IMPORtant Information

Institutional Liability

During the Financial Check-In process, students are required to review and acknowledge the On Campus Housing Contract that covers the Institutional Liability Policy. The policy reads as follows:

The University will not be responsible for damage to or loss of personal belongings, which are a result of fungus, fire, wind, water, insects, rodents, vandalism or theft. However, when damage or loss is reported, the University will take reasonable steps to attempt to resolve the problem.

Students residing in the residence halls are encouraged to make sure personal belongings are covered by their parent's homeowner's policy or a renter's insurance policy. The University encourages students residing off-campus to obtain homeowner's or renter's insurance to protect themselves against unforeseen circumstances.

Liberty University is a safe and caring environment, but, like your home, it still requires forethought about protecting personal belongings. Students are encouraged to review the Institutional Liability link listed below and to speak to an insurance agent and consider some form of renter's insurance. The University does not recommend or endorse any individual insurance company.

On- and Off-Campus Eligibility

On-Campus Residence Requirements & Age Limit

Liberty University requires all unmarried students under the age of 21 to live on campus. On-campus residents must be currently enrolled in a residential program and attending classes on campus. For each semester they reside on campus, all students must complete Financial Check-In prior to occupancy, and agree to the terms and policies as outlined in the On-Campus Housing Contract. Rooms are assigned on a first-come, first-served basis.

Note: Students who are age 25 or over (at any time during the semester) or are married are not allowed to live on campus.

Marriage

Married students are not permitted to live in the residence halls. Questions concerning this policy can be addressed to the Office of Residence Life.
Off-Campus Eligibility

Qualifications for Living Off-Campus

At least one of the following requirements must be met before a student will be granted permission to reside off-campus:

- Must be 21 years of age or older by December 31 for the fall semester or May 31 for the spring semester, and must have received less than 30 points during each of the last two semesters.
- Must be living with a parent or a sibling who is over the age of 21.

Off-Campus Agreement

- Off-campus and on-campus resident students are subject to the same rules, regulations, and policies, except for those that specifically pertain to residence hall living. Additionally, off-campus students are responsible for all information contained in the Off-Campus Living Guide. The University defines an off-campus student as one who resides within driving distance of the campus and attends classes weekly during the fall, spring, and/or summer sessions.
- Off-campus students are responsible for their own off-campus housing arrangements. Single coed living arrangements are not in keeping with Liberty’s philosophy and purpose. Exceptions to this policy are for immediate family members only (brothers/sisters).
- It is each student’s responsibility to have his/her local address and telephone number on file with the Office of Residence Life within seven days from the beginning of classes. Any changes in information must be reported to the office within seven calendar days. Failure to file or report changes in information will result in a $100 fine.
- If a student moves off-campus at any point during the semester, their housing fee will be prorated accordingly at a weekly rate based on the room price. Please check with the Office of Residence Life for the exact amount that will be charged to your student account.
- Approval to live off-campus must be obtained from the Office of Residence Life before signing a lease. Any unmarried student, under the age of 25, who receives 30 or more points while living off-campus may be required to move back on-campus or live with a parent the following semester of attendance.
- Any falsification of information on the off-campus application or subsequent paperwork may result in automatic denial.

Points System

Any on-campus student who has received 30 or more points during either of the previous two semesters WILL BE required to remain on campus.

If a student receives 30 or more points after approval to move off-campus is granted, he/she forfeits his/her privilege to live off-campus and will be responsible for handling all lease and roommate arrangements.
CAMPUS LIFE

College-for-a-Weekend (CFAW)

Learn more about CFAW.

Convocation

Liberty University’s Convocation is the largest weekly gathering of college students in the world. Although Liberty is a Christian university, Convocation is not a chapel service. Instead, it derives its definition from its Latin root, “to convene, gather, or assemble.” This distinction allows Convocation to be viewed as a platform for an artist, a pulpit for a guest pastor or theologian, and a podium for a scientist or politician. Liberty is an institution of higher learning, so Convocation intentionally allows people from all walks of life to compel, equip, and challenge students to think clearly and with conviction.

All undergraduate and graduate students living on campus are required to attend Convocation on Wednesdays and Fridays. Additionally, all freshman and sophomore commuter students, and all commuter students under 21 years old, are required to attend. Junior and senior commuter students are encouraged to attend. All on-campus students, commuting freshmen and sophomores, and commuters under 21 must check in with their Resident Assistant upon arrival and sit in their assigned section in order to be counted as present. Failure to attend may result in the issuance of a $25 fine for the first two offenses. The third and subsequent absences may result in a $50 fine. Further, students are not permitted to leave Convocation before the official dismissal; failure to stay for the entire time may result in the student being marked absent.

Convocation Exemption

Because Convocation is an important piece of each student’s educational experience, exemptions from Convocation will be given on a very limited basis. Students are not permitted to miss Convocation for work. Additionally, being signed out on the Overnight Sign-Out Sheet does not excuse a student from Convocation.

Students are given one Convocation "skip" per semester. In order for the skip to be valid, the student must inform their Resident Assistant of his/her intent to use the skip before Convocation begins.
Dining

Dining Hall (Food Service and Meal Plans)

Food Service and Meal Plans

Commuter students may purchase meal plans from the Liberty Dining Services website. Complete information regarding meal plans is available online and from the Food Service office located in the dining hall. Attempting to obtain a meal other than by proper payment is considered deception. Furthermore, commuter students are not permitted to be in the dining hall during meal hours except for the purpose of eating. Hours of food service and changes in the meal schedule will be posted near the entrance to the dining hall. Closing times are strictly adhered to.

Dining Hall Conduct

Students are expected to be considerate of the dining hall staff and should remove dishes from the table when leaving. Any student who fails to do so will receive appropriate discipline. Throwing napkins, food, or anything else in the dining hall is considered malicious horseplay and may be dealt with as such.

Dining Hall Entrances and Exits

Access to the dining hall is to be gained only through the front doors of the building and then through the service lines. All other doors are "exit only" at all times. There is a "once in" policy for every hour the dining hall is open. A person may consume all he/she wants at each meal, but upon exiting, he/she is not allowed to come back through the line during that time period until the next hour starts.

Dining Hall Admittance

A student's ID card (Flames Pass) is his/her admission to the dining hall and must be swiped in when entering the dining hall. In establishing meal rates, consideration has been given for expected absenteeism. Therefore, meals are not transferable to others whether the individual is a resident or non-resident student. Loaning an ID card to another student for the purpose of gaining access to the dining hall will make all parties subject to appropriate points. Furthermore, resident students are not to loan their ID cards or share meals with commuting or non-students. This will be treated as deception.

If a student loses their ID card, he/she must contact Student Accounts during business hours to obtain a temporary pass or a new ID card.

Shoes and shirts are required for entrance into the dining hall. In the occasion a student attempts to enter the dining hall without shoes or shirt, they will not be allowed entrance until they come back in proper attire.

Animals are not allowed in the dining hall unless they are a service animal. No patrons/students with animals that are not service animals will be allowed entrance into the dining hall.

Note: The University's room and board plan does not include meals during breaks (Fall, Thanksgiving, Spring, Christmas); thus, food service will not be available during these times.
Flames Pass

Liberty University students, faculty, and staff are eligible to receive a Flames Pass, the official campus ID card. Your Flames Pass is valid as long as you are actively enrolled and financially checked-in and provides access to many activities and services both on- and off-campus.

Flames Pass Benefits

- Campus Recreation
- Flames Cash (available for purchase and accepted on-campus and with participating merchants off-campus)
- LaHaye Ice Center (free ice skating)
- Library/ILRC
- Liberty Transit/GLTC (receive a bus pass from the ID & Campus Services Office with presentation of Flames Pass)
- Liberty Mountain Snowflex Centre (free skiing/snowboarding)
- Meal Plan/Dining access
- Pedestrian Tunnel (Wards Road) – see Vehicle, Parking, & Transportation section for more information.
- Printing around campus
- Student Centers (access with paid membership or intensive fee)
- Student discounts at participating off-campus businesses
- Student rates for hockey games and performances at the Tower Theater

Food Deliveries

- **Main Campus/Quad Living/Residential Commons**
  Students ordering takeout food must accept deliveries by the exterior door of the residence hall.

- **Campus East**
  Students ordering takeout food must accept deliveries in front of the building.

**NOTE:** For the safety of all residents, deliveries will never go directly to a student’s room, residence hall, or apartment.

Dining Hall Meal Allowances

Seconds are allowed on all food with the exception of special gourmet nights. A student may go back for more as often as he/she desires. While a student may take all he/she wants, he/she should eat all that is taken. No food, including drinks, sandwiches, crackers, etc., as well as eating utensils are to be removed from the dining hall at any time. This is considered stealing. Fees are budgeted on the premise that the food will be consumed in the dining hall. The dining hall is not responsible for feeding a student’s friend who may not have a meal ticket, or for supplying a student’s afternoon or evening snack. All china, glassware, and eating utensils belong in the dining hall, not in a student’s room.
Note: The Flames Pass does not provide Liberty University Online students with access to the LaHaye Student Center. However, as part of the intensive fee, access is provided for intensive students during the week of their intensive. Memberships to the LaHaye Student Center are also available for purchase.

Flames Pass Policies

You are the only person authorized to use your card. You may not give your card to others, unless instructed to by a University official. The card is non-transferable and is the property of the University. Violators of this policy jeopardize the security of other residents and are subject to disciplinary and/or legal action.

University policy requires students to carry their ID cards at all times and to comply with requests from University officials to present this identification at any time.

It is the cardholder’s responsibility to protect and maintain the condition of his/her card, and the card must be treated with care. You may not attach items (i.e. stickers, etc.) or punch holes in the card. A replacement fee will be assessed for a damaged or lost card.

Get your Flames Pass

After you are financially checked-in, there are three options to receive a Flames Pass:

- Submit a photo online using your ASIST account and pick up your Flames Pass at ID & Campus Services when you visit campus.
- Submit a photo online using your ASIST account and have an inactive Flames Pass mailed to you.
- Stop by ID & Campus Services when you are in the area to have your picture taken and Flames Pass issued

Visit the ID & Campus Services website for more information about the Flames Pass.
Vehicles, Parking, & Transportation

Bicycles and Motorcycles

Motorized vehicles and fuel are not permitted on the residence halls at any time.

- **LUPD**
  All bikes must be registered with LUPD. A decal will be issued at no charge and the decal should be placed on one of the rear forks or behind the seat area. The decal must be clearly visible from the rear of the bike.

- **Authorized Areas**
  Bikes should be parked only in authorized areas where bike racks are provided. (The use of a bike lock is highly recommended.)

- **Bike Racks**
  Bike racks are provided adjacent to most residence halls. Do not chain bikes to telephone poles, stair rails, etc. Locking bicycles to handrails or on ramps impedes access to and from buildings, particularly for community members with mobility disabilities. Please be considerate.

- **Inside Residence Halls**
  Bikes are not allowed in any building entranceway and will be removed at the owner’s expense. Bikes may not be placed in stairwells, lounges, corridors, bathrooms, or any other public areas in the residence halls as they may impede people's ability to exit in an emergency. Blocking these areas constitutes a serious fire hazard and bikes may be confiscated and impounded. A fine will be incurred when the bike is claimed.

  NOTE: Bikes may not be ridden inside the residence halls.

- **In Student Rooms**
  Bikes may be placed under the student’s bed or between the student's bed and the wall. Bikes should be placed in such a way that is will not interfere with exiting the room and will not cause damage to the room or its furnishings.

  NOTE: Any violation of this policy will result in confiscation of the bike. In addition, a safety violation fine will be assessed and a fee will be charged to retrieve the bike.
Parking & Traffic Regulations

For a complete explanation of LU’s parking and traffic regulations, please visit the LUPD website.

Pedestrian Tunnel (Wards Road)

The Wards Road Pedestrian Tunnel will only be accessible by those with a Liberty-issued Flames Pass. Students who live on campus will be able to enter both sides at all times. Each person must swipe his or her Pass (no piggybacking will be allowed).

