Outcomes Management for Evaluation, Governance, & Alignment (OMEGA) Dean Review

Overview

The **Dean Review** is the final step in the CLO-CR process. Deans assess proposed changes from curricular and operational perspectives to ensure alignment with the College or School's immediate needs, available resources, and long-term goals. During this step, Deans can review the Course Information section and responses from the SME/Lead Faculty, Program Director, Chair, and Associate Dean to inform their decision.

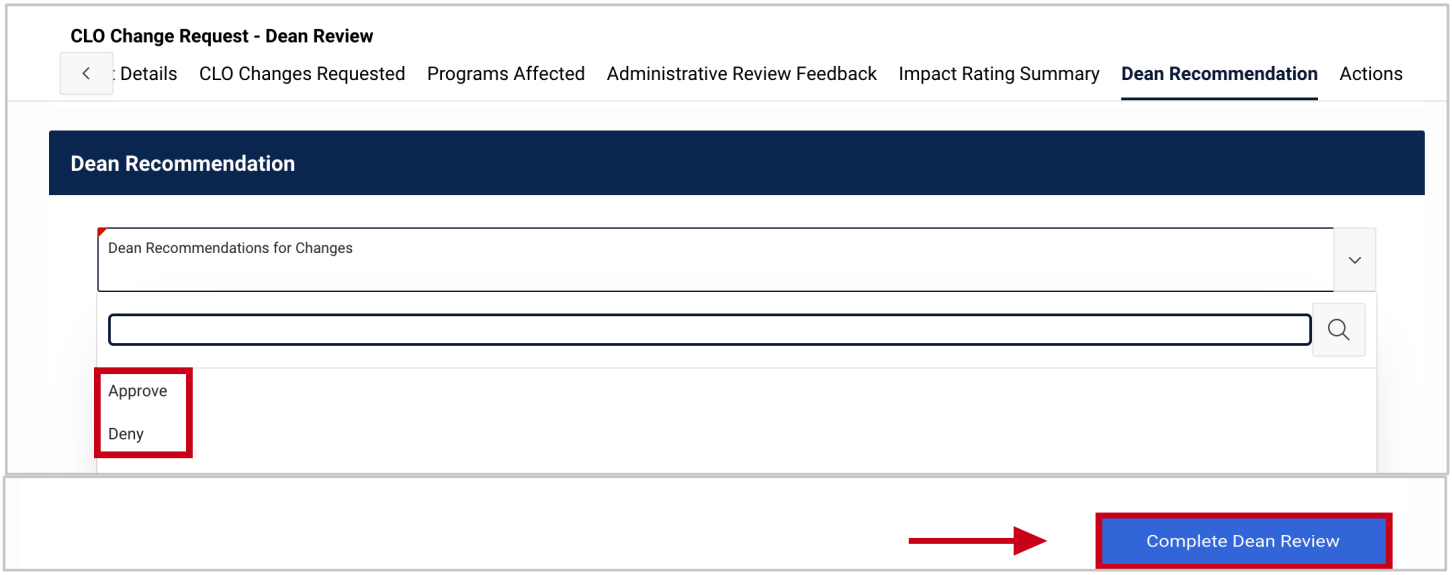
5. In the **Dean Recommendation** section, use the dropdown menu to select either **Approve** or **Deny**. Select **Complete Dean Review** to submit the decision.



Note: If you choose to deny the request, it is strongly recommended that you provide a brief explanation. This justification will be visible to the SME/Lead Faculty, Program Director, Chair, and Associate Dean. It helps them understand the rationale behind your decision and how to proceed.
