(Old) Thomas Road Baptist Church

In 2012, Liberty University purchased the site of the former Thomas Road Baptist Church (TRBC), the original birthplace of Liberty University. Liberty University Baptist Theological Seminary and the Center for Counseling and Family Studies have been temporarily relocated to this site during campus construction projects. The Center for Curriculum Development is also located at this site. Renovations are currently taking place, including restoring four areas once used as sanctuaries, to their original state.

Also included in the purchase was the **Old Pate Chapel** which was renovated in 2014. Renovations included all new carpet, new upholstery in the dressing rooms, new paint, and a new roof, as well as plaster repairs. The primary use of the Old Pate Chapel is for weddings. Another building, **The Bottling Co.**, also was also renovated. Upgrades included a new sound system, dimmable lighting, two electric fireplaces, and screen projectors. A section of the building was refurbished with two restrooms and a large catering kitchen. The primary use of The Bottling Co. is for wedding receptions. It is also available for other special events such as formal banquets.

Located inside of the complex are two long/triple jump runways, a pole vault runway and a high jump apron, with all the apparatuses being permanent and having a Mondo surface. The FinishLynx Timing System greatly increases the ability to host high level meets at the facility. The Center will also serve as a conference and convention center.

Tower Theater

Located in Green Hall, the Tower Theater was completed in July 2010. This contemporary-style 640-seat theater consists of balcony seating, an orchestra pit, catwalks, a fly tower, a box office and 12,000 square feet of support area that includes dressing rooms, a practice room, offices, costume shop, prop room and woodworking and scene shops.

Vehicular Tunnel

In 2014, a four-lane tunnel was constructed under the railroad tracks on the west side of campus connecting Regents Parkway, Liberty's perimeter road. The addition of the vehicular tunnel improved traffic flow on campus and eased congestion on Wards Road, the city's retail corridor.

Vines Center

Built in 1990, this 8,500-seat, silver-domed Lynchburg landmark, also known as "The Furnace," became the home of the Flames basketball teams. It is also the location of weekly convocation services, and several large conference and concert events each year.

In 2012, a new center-hung video scoreboard was installed. The four-sided board contains four LED high-definition video displays, each approximately 9 feet high and 16 feet wide.