*Note:* Anyone who violates the tunnel access and parking policies will have their access privileges revoked for the semester.

Shuttle & Transit Services

Visit the LU Transit Services webpage for current information.

Vehicle Search

LUPD staff may search a vehicle for evidence when there is a reasonable indication that a student is in violation of Virginia or Federal laws.
Residence Hall Leadership

Resident Assistants

Resident Assistants (RAs) are mature students whose responsibility is to supervise each residence hall. They provide leadership for the residence halls and assist in the relational, social, and academic development of resident students. They also provide referrals in the area of discipline and counseling.

Resident Directors

Resident Directors (RDs) are Office of Residence Life staff members who live on campus in residence hall apartments with their primary role being to oversee the living experience of the residence halls under their responsibility. This responsibility includes the carrying out of discipline, the oversight of the facilities, and the supervision of academic, social, and physical well-being of the students on the hall. They ensure that the mission of Liberty University and the Office of Residence Life is carried out through their personal interactions with the students of their halls.

The LU Shepherds Office also has residence hall leadership positions. Please see the Spiritual Development section for more information.

Residence Hall Policies

Academic Atmosphere

The atmosphere in the residence halls should be conducive to individual study at all times. Residents are expected to show respect and consideration towards hall mates by keeping noise levels to a minimum. Any noise from a room (including music and television), which can be heard in the hallway, will be considered too loud and a noise violation may be issued.

Bed Buyouts

Students in rooms with an open bed may submit a request to purchase the empty space in their room for a non-refundable buyout fee. Upon approval, the extra bed and accompanying furnishings will be able to be used by the student. Please note that the “extra” furniture will not be removed from the room. All other policies (e.g., Overnight Visitors) remain in effect.

Residence Life reserves the right to place a student in the bought-out bed in extreme circumstances. In those circumstances, the fee will be prorated accordingly.
Check-In Procedures

Students who have completed the Financial Check-In process will select or receive an assignment from the Office of Residence Life. Students who have not completed Financial Check-In will not have an assignment and should contact the appropriate offices to complete Financial Check-In in order to receive an assignment.

- **Keys**
  Keys will be distributed by Resident Assistants during Check-In when the residence halls officially open for the semester. Students should reference the Academic Calendar and Liberty.edu/MoveIn when planning dates of arrival.

- **Early Arrival**
  Students may request Early Arrival prior to the beginning of any semester. In order to gain permission to arrive early, please submit a request in the Res Life Portal (for more information, visit Liberty.edu/MoveIn.) After completing the Early Arrival application, an email will be sent indicating approval or denial of the request. If approved, the email will also give directions for checking in. The cost to arrive early is $20 per night, unless this cost will be covered by a corresponding Liberty University department. This cost does not cover meals for the student before the official opening date.

  If you have any questions, please contact Office of Residence Life at (434) 592-4139 or email residencelife@liberty.edu.

  Residence Life office hours: 8:30 a.m.-5 p.m. EST, Monday - Friday.

Check Out Procedures

At the end of the semester, each student’s room must be thoroughly cleaned by the room’s residents and checked by the Resident Assistant before students can depart campus. Failure to clean the room or Check Out with the Resident Assistant will result in a fine, which will be added to the student’s account. All students must make arrangements to be out of the residence hall 24 hours after their last exam. If staying for summer classes, students must apply for Summer Housing through the Residence Life webpage.

- **Beyond Checkout Requests**
  All students are required to check out of the residence halls by the official closing date and time listed in the Residential Academic Calendar provided by the Registrar's Office. Students who wish to remain in the residence halls longer than the official closing date must fill out a Beyond Checkout Request in the Res Life Portal (for more information, visit Liberty.edu/MoveIn). The Office of Residence Life will approve or deny your request and notify you of the decision via email.

  See Withdrawals section for more information on Early Withdrawals from the Residence Hall.
Curfew & Signing-Out

Students are to be in their residence halls each night by curfew. Everyone is asked to be courteous at all times concerning noise. No one is permitted to do laundry after curfew.

*Note:* Commuter students must be off campus by midnight unless on campus for work, computer lab use or approved special events.

See the Breaks & Summer Policies section for curfew information during University breaks.

**Curfew hours are:**
- Sunday, Monday, and Tuesday – 12 a.m. (midnight)
- Wednesday – 10 p.m.
- Thursday – 12 a.m. (midnight)
- Friday and Saturday – 12:30 a.m.

**Quiet Hours**
Quiet hours must be observed from curfew until 7 a.m. every day of the week. Additionally, study hours on week nights (Sunday-Thursday) will be in effect from 9 p.m. until curfew.

**After Hours Sign-Out**
Any student who is 20 years of age (determined by their actual date of birth) or older may remain off campus past curfew, pending their completion of the After Hours Sign Out sheet prior to curfew. The Office of Residence Life and/or the Office of Community Life reserves the right to revoke this privilege on a case-by-case basis at any time.

Liberty University believes in the importance of Community Groups to foster the spiritual development of students on the residence halls. Therefore, After Hours sign outs will not be allowed from 10-11:30 p.m. on Wednesday nights.

**Late Night Sign-Out**
If a student plans to attend a University-approved event after curfew (i.e., late night activity, computer lab, etc.), he/she must sign the sign-out sheet on his/her hall before curfew. Students going to the Computer Lab are required to swipe in and swipe out of those locations after curfew. Furthermore, it is the student’s responsibility to ensure that they swipe in and out properly.

**Working After Curfew/During Convocation**
Any resident student who must arrive on campus after curfew or miss Convocation due to his/her work schedule, must go to the Office of Community Life’s website and fill out the Permission Form. An email from the employer/manager/supervisor must be sent to communitylife@liberty.edu to verify that they do in fact work there. If missing curfew, the student will still be required to sign out on the appropriate sign-out sheet on the hall.
Overnight Sign-Out
Any time a resident student plans to be out of the residence hall overnight, it is imperative that he/she sign out on the Overnight Sign-Out sheet. This form is made available through the Resident Assistant and must be filled out completely in order to warrant valid permission.

The Overnight Sign-Out Sheet may be used under the following conditions:
- For a maximum of 3 nights per week (Permission to stay off-campus for an extended period of time must be obtained by submitting a Permission Form to the Office of Community Life.)
- When a student goes to his/her own home
- When a student stays in a local hotel or home with a family member (parent, grandparent, or married brother/sister)
- When a student stays off-campus overnight with a married couple
- When a student of senior status (72+ credit hours) or 21 years of age signs out to stay overnight with single individuals of the same gender (Permission for underclassmen or underage students may be requested by submitting a Permission Form to the Office of Community Life.)

Restrictions on the Overnight Sign-Out Sheet
- Students should not arrive or leave campus between curfew and 5 a.m.
- Signing out overnight does not excuse a student from missing Convocation or a class.
- If the student wishes to spend the night on another hall with a friend, they must request permission through the Overnight Visitor Request in the Res Life Portal.

Note: Failure to abide by this policy may result in the issuance of 5 to 15 points.

Disability Accommodations

Liberty University has a policy of equal opportunity that does not discriminate against persons with disabilities. The University is committed to meeting the needs of persons with disabilities by adhering to the requirements and codes of The Americans with Disabilities Act. Comments and concerns should be directed to the Office of Disability Accommodation Support (ODAS).

Students desiring on-campus accommodations due to a disability should notify the Office of Residence Life at (434) 592-4139 or via email with detailed information as soon as possible prior to arriving on campus. The Office of Disability Accommodation Support works closely with the Office of Residence Life in determining reasonable and appropriate accommodations. The Residence Life staff will work one-on-one with students to identify the best residence hall to meet their needs.

Early Withdrawals

Students withdrawing from the University should inform their RA and schedule a Checkout Appointment as soon as possible. The official date of checkout will be the date that all items are removed from their residence hall room. A student who completes their semester coursework early is not considered a withdrawal and is responsible for the entire semester's housing charge.
Eviction / Disruption to Resident Community

Any student who is disruptive to the resident community may be removed from campus. A student may be evicted from the residence halls for any of the following reasons:

- Not Completing Financial Check-in
- Having an outstanding student account balance
- Not being registered for courses
- Due to administrative withdrawal
- Student is ineligible for housing (marital status/age requirements)

Furniture Policy

Students without a roommate should not use the second (or third) set of vacant furniture, as it must be ready to be used by another student. When a student is assigned to a room, the physical furnishings of the room are assigned individually (e.g., wardrobe, dressers, desk & chair, bed, closet, etc.).

Hall Meeting

Hall Meeting is held four times a semester to inform students of University policies, to disseminate information, and to provide a forum for personal and social growth. Resident Assistants, with the help of special speakers, conduct these meetings to promote hall unity and gain awareness to individual needs. These hall meetings will be held on Wednesday nights at 10 p.m., four times throughout the semester and are required for on-campus students. Permission to miss hall meeting may be sought from the RA. Residents will be responsible for obtaining all information given at these meetings by the RA, even if an exception for absence has been granted.

Keys

Student Safety

It is the responsibility of all residents to carry their room key at all times, deny entrance to any person not authorized to enter the building, and report unescorted guests and non-residents.

Concerns about unauthorized entry or suspicious individuals should be reported promptly to residence hall staff (Resident Assistant or Resident Director) and to LUPD.
Because residents have keys only to their respective building, and all visitors must be escorted, students should only permit residents they know into the building. For safety reasons, do not allow tailgating of unknown students.

Students should secure their room at all times and are responsible and liable for any actions of non-assigned students in their rooms. College-for-a-Weekend (CFAW) and University-assigned visitors are exceptions.

**Key Issuance**

Upon arrival, keys are issued to students in their residence halls. Once the key has been assigned, it becomes the responsibility of the student. For security purposes, all students must obtain a room key when checking into a room and that key must be kept as long as they live in that assigned room.

**Duplication of Keys**

Possession of a duplicate or unauthorized key will not be permitted. Students caught with a duplicate or unauthorized key may face disciplinary actions.

**Key Return**

Room keys must be returned to the Office of Residence Life immediately upon withdrawal, checkout or change of room. Failure to return a key immediately will result in a "lost/non-returned key fee" and may result in charges for a lock change.

**Lost Keys**

A lost key should be reported immediately to the Office of Residence Life. A "lost key report" will be completed and a new key issued. The student will be liable for the payment of a "lost key fee" and the charge will be applied to the student’s account. The lost key fee is $25 for the 1st occurrence; $50 for the 2nd occurrence. Continued lost keys may result in additional fees.

Theft, damage or vandalism due to a student’s failure to carry a room key (due to lost key and/or student’s failure to report a lost or stolen key) may result in that student being financially responsibility for items missing from the room.

**University Keys**

Students should not possess any key to any University building, residence hall or office unless that specific key has been officially issued to him/her. No reproduction may be made of any keys issued by the University.

Violations of this policy can be adjudicated by the governing department and/or the Community Life department, when appropriate.

**Lockouts in the Residence Halls**

Student should seek assistance from hall leadership (RAs or RDs) if locked out of room. If leadership is not available, call LUPD at the non-emergency number at (434) 582-7641 for assistance. There will be a $5 charge by LUPD for lockouts.

**Wi-Fi Locks (Commons)**

Liberty University’s Residential Commons buildings are equipped with Wi-Fi key card locks on every
room door. If a card is new, or this is the first time using the card at the lock on the room door, the card should only be scanned one time. The student should wait 40-50 seconds before trying the card on the lock again. Scan the card a second time to gain access to the room.

Pregnant Students

In keeping with its mission of training “Champions for Christ” and its pro-life stance, Liberty University is committed to supporting life, in all its stages. Thus, Liberty is dedicated to supporting and offering resources that promote life to students who become pregnant. Students facing an unplanned pregnancy are encouraged to speak with either the LU Shepherd office or Student Counseling Services.

Pregnant students are permitted to remain in the residence hall, if they choose. However, they will also be automatically approved to move off campus, if they wish to pursue that avenue. Liberty stands ready to assist students as they make these decisions.

Note: The residence halls are set up for single students of the same gender; thus, infants and children are not permitted to live in the residence halls.

