

Type	Last Name	Activity Title
Grant	Jasperse	LUCOM Faculty Intramural Grant
Grant	Liu	Established researcher grant: "Targeting endogenous retroviruses in breast cancer treatment."
Grant	Martin	Characterization of Serotonin Receptor in Anterior Hypothalamic/Preoptic Area Responsible for DOI-Evoked Pressor Effect
Grant	Price	Gene Regulation of Pathogenicity in the Human Pathogenic Yeast <i>Cryptococcus neoformans</i> .
Presentation	Bardowell	Acute Low Back Pain Orders in a Residency Clinic To Achieve consistent and appropriate timing of getting X- rays in acute low back pain across a family med
Presentation	Despins	Prescribing patterns of SSRIs in high-risk stroke patients in acute rehabilitation.
Presentation	Ferry	Went Up Like Kobe, Came Down Like Shaq
Presentation	Ferry	Shortness of Breath: Ultrasound Evaluation in an Athlete
Presentation	Ferry	The Association between Orthostatic Vital Signs and Return-to-play after Concussion
Presentation	Ferry	The Impact of Vestibular Therapy on Return-to-play after Sport-related Concussion
Presentation	Gigliotti	Determining the physiological, immunological, and metabolic consequences of chronic angiotensin II infusion in mice.
Presentation	Gigliotti	Diet significantly influences physiological and metabolic outcomes of a mouse model of cardiovascular disease
Presentation	Gigliotti	Investigating the prophylactic and therapeutic effect of IL233 administration on angiotensin II-induced hypertension in 129Svev and C57Bl/6 mou
Presentation	Hicks	Standard 3
Presentation	Hoegerl	What's New in Neurology?
Presentation	Joseph	Novel MRI Techniques Identifying Vascular Leak and Paravascular Flow Reduction in Early Alzheimer Disease
Presentation	Joseph	OSTEOPATHIC MANIPULATION IMPROVES PATIENT PAIN SCALE REGARDLESS OF OPERATOR EXPERIENCE
Presentation	Liu	Over-expression of HERV-K Genes Enhances the Resistance of MCF12A Cells against Efavirenz.
Presentation	Liu	A Creationist perspective on the development of SARS-CoV-2
Presentation	Liu	Antiretroviral Agent Inhibits Proliferation of BT-20 Cells through Inhibition of Human Endogenous Retrovirus Type K
Presentation	Maitland	"Improve Efficacy, Standardization of Messaging and Medication Refill Processes Aimed at Improving Patient Outcomes"
Presentation	Maitland	"Close to Home: How to Leverage Your Relationship With Your PCP"
Presentation	Maitland	"Overcoming Challenges in Webisode Teaching: Lessons Learned in Medical Student Telehealth Education"
Presentation	Maitland	"Overcoming Challenges in Web-Side Teaching: Lessons Learned in Medical Student Telehealth Education"
Presentation	Miller	Effect of Manipulative Treatment in the Management of Refractory Postoperative Ileus Following a Major Abdominal Surgery
Presentation	Mintle	Create a resilient brain: tools to thrive against anxiety and stress in challenging times
Presentation	Mintle	The Association Between Religiosity and Psychological Well-Being in Medical Students
Presentation	Mintle	Eating Disorders Awareness
Presentation	Mintle	Managing your mind through medical school: Practical tools to thrive.
Presentation	Mintle	Pediatric Eating Disorders
Presentation	Mintle	Body Image
Presentation	Mintle	Dealing with Difficult Group Members
Presentation	Ojuola	Approach to the Care of the Undernourished Child
Presentation	Pettitt	Breast Abscess: A Rare Complication of a Common Complaint
Presentation	Poch	Mind & Music in Medicine
Presentation	Rolfs	Sideline Medicine
Presentation	Swanson	Two-Cell-To-Hatching-Blastocyst Development of Mouse Embryos During Continuous Culture with Electronic Cigarette (E-Cig) Aerosol Cond
Presentation	Willson	"Is Volumetric Breast Density Associated With Specific Breast Cancer Subtypes?"
Presentation	Willson	No Rheum for Back Pain

Presentation	Willson	"Clinical Guidance Regarding Primary Care of Patients Following Bariatric Surgery."
Publication	Despins	Objective Assessment of Tendon Ultrasound Images from Multiple Populations using Shear-Wave Elastography and a Machine Learning App
Publication	Despins	Prescribing patterns of SSRIs in high-risk stroke patients in acute rehabilitation.
Publication	Farr	The Impact of the COVID-19 Pandemic on Resident Physicians Well-Being in the Surgical and Primary Care Specialties in the United States and
Publication	Forker & Masih	78-year-old man • tail bone pain • unintended weight loss • history of diabetes and hypertension • Dx?
Publication	Gigliotti	Mouse models of acute kidney injury
Publication	Gigliotti	Diet significantly influences the immunopathology and severity of kidney injury in male C57Bl/6J mice in a model dependent manner.
Publication	Hoegerl	A 46 year-old presenting with inferior monocular visual field defect as the sole manifestation of Neuro-sarcoidosis
Publication	Hoegerl	Organizational behavior among academic medical school faculty
Publication	Hoegerl	A Case of Unilateral Visual Field Defect in a Patient with Neurosarcoidosis
Publication	Joseph	Utilizing 3D Arterial Spin Labeling to Identify Cerebrovascular Leak and Glymphatic Obstruction in Neurodegenerative Disease
Publication	Joseph	Basics of Fluid, Electrolyte and Acid-Base Disturbances: Treatment Guidelines for Medical Students and Residents
Publication	Kang	Amyloid Burden in Alzheimer's Disease Patients Is Associated with Alterations in Circadian Rhythm
Publication	Liu	Effect of Vibrating Mesh Nebulizer Aerosol Technology on the In Vitro Activity of Ribavirin Against Respiratory Syncytial Virus.
Publication	Lobo	Why does the superior rectal artery skip the middle and lower parts of the rectum but supplies the upper part of anal canal?
Publication	Lobo	Measuring routine childhood vaccination coverage in 204 countries and territories, 1980 – 2019: a systematic analysis for the Global Burden of Disease Study
Publication	Lobo	Measuring development assistance for health and for COVID - 19: a review of development assistance, government, out - of - pocket, and other private spending on health for 2019
Publication	Lobo	Measuring development assistance for health and for COVID - 19: a review of development assistance, government, out - of - pocket, and other private spending on health for 2019
Publication	Lobo	Why does the superior rectal artery skip the middle and lower parts of the rectum but supplies the upper part of anal canal?
Publication	Maitland	Overcoming Challenges in Web-based Teaching: Results of a SWOT Analysis at the 2021 STFM Conference on Medical Education
Publication	Mohan	Opioid withdrawal behavior in spiny mice: A novel preclinical model of neonatal opioid withdrawal syndrome (NOWS)
Publication	O'Donnell	Osteopathic Considerations for Breastfeeding Women
Publication	Poch	Efficacy And Safety Of NVX-Cov2373 In Adults In The United States And Mexico
Publication	Rubio	Pulmonary metastatic melanoma: current state of diagnostic imaging and treatments
Publication	Rubio	Utilization of a New Customizable Scoring Tool to Recruit and Select Pulmonary/Critical Care Fellows
Publication	Swanson	Potential Application of Picosecond Pulsed Electric Field (PPEF): Advanced Bioelectrical Technology for Potential COVID-19 Treatment
Publication	Swanson	Two-cell to hatching blastocyst development during E-cig fluid condensate media exposure.
