of practice from a generalist social work point of view. Particular emphasis is placed on the practice behaviors associated with engagement, assessment, and intervention.

SOWK 355  *Social Work Practice with Groups*  
Prerequisites: SOWK 101 and Provisional Acceptance into the Social Work Program

This course provides the student with the opportunity to develop an understanding of theories, methods and skills in relation to generalist practice with social work groups. This course also provides the forum for students to gain an understanding of cultural values of individuals and the impact of those values on the group process. Emphasis will be placed on the importance of being a culturally sensitive group leader.

SOWK 370  *Junior Field Experience and Seminar*  
Prerequisites: SOWK 101, SOWK 135, SOWK 270, SOWK 355

Junior field experience provides students with the opportunity to perform in the role of a social work practitioner under the supervision of an experienced social worker. In one semester, students will have experienced a minimum of 150 field hours in a setting, which employs social workers. Students will meet for one hour weekly to discuss the theoretical and conceptual concepts learned in the classroom with the practical experiences in field placement.

SOWK 410  *Social Work Macro Practice*  
Prerequisites: SOWK 101, SOWK 270, and Provisional Acceptance into the Social Work Program

This course provides a generalist social work perspective of social work communities and organizations. Topics include engagement, assessment, intervention, and evaluation as well as advocacy in regards to social and economic justice.

SOWK 425  *International Social Work*  
Prerequisites: SOWK 101, SOWK 270, GLST 220, and Full acceptance into the social work program

This course is designed to introduce students to the theoretical perspectives, values, and skills associated with the contemporary international social work. Social, political, cultural, economic, organizational, religious, and technological advances that affect societal dynamics in various regions of the world will be explored.

SOWK 431  *Social Work in Mental Health*  
Prerequisites: SOWK 101, SOWK 270, and Full acceptance into the social work program

This course is designed to introduce students to the knowledge, values, and skills necessary for social work practice in mental health settings. Topics will include roles and functions of social workers, diagnoses, and assessment.

SOWK 432  *Geriatric Social Work*  
Prerequisites: SOWK 101, SOWK 270, and Full acceptance into the social work program

This course is designed to introduce students to the knowledge, values, and skills associated with working with an older population of clients. Topics will include the effects of aging...
on physical, mental, and emotional processes as well as socio-cultural, spiritual, and environmental considerations.

SOWK 435 Social Work in the Military 3 hours
Prerequisites: SOWK 101, SOWK 270, and Full acceptance into the social work program
This course is designed to introduce students to the knowledge, values, and skills associated with working with individuals, families, and communities impacted by military operations. Topics will include the effects of multiple deployments, experiencing traumatic events, and military culture.

SOWK 450 Social Work Practice with Diverse Populations 3 hours
Prerequisites: SOWK 101, SOWK 270, GLST 220, and Full acceptance into the Social Work Program
This course provides the student with the opportunity to develop an understanding of theories, knowledge, values, and skills in relation to generalist practice with diverse populations. This course also provides the forum for students to gain an understanding of cultural values of individuals and the impact of those values on human relationships. Emphasis will be placed on the importance of respecting and valuing diversity.

SOWK 470 Senior Field Experience and Seminar 9 hours
Prerequisites: SOWK 370, and Full Acceptance into the Program
Senior field experience provides students with the opportunity to perform in the role of a social work practitioner under the supervision of an experienced master’s level social worker. In one semester, students will have experienced a minimum of 400 field hours in a setting, which employs social workers. Students will meet for two hours weekly to discuss the theoretical and conceptual concepts learned in the classroom with the practical experiences in field placement.

SOWK 475 Senior Field Experience and Seminar A 6 hours
Prerequisites: SOWK 370, and Full Acceptance into the Program
Senior field experience provides students with the opportunity to perform in the role of a social work practitioner under the supervision of an experienced master’s level social worker. In one semester, students will have experienced a minimum of 300 field hours in a setting, which employs social workers. Students will meet for two hours weekly to discuss the theoretical and conceptual concepts learned in the classroom with the practical experiences in field placement.

SOWK 477 Senior Field Experience and Seminar B 6 hours
Prerequisites: SOWK 370, and Full Acceptance into the Program
Senior field experience provides students with the opportunity to perform in the role of a social work practitioner under the supervision of an experienced master’s level social worker. In one semester, students will have experienced a minimum of 150 Field hours in a setting, which employs social workers. Students will meet for one hour weekly to discuss the theoretical and conceptual concepts learned in the classroom with the practical experiences in field placement.

SOWK 495 Directed Social Work Research 3 hours
Prerequisites: PSYC 255, PSYC 354, SOWK 101, and Full Admission into the Social Work Program
An independent study agreed upon between the instructor and the student regarding an area of specific research.

SOWK 497 Special Topics in Social Work 3 hours
Prerequisites: Instructor approval and full admission into the social work program
An in depth study of a specific aspect of social work practice.