Room Assignments

The University reserves the right at any time to: (a) alter, change or cancel a housing assignment; (b) change any room assignment or rate; (c) enter residences during reasonable hours at your request or for routine maintenance, inspections, repairs or housekeeping duties; (d) enter residences at any time for an emergency; (e) control the residences in the event of an emergency; (f) terminate the Housing Assignment for violation of University policies and regulations, for health or social reasons, or for other reasons deemed sufficient by the University.

The Office of Residence Life is responsible for making all room assignments. All room assignments are final unless the Office of Residence Life authorizes a room change. All students must agree to the policies as set forth in the On-Campus Housing Agreement to be eligible to live in the Residence Halls.

Specific information concerning making a housing assignment for the following academic year can be found on the Office of Residence Life website.

Room Change Requests

Students wishing to change rooms to an location may submit an electronic available Room Change request through the Res Life Portal at the designated times. For more information, visit Liberty.edu/HousingRequests.

Students will only be able to request specific rooms that have a vacant bed. Any student wishing to change their current assignment will be charged a $35 non-refundable administrative fee for each processed request. If you are hoping to move because of a roommate conflict, please work to resolve the matter with your RA prior to requesting a room change. Contact the Office of Residence Life if you have questions.
Room/Cleanliness Checks

Residence hall rooms are to be kept neat and clean at all times. The following will be checked on a consistent basis during curfew checks. Should a room not meet cleanliness standards, the students will have 24 hours to make the room compliant. If the room is not compliant within 24 hours, the responsible student will be issued a $10 fine:

- Bed must be clean and orderly
- Carpet must be vacuumed
- Trash must be emptied
- Sink and mirror must be clean
- Dresser tops and other stands dusted and in order
- All personal belongings organized and in place

Additionally, students residing in East Campus, the Quads, or the Commons are required to clean their bathrooms as well. This includes sink and mirror, countertops, toilet, bathtub, and floors. Students residing in East Campus and the Quads are also required to keep their common areas neat and clean. Duties pertaining to the common areas will be assigned to students and will rotate on a regular basis.

Room Search Policy

Designated Student Affairs staff may search a room for evidence when there is a reasonable indication that a student is in violation of school policy or regulations.

Visitors in Residence Halls/On Campus

Individuals who are not residents of a particular residence hall should not be allowed access to that hall unless accompanied by a resident of the hall. All overnight visitors in the residence halls must be between the ages of 16-25 and must register with the Office of Residence Life before arrival. Otherwise, a visitation curfew of 12 midnight will be in effect. Under no circumstances should any person enter the bedroom of the opposite sex. In order to register a guest, a student should speak with their RA, who will aid them in filling out the appropriate form.

*Note:* An individual is only permitted to stay on campus a maximum of five nights per semester (nights may be non-consecutive). Overnight visitors are not permitted during Move-In, CFAW, finals week, or University breaks.

Withdrawals

When students withdraw from the University, it is imperative that they go through the proper procedures as outlined in the University Course Catalog. Upon withdrawal, it is important that students follow the residence hall Check Out Procedures (see Check Out Procedures section for more information).
Early Withdrawals from the Residence Hall

If a student checks into the residence hall, and then withdraws or is allowed to move off campus during the first three weeks of the semester, the residence hall fee will be charged accordingly at a weekly rate. There will be no rebate for the room portion of the residence hall fee after the first three weeks; however, the meals portion will be rebated at a flat rate, regardless of room location. New and transfer students who attend orientation, live in the residence hall prior to the first week of classes, and who then withdraw at any time during that week will be charged accordingly for that time. Please check with Student Accounts for the exact amount which will be charged to one’s student account.
Maintenance Policies

Air Conditioning

All residence halls are air-conditioned. Individual air conditioners, window or floor units, are not allowed in the residence halls. They can overload electrical circuits, pose a safety hazard for individuals outside the building, and damage window frames and sills. However, students are permitted to bring a fan.

Tampering with the air conditioning units is not permitted. Tampering with a thermostat includes, but is not limited to, inserting override passwords, mechanical manipulation, hardware/software changes, intentionally creating the necessity for the BAS team to reset the system, or other circumstances that may arise. This could result in a $100 fine or more as determined by the Office of Residence Life or the Office of Community Life.

Most residence halls (with the exception of the Hill and South Tower) are equipped with a state-of-the-art energy efficient heating and cooling system. These systems remotely manage the setpoints for the buildings. For more information as to what temperatures the systems heat and cool, please see the University Temperature Setpoint Policy.

Residence Halls 017-028 and 033
Furniture and personal belongings must be kept a safe distance from the front of the air conditioning units so that airflow is not restricted. On the Hill (017-028), this distance is 48”; on the South Tower (033), this distance is 24”. Failure to follow this rule could result in points or a fine of $100 if found by any Maintenance staff attempting to service the unit, or by an RA, RD, or other Residence Life staff member. Throughout the year, Facilities Management conducts regular preventive maintenance on each unit, which includes a filter change. Students should lightly dust the air return grille to prevent dust from accumulating on the grille.

On Residence Halls 020-028 and 033, Facilities Management will change the air conditioning to heat in the fall (mid-October), and the heat back to air conditioning in the spring (mid-April).

Damage Billing

Student Responsibility

Students are responsible for any damage or loss caused to their rooms, common areas, or to the residence halls, including all University furnishings and fixtures. Common areas may include, but are not limited to, apartments, lounges, kitchens, bathrooms, hallways, stairwells, mail rooms, breezeways, and elevators. Students responsible for damage, whether accidental or intentional, will be charged for replacement or repair.

Group/Hall Responsibility

If the University cannot determine who is responsible for the damage or loss, the cost will be divided and assessed equally among the residents of the apartment, quad space, common area, floor, or building as applicable. The location of the damage and the nature of the circumstances surrounding the damage incident
will determine the group billed. Hall residents will be informed of hall damage and associated fees should no one take responsibility for the damage.

**Appeals**

All damage charges must be appealed to the Office of Residence Life via email (residencelife@liberty.edu) within 30 days of the date the charges are posted to the student's account.

**Facilities Management/Custodial**

Unless there is a true emergency, students should report custodial or maintenance issues by submitting a **Work Order**. Situations that warrant an immediate response should be brought to the attention of the RA. If the RA is not available, call LUPD for assistance.

Routine cleaning of common areas in the residence halls are accomplished by Facilities Management (Custodial). This includes:

<table>
<thead>
<tr>
<th>Main Campus Residence Halls (017-032 and 033):</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Cleaning of the common areas (i.e., hallways, stairwells)</td>
</tr>
<tr>
<td>• Cleaning of the common bathrooms (i.e., cleaning, disinfecting, and toilet paper provision).</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Campus East:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Custodial services are not provided in apartments.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Residential Commons:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Custodial services are provided for common areas only.</td>
</tr>
</tbody>
</table>

*Note: Custodial Services will not enter nor clean students' rooms or apartments unless a Resident Director requests and/or Facilities Management staff member deems necessary.

**Furniture, Beds, & Room Modification Policy**

Students may make modifications to the residence hall room furnishings (things not attached to the building) at their own risk, but should not make modifications to the physical residence hall room and its fixtures (i.e., hanging items from ceiling tile supports, tampering with electrical wires, tampering with thermostats, etc.). Please visit the Residence Life website for video tutorials to assist with bed adjustments. A Work Order may also be submitted if a student would like a trained University staff member to do make the bed adjustments. Some aspects of loft kits or bunk kits require tools to install. Students may either use their own tools or submit a Work Order to have the loft or bunk kits installed by a trained University staff member. Furnishings and fixtures may not be removed from the room.
Hammocks are not to be used within residence halls. This includes, but is not limited to, attaching hammocks to ceilings, walls, or beds.

A **bunked** bed is defined as one bed secured on top of a second bed with four furniture pins and a safety rail. A **lofted** bed is defined as one bed on top of a loft kit (consisting of two headboards, two stabilizer bars, four furniture pins, and one safety rail). All top bunk and lofted bed surfaces must have a University-supplied bed safety rail installed.

Commons residence hall bedsprings may not be placed on the top rung.

Students should not attach anything to doors or walls in the residence hall with adhesives, nails, or anything else that could potentially damage the door or walls (including but not limited to, hooks, hangers, towel racks, space organizers, etc.).

Any questions regarding residence hall room furnishings and fixtures should be addressed to the Resident Director or Resident Assistant before making any modifications.

---

**Loft Kits**

Standard configuration for three person rooms includes a bunk bed and a loft kit. Loft kits in these locations should not be removed or disassembled. Loft kits are optional in all two-person rooms and may be requested from the Office of Residence Life.

**Loft Kit Requests**

Only University-supplied loft kits may be used in the residence halls. Students may request a loft kit by submitting a request online in the Res Life Portal (for more information, visit the Residence Life website). Due to differing styles of furniture in the residence halls, loft kit requests will be fulfilled based on inventory availability and in the order of requests received.

Once a loft kit is available, the student may either visit the Office of Residence Life to pick-up the kit (two headboards, two stabilizer bars, four pins, and a safety rail) to install the kit himself or herself, or, if the student wishes, Residence Life will place a Work Order to have the kit installed by University staff.

Upon the pick-up of the loft kit by the student or the installation of the kit by University staff, a $50 rental fee will be charged to the student’s account for use until the end of the spring term.

---

**Bunk Beds**

Standard configuration in some two-person rooms may include bunked beds, while others are twin beds. Bunking or debunking of beds is allowed in all two-person rooms. Should students wish to bunk their beds they may either: submit a Work Order for University staff to complete the conversion or complete the conversion themselves. When bunking beds, students must visit the Office of Residence Life prior to bunking in order to receive the bunk kit (4 pins and a safety bar).
Pest Control

Routine extermination services are provided in residence halls year round. Conditions such as ants, bed bugs, fleas, mice, rats, roaches, spiders, beetles, and worms, etc. require a Work Order. For questions on placing a Work Order, see the section on Work Orders below, or contact your Resident Assistant for assistance. The Office of Residence Life monitors all Pest Control Work Orders and will ensure the Pest Control professional is aware of the problem.

Unwanted pests are introduced into the residence halls when the environment provides food, warmth and moisture. Pests may be attracted to open food and drink, as well as toothpaste, deodorant, shampoo, perfume, soap, and detergent. If there are pest issues in or around personal belongings, remove personal items in order to obtain the best results from treatment. The Pest Control professional will not move belongings in order to spray.

The best way to discourage pests is to eliminate possible sources of food/shelter!

- Eliminate as much clutter as possible. Do not store paper bags or cardboard.
- Don’t leave open food or dirty dishes out overnight.
- Do not leave open containers of food on counters or cabinets.
- Keep all food items, snacks, and candy, in sealed metal, plastic, or glass containers that mice cannot chew through, or store them in your refrigerator.
- Store trash in a metal container with a tight cover or remove all food trash daily so that food is not available overnight.
- Keep counters and floor clean especially under & behind refrigerators, ovens, sinks, etc.
- Eliminate clutter on floors, in closets, on furniture, and beneath beds.

Residents are responsible for practicing good housekeeping in their rooms and in the residence halls (proper food storage, clean bedding, prompt cleaning of dirty dishes/utensils and dirty laundry, regular removal of trash from the room, etc.) to help deter pests.

Bed Bugs/Fleas
If bed bugs or fleas are suspected, students may submit Work Order. For more information, please see the Work Orders section below.

Once the Office of Residence Life has been notified, the room will be inspected by a contracted pest control company within 2 business days. A Resident Assistant will meet a Residence Life Associate or Assistant Director for the inspection. It is strongly suggested that at least one student from the room is present for the inspection. The student will then be notified of the results of the inspection.

In case of a confirmed case of bed bugs or fleas in your room:

- Communication regarding the necessary steps of action will come from your Resident Director (RD), as well as an Associate or Assistant Director from the Office of Residence Life.
- A flyer will be given to the student with specific information and directions. All soft/cloth belongings (clothes, bedding, rugs, etc.) must be washed with hot water and dried using a
clothes dryer. Any soft items that cannot be washed must be disposed of. Hard items (refrigerators, filing cabinets, etc.) must be wiped down with a damp cloth.

