ANATOMY FACULTY POSITION

Rank Commensurate with Experience

The Department of Anatomical Sciences is actively searching for qualified individuals.

Responsibilities: The successful candidate will be responsible for cadaver dissection and classroom instruction of first- and second-year medical students as a member of systems-based teaching teams involving lecture and active teaching methods. In addition to lectures, teaching methods will include both case-based and team-based presentations. This position reports directly to the Chair of the Department of Anatomical Sciences and the new faculty member will be expected to grow professionally through participation in service and scholarly/research activities and administrative responsibilities.

Facility: The main room is a 5,300-square-foot anatomy lab with large windows and a state-of-the-art HVAC system for an odor and chemical-free environment. Includes 28 dissection stations and large LCD panels for live presentations. The preparation room contains a morticians table, a high-pressure cadaver table washing stall and an eight-cadaver-rack, 1,200-square-foot walk-in cooler. A large collection of SOMSO models are housed in the library and a large collection of von Hagens plastinated models are kept in the Gross Human Anatomy Laboratory.

Qualifications: Educational requirements include a PhD with a background in clinically-based anatomy as well as strong cadaver dissection skills in gross human anatomy. Histology and embryology will be included in the anatomical teaching assignments. All faculty members are expected to contribute to a positive Christian environment in the course of mentoring our LUCOM students.

LUCOM is a faith-based institution with student-doctors guided by the principles of the Christian worldview to become knowledgeable and competent servants for their patients and society.

Liberty University (LU) is located in the City of Lynchburg within Central Virginia. The community has a revitalized, historic downtown district with art galleries, restaurants, and plentiful outdoor recreation. LU sponsors numerous cultural and athletic events, theatrical plays, and more. The diversity of Lynchburg makes it an attractive place to work and play.

Interested candidates should inquire and/or send letters of interest with their CVs via email to LUCOMINFO@liberty.edu with ANATOMY in the subject line. You can also call (434) 592-6400 or visit Liberty.edu/LUCOM/Employment.