STCO 307 Strategic Communication 3 hours
Examines the principles and practices of impacting markets through Strategic Communications. Special emphasis is given to team problem-solving. (Formerly COMS 307)

STCO 356 Digital/Social/Mobile Marketing 3 hours
Prerequisite: Junior/Senior Status
This course explores the successful design, development and execution of targeted marketing campaigns for news, information and entertainment. Special emphasis is given to team problem-solving. (Formerly COMS 356)

SCIENCE, TECHNOLOGY, ENGINEERING, AND MATH

STEM 499 STEM Internship 3 hours
This course will explore some aspect of pure or applied STEM in a clinical, industrial, research, or educational setting. In most cases, students will be required to find their own internship opportunity and apply for approval through the CGS Student Resource Center. Application must be made during the semester prior to the internship. Examples of appropriate internship options include powerplant intern, STEM teaching assistant/intern, science lab assistant/intern, and summer forestry technician.

THEOLOGY

THEO 104 Introduction to Christian Thought 3 hours
This course is an introduction to the basic tenets of Christianity.

THEO 201 Theology Survey I 3 hours
This is a general survey of Bible doctrine designed to synthesize and outline each of ten major areas of systematic theology, including prolegomena, bibliography, theology proper, Christology, angelology, and pneumatology.

THEO 202 Theology Survey II 3 hours
This is a continuation of general survey of Bible doctrine designed to synthesize and outline each of the ten major areas of systematic theology. Survey II includes anthropology, hamartiology, soteriology, ecclesiology, and eschatology.

THEO 313 The Person and Work of Christ 3 hours
Prerequisites: THEO 201 and 202, or THEO 104
A study of the Person and work of Christ as revealed through Messianic prophecy, the Incarnation and His ministry as Prophet, Priest, and King. Special attention is given to the contributions of John and Paul to a full understanding of this doctrine.

THEO 330 Theology of the Family 3 hours
Prerequisites: THEO 201 and 202, or THEO 104
This course is designed to equip students with an understanding of God’s original design for the home, the primary purposes of family life, and a biblical method for facilitating transformation. Students will establish the ground work for fostering healthy family relationships and strong generational legacy. This study begins with a “big picture” view of the home, clarifies doctrinal misunderstandings of the family role, outlines a history of the modern family, and offers a scriptural vision for long-term family blessing.

THEO 350 Fundamental Theological Issues 3 hours
Prerequisites: THEO 201 and 202, or THEO 104
A study of the major theological questions which arise in the defense of biblical inerrancy, scriptural separation, creationism and dispensationalism. It also deals with such contemporary issues as the charismatic movement, feminism, situation ethics and other vital concerns to the fundamentalist in today’s world. (Formerly THEO 250)
THEO 360  Theological Interpretation of Scripture  3 hours
Prerequisites: BIBL 105, BIBL 110, BIBL 360 & RLGN 301
–OR– BIBL 104, BIBL 360 & RLGN 301

This course is a survey of biblical theology with specific attention given to the primary theological themes of the Old and New Testament. It explores how each testament informs the redemptive storyline of the Bible. Various soteriological themes and theological systems such as dispensationalism and covenant theology are addressed. This is to lay a foundation for understanding the relationship between biblical theology and current theological issues.

THEO 387  Theological Interpretation of Scripture  3 hours
Prerequisites: BIBL 105, 110, 387; THEO 201, 202; RLGN 301

This course is a survey of biblical theology with specific attention given to the primary theological themes of the Old and New Testament. It explores how each testament informs the redemptive storyline of the Bible. Various soteriological themes and theological systems such as dispensationalist and covenant theology are addressed. This is to lay a foundation for understanding the relationship between biblical theology and current theological issues.

THEO 415  Examining and Applying Biblical and Theological Concepts  3 hours
Prerequisites: THEO 201, 202

This course is designed to allow the student better understand and put into practice key theological ideas. A wide range of biblical and theological concepts are presented, and the student is challenged to apply these concepts in real world situations and to understand wide-ranging viewpoints. This course builds on basic theological coursework, encouraging students to deepen their understanding, while at the same time, gaining experience by living out biblical truths in ministry settings.

UNIVERSITY CORE COMPETENCIES

UNIV 104  Instructional Technology for Successful Online Learning  3 hours

Designed to equip students for success as they transition into the online classroom, this course offers strategic information tailored to ensure academic excellence in this unique learning environment; this information includes Liberty University’s foundations and beliefs, Liberty University Online resources for success, Blackboard navigation techniques, time management strategies, the adult learner’s responsibilities, methods for identifying and avoiding academic misconduct, scholarly research tactics, and approaches for selecting the appropriate courses towards completion of the preferred degree program.

NOTE: Waived without appeal/exception for all students when one or more of the following are met:
1. Accredited college transcript on file indicating a conferred AA or higher.
2. 60 official transfer hours.
3. Resident LU student transferring to LUO without breaking enrollment (resident breaking enrollment rules not LUO) and has taken GNED/BWVW 101.
4. 90+ credits on unofficial transcripts.
5. Student has broken enrollment from LUO within the last three catalog years.

WRITING

WRIT 305  Introduction to Inspirational Writing  3 hours

A study of the history and practice of inspirational writing. (Available Spring 2016)

WORSHIP STUDIES

WRSP 410  The Mission and Mandate for Worship  3 hours

This is a study of the biblical purposes and mandate for worship according to the principles of Romans 12:1-21. Using materials and research gathered from this study, students are required to construct a series of Sunday School Lessons that articulate a biblical purpose and mandate for worship.