Students will be assigned to a new housing location with the option to return to the room after it has been treated by the pest control company and cleaned by Facilities.

Any questions or concerns can be directed to the Office of Residence Life at (434) 592-4139 or by email at residencelife@liberty.edu.

Power Outages

Power outages are unpredictable because it is uncertain when the power will come back on. Students are encouraged to have an Emergency Preparedness Kit to include snacks, medications, a flash light, and other important items. Please see the Emergency Preparedness Kit section below for more detailed suggestions on what to include.

For safety reasons, it is important that hallways and stairwells be kept free of obstructions at all times in case the power goes out (no bikes, shoes, welcome mats, etc.). During daylight hours, students should prop open their bedroom doors to flood some light into the hallway. Students should use caution when exiting the building and use their flashlight at all times.

The Office of Residence Life will work closely with Facilities Management to determine when to expect the lights to return and will keep in close contact with the Resident Director. If the power outage happens at night, students should remain in the building unless the fire alarm goes off; then everyone should evacuate the building.

In the event of a power failure of any kind, notify the Office of Residence Life immediately at (434) 592-4139. If there is potential danger to building occupants, or if the power failure occurs after hours, on weekends, or on holidays, call LUPD at (434) 592-3911.

Things to remember during a power outage:

- Turn off all light switches. The voltage may fluctuate and damage any lights that are on.
- Set all equipment and appliance switches to the OFF position. This is to protect against kicking out the circuit breakers, blowing fuses, or damaging equipment when the full surge or current hits as the power comes back on.
- Increase ventilation by opening windows. If the power failure lasts more than a few minutes, it will be necessary to evacuate persons from darkened areas (restroom, stairwells, or other areas with no windows or natural lighting).
- Facilities Management may be able to estimate the duration of the power failure. If the failure is to be lengthy, administrators will decide on continued operations in their building.
- Report all persons trapped in elevators to LUPD at (434) 592-3911.
- If it becomes necessary to evacuate the premises during a blackout, be sure to protect all valuables and make sure that all equipment is safe when the power comes back on.
If an emergency exists:

- Activate the fire alarm to initiate evacuation. Please also report the emergency by phone to LUPD at (434) 592-3911.
- When the alarm sounds, all occupants should immediately and safely exit the building.

Elevators
When there is a power failure, do not use the elevator. It may become inoperative and trap users inside.

Physically Challenged
Assist disabled persons in exiting the building. If these persons are unable to use the stairs, assist them to a stairwell where they will remain. Notify LUPD officers on the scene where these persons are. They will assist them in evacuating the building.

Distance from Building
Evacuate to a distance of at least 150 feet from the building and out of the way of emergency personnel.

Returning to Building
Do not return to the building until instructed to do so by LUPD officers. An LUPD officer will correspond with the appropriate authorities to evaluate the situation and to supervise an evacuation or other appropriate action. LUPD will initiate the proper notification procedure for contacting appropriate personnel when a power failure occurs on or near campus.

- Flashlights
  At present, campus building lighting may not provide sufficient illumination in corridors and stairs for safe exiting. It is therefore advisable to have a flashlight and portable radios available for emergencies.
- LUPD Emergency Number: (434) 592-3911

Water Outages

Water outages are unpredictable since it is uncertain when the water will come back on. The On-Campus Living Guide instructs students to have an Emergency Preparedness Kit, which includes snacks, medications, bottled water and other necessary items. See Emergency Preparedness Kit section below for more information.

Residence Life will work closely with Facilities Management to determine when to expect the water to return and will keep in close contact with the RD. It is suggested that students coordinate with other students of the same gender to use bathrooms/showers in nearby halls.

In the event of a water outage of any kind, notify the Office of Residence Life immediately at (434) 592-4139. If there is potential danger to building occupants, or if the water outage occurs after hours, on weekends, or on holidays, call LUPD at (434) 592-3911.
Work Orders

Students should report custodial or maintenance issues to Facilities Management by submitting a Work Order. Situations that warrant an immediate response should be brought to the attention of the RA, and all maintenance (repairs) in the residence halls/rooms/apartments should be reported to Field Operations as soon as possible. Your repair request will be placed on the schedule; but please recognize that some repairs require immediate response, others do not.

If you need to call Facilities Management to follow-up on your Work Order, remember to have the Work Order number handy; this is important if you need to follow up on the problem again later. Work Orders are submitted by selecting the craft that best fits the problem. A list is provided below.

When entering information on your Work Order request, it is important to ensure that you capture the location (Room and Building) on the Work Order. Providing an accurate description of the problem and its location will help expedite the repair. The repair request will be assigned to the appropriate craft trades person.

Facilities Management responds to Work Orders in 48 hours or less depending on the severity of the problem.

Maintenance Personnel in the Residence Halls

Maintenance personnel will:

⇒ Announce themselves loudly by saying, "Maintenance," when entering a room/hall/apartment;
⇒ Say, "Maintenance," before knocking on a student’s door;
⇒ Knock again before entering the room, if there is no response.

If the room is unoccupied, the Maintenance staff will still enter the location and may leave behind a courtesy card. The courtesy card will inform you of the status of your request. Upon completion of your Work Order, students will receive a completion report email.

**Accommodations**

**Courtesy Phones**

- **Main Campus** - Two phones per hall
- **Campus East** - One phone on the 2nd floor landing
- **Quad Living** - No courtesy phones are available
- **South Tower** - One courtesy phone is located in the elevator lobby on each floor
- **Residential Commons I** - Two phones per hall
- **Residential Commons II** - One phone per common area on each floor
- **Residential Commons III** - One phone on the column in the link and one phone on the ground level near the north wing elevator
Courtesy phones will work for local calls only; however, long distance inbound calls will also work. If a phone is not working properly, submit a Work Order, detailing the problem and location.

Laundry Facilities

Campus East Apartments are each equipped with a washing machine and dryer (no coins or card required). The on-campus laundry facilities listed below for other areas of campus are only to be used from 6 a.m. to 11:30 p.m. If maintenance is needed on any of these machines, submit a Work Order.

Locations

- 020-1 (Hill)
- 024-1 (South Campus, between Residence Halls 029 and 033)
- 033-1 (South Tower, female only)
- Residential Commons (every floor in the common area)

Payment Options

- Main Campus washers and dryers accept Flames Cass, coins, or a combination of both. All Laundromats are equipped with change machines.
- Please submit a ticket to the IT Helpdesk for any issues with badge readers.

For more information about on-campus laundry facilities, click here.

Mail

Receiving Mail/Packages
Each on-campus student is assigned a Liberty MSC box number based on their residence hall room location.

To find your mailbox information, visit the “View Room Details” page in the Res Life Portal. Some boxes have combinations and some have keys. If there is no combination listed in the Res Life Portal, please visit Postal Services with a photo ID to pick up your key. For more mail details, see the Student Mail Information webpage.

Mail Drop Locations
Postal Services has provided several locations for mail drop throughout campus, which can be found on their website.
Email

Liberty student email accounts are the official means of communication for the Liberty University community. Students must check this email account on a regular basis.

Vending Machines

Vending machines have been placed on many residence halls for the convenience of the residents. Shaking, tipping or tampering with any vending machine will be considered vandalism. Please report any problems with the machines by emailing vending@liberty.edu. If money is lost in the machines, a refund may be obtained from Student Accounts.

Bulletin Boards & Distribution of Literature

Bulletin Boards in Residence Halls
In order to keep the student body aware of current information and policy changes, each residence hall has a bulletin board mounted near the middle of the hallway. All resident students should make themselves aware of all official information posted on these bulletin boards. Students should not post their own materials on bulletin boards without permission from the RA. Any materials placed on bulletin boards without approval will be removed. Materials placed on windows, walls, or doors will also be removed.

Bulletin Boards in Academic and Administrative Buildings
There are bulletin boards throughout the campus for general student use, as well as several assigned boards for specific club and organization use only. Commuter Student Life maintains several boards for general promotion of campus resources and events; however, approval is required before materials can be placed on these boards. Any materials placed on bulletin boards without approval will be removed. Materials placed on windows, walls, or doors will also be removed. For more information, contact Commuter Student Life.

Distribution of Literature
Distribution of pamphlets, flyers, or other literature in the residence halls requires written approval from the Office of Residence Life.

Pictures and Posters
All posters and pictures in the residence halls should coincide with the standards and policies of the University, i.e., all posters and pictures should conform to the University's music, movie, video, dress and conduct standards. No road, traffic, or office signs may be displayed or stored in the residence halls. Resident Directors and Resident Assistants will check rooms on a regular basis to give guidance, answer questions and ensure compliance.
Approved & Prohibited Items on the Hall

Abandoned Items/Lost and Found

Any personal property left in the residence hall room, common area, or in any storage area after termination of the housing contract occupancy period is considered abandoned. The University does not assume responsibility for the shipping and handling of personal property and is not responsible for personal items left on campus. If personal property is left in the residence halls/rooms, fees may be assessed. The University reserves the right to dispose of any items considered abandoned. The University assumes no liability for damage or loss of any abandoned property on its premises.

Lost and Found

Items Lost on Campus

The Lost and Found Office is located at the Liberty University Police Department; lost items can be picked up at their location.

Items Lost on GLTC Buses (Transit Service)

All items found on GLTC buses are turned into the GLTC Office after the bus is cleaned. After 2 business days, those items are taken to LUPD where the Lost and Found items can be picked up. For items lost within the last two days, please call GLTC at (434) 455-5080.

Appliances in Residence Halls

According to the Fire Code, appliances should be plugged directly into a wall outlet. Use caution when plugging electrical devices into an outlet near a water source.

The following appliances ARE NOT permitted in the residence halls on campus:

- Electric stoves
- Air Conditioners
- Space heaters
- Hot plates
- Fire places/fire pits
- Lava lamps
- Any open-coiled appliance
- Toaster ovens*
- Toasters*
- Crock pots*
- Sandwich makers*
- Rice makers*
- George Foreman-type grills*
- Griddles*

*Starred items ARE permitted only in residence halls with full kitchens (Campus East and the Quads).

Microwaves

Microwaves are not provided in public areas of the residence halls. Students seeking to perform more substantial cooking should consider living in locations with kitchens (Campus East and the Quads). Microwaves are allowed in student rooms, whether as individual units or as part of a refrigerator/microwave combination, and may not exceed 1000 watts.

Rooms located in the Residential Commons already have compact micro-fridge unit provided; therefore, no additional microwaves or refrigerators are allowed in these rooms.
**Micro-Fridges & Mini-Fridges**

Mini fridges and combination refrigerator/microwave units are allowed in student rooms as long as they bear the UL approved seal and the refrigerator portion does not exceed 4 cubic feet, 1.5 amps, and 100 watts.

Rooms located in the Residential Commons already have a compact micro-fridge unit provided; therefore, no additional microwaves or refrigerators will be allowed in these rooms.

**Coffee Makers**

Residential-style coffee makers are allowed in student rooms. Not allowed are restaurant-style or commercial coffee makers, or those that keep water perpetually hot and ready for instant use. An "automatic shut off" function is a desirable safety option to ensure that the unit turns itself off if you forget to do so.

**Candles, Candle Warmers, & Incense Burning**

Candles, candle warmers and the burning incense of any kind (including birthday cake candles) are fire hazards and are **prohibited** in the residence halls. Bulb candle warmers are the only type of candle/wax warmers allowed on campus.

*Note:* Noncompliance of this policy may result in a $100 safety violation.

**Decoration Policies**

- **Curtains, draperies, hangings, flammable material:** such as bedding sheets, crepe paper, construction paper or cardboard should not be attached to walls and ceilings, as they are a fire hazard. The aggregate of all flame-resistant materials cannot exceed more than 50% of the total wall area, as determined by the Lynchburg Fire Marshall and Commonwealth of Virginia Fire Code.
- **Combustible materials:** that are secured under glass become classified as flame-resistant and are permitted.
- **Decorative lights:** are allowed. All lights must be LED, UL certified, and shall not be attached to ceiling tiles.

