Earth Science Education Certificate
2022-2023 Certificate Completion Plan

Important: This certificate plan is effective for those starting in the fall 2022 through summer 2023. This certificate plan will remain in effect for students who do not break enrollment or who do not change certificates.

The **earth science endorsement** is an option for Teachers who desire a dual science endorsement to teach earth science courses in grades 6-12.

- Teachers who are already licensed in another science discipline
- Teacher candidates who are enrolled in a teacher preparation program that leads to initial licensure in another science discipline. This certificate provides eligibility for a dual science endorsement, certifying them to teach earth science courses in grades 6-12.

**Endorsement for teacher candidates with a science education major in another discipline*