WRSP 420  A Biblical Model for 21st Century Worship  3 hours
Prerequisite: WRSP 410

This is a worship methods course that makes application of formational, transformational, relational, missional, and reproducible worship to daily living. Using materials and research from this study, students will be required to design a six-week discipleship-Bible study manual for worship leaders.

WRSP 430  Building Relationships through Worship  3 hours

This is a course that deals with the Bible principle of relationship. Attention is given to the worship leader developing relationship the pastor, worship team, choir and orchestra, and media team. Students will participate in an interview/research project with select worship pastors and musicians.

WRSP 440  Strategies for Worship Leading  3 hours
Prerequisite: WRSP 430

This is a methods course that deals with strategic planning for worship ministry. Attention is given to principles for developing traditional, blended, and contemporary models for worship. Students will be required to organize and develop worship strategy for small, medium and large worship ministry.
YOUTH MINISTRIES

YOUT 201  *Survey of Youth Ministries*  3 hours
A study of biblical principles in establishing and maintaining a ministry to adolescents. Emphasis is placed upon a system of philosophy and general principles for adolescent ministry. Special attention is given to developing a youth ministry mission statement, objectives and strategy.

YOUT 301  *Foundations of Youth Ministry*  3 hours
Prerequisite: YOUT 201
An investigation of specific elements that are building blocks for the biblical education of adolescents. Foundational issues, principles of teaching and curriculum development will be studied.

YOUT 350  *Campus Ministry*  3 hours
Prerequisites: YOUT 201, 301
A study of the history and strategy of reaching youth through the campus structure. Attention is given to the basic workings of the campus social system and the methods used in reaching it with the gospel. (Formerly YOUT 403)

Provost Emeritus
B.A., University of South Dakota; M.A., University of Minnesota; Ph.D., University of Virginia; additional graduate study at the University of Minnesota. 1973–2010

Hila J. Spear, R.N., B.S.N., M.S.N., Ph.D.
Professor Emeritus of Nursing
A.D.N., Kellogg Community College; B.S.N., Liberty University; M.S.N., Ph.D., University of Virginia. 1989-2010
Financing the University

The Office of Development is designed to develop and foster lifelong relationships between the University and its constituents. By establishing opportunities for all graduates, friends, students, families, faculty, staff, corporations, and foundations to financially support the University, this office helps Liberty University maintain and enhance the outstanding quality of its faculty, students, programs, and facilities.

Provided below is an overview of ways to support Liberty University.

Development

Annual Fund, Outright Gifts, Matching Gifts, and Gifts in Kind

Annual gifts are contributions for the current, unrestricted use of the University or any of its colleges, schools, and programs. Outright gifts include contributions of cash, securities, and written pledges. Gifts of securities are credited at market value on the date the gift is delivered or postmarked. Matching gifts encourage charitable giving by matching their employees’ contributions. Gifts in kind are gifts of tangible personal property, such as artwork, computers, real estate, and services, which may be used by Liberty University or sold for funds to help support our continuing efforts to provide an outstanding Christian higher education. Gifts in kind may provide substantial tax benefits.

Specific information on the above plans may be obtained by contacting:

Mr. Tom Arnold
Vice President for Development
1971 University Blvd.
Lynchburg, Virginia 24515
(866) 602-7983

Federal and State Funding

Liberty University does not receive any Federal or State funding other than Student Financial Aid, which is utilized only for eligible individual students. Eligible students may receive funds from Federal Pell Grants, Federal Supplemental Education Opportunity Grants, Federal Work Study Grants, Federal Family Education (Stafford and PLUS) Loans, Virginia Tuition Assistance Grants, and Virginia College Scholarship Assistance Program Grants.

The University has never accepted Federal or State funds for its operations, endowment, or capital funding projects.

Planned Giving

Bequests

Federal tax laws encourage bequests to qualified institutions like Liberty University, with an unlimited estate tax deduction for such legacies. Here is a sample form of bequest your attorney may adapt in preparing your will:

I give, devise and bequeath to Liberty University, a Virginia non-stock, non-profit corporation located in Lynchburg, Virginia 24515, __% of my estate to be used for its general purposes.

Charitable Gift Annuity

Gift Annuities provide assured fixed income for the lives of one or two qualified individuals by transferring $5,000 or more in cash and/or securities to Liberty University. An annuity agreement established during your lifetime is a good way to increase after-tax income. Your gift allows you to claim a charitable deduction on your tax return to reduce your tax liability.

Life Insurance, IRAs, and Pension Plans

A paid-up life insurance policy makes an excellent gift to Liberty University. The donor may receive significant tax benefits with this type of gift. Traditional IRAs and other qualified pension plan assets can be an excellent source of funding for charitable gifts. If these assets are transferred to an individual, the current value is subject to estate taxes, as well as federal and state income taxes (sometimes exceeding 80% of the value), but when designated to Liberty University, taxes are eliminated.

Real Estate

Land, homes, buildings, and other real property may be given to Liberty University as an outright gift or used to fund a life-income gift. A home may be given to the University and continue to be lived in throughout an individual’s lifetime. This is called a “Life Estate.” All such gifts of real estate and real property can benefit both the individual and the University.

