6 If you chose to complete your Housing Profile, you'll have the option to **create a screen name** and **submit a personal description** and living preferences.

This information will be used to match you with potential roommates or for other LU students to look you up in the roommate search. Fill out as much (or little) as you'd like, and then select 'View/Request Roommates.'

Tip: Your screen name will appear in the search tool to other students. If you don't create one, it may make it more difficult for others to find your profile.

If you would like to select a room prior to hearing back from a potential roommate, or if you do not want to select a roommate at all, you can simply click "Save & Continue."

- If your roommate confirms after you have already selected a bed, you may need to recomplete the Housing Selection process to secure a room together.
- If you do not select and assign a roommate, another student may be assigned to your room.
