Dear Physician,

The student named above will be attending Liberty University and would like to receive federal student aid. Because the student has had previous federal student aid discharged on the basis of total and permanent disability, federal regulations require the student to obtain certification from a doctor of medicine or a doctor of osteopathy before regaining eligibility for certain types of federal student aid.

By signing this form, you are certifying that the **above named** student is your patient and is capable of substantial gainful activity. As defined in federal regulations, "substantial gainful activity" means a level of work performed for pay that involves doing significant physical or mental activities or a combination of both. You are also certifying that you are a doctor of medicine or osteopathy who is legally authorized to practice in a state of the United States or its territories.