Scholarships/Endowments

Gifts can be placed as a permanent endowment scholarship with the University. Each year the interest earned from the investment will provide tuition help for worthy students.

Trusts

Charitable Remainder Trusts (CRTs) are life income gifts. The remainder comes to the University after the passing of all income beneficiaries. Charitable Lead Trusts generate income for the University during the term of the trust, after which the assets are passed along to the heirs with significant tax savings.

Specific information on the above plans may be obtained by contacting:

Faculty Roster

Full-Time Faculty are indicated with (FT), and Part-Time Faculty are indicated with (PT). Faculty who teach primarily in the Resident Education program are indicated with (R), and primarily in the Distance Education program are indicated with (D).

Abernathy, Jane E; B.S., M.A.
Adjunct Instructor of Psychology
B.S., Appalachian State University; M.A., Liberty University. At LU since 2009. (PT-D)

Abraham, David Rajan; B.S., M.S., Th.M., Ph.D.
Adjunct Instructor of Religion
B.S., College of Engineering Guindy; M.S., Reg College of Engineering-Trichy; Th.M., Dallas Theological Seminary; Ph.D., Walden University. At LU since 2011. (PT-D)

Ackerman, Margaret Elizabeth; B.S., M.Ed., Ed.D.
Associate Dean, School of Education
Professor of Education
B.S., Liberty University; M.Ed., Lynchburg College; Ed.D., University of Virginia. At LU since 2003. (FT-R)

Adams, Andrea Hepburn; B.A., M.Div., D.Min.
Adjunct Faculty
B.A., William Carey University; M.Div., Southeastern Baptist Theo Sem; D.Min., Liberty University. At LU since 2014. (PT-D)

Adams, April; B.S., M.S., Ph.D.
Adjunct Instructor of Business
B.S., M.S., Auburn University; Ph.D., Mississippi State University. At LU since 2008. (PT-D)

Adams, Bonnie L; B.S., M.S., D.B.A.
Adjunct Instructor of Business
B.S., Montana State University; M.S., Eastern Washington University; D.B.A., Argosy University-Seattle. At LU since 2013. (PT-D)

Director of Experiential Learning, School of Religion
Professor of Church Ministries

Adams, Omar: B.S.
Adjunct Faculty
B.S., Liberty University. At LU since 2014. (PT-R)

Adams, William I; B.S., M.B.A., Ph.D.
Adjunct Instructor of Business
B.S., M.B.A., Campbellsville College; Ph.D., Capella University. At LU since 2011. (FT-D)

Ade, Arlen Bassek; B.A., Ph.D.
Adjunct Instructor of Psychology
B.A., Ph.D., Liberty University. At LU since 2011. (PT-D)

Adkins, Matthew Ray; B.S., M.S.
Adjunct Instructor of Business
B.S., Liberty University; M.S., Regis University. At LU since 2013. (PT-D)

Adkins, Michele Rene; B.S., M.Ed.
Adjunct Instructor of Psychology
B.S., Liberty University; M.Ed., Lynchburg College. At LU since 2010. (FT-D)

Adler, Mark Edmund; B.S., M.A., Ph.D.
Adjunct Instructor of Religion
B.S., Cairn University; M.A., Ph.D., Talbot Theological Seminary. At LU since 2013. (PT-D)

Adu-Gyamfi, Yaw; B.A., M.A., Ph.D.
Professor of English
B.A., University of Science and Technology, Ghana; M.A., Ph.D., University of Saskatchewan. At LU since 1999. (FT-R)

Ahmed, Nauri D.; B.S., M.S.
Instructor of Business
B.S., University of Maryland-University College; M.S., Liberty University. At LU since 2008. (FT-D)

Aidoo, Kwame; M.A.R., M.Div.
Instructor of Religion
M.A.R., M.Div., Liberty University. At LU since 2008. (FT-D)

Akers, Shanna; R.N., B.S.N., M.S.N./M.B.A. HC, Ed.S.
Associate Dean, School of Nursing
Assistant Professor of Nursing
B.S.N., Virginia Commonwealth University; M.S.N./M.B.A. HC, University of Phoenix; Ed.S., Liberty University. At LU since 2009. (FT-R)

Akers, Shawn D.; B.A., M.A., J.D.
Dean, Helms School of Government
Professor of Government
B.A., Northeast Louisiana University; M.A., J.D., Regent University. At LU since 2008. (FT-R)

Aki, Charles; B.A., M.S., Ph.D.
Adjunct Faculty
B.A., Southern Illinois University; M.S., Southern Illinois University; Ph.D., Ohio State University. At LU since 2014. (PT-D)

Albareda, Jose; B.A., M.S.
Adjunct Instructor of Business
B.A., Luther Rice Seminary & University; M.S., University of Phoenix. At LU since 2012. (PT-D)

Alcindor, Esther; B.S., M.Ed.
Director, Elementary Education Program, School of Education
Assistant Professor of Education
B.S., M.Ed., Liberty University At LU since 2004. (FT-R)
Alderman, Stephen; B.S., J.D., M.B.A.
Adjunct Faculty
B.S., Houghton College; J.D., University of Denver; M.B.A., University of Denver. At LU since 2014. (PT-D)