**Christmas Decorations**

Students are permitted to decorate for Christmas, but must do so using the following safety regulations.

<table>
<thead>
<tr>
<th>Trees/Wreathes</th>
<th>Only artificial trees and wreaths can be used in or around the residence halls.</th>
</tr>
</thead>
</table>
| Timeframe      | Students may put up Christmas decorations in the residence halls between Thanksgiving Break and Christmas Break.  
                  Christmas decorations must be removed during White Glove Checkout at the end of the fall semester. |
### Lights
- All lights must be LED and UL certified.
- Lights and surge protectors must be placed along walls or run above door jams to avoid trip hazards. Lights can be on from dusk to curfew.
- Use UL certified outdoor lights and surge protectors. For all outdoor decorating, run lights through windows, not doorways, to avoid trip hazards.
- Do not use staples to attach light to ceiling or wall (electrical hazard).

### Doors/Windows
- Windows are to be safely and appropriately decorated from the inside only, with the exception of lights, wreaths, garland, banners, and flags.
- Exterior doors can be covered, but for safety reasons, a small opening for visibility must remain.

### Hanging Decorations
- Refrain from decorating or hanging things from ceiling tiles and light fixtures to avoid creating a fire hazard.
- Nothing should be hung from, attached to, or cover fire sprinkler heads, fire alarm panels, fire extinguishers, fire pull boxes, or wireless access points.

### Decorative Materials
- Flammable material should not be attached to walls. Wall coverings should not exceed 50% of total wall space.

### Ceilings
- No low-hanging lights, decorations, or combustible items should be hung from the ceiling because it could obstruct a firefighter's vision.

*Note: Only one surge protector per outlet is permitted.*

### Questions/Concerns?
Visit the Office of Residence Life website for details or ask your RA or RD for clarification.

*Note: Christmas decoration information is subject to change each year. RAs will be notified of any changes.*

### Extension Cords
By fire safety regulation, grounded, maximum 15-ampere rated surge protectors with an integral circuit breaker are the only type of extension cord allowed in residence halls. This is a very important fire safety rule as overloaded extension cords can cause fires. Surge protector-type power strips are readily available in local stores. Appliances (e.g., refrigerators) should be plugged directly into existing electrical outlets, not into a surge protector.

### Grill Identification Policy
All grills must be registered with the Office of Residence Life in order to be operated on-campus. Registrations are only good for one academic year and grills must be removed from campus over the summer break. A student may inherit a grill from another student but becomes the sole owner and responsible party
by the registration of said grill. A student wanting to register their grill for use on-campus during the academic year may do so by completing the registration form at the front desk of the Office of Residence Life. The student will be issued a decal, specific for that academic year, to be placed visibly on the grill. Grills must be registered within one week of arriving on campus; grills not registered or properly identified by the requisite decal may be disposed of. Grills left on campus over the summer break will be disposed of two weeks after Commencement without the possibility of compensation to the owner. (Flammable materials used for grilling may not be stored in the residence halls. Please see the Safety & Security section below for more information.)

**Halogen Bulbs**

By fire safety regulation, halogen bulbs or torchiere floor lamps are prohibited in residence halls. The biggest safety concern is the open top design and the intense heat generated by the halogen bulb. These lamps have been the cause of a number of fires largely by coming into contact with cloth of some sort and igniting it. Halogen bulbs or torchiere floor lamps found in residence halls will be removed immediately.

**Lightbulbs**

The University strongly recommends the usage of energy efficient lightbulbs. These types of lightbulbs are available at local stores, for a marginal cost, and can significantly reduce energy costs.

**Skateboards & Scooters**

Skateboards and scooters are permitted on-campus; however, they are prohibited to be ridden, operated or stored in residence hall hallways or common areas. Students should store these items in their rooms, ensuring they do not block emergency egress (e.g., store them under the bed).

Skateboards and/or scooters found to be stored in a residence hall hallway, or ridden or operated in a residence hall may result in Safety Violation. Additionally, residence hall damage caused by the riding, operating, or storage of skateboards and scooters may result in a damage billing charge to your student account.

BIRD Scooters are prohibited in the residence halls at all times.

**Storage**

The University does not offer storage services. Students who are not returning to school for the spring semester or who do not reside on campus during the summer months must make arrangements for the storage of personal belongings. The University does not assume responsibility for the shipping and handling of personal property and is not responsible for personal items left on campus (see Abandoned Items section for more information).
Television & Accessories

Antennas, Cables and Satellite Dishes
Students are not permitted to have individual antennas or satellite dishes that attach to or are hung from the exterior of any residence halls.

Cable Services
Liberty University does not offer cable services at this time.

Pets
Only fish and hermit crabs are allowed in the residence halls. Service dogs are allowed and the appropriate RD will be notified should a student with a service dog be placed in their buildings. If roommates and/or apartment mates are allergic to the service dog, the Office of Residence Life will process a room change at no charge, capacity permitting.

Service Animals & Emotional Support Animals
A student may have a Service Animal or a prescribed Emotional Support Animal (ESA), as designated by a therapist. All documentation is to be turned in to the Office of Disability Accommodation Support (ODAS). The Office of Residence Life will then determine if the documentation provided is approved for the animal to stay inside the residence hall. All policy documents and request forms can be found under ‘Disability Accommodations’ on the Residence Life webpage.

Liberty University abides by the one-bite policy, stating that if the animal bites another student even once, the animal will need to be removed from campus. No animal is to be unattended for extended periods of time as determined by RDs and the Office of Residence Life. All animals must be crated when unattended or when the student is sleeping.

Breaks & Summer Policies
The residence halls will remain open during Thanksgiving and spring breaks; however, residence halls will be closed during Christmas break. The University board plan does not include meals during any breaks (spring, Thanksgiving or Christmas). Any student arriving early from any break is responsible for meals until dining services officially open for each group of students. Refer to the annual University calendar for the date residence halls and dining services will be open.

Students desiring to leave earlier than the scheduled breaks must notify their RA. Leaving the residence halls early does not excuse students academically. Liberty University regulations and policies are in effect at all times, including semester breaks and summer. All individuals residing on campus during these times are expected to consistently uphold the standards of the school.
Note: Curfew will be 12:30 a.m. throughout breaks and summer; dress code for summer school and/or intensives will be class dress. Please see the Liberty Way for more information.

Commencement Housing

Many Liberty University alumni, parents, and family members reserve rooms in the residence halls for Commencement. Typically, Campus East apartments and Residential Commons rooms are used for Commencement Housing. Students living in these rooms may be asked to move to alternate locations to accommodate.

Summer Housing

Refer to the Summer Housing webpage for current information.
SAFETY & HEALTH

Safety & Security

The personal security of Liberty University students is a primary concern for the Office of Residence Life (ORL) and Liberty University Emergency Preparedness (LUEP). Additionally, there has been a concerted effort campus-wide to enhance safety and security in our community. We are committed to your security concerns and problems and encourage you to work with us to make this community a safe, enjoyable one. Liberty students can maximize their personal security/safety by remembering that it is also their primary responsibility.

Your situational awareness is a choice you have to make. Situational awareness is not only just your ability to notice things that are out of place, or potentially dangerous, but also your ability to quickly make complex, informed decisions, based on the information you have at that time.

For major safety concerns, contact LUPD Emergency at (434) 592-3911. Additionally, the Office of Residence Life employs full-time Resident Directors, who are scheduled to provide an on-call representative at all times. To reach them, please contact LUPD Non-Emergency at (434) 592-7641 and ask for the RD On-Call.

Residence Hall Safety

It is necessary for every resident to share the responsibility for the safety and security of his/her residence hall. The following is a list of safety/security violations (this list is not all inclusive):

- Discharging a false alarm/setting off alarm with fireworks or smoke
- Tampering with the locking mechanism of any residence hall door
- Disconnecting/tampering with any smoke detector in a residence hall or room
- Discharging a fire extinguisher for reasons other than extinguishing a fire
- Lighting a fire in or around a residence hall
- Possession/use of matches, lighters, candles, incense, or other flammable substances in a residence hall
- Propping open any exterior residence hall door
- Possession/use of halogen lamps
- Tampering with a fire extinguisher (or other safety equipment) in any way
- Climbing in/out of residence hall window
- Stepping on a/c or heating unit

Commission of any safety/security violation will result in a $100 fine. If the violation occurs in a residence room and no one claims responsibility, the consequences will be shared equally among the occupants of the room. If the violation occurs in the residence hall (or any commons area) and no one claims responsibility, the fine will be divided equally among all occupants of the hall.
On-Campus Safety

A safe campus is an important aspect of the learning/living environment at Liberty University. Liberty seeks, through student involvement with staff, to promote a safe campus for the entire University community. Some of the safety issues promoted are:

- When walking or jogging, do so in pairs or groups and stay in well-lit areas
- Always keep your residence room locked when its occupants are away or sleeping
- Never leave cash in a residence room
- Keep the exterior doors to the residence hall secured at all times; never prop them open
- Never leave personal belongings or valuables unattended (e.g., in the cafeteria, gym, or bookstore)
- Immediately report any crime or suspicious activity to Liberty University Police Department at (434) 592-3911

Off-Campus Safety

Students are expected to use caution when participating in off-campus activities. Safety laws should be observed and followed at all times.

Note: The James River, near the Scott's Mill Dam, is a very dangerous area and is therefore off-limits for swimming. The Amherst County Police Department has been notified to enforce this safety precaution and a $100 safety violation fine will be imposed to anyone violating this restriction. Additionally, the train trestle over the James River is strictly off-limits (as noted by “No Trespassing” signs posted in the vicinity).

Furthermore, Central Virginia has many hiking opportunities. While these opportunities provide students with outdoor entertainment during their free time, there is a certain amount of risk involved (e.g., Crab Tree Falls). Students should ensure that they are utilizing good hiking practices and are following the instructions of all posted signs.

Biohazards

Biohazards present risks to both students and their environment. Biohazards include, but are not limited to, blood, vomit, other bodily fluids, overflowed toilets, etc. Students who use syringes for medical reasons should dispose of used sharps within the appropriate containers. Students responsible for biohazards as a result of horseplay may incur expenses for damage or cleaning charges assessed by the Office of Residence Life.

Bomb Threats

As in any emergency situation, LUPD should be notified immediately at (434) 592-3911. In a bomb threat situation, try to get as much information from the caller as you can and be prepared to give your name and the exact information you received to LUPD. After contacting the police, contact your RD. Do not investigate. Wait for further instruction from LUPD, ORL staff, or other campus officials. A bomb threat checklist can be found at this webpage.
Carbon Monoxide Detectors

Although carbon monoxide (CO) detectors are not required by law in our facilities, Facilities Management has installed detectors in all residence halls where combustion devices are located. The following residence halls have carbon monoxide and gas detectors:

020, 021, 022, 023, 025, 026, 027, 028, and 033

In areas already wired for a central fire detection system, the CO detectors are hard-wired, and in other areas the detectors are battery-operated and inspected monthly.

Housing residents are asked to keep in mind that not all areas have the potential to be exposed to carbon monoxide. In addition, many devices are located in areas that are only accessible to maintenance staff; therefore, though you may not see a device, it doesn't mean you are not protected. Below are some answers to frequently asked questions about carbon monoxide:

What is carbon monoxide?

CO is a colorless, odorless gas produced by burning any fuel. Oil and gas furnaces produce CO. Other common sources of CO include gas appliances (stoves, water heaters, etc.), charcoal or gas grills, wood stoves and fireplaces, automobiles, lawnmowers, and other gas-powered tools.

What is the effect of exposure to CO?

When inhaled, CO binds to red blood cells and starves the body of oxygen. Exposure to high levels of CO may cause headache, nausea, vomiting, chest pain, dizziness, weakness, convulsions, loss of consciousness, and death. The symptoms of CO poisoning may be mistaken for other illnesses, such as the flu or alcohol poisoning. Very high concentrations of CO can cause loss of consciousness in only a few breaths.

