Reaching these standards will not guarantee you an athletic scholarship or a spot on the team. There are many other factors considered such as academic record, scholarship availability and team needs. Also note that scholarships can range in value from 10% to 100%.

Each year there are a limited number of scholarships available. These scholarships are divided among Track & Field and Cross Country. The competition for these scholarships is extremely tough. Keep in mind that in addition to high school athletes, we consider Junior College graduates, transfers, international student-athletes and current members of our team. If you've met the above standards we encourage you to contact us.