Instructor of Religion
B.M., Stetson University; Th.M., M.Div., Southeastern Baptist Theological Seminary. At LU since 2010. (PT-D)

Alexson, Andrew Tait; B.S., M.S., M.Div., Ed.S., Ed.D., D.Min.
Adjunct Instructor of Religion
B.S., University Of Idaho; M.S., University of Maine at Orono; M.Div., Columbia International University; Ed.S., Ed.D., Liberty University; D.Min., Covington Theological Seminary. At LU since 2006. (FT-D)

Allanson, Patricia; B.S.E., M.Ed., Ed.S., Ed.D.
Adjunct Instructor of College of General Studies
B.S.E., M.Ed., University of Central Florida; Ed.S., Ed.D., Liberty University. At LU since 2010. (PT-D)

Allard, Donald L.; B.S., M.A.
Instructor of Religion
B.S., State University of New York; M.A., Denver Seminary. At LU since 2008. (FT-D)

Allen, Christina; B.S., M.A.
Adjunct Instructor of Psychology
B.S., M.A., Liberty University. At LU since 2008. (PT-D)

Allen, Danny; B.G.S., M.R.E., D.Ed.
Assistant Professor of Religion
B.G.S., University of New Orleans; M.R.E., New Orleans Baptist Theological Seminary; D.Ed. Min., New Orleans Baptist Theological Seminary. At LU since 2011. (FT-D)

Allen, Joshua M.; B.S., M.Div.
Instructor of Religion
B.S., Liberty University; M.Div., Liberty Baptist Theological Seminary. At LU since 2010. (FT-D)

Allen, Mark; B.A., Th.M., D.Min., Ph.D.
Chair, Department of Biblical and Theological Studies
Associate Professor of Religion
B.A., Tennessee Temple; Th.M., Dallas Theological Seminary; D.Min., Gordon-Conwell Theological Seminary; Ph.D., University of Notre Dame. At LU since 2013. (FT-R)

Allen, Robert A.; B.A., M.Div., D.Min.
Assistant Professor of Religion
B.A., Pillsbury College; M.Div., Central Baptist Theological Seminary; D.Min., Baptist Bible College At LU since 2009. (FT-D)

Allen, Todd; B.S., Ph.D.
Associate Professor of Chemistry
B.S., Gordon College; Ph.D., University of California at Davis. At LU since 2013. (FT-R)

Allen, William A; B.S., M.A., M.F.A.
Adjunct Instructor of College of General Studies
B.S., M.A., Pensacola Christian College; M.F.A., Academy of Arts Int Program. At LU since 2012. (PT-D)

Alley, Chris Gerald; B.A., M.Div.
Adjunct Instructor of Religion
B.A., Lenoir Rhyne University; M.Div., Southwestern Baptist Theological Seminary. At LU since 2012. (PT-D)

Alvarez, Guillermo; B.A., M.S.
Adjunct Faculty
B.A., San Diego State University; M.S., San Diego State University. At LU since 2014. (PT-D)

Amiri, Nathan Edero; B.A., M.A.
Instructor of College of General Studies
B.A., M.A., Liberty University; Ph.D., University of Denver. At LU since 2009. (FT-D)

Alderman, Stephen; B.S., J.D., M.B.A.
Adjunct Faculty
B.M.E., M.B.A., Liberty University. At LU since 2000. (FT-D)

Anderson, Anthony; B.S., M.Ed., Ed.D.
Adjunct Instructor of Sport Management
B.S., Roosevelt University; M.Ed., Chaminade University; Ph.D., Walden University. At LU since 2010. (PT-D)

Anderson, Bailey Patricia; B.S., M.Ed., Ed.S.
Adjunct Instructor of College of General Studies
B.S., M.Ed., Liberty University. At LU since 2012. (FT-D)

Anderson, Ben; B.S., M.A., Ph.D.
Adjunct Instructor of Business
B.S., Roosevelt University; M.A., Chaminade University; Ph.D., Walden University. At LU since 2010. (PT-D)

Anderson, David; B.A., M.Div., M.A., Ed.D.
Associate Professor of Digital Media and Communication Arts
B.A., Azusa College; M.Div., M.A., Methodist Theological School in Ohio; Ed.D., Nova University At LU since 1977. (FT-R)

Anderson, George; B.S., M.B.A., Ph.D.
Adjunct Instructor of Business
B.S., Roosevelt University; M.B.A., Chaminade University; Ph.D., Walden University. At LU since 2010. (PT-D)

Professor of Psychology
B.A., Azusa Pacific University; M.A.B.S., Dallas Theological Seminary; M.Ed., Ph.D., North Texas State University. At LU since 1988. (FT-R)

Anderson, Nancy A; B.S., Ph.D.
Adjunct Instructor of Psychology
B.S., Ph.D., Texas Tech University. At LU since 1988. (PT-D)
Anderson, Robyn; B.S., M.S., Ph.D., M.P.H.
Professor of Public Health
B.S., Indiana University of Penn; M.S., Indiana University of Penn; Ph.D., Univ of Pittsburgh Pittsburgh; M.P.H., Univ of Pittsburgh Pittsburgh. At LU since 2015. (FT-R)