How do CO detectors work?

CO detectors periodically measure how much CO has accumulated, and display a digital readout of the concentration in parts per million (ppm). They sound a loud alarm before the concentration of CO becomes high enough for adults to experience symptoms.

What do I do if the alarm sounds?

- Evacuate immediately to fresh air
- From another area, call LUPD at (434) 592-3911
- Do not re-enter the building until a staff member indicates it is safe to do so
- Emergency personnel and University staff will measure CO levels and
determine the necessary course of action. CO monitors are designed to minimize the occurrence of false alarms, so treat all alarms as the real thing.

What happens if we lose power?

Some detectors are battery-operated and will not be affected by a loss of power. For hard-wired detectors, the system is equipped with a backup battery that will provide power to the monitor for several hours.

Concealed Carry

Liberty University has permitted concealed carry permit holders to exercise their right of self-protection on Liberty's campus. This right is extended to concealed carry permit holders in their individual capacities and not as authorized representatives of Liberty University or any law enforcement agency. A weapon should never be openly carried except while necessary for its lawful use. The concealed carry permit holder must exercise his or her individual discretion in determining whether the use of a weapon is lawful.

Concealed carry permit holders should only draw or brandish their weapon if lawfully permitted to do so, such as in response to an immediate threat to themselves or to others they have chosen to protect.

Once law enforcement arrives, it is imperative that concealed carry permit holders immediately follow all law enforcement commands.

Door Security

Most thefts in residence halls are crimes of opportunity. To protect yourself and your belongings, securely close and lock your room door (even if you think you are just going down the hall).

All exterior doors are locked 24 hours a day/seven days a week from the outside. There are propped door alarms on most of the exterior doors of the residence halls. If the door is held open or propped open, the alarm will sound after a short period of time. To silence the alarm, simply close the door.

It is the entire community’s responsibility to ensure a safe environment. Please do not prop doors open; if you notice a door propped open, close the door to secure it immediately.
Elevator Malfunction

If you become trapped in an elevator, use the emergency telephone or activate the elevator emergency bell within the elevator car. If you are not inside the elevator, but hear an elevator bell, please take the following actions:

- Call LUPD Emergency Number (434) 592-3911.
- Give the emergency dispatcher the following information:
  - Building name
  - Location of malfunctioning elevator within the building
  - Where the elevator is stopped, if known
  - Whether a medical emergency exists
- Before hanging up, ensure LUPD dispatch has the pertinent information.
- Try and keep the occupants calm while waiting for help to arrive. Remember that elevators have mechanical safety brakes that will operate in all situations, even during power failures.
- Do not attempt to pry open elevator doors. Leave this to the emergency responders!

Emergency Notification

Campus Warning Siren

Liberty University is equipped with an emergency warning system to notify students, faculty, and staff should there be any potential dangers or threats to the campus community. The campus warning siren will sound to alert the University community in the event of emergency such as an active shooter or hazardous weather conditions. If you hear the siren, go inside immediately. Stay away from all windows and wait for further instructions. Stay inside until you hear the “All Clear” announcement.

Emergency Text Messaging

To receive emergency alerts by text message and/or email, visit your myLU page and complete the emergency notification section contained within your profile. Liberty University will only send notification messages in the event of an emergency, or to test the system (once per semester, typically).

Contacting LUPD

Liberty University Police Department officers patrol the campus and are available to respond to calls 24 hours a day. In an emergency situation affecting the safety of University residents or property, the police should be notified at (434) 592-3911. If at any time you feel threatened with physical harm, contact LUPD.
Emergency Preparedness Kit

In the initial minutes or hours of an emergency, University officials must assess the threat to life and property, survey damages, and plan how staff and emergency services can best re-establish or continue to provide necessities such as shelter, food, and sanitation.

Students who are not personally at risk from the emergency should plan to carry on without some services for a period of time. Students may be directed to stay in their residence hall rooms if they are not damaged, or in classrooms or dining halls in case of some outside threat to the campus community. Students should follow the directions of University officials, including faculty, staff, and LUPD.

In case of an emergency on campus, such as a power outage, ice storm, severe weather warning, or secure-in-place situation, students should prepare by maintaining a simple emergency kit in their rooms including short-term food supplies.

Emergency Kit Suggestions

This type of kit is highly useful for students who need quick and easy access to medical supplies, safety tools, and emergency equipment. Emergency survival kits can also hold extra school supplies and snacks. The kit, which can be a small briefcase, box, or duffel bag, keeps essential goods and supplies in one convenient place.

Medical Supplies

Including medical supplies in an emergency survival kit allows a student to treat minor injuries without having to visit the campus health facility or local drugstore. The following medical items are convenient for storing in a kit:

- Over-the-counter remedies for headaches and body aches, such as Tylenol, Aleve, or Advil. These are useful for relieving minor cramps and pains.
- Hydrogen peroxide, Neosporin, and first-aid cream, to use when cleaning small cuts and scrapes.
- Burn ointment for minor burns (from a toaster oven, curling iron, etc.)
- Band-Aids in a variety of sizes and shapes
- Gauze and medical tape
- Compresses or gel ice packs
- Extra feminine supplies

Safety and Emergency Supplies

Minimize the inconvenience of minor emergencies with items such as:

- Several hand-held flashlights, to use if the power goes out unexpectedly
- Extra batteries (a variety of types)
- A small fire extinguisher
▪ Extra bottles of water
▪ A universal battery-powered cell phone charger
▪ A small toolbox filled with assorted handheld tools
▪ Duct tape for quick repairs

Healthy Snacks

Several types of dried or canned goods are great to have on hand when an emergency arises.

▪ Dried fruits, such as apricots, bananas, and apples. These snacks keep well in a sealed container.
▪ Pretzel sticks, multi-grain crackers, and other snack packs.
▪ Granola bars, nuts, raisins, or trail mix.

Evacuation Preparedness

Evacuation (when required) is the responsibility of all resident students. All residents must remain calm, move quickly (no running), and remain out of the way of emergency personnel and associated equipment. When exiting the building and proceeding to the pre-planned assembly area, remain at least 150 feet away from the building walls and overhangs.

In the event you are unable to exit the building . . .

▪ Remain calm, do not panic
▪ Remain low; crawl if necessary
▪ Place a cloth, wet if possible, over your mouth/nose to serve as a filter.
▪ Place clothing/towels, wet if possible, around your doors to block smoke from entering your room.
▪ Use your phone to inform LUPD (434) 592-3911 of your location.
▪ If the phone is not working signal for help from a window. Use a towel, clothing, sign, etc.

Notifying LUPD

If you discover any situation that requires evacuation of a building or residence hall, leave the building and call LUPD Emergency at (434) 592-3911. Speak slowly and clearly and provide your name, the exact location of the emergency, and any other relevant information (is anyone hurt?, etc.). LUPD will contact the necessary emergency personnel.

Fire Safety

A fire may include visible flames, smoke, or strong odors of burning. The appropriate emergency action is for persons to evacuate the building quickly and safely and notify the Fire Department by calling LUPD Emergency at (434) 592-3911.
Fire Alarm Procedures
For the health and safety of all members of the community, students are expected to comply with all fire and safety regulations required by the University or applicable local, state, and federal laws.

When an alarm sounds, each person is required to exit the building and to move at least 150 feet from the building once outside. Public Safety and/or University officials will give further instruction. No student is permitted to re-enter the building until instructed to do so by a staff member. Each student is urged to be ready to evacuate the building, and take essentials with them, such as keys, shoes, and a flashlight.

If a student is a heavy sleeper or has special medical circumstances that may prevent her/him from hearing an alarm or exiting the building in a timely manner, it is her/his responsibility to make arrangements with a fellow student to ensure that she/he may do so.

Students are discouraged from wearing ear plugs or in any way hindering their ability to respond to a fire alarm. For their own safety, and to comply with applicable law, all students are required to exit the building when the alarm sounds unless otherwise directed by public safety or University officials.

Fire Drills
Fire drills will be conducted twice a semester by the Resident Director in coordination with LUPD and LU Emergency Preparedness, to give residents an opportunity to practice and learn safe exit procedures. In a fire drill, all persons are required to immediately evacuate the building.

Fire Evacuation Procedures
When a fire alarm sounds, take it seriously and assume that there is a fire. All persons are required to immediately evacuate the building. Failure to immediately evacuate a building when the alarm sounds, tampering with fire safety equipment, causing a false alarm, or reporting a false fire may result in a Safety Violation and fine of $100.

Fire safety is of paramount importance within the residence halls. Your actions could affect the life and property of other students in your community. Please be aware of your actions and observe health, fire, and personal safety policies.

Students are responsible to understand the process. Be sure to attend RA briefings and follow directions for evacuations:

1. If there is smoke in your room, keep low to the floor. Crawl to your window and open it a few inches to allow in fresh air.

2. If your room is clear of smoke, touch your door before opening. If it is hot, do not open it! Stay in your room and wait for emergency personnel to reach you. Hang a sheet from your window to identify your location. If smoke is entering the room, stuff all openings with towels, etc.
3. If your door is not hot, close your windows and turn out the lights. Do not stop for personal belongings except for a coat, shoes and a towel (to reduce smoke inhalation), if the situation allows. Exit the room, closing the door behind you and move quickly, but without panic, toward the nearest fire exit. Activate the fire alarm system if it is not already sounding.

4. Never use the elevators in a fire evacuation. Exit down the stairway, making room for the people on lower floors as they enter the stairway.

5. After you have exited, move away from the building, clearing it by at least 150 feet, and wait for further instructions. If LUPD is not already on site, call (434) 592-3911. Be sure to speak slowly and clearly, and provide your name, exact location of the fire or emergency, and any other relevant information (if anyone is hurt, etc.).

6. Keep out of the way of emergency personnel. If you believe someone is trapped on your floor, report this immediately to LUPD.

7. The building shall not be re-entered until authorized personnel such as LUPD or Lynchburg Fire Department indicates that the building is safe to re-enter.

8. Building occupants must check-in with their Resident Assistants for accounting purposes.

**Room/Hall Fire Detectors**

- Students should be aware that cooking popcorn could set off the smoke detector.
- Students are responsible to monitor any cooking to prevent smoke that would set off detectors.
- If the building alarm sounds, students are to evacuate the building and follow fire drill procedures.
- Smoke detectors should not be removed for any reason.

All residence hall fire alarms that are activated by a detector communicate directly to LUPD.

**Fire Safety Equipment**

All fire safety systems and equipment are checked by University personnel routinely and must pass fire code safety inspections. Please report any fire safety equipment problems (including missing equipment) immediately to Facilities Management by submitting a [Work Order](#) and telling your Resident Assistant.

Because of the dangers to residents and firefighters associated with equipment that has been tampered with, false fire alarms and intentional fires, there are criminal and civil penalties for intentionally setting any fire, for intentionally causing any false fire alarm and for vandalizing or tampering with any fire alarm or fire protection equipment (including covering smoke/heat detectors).

**Fire Extinguishers**

Fire extinguishers should only be used in the case of an emergency. Always remember that evacuation is your first option. When using a fire extinguisher, trust your instincts. Do not attempt to use a fire extinguisher if you are uncomfortable with the situation, there is excessive smoke, or you do not know what is burning.
Fire extinguishers are only effective for the beginning stages of a fire; they are not to be used if the fire has spread from its point of origin.

Tampering with a fire extinguisher or any other fire safety equipment may result in a $100 Safety Violation Fine.

Safety is everyone's responsibility; students should notify their RA as soon as possible if a fire extinguisher appears to have been tampered with or is unusable.

Fire Safety – Kitchen & Decorations

For fire safety reasons students, who live in residence halls with kitchens, should be present and monitor all equipment while cooking. Residents must clean up the area after use. Alterations of any kind to the electrical system of a room are strictly prohibited. Multiple-outlet strips are permitted if they are UL listed, have a maximum ampere rating of 15, and have an integral circuit breaker over current protection. Multiple-outlet strips cannot be plugged into one another, and only two outlet strips per student are permitted. Please see section on extension cords for more information.

