The Philosophy Behind Pathways

As a distinctively Christian university, the biblical principles laid out by God frame all that we do. Though each student’s personal beliefs will differ, Liberty believes that the wisdom and knowledge presented in the Bible will provide a firm foundation for all to live by—especially when coupled with a personal relationship with Jesus. The educational sanctions presented in this program are meant to be viewed through the lens of biblical precepts.

The Office of Community Life at Liberty University (LU) works with students who accept responsibility for violating policy by providing a variety of educational opportunities, which allows for a personalized learning experience. The educational opportunities have been grouped into three categories called Pathways. Each Pathway is designed for the student to develop skills for immediate and long-term success.

Each one of the educational opportunities was designed to promote growth in the areas of personal development, interpersonal competence, social responsibility, and/or cognitive and practical skills.

Pathway Plan Descriptions and Learning Outcomes

Understanding Pathway
This Pathway will provide the student with insight to influence good judgment in their future decisions. It will also help students gain a better understanding of certain policies, rules, and philosophies within the LU community. The student will be able to demonstrate an understanding of specific policies, rules, and philosophies and how to make decisions that align with agreed-upon standards. Biblical precepts and/or scripture should be incorporated into each assignment.

Perspective Pathway
This Pathway will allow students to reflect on their decision-making, consider other perspectives, and develop an understanding of how their decisions impact their future and/or those around them. The student will be able to demonstrate an understanding of how their decisions may be viewed from various perspectives and/or how their decisions can impact themselves and/or others. Biblical precepts and/or scripture should be incorporated into each assignment.

Well-Being Pathway
This Pathway will allow the student to focus on their well-being. This Pathway encourages students to explore resources that focus on healthy lifestyles, positivity, and being productive members of the LU community. The student will be able to identify elements present in their life that contribute to making decisions that align with agreed-upon and/or personal standards and develop strategies to support those elements. Biblical precepts and/or scripture should be incorporated into each assignment.

How It Works
1. **Review** the different paths/descriptions on your own.
2. **Determine** with your Associate Director which path best suits your situation.
3. **Choose** 3-5 sanctions that you and your Associate Director agree will benefit you.
4. **Complete** the sanctions within the deadlines provided.
5. **Meet** with your Associate Director to review the completion of your Pathway.