Anderson, Trisha Marie; B.S., M.A.
Adjunct Instructor of College of General Studies
B.S., M.A., Liberty University. At LU since 2013. (FT-D)

Andrew, Lane; B.S., M.S., Ph.D.
Assistant Professor of Mathematics
B.S., University of Colorado-Denver; M.S., University of Denver; Ph.D. University of Northern Colorado. At LU since 2007. (FT-D)

Angle, Michelle; B.S., M.S.
Instructor of Education
B.S., Concord University; M.S., Longwood University. At LU since 2009. (FT-D)

Anthony, Joby Milo; B.S., M.A.
Adjunct Instructor of Psychology
B.S., M.A., Liberty University. At LU since 2009. (PT-D)

Assistant Professor of Religion
B.A., Bluefield College; M.Div., Southeastern Baptist Theological Seminary; D.Min., Liberty Baptist Theological Seminary. At LU since 2006. (FT-D)

Anthony, Kimberly; B.S., M.S.
Instructor of Business
B.S., East Carolina University; M.S., Mary Baldwin College. At LU since 2010. (FT-D)

Anthony, Sharon L; B.A., M.A.
Adjunct Instructor of College of General Studies
B.A., Virginia State University; M.A., Liberty University. At LU since 2009. (PT-D)

Arbo, Ashli S.; B.A., J.D.
Adjunct Instructor of Government
B.A., Union University; J.D., Liberty University Law School. At LU since 2007. (FT-D)

Arbo, Matthew B.; B.A., M.A., M.Th., Ph.D.
Assistant Professor of Philosophy
Adjunct Instructor of College of General Studies
B.A., M.A., Liberty University; M.Th., Ph.D., University of Edinburgh (UK). At LU since 2007. (FT-D)

Armstrong, Clifton D; B.M., M.A., M.A., Ph.D.
Adjunct Instructor of College of General Studies
B.M., Roberts Wesleyan College; M.A., Florida State University; M.A., University of Puerto Rico; Ph.D., University Puerto Rico Rio Piedras. At LU since 2012. (PT-D)

Armstrong, Stephen; B.S., M.A.T., Ed.D.
Adjunct Instructor of College of General Studies
B.S., University of Minnesota; M.A.T., Bowling Green State University; Ed.D., Texas A&M University-Commerce. At LU since 2011. (PT-D)

Arnold, Miranda Lynn; B.S.E., M.Ed., Ed.S.
Instructor of Education
B.S.E., M.Ed., Ed.S., Liberty University. At LU since 2010. (FT-D)

Arthur, Kristi Mae; B.S., M.Ed.
Adjunct Faculty
B.S., Liberty University; M.Ed., University of Virginia. At LU since 2014. (PT-R)

Arthur, Rebecca A; B.A., M.A.
Instructor of College of General Studies
B.A., Connecticut College; M.A., University of Bristol. At LU since 2011. (PT-R)

Asare-Nkansah, Ernest; M.A.C.
Adjunct Instructor of Business
M.A.C., University of West Georgia. At LU since 2011. (PT-D)

Askew, Alan Anthony; B.S., M.B.A.
Adjunct Faculty
B.S., Liberty University; M.B.A., Liberty University. At LU since 2014. (PT-D)

Atchley, Jacob Britt; B.S., M.A.R., M.Div., D.Min.
Adjunct Instructor of Religion
B.S., M.A.R., M.Div., Liberty University; D.Min., Southeastern Baptist Theological Seminary. At LU since 2011. (PT-D)

Atwell, William; B.S., M.S.
Instructor of American Sign Language
B.S., Tennessee Temple University; M.S., Lamar University. At LU since 2013. (FT-R)

Aucoin, Brent J; B.A., M.A., Ph.D.
Assistant Professor of History
Adjunct Instructor of College of General Studies
B.A., Louisiana State University; M.A., Miami University - Ohio; Ph.D., University of Arkansas Fayetteville. At LU since 2009. (FT-D)

Aucoin, James Bradley; B.S., Th.M., J.D.
Instructor of Religion
Th.M., Dallas Theological Seminary; B.S., J.D., Louisiana State University - Baton R. At LU since 2012. (PT-D)

Austin, Gerald; M.A., M.A., M.A.
Adjunct Instructor of Business
M.A., M.A., M.A., Webster University. At LU since 2012. (FT-D)

Austin-Moore, Shante; B.A., M.Ed., Ph.D.
Assistant Professor of Education
B.A., University of Virginia; M.Ed., Regent University; Ph.D., Capella University. At LU since 2005. (FT-R)

Autry, Jason Everett; B.A., M.A.R., M.Div.
Adjunct Instructor of Religion
B.A., University of South Carolina; M.A.R., M.Div., Liberty University. At LU since 2008. (PT-D)

Autry, Rodney Franklin; B.A., M.Div., D.Min.
Adjunct Instructor of Religion
B.A., Shorter College; M.Div., Southwestern Baptist Theological Seminary; D.Min., Southern Baptist Theological Seminary. At LU since 2013. (PT-D)

Ayodeji, Sunday; M.A.
Adjunct Faculty
M.A., Liberty University. At LU since 2014. (PT-D)