To enhance fire safety within the residence halls, certain appliances and items are prohibited. If you are not sure about an item, refer to the appliance section of the On-Campus Living Guide or ask your RA or RD.

Note: According to fire code, appliances should be plugged directly into a wall outlet. No electrical devices should be plugged into an outlet near a water source.

Please also see sections on Appliances, Decorations, and Smoking for more information on fire safety in the residence hall.

Fire Pit Policies

Resident Assistants and Resident Directors have access to turn on the fire pits on the Hill and Residential Commons. Students should not place or throw combustible items on the fire pits (i.e. logs, paper, plastic, etc.), nor are they permitted to roast food items (i.e. marshmallows, hot dogs, etc.) over the fire. Abuse of the firepits may result in a $100 safety violation.

Grill Supplies Storage

Grilling supplies that are flammable (i.e., charcoal, propane tanks, lighter fluid, grill lighters, etc.) may not be stored in the residence halls, including the hallways and stairwells.
Safety Violations

Committing a safety/security violation may result in a fine.

- If the violation occurs in a residence room and no one claims responsibility, the consequences will be shared equally among the occupants of the room.
- If the violation occurs in the residence hall (or any commons area) and no one claims responsibility, the fine will be divided equally among all occupants of the residence.

The following is a list of safety/security violations (this list is not all inclusive):

<table>
<thead>
<tr>
<th>Violation</th>
<th>Fine</th>
</tr>
</thead>
<tbody>
<tr>
<td>Unnecessarily setting off the fire alarm, causing students to evacuate</td>
<td>$50</td>
</tr>
<tr>
<td>Failing to properly evacuate</td>
<td>$100</td>
</tr>
<tr>
<td>Setting off a false alarm, students must evacuate and fire department is summoned</td>
<td>$100</td>
</tr>
<tr>
<td>Discharging a false alarm/setting off alarm with fireworks or smoke</td>
<td>$100</td>
</tr>
<tr>
<td>Tampering with the locking mechanism of any residence hall door</td>
<td>$100</td>
</tr>
<tr>
<td>Disconnecting/tampering with any smoke detector in a residence room</td>
<td>$100</td>
</tr>
<tr>
<td>Lighting a fire in or around a residence hall</td>
<td>$100</td>
</tr>
<tr>
<td>Possession/use of matches, lighters, candles, incense, or other flammable substances in a residence hall</td>
<td>$100</td>
</tr>
<tr>
<td>Propping open any exterior residence hall door</td>
<td>$100</td>
</tr>
<tr>
<td>Possession/use of halogen lamps</td>
<td>$100</td>
</tr>
<tr>
<td>Tampering with a fire extinguisher (or safety equipment) in any way</td>
<td>$100</td>
</tr>
<tr>
<td>Climbing in/out of residence hall window</td>
<td>$100</td>
</tr>
<tr>
<td>Obstructing emergency egress in a residence hall breezeway, corridor, stairway, or hallway</td>
<td>$100</td>
</tr>
<tr>
<td>Stepping on an A/C or heating unit</td>
<td>$100</td>
</tr>
<tr>
<td>Furniture (modification/bunking/debunking/obstruction of headboard)</td>
<td>$100</td>
</tr>
<tr>
<td>Obstruction of a fire sprinkler system, including: hanging items from sprinkler head, obstructing proper operation of sprinkler system (items within 18 inches of sprinkler head, or covering/hanging items from sprinkler)</td>
<td>$100+ Damages</td>
</tr>
</tbody>
</table>

The following policies are designed to aid in fire prevention and protection of the safety of all on-campus residents.

Smoking/Vaping

Liberty University is a smoke-free campus. Smoking and vaping are not allowed in any of the residence halls.
Other Fire Safety Regulations:

- Postings in common areas will be restricted to areas approved and identified by the Office of Residence Life. Any unauthorized posting will be removed and disposed of immediately.
- It is a violation to block an exit for any purpose. No shoe racks, clothing racks, or other hanging devices may be placed on doors.
- Bicycles may be stored in student rooms only as outlined in the Bicycle & Motorcycle section above.
- Open flames are not permitted in unauthorized areas on campus (authorized areas are limited to approved grills and campus fire pits).
- No occupant or visitor will be permitted to collect and/or assemble material, which would constitute a fire hazard anywhere within the residence area. This includes excess trash, clutter or combustibles on the floor.

The State Fire Marshal inspects each residential area during the year for fire code violations. Any area found to be in violation shall be re-inspected, and any resident still in violation is subject to a Safety Violation fine.

Students found responsible for tampering with fire and life safety equipment or students found in violation of fire and life safety policy are subject to Safety Violation fines. This includes disciplinary action up to removal from the residence hall, fines and possible legal action.

Flooding

Minor Flooding

Minor flooding refers to a small amount of water in a room or common area. Students are responsible to remove personal belongings away from any water problems and notify Facilities Management by submitting a Work Order. Should maintenance not respond to the Work Order within a reasonable time (48 hours), notify the RA.

Major Flooding

Major flooding refers to large amounts of water (possibly flowing) affecting room(s) and common areas. In the case of major flooding, students are responsible to remove personal belongings away from any water problems and notify Facilities Management by submitting a Work Order. RAs should be notified immediately; if unavailable, notify LUPD by calling (434) 592-3911.

Should the water damage require extensive repairs, and the location is not habitable, students will be moved to a new location. If water damage is at a catastrophic level involving several buildings becoming uninhabitable, students will be moved to a new location.

It is recommended that students place personal belongings in plastic containers to prevent water damage and ensure that all personal belongings are covered through Renter's Insurance or parent's homeowner's policy's (see “Institutional Liability” section for additional information).
Hallways & Stairwells in Residence Halls

To avoid a trip hazard, personal belongings of any kind should not be left in the hallways or outside student room doors. Stairwells should also be free of any personal belongings as well. Such things have been deemed fire/safety hazards by the fire marshal.

For safety reasons, all outdoor and indoor hallways, stairwells, and corridors must be kept free of any obstruction. Obstruction of a breezeway/corridor is a safety violation.

Inclement Weather

If a tornado or strong storm warning is issued, it may become necessary for you to move to a place of greater safety. Stay away from the top floors of the halls and any areas with exterior glass windows. Go to the lowest floor in the building, toward interior hallway areas.

Thunderstorms

Severe Thunderstorm Watch means severe thunderstorms are possible; continue activities and monitor the situation.

Severe Thunderstorm Warning means severe thunderstorms are imminent.

If indoors, stay away from windows until the severe storm passes.
If outside, seek shelter immediately
In the case of fast developing storms (hurricanes, thunderstorms and tornadoes):

- Unplug unnecessary electrical equipment.
- Store all equipment in safe areas away from windows.
- Keep window coverings closed.

Tornados

Tornado Watch notification is issued when atmospheric conditions are favorable for the formation of tornadoes in a given area. Under watch conditions, stay alert and informed by listening to radio or television.

Tornado Warning notification indicates that a tornado has been sighted or if there are radar indications that a tornado may be possible, posing a definite threat to a given area. If the warning is for your area, take shelter immediately. Tornado Warnings are usually given 3-15 minutes in advance of a tornado.

- Remain calm and avoid panic.
- Go to an internal, low, area for safety, such as a hallway or basement in the innermost part of the building. Avoid windows and corridors with large, freestanding expanses. While there is no
guaranteed safe space during a tornado, it is important to seek shelter in the best location to minimize your exposure.

- Do not use elevators during a tornado warning.
- Persons with mobility concerns should go to an area of safety at the time of a tornado watch; do not wait for a tornado warning.
- Close all doors, including main corridors, making sure that they latch.
- Crouch near the floor or under heavy, well-supported objects and cover your head.
- If outside, lie down in a low area such as a ditch and cover your head.
- Be alert for fire and use the fire plan as needed.

**Heavy Snow**

On occasion, heavy snows could close the school. Snow removal will begin on-campus as soon as possible. Students should use caution when walking outside to avoid falling or slipping on ice.

Students are encouraged to enjoy the snow season, however for the safety and welfare of both people and property; the following courtesies are expected:

- Snowball fights should not be conducted within the residence hall or academic building areas.
- Snowballs should not be thrown at vehicles.
- Students should not sled on University property.

**Heavy Rains**

If inclement weather calls for heavy rains, students should inspect their rooms to ensure there is no water damage or flooding issues. Inform your hall leadership if there is a problem and enter a Work Order on the Facilities Management web page.

**Earthquakes**

The following information is designed to give you concise, usable information, which will enable you to plan for, and deal intelligently with, the effects of an earthquake.

Please take time to familiarize yourself with the contents of this publication; knowing what to do before, during, and after an earthquake could mean the difference between being seriously injured or not. Your chances during even the most serious earthquakes are excellent if we follow these Emergency Procedures for Earthquakes.
Think safety. Utilities are sometimes damaged during an earthquake. Natural gas lines can break and present a fire danger. Electrical power will be disrupted. Phone lines can be cut. Water and sewage lines can be broken resulting in a contaminated water supply.

Also, emergency services may be limited after an earthquake. Fire and police departments will be forced to deal with larger emergencies first.

**Preparing for a Possible Earthquake**

- The most important thing is to give the matter some thought now, before the fact. Forethought prevents the panic and confusion that can lead to loss of life in a disaster. Identify hazards in places where you spend most of your time, heavy objects on high shelves, tall bookcases, etc. Know the danger spots such as windows, skylights, brick walls, and unsecured furniture.
- Select safe areas in each room under tables or desks, or against inside walls and supported doorways.
- Move objects from above your bed.
- Know the location of stairways. Elevators should not be used during or after an earthquake.
- Keep a battery powered radio and a flashlight in your room. Have extra batteries for both.
- Learn where fire extinguishers are and how to operate them.
- Know the location of emergency exits.
- Have extra food and water available. If you take medicines regularly, have extra supplies on hand. Three days’ worth is the general rule.
- Learn First Aid and CPR.

**During an Earthquake**

When an earthquake hits, it may come as a series of tremors, some strong, some not so strong. You have only seconds to react.

- If inside, do not run outside!
- Take refuge in a hallway, doorframe or under strongly secured furniture to reduce the chance of being struck by breaking glass or falling objects.
- If you are outside, get as far away as you can from buildings and structures that could pelt you with broken glass or collapsing debris.
- Remain as calm as possible. Think through, as thoroughly as possible, the consequences of any action you take.
- Stay where you are. Physically locate yourself in the innermost corner of the room, place your head between your knees to protect your face from shattering glass or flying objects.
- If you are in the dining hall, get under the table.
- Chances are the lighting system will fail within seconds after a quake. Visually identify potentially dangerous articles.
After an Earthquake

Remain calm and take actions to prevent injuries and further damage.

- Check yourself and those around you for injuries. Do not attempt to move seriously injured people unless they are in immediate danger of further injury.
- Be prepared for additional earthquake shocks. These aftershocks are usually milder than the initial earthquake, but may be strong enough to cause additional damage.
- Elevators can be unpredictable and dangerous after an earthquake. Never use elevators until University personnel assures you that they are safe!
- Wear shoes at all times.
- Do not use your phone except for genuine emergency calls. An overloaded phone system becomes worthless in a disaster.
- Turn on your radio for instructions and information.
- Check for fires and fire hazards. Indoor candles and open flames such as matches and lighters are a potential fire hazard around natural gas lines. If you smell natural gas, report the leak to University personnel.
- Do not eat or drink from open containers as they might contain shattered glass. Do not drink water from domestic lines until determined safe by University personnel.
- Before flushing toilets, check with University personnel to see that sewage lines are intact.
- Close sets and storage shelves should be opened with caution; heavy objects may fall out.
- Watch for fallen power lines.

Maintenance Emergencies

For any of the following issues, notify your RA or your RD.

