

Prepworks Score Guarantee

SAT/ACT Online Programs: Our average historical track record of improvement is 300 SAT points and 5 ACT points. For this reason, we guarantee improvement of 200 total SAT points or 3 total ACT points for all students who have entry SAT scores of less than 1300 or entry ACT scores of less than 30. To qualify for Prepworks Score Guarantee for SAT or ACT Programs, students must meet the following requirements:

- Complete all activities, including all Skill Assessments, Skill Reviews, and Practice Questions
- Complete all Practice Tests in the online program
- Log a minimum of 25 hours in math and 25 hours in verbal for a total of 50 hours in the course
- Take the official test within two weeks of completion of their Prepworks program

We measure point improvement from students' official test scores. If the student does not have official test scores, we calculate improvement by comparing the student's first Prepworks Online Practice Test, which must be completed at the start of the program, to official test scores.

For all students who are eligible for Prepworks Score Guarantee and do not meet or exceed the guaranteed minimum score improvement, Prepworks will either extend the student's access to the course free of charge or refund their money. It's that simple!