Ayres, Brenda; B.A., M.A., Ph.D.
Professor of English
B.A., M.A., University of South Alabama; Ph.D., University of Southern Mississippi. At LU since 2003. (FT-R)
Babbitt, David; B.S., Th.M., Ed.D.
Assistant Professor of Religion
B.S., Texas A&M University; Th.M., Dallas Theological Seminary; Ed.D., University of South Dakota. At LU since 2008. (FT-D)

Babcock, John David; B.S., M.S.
Adjunct Instructor of College of General Studies
B.S., Liberty University; M.S., Longwood University. At LU since 2013. (PT-D)

Babcock, Michael; B.A., M.F.A., Ph.D.
Professor of Humanities
B.A., M.F.A., University of North Carolina; Ph.D., University of Minnesota. At LU since 1997. (FT-R)

Backert, Christopher J.; B.S., M.Div.
Instructor of Religion
B.S., Philadelphia Biblical University; M.Div., Liberty Baptist Theological Seminary. At LU since 2006. (FT-D)

Backherms, Dennis; B.S., M.S.
Adjunct Instructor of Business
B.S., M.S., University of Phoenix. At LU since 2013. (PT-D)

Bae, Kyung K.; B.S., M.S., Ph.D.
Associate Professor of Engineering
B.S., Yonsei University, Seoul, South Korea; M.S., Ph.D., Virginia Polytechnic Institute and State University. At LU since 2007. (FT-R)

Baeza, Alice Handal; B.A., M.S.
Instructor of College of General Studies
B.A., National University of Honduras; M.S., Florida Atlantic University. At LU since 2012. (PT-R)

Adjunct Instructor of Religion
B.S., M.B.A., Uni Nacional Auton De Honduras; M.A.R., Trinity International University FL; M.Div., D.Min, Liberty University. At LU since 2011. (FT-D)

Baggett, David; B.A., M.Div., Ph.D.
Professor of Apologetics
B.A., University of Michigan, Dearborn; M.Div., Asbury Theological Seminary; Ph.D., Wayne State University. At LU since 2006. (FT-R)

Baggett, Marybeth; B.S., M.A., Ph.D.
Associate Professor of English
B.S., Liberty University; M.A. Longwood University; Ph.D. Indiana University of Pennsylvania. At LU since 2003. (FT-R)

Balless, Shelly D.; B.S., M.A.
Instructor of History
B.S., M.A., Liberty University. At LU since 2011. (FT-D)

Bailey, C. Nelson; M.A.C.
Adjunct Instructor of Business
M.A.C., University of Alabama. At LU since 2008. (PT-D)

Bailey, Joseph H; B.A., M.A., Ph.D.
Adjunct Instructor of College of General Studies
B.A., Hardin Simmons University; M.A., Abilene Christian University; Ph.D., Texas A&M University. At LU since 2011. (FT-D)

Bailey, Shelia; B.S.E., M.Ed.
Adjunct Instructor of Education
B.S.E., Troy University; M.Ed., Troy State University Dothan. At LU since 2010. (PT-D)

Baird, James; B.S., Th.M.
Instructor of Religion
B.S., University of Oklahoma; Th.M., Dallas Theological Seminary. At LU since 2010. (FT-D)

Baker, Laura; B.S., M.S.
Instructor of Business
B.S., Missouri State University; M.S., Regis University. At LU since 2010. (FT-D)

Baker, Stanley Dean; B.R.E., Th.M.
Adjunct Instructor of Religion
B.R.E., Davis College; Th.M., Dallas Theological Seminary. At LU since 2013. (PT-D)

Baker, Steven E.; B.S., M.A.
Instructor of Psychology
B.S., University of Maryland; M.A., Liberty University. At LU since 2009. (FT-D)

Baldrige, Terry; B.M., M.M.
Assistant Professor of Ethnomusicology
B.M., Olivet Nazarene College; M.M. Crown College. At LU since 2009. (PT-D)

Ballard, Jordan P.; B.S., M.Div., Th.M.
Instructor of Religion
B.S., Liberty University; M.Div., Liberty Baptist Theological Seminary; Th.M., Dallas Theological Seminary. At LU since 2009. (FT-D)

Ballard, Randolph; B.S.
Adjunct Instructor of Government
B.S., Liberty University. At LU since 2013. (PT-D)

Ballard, Rod J; B.S., M.A.
Adjunct Instructor of Business
B.S., Maryville University of Saint Louis; M.A., Webster University. At LU since 2006. (FT-D)

Bandy, Alan S.; B.A., M.Div.
Instructor of Religion

B.A., University of Miami (Florida); M.S., Syracuse University; Ph.D., University of Central Florida. At LU since 2008. (FT-D)

Dudley, Karen J; B.S., M.A.  
Assistant Professor  
B.S., Liberty University; M.A., Western Michigan University. At LU since 2014. (PT-D)

Dudley, Stephen J.; B.S., M.A.  
Instructor of Mathematics  
B.S., Liberty University; M.A., Western Governor's University. At LU since 2007. (FT-D)

Duff, Herbert W.; B.A., M.S.  
Instructor of Criminal Justice  
B.A., Hampden Sydney College; M.S., Longwood University. At LU since 2006. (FT-D)