- Loss of electrical power
- Burst pipes (e.g., sprinklers, water)
- Safety issues (e.g., doors won't lock, doors will not open)
- Overflowing toilets, showers, or fixtures (this is not the same as a dripping faucet or drain)
- Fire hazards (e.g. exposed wiring, malfunctioning appliances)
- Biohazards (e.g., vomit, urine, blood)
- If you are uncertain if the situation is an emergency, be safe and call.

Always call LUPD first for life-threatening issues at (434) 592-3911.

Missing Persons

All reports of missing students should be directed to LUPD, who will investigate each report. The University’s response is aimed at locating and assisting students who are reported missing.
Nighttime Travel & SafeRide Program

It is suggested that you not walk on campus alone after dark and that you travel only on lighted pathways, particularly in the wooded areas. If you can’t find someone to walk with you, contact LUPD SafeRide Program at (434) 592-7641. When LUPD arrives, give them your LUID and the location you need to get to.

Parking Lot Safety

When parking on campus, try to park in a well-lit area. Always remember to lock your car doors and roll up your windows all the way. Do not leave valuables in plain sight. Remember where you parked. When you approach your car, have your keys ready. Check the floor in the front and back seat before getting in. Lock your car doors as soon as you get in, before you buckle your seat belt. It is a good idea to carry a cell phone with you at all times. Report any suspicious or unusual behavior to LUPD.

Suspicious Persons

Liberty University’s campus is open property and students are encouraged to use common sense with regard to safety procedures. Always adhere to the following:

- Keep room doors locked at all times
- Do not open room doors to strangers; it is essential that all students report suspicious activities or persons immediately by calling LUPD at (434) 592-3911 first and then informing your RA/RD.

Theft

Students should take precaution against the possibility of theft of personal items.

- Students should always keep their residence room locked when unoccupied or sleeping.
- For security reasons, exterior doors should be secured at all times.
- Students should not prop exterior doors open nor tamper with the locking mechanism in any way.

The University also strongly recommends the following:

- Cash should never be kept in a student's room. A student should keep his/her money with him/her at all times or in the bank.
- A record of all serial numbers of valuable items should be kept. In addition, a student's initials should be engraved on those items.
- All clothing should be marked in such a way that it can be easily identified.
- Never leave purses, wallets, or other valuables unattended.
Step 1: Avoid

In response to an active shooter, your first attempt should be to avoid the violence by fleeing through the nearest exit and getting as far away from the violence as possible.

Step 2: Deny

If you cannot avoid the violence by fleeing, secure the immediate area. Whether a classroom, residence hall room, office, or restroom, lock or barricade the door if you are able. Block the door using whatever is available—desks, tables, file cabinets, other furniture, books, etc. After securing the door, stay behind solid objects away from the door as much as possible.

If the assailant enters your room and leaves, lock or barricade the door behind. If safe to do so, allow others to seek refuge with you. If the violent assailant attempts to breach the barricade, by all means, improvise other ways to escape even if it means jumping out windows or breaking through walls.

Step 3: Defend

If escape is impossible, prepare to defend yourself by any means available in the room. You must prepare yourself mentally for this course of action and act decisively.

Weapons

Knives with a blade three or more inches in length, BB/pellet guns, bows and arrows, wrist rockets, etc., are not permitted in the residence halls.

Less lethal weapons (e.g., stun guns) are permitted to be stored in the residence halls when not in use. Students must keep them in a secure location when they are not on the student’s person.
For information regarding firearms, see the LUPD policy for Fireams on Campus.

Health

Exercising

Students are encouraged to participate in sports activities. Runners are advised to always face traffic and run single file. Caution should be exercised when running. It is suggested that runners not run alone, especially in the evening. Runners should be aware of their surroundings and avoid isolated or dimly lit areas. Students are not permitted to jog or walk across the railroad tracks, except at the designated crossings during designated hours. The athletic fields (i.e., baseball, football, and soccer fields) are for intercollegiate sports only.

Health Concerns

Students residing on campus who become ill should visit the LU Student Health Center or a local doctor, unless they are too ill to get out of bed.

If unable to get to the LU Student Health Center or a local doctor, the student may report their illness to the Resident Director or Resident Assistant on their hall, or by calling the LU Student Health Center. Under no circumstances should a student remain in their room ill without notifying someone. A sick tray can be arranged through the Resident Assistant. Students should pre-coordinate a “sick buddy” that can assist with running to the store for juice, over-the-counter medications and occasionally checking on the sick friend.

The Office of Residence Life and the LU Student Health Center are working together to help maintain a healthier environment for our students. Please see section below for more information on the Liberty University Health Center.

Note: Students should notify their RA, RD, or the Office of Residence Life in the event that they have been medically diagnosed with an illness listed below:

- Chickenpox
- Flu
- Measles
- Meningitis
- Mono (Mononucleosis)
- MRSA
- Mumps
- Norovirus (Stomach pain, diarrhea and vomiting)
- Pertussis (Whooping Cough)
- Pink Eye (Adenovirus)
- Other forms of conjunctivitis
- Pneumonia
- Scabies
- Shingles
- Strep Throat
- TB (Tuberculosis)

Your voluntary participation is greatly appreciated. Confidentiality is respected.
Lice

Students are asked to notify their RA, RD, or the Office of Residence Life in the event that they have been medically diagnosed with lice. Your voluntary participation is greatly appreciated. Confidentiality is respected. Student should also follow all medical directives and are responsible to get the necessary assistance from friends or family as needed, with regard to lice treatments and removal. For more information, visit:

- CDC Lice FAQs
- CDC Lice Podcasts

Following basic hygiene and cleanliness guidelines will help reduce the spread of lice:

- Not sharing clothing (hats, scarves, coats, sports uniforms) or articles (hair ribbons, barrettes, combs, brushes, towels, stuffed animals).
- Not lying on other’s beds, couches, pillows, or carpets.

MRSA

Students are asked to notify their RA, RD, or the Office of Residence Life in the event that they have been medically diagnosed with MRSA.

Your voluntary participation is greatly appreciated. Confidentiality is respected. Student should also follow all medical directives.

Click here for more information on MRSA.

LU Student Health Center

Liberty University and its counseling program partner with nationally recognized CVFP-Medical Group to provide students with quality medical and mental health services, health promotion, and preventive care. A $170 student health fee built into tuition and fees each semester will cover a wide variety of services in our Student Health Center (LUSHC).

These services are available to full- and part-time students and are provided by licensed physicians, midlevel providers, nurses, health navigators, and counselors who are committed to caring for you and your health. This service will eliminate many costs not covered by primary health insurance, including co-pays and co-insurance. Some specialized lab procedures or diagnostic testing may fall outside the scope of the services provided and require a small fee*, and while scheduled visits may be cancelled that day, there is a $10 charge for simply not showing up. Any additional charges will be billed directly to your primary health insurance through the CVFP-Medical Group’s central billing office.

The LU Student Health Center’s office hours are 8 a.m. to 5 p.m., Monday through Friday. For emergencies, please contact LUPD at (434) 592-3911.
*All charges for excluded services will be personally covered by the patient. For more information on covered and excluded services, visit the LU Student Health Center webpage.

Medical

Emergencies

In the event of an injury or illness which requires medical attention, LUPD should be contacted immediately at (434) 592-3911. As you call, collect as much specific information as possible (names, location, and nature of emergency) to give to the police, who will instruct you accordingly. When time allows, please also contact your RA or RD for further assistance and notification.

If there is any indication of moderate to serious injury, the patient should not be moved unless he/she is in a life-threatening situation

Non-Emergencies

Students are responsible for providing their own transportation to and from medical facilities. Rides may be secured by using the local bus service or by calling a cab.

Note: If a student must use medical syringes to inject physician-prescribed medications (i.e., insulin), the syringes must be properly disposed of in a "sharps" container.
SPIRITUAL DEVELOPMENT

As a dynamic institution vitally interested in the whole person, Liberty University provides for the physical, social, intellectual, and spiritual needs of the University community. To meet these spiritual needs, Liberty provides opportunities for students to grow in Christ and give like Christ.

Campus Community

Campus Community is held weekly on Wednesday nights and is the central gathering place for worship and spiritual growth on campus. These services not only provide individual spiritual enrichment, but also enhance the sense of community among the University family. The message shared in Campus Community services correlates to the content discussed in Community Groups, which occur immediately after Campus Community on residence halls among commuters at off-campus sites. All students are encouraged to attend.

All resident students are encouraged to attend church services (Sunday morning/evening) at a local church of their choosing.

LU Serve

The goal of LU Serve is twofold. The first is to provide a student with an actual experience of Christian community service as a normal expression of the Christian life and a practical expression of God's love for mankind. All students will participate in community service throughout his/her education experience at Liberty University through LU Serve.

A second goal is to give added dimension of practical application to the education programs of Liberty University. Each Christian community service program is designed to help teach the student to develop a sense of responsibility in and through community service opportunities. Students also learn skills and values which enable them to better serve their community.

LU Shepherds

Community Group Leaders

Community Group Leaders lead a small group of an average of 5 students (Community Group) on their residence hall. Throughout the week, CGL’s are encouraged to develop strong relationships, pray, and foster a community of Christ-centered discipleship among the students in their group. The CGL facilitates biblical discussion around the teaching of Campus Community on Wednesday nights going deeper into God’s Word.
Community Groups

Community Groups, held weekly on Wednesday nights, offer students a small group setting to discuss the message just shared in Campus Community. This small group time allows students to cultivate meaningful relationships and promotes personal spiritual growth through Bible study, prayer, confession and repentance, and service.

Resident Shepherds

Resident Shepherds serve students on their hall by nurturing the spiritual maturity of students through elevating the priority of gospel-centered discipleship and giving expression to love for God, love for one another, and a love for the nations. As well, Resident Shepherds model Christ-like holiness, while creating a sense of home for the students in the residence hall.
UNIVERSITY POLICIES & CONDUCT

Alcohol, Drugs, and Smoking

Smoking/Vaping

Liberty University is a smoke- and vape-free campus. Smoking and vaping are not allowed in any of the residence halls.

Substance Use

Liberty University prohibits the possession, use, manufacture, or distribution of alcoholic beverages, tobacco, nicotine, illegal drugs, and non-prescribed controlled substances by its students, regardless of whether it occurs on- or off- campus. This prohibition also includes the possession, use, or distribution of prescription medication not prescribed to the student by a licensed medical physician and the abuse or distribution of medication prescribed to the student by a licensed medical physician.

Counseling and Referral

Liberty University students and employees who are at risk of drug or alcohol abuse have access to counseling at Student Counseling Services. The Student Counseling Services will make referrals to other health-care agencies. Any cost incurred or insurance claims filed are the responsibility of the student or employee.

Campus Restricted Areas

A student may not be alone with an individual of the opposite sex in the academic classrooms or offices. Students may not enter the residence halls of the opposite sex. After dusk, a student may not be alone with an individual of the opposite sex in any unlighted area, such as the ball fields, parking lots, parked cars, etc.

Census

The Federal Government requires the University to survey ten students per month, at random, from selected residence halls. The Resident Directors will be responsible for the collection of information and how the survey should be conducted. The Census process is time sensitive and cooperation is greatly appreciated. Student's confidentiality is respected.
Enterprising, Solicitation, & Fundraising

Private Enterprise

Students are not permitted to engage in private enterprise in the residence halls.

Fundraising in Residence Halls

The Office of Residence Life must approve all residence hall fundraising projects. At no time will Liberty University be represented as being associated with a fundraising project taking place on the residence hall. Once approval is received, scheduling must be done through the appropriate channels.

Solicitation

Solicitation by salespersons, students, staff members or members of the community is prohibited in the residence halls. The Office of Residence Life will answer any questions regarding this matter.

Honor Code

Please see the Liberty Way for more information.

Speakers for Residence Hall Events

The Office of Residence Life must approve all speakers who are not on the faculty or staff of Liberty University before any invitation to speak or perform at any residence hall function is issued.

Exceptions to Normal Policies & Procedures

If a student feels he/she has legitimate cause to warrant an exception to normal policy and procedure, he/she may request advance approval from the Office of Community Life. This request can only be made during regular business hours. The Division of Student Affairs reserves the right to grant or reject the request.
