

## How to Register for Your Connect Math Hosted by ALEKS Class

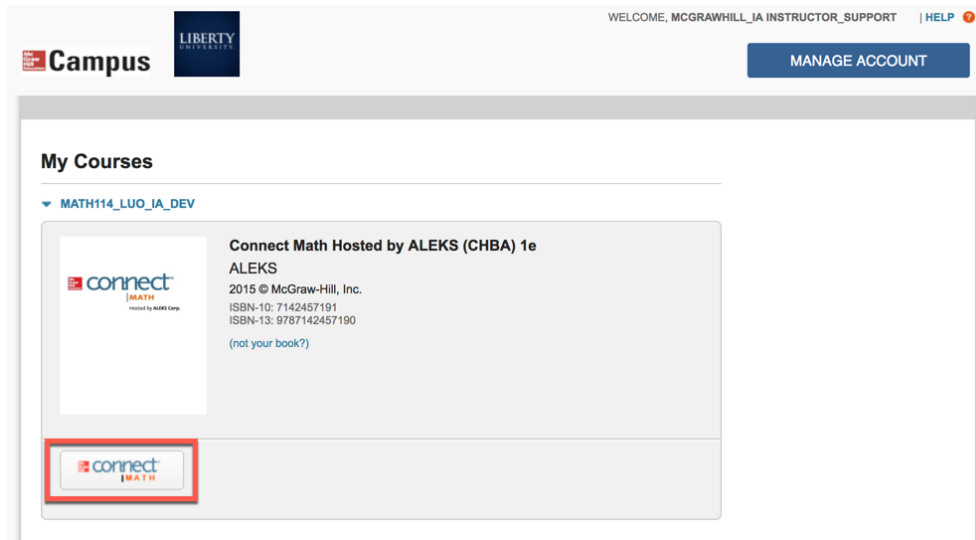

**Step 1:** Log into your Blackboard account and navigate into the appropriate course. Click on "Link to CHBA" in the left menu.

The screenshot shows the Blackboard interface for a course titled "MATH 114 Quantitative Reasoning". The top navigation bar includes "LIBERTY UNIVERSITY | Blackboard" and "Student Dashboard | myBlackboard | Resources | JFL Library | My Profile". Below this, there are navigation icons and "Announcements" with an "Edit Mode is: ON" indicator. The left-hand navigation menu lists various course options, with "Link to CHBA" highlighted by a red rectangular box. The main content area features a banner with mathematical sketches, including a 3D cube, a line graph with points labeled 1 and 2, and a cylinder with measurements 30, 30, and 40. Below the banner, there is an "Announcements" section with a "Create Announcement" button.

**Step 2:** A box with the "McGraw-Hill Campus" Terms of service appears. You will only see this message the first time you access MH Campus. Check the box to agree with the terms and click on the "GET STARTED" button.

**Step 3:** You will see a confirmation that Connect Math Hosted by ALEKS has been select for your course.

Hovering over the "ConnectMath" button, will open a pop-up with a description of ConnectMath. Click on this "ConnectMath" button beneath the book title.

**Step 4:** The last step is to enter your personal information and choose a password to create a ConnectMath account. Then, accept the Terms of Service at the bottom of the page.

A screenshot of a registration form titled "Enter Your Personal Information". At the top, there is a progress bar with five steps: 1 Confirm Course Code, 2 Access Code, 3 Personal Information (highlighted), 4 Account Creation, and 5 Registration Complete. Below the progress bar, the form has a heading "Enter Your Personal Information" and a note "Fields marked with "\*" are required." The form is divided into several sections by dashed lines: 1. "Enter Your Personal Information" with fields for First Name, Initial, and Last Name, all marked with an asterisk. 2. "Enter Your E-mail Address" with a note "We will use this email to send your Connect Math login name, password, and class messages." and an "E-mail:" field marked with an asterisk. An example "Example: MyName@schoolmail.edu" is provided below. 3. "Choose a Password" with a note "You will use this password every time you log into Connect Math. Make sure to remember it and keep it to yourself." and two fields: "Password:" and "Confirm Password:", both marked with an asterisk. A note "(6 letters or digits minimum.)" is next to the Password field. 4. "(Optional) Enter Your Student ID" with a "Student ID#" field and a "Learn more" link. 5. "Review and Accept Connect Math Terms of Service" at the bottom.

**Step 6:** Once the ConnectMath registration is complete, you will see a confirmation message that says your ConnectMath account has been securely paired with your MH Campus account. Click on the "Continue" button. You will then arrive at your ConnectMath Student Account Home. The Student Account Home lists all of your ConnectMath classes, and allows you to manage these classes from one account.

**Congratulations!** You are now a ConnectMath student. Begin by navigating around your account home to get familiar with where things are. Be sure to check out some helpful tutorial videos to get started, which are located here: <https://www.connectmath.com/training>.