Dugan, Joshua Robert; B.S., M.A.R.  
Adjunct Instructor of Religion  
B.S., M.A.R., Liberty University. At LU since 2006. (FT-D)

Dull, Jeffrey M.; B.S., M.S.L.S.  
Liberty University Online Research Assistance Librarian, Jerry Falwell Library  
B.S., Liberty University; M.S.L.S., Clarion University. At LU since 1997. (FT-R)

Dunaway, Robert I.; B.S., M.A.  
Adjunct Instructor of College of General Studies  
B.S., US Military Academy; M.A., Kansas State University. At LU since 2012. (PT-D)

Duncan, Angel W; B.S., M.S.  
Adjunct Instructor of Business  
B.S., M.S., Roberts Wesleyan College. At LU since 2013. (PT-D)

Dunlap, Zach A; B.S., M.B.A.  
Adjunct Instructor of Business  
B.S., M.B.A., Murray State University. At LU since 2013. (PT-D)

Dunlow, Jacob Tyler; B.S., M.Div., Ed.D.  
Instructor of Religion  
B.S., Old Dominion University; M.Div., Ed.D., Southeastern Baptist Theological Seminary. At LU since 2011. (FT-R)
Dunn, Randall S.; B.A., M.Ed., Ed.D.
Director, Educational Technology
Associate Professor of Education
B.A., M.Ed., James Madison University; Ed.D., University of Bath, United Kingdom. At LU since 2005. (FT-R)

Dunnagan, Amanda J.; B.A., M.A., Ed.D.
Assistant Professor of English
B.A., University of Kentucky; M.A., Western Kentucky University; Ed.D., Argosy University. At LU since 2009. (FT-D)

Durost, Jennifer Lynne; B.A., M.A.
Adjunct Instructor of College of General Studies

Dyer, Miranda; B.S., M.S.
Adjunct Instructor of College of General Studies
B.S., M.S., University of Florida. At LU since 2012. (PT-D)

Dynes, Doug; B.S., M.B.A.
Adjunct Instructor of Business
B.S., US Merchant Marine Academy; M.B.A., University of Tennessee Knoxville. At LU since 2010. (PT-D)

Eakin, Stephen; B.S., M.D.
Assistant Professor of Exercise Science
B.S., Geneva College; M.D., Temple University Medical School. At LU since 2013. (FT-R)

Earley, Cathy; B.S., M.A.
Instructor of Psychology
B.A., Liberty University; M.A., Liberty Baptist Theological Seminary. At LU since 2011. (FT-D)

Instructor of Religion
A.A., Campbell University; B.A., Saint Leo University; M.A.R., Liberty Baptist Theological Seminary; M.Div., Liberty Baptist Theological Seminary. At LU since 2010. (FT-D)

Earley, David B.; B.S., M.Div., D.Min.
Assistant Professor of Practical Studies
B.S., Liberty University; M.Div., D.Min., Liberty Baptist Theological Seminary. At LU since 2006. (FT-D)

Elam, Terrell L; B.G.S., M.Ed., Ph.D.
Assistant Professor of Education
B.G.S., Northeastern Baptist Bible School; M.Ed., Tennessee Temple University; Ph.D., Capella University. At LU since 2012. (FT-D)

Edginton, Vilma; B.S., M.S., Ph.D.
Assistant Professor of Business
B.S., University of Guelph; M.S., Wayne State University; Ph.D., Claremont Graduate University. At LU since 2010. (FT-D)

Edgmon, Kelly L; B.S.E., M.Ed., Ed.S.
Adjunct Instructor of Education
B.S.E., University of Tennessee Chattanooga; M.Ed., Ed.S., Tennessee Technological University. At LU since 2010. (PT-D)

Edman, Edward; B.F.A., M.A.
Associate Professor of Studio and Digital Arts
B.F.A., University of Connecticut-Storrs; M.A., University of Baltimore. At LU since 2005. (FT-R)

Edmond, Laurence Bernard; B.S., M.S., M.S.
Adjunct Instructor of Business
B.S., Georgia Institute of Technology; M.S., American University; M.S., Colorado Technical University. At LU since 2007. (PT-D)

Edwards, Juanita S; B.S., M.A.C.
Adjunct Instructor of Business
B.S., M.A.C., DeVry University. At LU since 2010. (FT-D)

Edwards, Patricia Ann; M.Ed.
Adjunct Professor of Education
M.Ed., Liberty University. At LU since 2007. (PT-D)

Edwards, Paul S; B.S., M.A.C., M.B.A.
Adjunct Instructor of Business
B.S., M.A.C., University of South Florida; M.B.A., Virginia Tech. At LU since 2007. (FT-D)

Edwards, Richard A; B.S.E., M.A.
Adjunct Faculty
B.S.E., Ashland University; M.A., Cleveland State University. At LU since 2014. (PT-D)

Ehrhorn, Scott; B.S., M.B.A.
Assistant Professor of Business
B.S., United States Coast Guard Academy; M.B.A., University of Maryland. At LU since 2005. (FT-R)

Eichner, Timothy R; B.A.S., M.F.A.
Instructor
B.A.S., Pensacola Christian College; M.F.A., Florida Atlantic University. At LU since 2015. (PT-D)
